LA CAISSE CENTRALE DESJARDINS DU QUÉBEC

€5,000,000,000

Global Covered Bond Programme

unconditionally and irrevocably guaranteed as to payments by
CCDQ COVERED BOND (LEGISLATIVE) GUARANTOR LIMITED PARTNERSHIP
(a limited partnership formed under the laws of Ontario)

Under this €5 billion global covered bond programme (the “**Programme**”), La Caisse centrale Desjardins du Québec (“**CCDQ**”, the “**Issuer**” or “**Caisse centrale**”) may from time to time issue Covered Bonds (as defined herein) denominated in any currency agreed between the Issuer and the relevant Dealer(s) (as defined in this Base Prospectus).

CCDQ Covered Bond (Legislative) Guarantor Limited Partnership (the “**Guarantor**”) has agreed to guarantee payments of interest and principal under the Covered Bonds, pursuant to a direct and, following the occurrence of a Covered Bond Guarantee Activation Event (as defined elsewhere in this Base Prospectus), unconditional and irrevocable guarantee (the “**Covered Bond Guarantee**”) which is secured by the assets of the Guarantor, including the Covered Bond Portfolio (as defined elsewhere in this Base Prospectus). Recourse against the Guarantor under the Covered Bond Guarantee is limited to the aforementioned assets and the Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

The Covered Bonds may be issued in registered or bearer form. The maximum aggregate nominal amount of all Covered Bonds outstanding at any one time under the Programme will not exceed €5 billion (or its equivalent in other currencies calculated as described in the Dealership Agreement described herein) subject to any increase as described herein. The price and amount of the Covered Bonds to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

An investment in Covered Bonds issued under the Programme involves certain risks. See “Risk Factors” for a discussion of certain risk factors to be considered in connection with an investment in the Covered Bonds. The Covered Bonds are not guaranteed under the *Deposit Insurance Act* (Québec) or the *Canada Deposit Insurance Corporation Act*.

Unless otherwise specified in the applicable Final Terms, the Issuer, at its Executive Offices located in Montréal, Québec, Canada, will accept investments evidenced by the Covered Bonds but without prejudice to the provisions of Condition 9 (see “*Terms and Conditions of the Covered Bonds—Payments*”).

This Base Prospectus has been approved by the Central Bank of Ireland (the “**Central Bank**”) as competent authority under the Directive 2003/71/EC, as amended, which includes the amendments made by Directive 2010/73/EU (the “**Prospectus Directive**”, which term includes any relevant implementing measures in Ireland) for covered bonds (the “**Covered Bonds**”) issued under the Programme described in this Base Prospectus. The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application will be made to the Irish Stock Exchange for Covered Bonds issued under the Programme within 12 months of this Base Prospectus to be admitted to the official list of the Irish Stock Exchange (the “**Official List**”) and trading on its regulated market (the “**Main Securities Market**”). The Main Securities Market is a regulated market for the purposes of Directive 2004/39/EC (the “**Markets in Financial Instruments Directive**”). Such approval relates only to the Covered Bonds which are to be admitted to trading on a regulated market for the purposes of the Markets in Financial Instruments Directive and/or which are to be offered to the public in any Member State of the European Economic Area. Covered Bonds may also be admitted to trading on the regulated market of the Luxembourg Stock Exchange once the competent authority in Luxembourg has been provided with a certificate of approval under the Prospectus Directive.

In the case of any Covered Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a member state of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Covered Bonds).

This prospectus comprises a base prospectus (the “**Base Prospectus**”) for the purposes of Article 5.4 of the Prospectus Directive.

On January 29, 2014, the Issuer was registered as a registered issuer in the registry (the “**Registry**”) established by Canada Mortgage and Housing Corporation (“**CMHC**”) pursuant to Section 21.51 of Part I.1 of the *National Housing Act* (Canada). On January 29, 2014, the Programme was registered in the Registry.

THE COVERED BONDS HAVE NOT BEEN APPROVED OR DISAPPROVED BY CMHC NOR HAS CMHC PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. THE COVERED BONDS ARE NOT INSURED OR GUARANTEED BY CMHC OR THE GOVERNMENT OF CANADA OR ANY OTHER AGENCY THEREOF.

The Covered Bonds and the related Covered Bond Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”). The Covered Bonds and the related Covered Bond Guarantee may not be offered, sold or delivered, directly or indirectly, within the United States or to or for the account or benefit of U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Covered Bonds are being offered only (i) in offshore transactions to non-U.S. persons in reliance upon Regulation S under the Securities Act and (ii) in the case of Legended Covered Bonds (as defined herein) only to (a) “qualified institutional buyers” within the meaning of and in reliance upon Rule 144A under the Securities Act and/or (b) institutional “accredited investors” within the meaning of Rule 501(a)(1), (2), (3) or (7) under the Securities Act. See “*Form of the Covered Bonds*” for a description of the manner in which Covered Bonds will be issued. Legended Covered Bonds are subject to certain restrictions on transfer. See “*Subscription and Sale and Transfer and Selling Restrictions*”. Covered Bonds may be subject to U.S. tax law requirements.

Covered Bonds issued under the Programme are expected on issue to be assigned a rating of “Aaa” by Moody’s Investors Service Inc. (“**Moody’s**”) and a rating of “AAA” by Fitch Ratings, Inc. (“**Fitch**”) unless otherwise specified in the applicable Final Terms. Investors are cautioned to evaluate each rating independently of any other rating. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning agency and each rating should be evaluated independently of any other. The rating of certain Series of Covered Bonds to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to a relevant Series of Covered Bonds will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the “**CRA Regulation**”) will be disclosed in the Final Terms. The credit ratings included and referenced in this Base Prospectus have been issued by Standard & Poor’s, Moody’s, Fitch and DBRS, none of which is established in the European Union but each of which has an affiliate established in the European Union and registered under the CRA Regulation. See “*Credit Rating Agencies*” on page 6.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation, unless the rating is provided by a credit rating agency operating in the European Union before June 7, 2010 (an “EU CRA”), or a non-EU credit rating agency that is a member of the same group, where the EU CRA has submitted an application for registration in accordance with the CRA Regulation (or in the case of a non-EU affiliate, the EU CRA has in such application disclosed an intention to endorse the non-EU affiliate’s ratings) and such registration (or, in the case of the non-EU rating, the ability to endorse the relevant non-EU affiliate’s rating) is not refused.

IMPORTANT NOTICES

This prospectus supersedes the prospectus of the Issuer dated January 31, 2014, except that Covered Bonds issued on or after the date of this document which are to be consolidated and form a single series with Covered Bonds issued prior to the date hereof will be subject to the Conditions of the Covered Bonds applicable on the date of issue for the first tranche of Covered Bonds of such series.

You should rely only on the information contained or incorporated by reference in this document. The Issuer and the Guarantor have not authorized anyone to provide you with different information. The Issuer and the Guarantor are not, and none of the Arranger or Dealers are, making an offer of these Covered Bonds in any state or jurisdiction where such offer is not permitted.

Copies of Final Terms for Covered Bonds that are admitted to trading on a regulated market in the European Economic Area (“EEA”) in circumstances requiring publication of a prospectus in accordance with the Prospectus Directive (i) can be viewed on the website of the Central Bank under the name of the Issuer and (ii) will be available without charge from the Issuer at the head office of the Issuer located at 1170 Peel Street, Suite 600, Montréal, Québec, Canada H3B 0B1 and the specified office of each Paying Agent set out at the end of this Base Prospectus, see “*Terms and Conditions of the Covered Bonds*”.

The Issuer and the Guarantor accept responsibility for the information in this Base Prospectus and the Final Terms for each Tranche of Covered Bonds issued under the Programme. To the best of the knowledge of the Issuer and the Guarantor, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus should be read and construed with any amendment or supplement hereto approved by the Central Bank and with any other documents which are specifically incorporated herein or therein by reference and shall be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus. Any reference in this document to Base Prospectus means this prospectus together with the documents incorporated herein, any supplementary prospectus approved by the Central Bank and any documents specifically incorporated by reference therein. In relation to any Tranche or Series (as such terms are defined herein) of Covered Bonds, this Base Prospectus shall also be read and construed together with the applicable Final Terms.

No person has been authorized by the Issuer, the Guarantor, the Bond Trustee, the Arranger or any of the Dealers to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any amendment or supplement hereto or any document incorporated herein or therein by reference or entered into in relation to the Programme or any information supplied by the Issuer or the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorized by the Issuer, the Guarantor, the Arranger, any Dealer or the Bond Trustee.

No representation or warranty is made or implied by the Arranger or the Dealers or any of their respective affiliates, and neither the Arranger nor the Dealers nor any of their respective affiliates make any representation or warranty or accept any responsibility or any liability, as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus and any other information provided by the Issuer and the Guarantor in connection with the Programme. Neither the Arranger, the Dealers nor the Bond Trustee accepts any responsibility or liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer and the Guarantor in connection with the Programme. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Covered Bond shall, in any circumstances, create any implication that the information contained or incorporated by reference herein is true subsequent to the date hereof, the date indicated on such document incorporated by reference herein or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial situation of the Issuer or the Guarantor since the date hereof, the date indicated on such document incorporated by reference herein or, as the case may be, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

None of this Base Prospectus nor any Final Terms nor any financial statements nor any further information supplied in connection with the Programme constitutes an offer or an invitation to subscribe for or purchase any Covered Bonds, nor are they intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Guarantor, the Arranger, the Dealers, the Bond Trustee or any of them that any recipient of this Base Prospectus, any supplement hereto, any information incorporated by reference herein or therein, any other information provided in connection with the Programme and, in respect to each Tranche of Covered Bonds, the applicable Final Terms, should subscribe for or purchase any Covered Bond. Each investor contemplating purchasing Covered Bonds should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus, should make its own independent investigation of the condition (financial or otherwise) and affairs, and its own appraisal of the creditworthiness,

of the Issuer and the Guarantor and should consult its own legal and financial advisors prior to subscribing for or purchasing any of the Covered Bonds. Each investor's or purchaser's purchase of Covered Bonds should be based upon such investigation as it deems necessary. Potential purchasers cannot rely, and are not entitled to rely, on the Arranger, the Dealers or the Bond Trustee in connection with their investigation of the accuracy of any information or their decision whether to subscribe for, purchase or invest in the Covered Bonds. None of the Arranger, the Dealers or the Bond Trustee undertakes any obligation to advise any investor or potential investor in or purchaser of the Covered Bonds of any information coming to the attention of any of the Arranger, the Dealers or the Bond Trustee, as the case may be.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Covered Bonds in certain jurisdictions may be restricted by law. In particular, no action has been taken by the Issuer or the Guarantor or the Arranger or the Dealers which would permit a public offering of the Covered Bonds or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, the Covered Bonds may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the Prospectus Directive and any other applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantor, the Bond Trustee, the Arranger and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Covered Bonds and on the distribution of the Base Prospectus or any Final Terms and other offering material relating to the Covered Bonds in Canada, the United States, the EEA (including the United Kingdom, France and Italy), Hong Kong and Japan (see "*Subscription and Sale and Transfer and Selling Restrictions*" below). Neither this Base Prospectus nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation.

This Base Prospectus has been prepared on the basis that any offer of Covered Bonds in any member state of the EEA which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Covered Bonds. Accordingly, any person making or intending to make an offer in that Relevant Member State of Covered Bonds which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. None of the Issuer, the Guarantor, the Bond Trustee, the Arranger or any Dealer has authorized, nor do they authorize, the making of any offer of Covered Bonds in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The Base Prospectus has not been submitted for clearance to the Autorité des marchés financiers in France.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF COVERED BONDS UNDER THE PROGRAMME, ONE OR MORE RELEVANT DEALER OR DEALERS (IF ANY) (THE "STABILIZING MANAGER(S)") (OR PERSONS ACTING ON BEHALF OF ANY STABILIZING MANAGER(S)) MAY OVER-ALLOT COVERED BONDS OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE COVERED BONDS AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, THERE IS NO ASSURANCE THAT THE STABILIZING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILIZING MANAGER(S)) WILL UNDERTAKE STABILIZATION ACTIVITIES. ANY STABILIZATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF COVERED BONDS IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF COVERED BONDS AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF COVERED BONDS. ANY STABILIZATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILIZING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILIZING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

None of the Dealers, the Guarantor nor the Issuer makes any representation to any investor in the Covered Bonds regarding the legality of its investment under any applicable laws. Any investor in the Covered Bonds should satisfy itself that it is able to bear the economic risk of an investment in the Covered Bonds for an indefinite period of time. Investors whose investment authority is subject to legal restrictions should consult their legal advisors to determine whether and to what extent the Covered Bonds constitute legal investments for them. See *“The Covered Bonds May Not Be A Suitable Investment For All Investors—Legal investment considerations may restrict certain investments”*.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

Forward-looking statements include, but are not limited to, comments with respect to Caisse centrale's objectives regarding financial performance, priorities, operations, the review of economic conditions and markets, as well as the outlook for the Canadian, U.S., European and international economies. Such statements are typically identified by words or phrases such as "believe", "expect", "anticipate", "intend", "estimate", "plan", "assume" and "may"; words and expressions of similar import, and future and conditional verbs.

By their very nature, such statements involve assumptions, inherent risks and uncertainties, both general and specific. It is therefore possible that due to many factors, these predictions, forecasts or other forward-looking statements as well as Caisse centrale's objectives and priorities may not materialize or may prove to be inaccurate and that actual results differ materially. Caisse centrale cautions readers against placing undue reliance on these forward-looking statements since actual results, conditions, actions and future events could differ significantly from the explicit or implicit targets, expectations, estimates or intents in the forward-looking statements.

A number of factors, many of which are beyond Caisse centrale's control and which impact Caisse centrale would have difficulty predicting, could influence the accuracy of the forward-looking statements in this Base Prospectus. These factors include those discussed in the section "Risk Factors", in particular, credit, market, liquidity, operational, strategic and reputation risk. Additional risk factors include risks related to the regulatory and legal environment, including legislative or regulatory developments in Québec, Canada or globally, such as changes in fiscal and monetary policies, reporting guidance and liquidity regulatory guidance, or

interpretations thereof. Other noteworthy factors include amendments to capital guidelines, and new interpretations thereof, as well as environmental risk, which represents the risk that Caisse centrale incurs financial, operational or reputational losses as a result of environmental impacts or problems, whether due to Caisse centrale's credit or investment activities or its operations. Lastly, there is the risk related to pension plans, which is the risk of losses resulting from pension plan commitments made by Caisse centrale to the benefit of its employees arising primarily from interest rate, price, foreign exchange and longevity risks.

Additional factors that may affect the accuracy of forward-looking statements also include factors related to the economic and business conditions in regions in which Caisse centrale operates; changes in the economic and financial environment in Québec, Canada and globally, including short and long-term interest rates, inflation, debt market fluctuations, foreign exchange rates, the volatility of capital markets, tighter liquidity conditions in certain markets, the strength of the economy and the volume of business conducted by Caisse centrale in a given region; monetary policies; competition; changes in standards, laws and regulations; the accuracy and completeness of information concerning clients and counterparties; the accounting policies used by Caisse centrale; new products and services to maintain or increase Caisse centrale's market share; the ability to recruit and retain key management personnel, including senior management; business infrastructure; geographic concentration; and credit ratings.

Other factors that may affect the accuracy of forward-looking statements also include changes in tax laws, unexpected changes in consumer spending and saving habits, technological developments, the ability to implement Caisse centrale's disaster recovery plan within a reasonable length of time, the potential impact on Caisse centrale's business of international conflicts or natural disasters, and Caisse centrale's ability to anticipate and manage the risks associated with these factors properly despite a disciplined risk management environment.

Any forward-looking statements contained in this Base Prospectus or the documents incorporated by reference herein represent the views of management only as at the date hereof, and are presented for the purpose of assisting readers in understanding and interpreting Caisse centrale's financial condition as at the dates indicated or its results for the periods then ended, as well as its strategic priorities and objectives. These statements may not be appropriate for other purposes. Caisse centrale does not undertake to update any written or verbal forward-looking statements that could be made from time to time by or on behalf of Caisse centrale, except as required under applicable law.

THE COVERED BONDS MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Each of the risks highlighted herein could adversely affect the trading price of any Covered Bonds or the rights of investors under any Covered Bonds and, as a result, investors could lose some or all of their investment. The Issuer believes that the factors described herein represent the material risks inherent in investing Covered Bonds issued under the Programme, but the Issuer may be unable to pay or deliver amounts in connection with any Covered Bonds for other reasons and the Issuer does not represent that the statements herein regarding the risks of holding any Covered Bonds are exhaustive. Additional information about these factors can be found under "**Risk Factors**".

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of his or her own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement or Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) at the time of initial investment and on an ongoing basis possible economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered

Bonds unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effect on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Covered Bonds are legal investments for it, (ii) Covered Bonds can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

Obligations under the Covered Bonds

The Covered Bonds will not represent an obligation or be the responsibility of any of the Dealers, the Arranger, the Bond Trustee, or any other person involved in or associated with the Programme, or their officers, directors, employees, security holders or incorporators, other than the Issuer and, after a Covered Bond Guarantee Activation Event, the Guarantor. The Issuer will be liable solely in its corporate capacity, the Managing GP and Liquidation GP will be liable solely as general partners of the Guarantor in their corporate capacity and the Limited Partner of the Guarantor will be liable in its corporate capacity solely to the extent of its interests in the Guarantor, for their respective obligations in respect of the Covered Bonds and the Covered Bond Guarantee, as applicable, and such obligations will not be the obligations of any of their respective officers, directors, employees, security holders or incorporators, as the case may be.

LIMITATIONS ON ENFORCEMENT OF U.S. LAWS AGAINST THE ISSUER, ITS MANAGEMENT AND OTHERS

The Issuer is a financial services cooperative created under the laws of the Province of Québec, its directors and executive officers and some of the experts named in this document, are resident outside the United States, and a substantial portion of its assets and all or a substantial portion of the assets of such persons are located outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon such persons to enforce against them judgments of the courts of the United States predicated upon, among other things, the civil liability provisions of the federal securities laws of the United States. In addition, it may be difficult for investors to enforce, in original actions brought in courts in jurisdictions located outside the United States, among other things, civil liabilities predicated upon such securities laws.

The Issuer has been advised by its Canadian counsel, McCarthy Tétrault LLP, that a judgment of a United States court predicated solely upon civil liability of a compensatory nature under such laws and that would not be contrary to public policy would probably be enforceable under applicable Canadian law if the United States court in which the judgment was obtained has a basis for jurisdiction in the matter that was recognized by a Canadian court for such purposes and if all other substantive and procedural requirements for enforcement of a foreign judgment in the applicable Canadian jurisdiction were more generally satisfied. The Issuer has also been advised by such counsel, however, that there is some residual doubt whether an original action could be brought successfully in Canada predicated solely upon such civil liabilities.

LEGALITY OF THE COVERED BONDS

The legality of the Covered Bonds will be passed upon by McCarthy Tétrault LLP as to matters of Canadian law.

OVERVIEW

The information in this section is an overview of the structure relating to the Programme and does not purport to be complete. The information is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus. Words and expressions defined below shall have the same meanings in this section. A glossary of certain defined terms used in the Base Prospectus is contained at the end of this Base Prospectus.

Overview of the Desjardins Group

Caisse centrale is part of the Desjardins Group. The Desjardins Group is an institutional network of financial services cooperatives. Within the Desjardins Group there are approximately 335 individual caisses (or credit unions) located throughout Québec and Ontario. Each caisse is ultimately owned by its members and the members of each caisse make deposits with and borrow from (including by way of hypothecary (or mortgage) loans) the particular caisse of which it is a member. Every Québec caisse must be a member of the Fédération des caisses Desjardins du Québec (the “**Federation**”) to be constituted initially and to maintain its existence. The Federation’s head office is located at 100, avenue des Commandeurs, Lévis, Québec, Canada G6V 6P8.

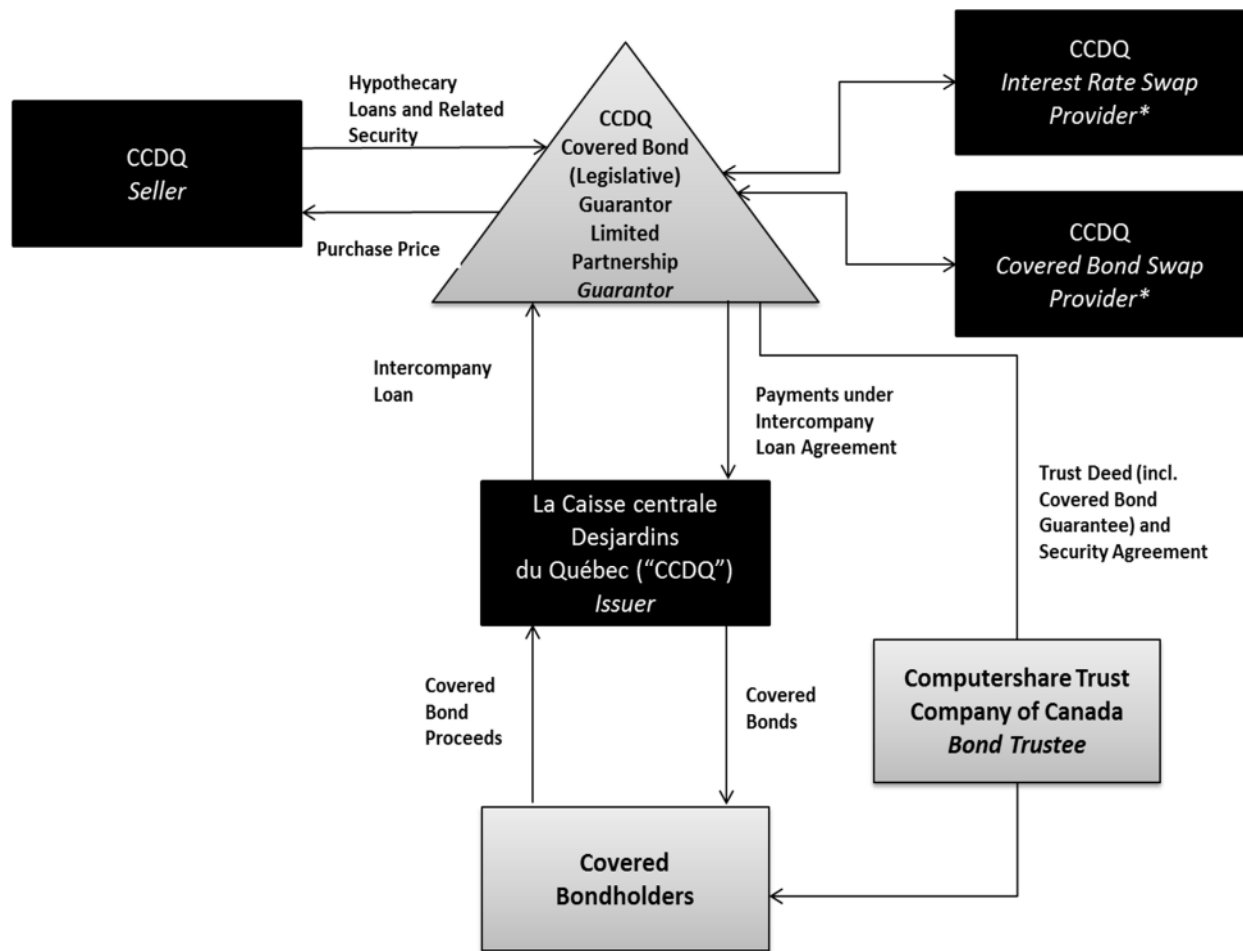

The shares of capital stock of Caisse centrale are held primarily by the Federation, which, together with its member caisses, is a full member of Caisse centrale. The Federation acts as the coordinating organization of the caisses and the affiliated institutions and subsidiaries of the Desjardins Group, including Caisse centrale. In this capacity, the Federation, on behalf of its member caisses, is the primary counterparty to Caisse centrale in connection with Caisse centrale’s funding, hedging and other services to the caisse network. The Federation also acts as a control and supervisory body over Caisse centrale and the caisses.

For a more detailed description of the Desjardins Group, see the section entitled “*Desjardins Group*” below.

For the purposes of the Programme, Caisse centrale (in its capacity as the Seller) will acquire residential real estate hypothecary or mortgage loans (the “**Loans**”) and their Related Security from the individual Caisses who originated the Loans (the “**Originators**”) pursuant to one or more hypothecary loan sale agreements (each, an “**Origination Hypothecary Loan Sale Agreement**”). As further described below, the Seller sold the Initial Covered Bond Portfolio to the Guarantor on the First Transfer Date and may, from time to time, sell additional Loans and their Related Security to the Guarantor to the extent that it has acquired such Loans from the Originators. An Originator that has sold any Loans and their Related Security to the Seller (including the Loans forming part of the Initial Covered Bond Portfolio) shall be required, upon demand from the Seller, to sell further Loans to the Seller at such time and in such manner as may be prescribed by the Seller. For the avoidance of doubt, the Programme will not be reliant on the ability of the Seller to acquire additional Loans and their Related Security from the Originators. Instead, the Partners shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. In that respect, the Limited Partner shall use all reasonable efforts to, as the Limited Partner may determine in its sole discretion, (i) make a Cash Capital Contribution, (ii) make a Capital Contribution in Kind to the Partnership, and/or (iii) require that Caisse centrale sell New Loans and their Related Security to the Guarantor, in the aggregate or in each case, as applicable, in an amount sufficient to ensure the Guarantor is or will be in compliance with the Asset Coverage Test on future Calculation Dates. For further details, see the section entitled “*Structure Overview*” as well as the section entitled “*Summary of the Principal Documents*” below.

Caisse centrale’s obligations in its capacity as Issuer of the Covered Bonds are solely the obligations of Caisse centrale and are not guaranteed by, or obligations of, the Federation, any Caisse or any other affiliate of Caisse centrale, the Federation or any other person, other than, after a Covered Bond Guarantee Activation Event, the Guarantor.

Structure Diagram

* Cashflows under the Swap Agreements will be exchanged only after the occurrence of an Interest Rate Swap Effective Date or Covered Bond Swap Effective Date, as applicable.

Structure Overview

- Programme:** Under the terms of the Programme, the Issuer will issue Covered Bonds on each Issue Date. The Covered Bonds will be direct, unsecured and unconditional obligations of the Issuer. **The Covered Bonds are not guaranteed under the *Deposit Insurance Act (Québec)* or the *Canada Deposit Insurance Corporation Act*.**
- Covered Bond Guarantee:** The Guarantor has provided a direct and, following the occurrence of a Covered Bond Guarantee Activation Event, unconditional and irrevocable guarantee as to payments of interest and principal under the Covered Bonds when such amounts become Due for Payment where such amounts would otherwise be unpaid by the Issuer. Upon the occurrence of a Covered Bond Guarantee Activation Event, the Covered Bonds will become immediately due and payable as against the Issuer and, where that Covered Bond Guarantee Activation Event is the service of a Guarantor Acceleration Notice on the Guarantor, the Guarantor's obligations under the Covered Bond Guarantee will also be accelerated. Payments by the Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the relevant Priorities of Payment.
- Security:** The Guarantor's obligations under the Covered Bond Guarantee and the Transaction Documents to which it is a party are secured by a first ranking security interest and hypothec over the present and future acquired assets of the Guarantor (which consist principally of the Guarantor's interest in the Covered Bond Portfolio, the Substitute Assets, the Transaction Documents to which it is a party, funds being held for the account of the Guarantor by its service providers and funds in the Guarantor Accounts) in favour of the Bond Trustee (for itself and on behalf of the Secured Creditors) pursuant to the Security Agreements.

- *Covered Bond Portfolio:* As of the date of this Prospectus, the Covered Bond Portfolio consists solely of Loans acquired by the Seller from the Originators that are residential real estate hypothecary loans established in favour of Borrowers residing in the Province of Québec or in the Province of Ontario secured by hypothecs or mortgages, as applicable (a hypothec being the Québec civil law equivalent of a mortgage). In respect of the Loans in the Covered Bond Portfolio, the applicable Originator holds registered title to the related Hypothecs and any applicable Related Security on behalf of the Guarantor. The Covered Bond Portfolio from time to time will consist of Loans secured by Hypothecs and, subject to Rating Agency Confirmation, New Portfolio Asset Types.
- *Intercompany Loan Agreement:* Under the terms of the Intercompany Loan Agreement, prior to the issuance of the first Tranche of Covered Bonds, the Issuer has made available to the Guarantor an interest-bearing Intercompany Loan, comprised of a Guarantee Loan and a revolving Demand Loan in an initial combined aggregate amount equal to the Total Credit Commitment. The Intercompany Loan is denominated in Canadian dollars. The interest rate on the Intercompany Loan is a Canadian dollar floating rate, which rate shall not exceed, as applicable: (i) prior to an Interest Rate Swap Effective Date, the aggregate yield on the (x) Covered Bond Portfolio, (y) the cash deposit amounts of the Guarantor and (z) the principal balance of Substitute Assets; and (ii) following an Interest Rate Swap Effective Date, the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement, and in each case after taking into account the sum of a minimum spread and an amount for certain expenses of the Guarantor. The balance of the Guarantee Loan and Demand Loan will fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test. The Guarantee Loan is a drawn amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required to collateralize the Covered Bonds to ensure that the Asset Coverage Test is met at all times (see “*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*”). The Demand Loan is a revolving credit facility, the outstanding balance of which is equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the relevant Swap Provider, in its capacity as (and provided it is) the lender under the Intercompany Loan Agreement, may deliver a Contingent Collateral Notice to the Guarantor under which it elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

At any time prior to a Demand Loan Repayment Event, the Guarantor may re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things: (i) such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment; and (ii) no Issuer Event of Default or Guarantor Event of Default has occurred and is continuing. Unless otherwise agreed by the Issuer and subject to Rating Agency Confirmation, no Additional Loan Advances will be made to the Guarantor under the Intercompany Loan following the occurrence of a Demand Loan Repayment Event.

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Issuer may increase the Total Credit Commitment to enable the Guarantor to acquire New Loans and their Related Security from the Seller.

The Demand Loan or any portion thereof will be repayable no later than the first Montréal Business Day following 60 days after a demand therefor is served on the Guarantor, subject to a Demand Loan Repayment Event having occurred (see below in respect of the repayment of the Demand Loan in such circumstance) and the Asset Coverage Test being met on the date of repayment after giving effect to such repayment.

Following the occurrence of a Demand Loan Repayment Event, the Guarantor will be required to repay any amount of the Demand Loan that exceeds the Demand Loan Contingent Amount on the first Guarantor Payment Date following 60 days after such Demand Loan Repayment Event. Following such Demand Loan Repayment Event, the Guarantor will be required to repay the then outstanding Demand Loan on the date on which the Asset Percentage is next calculated. Repayment of any amount outstanding under the Demand Loan will be subject to the Asset Coverage Test being met on the date of repayment after giving effect to such repayment.

The Guarantor may repay the principal on the Demand Loan in accordance with the Priorities of Payment and the terms of the Intercompany Loan Agreement, (A) using (i) funds being held for the account of the Guarantor by its service providers and/or funds in the Guarantor Accounts (other than any amount standing to the credit of the Pre-Maturity Liquidity Ledger); and/or (ii) proceeds from the sale of Substitute Assets; and/or (iii) proceeds from the sale of Loans and their Related Security to the Seller or to another person subject to a right of pre-emption on the part of the Seller and/or (B) by selling, transferring and assigning to the Seller all of the Guarantor’s right, title and interest in and to Loans and their Related Security.

The Guarantor will be entitled to set off amounts paid by the Guarantor under the Covered Bond Guarantee against amounts owing by it to the Issuer under the Intercompany Loan Agreement.

For greater certainty, payments due by the Issuer under the Covered Bonds are not conditional upon receipt by the Issuer of payments in respect of the Intercompany Loan.

- *Proceeds of the Intercompany Loan:* The Guarantor used the initial advance of proceeds from the Intercompany Loan to purchase the Initial Covered Bond Portfolio consisting of Loans and their Related Security from the Issuer, as Seller, in accordance with the terms of the Hypothecary Loan Sale Agreement and, following the initial advance, may use additional advances (i) to purchase New Loans and their Related Security for the Covered Bond Portfolio pursuant to the terms of the Hypothecary Loan Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger (in each case to an amount not exceeding the prescribed limit)).
- *Consideration:* Under the terms of the Hypothecary Loan Sale Agreement, the Seller sold the Initial Covered Bond Portfolio and may, from time to time, sell New Loans and their Related Security to the Guarantor on a fully-serviced basis in exchange for cash consideration or a deemed cash payment equal to the fair market value of these Loans at the relevant Transfer Date. The Limited Partner may also make Capital Contributions in exchange for an additional interest in the capital of the Guarantor.
- *Cashflows:* At any time there is no Asset Coverage Test Breach Notice outstanding and no Covered Bond Guarantee Activation Event has occurred, the Guarantor will:
 - apply Available Revenue Receipts to (i) pay interest due on the Intercompany Loan and (ii) make Capital Distributions to the Limited Partner. However, these payments will only be made in accordance with, and after payment of certain items ranking higher in, the Pre-Acceleration Revenue Priority of Payments; and
 - apply Available Principal Receipts to (i) fund the Pre-Maturity Liquidity Ledger (to an amount not exceeding the prescribed limit) in respect of any liquidity that may be required in respect of Hard Bullet Covered Bonds following any breach of the Pre-Maturity Test; (ii) acquire New Loans and their Related Security; (iii) pay principal amounts outstanding on the Intercompany Loan; and (iv) make Capital Distributions to the Limited Partner. However, these payments will only be made in accordance with, and after payment of certain items ranking higher in, the Pre-Acceleration Principal Priority of Payments.

For further details of the Pre-Acceleration Revenue Priority of Payments and Pre-Acceleration Principal Priority of Payments, see “*Cashflows*” below.

While an Asset Coverage Test Breach Notice is outstanding but prior to a Covered Bond Guarantee Activation Event having occurred, the Guarantor will continue to apply Available Revenue Receipts and Available Principal Receipts as described above, except that, while any Covered Bonds remain outstanding:

- in respect of Available Revenue Receipts, no further amounts will be paid to the Issuer under the Intercompany Loan Agreement, towards any indemnity amount due to any of the Partners under the Limited Partnership Agreement or towards any Capital Distributions; and
- in respect of Available Principal Receipts, no payments will be made other than into the GIC Account and, as required, credited to the Pre-Maturity Liquidity Ledger (see “*Cashflows*” below).

Following service of a Notice to Pay on the Guarantor (but prior to service of a Guarantor Acceleration Notice on the Guarantor) the Guarantor will use all moneys to pay Guaranteed Amounts in respect of the Covered Bonds when the same become Due for Payment subject to paying higher ranking obligations of the Guarantor (including the obligations of the Guarantor to make repayment on the Demand Loan, as described above) in accordance with the Priorities of Payment.

Following service of a Guarantor Acceleration Notice on the Guarantor, the Covered Bonds will become immediately due and repayable (if not already due and payable following the occurrence of an Issuer Event of Default) and the Bond Trustee will enforce its claim against the Guarantor under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount in respect of each Covered Bond together with accrued interest and any other amounts due under the Covered Bonds (other than additional amounts payable by the Issuer under Condition 8). At such time, the Security will also become enforceable by the Bond Trustee (for the benefit of the Covered Bondholders). Any moneys recovered by the

Bond Trustee from realization on the Security following enforcement will be distributed according to the Post-Enforcement Priority of Payments, see “*Cashflows*” below.

- *Asset Coverage Test:* The Programme provides that the assets of the Guarantor are subject to an Asset Coverage Test in respect of the Covered Bonds. Accordingly, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that monthly, on each Calculation Date, the Adjusted Aggregate Loan Amount will be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on that Calculation Date. The Partners shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. In that respect, the Limited Partner shall use all reasonable efforts to, as the Limited Partner may determine in its sole discretion, (i) make a Cash Capital Contribution, (ii) make a Capital Contribution in Kind to the Partnership, and/or (iii) require that Caisse centrale sell New Loans and their Related Security to the Guarantor, in the aggregate or in each case, as applicable, in an amount sufficient to ensure the Guarantor is or will be in compliance with the Asset Coverage Test on future Calculation Dates. The Asset Coverage Test will not give credit to Non-Performing Loans. The Asset Coverage Test will be tested by the Cash Manager as at each Calculation Date and monitored from time to time by the Asset Monitor. Such testing will be completed within the time period specified in the Cash Management Agreement. A breach of the Asset Coverage Test as at a Calculation Date, if not remedied so that the breach no longer exists on the immediately succeeding Calculation Date, will require the Guarantor (or the Cash Manager on its behalf) to serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee, CMHC and, if delivered by the Cash Manager, the Guarantor. An Asset Coverage Test Breach Notice will be revoked if the Asset Coverage Test is satisfied as at the next Calculation Date following service of the Asset Coverage Test Breach Notice, provided a Covered Bond Guarantee Activation Event has not occurred. See “*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*”.

At any time an Asset Coverage Test Breach Notice is outstanding:

- (a) the application of Available Revenue Receipts and Available Principal Receipts will be restricted while any Covered Bonds remain outstanding; and
- (b) the Issuer will not be permitted to make further issuances of Covered Bonds.

If an Asset Coverage Test Breach Notice has been served and is not revoked on or before the Guarantor Payment Date following the next Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will have occurred and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve an Issuer Acceleration Notice on the Issuer, following which the Bond Trustee must forthwith serve a Notice to Pay on the Guarantor (which shall constitute a Covered Bond Guarantee Activation Event).

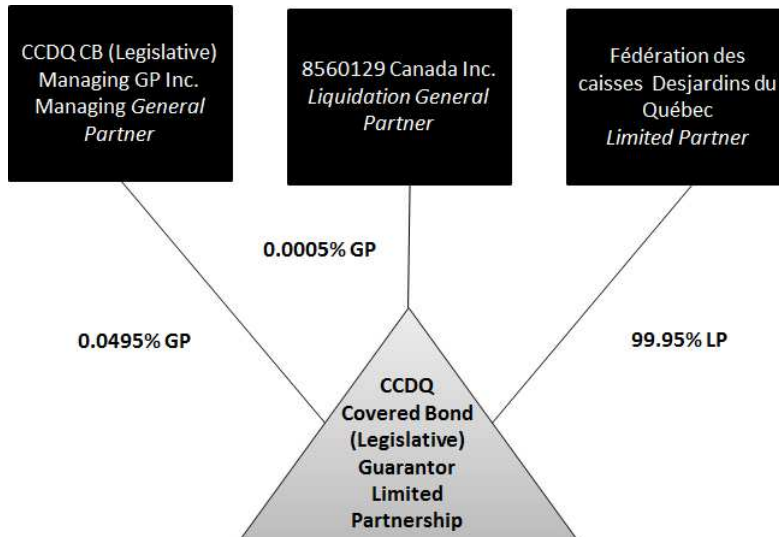

- *Amortization Test:* Following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test. The Amortization Test will be tested by the Cash Manager and will be verified by the Asset Monitor as at each Calculation Date. Such testing will be completed within the time period specified in the Cash Management Agreement. A breach of the Amortization Test will constitute a Guarantor Event of Default, which will entitle the Bond Trustee to serve a Guarantor Acceleration Notice declaring the Covered Bonds immediately due and repayable and entitle the Bond Trustee to exercise the remedies available to it under the Security Agreements, including to enforce on the Security granted under the Security Agreements. See “*Summary of the Principal Documents—Limited Partnership Agreement—Amortization Test*”.
- *Extendable obligations under the Covered Bond Guarantee:* An Extended Due for Payment Date may be specified as applying in relation to a Series of Covered Bonds in the applicable Final Terms. This means that, if the Issuer fails to pay the Final Redemption Amount of the relevant series of Covered Bonds on the Final Maturity Date (subject to applicable grace periods) and if the Guaranteed Amounts equal to the Final Redemption Amount of the relevant Series of Covered Bonds are not paid in full by the Extension Determination Date (for example because, following the service of a Notice to Pay on the Guarantor, the Guarantor has insufficient moneys available in accordance with the Priorities of Payment to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds after payment of higher ranking amounts and taking into account amounts ranking *pari passu* in the Priorities of Payment), then payment of the unpaid amount pursuant to the Covered Bond Guarantee will be automatically deferred (without a Guarantor Event of Default occurring as a result of such non-payment) and will be due and payable on the date specified in the applicable Final Terms as the Extended Due for Payment Date (subject to any applicable grace period) and interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at a Rate of Interest determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds). To the extent that a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of the relevant Series of Covered Bonds, the Guarantor will make such partial payment on any Interest Payment Date up to and including

the relevant Extended Due for Payment Date, in accordance with the Priorities of Payment and as described in Condition 6.01 and will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date with any unpaid portion thereof (if any) becoming due and payable on the Extended Due for Payment Date. Any amount that remains unpaid on any such Interest Payment Date will be automatically deferred for payment until the applicable Extended Due for Payment Date (where the relevant Series of Covered Bonds are subject to an Extended Due for Payment Date).

- **Servicing:** Caisse centrale, as Servicer, has agreed to provide administrative services to the Guarantor in respect of the Covered Bond Portfolio. As at the date of this Base Prospectus, the Servicer sub contracts or delegates the performance of all its duties under the Servicing Agreement, including the exercise of reasonable care and prudence in the making of the Loans, in the administration of the Loans, in the collection of the repayment of the Loans and in the protection of the security for each Loan, to each Originator in respect of the Loans originated by it that form part of the Covered Bond Portfolio, provided that the Servicer is not released or discharged from any liability under the Servicing Agreement and remains liable for the performance or non-performance or breach by any sub-contractor or delegate of the duties so subcontracted or delegated under the Servicing Agreement. In certain circumstances, the Servicer may be required to assign the role of Servicer to a third party acceptable to the Bond Trustee and qualified to service the Covered Bond Portfolio (see “Summary of the Principal Documents—Servicing Agreement”).
- **Covered Bond Legislative Framework:** The Issuer and the Programme were registered in the Registry in accordance with the Covered Bond Legislative Framework and the CMHC Guide on January 29, 2014 and January 29, 2014, respectively.
- **Further Information:** For a more detailed description of the transactions summarized above relating to the Covered Bonds see, amongst other relevant sections of this Base Prospectus, “Overview of the Programme”, “Terms and Conditions of the Covered Bonds”, “Summary of the Principal Documents”, “Credit Structure” and “Cashflows”.

Ownership Structure of the Guarantor

- As at the date of this Base Prospectus, the Partners of the Guarantor are the Limited Partner, which holds 99.95 per cent of the interest in the Guarantor, and the Managing GP and the Liquidation GP, each of which own 99 per cent and 1 per cent, respectively, of the remaining 0.05 per cent general partner interest in the Guarantor.

- A new Limited Partner may be admitted to the Guarantor, subject to meeting certain conditions precedent including (except in the case of a Subsidiary of a current Limited Partner), but not limited to, receipt of Rating Agency Confirmation.
- Other than in respect of those decisions reserved to the Partners and the limited circumstances described below, the Managing GP will manage and conduct the business of the Guarantor and will have all the rights, power and authority to act at all times for and on behalf of the Guarantor (provided that a voluntary liquidation of the Guarantor would require the consent of the Liquidation GP).
- Under certain circumstances, including an Issuer Event of Default or insolvency or winding-up of the Managing GP, the Liquidation GP will assume the management responsibilities of the Managing GP.

Ownership Structure of the Managing GP

- The Managing GP is a wholly-owned subsidiary of the Federation. The directors and officers of the Managing GP are officers or employees of the Federation.

Ownership Structure of the Liquidation GP

- As at the date of this Base Prospectus, 91 per cent of the issued and outstanding shares in the capital of the Liquidation GP are held by the Corporate Services Provider, as trustee of the CCDQ Covered Bond (Legislative) LGP Trust (the “**LGP Trust**”) and 9 per cent of the issued and outstanding shares in the capital of the Liquidation GP are held by the Federation. All of the directors of the Liquidation GP are appointed by the Corporate Services Provider, as trustee of the LGP Trust, and are independent of the Federation. The Federation is entitled to have one “observer” of the board of the Liquidation GP who is an officer or employee of the Federation.
- The beneficiary of the LGP Trust will be one or more Canadian non-profit organizations or charities registered under the *Income Tax Act* (Canada).

RISK FACTORS

Each of the Issuer and the Guarantor believes that the following factors may affect its ability to fulfil its obligations in connection with any Covered Bonds because they may, directly or indirectly, adversely affect the financial results, businesses, financial condition or liquidity of the Issuer or the Guarantor. Most of these factors are contingencies which may or may not occur and the likelihood or extent to which any such contingencies may affect the ability of the Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with any Covered Bonds.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Covered Bonds issued under the Programme, but the inability of the Issuer and the Guarantor to pay interest, principal or other amounts on or in connection with any Covered Bonds may occur for other reasons which may or may not be considered significant by the Issuer or the Guarantor based on information currently available to it or which they may not be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including information incorporated by reference) and any applicable Final Terms to reach their own views prior to making any investment decision.

Factors which are material for the purpose of assessing risks associated with Caisse centrale

Caisse centrale is exposed to different types of risks in the normal course of operations. These risks are:

Credit risk

Credit risk is the risk of losses resulting from a borrower's or counterparty's failure to honour its contractual obligations, whether or not these obligations appear on Caisse centrale's consolidated balance sheet. Caisse centrale is exposed to credit risk first through its direct loans to business, the public and parapublic sectors and individuals, which represented 18% of the assets on Caisse centrale's consolidated balance sheets as at December 31, 2014 and 2013, excluding loans to members and other Desjardins network entities. It is also exposed through various other commitments including letters of credit and transactions involving derivative financial instruments and securities. Failure to effectively manage credit risk across Caisse centrale and all its products, services and activities can have a direct, immediate and material impact on Caisse centrale's earnings and reputation.

Counterparty and Issuer Risk

Counterparty and issuer risk is a credit risk relative to different types of securities, derivative financial instrument and securities lending transactions. In its derivative financial instrument and securities lending transactions, which include repurchase and reverse repurchase agreements and securities borrowing and lending, Caisse centrale is exposed to counterparty credit risk. The ability of the Caisse centrale to make payments under the Covered Bonds is subject to general credit risks, including credit risks of borrowers and their ability to pay or perform under their respective obligations.

Market Risk

Market risk refers to the risk of changes in the fair value of financial instruments resulting from fluctuations in the parameters affecting this value; in particular, interest rates, exchange rates, credit spreads and their volatility. Caisse centrale is exposed to market risk primarily through positions taken in the course of its traditional financing and trading activities. The risk of loss as a result of interest rate and exchange rate volatility is the main aspect of market risk to which Caisse centrale is exposed.

Interest Rate Risk

Interest rate risk is the potential impact of interest rate fluctuations on Caisse centrale's net interest income and the economic value of members' equity. Interest rate risk is the main component of market risk for Caisse centrale's traditional banking activities other than trading, such as accepting deposits and granting loans, as well as for the securities portfolio used for long-term investment purposes and as liquidity reserves.

Foreign Exchange Risk

Foreign exchange risk may be defined as the risk that the actual or expected value of assets denominated in a foreign currency will be higher or lower than that of liabilities denominated in the same currency. In certain specific situations, Caisse centrale may become exposed to foreign exchange risk, particularly with respect to the U.S. dollar and the euro. Fluctuations in currency may adversely impact the earnings of Caisse centrale. Overall, Caisse centrale's exposure to this risk is low because the majority of its transactions are conducted in Canadian dollars.

Caisse centrale's exposure mainly arises from its intermediation activities with members and clients, and its financing and investing activities. To ensure that such exposure is properly controlled and its exposure is limited, Caisse centrale uses, among other things, derivative financial instruments such as forward exchange contracts and currency swaps.

Liquidity Risk

Liquidity risk refers to Caisse centrale's capacity to raise the necessary funds (by increasing liabilities or converting assets) to meet a financial obligation, whether or not it appears on Caisse centrale's consolidated balance sheets. Demand for cash can arise from withdrawals of deposits, debt maturities and commitments to provide credit. Liquidity risk also includes the risk of not being able to sell assets in a timely manner at a reasonable price.

Operational Risk

Operational risk is the risk of inadequacy or failure attributable to processes, people, internal systems or external events resulting in losses, failure to achieve objectives or a negative impact on reputation. This risk is inherent to all business activities as well as internal activities and outsourcing activities. It may lead to losses mainly resulting from theft, fraud, damage to tangible assets, illegal acts, systems failure, unauthorized access to computer systems (cyber-crime) or problems in process management. Failure to manage operational risk can result in significant financial loss, reputational harm, regulatory censure and penalties, or failure in the management of other risks such as credit or market risk.

Strategic Risk

Strategic risk refers to the risk of possible loss attributable to an inability to adapt to a changing environment because of failure to act, an inappropriate strategic choice or the inability to effectively implement strategies.

Reputation Risk

Reputation risk is the risk that a negative perception by the stakeholders, whether or not justifiable, of Caisse centrale or Desjardins Group's practices, actions or lack of action, could have an unfavourable impact on income and equity and the trust that it inspires.

Pension Risk

Pension risk is the risk of losses resulting from pension plan commitments made by Desjardins Group for the benefit of employees. Pension risk arises essentially from interest rate, price, foreign exchange rate and longevity risks.

Environmental Risk

Environmental risk is the risk of financial, operational or reputational loss for Caisse centrale as a result of environmental impacts or issues, whether they occur through Caisse centrale's credit or investment activities or through its operations. In addition to the potential financial losses that could be incurred through poor management of environmental risk, there is increased credit risk through the impairment of assets pledged as security and greater reputational risk should assets taken as collateral become the subject of discussions in the media of social and environmental issues.

Legal and Regulatory Risk

Legal and regulatory environment risk represents the consequences of not complying with the laws, regulations, standards and practices applicable to Caisse centrale's activities as well as the various internal codes of conduct, and its contractual commitments, that could lead to consequences including a financial loss, the imposition of sanctions, damages to its reputation or legal action. Legal and regulatory environment risk management entails, inter alia, effectively preventing and handling possible disputes and claims that may lead in particular to judgments or decisions by a court of law or regulatory agency that could result in financial penalties or sanctions. Legal decisions as well as current and future legislative activity could increase Caisse centrale or Desjardins Group's exposure to new sorts of litigation. Furthermore, certain legal proceedings against Caisse centrale or Desjardins Group may be very complex and address legal theories that are new or that have never been verified. The outcome of such proceedings may be difficult to predict or estimate until the proceedings are in an advanced stage, which may take several years. Class action or multi-party lawsuits may present an additional risk of decisions awarding substantial pecuniary, non-pecuniary or exemplary damages. The plaintiffs filing a class action or other lawsuit sometimes make claims for very substantial amounts, and it is impossible to determine Caisse centrale's or Desjardins Group's liability, if any, for a considerable period of time. Legal liability or a significant regulatory measure could have a negative impact on Caisse centrale or Desjardins Group's current operations, operating results and financial position, in addition to tarnishing its reputation. Even if Caisse centrale or Desjardins Group prevails before the courts or was no longer subject to the measures imposed by regulatory bodies, these situations could damage its reputation and have a negative impact on its financial position, particularly due to the costs associated with these procedures and its corporate image.

The financial services industry is one of the most strictly regulated and monitored sectors. In recent years, the regulations governing the industry have expanded significantly in response to numerous socio-economic phenomena such as the development of new, increasingly complex financial products, the continuing volatility in the securities industry, financial fraud, and the fight against money laundering and terrorist financing, to mention but a few. In addition to federal (Canadian and U.S.) and provincial

government requirements, the regulatory environment also includes organizations such as the Autorité des marchés financiers (Québec), the Canadian securities administrators, the Office of the Superintendent of Financial Institutions, the Financial Transactions and Reports Analysis Centre of Canada, the Mutual Fund Dealers Association of Canada, the Investment Industry Regulatory Organization of Canada and, in the U.S., the Office of the Comptroller of the Currency, the SEC and the Financial Industry Regulatory Authority. Complying with major legislative and regulatory changes such as the Foreign Account Tax Compliance Act, the Dodd-Frank Act or the Basel Accord requires Desjardins Group to make significant investments of technical, financial and human resources and has an impact on its management of current operations. It should be noted that Caisse centrale is not directly subject to all these regulations, but they are nevertheless part of Desjardins Group's regulatory environment.

Discussed below are a number of other factors that could cause Caisse centrale's results to differ significantly from those anticipated. The factors discussed below should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties that face Caisse centrale's business.

General economic and business conditions in regions where Caisse centrale conducts business

General economic and business conditions in the regions in which Caisse centrale operates, principally the Province of Québec, may significantly affect its revenues. These conditions include short and long-term interest rates, inflation, debt securities market fluctuations, foreign exchange rates, the volatility of capital markets, including tighter liquidity conditions in certain markets, the strength of the economy and the volume of business conducted by Caisse centrale in a given region. For example, a regional economic decline may result in an increase in credit losses, a decrease in loan growth and reduced capital markets activity. The monetary policies of the Bank of Canada and the U.S. Federal Reserve as well as other interventionist measures in capital markets by public organizations have repercussions on Caisse centrale's revenues. Changes in the money supply and the general level of interest rates can impact Caisse centrale's profitability. The Issuer has no control over changes in monetary policies or capital market conditions.

Changes in standards, laws and regulations

Changes made to standards, laws and regulations, including changes affecting their interpretation or implementation, could have an impact on Caisse centrale by restricting its product or service offering or by enhancing the ability of competitors to compete with its products or services. As such, they could have a negative impact on its financial results. In addition, Caisse centrale's failure to comply with applicable laws, regulations and other guiding principles, even though it strives to avoid such a possibility, could result in penalties and fines that may have an unfavourable impact on its reputation and financial results. These changes could also affect the levels of capital and liquidity Caisse centrale elects to maintain.

Foreign exchange rates

Exchange rate fluctuations in the Canadian dollar, the U.S. dollar and other foreign currencies may affect Caisse centrale's financial condition and its future earnings. Fluctuations in the Canadian dollar may also adversely impact the earnings of Caisse centrale's business clients in Canada.

Monetary policy

The monetary policies of the Bank of Canada and the Federal Reserve Board in the United States, as well as other interventions in capital markets, have an impact on Caisse centrale's income. The general level of interest rates may affect Caisse centrale's profitability. Fluctuations in interest rates affect the spread between interest paid on deposits and interest earned on loans, thereby affecting Caisse centrale's net interest income. Caisse centrale has no control over changes in monetary policies or capital market conditions, and it therefore cannot forecast or anticipate them systematically.

Competition

The degree of competition in markets in which Caisse centrale operates affects its performance. Client retention depends on many factors such as product and service pricing, changes to the products and services offered and customer service delivery.

Accuracy and Completeness of information concerning clients and counterparties

When evaluating credit or other transactions with clients and counterparties, Caisse centrale relies in part on information provided by them, including financial statements and other financial information. It may also rely on representations made by clients and counterparties regarding, among other things, the completeness and accuracy of such information, and on auditors' reports regarding the financial statements. The financial condition and revenues of Caisse centrale could be adversely affected if it relied on financial statements that do not comply with accounting principles, are misleading or do not present fairly, in all material respects, the financial condition and the results of the operations of clients and counterparties. Caisse centrale trains its employees and

implements procedures to mitigate the risks related to the use of inaccurate, incomplete and fraudulent information from its clients and counterparties.

Accounting policies and methods used by Caisse centrale

The accounting methods that Caisse centrale uses determine how it reports its financial position and results of operations, and they may require management to make estimates or rely on assumptions about matters that are inherently uncertain. Any change to these estimates and assumptions may have a significant impact on Caisse centrale's results of operations and financial position.

New products and services to retain or increase market share

The ability of Caisse centrale to retain or increase its market share depends partly on its skill in adapting its products and services to changing standards and markets in the financial services industry. Financial services companies are subject to increasing pressure regarding the pricing of their products and services. This factor may reduce net interest income or revenues from fee-based products and services. Moreover, the adoption of new technologies could require Caisse centrale to modify or adapt its products and services, resulting in major expenses.

Ability to recruit and retain key management personnel, including executives

Caisse centrale's future performance depends partly on its ability to recruit and retain key management personnel, including senior management, as there is fierce competition in this area in the financial services industry. Caisse centrale cannot be sure that it will be able to continue to recruit and retain key management personnel, including senior management, even though this is one of the objectives of its human resources management policies and practices.

Business infrastructure

Third parties provide some of the essential components of Caisse centrale's business infrastructure, such as Internet connections and network access. Interruptions in network access services or other communication services provided by such third parties could adversely affect the ability of Caisse centrale to offer products and services to customers and to otherwise conduct its business.

Geographic concentration

As of December 31, 2014, Caisse centrale's lending in the Province of Québec accounted for 89.8% of its aggregate loan portfolio. As a result of this significant geographic concentration, Caisse centrale's results depend on economic conditions in Québec. Any deterioration in economic conditions in this market could adversely affect:

- (i) past due loans;
- (ii) problem assets and foreclosed property;
- (iii) claims and lawsuits;
- (iv) the demand for Caisse centrale's products and services; and
- (v) the value of collateral available for loans, especially mortgages, and by extension clients' borrowing capacity, the value of assets associated with impaired loans and collateral coverage.

Credit Ratings

The credit ratings assigned to Caisse centrale by rating agencies are instrumental to its access to sources of wholesale funding and the cost of such funding. There is no guarantee that credit ratings and related outlooks assigned by these agencies to Caisse centrale's various securities will be maintained. Furthermore, a downgrade to any ratings could raise Caisse centrale's cost of funding and reduce its access to capital markets. In the event that a rating assigned to Caisse centrale or the Covered Bonds is suspended, lowered or withdrawn for any reason, other than as specified herein, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Covered Bonds. As a result, Caisse centrale, the market value of the Covered Bonds, and the ability of Caisse centrale to make payments under the Covered Bonds may all be adversely affected.

Other factors

Other factors that may have an impact on Caisse centrale's future results include changes in tax laws, unexpected changes in consumer spending and savings habits, technological changes, the ability to implement its disaster recovery plan within a reasonable

time, the possible impact on Caisse centrale's business of international conflicts or natural disasters, and Caisse centrale's ability to anticipate and properly manage the risks associated with these factors despite a disciplined risk management environment.

Factors which are material for the purpose of assessing risks relating to the Guarantor

Finite Resources Available to the Guarantor to Meet its Obligations Under the Covered Bond Guarantee

The Guarantor's ability to meet its obligations under the Covered Bond Guarantee will depend on: (i) the realizable value of the assets of the Guarantor, including the Covered Bond Portfolio; (ii) the amount of Available Revenue Receipts and Available Principal Receipts generated by the Covered Bond Portfolio and the timing thereof; (iii) amounts received from the Swap Providers and the timing thereof; (iv) the realizable value of Substitute Assets held by it; and (v) the receipt by it of funds held for and on behalf of the Guarantor by its service providers and of credit balances and interest on credit balances from the Guarantor Accounts. The Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If a Guarantor Event of Default occurs and the Security created by or pursuant to the Security Agreements is enforced, the proceeds from the realization of Charged Property may not be sufficient to meet the claims of all the Secured Creditors, including the holders of the Covered Bonds.

If, following enforcement of the Security constituted by or pursuant to the Security Agreements, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, it is expected that they will have an unsecured claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall in whole or in part.

Holders of the Covered Bonds should note that the Asset Coverage Test has been structured to ensure that the Adjusted Aggregate Loan Amount is at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding, which should reduce the risk of there ever being a shortfall (although there is no assurance of this result and the sale of New Loans and their Related Security by the Seller to the Guarantor, advances under the Intercompany Loan or additional Capital Contributions by the Limited Partner may be required to avoid or remedy a breach of the Asset Coverage Test). The Guarantor must ensure that following the occurrence and during the continuance of an Issuer Event of Default, the Amortization Test is met on each Calculation Date. A breach of the Amortization Test will constitute a Guarantor Event of Default and will entitle the Bond Trustee to serve a Guarantor Acceleration Notice on the Guarantor (see "*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*" and "*Credit Structure—Asset Coverage Test*"). The Partners shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. In that respect, the Limited Partner shall use all reasonable efforts to, as the Limited Partner may determine in its sole discretion, (i) make a Cash Capital Contribution, (ii) make a Capital Contribution in Kind to the Partnership, and/or (iii) require that Caisse centrale sell New Loans and their Related Security to the Guarantor, in the aggregate or in each case, as applicable, in an amount sufficient to ensure the Guarantor is or will be in compliance with the Asset Coverage Test on future Calculation Dates.

Reliance of the Guarantor on Third Parties

The Guarantor has entered into agreements with a number of third parties pursuant to which such third parties have agreed to perform services for the Guarantor. In particular, but without limitation, the Servicer (including the Originators as subservicers of the applicable Loans) has been appointed to service Loans in the Covered Bond Portfolio sold to the Guarantor, the Cash Manager has been appointed to calculate and monitor compliance with the Asset Coverage Test and the Amortization Test and to provide cash management services to the Guarantor and the GIC Account and Transaction Account (to the extent maintained) will be held with the Account Depository Institution. Several of those roles, including, but not limited to, the roles of Servicer, Cash Manager and Account Depository Institution, are initially performed by the Issuer. See also "*Other factors which are material for the purposes of assessing the risks involved in an investment in the Covered Bonds*". In the event that any of those parties (including the Originators as subservicers) fails to perform its obligations under the relevant agreement to which it is a party, the realizable value of the Covered Bond Portfolio or any part thereof or pending such realization (if the Covered Bond Portfolio or any part thereof cannot be sold) may affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. For instance, if the Servicer (including the Originators as subservicers) has failed to administer adequately the Loans, this may lead to higher incidences of non-payment or default by Borrowers. See "*Default by Borrowers in paying amounts due on their Loans*". Following an Interest Rate Swap Effective Date and a Covered Bond Swap Effective Date, the Guarantor is also reliant on the Swap Providers to provide it with the funds matching its obligations under the Intercompany Loan Agreement and the Covered Bond Guarantee, as described below.

Following a Covered Bond Guarantee Activation Event, the Guarantor is also reliant on the ability of the Standby GIC Provider (or any successor Standby GIC Provider) to repay funds deposited with it into the Standby GIC Account in order for the Guarantor to pay amounts due under the Covered Bonds. In particular, in this circumstance, if a Notice to Pay has been served on the Guarantor, Available Revenue Receipts and Available Principal Receipts not required to pay certain priority amounts pursuant to the Guarantee Priority of Payments will be deposited in the Standby GIC Account and holders of Covered Bonds will be dependent on the credit of the Standby GIC Provider for the availability of these amounts.

If a Servicer Event of Default occurs pursuant to the terms of the Servicing Agreement, then the Guarantor and/or the Bond Trustee will be entitled to terminate the appointment of the Servicer and appoint a new servicer in its place. There can be no assurance that a substitute servicer with sufficient experience in administering hypothecary or mortgage loans secured by hypothecs or mortgage liens of residential properties in Canada would be found who would be willing and able to service the Loans and their Related Security and enter into a servicing agreement with the Guarantor. If found, a substitute servicer may not have ratings from the Rating Agencies on its unsecured, unguaranteed and unsubordinated debt obligations above the level specified in the Servicing Agreement or may not be rated at all and Rating Agency Confirmation may not be delivered for such substitute servicer. A substitute servicer may charge higher servicing fees that it agrees to with the Guarantor, which servicing fees will be entitled to priority over payments to holders of the Covered Bonds. See “*Default by Borrowers in paying amounts due on their Loans*”.

If the Seller, as initial Servicer, becomes subject to insolvency proceedings, it could give rise to a stay of proceedings that would delay and may otherwise impair the Guarantor’s or the Bond Trustee’s exercise of rights and remedies in respect of the removal of the Seller as the initial Servicer.

The ability of a substitute servicer to perform fully the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute servicer may affect the realizable value of the Covered Bond Portfolio or any part thereof, and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

The Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion. Holders of the Covered Bonds will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement.

The Bond Trustee is not obligated to act as a servicer or to monitor the performance by the Servicer of its obligations in any circumstances.

Reliance on Swap Providers

To provide a hedge against possible variances in the rates of interest payable on the Loans in the Covered Bond Portfolio (which may, for example, include variable rates of interest or fixed rates of interest) following the Interest Rate Swap Effective Date, and the amount (if any) payable under the Intercompany Loan Agreement and, following the Covered Bond Swap Effective Date, the Covered Bond Swap Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. In addition, to provide a hedge against currency and/or other risks arising, following the Covered Bond Swap Effective Date, in respect of amounts received by the Guarantor under the Interest Rate Swap Agreement and amounts payable in respect of its obligations under the Covered Bond Guarantee, the Guarantor has entered into or will enter into a Covered Bond Swap Agreement with the Covered Bond Swap Provider in respect of each Series of Covered Bonds.

If the Guarantor fails to make timely payments of amounts due under any Swap Agreement (except where such failure is caused by the assets available to the Guarantor being insufficient to make the required payment in full), then it will have defaulted under that Swap Agreement and such Swap Agreement may be terminated. Further, a Swap Provider is only obliged to make payments to the Guarantor as long as and to the extent that the Guarantor complies with its payment and delivery obligations. The Guarantor will not be in breach of its payment obligations where the Guarantor fails to pay a required payment in full, provided such non-payment is caused by the assets of the Guarantor being insufficient to make such payment in full under the relevant Swap Agreement. If a Swap Agreement terminates or the Swap Provider is not obliged to make payments or if it defaults in its obligations to make payments of amounts (including in the relevant currency, if applicable) to the Guarantor on the payment date under the relevant Swap Agreement, the Guarantor will be exposed to changes in the relevant currency exchange rates to Canadian dollars and to any changes in the relevant rates of interest. Unless a replacement Swap Agreement is entered into, the Guarantor may have insufficient funds to meet its obligations under the Covered Bond Guarantee.

If a Swap Agreement terminates, the Guarantor may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the Guarantor will have sufficient funds available to make a termination payment under the relevant Swap Agreement, nor can there be any assurance that the Guarantor will be able to find a replacement swap counterparty which (i) agrees to enter into a replacement swap agreement on substantially the same terms as the terminated swap agreement, and (ii) has sufficiently high ratings to prevent a downgrade of the then current ratings of the Covered Bonds by any one of the Rating Agencies.

If the Guarantor is not Independently Controlled and Governed and is obliged to pay a termination payment under any Swap Agreement, such termination payment will rank *pari passu* with amounts due on the Covered Bonds, except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate, in which case such termination payment is subordinated to the interest amounts due on the Covered Bonds. If the Guarantor is Independently Controlled and Governed, it has the discretion to afford the Interest Rate Swap Provider priority over payments due on the Covered Bonds in respect of amounts due and payable under the Interest Rate Swap Agreement, other than termination payments payable to the Interest Rate Swap Provider where the Interest Rate Swap Provider has caused the termination, in which case such termination payment is subordinated to the interest amounts due on the Covered Bonds. The obligation to pay a termination payment may adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. Additionally, the failure of the Guarantor to

receive a termination payment from the relevant Swap Provider may adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

Differences in timings of obligations of the Guarantor and the Covered Bond Swap Provider under the Covered Bond Swap Agreement

Cashflows will be exchanged under the Covered Bond Swap Agreement following the Covered Bond Swap Effective Date. Following the Covered Bond Swap Effective Date, the Guarantor will make payments to the Covered Bond Swap Provider on each Guarantor Payment Date from the amounts received by the Guarantor under the Interest Rate Swap Agreement. The Covered Bond Swap Provider may not be obliged to make payments to the Guarantor under the Covered Bond Swap Agreement until amounts are Due for Payment on the Covered Bonds, which may be up to 12 months after payments have been made by the Guarantor to the Covered Bond Swap Provider under the Covered Bond Swap Agreement. If the Covered Bond Swap Provider does not meet its payment obligations to the Guarantor under the Covered Bond Swap Agreement and the Covered Bond Swap Provider does not make a termination payment that has become due from it to the Guarantor, the Guarantor may have a larger shortfall in funds with which to meet its obligations under the Covered Bond Guarantee than if the Covered Bond Swap Provider's payment obligations coincided with Guarantor's payment obligations under the Covered Bond Guarantee. As a result, the difference in timing between the obligations of the Guarantor under the Covered Bond Swap Agreement and the obligations of the Covered Bond Swap Provider under the Covered Bond Swap Agreement could adversely affect the Guarantor's ability to meet its obligations under the Covered Bond Guarantee.

Collections; Funds held in Trust

If the Servicer receives any collections in respect of the Loans and their Related Security in the Covered Bond Portfolio to which the Guarantor is entitled and which are to be paid to the Cash Manager or the Guarantor Accounts, as the case may be, it will hold such monies in trust for the Guarantor and shall, subject to the entitlements of any Originator or Versatile Purchaser in respect of any Originator Retained Loan, transfer such monies to the Cash Manager prior to a downgrade in the ratings of the Cash Manager by the Rating Agencies below the levels specified pursuant to the Servicing Agreement on or before the next Guarantor Payment Date and following a downgrade of the ratings of the Cash Manager by the Rating Agencies below the level specified pursuant to the Servicing Agreement into the GIC Account, within two Montréal Business Days of receipt. In the event that the ratings of the Servicer fall below the levels specified pursuant to the Servicing Agreement, the Servicer will be required to keep such proceeds separate and apart from its other assets. In the event of an insolvency of the Servicer prior to such requirement to keep such proceeds separate and apart from its other assets, the ability of the Guarantor to trace and recover any such monies may be impaired.

The Servicer is permitted to appoint the Originators as subservicers of the Covered Bond Portfolio in respect of applicable Loans purchased by the Guarantor, including in respect of the remittance of Collections. The Servicer remains liable for the failure of a subservicer to remit Collections when required to do so. There may be circumstances where Collections may be at risk due to commingling by a subservicer or the Servicer, including following the insolvency of the Servicer or a subservicer.

Withholding on payments under the Covered Bond Guarantee

Interest paid or credited or deemed to be paid or credited on a Covered Bond by the Guarantor pursuant to the Covered Bond Guarantee generally will be exempt from Canadian withholding tax to the extent interest paid or credited by the Issuer on such Covered Bond would have been exempt. See "*Taxation—Canada*". If such payments by the Guarantor pursuant to the Covered Bond Guarantee are not exempt, such payments will be made subject to any applicable withholding or deduction and the Guarantor will have no obligation to gross up in respect of any withholding or deduction which may be required in respect of any such payment.

Factors which are material for the purposes of assessing the risks relating to the Covered Bond Portfolio

The Covered Bond Portfolio changes from time to time

As of the date of this Prospectus, the Covered Bond Portfolio consists solely of Loans originated by the Originators that are residential real estate loans established in favour of Borrowers residing in the Province of Québec or in the Province of Ontario secured by Hypothecs. The Covered Bond Portfolio from time to time will consist of Loans secured by Hypothecs and, subject to Rating Agency Confirmation, New Portfolio Asset Types. It is expected that the constitution of the Covered Bond Portfolio will frequently change due to, for instance, repayments of such Loans by Borrowers from time to time and the need to replace such Loans with New Loans in the Covered Bond Portfolio, or the Covered Bond Portfolio being increased to, among other things, permit the issuance of additional Covered Bonds and ensure that the Asset Coverage Test is met.

There is no assurance that the characteristics of New Loans assigned to the Guarantor in the future will be the same as those in the Covered Bond Portfolio as of the date of this Prospectus, as described above. However, each Loan will be required to meet the Eligibility Criteria and the Loan Representations and Warranties set out in the Hypothecary Loan Sale Agreement although the Eligibility Criteria and Loan Representations and Warranties may change in certain circumstances as described herein. See

“Summary of the Principal Documents—Hypothecary Loan Sale Agreement—Sale by the Seller of Loans and their Related Security”. In addition, the Asset Coverage Test is intended to ensure that the Adjusted Aggregate Loan Amount is an amount equal to or in excess of the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding. The Cash Manager will prepare and provide Investor Reports to the Issuer, the Guarantor, the Bond Trustee and the Rating Agencies that will set out certain information in relation to, among other things, the Covered Bond Portfolio, the Asset Coverage Test and the Valuation Calculation, and the Issuer will make such Investor Reports available to Covered Bondholders (See *“General Information”*).

Maintenance of the Covered Bond Portfolio

The Asset Coverage Test and the Amortization Test are intended to ensure that the assets and cash flows of the Guarantor, including the Loans and their Related Security in the Covered Bond Portfolio and cash flows in respect thereof, will be adequate to enable the Guarantor to meet its obligations under the Covered Bond Guarantee following the occurrence of a Covered Bond Guarantee Activation Event. Accordingly, it is expected (but there is no assurance) that the Covered Bond Portfolio could be realized for sufficient values, together with the other assets of the Guarantor, to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

Asset Coverage Test: The Partners shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. In that respect, the Limited Partner shall use all reasonable efforts to, as the Limited Partner may determine in its sole discretion, (i) make a Cash Capital Contribution, (ii) make a Capital Contribution in Kind to the Partnership, and/or (iii) require that Caisse centrale sell New Loans and their Related Security to the Guarantor, in the aggregate or in each case, as applicable, in an amount sufficient to ensure the Guarantor is or will be in compliance with the Asset Coverage Test on future Calculation Dates.

If a breach of the Asset Coverage Test occurs which is not cured as at the next Calculation Date, an Asset Coverage Test Breach Notice will be served on the Guarantor. Failure to meet the Asset Coverage Test as of the Calculation Date following the service of such Asset Coverage Test Breach Notice will result in an Issuer Event of Default. There is no specific recourse by the Guarantor to the Issuer or the Limited Partner in respect of any failure by the Limited Partner to make a Capital Contribution in any circumstances, including following receipt of an Asset Coverage Test Breach Notice.

The Asset Percentage is a component of the Asset Coverage Test which establishes the credit enhancement required for the then outstanding Covered Bonds in accordance with the terms of the Limited Partnership Agreement and in accordance with Rating Agency methodologies. Pursuant to the terms of the Asset Coverage Test, there is a limit to the degree to which the Asset Percentage may be decreased without the consent of the Issuer and as a result, there is a corresponding limit on the amount of credit enhancement required to be maintained to meet the Asset Coverage Test.

If the various methodologies used to determine the Asset Percentage conclude that additional credit enhancement is required beyond the maximum provided for (by requiring a reduction in the Asset Percentage below the minimum Asset Percentage), and the Issuer does not agree to provide credit enhancement beyond the maximum provided for (by agreeing to a reduction in the Asset Percentage below the minimum Asset Percentage), any Rating Agency may reduce, remove, suspend or place on credit watch, its rating of the Covered Bonds and the assets of the Guarantor may be seen to be insufficient to ensure that, in the scenarios employed in the cash flow models, the assets and cash flows of the Guarantor will be adequate to enable it to meet its obligations under the Covered Bond Guarantee following a Covered Bond Guarantee Activation Event, notwithstanding that the Asset Coverage Test continues to be met.

Amortization Test: Pursuant to the Limited Partnership Agreement, following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test. The Amortization Test is met if the Amortization Test Aggregate Loan Amount is in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds. The Amortization Test is intended to ensure that the assets of the Guarantor do not fall below a certain threshold to ensure that the assets of the Guarantor are sufficient to meet its obligations under the Covered Bond Guarantee.

If the collateral value of the Covered Bond Portfolio has not been maintained in accordance with the terms of the Asset Coverage Test and/or the Amortization Test, this may affect the realizable value of the Covered Bond Portfolio or any part thereof (both before and after the occurrence of a Guarantor Event of Default) and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. Failure to satisfy the Amortization Test as at any Calculation Date following the occurrence and during the continuance of an Issuer Event of Default will constitute a Guarantor Event of Default, thereby entitling the Bond Trustee to accelerate the Covered Bonds against the Issuer (if the Covered Bonds have not already been accelerated) and the Guarantor's obligations under the Covered Bond Guarantee against the Guarantor subject to and in accordance with the Conditions.

Prior to the occurrence of an Issuer Event of Default, the Asset Monitor will, subject to receipt of the relevant information from the Cash Manager, test the calculations performed by the Cash Manager in respect of the Asset Coverage Test once each year and more frequently in certain circumstances as required by the terms of the Asset Monitor Agreement. Following the occurrence of an Issuer

Event of Default, the Asset Monitor will be required to test the calculations performed by the Cash Manager in respect of the Amortization Test. See further “*Summary of the Principal Documents—Asset Monitor Agreement*”.

The Bond Trustee will not be responsible for monitoring compliance with, nor the monitoring of, the Asset Coverage Test or the Amortization Test or any other test, or supervising the performance by any other party of its obligations under any Transaction Document.

The Properties subject to the Related Security for Loans in the Covered Bond Portfolio do not undergo periodic valuations and prior to July 1, 2014 were not required to be indexed to account for subsequent market developments. Valuations are obtained when a Loan is originated, but generally not subsequent to origination. As a result, the realizable value on the Covered Bond Portfolio as of any date prior to July 1, 2014 could have been negatively affected by a significant decline in the values of properties across regions in which such Properties are located without such decline requiring the Limited Partner to make capital contributions or otherwise resulting in a breach of the Asset Coverage Test prior to indexation being implemented as part of the Asset Coverage Test.

For reporting as of a date on or after July 1, 2014, the Guarantor employs an indexation methodology that meets the requirements provided for in the CMHC Guide to determine indexed valuations for Properties relating to the Loans in the Covered Bond Portfolio (which methodology may be updated from time to time and will, at any time, be disclosed in the then-current Investor Report, the “**Indexation Methodology**”) for purposes of the Asset Coverage Test, the Amortization Test, the Valuation Calculation and for other purposes as may be required by the CMHC Guide from time to time. Further information about the Indexation Methodology can be found at any time in the then-current Investor Report. Changes to the Indexation Methodology may only be made (i) upon notice to CMHC and satisfaction of any other conditions specified by CMHC in relation thereto, (ii) if such change constitutes a material change, subject to satisfaction of the Rating Agency Condition, and (iii) if such change is materially prejudicial to the Covered Bondholders, subject to the consent of the Bond Trustee. The Indexation Methodology must at all times comply with the requirements of the CMHC Guide.

Sale of Loans and their Related Security following the occurrence of a Pre-Maturity Test breach, an Asset Coverage Test Breach Notice or a Notice to Pay

If, prior to maturity of Hard Bullet Covered Bonds, the Pre-Maturity Test is breached, the Guarantor may offer to sell Randomly Selected Loans to seek to generate sufficient cash to enable the Guarantor to pay the Final Redemption Amount on any Hard Bullet Covered Bonds should the Issuer fail to pay the Final Redemption Amount on the Final Maturity Date: see “*Summary of the Principal Documents—Limited Partnership Agreement—Sales of Randomly Selected Loans following a breach of the Pre-Maturity Test*”.

If an Asset Coverage Test Breach Notice or a Notice to Pay is served on the Guarantor (and, in the case of an Asset Coverage Test Breach Notice, for as long as such notice has not been revoked), the Guarantor may be obliged to sell Randomly Selected Loans and their Related Security in order to remedy a breach of the Asset Coverage Test or to make payments to the Guarantor’s creditors, including payments under the Covered Bond Guarantee, as appropriate: see “*Summary of the Principal Documents—Limited Partnership Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*”.

There is no guarantee that a buyer will be found to acquire such Loans and their Related Security at the times required and there can be no guarantee or assurance as to the price which may be able to be obtained, which may affect payments under the Covered Bond Guarantee. However, prior to the service of a Guarantor Acceleration Notice, the Loans and their Related Security may not be sold by the Guarantor for less than an amount equal to the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds until six months prior to: (i) the Final Maturity Date in respect of such Covered Bonds; or (ii) (if the same is specified as applicable in the applicable Final Terms) the Extended Due for Payment Date under the Covered Bond Guarantee in respect of such Covered Bonds. In the six months prior to, as applicable, the Final Maturity Date or Extended Due for Payment Date, the Guarantor is obliged to sell Loans and their Related Security for the best price reasonably available notwithstanding that such price may be less than the Adjusted Required Redemption Amount. Where the Guarantor is obliged to sell the Loans and their Related Security by a particular date, this may have an adverse effect on the price for which they can be sold. The Seller that assigned the relevant Loans and their Related Security to the Guarantor will have a right of pre-emption to purchase such Loans and their Related Security in the event the Guarantor wishes to or is required to sell such Loans and their Related Security (see “*Summary of the Principal Documents—Hypothecary Loan Sale Agreement—Right of pre-emption*”). The Guarantor may also use the Loans and their Related Security to repay the Demand Loan and will, following a Covered Bond Guarantee Activation Event, receive credit for such repayment equal to the True Balance on such Loans or in certain circumstances, the fair market value thereof.

Realization of Charged Property following the occurrence of a Guarantor Event of Default

If a Guarantor Event of Default occurs and a Guarantor Acceleration Notice is served on the Guarantor, then the Bond Trustee will be entitled to enforce the Security created under and pursuant to the Security Agreements and the proceeds from the realization of the Charged Property will be applied by the Bond Trustee towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments described in “*Cashflows*” below.

There is no guarantee that there will be a market for the Charged Property or that the proceeds of realization of the Charged Property will be in an amount sufficient to repay all amounts due to the Secured Creditors (including the holders of the Covered Bonds) under the Covered Bonds and the Transaction Documents.

If a Guarantor Acceleration Notice is served on the Guarantor, then the Covered Bonds may be repaid sooner or later than expected or not at all.

Factors that may affect the realizable value of the Covered Bond Portfolio or any part thereof or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee

Following the occurrence of a Covered Bond Guarantee Activation Event, the realizable value of the Loans and their Related Security in the Covered Bond Portfolio may be reduced (which may affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee) by:

- representations or warranties not being given by the Guarantor or the Seller, as the case may be (unless otherwise agreed with the Seller), on the sale of the Loans by the Guarantor;
- default by Borrowers of amounts due on the Loans (see “*Default by Borrowers in paying amounts due on their Loans*”);
- the insolvency of the Seller (including as initial Servicer) or any individual Caisse which has sold Loans to the Seller;
- changes to the lending criteria of the Desjardins Group assigning the Loans and their Related Security;
- the Guarantor not being the registered creditor of the Loans in the Covered Bond Portfolio and notice of the sale, transfer and assignment of such Loans and their Related Security not having been given to Borrowers;
- risks in relation to some types of the Loans which may adversely affect the value of the Covered Bond Portfolio or any part thereof;
- recourse to the Seller being limited under the terms of the Hypothecary Loan Sale Agreement;
- possible regulatory changes by the Autorité des marchés financiers (Québec) and other regulatory authorities;
- law or regulations that could lead to some terms of the Loans being unenforceable; and
- general market conditions which may make the sale of Loans at a price sufficient to repay all amounts due under the Covered Bonds and the Transaction Documents unattainable or difficult.

Each of these factors is considered in more detail below. However, it should be noted that the Asset Coverage Test, the Amortization Test and the Eligibility Criteria are intended to ensure that the Guarantor will have adequate assets and cash flows to enable the Guarantor to meet its obligations under the Covered Bond Guarantee following the occurrence of a Covered Bond Guarantee Activation Event. Accordingly, it is expected (but there is no assurance) that the Covered Bond Portfolio could be realized for sufficient values, together with the other assets of the Guarantor, to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

In the event the Issuer is required to assign some or all of its obligations to one or more third party service providers, as Servicer, Covered Bond Swap Provider, Interest Rate Swap Provider or Cash Manager, such third party service providers may require fees for such services in excess of the rates or amounts, if any, currently being paid to the Issuer by the Guarantor. Any such increase in fees for the services currently provided by the Issuer could have an adverse impact on the ability of the Guarantor to meet its obligations under the Covered Bonds. Additionally, there can be no assurance that any third party service provider will (i) have the same level of operational experience as the Issuer, and operational issues may arise in connection with appointing one or more third party service providers, or (ii) not require more onerous terms in any relevant Transaction Document.

No representations or warranties to be given by the Guarantor or the Seller if Loans and their Related Security are to be sold

Following the occurrence of a Covered Bond Guarantee Activation Event (including as a result of an Issuer Event of Default following a breach of the Pre-Maturity Test), and/or an Asset Coverage Test Breach Notice or a Notice to Pay is served on the Guarantor (and, in the case of an Asset Coverage Test Breach Notice, for so long as such notice has not been revoked), the Guarantor may be obliged to sell Loans and their Related Security to third party purchasers, subject to a right of pre-emption of the Seller that assigned such Loans and their Related Security to the Guarantor (see “*Summary of the Principal Documents—Limited Partnership Agreement—Method of Sale of Loans and their Related Security*”). In respect of any sale of Loans and their Related Security to third

parties, however, the Guarantor will not be permitted to give warranties or indemnities in respect of those Loans and their Related Security (unless expressly permitted to do so by the Bond Trustee). There is no assurance that the Seller would give any warranties or representations in respect of the Loans and their Related Security. Any Loan Representations and Warranties previously given by the Seller in respect of Loans in the Covered Bond Portfolio may not have value for a third party purchaser particularly if the Seller is then insolvent. Accordingly, there is a risk that the realizable value of the Loans and their Related Security could be adversely affected by the lack of representations and warranties which in turn could adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

Default by Borrowers in paying amounts due on their Loans

Borrowers may default on their obligations due under the Loans. Defaults may occur for a variety of reasons. The Loans are affected by credit, market, liquidity and interest rate risks. Various factors influence hypothecary or mortgage loan delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal. Examples of such factors include changes in the national or international economic climate, local, regional or national economic or housing conditions, changes in law, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors involving Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including general market conditions, the availability of buyers for that property, the value of that property and property values in general at the time. Non-Performing Loans in the Covered Bond Portfolio will be given no credit for the purposes of the Asset Coverage Test or the Amortization Test.

The application of Canadian federal bankruptcy and insolvency laws and related provincial laws to a Borrower could affect the ability to collect the Loans and the Related Security if such laws result in any related Loan being charged off as uncollectible either in whole or in part.

Risks relating to the residential mortgage market such as a deterioration in the market for real estate, could negatively affect the value and marketability of the covered bonds

A severe correction in the housing market could create strains in the residential mortgage market by causing an economic recession (and associated loss of income) and a reduction in homeowner equity, leading to rising delinquencies. The risk of a severe correction would increase if interest rates rose sharply or an external shock caused the economy to contract. In this case, the subsequent housing downturn would impair economic circumstances and create greater stress in the mortgage market. The risk of a severe correction is considered low in most regions of the country, including Québec, as valuations are moderate, affordability is reasonable and interest rates are likely to remain low for some time. The Initial Covered Bond Portfolio consists of Loans for which the related residential properties are situated in the Province of Québec.

Changes to the Lending Criteria

Each of the Loans sold by the Seller to the Guarantor will have been originated by an Originator in accordance with the Desjardins Group's Lending Criteria at the time of origination. It is expected that the Desjardins Group's Lending Criteria will generally consider type of property, term of loan, age of applicant, loan-to-value ratio, status of applicants and credit history. In the event of the sale of any Loans and their Related Security to the Guarantor, the Seller will only warrant that such Loans and their Related Security meet the Eligibility Criteria and were originated in accordance with the Desjardins Group's Lending Criteria applicable at the time of origination. The Desjardins Group retains the right to revise its Lending Criteria from time to time. If the Lending Criteria change in a manner that affects the creditworthiness of the Loans, that may lead to increased defaults by Borrowers and may affect the realizable value of the Covered Bond Portfolio, or part thereof, and the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. As described above, however, Non-Performing Loans in the Covered Bond Portfolio will be given no credit for the purposes of the Asset Coverage Test and the Amortization Test.

Risks particular to the Versatile Loans

The Issuer expects that the Covered Bond Portfolio will from time to time include Versatile Loans. For a detailed description of the Versatile Loans, see "***Summary of the Principal Documents-Hypothecary Loan Sale Agreement-Versatile Accounts***". Such Versatile Loans are subject to certain additional risks which include, without limitation, the following:

- the risk that Versatile Loans may be more difficult for the Guarantor to sell to third parties than other Loans due to the related servicing, priority and security sharing arrangements governing the Versatile Loans and/or the continuing ownership interests of the Seller (or the applicable Originators) and/or Versatile Purchasers in the related Versatile Accounts and the related Versatile Hypothecs;

- the risk that the Guarantor, or the Servicer on its behalf, is or will become subject to certain fiduciary and other rights, duties and obligations under applicable law or under any applicable agreements in regard to the Seller (or the applicable Originators) and/or any Versatile Purchasers having an interest in the related Versatile Hypothecs which could delay or otherwise adversely affect its right to make certain servicing and/or enforcement decisions relating to such Versatile Loans or, with respect to such agreements, which may affect the respective priorities of the related Versatile Loans and Versatile LOCs; and
- since the Seller (or the applicable Originators) or Versatile Purchasers will each be entitled to an interest in the related Versatile Hypothecs in the Province of Québec to the extent of the outstanding indebtedness owing under any related Versatile LOC or Versatile Loan, the Guarantor will in respect of each Versatile Hypothec have to join the applicable Originator or the Versatile Purchaser in enforcement proceedings against the related Borrower.

Notice and registration of the sale, transfer and assignment of the Loans and their Related Security in the Covered Bond Portfolio may not be made or given, as the case may be, on the relevant Transfer Dates

The sale, transfer and assignment by the Originators to the Seller and by the Seller to the Guarantor of the Loans and their Related Security will be carried out in accordance with the terms of the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement, respectively.

Other than certain registrations and notifications that are required to be made as set out in the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement (including (i) registrations in the appropriate land registry or land titles offices in respect of the sale, transfer and assignment of the Loans from the Originators to the Seller and from the Seller to the Guarantor effected by the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement, respectively (and any applicable registration in respect of registered title to the relevant Loans), and (ii) the provision to Borrowers under the related Loans or the obligors under their Related Security of actual notice of the sale, transfer and assignment thereof to the Seller and subsequently to the Guarantor), all material filings, recordings, notifications, registrations or other actions under all applicable laws have been made or taken in each jurisdiction where necessary or appropriate (other than certain registrations in the Province of Québec which will be made when permitted by applicable law) to give legal effect to the sale, transfer and assignment of the Loans and their Related Security and the right to transfer servicing of such Loans as contemplated by the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement, respectively, and to validate, preserve, render opposable, perfect and protect the Guarantor's ownership interest in and rights to collect any and all of the related Loans being purchased on the relevant Transfer Date, including the right to arrange for the servicing and enforcement of such Loans and their Related Security. Since the applicable Originator or Versatile Purchaser will be entitled to an interest in the related Versatile Hypothec to the extent of the outstanding indebtedness owing under any related Versatile LOC or Versatile Loan not owned by the Guarantor, the Guarantor will have to join such Originator or Versatile Purchaser in enforcement proceedings against the related Borrower.

Notice of the sale, transfer and assignment of the Loans and, where appropriate, the registration or recording in the appropriate land registry or land titles offices of the transfer of legal title to the Hypothecs will not be given or made, as the case may be, except in the circumstances described in "*Summary of the Principal Documents—Hypothecary Loan Sale Agreement—Notice to Borrower of the sale, assignment and transfer of the Loans and their Related Security and registration of transfer of title to the Hypothecs*".

Similarly, neither Borrowers nor obligors will be given notice of the interests of the Bond Trustee (for itself and on behalf of the other Secured Creditors) in the Loans and their Related Security, granted pursuant to the terms of the Security Agreements, nor will the interests of the Bond Trustee (for itself and on behalf of the other Secured Creditors) in the Hypothecs be registered in the appropriate land registry or land titles offices, prior to notice of the Guarantor's interests in the Loans and their Related Security, and/or registration of the transfer of title to the Hypothecs, having been given or made, as the case may be.

As long as the interests of the Guarantor in the Loans and their Related Security are not registered at the appropriate land registry or land titles offices and notice has not been given to Borrowers, the following risks exist:

- *first*, if any Originator wrongly sells a Loan and its Related Security which has already been sold to the Seller and on-sold to the Guarantor, or the Seller wrongly sells a Loan and its Related Security which has already been sold to the Guarantor, in each case, to another person and that person acted in good faith and did not have notice of the interests of the Guarantor in the Loan and its Related Security, then such person might obtain good title to the Loan and its Related Security, free from the interests of the Guarantor. If this occurred then the Guarantor would not have good title to the affected Loan and its Related Security and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third party claims obtaining priority to the interests of the Guarantor would likely be limited to circumstances arising from a breach by such Originator or by the Seller of its contractual obligations or fraud, negligence or mistake on the part of such Originator, the Seller or the Guarantor or their respective personnel or agents;
- *second*, the rights of the Guarantor may be subject to the rights of the Borrowers against the Originators, such as rights of compensation or set-off, which occur in relation to transactions or deposits made between Borrowers and the Originators,

as applicable, and the rights of Borrowers to redeem their hypothecary or mortgage loans by repaying the Loans directly to the Originators, as applicable; and

- *third*, unless the Guarantor has given the relevant notices and effected the relevant registrations with respect to the sale, transfer and assignment of the Loans and their Related Security (which it is only entitled to do in certain limited circumstances), the Guarantor may not, itself, be able to enforce any Borrower's obligations under a Loan or its Related Security but would have to join the Seller and the relevant Originator as a party to any legal proceedings.

The foregoing risks apply equally to the Bond Trustee (for itself and on behalf of the other Secured Creditors). If any of the risks described in the first two bullet points above were to occur then the realizable value of the Covered Bond Portfolio or any part thereof and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee or the Bond Trustee (for itself and on behalf of the other Secured Creditors) to enforce its Security granted under the Security Agreements with respect to the Covered Bond Portfolio may be adversely affected.

While the exercise of compensation or set-off rights by Borrowers may adversely affect the realizable value of the Covered Bond Portfolio and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee or the Bond Trustee (for itself and on behalf of the other Secured Creditors) to realize on the Covered Bond Portfolio under the Security Agreements, the Canadian dollar deposits of Borrowers with the Caisses are currently insured up to C\$100,000, subject to certain exceptions, by the *Autorité des marchés financiers* (Québec) under the *Deposit Insurance Act* (Québec), resulting in deposit insurance similar in nature to that provided by the Canada Deposit Insurance Corporation.

Once notice has been given to the Borrowers and any other obligors of the sale, transfer and assignment of the Loans and their Related Security to the Guarantor and of the interest of the Bond Trustee in the Loans and their Related Security (for itself and on behalf of the other Secured Creditors), legal compensation or set-off rights which a Borrower may have against the Originator (such as, for example, compensation or set-off rights associated with Borrowers holding deposits with the relevant Originator), will crystallize and further rights of legal compensation or set-off would cease to accrue from that date and no new rights of legal compensation or set-off could be asserted following that notice. Compensation or set-off rights arising out of a transaction connected with the Loan will not be affected by that notice and will continue to exist.

Further, for so long as notice of the sale, transfer and assignment of the Loans and their Related Security has not been given to the Borrowers and any other obligors and title to the Hypothecs has not been registered in the appropriate land registry or land titles offices in the name of the Guarantor, the Originators will undertake for the benefit of the Seller, and the Seller will undertake for the benefit of the Guarantor and the Secured Creditors, that it will lend its name to, and take such other steps as may be reasonably required by the Seller, the Guarantor and/or the Bond Trustee, as applicable, in relation to, any legal proceedings in respect of the Loans and their Related Security.

Limitations on recourse to the Seller

The Guarantor and the Bond Trustee will not undertake any investigations, searches or other actions on any Loan or its Related Security and will rely instead on the Loan Representations and Warranties given in the Hypothecary Loan Sale Agreement by the Seller in respect of the Loans sold by it to the Guarantor.

If any Loan and its Related Security assigned by the Seller to the Guarantor does not materially comply with any of the Loan Representations and Warranties made by the Seller as at the Transfer Date of that Loan, then the Seller will be required to notify the Guarantor and the Bond Trustee as soon as reasonably practical after becoming aware of the fact and, upon receipt of a request to do the same from the Guarantor, remedy the breach within 30 calendar days of receipt by it of the request.

If the Seller fails to remedy the breach of a Representation and Warranty within 30 calendar days of such request, then the Seller will be required (but only prior to the occurrence of an Issuer Event of Default and after the service of a Loan Repurchase Notice) to repurchase on or before the next following Calculation Date (or such other date that may be agreed between the Guarantor and the Seller) the relevant Loan and its Related Security and any other Loans secured or intended to be secured by such Related Security that are included in the Covered Bond Portfolio, at the purchase price paid by the Guarantor for the relevant Loan(s) and its or their Related Security, as the case may be, plus expenses as at the relevant repurchase date, less any amounts received from the Borrower since the Transfer Date in respect of principal on such Loan and the Related Security.

There can be no assurance that the Seller, in the future, will have the financial resources to repurchase a Loan or Loans and its or their Related Security. There is no further recourse to the Seller in respect of a breach of a Loan Representation or Warranty.

Factors which are material for the purpose of assessing risks relating to the Covered Bonds

Issuer is the obligor of the Covered Bonds

The Issuer is the obligor of the Covered Bonds and will be responsible for payments of principal and interest on the Covered Bonds. The Covered Bonds will not be insured under the *Deposit Insurance Act* (Québec), the *Canada Deposit Insurance Corporation Act* or by any governmental agency and will not be guaranteed by the Federation or the Desjardins Group and will constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* with all deposit liabilities of the Issuer without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future (except as otherwise prescribed by law). The EMA (as discussed under the section entitled “Desjardins Group”) is not in any way a guarantee of the Covered Bonds, and investors in the Covered Bonds will not have any rights as third party beneficiaries or otherwise under the EMA and will have no right to receive any guarantee or other payments in respect of the Covered Bonds from the Federation or any other affiliate of Caisse centrale, other than, after a Covered Bond Guarantee Activation Event, the Guarantor.

The Guarantor has no obligation to pay the Guaranteed Amounts payable under the Covered Bond Guarantee until the occurrence of a Covered Bond Guarantee Activation Event. The occurrence of an Issuer Event of Default does not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay amounts when Due for Payment under the Covered Bond Guarantee would constitute a Guarantor Event of Default which would entitle the Bond Trustee to accelerate the obligations of the Issuer under the Covered Bonds (if the Covered Bonds have not already become due and payable) and the obligations of the Guarantor under the Covered Bond Guarantee and entitle the Bond Trustee to enforce the Security.

Caisse centrale is dependent on the Federation, its member Caisses and the other members of the Desjardins Group

A significant portion of Caisse centrale’s cash flow and income is derived from its lending and other relationships with the Federation and to a lesser degree the other members of the Desjardins Group. The Federation, in turn, depends on interest and other payments from the Caisses and the other members of the Desjardins Group for its income. Accordingly, conditions adversely affecting the Caisses and the other members of the Desjardins Group could impair the Federation’s ability to satisfy its obligations to Caisse centrale. A default by the Federation or such other persons in their obligations to Caisse centrale would materially impair its ability to make payments on the Covered Bonds.

Guarantor only obliged to pay Guaranteed Amounts when the same are Due for Payment

Subsequent to a failure by the Issuer to make a payment in respect of one or more Series of Covered Bonds, the Bond Trustee may, but is not obliged to, serve an Issuer Acceleration Notice on the Issuer and Notice to Pay on the Guarantor (which would constitute a Covered Bond Guarantee Activation Event) unless and until service of such Issuer Acceleration Notice is requested or directed, as applicable, by the Holders of at least 25 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding as if they were a single Series or an Extraordinary Resolution of all the Holders of the Covered Bonds in accordance with Condition 7.01. As a result, a certain percentage of the Holders of the Covered Bonds may be able to direct such action without obtaining the consent of the other Holders of the Covered Bonds.

The Guarantor will not be obliged to pay Holders of the Covered Bonds any amounts which may be payable in respect of the Covered Bonds until a Covered Bond Guarantee Activation Event has occurred. Following a Covered Bond Guarantee Activation Event, the Guarantor will be obliged to pay Guaranteed Amounts as and when the same are Due for Payment.

Payments by the Guarantor will be made subject to any applicable withholding or deduction and the Guarantor will not be obliged to pay any additional amounts as a consequence. Prior to service on the Guarantor of a Guarantor Acceleration Notice, the Guarantor will not be obliged to make any payments payable in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds. In addition, the Guarantor will not be obliged at any time to make any payments in respect of additional amounts which may become payable by the Issuer under Condition 8.

Subject to any grace period, if the Guarantor fails to make a payment when Due for Payment under the Covered Bond Guarantee or any other Guarantor Event of Default occurs, then the Bond Trustee may accelerate the obligations of the Guarantor under the Covered Bond Guarantee by service of a Guarantor Acceleration Notice, whereupon the Bond Trustee will have a claim under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount of each Covered Bond, together with accrued interest and all other amounts then due under the Covered Bonds (other than additional amounts payable under Condition 8). In such circumstances, the Guarantor will not be obliged to gross up in respect of any withholding or deduction which may be required in respect of any payment. Following service of a Guarantor Acceleration Notice, the Bond Trustee may enforce the security granted under the Security Agreements over the Covered Bond Portfolio. The proceeds of enforcement of the Security will be applied by the Bond Trustee in accordance with the Post-Enforcement Priority of Payments in the Security Agreements, and holders of the Covered Bonds will receive amounts from the Guarantor (if any) on an accelerated basis.

Excess Proceeds received by the Bond Trustee

Following the occurrence of an Issuer Event of Default and delivery of an Issuer Acceleration Notice the Bond Trustee may receive Excess Proceeds. The Excess Proceeds will be paid by the Bond Trustee, as soon as practicable after receipt thereof by the Bond Trustee, on behalf of the Holders of the Covered Bonds of the relevant Series, to the Guarantor for the account of the Guarantor and will be held by the Guarantor in the Guarantor Accounts. The Excess Proceeds will thereafter form part of the Security granted pursuant to the Security Agreements and will be used by the Guarantor in the same manner as all other moneys from time to time standing to the credit of the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds, Receipts and Coupons (subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Guarantor). However, the obligations of the Guarantor under the Covered Bond Guarantee are, following a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above.

Covered Bonds issued under the Programme

Covered Bonds issued under the Programme will either be fungible with an existing Series of Covered Bonds or have different terms from an existing Series of Covered Bonds (in which case they will constitute a new Series).

All Covered Bonds issued from time to time will rank *pari passu* with each other in all respects and will share in the Security granted by the Guarantor under the Security Agreements. If an Issuer Event of Default occurs in respect of a particular Series of Covered Bonds, the Covered Bonds of all Series outstanding will, provided a Covered Bond Guarantee Activation Event has occurred, accelerate at the same time against the Issuer and have the benefit of payments made by the Guarantor under the Covered Bond Guarantee. In order to ensure that any further issue of Covered Bonds under the Programme does not adversely affect Holders of the existing Covered Bonds:

- the Asset Coverage Test will be required to be met both before and after any further issue of Covered Bonds; and
- on or prior to the date of issue of any further Covered Bonds, the Issuer will be obliged to obtain Rating Agency Confirmation.

Change of law; Applicable laws

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on the applicable laws of Canada and the provinces thereof applicable to the Issuer, the Guarantor and the Covered Bonds, including insolvency, bankruptcy, financial services and income tax laws under Canadian provincial laws and federal laws applicable therein, in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to these laws, including the applicable laws, regulations and policies with respect to the issuance of Covered Bonds, the Covered Bonds themselves or the bankruptcy, insolvency, winding-up and receivership of the Issuer or the Guarantor after the date of this Base Prospectus, nor can any assurance be given as to whether any such change could adversely affect the ability of the Issuer to meet its obligations in respect of the Covered Bonds or the Guarantor to meet its obligations under the Covered Bond Guarantee.

The Issuer is a financial services cooperative, which is part of the Desjardins Group, and governed by *An Act respecting the Mouvement Desjardins* (Québec) and by the Caisses Act. The Autorité des marchés financiers (Québec) is the governmental regulatory agency responsible for the annual inspection and supervision of Desjardins Group and the Issuer's financial disclosure controls and procedures. The Guarantor is a limited partnership established under the laws of the Province of Ontario. As a result, the laws of Ontario and Québec, and the federal laws of Canada applicable therein, have application to the Programme in certain respects.

The Covered Bonds and most Transaction Documents will be governed by, and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, except that the Origination Hypothecary Loan Sale Agreements may be governed by, and construed in accordance with the laws of the Province of Ontario or the laws of the Province of Québec and, in each case, the federal laws of Canada applicable therein, and the Subservicing Agreement and certain Security Agreements will be governed by the laws of the Province of Québec and the federal laws of Canada applicable therein. See "*Summary of the Principal Documents*".

Notwithstanding the stated governing law of a contract, the courts of a jurisdiction may conclude that a specific contract or document may be subject to or governed by the laws of a jurisdiction other than the stated governing law, which may result in consequences inconsistent with the application of the stated governing law in the applicable contract or document and may result in a conclusion adverse to the interests of the Guarantor or the Covered Bondholders.

Ontario courts have non-exclusive jurisdiction in the event of litigation in respect of the contractual documentation and the Covered Bonds governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, and, subject to certain exceptions, can enforce foreign judgements in respect of agreements governed by foreign laws.

Bond Trustee's powers may affect the interests of the Holders of the Covered Bonds

In the exercise of its powers, trusts, authorities and discretions, the Bond Trustee will only have regard to the interests of the Holders of the Covered Bonds. In the exercise of its powers, trusts, authorities and discretions, the Bond Trustee may not act on behalf of the Issuer.

If, in connection with the exercise of its powers, trusts, authorities or discretions, the Bond Trustee is of the opinion that the interests of the Holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Bond Trustee will not exercise such power, trust, authority or discretion without the approval by Extraordinary Resolution of such holders of the relevant Series of Covered Bonds then outstanding or by a direction in writing of such Holders of the Covered Bonds representing at least 25 per cent of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

Extendable obligations under the Covered Bond Guarantee

Following the failure by the Issuer to pay the Final Redemption Amount of a Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and if following service of a Notice to Pay on the Guarantor (by no later than the date which falls one Business Day prior to the Extension Determination Date), the Guarantor has insufficient moneys available in accordance with the Guarantee Priority of Payments for the payment in full of the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series of the Covered Bonds, then the payment of such Guaranteed Amounts may be automatically deferred for payment until the applicable Extended Due for Payment Date (where the relevant Series of Covered Bonds are subject to an Extended Due for Payment Date) as described in Condition 6.01 and interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at a Rate of Interest determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds). To the extent that a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of such Covered Bonds, the Guarantor will make such partial payment on any Interest Payment Date up to and including the relevant Extended Due for Payment Date in accordance with the Priorities of Payment and as described in Condition 6.01 and the Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date. The Issuer is not required to notify Covered Bondholders of such deferral. This will occur (subject to no Guarantor Event of Default having occurred) if the Final Terms for a relevant Series of Covered Bonds provides that such Covered Bonds are subject to an Extended Due for Payment Date.

The Extended Due for Payment Date will fall up to one year after the Final Maturity Date (as specified in the applicable Final Terms) and the Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date. In these circumstances, except where the Guarantor has failed to apply money in accordance with the Priorities of Payment, failure by the Guarantor to meet its obligations in respect of the Final Redemption Amount on the Final Maturity Date (or such later date within any applicable grace period) will not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay Guaranteed Amounts corresponding to the Final Redemption Amount or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay Guaranteed Amounts constituting Scheduled Interest on any Original Due for Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be a Guarantor Event of Default.

Modification and Waivers; The Bond Trustee may agree to modifications to the Transaction Documents without, respectively, the Covered Bondholders' or Secured Creditors' prior consent; Rating Agency Confirmations

The Conditions of the Covered Bonds contain provisions for calling meetings of Holders of Covered Bonds to consider matters affecting their interest generally. These provisions permit defined majorities to bind all Holders of Covered Bonds including Holders of Covered Bonds who do not attend and vote at the relevant meeting and Holders of Covered Bonds who voted in a manner contrary to the majority.

Pursuant to the terms of the Trust Deed, the Bond Trustee may also, without the consent or sanction of any of the Holders of the Covered Bonds or any of the other Secured Creditors, concur with any person in making or sanctioning any modification to the Transaction Documents:

- provided that the Bond Trustee is of the opinion that such modification will not be materially prejudicial to the interest of any of the Holders of the Covered Bonds of any Series; or

- which in the opinion of the Bond Trustee are made to correct a manifest error or are of a formal, minor or technical nature or are made to comply with mandatory provisions of law.

Pursuant to the terms of the Trust Deed, the Bond Trustee may, without the consent or sanction of any of the Holders of the Covered Bonds or any of the other Secured Creditors grant any authorization or waiver of (on such terms and conditions (if any) as shall seem expedient to it) any proposed or actual breach of any of the covenants contained in the Trust Deed, the Security Agreements or any of the other Transaction Documents, provided that the Bond Trustee is of the opinion that such waiver or authorization will not be materially prejudicial to the interest of any of the Holders of the Covered Bonds of any Series.

Pursuant to the terms of the Transaction Documents certain conditions, actions and steps under or with respect to the Transaction Documents require Rating Agency Confirmation. Certain Rating Agencies have issued policies or commented that such Rating Agencies do not provide consent to or approval of changes or amendments to the transaction documents or structure and that such Rating Agencies are not bound by the provisions of transaction documents in programmes for which they provide ratings. As a result of such policies and comments, a formal written or published response from the Rating Agencies with respect to the granting of Rating Agency Confirmation or confirming that such Rating Agencies do not consider such confirmation or response necessary in the circumstances (which would also satisfy such requirement) may not be forthcoming despite such condition, action or step being in the best interest of Covered Bondholders. In these circumstances, the Issuer may in the future be restricted from taking such conditions, actions or steps in a timely manner.

Potential Conflict of Interest in Connection with the Programme

The Issuer has a number of roles pursuant to the Programme including, but not limited to, the roles of Issuer, Seller, Servicer, Cash Manager and initial counterparty under the Swap Agreements. In respect of the Programme, the Issuer will act in its own interest subject to compliance with the Transaction Documents. Such actions by the Issuer may not be in the best interests of and may adversely affect the holders of the Covered Bonds, including by negatively impacting the ability for the Issuer to pay to the holders of the Covered Bonds any principal and/or interest due on the Covered Bonds. Subject to compliance with the Transaction Documents, the Issuer may act in its own interest without incurring any liability to the holders of any Series or Tranche of Covered Bonds.

Certain decisions of Holders of the Covered Bonds taken at the Programme level

Any Extraordinary Resolution to direct the Bond Trustee to serve an Issuer Acceleration Notice following an Issuer Event of Default, to direct the Bond Trustee to serve a Guarantor Acceleration Notice following a Guarantor Event of Default and any direction to the Bond Trustee to take any enforcement action must be passed at a single meeting of the Holders of all Covered Bonds of all Series then outstanding.

Covered Bonds where denominations involve integral multiples: definitive Covered Bonds

In relation to any issue of Covered Bonds which has denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Covered Bonds may be traded in the clearing systems in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Covered Bond in respect of such holding (should definitive Covered Bonds be provided) and would need to purchase or sell a principal amount of Covered Bonds such that its holding amounts to a Specified Denomination before definitive Covered Bonds are issued to such Holder.

If definitive Covered Bonds are issued, Holders should be aware that definitive Covered Bonds which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Ratings of the Covered Bonds

The ratings assigned to the Covered Bonds address with respect to Fitch, an indication of the probability of default and of recovery given a default of the Covered Bonds.

With respect to Moody's, the ratings assigned to the Covered Bonds address the expected loss posed to investors.

The expected ratings of the Covered Bonds are set out in the relevant Final Terms for each Series of Covered Bonds. Any Rating Agency may lower its rating or withdraw its rating or place the rating on negative watch if, in the sole judgment of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn or placed on negative watch, the market value of the Covered Bonds may be reduced. The rating assigned to the Covered Bonds may not reflect the potential of all risks related to structure, market, additional and other factors discussed herein and other factors that may affect the value of the Covered Bonds. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time.

Rating Agency Confirmation in respect of Covered Bonds

The terms of certain of the Transaction Documents provide that, in certain circumstances, the Issuer and/or the Guarantor must, and the Bond Trustee may, obtain confirmation from each Rating Agency that any particular action proposed to be taken by the Issuer, the Guarantor, the Seller, the Servicer, the Cash Manager, the Bond Trustee or any other party to a Transaction Document will not result in a reduction or withdrawal of the rating of the Covered Bonds in effect immediately before the taking of such action. However, holders of the Covered Bonds should be aware that if a confirmation or some other response by a Rating Agency is a condition to any action or step or is otherwise required under any Transaction Document and a written request for Rating Agency Confirmation is delivered to that Rating Agency by any of the Issuer and/or the Guarantor and/or the Bond Trustee, as applicable, and either (i) the Rating Agency indicates that it does not consider such confirmation or response necessary in the circumstances or (ii) within 10 Business Days of actual receipt of such request by the Rating Agency, such request elicits no confirmation or response and/or such request elicits no statement by the Rating Agency that such confirmation or response could not be given, the Issuer, the Guarantor and/or the Bond Trustee, as applicable, will be entitled to disregard the requirement for a Rating Agency Confirmation, affirmation of rating or other response by the Rating Agency and proceed on the basis that such confirmation or affirmation of rating or other response by the Rating Agency is not required in the particular circumstances of the request. In such circumstances, there can be no assurance that a Rating Agency would not downgrade or place on watch the then current rating of the Covered Bonds or cause such rating to be withdrawn or suspended.

The failure by a Rating Agency to respond to a written request for a confirmation or affirmation shall not be interpreted to mean that such Rating Agency has given any deemed Rating Agency Confirmation or affirmation of rating or other response in respect of such action or step. No Rating Agency is a party to any of the Transaction Documents and no Rating Agency will at any time be under an obligation to give a Rating Agency Confirmation.

By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that a credit rating of a Series of Covered Bonds by the Rating Agencies is an assessment of credit risk and does not address other matters that may be of relevance to holders of Covered Bonds, including, without limitation, in the case of a Rating Agency Confirmation in respect of an action proposed to be taken, whether such action is either (i) permitted by the terms of the relevant Transaction Document or (ii) in the best interests of, or not prejudicial to, some or all of the holders of Covered Bonds.

By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that: (a) a Rating Agency Confirmation may or may not be given at the sole discretion of each Rating Agency; (b) depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a Rating Agency Confirmation in the time available, or at all, and the Rating Agency shall not be responsible for the consequences thereof; (c) a Rating Agency Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time, and in the context of cumulative changes to the transaction of which the Covered Bonds forms a part; and (d) a Rating Agency Confirmation represents only a restatement of the opinions given, and shall not be construed as advice for the benefit of any holder of Covered Bonds or any other party.

Risks related to the structure of a particular issue of Covered Bonds

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors, the most common of which are set out below:

Covered Bonds subject to optional redemption by the Issuer

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Covered Bonds, if the Issuer has a right of redemption in respect of the relevant Series of Covered Bonds, when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Covered Bonds

Fixed/Floating Rate Covered Bonds may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Covered Bonds may be less favourable than then prevailing spreads on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition,

the new floating rate at any time may be lower than the rates on the other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Covered Bonds.

Fixed Rate Covered Bonds

Investment in Fixed Rate Covered Bonds involves the risk that if market interest rates subsequently increase above the rate paid on the relevant Fixed Rate Covered Bonds, this will adversely affect the value of the Fixed Rate Covered Bonds.

Investors will not be able to calculate in advance their rate of return on Floating Rate Covered Bonds

A key difference between Floating Rate Covered Bonds and Fixed Rate Covered Bonds is that interest income on Floating Rate Covered Bonds cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Covered Bonds at the time they purchase them, so that their return on investment cannot be compared with that of investments having a fixed interest rate. If the terms and conditions of the Covered Bonds provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates at the prevailing time of any such interest payment. In addition, the Issuer's ability to issue Fixed Rate Covered Bonds may affect the market value and secondary market (if any) of the Floating Rate Covered Bonds (and vice versa).

Covered Bonds issued at a substantial discount or premium

The issue price of Covered Bonds specified in the applicable Final Terms may be more than the market value of such Covered Bonds as of the issue date, and the price, if any at which a Dealer or any other person willing to purchase the Covered Bonds in secondary market transactions may be lower than the issue price. In particular, the issue price may take into account amounts with respect to commissions relating to the hedging of the Issuer's obligations under such Covered Bonds, and secondary market prices are likely to exclude such amounts. In addition, pricing models of market participants may differ or produce a different result.

The market values of Covered Bonds issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Covered Bonds. Generally, the longer the remaining term of the Covered Bonds, the greater the price volatility as compared to conventional interest-bearing Covered Bonds with comparable maturities.

Criminal Rates of Interest

The *Criminal Code* (Canada) prohibits the receipt of "interest" (as such term is broadly defined therein) at a "criminal rate" (namely, an effective annual rate of interest that exceeds 60 per cent). Accordingly, the provisions for the payment of interest or a redemption amount in excess of the aggregate principal amount of the Covered Bonds may not be enforceable if the provision provides for the payment of "interest" in excess of an effective annual rate of interest of 60 per cent.

Covered Bonds in NGCB form and Covered Bonds in registered form held under the NSS

Covered Bonds in NGCB form and Covered Bonds in registered form held under the NSS to allow for the possibility of Covered Bonds being issued and held in a manner which will permit them to be recognized as eligible collateral for monetary policy of the central banking system for the euro (the "**Eurosystem**") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Covered Bonds meet such Eurosystem eligibility criteria and be aware that such eligibility criteria is updated and/or supplemented from time to time.

Inverse Floating Rate Covered Bonds

Inverse Floating Rate Covered Bonds have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Covered Bonds typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Covered Bonds are more volatile because an increase in the reference rate not only decreases the interest rate of the Covered Bonds, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Covered Bonds.

Additional risks

Ongoing investigations concerning LIBOR could adversely affect an investment in the Covered Bonds

The Covered Bonds may accrue interest at a floating rate based on LIBOR. Regulators and law-enforcement agencies from a number of governments, including entities in the United States, Japan, Canada and the United Kingdom, are conducting civil and criminal

investigations into whether the banks that contribute to the British Bankers' Association (the "BBA") in connection with the calculation of LIBOR may have been under-reporting or otherwise manipulating or attempting to manipulate LIBOR. Actions by the BBA, regulators or law-enforcement agencies may affect LIBOR (and/or the determination thereof) in unknown ways, including, among other ways, by changing the methodology of setting LIBOR. Any of such actions or other effects from such investigations could adversely affect the liquidity and value of Covered Bonds accruing interest at a floating rate based on LIBOR. For example, any uncertainty in the value of LIBOR or the development of a market view that LIBOR has been or is being manipulated by BBA member banks may adversely affect the liquidity of such Covered Bonds in the secondary market and their market value.

Factors which are material for the purposes of assessing the risks relating to the Issuer's and the Guarantor's legal and regulatory situation

Bankruptcy or insolvency risk

The sales of the Loans and their Related Security from the Originators to the Seller and the subsequent sale from the Seller to the Guarantor are intended by the Originators, the Seller and the Guarantor to be and will be documented as sales for legal purposes. As the subject of a legal sale, the Loans and the Related Security would not form part of the assets of the Issuer and would not be available to the creditors of the Issuer. However, if the Seller or the Guarantor or any Originator were to become subject to insolvency, winding-up and/or restructuring proceedings, stakeholders of the Seller or the relevant Originator could attempt to challenge the transactions, including to re-characterize the sale of the Loans and their Related Security as a loan from the Seller to such Originator or from the Guarantor to the Seller, as the case may be, or to consolidate the assets of the relevant Originator with the assets of the Seller or the assets of the Seller with the assets of the Guarantor. In this regard, the Transaction Documents contain restrictions on the Originators, the Seller and the Guarantor intended to reduce the possibility that a Canadian court would order consolidation of the assets and liabilities of the Originators, Seller and the Guarantor given, among other things, current jurisprudence on the matter. Further, the Covered Bond Legislative Framework contains provisions that will limit the application of the laws of Canada and the provinces and territories relating to bankruptcy, insolvency and fraudulent conveyance to the assignments of the Loans and their Related Security from the Seller to the Guarantor. Nonetheless, any attempt to challenge the transaction or to consolidate the assets of the relevant Originator with the assets of the Seller or the assets of the Seller with the assets of the Guarantor, as the case may be, even if unsuccessful, could result in a delay or reduction of collections on the Loans and their Related Security available to the Guarantor to meet its obligations under the Covered Bond Guarantee, which could prevent timely or ultimate payment of amounts due to the Guarantor, and consequently, the holders of the Covered Bonds.

The interests of the Guarantor may be subordinate to statutory deemed trusts and other non-consensual liens, trusts and claims created or imposed by statute or rule of law on the property of the Seller arising prior to the time that the Loans and their Related Security are transferred to the Guarantor, which may reduce the amounts that may be available to the Guarantor and, consequently, the holders of the Covered Bonds. The Guarantor will not, at the time of sale, give notice to Borrowers of the transfer to the Guarantor of the Loans and their Related Security or the grant of a security interest therein to the Bond Trustee. However, under the Hypothecary Loan Sale Agreement, the Seller will warrant that the Loans and their Related Security have been or will be transferred to the Guarantor free and clear of the security interest or lien of any third party claiming an interest therein, through or under the Seller, other than certain permitted security interests. The Guarantor will warrant and covenant that it has not taken and will not take any action to encumber or create any security interests or other liens in any of the property of the Guarantor, except for the security interest granted to the Bond Trustee and except as permitted under the Transaction Documents.

Amounts that are on deposit from time to time in the Guarantor Accounts may be invested in certain permitted investments pursuant to the Transaction Documents. In the event of the liquidation, insolvency, receivership or administration of any entity with which an investment of the Guarantor is made (such as pursuant to the Guaranteed Investment Contract or the Standby Guaranteed Investment Contract) or which is an issuer, obligor or guarantor of any investment, the ability of the Guarantor to enforce its rights to any such investments and the ability of the Guarantor to make payments to holders of the Covered Bonds in a timely manner may be adversely affected and may result in a loss on some or all of the Covered Bonds. In order to reduce this risk, these investments must satisfy certain criteria, including those provided for in the Covered Bond Legislative Framework.

Payments of interest and principal on the Covered Bonds are subordinate to certain payments (including payments for services provided to the Guarantor), taxes and the reimbursement of all costs, charges and expenses of and incidental to the enforcement of the Trust Deed and the other Transaction Documents to which the Bond Trustee is a party, including the appointment of a receiver in respect of the Loans and their Related Security (including legal fees and disbursements) and the exercise by the receiver or the Bond Trustee of all or any of the powers granted to them under the Trust Deed and the other Transaction Documents to which the Bond Trustee is a party, and the reasonable remuneration of such receiver or any agent or employee of such receiver or any agent of the Bond Trustee and all reasonable costs, charges and expenses properly incurred by such receiver or the Bond Trustee in exercising their power. These amounts could increase, especially in adverse circumstances such as the occurrence of a Guarantor Event of Default, the insolvency of the Issuer or the Guarantor or a Servicer Termination Event. If such expenses or the costs of a receiver or the Bond Trustee become too great, payments of interest on and principal of the Covered Bonds may be reduced or delayed.

The ability of the Bond Trustee (for itself and on behalf of the other Secured Creditors) to enforce the security granted to it pursuant to the terms of the Security Agreements is subject to the bankruptcy and insolvency laws of Canada. The *Bankruptcy and Insolvency*

Act (Canada) (“BIA”) and the *Companies’ Creditors Arrangement Act* (Canada) (“CCAA”) both provide regimes pursuant to which debtor companies are entitled to seek temporary relief from their creditors. Canadian jurisprudence makes it clear that both the BIA and the CCAA apply to limited partnerships. Further, it is a possibility that the Autorité des marchés financiers (Québec) would take the view that it could appoint a receiver over the Guarantor.

If the Guarantor or the Issuer voluntarily or involuntarily becomes subject to insolvency or winding-up proceedings including pursuant to the BIA, the CCAA or the *Winding-up and Restructuring Act* (Canada), notwithstanding the protective provisions of the Covered Bond Legislative Framework, it may delay or otherwise impair the exercise of rights or any realization by the Bond Trustee (for itself and on behalf of the other Secured Creditors) under the Covered Bond Guarantee and/or the Security Agreements. In the event of a Servicer Termination Event as a result of the insolvency of the Issuer, the right of the Guarantor to appoint a successor Servicer may be stayed or prevented. (See also “*Factors that may affect the realizable value of the Covered Bond Portfolio or any part thereof or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee*”).

CMHC has the right under the Covered Bond Legislative Framework and the CMHC Guide to suspend a registered issuer from issuing further covered bonds under a registered program if the issuer has breached certain requirements of its registered program or the CMHC Guide. A suspended issuer is not permitted to issue any covered bonds during a period of suspension.

Remedial Powers of the Autorité des marchés financiers (Québec) under the Caisses Act

The Autorité des marchés financiers (Québec) issued a notice dated April 2, 2010 relating to the issuance of covered bonds by financial services cooperatives and the expectations of the Autorité des marchés financiers (Québec) in that respect. An updated notice was issued by the Autorité des marchés financiers (Québec) on March 20, 2014 to reflect the Covered Bond Legislative Framework and the respective authority of CMHC and the Autorité des marchés financiers (Québec) as it relates to the issuance of covered bonds by financial institutions regulated by the Autorité des marchés financiers (Québec). The Autorité des marchés financiers (Québec), under Section 567 of the *Caisses Act*, has the power, where in the opinion of the Autorité des marchés financiers (Québec) a financial services cooperative is not adhering to sound and prudent management practices or is not complying with the *Caisses Act*, a compliance program or an undertaking under the *Caisses Act*, to order the cooperative to cease a course of action or to implement specified measures as are necessary to remedy the situation.

Basel Capital Requirements Directive

In order to promote a more resilient banking sector and strengthen global capital standards, tighter global rules for regulatory capital were introduced by the Basel Committee on Banking Supervision through Basel III and implemented domestically. The most significant aspects of the reforms are measures to improve the quality of capital and increase capital requirements for the global financial system. The Issuer cannot predict the precise effects of the potential changes that might result from implementation of the Basel III framework on both its own financial performance or the impact on the pricing of the Covered Bonds issued under this Programme. Prospective investors should consult their own advisers as to the potential consequences for them and for the Issuer of the potential application of the Basel III framework.

The implementation of Basel III will strengthen international minimum liquidity requirements through the introduction of a liquidity coverage ratio (LCR) and a net stable funding ratio (NSFR). The Autorité des marchés financiers (Québec) recently issued guidance for application of the LCR effective 2015. The rules for applying NSFR requirements are expected to come into effect in 2018. Under its liquidity risk management policy, Desjardins Group already produces these two ratios and, during the interim observation period, presents them to the Autorité des marchés financiers (Québec) on a regular basis. Desjardins Group intends to comply with the new standards once they become effective.

In addition to regulatory ratios, a Desjardins-wide stress testing program has been set up. This program incorporates the concepts put forward by the Basel Committee on Banking Supervision in “Basel III: International Framework for Liquidity Risk Measurement, Standards and Monitoring”. These scenarios make it possible to measure the extent of potential cash outflows in a crisis situation, to implement liquidity ratios and levels to be maintained across Desjardins Group and to assess the potential marginal cost of such events, depending on the type, severity and level of the crisis.

General

No assurance can be given that additional regulations or guidance from CMHC, Canadian Deposit Insurance Corporation, the Autorité des marchés financiers or any other regulatory authority will not arise with regard to the mortgage market in Canada generally, the Seller’s or Guarantor’s particular sector in that market or specifically in relation to the Seller or the Guarantor. Any such action or developments may have a material adverse effect on the Seller, and/or the Guarantor and their respective businesses and operations. This may adversely affect the ability of the Guarantor to dispose of the Covered Bond Portfolio or any part thereof in a timely manner and/or the realizable value of the Covered Bond Portfolio or any part thereof and accordingly affect the ability of the Issuer and (following the occurrence of a Covered Bond Guarantee Activation Event) the Guarantor, respectively, to meet their obligations under the Covered Bonds in the case of the Issuer and the Covered Bond Guarantee in the case of the Guarantor.

Other factors which are material for the purposes of assessing the risks involved in an investment in the Covered Bonds

Risks related to the market generally

Set out below is a description of the principal market risks, including liquidity risk, interest rate risk and credit risk:

The secondary market generally

Covered Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Covered Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed liquid secondary market. This is particularly the case for Covered Bonds that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Covered Bonds generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Covered Bonds.

There is not, at present, an active and liquid secondary market for the Covered Bonds, and there can be no assurance that a secondary market for the Covered Bonds will develop. The Covered Bonds have not been, and will not be, registered under the Securities Act or any other securities laws applicable in the United States and are subject to certain restrictions on the resale and other transfer thereof as set forth under “Subscription and Sale and Transfer and Selling Restrictions”. If a secondary market does develop, it may not continue for the life of the Covered Bonds or it may not provide holders of the Covered Bonds with liquidity of investment with the result that a holder of the Covered Bonds may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the holder of the Covered Bonds to realize a desired yield.

There can be no expectation or assurance that the Issuer or any of its affiliates will create or maintain a market in the Covered Bonds.

CMHC has the right under the Covered Bond Legislative Framework and the CMHC Guide to suspend a registered issuer from issuing further covered bonds under a registered program if the issuer has breached certain requirements of its registered program or the CMHC Guide. If the Issuer is suspended by CMHC, it will not be entitled to issue further covered bonds for so long as it remains suspended. This could have an impact on the liquidity of the Covered Bonds issued prior to such suspension.

Exchange rate risks and exchange controls

Caisse centrale will pay principal and interest on the Covered Bonds in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit other than the Specified Currency (the “investor’s currency”). These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the investor’s currency) and the risk that authorities with jurisdiction over the investor’s currency may impose or modify exchange controls. An appreciation in the value of the investor’s currency relative to the Specified Currency would decrease (1) the investor’s currency-equivalent yield on the Covered Bonds, (2) the investor’s currency-equivalent value of the principal payable on the Covered Bonds and (3) the investor’s currency-equivalent market value of the Covered Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. Governments may use a variety of techniques, such as intervention by a country’s central bank, the imposition of regulatory controls or taxes or changes in interest rates to influence the exchange rates of their currencies. Governments may also alter the exchange rate or relative exchange characteristics by a devaluation or revaluation of a currency. There can be no assurance that exchange controls will not restrict or prohibit payments of principal, any premium, or interest denominated in any such Specified Currency. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In addition, if the Covered Bonds are payable in a currency (the “original currency”) other than United States dollars and the original currency is unavailable on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond its control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in United States dollars on the basis of the spot exchange rate determined at such time by the Issuer (the “USD FX Rate”). The USD FX Rate applied in such circumstances could result in a reduced payment to the Covered Bondholders and such payment amount may be zero.

Credit ratings might not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Covered Bonds. The ratings might not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value

of the Covered Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency being included in such list as there may be delays between certain supervisory measures being taken against a relevant rating agency and publication of an updated ESMA list. Where Covered Bonds are specified as rated, the names of the credit rating agencies and ratings is set out on the cover of this Base Prospectus. Certain information with respect to the credit rating agencies assigning ratings to Tranches and ratings so assigned will be disclosed in the Final Terms.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Tax Directive**”), each Member State is required to provide to the tax authorities of another Member State details of payments of interest (and other similar income) paid by a person within its jurisdiction to an individual resident or to certain other persons established in that other Member State. On 24 March 2014, the Council of the European Union adopted Council Directive 2014/48/EU which amended and broadened the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Savings Tax Directive, in particular to include additional types of income payable on securities. The Directive will also apply a “look through approach” to payments made via certain persons, entities or legal arrangements (including trusts and partnerships), with the result that, where certain conditions are satisfied, an individual resident in a Member State could be regarded as the beneficial owner of the payment for the purposes of the Savings Tax Directive. This approach may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. During the transitional period Austria is instead required (unless during such period it elects otherwise) to operate a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld). Luxembourg, having previously used a withholding system, moved to an automatic information exchange with effect from 1 January 2015. A number of non-EU countries (including Switzerland) and certain dependent or associated territories of certain Member States have adopted similar measures (in the case of Switzerland, a withholding system has been adopted).

If a payment were to be made or collected through a Member State (or through any non-EU country or certain dependent or associated territories of certain Member States which have adopted similar measures) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer, nor any Paying Agent, nor any other person would be obliged to pay additional amounts with respect to any Covered Bond as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing the Savings Tax Directive or any other directive implementing the conclusions of the ECOFIN council meeting of 26-27 November 2000.

If a payment to an individual were to be made or collected through a Member State (or any non-EU country or territory which has adopted similar measures in order to conform to the Savings Tax Directive) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Covered Bonds as a result of the imposition of such withholding tax. The Issuer will be required to maintain a Paying Agent in a Member State (if any) that is not obliged to withhold or deduct tax pursuant to the Savings Tax Directive. Covered Bondholders who are in doubt as to their position should consult their professional advisers.

Foreign Account Tax Compliance

The Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act, sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (“**FATCA**”), impose a new reporting regime and, potentially, a 30% withholding tax with respect to (i) certain payments from sources within the United States, (ii) “foreign passthru payments” (a term not yet defined by legislation or regulation) made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. Whilst the Covered Bonds are held within DTC, Euroclear and/or Clearstream, Luxembourg or similar clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payments to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its

broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Covered Bonds are discharged once it has paid the clearing systems, and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries. If a holder does not provide the necessary information and is subject to withholding there will be no "gross up" (or any other additional amounts) payable by way of compensation to the holder for the deducted amount. See "Terms and Conditions of the Covered Bonds—Condition 8.01(d)" which provides that amounts subject to withholding under FATCA will not give rise to additional amounts. See "Taxation—United States Federal Income Taxation—U.S. Tax Treatment of Non-U.S. Holders of Covered Bonds—FATCA Withholding" for a further discussion of FATCA, including a discussion of the timing of any withholding under FATCA.

No obligation to maintain listing

The Issuer is not under any obligation to Covered Bondholders to maintain any listing of Covered Bonds and may, in good faith and in its sole discretion, determine that it is unduly onerous to maintain such listing and seek to terminate the listing of such Covered Bonds provided it uses all reasonable efforts to seek an alternative admission to listing, trading and/or quotation of such Covered Bonds by another listing authority, securities exchange and/or quotation system that it deems appropriate (including a market which is not a regulated market for the purposes of the Markets in Financial Instruments Directive or a market outside of the EEA) as agreed between the Issuer and the relevant Dealer(s). Although there is no assurance as to the liquidity of any Covered Bonds as a result of the admission to trading on a regulated market for the purposes of the Markets in Financial Instruments Directive, delisting such Covered Bonds may have a material effect on the ability of investors to (a) continue to hold such Covered Bonds or (b) resell the Covered Bonds in the secondary market.

Market perceptions concerning the instability of the euro, the potential re-introduction of individual currencies within the Euro-zone, or the potential dissolution of the euro entirely, could adversely affect the value of the Covered Bonds

As a result of the credit crisis in Europe, in particular in Greece, Italy, Ireland, Portugal and Spain, the European Commission created the European Financial Stability Facility (the "EFSF") and the European Financial Stability Mechanism (the "EFSM") to provide funding to Euro-zone countries in financial difficulties that seek such support. In March 2011, the European Council agreed on the need for Euro-zone countries to establish a permanent stability mechanism, the European Stability Mechanism (the "ESM"), which will be activated by mutual agreement, to assume the role of the EFSF and the EFSM in providing external financial assistance to Euro-zone countries. As of July 1, 2013, the ESM is the sole and permanent mechanism for responding to new requirements for financial assistance by Euro-zone countries. Despite these measures, concerns persist regarding the debt burden of certain Euro-zone countries and their ability to meet future financial obligations, the overall stability of the euro and the suitability of the euro as a single currency given the diverse economic and political circumstances in individual Member States. These and other concerns could lead to the re-introduction of individual currencies in one or more Member States, or, in more extreme circumstances, the possible dissolution of the euro entirely. Should the euro dissolve entirely, the legal and contractual consequences for holders of euro-denominated obligations would be determined by laws in effect at such time. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the Covered Bonds.

Changes to Caisse centrale's credit ratings

There is no assurance that a rating will remain for any given period of time or that a rating will not be suspended, lowered or withdrawn by the relevant rating agency if, in its judgment, circumstances so warrant. In the event that a rating assigned to Caisse centrale or the Covered Bonds is subsequently suspended, lowered or withdrawn for any reason, other than as specified herein, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Covered Bonds. As a result, Caisse centrale, the market value of the Covered Bonds, and the ability of Caisse centrale to make payments under the Covered Bonds may all be adversely affected.

Interests of Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business without regard to the Issuer, the Bond Trustee, the Holders of the Covered Bonds or the Guarantor.

In this section the expression "necessary information" means, in relation to any Series or Tranche of Covered Bonds, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Covered Bonds. In relation to the different types of Covered Bonds which may be issued under the Programme the Issuer has endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Covered Bonds which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Covered Bonds.

Any information relating to the Covered Bonds which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Series or Tranche of Covered Bonds will be contained in the applicable Final Terms. For a Series or Tranche of Covered Bonds which is the subject of the Final Terms, those Final Terms will, for the purposes of such Series or Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus.

Together with this Base Prospectus and any supplement to the Base Prospectus, the Final Terms will be a single document containing the necessary information relating to the Issuer, the Guarantor and the relevant Covered Bonds.

copy of this Base Prospectus).

Redemption:

The applicable Final Terms relating to each Tranche of Covered Bonds will indicate either that the relevant Covered Bonds of such Tranche cannot be redeemed prior to their stated maturity (other than in the case of Instalment Covered Bonds or following an Issuer Event of Default or a Guarantor Event of Default or as indicated below) or that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the holders of the Covered Bonds, on a date or dates specified prior to such stated maturity and at a price or prices as set out in the applicable Final Terms.

Early redemption will be permitted for taxation reasons and illegality as mentioned in “*Terms and Conditions of the Covered Bonds—Early Redemption for Taxation Reasons*” and “*—Redemption due to Illegality*”.

Extendable obligations under the Covered Bond Guarantee:

The applicable Final Terms may also provide that (if a Notice to Pay has been served on the Guarantor) the Guarantor’s obligations under the Covered Bond Guarantee to pay the Guaranteed Amounts corresponding to the Final Redemption Amount of the applicable Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) may be deferred until the Extended Due for Payment Date. In such case, such deferral will occur automatically (i) if the Issuer fails to pay the Final Redemption Amount of the relevant Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and (ii) if the Guaranteed Amounts equal to the Final Redemption Amount in respect of such Series of Covered Bonds are not paid in full by the Guarantor by the Extension Determination Date (for example, because the Guarantor has insufficient moneys in accordance with the Priorities of Payment to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds after payment of higher ranking amounts and taking into account amounts ranking *pari passu* in the Priorities of Payment). To the extent a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Final Redemption Amount, such partial payment will be made by the Guarantor on any Interest Payment Date up to and including the relevant Extended Due for Payment Date as described in Condition 6.01. Interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at a Rate of Interest determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds). The Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date.

Hard Bullet Covered Bonds:

Hard Bullet Covered Bonds may be offered and will be subject to a Pre-Maturity Test. The intention of the Pre-Maturity Test is to test the liquidity of the Guarantor’s assets in respect of Hard Bullet Covered Bonds maturing within 12 months from the relevant Pre-Maturity Test Date when the Issuer’s credit ratings have fallen below the Pre-Maturity Required Ratings.

Taxation:

Payments in respect of the Covered Bonds, Receipts and Coupons will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada or any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof. In that event, the Issuer will (save as provided in Condition 8) pay such additional amounts as will result in the holders of Covered Bonds, Receipts or Coupons receiving such amounts as they would have received in respect of such Covered Bonds, Receipts or Coupons had no such withholding or deduction been required. Under the Covered Bond Guarantee, the Guarantor will not be liable to pay any such additional amounts as a consequence of any applicable tax withholding or deduction. For a more detailed description of withholding tax see “*Terms and Conditions of the Covered Bonds—Taxation*”.

Canadian Taxation:

See the discussion under the caption “*Taxation—Canada*”. The obligations of the Guarantor under the Covered Bond Guarantee will accelerate against the Guarantor upon the service of a Guarantor Acceleration Notice. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct obligations of the Guarantor secured against the assets of the Guarantor, including the Covered Bond Portfolio.</p> <p>Payments made by the Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the applicable Priorities of Payment.</p>

Subject to Rating Agency Confirmation, the Covered Bond Portfolio may also contain New Portfolio Asset Types. Covered Bond Portfolio static data and statistics relating to the Loans comprising the Covered Bond Portfolio from time to time will be disclosed in the Investor Reports. The Investor Reports will also disclose, among other things, the results of the Asset Coverage Test and the Valuation Calculation.</p> <p>The Loans will be serviced by the Issuer pursuant to the terms of the Servicing Agreement. Intercompany Loan:	Under the terms of the Intercompany Loan Agreement, prior to the issuance of the first Tranche of Covered Bonds, the Issuer made available to the Guarantor an interest-bearing Intercompany Loan, comprised of a Guarantee Loan and a revolving Demand Loan, in an initial combined aggregate amount equal to the Total Credit Commitment, subject to

increases and decreases as described below. The Intercompany Loan is denominated in Canadian dollars. The interest rate on the Intercompany Loan is a Canadian dollar floating rate, which rate shall not exceed, as applicable: (i) prior to an Interest Rate Swap Effective Date, the aggregate yield on the (x) Covered Bond Portfolio, (y) the cash deposit amounts of the Guarantor and (z) the principal balance of Substitute Assets; and (ii) on or following an Interest Rate Swap Effective Date, the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement, and in each case after taking into account the sum of a minimum spread and an amount for certain expenses of the Guarantor. The balance of the Guarantee Loan and Demand Loan will fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test. Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the relevant Swap Provider, in its capacity as (and provided it is) the lender under the Intercompany Loan Agreement, may deliver a Contingent Collateral Notice to the Guarantor under which it elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Issuer may increase the Total Credit Commitment to enable the Guarantor to purchase New Loans and their Related Security from the Seller. The balance of the Guarantee Loan and the Demand Loan from time to time will be disclosed in the Investor Report.

Guarantee Loan:

The Guarantee Loan is in an amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required in accordance with the Asset Coverage Test as overcollateralization for the Covered Bonds in excess of the amount of then outstanding Covered Bonds (see “*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*”).

Demand Loan:

The Demand Loan is a revolving credit facility, the outstanding balance of which will be equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. At any time prior to a Demand Loan Repayment Event (or following a Demand Loan Repayment Event if agreed to by the Issuer and subject to Rating Agency Confirmation), the Guarantor may borrow any withdrawn or committed amount, re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things, (i) such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment; and (ii) no Issuer Event of Default or Guarantor Event of Default has occurred and is continuing.

The Proceeds of the Intercompany Loan:

The Guarantor used the initial advance of proceeds from the Intercompany Loan to purchase the Initial Covered Bond Portfolio consisting of Loans and their Related Security from the Seller in accordance with the terms of the Hypothecary Loan Sale Agreement and, may use additional advances (i) to purchase New Loans and their Related Security pursuant to the terms of the Hypothecary Loan Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund (to an amount not exceeding the prescribed limit), and the Pre-Maturity Liquidity Ledger).

Capital Contribution:

Each of the Managing GP and the Liquidation GP have contributed a nominal cash amount to the Guarantor and respectively hold 99 per cent and 1 per cent of the 0.05 per cent general partner interest in the Guarantor. The Limited Partner holds the substantial economic interest in the Guarantor (approximately 99.95 per cent) having made a Cash Capital Contribution to the Guarantor. The Limited Partner may from time to time make additional Capital Contributions.

Consideration:

Under the terms of the Hypothecary Loan Sale Agreement, the Seller sold the Initial Covered Bond Portfolio and may, from time to time, sell New Loans and their Related Security to the Guarantor on a fully-serviced basis in exchange for cash consideration or a deemed cash

payment. The Limited Partner may also make Capital Contributions in exchange for an additional interest in the capital of the Guarantor.

Interest Rate Swap Agreement:	To provide a hedge against (i) possible variances in the rates of interest received on the Loans and related amounts in the Covered Bond Portfolio (which may, for instance, include variable rates of interest or fixed rates of interest) following the Interest Rate Swap Effective Date and (ii) the amount (if any) payable under the Intercompany Loan Agreement and, following the Covered Bond Swap Effective Date, the Covered Bond Swap Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. See “ <i>Summary of the Principal Documents—Interest Rate Swap Agreement</i> ”.
Covered Bond Swap Agreement:	To provide a hedge against currency and/or other risks arising, following the occurrence of a Covered Bond Swap Effective Date, in respect of amounts received by the Guarantor under the Interest Rate Swap Agreement and amounts payable in respect of its obligations under the Covered Bond Guarantee, the Guarantor has entered into or will enter into a Covered Bond Swap Agreement (which may include a new ISDA Master Agreement, schedule and confirmation(s) and credit support annex, if applicable, for each Tranche and/ or Series of Covered Bonds) with the Covered Bond Swap Provider in respect of each Series of Covered Bonds. See “ <i>Summary of the Principal Documents—Covered Bond Swap Agreement</i> ”.
Risk Factors	There are certain risks related to any issue of Covered Bonds under the Programme, which investors should ensure they fully understand. A non-exhaustive summary of such risks is set out under “ <i>Risk Factors</i> ”.

FORM OF THE COVERED BONDS

The Covered Bonds of each Series will be in either bearer form, with or without receipts, interest coupons and/or talons attached, or registered form, without receipts, interest coupons and/or talons attached. Bearer Covered Bonds will be offered and sold only outside the United States and in reliance on Regulation S under the Securities Act (“**Regulation S**”) and Registered Covered Bonds may be offered and sold both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States or to, or for the benefit of U.S. persons who are QIB’s, in reliance on Rule 144A, or to Institutional Accredited Investors, in reliance on Section 4(a)(2) of the Securities Act.

Bearer Covered Bonds

Each Tranche of Bearer Covered Bonds will be initially issued in the form of a temporary global covered bond without receipts or interest coupons attached (a “**Temporary Global Covered Bond**”) or, if so specified in the applicable Final Terms (the “**applicable Final Terms**”), a permanent global covered bond without receipts or interest coupons attached (a “**Permanent Global Covered Bond**”) and, together with the Temporary Global Covered Bonds, the “Bearer Global Covered Bonds” and each a “**Bearer Global Covered Bond**”) which, in either case, will:

- (a) if the Bearer Global Covered Bonds are intended to be issued in NGCB form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to one of the international central securities depositories as common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”); and
- (b) if the Bearer Global Covered Bonds are not intended to be issued in NGCB form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the “**Common Depositary**”) for Euroclear and Clearstream, Luxembourg.

While any Bearer Covered Bond is represented by a Temporary Global Covered Bond, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Covered Bonds due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Covered Bond if the Temporary Global Covered Bond is not intended to be issued in NGCB form) only to the extent that certification to the effect that the beneficial owners of interests in such Bearer Covered Bond are not U.S. persons for U.S. federal income tax purposes or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent.

On and after the date (the “**Exchange Date**”) which is 40 days after a Temporary Global Covered Bond is issued, interests in such Temporary Global Covered Bond will be exchangeable (free of charge) upon a request as described therein either for: (i) interests in a Permanent Global Covered Bond of the same Series; or (ii) Bearer Definitive Covered Bonds of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of Bearer Definitive Covered Bonds, to such notice period as is specified in the applicable Final Terms), in each case against certification of non-US beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Covered Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Covered Bond for an interest in a Permanent Global Covered Bond or for Bearer Definitive Covered Bonds is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Covered Bond will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Covered Bond if the Permanent Global Covered Bond is not intended to be issued in NGCB form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Covered Bond will be exchangeable (free of charge), in whole but not in part, for Bearer Definitive Covered Bonds with, where applicable, receipts, interest coupons and talons attached upon either: (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) to the Issuing and Paying Agent as described therein; or (ii) only upon the occurrence of an Exchange Event. For these purposes, “**Exchange Event**” means that: (i) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available; or (ii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bearer Covered Bonds represented by the Permanent Global Covered Bond in definitive form. The Issuer will promptly give notice to holders of the Covered Bonds of each Series of Bearer Global Covered Bonds in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) or the Bond Trustee may give notice to the Issuing and Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Issuing and Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Issuing and Paying Agent.

If the applicable Final Terms indicate that a Bearer Global Covered Bond is exchangeable for Bearer Definitive Covered Bonds at the option of a Holder, the Specified Denominations may not include integral multiples of a lesser amount in excess of a minimum Specified Denomination.

Where Covered Bonds are issued in a minimum Specified Denomination plus one or higher integral multiples of another smaller amount, a Holder may, as a result of trading in the clearing systems, hold an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time. In such case, the Holder may not receive a Bearer Definitive Covered Bond in respect of such holding and would need to purchase or sell a principal amount of Covered Bonds such that it's holding amounts to a Specified Denomination before Bearer Definitive Covered Bonds are issued to such Holder.

Bearer Global Covered Bonds and Bearer Definitive Covered Bonds, other than Temporary Global Covered Bonds, will be issued pursuant to the Agency Agreement.

The following legend will appear on all Bearer Covered Bonds which have an original maturity of more than one year and on all receipts and interest coupons relating to such Bearer Covered Bonds:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE”.

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Covered Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bearer Covered Bonds, receipts or interest coupons.

Covered Bonds which are represented by a Bearer Global Covered Bond will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Legended Covered Bonds

The Legended Covered Bonds of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global covered bond in registered form (a “**Regulation S Global Covered Bond**”). Prior to expiry of the Distribution Compliance Period (as defined in Regulation S) applicable to each Tranche of Covered Bonds, beneficial interests in a Regulation S Global Covered Bond may not be offered, sold or delivered, directly or indirectly, to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg, and such Regulation S Global Covered Bond will bear a legend regarding such restrictions on transfer.

The Legended Covered Bonds of each Tranche may only be offered and sold in the United States or to U.S. persons in transactions exempt from registration under the Securities Act: (i) to “qualified institutional buyers” within the meaning of Rule 144A under the Securities Act (“**QIBs**”); or (ii) to institutional “accredited investors” (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act) (“**Institutional Accredited Investors**”) who agree to purchase the Covered Bonds for their own account and not with a view to the distribution thereof.

The Legended Covered Bonds of each Tranche sold to QIBs will be represented by a global covered bond in registered form (a “**Rule 144A Global Covered Bond**” and, together with a Regulation S Global Covered Bond, the “**Registered Global Covered Bonds**”).

Registered Global Covered Bonds will either: (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC for the accounts of Euroclear and Clearstream, Luxembourg; or (ii) be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg; or (iii) in the case of Registered Global Covered Bonds held under the NSS, delivered to, and registered in the name of a nominee of, a Common Safekeeper for Euroclear and/or Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Covered Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Covered Bonds in fully registered form.

The Legended Covered Bonds of each Tranche sold to Institutional Accredited Investors will be in definitive form, registered in the name of the holder thereof (“**Definitive IAI Registered Covered Bonds**”). Definitive IAI Registered Covered Bond will be issued in the denominations specified in the applicable Final Terms in U.S. dollars (or the approximate equivalents in the applicable Specified Currency). The Rule 144A Global Covered Bonds and the Definitive IAI Registered Covered Bonds will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions described under “*Subscription and Sale and Transfer and Selling Restrictions*”.

Payments of principal, interest and any other amount in respect of the Registered Global Covered Bonds will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Registered Global Covered Bonds. None of the Issuer, the Guarantor, the Bond Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Legended Covered Bonds in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in that Condition. Interests in a Registered Global Covered Bond will be exchangeable (free of charge), in whole but not in part, for Registered Definitive Covered Bonds without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, “**Exchange Event**” means that: (i) in the case of Covered Bonds registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Covered Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act; (ii) in the case of Covered Bonds registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available; or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Covered Bonds represented by the Registered Global Covered Bond in definitive form. The Issuer will promptly give notice to holders of the Covered Bonds of each Series of Registered Global Covered Bonds in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any registered holder of an interest in such Registered Global Covered Bond) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Definitive Rule 144A Covered Bonds, Definitive IAI Registered Covered Bonds and Definitive N Registered Covered Bonds will be issued in the minimum denominations specified in the applicable Final Terms in U.S. dollars (or the approximate equivalents in the applicable Specified Currency).

Definitive N Covered Bonds will be issued to each holder by a Definitive N Covered Bonds Deed.

Transfer of Interests

Interests in a Registered Global Covered Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Covered Bond or in the form of a Definitive IAI Registered Covered Bond, and Definitive IAI Registered Covered Bonds may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Covered Bonds in the form of an interest in a Registered Global Covered Bond. No beneficial owner of an interest in a Registered Global Covered Bond will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Legended Covered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see “*Subscription and Sale and Transfer and Selling Restrictions*”.

General

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Covered Bonds*”), the Issuing and Paying Agent shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to Covered Bonds of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period applicable to the Covered Bonds of such Tranche.

Any reference herein to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Covered Bonds in NGCB form or held under the NSS, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Issuing and Paying Agent and the Bond Trustee.

No holder of the Covered Bonds, Receipholder or Couponholder shall be entitled to proceed directly against the Issuer or the Guarantor unless the Bond Trustee, having become so bound to proceed, fails so to do within a reasonable period and the failure shall be continuing.

In respect of any Covered Bonds, references herein to these “**Terms and Conditions**” are to these terms and conditions and any reference herein to a “**Condition**” is a reference to the relevant Condition of the Terms and Conditions of the relevant Covered Bonds.

The Covered Bonds are issued in series (each, a “**Series**”), and each Series may comprise one or more tranches (“**Tranches**” and each, a “**Tranche**”) of Covered Bonds. Each Tranche will be the subject of Final Terms (each, “**Final Terms**”), a copy of which will be available free of charge during normal business hours at the specified office of the Issuing and Paying Agent and/or, as the case may be, the applicable Registrar and each other Paying Agent. In the case of a Tranche of Covered Bonds that is not offered to the public nor admitted to trading on a regulated market in any the EEA in circumstances requiring publication of a prospectus in accordance with Directive 2003/71/EC and any relevant implementing measure, copies of the Final Terms will only be available for inspection by a Holder of or, as the case may be, a Relevant Account Holder (each as defined herein) in respect of, such Covered Bonds.

The Bond Trustee acts for the benefit of the holders for the time being of the Covered Bonds (the “**holders of the Covered Bonds**”, which expression shall, in relation to any Covered Bonds represented by a Global Covered Bond, be construed as provided below), the holders of the Receipts (the “**Receiptholders**”) and the holders of the Coupons (the “**Couponholders**”, which expression shall, unless the context otherwise requires, include the holders of the Talons (as defined in Condition 1.06 below)), and for holders of each other series of Covered Bonds in accordance with the provisions of the Trust Deed.

The Guarantor has, in the Trust Deed, irrevocably and unconditionally guaranteed the due and punctual payment of the Guaranteed Amounts in respect of the Covered Bonds as and when the same shall become due for payment on certain dates and in accordance with the Trust Deed (“**Due for Payment**”), but only after the occurrence of a Covered Bond Guarantee Activation Event.

The security for the obligations of the Guarantor under the Covered Bond Guarantee and the other Transaction Documents to which it is a party has been created in and pursuant to, and on the terms set out in security agreements (as amended, restated, supplemented or replaced from time to time, the “**Security Agreements**”) dated the Programme Establishment Date and made between the Guarantor, the Bond Trustee and certain other Secured Creditors.

These Terms and Conditions include summaries of and are subject to, the provisions of the Trust Deed, the Security Agreements, the Agency Agreement and the other Transaction Documents. Copies of the Trust Deed, the Security Agreements, the Master Definitions and Construction Agreement (as defined below), the Agency Agreement and each of the other Transaction Documents (other than the Dealership Agreement and any subscription agreements) are available for inspection during normal business hours at the office for the time being of the Bond Trustee being at the Programme Establishment Date at 1500 Robert-Bourassa Boulevard, Suite 700, Montréal, Québec, Canada, H3A 3S8, and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms of all Covered Bonds of each Series (including in relation to unlisted Covered Bonds of any Series) are obtainable during normal business hours of the specified office of each of the Paying Agents, and any holder of the Covered Bonds must produce evidence satisfactory to the Issuer and the Bond Trustee or, as the case may be, relevant Paying Agent as to its holding of Covered Bonds and identity. The holders of the Covered Bonds, the Receiptholders and Couponholders are deemed to have notice of, or are bound by, and are entitled to the benefit of, all the provisions of, and definitions contained in, the Trust Deed, the Security Agreements, the Master Definitions and Construction Agreement, the Agency Agreement, each of the other Transaction Documents (other than the Dealership Agreement and any subscription agreements) and the applicable Final Terms which are applicable to them and to have notice of each set of Final Terms relating to each other Series.

Except where the context otherwise requires, capitalized terms used or otherwise defined in these Terms and Conditions shall bear the meanings given to them in the Master Definitions and Construction Agreement made between certain parties to the Transaction Documents on the Programme Establishment Date, as amended on June 30, 2014 and on October 10, 2014 (as the same may be further amended, restated, supplemented or replaced from time to time, the “**Master Definitions and Construction Agreement**”), a copy of each of which may be obtained as described above.

1 Form and Denomination

1.01 Covered Bonds are issuable in bearer form (“**Bearer Covered Bonds**”) or in registered form (“**Registered Covered Bonds**”), or in such other form as shall be agreed upon by the Issuer, the Guarantor, the relevant Dealer(s) or Covered Bondholder(s), as the case may be, and the Bond Trustee, as specified in the Final Terms and are serially numbered. Registered Covered Bonds will not be exchangeable for Bearer Covered Bonds and vice versa.

The Covered Bond is a Fixed Rate Covered Bond, a Floating Rate Covered Bond or a Zero Coupon Covered Bond or any appropriate combination thereof, depending on the Interest Basis specified in the applicable Final Terms. The Covered Bond may also be an Instalment Covered Bond depending upon the Redemption/Payment Basis specified in the applicable Final Terms.

1.02 For so long as any of the Covered Bonds is represented by a Temporary Global Covered Bond and/ or a Permanent Global Covered Bond held on behalf of Euroclear and/or Clearstream, Luxembourg or so long as The Depositary Trust Company (“**DTC**”) or its nominee is the registered holder of a Registered Global Covered Bond, each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or DTC as the holder of a particular principal amount of such Covered Bonds (a “**Relevant Account Holder**”) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the principal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the

Issuer, the Guarantor, the Bond Trustee, the Issuing and Paying Agent, the Registrar and any other Agent as the holder of such principal amount of such Covered Bonds for all purposes, in accordance with and subject to the Terms and Conditions of the relevant Global Covered Bond and the Trust Deed, other than with respect to the payment of principal or interest on the Covered Bonds, and, in the case of DTC or its nominee, voting, giving consents and making requests, for which purpose the bearer of the relevant Temporary Global Covered Bond and/or Permanent Global Covered Bond or registered holder of a Registered Global Covered Bond (or in either case, the Bond Trustee in accordance with the Trust Deed) shall be treated by the Issuer, the Guarantor, the Bond Trustee, the Issuing and Paying Agent and any Agent and any Registrar as the holder of such principal amount of such Covered Bonds in accordance with and subject to the terms of the relevant Global Covered Bond and the expression “Holder” and related expressions shall be construed accordingly. Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the then current rules and procedures of Euroclear or of Clearstream, Luxembourg or DTC or any other relevant clearing system, as the case may be.

References to DTC, Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Covered Bonds in NGCB form or held under the New Safekeeping Structure for registered global securities, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms as may otherwise be approved by the Issuer, the Issuing and Paying Agent and the Bond Trustee.

Bearer Covered Bonds

1.03 The Final Terms shall, if applicable, specify whether rules identical to the rules in effect prior to the repeal of section 163(f)(2)(B) of the Internal Revenue Code of 1986, as amended (the “**Code**”) pursuant to the Hiring Incentives to Restore Employment Act of 2010 provided in U.S. Treasury regulation § 1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) or U.S. Treasury regulation § 1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) shall apply. Each Tranche of Bearer Covered Bonds with an original maturity of more than one year is represented upon issue by a Temporary Global Covered Bond, unless the Final Terms specify otherwise, in particular, when the TEFRA C Rules apply.

Where the Final Terms applicable to a Tranche of Bearer Covered Bonds so specify or where a Tranche of Bearer Covered Bonds has an original maturity of one year or less, such Tranche is (unless otherwise specified in the Final Terms) represented upon issue by a Permanent Global Covered Bond.

Interests in the Temporary Global Covered Bond may be exchanged for:

- (a) interests in a Permanent Global Covered Bond; or
- (b) if so specified in the Final Terms, Bearer Definitive Covered Bonds.

Exchanges of interests in a Temporary Global Covered Bond for Bearer Definitive Covered Bonds or, as the case may be, a Permanent Global Covered Bond will be made only on or after the Exchange Date (as specified in the Final Terms) and (unless the Final Terms specify that the TEFRA C Rules are applicable to the Covered Bonds) provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations has been received in accordance with the terms of the Temporary Global Covered Bond (each certification in substantially the form set out in the Temporary Global Covered Bond or in such other form as is customarily issued in such circumstances by the relevant clearing system).

1.04 The bearer of any Temporary Global Covered Bond shall not (unless, upon due presentation of such Temporary Global Covered Bond for exchange (in whole but not in part only) for a Permanent Global Covered Bond or for delivery of Bearer Definitive Covered Bonds, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to collect any payment in respect of the Covered Bonds represented by such Temporary Global Covered Bond which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date specified in the applicable Final Terms.

1.05 Unless the Final Terms specify that the TEFRA C Rules are applicable to the Covered Bonds and subject to Condition 1.04 above, if any date on which a payment of interest is due on the Covered Bonds of a Tranche occurs while any of the Covered Bonds of that Tranche are represented by a Temporary Global Covered Bond, the related interest payment will be made on the Temporary Global Covered Bond only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in substantially the form set out in the Temporary Global Covered Bond or in such other form as is customarily issued in such circumstances by the relevant clearing system), has been received by Euroclear Bank S.A./N.V. (“**Euroclear**”) or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) or any other relevant clearing system in accordance with the terms of the Temporary Global Covered Bond. Payments of amounts due in respect of a Permanent Global Covered Bond or (subject to Condition 1.04 above) a Temporary Global Covered Bond will be made through Euroclear or Clearstream, Luxembourg or any other relevant clearing system without any requirement for further certification. Any reference herein to Euroclear or Clearstream, Luxembourg shall be deemed to include a reference to any other relevant clearing system.

1.06 Bearer Definitive Covered Bonds that are not Zero Coupon Covered Bonds have attached thereto, at the time of their initial delivery, coupons (“**Coupons**”), the presentation of which will be a prerequisite to the payment of interest save in certain circumstances specified herein. Definitive Covered Bonds that are not Zero Coupon Covered Bonds, if so specified in the Final Terms, have attached thereto, at the time of their initial delivery, a talon (“**Talon**”) for further coupons and the expression “Coupons” shall, where the context so requires, include Talons.

1.07 Bearer Definitive Covered Bonds, the principal amount of which is repayable by instalments (“**Instalment Covered Bonds**”) in such amounts as may be specified in, or determined in accordance with, the provisions of the Final Terms (each an “**Instalment Amount**”), have endorsed thereon a grid for recording the repayment of Instalment Amounts or, if so specified in the Final Terms, have attached thereto, at the time of their initial delivery, payment receipts (“**Receipts**”) in respect of the Instalment Amounts repaid.

Denomination

Denomination of Bearer Covered Bonds

1.08 Bearer Covered Bonds are in the Specified Denomination(s) specified in the Final Terms. Bearer Covered Bonds of one denomination may not be exchanged for Bearer Covered Bonds of any other denomination.

Denomination of Registered Covered Bonds

1.09 Registered Covered Bonds are in the Specified Denominations specified in the Final Terms.

Currency of Covered Bonds

1.10 The Covered Bonds are denominated in such currency as may be specified in the Final Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

2 Title and Transfer

2.01 Title to Bearer Covered Bonds, Receipts and Coupons passes by delivery. References herein to the “**Holders**” of Bearer Covered Bonds or of Receipts or Coupons are to the bearers of such Bearer Covered Bonds or such Receipts or Coupons.

2.02 Title to Registered Covered Bonds passes by due endorsement in the relevant register. The Issuer shall procure that the Registrar keep a register or registers in which shall be entered the names and addresses of the Holders of Registered Covered Bonds and particulars of the Registered Covered Bonds held by them. Such registration shall be noted on the Registered Covered Bonds by the Registrar.

References herein to the “**Holders**” of Registered Covered Bonds are to the persons in whose names such Registered Covered Bonds are so registered in the relevant register.

2.03 The Holder of any Bearer Covered Bond, Coupon, Receipt or Registered Covered Bond will for all purposes of the Trust Deed, Security Agreements and Agency Agreement (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof and no person shall be liable for so treating such Holder.

Transfer of Registered Covered Bonds

2.04 A Registered Covered Bond may, upon the terms and subject to the terms and conditions set forth in the Agency Agreement and as required by law, be transferred in whole or in part only (provided that such part is a Specified Denomination specified in the Final Terms) upon the surrender of the Registered Covered Bond to be transferred, together with a form of transfer duly completed and executed, at the specified office of the Registrar. A new Registered Covered Bond will be issued to the transferee and, in the case of a transfer of part only of a Registered Covered Bond, a new Registered Covered Bond in respect of the balance not transferred will be issued to the transferor.

2.05 Each new Registered Covered Bond to be issued upon the registration of the transfer of a Registered Covered Bond will, within three Relevant Banking Days of the transfer date be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such transfer, be mailed (by uninsured mail at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer received by the Registrar or the Issuing and Paying Agent after the Record Date in respect of any payment due in respect of Registered Covered Bonds shall be deemed not to be effectively received by the Registrar or the Issuing and Paying Agent until the day following the due date for such payment.

2.06 Transfers of beneficial interests in Rule 144A Global Covered Bonds (as defined below) and Regulation S Global Covered Bonds (as defined below) (together, the “**Registered Global Covered Bonds**”) will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. The laws of some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond to such persons may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to pledge such Covered Bonds to persons or entities that do not participate in the DTC system or otherwise take action in respect of such Covered Bonds may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. A beneficial interest in a Registered Global Covered Bond will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Registered Definitive Covered Bonds or for a beneficial interest in another Registered Global Covered Bond only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement. Transfers of a Registered Global Covered Bond registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Covered Bond, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor’s nominee.

2.07 Subject as provided in Conditions 2.09, 2.10, 2.11, 2.12 and 22, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Definitive Covered Bond may be transferred in whole or in part in the authorized denominations set out in the applicable Final Terms. In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Covered Bond for registration of the transfer of the Registered Covered Bond (or the relevant part of the Registered Covered Bond) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their, attorney or attorneys duly authorized in writing, and (ii) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent, and (b) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request.

Any such transfer will be subject to such reasonable regulations as the Issuer, the Bond Trustee and the Registrar may from time to time prescribe (the initial such regulations being set out in the Agency Agreement).

Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with, any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Registered Definitive Covered Bond of a like aggregate nominal amount to the Registered Definitive Covered Bond (or the relevant part of the Registered Definitive Covered Bond) transferred.

In the case of the transfer of part only of a Registered Definitive Covered Bond, a new Registered Definitive Covered Bond in respect of the balance of the Registered Definitive Covered Bond not transferred will (in addition to the new Registered Definitive Covered Bond in respect of the nominal amount transferred) be so authenticated and delivered or (at the risk of the transferor) so sent by uninsured mail to the address specified by the transferor.

2.08 For the purposes of these Terms and Conditions:

- (a) “**Distribution Compliance Period**” means the period that ends 40 days after the completion of the distribution of each Tranche of Covered Bonds, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant Lead Manager (in the case of a syndicated issue);
- (b) “**Institutional Accredited Investor**” means an institutional “accredited investor” (as defined in Rule 501 (a)(1), (2), (3) or (7) under the Securities Act);
- (c) “**Legended Covered Bonds**” means Registered Definitive Covered Bonds that are issued to Institutional Accredited Investors and Registered Covered Bonds (whether in definitive form or represented by a Registered Global Covered Bond) sold in private transactions to QIBs in accordance with the requirements of Rule 144A;
- (d) “**NGCB**” means a Temporary Global Covered Bond or a Permanent Global Covered Bond, in either case in respect of which the applicable Final Terms specify that it is a new global covered bond;
- (e) “**QIB**” means a “qualified institutional buyer” within the meaning of Rule 144A;

- (f) “**Regulation S**” means Regulation S under the Securities Act;

- (h) “**Relevant Banking Day**” means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located and, in the case only of an exchange of a Bearer Covered Bond for a Registered Covered Bond, where such request for exchange is made to the Issuing and Paying Agent, in the place where the specified office of the Issuing and Paying Agent is located;
- (i) “**Rule 144A**” means Rule 144A under the Securities Act;
- (j) “**Rule 144A Global Covered Bond**” means a Registered Global Covered Bond representing Covered Bonds sold in the United States to QIBs in reliance on Rule 144A;
- (k) “**Securities Act**” means the U.S. Securities Act of 1933, as amended; and
- (l) the “**transfer date**” shall be the Relevant Banking Day following the day on which the relevant Registered Covered Bond shall have been surrendered for transfer in accordance with Condition 2.04.

2.09 The issue of new Registered Covered Bonds on transfer will be effected without charge by or on behalf of the Issuer, the Issuing and Paying Agent or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Issuing and Paying Agent or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

2.10 In the event of a partial redemption of Covered Bonds under Condition 6, the Issuer shall not be required to register the transfer of any Registered Covered Bond, or part of a Registered Covered Bond called for partial redemption.

2.11 Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Covered Bond to a transferee in the United States or who is a U.S. person will only be made:

- (a) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a “**Transfer Certificate**”), copies of which are available from the specified office of the Registrar or any Transfer Agent, from the transferor of the Covered Bond or beneficial interest therein to the effect that such transfer is being made:
 - (i) to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or
 - (ii) to a person who is an Institutional Accredited Investor, together with, in the case of this paragraph (ii), a duly executed investment letter from the relevant transferee substantially in the form set out in the Agency Agreement (an “**IAI Investment Letter**”); or
- (b) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of United States counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States,

and, in each case, in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

In the case of (a)(i) above, such transferee may take delivery through a Legended Covered Bond in global or definitive form and, in the case of (a)(ii) above, such transferee may take delivery only through a Legended Covered Bond in definitive form. Prior to the end of the applicable Distribution Compliance Period, beneficial interests in Regulation S Covered Bonds registered in the name of a nominee for DTC may only be held through the accounts of Euroclear and Clearstream, Luxembourg. After expiry of the applicable Distribution Compliance Period: (A) beneficial interests in Regulation S Global Covered Bonds registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC or indirectly through a participant in DTC; and (B) such certification requirements will no longer apply to such transfers.

2.12 Transfers of Legended Covered Bonds or beneficial interests therein may be made:

- (a) to a transferee who takes delivery of such interest through a Regulation S Global Covered Bond, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that, in the case of a Regulation S Global Covered Bond registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Covered Bonds being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (b) to a transferee who takes delivery of such interest through a Legended Covered Bond:
 - (i) where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
 - (ii) where the transferee is an Institutional Accredited Investor, subject, in the case of this paragraph (ii), to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor, together with a duly executed IAI Investment Letter from the relevant transferee; or
- (c) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of United States counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States,

and, in each case, in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

Covered Bonds transferred by Institutional Accredited Investors to QIBs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs or non-U.S. investors through DTC, Euroclear or Clearstream, Luxembourg, as appropriate, and the Registrar will arrange for any Covered Bonds which are the subject of such a transfer to be represented by the appropriate Registered Global Covered Bonds, where applicable. Upon the transfer, exchange or replacement of Legended Covered Bonds, or upon specific request for removal of the legend therein, the Registrar shall deliver only Legended Covered Bonds or refuse to remove the Legend therein, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of United States counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

3 Status of the Covered Bonds

The Covered Bonds will not be insured under the *Deposit Insurance Act* (Québec) or the *Canada Deposit Insurance Corporation Act*, and will constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* with all deposit liabilities of the Issuer without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future (except as otherwise prescribed by law). Unless otherwise specified in the Final Terms, the investments to be evidenced by the Covered Bonds will be accepted by the Issuer at its Executive Office in Montréal, but without prejudice to the provisions of Condition 9.

4 Guarantee

Payment of Guaranteed Amounts in respect of the Covered Bonds when the same shall become Due for Payment has been unconditionally and irrevocably guaranteed by the Guarantor (the “**Covered Bond Guarantee**”) in favour of the Bond Trustee (for and on behalf of the Covered Bondholders) following a Covered Bond Guarantee Activation Event pursuant to the terms of the Trust Deed. The Guarantor shall have no obligation under the Covered Bond Guarantee to pay any Guaranteed Amounts until a Covered Bond Guarantee Activation Event (as defined below) has occurred. The obligations of the Guarantor under the Covered Bond Guarantee are direct and, following the occurrence of a Covered Bond Guarantee Activation Event, unconditional and, except as provided in the Guarantee Priorities of Payment, unsubordinated obligations of the Guarantor, which are secured as provided in the Security Agreements. For the purposes of these Terms and Conditions, a “**Covered Bond Guarantee Activation Event**” means the earlier to occur of (i) an Issuer Event of Default together with the service of an Issuer Acceleration Notice on the Issuer and the service of a Notice to Pay on the Guarantor; and (ii) a Guarantor Event of Default together with the service of a Guarantor Acceleration Notice on the Issuer and the Guarantor. If a Notice to Pay is served on the Guarantor, the Guarantor shall pay Guaranteed Amounts in respect of the Covered Bonds on the Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

Any payment made by the Guarantor under the Covered Bond Guarantee shall (unless such obligation shall have been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 7) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds, Receipts and Coupons except where such payment has been declared

void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the holders of the Covered Bonds.

5 Interest

Interest

5.01 Covered Bonds may be interest-bearing or non-interest-bearing. The Interest Basis is specified in the applicable Final Terms. Words and expressions appearing in this Condition 5 and not otherwise defined herein shall have the meanings given to them in Condition 5.09.

Interest on Fixed Rate Covered Bonds

5.02 Each Fixed Rate Covered Bond bears interest on its Outstanding Principal Amount from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Date(s) in each year up to and including the Final Maturity Date if that does not fall on an Interest Payment Date.

Unless otherwise provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on, but excluding, such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount(s) so specified.

As used in these Terms and Conditions, “**Fixed Interest Period**” means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or first) Interest Payment Date.

Interest will be calculated on the Calculation Amount of the Fixed Rate Covered Bonds and will be paid to the Holders of the Covered Bonds (in the case of a Global Covered Bond, interest will be paid to Clearstream, Luxembourg and/or Euroclear and/or DTC for distribution by them to Relevant Account Holders in accordance with their usual rules and operating procedures). If interest is required to be calculated for a period ending other than on an Interest Payment Date, or if no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated in accordance with Condition 5.08.

Notwithstanding anything else in this Condition 5.02, if an Extended Due for Payment Date is specified in the Final Terms, interest following the Due for Payment Date will continue to accrue and be payable on any unpaid amount in accordance with Condition 5 at a Rate of Interest determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds).

Interest on Floating Rate Covered Bonds

5.03 Interest Payment Dates

Each Floating Rate Covered Bond bears interest on its Outstanding Principal Amount from (and including) the Interest Commencement Date and such interest will be payable in arrears on either:

- (a) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms; or
- (b) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression, shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). Interest will be calculated on the Calculation Amount of the Floating Rate Covered Bonds and will be paid to the Holders of the Covered Bonds (in the case of a Global Covered Bond, interest will be paid to Clearstream, Luxembourg and/or Euroclear and/or DTC for distribution by them to Relevant Account Holders in accordance with their usual rules and operating procedures).

Rate of Interest

Where the Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be determined by the Calculation Agent on the following basis:

- (a) the Calculation Agent will determine the Reference Rate (if there is only one quotation for the Reference Rate on the Relevant Screen Page) or, as the case may require, the arithmetic mean (rounded, if necessary, to the nearest ten thousandth of a percentage point, 0.00005 per cent being rounded upwards) of the quotations for the Reference Rate in the relevant currency for a period of the duration of the relevant Interest Period on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (b) if, on any Interest Determination Date, no rate so appears or, as the case may be, if fewer than two quotations for the Reference Rate so appear on the Relevant Screen Page or if the Relevant Screen Page is unavailable, the Calculation Agent will request appropriate quotations of the Reference Rate and will determine the arithmetic mean (rounded as described above) of the rates at which deposits in the relevant currency are offered by the Reference Banks at approximately the Relevant Time on the Interest Determination Date to prime banks in the London interbank market in the case of LIBOR or in the Euro-zone (as defined herein) interbank market in the case of EURIBOR for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time;
- (c) if, on any Interest Determination Date, only two or three rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as described above) of the rates so quoted; or
- (d) if fewer than two rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as described above) of the rates for the Reference Rate quoted by four major banks in the Financial Centre as selected by the Calculation Agent, at approximately 11.00 a.m. (Financial Centre time) on the first day of the relevant Interest Period for loans in the relevant currency to leading European banks for a period for the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Covered Bonds during each Interest Period will be the Reference Rate or, as the case may be, the arithmetic mean (rounded as described above) of the rates so determined, plus or minus (as indicated in the Final Terms) the Margin, if any, provided however that if the Calculation Agent is unable to determine a Reference Rate or, as the case may be, an arithmetic mean of rates in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Covered Bonds during such Interest Period will be the rate or, as the case may be, the arithmetic mean (rounded as described above) of the rates determined in relation to such Covered Bonds in respect of the last preceding Interest Period, plus or minus (as indicated in the Final Terms) the Margin, if any.

ISDA Rate Covered Bonds

5.04 Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin, if any. For purposes of this Condition 5.04, “**ISDA Rate**” for an Interest Period means a rate equal to the Fixed Rates, Fixed Amounts, Floating Rates or Floating Amounts, as the case may be, as set out in the applicable Final Terms, as would have applied (regardless of any event of default or termination event or tax event thereunder) if the Issuer had entered into a schedule and confirmation and credit support annex, if applicable, in respect of the relevant Tranche or Series of Covered Bonds, as applicable, with the Holder of such Covered Bond under the terms of an agreement to which the ISDA Definitions applied and under which:

- the Fixed Rate Payer, Fixed Amount Payer, Floating Rate Payer or, as the case may be, Floating Amount Payer is the Issuer (as specified in the Final Terms);
- the Effective Date is the Interest Commencement Date;
- the Floating Rate Option (which may refer to a Rate Option or a Price Option, specified in the ISDA Definitions) is as specified in the applicable Final Terms;
- the Designated Maturity is the period specified in the applicable Final Terms;
- the Issuing and Paying Agent is the Calculation Agent;
- the Calculation Periods are the Interest Periods;
- the Payment Dates are the Interest Payment Dates;
- the relevant Reset Date is the day as specified in the applicable Final Terms;

- the Calculation Amount is the principal amount of such Covered Bond;
- the Day Count Fraction applicable to the calculation of any amount is that specified in the Final Terms (which may be Actual/Actual, Actual/Actual (ISDA), Actual/365 (Fixed), Actual/360, 30E/360, Eurobond Basis, 30/360, 360/360, Bond Basis, 30E/360 (ISDA), Actual/Actual (ICMA) or Act/Act (ICMA)), or if none is so specified, as may be determined in accordance with the ISDA Definitions; and
- the Business Day Convention applicable to any date is that specified in the Final Terms (which may be Following Business Day Convention, Modified Following Business Day Convention, Modified Business Day Convention, Preceding Business Day Convention, FRN Convention or Eurodollar Convention), or if none is so specified, as may be determined in accordance with the ISDA Definitions.

For the purposes of this Condition 5.04, “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Maximum Rate of Interest or Minimum Rate of Interest

5.05 If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

Accrual of Interest after the due date

5.06 Interest will cease to accrue as from the due date for redemption therefor (or, in the case of an Instalment Covered Bond, in respect of each Instalment Amount, on the due date for payment of the relevant Instalment Amount) unless upon due presentation or surrender thereof (if required), payment in full of the Final Redemption Amount or the relevant Instalment Amount is improperly withheld or refused or default is otherwise made in the payment thereof. In such event, interest shall continue to accrue on the principal amount in respect of which payment has been improperly withheld or refused or default has been made (as well after as before any demand or judgment) at the Rate of Interest then applicable or such other rate as may be specified for this purpose in the Final Terms if permitted by applicable law (“**Default Rate**”) until the date on which, upon due presentation or surrender of the relevant Covered Bond (if required), the relevant payment is made or, if earlier (except where presentation or surrender of the relevant Covered Bond is not required as a precondition of payment), the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Covered Bonds in accordance with Condition 14 that the Issuing and Paying Agent or, as the case may be, the Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder).

Interest Amount(s), Calculation Agent and Reference Banks

5.07 If a Calculation Agent is specified in the Final Terms, the Calculation Agent, as soon as practicable after the Relevant Time on each Interest Determination Date (or such other time on such date as the Calculation Agent may be required to calculate any Final Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation) will determine the Rate of Interest and calculate the amount(s) of interest payable (the “**Interest Amount(s)**”) in the manner specified in Condition 5.08 below, calculate the Final Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date or, as the case may be, the Final Redemption Amount or any Instalment Amount to be notified to the Issuing and Paying Agent, the Registrar (in the case of Registered Covered Bonds), the Issuer, the Holders in accordance with Condition 14 and, if the Covered Bonds are listed on a stock exchange or admitted to listing by any other authority and the rules of such exchange or other relevant authority so require, such exchange or listing authority as soon as possible after their determination or calculation but in no event later than the fourth London Banking Day thereafter or, if earlier in the case of notification to the stock exchange or other relevant authority, the time required by the relevant stock exchange or listing authority. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Covered Bonds become due and payable under Condition 7, the Rate of Interest and the accrued interest payable in respect of the Covered Bonds shall nevertheless continue to be calculated in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Final Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon the Issuer and the Holders and neither the Calculation Agent nor any Reference Bank shall have any liability to the Holders in respect of any determination, calculation, quote or rate made or provided by it.

The Issuer will procure that there shall at all times be such Reference Banks as may be required for the purpose of determining the Rate of Interest applicable to the Covered Bonds and a Calculation Agent, if provision is made for one in the Terms and Conditions.

If the Calculation Agent is incapable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for any Interest Period or to calculate the Interest Amounts or any other requirements, the Bond Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having regard as it shall think fit to the foregoing provision of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all circumstances or, as the case may be, the Bond Trustee shall calculate (or appoint an agent to calculate) the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent. The Calculation Agent may not resign its duties without a successor having been appointed.

Calculations and Adjustments

5.08 The amount of interest payable in respect of any Covered Bond for any period shall be calculated by applying the Rate of Interest to the Calculation Amount, and, in each case, multiplying such sum by the Day Count Fraction, save that if the Final Terms specifies a specific amount in respect of such period, the amount of interest payable in respect of such Covered Bond for such Interest Period will be equal to such specified amount.

For the purposes of any calculations referred to in these Terms and Conditions, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent being rounded up to 0.00001 per cent), (b) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount and (c) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the smallest sub-unit of such currency, with halves being rounded upwards.

Where the Covered Bonds are represented by a Global Covered Bond or where the Specified Denomination of a Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Covered Bond shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Outstanding Principal Amount of the Global Covered Bond or the Specified Denomination of a Covered Bond in definitive form, without any further rounding.

Redemption at Maturity

6.01 Unless previously redeemed, or purchased and cancelled or unless such Covered Bond is stated in the Final Terms as having no fixed maturity date, this Covered Bond shall be redeemed at its Final Redemption Amount specified in the applicable Final Terms in the Specified Currency on the Final Maturity Date.

Without prejudice to Condition 7, if an Extended Due for Payment Date is specified as applicable in the Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in the Final Terms (or after expiry of the grace period set out in Condition 7.01(a)) and, following service of a Notice to Pay on the Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Guarantor has insufficient moneys available in accordance with the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds on the date falling on the earlier of (a) the date which falls two Business Days after service of such Notice to Pay on the Guarantor or, if later, the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 7.02) under the terms of the Covered Bond Guarantee or (b) the Extension Determination Date, then (subject as provided below) payment of the unpaid amount by the Guarantor under the Covered Bond Guarantee shall be deferred until the Extended Due for Payment Date, provided that in respect of any amount representing the Final Redemption Amount due and remaining unpaid on the earlier of (a) and (b) above, the Guarantor will apply any moneys available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) to pay the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds on any Interest Payment Date thereafter up to (and including) the relevant Extended Due for Payment Date.

The Issuer shall confirm to the Issuing and Paying Agent as soon as reasonably practicable and in any event at least 4 Business Days prior to the Final Maturity Date of such Series of Covered Bonds whether payment will be made in full of the Final Redemption Amount in respect of such Series of Covered Bonds on that Final Maturity Date.

The Guarantor shall notify the relevant holders of the Covered Bonds (in accordance with Condition 14), the Rating Agencies, the Bond Trustee, the Issuing and Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (a) and (b) of the second paragraph of this Condition 6.01 of any inability of the Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Guarantor to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

In the circumstances outlined above, the Guarantor shall on the earlier of (a) the date falling two Business Days after the service of a Notice to Pay on the Guarantor or if later the Final Maturity Date (or, in each case, after the expiry of the applicable grace period set out in Condition 7.02) and (b) the Extension Determination Date, under the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) *pro rata* in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and shall pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the Guarantor to pay any amounts in respect of the balance of the Final Redemption Amount not so paid shall be deferred as described above. Such failure to pay by the Guarantor shall not constitute a Guarantor Event of Default.

Any discharge of the obligations of the Issuer as the result of the payment of Excess Proceeds to the Bond Trustee shall be disregarded for the purposes of determining the amounts to be paid by the Guarantor under the Covered Bond Guarantee in connection with this Condition 6.01.

The Issuer may not exercise such option in respect of any Covered Bond which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Covered Bond under Condition 6.06.

Call Option

6.03 If a Call Option is specified in the Final Terms as being applicable, then the Issuer may, having given the appropriate notice to the Holders in accordance with Condition 14, which Notice shall be irrevocable, and shall specify the date fixed for redemption, redeem all or some only of the Covered Bonds of this Series outstanding on any Optional Redemption Date at the Optional Redemption Amount(s) specified in, or determined in the manner specified in the applicable Final Terms together with accrued interest (if any) thereon on the date specified in such notice.

The Issuer may not exercise such option in respect of any Covered Bond which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Covered Bond under Condition 6.06.

6.04 The appropriate notice referred to in Condition 6.03 is a notice given by the Issuer to the Holders of the Covered Bonds of the relevant Series in accordance with Condition 14, which notice shall be irrevocable and shall specify:

- the Series of Covered Bonds subject to redemption;

- whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of and (except in the case of a Global Covered Bond) the serial numbers of the Covered Bonds of the relevant Series which are to be redeemed;
- the due date for such redemption, which shall be not less than thirty days nor more than 60 days after the date on which such notice is given and which shall be such date or the next of such dates (“**Call Option Date(s)**”) or a day falling within such period (“**Call Option Period**”), as may be specified in the Final Terms and which is, in the case of Covered Bonds which bear interest at a floating rate, a date upon which interest is payable; and
- the Optional Redemption Amount at which such Covered Bonds are to be redeemed.

Partial Redemption

6.05 If the Covered Bonds are to be redeemed in part only on any date in accordance with Condition 6.03:

- such redemption must be for an amount not less than the Minimum Redemption Amount or not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms;
- in the case of a partial redemption of Bearer Definitive Covered Bonds, the Covered Bonds to be redeemed shall be drawn by lot in such European city as the Issuing and Paying Agent may specify, or identified in such other manner or in such other place as the Issuing and Paying Agent may approve and deem appropriate and fair;
- in the case of a Global Covered Bond, the Covered Bonds to be redeemed shall be selected in accordance with the then rules of Euroclear and/or Clearstream, Luxembourg and/or DTC and/or any other relevant clearing system (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg and/or DTC or such other relevant clearing system as either a pool factor or a reduction in principal amount, at their discretion); and
- in the case of Registered Definitive Covered Bonds, the Covered Bonds shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, provided always that the amount redeemed in respect of each Covered Bond shall be equal to a Specified Denomination,

subject always to compliance with all applicable laws and the requirements of any stock exchange on which the relevant Covered Bonds may be listed.

In the case of the redemption of part only of a Registered Definitive Covered Bond, a new Registered Definitive Covered Bond in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.08, which shall apply as in the case of a transfer of Registered Definitive Covered Bonds as if such new Registered Definitive Covered Bond were in respect of the untransferred balance.

Put Option

6.06 If a Put Option is specified in the Final Terms as being applicable, upon the Holder of any Covered Bond of this Series giving the required notice to the Issuer specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon expiry of such notice, redeem such Covered Bond subject to and in accordance with the terms specified in the applicable Final Terms in whole (but not in part only) on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in accordance with the provisions of, the applicable Final Terms, together with accrued interest (if any) thereon. In order to exercise such option, the Holder must, not less than 45 days before the Optional Redemption Date where the Covered Bond is a Covered Bond in definitive form held outside Euroclear, Clearstream, Luxembourg and/or DTC deposit the relevant Covered Bond (together, in the case of a Bearer Definitive Covered Bond that is not a Zero Coupon Covered Bond, with all unmatured Coupons appertaining thereto other than any Coupon maturing on or before the Optional Redemption Date (failing which the provisions of Condition 9.05 apply)) during normal business hours at the specified office of, in the case of a Bearer Covered Bond, any Paying Agent or, in the case of a Registered Covered Bond, the Registrar together with a duly completed early redemption notice (“**Put Notice**”) in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the Registrar specifying, in the case of a Global Covered Bond, the aggregate principal amount in respect of which such option is exercised (which must be a Specified Denomination specified in the Final Terms). Notwithstanding the foregoing, Covered Bonds represented by a Permanent Global Covered Bond or Global Registered Covered Bond shall be deemed to be deposited with the Paying Agent or the Registrar, as the case may be, for purposes of this Condition 6.06 at the time a Put Notice has been received by the Paying Agent or Registrar, as the case may be, in respect of such Covered Bonds. No Covered Bond so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement).

In the case of the redemption of part only of a Registered Covered Bond, a new Registered Definitive Covered Bond in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.08 which shall apply as in the case of a transfer of

Registered Definitive Covered Bonds as if such new Registered Definitive Covered Bond were in respect of the untransferred balance.

The Holder of a Covered Bond may not exercise such Put Option (i) in respect of any Covered Bond which is the subject of an exercise by the Issuer of its option to redeem such Covered Bond under either Condition 6.02 or 6.03, or (ii) following an Issuer Event of Default.

Purchase of Covered Bonds

6.07 The Issuer or any of its subsidiaries may at any time, but will at no time be obligated to, purchase Covered Bonds in the open market or otherwise and at any price provided that all unmatured Receipts and Coupons appertaining thereto are purchased therewith. If purchases are made by tender, tenders must be available to all Holders of the relevant Covered Bonds alike.

Cancellation of Redeemed and Purchased Covered Bonds

6.08 All unmatured Covered Bonds and Coupons redeemed in accordance with this Condition 6 will be cancelled forthwith and may not be reissued or resold. All unmatured Covered Bonds and Coupons purchased in accordance with Condition 6.07 may be cancelled or may be reissued or resold.

Further Provisions applicable to Redemption Amount and Instalment Amount

6.09 The provisions of Condition 5.07 and the last paragraph of Condition 5.08 shall apply to any determination or calculation of the Redemption Amount or any Instalment Amount required by the Final Terms to be made by the Calculation Agent (as defined in Condition 5.09).

References herein to “**Redemption Amount**” shall mean, as appropriate, the Final Redemption Amount, final Instalment Amount, the Optional Redemption Amount, the Early Redemption Amount or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with, the provisions of the applicable Final Terms.

6.10 In the case of any Zero Coupon Covered Bond, the “**Amortized Face Amount**” shall be an amount equal to the sum of:

- (a) the Issue Price specified in the Final Terms; and
- (b) the product of the Amortization Yield (compounded annually) being applied to the Issue Price from (and including) the Issue Date specified in the Final Terms to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction (as defined in Condition 5.09) specified in the Final Terms.

6.11 If any Redemption Amount (other than the Final Redemption Amount) is improperly withheld or refused or default is otherwise made in the payment thereof, the Amortized Face Amount shall be calculated as provided in Condition 6.10 but as if references in subparagraph (b) to the date fixed for redemption or the date upon which such Zero Coupon Covered Bond becomes due and repayable were replaced by references to the earlier of:

- (a) the date on which, upon due presentation or surrender of the relevant Covered Bond (if required), the relevant payment is made; and
- (b) (except where presentation or surrender of the relevant Covered Bond is not required as a precondition of payment), the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Covered Bonds in accordance with Condition 14 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder).

Instalment Covered Bonds

6.12 Any Instalment Covered Bond will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms.

Redemption due to Illegality

6.13 The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice to the Bond Trustee, the Issuing and Paying Agent, the Registrar and, in accordance with Condition 14, all holders of the Covered Bonds (which notice shall be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make, fund or allow to remain outstanding any advance made by it to the Guarantor pursuant to the Intercompany Loan Agreement, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date. Covered Bonds redeemed pursuant to this Condition 6.13 will be redeemed at their Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition 6.13, the Issuer shall deliver to the Issuing and Paying Agent and Bond Trustee a certificate signed by two senior officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Issuing and Paying Agent and Bond Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all holders of the Covered Bonds, Receipholders and Couponholders.

7 Events of Default

Issuer Events of Default

7.01 The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution (as defined in the Trust Deed) referred to in this Condition 7.01 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in euros converted into euros at the applicable Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall, (but in the case of the happening of any of the events mentioned in sub-paragraphs (b) to (f) below, only if the Bond Trustee shall have certified in writing to the Issuer and the Guarantor that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series) (subject in each case to being indemnified and/or secured to its satisfaction), give notice (an "**Issuer Acceleration Notice**") in writing to the Issuer that as against the Issuer (but, for the avoidance of doubt, not against the Guarantor under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed if any of the following events (each, an "**Issuer Event of Default**") shall occur and be continuing:

- (a) the Issuer fails to pay any principal or interest in respect of the Covered Bonds within 10 Montréal Business Days in the case of principal and 30 days in the case of interest, in each case of the respective due date; or
- (b) the Issuer fails to perform or observe any obligations (other than those specified in subparagraph (a) above and (f) below) under the Covered Bonds, Receipts or Coupons of any Series, the Trust Deed or any other Transaction Document (other than the Dealership Agreement, any subscription agreement for the Covered Bonds and any Definitive N Covered Bond Deeds) to which the Issuer is a party (other than any obligation of the Issuer to comply with the Asset Coverage Test and any other obligation of the Issuer specifically provided for in this Condition 7.01) and such failure continues for the period of 30 days (or such longer period as the Bond Trustee may permit) next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied (except in circumstances where the Bond Trustee considers such failure to be incapable of remedy in which case no period of continuation will apply and no notice by the Bond Trustee will be required); or
- (c) an Insolvency Event in respect of the Issuer; or
- (d) an Asset Coverage Test Breach Notice has been served and not revoked (in accordance with the terms of the Transaction Documents) on or before the Guarantor Payment Date immediately following the next Calculation Date after service of such Asset Coverage Test Breach Notice; or
- (e) if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, and the Guarantor has not taken the necessary actions to cure the breach before the earlier to occur of: (i) ten Montréal Business Days from the date that the Seller is notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds; or

- (f) if a ratings trigger prescribed by the Conditions or the Transaction Documents (and not otherwise specifically provided for in this Condition 7.01) is breached and the prescribed remedial action is not taken within the specified time period, unless, in respect of any ratings trigger other than the Account Depository Institution Threshold Ratings, the Standby Account Depository Institution Ratings, the Cash Management Deposit Ratings and the Servicer Deposit Threshold Ratings, such breach occurs at a time that the Guarantor is Independently Controlled and Governed.

For the purposes of these Terms and Conditions “**Calculation Date**” means the last Montréal Business Day of each month.

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 7.01, the Bond Trustee shall forthwith serve a notice to pay (the “**Notice to Pay**”) on the Guarantor pursuant to the Covered Bond Guarantee and the Guarantor shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Covered Bond Guarantee. Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 7.03.

The Trust Deed provides that all moneys (the “**Excess Proceeds**”) received by the Bond Trustee from the Issuer or any receiver, liquidator, administrator or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, shall be paid by the Bond Trustee, as soon as practicable after receipt thereof by the Bond Trustee, on behalf of the holders of the Covered Bonds of the relevant Series to the Guarantor (or the Cash Manager on its behalf) for the account of the Guarantor and shall be held in the Guarantor Accounts and the Excess Proceeds shall thereafter form part of the Security granted pursuant to the Security Agreements and shall be used by the Guarantor (or the Cash Manager on its behalf) in the same manner as all other moneys from time to time held by the Cash Manager and/or standing to the credit of the Guarantor in the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee shall discharge *pro tanto* the obligations of the Issuer in respect of the payment of the amount of such Excess Proceeds under the Covered Bonds, Receipts and Coupons. However, the obligations of the Guarantor under the Covered Bond Guarantee are, following a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any of such obligations.

By subscribing for Covered Bonds, each holder of the Covered Bonds shall be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above.

Guarantor Events of Default

7.02 The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 7.02 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in euros converted into euros at the applicable Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall (but in the case of the happening of any of the events described in paragraphs (b) to (f) below, only if the Bond Trustee shall have certified in writing to the Issuer and the Guarantor that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series) (subject in each case to being indemnified and/or secured to its satisfaction) give notice (the “**Guarantor Acceleration Notice**”) in writing to the Issuer and to the Guarantor, that (x) each Covered Bond of each Series is, and each Covered Bond of each Series shall as against the Issuer (if not already due and repayable against it following an Issuer Event of Default), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the Guarantor under the Covered Bond Guarantee shall thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Trust Deed and thereafter the Security shall become enforceable if any of the following events (each, a “**Guarantor Event of Default**”) shall occur and be continuing:

- (a) default is made by the Guarantor for a period of seven days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series, except in the case of the payment of a Guaranteed Amount when Due for Payment under Condition 6.01 where the Guarantor shall be required to make payments of Guaranteed Amounts which are Due for Payment on the dates specified therein; or
- (b) if default is made by the Guarantor in the performance or observance of any obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series or any other obligation specifically provided for in this Condition 7.02) under the Trust Deed, the Security Agreements or any other Transaction Document (other than the obligation of the Guarantor to (i) repay the Demand Loan pursuant to the terms of the Intercompany Loan Agreement, or (ii) make a payment under a Swap Agreement if it has insufficient funds therefor) to which the Guarantor is a party and, except where such default is or the effects of such default are, in the opinion of the Bond Trustee, not capable of remedy when no

such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer period as the Bond Trustee may permit) after written notice thereof has been given by the Bond Trustee to the Guarantor requiring the same to be remedied; or

- (c) an Insolvency Event in respect of the Guarantor; or
- (d) a failure to satisfy the Amortization Test as at any Calculation Date following the occurrence and during the continuance of an Issuer Event of Default; or
- (e) the Covered Bond Guarantee is not, or is claimed by the Guarantor not to be, in full force and effect; or
- (f) if a ratings trigger prescribed by the Conditions or the Transaction Document (and not otherwise specifically provided for in this Condition 7.02) is breached and the prescribed remedial action is not taken within the specified time period, unless, in respect of any ratings trigger other than the Account Depository Institution Threshold Ratings, the Standby Account Depository Institution Ratings, the Cash Management Deposit Ratings and the Servicer Deposit Threshold Ratings, such breach occurs at a time that the Guarantor is Independently Controlled and Governed.

Following the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice on the Guarantor, the Bond Trustee may or shall take such proceedings or steps in accordance with the first and second paragraphs, respectively, of Condition 7.03 and the holders of the Covered Bonds shall have a claim against the Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount together with accrued but unpaid interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 8) as provided in the Trust Deed in respect of each Covered Bond.

Enforcement

7.03 The Bond Trustee may at any time, at its discretion and without further notice, take such proceedings against the Issuer and/or the Guarantor, as the case may be, and/or any other person as it may think fit to enforce the provisions of the Trust Deed, the Covered Bonds, the Receipts and the Coupons, but it shall not be bound to take any such enforcement proceedings in relation to the Trust Deed, the Covered Bonds, the Receipts or the Coupons or any other Transaction Document unless (i) it shall have been so directed by an Extraordinary Resolution of all the holders of the Covered Bonds of all Series (with the Covered Bonds of all Series taken together as a single Series as described above) or so requested in writing by the holders of not less than 25 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (taken together and converted into euros at the applicable Covered Bond Swap Rate) and (ii) it shall have been indemnified and/or secured to its satisfaction.

The Bond Trustee may at any time, at its discretion and without further notice, take such proceedings against the Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Agreements and may, at any time after the Security has become enforceable, take such steps as it may think fit to enforce the Security, but it shall not be bound to take any such steps unless (i) it shall have been so directed by an Extraordinary Resolution of all the holders of the Covered Bonds of all Series (with the Covered Bonds of all Series taken together as a single Series as described above) or a request in writing by the holders of not less than 25 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (taken together and converted into euros at the applicable Covered Bond Swap Rate); and (ii) it shall have been indemnified and/or secured to its satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee shall, subject to applicable law, only have regard to the interests of the holders of the Covered Bonds of all Series and shall not have regard to the interests of any other Secured Creditors.

No holder of the Covered Bonds, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer or the Guarantor or to take any action with respect to the Trust Deed, the Covered Bonds, the Receipts, the Coupons, or the Security unless the Bond Trustee, having become bound so to proceed, fails so to do within a reasonable time and such failure shall be continuing.

8 Taxation

8.01 All amounts payable (whether in respect of principal or interest) in respect of the Covered Bonds, Receipts and Coupons will be paid free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada, any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax or, in the case of Covered Bonds, Receipts or Coupons issued by a branch of the Issuer located outside Canada, the country in which such branch is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof. In that

event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the Holder after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Covered Bonds, Receipts or Coupons (as the case may be), in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any payment in respect of any Covered Bond, Receipt or Coupon:

- (a) to, or to a third party on behalf of, a Holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Covered Bond, Receipt or Coupon by reason of his having some connection with Canada (for these purposes “connection” includes but is not limited to any present or former connection between such holder (or between a fiduciary, seller, beneficiary, member or shareholder of, or possessor of power over such holder if such holder is an estate, trust, partnership, limited liability company or corporation) and such jurisdiction) otherwise than the mere holding of (but not the enforcement of) such Covered Bond, Receipt or Coupon; or
- (b) to, or to a third party on behalf of, a Holder in respect of whom such tax, duty, assessment or governmental charge is required to be withheld or deducted by reason of the Holder or any other person entitled to payments under the Covered Bonds being a person with whom the Issuer is not dealing at arm’s length (within the meaning of the *Income Tax Act* (Canada)) or being a person who is, or does not deal at arm’s length with any person who is, a “specified shareholder” of the Issuer for purposes of the thin capitalization rules in the *Income Tax Act* (Canada); or
- (c) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN council meeting of November 26-27, 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directives; or
- (d) where such withholding or deduction is imposed pursuant to sections 1471 through 1474 of the Code, U.S. Treasury regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto (“FATCA”); or
- (e) presented for payment by or on behalf of a Holder who would be able to avoid such withholding or deduction by presenting the relevant Covered Bond, Receipt or Coupon to another Paying Agent in a member state of the European Union; or
- (f) presented for payment more than 30 days after the Relevant Date except to the extent that the Holder thereof would have been entitled to such additional amount on presenting the same for payment on the thirtieth such day; or
- (g) to, or to a third party on behalf of, a Holder who is liable for such taxes, duties, assessments or other governmental charges by reason of such Holder’s failure to comply with any certification, identification, documentation or other reporting requirement concerning the nationality, residence, identity or connection with Canada of such Holder, if (i) compliance is required by law as a precondition to, exemption from, or reduction in the rate of, the tax, assessment or other governmental charge and (ii) the Issuer has given Holders at least 30 days’ notice that Holders will be required to provide such certification, identification, documentation or other requirement; or
- (h) in respect of any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment or governmental charge; or
- (i) where any combination of items (a) –(h) applies;

nor will such additional amounts be payable with respect to any payment in respect of the Covered Bonds, Receipts and Coupons to a holder that is a fiduciary or partnership or to any person other than the sole beneficial owner of such Covered Bond, Receipt or Coupon to the extent that the beneficiary or seller with respect to such fiduciary, or member of such partnership or beneficial owner thereof would not have been entitled to receive a payment of such additional amounts had such beneficiary, seller, member or beneficial owner received directly its beneficial or distributive share of such payment. For the purposes of this Condition 8.01, the term “**Holder**” shall be deemed to refer to the beneficial holder for the time being of the Covered Bonds.

8.02 For the purposes of these Terms and Conditions, the “**Relevant Date**” means, in respect of any Covered Bond, Receipt or Coupon, the date on which payment thereof first become due and payable, or, if the full amount of the moneys payable has not been received by the Issuing and Paying Agent, or as the case may be, the Registrar on or prior to such due date, the date on which, the full amount of such moneys shall have been so received and notice to that effect shall have been duly given to the Holders in accordance with Condition 14.

8.03 If the Issuer and/or the Guarantor become subject generally at any time to any taxing jurisdiction other than or in addition to Canada, references in Condition 6.02, Condition 8.01 and Condition 8.05, as applicable, to Canada shall be read and construed as references to Canada and/or to such other jurisdiction(s).

8.04 Any reference in these Terms and Conditions to any payment due in respect of the Covered Bonds, Receipts or Coupons shall be deemed to include any additional amounts which may be payable under this Condition 8. Unless the context otherwise requires, any reference in these Terms and Conditions to “principal” shall include any premium payable in respect of a Covered Bond, any Instalment Amount or Final Redemption Amount, any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds and any other amounts in the nature of principal payable pursuant to these Terms and Conditions and “interest” shall include all amounts payable pursuant to Condition 5 and any other amounts in the nature of interest payable pursuant to these Terms and Conditions.

8.05 Should any payments made by the Guarantor under the Covered Bond Guarantee be subject to any withholding or deduction for or on account of taxes or duties of whatever nature imposed or levied by or on behalf of Canada, any province or territory or political sub-division thereof or by any authority or agency therein or thereof having power to tax or, in the case of Covered Bonds, Receipts or Coupons issued by a branch of the Issuer located outside Canada, the country in which such branch is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax, the Guarantor will not be obliged to pay any additional amounts as a consequence.

9 Payments

Payments—Bearer Covered Bonds

9.01 Conditions 9.02 to 9.06 are applicable in relation to Bearer Covered Bonds.

9.02 Payment of amounts (other than interest) due in respect of Bearer Covered Bonds will be made against presentation and (save in the case of partial payment or payment of an Instalment Amount other than the final Instalment Amount) surrender of the relevant Bearer Covered Bonds at the specified office of any of the Paying Agents.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Covered Bond which is a Bearer Definitive Covered Bond with Receipts will be made against presentation of the Covered Bond together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Covered Bond to which they relate will not represent any obligation of the Issuer. Accordingly, the presentation of a Covered Bond without the relevant Receipt or the presentation of a Receipt without the Covered Bond to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

9.03 Payment of amounts in respect of interest on Bearer Covered Bonds will be made:

- (a) in the case of a Temporary Global Covered Bond or Permanent Global Covered Bond, against presentation of the relevant Temporary Global Covered Bond or Permanent Global Covered Bond at the specified office of any of the Paying Agents outside (unless Condition 9.04 applies) the United States and, in the case of a Temporary Global Covered Bond, upon due certification as required therein;
- (b) in the case of Bearer Definitive Covered Bonds without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Bearer Definitive Covered Bonds at the specified office of any of the Paying Agents outside (unless Condition 9.04 applies) the United States; and
- (c) in the case of Bearer Definitive Covered Bonds delivered with Coupons attached thereto at the time of their initial delivery, against surrender of the relevant Coupons or, in the case of interest due otherwise than on an Interest Payment Date, against presentation of the relevant Bearer Definitive Covered Bonds, in either case at the specified office of any of the Paying Agents outside (unless Condition 9.04 applies) the United States.

9.04 Notwithstanding the foregoing (and in relation to payments in U.S. dollars only), payments of amounts due in respect of interest on the Bearer Covered Bonds and exchanges of Talons for Coupon sheets in accordance with Condition 9.06 will not be made at the specified office of any Paying Agent in the United States (as defined in the Code and Regulations thereunder) unless (i) payment in full of amounts due in respect of interest on such Covered Bonds when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (ii) such payment or exchange is permitted by applicable United States law. If clauses (i) and (ii) of the previous sentence apply, the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

9.05 Each Bearer Definitive Covered Bond initially delivered with Coupons, Talons or Receipts attached thereto should be presented and, save in the case of partial payment of the Redemption Amount, surrendered for final redemption together with all unmatured Receipts, Coupons and Talons relating thereto, failing which:

- (a) the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing Coupon which the Redemption Amount paid bears to the Redemption Amount due) relating to Bearer Definitive Covered Bonds that are Fixed Rate Covered Bonds or bear interest in fixed amounts will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within two years of the Relevant Date applicable to payment of such Redemption Amount (whether or not the Issuer's obligation to make payment in respect of such Coupon would otherwise have ceased under Condition 10);
- (b) all unmatured Coupons relating to such Bearer Definitive Covered Bonds that are Floating Rate Covered Bonds or that bear interest in variable amounts (whether or not such Coupons are surrendered therewith) shall become void and no payment shall be made thereafter in respect of them;
- (c) in the case of Bearer Definitive Covered Bonds initially delivered with Talons attached thereto, all unmatured Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them; and
- (d) in the case of Bearer Definitive Covered Bonds initially delivered with Receipts attached thereto, all Receipts relating to such Covered Bonds in respect of a payment of an Instalment Amount which (but for such redemption) would have fallen due on a date after such due date for redemption (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them.

The provisions of paragraph (a) of this Condition 9.05 notwithstanding, if any Bearer Definitive Covered Bonds should be issued with a Final Maturity Date and Rate or Rates of Interest such that, on the presentation for payment of any such Bearer Definitive Covered Bond without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (a) to be deducted would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Bearer Definitive Covered Bond, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (a) in respect of such Coupons as have not so become void, the amount required by paragraph (a) to be deducted would not be greater than the Redemption Amount otherwise due for payment.

Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Bearer Definitive Covered Bond to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

9.06 In relation to Bearer Definitive Covered Bonds initially delivered with Talons attached thereto, on or after the Interest Payment Date of the final Coupon comprised in any Coupon sheet, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 9.04 applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 10 below. Each Talon shall, for the purpose of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relevant Coupon sheet matures.

Payments—Registered Covered Bonds

9.07 Condition 9.08 is applicable in relation to Registered Covered Bonds.

9.08 Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Covered Bond (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Covered Bond at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by electronic transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the register (the “**Register**”) of holders of the Registered Covered Bonds maintained by the Registrar at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a “Designated Account” or (ii) the principal amount of the Covered Bonds held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, “**Designated Account**” means the account (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a “**Designated Bank**” and identified as such in the Register and Designated Bank means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency

(which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Covered Bond (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the Business Day in the city where the specified office of the Registrar is located on the relevant due date to the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register at the close of business on (i) the first Clearing System Business Day (in relation to Global Covered Bonds), where “Clearing System Business Day” means (x) Monday to Friday inclusive except December 25 and January 1 in the case of Global Covered Bonds held in Euroclear and/or Clearstream, Luxembourg and (y) “Business Day” as defined in Condition 5.09 in the case of Global Covered Bonds held in any other Clearing System; and (ii) the fifteenth day (in relation to Registered Definitive Covered Bonds), whether or not such fifteenth day is a Business Day, before the relevant due date (the “**Record Date**”) at the holder’s address shown in the Register on the Record Date and at the holder’s risk. Upon application of the holder to the specified office of the Registrar not less than three Business Days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Covered Bond, the payment may be made by electronic transfer on the due date in the manner provided in the preceding paragraph. Any such application for electronic transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Covered Bonds which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Covered Bond on redemption and the final instalment of principal will be made in the same manner as payment of the principal in respect of such Registered Covered Bond.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Covered Bonds.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. dollars shall be paid by electronic transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement. None of the Issuer, the Guarantor, the Bond Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments—General Provisions

9.09 Save as otherwise specified in these Terms and Conditions, Conditions 9.10 to 9.14 are applicable in relation to Bearer Covered Bonds and Registered Covered Bonds.

9.10 Payments of amounts due (whether principal, interest or otherwise) in respect of Covered Bonds will be made in the currency in which such amount is due (a) by cheque or (b) at the option of the payee, by transfer to an account denominated in the relevant currency (or in the case of euro, an account to which euro may be credited or transferred) specified by the payee. In the case of Bearer Covered Bonds, if payments are made by transfer, such payments will only be made by transfer to an account maintained by the payee outside of the United States. In no event will payment of amounts due in respect of Bearer Covered Bonds be made by a cheque mailed to an address in the United States. Payments will, without prejudice to the provisions of Condition 8, be subject in all cases to (i) any applicable fiscal or other laws and regulations, and (ii) FATCA.

9.11 For the purposes of these Terms and Conditions:

- (a) “**local banking day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place of presentation of the relevant Covered Bond or, as the case may be, Coupon; and
- (b) “**Payment Day**” means (a) in the case of any currency other than euro, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in the Financial Centre(s) specified in the Final Terms or (b) in the case of payment in euro, a day which is a TARGET2 Business Day and on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in the Financial Centre(s) specified in the Final Terms.

9.12 No commissions or expenses shall be charged to the Holders of Covered Bonds or Coupons in respect of such payments.

9.13 If the due date for payment of any amount due in respect of any Covered Bond is not a Payment Day (as defined in Condition 9.11), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day, and from such day and thereafter will be entitled to receive payment by cheque on any local banking day, and will be entitled to payment by transfer to a designated account on any day which is a local banking day, a Payment Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 5.06 or, if appropriate, Condition 5.10.

9.14 If Covered Bonds are payable in a currency (the “original currency”) other than United States dollars and the original currency is unavailable on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond its control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in United States dollars on the basis of the spot exchange rate determined at such time by the Issuer (the “USD FX Rate”). The USD FX Rate applied in such circumstances could result in a reduced payment to the Holders of Covered Bonds and such payment amount may be zero.

Compensation or Set-off

9.15 Any payments under or pursuant to the Definitive N Covered Bonds shall be made by the Issuer free of compensation or set-off and withholding.

10 Prescription

10.01 Subject to applicable law, the Issuer’s obligation to pay an amount of principal and interest in respect of Covered Bonds will cease if the Covered Bonds or Coupons, as the case may be, are not presented within two years after the Relevant Date (as defined in Condition 8.02) for payment thereof.

10.02 In relation to Bearer Definitive Covered Bonds initially delivered with Talons attached thereto, there shall not be included in any Coupon sheet issued upon exchange of a Talon any Coupon which would be void pursuant to Condition 9.05 or this Condition 10 or the maturity date or due date for the payment of which would fall after the due date for the redemption of the relevant Covered Bond, or any Talon the maturity date of which would fall after the due date for the redemption of the relevant Covered Bond.

11 The Paying Agents, the Registrar, Transfer Agents, the Calculation Agent and the Exchange Agent

11.01 The initial Paying Agents, the Registrar, the Transfer Agents and the Exchange Agent and their respective initial specified offices are specified herein. The Issuer and the Guarantor each reserves the right, without approval of the Bond Trustee, at any time to vary or terminate the appointment of any Paying Agent (including the Issuing and Paying Agent), any Transfer Agent(s), the Registrar, the Exchange Agent or the Calculation Agent and to appoint additional or other Paying Agents, Transfer Agents or another Registrar, Exchange Agent or Calculation Agent provided that the Issuer and the Guarantor will at all times maintain (i) an Issuing and Paying Agent, (ii) in the case of Registered Covered Bonds, a Registrar, (iii) a Paying Agent (which may be the Issuing and Paying Agent) with a specified office in a continental European city, (iv) a Paying Agent in a member state of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN council meeting of November 26-27, 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directives, (v) so long as the Covered Bonds are admitted to the Official List and to trading on the Irish Stock Exchange and/or admitted to listing or trading on any other stock exchange or relevant authority, a Paying Agent (in the case of Bearer Covered Bonds) and a Transfer Agent (in the case of Registered Covered Bonds), which may in either case be the Issuing and Paying Agent, each with a specified office in London and/or in such other place as may be required by the rules of such other stock exchange or other relevant authority, (vi) in the circumstances described in Condition 9.04, a Paying Agent with a specified office in New York City, (vii) a Calculation Agent where required by the Terms and Conditions applicable to any Covered Bonds, and (viii) so long as any of the Registered Global Covered Bonds payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent with a specified office in the United States (in the case of (i), (ii), (iii) and (vii) with a specified office located in such place (if any) as may be required by the Terms and Conditions). The Agents, the Registrar and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office in the same metropolitan area. Notice of all changes in the identities or specified offices of any Agent, the Registrar or the Calculation Agent will be given promptly by the Issuer or the Guarantor to the Holders in accordance with Condition 14.

11.02 The Agents, the Registrar and the Calculation Agent act solely as agents of the Issuer and the Guarantor and, in certain circumstances of the Bond Trustee, and save as provided in the Agency Agreement or any other agreement entered into with respect to its appointment, do not assume any obligations towards or relationship of agency or trust for any Holder of any Covered Bond, Receipt or Coupon and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

11.03 Notwithstanding the foregoing, the Issuing and Paying Agent, on behalf of itself and the other Paying Agents, shall have the right to decline to act as the Paying Agent with respect of any Covered Bonds issued pursuant to the Programme that are payable and/or dischargeable by the Issuer by the payment or delivery of securities and/or other property or any combination of cash, securities and/or property whereupon the Issuer or an affiliate thereof shall either (i) act as Paying Agent or (ii) engage another financial institution to act as Paying Agent in respect of such Covered Bonds. The Final Terms relating to such Covered Bonds shall include the relevant details regarding the applicable Paying Agent.

12 Replacement of Covered Bonds

If any Covered Bond, Receipt or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent or any Paying Agent (in the case of Bearer Covered Bonds and Coupons) or of the Registrar or any Transfer Agent (in the case of Registered Covered Bonds) (the “**Replacement Agent**”), subject to all applicable laws and the requirements of any stock exchange on which the Covered Bonds are listed, upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may require. Mutilated or defaced Covered Bonds, Receipts and Coupons must be surrendered before replacements will be delivered therefor.

13 Meetings of Holders of the Covered Bonds, Modification and Waiver

The Trust Deed contains provisions for convening meetings of the holders of the Covered Bonds to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Terms and Conditions or the provisions of the Trust Deed. The quorum at any such meeting in respect of any Covered Bonds of any Series for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing holders of the Covered Bonds whatever the nominal amount of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes the modification of any Series Reserved Matter (as defined below), the quorum shall be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. An Extraordinary Resolution passed at any meeting of the holders of the Covered Bonds of a Series shall, subject as provided below, be binding on all the holders of the Covered Bonds of such Series, whether or not they are present at the meeting, and on all Receipholders and Couponholders in respect of such Series of Covered Bonds. Pursuant to the Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto *mutatis mutandis*.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 7 or to direct the Bond Trustee to take any enforcement action (a “**Programme Resolution**”) shall only be capable of being passed at a single meeting of the holders of the Covered Bonds of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Guarantor or the Bond Trustee or by holders of the Covered Bonds of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the nominal amount of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the holders of the Covered Bonds of all Series shall be binding on all holders of the Covered Bonds of all Series, whether or not they are present at the meeting, and on all related Receipholders and Couponholders in respect of such Series of Covered Bonds.

In connection with any meeting of the holders of Covered Bonds of more than one Series the Covered Bonds of any Series not denominated in euros shall be converted into euros at the applicable Covered Bond Swap Rate.

The Bond Trustee, the Guarantor and the Issuer may also agree, without the consent of the holders of the Covered Bonds, Receipholders or Couponholders of any Series and without the consent of the other Secured Creditors (and for this purpose the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter), to:

- (a) any modification of the Covered Bonds of one or more Series, the related Receipts and/or Coupons or any Transaction Document provided that in the opinion of the Bond Trustee such modification is not materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series; or
- (b) any modification of the Covered Bonds of any one or more Series, the related Receipts and/or Coupons or any Transaction Document which is of a formal, minor or technical nature or is in the opinion of the Bond Trustee made to correct a manifest error or to comply with mandatory provisions of law.

The Bond Trustee may also agree, without the consent of the holders of the Covered Bonds of any Series, the related Receiptholders and/or Couponholders, to the waiver or authorization of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series, or determine, without any such consent as described above, that any Issuer Event of Default or Guarantor Event of Default or Potential Issuer Event of Default or Potential Guarantor Event of Default shall not be treated as such, provided that, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series.

Any such modification, waiver, authorization or determination shall be binding on all holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding, the related Receiptholders and the Couponholders and the other Secured Creditors, and unless the Bond Trustee otherwise agrees, any such modification shall be notified by the Issuer to the holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding and the other Secured Creditors in accordance with the relevant terms and conditions as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorization or determination), the Bond Trustee shall have regard to the general interests of the holders of the Covered Bonds of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual holders of the Covered Bonds, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual holders of the Covered Bonds, the related Receiptholders, Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee shall not be entitled to require, nor shall any holder of the Covered Bonds, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Guarantor, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual holders of the Covered Bonds, Receiptholders and/or Couponholders, except to the extent already provided for in Condition 8 and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

For the purposes of these Terms and Conditions:

“Potential Issuer Event of Default” means any condition, event or act which, with the lapse of time and/ or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

“Potential Guarantor Event of Default” means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a Guarantor Event of Default; and

“Series Reserved Matter” in relation to Covered Bonds of a Series means: (i) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds; (ii) alteration of the currency in which payments under the Covered Bonds, Receipts and Coupons are to be made; (iii) alteration of the majority required to pass an Extraordinary Resolution; (iv) any amendment to the Covered Bond Guarantee or the Security Agreements (except in a manner determined by the Bond Trustee not to be materially prejudicial to the interests of the holders of the Covered Bonds of any Series); (v) except in accordance with Condition 13, the sanctioning of any such scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/or other obligations and/or securities as described above and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the holders of the Covered Bonds to execute an instrument of transfer of the Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively; and (vi) alteration of specific sections of the Trust Deed relating to the quorum and procedure required for meetings of holders of Covered Bonds.

14 Notices

To Holders of Bearer Definitive Covered Bonds

14.01 Notices to Holders of Bearer Definitive Covered Bonds will be deemed to be validly given if published in a leading daily newspaper having general circulation in London (which is expected to be the *Financial Times*). The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Covered Bonds are listed. Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Covered Bonds in accordance with this Condition.

To Holders of Registered Definitive Covered Bonds

14.02 Notices to Holders of Registered Definitive Covered Bonds, save where another means of effective communication has been specified herein, will be deemed to be validly given if sent by first class mail (or equivalent) or, if posted to an overseas address, by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Covered Bonds are listed.

To Issuer

14.03 Notices to be given by any holder of Covered Bonds to the Issuer shall be in writing and given by lodging the same, together with the relevant Covered Bond or Covered Bonds, with the Issuing and Paying Agent or the Registrar, as the case may be. While any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any accountholder to the Issuing and Paying Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Global Covered Bonds

14.04 So long as the Covered Bonds are represented in their entirety by any Global Covered Bonds held on behalf of DTC and/or Euroclear and/or Clearstream, Luxembourg, there may be substituted for publication in newspaper(s) (in accordance with Condition 14.01) the delivery of the relevant notice to DTC and/or Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Covered Bonds and, in addition, for so long as any Covered Bonds are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of the stock exchange, or as the case may be, other relevant authority so require, such notice shall be published in a manner which complies with the rules and regulations of that stock exchange, as the case may be, or any other relevant authority. Any such notice shall be deemed to have been given to the holders of the Covered Bonds on the day on which the said notice was given to DTC and/or Euroclear and/or Clearstream, Luxembourg.

15 Further Issues

The Issuer may from time to time, without the consent of the Holders of any Covered Bonds or Coupons, create and issue further Covered Bonds having the same terms and conditions as such Covered Bonds in all respects (or in all respects except for the first payment of interest, if any, on them and/or the Specified Denomination thereof) so as to form a single series with the Covered Bonds of any particular Series.

16 Currency Indemnity

The currency in which the Covered Bonds are denominated or, if different, payable, as specified in the Final Terms (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Covered Bonds, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction or otherwise) by any Holder of a Covered Bond or Coupon in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first day on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of a Covered Bond or Coupon in respect of such Covered Bond or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of a Covered Bond or Coupon and shall continue in full force and effect despite any judgement, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Covered Bonds or any judgement or order. Any such loss shall be deemed to constitute a loss suffered by the relevant Holder of a Covered Bond or Coupon and no proof or evidence of any actual loss will be required by the Issuer.

17 Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Covered Bond, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

18 Substitution

Subject as provided in the Trust Deed, the Bond Trustee, if it is satisfied that to do so would not be materially prejudicial to the interests of the holders of the Covered Bonds, may agree, without the consent of the holders of the Covered Bonds, Receiptholders or Couponholders, to the substitution of a Subsidiary of the Issuer in place of the Issuer as principal debtor under the Covered Bonds and the Trust Deed, provided that the obligations of such Subsidiary in respect of the Covered Bonds and the Trust Deed shall be guaranteed by the Issuer in such form as the Bond Trustee may require.

Any substitution pursuant to this Condition 18 shall be binding on the holders of the Covered Bonds, the Receiptholders and the Couponholders and, unless the Bond Trustee agrees otherwise, shall be notified to the holders of the Covered Bonds as soon as practicable thereafter in accordance with Condition 14.

It shall be a condition of any substitution pursuant to this Condition 18 that (i) the Covered Bond Guarantee shall remain in place or be modified to apply *mutatis mutandis* and continue in full force and effect in relation to any Subsidiary of the Issuer which is proposed to be substituted for the Issuer as principal debtor under the Covered Bonds and the Trust Deed; and (ii) any Subsidiary of the Issuer which is proposed to be substituted for the Issuer is included in the Registry as a registered issuer and that all other provisions of the Covered Bond Legislative Framework and the CMHC Guide are satisfied prior to the substitution of the Issuer.

19 Rating Agency Confirmation

19.01 By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that a credit rating of a Series of Covered Bonds by the Rating Agencies is an assessment of credit risk and does not address other matters that may be of relevance to holders of Covered Bonds, including, without limitation, (i) in the case of each Rating Agency other than Fitch, confirmation in writing by such Rating Agency that any action proposed to be taken by the Issuer, the Guarantor, the Seller, the Servicer, the Cash Manager, the Bond Trustee or any other party to a Transaction Document will not result in a reduction or withdrawal of the rating of the Covered Bonds in effect immediately before the taking of such action, and (ii) in the case of Fitch, at least 5 Business Days' prior written notice of any action proposed to be taken by the Issuer, the Guarantor, the Seller, the Servicer, the Cash Manager, the Bond Trustee or any other party to a Transaction Document shall have been provided to Fitch, (in each case, a "**Rating Agency Confirmation**"), whether such action is either (i) permitted by the terms of the relevant Transaction Document or (ii) in the best interests of, or not prejudicial to, some or all of the holders of Covered Bonds.

19.02 In being entitled to have regard to the fact that a Rating Agency has confirmed that the then current rating of the relevant Series of Covered Bonds would not be reduced or withdrawn, each of the Issuer, the Guarantor, the Bond Trustee, and the Secured Creditors (including the Holders of Covered Bonds) is deemed to have acknowledged and agreed that a Rating Agency Confirmation does not impose or extend any actual or contingent liability on the Rating Agencies to the Issuer, the Guarantor, the Bond Trustee, the Secured Creditors (including the Holders of Covered Bonds) or any other person or create any legal relations between the Rating Agencies and the Issuer, the Guarantor, the Bond Trustee, the Secured Creditors (including the Holders of Covered Bonds) or any other person whether by way of contract or otherwise.

19.03 By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that:

- (a) a Rating Agency Confirmation may or may not be given at the sole discretion of each Rating Agency;
- (b) depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a Rating Agency Confirmation in the time available, or at all, and the Rating Agency shall not be responsible for the consequences thereof;
- (c) a Rating Agency Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time, and in the context of cumulative changes to the transaction of which the Covered Bonds forms a part; and
- (d) a Rating Agency Confirmation represents only a restatement of the opinions given, and shall not be construed as advice for the benefit of any holder of Covered Bonds or any other party.

19.04 If a Rating Agency Confirmation or some other response by a Rating Agency is a condition to any action or step or is otherwise required under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to that Rating Agency by any of the Issuer, the Guarantor and/or the Bond Trustee, as applicable (each a "**Requesting Party**"), and either (i) the Rating Agency indicates that it does not consider such confirmation or response necessary in the circumstances or (ii) within 10 Business Days of actual receipt of such request by the Rating Agency, such request elicits no confirmation or response and/or such request elicits no statement by the Rating Agency that such confirmation or response could not be given, the Requesting Party will be entitled to disregard the requirement for a Rating Agency Confirmation or affirmation of rating

or other response by the Rating Agency and proceed on the basis that such confirmation or affirmation of rating or other response by the Rating Agency is not required in the particular circumstances of the request. The failure by a Rating Agency to respond to a written request for a confirmation or affirmation shall not be interpreted to mean that such Rating Agency has given any deemed Rating Agency Confirmation or affirmation of rating or other response in respect of such action or step.

20 Indemnification of Bond Trustee and Bond Trustee contracting with the Issuer and/or the Guarantor

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Bond Trustee shall not exercise such power, trust, authority or discretion without the approval by Extraordinary Resolution of such holders of the relevant Series of Covered Bonds then outstanding or by a direction in writing of such holders of the Covered Bonds of at least 25 per cent of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The Trust Deed and the Security Agreements contain provisions for the indemnification of the Bond Trustee and for relief from responsibility, including provisions relieving the Bond Trustee from taking any action unless indemnified and/or secured to the satisfaction of the Bond Trustee. The Trust Deed and the Security Agreements also contain provisions pursuant to which the Bond Trustee is entitled, among other things: (i) to enter into business transactions with the Issuer, the Guarantor and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Guarantor and/or any of their respective Subsidiaries and affiliates; (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the holders of the Covered Bonds, Receiptholders or Couponholders or the other Secured Creditors; and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Bond Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Loans or Related Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organizations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Bond Trustee. The Bond Trustee will not be responsible for: (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and the Bond Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Covered Bond Portfolio, including, without limitation, whether the Covered Bond Portfolio is in compliance with the Asset Coverage Test and/or the Amortization Test; or (iv) monitoring whether Loans and their Related Security satisfy the Eligibility Criteria. The Bond Trustee will not be liable to any holder of the Covered Bonds or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Transaction Documents.

21 Law and Jurisdiction

The Trust Deed, Agency Agreement, the Covered Bonds and Receipts, Coupons and Talons related thereto and the other Transaction Documents, except for the Origination Hypothecary Loan Sale Agreements, the Subservicing Agreement and certain Security Agreements, are governed by and shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. The Origination Hypothecary Loan Sale Agreements may be governed by and construed in accordance with the laws of the Province of Ontario or the laws of the Province of Québec and the federal laws of Canada applicable therein. The Subservicing Agreement and certain Security Agreements are governed by and shall be construed in accordance with the laws of the Province of Québec and the federal laws of Canada applicable therein.

22.06 *Transfer:*

Except as ordered by a court of competent jurisdiction or as required by law, the Issuer, any applicable Agents and the Registrar shall deem and treat the registered Holder of a Definitive N Covered Bond as the absolute Holder thereof and of the rights evidenced thereby.
- (b) The rights of the Holder evidenced by a Definitive N Covered Bond and title to a Definitive N Covered Bond itself shall be transferred upon the surrender of a Definitive N Covered Bond, together with the form of assignment and notification duly completed and executed, at the specified office of the Registrar. In the case of a transfer of a Definitive N Covered Bond, a new Definitive N Covered Bond will be issued to the transferee upon request of the transferee.
- (c) Each new Definitive N Covered Bond to be issued upon transfer of a Definitive N Covered Bond will, within seven Business Days of delivery of such Definitive N Covered Bond and the duly completed and executed form of assignment and notification, be available for collection at the specified office of the Registrar or, at the request of the Holder making such delivery and as specified in the relevant form of assignment, be mailed at the risk of the new Holder entitled to the new Definitive N Covered Bond to such address as may be specified in the form of assignment.
- (d) Transfers will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment (or the giving of such indemnity as may be required from the Issuer, any applicable Agents or the Registrar) in respect of any tax, duty or other charges which may be imposed in relation to it.
- (e) A Holder may not transfer a Definitive N Covered Bond (i) during the 15 Business Day period prior to the Final Maturity Date (and the 15 Business Day period prior to the Extended Due for Payment Date, as applicable) or (ii) after such Definitive N Covered Bond has been called for redemption.

Accordingly, any person making or intending to make an offer in any Relevant Member State of the Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. See “Certain Investment Company Act Considerations” in the Prospectus dated [].

DESJARDINS GROUP

The information appearing below is supplemented by the more detailed information contained in the documents incorporated by reference in the Base Prospectus. See Paragraphs (c) (d), (e), (h), and (i) of the section entitled “Documents Incorporated by Reference”.

Founded in 1900, the Desjardins Group is an institutional network of financial services cooperatives. It is the leading cooperative financial group in Canada. The organization brings together approximately 335 caisses in Québec and Ontario, the Fédération des caisses Desjardins du Québec and its subsidiaries (including Capital Desjardins Inc.), Caisse centrale, La Fédération des caisses populaires de l'Ontario Inc. and the Fonds de sécurité Desjardins. A number of its subsidiaries and components are active across Canada. Desjardins Group's "Personal Services and Business and Institutional Services", "Wealth Management and Life and Health Insurance", and "Property and Casualty Insurance" business segments offer a full range of financial products and services to members and clients, individuals and businesses alike, providing a customized response to their needs. As one of the largest employers in Canada, Desjardins Group builds on the skills of its almost 45,000 employees and the commitment of more than 5,000 elected officers. The Desjardins Group is not a legal entity itself but is the term used to describe the numerous legal entities that form the group, as more fully described in this section.

The Québec caisses are autonomous legal entities organized as financial services cooperatives governed by *An Act respecting financial services cooperatives* (Québec) (the “**Caisses Act**”) and grouped together as members of the Federation. Under the Caisses Act, every Québec caisse must be a member of the Federation to be constituted initially and to maintain its existence. The caisses are grouped together as members of the Federation and, together with the Federation, form a network of financial services cooperatives. As a general rule, the activities of a caisse are exercised mainly with and for its members, which are either individuals or entities that open an account and purchase a qualifying share of the caisse. In general, the members of the caisses are residents of Canada. Desjardins Group also includes La Fédération des caisses populaires de l'Ontario Inc., and its member caisses, Fonds de sécurité Desjardins, Capital Desjardins Inc., Groupe Technologies Desjardins Inc., Desjardins Financial Holding Inc. and its subsidiaries, namely, Desjardins Financial Security Life Assurance Company, Desjardins General Insurance Group Inc., Desjardins Global Asset Management Inc., Desjardins Trust Inc., Desjardins Securities Inc. and Western Financial Group Inc.

The Federation is a distinct legal entity, which is governed by the Constituent Legislation and the Caisses Act, and acts as the coordinating organization of its member caisses and the affiliated institutions and entities of Desjardins Group, including Caisse centrale. In this capacity, the Federation, on behalf of its member caisses, is the primary counterparty to Caisse centrale in connection with Caisse centrale's funding, hedging and other services to the caisse network. It promotes the development and efficiency of its member caisses by providing them with various technical, administrative and financial services. The Federation also acts as a control and supervisory body over Caisse centrale and the caisse network. The Constituent Legislation and the Caisses Act confer broad rule-making powers upon the Federation, in particular with respect to its member caisses' (including Caisse centrale) adequacy of capital base, reserves, liquid assets, and their credit and investment activities. The Federation is responsible for inspecting and auditing the caisses. The Federation is managed by its Board of Directors and the Board of Ethics and Professional Conduct in the manner contemplated by the Constituent Legislation and the Caisses Act. The Autorité des marchés financiers (Québec) is the governmental regulatory agency responsible for the annual inspection and supervision of Desjardins Group and Caisse centrale's financial disclosure controls and procedures.

The Issuer, as treasurer and financial agent of the Desjardins Group, plays an important function within the Desjardins Group. As a result, through an equity maintenance agreement (the “**EMA**”), the Federation and the Fédération des caisses populaires de l'Ontario Inc., as members that hold shares of Caisse centrale's capital stock and are part of the Desjardins Group, have formally undertaken to maintain Caisse centrale's capital base at a level that satisfies the requirements for a domestic systemically important financial institution set by the Autorité des marchés financiers (Québec) namely, at a percentage level corresponding to: (i) the minimum required assets-to-capital ratio plus 0.5%; (ii) the minimum required Tier 1a capital ratio for a domestic systemically important financial institution (which is 8%); (iii) the minimum required Tier 1 capital ratio for a domestic systemically important financial institution (which is 9.5%); and (iv) the minimum required total capital ratio for a domestic systemically important financial institution (which is 11.5%). The members of Caisse centrale, in turn, depend on interest and other payments from their respective member caisses and the other members of the Desjardins Group for their income and also have the power to make capital calls on their respective member caisses where necessary and as applicable. The EMA and Caisse centrale's role in the Desjardins Group enables Caisse centrale to achieve higher credit ratings than would otherwise apply to it as a stand-alone entity. The Desjardins Group is also important to Caisse centrale in that a significant portion of Caisse centrale's cash flow and income is derived from its loans and other relationships with the Federation and to a lesser degree other members of the Desjardins Group. Accordingly, while the Federation and the other members of the Desjardins Group in no way guarantee any payments under the Covered Bonds, the Desjardins Group's overall strength is nonetheless important information for investors.

For a detailed description of the Desjardins Group performance, please see the DG 2014 Combined Financial Statements and the DG 2014 MD&A, each incorporated by reference in this Base Prospectus.

Recent Developments

On January 1, 2015, Desjardins Group completed the purchase of all the Canadian property and casualty (“**P&C**”) and life and health insurance businesses of State Farm Mutual Automobile Insurance Company (“**State Farm**”), as well as the shares of its Canadian mutual fund, loan and living benefits companies. As a result of this acquisition, Desjardins Group has become the second largest P&C insurance provider in Canada, with a projected increase of approximately \$1.7 billion in annual gross written premiums in 2015. This acquisition will further allow Desjardins Group to increase its life and health insurance subsidiary’s annual gross written premiums by roughly \$140 million in 2015. The transaction also improved Desjardins’s geographic diversification of earnings and risk while providing a competitive advantage of scale and strengthening its position on the Canadian market. More than 1,900 employees in Canada and a network of close to 500 agents joined Desjardins Group on January 1, 2015, and continue to serve over 1.2 million customers in Ontario, Alberta and New Brunswick. State Farm and Desjardins Group entered into a transitional service agreement regarding the newly acquired State Farm Canadian operations for an agreed period and essentially on the same terms and conditions that these services had been offered in Canada from the United States before the closing of the transaction. State Farm invested \$450 million in non-voting preferred shares of Desjardins Group’s P&C insurance subsidiaries, which include the newly acquired State Farm Canadian operations. In addition, Groupe des Assurances du Crédit Mutuel S.A. invested \$200 million in these subsidiaries’ common shares, non-voting preferred shares and subordinated notes. Lastly, Desjardins Group allocated approximately \$700 million in capital to support growth in its P&C insurance segment.

LA CAISSE CENTRALE DESJARDINS DU QUÉBEC

The information appearing below is supplemented by the more detailed information contained in the documents incorporated by reference in the Base Prospectus. See Paragraphs (a), (b), (c), (f) and (g) of the section entitled “Documents Incorporated by Reference”.

History and Development of the Issuer

Caisse centrale, established on June 22, 1979, is a financial services cooperative governed by *An Act respecting the Mouvement Desjardins* (Québec) (the “**Constituent Legislation**”) and by the Caisses Act. Caisse centrale may also identify itself under the name of “Caisse centrale Desjardins”.

Caisse centrale is part of the Desjardins Group. The shares of the capital stock of Caisse centrale are held primarily by the Federation, the coordinating organisation of the caisses and the affiliated institutions and subsidiaries of Desjardins Group, including Caisse centrale, which, with its member caisses (the “caisses”), is a full member of Caisse centrale.

The registered head office and principal place of business of Caisse centrale is located at 1170 Peel Street, Suite 600, Montréal, Québec, Canada, H3B 0B1 and the telephone contact number is + (514) 281-7070. Caisse centrale also maintains administrative offices at 25 York Street, Suite 1000, Toronto, Ontario, Canada, M5J 2V5 and at 110 9th Avenue S.W., Suite 410, Calgary, Alberta, Canada, T2P 0T1.

Subsidiary

Caisse centrale, through its wholly-owned subsidiary Desjardins FSB Holdings, Inc. (incorporated under the laws of the State of Delaware, USA), holds all (100%) of the capital stock of Desjardins Bank, N.A. and Desjardins Florida Loan Center, Inc. (the former being a national bank chartered under the federal laws of the United States, and the latter being incorporated under the laws of the State of Delaware, USA). Caisse centrale also opened a branch in the State of Florida under the name of Caisse centrale Desjardins U.S. Branch (licensed under the federal laws of the United States).

Regulation and Control

The Autorité des marchés financiers (Québec) is the agency responsible for the supervision, control and annual inspection of Caisse centrale. The Constituent Legislation governs the control exercised by Autorité des marchés financiers (Québec) with regard to the management, transactions and solvency of Caisse centrale as well as in respect of rules on conflicts of interest and self-dealing. Caisse centrale is required to maintain for its operations an adequate capital base to ensure sound and prudent management, in accordance with the standards adopted by the Federation and approved by the Autorité des marchés financiers (Québec). Pursuant to the Constituent Legislation, the standards and policies of the Federation are applicable to Caisse centrale, notably with respect to capitalization and investments.

Caisse centrale’s capital ratios are calculated according to the guideline issued by the Autorité des marchés financiers (Québec) on adequacy of capital base standards applicable to financial services cooperatives. This guideline takes into account the revised framework for international convergence of capital measurement and capital standards (Basel III) issued by the Bank for International Settlements. The Basel III regulatory framework increases capital requirements. Caisse centrale must maintain a Tier 1a capital ratio of 7%. In addition, the Tier 1 capital ratio and the total capital ratio must be greater than 8.5 and 10.5%, respectively. These minimum ratios include a capital conservation buffer of 2.5%. The Autorité des marchés financiers (Québec) decided to phase in, since January 1, 2014, measures and requirements related to the regulatory credit valuation adjustment (CVA) charge, as other countries have already done. This phased-in charge will reach 100% by 2019 for each of the capital ratios presented. In 2014, only 57%, 65% and 77% of the total CVA charge was applied to the Tier 1a, Tier 1 and total capital ratios, respectively. This phased allocation will not have a material impact on Caisse centrale’s capitalization.

In addition, Caisse centrale must maintain a minimum capital/asset ratio of 5% under the regulatory requirements. This measure allows Caisse centrale to determine its overall capital adequacy against total assets, including certain off-balance sheet items.

In December 2014, the Autorité des marchés financiers (Québec) issued a guideline update whose amendments were to take effect on January 1, 2015. The update stated that the capital/asset ratio was to be replaced by a new leverage ratio defined as the capital measure (namely Tier 1 capital) divided by the exposure measure. The exposure measure includes: (1) on-balance sheet (OBS) items, (2) securities financing transaction (SFT) exposures, (3) derivative exposures, and (4) off-balance sheet items. According to the guideline, Caisse centrale must comply with a minimum financial leverage ratio of 3%. Caisse centrale has assessed the impacts of this change and currently meets the requirement.

As at December 31, 2014, Tier 1a, Tier 1 and total capital ratios under the Basel III regulatory framework were 13.8%, 13.8% and 14.3%, respectively. The capital/asset ratio was 6.4% as at December 31, 2014, unchanged from December 31, 2013. Caisse centrale's prudent capital management is further reflected in the quality of the credit ratings assigned by the various rating agencies.

As of the date of this Base Prospectus, the minimum Tier 1 capital ratio required for institutions to meet the Autorité des marchés financiers (Québec) regulatory requirements to be considered sufficiently capitalized is 8.5%. In addition, the Tier 1a capital ratio must at least be above 7%, which percentage includes a 2.5% capital conservation buffer. Lastly, the total capital ratio must be above 10.5%, which percentage includes a 2.5% capital conservation buffer. The total capital ratio determines overall capital adequacy against an entity's total assets, including certain off-balance sheet items. Furthermore through an equity maintenance agreement, the Federation des caisses Desjardins du Québec and the Federation des caisses populaires de l'Ontario Inc., as the members that hold shares of Caisse centrale's capital stock (and are part of Desjardins Group) have formally undertaken to maintain Caisse centrale's capital base at a level that satisfies the requirements for a domestic systemically important financial institution set by the Autorité des marchés financiers (Québec) (see "Desjardins Group"). The capital/asset ratio was 6.4% as at December 31, 2014, under Basel III, unchanged from December 31, 2013. The high level of Tier 1 capital accordingly demonstrates Caisse centrale's financial strength, even in a challenging economic environment. In June 2013, the Autorité des marchés financiers (Québec) determined that Desjardins Group met the criteria to be designated a domestic systemically important financial institution ("**D-SIFI**"). As a D-SIFI, beginning on January 1, 2016 Desjardins Group will be subject to an additional Tier 1a capital requirement corresponding to 1% of risk-weighted assets. Therefore, from January 1, 2016 Desjardins Group's Tier 1a capital target will be 8%. In addition, the Office of the Superintendent of Financial Institutions has determined that Canada's six largest financial institutions meet the criteria for designation as domestic systemically important financial institutions. They will therefore be subject to the same capital targets as Desjardins Group from January 1, 2016.

As at December 31, 2014, total assets of Caisse centrale stood at \$44.3 billion, up \$9.5 billion since December 31, 2013.

Desjardins Bank N.A. is chartered and supervised by the Office of the Comptroller of the Currency of the United States. As a bank holding company, the operations of Caisse centrale in the United States are subject to the supervisory and regulatory authority of the Board of the Governors of the Federal Reserve System under the *International Banking Act* of 1978. In accordance with the Federal Reserve's policies, Caisse centrale must serve as a source of financial and managerial strength for Desjardins Bank N.A. U.S. federal laws limit the ability of Desjardins Bank N.A. to engage in certain transactions (such as loans), which means Caisse centrale may be required to commit resources to support Desjardins Bank N.A., even if doing so may adversely affect Caisse centrale's ability to meet its other obligations with the affiliated entities of the Desjardins Group as defined under U.S. law. Any such transactions with a single affiliate are limited to an amount equal to 10% of Desjardins Bank N.A.'s capital stock and surplus and the aggregate of all such transactions with all affiliates may not exceed an amount equal to 20% of its capital stock and surplus. These transactions must also be on terms at least as favourable to Desjardins Bank N.A. as those conducted with non-affiliates, and may be subject to collateral requirements. Caisse centrale Desjardins U.S. Branch is also licensed with and supervised by the Office of the Comptroller of the Currency under the provisions of the *International Banking Act* of 1978 of the United States.

Principal Business

Caisse centrale is a cooperative institution which offers financial services to the Desjardins Group, governments, public and parapublic sector institutions, individuals as well as medium-sized and large businesses. It serves the needs of the Federation, the caisses and the other entities of the Desjardins Group. Caisse centrale's mandate is to provide institutional funding for the Desjardins caisses network and to act as financial agent, mainly by supplying interbank exchange services, including clearing house settlements. Caisse centrale's activities on the Canadian and international markets complement those of the other entities of the Desjardins Group. Caisse centrale had 431 employees as at December 31, 2014.

Caisse centrale conducts its activities in three segments. Each segment offers different services and uses separate strategies:

Business and Institutional Services

This is the segment responsible for developing and marketing services offered to businesses. It is also responsible for distributing a range of financial products and services, such as financing in the form of lines of credit and term loans to public and parapublic agencies, as well as to businesses. This segment also includes trans-border financings to clients of the U.S. branch. In the corporate market, where Caisse centrale focuses on the service and manufacturing sectors, many of its teams specialize in agrifood, forest products, communications, energy, real estate, steel and transportation.

Desjardins Group Treasury

Caisse centrale acts as the financial agent and treasurer of the Desjardins Group. Caisse centrale is the Desjardins Group's direct clearer at the Canadian Payments Association and at The Canadian Depository for Securities Limited which provide clearing settlements for payment instruments and securities transactions in Canada.

Caisse centrale supplies Desjardins Group with refinancing and also provides various treasury products. It obtains its funds principally from depositors from the short-, medium- and long-term Canadian and international capital markets. Under the Constituent Legislation, Caisse centrale may not receive deposits from individuals. The Desjardins Group Treasury segment also manages Caisse centrale's assets and liabilities, manages securities and derivative instrument portfolios, and manages cash for Desjardins Group. In fact, as treasurer for Desjardins Group, Caisse centrale develops and implements liquidity management and asset-liability matching strategies.

Furthermore, this segment procures financing in the form of credit margins and term loans to members and other entities included in the scope of consolidation of Desjardins Group.

Other

Caisse centrale offers U.S. banking services, through Desjardins FSB Holdings Inc., its retail banking subsidiary in the United States.

Competition

Caisse centrale primarily competes in the capital markets and the financing markets.

Capital markets

In the capital markets, Caisse centrale competes on two fronts. It competes with other institutional issuers (corporate, government and financial issuers) for raising funds among institutional investors. Caisse centrale is active on both short and long term markets. It has funding programmes in place in Canada, the United States and Europe. Caisse centrale also offers treasury and derivative products to its corporate and institutional clients (in the domestic market) and as such competes with other providers of these products, notably the major Canadian financial institutions. By major Canadian financial institutions Caisse centrale refers primarily to the "Big Six" Schedule I banks which all have significant capital markets operations that constitute the bulk of the Canadian market.

Financing markets

Caisse centrale is active in several financing markets. It is an active participant in the Canadian corporate loan syndication market (with a strong emphasis on the Province of Québec). It also offers loans and banking services to mid-sized companies and public and parapublic institutions, mostly in Québec.

In both markets, it competes with other Canadian financial institutions. Based on its presence in the Province of Québec, Caisse centrale has a significantly higher share of these markets in the Province of Québec than in other provinces where it is a minor player.

Issuer Credit Ratings

The credit ratings assigned to Caisse centrale by rating agencies are instrumental to its access to sources of wholesale financing and the cost of such financing, as well as Desjardins Group's credibility and recognition among institutional investors. Rating agencies assign investment-grade ratings to securities issued by Caisse centrale and recognize the financial strength of Desjardins Group.

On January 23, 2015, Fitch affirmed Caisse centrale's issuer default rating, with a stable outlook due to its capitalization, the quality of its assets and the stability of Desjardins Group's income. This confirmation was announced by Fitch as part of its regular review of Canadian banking institutions.

On April 30, 2015, Moody's affirmed Caisse centrale's credit ratings. The ratings outlook of Caisse centrale as well as for the six largest Canadian banks are negative since June, 2014.

On May 20, 2015, DBRS confirmed the credit ratings of Caisse centrale and of the six largest Canadian banks. DBRS downgraded its outlooks on such ratings from "stable" to "negative".

On June 30, 2015, Standard & Poor's confirmed Caisse centrale's ratings and downgraded its outlooks from "stable" to "negative" for Caisse centrale, as it had done for the six largest Canadian banks in August 2014.

Moody's, DBRS and Standard & Poor's each stated that its decision to downgrade its respective outlooks on the credit ratings of Caisse centrale and the six largest Canadian banks was based on the possible decline in government support to systemically important financial institutions (SIFIs) in connection with the proposed federal "bail in" regime. Although it did not impact Fitch's issuer default rating or stable outlook for Caisse centrale, on May 19, 2015, Fitch downgraded the support ratings and support rating floors for Caisse centrale and the six largest Canadian banks for similar reasons relating to the possible decline in government support for SIFIs and the proposed "bail in" regime.

Caisse centrale's credit ratings therefore continue to be among the best of the major Canadian and international banking institutions.

Each of Caisse centrale's debt securities ratings as at the date of this Base Prospectus are listed below.

Rating Agency	Medium and Long Term Senior Debt	Short Term Senior Debt
Moody's	Aa2	P-1
Standard & Poor's	A+	A-1
Fitch	AA-	F1+
DBRS	AA	R-1 (high)

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the issuing rating agency.

Each of Standard & Poor's, Moody's, Fitch and DBRS is established outside of the European Union but its respective European Union credit rating agency affiliate: (i) is established in the European Union; (ii) is registered under the CRA Regulation; and, (iii) in the case of Standard & Poor's, Moody's and DBRS, has indicated an intention to endorse the credit ratings of Standard & Poor's, Moody's or DBRS, respectively. See also "*Credit Rating Agencies*" on page 6.

In accordance with Article 4.1 of the CRA Regulation, please note that the following documents (as defined in the section entitled "Documents incorporated by reference") incorporated by reference in this Prospectus contain references to credit ratings from the same rating agencies:

The Guarantor is governed by the Limited Partnership Agreement (see “*Summary of the Principal Documents – Limited Partnership Agreement*”).

Description of Limited Partnership

Pursuant to the terms of the *Limited Partnerships Act* (Ontario), a limited partner in a limited partnership is liable for the liabilities, debts and obligations of the partnership, but only to the extent of the amount contributed by it or agreed to be contributed by it to the partnership, unless, in addition to exercising rights and powers as a limited partner, the limited partner takes part in the control of the business of the partnership. Subject to applicable law, limited partners will otherwise have no liability in respect of the liabilities, debts and obligations of the partnership. Each general partner will have unlimited liability for an obligation of the partnership unless the holder of such obligation agrees otherwise.

Business of the Guarantor

The Guarantor is a special purpose vehicle whose only business is to carry on activities that facilitate the Programme by (a) entering into the Intercompany Loan Agreement and accepting Capital Contributions from its partners; (b) using the proceeds from the Intercompany Loan and Capital Contributions (i) to purchase the Covered Bond Portfolio consisting of Loans and their Related Security from the Seller in accordance with the terms of the Hypothecary Loan Sale Agreement and New Loans and their Related Security pursuant to the terms of the Hypothecary Loan Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide, and/or (iii) subject to complying with the Asset Coverage Test (as described below) to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger (in each case to an amount not exceeding the prescribed limit); and/or (c) arranging for the servicing of the Loans and their Related Security by the Servicer; and/or (d) entering into the Trust Deed, giving the Covered Bond Guarantee and entering into the Security Agreements; and/or (e) entering into the Transaction Documents to which it is a party; and (f) performing its obligations thereunder and in respect thereof and doing all things incidental or ancillary thereto.

The Guarantor has not, since its formation, engaged in, and will not, while there are Covered Bonds outstanding, engage in any material activities other than activities relating to the business of the Guarantor described above and/or incidental or ancillary thereto. The Guarantor and its general partners are not required by applicable Canadian law (including the *Limited Partnerships Act* (Ontario)) to publish any financial statements.

The Guarantor has no employees.

As of the date of this Base Prospectus, the Federation holds substantially all of the capital in the Guarantor with the Managing GP and the Liquidation GP each holding a nominal interest in the Guarantor.

Each of the Partners has covenanted in the Limited Partnership Agreement that, except as provided in the Transaction Documents, it will not sell, transfer, convey, create or permit to arise any security or real right on, declare a trust over, create any beneficial interest in or otherwise dispose of its interest in the Guarantor without the prior written consent of the Guarantor and, while there are Covered Bonds outstanding, the Bond Trustee.

Governance of the Guarantor

Pursuant to the terms of the Limited Partnership Agreement, the Managing GP manages the business and affairs of the Guarantor, acts on behalf of the Guarantor, makes decisions regarding the business of the Guarantor and has the authority to bind the Guarantor in respect of any such decision. The Managing GP is required to exercise its powers and discharge its duties honestly, in good faith and in the best interests of the Guarantor, and to exercise the care, diligence and skill of a reasonably prudent person in comparable

circumstances. The authority and power vested in the Managing GP to manage the business and affairs of the Guarantor includes all authority necessary or incidental to carry out the objects, purposes and business of the Guarantor, including the ability to engage agents to assist the Managing GP to carry out its management obligations and administrative functions in respect of the Guarantor and its business.

Except in certain limited circumstances (described below under “*Withdrawal or Removal of the General Partners*”), the Liquidation GP will not generally take part in managing the affairs and business of the Guarantor. However, the Liquidation GP’s consent will be required for a voluntary wind up or dissolution of the Guarantor.

Each of the Partners has agreed that it will not, for so long as there are Covered Bonds outstanding, terminate or purport to terminate the Guarantor or institute any winding-up, administration, insolvency or other similar proceedings against the Guarantor. Furthermore, the Partners have agreed, among other things, except as specifically otherwise provided in the Transaction Documents, not to demand or receive payment of any amounts payable by the Guarantor (or the Cash Manager on its behalf) or the Bond Trustee unless all amounts then due and payable by the Guarantor to all other creditors ranking higher in the relevant Priorities of Payment have been paid in full.

Potential Conflict of Interest

All of the directors of the Managing GP are officers or employees of the Issuer or affiliates of the Issuer. As at the date of this Base Prospectus, there are no potential conflicts of interest between the duties owed to the Guarantor by any of the directors of the Managing GP or by any of the directors of the Liquidation GP or by any of the directors of the Issuer and their private interests or other duties.

Reimbursement of General Partners

The Guarantor is obliged to reimburse the Managing GP and Liquidation GP for all out-of-pocket costs and expenses incurred on behalf of the Guarantor by the Managing GP or Liquidation GP in the performance of their duties under the Limited Partnership Agreement.

Liability of the Limited Partners of the Guarantor

The Guarantor operates in a manner so as to ensure, to the greatest extent possible, the limited liability of the limited partner(s). Limited partner(s) may lose their limited liability in certain circumstances. If limited liability is lost by reason of the negligence of the Managing GP or Liquidation GP, as the case may be, in performing its duties and obligations under the Limited Partnership Agreement, in each case, as determined by a court of competent jurisdiction in a final non-appealable decision, the Managing GP or the Liquidation GP, as applicable, shall indemnify the limited partner(s) against all claims arising from assertions that their respective liabilities are not limited as intended by the Limited Partnership Agreement. However, since the Managing GP and the Liquidation GP have no significant assets or financial resources, any indemnity from them may have nominal value.

Withdrawal or Removal of the General Partners

The Managing GP or Liquidation GP may resign as managing general partner or liquidation general partner, as the case may be, on not less than 180 days’ prior written notice to the Partners and the Bond Trustee, provided that neither the Managing GP nor Liquidation GP will resign if the effect would be to dissolve the Guarantor. In the event that the Liquidation GP resigns as liquidation general partner, the Managing GP shall use its best commercially reasonable efforts to, without delay, find a replacement liquidation general partner acceptable to the limited partner(s) of the Guarantor and the Bond Trustee, to accept the role of liquidation general partner formerly held by the Liquidation GP and acquire a general partner interest in the Guarantor.

In the event the Managing GP resigns, an Issuer Event of Default occurs, or a winding-up or insolvency of the Managing GP occurs, the Managing GP shall forthwith, or in the case of resignation at the expiry of the notice period described above, cease to be the managing general partner of the Guarantor and the Liquidation GP shall assume the role and responsibilities (but not the interest in the Guarantor) of the Managing GP (until a replacement managing general partner is appointed in accordance with the terms of the Limited Partnership Agreement) and continue the business of the Guarantor as Managing GP.

If at any time the Liquidation GP becomes the Managing GP pursuant to the foregoing, it may appoint a replacement Managing GP acceptable to the limited partner(s) of the Guarantor and the Bond Trustee to act as Managing GP and acquire a general partner interest in the Guarantor. Following the appointment of the replacement Managing GP pursuant to the foregoing, the replacement Managing GP shall have the powers, duties and responsibilities of the Managing GP of the Guarantor and the Liquidation GP shall resume its role, as it was, prior to assuming the role and responsibility of the Managing GP.

LOAN ORIGATION AND LENDING CRITERIA

The description of the Desjardins Group's Lending Criteria and procedures herein are as of the date of this prospectus. There is no requirement for the Desjardins Group to maintain the Lending Criteria or procedures described below and the Desjardins Group reserves the right to change its Lending Criteria and procedures at any time (See "*Risk Factors – Factors which are material for the purposes of assessing the risks relating to the Covered Bond Portfolio – Changes to the Lending Criteria*").

All of the residential hypothecary or mortgage loans and home equity lines of credit (collectively, and for purposes of this *Loan Origination and Lending Criteria* section only, the "**Desjardins Products**" and each, a "**Desjardins Product**") of each caisse are originated by employees of such caisse or the Federation, or through referrals by third party mortgage brokers that are accredited by the Federation. Many of the caisses' clients with Desjardins Products have multiple products and services with the related caisse or the Desjardins Group. A caisse may provide a borrower with one or more Desjardins Product. In such case, each Desjardins Product is subject to cross-default in the event that payments on any loan or advance are not made in accordance with their terms and, prior to default, the relevant caisse will be entitled to allocate payments received from the relevant borrower among amounts owing by such borrower under the applicable loan or credit agreement.

Mortgage Origination and Renewal

The caisses use three channels for origination and renewal of Desjardins Products: the employees of each respective caisse, Desjardins Group mortgage representatives, and referrals from accredited third party mortgage brokers.

Caisses Network

The majority of Desjardins Products originated and renewed by each caisse are made through loan applications by its members. Each loan application is assessed by the employees of each caisse, based on the credit policies dictated by the Federation. Although each caisse is autonomous in making its lending decisions, each caisse is bound to adhere to such credit policies.

Desjardins Mortgage Financing Services

Desjardins Mortgage Financing Services ("**DMFS**") is an arm of the Federation, acting on behalf of all caisses. DMFS is the source of origination of a significant portion of Desjardins Products on behalf of the caisses, but is not involved in loan or credit renewals. DMFS employs mobile mortgage specialists who offer Desjardins Products to potential customers, but are not involved in lending decisions and have no authority to grant credit approval. Loan applications submitted through mobile mortgage specialists are reviewed and assessed by DMFS' designated team of analysts, who apply the credit policies dictated by the Federation. The operations of the mortgage specialists and analysts and the compliance of their activities are monitored by an independent team within the Federation. If a Desjardins Product originated through DMFS is approved, it is ultimately funded by, and on the books of, the caisse chosen by the particular customer for its proximity to a home or work address.

Accredited Mortgage Brokers

Referrals from third party mortgage brokers are another source of a small portion of Desjardins Product origination for the caisses. Such mortgage brokers must have obtained accreditation by the Federation in order to refer potential Desjardins Product customers to the Federation on behalf of the caisses, which accreditation is granted based on the level of expertise, the volume of potential business and the reputation of the related mortgage broker within the mortgage market. Such accredited mortgage brokers receive a commission for each referral, but are not involved in credit-making decisions. Loan applications submitted through any accredited mortgage broker are submitted to the risk management department of the Federation (senior vice-president, risk management) for consideration and credit approval. If a Desjardins Product originated through a referral from a mortgage broker is approved, it is ultimately funded by, and on the books of, the caisse chosen by the particular customer for its proximity to a home or work address.

Valuations, Appraisals and Credit Analysis

Valuations and Appraisals

According to guidelines issued by the Autorité des marchés financiers (Québec), all Desjardins Products that have a loan to value ("**LTV**") ratio greater than 80 per cent at origination are currently required to be insured against default by a mortgage insurer. In addition, from time to time, a caisse may obtain insurance against default from a Canadian mortgage insurer on a portfolio of Desjardins Products where the portfolio includes Desjardins Products with an LTV of 80 per cent or less.

Prior to April 2007, the threshold for requiring default insurance was 75 per cent. The new threshold of 80 per cent is reflected in the Desjardins Group's current mortgage portfolio. The LTV is calculated based on the outstanding amount of all Desjardins Products under the same loan agreement and the most recent property valuation, which generally will only be at the time of origination or refinancing of the Desjardins Product.

For all residential Desjardins Products that have an LTV ratio of 80 per cent or less, the Federation's credit policy (which all caisses are bound to apply) requires one of the following methods as an acceptable property valuation or risk assessment type:

- automated risk assessment models – third-party computer generated risk assessments used by the Issuer to determine whether property valuations are acceptable under the Issuer's underwriting policy and within the Issuer's risk tolerance;
- municipally-assessed property value information;
- full appraisal – a caisse-approved third party appraiser's opinion of the property, based on an interior and exterior inspection of the property.

The type of property valuation or property risk assessment used may depend on any combination of the following loan characteristics at the time of the application: the location of the property, property value, loan amount, borrower risk profile, the type of loan, and the LTV ratio. The use of an automated risk assessment model will be used by the Desjardins Group in combination with an internal credit score card (similar to Equifax Beacon Score). See "*Credit Analysis*" below.

In order to ensure the on-going effectiveness of an automated risk assessment model, the Desjardins Group credit risk department conducts an annual review process and conducted such a review in 2014.

In accordance with the Lending Criteria, Originators are not required to retain evidence of property insurance in its records. The Loan Representations and Warranties given on the relevant Transfer Date in respect of the Loans and their Related Security to be sold to the Guarantor include a representation that each Loan contains a requirement that the relevant Property be covered by building insurance maintained by the Borrower or in the case of a leasehold property under a policy arranged by a relevant landlord or property management company.

Credit Analysis

The Desjardins Group utilizes an internal credit scoring model (similar to Equifax Beacon Score) to evaluate the probability of default by a borrower, and the resulting score will be the principal factor in determining whether a Desjardins Product is granted to a borrower. The model is validated continually to ensure its optimal functionality. The credit scoring model evaluates the various information on file for a particular loan applicant provided in credit reports obtained by recognized credit bureaus, and the information provided from historical loan, credit and deposit performance, to the extent that the applicant is an existing member with an account at a caisse within the Desjardins Group. Credit reports are obtained by the Federation or the relevant caisse, as applicable, from either Equifax Information Services LLC or TransUnion LLC, which are nationally recognized credit reporting bureaus, as a means of assessing the creditworthiness of a borrower. For a client with excellent credit history, there would be a higher probability of mortgage application approval where the property value is consistent with the requested amount.

Once this initial phase is complete, affordability criteria are then considered in the credit evaluation. Based on the data provided in the prospective borrower's application and historical loan, credit and deposit performance (to the extent that the applicant is an existing member), the Federation or the relevant caisse, as applicable, determines whether in its view, the applicant's monthly income will be sufficient to enable such applicant to meet the obligations under the proposed Desjardins Product and to pay the other expenses relating to the hypothecated or mortgaged property, including taxes, insurance costs and other fixed obligations. In general, the Federation requires that the scheduled payments that would be due during the first year of the term of a Desjardins Product, plus all taxes due in respect of the hypothecated or mortgaged property during such period and all other scheduled payments due under the borrower's other debt obligations during such period, must not exceed a specified percentage of the applicant's gross employment or stated income.

In accordance with the Lending Criteria, since June 3, 2013, all borrowers are required at the time of loan origination to provide evidence of income. With respect to loans originated before June 3, 2013, in accordance with the then Lending Criteria, borrowers with an excellent credit history and job stability were not required to provide evidence of income verification at the time of loan origination and, in such circumstances, the Originators were not required to retain evidence of income in their records.

Credit Adjudication and Approval by the Federation

As mentioned above, each caisse is autonomous in its lending decisions. The Federation attributes credit authorisation limits to each caisse, based on each caisse's current asset and loan portfolio, thereby allowing each caisse to analyse and approve the loan applications of its own members internally, taking into account the maximum authorization limits attributed by the Federation as well as the credit policies dictated by the Federation. If a loan application exceeds the authorization limits of a particular caisse or if so required by a particular credit policy, then the loan application is submitted to the risk management department of the Federation (senior vice-president, risk management) for consideration and credit approval.

Loan applications originated through a mobile mortgage sales representative of DMFS or through third party mortgage brokers are reviewed by either credit analysts within the DMFS group (who are employed by the Federation) or by the risk management department of the Federation (senior vice-president, risk management) for consideration and approval. The mobile mortgage sales representatives have no authority to grant credit approval.

Suspicious or potentially fraudulent activity is monitored throughout the process. Caisse and Federation employees responsible for collecting and processing member information use fraud detection systems that are designed to look for inconsistencies in applications and suspicious facts.

Audit Process, Inspection of Credit Operations and Quality Control

Internal inspections are conducted following the authorization and disbursement of Desjardins Products by an independent centralized team. This review includes random audits of loan applications conducted on a quarterly basis to ensure loan applications are adjudicated utilizing the correct risk profile and in compliance with the applicable credit policies.

The Desjardins Group also has an audit bureau consisting of a dedicated team of employees that audits the Desjardins Product business and monitors quality control. Such team monitors each caisse and each arm of the Federation that originates Desjardins Products and other products to ensure compliance with credit policies in a complete and consistent manner. Ultimately, the Desjardins Group's audit bureau is monitored for quality control by the Autorité des marchés financiers (Québec).

SERVICER

General

Caisse centrale is the Servicer of the Loans and Related Security pursuant to the Servicing Agreement between Caisse centrale, in its capacity as the Servicer, Seller and Cash Manager, the Guarantor, as owner of the Loans and Related Security, and the Bond Trustee. The Servicer will have no obligation or liability with respect to the Loans or Related Security in accordance with the terms and conditions of the Servicing Agreement save in respect of the negligence or willful default of the Servicer in carrying out its functions.

As at the date of this Base Prospectus, the Servicer sub contracts or delegates the performance of all its duties under the Servicing Agreement, including the exercise of reasonable care and prudence in the making of the Loans, in the administration of the Loans, in the collection of the repayment of the Loans and in the protection of the security for each Loan, to each Originator in respect of the Loans originated by it that form part of the Covered Bond Portfolio, provided that the Servicer is not released or discharged from any liability under the Servicing Agreement and remains liable for the performance or non-performance or breach by any sub-contractor or delegate of the duties so subcontracted or delegated under the Servicing Agreement.

Servicing Activities

Each Originator is a distinct legal entity that originates and services residential hypothecary or mortgage loans and home equity lines of credit (collectively, and for purposes of this section, the “**Desjardins Products**” and each, a “**Desjardins Product**”). The relevant Originators from time to time may sell certain portfolios of Desjardins Products to Caisse centrale, which portfolios are in turn sold and securitized by Caisse centrale. In such instances, Caisse centrale is the servicer of the related Desjardins Products it sells or securitizes, which duties are sub-contracted to the related Originator. Each Originator services its own portfolio of Desjardins Products and generally acts as sub-contractor of the servicing rights with respect to any Desjardins Product it sells (including for securitization purposes) to Caisse centrale.

The following table sets forth the dollar amount of uninsured Desjardins Products (the “**Desjardins Uninsured Servicing Portfolio**”), serviced by the Servicer or the Originators for the dates indicated, and the number of such loans for the same date. As at December 31, 2014, the Desjardins Uninsured Servicing Portfolio consisted of approximately 747,300 residential mortgage loans having an aggregate unpaid balance of approximately \$55 billion.

Servicing Procedures with respect to Loans and Related Security

Following the sale of a mortgage loan to the Guarantor, the Servicer keeps and maintains records in relation to the Loans and Related Security sold to the Guarantor on a loan by loan basis, for the purposes of identifying amounts paid by each borrower, any amount due from a borrower and the principal balance (and, if different, the total balance) from time to time outstanding on a borrower's account and such other records as would be customarily kept by a reasonable and prudent hypothecary or mortgage lender. The Servicer also identifies the Loan and Related Security as belonging to the Guarantor and maintains a computer record of the location and identification of the Loans and Related Security by reference to an account number and pool identifier so as to be able to distinguish them from other Desjardins Products serviced by the Servicer or the related Originator for retrieval purposes. In the event the ratings of the Servicer by the Rating Agencies fall below certain ratings, the Servicer shall use reasonable efforts to ensure that files relating to the Loans and their Related Security are identified as distinct from the conveyancing deeds and documents which make up the title and security of other properties and Desjardins Products which do not form part of the Covered Bond Portfolio.

The Servicer or the related Originator, as subservicer of the Servicer provides customary servicing functions with respect to the Loans and Related Security and makes reasonable efforts to collect all payments called for under the loan documents and follows such collection procedures as are customary with respect to loans. The Servicer or the related Originator, as subservicer of the Servicer, collects and remits loan payments, responds to borrower inquiries, accounts for principal and interest, monitors property insurance, and in the case of lapses, notifies borrowers and involved lender-placed counsel, as appropriate, or otherwise works with delinquent borrowers, supervises procedures for the enforcement of hypothecary or mortgage rights, and dispositions of Property and generally administers the Loans and is required to take all reasonable steps to recover all sums due to the Guarantor in respect of the Loans and Related Security. The Servicer or the related Originator, as subservicer of the Servicer, will administer the Loans and the Related Security in the same way it administers Desjardins Products for its own account. The Servicing Agreement requires that the Loans and the Related Security are to be serviced as if the Loans had not been sold to the Guarantor but remained with the Seller.

In the event of missed payments, there are five (5) attempts by automatic debit. Then, a latecomer borrower category is identified by the behavioral scoring system, based on the risk of the borrower. This category identifies the need for urgent action with the borrower. The intervention will be by various means such as by telephone and letter.

The Servicer or the related Originator, as subservicer of the Servicer, as applicable, has the power to exercise the rights, powers and discretions and to perform the duties of the Guarantor in relation to the Loans and their Related Security and to do anything which it reasonably considers necessary or convenient or incidental to the administration of the Loans and their Related Security. This includes the authority to accept applications for product switches or advances in respect of the Loans in its sole discretion. The Seller, as seller of the Loans and Related Security to the Guarantor, is required to provide the funding for any product switches or advances approved by the Servicer. The Servicer or the related Originator, as subservicer of the Servicer, is not restricted from, in its discretion, (i) waiving any assumption fee, late payment or other charge in connection with a Loan; or (ii) waiving, varying or modifying any term of any Loan or consenting to the postponement of strict compliance with any such term or in any matter grant indulgence to any borrower.

With respect to collections, the Servicer or the related Originator may institute proceedings and enforce any relevant Loan which is in default in accordance with the Seller's or the related Originator's enforcement procedures and the usual procedures undertaken by a reasonable and prudent institutional mortgage lender.

The Servicer's or the related Originator's collections policy is designed to identify payment problems sufficiently early to permit the Servicer or the related Originator, as subservicer of the Servicer, to address such delinquency problems and, when necessary, to act to preserve the lender's equity in the related Property.

When a loan payment is overdue or when a contractual default, as stipulated in legal contracts, is materialized or is likely to occur, an action plan must be developed at the latest of 65 days following the date of beginning of contractual default or delay and followed strictly, at a frequency of 30 days thereafter. Any modification to an action plan needs to be reauthorized.

Such an action plan must include the appropriate recovery strategy, an estimate of the potential loss (based on the value of collateral) and the recommendation to the caisse's manager regarding the determination of the provision.

The enforcement of hypothecary or mortgage rights varies by jurisdiction across Canada. In Québec, the relevant recourses available to hypothecary creditors include a judgment of sale granted by the court, where a judge grants the power to sell the property for the shortfall, or a judgment of taking in payment, where a judge decides that the creditor becomes the property owner.

In Ontario and other Canadian provinces, there are two different ways that the Servicer can acquire the right to sell the Related Security: a foreclosure or a power of sale. In all Canadian jurisdictions, the secured creditors may also appoint a receiver to the secured assets pursuant to the *Bankruptcy and Insolvency Act*.

A loss, if any, on a Loan is determined based on the aggregate amount due on the Loan less the aggregate proceeds of sale of the related Property minus related expenses.

The Servicer's or the related Originator's collection procedures are updated regularly and continue to evolve on a regular basis to improve its efficiency and effectiveness.

SUMMARY OF THE PRINCIPAL DOCUMENTS

Trust Deed

The Trust Deed, made between the Issuer, the Guarantor and the Bond Trustee on the Programme Establishment Date as amended and/or restated and/or supplemented from time to time, is the principal agreement governing the Covered Bonds. The Trust Deed contains provisions relating to, among other things:

- the constitution of the Covered Bonds and the terms and conditions of the Covered Bonds (as more fully set out under "*Terms and Conditions of the Covered Bonds*" above);
- the covenants of the Issuer and the Guarantor;
- the terms of the Covered Bond Guarantee (as described below);
- the enforcement procedures relating to the Covered Bonds and the Covered Bond Guarantee;
- the appointment, powers and responsibilities of the Bond Trustee and the circumstances in which the Bond Trustee may resign, retire or be removed (as described below); and
- procedures for convening and holding meetings of Covered Bondholders to consider any matter affecting their interests, and for the appointment of a chairman who in the case of an equality of votes has a casting vote in addition to any other vote(s) to which such person may be entitled.

Covered Bond Guarantee

Under the terms of the Covered Bond Guarantee (contained in the Trust Deed) the Guarantor has agreed to, following the occurrence of a Covered Bond Guarantee Activation Event, unconditionally and irrevocably pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of the holders of the Covered Bonds), an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date, or, if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any date on which a Guarantor Acceleration Notice is served.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee will serve a Notice to Pay on the Guarantor. Payment by the Guarantor of the Guaranteed Amounts pursuant to the Covered Bond Guarantee will

be made on the later of: (i) the day which is two Montréal Business Days after service of a Notice to Pay on the Guarantor; or (ii) the day on which the Guaranteed Amounts are otherwise Due for Payment.

All payments of Guaranteed Amounts by or on behalf of the Guarantor will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or other governmental charges of whatever nature, imposed or levied by or on behalf of Canada or any province or territory thereof, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Guarantor will not pay any additional amounts to the Bond Trustee or any holder of Covered Bonds, Receipts and/or Coupons in respect of the amount of such withholding or deduction.

Under the terms of the Covered Bond Guarantee, the Guarantor agrees that its obligations under the Covered Bond Guarantee will be as guarantor and will be absolute and unconditional, irrespective of, and unaffected by, any invalidity, irregularity or unenforceability of, or defect in, any provisions of the Trust Deed or the Covered Bonds or Receipts or Coupons or the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee or any of the holders of the Covered Bonds, Receiptholders or Couponholders in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any other circumstances which might otherwise constitute a legal or equitable discharge or defence of a guarantor.

Subject to the grace period specified in Condition 7.02(a) of the Conditions, failure by the Guarantor to pay the Guaranteed Amounts when Due for Payment will result in a Guarantor Event of Default.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may receive Excess Proceeds. The Trust Deed provides that all Excess Proceeds received by the Bond Trustee, will, as soon as practicable after receipt thereof by the Bond Trustee, be paid on behalf of the Holders of the Covered Bonds of the relevant Series to the Guarantor (or the Cash Manager on its behalf) for the account of the Guarantor. Such Excess Proceeds will be held in the Guarantor Accounts and will thereafter form part of the Security granted pursuant to the Security Agreements and be used by the Guarantor (or the Cash Manager on its behalf) in the same manner as all other moneys from time to time held by the Cash Manager and/or standing to the credit of the Guarantor in the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds, Receipts and Coupons (subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Guarantor). However, the obligations of the Guarantor under the Covered Bond Guarantee are direct and, following the occurrence of a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds will not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above.

Retirement, Removal and Replacement of the Bond Trustee

The Bond Trustee may retire at any time on giving not less than three months' prior written notice to the Issuer, the Guarantor and the Rating Agencies. The Bond Trustee may be removed (i) by the Covered Bondholders in accordance with the terms of an Extraordinary Resolution, or (ii) by the Guarantor in the event that there is a breach by the Bond Trustee of certain representations and warranties or a failure by the Bond Trustee to perform certain covenants made by it under the Trust Deed. No retirement or removal of the Bond Trustee shall be effective until a replacement bond trustee that meets the requirements provided for in the Trust Deed and in the CMHC Guide has been appointed. In the event that a replacement bond trustee has not been appointed within 60 days of notice of retirement from the Bond Trustee or the Extraordinary Resolution of the Covered Bondholders, as applicable, the Bond Trustee shall be entitled to appoint a replacement bond trustee that meets the requirements provided for in the Trust Deed and in the CMHC Guide, which appointment must be approved by an Extraordinary Resolution of the Covered Bondholders prior to taking effect.

Intercompany Loan Agreement

The Intercompany Loan Agreement between the Issuer and the Guarantor entered into on the Programme Establishment Date as amended and/or restated and/or supplemented from time to time, is the governing agreement with respect to the Intercompany Loan.

Under the Intercompany Loan Agreement, the Guarantor represents and warrants to the Issuer that it is, and covenants that it will at all times remain, a person that is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada).

Under the terms of the Intercompany Loan Agreement, prior to the issuance of the first Series of Covered Bonds, the Issuer loaned to the Guarantor an interest-bearing intercompany loan (the “**Intercompany Loan**”), comprised of a guarantee loan (the “**Guarantee Loan**”) and a revolving demand loan (the “**Demand Loan**”), in an initial combined aggregate amount equal to the Total Credit Commitment, subject to increases and decreases as described below. The initial advance on the loan was in an amount sufficient to acquire the Initial Covered Bond Portfolio. The Intercompany Loan is denominated in Canadian dollars. The interest rate on the Demand Loan will be a Canadian dollar floating rate, which rate shall not exceed, as applicable: (i) prior to an Interest Rate Swap

Effective Date, the aggregate yield on the (x) Covered Bond Portfolio, (y) the cash deposit amounts of the Guarantor and (z) the principal balance of Substitute Assets; and (ii) on or following an Interest Rate Swap Effective Date, the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement, in each case after taking into account a minimum spread and an amount for certain expenses of the Guarantor.

The Guarantee Loan is in an amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required to collateralize the Covered Bonds to ensure that the Asset Coverage Test is met (see “*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*”). The Demand Loan is a revolving credit facility, the outstanding balance of which is equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. The balance of the Guarantee Loan and Demand Loan will fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test. Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the relevant Swap Provider, in its capacity as (and provided it is) the lender under the Intercompany Loan Agreement, may deliver a Contingent Collateral Notice to the Guarantor under which it elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

At any time prior to a Demand Loan Repayment Event, the Guarantor may re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things: (i) such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment; and (ii) no Issuer Event of Default or Guarantor Event of Default has occurred and is continuing. Unless otherwise agreed by the Issuer and subject to Rating Agency Confirmation, no Additional Loan Advances will be made to the Guarantor under the Intercompany Loan following the occurrence of a Demand Loan Repayment Event.

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Issuer may increase the Total Credit Commitment to enable the Guarantor to acquire New Loans and their Related Security from the Seller.

The Demand Loan or any portion thereof will be repayable no later than the first Montréal Business Day following 60 days after a demand therefor is served on the Guarantor, subject to a Demand Loan Repayment Event having occurred (see below in respect of the repayment of the Demand Loan in such circumstance) and the Asset Coverage Test being met on the date of repayment after giving effect to such repayment. At any time the Guarantor makes a repayment on the Demand Loan, in whole or in part, the Cash Manager will calculate the Asset Coverage Test, as of the date of repayment, to confirm the then outstanding balance on the Demand Loan and that the Asset Coverage Test will be met on the date of repayment after giving effect to such repayment.

If (i) Caisse centrale is required to assign the Interest Rate Swap Agreement to a third party (due to a failure by the Issuer to meet the ratings levels specified in the Interest Rate Swap Agreement or otherwise); (ii) a Notice to Pay has been served on the Guarantor; (iii) the Intercompany Loan Agreement is terminated or the revolving commitment thereunder is not renewed; or (iv) to the extent Fitch is a Rating Agency, if the Issuer is assigned (x) a short-term issuer default rating by Fitch of less than F2, or (y) a long-term issuer default rating by Fitch of less than BBB+ (each of (i), (ii), (iii) and (iv) above, a “**Demand Loan Repayment Event**”), the Guarantor will be required to repay any amount of the Demand Loan that exceeds the Demand Loan Contingent Amount on the first Guarantor Payment Date following 60 days after the occurrence of such Demand Loan Repayment Event. Following such Demand Loan Repayment Event, the Guarantor will be required to repay the full amount of the then outstanding Demand Loan on the date on which the Asset Percentage is calculated (whether or not such calculation is a scheduled calculation or a calculation made at the request of Caisse centrale); provided that the Asset Coverage Test will be met on the date of repayment after giving effect to such repayment. For greater certainty, following an Issuer Event of Default, the Asset Coverage Test will be conducted and the Asset Percentage calculated, solely for the purpose of determining the amount of the Demand Loan repayable on the relevant repayment date and that the Asset Coverage Test will be met after giving effect to any such repayment. In calculating the Asset Coverage Test following an Issuer Event of Default, the amount of any Excess Proceeds received by the Guarantor from the Bond Trustee will be deducted from the Adjusted Aggregate Loan Amount. For the purposes of the foregoing, the “**Demand Loan Contingent Amount**” will be equal to the lesser of:

- (a) the aggregate amount of the Intercompany Loan then outstanding, minus the aggregate amount of the Guarantee Loan then outstanding (as determined by an Asset Coverage Test run on the relevant repayment date); and
- (b) 1 per cent of the amount of the Guarantee Loan then outstanding (as determined by an Asset Coverage Test calculated on the relevant repayment date),

provided, for greater certainty, that in calculating the amount of the Guarantee Loan and the Demand Loan for purposes of determining the Demand Loan Contingent Amount, no credit shall be given to the Guarantor in the Asset Coverage Test for any Excess Proceeds received by the Guarantor from the Bond Trustee.

The Guarantor may repay the principal on the Demand Loan in accordance with the Priorities of Payment and the terms of the Intercompany Loan Agreement, (A) using (i) funds being held for the account of the Guarantor by its service providers and/or funds

in the Guarantor Accounts (other than any amount in the Pre-Maturity Liquidity Ledger); and/or, (ii) proceeds from the sale of Substitute Assets; and/or (iii) proceeds from the sale, pursuant to the Limited Partnership Agreement, of Loans and their Related Security to the Seller or to another person subject to a right of pre-emption on the part of the Seller; and/or (B) by selling, transferring and assigning to the Seller all of the Guarantor's right, title and interest in and to Loans and their Related Security and any collections related to such Loans (a "**Payment in Kind**"). The Guarantor is restricted from paying the Demand Loan in the manner described in clause (iii) if the proceeds of such sale are less than the True Balance of the Loans sold. Upon a Payment in Kind, the outstanding amount of the Demand Loan will be reduced by (x) in the case of Loans that are not Non-Performing Loans prior to a Covered Bond Guarantee Activation Event and in the case of Loans that are Non-Performing Loans at all times, the fair market value of such Loans sold to the Seller, and (y) in the case of Loans that are not Non-Performing Loans on or after a Covered Bond Guarantee Activation Event, the True Balance of such Loans sold to the Seller. See "*Cashflows*".

The Guarantor will be entitled to set off amounts paid by the Guarantor under the Covered Bond Guarantee first against any amounts (other than interest and principal) owing by the Guarantor to Caisse centrale in respect of the Intercompany Loan Agreement, then against interest (including accrued interest) due and unpaid under the Intercompany Loan and then against the outstanding principal balance owing on the Intercompany Loan.

The Guarantor used the initial advance of proceeds from the Intercompany Loan to purchase the Initial Covered Bond Portfolio consisting of Loans and their Related Security from the Seller in accordance with the terms of the Hypothecary Loan Sale Agreement and will use additional advances (i) to purchase New Loans and their Related Security pursuant to the terms of the Hypothecary Loan Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger (in each case to an amount not exceeding the prescribed limit)).

Origination Hypothecary Loan Sale Agreements

From time to time as may be required by the Seller, Loans originated by one or more Originators which are residential real estate secured hypothecary or mortgage loans established in favour of borrowers residing in one or more Provinces of Canada are sold by such Originator(s) to the Seller pursuant to one or more Origination Hypothecary Loan Sale Agreements. The terms and conditions of the Origination Hypothecary Loan Sale Agreements are substantially the same as the Hypothecary Loan Sale Agreement, including the representation and warranties, covenants and indemnities provided by the relevant party thereto and the eligibility criteria of each purchased Loan, except that (i) the governing law of the Origination Hypothecary Loan Sale Agreements will be the laws of the Province of Québec and the federal laws of Canada applicable therein, and (ii) the purchase price of each such purchased Loan is paid by the creation of a debt owing by the Seller to the applicable Originator in an amount equal to the purchase price. Such debt shall (x) bear interest at a rate equal to the interest rate applicable to the related purchased Loan and will be payable in instalments of principal and interest corresponding to the instalments of principal and interest payable (following the applicable purchase date) and paid by the Borrower, and (y) be accelerated upon the occurrence of the earlier of the date on which the related purchased Loan matures and the date on which the purchased Loan ceases to form part of the covered bond portfolio.

No amendment or waiver of any provision of the Origination Hypothecary Loan Sale Agreements shall be effective unless in writing, signed by the parties thereto, and in the case of any material amendment or waiver unless Rating Agency Confirmation has been obtained, and in any case such amendment or waiver shall be effective only in the specific instance and for the specific purpose for which given. The list of Originators that are party to each Origination Hypothecary Loan Sale Agreement (and to the Subservicing Agreement and the Security Sharing Agreement) shall be deemed to be automatically updated on the applicable purchase date to include the name of any Originator that delivers a loan purchase notice on such purchase date and is not otherwise on such list as of such date, and subject to satisfaction of certain conditions precedent specified in each Origination Hypothecary Loan Sale Agreement. Such new Originator shall be bound by the terms of such Origination Hypothecary Loan Sale Agreement, the Subservicing Agreement, the Security Sharing Agreement, the applicable release of security and the security registration agreement, in each case, as of such date. In addition, an amendment or waiver of sections in the Origination Hypothecary Loan Sale Agreement relating to publication and perfection, further assurances, powers of attorney or amendment rights which does or will affect adversely the interests of the Guarantor shall not be effective without the Guarantor's written consent.

Hypothecary Loan Sale Agreement

The Seller

Loans and their Related Security were sold by the Seller to the Guarantor prior to the issuance of the first Tranche of Covered Bonds, and from time to time thereafter, may be sold on a fully-serviced basis pursuant to the terms of the Hypothecary Loan Sale Agreement by and among the Seller, the Guarantor and the Bond Trustee.

Sale by the Seller of Loans and their Related Security

The Initial Covered Bond Portfolio consisted solely of Loans originated by an Originator and sold to the Seller which are residential real estate loans established in favour of Borrowers residing in the Province of Québec or in the Province of Ontario with the benefit of Hypothecs and the Related Security, including the benefit of proceeds from title insurance and “all risks” insurance relating to the Issuer maintained by the Originator or the Seller.

The Covered Bond Portfolio will consist of Loans and their Related Security sold for cash or a deemed cash payment by the Seller to the Guarantor as part of the Initial Covered Bond Portfolio and New Loans and their Related Security and/or New Portfolio Asset Types sold for cash or a deemed cash payment from time to time. An Originator that has sold any Loans and their Related Security to the Seller (including the Loans forming part of the Initial Covered Bond Portfolio) shall be required, upon demand from the Seller, to sell further Loans to the Seller at such time and in such manner as may be prescribed by the Seller.

The Guarantor will use the proceeds of a drawing under the Intercompany Loan (which may be applied in whole or in part by the Guarantor) and/or Available Principal Receipts to acquire Loans and their Related Security from the Seller. As consideration for the sale of the Loans and their Related Security to the Guarantor, the Seller will receive a cash payment or deemed cash payment equal to the fair market value of those Loans sold by it as at the relevant Transfer Date.

If Loans and their Related Security are sold by or on behalf of the Guarantor as described below under “*Limited Partnership Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*” or a breach of the Pre Maturity Test occurs, the obligations of the Seller insofar as they relate to such Loans and their Related Security will cease to apply.

The Seller will also be required to repurchase Loans and their Related Security sold to the Guarantor in the circumstances described below under “*Repurchase of Loans*” and “*Loan Representations and Warranties*”.

Eligibility Criteria

The sale of Loans and their Related Security to the Guarantor will be subject to certain eligibility criteria (the “**Eligibility Criteria**”), (which are all subject to amendment and replacement from time to time provided Rating Agency Confirmation is received) being satisfied on the relevant Transfer Date, including that:

- (a) no Loan has the benefit of, or is secured by a Hypothec that also secures one or more other loans that has the benefit of, insurance from any Prohibited Insurer;
- (b) no Loan has a Current Balance of more than C\$3,000,000 as at the relevant Cut-off Date;
- (c) each Loan relates to a Property which is a residential Property consisting of not more than four residential units;
- (d) each Loan is payable in Canada only and is denominated in Canadian dollars;
- (e) each Loan has been duly authorized, executed and delivered by the parties thereto, is in full force and effect, unamended, except for any amendments reflected in the relevant Loan File, and constitutes a legal, valid and binding obligation of the parties thereto enforceable in accordance with its terms, subject to applicable bankruptcy, reorganization, insolvency, moratorium or similar laws affecting creditors’ rights generally and subject, as to enforceability, to equitable principles of general application, the obligation to act in a reasonable manner and subject to discretionary powers of a court;
- (f) each Loan permits realization by the hypothecary creditor or mortgagee against the Related Security in accordance with its terms, subject to applicable law, including, without limitation, the notice requirements and other limitations contained in the *Bankruptcy and Insolvency Act* (Canada), statutory limitations on the rights of hypothecary creditor or mortgagee to exercise their remedies and certain qualifications as set out in the Hypothecary Loan Sale Agreement; each Loan constitutes the Borrower’s obligation to pay to the hypothecary creditor or mortgagee, in accordance with the scheduled payments set forth therein, the amounts owing thereunder and permits full recourse against the Borrower;
- (g) no payment of principal or interest under any Loan is in arrears;
- (h) the first payment due in respect of each Loan has been paid by the relevant Borrower;
- (i) each Loan was originated or otherwise complies with the applicable Originator’s underwriting policy as in effect or otherwise applicable at the time the Loan was originated;

- (j) each Loan and Related Security is capable of being registered or recorded and has been duly registered or recorded in the appropriate land titles office, land registry office or similar office of public registration in which the property subject thereto is located reflecting the Seller (or the applicable Originator) as the sole hypothecary creditor or mortgagee thereunder;
- (k) the Related Security for each Loan constitutes a valid and enforceable first charge or mortgage or hypothec in favour of the lender against the related property, subject only to customary permitted encumbrances;
- (l) as at the Transfer Date, the Guarantor will acquire each Loan and Related Security from the Seller free and clear of any hypothecs or security interests, subject only to (i) customary permitted encumbrances, and (ii) interests or encumbrances that are reflected in the Security Sharing Agreement and the subject of a release in favour of the Guarantor, substantially in the form attached to the Security Sharing Agreement;
- (m) as at the Transfer Date, immediately prior to the transfer by the applicable Originator to the Seller of any Loan and Related Security and the transfer by the Seller to the Guarantor of such Loan and Related Security, each such Loan and Related Security and each other loan secured by the same Hypothec, if any, are owned by such Originator;
- (n) each Loan is accompanied by (i) an opinion on title of legal counsel qualified to practice law in the province or territory in which the property subject thereto is located to the effect that, at the time of origination of such Loan, the Borrower had good title to, and such Hypothec constituted a valid and enforceable first charge, mortgage or hypothec against, such property, subject only to customary permitted encumbrances; or (ii) a policy of title insurance to the same effect;
- (o) the Seller shall not have given any consents, approvals or waivers or have postponed any of its rights under or in respect of any such Loan except in the ordinary course of business and any such permitted extension, modification, consent, approval, waiver or postponement is reflected in the Loan and Related Security Files;
- (p) no Loan has been satisfied or rescinded, nor has any property been discharged, reconveyed or released from the charge created by the Hypothec in whole or in part, other than the release required by the Security Sharing Agreement;
- (q) the Hypothecary Loan Conditions or the related Hypothec Terms for each Loan and those of any other loan secured by the same Hypothec (each a "related loan"), including another Loan, include cross-default provisions such that a default under either the Loan or any other such related loan shall constitute a default under all such Loans and other related loans, or if no such cross-default provisions exist but the Loan or a related loan is repayable on demand, the owner of such Loan or related loan has covenanted in writing to demand repayment (in a manner and in circumstances customary for a prudent lender) of such Loan or related loan upon a default under such Loan or related loan, as the case may be;
- (r) as at the Transfer Date, no Loan is subject to any dispute proceeding, set-off, compensation, counterclaim or defence;
- (s) neither the Hypothecary Loan Conditions for any Loan nor the provisions of any other documentation applicable to any such Loan and enforceable by the Borrower expressly afford the Borrower a right of set-off or compensation; and
- (t) to the extent any Loan or Additional Loan Advance under any Loan is extended, advanced or renewed on or after July 1, 2014, the Hypothecary Loan Conditions for any such Loan or the provisions of any other documentation applicable to any such Loan and enforceable against the Borrower, together with those of any other loan secured by the same Hypothec, contain an express waiver of set-off (or compensation, as applicable) rights on the part of the Borrower.

In addition to the satisfaction of certain conditions precedent and the Eligibility Criteria, on the relevant Transfer Date, the Loan Representations and Warranties (described below in "*Loan Representations and Warranties*") will be given by the Seller in respect of the Loans and their Related Security sold by the Seller to the Guarantor.

If an Originator accepts an application from or makes an offer (which is accepted) to a Borrower for a Product Switch or Further Advance, then if certain Eligibility Criteria, including the Eligibility Criteria referred to in paragraphs (b) and (c) above, relating to the Loan subject to that Product Switch or Additional Loan Advance are not satisfied on the next following Calculation Date, the Guarantor will be entitled to rectify such breach of the Eligibility Criteria by requiring the Seller to repurchase such Loan.

Notice to Borrower of the sale, assignment and transfer of the Loans and their Related Security and registration of transfer of title to the Hypothecs

The Hypothecs related to the Loans will be sold, transferred and assigned by the Originators to the Seller and by the Seller to the Guarantor pursuant to the terms of the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement, respectively, but will remain registered in the name of the Originator and notice of the sale, transfer and assignment will not be given to the Borrowers or, in respect of the Related Security, any relevant guarantor of any Borrower. Such notice and, where appropriate, the registration or recording in the appropriate land registry or land titles offices of the transfer by the Originators to the Seller and by the Seller to the Guarantor of title to the Hypothecs will be deferred and will only take place in the circumstances described below.

The Seller (directly or through the applicable Originator) will agree to (a) hold registered title to the related Loans and their Related Security as agent and nominee for the Guarantor (and also, in the case of any Versatile Loan, for a Versatile Purchaser having an interest therein as described below under “-Versatile Accounts”) and (b) deliver such agreements and take all actions with respect to the Loans and Related Security as the Guarantor (or its Managing GP) may direct in accordance with the Origination Hypothecary Loan Sale Agreement and the Hypothecary Loan Sale Agreement (or an applicable nominee agreement).

Upon the earlier to occur of (a) a Registered Title Event, and (b) the date on which the Seller incurs a downgrade in the ratings of its unsecured, unsubordinated and unguaranteed debt obligations below Baa1 by Moody’s, or in its long-term issuer default rating below BBB+ by Fitch, the Seller will be required to deliver to the Custodian (i) for safekeeping, updated details (as prescribed by the CMHC Guide) in respect of all Loans and Related Security and Substitute Assets held by the Guarantor, and (ii) to the extent not previously delivered to the Custodian, each of the powers of attorney required by the Hypothecary Loan Sale Agreement, together with documentary evidence of chain of title to the Loans and Related Security and Substitute Assets held by the Guarantor and duly executed copies of any other registrable forms of assignment that may be required by the Guarantor in order to perfect the sale, assignment and transfer of the Loans and Related Security from the Seller to the Guarantor.

Subject to the following paragraph, notice of the sale, assignment and transfer of the Loans and their Related Security and a direction to make all future repayments of the Loans to the Standby Account Depository Institution for the account of the Guarantor will be sent by the Seller, the Originator, or, as necessary, by the Guarantor (or the Servicer on behalf of the Guarantor) on behalf of the Seller or the Originator (under applicable powers of attorney granted to the Guarantor) and where required, registration of the transfer of title to the Hypothecs (including, for Versatile Loans in Québec, to record an assignment of the related Hypothec to the extent of the Guarantor’s interest therein) will be made in the appropriate land registry or land titles offices, as soon as practicable and in any event on or before the 60th day following the earliest to occur of:

- (a) a Servicer Event of Default that has not been remedied within 30 days or such shorter period permitted by the Servicing Agreement;
- (b) an Issuer Event of Default (other than an Insolvency Event with respect to the Issuer) that has not been remedied within 30 days or such shorter period permitted by Condition 7.01
- (c) an Insolvency Event (without regard to the parenthetical language in clause (a) of such definition) with respect to the Seller;
- (d) the acceptance by an applicable Purchaser of any offer by the Guarantor to sell Loans and their Related Security (only in respect of the Loans being sold and their Related Security) to any such Purchaser who is not the Seller, unless otherwise agreed by such Purchaser and the Guarantor, with the consent of the Bond Trustee, which consent will not be unreasonably withheld;
- (e) the Seller and/or the Guarantor being required: (i) by law, (ii) by an order of a court of competent jurisdiction, or (iii) by a regulatory authority which has jurisdiction over the Seller or the Guarantor, to effect such notice and registration; and
- (f) the date on which the Seller incurs a downgrade in the ratings of its unsecured, unsubordinated and unguaranteed debt obligations below Baa1 by Moody’s or in its long-term issuer default rating below BBB- by Fitch.

Notwithstanding the occurrence of any event or circumstance described in clauses (a) through (f) immediately above (each such event or circumstance, a “**Registered Title Event**”), none of the steps described in the preceding paragraph are required to be taken if (x) satisfactory assurances are provided by any supervisory authority having jurisdiction over the Seller permitting registered title to the Hypothecs to remain with the Seller (or the applicable Originator), and (y) Rating Agency Confirmation has been obtained, until such time as (i) the Loans and their Related Security are to be sold or otherwise disposed of by the Guarantor or the Bond Trustee in the performance of their respective obligations under the Transaction Documents, or (ii) the Guarantor or the Bond Trustee is required to take actions to enforce or otherwise deal with the Loans and their Related Security.

Except where lodged with the relevant registry in relation to any registration or recording which may be pending, the Loan, the Related Security and the Loan Files relating to the Loans in the Covered Bond Portfolio will be held by, or to the order of, the Servicer (or any subservicer thereof) or by solicitors, service providers or licensed notaries acting for the Servicer in connection with the creation of the Loans and their Related Security. The Servicer will undertake that all the Loan Files relating to the Loans in the Covered Bond Portfolio which are at any time in its possession or under its control or held to its order will be held to the order of the Bond Trustee or as the Bond Trustee may direct. The right, interest and title of the Guarantor to the Loans and their Related Security will be secured by irrevocable powers of attorney granted by the Seller and the Federation on behalf of the relevant Originator, as of the Transfer Date such Loans are transferred, in favour of the Guarantor (or the Managing GP and the Liquidation GP on behalf of the Guarantor) and the Bond Trustee in respect of registered title to the Loans and their Related Security. By a security registration agreement between the Federation on behalf of the relevant Originators, the Issuer, the Guarantor and the Bond Trustee, the relevant Originators further acknowledge and agree, as applicable, in favour of the Guarantor and the Bond Trustee (i) that title to the Loans in the Covered Bond Portfolio will be held by the relevant Originators as agent, mandatary, nominee and agent for and on behalf of the Guarantor, (ii) the respective rights of the Guarantor (or the Managing GP and the Liquidation GP on behalf of the Guarantor) and the Bond Trustee under the related powers of attorney granted by the Originators, (iii) to comply with all requirements of the CMHC Guide, and (iv) that the Guarantor has the right to terminate any Originator's rights and obligations as subservicer under the Subservicing Agreement.

Under the Hypothecary Loan Sale Agreement, the Seller makes the following representations and warranties (in addition to the Loan Representations and Warranties described below) in favour of the Guarantor on the Programme Establishment Date and on each Transfer Date: (i) it is a financial services cooperative constituted under the laws of Québec and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iii) the execution, delivery and performance by it of the Hypothecary Loan Sale Agreement and related documents to which it is a party (x) are within its powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a material default under or material conflict with (A) its constating documents or by-laws, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iv) no authorization, approval, licenses, consent or other action by, and no notice to or filing with, any governmental authority or other person is required for the due execution, delivery and performance by it of each purchase document to which it is a party or to make such purchase document legal, valid, binding and admissible into evidence in a court of competent jurisdiction, other than those that have been obtained or made, (v) each of the Origination Hypothecary Loan Sale Agreement and the related documents to which it is a party has been duly executed and delivered and constitutes the legal, valid and binding obligation of, and is enforceable in accordance with its terms against, each relevant Originator, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity, and (vi) there are no actions, suits or proceedings pending or, to its knowledge, threatened against or affecting it at law, in equity or before any arbitrator or governmental authority having jurisdiction which, if adversely determined, would have a material adverse effect on its ability to perform its obligations under the Transaction Documents.

Under the Hypothecary Loan Sale Agreement, the Guarantor makes the following representations and warranties in favour of the Seller on the Programme Establishment Date and on each Transfer Date: (i) it is a limited partnership formed under the laws of the Province of Ontario and is duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by the Managing GP on behalf of the Purchaser of the purchase documents to which the Purchaser is a party (x) are within the corporate powers of the Managing GP, (y) have been duly authorized by all necessary corporate or other action, and (z) do not contravene or result in a default under or conflict with (A) the constating documents or by-laws of the Managing GP or the Limited Partnership Agreement, (B) any law, rule or regulation applicable to the Managing GP, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting the Managing GP or the Purchaser or their respective property, (iii) there are no actions, suits or proceedings pending or, to its knowledge, threatened against or affecting it at law, in equity or before any arbitrator or governmental authority having jurisdiction which, if adversely determined, would reasonably be expected to materially adversely affect its financial condition or operations or its property or its ability to perform its obligations under the Hypothecary Loan Sale Agreement, or which purports to affect the legality, validity or enforceability of the Hypothecary Loan Sale Agreement, (iv) no authorization or approval or other action by, and no notice to or filing with, any governmental authority or other person is required for the due execution, delivery and performance by it of the Hypothecary Loan Sale Agreement and each related document to which it is a party, other than those that have been obtained or made, (v) each of the Hypothecary Loan Sale Agreement and the related documents to which it is a party has been duly executed and delivered and constitutes the legal, valid and binding obligation of, and is enforceable in accordance with its terms against, the Guarantor, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity, and (vi) the Guarantor, acting on the advice of the Cash Manager, is not aware, and could not reasonably be expected to be aware, that the purchase of the relevant Loans and their Related Security, would adversely affect the then current ratings of the Covered Bonds by the Rating Agencies.

Loan Representations and Warranties

Neither the Guarantor nor the Bond Trustee has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Loans and their Related Security sold or to be sold to the Guarantor. Instead, each is relying entirely on the Loan Representations and Warranties by the Seller contained in the Hypothecary Loan Sale Agreement. The parties to the Hypothecary Loan Sale Agreement may, with the prior written consent of the Bond Trustee (which shall be given if Rating Agency Confirmation has been received), amend the Loan Representations and Warranties in the Hypothecary Loan Sale Agreement.

The material Loan Representations and Warranties are as follows and are given on the relevant Transfer Date in respect of the Loans and their Related Security to be sold to the Guarantor only on that date and on the Calculation Date following the making of any Further Advance or Product Switch in respect of the Loan to which the Further Advance or Product Switch relates:

- the Seller is (and has been since the sale thereto by the Originators) the legal and beneficial owner of the Loans to be sold to the Guarantor, excluding registered or recorded title to Loans which may continue to be held by an applicable Originator (and the Originators respectively have been the owners of such Loans from the origination thereof up to the moment on which they were sold by the Originators to the Seller), free and clear of any encumbrances, other than certain permitted encumbrances and upon each purchase, the Guarantor shall acquire a valid and enforceable first priority perfected and opposable beneficial ownership interest in the applicable Loans free and clear of any encumbrances, other than certain permitted encumbrances;

- there is no requirement in order for a sale, transfer and assignment of the Loans and their Related Security to be effective to obtain the consent of the Borrower to such sale, transfer or assignment and such sale, transfer and assignment shall not give rise to any claim by the Borrower against the Guarantor, the Bond Trustee or any of their successors in title or assigns;
- all of the Properties are located in one or more Provinces of Canada;
- not more than 12 months (or a longer period as may be acceptable to reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market) prior to the granting of each Loan, the relevant Originator obtained information on the relevant Property from an independently maintained valuation model, acceptable to reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market, or received a valuation report on the relevant Property, which would be, and the contents or confirmation, as applicable, of which, were such as would be, acceptable to reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market or obtained such other form of valuation of the relevant Property which has received Rating Agency Confirmation;

- there are no governmental authorizations, approvals, licences or consents required as appropriate for the Seller to enter into or to perform its obligations under the Hypothecary Loan Sale Agreement or to make the Hypothecary Loan Sale Agreement legal, valid, binding, enforceable and admissible into evidence in a court of competent jurisdiction, other than authorizations, approvals, licenses, consents, actions, notices or polling that have been obtained, made or taken;
- if the Loan is a Versatile Loan and if there has been a disposition of the related Versatile LOC or a related Versatile Loan to a Versatile Purchaser, the related Versatile Purchaser has agreed to become bound by the Security Sharing Agreement and has provided a release in favour of the Guarantor, substantially in the form attached to the Security Sharing Agreement;

- each Loan satisfies the eligibility criteria as may be prescribed by the CMHC Guide as in effect on the related Transfer Date; and
- no Issuer Event of Default or Guarantor Event of Default under the Transaction Documents shall have occurred which is continuing as at the relevant Transfer Date.

On each Transfer Date, the Guarantor shall be entitled to collections in respect of the Loans purchased on such Transfer Date during the period from the Cut-off Date to the Transfer Date.

If New Portfolio Asset Types are to be sold to the Guarantor following satisfaction of the Rating Agency Confirmation requirement, then the Loan Representations and Warranties in the Hypothecary Loan Sale Agreement will be modified as required to accommodate these New Portfolio Asset Types. The consent of the holders of the Covered Bonds to the requisite amendments to provide for the New Portfolio Asset Types to be included in the Covered Bond Portfolio will not be required.

Versatile Accounts

The Issuer expects that the Covered Bond Portfolio will from time to time include Versatile Loans. A Borrower may obtain one or more Versatile Loans and Versatile LOCs, including the ability to convert any outstanding Versatile LOC or any portion thereof into

a Versatile Loan, with the remaining credit balance being a Versatile LOC, all of which are secured by the same Versatile Hypothec on the related Property.

Each Versatile Loan will be a Loan provided that the Loan Representations and Warranties and the other applicable requirements under the Transaction Documents are satisfied. Versatile LOCs will not initially be eligible for sale to the Guarantor as a Loan pursuant to the Hypothecary Loan Sale Agreement until approved as a New Portfolio Asset Type by the Rating Agencies. All sales of Versatile LOCs to the Guarantor will be subject to compliance with the CMHC Guide and the Covered Bond Legislative Framework.

Prior to a default by a Borrower under any Versatile Account, the Transaction Documents will require the Seller (or the applicable Originator) and the Servicer to apply payments to a Versatile Account in accordance with the related Versatile Hypothec. Following a default by a Borrower under any Versatile Account, the Security Sharing Agreement provides for the priority of payment of all monies received from such Borrower and all amounts realized from the enforcement of security held for such Borrower's Versatile Account (as described under "*Security Sharing Agreement—Priority of Payment in respect of Enforcement Proceeds*", below).

The Originators may from time to time sell interests in Versatile LOCs or Versatile Loans to a third party purchaser, together with the benefit of a corresponding interest in the related Versatile Hypothec. The Seller (directly or through an Originator) will act as the servicer of each related Versatile Loan (as described under "*Security Sharing Agreement—Single Servicer for purchased Loans and Related Loans secured by the same Hypothec*", below).

Concurrently with the sale of the First Versatile Loan relating to a particular Borrower to the Guarantor, the Seller will transfer and convey all of its right, title and interest in the Related Security (including its interest in the related Versatile Hypothec (or, in the case of a Versatile Loan located in the Province of Québec, an interest in the related Versatile Hypothec to the extent of the First Versatile Loan that is sold to the Guarantor)) to the Guarantor. The Guarantor will hold the Related Security in respect of each Versatile Loan sold to the Guarantor as follows: (i) an interest in such Related Security for its own sole and absolute account and benefit, to the extent of all outstanding indebtedness owing under all Versatile Loans owned by it in respect of the same Borrower from time to time, which interest will have full priority over all other rights, claims and interests; and (ii) subject to the Guarantor's priority described in item (i) above, an interest in such Related Security, as agent, nominee and bare trustee for the Seller (or applicable Originator) and any Versatile Purchaser from time to time, as their interests may appear, to the extent of all outstanding indebtedness owing under any Versatile Loans and Versatile LOCs owned by the Seller (or the applicable Originator) or Versatile Purchaser from time to time. As well, for Versatile Loans in the Province of Québec, the Seller and each of the Versatile Purchasers will be entitled to an interest in the Versatile Hypothec to the extent of any outstanding indebtedness owing under any related Versatile Accounts.

In respect of a Versatile Account, the Transaction Documents will provide that the Servicer will (i) have the sole right to take all enforcement actions and make all servicing decisions with respect to the Related Security (including under the related Versatile Hypothec) and (ii) allocate any monies received by it and otherwise realized from the enforcement of the security for the related Versatile Account with the same Borrower in accordance with the priority arrangement described above, including the allocation of such monies to all indebtedness owing under each related Versatile Loan owned by the Guarantor in priority to all related Versatile LOCs and Versatile Loans owned by the Seller or the applicable Originator, as the case may be (as described under "*Security Sharing Agreement—Priority of Payment in respect of Enforcement Proceeds*", below).

Repurchase of Loans

If the Seller receives a Loan Repurchase Notice from the Guarantor (or the Cash Manager on its behalf) identifying a Loan or its Related Security in the Covered Bond Portfolio which, as at the relevant Transfer Date or relevant Calculation Date (in the case of a Product Switch or an Additional Loan Advance): (i) does not comply with the Loan Representations and Warranties set out in the Hypothecary Loan Sale Agreement and such breach materially and adversely affects the interest of the Guarantor in such Loan or its Related Security or the value of such Loan or its Related Security; (ii) is subject to an adverse claim other than certain permitted security interests or security interests arising through the Guarantor and such breach or adverse claim materially and adversely affects the interest of the Guarantor in such Loan or the value of the affected Loan; or (iii) any power of attorney granted by the Seller or an Originator is determined to be invalid, then the Seller will, subject to the applicable breach, adverse claim or invalid power of attorney being cured during a 20 Montréal Business Day period commencing on the date on which such non-compliance is discovered, be required to repurchase on the first Calculation Date occurring after such 20 Montréal Business Day Period: (a) any such Loan and its Related Security; and (b) any other Loan secured or intended to be secured by that Related Security or any part of it, which would include one or more Versatile Loans made to the same Borrower which are owned by the Guarantor. If any Loan was not on the related Transfer Date an Eligible Loan, the Guarantor's interest in such Loan shall be deemed to have been materially and adversely affected. The repurchase price payable upon the repurchase of any Loan is an amount (not less than zero) equal to the purchase price paid by the Guarantor for such Loan and its Related Security plus expenses as at the relevant repurchase date, less any amounts received from the Borrower since the Transfer Date in respect of principal on such Loan. The repurchase proceeds received by the Guarantor will be applied (other than Accrued Interest and Arrears of Interest) in accordance with the Pre-Acceleration Principal Priority of Payments (see "*Cashflows*" below).

Non-Performing Loans

The Cash Manager will identify any Non-Performing Loans in the Covered Bond Portfolio and upon identification serve a Non-Performing Loans Notice on the Seller and the Servicer. Non-Performing Loans will not be given credit in the Asset Coverage Test or the Amortization Test.

Other rights and obligations to repurchase

Prior to the occurrence of an Issuer Event of Default, the Seller may from time to time offer to repurchase a Loan (or Loans) and their Related Security from the Guarantor for a purchase price of not less than the fair market value of the relevant Loan. any such offer to purchase a Versatile Loan would include any other Versatile Loans made to the same Borrower which are owned by the Guarantor. The Guarantor may accept such offer at its discretion, provided that any such sale will be subject to the Asset Coverage Test being met on the date of such sale, after giving effect to the sale.

Right of pre-emption

Under the terms of the Hypothecary Loan Sale Agreement, the Seller has a right of pre-emption in respect of any sale, in whole or in part, of Loans and their Related Security.

In connection with any sale of Loans and their Related Security by the Guarantor, except where such Loans and their Related Security are being sold to the Seller pursuant to an offer from the Seller, the Guarantor will serve on the Seller a Loan Offer Notice offering to sell Loans and their Related Security for an offer price equal to the greater of (a) the fair market value of such Loans and (b) (i) if the sale is following a breach of the Pre-Maturity Test or the service of a Notice to Pay, the Adjusted Required Redemption Amount of the relevant Series of Covered bonds, otherwise (ii) the True Balance of such Loans, subject to the offer being accepted by the Seller within 10 Montréal Business Days.

At any time there is no Asset Coverage Test Breach Notice outstanding and no Covered Bond Guarantee Activation Event has occurred, it will be a condition to the Guarantor's right to sell Loans and their Related Security that the Asset Coverage Test and/or Amortization Test, as applicable, will be met on the date of such sale, after giving effect to the sale.

If an Issuer Event of Default has occurred but no liquidator or administrator has been appointed to the Seller, the Seller's right to accept the offer (and therefore its right of pre-emption) will be conditional upon the delivery by the Seller of a solvency certificate to the Guarantor and the Bond Trustee. If the Seller rejects the Guarantor's offer or fails to accept it in accordance with the foregoing, the Guarantor may offer to sell such Loans and their Related Security to other Purchasers (as described under "*Limited Partnership Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*", below).

If the Seller validly accepts the Guarantor's offer to sell such Loans and their Related Security, the Guarantor will, within three Montréal Business Days of such acceptance, serve a Loan Repurchase Notice on the Seller. The Seller will sign and return a duplicate copy of such Loan Repurchase Notice and will repurchase from the Guarantor free from the Security created by the Security Agreements the relevant Loans and their Related Security (and any other Loan secured or intended to be secured by that Related Security or any part of it) referred to in the relevant Loan Repurchase Notice. Completion of the purchase of such Loans and their Related Security by the Seller will take place, upon satisfaction of any applicable conditions to the purchase and sale, on the first Guarantor Payment Date following receipt of the relevant Loan Repurchase Notice(s) or such other date as the Guarantor may direct in the Loan Repurchase Notice (provided that such date is not later than the earlier to occur of the date which is: (a) 10 Montréal Business Days after returning the Loan Repurchase Notice to the Guarantor; and (b) the Final Maturity Date of the Earliest Maturing Covered Bonds).

For the purposes hereof:

"Adjusted Required Redemption Amount" means the Canadian Dollar Equivalent of the Required Redemption Amount, plus or minus the Canadian Dollar Equivalent of any swap termination amounts payable under the Covered Bond Swap Agreement to or by the Guarantor in respect of the relevant Series of Covered Bonds less (where applicable) amounts held by the Cash Manager for and on behalf of the Guarantor and amounts standing to the credit of the Guarantor Accounts and the Canadian Dollar Equivalent of the principal balance of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds) plus or minus any swap termination amounts payable to or by the Guarantor under the Interest Rate Swap Agreement in respect of the relevant Series of Covered Bonds determined on a *pro rata basis* amongst all Series of Covered Bonds according to the respective Principal Amount Outstanding thereof minus amounts standing to the credit of the Pre-Maturity Liquidity Ledger that are not otherwise required to provide liquidity for any Series of Hard Bullet Covered Bonds which mature within 12 months of the date of such calculation.

“**Required Redemption Amount**” means, in respect of a Series of Covered Bonds, the amount calculated as follows:

$$\text{the Principal Amount Outstanding of the relevant Series of Covered Bonds} \times [1 + [\text{Negative Carry Factor} \times (\text{days to maturity of the relevant Series of Covered Bonds}/365)]]$$

Further drawings under Loans

The Seller is solely responsible for funding all Additional Loan Advances, if any, in respect of Loans sold by the Seller to the Guarantor. The sale to the Guarantor of each Additional Loan Advance shall occur automatically upon the advance of further money to the relevant Borrower and the underlying automatic sale from the applicable Originator to the Seller. The amount of the Intercompany Loan will increase by the amount of the funded Additional Loan Advances.

New Sellers

In the future, any New Seller that wishes to sell Loans and their Related Security to the Guarantor will accede to the Hypothecary Loan Sale Agreement. The sale of New Loans and their Related Security by New Sellers to the Guarantor will be subject to certain conditions, including the following:

- each New Seller accedes to the terms of the Hypothecary Loan Sale Agreement (with such subsequent amendments as may be agreed by the parties thereto) or enters into a new Hypothecary Loan Sale Agreement with the Guarantor and the Bond Trustee, in each case so that it has, in relation to those New Loans and their Related Security to be sold by the relevant New Seller, substantially the same rights and obligations as the Seller had in relation to those Loans and their Related Security previously sold into the Covered Bond Portfolio under the Hypothecary Loan Sale Agreement;
- each New Seller accedes to the Dealership Agreement(s) and enters into such other documents as may be required by the Bond Trustee and/or the Guarantor (acting reasonably) to give effect to the addition of a New Seller to the transactions contemplated under the Programme;
- any New Loans and their Related Security sold by a New Seller to the Guarantor comply with the Eligibility Criteria set out in the Hypothecary Loan Sale Agreement;
- either (i) the Servicer services the New Loans and their Related Security sold by a New Seller on the terms set out in the Servicing Agreement (with such subsequent amendments as may be agreed by the parties thereto) or (ii) the New Seller enters into a servicing agreement with the Guarantor and the Bond Trustee which sets out the servicing obligations of the New Seller in relation to the New Loans and their Related Security and which is on terms substantially similar to the terms set out in the Servicing Agreement (in the event the New Loans and their Related Security are not purchased on a fully serviced basis, the servicing agreement shall set out fees payable to the Servicer or the New Seller acting as servicer of such New Loans and their Related Security which may be determined on the date of the accession of the New Seller to the Programme);
- the Bond Trustee is satisfied that any accession of a New Seller to the Programme will not prejudice the Asset Coverage Test; and
- the Bond Trustee is satisfied that the accession of a New Seller to the Programme is not materially prejudicial to holders of the Covered Bonds and Rating Agency Confirmation has been obtained in respect of such New Seller.

If the above conditions are met, the consent of holders of the Covered Bonds will not be required or obtained in connection with the accession of a New Seller to the Programme.

Security Sharing Agreement

The Seller, the Originators, the Guarantor, the Bond Trustee and the Custodian entered into a Security Sharing Agreement in connection with Loans and their Related Security that have been and will be sold by the Seller to the Guarantor where the Hypothec also secures or may from time to time secure loans, indebtedness or liabilities (“**Retained Loans**” and together with the Loans secured by the same Hypothec, “**Related Loans**”) that do not form part of the Covered Bond Portfolio, and which are retained by the related Originator.

The Security Sharing Agreement:

- confirms that the Seller or the related Originator, as applicable, retains an interest in the Hypothec securing the Related Loans;

- provides for the priority of payments in respect of Collections received in respect of any Related Loans following a default under or breach of such Related Loans that is not remedied or waived in accordance with the terms of the agreements with the Borrower in respect of such Related Loans (“**Post-Default Collections**”) including from the enforcement of the Hypothecs securing Related Loans (“**Enforcement Proceeds**”);
- requires Post-Default Collections to be promptly transferred, to the person entitled to such amounts;
- provides for each Loan sold to the Guarantor and Related Loans to be serviced by the same servicer or subservicer;
- provides the Seller with certain rights to purchase Related Loans from the Guarantor; and
- provides for the delivery by the Seller and the Originators of a release in respect of their respective interests, if any, in a Hypothec securing a Related Loans to the Custodian and the circumstances under which such release can be used or relied upon.

The Security Sharing Agreement will cease to apply in respect of any Related Loans upon all such Related Loans being held by a single person and provides that upon payment in full of the Loans forming part of the Related Loans, the Hypothec will be transferred to the owner (or beneficial owner) of the Retained Loans.

Priority of Payments in respect of Enforcement Proceeds

The parties to the Security Sharing Agreement have agreed that notwithstanding the terms of the Related Loans, which provide for the application of Enforcement Proceeds amongst such Related Loans, Post-Default Collections, including Enforcement Proceeds, will be applied as follows:

- first, in or towards payment of all taxes, reasonable costs and expenses incurred or to be incurred in relation to the enforcement of the Hypothec;
- second, in or towards payment of all amounts owing by the Borrower in respect of the Loans owned by the Guarantor and secured by such Hypothec until such amounts have been paid in full;
- third, in or towards payment of all amounts owing by the Borrower in respect of the Retained Loans secured by such Hypothec until such amounts have been paid in full; and
- lastly, in paying the surplus (if any) to the persons entitled thereto.

In connection with the above, to the extent an owner (or beneficial owner) of Related Loans receives Post-Default Collections while amounts are payable in priority to the amounts to which such person is entitled under the above priority of payments (but without limiting any obligation or right of the Servicer (or subservicer thereof) under the Servicing Agreement or Cash Manager under the Cash Management Agreement), such amounts are to be promptly transferred, to the person entitled to such amounts. Such payments will not be subject to the Priorities of Payment or any set-off or counterclaim.

Single Servicer for Purchased Loans and Related Loans secured by the same Hypothec

For so long as the Seller is the Servicer, it will service the Related Loans, or will sub-contract its servicing obligations to the related Originator, as subservicer, provided that, in all cases, each Loan owned by the Guarantor and each Related Loan secured by the same Hypothec, will be serviced by the same servicer or subservicer. In the event that the Servicer ceases to be the Seller, the Guarantor is required to enter into a servicing agreement with a replacement servicer (a “**Replacement Servicer**”) to arrange for the servicing of the Related Loans in a manner that ensures continuity of servicing and the Seller has granted a power of attorney in favor of the Guarantor for this purpose. The Replacement Servicer must satisfy certain requirements with respect to its capacity to carry out the servicing obligations and will be required to make representations consistent with the requirements represented and warranted to by the current Servicer (see “*Servicing Agreement – Representations and Warranties of the Servicer*”). A servicing agreement will be required to be entered into for the servicing with the Replacement Servicer and must, among other things:

- be commercially reasonable having regard to the interest of each of the Guarantor, the Seller and the related Originators in the Related Loans and Hypothecs being serviced, including with respect to the allocation of costs;
- provide for the servicing of the Retained Loans in accordance with the Seller’s or related Originator’s policy and otherwise in accordance with the standards of a reasonable and prudent institutional hypothecary lender and in compliance with applicable laws;
- restrict the ability of the Replacement Servicer to authorize, approve, accept or make product switches or additional advances in respect of Retained Loans without the consent of the Seller or related Originators;
- require the Replacement Servicer to hold funds received in respect of the Retained Loans in trust for the Seller and related Originators, as applicable, in a separate account and transfer such funds to the Seller or related Originators, as applicable on a daily basis; and
- require the prior written consent of the Guarantor, the Seller and the Federation on behalf of the related Originators, as applicable, to any amendment or waiver.

A Replacement Servicer will be entitled to take such enforcement procedures in respect of the Hypothecs it is servicing as it would be reasonable to expect a reasonable and prudent institutional hypothecary lender to take in administering its own loans and

their security and each of the holders of the Related Loans will refrain from taking any enforcement procedures except at the direction of the servicer.

A third party purchaser or the Guarantor can terminate the Servicing Agreement in respect of Related Loans and their Related Security sold to the third party purchaser provided that the purchaser services or appoints a servicer for the Related Loans that include the purchased Loans owned by the Guarantor and enters into a servicing agreement that meets the requirements applicable to a Replacement Servicer.

Purchase and Sale

Under the Security Sharing Agreement, in addition to the pre-emptive rights the Guarantor has under the Hypothecary Loan Sale Agreement (See “*Hypothecary Loan Sale Agreement*” above), if the Guarantor intends to sell any Related Loan, the Seller may, upon notice to the Guarantor, purchase such Related Loan and its Related Security. In addition, in the event the Seller desires to acquire any Loans and their Related Security forming part of the Related Loans, for any reason, including to institute enforcement procedures or upon becoming aware that enforcement procedures have been or are to be instituted in respect of any Hypothec securing Related Loans, the Seller may, upon notice to the Guarantor and the Custodian, purchase such Related Loans and their Related Security from the Guarantor provided that the Asset Coverage Test, or at such time as the Amortization Test is being conducted, the Amortization Test, as applicable, is met following such sale and such sale would not (or would not reasonably be expected to) adversely affect the interests of Covered Bondholders. In each case, the purchase price for such Related Loans and their Related Security will be a price determined in accordance with the Limited Partnership Agreement (see “*Limited Partnership Agreement – Sale of Loans and their Related Security at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*” and “*Sale of Loans and their Related Security at any time no Asset Coverage Test Breach Notice is outstanding and a Notice to Pay has not been served on the Guarantor*”) and will be payable in a form of consideration permitted under the CMHC Guide, which includes the substitution of assets. The Seller’s right to purchase Related Loans will cease upon a sale of such Related Loans and their Related Security by the Guarantor to a third party.

Release of Security

In connection with entering into the Security Sharing Agreement, the Seller and the Originators delivered a release of security to the Custodian in respect of their respective interests, if any, in the Hypothec securing the Related Loans and agreed to deliver a release of security upon each sale or contribution of Related Loans to the Guarantor. The Custodian will hold any such releases of security, including any delivered by a purchaser of Retained Loans, as Custodial Documents (see “*Custodial Agreement*” below), and will only deliver a release of security in order for it to be used or relied upon in respect of any affected Related Loans if the following conditions are met:

- the servicer of the affected Related Loans has provided notice to the parties to the Security Sharing Agreement under the Servicing Agreement or any corresponding agreement with a Replacement Servicer or the Custodian has otherwise received evidence satisfactory to it (acting reasonably) that any of the following has occurred:
 - (a) the Servicer, the related Originator or any owner (or beneficial owner) of any Retained Loan breached or caused a breach of or provided written advice to the servicer to breach (i) the priority of payments for the application of Post-Default Collections; (ii) its obligation to hold the Post-Default Collections in trust and transfer them to the person entitled to such amounts; or (iii) the requirement that each Loan owned by the Guarantor and any Related Loan secured by the same Hypothec be serviced by the same servicer or subservicer, where any such breach or advice, as applicable, is not remedied or withdrawn, as the case may be, within 60 days (or after an Issuer Event of Default, 10 Business Days) of receiving notice thereof;
 - (b) any Retained Loan has been sold, transferred or assigned to a third party that has not agreed to be bound by the obligations of the Seller and the Originators under the Security Sharing Agreement with respect to such Retained Loans and delivered a release of security to the Custodian in respect of the Hypothec for such Retained Loans (unless such sale, transfer or assignment results in a single person beneficially owning (or owning) all of the Related Loans); or
 - (c) the Seller, an Originator or a third party purchaser of any Retained Loan commences a challenge to the validity, legality or enforceability of (i) the priority of payments for the application of Post-Default Collections; (ii) the obligation to hold Post-Default Collections in trust and transfer them to the person entitled to such amounts; or (iii) the requirement to maintain a single servicer for Related Loans; and
- the owner (or beneficial owner) of the Related Loans that formed part of the Covered Bond Portfolio delivers a request to the Custodian to deliver to it the release of security in respect of the affected Related Loans; and
- following receipt of the request to deliver the release of security in respect of the affected Related Loans, the Custodian receives an opinion of independent legal counsel (as such term is used in the CMHC Guide), acceptable to the Custodian, confirming notice from the servicer was properly delivered or that the Custodian otherwise received evidence satisfactory to it (acting reasonably) that one of the circumstances in (a) to (c) above occurred (which opinion may make assumptions and rely on statements of fact from the servicer and appropriate officers or directors of a person reasonably expected to have knowledge of such matters) and the notice from the servicer (or other evidence) and request to deliver the release of security was properly given to the Custodian.

Upon the above conditions being satisfied, the Custodian will deliver the release of security in respect of the affected Related Loans to the Guarantor or third party purchaser, as the case may be, of the Related Loans that formed part of the Covered Bond Portfolio.

Servicing Agreement

Pursuant to the terms of the Servicing Agreement entered into on the Programme Establishment Date between the Guarantor, the Servicer, the Seller, the Cash Manager and the Bond Trustee, the Servicer has agreed to service on behalf of the Guarantor the Loans and their Related Security sold by the Seller to the Guarantor in the Covered Bond Portfolio.

The Servicer will administer the Loans and their Related Security comprised in the Covered Bond Portfolio in accordance with applicable law, the Servicing Agreement and the other Transaction Documents and with reasonable care and diligence, using that degree of skill and attention that it exercises in managing, servicing, administering, collecting on and performing similar functions relating to comparable loans that it services for itself.

The Servicer will be required to administer the Loans in accordance with the Servicing Agreement:

- (a) as if the Loans and their Related Security sold by the Seller to the Guarantor had not been sold to the Guarantor but remained with the Seller; and
- (b) in accordance with the Seller's or the relevant Originator's administration, arrears and enforcement policies and procedures forming part of the Servicer's policy from time to time as they apply to those Loans.

The Servicer's actions in servicing the Loans in accordance with its procedures will be binding on the Guarantor, the Seller and the Secured Creditors.

The Servicer will have the power to exercise the rights, powers and discretions and to perform the duties of the Guarantor in relation to the Loans and their Related Security that it is servicing pursuant to the terms of the Servicing Agreement, and to do anything which it reasonably considers necessary or convenient or incidental to the administration of those Loans and their Related Security.

Undertakings of the Servicer

Pursuant to the terms of the Servicing Agreement, the Servicer will undertake in relation to those Loans and their Related Security in the Covered Bond Portfolio that it is servicing, among other things, to:

- keep records and accounts on behalf of the Guarantor in relation to the Loans and their Related Security;
- keep the Loan Files in its possession or under its control in safe custody and maintain records necessary to enforce each Hypothec and to provide the Guarantor and the Bond Trustee with access to the Loan Files and other records relating to the administration of the Loans and their Related Security;
- maintain a register in respect of the Covered Bond Portfolio;
- make available upon request to the Guarantor and the Bond Trustee a report on a monthly basis containing information about the Loans and their Related Security comprised in the Covered Bond Portfolio;
- assist the Cash Manager in the preparation of a monthly asset coverage report in accordance with the Cash Management Agreement;
- take all reasonable steps to recover all sums due to the Guarantor, including instituting proceedings and enforcing any relevant Loan or Hypothec using the discretion of reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market in applying the enforcement procedures forming part of the Seller's policy;
- enforce any Loan which is in default in accordance with the Seller's enforcement procedures or, to the extent that such enforcement procedures are not applicable having regard to the nature of the default in question, with the usual procedures undertaken by reasonable and prudent institutional mortgage or hypothecary lenders in the Seller's or the applicable Originator's market on behalf of the Guarantor;
- comply and, as applicable, cause any person to which it sub-contracts or delegates the performance of all or any of its powers and obligations to comply with, the provisions of the Security Sharing Agreement applicable to a servicer and not

take any action in contravention of the Security Sharing Agreement, except pursuant to a written notice or direction in which case it will provide notice to the parties to the Security Sharing Agreement; and

- to provide notice to each party to the Security Sharing Agreement in the event that it receives advice or is provided or comes into possession or written evidence, as applicable, of any of the circumstances which could give rise to an obligation on the part of the Custodian to deliver a release of security in respect of any affected Related Loans following receipt of such notice, a request by an owner (or beneficial owner) of such affected Related Loans and delivery of an independent legal counsel opinion (see “*Security Sharing Agreement*”, above).

Prior to a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Servicer by one or more Rating Agencies below the Servicer Deposit Threshold Ratings (as defined below), the Servicer shall hold any funds it receives on behalf of the Guarantor for the benefit of the Guarantor and shall transfer such funds on or before the next Guarantor Payment Date (i) to the Cash Manager prior to a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Cash Manager by one or more Rating Agencies below the Cash Management Deposit Ratings (as defined below), and (ii) following any such downgrade of the Cash Manager’s ratings, directly into the GIC Account. “**Cash Management Deposit Ratings**” means the threshold ratings P-1 (in respect of Moody’s) and F1 or A (in respect of Fitch) as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the short-term issuer default rating) of the Cash Manager. “**Servicer Deposit Threshold Ratings**” means the threshold ratings P-1 (in respect of Moody’s) and F1 or A (in respect of Fitch) as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the short-term issuer default rating) of the Servicer.

In the event of a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Servicer by one or more Rating Agencies below the Servicer Deposit Threshold Ratings, the Servicer shall hold any funds it receives on behalf of the Guarantor for the benefit of the Guarantor and shall transfer such funds within two Business Days of the collection or receipt thereof (i) to the Cash Manager prior to a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Cash Manager by one or more Rating Agencies below the Cash Management Deposit Ratings, and (ii) following any such downgrade of the Cash Manager’s ratings, directly into the GIC Account.

On the Servicer being assigned a rating on its unsecured, unguaranteed and unsubordinated debt obligations by the Rating Agencies below the Servicer Replacement Threshold Ratings (as defined below), the Servicer undertakes to, upon the request of the Guarantor or the Bond Trustee, use commercially reasonable efforts to enter into a new or a master servicing agreement with the Bond Trustee and a third party substantially in the form of the Servicing Agreement (or otherwise subject to Rating Agency Confirmation), with such modifications as the Guarantor and the Bond Trustee may reasonably require (including with respect to the payment of servicing fees), within 60 days under which such third party will undertake the servicing obligations in relation to the Covered Bond Portfolio. In connection with the foregoing, upon entering into the new or master servicing agreement with such third party, the Servicer or replacement Servicer, as agreed between the parties to the Servicing Agreement, will (on behalf of the Guarantor) deliver notice of the sale, assignment and transfer of the Loans and their Related Security and direct Borrowers to make all future repayments on the Loans to the Standby Account Depository Institution for the account of the Guarantor. “**Servicer Replacement Threshold Ratings**” means the threshold ratings Baa2 or F2 (in respect of Moody’s and Fitch, respectively), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the short-term issuer default rating) of the Servicer.

Setting of variable rate and other discretionary rates and margins

Pursuant to the terms of the Hypothecary Loan Sale Agreement and in accordance with the Hypothecary Loan Conditions applicable to certain Loans, the Seller has prescribed policies relating to interest rate setting, arrears management and handling of complaints which the Guarantor (and any subsequent purchaser thereof) will be required to adhere to following the transfer of Loans and their Related Security. Such arrears management and handling of complaints policies are consistent with those to be applied by the Servicer under the terms of the Servicing Agreement. The interest rate setting policy specified in the Hypothecary Loan Sale Agreement is only applicable to Loans with interest rates which may be varied from time to time in the discretion of the lender under the relevant Loan.

In addition to the undertakings described above, the Servicer has also undertaken in the Servicing Agreement to determine and set the variable rate and any other discretionary rates and margins in relation to any applicable Loans in the Covered Bond Portfolio for which the Guarantor is entitled to set the variable rate and any other discretionary rates and margins pursuant to the terms of such Loans. The Servicer shall set such rates and margins in accordance with the policy to be adhered to by the Guarantor above, at such times as the Guarantor would be entitled to set such rates and margins, except in the limited circumstances described below, when the Guarantor will be entitled to set such rates and margins. The Servicer will not at any time prior to the earlier of (i) the occurrence of a Covered Bond Guarantee Activation Event, and/or (ii) a Servicer Event of Default having occurred, without the prior written consent of the Guarantor, set or maintain any such discretionary rates or margins at rates or margins which are higher than (although they may be lower than or equal to) the applicable then prevailing discretionary rates or margins of the Seller for loans owned by the Seller which have a similarly determined variable rate or margin to the relevant Loan in the Covered Bond Portfolio sold by the Seller to the Guarantor.

In particular, the Servicer will determine on each Calculation Date, having regard to:

- (a) the income which the Guarantor would expect to receive during the next succeeding Guarantor Payment Period (the relevant Guarantor Payment Period);
- (b) any discretionary rates and margins in respect of the Loans which the Servicer proposes to set under the Servicing Agreement for the relevant Guarantor Payment Period; and
- (c) the other resources available to the Guarantor including the Interest Rate Swap Agreement, the Covered Bond Swap Agreement and the Reserve Fund,

whether the Guarantor would receive an amount of income during the relevant Guarantor Payment Period which, when aggregated with the funds otherwise available to it, is less than the amount which is the aggregate of (1) the amount of interest which would be payable (or provisioned to be paid) under the Covered Bond Guarantee on each Guarantor Payment Date falling at the end of the relevant Guarantor Payment Period and any amounts which would be payable (or provisioned to be paid) to the Covered Bond Swap Provider under the Covered Bond Swap Agreement in respect of all Covered Bonds on each Guarantor Payment Date of each Series of Covered Bonds falling at the end of the relevant Guarantor Payment Period and (2) the other senior expenses payable by the Guarantor ranking in priority thereto in accordance with the relevant Priorities of Payment applicable prior to a Guarantor Event of Default.

If the Servicer determines that there will be a shortfall in the foregoing amounts, it will give written notice to the Guarantor and the Bond Trustee, within one Montréal Business Day, of the amount of the shortfall. If the Guarantor or the Bond Trustee notifies the Servicer and the Issuer that, having regard to the obligations of the Guarantor and the amount of the shortfall, further Loans and their Related Security should be sold to the Guarantor, the Issuer will use all reasonable efforts to ensure that the obligations of the Guarantor for such period will be met. This may include, making advances under the Intercompany Loan or selling Loans and their Related Security to the Guarantor on or before the next Calculation Date in such amounts and with such rates or margins, as applicable, sufficient to avoid such shortfall on future Calculation Dates.

In addition, the Servicer will determine on each Calculation Date following an Issuer Event of Default, having regard to the aggregate of:

- (a) any variable or discretionary rate or margin, in respect of the Loans which the Servicer proposes to set under the Servicing Agreement for the relevant Guarantor Payment Period; and
- (b) the other resources available to the Guarantor under the Interest Rate Swap Agreement,

whether the Guarantor would receive an aggregate amount of interest on the Loans sufficient to pay the full amounts payable under the Interest Rate Swap Agreement during the relevant Guarantor Payment Period (the “**Post Issuer Event of Default Yield Shortfall Test**”).

If the Servicer determines that the Post Issuer Event of Default Yield Shortfall Test will not be met, it will give written notice to the Guarantor and the Bond Trustee, prior to the Guarantor Payment Date immediately following such Calculation Date, of the amount of the shortfall and the rates or margins, for any discretionary rates or margins which the Guarantor is entitled to set with respect to Loans in the Covered Bond Portfolio pursuant to the terms of such Loans, which need to be set in order for no shortfall to arise, and the Post Issuer Event of Default Yield Shortfall Test to be met, having regard to the date(s) on which the change to such discretionary rates or margins would take effect and at all times acting in accordance with the standards of reasonable and prudent institutional mortgage or hypothecary lenders in the Seller’s or the applicable Originator’s market. If the Guarantor or the Bond Trustee notifies the Servicer that, having regard to the obligations of the Guarantor, such discretionary rates or margins should be increased, the Servicer or replacement Servicer, as the case may be, will take all steps which are necessary to increase such discretionary rates or margins including publishing any notice which is required in accordance with the Hypothec Terms.

The Guarantor and the Bond Trustee may terminate the authority of the Servicer to determine and set any such discretionary rates or margins on the occurrence of a Servicer Event of Default as defined under “—*Removal or resignation of the Servicer*”, in which case the Guarantor and the Bond Trustee will agree to appoint the replacement Servicer to set such discretionary rates or margins itself in the manner described above.

Representations and Warranties of Servicer

Under the Servicing Agreement, the Servicer represents and warrants to the Guarantor and the Bond Trustee that (i) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Servicing Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (ii) it is rated at or above the Servicer Replacement Threshold Ratings by

each of the Rating Agencies, (iii) it is and will continue to be in good standing with the Autorité des marchés financiers du Québec, (iv) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Servicing Agreement and the other Transaction Documents to which it is party, and (v) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Servicing Agreement and the other Transaction Documents to which it is a party.

Removal or resignation of the Servicer

The Guarantor and the Bond Trustee may (unless otherwise specified below), upon written notice to the Servicer, terminate the Servicer's rights and obligations immediately if any of the following events (each a "**Servicer Termination Event**" and, each of the first four events set out below, a "**Servicer Event of Default**") occurs:

- the Servicer's unsecured, unguaranteed and unsubordinated debt obligations are assigned a rating from the Rating Agencies below the Servicer Replacement Threshold Ratings;
- the Servicer defaults in the payment of any amount due to the Guarantor under the Servicing Agreement and fails to remedy that default for a period of three Montréal Business Days after the earlier of the Servicer becoming aware of the default and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same be remedied;
- the Servicer (or any delegate thereof) fails to comply with its obligations under the Servicing Agreement relating to the transfer of monies received as collections at any time that there has been a downgrade in the ratings of the Servicer by one or more Rating Agencies below the Servicer Deposit Threshold Ratings and such default continues unremedied for a period of one (1) Montréal Business Day after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same to be remedied;
- the Servicer fails to comply with any of its other covenants and obligations under the Servicing Agreement which failure in the reasonable opinion of the Bond Trustee is materially prejudicial to the interests of the holders of the Covered Bonds from time to time and does not remedy such failure within the earlier of 20 Montréal Business Days after becoming aware of the failure and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same to be remedied;
- an Insolvency Event occurs in relation to the Servicer or any credit support provider in respect of the Servicer or the merger of the Servicer without an assumption of the obligations under the Servicing Agreement;
- the Guarantor resolves, after due consideration and acting reasonably, that the appointment of the Servicer should be terminated provided that a substitute servicer has entered into a substitute servicing agreement with the parties to the Servicing Agreement (excluding the Servicer) on substantially similar terms and conditions as the Servicing Agreement and for which Rating Agency Confirmation has been received;
- there is a breach by the Servicer of certain representations and warranties or a failure by the Servicer to perform certain covenants made by it under the Servicing Agreement;
- the Servicer is the Issuer or an affiliate of the Issuer and an Issuer Event of Default (a) occurs and is continuing, or (b) has previously occurred and is continuing, at any time that the Guarantor is Independently Controlled and Governed; or
- an Issuer Event of Default occurs and is continuing, or has previously occurred and is continuing, at any time that the Guarantor is Independently Controlled and Governed.

In the case of the occurrence of the first Servicer Termination Event described above at any time that the Guarantor is not Independently Controlled and Governed, the Guarantor shall by notice in writing to the Servicer terminate its appointment as Servicer with effect from a date (not earlier than the date of the notice) specified in the notice.

Termination of the Servicer will become effective upon the appointment of a successor Servicer in place of such Servicer. The Servicer, the Guarantor and the Bond Trustee agree to use commercially reasonable efforts to arrange for the appointment of a successor Servicer.

Subject to the fulfillment of a number of conditions, the Servicer may voluntarily resign by giving not less than 12 months' notice to the Bond Trustee and the Guarantor provided that a successor servicer qualified to act as such with a management team with experience of administering mortgages in Canada has been appointed and enters into a servicing agreement with the Guarantor

substantially on the same terms as the Servicing Agreement, except as to fees. The resignation of the Servicer is conditional on Rating Agency Confirmation unless the holders of the Covered Bonds agree otherwise by Extraordinary Resolution.

If the appointment of the Servicer is terminated, the Servicer must deliver the Loan Files relating to the Loans in the Covered Bond Portfolio administered by it to, or at the direction of, the Guarantor. The Servicing Agreement will terminate at such time as the Guarantor has no further interest in any of the Loans or their Related Security sold to the Guarantor and serviced under the Servicing Agreement that comprised the Covered Bond Portfolio.

The Servicer may sub-contract or delegate the performance of its duties under the Servicing Agreement provided that it meets conditions as set out in the Servicing Agreement. As at the date of this Base Prospectus, the Servicer sub contracts or delegates the performance of all its duties under the Servicing Agreement, including the exercise of reasonable care and prudence in the making of the Loans, in the administration of the Loans, in the collection of the repayment of the Loans and in the protection of the security for each Loan, to each Originator in respect of the Loans originated by it that form part of the Covered Bond Portfolio, provided that the Servicer is not released or discharged from any liability under the Servicing Agreement and remains liable for the performance or non-performance or breach by any sub-contractor or delegate of the duties so subcontracted or delegated under the Servicing Agreement.

In certain circumstances, the Servicer may be required to assign the role of Servicer to a third party acceptable to the Bond Trustee and qualified to service the Covered Bond Portfolio. The Bond Trustee will not be obliged to act as Servicer in any circumstances.

Subservicing Agreement

Under the terms of the Subservicing Agreement between each Originator in respect of the Loans originated by it that will form part of the Covered Bond Portfolio (the “**Relevant Loans**”), as subservicer of the Servicer and Caisse centrale as the Servicer, the Seller, and the Cash Manager, the Servicer has sub contracted to each such Originator the performance of all its duties under (A) the Servicing Agreement (other than (i) the performance of the Guarantor Obligation Shortfall Test (as such term is defined in the Servicing Agreement) or the Post Issuer Event of Default Yield Shortfall Test, and (ii) dealing with the Collections except to remit Collections received by such Originator to the Servicer or the Cash Manager as required pursuant to the Subservicing Agreement) and (B) the Custodial Agreement. In addition, the Originator, in its capacity as subservicer will, with respect to Relevant Loans and their Related Security, advise the Servicer of all material collection and service issues and provide the Servicer with reports and other information in its possession as the Servicer may reasonably require.

So long as (i) a subservicer is in compliance with its obligations under the Subservicing Agreement and no termination event has occurred with respect to such subservicer, and (ii) the Servicer is in compliance with its obligations under the Servicing Agreement with respect to funds received by it on behalf of the Guarantor and no Servicer Termination Event has occurred, the Guarantor (or the Cash Manager on its behalf) may direct by written direction that all or any funds collected by such subservicer on behalf of the Guarantor (“**Directed Collections**”) be paid to the Issuer (or as the Issuer may direct by written direction) on the next Guarantor Payment Date as a repayment by the Guarantor of the Intercompany Loan pursuant to the applicable Priorities of Payment (which direction by the Issuer may instruct that such funds be paid to an Originator in respect of amounts owed by the Issuer to such Originator pursuant to the Origination Hypothecary Loan Sale Agreement) provided that only that proportion of funds received by a subservicer on behalf of the Guarantor may be so directed for payment which, when aggregated with the Directed Collections of all subservicers, are less than or equal to the sum the Guarantor would otherwise have available to distribute to the Issuer on the next Guarantor Payment Date upon the application of Available Revenue Receipts and Available Principal Receipts in accordance with the applicable Priorities of Payment.

Undertakings of the Subservicer

Pursuant to the terms of the Subservicing Agreement, each subservicer will undertake in relation to its Relevant Loans and their Related Security, among other things, to:

- administer the Relevant Loans and their Related Security as if the same were on the books of the subservicer;
- provide the services in such manner and with the same level of skill, care and diligence as would a reasonable and prudent hypothecary lender and using that degree of skill and attention that it exercises in managing, servicing, administering, collecting and performing similar functions relating to comparable loans that it services for itself;
- comply with any proper directions, orders and instructions which the Servicer may from time to time give to it;
- comply with the Security Sharing Agreement;
- forthwith notify the Servicer in the case of the occurrence of an Insolvency Event in relation to the subservicer;

- keep in force all licences, approvals, authorizations and consents which may be necessary in connection with the performance of the services and prepare and submit on a timely basis all necessary applications and requests for any further approval, authorization, consent or licence required in connection with the performance of the services;
- save as otherwise agreed with the Servicer, provide free of charge to the Servicer or its nominees, office space, facilities, equipment and staff sufficient to enable the Servicer or its nominees to fulfil its obligations under the Servicing Agreement;
- not knowingly fail to comply with any legal requirements in the performance of the services;
- make all payments required to be made by it pursuant to the Subservicing Agreement on the due date for payment thereof in Canadian dollars in immediately available funds for value on such day without compensation or set-off (including, without limitation, in respect of any fees owed to it) or counterclaim; and
- forthwith and in any event prior to the next Guarantor Payment Date after becoming aware of any event which may reasonably give rise to an obligation of the Seller to repurchase any Relevant Loan sold to the Guarantor in the Covered Bond Portfolio pursuant to the Hypothecary Loan Sale Agreement, notify the Servicer in writing of such event.

Removal or Resignation of the Subservicer

The Servicer may terminate a subservicer's rights and obligations as subservicer under the Subservicing Agreement upon written notice to the relevant subservicer if any of the following events occurs:

- default is made by the subservicer in the payment on the due date of any amount due to the Guarantor or the Servicer and payable by it under the Subservicing Agreement and such default continues unremedied for a period of three (3) Montréal Business Days after the earlier of the subservicer becoming aware of such default and receipt by the subservicer of written notice from the Servicer requiring the same to be remedied;
- default is made by the subservicer in the performance or observance of any of its other covenants and obligations under the Subservicing Agreement or any other Transaction Document, which in the reasonable opinion of the Servicer could reasonably be expected to have a material adverse effect on the Relevant Loans and Related Security in the aggregate or be materially prejudicial to the interests of the holders of the Covered Bonds and such default continues unremedied within the earlier of 10 Montreal Business Days after becoming aware of such default and receipt by the subservicer of written notice from the Servicer requiring the same to be remedied;
- default is made by the subservicer in the performance or observance of its covenants and obligations to remit Collections to the Servicer or the Cash Manager at any time that the Servicer's issuer default rating or the ratings of the unsecured, unsubordinated and unguaranteed debt obligations of the Servicer, as applicable, from one or more Rating Agencies fall below the Servicer Deposit Threshold Ratings;
- an Insolvency Event occurs in relation to the subservicer or any credit support provider in respect of the subservicer or the merger of the subservicer without an assumption of the obligations under the Subservicing Agreement;
- the audited financial statements of the subservicer show a negative operating reserve and such financial statements do not show a receivable grant from the Desjardins Security Fund (a fund established to, among other things, extend grants and loans to the Caisses for the purposes of managing the affairs of the Caisses) which would make up the deficit of such operating reserve; or
- the Servicer resolves, after due consideration and acting reasonably, that the appointment of the subservicer should be terminated.

Provided that the Servicer consents in writing, any subservicer may voluntarily resign by giving not less than 12 months' notice of termination to the Servicer.

In the event that the Servicer is terminated and a replacement Servicer has not yet been appointed, each of the Guarantor and the Bond Trustee is authorized to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the continued subservicing of the Loans and their Related Security pursuant to the Subservicing Agreement. The Servicer shall provide notice to CMHC of the termination or resignation of any subservicer and of such subservicer's replacement.

No amendment or waiver of any provision of the Subservicing Agreement shall be effective unless in writing and signed by the parties thereto. The list of Originators that are party to the Subservicing Agreement (and to the Origination Hypothecary Loan Sale

Agreement and the Security Sharing Agreement) shall be deemed to be automatically updated on the applicable purchase date to include the name of any Originator that delivers a loan purchase notice on such purchase date and is not otherwise on such list as of such date. Such new Originator shall be bound by the terms of the Subservicing Agreement, the Origination Hypothecary Loan Sale Agreement, the Security Sharing Agreement, the applicable release of security and the security registration agreement, in each case, as of such date.

Asset Monitor Agreement

Under the terms of the Asset Monitor Agreement entered into on the Programme Establishment Date between the Asset Monitor, the Guarantor, the Issuer, the Cash Manager and the Bond Trustee, the Asset Monitor has agreed, subject to due receipt of the information to be provided by the Cash Manager to the Asset Monitor, to carry out arithmetic testing of, and report on the arithmetic accuracy of the calculations performed by the Cash Manager once each year and more frequently in certain circumstances as required by the terms of the Asset Monitor Agreement with a view to confirming that the Asset Coverage Test and/or the Amortization Test, as applicable, is met as at that Calculation Date.

If the arithmetic testing conducted by the Asset Monitor reveals any errors in the calculations performed by the Cash Manager, the Asset Monitor will be required to conduct such arithmetic tests and report on such arithmetic accuracy for (a) the last Calculation Period of each calendar quarter of the preceding year, (b) each Calculation Period of the current year until such arithmetic testing demonstrates no arithmetical inaccuracy for three consecutive Calculation Periods, and (c) thereafter, the last Calculation Period of each remaining calendar quarter of the current year.

In addition to the arithmetic testing described above, the Asset Monitor will also perform certain specified procedures in relation to the Covered Bond Portfolio and verify compliance by the Issuer, the Guarantor and the Programme with certain aspects of the Covered Bond Legislative Framework and the CMHC Guide.

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Cash Manager for the purpose of performing its duties under the Asset Monitor Agreement is true and correct and not misleading and is not required to report as such or otherwise take steps to verify the accuracy of any such information. Each report of the Asset Monitor delivered in accordance with the terms of the Asset Monitor Agreement will be delivered to the Cash Manager, the Guarantor, the Issuer, the Bond Trustee and CMHC.

The Guarantor will pay to the Asset Monitor a fee per report (exclusive of GST), equal to the amount set out in the Asset Monitor Agreement from time to time, for the reports to be performed by the Asset Monitor.

The Guarantor may, at any time, only with the prior written consent of the Bond Trustee (unless the Asset Monitor defaults in the performance or observance of certain of its covenants or breaches certain of its representations and warranties made, respectively, under the Asset Monitor Agreement, in which case such consent will not be required), terminate the appointment of the Asset Monitor by giving at least 60 days' prior written notice to the Asset Monitor, and the Asset Monitor may, at any time, resign by giving at least 60 days' prior written notice (and immediately if continuing to perform its obligations under the Asset Monitor Agreement becomes unlawful or conflicts with independence or professional rules applicable to the Asset Monitor) to the Guarantor and the Bond Trustee.

Upon giving notice of resignation, the Asset Monitor will use reasonable efforts to assist the Guarantor in appointing a replacement Asset Monitor approved by the Bond Trustee (such approval to be granted by the Bond Trustee if the replacement is an accounting firm of national standing which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Agreement). If a replacement is not appointed by the date which is 30 days prior to the date when tests are to be carried out in accordance with the terms of the Asset Monitor Agreement, then the Guarantor will use all reasonable efforts to appoint an accounting firm of national standing to carry out the relevant tests on a one-off basis, provided that notice of such appointment is given to the Bond Trustee.

The Bond Trustee will not be obliged to act as Asset Monitor in any circumstances.

Limited Partnership Agreement

The general and limited partners of the Guarantor have agreed to operate the business of the Guarantor in accordance with the terms of a limited partnership agreement entered into on the Programme Establishment Date, as amended on July 23, 2015, between the Managing GP, as managing general partner, the Liquidation GP, as liquidation general partner, and the Federation, as Limited Partner, together with such other persons as may become partners of the Guarantor and the Bond Trustee (as the same may be further amended and/or restated and/or supplemented from time to time, the "**Limited Partnership Agreement**").

General Partner and Limited Partners of the Guarantor

The Managing GP is the managing general partner and the Liquidation GP is the liquidation general partner and the Federation is the sole limited partner of the Guarantor. The Partners will have the duties and obligations, rights, powers and privileges specified in the *Limited Partnerships Act* (Ontario) and pursuant to the terms of the Limited Partnership Agreement.

No new Limited Partner may be otherwise appointed, and no new general partner may be added or general partner replaced without the consent of the Limited Partner and, while there are Covered Bonds outstanding, the Bond Trustee, and receipt by the Issuer and/or the Bond Trustee of Rating Agency Confirmation.

Under the Limited Partnership Agreement, the Limited Partner represents and warrants to the other Partners that (i) it is a validly created financial services cooperative duly incorporated under the laws of Québec, (ii) it has taken all necessary action to authorize the execution, delivery and performance of the Limited Partnership Agreement, (iii) it has the capacity and authority to enter into, deliver and perform its obligations under the Limited Partnership Agreement and such obligations do not conflict with nor do they result in a breach of any of its constating documents or by-laws or any material agreement by which it is bound or any applicable law the breach of which would have a material effect, (iv) no authorization, consent or approval of, or filing with or notice to, any person is required in connection with the execution, delivery or performance of the Limited Partnership Agreement by the Limited Partner, other than those which have been obtained, and (v) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada) and will retain such status during the term of the partnership governed by the Limited Partnership Agreement.

No person shall be admitted, or be permitted to remain in, the partnership as a Partner if such person is a non-resident of Canada for purposes of the *Income Tax Act* (Canada) or (if a partnership) is not a “Canadian partnership: within the meaning of the *Income Tax Act* (Canada).

Capital Contribution

On or before the Programme Establishment Date, each of the Managing GP and the Liquidation GP has contributed a nominal cash amount to the Guarantor and hold 99 per cent and 1 per cent respectively of the 0.05 per cent general partner interest. The Limited Partner holds the substantial economic interest in the Guarantor (approximately 99.95 per cent) having also contributed cash to the Guarantor. The Partners may from time to time make additional Capital Contributions to the Partnership, including without limitation after receipt of an Asset Coverage Test Breach Notice.

New Limited Partners

In the future, any person that wishes to become a new Limited Partner will, subject to the following paragraph, require the consent of the Limited Partner and, while there are Covered Bonds outstanding, the Bond Trustee and be required, to the extent applicable, to accede to the Hypothecary Loan Sale Agreement and any other Transaction Documents to which the Limited Partner is a party and deliver such other agreements and provide such other assurances as may be required by the Guarantor and/or the Bond Trustee (acting reasonably). Subject to compliance with the foregoing, the consent of the Covered Bondholders will not be required to the accession of a new Limited Partner to the Guarantor.

The Limited Partner may assign all or some portion of its interest in the Guarantor to any Subsidiary by giving written notice of such assignment to the Guarantor and the Bond Trustee, and the assignee of such interest acceding to the Limited Partnership Agreement. Any such assignment shall not relieve the Limited Partner of its obligations under the Limited Partnership Agreement or require the consent of the General Partners, Bond Trustee, the holders of the Covered Bonds or, if applicable, any other Limited Partner.

Capital Distributions

Provided the Asset Coverage Test and/or the Amortization Test, as applicable, will be met after giving effect to any Capital Distribution, the Managing GP, may from time to time, in its discretion, make Capital Distributions to the Partners. Pursuant to the terms of the Limited Partnership Agreement distributions to the Liquidation GP will be limited to an amount which may be less than the Liquidation GP's *pro rata* interest in the Guarantor.

Asset Coverage Test

The Guarantor must ensure that as at each Calculation Date, the Adjusted Aggregate Loan Amount is in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated at the relevant Calculation Date.

If as at any Calculation Date, the Adjusted Aggregate Loan Amount is less than the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds as calculated at the relevant Calculation Date, then the Guarantor (or the Cash Manager on its behalf) will notify the Partners, the Bond Trustee and CMHC thereof. The Partners shall use all reasonable efforts to

ensure that the Guarantor is in compliance with the Asset Coverage Test. In that respect, the Limited Partner shall use all reasonable efforts to, as the Limited Partner may determine in its sole discretion, (i) make a Cash Capital Contribution, (ii) make a Capital Contribution in Kind to the Partnership, and/or (iii) require that Caisse centrale sell New Loans and their Related Security to the Guarantor, in the aggregate or in each case, as applicable, in an amount sufficient to ensure the Guarantor is or will be in compliance with the Asset Coverage Test on future Calculation Dates. If the Adjusted Aggregate Loan Amount is less than the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds on the next following Calculation Date, the Asset Coverage Test will be breached and the Guarantor (or the Cash Manager on its behalf) will serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee, CMHC and, if delivered by the Cash Manager, the Guarantor. The Asset Coverage Test Breach Notice will be revoked if the Asset Coverage Test is satisfied as at the next Calculation Date following service of an Asset Coverage Test Breach Notice provided no Covered Bond Guarantee Activation Event has occurred.

At any time there is an Asset Coverage Test Breach Notice outstanding:

- (a) the Guarantor may be required to sell Randomly Selected Loans (as described further under “Limited Partnership Agreement—Sale of Loans and their Related Security following service of an Asset Coverage Test Breach Notice or service of a Notice to Pay on the Guarantor”);
- (b) prior to the occurrence of a Covered Bond Guarantee Activation Event, the Pre-Acceleration Revenue Priority of Payments and the Pre-Acceleration Principal Priority of Payments will be modified as more particularly described in “Allocation and distribution of Available Revenue Receipts and Available Principal Receipts when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred” below; and
- (c) the Issuer will not be permitted to make any further issuances of Covered Bonds.

If an Asset Coverage Test Breach Notice has been served and not revoked on or before the Guarantor Payment Date immediately following the Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will occur and the Bond Trustee will be entitled (and, in certain circumstances may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Guarantor.

For the purposes hereof:

“Adjusted Aggregate Loan Amount” means the amount calculated as at each Calculation Date:

$$A+B+C+D+E-Y-Z$$

where,

A = the lower of (i) and (ii), where:

- (i) = the sum of the “LTV Adjusted True Balance” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the actual True Balance of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, and (2) 80% multiplied by the Latest Valuation relating to that Loan, in each case, multiplied by M.

“M” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans;

minus

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Hypothecary Loan Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Hypothecary Loan Sale Agreement. In this event, the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be

reduced by an amount equal to the LTV Adjusted True Balance of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or

- (2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Hypothecary Loan Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss);

AND

- (ii) = the aggregate “**Asset Percentage Adjusted True Balance**” of the Loans in the Covered Bond Portfolio which in relation to each Loan shall be the lower of (1) the actual True Balance of the relevant Loan on such Calculation Date, and (2) the Latest Valuation relating to that Loan, in each case, multiplied by N

“N” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
(b) 0% for all Loans that are Non-Performing Loans

minus

the aggregate sum of the following deemed reductions to the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Hypothecary Loan Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Hypothecary Loan Sale Agreement. In this event, the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the Asset Percentage Adjusted True Balance of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or
- (2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Hypothecary Loan Sale Agreement and/or the Servicer was, in the immediately preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss),

the result of the calculation in this paragraph (ii) being multiplied by the Asset Percentage (as defined below);

- B = the aggregate amount of any Principal Receipts on the Loans in the Covered Bond Portfolio up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents;
- C = the aggregate amount of (i) any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Guarantor) or (ii) proceeds advanced under the Intercompany Loan Agreement or (iii) proceeds from any sale of Loans which, in each case, have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents (provided that, for greater certainty, this clause (iii) shall include any amounts standing to the credit of the Pre-Maturity Liquidity Ledger);

- D = the aggregate outstanding principal balance of any Substitute Assets;
- E = the balance, if any, of the Reserve Fund;
- Y = the sum of (i) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date and delivered with respect to the Interest Rate Swap Agreement, plus (ii) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date delivered with respect to the Covered Bond Swap Agreement, in each case, determined as at such Calculation Date;
- Z = zero so long as (x) the Interest Rate Swap Effective Date has occurred prior to the related Calculation Date; and (y) the Interest Rate Swap Agreement provides for the hedging of interest received in respect of (i) the Loans and their Related Security in the Covered Bond Portfolio, (ii) any Substitute Assets; and (iii) cash balances held in the GIC Account; otherwise the weighted average remaining maturity expressed in years of all Covered Bonds then outstanding multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds multiplied by the Negative Carry Factor where the “**Negative Carry Factor**” is, if the weighted average margin of the interest rate payable on the Principal Amount Outstanding of the Covered Bonds relative to the interest rate receivable on the Covered Bond Portfolio is (i) less than or equal to 0.1 per cent per annum, 0.5 per cent, or (ii) is greater than 0.1 per cent per annum, 0.5 per cent plus such margin minus 0.1 per cent; provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one.

“**Asset Percentage**” means 97 per cent. or such lesser percentage figure as determined from time to time in accordance with the terms of the Limited Partnership Agreement, provided that the Asset Percentage shall not be less than 80 per cent. unless otherwise agreed by the Issuer (and following an Issuer Event of Default, the Guarantor for the purposes of making certain determinations in respect of the Intercompany Loan). Any increase in the maximum Asset Percentage will be deemed to be a material amendment to the Trust Deed and will require satisfaction of the Rating Agency Confirmation. See “— *Modification of Transaction Documents*”.

On or prior to the Guarantor Payment Date immediately following the Calculation Date falling in February, May, August and November of each year and on such other date as the Limited Partner may request following the date on which Caisse centrale is required to assign the Interest Rate Swap Agreement to a third party, the Guarantor (or the Cash Manager on its behalf) will determine the Asset Percentage in accordance with the terms of the Limited Partnership Agreement and the various methodologies of the Rating Agencies which may from time to time be prescribed for the Covered Bond Portfolio based on the value of assets in the Covered Bond Portfolio as at the Calculation Date immediately preceding such Calculation Date (being such values for the Loans on the Calculation Date in January, April, July or October, as applicable) as a whole or on the basis of a sample of Randomly Selected Loans in the Covered Bond Portfolio, such calculations to be made on the same basis throughout unless Rating Agency Confirmation has been received in respect thereof.

Amortization Test

Following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test. Such testing will be completed within the time period specified in the Cash Management Agreement.

Following the occurrence and during the continuance of an Issuer Event of Default, if as at any Calculation Date the Amortization Test Aggregate Loan Amount is less than the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date, then the Amortization Test will be deemed to be breached and a Guarantor Event of Default will occur. The Guarantor, the Cash Manager or the Asset Monitor, as the case may be, will immediately and in any event prior to the Guarantor Payment Date immediately following such Calculation Date, notify the Guarantor, the Issuer, and the Bond Trustee (while Covered Bonds are outstanding) and CMHC of any breach of the Amortization Test and the Bond Trustee will be entitled to serve a Guarantor Acceleration Notice in accordance with the Conditions.

The “**Amortization Test Aggregate Loan Amount**” will be calculated as at each Calculation Date as follows:

$$A+B+C-Y-Z$$

where,

- A = the aggregate “**Amortization Test True Balance**” of each Loan, which shall be the lower of (1) the actual True Balance of the relevant Loan as calculated on such Calculation Date and (2) 80% multiplied by the Latest Valuation, in each case, multiplied by N.

“N” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans

- B = the sum of the amount of any cash standing to the credit of the Guarantor Accounts (excluding any Revenue Receipts received in the immediately preceding Calculation Period);
- C = the aggregate outstanding principal balance of any Substitute Assets;
- Y the sum of (i) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date and delivered with respect to the Interest Rate Swap Agreement, plus (ii) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date delivered with respect to the Covered Bond Swap Agreement, in each case, determined as at such Calculation Date;
- Z = zero so long as (x) the Interest Rate Swap Effective Date has occurred prior to the related Calculation Date; and (y) the Interest Rate Swap Agreement provides for the hedging of interest received in respect of (i) the Loans and their Related Security in the Covered Bond Portfolio, (ii) any Substitute Assets; and (iii) cash balances held in the GIC Account; otherwise the weighted average remaining maturity expressed in years of all Covered Bonds then outstanding multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds multiplied by the Negative Carry Factor (provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one).

Valuation Calculation

For so long as the Covered Bonds remain outstanding, the Guarantor must ensure that the Valuation Calculation is performed on each Calculation Date. The results of the Valuation Calculation for a Calculation Date will be disclosed in the related Investor Report.

The Valuation Calculation is equal to the Asset Value (as defined below) minus the Trading Value of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date.

“Asset Value” means the amount calculated as at each Calculation Date as follows:

$$A+B+C+D+E+F$$

where,

A = the aggregate “LTV Adjusted Loan Present Value” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the Present Value of the relevant Loan on such Calculation Date, and (2) 80% multiplied by the Latest Valuation relating to that Loan, in each case multiplied by M,

“M” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans;

minus

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Hypothecary Loan Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Hypothecary Loan Sale Agreement. In this event, the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the LTV Adjusted Loan Present Value of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or

(2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Hypothecary Loan Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss);

B = the aggregate amount of any Principal Receipts on the Loans and their Related Security up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents;

C = the aggregate amount of (i) any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Guarantor), (ii) proceeds advanced under the Intercompany Loan Agreement or (iii) proceeds from any sale of Loans which, in each case, have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents (provided that, for greater certainty, this clause (iii) shall include any amounts standing to the credit of the Pre-Maturity Liquidity Ledger);

D = the Trading Value of any Substitute Assets;

E = the balance, if any, of the Reserve Fund; and

F = the Trading Value of the Swap Collateral.

Sales of Randomly Selected Loans following a breach of the Pre-Maturity Test

The Pre-Maturity Test will be breached if the ratings of the Issuer's unsecured, unsubordinated and unguaranteed debt obligations, or issuer default rating of the Issuer, as applicable, fall below the Pre-Maturity Minimum Ratings and a Hard Bullet Covered Bond is due for repayment within a specified period of time thereafter. See "*Credit Structure—Pre-Maturity Liquidity*". If the Pre-Maturity Test is breached, the Guarantor shall, subject to any right of pre-emption of the Seller pursuant to the terms of the Hypothecary Loan Sale Agreement and the Security Sharing Agreement, as applicable, offer to sell Randomly Selected Loans pursuant to the terms of the Limited Partnership Agreement (see "*Method of Sale of Loans and their Related Security*" below), unless the Pre-Maturity Liquidity Ledger is otherwise funded from other sources as follows:

- (i) a Contribution in Kind made by one or more of the Partners (as recorded in the Capital Account Ledger for such Partners of the Guarantor) of certain Substitute Assets in accordance with the Limited Partnership Agreement with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger); or
- (ii) Cash Capital Contributions made by one or more of the Partners (as recorded in the Capital Account Ledger for each applicable Partner of the Guarantor) or proceeds advanced under the Intercompany Loan Agreement which have not been applied to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents with an aggregate principal amount up to Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger).

If the Issuer fails to repay any Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, then following the occurrence of an Issuer Event of Default and service of a Notice to Pay on the Guarantor, the proceeds from any sale of Loans and their Related Security standing to the credit of the Pre Maturity Liquidity Ledger will be applied to repay the relevant Series of Hard Bullet Covered Bonds. Otherwise, the proceeds will be applied as set out in "*Credit Structure—Pre-Maturity Liquidity*" below.

Sales of Randomly Selected Loans after a Demand Loan Repayment Event has occurred or the Issuer has otherwise demanded that the Demand Loan be repaid

If, prior to the service of an Asset Coverage Test Breach Notice or a Notice to Pay, a Demand Loan Repayment Event has occurred or the Issuer has demanded that the Demand Loan be repaid, the Guarantor may be required to sell Loans and their Related Security in the Covered Bond Portfolio in accordance with the Limited Partnership Agreement (see "*Method of Sale of Loans and their Related Security*" below), subject to the rights of pre-emption enjoyed by the Seller to purchase the Loans and their Related Security pursuant to the terms of the Hypothecary Loan Sale Agreement. Any such sale will be subject to the condition that the Asset Coverage Test is satisfied after the receipt of the proceeds of such sale and repayment, after giving effect to such repayment.

Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor

At any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor, but prior to service of a Guarantor Acceleration Notice on the Guarantor, the Guarantor may be obliged to sell Loans and their Related Security in the Covered Bond Portfolio in accordance with the Limited Partnership Agreement (see “— *Method of Sale of Loans and their Related Security*” below), subject to the rights of pre-emption enjoyed by the Seller to buy the Loans and their Related Security pursuant to the terms of the Hypothecary Loan Sale Agreement and subject to additional advances on the Intercompany Loan and any Cash Capital Contribution made by the Limited Partner. The proceeds from any such sale or refinancing will be credited to the GIC Account and applied as set out in the Priorities of Payments (see “*Cashflows*” below).

Method of Sale of Loans and their Related Security

If the Guarantor is required to sell Loans and their Related Security to Purchasers following a breach of the Pre-Maturity Test, the occurrence of a Demand Loan Repayment Event, the Demand Loan being demanded by the Issuer, the service of an Asset Coverage Test Breach Notice (if not revoked) or a Notice to Pay on the Guarantor, the Guarantor will be required to ensure that before offering Loans for sale:

- (a) the Loans and their Related Security being sold are Randomly Selected Loans; and
- (b) the Loans have an aggregate True Balance in an amount (the “**Required True Balance Amount**”) which is as close as possible to the amount calculated as follows:
 - (i) following a Demand Loan Repayment Event or the Demand Loan being demanded by the Issuer but prior to service of an Asset Coverage Test Breach Notice, such amount that would ensure that, if the Selected Loans were sold at their True Balance, the Demand Loan as calculated on the date of the demand could be repaid, subject to satisfaction of the Asset Coverage Test; or
 - (ii) following the service of an Asset Coverage Test Breach Notice (but prior to service of a Notice to Pay on the Guarantor), such amount that would ensure that, if the Selected Loans were sold at their True Balance, the Asset Coverage Test would be satisfied on the next Calculation Date taking into account the payment obligations of the Guarantor on the Guarantor Payment Date following that Calculation Date (assuming for this purpose that the Asset Coverage Test Breach Notice is not revoked on the next Calculation Date); or
 - (iii) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Guarantor:

$$N \quad \times \quad \frac{\text{True Balance of all the Loans in the Covered Bond Portfolio}}{\text{the Canadian Dollar Equivalent of the Required Redemption Amount in respect of each Series of Covered Bonds then outstanding}}$$

where “N” is an amount equal to:

- (x) in respect of Selected Loans being sold following a breach of the Pre-Maturity Test, the Pre-Maturity Liquidity Required Amount less amounts standing to the credit of the Pre-Maturity Liquidity Ledger; or
- (y) in respect of Selected Loans being sold following service of a Notice to Pay, the Canadian Dollar Equivalent of the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the Guarantor Accounts and the principal amount of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds).

The Guarantor will offer the Loans and their Related Security for sale to Purchasers for the best price reasonably available but in any event:

- (a) following (i) a Demand Loan Repayment Event, the Demand Loan being demanded by the Issuer or (ii) the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay on the Guarantor), in each case, for an amount not less than the True Balance of the Loans; and

- (b) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Guarantor, for an amount not less than the Adjusted Required Redemption Amount.

Following the service of a Notice to Pay on the Guarantor, if the Loans and their Related Security have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount by the date which is six months prior to, as applicable, if the Covered Bonds are not subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto), or the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds in respect of a sale in connection with the Pre-Maturity Test, then the Guarantor will offer the Loans for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

The Guarantor will through a tender process appoint a portfolio manager of recognized standing on a basis intended to incentivize the portfolio manager to achieve the best price for the sale of the Loans (if such terms are commercially available in the market) to advise it in relation to the sale of the Loans to Purchasers (except where the Seller is buying the Loans in accordance with their right of pre-emption in the Hypothecary Loan Sale Agreement). The terms of the agreement giving effect to the appointment in accordance with such tender will be approved by the Bond Trustee.

In respect of any sale or refinancing (as applicable) of Loans and their Related Security at any time an Asset Coverage Test Breach Notice is outstanding, a breach of the Pre-Maturity Test, or a Notice to Pay has been served on the Guarantor, the Guarantor will instruct the portfolio manager to use all reasonable efforts to procure that Loans are sold or refinanced (as applicable) as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager) taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Limited Partnership Agreement.

The terms of any sale and purchase agreement with respect to the sale of Loans (which will give effect to the recommendations of the portfolio manager) will be subject to the prior written approval of the Bond Trustee. The Bond Trustee will not be required to release the Loans from the Security unless the conditions relating to the release of the Security (as described under “*Security Agreements—Release of Security*”, below) are satisfied.

Following the service of a Notice to Pay on the Guarantor, if Purchasers accept the offer or offers from the Guarantor so that some or all of the Loans will be sold prior to the next following Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the next following Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds, then the Guarantor will, subject to the foregoing paragraph, enter into a sale and purchase agreement with the relevant Purchasers which will require among other things a cash payment from the relevant Purchasers. Any such sale will not include any Loan Representations and Warranties from the Guarantor in respect of the Loans and the Related Security unless expressly agreed by the Bond Trustee or otherwise agreed with the Seller.

Covenants of the General Partner and Limited Partner of the Guarantor

Each of the Partners covenants that, subject to the terms of the Transaction Documents, it will not sell, transfer, convey, create or permit to arise any security on, declare a trust over, create any beneficial interest in or otherwise dispose of its interest in the Guarantor without the prior written consent of the Managing GP and, while the Covered Bonds are outstanding, the Bond Trustee.

The Guarantor covenants that it will not, save with the prior written consent of the Limited Partner (and, for so long as any Covered Bonds are outstanding, the consent of the Bond Trustee) or as envisaged by the Transaction Documents:

- (a) have an interest in a bank account;
- (b) have any employees, premises or subsidiaries;
- (c) acquire any material assets;
- (d) sell, exchange, deal with or grant any option, present or future right to acquire any of the assets or undertakings of the Guarantor or any interest therein or thereto;
- (e) enter into any contracts, agreements or other undertakings;
- (f) incur any indebtedness or give any guarantee or indemnity in respect of any such indebtedness;
- (g) create or permit to subsist any security interest or real right over the whole or any part of the assets or undertakings, present or future of the Guarantor;

- (h) change the name or business of the Guarantor or do any act in contravention of, or make any amendment to, the Limited Partnership Agreement;
- (i) do any act which makes it impossible to carry on the ordinary business of the Guarantor, including winding up the Guarantor;
- (j) compromise, compound or release any debt due to it;
- (k) commence, defend, consent to a judgment, settle or compromise any litigation or other claims relating to it or any of its assets;
- (l) permit a person to become a general or limited partner (except in accordance with the terms of the Limited Partnership Agreement); or
- (m) consolidate or merge with another person.

The funds and assets of the Guarantor shall not (except in accordance with the terms of the Limited Partnership Agreement, the other Transaction Documents and the CMHC Guide) be commingled with the funds or assets of the Managing GP or the Liquidation GP or of any other person. For greater certainty, subject to such permitted commingling in accordance with the terms of the Limited Partnership Agreement, the other Transaction Documents and the CMHC Guide, all cash and Substitute Assets of the Guarantor shall be held in one or more Guarantor Accounts and all Substitute Assets shall be segregated from the assets of the Account Depository Institution.

Limit on investing in Substitute Assets; Prescribed Cash Limitation

At any time that no Asset Coverage Test Breach Notice is outstanding and prior to a Notice to Pay having been served on the Guarantor, the Guarantor will be permitted to hold Substitute Assets provided that the aggregate value of the Substitute Assets does not at any time exceed an amount equal to 10 per cent of the aggregate value of (x) the Loans and the Related Security; (y) any Substitute Assets; and (z) all cash held by the Guarantor (subject to the Prescribed Cash Limitation) and provided that investments in Substitute Assets are made in accordance with the terms of the Cash Management Agreement and subject to the applicable Priority of Payments.

At any time an Asset Coverage Test Breach Notice is outstanding or a Covered Bond Guarantee Activation Event has occurred, the Substitute Assets held by or on behalf of the Guarantor must be sold as quickly as reasonably practicable with proceeds credited to the GIC Account.

The Guarantor may not at any time hold cash in excess of (such limitation, the “**Prescribed Cash Limitation**”) (i) the amount necessary to meet its payment obligations for the immediately succeeding six months pursuant to the terms of the Transaction Documents, or (ii) such greater amount as CMHC may at its discretion permit in accordance with the Covered Bond Legislative Framework and the CMHC Guide, in each case excluding amounts received between Guarantor Payment Dates; provided that to the extent that cash receipts of the Guarantor cause it to hold cash in excess of the amount permitted in (i) or (ii), as applicable, the Guarantor will not be in breach of this covenant if it uses such excess amount (w) to purchase New Loans and their Related Security for the Covered Bond Portfolio pursuant to the terms of the Hypothecary Loan Sale Agreement; and/or (x) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (y) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (z) to repay all or a portion of the Demand Loan, in each case, within 31 days of receipt.

For greater certainty, amounts standing to the credit of the Pre-Maturity Liquidity Ledger and the Reserve Fund (other than, in each case, those amounts that constitute Substitute Assets) constitute cash and are subject to the Prescribed Cash Limitation. In the event that the Guarantor is required to fund the Pre-Maturity Liquidity Ledger and/or the Reserve Fund in accordance with the Transaction Documents and such funding would cause the Guarantor to hold cash in excess of the Prescribed Cash Limitation, any cash held by the Guarantor in excess of such cash standing to the credit of the Pre-Maturity Liquidity Ledger and the Reserve Fund shall be used by the Guarantor in accordance with clauses (w), (x), (y) and (z) in the immediately preceding paragraph above within 31 days of receipt to ensure that the Guarantor is not in breach of the Prescribed Cash Limitation. In the event that the Guarantor is in breach of the Prescribed Cash Limitation and it does not hold any cash other than the amounts it is required to hold in order to fund the Pre-Maturity Liquidity Ledger and the Reserve Fund in accordance with the Transaction Documents, the Guarantor will request that CMHC, in accordance with the discretion granted to it under the Covered Bond Legislative Framework and the CMHC Guide, permit the Guarantor to hold such amount of cash in excess of the Prescribed Cash Limitation as may be required to allow it to comply with the Transaction Documents in the circumstances.

Other Provisions

The allocation and distribution of Revenue Receipts, Principal Receipts and all other amounts received by the Guarantor is described under “*Cashflows*” below.

For so long as any Covered Bonds are outstanding, each of the Partners has agreed that it will not terminate or purport to terminate the Guarantor or institute any winding-up, administration, insolvency or other similar proceedings against the Guarantor. Furthermore, each of the Partners has agreed, among other things, except as otherwise specifically provided in the Transaction Documents not to demand or receive payment of any amounts payable to such Partners by the Guarantor (or the Cash Manager on its behalf) or the Bond Trustee unless all amounts then due and payable by the Guarantor to all other creditors ranking higher in the relevant Priorities of Payments have been paid in full.

Each of the Partners will be responsible for the payment of its own tax liabilities and will be required to indemnify the other from any liabilities which they incur as a result of the relevant partner’s non-payment.

Following the appointment of a liquidator to any Partner, any decisions of the Guarantor that are reserved to the Partners or a unanimous decision of the Partners in the Limited Partnership Agreement will be made by the Partner(s) not in liquidation only.

Cash Management Agreement

The Cash Manager has agreed to provide certain cash management services to the Guarantor pursuant to the terms of the Cash Management Agreement entered into on the Programme Establishment Date (as amended on October 10, 2014, and as may be further amended, restated or supplemented from time to time) between the Guarantor, Caisse centrale in its capacities as Cash Manager, Seller and Servicer, and the Bond Trustee.

The Cash Manager’s services include but are not limited to:

- (a) maintaining the Ledgers on behalf of the Guarantor;
- (b) collecting the Revenue Receipts and the Principal Receipts from the Servicer and distributing and/or depositing the Revenue Receipts and the Principal Receipts in accordance with the Priorities of Payment described under “*Cashflows*”, below;
- (c) determining whether the Asset Coverage Test is satisfied as at each Calculation Date in accordance with the Limited Partnership Agreement, as more fully described under “*Credit Structure—Asset Coverage Test*”;
- (d) determining whether the Amortization Test is satisfied as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default in accordance with the Limited Partnership Agreement, as more fully described under “*Credit Structure—Amortization Test*”, below;
- (e) preparation of Investor Reports in respect of the Covered Bonds for the Bond Trustee and the Rating Agencies; and
- (f) on each Montréal Business Day, determining whether the Pre-Maturity Test for each Series of Hard Bullet Covered Bonds, if any, is satisfied as more fully described under “*Credit Structure—Pre-Maturity Liquidity*” below.

Under the Cash Management Agreement, the Cash Manager represents and warrants to the Guarantor and the Bond Trustee that (i) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Cash Management Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (ii) it is rated at or above the Cash Manager Required Ratings by each of the Rating Agencies, (iii) it is and will continue to be in good standing with Autorité des marchés financiers du Québec, (iv) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Cash Management Agreement and the other Transaction Documents to which it is party, and (v) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Cash Management Agreement and the other Transaction Documents to which it is a party.

In the event of a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Cash Manager by the Rating Agencies below P-1 (in respect of Moody’s), and F1 or A (in respect of Fitch) as applicable, the Cash Manager will be required to (i) direct the Servicer to deposit all Revenue Receipts and Principal Receipts received by the Servicer directly into the GIC Account, and (ii) transfer any amounts held by it to the Transaction

Account (or Standby Transaction Account) or GIC Account (or Standby GIC Account) within 5 Business Days (inclusive of all cure periods).

In the event of a downgrade in the ratings of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Cash Manager by the Rating Agencies below P-2 or F2 (in respect of Moody's and Fitch respectively), the Cash Manager will, in certain circumstances, be required to assign the Cash Management Agreement to a third party service provider acceptable to the Bond Trustee and for which Rating Agency Confirmation has been received. The Guarantor will also have the discretion to terminate the Cash Manager if an Issuer Event of Default occurs and is continuing, or has previously occurred and is continuing, at any time that the Guarantor is Independently Controlled and Governed. In addition to the foregoing, the Guarantor and the Bond Trustee will, in certain circumstances, each have the right to terminate the appointment of the Cash Manager in which event the Guarantor will appoint a substitute (the identity of which will be subject to the Bond Trustee's written approval). Any substitute cash manager will have substantially the same rights and obligations as the Cash Manager (although the fee payable to the substitute cash manager may be higher).

Interest Rate Swap Agreement

To provide a hedge against (i) possible variances in the rates of interest payable on the Loans and related amounts in the Covered Bond Portfolio (which may, for instance, include variable rates of interest or fixed rates of interest) following the Interest Rate Swap Effective Date and (ii) the amount (if any) payable under the Intercompany Loan Agreement and, following the Covered Bond Swap Effective Date, the Covered Bond Swap Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. The Guarantor and the Interest Rate Swap Provider have agreed to swap the amount of interest received by the Guarantor from Borrowers and related amounts (less certain expenses of the Guarantor) in exchange for an amount sufficient to pay, amongst other things, the amount payable by the Guarantor under the Covered Bond Swap Agreement plus an amount for certain expenses of the Guarantor and a minimum spread.

No cash flows will be exchanged under the Interest Rate Swap Agreement unless and until the Interest Rate Swap Effective Date has occurred.

The Interest Rate Swap Agreement will terminate (unless terminated earlier by an Interest Rate Swap Early Termination Event) on the earlier of:

- (a) the Final Maturity Date for the final Tranche or Series of Covered Bonds then outstanding (provided that the Issuer has not given prior written notice to the Interest Rate Swap Provider and the Guarantor that it intends to issue additional Covered Bonds following such date) or, if the Guarantor notifies the Interest Rate Swap Provider, prior to the Final Maturity Date for such final Tranche or Series of Covered Bonds then outstanding, of the inability of the Guarantor to pay in full Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such final Tranche or Series of Covered Bonds then outstanding, the final date on which an amount representing the Final Redemption Amount for such final Tranche or Series of Covered Bonds then outstanding is paid (but in any event not later than the Extended Due for Payment Date for such Tranche or Series of Covered Bonds);
- (b) the date designated therefor by the Bond Trustee and notified to the Interest Rate Swap Provider and the Guarantor for purposes of realizing the Security in accordance with the Security Agreements and distributing the proceeds therefrom in accordance with the Post Enforcement Priority of Payments following the enforcement of the Security pursuant to Condition 7.03;
- (c) the date on which the notional amount under the Interest Rate Swap Agreement reduces to zero (as a result of the reduction for the amount of any Early Redemption Amount paid pursuant to Condition 7.02 in respect of the final Tranche or Series of Covered Bonds then outstanding or any Final Redemption Amount paid pursuant to Condition 6.01 in respect of the final Tranche or Series of Covered Bonds then outstanding following the Final Maturity Date for such Tranche or Series of Covered Bonds, provided in each case that the Issuer has not given prior written notice to the Interest Rate Swap Provider that it intends to issue additional Covered Bonds following such date); and
- (d) the date of redemption pursuant to Conditions 6.02 or 6.13 in respect of any final Tranche or Series of Covered Bonds then outstanding (provided that the Issuer has not given prior written notice to the Interest Rate Swap Provider that it intends to issue additional Covered Bonds following such date).

The Interest Rate Swap Agreement may also be terminated in certain other circumstances (each referred to as an "**Interest Rate Swap Early Termination Event**"), including:

- subject to the following paragraph, at the option of any party to the Interest Rate Swap Agreement, if there is a failure by the other party to pay any amounts due under the Interest Rate Swap Agreement, provided that no such failure to pay by the Guarantor, other than payments in respect of Swap Collateral Excluded Amounts, will entitle the Interest Rate Swap Provider to terminate the Interest Rate Swap Agreement, if such failure is due to the assets available at such time to the Guarantor being insufficient to make the required payment in full);
- subject to the following paragraph, at the option of the Guarantor, if the Interest Rate Swap Provider is the Issuer and an Issuer Event of Default has occurred which has resulted in the Covered Bonds becoming due and payable under their respective terms;
- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or, respectively, the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be rated at least P-1 or A2, respectively, by Moody's, or, if the short-term unsecured, unsubordinated and unguaranteed debt obligations of any such person do not have a rating assigned by Moody's, the long-term unsecured, unsubordinated and unguaranteed debt obligations of such person cease to be rated at least A1 by Moody's, or (ii) the short-term issuer default rating and the long-term issuer default rating of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be at least F1 and A, respectively, by Fitch (each such event, an **"Initial Downgrade Trigger Event"**) and the Interest Rate Swap Provider does not provide credit support to the Guarantor within 10 Business Days of the occurrence of such Initial Downgrade Trigger Event pursuant to the terms of the applicable credit support annex, or arrange for its obligations under the Interest Rate Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies;
- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or, respectively, the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be rated at least P-2 or A3, respectively, by Moody's, or (ii) the short-term issuer default rating and the long-term issuer default rating of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be at least F3 and BBB-, respectively, by Fitch, (each such event, a **"Subsequent Downgrade Trigger Event"**, and together with the Initial Downgrade Trigger Events, the **"Downgrade Trigger Events"**) and the Interest Rate Swap Provider does not arrange for its obligations under the Interest Rate Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies, and does not provide additional credit support to the Guarantor within 10 Business Days of the occurrence of such Subsequent Downgrade Trigger Event pursuant to the terms of the applicable credit support annex; and
- upon the occurrence of the insolvency of the Interest Rate Swap Provider, or any credit support provider and certain insolvency-related events in respect of the Guarantor, or the merger of the Interest Rate Swap Provider without an assumption of the obligations under the Interest Rate Swap Agreement.

If, at any time, the Guarantor (a) is Independently Controlled and Governed, the Guarantor has the discretion, but is not required to, (i) waive any requirement of the Interest Rate Swap Provider to provide credit support, obtain an eligible guarantee or replace itself upon the occurrence of a Downgrade Trigger Event, and (ii) refrain from forthwith terminating the Interest Rate Swap Agreement or finding a replacement Interest Rate Swap Provider, in each case, upon the occurrence of an event of default or additional termination event caused solely by the Interest Rate Swap Provider, and (b) is not Independently Controlled and Governed, the Guarantor shall not have the rights set out under clause (a)(i) and (a)(ii) of this paragraph unless, within 10 Montréal Business Days, of the occurrence of a Downgrade Trigger or an event of default (other than an insolvency event of default) or additional termination event caused solely by the Interest Rate Swap Provider, as applicable, and for so long as such event continues to exist, and provided that the Interest Rate Swap Provider is the lender under the Intercompany Loan Agreement, a Contingent Collateral Notice is delivered in respect of such event by the Interest Rate Swap Provider (in its capacity as lender under the Intercompany Loan Agreement) to the Guarantor and the Guarantor has Contingent Collateral.

Upon the termination of the Interest Rate Swap Agreement pursuant to an Interest Rate Swap Early Termination Event, the Guarantor or the Interest Rate Swap Provider may be liable to make a termination payment to the other in accordance with the provisions of the Interest Rate Swap Agreement.

As noted herein, the notional amount of the Interest Rate Swap Agreement will be adjusted to correspond to any sale of Loans following each of a Demand Loan Repayment Event, the Demand Loan being demanded by the Issuer, breach of the Pre-Maturity Test, service of an Asset Coverage Test Breach Notice and service of a Notice to Pay and swap termination payments may be due and payable in accordance with the terms of the Interest Rate Swap Agreement as a consequence thereof.

Swap Collateral Excluded Amounts, if applicable, will be paid to the Interest Rate Swap Provider directly and not via the Priorities of Payments. If withholding taxes are imposed on payments made by the Interest Rate Swap Provider under the Interest Rate Swap Agreement, the Interest Rate Swap Provider will always be obliged to gross up these payments. If withholding taxes are imposed on

payments made by the Guarantor to the Interest Rate Swap Provider under the Interest Rate Swap Agreement, the Guarantor shall not be obliged to gross up those payments.

All of the interest and obligations of the Interest Rate Swap Provider under the Interest Rate Swap Agreement may be transferred by it to a replacement swap counterparty upon the Interest Rate Swap Provider providing five Business Days' prior written notice to Guarantor and, subject to the following sentence, the Bond Trustee, provided that (i) such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies (or the obligations of such replacement swap counterparty under the Interest Rate Swap Agreement are guaranteed by an entity having the rating(s) required by the relevant Rating Agencies), (ii) as of the date of such transfer, such replacement swap counterparty will not be required to withhold or deduct any taxes under the Interest Rate Swap Agreement as a result of such transfer, (iii) no termination event or event of default will occur under the Interest Rate Swap Agreement as a result of such transfer, (iv) no additional amount will be payable by the Guarantor under the Interest Rate Swap Agreement as a result of such transfer, (v) Rating Agency Confirmation shall have been obtained or deemed to have been obtained and (vi) such replacement swap counterparty enters into documentation substantially identical to the Interest Rate Swap Agreement. The Bond Trustee's consent to such transfer is required if such transfer occurs as a result of the occurrence of a Downgrade Trigger Event, provided that such consent shall be given if such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies and Rating Agency Confirmation has been received.

The Interest Rate Swap Agreement is in the form of an ISDA Master Agreement, including a schedule and confirmation thereto and credit support annex. Under the Interest Rate Swap Agreement, each of the Guarantor and the Interest Rate Swap Provider makes the following representations with respect to itself and/or the Interest Rate Swap Agreement, as applicable: (i) that it is duly organized and validly existing, (ii) that it has the power and authority to enter into the Interest Rate Swap Agreement, (iii) that it is not in violation or conflict with any applicable law, its constitutional documents, any court order or judgment or any contractual restriction, (iv) it has obtained all necessary consents, (v) its obligations under the Interest Rate Swap Agreement are valid and binding, (vi) no event of default, potential event of default or termination event has occurred and is continuing under the Interest Rate Swap Agreement, (vii) there is no pending or, to its knowledge, any threatened litigation which is likely to affect its ability to perform under the Interest Rate Swap Agreement, (viii) all information furnished in writing is true, accurate and complete in every material respect, (ix) all payments will be made without any withholding and deduction, (x) that it is entering into the agreement as principal and not as agent, and (xi) that it is not relying on the other party for any investment advice, that is capable of assessing the merits of and understanding the risks of entering into the relevant transaction and that the Interest Rate Swap Provider is not acting as fiduciary to it. In addition, the Guarantor makes the representation that it is a "Canadian partnership" under the *Income Tax Act* (Canada) and a limited partnership organized under the laws of the Province of Ontario, and the Interest Rate Swap Provider makes the representation that it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada) and it is a financial services cooperative incorporated under the laws of Québec.

Under the Interest Rate Swap Agreement, the Guarantor's obligations are limited in recourse to the Charged Property.

Covered Bond Swap Agreement

To provide a hedge against currency and/or other risks, in respect of amounts received by the Guarantor under the Interest Rate Swap Agreement and amounts payable in respect of its obligations under the Covered Bond Guarantee, the Guarantor has entered into the Covered Bond Swap Agreement with the Covered Bond Swap Provider in respect of each Series of Covered Bonds issued to date, and may enter into a new ISDA Master Agreement, schedule and confirmation(s) and credit support annex for each Tranche and/or Series of Covered Bonds issued at the time such Covered Bonds are issued. The Covered Bond Swap Provider and the Guarantor have agreed to swap Canadian dollar floating rate amounts received by the Guarantor under the Interest Rate Swap Agreement (described above) into the exchange rate specified in the Covered Bond Swap Agreement relating to the relevant Tranche or Series of Covered Bonds to hedge certain currency and/or other risks in respect of amounts received by the Guarantor under the Interest Rate Swap Agreement and amounts payable or that may become payable in respect of its obligations under the Covered Bond Guarantee. No cash flows will be exchanged under the Covered Bond Swap Agreement unless and until the Covered Bond Swap Effective Date has occurred.

If prior to (i) the Final Maturity Date in respect of the relevant Series or Tranche of Covered Bonds, or (ii) any Interest Payment Date or the Extended Due for Payment Date following a deferral of the Due for Payment Date to the Extended Due for Payment Date by the Guarantor pursuant to Condition 6.01 (if an Extended Due for Payment Date is specified as applicable in the Final Terms for a Series of Covered Bonds and the payment of the Final Redemption Amount or any part of it by the Guarantor under the Covered Bond Guarantee is deferred pursuant to Condition 6.01), the Guarantor notifies the Covered Bond Swap Provider (pursuant to the terms of the Covered Bond Swap Agreement) of the amount in the Specified Currency to be paid by such Covered Bond Swap Provider on such Final Maturity Date or Interest Payment Date thereafter (such amount being equal to the Final Redemption Amount or the relevant portion thereof payable by the Guarantor on such Final Maturity Date or Interest Payment Date under the Covered Bond Guarantee in respect of the relevant Series or Tranche of Covered Bonds), then the Covered Bond Swap Provider will pay the Guarantor such amount and the Guarantor will pay the Covered Bond Swap Provider the Canadian Dollar Equivalent of such amount. Further, if on any day an Early Redemption Amount is payable pursuant to Condition 7.02, the Covered Bond Swap Provider will pay the Guarantor such Amount (or the relevant portion thereof) and the Guarantor will pay the Covered Bond Swap Provider the

Canadian Dollar Equivalent thereof, following which the notional amount of the Covered Bond Swap Agreement will reduce accordingly.

The Covered Bond Swap Agreement will (unless terminated earlier by a Covered Bond Swap Early Termination Event) terminate in respect of any relevant Tranche or Series of Covered Bonds, on the earlier of:

- (a) the Final Maturity Date for, or if earlier, the date of redemption in whole of, such Series of Covered Bonds or, if the Guarantor notifies the Covered Bond Swap Provider, prior to the Final Maturity Date for such Tranche or Series of Covered Bonds, of the inability of the Guarantor to pay in full Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Tranche or Series of Covered Bonds, the final Interest Payment Date on which an amount representing the Final Redemption Amount for such Tranche or Series of Covered Bonds is paid (but in any event not later than the Extended Due for Payment Date for such Tranche or Series of Covered Bonds); and
- (b) the date designated therefor by the Bond Trustee and notified to the Covered Bond Swap Provider and the Guarantor for purposes of realizing the Security in accordance with the Security Agreements and distributing the proceeds therefrom in accordance with the Post-Enforcement Priority of Payments following the enforcement of the Security pursuant to Condition 7.03.

The Covered Bond Swap Agreement may also be terminated in certain other circumstances (each referred to as a “**Covered Bond Swap Early Termination Event**”), including:

- subject to the following paragraph, at the option of any party to the Covered Bond Swap Agreement, if there is a failure by the other party to pay any amounts due under the Covered Bond Swap Agreement, however, no such failure to pay by the Guarantor other than payments in respect of Swap Collateral Excluded Amounts will entitle the Covered Bond Swap Provider to terminate the Covered Bond Swap Agreement, if such failure is due to the assets available at such time to the Guarantor being insufficient to make the required payment in full);
- subject to the following paragraph, at the option of the Guarantor, if the Covered Bond Swap Provider is the Issuer and an Issuer Event of Default has occurred which has resulted in the Covered Bonds becoming due and payable under their respective terms;
- subject to the following paragraph, an Initial Downgrade Trigger Event has occurred and the Covered Bond Swap Provider does not provide credit support to the Guarantor within 10 Business Days of the occurrence of such Initial Downgrade Trigger Event pursuant to the terms of the applicable credit support annex, or arrange for its obligations under the Covered Bond Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies;
- subject to the following paragraph, at the option of the Guarantor, a Subsequent Downgrade Trigger Event has occurred and the Covered Bond Swap Provider does not arrange for its obligations under the Covered Bond Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies, and does not provide additional credit support to the Guarantor within 10 Business Days of the occurrence of such Subsequent Downgrade Trigger Event pursuant to the terms of the applicable credit support annex; and
- upon the occurrence of the insolvency of the Covered Bond Swap Provider or any credit support provider, and certain insolvency-related events in respect of the Guarantor or the merger of the Covered Bond Swap Provider without an assumption of the obligations under the Covered Bond Swap Agreement.

If, at any time, the Guarantor (a) is Independently Controlled and Governed, the Guarantor has the discretion, but is not required to, (i) waive any requirement of the Covered Bond Swap Provider to provide credit support, obtain an eligible guarantee or replace itself upon the occurrence of a Downgrade Trigger Event, and (ii) refrain from forthwith terminating the Covered Bond Swap Agreement or finding a replacement Covered Bond Swap Provider, in each case, upon the occurrence of an event of default or additional termination event caused solely by the Covered Bond Swap Provider, and (b) is not Independently Controlled and Governed, the Guarantor shall not have the rights set out under clause (a)(i) and (a)(ii) of this paragraph unless, within 10 Montréal Business Days, of the occurrence of a Downgrade Trigger or an event of default (other than an insolvency event of default) or additional termination event caused solely by the Covered Bond Swap Provider, as applicable, and for so long as such event continues to exist, and provided that the Covered Bond Swap Provider is the lender under the Intercompany Loan Agreement, a Contingent Collateral Notice is delivered in respect of such event by the Covered Bond Swap Provider (in its capacity as lender under the Intercompany Loan Agreement) to the Guarantor and the Guarantor has Contingent Collateral.

Upon the termination of the Covered Bond Swap Agreement pursuant to a Covered Bond Swap Early Termination Event, the Guarantor or the Covered Bond Swap Provider may be liable to make a termination payment to the other in accordance with the provisions of the Covered Bond Swap Agreement.

Any termination payment made by the Covered Bond Swap Provider to the Guarantor in respect of the Covered Bond Swap Agreement will first be used to the extent necessary (prior to the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice) to pay a replacement Covered Bond Swap Provider to enter into a replacement Covered Bond Swap with the Guarantor, unless a replacement Covered Bond Swap Agreement has already been entered into on behalf of the Guarantor.

Any premium received by the Guarantor from a replacement Covered Bond Swap Provider entering into a Covered Bond Swap Agreement will first be used to make any termination payment due and payable by the Guarantor with respect to the Covered Bond Swap Agreement, unless such termination payment has already been made on behalf of the Guarantor.

Swap Collateral Excluded Amounts, if applicable, will be paid to the Covered Bond Swap Provider directly and not via the Priorities of Payments.

All of the interest and obligations of the Covered Bond Swap Provider under the Covered Bond Swap Agreement may be transferred by it to a replacement swap counterparty upon the Covered Bond Swap Provider providing five Business Days' prior written notice to Guarantor and, subject to the following sentence, the Bond Trustee, provided that (i) such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies (or the obligations of such replacement swap counterparty under the Covered Bond Swap Agreement are guaranteed by an entity having the rating(s) required by the relevant Rating Agencies), (ii) as of the date of such transfer, such replacement swap counterparty will not be required to withhold or deduct any taxes under the Covered Bond Swap Agreement as a result of such transfer, (iii) no termination event or event of default will occur under the Covered Bond Swap Agreement as a result of such transfer, (iv) no additional amount will be payable by the Guarantor under the Covered Bond Swap Agreement as a result of such transfer, (v) Rating Agency Confirmation shall have been obtained or deemed to have been obtained and (vi) such replacement swap counterparty enters into documentation substantially identical to the Covered Bond Swap Agreement. The Bond Trustee's consent to such transfer is required if such transfer occurs as a result of the occurrence of a Downgrade Trigger Event, provided that such consent shall be given if such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies and Rating Agency Confirmation has been received.

If withholding taxes are imposed on payments made by the Covered Bond Swap Provider to the Guarantor under the Covered Bond Swap Agreement, the Covered Bond Swap Provider will always be obliged to gross up those payments. If withholding taxes are imposed on payments made by the Guarantor to the Covered Bond Swap Provider under the Covered Bond Swap Agreement, the Guarantor will not be obliged to gross up those payments.

The Covered Bond Swap Agreement is in the form of an ISDA Master Agreement, including a schedule and confirmation and credit support annex, if applicable, in relation to each particular Tranche or Series of Covered Bonds, as the case may be. Under the Covered Bond Swap Agreement, each of the Guarantor and the Covered Bond Swap Provider makes the following representations with respect to itself and/or the Covered Bond Swap Agreement, as applicable: (i) that it is duly organized and validly existing, (ii) that it has the power and authority to enter into the Covered Bond Swap Agreement, (iii) that it is not in violation or conflict with any applicable law, its constitutional documents, any court order or judgment or any contractual restriction, (iv) it has obtained all necessary consents, (v) its obligations under the Covered Bond Swap Agreement are valid and binding, (vi) no event of default, potential event of default or termination event has occurred and is continuing under the Covered Bond Swap Agreement, (vii) there is no pending or, to its knowledge, any threatened litigation which is likely to affect its ability to perform under the Covered Bond Swap Agreement, (viii) all information furnished in writing is true, accurate and complete in every material respect, (ix) all payments will be made without any withholding and deduction, (x) that it is entering into the agreement as principal and not as agent, and (xi) that it is not relying on the other party for any investment advice, that is capable of assessing the merits of and understanding the risks of entering into the relevant transaction and that the Covered Bond Swap Provider is not acting as fiduciary to it. In addition, the Guarantor makes the representation that it is a "Canadian partnership" under the *Income Tax Act* (Canada) and a limited partnership organized under the laws of the Province of Ontario, and the Covered Bond Swap Provider makes the representation that it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada) and it is a financial services cooperative incorporated under the laws of Québec.

Under the Covered Bond Swap Agreement, the Guarantor's obligations are limited in recourse to the Charged Property.

Account Agreement

Pursuant to the terms of the Account Agreement entered into on the Programme Establishment Date between the Guarantor, the Account Depository Institution, the GIC Provider, the Cash Manager and the Bond Trustee (as amended and/or restated and/or supplemented from time to time), the Guarantor will maintain with the Account Depository Institution the accounts described below, which will be operated in accordance with the Cash Management Agreement, the Limited Partnership Agreement and the Security Agreements:

- (a) the GIC Account into which amounts may be deposited by the Guarantor (including, following the occurrence of an Issuer Event of Default which is not cured within the applicable grace period, all amounts received from Borrowers in respect of Loans in the Covered Bond Portfolio). On each Guarantor Payment Date as applicable, amounts required to meet the Guarantor's various creditors and amounts to be distributed to the Partners under the Limited Partnership Agreement will be transferred to the Transaction Account (to the extent maintained); and
- (b) the Transaction Account (to the extent maintained) into which, amounts may be deposited by the Guarantor prior to their transfer to the GIC Account. Moneys standing to the credit of the Transaction Account will be transferred on each Guarantor Payment Date and applied by the Cash Manager in accordance with the Priorities of Payments described below under "*Cashflows*".

Under the Account Agreement, the Account Depository Institution represents and warrants to the Cash Manager, the Guarantor and the Bond Trustee on the Programme Establishment Date and on each date on which an amount is credited to the Guarantor Accounts and on each Guarantor Payment Date that: (i) it is a financial services cooperative constituted under the laws of Québec and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by it of the Account Agreement (x) are within its corporate powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a default under or material conflict with (A) its constating documents, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iv) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Account Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (v) it is rated at or above the Account Depository Institution Threshold Ratings by each of the Rating Agencies, (vi) it is and will continue to be in good standing with Autorité des marchés financiers du Québec, (vii) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Account Agreement and the other Transaction Documents to which it is party, and (viii) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Account Agreement and the other Transaction Documents to which it is a party.

If the unsecured, unsubordinated and unguaranteed debt obligations, or issuer default rating, as applicable, of the Account Depository Institution cease to be rated by the Rating Agencies at or above the Account Depository Institution Threshold Ratings (as defined below), then the GIC Account and the Transaction Account (to the extent maintained) will be required to be closed and all amounts standing to the credit thereof transferred to accounts held with the Standby Account Depository Institution.

"**Account Depository Institution Threshold Ratings**" means the threshold ratings P-1 (in respect of Moody's), or F1 and A (in respect of Fitch; provided that both such ratings from Fitch are required), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Account Depository Institution by the Rating Agencies.

In addition to the requirement that the Guarantor Accounts be moved to the Standby Account Depository Institution if the Account Depository Institution breaches the Account Depository Institution Threshold Ratings as described above, the Guarantor may (in the case of (i) through (iii) below) or shall (in the case of (iv) through (vii) below) terminate the Account Agreement and move the Guarantor Accounts to the Standby Account Depository Institution if: (i) a deduction or withholding for or on account of any taxes is imposed or is likely to be imposed in respect of the interest payable on any Guarantor Account, (ii) there is a breach by the Account Depository Institution of certain representations and warranties or a failure by the Account Depository Institution to perform certain covenants made by it under the Account Agreement, (iii) the Account Depository Institution fails to comply with any of its other covenants and obligations under the Account Agreement, which failure in the reasonable opinion of the Bond Trustee is materially prejudicial to the interests of the Covered Bondholders and such failure is not remedied within 30 days of the earlier of the Account Depository Institution becoming aware of the failure and receipt by the Account Depository Institution of notice from the Bond Trustee requiring the same to be remedied, (iv) the Account Depository Institution ceases or threatens to cease carrying on the business of the Account Depository Institution, (v) an order is made for the winding up of the Account Depository Institution, (vi) an Insolvency Event occurs with respect to the Account Depository Institution, or (vii) if the Account Depository Institution is the Issuer or an Affiliate thereof, an Issuer Event of Default has occurred and is continuing.

Standby Account Agreement

Pursuant to the terms of a standby account agreement (the "**Standby Account Agreement**") entered into on the Programme Establishment Date between the Guarantor, the Standby Account Depository Institution, the Standby GIC Provider, the Cash Manager, the Issuer and the Bond Trustee (as amended and/or restated and/or supplemented from time to time), the Standby Account Depository Institution will open and maintain a standby GIC account (the "**Standby GIC Account**") and standby transaction account (the "**Standby Transaction Account**") in the name of the Guarantor following delivery by the Guarantor (or the Cash Manager on its behalf) of a standby account depository institution notice (the "**Standby Account Depository Institution Notice**") to the Standby Account Depository Institution.

Pursuant to the terms of the Cash Management Agreement, the Cash Manager will deliver a Standby Account Depository Institution Notice to the Standby Account Depository Institution if the funds held in the GIC Account and the Transaction Account (to the extent maintained) are required to be transferred to the Standby Account Depository Institution pursuant to the terms of the Account Agreement or the Account Agreement is terminated for any reason.

The Standby Account Agreement provides that the Standby GIC Account and the Standby Transaction Account, when opened, will be subject to the security in favour of the Bond Trustee (for itself and on behalf of the other Secured Creditors) granted under the Security Agreements and that payments of amounts owing to the Standby Account Depository Institution in respect of fees or otherwise shall be subject to the relevant Priorities of Payment set out in the Limited Partnership Agreement and the Security Agreements.

Under the Standby Account Agreement, the Standby Account Depository Institution represents and warrants to the Guarantor and the Bond Trustee on the Programme Establishment Date and on each date on which an amount is credited to any Guarantor Account that is held with the Standby Account Depository Institution and on each Guarantor Payment Date that: (i) it is a bank listed in Schedule I to the Bank Act and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by it of the Standby Account Agreement (x) are within its corporate powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a default under or conflict with (A) its charter or by-laws, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iv) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Standby Account Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (v) it is rated at or above the Standby Account Depository Institution Threshold Ratings by each of the Rating Agencies, (vi) it is and will continue to be in good standing with the Office of the Superintendent of Financial Institutions, (vii) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Standby Account Agreement and the other Transaction Documents to which it is party, and (viii) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Standby Account Agreement and the other Transaction Documents to which it is a party.

The Standby Account Agreement further provides that if the ratings of the unsecured, unsubordinated and unguaranteed debt obligations, or issuer default rating, as applicable, of the Standby Account Depository Institution by the Rating Agencies fall below the ratings for the Standby Account Depository Institution specified in the Standby Account Agreement, then the Standby GIC Account and the Standby Transaction Account (to the extent maintained) will be required to be closed and all amounts standing to the credit thereof transferred to accounts held with a satisfactorily rated depository institution.

“Standby Account Depository Institution Threshold Ratings” means the threshold ratings P-1 (in respect of Moody’s) and A and F1 (in respect of Fitch), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (or, in the case of Fitch, the issuer default rating) of the Standby Account Depository Institution by the Rating Agencies.

As of the date of this Base Prospectus, the Standby Account Depository Institution’s outstanding short-term and long-term unsecured, unsubordinated and unguaranteed debt obligations, respectively, has been assigned the following ratings from the Rating Agencies:

Rating Agency	Short-term	Long-term
Moody’s	P-1	Aa3
Fitch	F1+	AA

In addition to the requirement that the Guarantor Accounts be moved from the Standby Account Depository Institution to a satisfactorily rated depository institution if the Standby Account Depository Institution breaches the Standby Account Depository Institution Threshold Ratings as described above, the Guarantor may (in the case of (i) through (iii) below) or shall (in the case of (iv) through (vi) below) terminate the Standby Account Agreement and move the Guarantor Accounts from the Standby Account Depository Institution to a satisfactorily rated depository institution if: (i) a deduction or withholding for or on account of any taxes is imposed or is likely to be imposed in respect of the interest payable on any Guarantor Account, (ii) there is a breach by the Standby Account Depository Institution of certain representations and warranties or a failure by the Standby Account Depository Institution to perform certain covenants made by it under the Standby Account Agreement, (iii) the Standby Account Depository Institution materially breaches any of its other covenants and obligations under the Standby Account Agreement or the Standby Guaranteed Deposit Account Contract, (iv) the Standby Account Depository Institution ceases or threatens to cease carrying on the business of the Standby Account Depository Institution, (v) an order is made for the winding up of the Standby Account Depository Institution, or (vi) an Insolvency Event occurs with respect to the Standby Account Depository Institution.

References in this Base Prospectus to the GIC Account or the Transaction Account include, unless otherwise stated, references to the Standby GIC Account or the Standby Transaction Account when the Standby GIC Account and the Standby Transaction Account become operative.

Corporate Services Agreement

Custodial Agreement

Pursuant to the terms of a custodial agreement (such custodial agreement as amended and/or restated and/or supplemented from time to time, the "**Custodial Agreement**") entered into on the Programme Establishment Date (as amended on September 18, 2014, and as may be further amended, restated or supplemented from time to time) among, *inter alios*, the Custodian, the Issuer and the Custodian will, among other things, hold applicable powers of attorney granted by the Issuer to the Guarantor, and details of the Loans and the Related Security and Substitute Assets, in each case on behalf of the Guarantor, all in accordance with the CMHC Guide. In order to act as Custodian under the Custodial Agreement, the Custodian must meet the Custodian Qualifications, as described under "*Description of the Canadian Registered Covered Bond Programmes Regime – Custodian*".

The Custodian agrees to securely and confidentially hold and remain responsible for the data and documents delivered to it pursuant to the Custodial Agreement until the earliest of (a) the release of such data and documents to a replacement custodian in accordance with the terms of the Custodial Agreement, (b) the termination of the Programme, and (c) in relation to a particular Loan or Substitute Asset, its disposition or maturity, as the case may be. The Issuer and the Guarantor may also terminate the Custodial Agreement and appoint a replacement Custodian if the Custodian commits a breach which is either not capable of remedy, or capable of remedy but which is not remedied within 30 days of receipt by the Custodian of notice specifying such breach and requiring the same to be remedied.

Agency Agreement

Under the terms of the Agency Agreement entered into on the Programme Establishment Date between the Agents, the Issuer, the Guarantor and the Bond Trustee, the Agents have been appointed by the Issuer and the Guarantor to carry out various issuing and paying agency, exchange agency, transfer agency, calculation agency and registrar duties in respect of the Covered Bonds. Such duties include, but are not limited to, dealing with any applicable stock exchanges and Clearing Systems on behalf of the Issuer and the Guarantor in connection with an issuance of Covered Bonds and making payments of interest and principal in respect of the Covered Bonds upon receipt of such amounts from the Issuer or the Guarantor, as applicable.

Upon the occurrence of an Issuer Event of Default, Potential Issuer Event of Default, a Guarantor Event of Default or Potential Guarantor Event of Default, as applicable, the Bond Trustee may, by notice in writing to the Issuer, the Guarantor and the Agents, require the Agents to thereafter act as agents of the Bond Trustee.

Any Agent or Calculation Agent may resign its appointment under the Agency Agreement and/or in relation to any Series of Covered Bonds upon 30 days' notice to the Issuer, the Guarantor and the Bond Trustee, provided that such resignation will not be effective (i) if the notice period would otherwise expire within 30 days before or after the final maturity date or any interest or other payment date for any Series (or if the resignation is only with respect to a particular Series, such Series), until the 30th day following such final maturity date or any interest or other payment date, and (ii) in certain circumstances, unless a successor has been appointed.

The Issuer or the Guarantor may revoke its appointment of any Agent or Calculation Agent under the Agency Agreement and/or in relation to any Series of Covered Bonds upon 30 days' notice to such Agent or Calculation Agent, provided that in certain circumstances, such revocation will not be effective unless a successor has been appointed. Notwithstanding the foregoing, the Guarantor may revoke the appointment of any Agent or Calculation Agent in the event that there is a breach by such Agent or Calculation Agent of certain representations and warranties or a failure by such Agent or Calculation Agent to perform certain covenants made by it under the Agency Agreement.

The appointment of any Agent or Calculation Agent under the Agency Agreement and in relation to each relevant Series of Covered Bonds shall terminate forthwith if any of the following events or circumstances shall occur or arise, namely: such Agent or Calculation Agent becomes incapable of acting; such Agent or Calculation Agent is adjudged bankrupt or insolvent; such Agent or Calculation Agent files a voluntary petition in bankruptcy or makes an assignment for the benefit of its creditors or consents to the appointment of a receiver, administrator or other similar official of all or any substantial part of its property or admits in writing its inability to pay or meet its debts as they mature or suspends payment thereof; a resolution is passed or an order is made for the winding-up or dissolution of such Agent or Calculation Agent; a receiver, administrator or other similar official of such Agent or Calculation Agent or of all or any substantial part of its property is appointed; an order of any court is entered approving any petition filed by or against such Agent or Calculation Agent under the provisions of any applicable bankruptcy or insolvency law; or any public officer takes charge or control of such Agent or Calculation Agent or of its property or affairs for the purpose of rehabilitation, conservation or liquidation.

Modification of Transaction Documents

The provisions of the Transaction Documents generally require that all amendments thereto be in writing and executed by the parties thereto and, in the case of the Swap Agreements, the Bond Trustee, unless the amendment relates to the transfer of the Swap Provider's interests in the Swap Agreements other than as a result of the occurrence of a Downgrade Trigger Event, in which case five Business Days' prior notice is required to be provided to the Bond Trustee. In addition, any material amendment to a Transaction Document will be subject to satisfaction of the Rating Agency Confirmation. Pursuant to the terms of the Security Agreement and the Trust Deed, the Bond Trustee is permitted to consent to and/or execute amendments without consulting the other Secured Creditors if the amendment is of a minor or technical nature or the Bond Trustee is otherwise satisfied that the amendment is not reasonably expected to be materially prejudicial to the interests of the Covered Bondholders.

In addition to the general amendment provisions, the Managing GP has the authority to make amendments to the Limited Partnership Agreement without the consent of any other party in order to cure any ambiguity or correct or supplement any provision thereof, provided that such amendments are not reasonably expected to be materially prejudicial to the interests of the other Partners, or, while Covered Bonds are outstanding, the Bond Trustee (on behalf of the Secured Creditors). If the interests of any such party would be adversely affected by a proposed amendment to the Limited Partnership Agreement, such amendment may only be made by the Managing GP with the consent of such adversely affected Party and/or the Bond Trustee, as applicable.

For greater certainty, all amendments to the Transaction Documents must comply with the CMHC Guide.

Modification of Ratings Triggers and Consequences

Any amendment to (a) a ratings trigger provided for in any Transaction Document that lowers the threshold ratings specified therein, or (b) the consequences of breaching any such ratings trigger provided for in any Transaction Document that makes such consequences less onerous, shall, with respect to each affected Rating Agency only, be deemed to be a material amendment and shall be subject to Rating Agency Confirmation from each affected Rating Agency.

CREDIT STRUCTURE

Under the terms of the Covered Bond Guarantee, the Guarantor has agreed to, following the occurrence of a Covered Bond Guarantee Activation Event, unconditionally and irrevocably pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of the holders of the Covered Bonds), an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date, or, if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any earlier date on which a Guarantor Acceleration Notice is served. The Issuer will not be relying on payments from the Guarantor in respect of advances under the Intercompany Loan Agreement or receipt of Available Revenue Receipts or Available Principal Receipts from the Covered Bond Portfolio in order to pay interest or repay principal under the Covered Bonds.

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to holders of the Covered Bonds, as follows:

- the Covered Bond Guarantee provides credit support to the Issuer;
- the Asset Coverage Test is intended to test the asset coverage of the Guarantor's assets in respect of the Covered Bonds at all times;
- the Pre-Maturity Test is intended to test the liquidity of the Guarantor's assets in respect of principal due on the Final Maturity Date of Hard Bullet Covered Bonds;
- the Amortization Test is intended to test the asset coverage of the Guarantor's assets in respect of the Covered Bonds following an Issuer Event of Default but prior to the service on the Guarantor of a Guarantor Acceleration Notice;
- a Reserve Fund (if the ratings of the Issuer's unsecured, unsubordinated and unguaranteed debt obligations, or its issuer default rating, as the case may be, by the Rating Agencies fall below the ratings specified in the definition of "Reserve Fund") will be established by the Guarantor (or the Cash Manager on its behalf) in the GIC Account to trap Available Revenue Receipts and Available Principal Receipts; and
- under the terms of the GIC, the GIC Provider has agreed to pay a variable rate of interest on all amounts held by the Guarantor in the GIC Account at a floor of 0.10 per cent below the average of the rates per annum for Canadian dollar bankers' acceptances having a term of 30 days that appears on the Reuters Screen as of 10:00 a.m. (Montréal time) on the date of determination, as reported by the GIC Provider (and if such screen is not available, any successor or similar service as may be selected by the GIC Provider) or such greater amount as the Guarantor and the GIC Provider may agree from time to time.

Certain of these factors are considered more fully in the remainder of this Section.

Guarantee

The Covered Bond Guarantee provided by the Guarantor under the Trust Deed guarantees payment of Guaranteed Amounts when the same become Due for Payment in respect of all Covered Bonds issued under the Programme. The Covered Bond Guarantee will not guarantee any amount becoming payable for any other reason, including any accelerated payment pursuant to Condition 7 (Events of Default and Enforcement) following the occurrence of an Issuer Event of Default. In this circumstance (and until a Guarantor Event of Default occurs and a Guarantor Acceleration Notice is served), the Guarantor's obligations will only be to pay the Guaranteed Amounts as such amounts fall Due for Payment.

See further "*Summary of the Principal Documents—Trust Deed*" with respect to the terms of the Covered Bond Guarantee. See "*Cashflows—Guarantee Priority of Payments*" with respect to the payment of amounts payable by the Guarantor to holders of the Covered Bonds and other Secured Creditors following the occurrence of an Issuer Event of Default.

Pre-Maturity Liquidity

Certain Series of Covered Bonds may be scheduled to be redeemed in full on their respective Final Maturity Dates without any provision for scheduled redemption other than on the Final Maturity Date (the "**Hard Bullet Covered Bonds**"). The applicable Final Terms will identify whether any Series of Covered Bonds is a Series of Hard Bullet Covered Bonds. The Pre-Maturity Test is intended to test the liquidity of the Guarantor's assets in respect of the Hard Bullet Covered Bonds when the Issuer's unsecured, unsubordinated and unguaranteed debt obligations credit ratings, as applicable, fall below the Pre-Maturity Minimum Ratings. On each Montréal Business Day (each, a "**Pre-Maturity Test Date**") prior to the occurrence of an Issuer Event of Default or the occurrence of a Guarantor Event of Default, the Guarantor (or the Cash Manager on its behalf) will determine if the Pre-Maturity Test has been breached, and if so, it will immediately notify the Seller and the Bond Trustee.

The Issuer will fail and be in breach of the “**Pre-Maturity Test**” on a Pre-Maturity Test Date if:

- (a) the rating from Moody’s of the Issuer’s unsecured, unsubordinated and unguaranteed debt obligations falls below P-1 and the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date; or
- (b) the short-term issuer default rating from Fitch of the Issuer falls below F1+ and the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date,

(each of the ratings set out above, the “**Pre-Maturity Minimum Ratings**”).

Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Guarantor, shall, subject to any right of pre-emption of the Seller pursuant to the terms of the Hypothecary Loan Sale Agreement and the Security Sharing Agreement, as applicable, offer to sell Randomly Selected Loans to Purchasers, unless the Pre-Maturity Liquidity Ledger is otherwise funded from other sources as follows:

- (i) a Contribution in Kind made by one or more of the Partners (as recorded in the Capital Account Ledger for such Partners of the Guarantor) of certain Substitute Assets in accordance with the Limited Partnership Agreement with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger); or
- (ii) Cash Capital Contributions made by one or more of the Partners (as recorded in the Capital Account Ledger for each applicable Partner of the Guarantor) or proceeds advanced under the Intercompany Loan Agreement which have not been applied to acquire further Loans and their Related Security or otherwise applied in accordance with the Limited Partnership Agreement and/or the other Transaction Documents with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger);

provided that if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, an Issuer Event of Default will occur if the Guarantor has not taken the required action described above within the earlier to occur of (i) 10 Montréal Business Days from the date that the Seller is notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds (see further: Condition 7.01). To cure a Pre-Maturity Test breach within such period, the Pre-Maturity Liquidity Ledger shall be funded so that by the end of such period, there will be an amount equal to the Pre-Maturity Liquidity Required Amount standing to the credit of the Pre-Maturity Liquidity Ledger. The method for selling Randomly Selected Loans is described in “*Summary of the Principal Documents— Limited Partnership Agreement—Method of Sale of Loans and their Related Security*” above. The proceeds of sale of Randomly Selected Loans will be recorded to the Pre-Maturity Liquidity Ledger on the GIC Account.

In certain circumstances, Revenue Receipts will also be available to repay a Hard Bullet Covered Bond, as described in “*Cashflows— Pre-Acceleration Revenue Priority of Payments*” below.

Failure by the Issuer to pay the full amount due in respect of a Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, subject to applicable cure periods, will constitute an Issuer Event of Default. Following service of a Notice to Pay on the Guarantor, the Guarantor will apply funds standing to the Pre-Maturity Liquidity Ledger to repay the relevant Series of Hard Bullet Covered Bonds.

If the Issuer and/or the Guarantor fully repay the relevant Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, cash standing to the credit of the Pre-Maturity Liquidity Ledger on the GIC Account will be applied by the Guarantor in accordance with the Pre-Acceleration Principal Priority of Payments, unless:

- (a) the Issuer is failing the Pre-Maturity Test in respect of any other Series of Hard Bullet Covered Bonds, in which case the cash will remain on the Pre-Maturity Liquidity Ledger in order to provide liquidity for that other Series of Hard Bullet Covered Bonds; or
- (b) the Issuer is not failing the Pre-Maturity Test, but the Cash Manager elects to retain the cash on the Pre-Maturity Liquidity Ledger in order to provide liquidity for any future Series of Hard Bullet Covered Bonds.

Amounts standing to the credit of the Pre-Maturity Liquidity Ledger following the repayment of the Hard Bullet Covered Bonds as described above may, except where the Cash Manager has elected or is required to retain such amounts on the Pre-Maturity Liquidity Ledger, also be used to repay the advances under the Intercompany Loan Agreement, subject to the Guarantor making provision for higher ranking items in the Pre-Acceleration Principal Priority of Payments.

Asset Coverage Test

The Asset Coverage Test is intended to ensure that (subject to certain limitations with respect to the Asset Percentage, which may be removed by agreement with the Issuer) the Guarantor can meet its obligations under the Covered Bond Guarantee. Under the Limited Partnership Agreement, so long as the Covered Bonds remain outstanding, the Guarantor must ensure that on each Calculation Date the Adjusted Aggregate Loan Amount will be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. If, on any Calculation Date, the Asset Coverage Test is not satisfied and such failure is not remedied on or before the next following Calculation Date, the Asset Coverage Test will be breached and the Guarantor (or the Cash Manager on its behalf) will serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee and, if delivered by the Cash Manager, the Guarantor. The Asset Coverage Test is a formula which adjusts the True Balance of each Loan in the Covered Bond Portfolio and has further adjustments to take account of a failure by the Seller to repurchase Loans, pursuant to a Loan Repurchase Notice delivered in accordance with the terms of the Hypothecary Loan Sale Agreement.

See further “*Summary of the Principal Documents—Limited Partnership Agreement—Asset Coverage Test*” and “*Summary of the Principal Documents—Hypothecary Loan Sale Agreement—Repurchase of Loans*”, above.

An Asset Coverage Test Breach Notice will be revoked if, on any Calculation Date falling on or prior to the next Calculation Date following the service of the Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and no Covered Bond Guarantee Activation Event has occurred.

If an Asset Coverage Test Breach Notice has been served and is not revoked on or before the Guarantor Payment Date immediately following the Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will have occurred and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee must serve a Notice to Pay on the Guarantor.

Amortization Test

The Amortization Test is intended to ensure that if, following an Issuer Event of Default (but prior to service on the Guarantor of a Guarantor Acceleration Notice), the assets of the Guarantor available to meet its obligations under the Covered Bond Guarantee fall to a level where holders of the Covered Bonds may not be repaid, a Guarantor Event of Default will occur and all amounts owing under the Covered Bonds may be accelerated. Under the Limited Partnership Agreement, following the occurrence and during the continuance of an Issuer Event of Default, for so long as there are Covered Bonds outstanding, the Guarantor must ensure that, as at each Calculation Date following an Issuer Event of Default, the Amortization Test Aggregate Loan Amount will be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. The Amortization Test is a formula which adjusts the True Balance of each Loan in the Covered Bond Portfolio and has further adjustments to take account of Loans in arrears. See further “*Summary of the Principal Documents—Limited Partnership Agreement—Amortization Test*”, above.

Reserve Fund

The Guarantor will be required (if the ratings of the Issuer’s unsecured, unsubordinated and unguaranteed debt obligations by the Rating Agencies fall below P-1 (in respect of Moody’s), or if the issuer default rating of the Issuer falls below F1 or A (in respect of Fitch; provided that both such ratings from Fitch are required) as applicable, to establish the Reserve Fund on the GIC Account which will be credited with Available Revenue Receipts and Available Principal Receipts up to an amount equal to the Reserve Fund Required Amount. The Guarantor will not be required to maintain the Reserve Fund following the occurrence of an Issuer Event of Default.

The Reserve Fund will be funded from (i) Available Revenue Receipts after the Guarantor has paid all of its obligations in respect of items ranking higher than the Reserve Ledger in the Pre-Acceleration Revenue Priority of Payments, and (ii) Available Principal Receipts after the Guarantor has paid all of its obligations in respect of items ranking higher than the Reserve Ledger in the Pre-Acceleration Principal Priority of Payments on each Guarantor Payment Date.

A Reserve Ledger will be maintained by the Cash Manager to record the balance from time to time of the Reserve Fund. Following the occurrence of an Issuer Event of Default, service of an Issuer Acceleration Notice and service of a Notice to Pay on the Guarantor, amounts standing to the credit of the Reserve Fund will be added to certain other income of the Guarantor in calculating Available Revenue Receipts.

Voluntary Overcollateralization

From time to time, the Guarantor may hold Loans and Related Security, Substitute Assets and cash with a value in excess of the value required to satisfy the coverage tests prescribed by the Transaction Documents and the CMHC Guide, including the Asset

Coverage Test and the Amortization Test, as applicable. Such excess collateral, excluding, for certainty, any Contingent Collateral, is the “**Voluntary Overcollateralization**”. Pursuant to the terms of the Transaction Documents and provided that the Guarantor must at all times be in compliance with such coverage tests, the terms of the Transaction Documents and the CMHC Guide, the Guarantor is from time to time permitted to:

- apply cash (in an amount up to the Voluntary Overcollateralization) to the repayment of any loan advanced by the Issuer, including the Intercompany Loan;
- distribute cash (in an amount up to the Voluntary Overcollateralization) to the Partners;
- (i) subject to the rights of pre-emption enjoyed by the Seller pursuant to the terms of the Hypothecary Loan Sale Agreement and the Security Sharing Agreement, as applicable, transfer, or (ii) agree with the Seller to withdraw or remove, subject to any such rights of pre-emption, Loans and Related Security and Substitute Assets (with an aggregate value, in the case of Loans and Related Security, equal to the LTV Adjusted True Balance thereof, and in the case of Substitute Assets, equal to the face value thereof, up to the Voluntary Overcollateralization); or
- agree with the Seller to substitute assets owned by the Guarantor with other Loans and Related Security and/or Substitute Assets that in each case comply with the terms of the Transaction Documents, the CMHC Guide and the Covered Bond Legislative Framework.

Any Loans and Related Security and/or Substitute Assets transferred, withdrawn, removed or substituted in accordance with the above will be selected in a manner that would not reasonably be expected to be materially prejudicial to the interests of the Covered Bondholders and the consideration received by the Guarantor therefor (whether in cash or in kind) will, unless otherwise prescribed by the terms of the Transaction Documents, not be less than the fair market value thereof. For instance, the terms of the Intercompany Loan Agreement prescribe the consideration to be received by the Guarantor for a Payment in Kind. See “*Summary of the Principal Documents – Intercompany Loan Agreement*”.

CASHFLOWS

As described above under “*Credit Structure*”, until the occurrence of a Covered Bond Guarantee Activation Event, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the Guarantor under the Intercompany Loan.

This section summarizes the Priorities of Payments of the Guarantor, as to the allocation and distribution of amounts standing to the credit of the Guarantor on the Ledgers and their order of priority:

- (a) when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred;
- (b) when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred;
- (c) following service of a Notice to Pay on the Guarantor; and
- (d) following service of a Guarantor Acceleration Notice and enforcement of the Security.

If the Transaction Account is closed in accordance with the terms of the Account Agreement or no Transaction Account is maintained, any payment to be made to or from the Transaction Account will, as applicable, be made to or from the GIC Account, or no payment shall be made at all if such payment is expressed to be from the GIC Account to the Transaction Account.

Allocation and distribution of Available Revenue Receipts when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Revenue Receipts will be allocated and distributed as described below.

The Guarantor (or the Cash Manager on its behalf) will, as of each Calculation Date, calculate:

- (i) the amount of Available Revenue Receipts available for distribution on the immediately following Guarantor Payment Date;
- (ii) the Reserve Fund Required Amount (if applicable);
- (iii) where the Pre-Maturity Test has been breached in respect of a Series of Hard Bullet Covered Bonds, on each Calculation Date falling in the five months prior to the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds, whether or not the amount standing to the credit of the Pre-Maturity Liquidity Ledger including the principal amount of any Substitute Assets standing to the credit of the Pre-Maturity Liquidity Ledger at such date is less than the Pre-Maturity Liquidity Required Amount.

On each Guarantor Payment Date, the Guarantor (or the Cash Manager on its behalf) will transfer Available Revenue Receipts from the Revenue Ledger to the Payment Ledger, and use Available Revenue Receipts held by the Cash Manager for and on behalf of the Guarantor and, as necessary, transfer Available Revenue Receipts from the GIC Account to the Transaction Account (to the extent maintained), in an amount equal to the lower of (a) the amount required to make the payments or credits described below (taking into account any Available Revenue Receipts held by the Cash Manager for or on behalf of the Guarantor and any Available Revenue Receipts standing to the credit of the Transaction Account), and (b) the amount of Available Revenue Receipts.

Pre-Acceleration Revenue Priority of Payments

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Revenue Receipts will be applied by or on behalf of the Guarantor (or the Cash Manager on its behalf) on each Guarantor Payment Date (except for amounts due to third parties by the Guarantor under paragraph (a) or Third Party Amounts, which will be paid when due) in making the following payments and provisions (the “**Pre-Acceleration Revenue Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, in or towards satisfaction of any amounts due and payable by the Guarantor to third parties and incurred without breach by the Guarantor of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere in the relevant Priorities of Payments) and to provide for any such amounts

expected to become due and payable by the Guarantor in the immediately succeeding Guarantor Payment Period and to pay and discharge any liability of the Guarantor for taxes;

- (b) *second*, any amounts in respect of interest due to Caisse centrale in respect of the Demand Loan pursuant to the terms of the Intercompany Loan;

 - (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager under the provisions of the Cash Management Agreement in the immediately succeeding Guarantor Payment Period, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
 - (iii) amounts (if any) due and payable to the Account Depository Institution, including in its capacity as GIC Provider (or, as applicable, the Standby Account Depository Institution, including in its capacity as Standby GIC Provider) (including costs) pursuant to the terms of the Account Agreement and Guaranteed Investment Contract (or, as applicable, the Standby Account Agreement and Standby Guaranteed Investment Contract), together with applicable GST (or other similar taxes) thereon to the extent provided therein;
 - (iv) amounts due and payable to the Asset Monitor pursuant to the terms of the Asset Monitor Agreement (other than the amounts referred to in paragraph (j) below), together with applicable GST (or other similar taxes) thereon to the extent provided therein; and
 - (v) amounts due and payable to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
- (d) *fourth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
 - (i) payment due to the Interest Rate Swap Provider (including any termination payment due and payable by the Guarantor under the Interest Rate Swap Agreement (but excluding any Excluded Swap Termination Amount)) pursuant to the terms of the Interest Rate Swap Agreement; and
 - (ii) payment due to the Covered Bond Swap Provider (including any termination payment due and payable by the Guarantor under the Covered Bond Swap Agreement (but excluding any Excluded Swap Termination Amount)) pursuant to the terms of the Covered Bond Swap Agreement;
- (e) *fifth*, in or towards payment on the Guarantor Payment Date of, or to provide for payment on or before the next Guarantor Payment Date of such proportion of the relevant payment falling due in the next Guarantor Payment Period as the Cash Manager may reasonably determine (in the case of any such payment or provision, after taking into account any provisions previously made and any amounts receivable from the Interest Rate Swap Provider under the Interest Rate Swap Agreement) any amounts due or to become due and payable (excluding principal amounts) to Caisse centrale in respect of the Guarantee Loan pursuant to the terms of the Intercompany Loan Agreement;
- (f) *sixth*, if a Servicer Event of Default has occurred, all remaining Available Revenue Receipts to be credited to the GIC Account (with a corresponding credit to the Revenue Ledger maintained in respect of that account) until such Servicer Event of Default is either remedied by the Servicer or waived by the Bond Trustee or a new servicer is appointed to service the Covered Bond Portfolio (or the relevant part thereof);
- (g) *seventh*, in or towards a credit to the GIC Account (with a corresponding credit to the Reserve Ledger) of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount (if applicable) exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Calculation Date;
- (h) *eighth*, if the Guarantor is required to make a deposit to the Pre-Maturity Liquidity Ledger due to a breach of the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the GIC Account

(with a corresponding credit to the Pre-Maturity Liquidity Ledger in respect of each such Series) of an amount up to but not exceeding the difference between:

- (i) the Pre-Maturity Liquidity Required Amount as calculated as of the immediately preceding Calculation Date; and
 - (ii) any amounts standing to the credit of the Pre-Maturity Liquidity Ledger as of the immediately preceding Calculation Date;
- (i) *ninth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
- (i) payment of any Excluded Swap Termination Amounts due and payable by the Guarantor under the Interest Rate Swap Agreement; and
 - (ii) payment of any Excluded Swap Termination Amounts due and payable by the Guarantor under the Covered Bond Swap Agreement;
- (j) *tenth*, in or towards payment *pro rata* and *pari passu* in accordance with the respective amounts thereof of any indemnity amount due to the Asset Monitor pursuant to the Asset Monitor Agreement, and any indemnity amount due to any Partner pursuant to the Limited Partnership Agreement;
- (k) *eleventh*, in or towards payment of the fee due to the Corporate Services Provider by the Guarantor pursuant to the terms of the Corporate Services Agreement; and
- (l) *twelfth*, towards such distributions of profit to the Partners as may be payable in accordance with the terms of the Limited Partnership Agreement.

Any amounts received by the Guarantor under the Interest Rate Swap Agreement and the Covered Bond Swap Agreement (other than, in each case, amounts in respect of Swap Collateral Excluded Amounts) on or after the Guarantor Payment Date but prior to the next following Guarantor Payment Date will be applied, together with any provision for such payments made on any preceding Guarantor Payment Date, to make payments (other than in respect of principal) due and payable in respect of the Intercompany Loan Agreement and then the expenses of the Guarantor unless an Asset Coverage Test Breach Notice is outstanding or otherwise to make provision for such payments on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine.

Any amounts received under the Interest Rate Swap Agreement and the Covered Bond Swap Agreement on the Guarantor Payment Date or on any date prior to the next succeeding Guarantor Payment Date which are not applied towards a payment or provision in accordance with paragraph (d) above or the preceding paragraph will be credited to the Revenue Ledger and applied as Available Revenue Receipts on the next succeeding Guarantor Payment Date.

Amounts (if any) held by the Cash Manager for and on behalf of the Guarantor or standing to the credit of the Transaction Account which are not required to be applied in accordance with paragraphs (a) to (l) of the Pre-Acceleration Revenue Priority of Payments or paragraphs (a) to (g) of the Pre-Acceleration Principal Priority of Payments below will, if applicable, be deposited by the Cash Manager and, in each case be credited to the appropriate ledger in the GIC Account on the Guarantor Payment Date.

Allocation and Distribution of Available Principal Receipts when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Principal Receipts will be allocated and distributed as described below.

The Guarantor (or the Cash Manager on its behalf) will, as of each Calculation Date, calculate the amount of Available Principal Receipts available for distribution on the immediately following Guarantor Payment Date.

On each Guarantor Payment Date, the Guarantor (or the Cash Manager on its behalf) will transfer Available Principal Receipts from the Principal Ledger to the Payment Ledger, and use Available Principal Receipts held by the Cash Manager for and on behalf of the Guarantor and, as necessary, transfer Available Principal Receipts from the GIC Account to the Transaction Account (to the extent maintained), in an amount equal to the lower of (a) the amount required to make the payments or credits described below (taking into account any Available Principal Receipts held by the Cash Manager for or on behalf of the Guarantor and/or standing to the credit of the Transaction Account), and (b) the amount of Available Principal Receipts.

If a Guarantor Payment Date is the same as an Interest Payment Date, then the distribution of Available Principal Receipts under the Pre-Acceleration Principal Priority of Payments will be delayed until the Issuer has made Scheduled Interest and/or principal payments on that Interest Payment Date unless payment is made by the Guarantor directly to the Bond Trustee (or the Issuing and Paying Agent at the direction of the Bond Trustee).

Pre-Acceleration Principal Priority of Payments

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Principal Receipts (other than Cash Capital Contributions made from time to time by the Seller in its capacity as a Limited Partner) will be applied by or on behalf of the Guarantor on each Guarantor Payment Date in making the following payments and provisions (the “**Pre-Acceleration Principal Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, if the Pre-Maturity Test has been breached by the Issuer in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the Pre-Maturity Liquidity Ledger in respect of each such Series in an amount up to but not exceeding the difference between:
 - (i) the Pre-Maturity Liquidity Required Amount calculated as of the immediately preceding Calculation Date; and
 - (ii) any amounts standing to the credit of the Pre-Maturity Liquidity Ledger on the immediately preceding Calculation Date;
- (b) *second*, to pay amounts in respect of principal outstanding on the Demand Loan pursuant to the terms of the Intercompany Loan Agreement;
- (c) *third*, to acquire New Loans and their Related Security offered to the Guarantor, if necessary or prudent to ensure that, taking into account the other resources available to the Guarantor, the Asset Coverage Test is met and thereafter to acquire (in the discretion of the Guarantor (or the Cash Manager on its behalf) Substitute Assets up to the prescribed limit under the CMHC Guide;
- (d) *fourth*, to deposit the remaining Available Principal Receipts in the GIC Account (with a corresponding credit to the Principal Ledger) in an amount sufficient to ensure that taking into account the other resources available to the Guarantor, the Asset Coverage Test is met;
- (e) *fifth*, in or towards repayment on the Guarantor Payment Date (or to provide for repayment on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine) of amounts (in respect of principal) due or to become due and payable to the Issuer in respect of the Guarantee Loan;
- (f) *sixth*, in or towards a credit to the GIC Account (with a corresponding credit to the Reserve Ledger) of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount (if applicable) exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Calculation Date; and
- (g) *seventh*, subject to complying with the Asset Coverage Test, to make Capital Distributions in accordance with the terms of the Limited Partnership Agreement.

Allocation and distribution of Available Revenue Receipts and Available Principal Receipts when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred

At any time an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred, all Available Revenue Receipts and Available Principal Receipts will continue to be applied in accordance with the Pre-Acceleration Revenue Priority of Payments and the Pre-Acceleration Principal Priority of Payments save that, while any Covered Bonds remain outstanding, no moneys will be applied under paragraphs (b), (e), (j) (to the extent only that such indemnity amounts are payable to a Partner), (k) or (l) of the Pre-Acceleration Revenue Priority of Payments or paragraphs (b), (c), (e) or (g) of the Pre-Acceleration Principal Priority of Payments.

Allocation and distribution of Available Revenue Receipts and Available Principal Receipts following service of a Notice to Pay on the Guarantor

At any time after service of a Notice to Pay on the Guarantor, but prior to service of a Guarantor Acceleration Notice, all Available Revenue Receipts and Available Principal Receipts (other than Third Party Amounts) will be applied as described below under “*Guarantee Priority of Payments*”.

On each Guarantor Payment Date, the Guarantor (or the Cash Manager on its behalf) will transfer Available Revenue Receipts and Available Principal Receipts from the Revenue Ledger, the Reserve Ledger, the Principal Ledger or the Capital Account Ledger, as the case may be, to the Payment Ledger, in an amount equal to the lower of (a) the amount required to make the payments set out in the Guarantee Priority of Payments and (b) the amount of all Available Revenue Receipts and Available Principal Receipts standing to the credit of such Ledgers.

The Guarantor will create and maintain ledgers for each Series of Covered Bonds and record amounts allocated to such Series of Covered Bonds in accordance with paragraph (f) of the Guarantee Priority of Payments below, and such amounts, once allocated, will only be available to pay amounts due under the Covered Bond Guarantee and amounts due in respect of the relevant Series of Covered Bonds under the Covered Bond Swap Agreement on the scheduled repayment dates thereof.

Guarantee Priority of Payments

If a Notice to Pay is served on the Guarantor, the Guarantor will, on the Final Maturity Date for any Series of Hard Bullet Covered Bonds, apply all funds standing to the credit of the Pre-Maturity Liquidity Ledger (and transferred to the Transaction Account on the relevant Guarantor Payment Date) to repay such Series of Hard Bullet Covered Bonds. Subject thereto, on each Guarantor Payment Date after the service of a Notice to Pay on the Guarantor (but prior to service of a Guarantor Acceleration Notice), the Guarantor (or the Cash Manager on its behalf) will apply Available Revenue Receipts and Available Principal Receipts to make the following payments, provisions or credits in the following order of priority (the “**Guarantee Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, to pay any amounts in respect of principal and interest due to Caisse centrale in respect of the Demand Loan pursuant to the terms of the Intercompany Loan Agreement;
- (b) *second*, in or towards payment of all amounts due and payable or to become due and payable to the Bond Trustee in the immediately succeeding Guarantor Payment Period under the provisions of the Trust Deed together with interest and applicable GST (or other similar taxes) thereon as provided therein;
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
 - (i) any remuneration then due and payable to the Agents and any costs, charges, liabilities and expenses due or to become due and payable under the provisions of the Agency Agreement together with applicable GST (or other similar taxes) thereon as provided therein; and
 - (ii) any amounts then due and payable by the Guarantor to third parties and incurred without breach by the Guarantor of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere) and to provide for any such amounts expected to become due and payable by the Guarantor in the immediately succeeding Guarantor Payment Period and to pay or discharge any liability of the Guarantor for taxes;
- (d) *fourth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
 - (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer in the immediately succeeding Guarantor Payment Period under the provisions of the Servicing Agreement in respect of Loans owned by the Guarantor together with applicable GST (or other similar taxes) thereon to the extent provided therein;
 - (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager in the immediately succeeding Guarantor Payment Period under the provisions of the Cash Management Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
 - (iii) amounts (if any) due and payable to the Account Depository Institution, including in its capacity as GIC Provider (or, as applicable, the Standby Account Depository Institution, including in its capacity as Standby GIC Provider) (including costs) pursuant to the terms of the Account Agreement and the

Guaranteed Investment Contract (or, as applicable, the Standby Account Agreement and the Standby Guaranteed Investment Contract), together with applicable GST (or other similar taxes) thereon to the extent provided therein;

- (iv) amounts due and payable to the Asset Monitor (other than the amounts referred to in paragraph (k) below) pursuant to the terms of the Asset Monitor Agreement, together with applicable GST (or other similar taxes) thereon as provided therein; and
- (v) amounts due and payable to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon as provided therein;
- (e) *fifth*, if the Guarantor is Independently Controlled and Governed and has agreed to afford the Interest Rate Swap Provider priority over the holders of Covered Bonds in respect of amounts payable under the Covered Bonds, amounts due and payable to the Interest Rate Swap Provider (including any termination payment due and payable by the Guarantor under the Interest Rate Swap Agreement (but excluding any Excluded Swap Termination Amount)) in accordance with the terms of the Interest Rate Swap Agreement;
- (f) *sixth*, to pay pro rata and pari passu according to the respective amounts thereof:
 - (i) if (e) above does not apply, the amounts due and payable to the Interest Rate Swap Provider *pro rata* and *pari passu* according to the respective amounts thereof (including any termination payment due and payable by the Guarantor under the Interest Rate Swap Agreement but excluding any Excluded Swap Termination Amount) in accordance with the terms of the Interest Rate Swap Agreement;
 - (ii) the amounts due and payable to the Covered Bond Swap Provider (other than in respect of principal) *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds (including any termination payment (other than in respect of principal) due and payable by the Guarantor to the Covered Bond Swap Provider but excluding any Excluded Swap Termination Amount) in accordance with the terms of the Covered Bond Swap Agreement; and
 - (iii) to the Bond Trustee or (if so directed by the Bond Trustee) the Issuing and Paying Agent on behalf of the holders of the Covered Bonds *pro rata* and *pari passu* Scheduled Interest that is Due for Payment (or will become Due for Payment in the immediately succeeding Guarantor Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (f) (excluding any amounts received from the Covered Bond Swap Provider) would be insufficient to pay the Canadian Dollar Equivalent of the Scheduled Interest that is Due for Payment in respect of each Series of Covered Bonds under (f)(iii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of Covered Bonds to the Covered Bond Swap Provider under (f)(ii) above will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (g) *seventh*, to pay or provide for *pro rata* and *pari passu* according to the respective amounts thereof, of:
 - (i) the amounts (in respect of principal) due and payable *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds (including any termination payment (relating solely to principal) due and payable by the Guarantor under the Covered Bond Swap Agreement but excluding any Excluded Swap Termination Amount) to the Covered Bond Swap Provider in accordance with the terms of the relevant Covered Bond Swap Agreement; and
 - (ii) to the Bond Trustee or (if so directed by the Bond Trustee) the Issuing and Paying Agent on behalf of the holders of the Covered Bonds *pro rata*, and *pari passu* Scheduled Principal that is Due for Payment (or will become Due for Payment in the immediately succeeding Guarantor Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (g) (excluding any amounts received from the Covered Bond Swap Provider) in respect of the amounts referred to in (g)(i) above would be insufficient to pay the Canadian Dollar Equivalent of the Scheduled Principal that is Due for Payment in respect of the relevant Series of Covered Bonds under this (g)(ii), the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of

Covered Bonds under (g)(i) to the Covered Bond Swap Provider above will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (h) *eighth*, to deposit the remaining moneys into the GIC Account for application on the next following Guarantor Payment Date in accordance with the Priorities of Payment described in paragraphs (a) to (g) (inclusive) above, until the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds);
- (i) *ninth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of any Excluded Swap Termination Amount due and payable by the Guarantor to the relevant Swap Provider under the relevant Swap Agreement;
- (j) *tenth*, after the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds), any remaining moneys will be applied in and towards repayment in full of amounts outstanding under the Intercompany Loan Agreement;
- (k) *eleventh*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of any indemnity amount due to the Partners pursuant to the Limited Partnership Agreement and certain costs, expenses and indemnity amounts due by the Guarantor to the Asset Monitor pursuant to the Asset Monitor Agreement; and
- (l) *twelfth*, thereafter any remaining moneys will be applied in accordance with the Limited Partnership Agreement.

Payments received in respect of the Swap Agreements, premiums received in respect of replacement Swap Agreements

If the Guarantor receives any termination payment from a Swap Provider in respect of a Swap Agreement, such termination payment will first be used, to the extent necessary (prior to the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice) to pay a replacement Swap Provider to enter into a replacement Swap Agreement with the Guarantor, unless a replacement Swap Agreement has already been entered into on behalf of the Guarantor. If the Guarantor receives any premium from a replacement Swap Provider in respect of a replacement Swap Agreement, such premium will first be used to make any termination payment due and payable by the Guarantor with respect to the previous Swap Agreement, unless such termination payment has already been made on behalf of the Guarantor.

Any amounts received by the Guarantor from a Swap Provider in respect of a Swap Agreement and which are not applied to pay a replacement Swap Provider to enter into a replacement Swap Agreement will be credited to the Revenue Ledger and applied as Available Revenue Receipts on the next succeeding Guarantor Payment Date.

Application of moneys received by the Bond Trustee following service of a Guarantor Acceleration Notice and enforcement of the Security

Following service of a Guarantor Acceleration Notice and enforcement of the Security granted under the terms of the Security Agreements, all moneys received or recovered by the Bond Trustee (or a receiver appointed on its behalf) (excluding all amounts due or to become due in respect of any Third Party Amounts) will be applied in the following order of priority (the “**Post-Enforcement Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, in or towards satisfaction of all amounts due and payable or to become due and payable to the Bond Trustee under the provisions of the Trust Deed and the Security Agreement in connection with the performance of its obligations thereunder together with interest and applicable GST (or other similar taxes) thereon as provided therein;
- (b) *second*, in or towards satisfaction *pro rata* and *pari passu* according to respective amounts thereof of any remuneration then due and payable to the Agents and any costs, charges, liabilities and expenses due or to become due and payable under or pursuant to the Agency Agreement together with applicable GST (or other similar taxes) thereon to the extent provided therein;
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof, of:
 - (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer under the provisions of the Servicing Agreement in respect of Loans owned by the Guarantor, together with applicable GST (or other similar taxes) thereon to the extent provided therein;

- (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager under the provisions of the Cash Management Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein; and
 - (iii) amounts due to the Account Depository Institution (including in its capacity as GIC Provider) or, as applicable, the Standby Account Depository Institution (including in its capacity as Standby GIC Provider) (including costs) pursuant to the terms of the Account Agreement and the Guaranteed Investment Contract or, as applicable, the Standby Account Agreement and the Standby Guaranteed Investment Contract, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
 - (iv) amounts due to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
- (d) *fourth*, if the Guarantor is Independently Controlled and Governed and has agreed to afford the Interest Rate Swap Provider priority over the holders of Covered Bonds in respect of amounts payable under the Covered Bonds, amounts due and payable to the Interest Rate Swap Provider (including any termination payment (but excluding any Excluded Swap Termination Amount)) in accordance with the terms of the Interest Rate Swap Agreement;
- (e) *fifth*, to pay *pro rata* and *pari passu* according to the respective amounts thereof, of:
- (i) if paragraph (d) above does not apply, any amounts due and payable to the Interest Rate Swap Provider *pro rata* and *pari passu* according to the respective amounts thereof (including any termination payment (but excluding any Excluded Swap Termination Amounts)) pursuant to the terms of the Interest Rate Swap Agreement;
 - (ii) the amounts due and payable to the Covered Bond Swap Provider *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds to the Covered Bond Swap Agreement (including any termination payment due and payable by the Guarantor under the Covered Bond Swap Agreement (but excluding any Excluded Swap Termination Amount)) in accordance with the terms of the Covered Bond Swap Agreement; and
 - (iii) the amounts due and payable under the Covered Bond Guarantee, to the Bond Trustee on behalf of the holders of the Covered Bonds *pro rata* and *pari passu* in respect of interest and principal due and payable on each Series of Covered Bonds,
- provided that if the amount available for distribution under this paragraph (e) (excluding any amounts received from the Covered Bond Swap Provider in respect of amounts referred to in (e)(ii) above) would be insufficient to pay the Canadian Dollar Equivalent of the amounts due and payable under the Covered Bond Guarantee in respect of each Series of Covered Bonds under (e)(iii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of Covered Bonds under (e)(ii) above to the Covered Bond Swap Provider will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;
- (f) *sixth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof, of any Excluded Swap Termination Amounts due and payable by the Guarantor to the relevant Swap Provider under the relevant Swap Agreement;
- (g) *seventh*, after the Covered Bonds have been fully repaid, any remaining moneys shall be applied in or towards repayment in full of all amounts outstanding under the Intercompany Loan Agreement;
- (h) *eighth*, towards payment of any indemnity amount due to the Partners pursuant to the Limited Partnership Agreement;
- (i) *ninth*, in or towards payment of the fee due to the Corporate Services Provider; and
- (j) *tenth*, thereafter any remaining moneys will be applied in or towards payment to the Partners pursuant to the Limited Partnership Agreement.

DESCRIPTION OF THE CANADIAN REGISTERED COVERED BOND PROGRAMS REGIME

On December 17, 2012, CMHC published the first version of the CMHC Guide implementing the legislative framework established by Part I.1 of the National Housing Act (Canada) (the “**Covered Bond Legislative Framework**”). As of the date of this Base Prospectus, the most recent version of the CMHC Guide was published on December 19, 2014. The CMHC Guide elaborates on the role and powers of CMHC as administrator of the Covered Bond Legislative Framework and sets out the conditions and restrictions applicable to registered covered bond issuers and registered covered bond programs.

Eligible Issuers

The Covered Bond Legislative Framework provides that in order to apply for registration as a registered issuer, a proposed issuer of covered bonds must be a “federal financial institution”, as defined in section 2 of the *Bank Act* (Canada), or a cooperative credit society that is incorporated and regulated by or under an act of the legislature of a province of Canada. The Issuer is a cooperative credit society that is incorporated and regulated by or under an act of the legislature of the Province of Québec.

Eligible Covered Bond Collateral and Coverage Tests

Assets held by a guarantor as collateral for covered bonds issued under a registered program may not include mortgages or other secured residential loans that (i) are insured by CMHC or other Prohibited Insurers, or (ii) have a loan-to-value ratio that exceeds 80%. A guarantor may hold substitute assets consisting of Government of Canada securities and repos of such securities, provided that the value of such substitute assets may not exceed 10% of the total value of the assets of the guarantor held as covered bond collateral. The Covered Bond Legislative Framework, as further described in the CMHC Guide, further restricts assets comprising covered bond collateral by limiting cash held by the guarantor at any time to the amount necessary to meet the guarantor’s payment obligations for the next six months, subject to certain exceptions.

While the CMHC Guide does not impose a specified minimum or maximum level of overcollateralization, registered issuers must establish a minimum and maximum level of overcollateralization and disclose such levels in the issuer’s offering documents and in the Registry. Methodology to be employed for the asset coverage and amortization tests is specified in the CMHC Guide. Commencing July 1, 2014, in performing such tests registered issuers are required to adjust the market values of the residential properties securing the mortgages or other residential loans comprising covered bond collateral to account for subsequent price adjustments.

The CMHC Guide also requires that the guarantor engage in certain risk-monitoring and risk-mitigation practices, including (i) measurement of the present value of the assets comprising covered bond collateral as compared to the outstanding covered bonds (the “**Valuation Calculation**”), and (ii) hedging of its interest rate and currency exchange risks.

Bankruptcy and Insolvency

The Covered Bond Legislative Framework contains provisions that will limit the application of the laws of Canada and the provinces and territories relating to bankruptcy, insolvency and fraudulent conveyance to the assignments of loans and other assets to be held by a guarantor as covered bond collateral under a registered covered bond program. Such provisions will not be applicable to any covered bonds that are issued under a registered program at a time that the registered issuer has been suspended by CMHC in accordance with the powers afforded to it under the Covered Bond Legislative Framework and the CMHC Guide.

Qualifications of Counterparties

The CMHC Guide prescribes certain qualifications for each of the counterparties to a registered covered bond program, including that such counterparty (i) possess the necessary experience, qualifications and facilities to perform its obligations under the program, (ii) meet or exceed any minimum standards prescribed by an applicable rating agency, (iii) if regulated, be in regulatory good standing, (iv) be in material compliance with any internal policies and procedures relevant to its role as a counterparty, and (v) be in material compliance with all laws, regulations and rules applicable to that aspect of its business relevant to its role as a counterparty (collectively, the “**Counterparty Qualifications**”). In connection with the Programme, the counterparties are the Swap Providers, the Servicer, the Cash Manager, the Asset Monitor, the Custodian, the Bond Trustee, the Paying Agent, the Account Depository Institution, the Standby Account Depository Institution, the GIC Provider and the Standby GIC Provider (collectively, the “**Counterparties**”). Each of the Counterparties has represented and warranted in the Transaction Documents that it meets the Counterparty Qualifications.

Asset Monitor

The role of the asset monitor, as well as the specified procedures to be carried out by the asset monitor, are also detailed in the CMHC Guide. The asset monitor’s responsibilities include confirmation of the arithmetical accuracy of the tests required by the CMHC Guide to be carried out under the registered covered bond program and the preparation and delivery of an annual report

detailing the results of the specified procedures undertaken in respect of the covered bond collateral and the program. In addition to the Counterparty Qualifications, the asset monitor must be either (i) a firm engaged in the practice of accounting that is qualified to be an auditor of the registered issuer under the Caisses Act and Canadian auditing standards, or (ii) otherwise approved by CMHC (the “**Asset Monitor Qualifications**”). The Asset Monitor has represented and warranted in the Transaction Documents that it meets the Asset Monitor Qualifications.

Custodian

The CMHC Guide requires that a registered issuer appoint a custodian for each of its registered covered bond programs. The custodian’s responsibilities include holding on behalf of the Guarantor applicable powers of attorney granted by CCDQ to the Guarantor and details of the Loans and the Related Security and Substitute Assets. In addition to the Counterparty Qualifications, the custodian must satisfy certain other qualifications, including that it (i) be a federally or provincially chartered institution authorized to act in a fiduciary capacity with respect to valuable documents, or a chartered bank as described in Schedule I to the *Bank Act* (Canada), (ii) be equipped with secure, fireproof storage facilities, with adequate controls on access to assure the safety, confidentiality and security of the documents in accordance with customary standards for such facilities, (iii) use employees who are knowledgeable in the handling of mortgage and security documents and in the duties of a mortgage and security custodian, (iv) have computer systems that can accept electronic versions of asset details and be able to transmit that data as required by the CMHC Guide, and (v) be at arm’s length from (and otherwise independent and not an affiliate of) the registered issuer (collectively, the “**Custodian Qualifications**”). The Custodian has represented and warranted in the Transaction Documents that it meets the Custodian Qualifications.

Bond Trustee

A registered issuer is required to appoint a bond trustee to represent the views and interests, and to enforce the rights, of the covered bondholders. In addition to the Counterparty Qualifications, a bond trustee must be at arm’s length from (and otherwise independent and not an affiliate of) the registered issuer (the “**Bond Trustee Qualifications**”). The Bond Trustee has represented and warranted in the Transaction Documents that it meets the Bond Trustee Qualifications.

Ratings

If there are covered bonds outstanding under a registered covered bond program, at least two rating agencies must at all times have current ratings assigned to at least one series or tranche of covered bonds outstanding, provided that such ratings need not be for the same series or tranche.

Disclosure and Reporting

The CMHC Guide sets out a number of disclosure and reporting obligations for registered covered bond issuers. Underlying these obligations is the principle that investors should have access to all material information with respect to the registered issuer and the relevant series of covered bonds in order to make an informed investment decision with respect to buying, selling or holding such covered bonds. Registered covered bond issuers will be required to maintain a website where investors can access, among other things, public offering documents, material transaction documents, monthly reports on the covered bond collateral and static covered bond collateral portfolio data that users may download and analyze. The provisions of the CMHC Guide permit registered issuers to restrict access to such website (for example, through the use of a password) in order to comply with securities laws or otherwise. The Issuer’s website can be found in French at <http://www.desjardins.com/a-propos/relation-investisseurs/investisseurs-titres-revenu-fixe/obligations-secrises-cdd-modalites-acces/index.jsp> and in English at <http://www.desjardins.com/ca/about-us/investor-relations/fixed-income-investors/cdd-covered-bonds-terms-access/index.jsp>.

Status of the Issuer and the Programme

The Issuer and the Programme were registered in the Registry in accordance with the Covered Bond Legislative Framework and the CMHC Guide on January 29, 2014 and January 29, 2014, respectively.

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the Clearing Systems currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer and the Guarantor believe to be reliable, but none of the Issuer, the Guarantor, the Bond Trustee or any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of beneficial ownership interests in the Covered Bonds held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry Systems

DTC

DTC has advised the Issuer that it is a limited purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of DTC Covered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Covered Bonds on DTC’s records. The ownership interest of each actual purchaser of each Covered Bond (“**Beneficial Owner**”) is in turn to be recorded on the Direct and Indirect Participant’s records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Covered Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Covered Bonds, except in the event that use of the book-entry system for the DTC Covered Bonds is discontinued. To facilitate subsequent transfers, all DTC Covered Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. The deposit of DTC Covered Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Covered Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such DTC Covered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communication by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Covered Bonds within Tranche are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such Tranche to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to DTC Covered Bonds unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the DTC Covered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Covered Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from the Issuer or the Issuing and Paying Agent, on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name”, and will be the responsibility of such Participant and not of DTC or its nominee, the Issuing and Paying Agent, the Issuer, the Guarantor, the Bond Trustee or the Dealers, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Under certain circumstances, DTC will exchange the DTC Covered Bonds for Registered Definitive Covered Bonds, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Covered Bond, will be legended as set forth under “*Subscription and Sale and Transfer and Selling Restrictions*”.

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Beneficial Owner desiring to pledge DTC Covered Bonds to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Covered Bonds, will be required to withdraw its Registered Covered Bonds from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

Book-entry Ownership of and Payments in respect of DTC Covered Bonds

The Issuer may apply to DTC in order to have any Tranche of Covered Bonds represented by a Registered Global Covered Bond accepted in its book-entry settlement system. Upon the issue of any such Registered Global Covered Bond, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Covered Bond to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Covered Bond will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Covered Bond, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Covered Bond accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Covered Bond accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Covered Bond. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Covered Bond in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Covered Bonds will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Bond Trustee, the Issuing and Paying Agent, the Registrar, the Issuer, the Guarantor or the Dealers. Payment of principal, premium, if any, and interest, if any, on Covered Bonds to DTC is the responsibility of the Issuer and after a Covered Bond Guarantee Activation Event the Guaranteed Amounts in respect thereof are obligations of the Guarantor under the Covered Bond Guarantee.

Transfers of Covered Bonds Represented by Registered Global Covered Bonds

Transfers of any interests in Covered Bonds represented by a Registered Global Covered Bond within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond to such persons may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to pledge such Covered Bonds to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Covered Bonds may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. The ability of any holder of Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to resell, pledge or otherwise transfer such

Covered Bonds may be impaired if the proposed transferee of such Covered Bonds is not eligible to hold such Covered Bonds through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Covered Bonds described under “*Subscription and Sale and Transfer and Selling Restrictions*”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Issuing and Paying Agent and any custodian with whom the relevant Registered Global Covered Bonds have been deposited.

On or after the Issue Date for any Series, transfers of Covered Bonds of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Covered Bonds of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Covered Bonds will be effected through the Registrar, the Issuing and Paying Agent and the custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Covered Bonds among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Bond Trustee, the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Covered Bonds represented by Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

UK Information Gathering Powers

Holders of Covered Bonds who are individuals may wish to note that HM Revenue & Customs has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays interest to or receives interest for the benefit of an individual (other than solely by clearing or arranging the clearing of a cheque). These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of United Kingdom income tax and whether or not the holder of a Covered Bond is resident in the United Kingdom for United Kingdom taxation purposes. Any person in the United Kingdom (including any United Kingdom based paying agent) who pays amounts payable on redemption of Covered Bonds which are deeply discounted securities for the purposes of the Income Tax (Trading and other Income) Act 2005 to, or receives such amounts for the benefit of, an individual may also be required by HM Revenue & Customs to provide certain information (which may include the name and address of the beneficial owner of the amount payable on redemption) to HM Revenue & Customs although HM Revenue & Customs published practice for the tax year to April 5, 2015 indicates that HM Revenue & Customs will not exercise this power in respect of such amounts paid in that year. Any information obtained may, in certain circumstances, be exchanged by HM Revenue & Customs with the tax authorities of the jurisdiction in which the Holder of the Covered Bond is resident for tax purposes.

EU Savings Tax Directive

Under the Savings Tax Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest and other similar income paid by a person within its jurisdiction to an individual resident in or to certain other persons established in that other Member State. On March 24, 2014, the Council of the European Union adopted Council Directive 2014/48/EU which amended and broadened the scope of the requirements described above. Member States are required to apply these new requirements from January 1, 2017. The changes will expand the range of payments covered by the Savings Tax Directive, in particular to include additional types of income payable on securities. The Directive will also apply a “look through approach” to payments made via certain persons, entities or legal arrangements (including trusts and partnerships), with the result that, where certain conditions are satisfied, an individual resident in a Member State could be regarded as the beneficial owner of the payment for the purposes of the Savings Tax Directive. This approach may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. During the transitional period Austria is instead

required (unless during such period it elects otherwise) to operate a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld). Luxembourg, having previously used a withholding system, moved to an automatic information exchange with effect from 1 January 2015. A number of non-EU countries (including Switzerland) and certain dependent or associated territories of certain Member States have adopted similar measures (in the case of Switzerland, a withholding system has been adopted).

If a payment were to be made or collected through a Member State (or through any non-EU country or certain dependent or associated territories of certain Member States which have adopted similar measures) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer, nor any Paying Agent, nor any other person would be obliged to pay additional amounts with respect to any Covered Bond as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing the Savings Tax Directive or any other directive implementing the conclusions of the ECOFIN council meeting of November 26-27, 2000.

Covered Bondholders who are in any doubt as to their position should consult their professional advisers.

The Proposed Financial Transactions Tax (FTT)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Covered Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Covered Bonds should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Covered Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Covered Bonds are advised to seek their own professional advice in relation to the FTT.

Canada

The following summary describes the principal Canadian federal income tax considerations under the *Income Tax Act* (Canada) (the "**Act**") and Income Tax Regulations (the "**Regulations**") generally applicable to a holder of Covered Bonds who acquires, as a beneficial owner, Covered Bonds, including entitlement to all payments thereunder, pursuant to this Base Prospectus, and who, for purposes of the Act, at all relevant times, is not resident and is not deemed to be resident in Canada, deals at arm's length with the Issuer and the Guarantor and any Canadian resident (or deemed Canadian resident) to whom the holder disposes of the Covered Bonds, is not, and deals at arm's length with, a "specified shareholder" of the Issuer for the purposes of the "thin capitalization" rules contained in subsection 18(4) of the Act, does not use or hold and is not deemed to use or hold Covered Bonds in or in the course of carrying on a business in Canada and is not an insurer carrying on an insurance business in Canada and elsewhere (a "**Non-resident Holder**"). A "specified shareholder" for these purposes generally includes a person who (either alone or together with persons with whom that person is not dealing at arm's length for the purposes of the Act) owns or has the right to acquire or control 25% or more of the Issuer's shares determined on a votes or fair market value basis.

This summary assumes that no amount paid or payable as, on account or in lieu of payment of, or in satisfaction of, interest will be in respect of a debt or other obligation to pay an amount to a person who does not deal at arm's length with the Issuer or the Guarantor, as the case may be, for the purposes of the Act.

This summary is based upon the provisions of the Act and the Regulations in force on the date hereof, proposed amendments to the Act and the Regulations in the form publicly announced prior to the date hereof by or on behalf of the Minister of Finance (Canada) (included for this purpose in the reference to the Act and Regulations) and the current administrative practices and assessing policies of the Canada Revenue Agency ("**CRA**") published in writing by it prior to the date hereof. No assurance can be given that the proposed amendments will be enacted in the form proposed or at all. This summary is not exhaustive of all Canadian federal income tax considerations relevant to an investment in Covered Bonds and does not take into account or anticipate any other changes in law or any changes in CRA's administrative practices or assessing policies, whether by legislative, governmental or judicial decision, action or interpretation, nor does it take into account other federal or any provincial, territorial or foreign income tax legislation. Subsequent developments could have a material effect on the following description.

Material Canadian federal income tax considerations applicable to Covered Bonds may be described particularly when such Covered Bonds are offered in the Final Terms related thereto if they are not otherwise addressed herein. In that event, the following will be superseded to the extent indicated therein.

Interest paid or credited or deemed to be paid or credited by the Issuer on a Covered Bond (including amounts on account or in lieu of payment of, or in satisfaction of, interest) to a Non-resident Holder will not be subject to Canadian non-resident withholding tax unless all or any portion of such interest (other than on a “prescribed obligation”, described below) is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of the capital stock of a corporation (a “**Participating Debt Interest**”). A “prescribed obligation” is a debt obligation the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding which adjustment is determined by reference to a change in the purchasing power of money and no amount payable in respect thereof, other than an amount determined by reference to a change in the purchasing power of money, is contingent or dependent upon the use of or production from property in Canada or is computed by reference to any of the criteria described in the Participating Debt Interest definition.

In the event that a Covered Bond, the interest on which is not exempt from Canadian withholding tax by virtue of its terms, is redeemed, cancelled, repurchased or exchanged pursuant to Condition 6 or 7, as applicable, or purchased by the Issuer or any other person resident or deemed to be resident in Canada from a Non-resident Holder or is otherwise assigned or transferred by a Non-resident Holder to a person resident or deemed to be resident in Canada for an amount which exceeds, generally, the issue price thereof, the excess may be deemed to be interest and may, together with any interest that has accrued on the Covered Bond to that time, be subject to Canadian non-resident withholding tax. Such excess will not be subject to Canadian non-resident withholding tax, however, if the Covered Bond is considered to be an “excluded obligation” for purposes of the Act. A Covered Bond that is not an “indexed debt obligation” (described below) will be an “excluded obligation” for this purpose if it was issued for an amount not less than 97% of its principal amount (as defined), and the yield from which, expressed in terms of an annual rate (determined in accordance with the Act) on the amount for which the Covered Bond was issued, does not exceed 4/3 of the interest stipulated to be payable on the Covered Bond, expressed in terms of an annual rate on the outstanding principal amount from time to time. An “indexed debt obligation” is a debt obligation the terms and conditions of which provide for an adjustment to an amount payable in respect of the obligation, for a period during which the obligation was outstanding, that is determined by reference to a change in the purchasing power of money.

Generally, for purposes of the Act, all amounts must be converted into Canadian dollars based on exchange rates determined in accordance with the Act.

If interest is subject to Canadian non-resident withholding tax, the rate is 25%, subject to reduction under the terms of an applicable income tax treaty or convention between Canada and the country of residence of the Non-resident Holder.

Amounts paid or credited or deemed to be paid or credited on a Covered Bond by the Guarantor to a Non-resident Holder pursuant to the Covered Bond Guarantee will be exempt from Canadian non-resident withholding tax to the extent such amounts, if paid or credited by the Issuer to such Non-resident Holder on such Covered Bond would have been exempt.

Generally, there are no other taxes on income (including taxable capital gains) payable by a Non-resident Holder on interest, discount or premium in respect of a Covered Bond or on the proceeds received by a Non-resident Holder on the disposition of a Covered Bond (including on a redemption, cancellation, purchase or repurchase).

The foregoing summary is of a general nature only, and is not intended to be, nor should it be considered to be, legal or tax advice to any particular Non-resident Holder. Non-resident Holders should therefore consult their own tax advisors with respect to their particular circumstances.

United States Federal Income Taxation

The following summary describes certain U.S. federal income tax consequences relevant to the purchase, ownership, and disposition of the Covered Bonds. This summary applies only to holders that acquire their Covered Bonds at their original offering for a price equal to the original offering price and hold such Covered Bonds as capital assets within the meaning of section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”). This discussion is based upon current provisions of the Code, existing and proposed Treasury regulations thereunder, current administrative rulings, judicial decisions and other applicable authorities. All of the foregoing are subject to change, which change may apply retroactively and could affect the continued validity of this summary. This summary does not describe any alternative minimum tax considerations or any tax consequences arising under the laws of any state, locality or taxing jurisdiction other than the U.S. federal government.

This discussion does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to the Covered Bondholders in light of their personal investment circumstances nor, except for limited discussions of particular topics, to holders subject to special treatment under the U.S. federal income tax laws, including: financial institutions; life insurance companies;

securities dealers or traders electing mark-to-market treatment; certain governmental entities; partnerships or any entities treated as partnerships for U.S. federal income tax purposes; non-resident alien individuals and foreign corporations; tax-exempt organizations; persons that hold the Covered Bonds as a position in a “straddle” or as part of a synthetic security or “hedge,” “conversion transaction” or other integrated investment; persons that have a “functional currency” other than the U.S. dollar; investors in pass-through entities that hold Covered Bonds; and United States expatriates.

This general summary deals only with certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of certain Covered Bonds in registered form with a maturity date not more than 30 years after issuance. This summary does not discuss the tax treatment of certain Covered Bonds that may be issued under the Programme including, but not limited to, Bearer Covered Bonds.

Investors considering the purchase of the Covered Bonds should consult their tax advisers with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

As used in this section, a “**U.S. holder**” is a beneficial owner of a Covered Bond that is treated for U.S. federal income tax purposes as:

- an individual citizen or resident of the United States;
- a corporation organized under the laws of the United States or any U.S. State (or the District of Columbia);
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (1) a U.S. court is able to exercise primary supervision over the trust’s administration and any one or more U.S. persons (as defined in section 7701(a)(30) of the Code (a “**U.S. person**”)) are authorized to control all substantial decisions of the trust, or (2) the trust has in effect a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

A “**Non-U.S. holder**” is a beneficial owner of a Covered Bond that is treated for U.S. federal income tax purposes as:

- a non-resident alien individual;
- a foreign corporation;
- an estate that is not subject to U.S. federal income tax on a net income basis; or
- a trust if (1) no U.S. court can exercise primary supervision over the trust’s administration or no U.S. person and no group of such persons is authorized to control all substantial decisions of the trust, and (2) the trust has no election to be treated as a U.S. person in effect.

If a partnership (or an entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a note, the treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner of a Covered Bond that is a partnership, and partners in such a partnership, should consult with their tax advisors about the U.S. federal income tax consequences of holding and disposing of such Covered Bond.

Characterization of the Covered Bonds

No statutory, judicial or administrative authority directly addresses the characterization of the Covered Bonds or instruments similar to the Covered Bonds for U.S. federal income tax purposes. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Covered Bonds are not certain. Unless otherwise indicated under the applicable Final Terms, the Issuer intends, and each holder, by purchasing the Covered Bonds, agrees, to treat such Covered Bonds as indebtedness for U.S. federal income tax purposes. No opinion of counsel will be issued with respect to the U.S. federal income tax characterization of the Covered Bonds, and no ruling will be sought from the Internal Revenue Service (the “**IRS**”) regarding this, or any other, aspect of the U.S. federal income tax treatment of the Covered Bonds. Accordingly, there can be no assurances that the IRS will not contend, and that a court will not ultimately hold, that the Covered Bonds are equity in the Issuer or that any of the other items discussed below are treated differently. If any of the Covered Bonds were treated as equity in the Issuer for U.S. federal income tax purposes, there may be certain adverse tax consequences upon the sale, exchange, or other disposition of, or the receipt of certain types of distributions on, such Covered Bonds by a U.S. Holder. The discussion below assumes that the Covered Bonds will be treated as indebtedness for U.S. federal income tax purposes.

This summary does not discuss Bearer Covered Bonds. In general, U.S. federal income tax law imposes significant limitations on U.S. holders of Bearer Covered Bonds. U.S. holders should consult their tax advisors regarding the U.S. federal income and other tax consequences of the acquisition, ownership and disposition of Bearer Covered Bonds.

Prospective investors should consult their own tax advisers regarding the appropriate characterization of, and U.S. federal income tax and other tax consequences of investing in, the Covered Bonds.

U.S. Tax Treatment of U.S. Holders of Covered Bonds

Payments of Stated Interest

Interest paid on a Covered Bond will be taxable to a U.S. holder as ordinary interest income at the time it accrues or is received in accordance with the holder's method of accounting for U.S. federal income tax purposes, provided that the interest is "qualified stated interest" (as defined below). Interest income earned by a U.S. holder with respect to a Covered Bond will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in calculating the holder's foreign tax credit limitation. The rules regarding foreign tax credits are complex and prospective investors should consult their tax advisors about the application of such rules to them in their particular circumstances. Special rules governing the treatment of interest paid with respect to original issue discount Covered Bonds (as defined below), exchangeable Covered Bonds and foreign currency Covered Bonds are described under "*Taxation—United States Federal Income Taxation—Original Issue Discount*," "*—Contingent Payment Debt Instruments*," "*—Variable Rate Debt Instruments*," and "*—Foreign Currency Covered Bonds*."

Original Issue Discount

A Covered Bond that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued at an original issue discount for U.S. federal income tax purposes (and will be referred to as an "**original issue discount Covered Bond**") unless the Covered Bond satisfies a *de minimis* threshold (as described below) or is a short-term Covered Bond (as defined below). The **issue price** of a Covered Bond generally will be the first price at which a substantial amount of the Covered Bonds are sold to the public (which does not include sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The **stated redemption price at maturity** of a Covered Bond generally will equal the sum of all payments required to be made under the Covered Bond other than payments of "qualified stated interest". **Qualified stated interest** is stated interest unconditionally payable (other than in debt instruments of the Issuer) at least annually during the entire term of the Covered Bond and equal to the outstanding principal balance of the Covered Bond multiplied by a single fixed rate of interest. In addition, qualified stated interest includes, among other things, stated interest on a "variable rate debt instrument" (discussed below) that is unconditionally payable (other than in debt instruments of the Issuer) at least annually at a single qualified floating rate of interest or at a rate that is determined at a single fixed formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Covered Bond is denominated.

If the difference between a Covered Bond's stated redemption price at maturity and its issue price is less than a *de minimis* amount, *i.e.*, 1/4 of 1 per cent of the stated redemption price at maturity multiplied by the number of complete years to maturity, the Covered Bond will not be considered to have original issue discount. U.S. holders of Covered Bonds with a *de minimis* amount of original issue discount will include this original issue discount in income, as capital gain, on a *pro rata* basis as principal payments are made on the Covered Bond.

A U.S. holder of original issue discount Covered Bonds will be required to include any qualified stated interest payments in income in accordance with the holder's method of accounting for U.S. federal income tax purposes. U.S. holders of original issue discount Covered Bonds that mature more than one year from their date of issuance will be required to include original issue discount in income for U.S. federal tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received.

The amount of original issue discount that a U.S. holder must include in gross income for each taxable year is the sum of the "daily portions" of original issue discount with respect to an original issue discount Covered Bond for each day during such taxable year or portion of such taxable year in which the holder held such original issue discount Covered Bond. The **daily portion** is determined by allocating to each day in any "accrual period" a pro rata portion of the original issue discount allocable to that accrual period. The **accrual period** for an original issue discount Covered Bond may be of any length and may vary in length over the term of the original issue discount Covered Bond, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs on the first day or the final day of an accrual period.

The amount of original issue discount allocable to any accrual period other than the final accrual period is an amount equal to the excess, if any, of (i) the original issue discount Covered Bond's "adjusted issue price" at the beginning of the accrual period multiplied by its yield to maturity, determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period, over (ii) the aggregate of all qualified stated interest allocable to the accrual period. The **adjusted issue price** of an original issue discount Covered Bond at the beginning of any accrual period is equal to its issue price increased by

the accrued original issue discount for each prior accrual period and decreased by the amount of any payments previously made on the Covered Bond that were not qualified stated interest.

The amount of original issue discount allocable to an initial short accrual period may be computed using any reasonable method if all other accrual periods other than a final short accrual period are of equal length. The amount of original issue discount allocable to the final accrual period is the difference between (i) the amount payable at the maturity of the original issue discount Covered Bond (other than any payment of qualified stated interest) and (ii) the original issue discount Covered Bond's adjusted issue price as of the beginning of the final accrual period.

A U.S. holder may make an election to include in gross income all interest that accrues on any Covered Bond (including stated interest, acquisition discount, original issue discount, *de minimis* original issue discount, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortizable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest for the taxable year in which the holder acquired such Covered Bond, and may revoke such election only with the permission of the IRS (a “**constant yield election**”).

A Covered Bond that matures one year or less from its date of issuance (a “**short-term Covered Bond**”) will be treated as being issued at a discount and none of the interest paid on the Covered Bond will be treated as qualified stated interest. In general, a cash method U.S. holder of a short-term Covered Bond is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. Holders who so elect and certain other holders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant yield method based on daily compounding. In the case of a U.S. holder who is not required and who does not elect to include the discount in income currently, any gain realized on the sale, exchange, or retirement of the short-term Covered Bond will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Covered Bonds in an amount not exceeding the accrued discount until the accrued discount is included in income.

The Issuer may have an unconditional option to redeem, or U.S. holders may have an unconditional option to require the Issuer to redeem, a Covered Bond prior to its stated maturity date. Under applicable regulations, if the Issuer has an unconditional option to redeem a Covered Bond prior to its stated maturity date, this option will be presumed to be exercised if, by utilizing any date on which the Covered Bond may be redeemed as the maturity date and the amount payable on that date in accordance with the terms of the Covered Bond as the stated redemption price at maturity, the yield on the Covered Bond would be lower than its yield to maturity. If the U.S. holders have an unconditional option to require the Issuer to redeem a Covered Bond prior to its stated maturity date, this option will be presumed to be exercised if making the same assumptions as those set forth in the previous sentence, the yield on the Covered Bond would be higher than its yield to maturity. If this option is not in fact exercised, the Covered Bond would be treated solely for purposes of calculating original issue discount as if it were redeemed, and a new Covered Bond were issued, on the presumed exercise date for an amount equal to the Covered Bond's adjusted issue price on that date. The adjusted issue price of an original issue discount Covered Bond is defined as the sum of the issue price of the Covered Bond and the aggregate amount of previously accrued original issue discount, less any prior payments other than payments of qualified stated interest.

Market Discount

A U.S. holder that acquires a Covered Bond (other than a short-term Covered Bond) after the initial distribution thereof for an amount that is less than its stated redemption price at maturity or, if the Covered Bond is an original issue discount Covered Bond, an amount that is less than its adjusted issue price (*i.e.*, a discount) will be subject to the “market discount” rules of the Code, unless the amount of such discount is less than a statutorily defined *de minimis* amount.

A U.S. holder will be required to treat any principal payment (or, in the case of an original issue discount Covered Bond, any payment that does not constitute qualified stated interest) on, or any gain on the sale, exchange, retirement or other disposition of a Covered Bond, including disposition in certain nonrecognition transactions, as ordinary income to the extent of the market discount accrued on the Covered Bond at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. holder pursuant to an election by the holder to include market discount in income as it accrues, or pursuant to a constant yield election by the holder as described under “*Taxation— United States Federal Income Taxation—Original Issue Discount*” above. In addition, the U.S. holder may be required to defer, until the maturity of the Covered Bond or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such Covered Bond.

If a U.S. holder makes a constant yield election (as described under “*Taxation— United States Federal Income Taxation—Original Issue Discount*”) for a Covered Bond with market discount, such election will result in a deemed election for all market discount bonds acquired by the holder on or after the first day of the first taxable year to which such election applies.

Acquisition Premium and Amortizable Bond Premium

A U.S. holder who purchases a Covered Bond for an amount that is greater than the Covered Bond's adjusted issue price but less than or equal to the sum of all amounts payable on the Covered Bond after the purchase date other than payments of qualified stated interest will be considered to have purchased the Covered Bond at an acquisition premium. Under the acquisition premium rules, the amount of original issue discount that the U.S. holder must include in its gross income with respect to the Covered Bond for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.

If a U.S. holder purchases a Covered Bond for an amount that is greater than the amount payable at maturity, or on the earlier call date, in the case of a Covered Bond that is redeemable at the Issuer's option, the U.S. holder will be considered to have purchased the Covered Bond with amortizable bond premium equal in amount to the excess of the purchase price over the amount payable at maturity. The U.S. holder may elect to amortize this premium, using a constant yield method, over the remaining term of the Covered Bond (where the Covered Bond is not optionally redeemable prior to its maturity date). If the Covered Bond may be optionally redeemed prior to maturity after the U.S. holder has acquired it, the amount of amortizable bond premium is determined by substituting the call date for the maturity date and the call price for the amount payable at maturity only if the substitution results in a smaller amount of premium attributable to the period before the redemption date. A U.S. holder who elects to amortize bond premium must reduce his tax basis in the Covered Bond by the amount of the premium amortized in any year. An election to amortize bond premium applies to all taxable debt obligations then owned and thereafter acquired by the U.S. holder and may be revoked only with the consent of the IRS.

If a U.S. holder makes a constant yield election (as described under "*Taxation—United States Federal Income Taxation—Original Issue Discount*") for a Covered Bond with amortizable bond premium, such election will result in a deemed election to amortize bond premium for all of the holder's debt instruments with amortizable bond premium.

Variable Rate Debt Instruments

A Covered Bond will be a variable rate debt instrument (a "**Variable Rate Bond**") if it:

- has an issue price that does not exceed the total noncontingent principal payments by more than the lesser of (i) the product of (x) the total noncontingent principal payments, (y) the number of complete years to maturity from the issue date and (z) 0.015, or (ii) 15 per cent of the total noncontingent principal payments; and
- does not provide for stated interest other than stated interest compounded or paid at least annually at (i) one or more "qualified floating rates", (ii) a single fixed rate and one or more qualified floating rates, (iii) a single "objective rate" or (iv) a single fixed rate and a single objective rate that is a "qualified inverse floating rate".

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate. A **current value** of a rate is the value of the rate on any day that is no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

A variable rate is a **qualified floating rate** if (i) variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Covered Bond is denominated or (ii) it is equal to the product of such a rate and either (a) a fixed multiple that is greater than 0.65 but not more than 1.35, or (b) a fixed multiple greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate. If a Covered Bond provides for two or more qualified floating rates that (i) are within 0.25 percentage points of each other on the issue date or (ii) can reasonably be expected to have approximately the same values throughout the term of the Covered Bond, the qualified floating rates together constitute a single qualified floating rate. A rate is not a qualified floating rate, however, if the rate is subject to certain restrictions (including caps, floors, governors, or other similar restrictions) unless such restrictions are fixed throughout the term of the Covered Bond or are not reasonably expected to significantly affect the yield on the Covered Bond.

An **objective rate** is a rate, other than a qualified floating rate, that is determined using a single fixed formula and that is based on objective financial or economic information that is not within the control of or unique to the circumstances of the Issuer or a related party (such as dividends, profits or the value of the Issuer's stock). A variable rate is not an objective rate, however, if it is reasonably expected that the average value of the rate during the first half of the Covered Bond's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Covered Bond's term. An objective rate is a **qualified inverse floating rate** if (i) the rate is equal to a fixed rate minus a qualified floating rate, and (ii) the variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate.

If interest on a Covered Bond is stated at a fixed rate for an initial period of one year or less followed by either a qualified floating rate or an objective rate for a subsequent period and (i) the fixed rate and the qualified floating rate or objective rate have values on the issue date of the Covered Bond that do not differ by more than 0.25 percentage points or (ii) the value of the qualified floating

rate or objective rate is intended to approximate the fixed rate, the fixed rate and the qualified floating rate or the objective rate constitute a single qualified floating rate or objective rate.

In general, if a Variable Rate Bond provides for stated interest at a single qualified floating rate or objective rate, all stated interest on the Covered Bond is qualified stated interest and the amount of original issue discount, if any, is determined under the rules applicable to fixed rate debt instruments by using, in the case of a qualified floating rate or qualified inverse floating rate, the value as of the issue date of the qualified floating rate or qualified inverse floating rate, or, in the case of any other objective rate, a fixed rate that reflects the yield reasonably expected for the Covered Bond.

If a Variable Rate Bond does not provide for stated interest at a single qualified floating rate or a single objective rate and also does not provide for interest payable at a fixed rate (other than at a single fixed rate for an initial period), the amount of interest and original issue discount accruals on the Covered Bond are generally determined by (i) determining a fixed rate substitute for each variable rate provided under the Variable Rate Bond (generally, the value of each variable rate as of the issue date or, in the case of an objective rate that is not a qualified inverse floating rate, a rate that reflects the reasonably expected yield on the Covered Bond), (ii) constructing the equivalent fixed rate debt instrument (using the fixed rate substitutes described above), (iii) determining the amount of qualified stated interest and original issue discount with respect to the equivalent fixed rate debt instrument, and (iv) making the appropriate adjustments for actual variable rates during the applicable accrual period.

If a Variable Rate Bond provides for stated interest either at one or more qualified floating rates or at a qualified inverse floating rate, and in addition provides for stated interest at a single fixed rate (other than at a single fixed rate for an initial period), the amount of interest and original issue discount accruals are determined as in the immediately preceding paragraph with the modification that the Variable Rate Bond is treated, for the purposes of the first three steps of the determination, as if it provided for a qualified floating rate (or a qualified inverse floating rate, as the case may be) rather than the fixed rate. The qualified floating rate (or qualified inverse floating rate) replacing the fixed rate must be such that the fair market value of the Variable Rate Bond as of the issue date would be approximately the same as the fair market value of an otherwise identical debt instrument that provides for the qualified floating rate (or qualified inverse floating rate) rather than the fixed rate.

Prospective purchasers should consult their own tax advisors regarding the applicability and consequences of the variable rate debt instrument rules to any of the Covered Bonds issued under the Programme.

Sale, Exchange or Retirement of the Covered Bonds

Upon the sale, exchange or retirement of a Covered Bond, a U.S. holder will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the holder's adjusted tax basis in the Covered Bond. A U.S. holder's adjusted tax basis in a Covered Bond generally will equal the acquisition cost of the Covered Bond increased by the amount of OID and market discount included in the Holder's gross income and decreased by the amount of any payment received from the Issuer other than a payment of qualified stated interest. Gain or loss, if any, will generally be U.S. source income for purposes of computing a U.S. holder's foreign tax credit limitation. For these purposes, the amount realized does not include any amount attributable to accrued interest on the Covered Bond. Amounts attributable to accrued interest are treated as interest as described under "*Taxation—Payments of Interest*".

Except as described below, gain or loss realized on the sale, exchange or retirement of a Covered Bond will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the Covered Bond has been held for more than one year. Exceptions to this general rule apply to the extent of any accrued market discount or, in the case of a short-term Covered Bond, to the extent of any accrued discount not previously included in the holder's taxable income. See "*Taxation—United States Federal Income Taxation—Original Issue Discount*" and "*—Market Discount*". In addition, other exceptions to this general rule apply in the case of foreign currency Covered Bonds, and contingent payment debt instruments. See "*Taxation—United States Federal Income Taxation—Foreign Currency Covered Bonds*" and "*—Contingent Payment Debt Instruments*".

Contingent Payment Debt Instruments

If the terms of the Covered Bonds provide for certain contingencies that affect the timing and amount of payments (including Covered Bonds with a variable rate or rates that do not qualify as variable rate debt instruments for purposes of the original issue discount rules) they will be contingent payment debt instruments for U.S. federal income tax purposes. Under the rules that govern the treatment of contingent payment debt instruments, no payment on such Covered Bonds qualifies as qualified stated interest. Rather, a U.S. holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Covered Bond and the Covered Bond's "projected payment schedule" as described below. The comparable yield is determined by the Issuer at the time of issuance of the Covered Bonds. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Covered Bonds. Solely for the purpose of determining the amount of interest income that a U.S. holder will be required to accrue on a contingent payment debt instrument, the Issuer will be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt instrument equal to the comparable yield. The applicable Final Terms

will either set forth the comparable yield and projected payment schedule or it will provide instructions as to how and where a U.S. holder may obtain such information.

Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuer regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. holder will be required to use the comparable yield and the projected payment schedule established by the Issuer in determining interest accruals and adjustments in respect of a Covered Bond treated as a contingent payment debt instrument, unless the holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. holder, regardless of the holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. holder will be required to recognize interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

- will first reduce the amount of interest in respect of the contingent payment debt instrument that a holder would otherwise be required to include in income in the taxable year; and
- to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:
 - the amount of all previous interest inclusions under the contingent payment debt instrument over
 - the total amount of the U.S. holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment is not subject to the two per cent floor limitation imposed on miscellaneous deductions. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realized on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the holder's adjusted basis in the contingent payment debt instrument. A U.S. holder's adjusted basis in a Covered Bond that is a contingent payment debt instrument generally will be the acquisition cost of the Covered Bond, increased by the interest previously accrued by the U.S. holder on the Covered Bond under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount of any contingent payments previously made on the Covered Bond. A U.S. holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a U.S. holder recognizes loss above certain thresholds, the holder may be required to file a disclosure statement with the IRS (as described under "*Taxation—United States Federal Income Taxation—Reportable Transactions*").

A U.S. holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument including in satisfaction of a conversion right or a call right equal to the fair market value of the property, determined at the time of retirement. The U.S. holder's holding period for the property will commence on the day immediately following its receipt.

Foreign Currency Covered Bonds

The following discussion summarizes the principal U.S. federal income tax consequences to a U.S. holder of the ownership and disposition of Covered Bonds that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are payable in a currency other than the U.S. dollar ("**foreign currency Covered Bonds**").

The rules applicable to foreign currency Covered Bonds could require some or all of any gain or loss on the sale, exchange or other disposition of a foreign currency Covered Bond to be recharacterized as ordinary income or loss. The rules applicable to foreign currency Covered Bonds are complex and may depend on the holder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a holder should make any of these elections may depend on the holder's particular U.S. federal income tax situation. **U.S. holders are urged to consult their own tax advisers regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Covered Bonds.**

A U.S. holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a foreign currency with respect to a foreign currency Covered Bond will be required to include in income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. holder's tax basis in the foreign currency. A cash method holder who receives a payment of qualified stated interest in U.S. dollars pursuant to an option available under such foreign currency Covered Bond will be required to include the amount of this payment in income upon receipt.

An accrual method U.S. holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount or market discount, but reduced by acquisition premium and amortizable bond premium, to the extent applicable) that has accrued and is otherwise required to be taken into account with respect to a foreign currency Covered Bond during an accrual period. The U.S. dollar value of the accrued income will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. holder will recognize ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognized will equal the difference between the U.S. dollar value of the foreign currency payment received (determined on the date the payment is received) in respect of the accrual period (or, where a holder receives U.S. dollars, the amount of the payment in respect of the accrual period) and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above). Rules similar to these rules apply in the case of a cash method taxpayer required to currently accrue original issue discount or market discount.

An accrual method U.S. holder may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day of the interest accrual period (or, in the case of a partial accrual period, the spot rate on the last day of the taxable year) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS.

Original issue discount, market discount, acquisition premium and amortizable bond premium on a foreign currency Covered Bond are to be determined in the relevant foreign currency. Where the taxpayer elects to include market discount in income currently, the amount of market discount will be determined for any accrual period in the relevant foreign currency and then translated into U.S. dollars on the basis of the average rate in effect during the accrual period. Exchange gain or loss realized with respect to such accrued market discount shall be determined in accordance with the rules relating to accrued interest described above.

If an election to amortize bond premium is made, amortizable bond premium taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realized on amortized bond premium with respect to any period by treating the bond premium amortized in the period in the same manner as on the sale, exchange or retirement of the foreign currency Covered Bond. Any exchange gain or loss will be ordinary income or loss as described below. If the election is not made, any loss realized on the sale, exchange or retirement of a foreign currency Covered Bond with amortizable bond premium by a U.S. holder who has not elected to amortize the premium will be a capital loss to the extent of the bond premium.

A U.S. holder's tax basis in a foreign currency Covered Bond, and the amount of any subsequent adjustment to the holder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Covered Bond, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. holder who purchases a foreign currency Covered Bond with previously owned foreign currency will recognize ordinary income or loss in an amount equal to the difference, if any, between such U.S. holder's tax basis in the foreign currency and the U.S. dollar fair market value of the foreign currency Covered Bond on the date of purchase.

Gain or loss realized upon the sale, exchange or retirement of a foreign currency Covered Bond that is attributable to fluctuation in currency exchange rates will be ordinary income or loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the foreign currency principal amount of the Covered Bond, determined on the date the payment is received or the Covered Bond is disposed of, and (ii) the U.S. dollar value of the foreign currency principal amount of the Covered Bond, determined on the date the U.S. holder acquired the Covered Bond. Payments received attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest on foreign currency Covered Bonds described above. The foreign currency gain or loss will be recognized only to the extent of the total gain or loss realized by the holder on the sale, exchange or retirement of the foreign currency Covered Bond. The source of the foreign currency gain or loss will be determined by reference to the residence of the holder or the "qualified business unit" of the holder on whose books the foreign currency Covered Bond is properly reflected. Any gain or loss realized by these holders in excess of the foreign currency gain or loss will be capital gain or loss except to the extent of any accrued market

discount or, in the case of a short-term foreign currency Covered Bond, to the extent of any discount not previously included in the holder's income. Holders should consult their own tax advisor with respect to the tax consequences of receiving payments in a currency different from the currency in which payments with respect to such foreign currency Covered Bond accrue.

A U.S. holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Covered Bond equal to the U.S. dollar value of the foreign currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Covered Bond is required to translate units of foreign currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations provided that the foreign currency Covered Bonds are traded on an established securities market. This election cannot be changed without the consent of the IRS. Any gain or loss realized by a U.S. holder on a sale or other disposition of foreign currency (including its exchange for U.S. dollars or its use to purchase foreign currency Covered Bonds) will be ordinary income or loss.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with payments on the Covered Bonds and the proceeds from a sale or other disposition of the Covered Bonds. A U.S. holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. holder will be allowed as a credit against the U.S. holder's U.S. federal income tax liability and may entitle them to a refund, provided that the required information is furnished to the IRS.

Individual U.S. holders may be required to report to the IRS certain information with respect to their beneficial ownership of the Covered Bonds. Investors who fail to report required information could be subject to substantial penalties.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. holder may be required to treat a foreign currency exchange loss from the Covered Bonds as a reportable transaction if the loss exceeds certain thresholds in a single taxable year. In the event the acquisition, ownership or disposition of Covered Bonds constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. holder will be required to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisers regarding the application of these rules to the acquisition, ownership or disposition of Covered Bonds.

Information Reporting Regarding Specified Foreign Financial Assets

Certain U.S. holders with an interest in any "specified foreign financial asset" in which the aggregate value of all such assets for any taxable year is greater than certain threshold amounts may be required to file a report with the IRS with information relating to the asset. Specified foreign financial assets include any depository or custodial account held at a foreign financial institution; any debt or equity interest in a foreign financial institution if such interest is not regularly traded on an established securities market; and, if held for investment and not held at a financial institution, (i) any stock or security issued by a non-United States person, (ii) any financial instrument or contract where the issuer or counterparty is a non-United States person, and (iii) any interest in an entity which is a non-United States person. Penalties apply to any failure to file a required report. Additionally, in the event a U.S. holder does not file the information report relating to disclosure of specified foreign financial assets, the statute of limitations on the assessment and collection of U.S. federal income taxes of such U.S. holder for the related tax year will not begin until such information report is filed. The IRS issued Form 8938 on which U.S. individuals must report such information. Prospective investors should consult their own tax advisor as to the possible application to them of this information reporting requirement and related statute of limitations tolling provision.

U.S. Tax Treatment of Non-U.S. Holders of Covered Bonds

A Non-U.S. holder that is not a United States person within the meaning of Section 7701(a)(30) of the Code, will be exempt from any United States federal income or withholding taxes with respect to gain derived from the sale, exchange or redemption of, or any distributions received in respect of the Covered Bonds unless such gain or distributions are effectively connected with the conduct of a United States trade or business by the Non-U.S. holder, or in the case of gain, such Non-U.S. holder is a non-resident alien individual who holds Covered Bonds as a capital asset and who is present in the United States for 183 days or more during a taxable year of the disposition, and certain other conditions are satisfied.

Payment of the proceeds from the disposition of Covered Bonds to or through the United States office of a broker is subject to information reporting and backup withholding unless the Non-U.S. holder establishes an exemption from information reporting and backup withholding.

The United States federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. Holders should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the Covered Bonds, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

FATCA Withholding

The Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act (commonly known as "FATCA") were enacted in an effort to assist the IRS in enforcing U.S. taxpayer compliance. Under FATCA, a 30% withholding tax is imposed on certain U.S. source payments and payments attributable to U.S. sources.

FATCA Withholding on Payments to the Issuer.

Among other requirements, a "foreign financial institution" as defined under the Code (an "FFI"), such as the Issuer, that opts into this regime will be required to enter into an agreement with the IRS regarding its compliance with FATCA. The substance of such agreement is expected to require providing certain information regarding the FFI's "U.S. account holders" (which could include holders of custodial accounts and holders of the FFI's debt or equity (other than debt or equity interests that are "regularly traded on an established securities market"))) to the IRS. In the case where an FFI fails to opt into the regime and is not otherwise exempted from entering into such an agreement with the IRS, a 30% withholding tax will be imposed on certain U.S. source payments to that FFI and on the disposition proceeds from the sale of assets that give rise to U.S. source dividend and interest payments ("FATCA Withholding"). Further, where an FFI does not opt into the regime and is not otherwise exempted from entering into such an agreement with the IRS, FATCA Withholding will be imposed on certain "pass-thru payments" (i.e., payments made by an FFI that has opted into the regime that are not U.S. source payments but are attributable to payments that would otherwise be subject to FATCA Withholding) to that FFI. Pursuant to these rules, FATCA Withholding may be imposed on certain payments to the Issuer or on certain disposition proceeds if it does not opt into the regime.

FATCA Withholding on Payments from the Issuer to Covered Bondholders.

A withholding tax may also be imposed under FATCA on certain payments made by FFIs that have opted into the regime to (a) other FFIs that have not opted into the regime (as described in the paragraph above) or (b) certain non-FFIs that do not provide adequate information to the IRS on their U.S. account holders (each a "Recalcitrant Holder"). Pursuant to these rules, a withholding tax may be imposed on a portion of payments to holders of Covered Bonds if the Issuer opts into the regime, derives U.S. source income or disposition proceeds from the sale of assets that give rise to U.S. source dividend or interest income, and either (x) the holder of the Covered Bond is an FFI that has not opted into the regime or (y) the holder of the Covered Bond is not an FFI, but the Issuer is unable to obtain the necessary information from such holder to enable the Issuer to comply with its obligations under the regime. Such necessary information is expected to include satisfactory documentation (i) to establish that such holder is not a U.S. person and, to the extent the holder is a "non-financial foreign entity" as defined under the Code (a "NFFE"), it has no "substantial United States owners" (as defined in the Code), or (ii) if it is a U.S. person or a NFFE that has substantial United States owners, documentation that indicates the name, address and U.S. taxpayer identification number for each such U.S. person.

In the event of any such withholding tax imposed on payments to holders of Covered Bonds, there will be no "gross up" (or any other additional amount) payable by way of compensation to the holder for the deducted amount. In addition, a holder or beneficial owner of Covered Bonds that would be required to provide such necessary information must, to the extent the Issuer is subject to an applicable non-U.S. law that would otherwise prohibit the provision of information relating to the holder or beneficial owner of the Covered Bond to the IRS, (i) execute a valid waiver of such non-U.S. law or (ii) dispose of the Covered Bonds or its interest therein within a reasonable time.

The FATCA Withholding regime will apply to "foreign passthru payments" (a term not yet defined by legislation or regulation) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Covered Bonds characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the grandfathering date, which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Covered Bonds characterized as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Covered Bonds are issued before the grandfathering date, and additional Covered Bonds of the same series are issued on or after that date, the additional Covered Bonds may not be treated as grandfathered, which may have negative consequences for the existing Covered Bonds, including a negative impact on market price. The United States and Canada have entered into an intergovernmental agreement ("IGA") to facilitate the implementation of FATCA (the "US-Canada IGA"). The US-Canada IGA is based largely on the Model 1 IGA under which an FFI in Canada in compliance with the US-Canada IGA could be treated as a "Reporting Canadian Financial Institution" ("RCFI") not subject to withholding under FATCA on any payments it receives. Further, such a RCFI generally would not be required to withhold under FATCA (or any law implementing an IGA) (any such withholding would constitute FATCA Withholding) from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary", "withholding foreign partnership" or "withholding foreign trust" regimes).

The Issuer expects to be treated as a RCFI pursuant to the US-Canada IGA and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a RCFI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Covered Bonds are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Covered Bonds is made is not a Participating FFI, a RCFI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder. “**Participating FFI**” means a “foreign financial institution” that is a “participating foreign financial institution” (as each such term is defined pursuant to sections 1471 through 1474 of the Internal Revenue Code of 1986, as amended, and any regulations thereunder or official interpretations thereof) as from the effective date of withholding on “foreign passthru payments” (a term not yet defined by legislation or regulation). A participating foreign financial institution includes any financial institution that is deemed to be compliant with the provisions of section 1471(b) pursuant to an applicable agreement between the United States and another jurisdiction. Each holder of Covered Bonds should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how it might affect such holder in its particular circumstance.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Covered Bonds, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Covered Bonds, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected. Though it is uncertain at this time how the FATCA regime will apply to Covered Bonds held through clearing systems, whilst the Covered Bonds are in global form and held within DTC, Euroclear and/or Clearstream, Luxembourg or similar clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Covered Bonds by the Issuer, any paying agent and the common depositary, given that each of the entities in the payment chain between the Issuer and the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Covered Bonds. The documentation expressly contemplates the possibility that the Covered Bonds may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. FATCA is particularly complex and its application to the Issuer and the holders of Covered Bonds is uncertain at this time. The above description is based in part on regulations, official guidance and the US-Canada IGA, all of which are subject to change or may be implemented in a materially different form. Each holder of Covered Bonds should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how it might affect such holder in its particular circumstance.

Irish Taxation

The following is a summary of the principal Irish tax consequences of ownership of the Covered Bonds for individuals who are resident or ordinarily resident in Ireland for tax purposes and for companies that are resident in Ireland for tax purposes. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland and may be subject to change. The statements in this summary are based on the understanding that the Covered Bonds will be treated as debt for Irish tax purposes. It deals with Covered Bondholders who beneficially own their Covered Bonds as an investment. Particular rules not discussed below may apply to certain classes of taxpayers holding Covered Bonds, including dealers in securities and trusts. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Covered Bonds. Prospective investors in the Covered Bonds should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Covered Bonds and the receipt of payments thereon under any laws applicable to them.

Taxation of Covered Bondholders

(a) Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on the Covered Bonds so long as such payments do not constitute Irish source income. Interest paid on the Covered Bonds should not be treated as having an Irish source unless:

- (i) the Issuer is resident in Ireland for tax purposes; or
- (ii) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which is used to fund the payments on the Covered Bonds; or
- (iii) the Issuer is not resident in Ireland for tax purposes but the register for the Covered Bonds is maintained in Ireland or (if the Covered Bonds are in bearer form) the Covered Bonds are physically held in Ireland.

It is anticipated that, (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer will not have a branch or permanent establishment in Ireland; (iii) that bearer Covered Bonds will not be physically located in Ireland; and (iv) the Issuer will not maintain a register of any registered Covered Bonds in Ireland.

(b) *Taxation of Receipts*

Notwithstanding that a Covered Bondholder may receive payments of interest, premium or discount on the Covered Bonds free of Irish withholding tax, the Covered Bondholder may still be liable to pay Irish income tax (currently up to 40 per cent. and in the case of individuals, the Universal Social Charge) or corporation tax (generally at the rate of 25 per cent.) on such interest and/or any payment in the nature of interest if (i) such interest has an Irish source, (ii) the Covered Bondholder is resident or (in the case of a person other than a body corporate) ordinarily resident in Ireland for tax purposes (in which case there would also be a social insurance (PRSI) liability for an individual in receipt of interest on the Covered Bonds), or (iii) the Covered Bonds are attributed to a branch or agency in Ireland.

Ireland operates a self-assessment system in respect of income and corporation tax, and each person must assess its own liability to Irish tax.

Relief from Irish tax may also be available under the specific provisions of a double taxation agreement between Ireland and the country of residence of the recipient.

(c) *Encashment Tax*

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from any interest or other income paid on Covered Bonds issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Covered Bondholder who is Irish resident. Encashment tax does not apply where the Covered Bondholder is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

(d) *Capital Gains Tax*

A Covered Bondholder will be subject to Irish tax on capital gains on a disposal of Covered Bonds unless such holder is neither resident nor ordinarily resident in Ireland and does not carry on a trade or business in Ireland through a permanent establishment, branch or agency in respect of which the Covered Bonds are or were held.

(e) *Capital Acquisitions Tax*

A gift or inheritance comprising of Covered Bonds will be within the charge to capital acquisitions tax (which, subject to available exemptions and reliefs, is currently levied at 33 per cent. if either (i) the disponer or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland; or (ii) the Covered Bonds are regarded as property situate in Ireland. Bearer Covered Bonds are generally regarded as situated where they are physically located. Covered Bonds in registered form are situated in Ireland if the register is in Ireland. A foreign domiciled individual will not be regarded as being resident or ordinarily resident in Ireland at the date of the gift or inheritance unless that individual (i) has been resident in Ireland for the five consecutive tax years preceding that date, and (ii) is either resident or ordinarily resident in Ireland on that date.

(f) *Stamp Duty On Transfer Of Covered Bonds*

No stamp duty, capital duty or similar tax is imposed in Ireland on the issue, transfer or redemption of the Covered Bonds unless (i) the Covered Bonds are regarded as property situate in Ireland; or (ii) a document of transfer of the Covered Bonds is executed in Ireland; or (iii) the transfer relates to Irish property or to any matter or thing done or to be done in Ireland. Even if the Covered Bonds were considered to be within the scope of Irish territoriality, no Irish stamp duty should arise if the Covered Bonds were considered to be loan capital and met the required conditions as set down in Irish stamp duty legislation.

(g) *European Union Directive On Taxation Of Savings Income*

Under the Savings Tax Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State. Ireland has implemented the directive but does not levy a withholding pursuant to it.

CERTAIN CONSIDERATIONS FOR ERISA AND OTHER U.S. EMPLOYEE BENEFIT PLANS

The following is a summary of certain considerations associated with the purchase of the Covered Bonds by (i) employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), (ii) plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code, or provisions under any other U.S. or non-U.S. federal, state, local or other laws or regulations that are similar to such provisions of ERISA or the Code (collectively, “**Similar Laws**”), and (iii) entities whose underlying assets are considered to include “plan assets” of any such employee benefit plan, plan, account or arrangement (each, a “**Plan**”).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an “**ERISA Plan**”) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the Covered Bonds of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of Covered Bonds by an ERISA Plan with respect to which the Issuer, Guarantor, Servicer, Bond Trustee, Arranger, Dealers or any of their respective affiliates is a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions, or “**PTCEs**,” that may apply to the acquisition and holding of the Covered Bonds. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide limited relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any ERISA Plan involved in the transaction and provided further that the ERISA Plan pays no more than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemptions will be satisfied with respect to any particular transaction involving the Covered Bonds.

Because of the foregoing, the Covered Bonds should not be acquired or held by any person investing “plan assets” of any Plan, unless such acquisition and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or a similar violation of any applicable Similar Laws.

Representations

Accordingly, unless otherwise stated in the Final Terms, by acceptance of a Covered Bond, each purchaser and subsequent transferee of a Covered Bond (or any interest therein) will be deemed to have represented and warranted that either (i) it is not and, for so long as it holds a Covered Bond (or any interest therein), will not be a Plan or (ii) the purchase and holding of the Covered Bond (or any interest therein) will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering acquiring the Covered Bonds on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the acquisition and holding of the Covered Bonds (or any interest therein).

The sale of Covered Bonds to a Plan is in no respect a representation by the Issuer, Guarantor, Servicer, Bond Trustee, Arranger, Dealers or any of their respective affiliates that such an investment meets all relevant requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

CERTAIN INVESTMENT COMPANY ACT CONSIDERATIONS

The Guarantor is not now, and solely after giving effect to any offering and sale of Covered Bonds pursuant to the Trust Deed will not be, a “covered fund” for purposes of regulations adopted under Section 13 of the U.S. Bank Holding Company Act of 1956, as amended, commonly known as the “**Volcker Rule**.”

In reaching this conclusion, although other statutory or regulatory exemptions under the U.S. Investment Company Act of 1940, as amended (“**Investment Company Act**”), and under the Volcker Rule and its related regulations may be available, we have relied on the determinations that:

- the Guarantor may rely on the exclusion from the definition of “investment company” under the Investment Company Act provided by Section 3(c)(5) thereof, and accordingly
- the Guarantor does not rely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for its exclusion from the definition of “investment company” under the Investment Company Act and may rely on the exclusion from the definition of a “covered fund” under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion from the definition of “investment company” under the Investment Company Act.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

Covered Bonds may be sold from time to time by the Issuer to any one or more of Barclays Capital Inc., Barclays Bank PLC and any other dealers appointed from time to time in accordance with the Dealership Agreement, which appointment may be for a specific issue or on an ongoing basis (the “**Dealers**”). Covered Bonds may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Covered Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a dealership agreement dated the Programme Establishment Date, as amended on July 23, 2015 (as the same may be further amended, restated, supplemented or replaced from time to time, the “**Dealership Agreement**”) and made between the Issuer, the Federation, the Guarantor, the Dealers and the Arranger. Any such agreement will, among other things, make provision for the form and terms and conditions of the relevant Covered Bonds, the price at which such Covered Bonds will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Covered Bonds. The Dealership Agreement will be governed by, and construed in accordance with, the laws of the Province of Ontario and the laws of Canada applicable therein.

Canada

The Covered Bonds have not been and will not be qualified for sale under the securities laws of any province or territory of Canada.

Institutional Accredited Investors who purchase Registered Covered Bonds in definitive form offered and sold in the United States in reliance on an exemption from registration under the Securities Act are required to execute and deliver to the Registrar an IAI Investment Letter. Upon execution and delivery of an IAI Investment Letter by an Institutional Accredited Investor, Covered Bonds will be issued in definitive registered form, see “*Form of the Covered Bonds*”. The IAI Investment Letter will state, among other things, the following:

- (a) that the Institutional Accredited Investor has received a copy of the Base Prospectus and such other information as it deems necessary in order to make its investment decision;
- (b) that the Institutional Accredited Investor understands that the Covered Bonds are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Covered Bonds have not been and will not be registered under the Securities Act or any other applicable U.S. State securities laws and any subsequent transfer of the Covered Bonds is subject to certain restrictions and conditions set forth in the Base Prospectus and the Covered Bonds (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Covered Bonds except in compliance with, such restrictions and conditions and the Securities Act;
- (c) that, in the normal course of its business, the Institutional Accredited Investor invests in or purchases securities similar to the Covered Bonds;
- (d) that the Institutional Accredited Investor is an institution that is an “accredited investor” within the meaning of Rule 501(a)(1), (2), (3) or (7) of Regulation D under the Securities Act and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Covered Bonds, and it and any accounts for which it is acting are each able to bear the economic risk of its or any such accounts’ investment for an indefinite period of time;
- (e) that the Institutional Accredited Investor is acquiring the Covered Bonds purchased by it for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which it exercises sole investment discretion and not with a view to any distribution of the Covered Bonds, subject, nevertheless, to the understanding that the disposition of its property will at all times be and remain within its control; and
- (f) that, in the event that the Institutional Accredited Investor purchases Covered Bonds, it will acquire Covered Bonds having at least the minimum purchase price set forth in the applicable Final Terms.

No sales of Legended Covered Bonds in the United States to any one purchaser will be for less than the minimum Specified Denomination set forth in the applicable Final Terms in respect of the relevant Legended Covered Bonds. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least an amount equal to the applicable minimum purchase price set forth in the applicable Final Terms in respect of the relevant Legended Covered Bonds.

Dealers may arrange for the resale of Covered Bonds to QIBs pursuant to Rule 144A and each such purchaser of Covered Bonds is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Covered Bonds which may be purchased by a QIB pursuant to Rule 144A will be as specified in the applicable Final Terms.

Selling Restrictions

Regulation S, Category 2, TEFRA D Rules apply unless TEFRA C Rules are specified as applicable in the applicable Final Terms or unless TEFRA Rules are not applicable. Rule 144A eligible sales or sales to Institutional Accredited Investors who agree to purchase for their own account and not with a view to distribution will be permitted if so specified in the applicable Final Terms.

The Covered Bonds and the Covered Bond Guarantee have not been and will not be registered under the Securities Act or any U.S. state securities laws and may not be offered or sold within the United States or its territories or possessions or to or for the account or benefit of U.S. persons as defined in Regulation S and the Securities Act except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

The Covered Bonds in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the Code and regulations thereunder. The applicable Final Terms will identify whether TEFRA D Rules or TEFRA C Rules apply or whether it is an Excluded Transfer.

In connection with any Covered Bonds which are offered or sold outside the United States in reliance on Regulation S (“**Regulation S Covered Bonds**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver such Regulations S Covered Bonds (i) as part of its distribution at any time or (ii) otherwise until 40 days after the later of (a) the date upon which the offering of Covered Bonds comprising any Tranche commenced to persons other than distributors in reliance on Regulation S and (b) the date of issuance of such Covered Bonds, as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the lead manager, in the case of a syndicated issue, and except in either case in accordance with Regulation S under the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Covered Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the later of (i) the date upon which the offering of Covered Bonds comprising any Tranche commenced to persons other than distributors in reliance on Regulation S and (ii) the date of issuance of such Covered Bonds, any offer or sale of Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A under the Securities Act (if available).

Dealers may arrange for the resale of Covered Bonds to QIBs pursuant to Rule 144A and each such purchaser of Covered Bonds is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Covered Bonds which may be purchased by a QIB pursuant to Rule 144A will be the minimum Specified Denomination specified in the applicable Final Terms in U.S. dollars (or the approximate equivalent in another Specified Currency).

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the applicable Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Covered Bonds to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors, as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer(s) nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Covered Bonds referred to in (a) to (c) above shall require the publication by the Issuer or any Dealer(s) of a prospectus pursuant to Article 3 of the Prospectus Directive or of a supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Covered Bonds to the public” in relation to any Covered Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such short positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
