INVESTOR SUITABILITY

INVESTMENT IN THE NOTES INVOLVES POTENTIALLY SUBSTANTIAL RISKS. EACH PROSPECTIVE INVESTOR IN THE NOTES SHOULD BE FAMILIAR WITH INSTRUMENTS HAVING CHARACTERISTICS SIMILAR TO THE NOTES AND SHOULD FULLY UNDERSTAND THE TERMS OF THE NOTES AND THE NATURE AND EXTENT OF ITS EXPOSURE TO RISK OF LOSS.

Before making an investment decision, prospective investors in the Notes should conduct such independent investigation and analysis regarding the Company, the Notes, the Counterparty, the Custodian and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. As part of such independent investigation and analysis, prospective investors in the Notes should consider carefully all the information set out in these Listing Particulars and the considerations set out below.

Investment in the Notes is only suitable for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the information contained in these Listing Particulars and the merits and risks of an investment in the Notes in the context of the investor's own financial, tax and regulatory circumstances and investment objectives.

In particular, investment in the Notes is only suitable for investors who:

- (1) are capable of bearing the economic risk of an investment in the Notes for the period up until the maturity date of the Notes;
- (2) are acquiring an interest in the Notes for their own account for investment purposes, and not with a view to resale, distribution or other disposition of such interest (subject to any applicable law requiring that the disposition of the investor's property be within its control);
- (3) recognise that in case the Notes need to be sold prior to maturity, an investor may have to do so at a substantial discount from the initial price, and as a result may suffer substantial losses; and
- (4) recognise that it may not be possible to make any transfer of the Notes for a substantial period of time, if at all.

By purchasing an interest in the Notes, each holder of the Notes will be deemed to have represented that it is an investor who fulfils the suitability considerations outlined in these Listing Particulars.

The "Risk Factors" section of these Listing Particulars contains a summary of the main risk factors involved in an investment in the Notes and your particular attention is drawn to that section.

Credit Suisse International ("**CSI**" or the "**Arranger**") as Arranger of the issue of the Notes may, in its discretion, refuse to issue or sell Notes to any prospective investor even though that investor considers that it satisfies the foregoing suitability standards.

Further, each prospective investor should ensure that it fully understands the nature of the transaction into which it is entering and the nature and extent of its exposure to the risk of loss of all or a substantial part of its original investment.

RISK FACTORS

The purchase of Notes may involve substantial risks and is suitable only for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes. Before making an investment decision, prospective purchasers of the Notes should consider carefully, in the light of their own financial circumstances and investment objectives, all the information set forth in these Listing Particulars, the Swap Agreement and, in particular, but without limitation, the considerations set out below. Such considerations are not, and are not intended to be, a comprehensive list of all considerations relevant to a decision to purchase or hold the Notes.

Any capitalised terms used but not otherwise defined in this section shall have the meanings given to them in the Conditions (as supplemented and varied in accordance with the provisions set out in the section headed "Terms and Conditions" below).

Credit Risk

The Notes are subject, *inter alia*, to the credit risk of the Collateral and the Counterparty. Any prospective purchaser should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in the Notes. None of the Company, the Arranger, the Dealer, the Counterparty or any of its affiliates purports to be a source of information and credit analysis with respect to any obligor of the Collateral or the Counterparty.

The ability of the Company to meet its obligations under the Notes will be dependent upon the Collateral Issuer and the Counterparty performing their obligations and making payments under the Collateral and the Swap Agreement. Accordingly, the Noteholders are exposed to the creditworthiness of the Collateral Issuer and the Counterparty.

If the Collateral Issuer does not make payment or delivery when and where due by it under the Collateral and/or if the Counterparty does not make payment or delivery when and where due by it under the Swap Agreement, the Company's ability to pay the Noteholders amounts owing to them on a timely basis or at all may be affected.

Consequently, payments due to the Noteholders may not be paid by the Company or payment may be delayed and the Noteholders will have no recourse to the Counterparty, any of its affiliates or any other entity, other than to the Counterparty through the Trustee acting on their behalf as unsecured creditors of the Counterparty.

If the Counterparty becomes insolvent, or is otherwise unable to pay its debts, the Company will have the right to terminate the Transactions under the Swap Agreement. If it does so, the Notes will fall due for redemption. If the Counterparty is unable to pay amounts due from it under the Swap Agreement, it is possible that the amount that the Company will be able to pay to the Noteholders will be substantially less than the face amount of the Notes and may be zero.

The Collateral for the Notes comprises the USD 10,000,000 Credit Suisse AG, London Branch 3 month USD LIBOR + 1.315 per cent. Senior Unsecured USD Notes due 18 December 2017 (ISIN: XS0784379363). To the extent the Company's ability to meet its obligations to the Counterparty under the Swap Agreement depends on receiving payments under the Collateral, failure of the Collateral Issuer to make payments when due may result in the Company failing to meet its obligations under the Swap Agreement. If this happens, the Counterparty may determine that a Mandatory Redemption Event has occurred under the Notes resulting in a termination of the Transactions under the Swap Agreement and redemption of the Notes.

Limitation on claims against the Company

The Notes are solely obligations of the Company and none of the Collateral Issuer, the Arranger, the Dealer or the Counterparty has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Company is a special purpose company established, *inter alia*, for the purpose of issuing notes. The Notes are limited in recourse, *inter alia*, to the Collateral held pursuant to the Custody Agreement and the Swap Agreement. Following enforcement of the Company's rights in respect

of the Custody Agreement and against the Custodian (including realisation of the Collateral), and termination of the Transactions under the Swap Agreement and enforcement of any claims against the Counterparty, there will be no other assets of the Company available to meet any outstanding claims of the Noteholders, who will bear such shortfall *pro rata* to their holdings of Notes.

The Noteholders' recourse for payment of principal and interest on this Series of Notes is limited to the proceeds of realisation of the Collateral and other Mortgaged Property and their claims are subordinate to those of the Trustee, the Principal Paying Agent and the Custodian for their expenses and remuneration and those of the Counterparty under the Swap Agreement.

If the security in respect of this Series of Notes becomes enforceable, the Collateral and other Mortgaged Property securing such Notes will be sold or realised. Not only may there be a substantial delay involved but also the Noteholders' claims under such Notes will only be payable out of those proceeds of realisation once received after the expenses and remuneration of the Trustee, the Principal Paying Agent and the Custodian have been satisfied and any amounts payable or deliverable to the Counterparty under the Swap Agreement (which will include any early termination payment which the Counterparty is entitled to be paid on termination of the Swap Agreement) have been paid or delivered in full. Accordingly, Noteholders may not receive all the principal or interest they are due with respect to the Notes they hold and cannot make any claim against the Company or any of its other assets or against any other person to recover any such shortfall. Noteholders may therefore suffer a significant loss.

You, as an investor in the Notes, should make your own investigation into the Collateral Issuer .

THE COMPANY, THE ARRANGER AND THE DEALER (I) HAVE NOT PROVIDED AND WILL NOT PROVIDE YOU WITH ANY INFORMATION OR ADVICE WITH RESPECT TO THE COLLATERAL AND (II) MAKE NO REPRESENTATION AS TO THE CREDITWORTHINESS OF THE COLLATERAL ISSUER. IN PARTICULAR, THESE LISTING PARTICULARS DO NOT CONSTITUTE INVESTMENT ADVICE AND YOU SHOULD CARRY OUT YOUR OWN ANALYSIS IN THIS REGARD.

None of the Company, the Counterparty, the Arranger, the Dealer or any of their respective affiliates assumes any responsibility for the adequacy or accuracy of any information about the Collateral Issuer contained in any publicly available filings of the Collateral Issuer. The Company, the Arranger and the Dealer may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Collateral which will not be disclosed to Noteholders.

Business relationships

The Counterparty, the Arranger, the Dealer and the Option Transaction Index Sponsor are affiliates of, and may have existing or future business relationships with, the Collateral Issuer (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect its or their interests arising therefrom without regard to the consequences for any Noteholder.

The Counterparty, the Arranger, the Dealer and their affiliates may deal in the Collateral and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, the Collateral Issuer or any other person or entity having obligations relating to the Collateral and may act with respect to such business in the same manner as each of them would had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Collateral or the position of a Noteholder or otherwise.

None of the Counterparty, the Arranger, the Dealer or any of its affiliates is committed to make any market in the Collateral or offer to buy or be required to buy back the Collateral. The Collateral is also subject to certain transfer and selling restrictions. In theory other dealers may make a secondary market for the Collateral but, if such a secondary market develops, there can be no assurance that it will continue or that it will be sufficiently liquid for the Collateral to be resold.

Therefore if the Collateral is realised prior to its stated maturity, such realisation may have to be done at a substantial discount from the par value of the Collateral, and as a result you may suffer substantial losses.

Determinations

The determination as to whether a Mandatory Redemption Event under Condition 7(b) or an Additional Early Redemption Event under Condition 7(c) has occurred shall be made by the Calculation Agent on the basis of the Conditions and without regard to any related determination by the Collateral Issuer or any action taken, omitted to be taken or suffered to be taken by any other person including, without limitation, any creditor of the Collateral Issuer.

No Reliance

Each prospective purchaser of the Notes should make its own evaluation of the interest and principal payments that it expects to receive on the Notes, and may not rely on the Company, the Arranger, the Dealer or Counterparty in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to herein.

You may suffer a loss if there is an early redemption of the Notes.

There are certain events of default, mandatory redemption events and other redemption events which may result in an early redemption of the Notes. In summary these are:

Events of Default with respect to the Company

It will constitute an Event of Default with respect to the Company if:

- (i) there is a default by the Company in making a payment of the Redemption Amount or Early Redemption Amount due on the Notes;
- (ii) there is a default by the Company for fourteen days or more in making any payment due on the Notes other than the Redemption Amount or Early Redemption Amount;
- (iii) the Company fails to perform any of its other obligations in relation to the Notes and if such failure is remediable, such failure continues for a period of 30 days (or longer if the Trustee permits) after notice of failure is given by the Trustee to the Company requiring the same to be remedied; and/or
- (iv) certain bankruptcy and insolvency events occur with respect to the Company.

These events will only trigger an early redemption if the Trustee exercises its discretion to call the Notes due or is told to do so by at least 20 per cent in principal amount of Noteholders or by an Extraordinary Resolution of Noteholders. However, the Conditions provide that an Event of Default with respect to the Company under the Notes shall be deemed remedied upon the giving of a Calculation Agent Redemption Notice in accordance with Condition 7(c)(iii). This will be treated as an early redemption event under Condition 7(c)(iii) which will not result in a right of the Trustee to enforce the security over the Mortgaged Property.

Mandatory Redemption

The Notes will be subject to mandatory early redemption in the following circumstances:

If (i) any of the Collateral forming part of the Mortgaged Property becomes repayable or becomes capable of being declared due and repayable prior to its stated date of maturity for whatever reason, or (ii) (unless the Trustee otherwise agrees in writing) there is a payment default in respect of any of the collateral forming part of the Mortgaged Property or (iii) there is a material amendment to the terms and conditions of the Collateral, the Notes may be redeemed early.

Other Redemption Events

The Notes will also be redeemed early in the following circumstances:

- (i) if the Company would suffer certain tax events in relation to its income or a withholding on income such that it could not satisfy in full its payment obligations in relation to the Notes;
- (ii) if any Transaction (other than the Option Transaction) under the Swap Agreement is terminated early as a result of an Event of Default or a Termination Event (as each term is defined in such Swap Agreement) other than in connection with a Counterparty Optional Termination;
- (iii) if the performance of the Company's obligations under the Notes has or will become unenforceable, illegal or otherwise prohibited in whole or in part as a result of compliance with any law, rule, regulation, judgment or directive or the interpretation thereof; or
- (iv) if an Event of Default (other than if there is also an occurrence of a Calculation Agent Event) with respect to the Company under the Notes has occurred and the Calculation Agent gives notice in accordance with Condition 7(c)(iii).

Noteholders should be aware that a Transaction under the Swap Agreement is capable of early termination pursuant to specified events of default and termination events, in respect of which they will have no control. Events of default under the Swap Agreement include a failure to pay, bankruptcy and merger without assumption, and termination events under the Swap Agreement include illegality, tax event, tax event upon merger, credit event upon merger and the Notes becoming repayable in whole prior to their maturity (or in part, in which event the Transactions under the Swap Agreement shall terminate in a pro rata proportion).

Noteholders should be aware that the termination amount payable upon any such early termination shall be calculated in accordance with "Market Quotation" (as that term is defined in the 1992 ISDA Master Agreement). Noteholders should ensure they fully understand the application of these events of default and termination events, and how calculations of any termination amount will be made pursuant to the definition of "Market Quotation" before investing in the Notes.

Payments upon an Event of Default

Upon an Event of Default and the enforcement of the security pursuant to the Supplemental Trust Deed, the Notes will be redeemable in an amount equal to the amount available for redemption of such Notes by applying the portion available to the Noteholders pursuant to Condition 4(b) (Security – Application of Proceeds) of the net proceeds of enforcement of the security in accordance with Condition 4 (Security) *pari passu* and rateably to the Notes. Investors should note that Condition 4 (Security) has been amended by the Terms and Conditions of the Notes which will be set out in the Supplemental Trust Deed. The security will be enforced (subject to the Event of Default being remedied) if the Trustee exercises its discretion to call the Notes due or is requested to do so by at least 20 per cent. in principal amount of Noteholders or by an Extraordinary Resolution of Noteholders.

Further, upon enforcement of the security granted by the Company in favour of the Trustee, the rights of the Noteholders to be paid amounts due under the Notes will be subordinate to (i) any remuneration or costs, charges, expenses and liabilities (including legal fees) incurred by the Trustee, the Principal Paying Agent and the Custodian and any other amounts due to the Trustee, the Principal Paying Agent and the Custodian in respect of the Notes; and (ii) the claims of the Counterparty under the Swap Agreement. Because the Noteholders cannot claim against the Company or any of its assets (except for the assets securing these Notes) if they suffer a loss as a result – i.e., there is not enough left after prior claims have been paid out of the proceeds of realisation of the security – they will have no claim against or recourse to the Company or anyone else for that loss and any claim they might otherwise have had will be cancelled and extinguished.

Payments upon a Mandatory Redemption and/or other redemption events

Upon a Mandatory Redemption Event and/or other redemption events, the Notes will be redeemable in an amount equal to their Mandatory Redemption Amount. In particular, investors should note that the Mandatory Redemption Amount, amongst other variables, is calculated by reference to the Skew Swap Value which is determined as the aggregate termination amounts of the Skew Swap Transaction. The notional amounts of the Markit CDX North America Credit Default Swap Transaction and the Single Name Credit Default Swap Transactions are leveraged as compared to the Principal Amount of the Notes and as a consequence, the Skew Swap Value may be a significant amount relative to the Principal Amount of the Notes. Accordingly, the amount available for redemption of the Notes may be significantly less than the Principal Amount of the Notes and in some cases may be zero.

The Single Name Credit Default Swap Transactions and the Markit CDX North America Credit Default Swap Transaction in each case involves an implied leverage as compared to the principal amount of the Notes and, as a consequence, in the event such Transactions are terminated prior to the Maturity Date for any reason, the termination payment payable to the Counterparty under the Swap Agreement upon such an early termination may be a significant amount relative to the principal amount of the Notes. Such termination amount, where payable to the Counterparty, will be deducted from the Mandatory Redemption Amount payable to the Noteholders, and accordingly in certain cases the entire principal amount of the Notes may be at risk.

Further details of the Skew Swap Transaction, which comprises the Single Name Credit Default Swap Transactions, the Markit CDX North America Credit Default Swap Transaction and the Skew Swap Interest Rate Swap Transaction, are set out herein, and investors should not invest in the Notes unless they fully understand the Skew Swap Transaction, including as to when it may be terminated early and the payments payable upon such early termination.

Due to the early redemption of the Notes, the forced unwind of the Transactions under the Swap Agreement, and prevailing market conditions at the time of the early redemption, Noteholders may receive less on an early redemption than they would if such early redemption had not occurred and they had held their Notes until the Maturity Date.

Early Redemption Amount and Mandatory Redemption Amount

Noteholders should be aware that the Early Redemption Amount and the Mandatory Redemption Amount are each capped at the principal amount of the Notes plus accrued interest to the date of redemption. Accordingly, where the Collateral Value minus the Rate Swap Value, the Skew Swap Value and the Option Value would otherwise exceed 100 per cent. of the principal amount of the Notes, Noteholders will only be entitled to receive a maximum amount upon such early redemption equal to the amount stated above, and shall have no recourse against any party (including the Company, the Arranger, the Dealer or the Counterparty) for the balance in excess thereof. Where the Rate Swap Value, Skew Swap Value and Option Value are deemed to be amounts payable by the Company to the Counterparty, such amounts will be subtracted from the Early Redemption Amount or the Mandatory Redemption Amount provided that any Early Redemption Amount or Mandatory Redemption Amount is subject to a minimum amount of zero.

You will assume all Taxation Risk if you buy any Notes.

You are solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to you in respect of the Notes. The Company will not pay any additional amounts to you to reimburse you for any tax, assessment or charge required to be withheld or deducted from payments in respect of your Notes. The Notes may be redeemed if certain tax events occur and you may suffer a significant loss as a result.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), Member States are required, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other

Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries and territories). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland) with effect from the same date in substantially the same circumstances as envisaged by the Directive. Investors who are individuals should note that should any payment in respect of the Notes be subject to withholding imposed as a consequence of the Directive or under equivalent measures, no additional amounts would be payable by the Company.

Withholding on the Notes

In the event that withholding or deduction of any taxes from payments of principal or interest in respect of the Notes is required by law in any jurisdiction, the Company is not under any obligation to make additional payments to the holders of any Notes in respect of such withholding or deduction.

New U.S. Tax Law

The recently enacted U.S. tax legislation ("**New U.S. Tax Law**") includes new tax provisions commonly known as the Foreign Account Tax Compliance Act ("**FATCA**"). FATCA may impose a 30 per cent. withholding tax on payments of U.S. source interest and dividends made on or after 1 January 2014 and of gross proceeds from the sale of certain U.S. assets made on or after 1 January 2015 to a foreign financial institution (or "**FFI**") (such as the Company) that does not enter into, and comply with, an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide certain information on its U.S. accountholders, including those holding debt or equity interests issued by the FFI. Further, FATCA may impose a withholding tax of up to 30 per cent. on gross payments due on or after 1 January 2014 under derivatives in certain circumstances. In general, an FFI is a non-US bank, non-US custodian, or a non-US entity engaged primarily in the business of investing, reinvesting, or trading in (i) securities, (ii) partnership interests, (iii) notional principal contracts, (iv) insurance annuity contracts or (v) commodities (or in a derivative position in any of the foregoing).

To avoid the withholding tax, the Company may enter into an agreement with the IRS (an "**IRS FATCA Agreement**"). An FFI that does not enter into such agreement or whose agreement is voided by the IRS will be treated as a "**non-Participating FFI**." Although the IRS has not yet announced the details, it is expected that the IRS FATCA Agreement will require the Company (or an intermediary financial institution, broker or agent (each, an "**Intermediary**") through which a beneficial owner holds its interest in a Note) to agree to (i) obtain certain identifying information regarding each Holder or beneficial owner of the Notes to determine whether such Holders or beneficial owners are U.S. persons or U.S. owned foreign entities and periodically to provide identifying information about Holders and beneficial owners to the IRS and (ii) comply with withholding and other requirements. In order to comply with its information reporting obligation under the IRS FATCA Agreement, the Company will be obliged to obtain information from all Holders or beneficial owners (not just from U.S. Holders or beneficial owners) because unless the Company can adequately identify the non-U.S. Holders and non-U.S. beneficial owners, it will be unable to identify properly (by matter of elimination) the direct and indirect U.S. Holders and beneficial owners. To the extent any payments in respect of Notes are made to a beneficial owner by an Intermediary, such beneficial owner may be required to comply with the Intermediary's requests for identifying information that would permit the Intermediary to comply with its own IRS FATCA Agreement. Any Holder or beneficial owner that fails to properly comply with the Company's or an Intermediary's requests for certifications and identifying information or, if applicable, a waiver of non-U.S. law prohibiting the release of such information to the IRS, will be treated as a "**Recalcitrant Holder**" that may be subject to a 30 per cent. U.S. withholding tax on all payments (including principal or gross proceeds) under the Notes.

If the Company or a non-U.S. Intermediary enters into an IRS FATCA Agreement, it may be required to deduct a withholding tax of up to 30 per cent. on payments (including gross proceeds and redemptions) made on or after 1 January 2017 to a Recalcitrant Holder or a Holder or beneficial owner that itself is an FFI and does not have in place an effective IRS FATCA Agreement (i.e., the Holder or beneficial owner is a non- Participating FFI). Neither the Company nor an Intermediary will make any additional payments to compensate a Holder or beneficial owner for any amounts deducted pursuant to FATCA. It is also possible that the Company may be required to cause the disposition or transfer of Notes held by a Recalcitrant Holder and the proceeds from any such disposition or transfer may be an amount less than the then current fair market value of the Notes transferred.

If a US Intermediary makes a payment in respect of the Notes to a non-US entity, such payment may be subject to a withholding tax of up to 30 per cent. if the recipient of such payment (whether or not it is the beneficial owner of such payment) either is a non-participating FFI or does not comply with such Intermediary's request for identifying information.

In general, obligations that are outstanding as of December 31, 2012 and that are not modified and treated as reissued after December 31, 2012 for U.S. federal income tax purposes (such obligations, "**Grandfathered Obligations**") will neither be treated as U.S. assets nor subject to withholding. Obligations that are treated as equity and certain debt obligations lacking a definitive term (such as saving and demand deposits), however, are excluded from the grandfathering clause. Because the Notes likely will be treated as equity in the Company for US federal income tax purposes, they likely will not qualify for the grandfathering exemption.

If the Company decides not to enter into an IRS FATCA Agreement, the Company will be subject to a 30 per cent. withholding tax on payments of U.S. source interest and dividends made on or after 1 January 2014 and of gross proceeds from the sale of certain U.S. assets made on or after 1 January 2015 to the Company. In addition, the Company may be subject to a withholding tax of up to 30 per cent. on gross payments due on or after 1 January 2014 on the Skew Swap Transaction. Further, the Company's failure to enter into an IRS FATCA Agreement may preclude certain of its affiliates from themselves complying with FATCA. For this purpose affiliates are generally persons or entities that possess (directly or indirectly) 50 per cent. or more common ownership. Although not clear, for purposes of this common ownership test, each series of Notes may be treated as a separate entity. Prospective investors in the Company should consult with their own tax advisors with respect to whether they may be deemed (for U.S. federal income tax purposes) to own more than 50 per cent. of both (i) the Company and (ii) other non-U.S. financial entities, since such ownership could (if the Company does not enter into an IRS FATCA Agreement) subject such other non-US entities to a 30 per cent. withholding tax, which could affect distributions to such prospective investors. Similarly, if an investor is deemed to own 50 per cent. of both the Company and another non-U.S. financial entity that is required to, but that does not, enter into an IRS FATCA Agreement, the Company may be subject to a withholding tax of up to 30 per cent.

There can be no assurance that (i) payments to the Company in respect of its assets, including the Charged Assets, and under the Swap Agreement or (ii) payments on a Note will not be subject to withholding under the New U.S. Tax Law or FATCA. If payments to the Company in respect of its assets, including the Charged Assets and under the Swap Agreement are subject to withholding, this will result in the termination of one or more Transactions under the Swap Agreement and the early redemption of the Notes in accordance with the Conditions. In addition, even if a beneficial owner of a payment complies with requests for identifying information, the ultimate payment to such beneficial owner could be subject to withholding if an Intermediary is subject to withholding for its failure to comply with FATCA. Accordingly, Noteholders should consult their own tax advisors as to the potential implication of the U.S. withholding taxes on the Notes before investing.

Legality of purchase

None of the Company, the Counterparty, the Arranger or the Dealer has or assumes responsibility for the lawfulness of a prospective purchaser's acquisition of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different) or the compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it. A prospective purchaser of Notes may not rely on the Company, the Counterparty, the Arranger, the Dealer or their affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Conflict of Interest

Various conflicts of interest may arise from the overall investment, advisory and other activities of Credit Suisse International and its affiliates and clients. The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

As Credit Suisse International or an affiliate acts in its roles as Calculation Agent, Arranger, Dealer, Collateral Issuer and Option Transaction Index Sponsor and as Counterparty and Calculation Agent under the Swap Agreement, conflicts of interest may arise in connection with its performance of any of these roles.

Legal Opinions

Whilst legal opinions relating to the issue of the Notes and the security taken in respect thereof have been or will be obtained with respect to the laws of England and Jersey, no such opinions have been or will be obtained with respect to any other applicable laws, any of which, depending upon the circumstances, may affect, *inter alia*, the value, validity, legal and binding effect of the security over the Mortgaged Property and the effectiveness and ranking of the security for the Notes.

The Counterparty as an arm's-length contractual counterparty

The Counterparty is merely an arm's-length contractual counterparty to the Company and is not, and will not be deemed to be, its financial adviser, agent, trustee or fiduciary.

The Collateral Issuer is not involved in the offer of the Notes in any way and has no obligation to consider your interests as a Noteholder in taking any corporate actions that might affect the value of your Notes. The Collateral Issuer may, and is entitled to, take actions that will adversely affect the value of your Notes.

Please note that the money you pay for the Notes is paid to the Company and not to the Collateral Issuer.

Independent Review and Advice

Each prospective purchaser of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes: (i) is fully consistent with its (or, if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition; (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity); and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Liquidity

Neither the Arranger nor any of its affiliates will commit to make any market in the Notes or offer to buy or be required to buy them back. The Notes are also subject to certain transfer and selling restrictions. Therefore, you should be willing and able, in the light of your circumstances and financial resources, to hold your Notes until the Maturity Date. In theory other dealers may make a secondary market for the Notes but, if such a secondary market develops, there can be no assurance that it will continue or that it will be sufficiently liquid to allow you to resell your Notes.

Therefore if you need to sell your Notes prior to the Maturity Date, you may have to do so at a substantial discount from the initial price at which you purchased the Notes, and as a result you may suffer substantial losses.

Investors should also note that the Notes may not be transferred without the prior written consent of the Company.

Pricing of the Notes prior to the Maturity Date

If you need to sell your Notes prior to the Maturity Date, the Counterparty or the Company may but is not obliged to buy the Notes from you. However, the price, if any, at which the Counterparty or the Company will be willing to purchase the Notes from you, if at all, will likely be lower than the initial price at which you purchased the Notes. Accordingly, any sale of the Notes to the Counterparty or the Company prior to the Maturity Date may result in a substantial loss to the Noteholder.

Currency Risk

An investment in Notes denominated and payable in a foreign currency entails significant risks to a Noteholder that would not be involved if a similar investment were made in Notes denominated and

payable in such Noteholder's home currency. These risks include, without limitation, the possibility of significant changes in rates of exchange between the foreign currency and such Noteholder's home currency and generally depend on economic and political events over which the Company has no control.

Option Transaction Index Risk

The amount of interest payable in respect of the Notes is also dependent upon the performance of the Credit Suisse Interest Rate Multi Strategy USD (the "**CSMSB**").

The CSMSB combines the Credit Suisse Adaptive Term Premium Index ("**CSATPI**"), Credit Suisse Adaptive Volatility Index ("**CSAVI**") and Credit Suisse Fortinbras Three Factors Model Index ("**CSTFMI**").

The Option Transaction Index Rules (as defined in the Option Transaction) may be amended by the Option Transaction Index Sponsor (as defined in the Option Transaction). An amendment to the Option Transaction Index Rules may result from, without limitation, a change to the construction or calculation rules for the CSMSB and/or any of its constituents indexes or from the Option Transaction Index Sponsor determining that a change to the Option Transaction Index Rules is required or desirable in order to update the Option Transaction Index Rules or to address an error, omission or ambiguity. No assurance can be given that any such amendment would not be prejudicial to holders of the Notes.

The level of the CSMSB is published by the Option Transaction Index Sponsor subject to the provisions of the Option Transaction Index Rules. The Option Transaction Index Sponsor does not undertake to publish any information regarding the Option Transaction Index (as defined in the Option Transaction) other than as contemplated in the Option Transaction Index Rules.

Trading and other transactions by Credit Suisse International and/or its affiliates in the contracts underlying the CSMSB may affect the value of the CSMSB, and there may be conflicts of interest between investors in the CSMSB and Credit Suisse International and/or its affiliates. Credit Suisse International and/or its affiliates also actively enter into or trade and market securities, swaps, options, derivatives, and related instruments which are linked to the performance of the CSMSB. These activities could present conflicts of interest and could affect the value of the CSMSB.

Credit Suisse International makes no guarantee or representation of any kind in relation to the performance of the CSMSB, the level of which may go down as well as up. Past performance of the CSMSB is no guarantee of future performance.

Upon a Disruption Event (as defined in the Option Transaction), the Counterparty has the right to terminate the Option Transaction, in which event the Counterparty shall pay to the Company the net termination amount payable under the Option Transaction, but no other amounts shall be payable thereafter in respect of the Option Transaction.

The Option Transaction Index Sponsor is under no obligation to monitor whether or not a Disruption Event has occurred and shall not be liable for any losses resulting from (i) any determination that a Disruption Event has occurred or has not occurred, (ii) the timing relating to the determination that a Disruption Event has occurred or (iii) any actions taken or not taken by the Option Transaction Index Sponsor as a result of such determination that a Disruption Event has occurred.

Any prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing such risks and should be capable of evaluating the merits, risks and suitability of investing in the Notes. None of the Company, the Arranger, the Dealer or the Counterparty purports to be a source of information or other analysis with respect to any Option Transaction Index.

Correction of Option Transaction Index Value – impact on the Notes

Noteholders should be aware that in the event that an Option Transaction Index Value (as defined in the Option Transaction) which is used for any calculation made under the Option Transaction is subsequently corrected, then the Calculation Agent in respect of the Option Transaction will determine the amount that is payable or deliverable under the Option Transaction as a result of that correction, and will adjust the terms of the Option Transaction accordingly. This may result in future amounts payable under the Option Transaction being less than would otherwise have been the case, and

accordingly may reduce the Option Transaction Index Return Payment payable under the Notes and any Redemption Amount or Early Redemption Amount.

Index

You should note that the Skew Swap Transaction comprises the Single Name Credit Default Swap Transactions, the Markit CDX North America Credit Default Swap Transaction and the Skew Swap Interest Rate Swap Transaction. The Markit CDX North America Credit Default Swap Transaction is a credit default swap transaction in respect of Markit CDX North America Investment Grade Index Series 9 (the "**Markit CDX North America Index**", and the "**Index**").

You should be aware that the Counterparty will not have any liability to the Noteholders for any act or failure to act by the sponsor of the Index in connection with the calculation, adjustment or maintenance of the Index. Although the Counterparty may obtain information concerning the Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, the Counterparty will not make any representation, warranty or undertaking (express or implied) and will not accept any liability as to the accuracy, completeness and timeliness of information concerning the Index.

APPENDIX 1

ADDITIONAL PROVISIONS

1. Provisions relating to Mandatory Redemption

- 1.1 Condition 7(b) (as set out in Schedule 1 hereto) shall be deleted in its entirety and replaced with the following:

"(b) Mandatory Redemption

If a Collateral Event occurs, all such Collateral which has become so repayable together with all remaining Collateral, forming part of the Mortgaged Property (which may or may not form obligations of the same person as those which have become repayable or in respect of which there has been such a payment default or an amendment to the terms and conditions) shall be deemed to have become immediately repayable (the **"Repayable Assets"**) (a **"Mandatory Redemption Event"**). In the event that the Calculation Agent, in its sole and absolute discretion, determines that a Mandatory Redemption Event has occurred (such date of determination, the **"Mandatory Redemption Event Determination Date"**), it shall, within three Relevant Business Days of the Mandatory Redemption Event Determination Date or as soon as reasonably practicable, notify such determination to the Company, the Custodian, the Counterparty, the Trustee, the Principal Paying Agent and the Noteholders in accordance with the terms and conditions of the Notes (such date of notification, the **"Mandatory Redemption Event Notice Date"**). Each Note shall be redeemed in full at an amount equal to a *pro rata* portion of the Mandatory Redemption Amount on the tenth Relevant Business Day after the Mandatory Redemption Event Notice Date (such date the **"Mandatory Early Redemption Date"**). The Maturity Date shall be brought forward to fall on the Mandatory Early Redemption Date.

Interest shall cease to accrue on the principal amount of Notes from and including the Interest Cessation Date. Provided that no Calculation Agent Event has occurred and is continuing, the occurrence of a Mandatory Redemption Event under this Condition 7(b) will not result in a right of the Trustee to enforce the security over the Mortgaged Property."

- 1.2 Condition 7(c) (as set out in Schedule 1 hereto) shall be deleted in its entirety and replaced with the following:

"(c) Redemption for taxation and other reasons

- (i) If the Company, on the occasion of the next payment due in respect of the Notes, would be required by Jersey law to withhold or account for tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due (an **"Additional Early Redemption Event"**), the Calculation Agent upon becoming aware of the same (such date, the **"Additional Early Redemption Event Determination Date"**) shall give notice of it to the Counterparty, the Custodian, the Trustee and the Principal Paying Agent within three Relevant Business Days from the Additional Early Redemption Event Determination Date or as soon as reasonably practicable (such date of notification, the **"Additional Early Redemption Event Notice Date"**). The Notes shall be redeemed in full on the tenth Relevant Business Day after the Additional Early Redemption Event Notice Date (such date the **"Additional Early Redemption Date"**).

The Company shall redeem each Note on a *pro rata* basis at the Mandatory Redemption Amount. The Maturity Date shall be brought forward to fall on the Additional Early Redemption Date.

Interest shall cease to accrue on the principal amount of Notes from and including the Interest Cessation Date.

- (ii) If (x) any Transaction (other than the Option Transaction) under the Swap Agreement is terminated as a result of an Event of Default or a Termination Event (as each term is defined in the Swap Agreement) save for a Counterparty Optional Termination (as defined in the Swap Agreement); or (y) the Company's performance of its obligations under the Notes or any arrangements made to hedge its position under the Notes have or will become unlawful, illegal, or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof (an "**Additional Early Redemption Event**"), then the Calculation Agent shall (i) upon the Company providing notice to the Calculation Agent of the same; or (ii) upon receipt of written advice of Jersey Counsel (as defined herein) confirming the same notify its determination as to the occurrence of any event in (x) and/or (y) above (such date of determination also, an "**Additional Early Redemption Event Determination Date**") to the Counterparty, the Custodian, the Principal Paying Agent, the Trustee and the Noteholders in accordance with the terms and conditions of the Notes within three Relevant Business Days from the Additional Early Redemption Event Determination Date (such date of notification, the "Additional Early Redemption Event Notice Date"). The Notes shall be redeemed by the Company in full on the tenth Relevant Business Day after the Additional Early Redemption Event Notice Date (such date also, an "**Additional Early Redemption Date**"), and each Note shall be redeemed on a pro rata basis at the Mandatory Redemption Amount. The Maturity Date shall be brought forward to fall on the Additional Early Redemption Date.

For these purposes, "**Jersey Counsel**" means Mourant Ozannes or any other law firm in Jersey reasonably acceptable to the Calculation Agent.

Interest shall cease to accrue on the principal amount of Notes from and including the Interest Cessation Date.

For clarification, termination of the Option Transaction only shall not give rise to the redemption of the Notes as set out above.

- (iii) At any time after the occurrence of an Event of Default under the Notes as determined by the Calculation Agent in its sole and absolute discretion, provided that no Calculation Agent Event has occurred and is continuing, the Calculation Agent may give notice (such notice, a "**Pre-enforcement Mandatory Redemption Notice**") of such determination (such date of determination also, a "**Pre-enforcement Mandatory Redemption Event Determination Date**") to the Counterparty, the Custodian, the Trustee, the Principal Paying Agent and the Noteholders in accordance with the terms and conditions of the Notes (such date of notification, the "**Pre-enforcement Mandatory Redemption Event Notice Date**"). Upon giving the Pre-enforcement Mandatory Redemption Notice, the relevant Event of Default shall be deemed remedied and cease to be an Event of Default under Condition 9. Additionally, the Notes shall fall due for redemption in accordance with the terms of Condition 7(b) as if such Event of Default were a Mandatory Redemption Event (being redemption of the Notes at the Mandatory Redemption Amount on the Mandatory Early Redemption Date), and such Pre-enforcement Mandatory Redemption Event Determination Date and Pre-enforcement Mandatory Redemption Event Notice Date were Mandatory Redemption Event Determination Date and Mandatory Redemption Event Notice Date respectively. For the purposes of these Conditions, "**Calculation Agent Event**" means where the Calculation Agent is also the Counterparty under the Swap Agreement, the Swap Agreement is terminated and the Counterparty is the Defaulting Party (as the term "Defaulting Party" is defined in the Swap Agreement).

Provided that no Calculation Agent Event has occurred and is continuing, the occurrence of a Mandatory Redemption Event or an Additional Early Redemption Event under this Condition 7(c) will not result in a right of the Trustee to enforce the security over the Mortgaged Property."

"**Collateral Event**" means the occurrence of any one or more of the following events: (i) an event of default, howsoever defined in the terms and conditions of the Collateral; (ii) any of the Collateral becoming repayable or becoming capable of being declared due and payable prior to its stated date of maturity for whatever reason; (iii) any modification being made to the terms

and conditions of the Collateral in a form that binds all holders of the Collateral, including but not limited to a reduction of interest, principal or premium payable, and/or postponement or other deferral of any scheduled interest, principal or premium payment dates, as determined by the Calculation Agent in its sole and absolute discretion; and/or (iv) the Collateral Issuer withholds or is obliged by any law or regulation to withhold any amount of principal or interest such that the Company does not or will not receive the scheduled amount of principal and/or interest in full on any date such amount is due and payable in accordance with the terms and conditions of the Collateral.

"Collateral Value" means the value of the Collateral in USD, as determined by the Counterparty at around 11.00 am (London time) on the fifth Relevant Business Day after (i) the Mandatory Redemption Event Notice Date or (ii) the Additional Early Redemption Event Notice Date, as the case may be, being the highest of the firm bid quotes obtained by the Counterparty from 3 dealers for the entire principal amount of the Collateral, after deduction for any related costs, expenses or fees as determined by the Counterparty in its sole and absolute discretion, provided that, in the event that it is not commercially reasonable for the Counterparty to obtain firm bid quotes for the Collateral, the Collateral Value shall be an amount determined by the Counterparty in its sole and absolute discretion; provided, further, that if: (x) (i) some or all of the Collateral becomes due and repayable prior to its stated date of maturity or other date or dates for its repayment or payment in each case whether or not by reason of event of default (howsoever described); and (ii) the proceeds in connection therewith have been received by, or on behalf of, the Company or (y) the Company is required to deliver liquidation proceeds of part or all of the Collateral, as a Party B Final Exchange Amount under the Skew Swap Interest Rate Swap Transaction, to the Counterparty; then the USD equivalent of the currency amount of such proceeds in either case shall be deemed the market value of the portion of the Collateral such proceeds represent for the purposes of determining "Collateral Value".

"Early Redemption Date" means a Mandatory Early Redemption Date and/or an Additional Early Redemption Date.

"Mandatory Redemption Amount" means an amount equal to the Collateral Value (a) minus the Option Value, (b) minus the Mandatory Redemption Unwind Costs, subject to a minimum amount of zero (0) and a maximum of the aggregate principal amount outstanding of the Notes plus the interest (to the extent not separately paid) that would, but for the operation of Condition 7(b) or 7(c), have accrued in respect of the Notes up to (but excluding) the relevant Mandatory Early Redemption Date or the Additional Early Redemption Date as the case may be.

"Mandatory Redemption Unwind Costs" means the aggregate of:

- (i) the Skew Swap Value;
- (ii) the Rate Swap Value; and
- (iii) all legal and other ancillary costs (including any costs in relation to the realisation of the Collateral) (as a positive number) incurred (or which could have been incurred had the Collateral been realised) by the Company, the Trustee or the Counterparty as a result of the Notes becoming subject to mandatory redemption under Condition 7(b) or 7(c) (each as amended hereby).

"Option Value" means (i) the net amount payable upon early termination of the Option Transaction, determined in accordance with "Market Quotation" (as such term is defined in the 1992 ISDA Master Agreement) minus (ii) an amount equal to the Option Transaction Index Value Correction Amount (as such term is defined in the Option Transaction) (but without double counting of any adjustment to the Floating Amount (as defined in the Option Transaction) for such Option Transaction Index Value Correction Amount. If the net amount so determined is payable by the Company to the Counterparty, then the Option Value shall be deemed to be a positive number, and if the amount so determined is payable by the Counterparty to the Company, then the Option Value shall be deemed to be a negative number. Without prejudice to any maximum amount in the definition of "Mandatory Redemption Amount", the obligations of the parties under the Option Transaction shall be deemed to continue to the Scheduled Termination Date (as defined in the Option Transaction) for the purpose of determining the Option Value.

"Rate Swap Value" means the net amount payable upon early termination of the Interest Rate Swap Transaction, determined in accordance with "Market Quotation" (as such term is defined in the 1992 ISDA Master Agreement). If the net amount so determined is payable by the Company to the Counterparty, then the Rate Swap Value shall be deemed to be a positive number, and if the amount so determined is payable by the Counterparty to the Company, then the Rate Swap Value shall be deemed to be a negative number. Without prejudice to any maximum amount in the definition of "Mandatory Redemption Amount", the obligations of the parties under the Interest Rate Swap Transaction shall be deemed to continue to the Scheduled Termination Date (as defined in the Interest Rate Swap Transaction) for the purpose of determining the Rate Swap Value.

"Skew Swap Value" means the aggregate net amount payable upon the early termination of each Skew Swap Transaction, calculated as the sum of each termination amount payable upon the early termination of each Skew Swap Transaction determined in accordance with "Market Quotation" (as such term is defined in the 1992 ISDA Master Agreement). If the aggregate net amount so determined is payable by the Company to the Counterparty, then "Skew Swap Value" shall be deemed to be a positive number, and if the amount so determined is payable by the Counterparty to the Company, then Skew Swap Value shall be deemed to be a negative number. The Skew Swap Value shall be determined by the Calculation Agent in its sole and absolute discretion, provided that in making such determination, the Calculation Agent shall not have regard to the Final Exchange provisions of the Skew Swap Interest Rate Swap Transaction. Without prejudice to any maximum amount in the definition of "Mandatory Redemption Amount", the obligations of the parties under the Skew Swap Interest Rate Swap Transaction shall be deemed to continue to the Scheduled Termination Date (as defined in the Skew Swap Interest Rate Swap Transaction) for the purpose of determining the Skew Swap Value.

"Transaction" shall have the meaning given to it under the Swap Agreement; and

"Transactions" shall be construed accordingly.

- 1.3 The Calculation Agent shall determine in its sole and absolute discretion, in good faith and in a commercially reasonable manner if the Notes have become subject to mandatory redemption under Condition 7(b) or 7(c), which determination shall be conclusive and binding on the Company, the Trustee, the Custodian, the Counterparty, the Noteholders, the Principal Paying Agent and all other persons and no liability shall attach to the Counterparty in respect thereof. The Calculation Agent shall have no obligation to monitor whether a Mandatory Redemption Event or an Additional Early Redemption Event has or may have occurred or be subsisting.
- 1.4 The Mandatory Redemption Amount and Early Redemption Amount shall be determined by the Calculation Agent in its sole and absolute discretion and in good faith, which determination shall, in the absence of manifest error, be conclusive and binding on all parties.

The payment of the Early Redemption Amount in respect of each Note determined as set forth above shall be in full satisfaction of all claims whether of principal, interest or otherwise accruing due at any time in respect of the Notes, whether before or after such date.

- 1.5 Condition 7(o) is added at the end of Condition 7 for the purposes of the Notes:

"(o) Suspension of Payments

- (i) Notwithstanding any other provisions in these Conditions, if the Counterparty, in its sole and absolute discretion, determines under the Skew Swap Interest Rate Swap Transaction and/or the Interest Rate Swap Transaction that the Collateral Issuer shall have failed to make any payment under the Collateral on the originally scheduled date for such payment or in the originally scheduled amount of such payment, no payment of principal or interest on the Notes shall be made by the Company during the applicable Collateral Grace Period (as defined below), unless the Counterparty, in its sole and absolute discretion, determines under the Skew Swap Interest Rate Swap Transaction and/or the Interest Rate Swap Transaction that such failure has been remedied by the Collateral Issuer prior to the end of such Collateral Grace Period. The Company shall notify the Noteholders of any such suspension of payment during the applicable Collateral Grace Period. Notwithstanding the foregoing, if the

Counterparty, in its sole and absolute discretion, determines under the Skew Swap Interest Rate Swap Transaction and/or the Interest Rate Swap Transaction that the Collateral Issuer shall have remedied such failure prior to the end of such Collateral Grace Period, the balance of the principal or interest that would otherwise have been payable shall be due on the second Relevant Business Day after the date on which the Counterparty determines under the Skew Swap Interest Rate Swap Transaction and/or the Interest Rate Swap Transaction that such failure has been remedied. In determining whether a payment failure has (or may have) occurred, the Counterparty may, without limitation, rely on evidence of non-receipt of funds. Nothing herein shall require a payment in respect of the Notes on a date earlier than it would otherwise be due. Noteholders and Couponholders shall not be entitled to a further payment of any nature as a consequence of the fact that payment of principal or interest is postponed pursuant to this paragraph.

For the purposes of these Conditions, a "**Collateral Grace Period**" means the applicable grace period with respect to payments as set out in the terms and conditions of the Collateral on the Issue Date (without regard to any amendments thereafter).

- (ii) Notwithstanding any other provisions in these Conditions, if the Counterparty, in its sole and absolute discretion, determines under the Skew Swap Interest Rate Swap Transaction and/or the Interest Rate Swap Transaction that facts exist which may or would with the passing of time (assuming the expiration of any applicable Collateral Grace Period) amount to a Collateral Event, then no payment of principal or interest shall be made by the Company in respect of the Notes during the Suspension Period (as defined in the Skew Swap Interest Rate Swap Transaction). If at any time during the Suspension Period the Calculation Agent, in its sole and absolute discretion, determines that a Mandatory Redemption Event or an early redemption event has occurred, then the provisions of Condition 7(b) and Condition 7(c) and the terms set out under "Early Redemption Amount or Redemption Amount on early redemption" in paragraph 21 above shall apply. If on the final Relevant Business Day of the Suspension Period no such determination and designation has been made, then the balance of the principal or interest (if any) that would otherwise have been payable in respect of the Notes shall be due on the second Relevant Business Day after the final Relevant Business Day of the Suspension Period. Noteholders or Couponholders shall not be entitled to a further payment as a consequence of the fact that payment of principal or interest is postponed pursuant to this paragraph.

2. **Noteholder Collateral Replacement Option**

Noteholders together holding more than 50 per cent. of the outstanding principal amount of the Notes (the "**Proposing Noteholders**") may request that the Collateral is replaced with Replacement Collateral (subject to compliance with the Replacement Collateral Criteria) (the "**Proposed Replacement**") by (i) delivery of a Collateral Replacement Request Notice at any time from, and including, the Issue Date to, but excluding, the date that is 20 Relevant Business Days prior to the Maturity Date to the Company, the Calculation Agent, the Principal Paying Agent, the Counterparty, the Custodian and the Trustee (the "**Transaction Parties**") and (ii) compliance with the procedure set out below.

2.1 **Noteholder Collateral Replacement Option Procedure**

- (A) Within five relevant Business Days of receipt of the Collateral Replacement Request Notice, the Calculation Agent, acting on behalf of the Company, will determine (i) whether the Replacement Collateral is Eligible Collateral and, if so, (ii) all costs and expenses that will be incurred by the Transaction Parties in relation to such replacement (the "**Replacement Cost**"). For the avoidance of doubt, the Trustee shall not be responsible for monitoring that the Replacement Collateral Criteria (as defined below) are met, nor for monitoring the determinations of the Calculation Agent under this paragraph.

- (B) In accordance with (A) above if the Calculation Agent determines that:
- (1) the Replacement Collateral is not Eligible Collateral then it will notify the Proposing Noteholders and the Transaction Parties of such decision and no further action shall be taken regarding the Proposed Replacement; or
 - (2) the Replacement Collateral is Eligible Collateral then it will deliver a Collateral Replacement Acceptance Notice to all Noteholders and the Transaction Parties.
- (C) On receipt of the Collateral Replacement Acceptance Notice the Proposing Noteholders shall, within five Relevant Business Days of the date of such Collateral Replacement Acceptance Notice (the "**Collateral Replacement Date**"):
- (1) deliver the Replacement Collateral to or to the order of the Company to the account notified by or on behalf of the Company upon request by a relevant Noteholder and the Custodian shall confirm receipt of the collateral to the Calculation Agent; and
 - (2) pay the Replacement Cost as determined by the Calculation Agent to such Transaction Party (who will confirm such payment to the Calculation Agent) and to such account as is notified by the Calculation Agent.
- (D) If the confirmations in (C)(1) and (2) above are:
- (1) received within the time limit set out in (C) above, (i) the Calculation Agent shall notify the Company of such receipt and (ii) the Proposed Replacement shall be made and the Existing Collateral shall cease to form the Collateral and the Replacement Collateral shall be deemed to be the Collateral, and the Calculation Agent shall, on behalf of the Company, direct the Custodian to deliver the Existing Collateral to the account of the Proposing Noteholders specified in the Collateral Replacement Request Notice and; or
 - (2) not received within the time limit set out in (C) above, the Proposed Replacement shall be void and (i) any Replacement Collateral delivered to the Custodian in accordance with (C)(1) shall be returned to the Proposing Noteholders by the Custodian following instruction from the Calculation Agent acting on behalf of the Company and (ii) any Replacement Cost paid to any Transaction Party in accordance with (C)(2) above shall be returned by such Transaction Party (unless already incurred by such Transaction Party) and, for the avoidance of doubt, no interest shall be due on such amount, provided that: (i) if a Replacement Collateral Disruption Event occurs, redelivery of the Replacement Collateral shall be on the first succeeding day on which redelivery can take place following the cessation of the Replacement Collateral Disruption Event (as determined by the Calculation Agent) and no amount shall be payable by any party to the Proposed Noteholders in respect of any such delay; and (ii) the Custodian shall only be obliged to redeliver the Replacement Collateral if the Proposing Noteholders pay any costs associated with such redelivery.

Where:

"Collateral Replacement Acceptance Notice" means a notice from the Calculation Agent to the Noteholders confirming that the Replacement Collateral is Eligible Collateral and confirming (i) the Collateral Replacement Date, (ii) the Replacement Costs and (iii) the Custodian's account into which the Eligible Collateral must be delivered.

"Collateral Replacement Request Notice" means a notice in the form set out at Annex 1 hereto, specifying (a) the Replacement Collateral and (b) the contact details and details of the cash and securities accounts for the Proposing Noteholders, and including evidence satisfactory to the Calculation Agent of the Proposing Noteholders' holding of the Notes, which shall include evidence as to the nominal amount held in the Proposing Noteholders' Euroclear/Clearstream account.

"Eligible Collateral" means obligations that comply with the Replacement Collateral Criteria.

"Eligible Issuer" means Credit Suisse AG or any of its affiliates or any other issuer approved by the Calculation Agent from time to time.

- (ii) that such obligations have a rating from the same rating agency equal to or better than the rating applicable to the Existing Collateral;
- (iii) that interest accrues on the Replacement Collateral on the same interest basis as on the Existing Collateral (and, in the case of floating rate obligations, is calculated upon the same benchmark rate), and the rate of interest payable on the Replacement Collateral is not lower than the rate of interest in respect of the Existing Collateral;
- (iv) that such obligations are not amortising, partly paid, callable or puttable obligations;
- (v) that, at the time of determination, the price of Replacement Collateral, as determined by the Calculation Agent, is not more than 0.5% greater or lesser than the price of the Existing Collateral;
- (vi) that the issuer of the Replacement Collateral is an Eligible Issuer;
- (vii) that the Counterparty is satisfied that payments in respect of such Replacement Collateral shall not be subject to any withholding tax;
- (viii) that the Noteholder is the legal owner of the Replacement Collateral with full title guarantee, and has the right to transfer all rights, title and interest in such Replacement Collateral;
- (ix) that the Replacement Collateral is not subject to any lien or encumbrance;
- (x) that the Replacement Collateral is clearable through Euroclear and is not issued by an entity or from a jurisdiction with which the Company, the Custodian or the Counterparty is prohibited from having business dealings; and
- (xi) that replacement with such Replacement Collateral would not be in breach of any laws applicable to the Counterparty, the Company or such Replacement Collateral.

"Replacement Collateral" means the obligations specified as such in the Collateral Replacement Request Notice.

"Replacement Collateral Disruption Event" means an event beyond the control of the Company or the Custodian (including illiquidity in the market for the Replacement Collateral or any legal prohibition or material restriction imposed by any law, order or regulation on the ability of the Custodian to transfer or deliver the Replacement Collateral) as a result of which, in the opinion of the Calculation Agent, delivery of the Replacement Collateral by or on behalf of the Custodian is illegal or is not practicable or as a result of which the relevant clearing system cannot clear the transfer of the relevant Replacement Collateral.

3. **Selling and Transfer Restrictions**

- 3.1 The Notes may not be sold offered or issued to Taiwan resident investors unless they are made available outside Taiwan for purchase by such investors outside Taiwan.
- 3.2 The Notes may not be transferred without the prior written consent of the Company.

4. **Additional Coupon Payments**

The Company shall pay, by way of additional coupon in respect of each Note, an amount in USD equal to its pro rata proportion of any Option Transaction Index Return Payment received by the Company with respect to the Option Transaction on the immediately following Interest Payment Date, provided such date occurs at least two Business Days after the Company receives such Option Transaction Index Return Payment. If the Option Transaction Index Return Payment is received less than two Business Days prior to an Interest Payment Date such amount shall be paid on the next following Interest Payment Date thereafter or any earlier date selected by the Calculation Agent (on behalf of the Company) in its sole and absolute discretion; provided that, (a) no additional amount (in the form of interest or otherwise) shall be paid in respect of such Option Transaction Index Return Payment as a result of such delay in payment; and (b) in the case of any redemption of the Notes at maturity or otherwise the Option Transaction Index Return Payment shall be paid no later than the date on which redemption of the Notes shall be effected. The Option Transaction Index Return Payment will be allocated among the Noteholders on a pro rata basis.

For these purposes:

"Option Transaction Index Return Payment" means the amount in USD received by the Company (or by the Custodian on its behalf) from the Counterparty in connection with the Option Transaction during any Calculation Period (as defined thereunder), such amounts expected to be received on or about 18 March, 18 June, 18 September and 18 December in each year, commencing on or about 18 September 2012 to and including 18 December 2017.

5. **Index Disclaimer**

Noteholders should be aware that the Notes are not sponsored, endorsed, sold or promoted by any Index or Option Transaction Index or the sponsor(s) thereof and that no sponsor of any Index or Option Transaction Index makes any representation whatsoever, whether express or implied, either as to the results to be obtained from the use of an Index, an Option Transaction Index and/or the levels at which such Index or Option Transaction Index stands at any particular time on any particular date or otherwise. 6. **Governing Law**

The Notes (and any dispute, controversy, proceedings or claim of whatever nature (whether contractual, non contractual or otherwise) arising out of or in connection or in any way relating to the Notes or their formation) shall be governed by and construed in accordance with English law. In relation to any legal action or proceedings arising out of or in connection with the Notes ("**Proceedings**"), the Company hereby irrevocably submits to the exclusive jurisdiction of the English courts and waives any objection to Proceedings in such courts whether on the ground that the Proceedings have been brought in an inconvenient forum or otherwise. Notwithstanding the above, any termination amount payable upon an early termination (other than pursuant to a Credit Event) of any Transaction comprising the Skew Swap Transaction shall be subject to Section 2(c) only (if applicable) and not the Netting Provisions.

20 June 2012

Dear Sirs,

Sherlock Limited: Series 221 USD 10,000,000 Leveraged Skew Notes with Credit Suisse Interest Rate Multi Strategy Basket overlay due December 2017

The purpose of this letter agreement (this "**Confirmation**") is to confirm the terms and conditions of 121 Credit Derivative Transactions entered into on the Trade Date specified below (each a "**Transaction**") between Credit Suisse International ("**Party A**") and Sherlock Limited, a company incorporated with limited liability in Jersey ("**Party B**"). This Confirmation, including the Schedule hereto, constitutes a "Confirmation" with respect to each such Transaction as referred to in the Agreement specified below.

The definitions and provisions contained in the 2003 ISDA Credit Derivatives Definitions as supplemented by the May 2003 Supplement and the 2005 Matrix Supplement to the 2003 ISDA Credit Derivatives Definitions (the "**2005 Matrix Supplement**"), each as published by the International Swaps and Derivatives Association, Inc. (together, the "**Credit Derivatives Definitions**"), are incorporated into this Confirmation, subject to modifications and exclusions below. In the event of any inconsistency between the Credit Derivatives Definitions and this Confirmation, this Confirmation will govern.

This Confirmation constitutes a "Confirmation" as referred to in, and supplements, forms part of and is subject to, the 1992 ISDA Master Agreement and schedule thereto between Party A and BOATS Rated Investments (Jersey) Limited dated as of 14 November 2003, which the Company has agreed to be bound by pursuant to an amended and restated acceptance deed dated 14 November 2003 (the "**Agreement**"). All provisions contained in the Agreement govern this Confirmation except as expressly modified below.

Words and expressions defined in the terms and conditions of Party B's Series 221 USD 10,000,000 Leveraged Skew Notes with Credit Suisse Interest Rate Multi Strategy Basket overlay due December 2017 (the "**Notes**") (as the same may be amended, modified or supplemented from time to time, the "**Conditions**"), shall bear the same meanings in this Confirmation and in the event of any inconsistency between words and expressions defined in the Conditions and words and expressions defined in this Confirmation, this Confirmation will govern.

Party A and Party B agree that the amendments contained in Part 1 and Part 6 of Schedule 1 to the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring CDS Protocol, as published by ISDA (the "**Protocol**") as amended from time to time pursuant to paragraph 4(h) of the Protocol shall, notwithstanding anything to the contrary in the Protocol, apply to this Confirmation and the Transaction; provided that (a) for purposes of Part 1 of Schedule 1 to the Protocol, the Transaction shall be deemed to be a Protocol Covered Transaction and (b) the reference in Part 6 of Schedule 1 to the Protocol to the "relevant Amendment Effective Date" will be deemed to be a reference to the Trade Date.

Party A and Party B have, (i) pursuant to a confirmation dated 20 June 2012, entered into a portfolio credit default swap transaction in respect of the Markit CDX North America Investment Grade Index Series 9 (the "**Markit CDX North America Credit Default Swap Transaction**"); (ii) pursuant to a confirmation dated 20 June 2012, entered into an interest rate swap transaction (the "**Skew Swap Interest Rate Swap Transaction**"); and (iii) pursuant to this confirmation, entered into a series of single name credit default swap transactions (the "**Single Name Credit Default Swap Transactions**") and together with the Markit CDX North America Credit Default Swap Transaction and the Skew Swap Interest Rate Swap Transaction, the "**Skew Swap Transaction**").

If the Fallback Settlement Method applies in respect of a Component Transaction in accordance with Section 12.1 of the Credit Derivatives Definitions and if the Floating Rate Payer Calculation Amount of the relevant Component Transaction as at the Event Determination Date is less than USD 50,000, then, notwithstanding that the Fallback Settlement Method is Physical Settlement, the Fallback Settlement Method in respect of such Component Transaction shall be deemed to be Cash Settlement.

Deliverable Obligation is as specified in Section 2.16 of the Credit Derivatives Definitions.

5.5 **Restriction on Delivery of Credit Event Notice and Succession Event Notice**

Notwithstanding anything to the contrary in the Credit Derivatives Definitions or this Confirmation, neither Buyer nor Seller may deliver a Credit Event Notice or a Succession Event Notice unless a notice has previously been delivered to ISDA in accordance with the Rules requesting that the relevant Credit Derivatives Determinations Committee be convened to Resolve the matters described in Section 1.24(a) and (b) of the Credit Derivatives Definitions or Section 2.2(j)(i) and (ii) of the Credit Derivatives Definitions, as applicable, with respect to the facts described in such Credit Event Notice or Succession Event Notice, as applicable, and ISDA has publicly announced that either (a) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters or (b) the conditions to convening the relevant Credit Derivatives Determinations Committee to Resolve such matters have not been satisfied in accordance with the Rules. Any Credit Event Notice or Succession Event Notice delivered in breach of the requirements in this Paragraph shall be deemed not to have been delivered.

5.6 **Transfer and termination of Component Transactions**

- (a) Without prejudice to the generality of Section 7 of the Agreement (as defined in the relevant Confirmation), and, if applicable, subject to sub-paragraph (b) below, each Component Transaction (or any part thereof) (the "**Relevant Component Transaction**") may only be transferred (by way of assignment, novation or otherwise) or terminated prior to the Scheduled Termination Date together with an equal part of each other Component Transaction forming part of this Transaction.
- (b) If the Markit CDX North America Credit Default Swap Transaction relates to an Index with an effective date prior to September 20, 2008, upon the occurrence of an Event Determination Date in respect of a Component Transaction (the "**Isolated Transaction**"), the Isolated Transaction shall cease to constitute a Component Transaction for the purposes of (a) above and upon satisfaction of the Conditions to Settlement in respect of the Isolated Transaction, the Isolated Transaction will be settled in accordance with its terms. Unless the parties expressly agree otherwise, a transfer (by way of assignment, novation or otherwise) or termination (other than, where applicable, pursuant to the designation of an Early Termination Date) of this Transaction shall not include the Isolated Transaction.

5.7 **Amendment to Annex 1**

Annex 1 will be deemed amended from time to time to reflect any modifications required under Section 2.2(d) and 2.30 of the Credit Derivatives Definitions (as amended hereby) and the "Reference Obligation(s)" provisions above.

5.8 **Succession Event Backstop Date**

If the Markit CDX North America Credit Default Swap Transaction relates to an Index with an effective date prior to June 20, 2009, then for the purposes of any determination as to whether a Succession Event has occurred in respect of a Reference Entity under this Transaction, if a Succession Event Resolution Request Date occurred before June 20, 2009, the Succession Event Backstop Date with respect to such Reference Entity shall be deemed to be the Effective Date of the Index, as set forth in the Relevant Annex (each as defined in the Markit CDX North America Credit Default Swap Transaction).

5.9 **Netting**

If on any date, (i) the same aggregate amount would otherwise be payable in the same currency and in respect of the Transactions comprising the Skew Swap Transaction by each party to the other; or (ii) the same asset would otherwise be deliverable in the same principal amount in respect of the Transactions comprising the Skew Swap Transaction by each party to the other,

then, on such date, each party's obligation to make payment of such amount or delivery of such asset will be automatically satisfied and discharged (the "**Netting Provisions**").

Party A and Party B agree that the Netting Provisions shall apply to all payments and deliveries to be made under all Transactions comprising the Skew Swap Transaction (including but not limited to any obligations to make payments or deliveries upon the occurrence of a Credit Event under each such Transaction comprising the Skew Swap Transaction) such that neither party shall be obliged to make any payments or deliveries under Section 2(a)(i) in respect of any Transaction comprising the Skew Swap Transaction other than on a net basis. Each party further agrees to any amendment to the terms and conditions of any Transaction comprising the Skew Swap Transaction (including but not limited to the date on which any payment or delivery is to be made) such that the Netting Provisions apply to each payment or delivery under each such Transaction comprising the Skew Swap Transaction. For the avoidance of doubt, upon the occurrence of a Credit Event under any Transaction comprising the Skew Swap Transaction, no payment or delivery shall be made by either party under any Transaction comprising the Skew Swap Transaction to the extent the Netting Provisions apply.

Notwithstanding the above, any termination amount payable upon an early termination (other than pursuant to a Credit Event) of any Transaction comprising the Skew Swap Transaction shall be subject to Section 2(c) only (if applicable) and not the Netting Provisions.

5.10 **Separate Agreements**

Paragraph (q) of Part 1 of the Schedule to the Agreement shall be deleted in its entirety and replaced with the following:

"(q) Separate Agreements

Section 1(c) shall be deleted and replaced with the following:

"Notwithstanding anything to the contrary in this Agreement, each Transaction in relation to the Interest Rate Swap Transaction, the Option Transaction and the Skew Swap Transaction is entered into on the basis that the provisions of this Agreement are incorporated by reference into the corresponding Confirmation relating to each such Transaction so that this Agreement and each such relevant Confirmation shall form a single agreement with respect to all such Transactions, and "Transaction" and "Agreement" shall be interpreted accordingly. This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together other than as specifically set out above (and accordingly, this Agreement shall not be construed to form a single agreement with the Confirmations in relation to the Interest Rate Swap Transaction, the Option Transaction and the Skew Swap Transaction, together with a Confirmation in relation to the Series of any other Notes). It is understood that the parties would not otherwise enter into any Transaction. References to this "Agreement" in respect of each Transaction mean this document together with the Confirmation relating to that Transaction."

5.11 **Change to Markit CDX North America Investment Grade Index Series 9**

In the event that there is a change to the weighting or to any other element of Markit CDX North America Investment Grade Index Series 9, then the Calculation Agent may, in its sole and absolute discretion, make such other amendments to one or more of the Single Name Credit Default Swap Transactions (including with respect to the Reference Entity Notional Amount) such that the corresponding terms of each Single Name Credit Default Swap Transaction, taken in the aggregate, replicate the terms of Markit CDX North America Credit Default Swap Transaction, as determined by the Calculation Agent in its sole and absolute discretion.

5.12 **Matching Payment and Delivery Obligations**

Any notice given or option exercised in respect of a Single Name Credit Default Swap Transaction shall be deemed also to be given in respect of the Markit CDX North America Master Transaction, and vice versa, such that the payment and delivery obligations of the parties under that Transaction and the Markit CDX North America Master Transaction shall be equal and opposite.

2. **Special Provisions**

2.1 **Calculation Agent**

The Calculation Agent shall not be obliged to provide a written computation showing its calculation of any amounts payable under this Transaction and shall not be obliged to consult with Party B.

2.2 **Separate Agreements**

Paragraph (q) of Part 1 of the Schedule to the Agreement shall be deleted in its entirety and replaced with the following:

"(q) **Separate Agreements**

Section 1(c) shall be deleted and replaced with the following:

"Notwithstanding anything to the contrary in this Agreement, each Transaction in relation to the Interest Rate Swap Transaction, the Option Transaction and the Skew Swap Transaction is entered into on the basis that the provisions of this Agreement are incorporated by reference into the corresponding Confirmation relating to each such Transaction so that this Agreement and each such relevant Confirmation shall form a single agreement with respect to all such Transactions, and "Transaction" and "Agreement" shall be interpreted accordingly. This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together other than as specifically set out above (and accordingly, this Agreement shall not be construed to form a single agreement with the Confirmations in relation to the Interest Rate Swap Transaction, the Option Transaction and the Skew Swap Transaction, together with a Confirmation in relation to the Series of any other Notes). It is understood that the parties would not otherwise enter into any Transaction. References to this "Agreement" in respect of each Transaction mean this document together with the Confirmation relating to that Transaction."

2.3 Counterparty Optional Termination

For the purposes of this Transaction, Part 1(r) of the Schedule to the Agreement shall be deleted and replaced with the following:

"(r) Counterparty Optional Termination. Notwithstanding Section 6 of the Agreement, Party A may at its option, by service of written notice on Party B (an "**Optional Termination Notice**"), terminate the relevant Transaction in whole or in part and without payment by either party, with effect from the day specified in such notice, or if such day is not a Business Day the next following such day (the "**Value Date**"), if any Notes to which that Transaction relates are purchased by or on behalf of Party A or any of its subsidiaries or affiliates ("**Purchased Notes**"). Such Transaction shall terminate pro rata in the proportion (the "**Proportion**") that the aggregate outstanding principal amount of the Purchased Notes bears to the aggregate principal amount of Notes outstanding immediately prior to the purchase of the Purchased Notes by Party A or any of its subsidiaries or affiliates, and the Notional Amount and all future payment obligations of Party A and Party B under the Transaction shall be reduced by that Proportion. Upon service of the Optional Termination Notice, Party B shall be obliged to transfer to Party A on the Value Date a nominal amount of Collateral equal to that Proportion of the Collateral and the Collateral shall be reduced accordingly. Upon receipt of such Collateral, Party A shall deliver the Purchased Notes to the Principal Paying Agent for cancellation and no amount in respect of the mark-to-market value of the transaction will be payable by or to Party A in these circumstances."

2.4 Collateral Grace Period and Suspension of Payments

If Party A, in its sole and absolute discretion, determines under this Transaction that the Collateral Issuer (as defined in the Notes) shall have failed to make any payment under the Collateral on the originally scheduled date for such payment or in the originally scheduled amount of such payment, no payment shall be made by Party A during the applicable Collateral Grace Period (as defined in the Notes) under this Transaction, unless Party A, in its sole and absolute discretion, determines that such failure has been remedied by the Collateral Issuer prior to the end of such Collateral Grace Period. If Party A, in its sole and absolute discretion, determines under this Transaction that the Collateral Issuer shall have remedied such failure prior to the end of such Collateral Grace Period, the balance of the payment that would otherwise have been payable under this Transaction shall be due on the second Business Day after the date on which Party A determines under this Transaction that such failure has been remedied. In determining whether a payment failure has (or may have) occurred, Party A may, without limitation, rely on evidence of non-receipt of funds.

If Party A, in its sole and absolute discretion, determines that facts exist which may or would with the passing of time (assuming the expiration of any applicable Collateral Grace Period) amount to a Collateral Event, no payment shall be made by it under this Transaction for the period of ten Business Days following such determination (the "**Suspension Period**"). At any time during the Suspension Period, Party A, in its sole and absolute discretion, may determine that a Mandatory Redemption Event or an Additional Early Redemption Event has occurred. If on the final Business Day of the Suspension Period no such determination and designation has been made, then two Business Days thereafter, Party A shall pay the balance of the scheduled payment that was otherwise due by it under this Transaction. Party B shall not be entitled to a further payment as a consequence of the fact that payment is postponed pursuant to this paragraph.

For the avoidance of doubt, any suspension of payment(s) in accordance with this Clause 2.5 applies to payment(s) and deliveries by Party A only and the payment(s) and deliveries of Party B (if any) under this Transaction shall not be affected.

Successor Option Transaction Index:	<p>If the Option Transaction Index is: (i) not calculated and announced by the Option Transaction Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent; or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Option Transaction Index, then in each case that index (the "Successor Option Transaction Index") will be deemed to be the Option Transaction Index.</p> <p>The Calculation Agent shall notify Party A and Party B, and, on behalf of Party B, the Trustee, the Agents and the Noteholders accordingly.</p>
Option Transaction Index Cancellation:	If, on or prior to the final Floating Rate Payer Payment Date, the Option Transaction Index Sponsor announces that it permanently cancels the

Option Transaction Index and no Option Transaction Successor Index exists, Replacement will be deemed to apply.

Index Modification and Failure to Publish:

If, (i) on or prior to the final Floating Rate Payer Payment Date, the Option Transaction Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Option Transaction Index or in any other way materially modifies that Option Transaction Index (other than any changes contemplated by the Option Transaction Index Rules), or (ii) on any Option Transaction Index Business Day during the Term of the Transaction, the Option Transaction Index Sponsor fails to calculate or announce the level of the Option Transaction Index, the Calculation Agent shall determine if such event has a material effect on the Transaction and, if so, shall calculate the relevant Option Transaction Index Value using, in lieu of a published level for that Option Transaction Index, the level for that Option Transaction Index as at the relevant Option Transaction Index Business Day as determined by the Calculation Agent in accordance with the formula for and method of calculating that Option Transaction Index last in effect prior to the change, provided however that if the Calculation Agent determines in good faith that no adjustment that could be made to the terms of the Transaction will produce a commercially reasonable result, Replacement will be deemed to apply.

Correction to the Option Transaction Index:

In the event that an Option Transaction Index Value which is utilised for any calculation or determination made under this Transaction is subsequently corrected and the correction is published by the Option Transaction Index Sponsor within thirty Option Transaction Index Business Days after the original publication, or if earlier the due date for redemption in whole of the Notes, either party may notify the other party of that correction and the Calculation Agent will determine the amount that is payable or deliverable as a result of that correction and, to the extent necessary, will adjust the terms of the Transaction to account for such correction (including, without limitation, by reducing or increasing the Floating Amount on any date subsequent to the notification of such correction to make an appropriate adjustment to reflect any prior payment by Party A made hereunder being greater than (or less than) would otherwise have been the case had the Option Transaction Index Value not required any such correction).

The Calculation Agent shall notify Party A and Party B, and, on behalf of Party B, the Trustee, the Agents and the Noteholders accordingly.

Replacement:

If Replacement is deemed to apply, the Calculation Agent shall, by notice to Party B, request Party B to select a Substitute Payout from the Proposed Replacement List.

The Substitute Payout will replace the Floating Amount with effect from the third Business Day following the date of such notice and the Calculation Agent shall adjust the terms of the Transaction accordingly in its sole and absolute discretion acting reasonably.

where:

"Proposed Replacement List" means a list of proposed Substitute Payouts provided by Party A to the Calculation Agent and Party B, which shall be constructed at the sole discretion of Party A with the intention of maintaining the economics of the Transaction to the extent practicable.

3. **Increased Cost of Hedging**

Upon the occurrence of an Increased Cost of Hedging, Party A may give notice to Party B that such increased costs have been incurred and that Party A is either electing to make a Price Adjustment to the Transaction or that Party A is electing to terminate the Transaction, specifying the date of such termination, which may be the same day that the notice of termination is effective. If Party A elects to terminate the Transaction, it will determine the net amount payable under Section 6(e) of the Agreement by one party to the other, on the basis the date of termination is an Early Termination Date designated following an Additional Termination Event in respect of which Party B is the sole Affected Party and the Transaction is the sole Affected Transaction (and such Disruption Event shall be deemed to be an Additional Termination Event). Such net amount under Section 6(e) of the Agreement shall be payable on the earlier of (i) the Early Redemption Date or any other date on which all of the Notes are redeemed, and (ii) the Maturity Date.

4. **Change in Law/Hedging Disruption**

Upon the occurrence of a Change in Law or Hedging Disruption, Replacement shall apply, provided that, if, in the opinion of Party A, a Change in Law would not cease to subsist following implementation of a Replacement, Party A may give notice that it elects to terminate the Transaction, specifying the date of such termination, which may be the same day that the notice of termination is effective. If Party A elects to terminate the Transaction, it will determine the net amount payable under Section 6(e) of the Agreement by one party to the other, on the basis the date of termination is an Early Termination Date designated following an Additional Termination Event in respect of which Party B is the sole Affected Party and the Transaction is the sole Affected Transaction (and such Disruption Event shall be deemed to be an Additional Termination Event). Such net amount under Section 6(e) of the Agreement shall be payable on the earlier of (i) the Early Redemption Date or any other date on which all of the Notes are redeemed, and (ii) the Maturity Date.

5. **Suspension of Payments**

Special Provision 2.5 of the Skew Swap Interest Rate Swap Transaction shall apply mutatis mutandis to this Transaction.

6. **Counterparty Optional Termination**

For the purposes of this Transaction, Part 1(r) of the Schedule to the Agreement shall be deleted and replaced with the following:

"(r) Counterparty Optional Termination. Notwithstanding Section 6 of the Agreement, Party A may at its option, by service of written notice on Party B (an "**Optional Termination Notice**"), terminate the relevant Transaction in whole or in part and without payment by either party, with effect from the day specified in such notice, or if such day is not a Business Day the next following such day (the "**Value Date**"), if any Notes to which that Transaction relates are purchased by or on behalf of Party A or any of its subsidiaries or affiliates ("**Purchased Notes**"). Such Transaction shall terminate pro rata in the proportion (the "**Proportion**") that the aggregate outstanding principal amount of the Purchased Notes bears to the aggregate principal amount of Notes outstanding immediately prior to the purchase of the Purchased Notes by Party A or any of its subsidiaries or affiliates, and the Notional Amount and all future payment obligations of Party A and Party B under the Transaction shall be reduced by that Proportion. Upon service of the Optional Termination Notice, Party B shall be obliged to transfer to Party A on the Value Date a nominal amount of Collateral equal to that Proportion of the Collateral and the Collateral shall be reduced accordingly. Upon receipt of such Collateral, Party A shall deliver the Purchased Notes to the Principal Paying Agent for cancellation and no amount in respect of the mark-to-market value of the transaction will be payable by or to Party A in these circumstances."

7. **Separate Agreements**

Paragraph (q) of Part 1 of the Schedule to the Agreement shall be deleted in its entirety and replaced with the following:

"(q) **Separate Agreements**

Section 1(c) shall be deleted and replaced with the following:

"Notwithstanding anything to the contrary in this Agreement, each Transaction in relation to the Interest Rate Swap Transaction, the Option Transaction and the Skew Swap Transaction is entered into on the basis that the provisions of this Agreement are incorporated by reference into the corresponding Confirmation relating to each such Transaction so that this Agreement and each such relevant Confirmation shall form a single agreement with respect to all such Transactions, and "Transaction" and "Agreement" shall be interpreted accordingly. This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together other than as specifically set out above (and accordingly, this Agreement shall not be construed to form a single agreement with the Confirmations in relation to the Interest Rate Swap Transaction, the Skew Swap Transaction and the Option Transaction, together with a Confirmation in relation to the Series of any other Notes). It is understood that the parties would not otherwise enter into any Transaction. References to this "Agreement" in respect of each Transaction mean this document together with the Confirmation relating to that Transaction."

8. **Definitions**

"**Change in Law**" means that, on or after the Trade Date of this Transaction (a) due to the adoption of or any change in applicable law or regulation (including, without limitation, any tax law) or (b) the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including action taken by a taxing authority) the Calculation Agent determines in good faith that (i) it has become illegal to enter into, hold, acquire or dispose of the swaps underlying the Option Transaction Index; (ii) it has become illegal for the Option Transaction Index Calculation Agent

(as defined in the Option Transaction Index Rules) to perform its duties; or (iii) Party A will incur a materially increased cost in performing its obligations pursuant to this Transaction (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

"Disruption Event" means the occurrence, as determined by the Calculation Agent in its sole and absolute discretion, of any of the following events:

- (a) Change in Law; or
- (b) Hedging Disruption; or
- (c) Increased Cost of Hedging.

"Hedging Disruption" means that Party A is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the market risk (including but not limited to the interest rate swap price risk and currency risk) of entering into and performing its obligations with respect to this Transaction, or (b) realize, recover or remit the proceeds of any such transaction(s) or asset(s).

"Increased Cost of Hedging" means that Party A would incur a materially increased (as compared with circumstances existing as of the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that it deems necessary to hedge the market risk (including but not limited to the interest rate swap price risk and currency risk) of entering into and performing its obligations with respect to such hedging transaction, or (b) realize, recover or remit the proceeds of any such transaction(s) or asset(s), provided that (i) any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of such party shall not be deemed to be an Increased Cost of Hedging in respect of this Transaction.

"Option Transaction Index Value Correction Amount" means an amount, determined by the Calculation Agent in its sole and absolute discretion, equal to the amount of any adjustments made to the amounts payable by Party A hereunder pursuant to the "Correction to the Option Transaction Index" provisions above (to the extent not already taken in account) where such amount shall be (i) negative if deemed to be an adjustment resulting in an additional payment to be paid by Party A; or (ii) positive if deemed to be an adjustment resulting in Party A having paid an excessive amount and entitled to a return of such excessive amount.

"Price Adjustment" means an adjustment to the Floating Amount or other variable with respect to the Transaction, as determined by the Calculation Agent in its sole discretion.

References in the terms and conditions to the "Counterparty" and the "Swap Agreement" shall only be applicable if the relevant Series Memorandum indicates that the Company has entered into a Swap Agreement relating to the Notes.

The Notes are constituted and secured by a supplemental trust deed dated the Issue Date (the "Supplemental Trust Deed") and made between the Company, J.P. The Principal Trust Deed and the Supplemental Trust Deed are referred to together as the "Trust Deed". References in these Conditions to the "Custodian" and the "Custody Agreement" shall be construed accordingly. Statements in these terms and conditions as amended and supplemented by the relevant Supplemental Trust Deed, and as described in the relevant Series Memorandum (the "Conditions") are subject to the detailed provisions of the Trust Deed and the Agency Agreement, copies of which are available for inspection at the registered office of the Trustee, being at the date hereof Trinity Tower, 9 Thomas More Street, London E1W 1YT and the specified offices of the Paying Agents. The Company has executed a deed (the "Acceptance Deed") under which it has become bound by the Master Documents (including the Principal Trust Deed) as defined in such Acceptance Deed. Full details of the relevant Mortgaged Property will be set out in the relevant Supplemental Trust Deed for the relevant Series.

Capitalised terms used but not defined in these Conditions or the Principal Trust Deed shall have the meanings or values attributed to them in the relevant Supplemental Trust Deed unless the context otherwise requires or unless otherwise stated.

1 Form, Denomination and Title

The Notes are serially numbered and issued in bearer form ("Bearer Notes") in the denomination of the Denominations(s) or in registered form ("Registered Notes") in amounts of the Minimum Denomination or such integral multiples of a stated amount in excess thereof ("Authorised Denominations") as are specified in the relevant Supplemental Trust Deed. "Minimum Denomination" means in the case of Registered Notes USD100,000 or its nearest rounded equivalent in the Relevant Currency (or such other amount as is specified in the relevant Supplemental Trust Deed). All Registered Notes of the same Series shall have the same Authorised Denomination.

Bearer Notes are issued with Coupons attached save in the case of Notes which do not bear interest in which case references to interest (other than in relation to interest due after the due date for redemption in respect of overdue amounts of principal) and Coupons in these Conditions are not applicable.

Registered Notes are represented by registered certificates ("Individual Certificates"), each Individual Certificate representing a holding of one or more Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons appertaining thereto shall pass by delivery. Title to the Registered Notes shall pass by assignment and registration in the register which the Company shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement. Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Bearer Note or Coupon shall be deemed to be and may be treated as the absolute owner of such Note or Coupon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other purposes, whether or not such Note or Coupon shall be overdue and notwithstanding any notice of ownership, theft or loss thereof or any writing thereon made by anyone.

In these Conditions "Noteholder" means (i) the holder of any definitive Bearer Note or (ii) the person in whose name a Registered Note is registered and "Couponholder" means the holder of any Coupon.

The Company, the Trustee and each Paying Agent shall deem and treat each Noteholder and Couponholder as the absolute owner of the relevant Note or Coupon (whether or not such Note or such Coupon shall be overdue and notwithstanding any notice of ownership or writing thereon) for the purpose of making payments and for all other purposes.

2 Exchanges of Bearer Notes and Transfers of Registered Notes

(a) Exchange of Bearer Notes

Subject as provided in Condition 2(e), Bearer Notes may be exchanged for the same aggregate principal amount of Registered Notes of an Authorised Denomination at the request in writing of the relevant Noteholder and upon surrender of each Bearer Note to be exchanged, together with all unmatured Coupons relating to it, at the specified office of the Registrar or any Transfer Agent; provided, however, that where a Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 8(b)(ii)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Denomination may not be exchanged for Bearer Notes of another Denomination.

(b) Transfer of Registered Notes

A Registered Note may be transferred in whole or in part in an Authorised Denomination upon the surrender of the Individual Certificate representing such Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar or any Transfer Agent. In the case of a transfer of part only of a holding of Registered Notes represented by one Individual Certificate, a new Individual Certificate in respect of the balance not transferred will be issued to the transferor.

(c) Exercise of Options or Partial Redemption in respect of Registered Notes

In the case of an exercise of a Company's option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Individual Certificate, a new Individual Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Individual Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Individual Certificates shall only be issued against surrender of the existing Individual Certificates to the Registrar or any Transfer Agent.

(d) Delivery of new Registered Notes

Each new Individual Certificate to be issued upon exchange of Bearer Notes or transfer of Registered Notes will within seven business days (being a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Transfer Agent or the Registrar to whom such request for exchange or form of transfer shall have been delivered) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom such delivery shall have been made or, at the option of the holder making such delivery as aforesaid and as specified in the relevant request for exchange or form of transfer, be mailed at the risk of the holder entitled to the new Individual Certificate to such address as may be specified in such request for exchange or form of transfer.

(e) Exchange free of charge

Exchange of Notes or Individual Certificates on registration or transfer will be effected without charge by or on behalf of the Company, the Registrar or the Transfer Agents, but upon payment (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require) in respect of any tax, duty or other governmental charges which may be imposed in relation to such registration or transfer.

(f) Closed periods

No Noteholder may require the transfer of a Registered Note to be registered or a Bearer Note to be exchanged for a Registered Note (i) during the period of 15 days ending on the

due date for any payment of principal on that Note, (ii) during the period of 15 days prior to any date on which Notes may be drawn for redemption by the Company at its option pursuant to Condition 7(f) or (iii) after any such Note has been drawn for redemption in whole or in part. A Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Individual Certificate is simultaneously surrendered not later than the relevant Record Date.

The Notes and the Coupons are secured obligations of the Company and rank and will rank *pari passu* without any preference among themselves. - (iii)* an assignment by way of first fixed charge of the Company's rights, title and interest under the Agency Agreement, to the extent that such rights relate to sums held to meet payments due in respect of the Notes and a first fixed charge over all sums held by the Principal Paying Agent to meet payments due in respect of the Notes;

Cash flows generated by the Charged Assets and the Swap Agreement (if any) will be utilised by the Company in making payments in respect of the Notes.

If specified in the relevant Supplemental Trust Deed some or all of the Collateral will be held by the Custodian (which expression shall include any additional or other Custodians from time to time appointed) on behalf of the Company subject to the charge referred to above. The Company reserves the right at any time with the prior written approval of the Trustee and the Counterparty (if any) to change the Custodian. Notice of such change shall be given to the Noteholders in accordance with Condition 13. The Company is not obliged to insure or procure the insurance of the Collateral for any purposes.

If "Counterparty Priority" is specified in the relevant Supplemental Trust Deed and Series Memorandum to be applicable:

- (i) firstly, in making any termination payment due to the Counterparty in accordance with the Swap Agreement (which for this purpose shall include any claim of the Custodian for reimbursement in respect of payments made to the Counterparty relating to sums receivable on the Collateral); and
- (ii) secondly, rateably in meeting the claims of the Noteholders and (if applicable) the Couponholders (which for this purpose shall include any claim of the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to the relevant holders of Notes or Coupons). If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them pro rata on the basis of the amount due to each party entitled to such payment.

If "Pari Passu Ranking" is specified in the relevant Supplemental Trust Deed and Series Memorandum to be applicable, rateably in making any termination payment due to the Counterparty under the Swap Agreement (which for this purpose shall include any claim of the Custodian for reimbursement in respect of payments made to the Counterparty relating to sums receivable on the Collateral) and in meeting the claims of the Noteholders and (if applicable) the Couponholders (which for this purpose shall include any claim of the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to the relevant holders of Notes or Coupons). If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them pro rata on the basis of the amount due to each party entitled to such payment.

If "Noteholder Priority" is specified in the relevant Supplemental Trust Deed and Series Memorandum to be applicable:

- (i) firstly, rateably in meeting the claims of the Noteholders and (if applicable) the Couponholders (which for this purpose shall include any claim of the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to the relevant holders of Notes or Coupons). If the moneys received by the

Trustee are not enough to pay such amounts in full, the Trustee shall apply them pro rata on the basis of the amount due to each party entitled to such payment: and

- (ii) secondly, in making any termination payment due to the Counterparty under the Swap Agreement (which for this purpose shall include any claim of the Custodian for reimbursement in respect of payments made to the Counterparty relating to sums receivable on the Collateral).

If "Other Priority" is specified in the relevant Supplemental Trust Deed and Series Memorandum to be applicable, the Trustee shall apply all moneys received by it under the provisions of the Principal Trust Deed and the relevant Supplemental Trust Deed in connection with the realisation or enforcement of the Security, as set out in the relevant Supplemental Trust Deed and Series Memorandum.

(c) *Swap Agreement(s)*

If specified in the Supplemental Trust Deed, the Company will enter into one or more Swap Agreements with the Counterparty under which the Company will (subject to the terms thereof) make payments to the Counterparty, on receipt by the Company of sums receivable by the Company on the Collateral and the Counterparty will make payments towards or equal to the obligations of the Company in respect of amounts due to the Noteholders, in each case as specified in the Supplemental Trust Deed.

Each transaction evidenced by a Swap Agreement will terminate on the date specified in the Supplemental Trust Deed, unless terminated earlier in accordance with its terms. Each Swap Agreement will (i) terminate if all the Notes are redeemed prior to their Maturity Date pursuant to any provision of Condition 9, and (ii) terminate in part on a pro rata basis in a proportion of its principal amount equal to the proportion that the principal of the Repayable Assets (as defined in Condition 7(b) below or the relevant Notes being redeemed bears to the principal amount of the Collateral or the outstanding Notes of the relevant Series) if some of the Notes are redeemed or the Notes are redeemed in part prior to their Maturity Date pursuant to any provision of Condition 7. In the event of an early termination of the Swap Agreement, any party to the Swap Agreement may be liable to make a termination payment to any other party in respect of any loss which such other party may have suffered as a result of that termination.

Neither the Company or the Counterparty is obliged under the Swap Agreement to gross up if withholding taxes are imposed, but the Swap Agreement is terminable in such event. If the Company, on the occasion of the next payment due under the Swap Agreement, would be required by law to withhold or account for tax or would suffer tax in respect of its income such that it would be rendered unable to make payment of the full amount due, the Company shall so inform the Trustee, and shall use reasonable endeavours to arrange (i) the substitution of a company incorporated in another jurisdiction as the principal obligor under the Notes, the Swap Agreement, the Trust Deed and the other Master Documents or (ii) the transfer of its residence for tax purposes, in each case as approved by the Trustee.

A further description of the terms of each Swap Agreement is set out in the section entitled "The Swap Agreement" below as amended by the relevant Series Memorandum.

(d) *Realisation of Security*

In the event of any of the Security becoming enforceable in accordance with the Trust Deed, the Trustee may at its discretion and:

- (i) if requested in writing by the holders of at least one-fifth in aggregate principal amount of the Notes then outstanding (as defined in the Trust Deed) or

- (ii) if directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders or
- (iii) if sums are due to the Counterparty and the Trustee is so directed in writing by the Counterparty,

(whichever shall be the first request or direction to be given) shall enforce the security. To do this it may realise all or some of the Collateral in a proportion equal to the proportion of the principal amount of the Notes which are subject to acceleration or early redemption and/or take action against any person liable in respect of any Repayable Assets to enforce repayment of such Repayable Assets, enforce and/or realise and terminate the Swap Agreement(s) pro rata in accordance with its or their terms, and/or take action against the Counterparty, but without any liability as to the consequence of such action and without having regard to the effect of such action on individual Noteholders or Couponholders and provided that the Trustee shall not be required to take any action that would involve any personal liability or expense without first being indemnified to its satisfaction. Notwithstanding the above, where "Counterparty Priority" or "Noteholder Priority" or "Other Priority" is specified, the Trustee will act only at, and in accordance with, the direction of the person or persons ranking in priority immediately after the Trustee.

(e) *Shortfall after Application of Proceeds*

The Company may not have sufficient funds to make all payments due in respect of the Notes and (if applicable) Coupons.

If the net proceeds of the Security upon realisation thereof in accordance with this Condition 4 and the Trust Deed are not sufficient to make all payments due in respect of the Notes, Coupons (if any) and the Swap Agreement (if any), the obligations of the Company in respect of the Notes, Coupons (if any) and any such Swap Agreement will be limited to such net proceeds and no other assets of the Company (including, in the case of a mandatory partial redemption, the Collateral other than the Repayable Assets, which will remain available to those holders whose Notes have not been redeemed) will be available for any further payments in respect of the Notes, Coupons (if any) or the Swap Agreement (if any). Claims in respect of any difference between the amount of the net proceeds of the Security after enforcement thereof and the amount which would otherwise have been payable under the Notes, Coupons (if any) and the Swap Agreement (if any) (a "shortfall") shall be extinguished and failure to make any payment in respect of any such shortfall shall in no circumstances constitute an Event of Default under Condition 9. Any such shortfall shall be borne by the Noteholders, Couponholders and the Counterparty (if any) according to the priorities specified in the relevant Supplemental Trust Deed. In such circumstances none of the Noteholders, the Couponholders (if any), the Trustee and the Counterparty (if any) will have the right to take any further action against the Company in respect of the shortfall and shall not be entitled at any time to institute against the Company or to join in any institution against the Company of any bankruptcy, reorganisation, arrangement, insolvency or liquidation proceedings or other proceedings under any applicable bankruptcy or similar law in connection with any obligations relating to the Notes, Coupons (if any), the Trust Deed or Swap Agreement.

(f) *Limitation on Enforcement*

If the Notes are declared due and payable under Condition 9 such event will entitle the Trustee to exercise its rights as mortgagee in respect of the assets subject to the Security (including the Swap Agreement (if any)) but such event will not of itself entitle the Trustee to exercise such rights in respect of any other assets of the Company.

5 Restrictions

So long as any of the Notes remain outstanding, the Company will not, without the consent of the Trustee, incur any other indebtedness for borrowed moneys, engage in any business (other than the transactions contemplated by Condition 16, the Trust Deed, the Swap Agreement (if any)), the other Master Documents to which it is a party and any other agreements relating to the Security of any Series), declare any dividends (except as contemplated by the Trust Deed) or have any subsidiaries. Notwithstanding the foregoing and in addition to the further issues permitted under Condition 16, the Company shall be at liberty from time to time (without the consent of the Noteholders but provided that the Trustee is satisfied that the restrictions of this Condition will be complied with) to issue other securities, bonds, notes and obligations and to incur other indebtedness (whether or not represented by securities) and obligations and to enter into related transactions provided that (except as contemplated by the Trust Deed) such other securities, bonds, notes, obligations, or other indebtedness and obligations which do or does not form a single series with the Notes or any other existing securities, bonds, notes, obligations, indebtedness or obligations, are or is secured on assets of the Company other than the assets on which any other existing obligations of the Company are secured and are or is issued on terms which provide for the extinction of all claims in respect of such further securities, bonds, notes, obligations, indebtedness or obligations after application of the proceeds of the assets on which such further bonds, notes, obligations, indebtedness or obligations are or is secured.

6 Interest

(a) Interest Rate and accrual

If stated in the Supplemental Trust Deed to bear interest, each Note bears interest on its principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate (which may be a specified rate or rates (a "Fixed Rate") or may be determined by means of a formula or a series of formulae or may be based on an Index Rate in the manner specified in the Supplemental Trust Deed (a "Floating Rate")), which may be different for different Interest Accrual Periods, or a combination thereof payable in the Relevant Currency in arrear (unless otherwise stated in the Supplemental Trust Deed) on each Interest Payment Date specified in the Supplemental Trust Deed.

Interest will cease to accrue on each Note on the Interest Cessation Date (as defined below) unless, upon due presentation, payment of the full amount of principal due on such due date for redemption is not made, in which event interest will continue to accrue on the unpaid amount of principal (as well after as before judgment) until the Relevant Date (as defined below) at the Interest Rate determined by the Calculation Agent in the manner provided in this Condition.

(b) Business Day Conventions

If any date referred to in these Conditions which is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Relevant Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Relevant Business Day and (B) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding

Relevant Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

(c) Interest Rate on Floating Rate Notes

If the Interest Rate is specified as being Floating Rate in the Supplemental Trust Deed, the Interest Rate for each Interest Accrual Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (i) if the Primary Source for the Floating Rate is a Screen Page, subject as provided below, the Interest Rate shall be:
 - (I) the Relevant Rate (where such Relevant Rate on such Screen Page is a composite quotation or is customarily supplied by one entity) or
 - (II) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Screen Page,

in each case appearing on such Screen Page at the Relevant Time on the Interest Determination Date;

- (ii) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph 6(c)(i)(I) applies and no Relevant Rate appears on the Screen Page at the Relevant Time on the Interest Determination Date or if sub-paragraph 6(c)(i)(II) above applies and fewer than two Relevant Rates appear on the Screen Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Interest Rate shall be the arithmetic mean of the Relevant Rates which each of the Reference Banks is quoting to major banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent;
- (iii) if the Primary Source for the Floating Rate is expressed to be the ISDA Rate, it shall be calculated in accordance with the definition of ISDA Rate set out below;
- (iv) if paragraph 6(c)(ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Interest Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) which the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Relevant Currency which at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Relevant Currency or, if the Relevant Currency is Euro in those member states that are participating in European Economic and Monetary Union (the "Eurozone") as selected by the Calculation Agent (the "Principal Financial Centre") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (x) to leading banks carrying on business in Europe, or, if the Relevant Currency is not euro and the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe (y) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre the Interest Rate shall be the Interest Rate determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Interest Rate applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(d) *Interest Rate on Zero Coupon Notes*

As from the Maturity Date, the Interest Rate for any overdue principal in respect of a Note the Interest Rate of which is specified to be Zero Coupon shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined below).

(e) *Margin, Maximum/Minimum Interest Rates and Rounding*

- (i) If any Margin is specified in the Supplemental Trust Deed (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Interest Rates, in the case of (x), or the Interest Rates for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 6(c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Interest Rate is specified in the Supplemental Trust Deed, then any Interest Rate shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures will be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, "unit" means, with respect to any currency, the lowest amount of such currency which is available as legal tender in the country of such currency.

(f) *Calculations*

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding principal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period will equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(g) *Determination and Publication of Interest Rates and Interest Amounts*

As soon as practicable after the Relevant Time on each Interest Determination Date, the Calculation Agent will determine the Interest Rate and calculate the amount of interest payable (the "Interest Amounts") in respect of each Denomination of the Notes for the relevant Interest Accrual Period and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Company, the Trustee, the Principal Paying Agent, each of the Paying Agents, the Noteholders, the relevant Dealer (if such Dealer is not the Calculation Agent), any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, for so long as the Notes are listed on a stock exchange and the rules of such stock exchange require, such stock exchange, as soon as possible after their determination but in no event later than (except in the case of notices to the Noteholders) the commencement of the relevant Interest Period, if determined prior to such time. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

If the Notes become due and payable under Condition 9, the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no notification of the Interest Rate or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of each Interest Rate, Interest Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon the Company, the Counterparty and the Noteholders.

(h) Determination or Calculation by Trustee

If the Calculation Agent fails at any time for any reason to establish the Interest Rate for an Interest Accrual Period or the Interest Amount or, pursuant to Condition 7(m), any Redemption Amount, Optional Redemption Amount or Early Redemption Amount (each as defined in Condition 6(i) below) or to comply with any other requirement, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects, it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note will be redeemed at its Redemption Amount on the Maturity Date specified on each Note. Notes will only be redeemable or repayable in accordance with the following provisions of this Condition 7 or Condition 9.

(b) Mandatory Redemption

If any of the Collateral forming part of the Mortgaged Property becomes repayable or becomes capable of being declared due and repayable prior to its stated date of maturity for whatever reason or (unless the Trustee otherwise agrees in writing or the Notes are Credit-linked Notes and such payment constitutes (or may, with the lapse of time or exercise of an option, constitute) a Credit Event there is a payment default in respect of any of the Collateral forming part of the Mortgaged Property, all such Collateral which has become so repayable together with some or all remaining Collateral, as specified in the Supplemental Trust Deed, forming part of the Mortgaged Property (which may or may not form obligations of the same person as those which have become repayable or in respect of which there has been such a payment default) shall be deemed to have become immediately repayable (the "Repayable Assets"). The Company shall then forthwith give not more than 28 nor less than 7 days' notice to the Trustee and the Noteholders in accordance with Condition 13 and upon expiry of such notice shall redeem each Note in whole or, as the case may be, in part on a pro rata basis in a proportion of its Redemption Amount equal to the proportion that the principal amount of the Repayable Assets which are the subject of such notice bears to the principal amount of all the Collateral forming part of the Mortgaged Property at such time. Interest shall continue to accrue on the part of the principal amount of Notes so redeemed until payment thereof has been made to the Trustee and notice is given in accordance with Condition 13 that such amount is available for payment. Failure to make any payment due in respect of a mandatory redemption under this Condition 7(b) of part of the principal amount of the Notes or interest thereon shall not constitute an Event of Default under Condition 9.

In the event of such redemption and the Security constituted by the Trust Deed becoming enforceable the Trustee may take such action as is provided in Condition 4(d).

(c) Redemption for taxation and other reasons

- (i)* If the Company, on the occasion of the next payment due in respect of the Notes or Coupons (if any), would be required by Jersey law to withhold or account for tax or

would suffer tax in respect of its income so that it would be unable to make payment of the full amount due, then the Company shall so inform the Trustee in writing, and shall use reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved beforehand in writing by the Trustee as the principal obligor or to change (to the satisfaction of the Trustee) its residence for taxation purposes to another jurisdiction approved beforehand in writing by the Trustee (provided, in either case, that such substitution or change of residence will not result in a downgrading of any rating assigned to the Notes as confirmed in writing by the relevant rating agency to the Trustee). If the Company satisfies the Trustee that it is unable to arrange such change or substitution before the next payment is due in respect of the Notes, the Company shall forthwith give not more than 28 nor less than 7 days' notice to the Trustee and the Noteholders in accordance with Condition 13, and upon expiry of such notice the Company shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption unless the Trustee certifies to the Company that, in its absolute discretion, it considers that it is in the best interests of the Noteholders that the Notes not be so redeemed or an Extraordinary Resolution of the Noteholders otherwise directs.

- (ii) If (x) the Swap Agreement is terminated in whole for any reason save for a Counterparty Optional Termination (as defined in the Swap Agreement); or (y) the Company satisfies the Trustee that the performance of its obligations under the Notes or that any arrangements made to hedge its position under the Notes have or will become unlawful, illegal, or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, then the Company shall forthwith give not more than 28 nor less than 7 days' notice to the Noteholders and, upon expiry of such notice, shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption. Such notice (which shall be irrevocable) shall be given promptly upon the occurrence of either of the above events unless the Trustee certifies to the Company that, in its absolute discretion, it considers that it is in the best interests of the Noteholders that such notice be delayed or not given or an Extraordinary Resolution of the Noteholders otherwise directs.

Notwithstanding the foregoing, if any of the taxes referred to in paragraph 7(c)(i) above arises (i) by reason of any Noteholder's connection with Jersey otherwise than by reason only of the holding of any Note or receiving or being entitled to any Redemption Amount or interest in respect thereof; or (ii) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax; or (iii) as a result of a withholding or deduction imposed on a payment by or on behalf of the Company to an individual required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or (iv) as a result of the presentation for payment of any Bearer Note, Receipt or Coupon by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Bearer Note, Receipt or Coupon to another Paying Agent in a member state of the European Union then Paragraph 7(c)(i) shall not apply and to the extent it is able to do so, the Company shall deduct such taxes from the amounts payable to such Noteholder and all other Noteholders shall receive the due amounts payable to them. Any such deduction shall not be an Event of Default under Condition 9.

In the event of such redemption and the security constituted by the Trust Deed becoming enforceable, the Trustee may take such action as is provided in Condition 4(d).

(d) Purchases

If either (i) the Company has satisfied the Trustee that it has made arrangements for the realisation of no more than the equivalent proportion of the Collateral, for the reduction in the notional amount of any Swap Agreement and for the purchase of the Notes, which transaction will leave the Company with no net liabilities in respect thereof, (ii) the Counterparty is exercising a Counterparty Optional Termination or (iii) the Trustee has otherwise agreed in writing, it may purchase Notes in the open market or otherwise at any price.

(e) Early Redemption of Zero Coupon Notes

- (i) The Redemption Amount payable in respect of any Note which does not bear interest prior to the Maturity Date, the Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 7(b) or 7(c) or upon it becoming due and payable as provided in Condition 9, shall be the Amortised Face Amount (calculated as provided below) of such Note.
- (ii) Subject to the provisions of paragraph 7(e)(iii) below, the Amortised Face Amount of any such Note shall be the scheduled Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the Supplemental Trust Deed, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the Supplemental Trust Deed.
- (iii) If the Redemption Amount or Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7(b) or 7(c) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Redemption Amount or Early Redemption Amount, as the case may be, due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in paragraph 7(e)(ii) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (both before and after judgment) until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Redemption Amount of such Note on the Maturity Date together with any interest which may accrue in accordance with Condition 6(d).

(f) Redemption at the Option of the Company

If the Supplemental Trust Deed specifies that the Notes are Callable Notes, the Company may, by giving irrevocable notice to the Noteholders (in accordance with Condition 13) falling within the Company's Option Period redeem, or exercise any Company's option in relation to, all or, if so provided, some of such Notes in the principal amount or integral multiples thereof and on the Optional Redemption Date(s) so provided. Any such redemption of Notes shall be at the Optional Redemption Amount together with interest accrued (if any) to the date fixed for redemption as provided in the Supplemental Trust Deed.

All Notes in respect of which any such notice is given shall be redeemed, or the Company's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the serial numbers of the Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place as the Principal Paying Agent may determine and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements. So long as the Notes are listed on the Luxembourg Stock Exchange and that exchange so requires the Company shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate principal amount of the Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(g) Redemption at the Option of Noteholders

If the Supplemental Trust Deed specifies that the Notes are Puttable Notes, the Company shall, at the option of the holder of any such Note, redeem such Note on the Optional Redemption Date(s) so provided at its Optional Redemption Amount (which may, without limitation, be at its outstanding principal amount together with interest accrued (if any) to the date fixed for redemption or be an amount equal to the realisable value of the Relevant Collateral (as defined below) (less any costs and expenses associated with the realisation of such Collateral) on the date of receipt of the relevant option notice or on a date as soon as practicable thereafter, as determined by the Company).

If the Supplemental Trust Deed for the relevant Series so provides, and, if so, in the circumstances specified therein, the Company's obligation to pay the Optional Redemption Amount and interest accrued to the date of redemption may be satisfied by the Company delivering Collateral forming the Mortgaged Property for that Series. The amount of such Collateral to be delivered (the "Relevant Collateral") shall be the corresponding proportion of all such Collateral (rounded down to the nearest denomination of the Collateral) as the Notes of that Series held by that Noteholder bear to the then outstanding principal amount of the Notes of that Series. Delivery shall be made in the manner set out in the relevant Supplemental Trust Deed.

The relevant Noteholder's rights in respect of the exercise of any option shall be limited to the Relevant Collateral and Condition 3 shall apply accordingly.

To exercise such option or any other Noteholders' option which may be set out in the Supplemental Trust Deed the holder must deposit such Note with any Paying Agent (in the case of Bearer Notes) or the Registrar or any Transfer Agent (in the case of Registered Notes) at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent within the Noteholders' Option Period specified in the Supplemental Trust Deed. No Note so deposited and option so exercised may be withdrawn without the prior consent of the Company (except that such Note will be returned to the relevant Noteholder by the Paying Agent, the Registrar or Transfer Agent with which it has been deposited if, prior to the date for its redemption or the exercise of the option, the Note becomes immediately due and payable or if upon due presentation payment of the redemption moneys is not made or exercise of the option is denied).

(h) Cancellation

All Notes redeemed by the Company, and all Notes purchased by or on behalf of the Company which the Company elects to surrender (together with all unmatured Coupons appertaining thereto) for cancellation, will be cancelled forthwith (together with all unmatured Coupons attached thereto or surrendered therewith) and, if cancelled (in the case

of purchased Notes), may not be re-issued or resold and the obligations of the Company in respect of any such Notes and Coupons shall be discharged.

(i) Exchange of Notes

If the Supplemental Trust Deed specifies that the Notes are Exchangeable Notes, upon the occurrence of an event (the "Exchange Event"), as specified in the Supplemental Trust Deed, the Company shall deliver, or cause to be delivered, to the Clearance System for credit to the respective accounts of entitled Noteholders on the Settlement Date the Collateral Entitlement relating to the Notes presented and surrendered in accordance with this Condition in lieu of redeeming the Notes. Notes presented and surrendered by a Noteholder shall be aggregated for the purpose of determining the aggregate Collateral Entitlement of that Noteholder. If the aggregate Collateral Entitlement of a Noteholder does not comprise a nominal amount of Collateral equal to an integral multiple of the minimum denomination of the Collateral, the Company may not deliver Collateral in a nominal amount equal to a fraction of the minimum denomination of the Collateral but shall account to each affected Noteholder for the net cash value (if any) of any such fraction, as determined by the Calculation Agent.

(j) Presentation and surrender of Notes

The Company shall not deliver, or cause to be delivered, the Collateral Entitlement in respect of any Exchangeable Notes unless such Note has been presented and surrendered together with a notification in writing (a "Delivery Notice") containing a certificate of non-U.S. beneficial ownership and specifying an account in the Clearance System for delivery of Collateral (in or substantially in the form set out in the Supplemental Trust Deed, copies of which are available at the specified office of each of the Paying Agents) to the Principal Paying Agent on any London Business Day during the period (the "Notice Delivery Period") specified in the Supplemental Trust Deed. (The holder of a Note may present and surrender such Note (together with a Delivery Notice) to the Paying Agent in Luxembourg. In these circumstances, the Noteholder shall be deemed to have presented and surrendered such Note (together with the Delivery Notice) on the London Business Day next following the date on which such presentation and surrender occurred). The Company shall procure that upon presentation and surrender of a Note pursuant to this paragraph the Paying Agent shall issue to the holder thereof a receipt in respect of such Note. The Notes cease to be outstanding on the first day on or after the Settlement Date upon which the Company makes the aggregate Collateral Entitlement available for delivery in accordance with these Conditions.

(k) Settlement Disruption Events

If there is a Settlement Disruption Event (as defined below) that prevents settlement on the Settlement Date (as defined below), then settlement of the Company's obligations under Condition 7(g) and (i) shall be on the first succeeding day on which settlement can take place through the Clearance System, unless a Settlement Disruption Event prevents settlement on each day that the Clearance System is (or, but for the Settlement Disruption Event, would have been) open for business during the period ending 30 calendar days after the original date on which, but for the Settlement Disruption Event settlement would have occurred. If settlement does not occur during such 30 calendar day period, the Company shall use best efforts to deliver the Collateral comprising the aggregate Collateral Entitlement promptly thereafter to a nominee selected by the Trustee.

(l) Credit-linked Notes

If the Supplemental Trust Deed specifies that the Notes are Credit-linked Notes, upon the occurrence of an event (the "Credit Event"), as specified in the Supplemental Trust Deed, the obligations of the Company to make further scheduled payments of principal and interest in respect of the Notes shall be extinguished and the entitlement of Noteholders in these circumstances shall be as specified in the Supplemental Trust Deed.

(m) Determination and Publication of Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts

On the Maturity Date and upon the occurrence of any early or optional redemption where the relevant Redemption Amount, Early Redemption Amount or Optional Redemption Amount is not the principal amount of the Note or on the Maturity Date the Calculation Agent shall make any determination or calculation, calculate the Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, and cause the same to be notified to the Company, the Trustee, the Principal Paying Agent, each of the Paying Agents, the Noteholders, and, for so long as the Notes are listed on a stock exchange and the rules of such stock exchange require, such stock exchange, as soon as possible after their determination. The determination of each Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(n) Redemption

The Company, subject to the Counterparty's written consent (which consent shall not be unreasonably withheld or delayed), may compel any beneficial owner of Notes initially sold pursuant to Rule 144A under the U.S. Securities Act of 1933 (the "Securities Act") to sell its interest in such Notes, or may sell such interest on behalf of such holder, if such holder is a U.S. person that is not a qualified institutional buyer within the meaning of Rule 144A under the Securities Act ("QIB") and a qualified purchaser (as defined in Section 2(a)(51) of the U.S. Investment Company Act of 1940) ("QP").

8 Payments

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes will, subject as mentioned below, be made against presentation and surrender of the relevant, Notes (in the case of payments of principal) or Coupons (in the case of interest), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on or at the option of the holder, by transfer to an account denominated in that currency with a bank in the principal financial centre of the country of that currency (other than the United States) provided that (i) in the case of euro, the transfer may be to, or the cheque drawn on, a euro account with a bank in Europe and (ii) in the case of yen, the transfer will be to a non-resident yen account with an authorised foreign exchange bank (in the case of payment to a non-resident of Japan).

(b) Registered Notes

- (i) Payments of principal in respect of Registered Notes (other than Notes sold to QIBs who are also QPs ("Restricted Registered Notes")) will be made against presentation and surrender of the relevant Notes at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in Condition 8(a).
- (ii) Interest on Registered Notes (in the case of Restricted Registered Notes only if denominated and payable in U.S. dollars) will be paid to the person shown on the Register at the close of business on the fifteenth day (or in the case of Restricted Registered Notes the fifteenth DTC Business Day (as defined below)) before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note will be made in the currency in which such payments are due by cheque drawn on a bank in the principal financial centre of the country of the currency concerned and mailed to the holder (or to the first named of joint holders)

of such Note at its address appearing in the Register maintained by the Registrar. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date and subject as provided in Condition 8(a), such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of that currency.

- (iii) Payments of principal and interest in respect of Restricted Registered Notes registered as aforesaid and denominated in a currency other than U.S. dollars will be made by the relevant Paying Agent in the relevant currency in accordance with the following provisions. The amounts in such currency payable by such Paying Agent to The Depository Trust Company ("DTC") with respect to Restricted Registered Notes held by DTC or its nominee will be received by such Paying Agent who will make payments in such currency by wire transfer of same day funds to the designated bank account in such currency of those DTC participants entitled to receive the relevant payment who have made an irrevocable election to DTC, in the case of interest payments, on or prior to the third DTC Business Day after the Record Date for the relevant payment of interest and, in the case of principal payments, at least 12 DTC Business Days prior to the relevant payment date of principal, to receive that payment in such currency. The Paying Agent or another agent appointed by the Company for such purpose, after converting amounts in such currency into U.S. dollars, will deliver such U.S. dollar amount in same day funds to DTC for payment through its settlement system to those DTC participants entitled to receive the relevant payment who did not elect to receive such payment in such currency. The Agency Agreement sets out the manner in which such conversions are to be made. For the purpose of this Condition, "DTC Business Day" means any day on which DTC is open for business.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Company shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law.

(d) *Payments subject to law etc.*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Appointment of Agents*

The Paying Agents, the Registrar, the Transfer Agents and any Calculation Agent initially appointed by the Company and their respective specified offices are listed below. The Paying Agents, the Registrar, the Transfer Agents and any Calculation Agent act solely as agents of the Company and do not assume any obligation or relationship of agency or trust for or with any holder. The Company reserves the right at any time to vary or terminate the appointment of any Paying Agent, the Registrar, any Transfer Agent or any Calculation Agent and to appoint additional or other Paying Agents, Registrar or Transfer Agents or Calculation Agent (if applicable), provided that it will at all times maintain (i) a Principal Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) a Calculation Agent where the Conditions so require one, (v) a Principal Paying

Agent or a Paying Agent and a Transfer Agent having a specified office in a major European city which, so long as the Notes are listed on the Luxembourg Stock Exchange, shall be Luxembourg, (vi) a Paying Agent in such city as may be required by any stock exchange on which the Notes may be listed, and (vii) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Company shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 8(c).

Notice of any such change or any change of any specified office will be given promptly to the Noteholders in accordance with Condition 13.

(f) Unmatured Coupons

- (i) Upon the due date for redemption of any Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Where any Note is presented for redemption without all unmatured Coupons relating to it, redemption shall be made only against the provisions of such indemnity as the Company may require.
- (iii) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note which only bears interest after its Maturity Date or date of redemption shall be payable on redemption of such Note against presentation thereof.

(g) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a Business Day, the holder shall not be entitled to payment until the next following Business Day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "Business Day" means a day which is a Local Business Day and a Payment Business Day.

"Local Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation of any Note or Coupon.

"Payment Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the Payment Business Day Centre or Centres specified in the Supplemental Trust Deed and, in the case of a payment in euro, a day which is a TARGET Business Day.

"TARGET Business Day" means a day on which the TARGET System is operating.

9 Events of Default and Enforcement

(a) Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-fifth in principal amount of Notes then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall give notice (subject in each case to being indemnified to its

satisfaction) to the Company that such Notes are, and they shall accordingly forthwith become, immediately due and repayable at their Redemption Amount, together with accrued interest (if any) thereon and thereupon an Early Termination Date in respect of the Swap Agreement shall be deemed to have been designated on such date of notification to the Company and the Security constituted by the Trust Deed shall become enforceable, as provided in the Trust Deed, in any of the following events (each an "Event of Default"):

- (i) the Company defaults in the payment of the Redemption Amount, Early Redemption Amount or the Optional Redemption Amount, as the case may be, or defaults for a period of 14 days or more in the payment of any sum other than the Redemption Amount, Early Redemption Amount or the Optional Redemption Amount, as the case may be, due in respect of the Notes or any of them; or
- (ii) the Company defaults in making the Collateral Entitlement due in respect of the Notes or any of them available for delivery for a period of seven days or more; or
- (iii) if the Company fails to perform or observe any of its other obligations under the Notes or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 30 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Company of notice requiring the same to be remedied; or
- (iv) if any order shall be made by any competent court or any resolution passed for the winding up or dissolution of the Company save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution.

(b) Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Company as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons, but it need not take any such proceedings unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-fifth in principal amount of the Notes outstanding, and (ii) it shall have been indemnified to its satisfaction,

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Noteholders, Couponholders and the Counterparty (if any) and no Noteholder, Couponholder or Counterparty is entitled to proceed against the Company unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails or neglects to do so.

For each Series, the Trustee, the Counterparty (if any) and the relevant Noteholders and Couponholders shall have recourse only to the Mortgaged Property in respect of such Series and, the Trustee having realised the same or, in the case of a partial redemption pursuant to Condition 7(c), the Repayable Assets together with a corresponding part of the security, and distributed the net proceeds in accordance with Condition 4, the Trustee, the Counterparty and the Noteholders and Couponholders or anyone acting on behalf of any of them shall not be entitled to take any further steps against the Company to recover any further sum (save for lodging a claim in the liquidation of the Company initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Company) and the right to receive any such sum shall be extinguished. In particular, neither the Trustee, the Counterparty, nor any Noteholder or Couponholder, nor any other party to a Supplemental Trust Deed shall be entitled to petition or take any other step for the winding-up of the Company, nor shall any of them have any claim in respect of any sum arising in respect of the Mortgaged Property for any other Series.

10 Prescription

Claims in respect of Notes and Coupons shall be prescribed and become void unless made within 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date in respect thereof.

11 Agents

In acting under the Agency Agreement and the Custody Agreement, the agents which are party to the Agency Agreement and the Custodian act solely as agents of the Company unless an Event of Default or Potential Event of Default (as defined in the Trust Deed occurs), when such agents and the Custodian will, if required to do so, act as agents of the Trustee, and will not assume any obligation or relationship of agency or trust to or with the Noteholders or the Couponholders. The Company has agreed in the Trust Deed to perform and observe the obligations imposed upon it under the Agency Agreement and the Custody Agreement. Such agreements may be amended by the parties thereto with the approval of the Trustee if, in the opinion of the Trustee, the amendment is not materially prejudicial to the interests of the Noteholders. The Company may not, without the consent of the Trustee, replace the Custodian.

12 Replacement of Notes and Coupons

If a Note or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and stock exchange regulations, at the specified office of the Principal Paying Agent in London (in the case of Bearer Notes or Coupons) and of the Registrar (in the case of Registered Notes) in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note or Coupon is subsequently presented for payment or as the case may be, for exchange for further Coupons, there will be paid to the Company on demand the amount payable by the Company in respect of such Notes, Coupons or further Coupons) and otherwise as the Company may require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

13 Notices

Notices to holders of Registered Notes will be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing.

All notices to holders of Bearer Notes and Registered Notes will be published in a daily newspaper with circulation in Europe which, so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that Exchange so require, will be a newspaper of daily circulation in Luxembourg, which is expected to be the *Luxemburger Wort*. Any such notice to holders of Bearer Notes and Registered Notes shall be deemed to have been given on the date of such publication or, if published more than once, on the first date on which publication is made.

Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

14 Meetings of Noteholders; Modification; Waiver; etc.

(a) Meetings of Noteholders; modification and waiver

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the modification by Extraordinary Resolution of the terms and conditions of the Notes. The quorum at any such meeting for passing an Extraordinary Resolution shall be one or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting, one or more persons being or representing Noteholders, whatever the principal amount of the Notes so held or represented, except that, *inter alia*, the terms of the Security

and certain terms concerning the amount and currency and the postponement of the due dates of payment of the Notes and the Coupons (except where such modification is not materially prejudicial to Noteholders), or the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, may be modified only by resolutions passed at a meeting the quorum at which shall be one or more persons holding or representing two-thirds, or at any adjourned such meeting not less than one-third, in principal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of Noteholders will be binding on all Noteholders, whether or not they were present at such meeting, and on the holders of Coupons. The Trustee, without consulting the Noteholders or holders of Coupons, may determine that an event which would otherwise be an Event of Default shall not be so treated. The Trustee may agree, without the consent of the Noteholders or holders of Coupons, to (i) any modification of any of the provisions of the Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any modification (except as aforesaid), waiver or authorisation of any breach or proposed breach of any of the provisions of the Trust Deed which, in any such case, is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders. Any such determination, modification, authorisation or waiver shall be binding on the Noteholders and holders of Coupons, and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders as soon as practicable thereafter.

(b) Substitution

Subject to such amendment of the Trust Deed and such other conditions as the Trustee may require including the transfer of the Security, but without the consent of the Noteholders or Couponholders, the Trustee may agree (with the consent of the Counterparty (if any)) to the substitution of any other company in place of the Company as principal debtor under the Trust Deed and the Notes and in place of the Company under any Related Agreement (as defined in the Trust Deed) in respect of any one or more Series. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or Couponholders but with the consent of the Counterparty (if any), to a change of the law governing the Notes, the Coupons and/or the Trust Deed and/or any Related Agreement provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. The Trustee, the Counterparty (if any) and the Company will use all reasonable efforts to effect a substitution if to do so would be likely to avoid a downgrading or lead to an upgrading of the rating of any other Series provided that such efforts should not result in the Trustee, the Counterparty or the Company incurring irrecoverable costs. Subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or Couponholders, the Trustee may also agree (with the consent of the Counterparty (if any)) to the change of the branch or office of the Counterparty (if any) or the Custodian. Any such substitution may be effected in respect of any one or more Series of Notes.

(c) Exercise of Powers

In connection with the exercise of its powers, trusts, authorities or discretions (including but not limited to those in relation to any proposed modification, waiver, authorisation or substitution as aforesaid) the Trustee shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholders or Couponholders be entitled to claim, from the Company any indemnification or payment in respect of any tax consequence of any exercise upon individual Noteholders or Couponholders.

(d) *Meetings*

The Trust Deed provides *inter alia* that (a) except where the Conditions specifically state that one meeting of Noteholders of more than one Series will be held, separate meetings of Noteholders of each separate Series will normally be held although the Trustee may from time to time determine that meetings of Noteholders of each separate Series issued by the Company may be held together; (b) a resolution that in the opinion of the Trustee affects one Series alone shall be deemed to have been duly passed if passed at a separate meeting of the holders of Notes of the Series concerned; (c) a resolution which in the opinion of the Trustee affects the holders of more than one Series of Notes issued by the Company but does not give rise to a conflict of interest between the holders of the other Series of Notes concerned shall be deemed to have been duly passed if passed at a single meeting of the holders of Notes of all the relevant Series provided that for the purposes of determining the votes that a Noteholder is entitled to cast, each Noteholder shall have one vote in respect of each USD100 principal amount of Notes held, converted, if such Notes are not denominated in U.S. dollars, at prevailing exchange rates; (d) a resolution that in the opinion of the Trustee affects the holders of more than one Series of Notes and gives or may give rise to a conflict of interest between the holders of the other Series of Notes concerned shall be deemed to have been duly passed only if it shall be duly passed at separate meetings of the holders of the relevant Series of Notes, except where the Conditions specifically state that one meeting of Noteholders of more than one Series will be held; and (e) if the Company proposes to exchange part of an existing Series of Notes for Notes of a new Series, only the Notes to be exchanged shall be deemed to be Notes of the relevant Series.

(e) *Mortgaged Property*

Except where the Conditions or the Swap Agreement expressly so provide, the Company will not exercise any rights or take any action in its capacity as holder of the Mortgaged Property unless directed to do so by the Trustee or by an Extraordinary Resolution of the Noteholders, in each case after prior consultation with the Counterparty (if any), and, if such exercise or action is in the reasonable opinion of the Counterparty (if any) likely to affect the value of the Mortgaged Property or the Notes, it shall not be done without the prior written consent of the Counterparty (if any). If such direction is given, the Company will act only in accordance with such directions.

15 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Collateral, for the validity, sufficiency and enforceability (which the Trustee has not investigated) of the Security. The Trustee is not obliged to take any action under the Trust Deed unless indemnified to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Company, any issuer or guarantor (where applicable) of any of the Collateral, the Counterparty or any of their subsidiary, holding or associated companies without accounting to the Noteholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value of the Collateral, from any obligation to insure or to procure the insuring of the Collateral and from any claim arising from the fact that the Collateral will be held in safe custody by the Custodian or any custodian selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by any other person of its obligations to the Company.

16 Further Issues

Subject to Condition 5 and the provisions of the Trust Deed, the Company may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the

first payment of interest on them) and so that such further issue shall be consolidated and form a single Series with the notes of any Series (including the Notes); provided that, unless otherwise approved by an Extraordinary Resolution of Noteholders, the Company provides additional assets as security for such further notes of the same proportionate composition as those forming part of the Mortgaged Property for the Notes and in the same proportion to the existing Collateral that the principal amount of such new notes bears to the Notes and the Company enters into, or has the benefit of, additional or supplemental Swap Agreements extending the terms of any existing Swap Agreement to the new Notes on terms no less favourable than such existing documents and agreements. In addition, the Company may create and issue further securities upon such terms as the Company may determine at the time of their issue. The total aggregate principal amount of Notes outstanding at any time issued by any individual Company shall not exceed the Individual Programme Limit applicable to that Company (or its equivalent in any other currency or currencies at spot rates at the time of issue of such further securities). References in these Conditions to the Notes and to Mortgaged Property include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single Series with the Notes and the assets securing such securities respectively.

17 Taxation

All payments in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Company or the Registrar or any Transfer Agent or any Paying Agent is required by applicable law to make any such payment in respect of the Notes subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event the Company or such Paying Agent, Registrar or Transfer Agent (as the case may be) shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Company nor any Paying Agent, Registrar or Transfer Agent will be obliged to make any additional payments to holders of Notes in respect of such withholding or deduction.

18 Governing Law

The Notes and Coupons are governed by and shall be construed in accordance with the laws of England. The Company has in the Trust Deed submitted to the jurisdiction of the English courts for all purposes in connection with the Notes and the Coupons. The Company has irrevocably appointed Hackwood Secretaries Limited at One Silk Street, London EC2Y 8HQ as its agent in England to receive service of process in any proceedings in England based on any of the Notes or the Coupons.
