The Notes will bear interest at the rate of 3.85% per year from February 18, 2016 (the “Closing Date”). The Notes will be effectively subordinated to all existing and future obligations, including trade payables and debt, of any of our subsidiaries that do not guarantee the Notes.

FORWARD-LOOKING INFORMATION

This Offering Memorandum (including the documents incorporated by reference herein) includes “forward-looking information” within the meaning of applicable Canadian Securities Laws. This forward-looking information includes, but is not limited to, statements, other than statements of historical fact, included or incorporated by reference into this Offering Memorandum that address activities, events or developments that we or our management expect or anticipate will or may occur in the future, including such things as future capital expenditures (including the amounts and nature thereof), business strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of our business and operations, plans and references to our future success, and other such matters. The words “will”, “could”, “should”, “expect”, “may”, “anticipate”, “assume”, “believe”, “intend”, “estimate”, “plan”, “project”, “guidance” and similar expressions are intended to identify statements containing forward-looking information, although not all forward-looking statements include such words. These forward-looking statements are based on certain assumption analyses made by us and our management in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate in the circumstances. However, whether actual results and developments will conform with our expectations and predictions is subject to a number of risks and uncertainties, including those discussed under “Risk Factors – Risks Related to the Notes”, including: risk factors related to the Notes and the Guarantees (as hereinafter defined), including the subordination of the Notes and the Guarantees to certain existing debt, that the guarantors under the Guarantees may be released under certain circumstances, that there is currently no established trading market for the Notes, that a Guarantee made by a Foreign Guarantor (as hereinafter defined) may be limited to the extent necessary to comply with applicable laws, that the market value of the Notes will decline as prevailing interest rates for comparable debt securities rise, that we may choose to redeem the Notes at any time, that we may be unable to purchase the Notes upon a specified credit rating decline resulting from a change of control, and that applicable Canadian bankruptcy and insolvency laws may impair the Trustee’s ability to enforce remedies under the Notes; the specific considerations discussed in this Offering Memorandum and the documents incorporated herein by reference; general economic, market or business conditions; the opportunities (or lack thereof) that may be presented to or pursued by us; competitive actions by others; changes in laws or regulations; and other factors, many of which are beyond our control and current expectation or knowledge. Consequently, all of the forward-looking statements made in this Offering Memorandum and the documents incorporated herein by reference are qualified by these cautionary statements and other cautionary statements or factors contained herein or in documents incorporated by reference herein, and there can be no assurance that the actual results or developments anticipated by us and our management will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, us. Statements containing forward-looking information included in this Offering Memorandum and the documents incorporated by reference herein are made only as of the date of such document. We expressly disclaim any obligation to update or alter any statements containing forward-looking information, or the factors or assumptions underlying them, whether as a result of new information, future events or otherwise, except as required by law.

Please refer to our 2015 MD&A and October 2015 MD&A incorporated by reference into this Offering Memorandum for a reconciliation of EBITDA to net earnings, as well as for the definitions of the other non-IFRS measures we use therein.

An investment in the Notes involves certain risks. The following section examines the major risk factors relating to an investment in the Notes, the Offering, Couche-Tard and our business. These risks may not be the only risks that we face. Other risks of which we are not aware or which we currently deem to be immaterial may arise and have a material adverse impact on the Notes, Couche-Tard, our business, results from operations and financial condition. Before investing in the Notes, prospective purchasers should carefully consider, in light of their own financial circumstances, the risk factors and investment considerations set out below as well as other information contained or incorporated by reference into this Offering Memorandum.

Risks Related to Our Business

Before deciding whether to invest in the Notes, you should consider carefully the risks related to our business described below under this heading and the risks described in the documents incorporated by reference into this Offering Memorandum (including subsequent documents incorporated by reference into this Offering Memorandum). Discussions of certain risks and uncertainties affecting our business and other conditions that may have a material impact on our financial conditions are provided in our 2015 MD&A (on pages 29 to 33) or, as applicable, in our management's discussion and analysis for subsequent periods, and in the other documents incorporated by reference into this Offering Memorandum. See "Documents Incorporated by Reference". These are not the only risks and uncertainties that we face. Additional risks not presently known to us or that we currently consider immaterial may also materially and adversely affect us. If any of the events identified in these risks and uncertainties were to actually occur, our business, financial condition or results of operations could be materially harmed.

Risks Related to the Notes

Notes May Not Be a Suitable Investment For All Investors.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Offering Memorandum or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

As the Global Note is held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with Couche-Tard and the Guarantors.

The Notes will be represented by the Global Note except in certain limited circumstances. The Global Note will be registered in the name of a nominee for, and deposited with, the common depositary for Euroclear and Clearstream, Luxembourg. Definitive Notes will only be available in certain limited circumstances. Euroclear and/or Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Note. While the Notes are represented by the Global Note, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg.

Couche-Tard and the Guarantors will discharge their payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder

of a beneficial interest in the Global Note must rely on the procedures of Euroclear and/or Clearstream, Luxembourg to receive payments under the Notes. Couche-Tard and the Guarantors have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Note.

Holders of beneficial interests in the Global Note will not have a direct right to vote in respect of the Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg to appoint appropriate proxies.

Legal Investment Considerations May Restrict Certain Investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. A prospective investor may not rely on Couche-Tard, the Guarantors or the Manager or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Legality of Purchase

Neither Couche-Tard, the Guarantors, the Manager, the Trustee nor any of their respective affiliates has or assumes responsibility for the lawfulness of the subscription or acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Minimum Denomination

As the Notes have a denomination consisting of the minimum denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of NOK1,000,000 (or its equivalent) that are not integral multiples of NOK1,000,000 (or its equivalent). In such case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum denomination may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to the minimum denomination.

Redemption Prior to Maturity

In the event that the Notes are redeemed prior to maturity in accordance with their terms and conditions, depending on prevailing market conditions at the time, an investor who receives proceeds due to such an early redemption may not be able to reinvest such proceeds in a comparable security at an effective interest rate as high as that carried by the Notes. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Notes being redeemed. Couche-Tard's redemption right may also adversely impact a purchaser's ability to sell Notes as the optional redemption date or period approaches.

In the event that Couche-Tard would be obliged to increase the amounts payable in respect of the Notes due to any change in or amendment to any laws or regulations or any change in the application or official interpretation of such laws or regulations, Couche-Tard may redeem all outstanding Notes in accordance with their terms and conditions. It may not be possible to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed.

Change of Control Triggering Event

If Couche-Tard experiences a specified credit rating decline in respect of any series of its Canadian dollar denominated senior unsecured notes as a result of a change of control, each Noteholder will have the option to require us to redeem all or, at the option of the holder, any part (in minimum denominations of NOK 1,000,000 and integral multiples of NOK 1,000) of that Noteholder's Notes for cash at a redemption price equal to 101% of the principal amount of the Notes plus accrued and unpaid interest up to but excluding the date of redemption. See "Description of the Notes – Change of Control". In the event of such specified credit rating decline relating to our indebtedness, Couche-Tard may not have sufficient funds to redeem all of the Notes and repay its other senior debt. The definition of Change of Control Triggering Event in the Trust Deed that will govern the Notes includes a phrase relating to the "sale, transfer, conveyance, lease or other disposition, in one or a series of related transactions, of all or substantially all of the property and assets of Couche-Tard and its subsidiaries". There is no precise established definition of the phrase "substantially all" under applicable law. Accordingly, the ability of a holder of Notes to require us to redeem its Notes as a result of a sale of less than all our assets to another person may be uncertain.

Interest Rate Risk and Currency of Notes

Prevailing interest rates will affect the market price or value of the Notes as they carry a fixed interest rate. Assuming all other factors remain unchanged, the market price or value of the Notes will decline as prevailing interest rates for comparable debt securities rise, and increase as prevailing interest rates for comparable debt securities decline.

Couche-Tard will pay principal and interest on the Notes in NOK. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than NOK. These include the risk that exchange rates may change significantly (including changes due to devaluation of NOK or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the NOK would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Market Value of the Notes

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in Canada, the United States, Norway or elsewhere, including factors affecting capital markets generally and the stock exchange on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

A Noteholder's Actual Yield on the Notes May Be Reduced From the Stated Yield by Transaction Costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions may charge their clients for own commissions which are either fixed minimum commissions or pro rata commissions depending on the order value. To the extent that additional domestic or foreign parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs). In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Lack of Current Market for Notes

The Notes will be newly issued securities for which there is no existing trading market. Although application has been made for the Notes to be admitted to listing on the Irish Stock Exchange and to trading on the Global Exchange Market, there is no assurance that such application will be accepted. There can be no assurance that a secondary market will develop for the Notes or, if any secondary market does develop, that it would provide holders of Notes with liquidity for their investment or that it would continue for the term of the Notes. Consequently, purchasers may not be able to sell the Notes. This may affect the pricing of the securities, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. In addition, the liquidity of the trading market in the Notes and the

market price quoted for the Notes may be adversely affected by, among other things, changes in the overall market for debt securities and by changes in the business, financial results or prospects of Couche-Tard or any other companies in Couche-Tard's industry generally.

Even if a trading market develops for the Notes, the Notes could trade at prices that may be higher or lower than their initial offering prices, depending on many factors, including prevailing interest rates, general economic conditions, results of operations and financial position, historic financial performance and prospects, the ratings assigned to Couche-Tard's other debt securities, and the markets for similar debt securities. The market price of the Notes may decline even if Couche-Tard's results of operations, financial position or prospects have not changed. In periods of increased levels of volatility and market turmoil, Couche-Tard's operations could be adversely impacted and the market price of the Notes may be adversely affected.

The Trading Market for Debt Securities May Be Volatile and May Be Adversely Impacted by Many Events

The market for debt securities issued by Couche-Tard is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries. There can be no assurance that events in Canada, the United States, Norway or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

Change of Law

The terms and conditions of the Notes are governed by the laws of England and Wales. No assurance can be given as to the impact of any possible judicial decision or change to the laws of England and Wales or administrative practice or the official application or interpretation of the laws of England and Wales after the date of this Offering Memorandum. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Offering Memorandum.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes.

Further, a Noteholder's effective yield on the Notes may be diminished by the tax impact on that Noteholder of its investment in the Notes. Potential investors are advised not to rely upon the tax summary contained in this Offering Memorandum but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Offering Memorandum. Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Notes.

U.S. Withholding Tax May Apply

Whilst the Notes are in global form and held by the common depository for Euroclear and Clearstream, Luxembourg, it is not anticipated that the reporting regime and potential withholding imposed by sections 1471 through 1474 of the US Internal Revenue Code of 1986, as amended, and any regulations or agreements thereunder, official interpretations thereof, or law implementing an intergovernmental approach thereto ("**FATCA**"), will affect the amount of any payment received by the common depository. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding and the relevant Notes are treated, for US federal tax purposes, either as equity instruments or are issued, or materially modified, after the date that is six months after the publication of final regulations defining the term "foreign passthru payments" for the purposes of FATCA. It may also affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose their custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. Couche-Tard's obligations under

the Notes are discharged once it has paid the common depositary for Euroclear and Clearstream, Luxembourg (as holder of the Notes) and Couche-Tard, therefore, has no responsibility for any amount thereafter transmitted through the common depositary and custodians or intermediaries.

Notes and Guarantees Subordinated to the Liabilities of Non-Guaranteeing Subsidiaries

Subject to the release provisions described herein and all limitations and restrictions under applicable law, the Notes will be unconditionally guaranteed on a senior, unsecured basis by the Guarantors. Our other subsidiaries will not guarantee or otherwise be responsible for the payment of principal or interest or other payments required to be made on the Notes. Accordingly, the Notes will effectively be structurally subordinated to all existing and future liabilities (including trade payables and debt) of such subsidiaries (including each Guarantor upon its release under the Guarantee). We conduct the majority of our operations through, and hold the majority of our assets in, our subsidiaries. As a result, our ability to meet our financial obligations, including servicing our debt under the Notes, depends significantly upon our receipt of funds from our subsidiaries. Our subsidiaries are distinct legal entities and have no obligation to make funds available to us to pay our obligations under the Notes or to pay those obligations, except, in the case of a Guarantor, to the extent such Guarantor is guaranteeing the Notes at the time. In the event of an insolvency, bankruptcy, liquidation, reorganization or similar proceeding in respect of any of our subsidiaries that are not, at the time, guaranteeing the Notes, the Noteholders will have no right to proceed against the assets of such subsidiaries. Such non-Guarantor subsidiaries may represent up to 20% of our consolidated EBITDA and assets, respectively. Creditors of such non-Guarantor subsidiaries would generally be entitled to payment in full from such assets before any assets are made available for distribution to Couche-Tard or, if applicable, any of the Guarantors, to pay their respective debt and other obligations. As of April 26, 2015, our non-Guarantor subsidiaries had in the aggregate approximately US\$ 53.8 million of liabilities. Pursuant to the terms of our existing debt obligations, including those of the Notes, our subsidiaries are permitted to incur additional debt subject to certain limitations.

Note and Guarantees Subordinated to Secured Debt

The Notes and the Guarantees will also be effectively subordinated in right of payment to all existing and any future secured debt of Couche-Tard and each of the Guarantors, respectively, to the extent of the value of the assets securing such debt. In the event of an insolvency, bankruptcy, liquidation, reorganization or similar proceeding, the assets of Couche-Tard or of the Guarantors, as applicable, that serve as collateral under any such secured debt would be made available to satisfy the obligations under the secured debt before any payments are made on the Notes or the Guarantee. Pursuant to the terms of our existing debt obligations, including those of the Notes, we may incur additional secured debt subject to certain limitations.

Release of Guarantors

There is a risk that some or all of the Guarantors may cease to guarantee the Notes under the Deed of Guarantee. The Deed of Guarantee provides that all subsidiaries of Couche-Tard that are guarantors under the Senior Credit Facilities shall equally guarantee the Notes under the Deed of Guarantee. Although Couche-Tard has initially undertaken to ensure that, at all times, (i) the combined EBITDA of Couche-Tard and the Guarantors exceeds 80% of the consolidated EBITDA of Couche-Tard; and (ii) the combined asset value of Couche-Tard and the Guarantors exceeds 80% of the consolidated asset value of Couche-Tard, which is the requirement currently applicable under the Senior Credit Agreement, Couche-Tard is entitled, in certain circumstances, to require that any subsidiary that ceases to be a guarantor under the Senior Credit Facilities be released as, or not be required to become, a Guarantor under the Deed of Guarantee. If any Guarantor is released, no Noteholder will have a claim as a creditor against such subsidiary, and trade payables and debt, if any, whether secured or unsecured, of that subsidiary will be effectively structurally senior to the claim of any Noteholders. See “Description of the Notes – Guarantee”.

Foreign Guarantors

In accordance with the terms and conditions of the Deed of Guarantee, the Guarantees will be subject to all limitations and restrictions existing under applicable laws. Each of the Foreign Guarantors is incorporated, continued or otherwise organized under the laws of a jurisdiction other than Canada. As such, a Guarantee in respect of a Foreign Guarantor shall be limited to the extent necessary to comply with the applicable laws of such Foreign Guarantor’s jurisdiction. Certain of such jurisdictions have statutory or other limits on the amount that may be guaranteed under a guarantee agreement and, accordingly, the amount that may be claimed or recovered from such Foreign Guarantors may be limited or entirely prohibited and, to the extent of such limitation or prohibition, the Notes may be considered structurally subordinated to the other unsecured and unsubordinated indebtedness of such Foreign Guarantor that is not subject to the same limitations and restrictions. It is possible that a Foreign Guarantor, a creditor of a Foreign Guarantor or the insolvency administrator in the case of an insolvency of a Foreign Guarantor may contest the validity or enforceability of the Guarantee and that a court of competent jurisdiction may determine that any Guarantee should be

limited or voided. In the event that any Guarantee is deemed invalid or unenforceable, in whole or in part, or to the extent that recovery under a Guarantee is limited, the Notes would be effectively subordinated to all liabilities of the applicable Guarantor, including trade payables and debt of such Guarantor to the extent of such invalidity, unenforceability or limitation. See “Description of the Notes – Guarantee and “Description of the Notes – Ranking of the Notes”.

Modifications

The Trust Deed contains provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Trust Deed provides that the Trustee may, without the consent of the Noteholders, agree to any modification of the terms of the Notes, the Trust Deed, the Agency Agreement or the Deed of Guarantee which, in the opinion of the Trustee, is not materially prejudicial to the interests of Noteholders or which is to correct a manifest error or an error which is of a formal, minor or technical nature.

Enforceability of Remedies under Bankruptcy and Insolvency Laws

The rights of the Trustee to enforce remedies could be delayed by the restructuring provisions of applicable Canadian federal bankruptcy, insolvency and other restructuring legislation if the benefit of such legislation is sought with respect to Couche-Tard. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies’ Creditors Arrangement Act* (Canada) contain provisions enabling an insolvent person to obtain a stay of proceedings against its creditors and to file a proposal to be voted on by the various classes of its affected creditors.

A restructuring proposal, if accepted by the requisite majorities of each affected class of creditors, and if approved by the relevant Canadian court, would be binding on all creditors within each affected class, including those creditors that did not vote to accept the proposal. Moreover, this legislation, in certain instances, permits the insolvent debtor to retain possession and administration of its property, subject to court oversight, even though it may be in default under the applicable debt instrument, during the period that the stay against proceedings remains in place.

The powers of the court under the *Bankruptcy and Insolvency Act* (Canada), and particularly under the *Companies’ Creditors Arrangement Act* (Canada), have been interpreted and exercised broadly so as to protect a restructuring entity from actions taken by creditors and other parties. Accordingly, Couche-Tard cannot predict whether payments under the Notes would be made during any proceedings in bankruptcy, insolvency or other restructuring, whether or when the Trustee could exercise its rights under the Trust Deed or whether and to what extent the Noteholders would be compensated for any delays in payment, if any, of principal, interest and costs, including the fees and disbursements of the respective trustees.

Capitalized terms used and not otherwise defined elsewhere in this Offering Memorandum have the meanings given to them under this “Description of the Notes – Definitions” beginning on page 30. For purposes of this “Description of the Notes”, the terms “we”, “us”, “our” and “Couche-Tard” refer to Alimentation Couche-Tard Inc. (or its successors, if any, under the Trust Deed) and not any of its subsidiaries. Any reference to the “Notes” contained in this Offering Memorandum refers to our NOK 675,000,000 of 3.85% senior unsecured notes due 2026.

Trust Deed

The Notes are constituted by, are subject to and have the benefit of, the Trust Deed which expression includes the schedules thereto.

The following is a brief summary of the material attributes and characteristics of the Trust Deed. This summary does not purport to be complete and reference should be made to the Trust Deed for more detailed information. The Trust Deed will be available for inspection without charge during normal business hours at the head office of Couche-Tard at 4204 boulevard Industriel, Laval, Québec, Canada, H7L 0E3, and at the specified offices of the Principal Paying Agent.

The Noteholders are entitled to the benefit of and are bound by, and are deemed to have notice of all of the provisions of the Trust Deed, the Agency Agreement and the Deed of Guarantee.

Guarantee

The due payment of all sums expressed to be payable by Couche-Tard in respect of the Notes and the Trust Deed will initially be guaranteed by a full and unconditional guarantee (each, a “**Guarantee**” and collectively, the “**Guarantees**”), on a joint and several basis of each of Dépan-Escompte Couche-Tard Inc., Couche-Tard Inc., Mac’s Convenience Stores Inc., 9121-2738 Québec Inc., 7724080 Canada Inc., 8057575 Canada Inc., 8011346 Canada Inc., Circle K Stores Inc., Mac’s Convenience Stores LLC, Circle K Delaware Inc., The Circle K Corporation, Circle K Terminal LLC, Couche-Tard U.S. Inc., Circle K Finance Inc., Circle K Holding Company LLC, Mac’s Luxembourg S.à r.l., Couche-Tard Luxembourg S.à r.l., Couche-Tard Brands and Financing S.à r.l., Statoil Fuel & Retail AS, Statoil Fuel & Retail Norge AS, Statoil Polen Invest AS, Statoil Fuel & Retail A/S, Statoil AB, Statoil Fuel & Retail Sverige AB, Statoil Fuel & Retail Property Holding AB, Statoil Fuel & Retail Polska Sp. Z o.o., Statoil Fuel & Retail Eesti AS, SIA Statoil Fuel & Retail Latvia, Statoil Fuel & Retail Lietuva, UAB, Circle K IOM Limited and Circle K Ireland Holding Limited (collectively, the “**Guarantors**”), subject to all limitations and restrictions under applicable law, in accordance with the terms and conditions of the deed of guarantee dated February 18, 2016 among Couche-Tard, the Guarantors and the Trustee (the “**Deed of Guarantee**”).

Following the Closing Date, Couche-Tard may request that the Guarantee in respect of one or more Guarantors be terminated provided that: (i) such Guarantor is also released from its guarantee under the Senior Credit Facilities; and (ii) at all times, (a) the combined EBITDA of Couche-Tard and the Guarantors exceeds 80% of the consolidated EBITDA of Couche-Tard and (b) the combined assets of Couche-Tard and the Guarantors exceeds 80% of the consolidated assets of Couche-Tard (the “**Credit Support Requirement**”), which is the requirement currently applicable under the Senior Credit Agreement. The Credit Support Requirement shall be deemed to be amended, varied, waived, stayed or otherwise deemed to be satisfied upon and to the extent of any amendment to, or any variation, waiver or stay of, or the implementation of any alternative arrangement to satisfy the requirement for any subsidiary of Couche-Tard to become a guarantor of the outstanding obligations under the Senior Credit Facilities, provided and to the extent only that: (i) Couche-Tard does not, directly or indirectly, provide other alternative credit support to any holder of indebtedness under the Senior Credit Facilities in replacement of or as consideration for such amendment, variation, waiver, stay or arrangement unless such other alternative credit support is concurrently provided to the Trustee on a *pari passu* basis; and (ii) no increase of the pricing or other economic terms of the Senior Credit Facilities (excluding any customary amendment, waiver or similar fees), whether by way of supplemental or additional interest, other fees or otherwise, is paid, by Couche-Tard or on its behalf, to the holders of indebtedness under the Senior Credit Facilities, for the sole purpose of or as unique inducement to introduce or implement such amendment, variation, waiver, stay or arrangement.

So long as any Notes issued under the Trust Deed remain outstanding, all of Couche-Tard’s subsidiaries that are guarantors from time to time in respect of the Senior Credit Facilities shall guarantee, subject to the same limitations,

restrictions and exceptions under the Senior Credit Facilities, the due payment of all sums expressed to be payable by Couche-Tard in respect of the Notes and the Trust Deed. Any one of our subsidiaries that becomes a guarantor under the Senior Credit Facilities at any time after the Closing Date will promptly become a Guarantor in respect of the Notes.

The Trust Deed provides that a Guarantor will be released and relieved of its obligations under the Guarantee in respect of the Notes, and that the Guarantee will be terminated in respect of such Guarantor, upon receipt by the Trustee of a notice from Couche-Tard to the Trustee confirming that such Guarantor ceased to be a guarantor under the Senior Credit Facilities for any reason after the Closing Date. See “Risk Factors – Risks Related to the Notes – Release of Guarantors”.

The financial results of the Guarantors are consolidated in our 2015 Audited Consolidated Financial Statements. See “Documents Incorporated by Reference”.

Ranking of the Notes

The Notes and the Guarantees will be senior unsecured obligations of Couche-Tard and the Guarantors, respectively, and, subject to statutory preferred exceptions, the Notes shall rank *pari passu* with all of our and the Guarantors’ other current and future senior unsecured and unsubordinated indebtedness. The Notes and the Guarantees will effectively be subordinated to all of our and the Guarantors’ secured indebtedness, to the extent of the assets securing such indebtedness, and will be senior to all of our and the Guarantors’ existing or future subordinated indebtedness.

The obligations of certain Guarantors under the Deed of Guarantee which are incorporated, continued or otherwise organized under the laws of a jurisdiction other than Canada (the “**Foreign Guarantors**”) are subject to certain limitations and restrictions under the applicable laws of the jurisdiction of such Foreign Guarantors, and accordingly will be limited to the extent necessary to comply with such laws. Accordingly, the amount that may be claimed or recovered from such Foreign Guarantors may be limited and, to the extent of such limitation, the Notes may be considered structurally subordinated to the other unsecured and unsubordinated indebtedness of such Foreign Guarantors that is not subject to the same limitations and restrictions. See “Risk Factors – Risks Related to the Notes – Foreign Guarantors”.

Term and Denomination

The Notes will be issued in an initial aggregate principal amount of NOK 675,000,000 and will mature on February 18, 2026.

The Notes will be denominated in NOK, in a minimum denomination of NOK 1,000,000, and thereafter in integral multiples of NOK 1,000, in registered definitive or global form, in which case Notes will be exchangeable only under certain conditions for Definitive Notes. See “Description of the Notes – Form of the Notes”.

Form of the Notes

The Notes will be in registered form and represented by the Global Note which will be deposited on or around the Closing Date with a common depositary for Euroclear and Clearstream, Luxembourg (the “**Common Depositary**”).

Exchange of the Global Note for Definitive Notes

Interests in the Global Note will be exchangeable, in whole but not in part only and at the request of the holder of the Global Note, for Definitive Notes, if: (i) Euroclear and/or Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or in fact does so and no successor clearing system is available; or (ii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes in definitive registered form (each, an “**Exchange Event**”).

Couche-Tard will promptly give notice to Noteholders if an Exchange Event occurs. In the case of (i) above, the holder of the Global Note, acting on the instructions of one or more of the Accountholders (as defined below), may give notice to Couche-Tard and the Principal Paying Agent and, in the case of (ii) above, Couche-Tard may give notice to the Principal Paying Agent of its intention to exchange the Global Note for Definitive Notes on or after the day falling not less than 30 days after the date of receipt of the first relevant notice by the Registrar.

Whenever the Global Note is to be exchanged for Definitive Notes, Couche-Tard shall procure the prompt delivery (free of charge to the holder) of such Definitive Notes, duly authenticated in an aggregate principal amount equal to the outstanding principal amount of the Notes represented by the Global Note to the holder of the Global Note

against the surrender of the Global Note to or to the order of the Principal Paying Agent within 30 days of the holder requesting such exchange.

Registration of title to Notes in a name other than that of the nominee of Euroclear and Clearstream, Luxembourg will not be permitted unless an Exchange Event occurs.

“**Accountholder**” means each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular number of Notes.

Transfer of the Notes

Upon confirmation by the Common Depositary that it holds the Global Note, Euroclear or Clearstream, Luxembourg, as the case may be, will record in book-entry form interests representing beneficial interests in the Global Note attributable thereto (“**Book-Entry Interests**”).

Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg (“**Participants**”) or persons that hold interests in the Book-Entry Interests through Participants or through other indirect participants (“**Indirect Participants**”), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants’ accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Manager. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee for the Common Depositary is the registered holder of the Global Note underlying the Book-Entry Interests, the nominee for the Common Depositary will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed. Except in the limited circumstances set out above, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed.

Payment of Interest and Principal

The Notes will bear interest at a rate of 3.85% per year payable in arrear from and including the Closing Date. Accrued interest on the Notes will be payable semi-annually in equal instalments on 20 April and 20 October in each year (each an “**Interest Payment Date**”), except that the first payment of interest, to be made on April 20, 2016, will be in respect of the period from and including the Closing Date to but excluding April 20, 2016 and the final payment of interest, to be made on the Maturity Date, will be in respect of the period from and including October 20, 2025 to but excluding the Maturity Date. The record date for the payment of interest for the Notes will be that day which is the fifteenth Business Day prior to the applicable interest payment date. To the extent lawful, interest will accrue on any overdue interest at the same rate. For any interim period, interest will be computed on the basis of a 360-day year with 12 calendar months of 30 days each.

For so long as any Notes are represented by the Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear and/or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear and/or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest or proven error) shall be treated as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the registered holder of the Global Note shall be treated as the holder of such nominal amount of such Notes in accordance with, and subject to the terms of, the Global Note and the expression “**Noteholder**” and related expressions shall be construed accordingly.

Payments of interest, principal, or premium, if any, will be made in NOK.

A Note may only be presented for payment on a day which is a business day in the place of presentation (and, in the case of payment by transfer to a NOK account, in Norway). No further interest or other payment will be made as a consequence of the day on which the relevant Note may be presented for payment falling after the due date. For the purposes of this paragraph, "business day" means a day on which commercial banks and foreign exchange markets are open in the relevant city.

Taxation

All payments of principal and interest by or on behalf of Couche-Tard in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within a Relevant Jurisdiction or any other authority therein or thereof having power to tax, unless such withholding or deduction is required by law or pursuant to a voluntary agreement with a taxing authority. In that event, Couche-Tard or, as the case may be, any Guarantor shall pay such additional amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note:

- (i) *Other connection*: presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with a Relevant Jurisdiction other than the mere holding of the Note; or
- (ii) *Presentation more than 30 days after the Relevant Date*: presented for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting such Note for payment on the last day of such period of 30 days; or
- (iii) *Payment by another Paying Agent*: presented for payment by or on behalf of a Noteholder who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a member state of the European Union; or
- (iv) *Foreign Account Tax Compliance Act*: for any withholding or deduction imposed pursuant to Sections 1471 to 1474 of the U.S. Internal Revenue Code, including any associated regulations or other official guidance and any agreement with the U.S. Internal Revenue Service pursuant to such Sections of the U.S. Internal Revenue Code, or any treaty, law, regulation or other official guidance enacted in any other jurisdiction, or relating to an intergovernmental agreement between the U.S. and any other jurisdiction, which facilitates the implementation of such Sections of the U.S. Internal Revenue Code, on payments to a Noteholder, beneficial owner, or any agent having custody or control over a payment made by Couche-Tard, a Guarantor or any agent in the chain of payment; or
- (v) *Requested documentation*: where such withholding or deduction is imposed by reason of the failure of the Noteholder or beneficial owner of a Note to comply with any reasonable written request by or on behalf of Couche-Tard addressed to the Noteholder and made at least 60 days before any such withholding or deduction would be payable to satisfy any certification, identification, information or other reporting requirements, whether required by statute, treaty, regulation or administrative practice of a tax jurisdiction, as a precondition to exemption from, or reduction in the rate of deduction or withholding of, taxes imposed by such tax jurisdiction (including, without limitation, a certification that the holder or beneficial owner is not resident in the tax jurisdiction).

As used herein, "**Relevant Date**" in respect of any Note means whichever is the later of (a) the date on which such payment in respect of it first becomes due and (b) if the full amount payable has not been received in London by the Principal Paying Agent or the Trustee on or prior to such due date, the date on which, the full amount having been so received, notice to that effect shall have been given to the Noteholders.

As used herein under the heading "Description of Notes", "**Relevant Jurisdiction**" means, in the case of Couche-Tard, Canada or any political subdivision or any authority thereof or therein having power to tax and, in the case of any Guarantor, any jurisdiction under the laws of which that Guarantor is incorporated, or any political subdivision or any authority thereof or therein having power to tax.

Negative Pledge

Couche-Tard covenants in the Trust Deed that so long as any of the Notes are outstanding it will not and will not permit the Obligors to create, incur or assume or permit to subsist, any Lien upon any part of their respective assets, whether now owned or hereafter acquired, to secure any obligations, to secure any Indebtedness, unless at the same time, or as soon as reasonably practicable thereafter, Couche-Tard secures all the Notes then outstanding on a *pari passu* basis, provided that this covenant shall not apply to:

- (i) Liens disclosed in writing to the trustee under the Base Indenture on or before November 1, 2012, provided that no such Lien shall encumber any additional property and the principal amount of Indebtedness or other obligations secured thereby shall not be increased in excess of the maximum amount secured thereby on November 1, 2012;
- (ii) Liens securing Indebtedness due by an Obligor to another Obligor;
- (iii) Capitalised Lease Liabilities;
- (iv) any Permitted Accounts Receivable Transactions and any Permitted Sale Leaseback Transactions, provided that such Liens attach only to the assets subject to such transactions;
- (v) the extension or renewal of any Lien permitted under paragraph (i) above, provided that the principal amount of the Indebtedness secured thereby is not in excess of the principal amount thereof on the date of such extension or renewal, the security does not extend to any additional property, and immediately after such extension or renewal, no Event of Default would exist;
- (vi) any Permitted Encumbrances; and
- (vii) the creation or assumption of Liens not otherwise permitted to be incurred pursuant to the provisions in paragraphs (i) through (vi) above and not exceeding 15% in the aggregate of Couche-Tard's Shareholders' Equity at any time.

Mergers, Consolidations and Sales of Assets

So long as any Notes issued under the Trust Deed remain outstanding, Couche-Tard and its Material Subsidiaries will not enter into any transaction in which all or substantially all of Couche-Tard's or a Material Subsidiary's property and assets would become the property of any other Person (any such Person being referred to herein as a "**Successor**"), whether by way of reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale or otherwise, unless:

- (i) Couche-Tard or the Material Subsidiary, as the case may be, shall be the surviving Person, or the Successor, if other than Couche-Tard or the Material Subsidiary, as the case may be, formed by the amalgamation, consolidation or into which Couche-Tard or the Material Subsidiary, as the case may be, is merged or that acquires all or substantially all of the property or assets of Couche-Tard or the Material Subsidiary, as the case may be, shall expressly assume, by a supplemental trust deed executed and delivered to the Trustee in form satisfactory to the Trustee in the case of Couche-Tard, or in accordance with the terms of the Deed of Guarantee in the case of any Material Subsidiary, all of the obligations of Couche-Tard or the Material Subsidiary, as the case may be, in respect of the Notes, and shall, in the case of the Successor of Couche-Tard, be a corporation organized and validly existing under the federal laws of Canada or any of its provinces or territories;
- (ii) immediately before and after giving effect to the transaction, no Event of Default or event that with the passing of time or the giving of notice, or both, would constitute an Event of Default shall have occurred and be continuing; and
- (iii) such transaction is on terms which substantially preserve and do not impair in any material respect any of the rights and powers of the Trustee or the Noteholders under the Trust Deed and the interests of the Noteholders are not prejudiced in any material respect by the transaction.

Events of Default

Each of the following events shall be an Event of Default in respect of the Notes:

- (i) if Couche-Tard fails to pay any principal or Premium, if any, on any Notes when due, at maturity, upon redemption or otherwise;
- (ii) if Couche-Tard defaults in the due and punctual payment of any instalment of interest on any Note when due and any such default is not remedied within 30 days;
- (iii) if Couche-Tard or any Guarantor makes default in the performance or observance of any other covenant, agreement or condition in the Trust Deed, the Notes or the Deed of Guarantee and, after written notice to Couche-Tard by the Trustee or by the Trustee having been directed by the Noteholders of not less than 25 per cent in principal amount of Notes then Outstanding specifying such default and requiring it to be remedied and stating that such a notice is a “Notice of Default” under the Trust Deed, and Couche-Tard or such Guarantor fails to remedy such default within a period of 60 days;
- (iv) if any Indebtedness of Couche-Tard or any Guarantor in excess of US\$100.0 million or its equivalent is accelerated as a result of the failure of Couche-Tard or any Guarantor to perform any covenant or agreement applicable to such Indebtedness; or
- (v) if any Insolvency Event occurs and is continuing in respect of Couche-Tard or any Material Subsidiary.

Acceleration on Default and Waiver of Default

The Trust Deed provides that if an Event of Default shall occur and is continuing, the Trustee in its discretion, may, or if so requested by an Extraordinary Resolution of the Noteholders or in writing by the holders of at least 25 per cent in principal amount of the Notes then Outstanding shall (subject in each case to it being indemnified, and/or secured and/or prefunded to its satisfaction) give notice to the Issuer that the Notes are, and they shall immediately become, due and payable at 100 per cent of their principal amount together with accrued interest and premium.

If an Event of Default occurs, otherwise than by default in payment of the principal amount at the Final Maturity Date, the Noteholders have the power exercisable by Extraordinary Resolution (as hereinafter defined) to request the Trustee (subject to it being indemnified and/or secured and/or prefunded to its satisfaction) to waive an Event of Default or cancel a declaration made by the Trustee or both, and the Trustee shall thereupon comply with such instructions. In addition, subject to Condition 11(b) (the terms of which are summarised under “Modification and Waiver; Substitution – Modification and waiver”, below), so long as it has not become bound to institute any proceedings pursuant to the Trust Deed, the Trustee has the power to waive any default if, in the Trustee’s opinion, the default has been cured or adequate satisfaction has been made therefor, and the Trustee has the power to cancel any declaration.

Reporting

Couche-Tard will furnish the Trustee with copies of its financial statements, whether annual or interim, and any report of the auditors thereon at the same time as such financial statements are filed with securities regulatory authorities and at all reasonable times such other information relating to its business as the Trustee may reasonably require. In addition, within 120 days after the end of each of Couche-Tard’s fiscal years, such fiscal years ending on the last Sunday in April each year, Couche-Tard will furnish the Trustee with a certificate of its President and Chief Executive Officer, Vice-President and Chief Financial Officer or the Director of Treasury certifying that, to the best of his or her knowledge, Couche-Tard has complied with all of the covenants, conditions and other requirements contained in the Trust Deed, the non-compliance with which would, with the passing of time or giving of notice or both, constitute an Event of Default under the Trust Deed, or if such is not the case, setting forth with reasonable particulars the circumstances of any failure to comply, the period of existence thereof and the action Couche-Tard is taking with respect thereto.

Meetings

The Trust Deed contains provisions for convening meetings of Noteholders to consider matters, including the sanctioning by Extraordinary Resolution of a modification of any of the Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 25 per cent in principal amount of the Notes for the time being Outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution will be one or more persons holding not less than 50 per cent of the aggregate principal amount of the then Outstanding Notes present in person or represented by proxy at such meeting, or at any adjourned meeting one or more persons holding any principal amount of the then Outstanding Notes present in person or represented by proxy at such meeting. Any Extraordinary Resolution shall be duly passed by the favourable votes of the holders of more than 66 2/3 per cent of the principal amount of the Notes present in person or represented by proxy at such meeting and shall be binding on Noteholders (an “Extraordinary Resolution”), (whether or not they were present at the meeting at which such resolution was passed).

The Trust Deed also provides that a resolution in writing signed by or on behalf of the holders of more than 66 2/3 per cent in principal amount of the Notes Outstanding (such a resolution in writing may be contained in one document or several documents in the same form each signed by or on behalf of one or more Noteholders) or an approval of a resolution given by the holders of more than 66 2/3 per cent in principal amount of the Notes Outstanding communicated by way of an electronic consent through the clearing systems shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. See also “Modification and Waiver; Substitution”.

For the purpose of this Description of Notes “**Outstanding**” shall have the same meaning as given to it in the Trust Deed.

Redemption for Taxation Reasons

The Notes may be redeemed at the option of Couche-Tard in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice to the Noteholders (or such other notice period as may be specified hereon), which notice shall be irrevocable, at their principal amount (together with interest accrued to the date fixed for redemption), if (i) Couche-Tard satisfies the Trustee immediately prior to the giving of such notice that it has (or, if the Guarantee was called, any of the Guarantors has) or will become obliged to pay additional amounts as provided or referred to under the heading “Description of Notes – Taxation” as a result of any change in, or amendment to, any laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Closing Date provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which Couche-Tard (or such Guarantor, as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes (or the Guarantee, as the case may be) then due.

Optional Redemption and Purchase for Cancellation

The Notes may be redeemed, in whole or in part, at the option of Couche-Tard at any time prior to November 18, 2025, at a redemption price equal to the greater of:

- (i) 100% of the principal amount of the Notes to be redeemed, and
- (ii) the Makewhole Price (as hereinafter defined),

plus, in each case, accrued and unpaid interest thereon to the date of redemption.

In addition, the Notes will be redeemable, in whole or in part, at the option of Couche-Tard, on or after November 18, 2025, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest on the outstanding principal amount of each Note called for redemption to but excluding the date of redemption.

“**Bond Yield**” on any date means the yield to maturity on such date, compounded semi-annually and calculated by Couche-Tard in accordance with generally accepted European financial practice, of the FA Selected Bond, such yield to maturity being the average of the yields provided by two European investment dealers specified by Couche-Tard.

“**FA Selected Bond**” means a non-callable Norway Government bond selected by the Financial Adviser (or, where no such Norway Government bond is then outstanding, an alternative government security selected by the Financial Adviser) having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the remaining term of the Notes.

“**Financial Adviser**” means an independent financial adviser acting as an expert selected by Couche-Tard and notified in writing to the Trustee.

“**Makewhole Price**” means the price of the Notes excluding any accrued and unpaid interest, calculated by the Issuer as of the third Business Day preceding the day on which the notice of redemption is given, to provide a yield to maturity equal to the applicable Bond Yield plus 63 basis points.

Notice of any redemption with respect to the Notes will be given at least 30 days but not more than 60 days before the redemption date to each holder of Notes to be redeemed. Unless Couche-Tard defaults in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions of the Notes

called for redemption. In the case of a partial redemption of the Notes, the Notes will be selected for redemption in accordance with the procedures of Euroclear or Clearstream, Luxembourg (as applicable), unless otherwise required by law or applicable stock exchange or depositary requirements. If the Notes are not held by Euroclear or Clearstream, Luxembourg or Euroclear or Clearstream, Luxembourg prescribes no method of selection, the Notes will be redeemed on a *pro rata* basis to their Principal Amount according to the holding of each Noteholder. If the Notes are redeemed in part, the notice of redemption will state the portion of the principal amount thereof to be redeemed. A replacement Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original Note.

Couche-Tard will not be obliged to redeem the Notes and will not be obliged, at the option of the holder, to purchase or repay the Notes.

Subject to applicable law, Couche-Tard shall also have the right to purchase Notes at any time from time to time in the market, by tender or by private. Notes so redeemed or purchased by Couche-Tard will be cancelled and may not be reissued.

Change of Control

If a Change of Control Triggering Event occurs (unless Couche-Tard has exercised its right to redeem the Notes as described above under “Description of the Notes – Optional Redemption and Purchase for Cancellation”), then each Noteholder will have the option (the **“Put Option”**) to require Couche-Tard to redeem all or, at the option of the Noteholder, any part (in minimum denominations of NOK 1,000,000 and integral multiples of NOK 1,000) of that Noteholder’s Notes for cash pursuant to the provisions described below. The redemption of the relevant Notes shall be made at a redemption price equal to 101% of the principal amount of the Notes so redeemed (the **“Redemption Price”**), plus accrued and unpaid interest thereon, if any, up to but excluding the date of redemption (the **“Payment Date”**).

Couche-Tard will, no later than 15 days after the occurrence of a Change of Control Triggering Event, provide written notice to the Noteholders with a copy to the Trustee and the Principal Paying Agent of the Change of Control Triggering Event (a **“Change of Control Notice”**). A form of such Change of Control Notice shall be provided by Couche-Tard to the Noteholder and shall specify: (i) that a Change of Control Triggering Event has occurred and that a Put Option can be exercised by each Noteholder in accordance with the Trust Deed, and that all outstanding Notes that are subject to a Put Option exercised by a Noteholder will be accepted for redemption; (ii) the Redemption Price and the Payment Date; (iii) that any Notes in respect of which the Put Option has not been exercised will continue to accrue interest pursuant to its terms; (iv) that, unless Couche-Tard defaults on the payment of the Redemption Price, any Note accepted for redemption pursuant to the exercise of the Put Option shall cease to accrue interest on and after the Payment Date; (v) that any Noteholder electing to have a Note redeemed pursuant to the Put Option will be required to surrender the Note to the Principal Paying Agent at the address specified in the notice on any Business Day within the Put Exercise Period; (vi) that any Noteholder will be entitled to withdraw their election if the Principal Paying Agent receives, not later than the close of business on the fifth Business Day immediately preceding the end of the Put Exercise Period, notification that such Noteholder is withdrawing his election to have such Notes redeemed; and (vii) that any Noteholder that elects to have its Notes redeemed must specify the principal amount that is being surrendered for redemption, which principal amount must be an amount of NOK 1,000,000 and integral multiples of NOK 1,000.

To exercise the Put Option, a Noteholder must deliver its Notes to the specified office of any Paying Agent, together with a duly completed and signed notice of exercise in the form for the time being currently obtainable from the specified office of any Paying Agent (a **“Put Exercise Notice”**), on any Business Day within the Put Exercise Period. Trustee and Agents

Under the Trust Deed, the Trustee is entitled to be indemnified and relieved from responsibility in certain circumstances and to be paid its costs and expenses in priority to the claims of the Noteholders. In addition, the Trustee is entitled to enter into business transactions with Couche-Tard, any Guarantor and any entity relating to Couche-Tard or the Guarantors without accounting for any profit.

In the exercise of its powers and discretions under the Trust Deed, the Trustee will have regard to the interests of the Noteholders as a class and will not be responsible for any consequence for individual holders of Notes as a result of such holders being connected in any way with a particular territory or taxing jurisdiction.

The Trustee may rely without liability to Noteholders on a report, confirmation or certificate or any advice of any accountants, financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Trustee may accept and shall be entitled to rely on any such report, confirmation or certificate or advice without further enquiry or liability, and, if accepted, such report, confirmation or certificate or advice shall be binding on the Issuer, the Trustee and the Noteholders.

In acting under the Agency Agreement and in connection with the Notes, the Agents act solely as agents of Couche-Tard, the Guarantors and (to the extent provided therein) the Trustee and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

Couche-Tard and the Guarantors reserve the right (with the prior written approval of the Trustee) at any time to vary or terminate the appointment of any Agent and to appoint a successor registrar, principal paying agent, agent bank and additional or successor paying agents and transfer agents; *provided, however*, that Couche-Tard and the Guarantors shall at all times maintain a principal paying agent and a registrar and a paying agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC.

Notice of any change in any of the Agents shall be given by the Issuer to the Noteholders not more than 45 nor less than 30 days prior to any such appointment, resignation or removal of any Agent.

Modification and Waiver; Substitution

(i) Modification and waiver

The rights of the Noteholders under the Trust Deed may be modified or waived.

The Trustee may, without the consent of the Noteholders, agree to any modification of the terms of the Notes or the Trust Deed if, in the opinion of the Trustee, such modification will not be materially prejudicial to the interests of Noteholders and to any modification of the Notes or the Trust Deed which is of a formal, minor or technical nature or is to correct a manifest error.

In addition, the Trustee may, without the consent of the Noteholders, subject to such terms and conditions as the Trustee shall determine, authorise or waive any proposed breach or breach of the Notes or the Trust Deed (provided that the Trustee shall not do so in contravention of an express direction given by an Extraordinary Resolution) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby.

Such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

(ii) Substitution

The Trust Deed contains provisions under which a Guarantor or any other company may, without the consent of the Noteholders, assume the obligations of Couche-Tard as principal debtor under the Trust Deed and the Notes provided that certain conditions specified in the Trust Deed are fulfilled, including, in the case of a substitution of Couche-Tard by a company other than any Guarantor, a requirement that the Guarantee of the Notes is fully effective in relation to the obligations of the new principal debtor under the Trust Deed and the Notes.

No Noteholder shall, in connection with any substitution, be entitled to claim any indemnification or payment in respect of any tax consequence thereof for such Noteholder, except to the extent provided for under the terms of the Notes (or any undertaking given in addition to or substitution for it pursuant to the provisions of the Trust Deed).

Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, take such steps, actions or proceedings against the Issuer and/or the Guarantors as it may think fit to enforce the terms of the Trust Deed, the Notes and the Guarantee, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least 25% in principal amount of the Notes then Outstanding, and (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder may proceed directly against the Issuer or the Guarantors unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

Further Issues

The Issuer may from time to time without the consent of the Noteholders create and issue further securities either which may be consolidated and form a single series with the Notes (provided such securities have the same terms and conditions as the Notes in all respects (except for the issue date and the first payment of interest)) or upon such terms as the Issuer may determine at the time of their issue that do not form a single series with the Notes. Any such securities may (with the consent of the Trustee), be constituted by a deed supplemental to the Trust Deed or (where such securities are not to be consolidated and form a single series with the Notes) in such other manner as the Issuer may determine. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

CREDIT RATINGS

The following table discloses Couche-Tard's credit ratings as of the date of this Offering Memorandum.

<u>Rating Agency</u>	<u>Rating</u>
Moody's Investors Service, Inc. ("Moody's")	Baa2
Standard & Poor's Ratings Services ("S&P")	BBB

The Notes themselves will not be rated.

Moody's credit ratings are on a long-term debt rating scale that ranges from Aaa to C, which represents the range from highest to lowest quality of such securities rated. Our long-term corporate credit rating from Moody's is Baa2. A rating of Baa is the fourth highest of nine major categories used by Moody's. According to the Moody's rating system, debt securities rated Baa are subject to moderate credit risk. They are considered medium grade obligations and as such may possess certain speculative characteristics. Moody's applies numerical modifiers 1, 2 and 3 in each generic rating classification from Aa through Caa in its corporate bond rating system. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

S&P's credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lower quality of such securities rated. Our long-term corporate credit rating from S&P is BBB. A BBB rating is the fourth highest of twelve ratings used by S&P. According to S&P, such BBB rating considers that Couche-Tard has an adequate capacity to meet financial commitments, but that we are more subject to adverse economic conditions. Some of S&P's ratings may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories. The lack of one of these designations indicates a rating that is essentially in the middle of the category. An S&P rating outlook of "Positive", "Stable" or "Negative" assesses the potential direction of a long-term credit rating over the intermediate term (typically up to two years).

In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future credit-watch action. A long-term corporate credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organization. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a rating agency in the future if, in its judgment, circumstances so warrant and, if any such rating is so revised or withdrawn, we are under no obligation to update this Offering Memorandum.

TAX CONSIDERATIONS

Canadian Federal Income Tax

The following is a summary of the principal Canadian federal income tax considerations under the Income Tax Act (Canada) and the regulations thereunder (the “**Canadian Tax Act**” and the “**Regulations**”, respectively) in effect at the date hereof generally applicable to a Noteholder who:

- acquires the Notes pursuant to this Offering Memorandum;
- is neither resident nor deemed to be resident in Canada for purposes of the Canadian Tax Act, the Regulations and any applicable tax treaty at any time;
- holds the Notes as capital property (in general the Notes will be considered to be capital property to a Noteholder unless the Noteholder holds the Notes as inventory in the course of carrying on a business, or the Noteholder acquired the Notes in a transaction or transactions considered to be an adventure or concern in the nature of trade);
- deals at arm’s length with Couche-Tard for purposes of the Canadian Tax Act at all times (under the Canadian Tax Act, related persons are deemed not to deal at arm’s length with each other, and it is a question of fact whether persons not related to each other deal at arm’s length);
- deals at arm’s length with any transferee who is resident or deemed to be resident in Canada and to whom the Noteholder assigns or otherwise transfers the Notes;
- is not a “specified shareholder” of Couche-Tard and deals at arm’s length with any specified shareholder of Couche-Tard for purposes of the thin capitalization rules of the Canadian Tax Act (for purposes of these rules, a “specified shareholder” generally includes a person who, together with persons not dealing at arm’s length, owns or has the right to acquire or control or is otherwise deemed to own 25% or more of the shares of Couche-Tard determined on a votes or fair market value basis); and
- does not ever use or hold and is not deemed ever to use or hold the Notes in connection with a trade or business that the Noteholder carries on, or is deemed to carry on, in Canada at any time.

Such a Noteholder is hereinafter referred to as a “**Non-Resident Holder**”.

Special rules which are not discussed in this summary may apply to a Non-Resident Holder that is an “authorized foreign bank” (as defined in the Canadian Tax Act) or an insurer carrying on business in Canada and elsewhere. This summary assumes that no amount paid or payable as, or on account or in lieu of payment of, interest will be in respect of a debt or other obligation to pay an amount to a person who does not deal at arm’s length with Couche-Tard for purposes of the Canadian Tax Act.

This summary is based on the current provisions of the Canadian Tax Act and the Regulations, all specific proposals to amend the Canadian Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Proposals**”) and counsel’s understanding of the current published administrative practices and policies of the Canada Revenue Agency. This summary assumes that the Canadian Tax Act and the Regulations will be amended in accordance with the Proposals as so announced although no assurance can be given that the Proposals will be enacted as proposed or at all.

This summary does not otherwise take into account or anticipate any changes in law or administrative or assessing practice, whether by judicial, governmental, administrative, legislative or regulatory decision or action, nor does it take into account tax legislation of any province, territory or foreign jurisdiction. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation. Non-Resident Holders should be aware that the acquisition, holding and disposition of the Notes may have tax consequences in the jurisdiction in which they reside which are not described in this Offering Memorandum.

This summary is not exhaustive of all Canadian federal income tax considerations that may be relevant to a particular Noteholder and does not purport to deal with all aspects of Canadian income taxation. This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Non-Resident Holder, and no representations with respect to the income tax consequences to any particular Non-Resident Holder are made. Accordingly, prospective purchasers of Notes should consult with

their own tax advisers for advice with respect to the income tax considerations applicable to their particular circumstances, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.

Taxation of Interest and Dispositions

The payment by Couche-Tard of interest, premium, if any, or principal on a Note to a Non-Resident Holder will not be subject to Canadian withholding tax under the Canadian Tax Act. No other taxes on income (including capital gains) will be payable under the Canadian Tax Act in respect of the holding, redemption or disposition of the Notes, including a disposition as a result of a redemption or repurchase of a Note by Couche-Tard, or a repayment at maturity.

The proposed financial transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

A joint statement issued in May 2014 by ten of the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. The FTT, as initially implemented on this basis, may not apply to dealing in the Notes.

In December 2015, Estonia announced that it no longer supports the FTT.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

AUDITORS

Our independent auditors are PricewaterhouseCoopers LLP, a partnership of Chartered Professional Accountants, located at 1250 boulevard René-Lévesque West, Suite 2500, Montréal, Québec, H3B 4Y1. They have confirmed to Couche-Tard that they are independent in accordance with the *Code of ethics of chartered professional accountants* (Québec) and have also been accepted for transitional registration in the Register of Third Country Auditors maintained by the Professional Oversight Board of the United Kingdom in accordance with the European Commission decision of 29 July 2008 (2008/627/EC).

SUBSCRIPTION AND SALE

The Manager has, pursuant to a Subscription Agreement (the "**Subscription Agreement**") dated February 16, 2016, agreed to subscribe and pay for the Notes at the issue price of 100% of the principal amount of the Notes. Couche-Tard will pay a commission to the Manager pursuant to the Subscription Agreement. Couche-Tard will also reimburse the Manager in respect of certain of its expenses, and has agreed to indemnify the Manager against certain liabilities incurred in connection with the issue of the Notes. The Subscription Agreement may be terminated in certain circumstances prior to payment to Couche-Tard.

Representations by Purchasers

Each purchaser of Notes will be deemed to represent to Couche-Tard, the Manager and each dealer to which the Manager sells Notes that:

- (i) it is not an individual;
- (ii) it is purchasing (or deemed to be purchasing) the Notes as principal; and
- (iii) the Notes it is purchasing have an aggregate acquisition cost of not less than the equivalent of C\$150,000 paid in cash at the time of the purchase.

Further, by purchasing these Notes, the purchaser acknowledges that its name and other specified information, including the principal amount of Notes it has purchased, may be disclosed to the Autorité des marchés financiers (Québec) and may become available to the public in accordance with the requirements of applicable laws. The purchaser consents to the disclosure of that information.

United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in the preceding sentence have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations thereunder.

The Manager has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the Issue Date (the "**distribution compliance period**") within the United States or to, or for the account or benefit of, U.S. persons and that it will have sent to each distributor, dealer or person to which it sells the Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the respective meanings given to them by Regulation S under the Securities Act.

In addition, until forty days after the commencement of the offering of the Notes, any offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restrictions under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), the Manager has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Memorandum to the public in that Relevant Member State other than:

- (i) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Manager nominated by Couche-Tard for any such offer; or

- (iii) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes shall require Couche-Tard or the Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive), and includes any relevant implementing measure in each Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

United Kingdom

The Manager has represented and agreed that:

- (a) **Financial promotion:** it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of the Notes in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 would not, if Couche-Tard was not an authorised person, apply to Couche-Tard; and
- (b) **General compliance:** it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Canada

The Notes have not been and will not be qualified for sale under the securities laws of any province or territory of Canada.

The Notes may not be offered, sold or delivered, directly or indirectly, in Canada, or to or for the benefit of, residents of Canada.

This Offering Memorandum is not, and under no circumstances is it to be construed as, an advertisement or a public offering of the securities referred to in this document in Canada. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon this Offering Memorandum or the merits of the securities described herein and any representation to the contrary is an offence.

The Manager has acknowledged, and each dealer to which it sells Notes will be required to acknowledge, that the Notes have not been and will not be qualified for sale under the securities laws of any province or territory of Canada. The Manager has represented and agreed, and each dealer to which it sells Notes will be required to represent and agree, that it has not offered, sold or distributed, and that it will not offer, sell or distribute, any Notes, directly or indirectly, in Canada or to, or for the benefit of, any resident thereof. The Manager has also agreed, and each dealer to which it sells Notes will be required to agree, not to distribute or deliver this Offering Memorandum or any other offering material relating to the Notes in Canada.

Norway

The Notes and this Offering Memorandum have not been and will not be registered with the Norwegian Financial Supervisory Authority of Norway. Accordingly, the Notes and this Offering Memorandum may not be made available, nor may Notes otherwise be marketed, in Norway, other than in circumstances that are exempted from the prospectus requirements under the Norwegian Securities Trading Act (2007) chapter 7.

General

No action has been or will be taken in any country or jurisdiction by Couche-Tard or the Manager (in the case of the Manager, to the best of its knowledge and belief in all material respects) that would permit a public offering of the Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Offering Memorandum comes are deemed to have

agreed to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver the Notes or have in their possession or distribute such offering material, in all cases at their own expense.

GENERAL INFORMATION

1. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its Global Exchange Market with effect from the Closing Date. The total expenses related to the admission to trading are estimated to be €14,540.

The sections referred to in such legend provide that a United States person who holds a Note generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

5.
 - (i) There has been no significant change in the financial or trading position of Couche-Tard or of Couche-Tard and its subsidiaries taken as a whole since October 11, 2015, the last day of the financial period in respect of which the most recent unaudited interim consolidated financial statements of Couche-Tard have been prepared; and

In addition, in the ordinary course of their business activities, the Manager and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of Couche-Tard or Couche-Tard's affiliates. Certain of the Manager or its affiliates that have a lending relationship with Couche-Tard routinely hedge their credit exposure to Couche-Tard consistent with their customary risk management policies. Typically, the Manager and its affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short

positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of the Notes. The Manager and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
