

**FIRST SUPPLEMENT DATED 17 NOVEMBER 2015 TO THE BASE PROSPECTUS DATED 11 SEPTEMBER 2015**

# **NOMURA**

## **NOMURA BANK INTERNATIONAL PLC**

### **NOTE, WARRANT AND CERTIFICATE PROGRAMME**

This supplement (the **Supplement**) to the Base Prospectus (the **Base Prospectus**) dated 11 September 2015, which comprises a base prospectus, constitutes a supplementary prospectus for the purposes of Article 16 of the Prospectus Directive and is prepared in connection with the Note, Warrant and Certificate Programme (the **Programme**) of Nomura Bank International plc (the **Issuer**). The Base Prospectus constitutes a "listing particulars" for the purposes of listing on the Global Exchange Market and, for such purposes, does not constitute a "prospectus" for the purposes of the Prospectus Directive. This Supplement constitutes "supplementary listing particulars" for this purpose. Terms defined in the Base Prospectus have the same meaning when used in this Supplement.

This Supplement is supplemental to and should be read in conjunction with the Base Prospectus.

This Supplement has been approved by the Central Bank of Ireland (the **Central Bank**), as Irish competent authority under the Prospectus Directive. The Central Bank only approves this Supplement as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Non-Exempt Securities which are to be admitted to trading on the Main Securities Market of the Irish Stock Exchange (the **Irish Stock Exchange**) or other regulated markets for the purposes of Directive 2004/39/EC (the **Markets in Financial Instruments Directive**) or which are to be offered to the public in a Member State of the European Economic Area. This supplementary listing particulars has been approved by the Irish Stock Exchange.

Each of the Issuer and Nomura Holdings, Inc. (the **Guarantor**) accepts responsibility for the information contained in this Supplement. To the best of the knowledge of each of the Issuer and the Guarantor (which have taken all reasonable care to ensure that such is the case), the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

#### **1. PURPOSE OF THIS SUPPLEMENT**

The Guarantor has recently published financial information in respect of the six months ended 30 September 2015. Due to a recent change in Austrian tax law the disclosure in the Base Prospectus relating to Austrian taxation requires updating. On 10 November 2015, the Council of the European Union adopted a Council Directive repealing Council Directive 2003/48/EC (the **Savings Directive**). The purpose of this Supplement is to (a) incorporate by reference the Guarantor's United States Securities and Exchange Commission Form 6-K filing dated 28 October 2015 of an English translation of the Guarantor's unaudited financial summary as at and for the six months ended 30 September 2015 (the **Form 6-K**), (b) update the significant change statement in relation to the Guarantor, (c) update the disclosure in the Base Prospectus relating to Austrian taxation, (d) update the disclosure in the Base Prospectus relating to the Savings Directive and (e) update the "Summary of the Programme".

#### **2. PUBLICATION OF THE GUARANTOR'S FORM 6-K**

The Guarantor has recently published the Form 6-K.

A copy of the Form 6-K (available at [http://www.nomuraholdings.com/investor/library/sec/6k/151028/151028\\_1.pdf](http://www.nomuraholdings.com/investor/library/sec/6k/151028/151028_1.pdf)) has been filed with the Central Bank of Ireland and, by virtue of this Supplement, the Form 6-K is incorporated by reference in, and forms part of, the Base Prospectus.

### **3. UPDATE OF THE SIGNIFICANT CHANGE STATEMENT**

There has been no significant change in the financial or trading position of the Guarantor or the Nomura Group since 30 September 2015. There has been no significant change in the financial position of the Issuer Group (being the Issuer and its subsidiary) since 31 March 2015. There has been no material adverse change in the prospects of the Issuer or the Guarantor since 31 March 2015.

### **4. UPDATE OF THE AUSTRIAN TAXATION SECTION**

The section entitled AUSTRIAN TAXATION on pages 752-756 of the Base Prospectus shall be deemed updated and replaced by the section "AUSTRIAN TAXATION" contained in Annex 1 to this Supplement.

### **5. REPEAL OF THE SAVINGS DIRECTIVE**

On 10 November 2015, the Council of the European Union adopted a Council Directive repealing the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other EU Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates).

### **6. UPDATE OF THE "SUMMARY OF THE PROGRAMME"**

The Summary of the Base Prospectus shall be deemed updated and replaced with the Summary in Annex 2 to this Supplement.

### **7. GENERAL**

All references to pages in this Supplement are to the original unsupplemented Base Prospectus, notwithstanding any amendments described herein.

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus since the publication of the Base Prospectus.

Copies of all documents incorporated by reference in the Base Prospectus can be obtained from the Principal Agent as described on page 152 of the Base Prospectus.

In accordance with Article 16(2) of the Prospectus Directive, investors who have already agreed to purchase or subscribe for securities before this Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances. This right to withdraw will expire by close of business on 20 November 2015.

## ANNEX 1

### AUSTRIAN TAXATION

#### AUSTRIAN TAXATION

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Securities in the Republic of Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Securities. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Securities are legally and factually offered to an indefinite number of persons.

#### General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*) both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

#### Income taxation of the Securities

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest;
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation,

redemption and other realisation of assets that lead to income from the letting of capital, zero coupon bonds and broken-period interest; and

- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates.

Also the withdrawal of the Securities from a bank deposit (*Depotentnahme*) and circumstances leading to a loss of Austria's taxation right regarding the Securities *vis-à-vis* other countries, *e.g.* a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (*cf.* sec. 27(6)(1) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Securities with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to withholding tax (*Kapitalertragsteuer*) at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income from the Securities without an Austrian nexus, the income must be included in the investor's income tax return and is subject to income tax at the flat rates mentioned above. In both cases upon application the option exists to tax all income subject to income tax at the flat rates mentioned above at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitised claims *vis-à-vis* credit institutions (as of 1 January 2016, except for cash settlements and lending fees) nor against income from private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*); income subject to income tax at the flat rates mentioned above may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income.

Pursuant to sec. 93(6) of the Austrian Income Tax Act, the Austrian custodian agent is obliged to automatically offset negative investment income against positive investment income, taking into account all of a taxpayer's bank deposits with the custodian agent. If negative and at the same time or later positive income is earned, then the negative income is to be offset against the positive income. If positive and later negative income is earned, then withholding tax on the positive income is to be credited, with such tax credit being limited to 25 per cent. of the negative income before 1 January 2016 and to 27.5 per cent. of the negative income after 31 December 2015. In certain cases, the offsetting is not permissible. The custodian agent has to issue a written confirmation on each offsetting of losses to the taxpayer.

Individuals subject to unlimited income tax liability in Austria holding the Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Securities with an Austrian nexus, the income is subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rates mentioned above). In case of investment income from the Securities without an Austrian nexus,

the income must always be included in the investor's income tax return (generally income tax at the flat rates mentioned above). In both cases upon application the option exists to tax all income subject to income tax at the flat rates mentioned above at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rates mentioned above, are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets; only parts of the remaining negative difference (namely 50 per cent. before 1 January 2016 and 55 per cent. after 31 December 2015) may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities at a rate of 25 per cent. In the case of income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities with an Austrian nexus, the income is subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. However, the previous 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act also be applied by the withholding agent after 31 December 2015, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Securities can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Securities as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Interim tax does not fall due insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. In case of investment income from the Securities with an Austrian nexus, the income is in general subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. However, the previous 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act also be applied by the withholding agent after 31 December 2015, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on investment income from the Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the Securities are attributable to such permanent establishment (*cf.* sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). Individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*, see below) from the Securities if withholding tax is levied on such interest (this does not apply, *inter alia*, if the Issuer has neither its place of management nor its legal seat in Austria and is not acting through an Austrian branch, which condition the Issuer understands to be fulfilled in the case at hand; *cf.* sec. 98(1)(5)(b) of the Austrian Income Tax Act).

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is

not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. To date no guidance has been issued by the tax authorities on the interpretation of this new provision. In case of a qualification as a foreign investment fund the tax consequences would substantially differ from those described above.

## **EU withholding tax**

Sec. 1 of the Austrian EU Withholding Tax Act – implementing Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent (*Zahlstelle*) to a beneficial owner who is an individual resident in another EU Member State (or in certain dependent or associated territories, which currently include Anguilla, Aruba, the British Virgin Islands, Curaçao, Guernsey, the Isle of Man, Jersey, Montserrat, Sint Maarten and the Turks and Caicos Islands) are subject to EU withholding tax (*EU-Quellensteuer*) of 35 per cent. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from EU withholding tax if the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her EU Member State of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years. Pursuant to Council Directive 2014/107/EU of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation, interest, dividends and similar types of income as well as account balances and sales proceeds from financial assets shall in general be automatically exchanged as of 1 January 2016 with respect to taxable periods as from that date. Although Austria only will have to apply these provisions from 1 January 2017 with respect to taxable periods as from that date, it announced that it will not make full use of the derogation and will already exchange information on new accounts opened during the period 1 October 2016 to 30 December 2016 by 30 September 2017. While it was expected that changes to the EU Withholding Tax Act – implementing Council Directive 2014/48/EU of 24 March 2014 amending Directive 2003/48/EC on taxation of savings income in the form of interest payments – would enter into effect by 1 January 2017, on 18 March 2015 the European Commission published a proposal for a Council Directive repealing Council Directive 2003/48/EC. Pursuant thereto, Council Directive 2003/48/EC shall in general be repealed with effect from 1 January 2016. However, pursuant to detailed grandfathering provisions, Austria shall in general continue to apply it until 31 December 2016.

Regarding the issue of whether also index certificates are subject to EU withholding tax, the Austrian tax authorities distinguish between index certificates with and without a capital guarantee, a capital guarantee being the promise of repayment of a minimum amount of the capital invested or the promise of the payment of interest. The exact tax treatment of index certificates furthermore depends on their underlying.

Pursuant to guidelines published by the Austrian Federal Ministry of Finance, income from warrants, pursuant to which an investor is entitled (but not obliged) to buy or sell a specified underlying at a

specific price or to receive or pay a difference amount relating to the value of such underlying at a predetermined date (*Optionsscheine*), does not qualify as interest within the meaning of the Austrian EU Withholding Tax Act.

### **Tax treaties Austria/Switzerland and Austria/Liechtenstein**

The Treaty between the Republic of Austria and the Swiss Confederation on Cooperation in the Areas of Taxation and Capital Markets and the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Area of Taxation provide that respectively, a Swiss or Liechtenstein, paying agent has to withhold a tax amounting to 25 per cent. (regarding the Treaty with Switzerland, this rate will be changed to the rates of 25 per cent. and 27.5 per cent., as the case may be, under an adjustment mechanism as of 1 January 2016, which is also to be expected regarding the Treaty with Liechtenstein) on, *inter alia*, interest income, dividends and capital gains from assets booked with an account or deposit of such Swiss, respectively Liechtenstein, paying agent if the relevant holder of such assets (*i.e.* in general individuals on their own behalf and as beneficial owners of assets held by a domiciliary company (*Sitzgesellschaft*)) is tax resident in Austria. The same applies to such income from assets managed by a Liechtenstein paying agent if the relevant holder of the assets (*i.e.*, in general individuals as beneficial owners of a transparent structure) is tax resident in Austria. For Austrian income tax purposes this withholding tax has the effect of final taxation regarding the underlying income if the Austrian Income Tax Act provides for the effect of final taxation for such income. The treaties, however, do not apply to interest covered by the agreements between the European Community and the Swiss Confederation, respectively the Principality of Liechtenstein, regarding Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The taxpayer can opt for voluntary disclosure instead of the withholding tax by expressly authorising the Swiss, respectively Liechtenstein, paying agent to disclose to the competent Austrian authority the income, which subsequently has to be included in the income tax return.

### **Austrian inheritance and gift tax**

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at the flat rates mentioned above. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with a higher rate of 25 per cent. applying in special cases. Special provisions apply to transfers of assets to entities falling within the scope of the tax treaty between Austria and Liechtenstein.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) of the Austrian Income Tax Act (see above).

## ANNEX 2

### SUMMARY OF THE PROGRAMME

*The following section applies to Non-Exempt Securities only.*

*Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Section A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for this type of Security, the Issuer and the Guarantor. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of Security, the Issuer and the Guarantor, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable". Information described in the italicised drafting prompts will be completed (where applicable) when preparing the issue specific summary for a Series of Securities.*

## Section D - Risks

Element	Title	
<b>D.2</b>	Key risks regarding the Issuer [and the Guarantor]	<p>In purchasing Securities, investors assume the risk that the Issuer [and the Guarantor] may become insolvent or otherwise be unable to make all payments due in respect of the Securities. There is a wide range of factors which individually or together could result in the Issuer [and the Guarantor] becoming unable to make all payments due in respect of the Securities. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer [and the Guarantor] may not be aware of all relevant factors and certain factors which [it/they] currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's [and the Guarantor's] control. The Issuer [and the Guarantor] [has/have] identified a number of factors which could materially adversely affect [its/their] business[es] and ability to make payments due under the Securities. These factors include:</p> <p><b><i>Issuer:</i></b></p> <p>(i) the Issuer is an indirectly owned, wholly owned subsidiary of Nomura Holdings, Inc. and there are substantial inter-relationships between the Issuer and other Nomura Group companies. Accordingly, if the financial condition of the Nomura Group were to deteriorate, the Issuer and its investors may suffer direct and materially adverse consequences, (ii) changes in market prices affecting asset values may adversely affect the performance of assets in which the Issuer holds positions and therefore would adversely affect the Issuer's financial situation and its profits (iii) strategies for hedging against market risk may prove to be ineffective, (iv) changes in interest rates, (v) foreign exchange risk, (vi) liquidity risk, (vii) credit risk of third parties with whom the Issuer does business (viii) increased regulation of the financial services industry, (ix) competition risk, (x) reputational risk, and (xi) operational risk.</p> <p><b><i>Guarantor:</i></b></p> <p>If the financial condition of the Guarantor were to deteriorate, the Issuer and investors in the Securities may suffer direct and materially adverse consequences. The Guarantor is the holding company for the Nomura Group and its ability to fulfil its obligations under the Guarantee may therefore be affected by</p>
