Multi Issuer Limited Recourse Secured Note Programme

Under the Multi Issuer Limited Recourse Secured Note Programme (the "**Programme**") described in this Base Prospectus (the "**Base Prospectus**") and arranged by SMBC Nikko Capital Markets Limited (the "**Arranger**"), it is intended that Takumi I Limited, Takumi II Limited, Takumi III Limited and Takumi Capital Limited (each a "**Relevant Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue secured notes (the "**Notes**"), where recourse in respect of such Notes is limited to the proceeds of enforcement of the security over the assets of the Relevant Issuer on which such Notes are secured on the terms set out herein, as completed by the information contained in the relevant final terms (the "**Final Terms**") or in the relevant Tranche Prospectus (as defined below), as applicable, in respect of the relevant Notes.

In connection with the proposed issue of a Series of Notes by a Relevant Issuer, such Relevant Issuer is a party to the amended and restated principal trust deed dated 5 December 2014 (the "**Principal Trust Deed**"), as further amended and supplemented from time to time, entered into between Takumi I Limited, Takumi II Limited, Takumi III Limited, Takumi Capital Limited and BNY Mellon Corporate Trustee Services Limited as trustee (the "**Trustee**") and certain other Master Documents (as defined in "Overview of the Programme"). From and after execution and delivery of the Master Documents by a Relevant Issuer, each such Relevant Issuer shall become and be treated as an "Issuer" for the purposes of the Master Documents and this Base Prospectus. Unless the context otherwise requires, references herein to "Issuer" are references to the Relevant Issuer in respect of (and only to the extent of) the Notes issued by it and in respect of the Master Documents only to the extent that it is bound by them and such references specifically exclude any other Relevant Issuer. Each Relevant Issuer shall be bound by the Master Documents only in respect of the Series of Notes issued by it and matters relating thereto. No Relevant Issuer shall be bound by the Master Documents in respect of any Series of Notes issued by any other Relevant Issuer.

Notes issued under the Programme will be issued in Series and one or more Tranches of such Series may be issued either (i) pursuant to this Base Prospectus and relevant Final Terms or (ii) pursuant to a separate prospectus relating to each relevant Tranche (a "**Tranche Prospectus**") (which term shall include those documents incorporated by reference into it in accordance with its terms and save as provided therein).

The payment obligations of the Relevant Issuer in respect of the Notes, Coupons and Talons of a Series together with the Relevant Issuer's payment obligations under the Trust Deed and Swap Agreement (if any) relating to such Series (each as defined in the master terms and conditions of the Notes set out herein, the "**Master Conditions**") and certain payment obligations of the Relevant Issuer to the Custodian and/or the Issuing and Paying Agent in relation to such Series will be secured by English law charges and assignments in favour of the Trustee on behalf of the Noteholders and the other secured parties over: (i) certain assets and property which may take the form of transferable securities acquired and or held by the Relevant Issuer in connection with such Series and all property, assets and sums derived therefrom; (ii) all the Relevant Issuer's rights attaching to or relating to the assets and property (including the benefit of any contractual rights relating thereto) described in (i); (iii) the rights of the Relevant Issuer under the Swap Agreement (if any) and certain Transaction Documents (each as defined in the Master Conditions) relating to the relevant Series; and (iv) all sums and assets held by the Agents (as defined in the Master Conditions) in relation to such Series. The Collateral (as defined in the Master Conditions), the Swap Agreement (if any) and any assets, property, income, rights and/or agreements of the Relevant Issuer from time to time charged or assigned to the Trustee, as the case may be, securing the Notes of a particular Series are referred to in this Base Prospectus as the "**Mortgaged Property**" for such Series. The holders of a specific Series of Notes will have recourse only to the Mortgaged Property for that Series, subject always to the Security (as defined in the Master Conditions), and no other assets of the Relevant Issuer or any other Relevant Issuer will be available to pay any claims with respect to the Notes of such Series. If, after the Mortgaged Property for a Series has been exhausted (whether pursuant to liquidation or enforcement) and following the application of the available cash sums derived therefrom in accordance with Condition 15 of the Notes and the relevant Trust Deed, any outstanding claim against the Relevant Issuer in respect of the Secured Payment Obligations (as defined in the Master Conditions) of the Relevant Issuer in relation to such Series remains unpaid, then such outstanding claims will be extinguished and no debt will be owed by the Relevant Issuer in respect thereof. Following such extinguishment, no holder of any Note of the relevant Series nor any Transaction Party (as defined in the Master Conditions) or any other person acting on behalf of any of them will be entitled to take any further steps against the Relevant Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum relating to such Series in respect of the extinguished claim and no debt will be owed to any such persons by the Relevant Issuer in respect of such further sum.

This Base Prospectus constitutes a base prospectus as contemplated by Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU to the extent implemented in the Relevant Member State, the "**Prospectus Directive**"). The Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority (the "**Competent Authority**") under the Prospectus Directive. The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Notes which are to be admitted to trading on the regulated market of the Irish Stock Exchange (the "**Market**") or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area.

Application has been made to the Irish Stock Exchange for the Notes issued under the Programme within 12 months of the date of this Base Prospectus to be admitted to the Official List (the "**Official List**") and trading on its regulated market. The Market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments. A Series of Notes may be listed and/or admitted to trading on such other or further stock exchanges as may be agreed between the Relevant Issuer and the Arranger. References in this Base Prospectus to a Series of Notes being "listed" (and all related references) will mean that such Notes have either been admitted to the Official List and have been admitted to trading on the Market or have been admitted to the official list and have been admitted to trading on the regulated market of another stock exchange. However, unlisted Series of Notes may be issued pursuant to the Programme. The relevant Final Terms or Tranche Prospectus, if applicable, will specify whether or not such Notes are to be listed on the Official List and admitted to trading on the Market or any other stock exchange as may be agreed between the Issuer and any relevant Dealer.

Each Series of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a "**temporary Global Note**") or a permanent global note in bearer form (each a "**permanent Global Note**") and together with a temporary Global Note, a "**Global Note**"). Notes in registered form ("**Registered Notes**") will be represented by registered certificates (each a "**Certificate**"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates ("**Global Certificates**"). Global Notes and Global Certificates will be deposited on the issue date of the relevant Tranche with a common depository (the "**Common Depository**") on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"). The provisions governing the exchange or transfer, as the case may be, of interests in Global Notes for other Global Notes and definitive Notes are described in "Summary of Provisions Relating to the Notes while in Global Form".

It is anticipated that Notes to be issued under the Programme by Takumi II Limited will be rated by Moody's SF Japan K.K. ("**Moody's**") and that Notes to be issued under the Programme by Takumi III Limited will be rated by Rating and Investment Information, Inc. ("**R&I**"). Moody's is not established in the EU, not registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council dated 16 September 2009 on credit rating agencies, as amended (the "**CRA Regulation**") and not certified under such regulation. However, the rating by Moody's SF Japan given to the Notes will be endorsed by Moody's Investors Service Ltd. (a credit rating agency established in the EU and registered under the CRA Regulation) in accordance with Art.4 paragraph 3 of the CRA Regulation. R&I is not established in the EU and is not registered or certified under the CRA Regulation and its rating given to the Notes (if any) will be endorsed by a credit rating agency established in the EU and registered under the CRA Regulation. Each rating will address the Relevant Issuer's ability to perform its obligations under the terms of the Notes. Notes to be issued under the Programme by Takumi I Limited and Takumi Capital Limited will not be rated. None of the Relevant Issuers will be rated.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by Moody's or R&I (as the case may be). A suspension, reduction or withdrawal of the rating assigned to the Notes may adversely affect the market price of the Notes.

Prospective investors should have regard to the factors described in "**Risk Factors**" and, in particular, to the limited recourse nature of the Notes and the fact that each Relevant Issuer is a special purpose vehicle. This Base Prospectus does not describe all of the risks of an investment in the Notes.

THE NOTES WILL BE OBLIGATIONS SOLELY OF THE RELEVANT ISSUER AND WILL NOT BE GUARANTEED BY, OR BE THE RESPONSIBILITY OF, ANY OTHER ENTITY.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Base Prospectus. This Base Prospectus does not describe all of the risks of an investment in the Notes. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Relevant Issuers, the Arranger, any Dealer or any other Transaction Party that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. None of the Arranger, any Dealer or any other Transaction Party undertakes to review the financial condition or affairs of any of the Relevant Issuers during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger, any Dealer or any other Transaction Party.

In connection with the issue of any Tranche (as defined in “Overview of the Programme”), any Dealer named as the stabilising manager(s) (the “**Stabilising Manager(s)**”) (or any person acting on behalf of any Stabilising Manager(s)) in the relevant Final Terms or Tranche Prospectus, if applicable, may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising

Manager(s) (or any person acting on behalf of any Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the relevant Final Terms or the Tranche Prospectus (as applicable).

The Notes of each Series will be secured in the manner set out in Condition 4 of the Master Conditions. The Mortgaged Property in respect of a Series of Notes will comprise the Collateral and/or the Swap Agreement (if any) and/or any assets, property, income, rights and/or agreements of the Issuer from time to time charged or assigned to the Trustee, as the case may be, securing the Secured Payment Obligations to the extent they relate to such Series.

With respect to a Series of Notes and the Transaction Documents relating to such Series, the payment obligations of the Issuer under the Trust Deed relating to such Series, the Custody Agreement relating to such Series, the Agency Agreement relating to such Series, the Swap Agreement (if any) relating to such Series and each Note, Coupon, Talon of such Series together with any obligation of the Issuer to reimburse the Issuing and Paying Agent in respect of payments made in accordance with the terms of the Agency Agreement to any person in discharge of any such payment obligation relating to such Series (referred to herein as the “**Secured Payment Obligations**”) are secured in favour of the Trustee for the benefit of the Secured Creditors, pursuant to the Trust Deed, by:

- (i) a first fixed charge over the Collateral for such Series and all property, assets and sums derived therefrom;
- (ii) an assignment by way of security of all the Issuer’s rights, title and interest attaching to or relating to the Collateral for such Series and all property, sums or assets derived therefrom including without limitation any right to delivery thereof or to an equivalent number or nominal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary;

- (vi) an assignment by way of security of the Issuer's rights against the Disposal Agent under the terms of the Agency Agreement (or any other agreement entered into between the Issuer and the Disposal Agent) to the extent such rights relate to the Collateral for such Series;
- (vii) an assignment by way of security of the Issuer's rights, title and interest under the Custody Agreement, for such Series, to the extent they relate to any assets held by the Custodian in respect of the Notes of such Series;
- (viii) a first fixed charge over (A) all sums held by the Issuing and Paying Agent and/or the Custodian to meet payments due in respect of any Secured Payment Obligation in respect of such Series, and (B) any sums received by the Issuing and Paying Agent under the Swap Agreement relating to such Series; and
- (ix) a first fixed charge over all property, sums and assets held or received by the Disposal Agent relating to the Transaction Documents and the Collateral to the extent they relate to such Series.

Additionally, in respect of a Series of Notes, the Secured Payment Obligations of the Issuer may be secured pursuant to a security document other than the Trust Deed (an "**Other Security Document**") as specified in the relevant Supplemental Trust Deed and/or the relevant Final Terms or Tranche Prospectus, as applicable, for the relevant Series of Notes.

The Security will become enforceable in the circumstances set out in Condition 14(d) of the Master Conditions.

Issue Price:

Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

Form of Notes:

The Notes may be issued in bearer form ("**Bearer Notes**") or in registered form ("**Registered Notes**") only. Bearer Notes may not be exchanged for Registered Notes and vice versa.

Each Tranche of Bearer Notes will be represented on issue by a temporary Global Note if (i) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (ii) such Notes have an initial maturity of more than one year and are being issued in compliance with the D Rules (as defined in "Selling Restrictions" below), otherwise such Tranche will be represented by a permanent Global Note.

Registered Notes will be represented by Certificates, one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Certificates representing Registered Notes that are registered in the name of a nominee for one or more clearing systems are referred to herein as "**Global Certificates**".

Clearing Systems:

Euroclear and Clearstream, Luxembourg, and, in relation to any Tranche, such other clearing system as may be agreed between the Issuer, the Issuing and Paying Agent, the Trustee and the relevant Dealer.

Initial Delivery of Notes:

On or before the issue date for each Tranche, the relevant Global Note or Global Certificate, as applicable, may be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Global Notes or Global Certificates may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Issuing and Paying Agent, the Trustee and the relevant Dealer. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.

Currencies:

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency as agreed between the Issuer, the Issuing and Paying Agent and the relevant Dealer(s).

Maturities:

Subject to compliance with all relevant laws, regulations and directives, any maturity as specified in the relevant Final Terms or Tranche Prospectus, if applicable.

Specified Denomination:

Definitive Notes will be in such denominations as may be specified in the relevant Final Terms or Tranche Prospectus, if applicable, save that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

Fixed Rate Notes:

Interest on Fixed Rate Notes will be payable in arrear on the date or dates as specified in the relevant Final Terms or Tranche Prospectus, if applicable.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. or such other definitions specified in the relevant Final Terms or Tranche Prospectus, if applicable; or

- (ii) by reference to LIBOR or EURIBOR as adjusted for any applicable margin.

Interest Periods and Rates of Interest: The length of the interest periods for the Notes and the applicable rate of interest or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum rate of interest, a minimum rate of interest, or both.

Redemption: Notes will redeem at maturity at 100 per cent. per Calculation Amount, unless redeemed earlier, subject to and in accordance with the Master Conditions. Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 (“FSMA”) must have a minimum redemption amount of £100,000 (or its equivalent in other currencies). Any Notes with a maturity of less than one year will not constitute money market instruments within the meaning of Article 2(1)(a) of the Prospectus Directive (as defined below).

Optional Redemption: The relevant Final Terms or Tranche Prospectus, if applicable, will state whether the Notes may be redeemed prior to their stated maturity at the option of the Issuer or the Noteholders (as the case may be). If redemption at the option of the Issuer is applicable in the Final Terms or Tranche Prospectus, if applicable, then the Notes will redeem at 100 per cent. per Calculation Amount per Note in the Specified Currency together with any unpaid accrued interest thereon.

Early Redemption: The Notes may become due and payable prior to the Maturity Date at their Early Redemption Amount (together with any unpaid accrued interest thereon) on the Early Redemption Date in connection with the occurrence of a Collateral Early Redemption, a Collateral Default, a Note Tax Event, a Collateral Tax Event, a Swap Termination Event, a Swap Counterparty Event, a Swap Counterparty Bankruptcy Credit Event or an Event of Default as further described in Conditions 7 and 12 of the Master Conditions.

The Early Redemption Amount of a Note may be less than the Specified Denomination of that Note and may be zero.

In addition, on redemption of the Notes other than on the Maturity Date, the Issuer or the Trustee (as the case may be) will apply available sums in accordance with the order of priority set out in Condition 15 of the Master Conditions. Such sums may not be sufficient to meet the claims of the Secured Creditors against the Issuer in respect of the Series and, accordingly, following application in accordance with the order of priority there may not be sufficient sums available to satisfy the Issuer’s obligation to pay the Early Redemption Amount in full or at all. See further “Status of Notes”.

Liquidation of Collateral: If a default occurs in the payment of the Final Redemption Amount, the Optional Redemption Amount or any interest due and payable on the Maturity Date, or an Early Redemption Event occurs, a Liquidation Event will occur.

Upon receipt of a Liquidation Commencement Notice in relation to a Liquidation Event, the Disposal Agent will, so far as is practicable in the circumstances, effect an orderly Liquidation of all of the Collateral in accordance with the terms of the Master Conditions, the Trust Deed and the Agency Agreement.

Status of Notes:

The Notes will be secured, limited recourse obligations of the Issuer ranking *pari passu* and without any preference among themselves and secured in the manner described in Condition 4 of the Master Conditions. In respect of a Series of Notes, the Noteholders and Transaction Parties will have recourse only to the Mortgaged Property, subject always to the Security, and not to any other assets of the Issuer. Claims of Noteholders, Secured Creditors and the other Transaction Parties to the extent they relate to the relevant Series of Notes will rank in accordance with the priorities specified in the relevant Trust Deed. If, after the Mortgaged Property for a Series has been exhausted (whether pursuant to Liquidation or enforcement of the Security) and following the application of the available cash sums derived therefrom in accordance with Condition 15 of the Master Conditions and the relevant Trust Deed, any outstanding claim against the Issuer in respect of the secured payment obligations of the Issuer in relation to such Series remains unpaid, then such outstanding claims will be extinguished and no debt will be owed by the Issuer in respect thereof. Following such extinguishment, no holder of any Note of the relevant Series nor any Transaction Party or any other person acting on behalf of any of them will be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum relating to such Series in respect of the extinguished claim and no debt will be owed to any such persons by the Issuer in respect of such further sum.

Restrictions:

So long as any of the Notes remain outstanding, the Issuer will not, without the consent of the Trustee, and save as provided below, engage in any business (other than the issuance or entry into of Obligations (as defined in the Master Conditions), the entry into of related agreements and transactions and the performing of acts incidental or necessary in connection therewith), sell any of the Mortgaged Property, permit the relevant Swap Agreement or the priority of the Security or any other Transaction Document to be amended or release any party to the Swap Agreement, the Principal Trust Deed and/or any Other Security Document, declare any dividends, have any subsidiaries (although it may have more than one branch) or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge with any other person, convey or transfer its properties or assets substantially as an entity to any person (other than as contemplated by the Master Conditions, the relevant Trust Deed and/or any Other Security Document), issue any shares or any of the other restricted activities described in Condition 5 of the Master Conditions.

Notwithstanding the foregoing, Takumi Capital Limited is also the issuer under a Limited Recourse Secured Note and Warrant Programme, as described in an Offering Circular

dated 21 October 2014 (as the same may be supplemented, amended and/or restated from time to time) (the “**Takumi Capital Note and Warrant Programme**”), pursuant to which Takumi Capital Limited may from time to time issue secured notes and related warrants and enter into associated transactions on a limited recourse basis substantially similar to Notes issued, and transactions entered into, by Takumi Capital Limited under this Programme. The Takumi Capital Note and Warrant Programme imposes similar restrictions on Takumi Capital Limited to those imposed on it under this Programme, however nothing in the Trust Deed and/or in Condition 5 of the Master Conditions restricts in any way the continued ability of Takumi Capital Limited to issue notes and related warrants and enter into associated transactions under the Takumi Capital Note and Warrant Programme and, similarly, nothing in the Takumi Capital Note and Warrant Programme restricts in any way the continued ability of Takumi Capital Limited to issue Notes and enter into associated transactions under this Programme.

Cross Default:

None.

Rating:

The Programme is not rated but it is anticipated that certain Series of Notes issued by Takumi II Limited will be rated by Moody's and certain Series of Notes issued by Takumi III Limited will be rated by R&I.

Where a Series is to be rated, such rating will be specified in the relevant Final Terms or the Tranche Prospectus (as applicable).

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Withholding Tax:

Without prejudice to the early redemption for taxation provisions of Condition 7(c) of the Master Conditions, all payments in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer or any Agent is required by applicable laws to make any such payment in respect of the Notes subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, or such Agent will make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer nor any Agent will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

If the Issuer in good faith determines a Tax Substitution Event has occurred then the Issuer will, as soon as reasonably practicable upon becoming aware of such Tax Substitution Event, so inform the Trustee. If a Tax Substitution Event occurs, the Issuer will use all reasonable endeavours to arrange for the substitution of a company incorporated in another jurisdiction approved beforehand in writing by the Trustee and the relevant Swap Counterparty (if any) as the principal obligor or to change (to the prior

satisfaction of the Trustee and such Swap Counterparty) its residence for taxation purposes to another jurisdiction approved beforehand in writing by the Trustee and such Swap Counterparty such that following such substitution or change of residence no Tax Substitution Event will exist. The Issuer shall notify each relevant Rating Agency then rating the Notes of any event.

Further Issues:

The Issuer may from time to time issue further Notes of any Series on the same terms as existing Notes and such further Notes shall be consolidated and form a single Series with such existing Notes of the same Series; provided that, unless otherwise approved by an Extraordinary Resolution of Noteholders, the Issuer provides additional assets as security for such further Notes in accordance with Condition 20 of the Master Conditions.

Governing Law:

English.

Listing and Admission to Trading:

Application has been made to list Notes issued under the Programme on the Official List and to admit them to trading on the Market or as otherwise specified in the relevant Final Terms or the Tranche Prospectus (as applicable) and references herein to “listing” shall be construed accordingly. As specified in the relevant Final Terms or the Tranche Prospectus (as applicable), a Series of Notes may be unlisted.

Selling Restrictions:

The United States, the Public Offer Selling Restriction under the Prospectus Directive, the United Kingdom, Ireland, Cayman Islands, Japan and any other jurisdiction relevant to any Series. See “Subscription and Sale”.

The Issuer is Category 2 for the purposes of Regulation S under the Securities Act.

Notes in bearer form will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the “**C Rules**”) unless (i) the relevant Final Terms or the Tranche Prospectus (as applicable) states that Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the “**D Rules**”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”), which circumstances will be referred to in the relevant Final Terms or the Tranche Prospectus (as applicable) as a transaction to which TEFRA is not applicable.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

General

The Notes

The Notes are complex instruments that involve substantial risks and are suitable only for sophisticated investors who have sufficient knowledge and experience and access to such professional advisers as they shall consider necessary in order to make their own evaluation of the risks and the merits of such an investment (including without limitation the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and who have considered the suitability of such Notes in light of their own circumstances and financial condition. Prospective investors should ensure that they understand the nature of the risks posed by an investment in the Notes, and the extent of their exposure as a result of such investment in the Notes and, before making their investment decision, should consider carefully all of the information set forth in this Base Prospectus and in the relevant Final Terms or the Tranche Prospectus (as applicable) and, in particular, the considerations set forth below. Owing to the structured nature of the Notes, their price may be more volatile than that of unstructured securities.

Investors

Each prospective investor in the Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Notes are legal investments for it, and/or (ii) other restrictions apply to its purchase or, if relevant, pledge of any Notes. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

No fiduciary role

None of (i) the Issuer, (ii) any Transaction Party or (iii) any of their respective affiliates is acting as an investment adviser, and none of them (other than the Trustee under the Trust Deed in respect of the Noteholders only) assumes any fiduciary obligation to any purchaser of Notes or any other party, including the Issuer.

None of the Issuer, any of the Transaction Parties or any of their respective affiliates in respect of any Series assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Collateral or the terms thereof or of any Swap Counterparty or the terms of any Swap Agreement.

Investors may not rely on the views or advice of the Issuer, or any of the Transaction Parties in respect of any Series for any information in relation to any person other than such Issuer or Transaction Party, respectively.

No reliance

A prospective purchaser may not rely on the Issuer, the Arranger or any of the Transaction Parties in respect of any Series or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

No representations

None of the Issuer, the Arranger or any of the Transaction Parties in respect of any Series makes any representation or warranty, express or implied, in respect of any Collateral or any issuer or obligor of any Collateral or of any Swap Counterparty or in respect of the relevant Swap Agreement or in respect of any information contained in any documents prepared, provided or filed by or on behalf of any such issuer or obligor or in respect of such Collateral or of any Swap Counterparty or in respect of the relevant Swap Agreement with any exchange, governmental, supervisory or self regulatory authority or any other person.

Risk Factors relating to the Issuer

The Issuer is a special purpose vehicle

Save as provided below with respect to Takumi Capital Limited, the Issuer's sole business is the raising of money by issuing Notes for the purposes of purchasing assets and entering into related derivatives and other contracts. The Issuer has covenanted (amongst other things) not to, as long as any of the Notes remain outstanding, without the consent of the Trustee, to engage in any business other than the issuance or entry into of bonds, notes or other securities or the entry into of loans or other agreements for the payment or repayment of borrowed money, and provided always that such obligations are secured on assets of the Issuer other than the Issuer's share capital and those assets securing any other obligations of the Issuer and that they are entered into on a limited recourse basis. In addition, the Issuer will be subject to certain other restrictions including that it will not, without the consent of the Trustee, have any subsidiaries (although it may have more than one branch) or employees, purchase, own, lease or otherwise acquire any real property (including office premises or like facilities), consolidate or merge with any other person, convey or transfer its properties or assets substantially as an entity to any person (other than as contemplated by the Conditions), declare any dividends or issue any shares (other than such shares as were in issue on the date of its incorporation). As such, the Issuer has, and will have, no assets other than its issued and paid-up share capital, such fees (as agreed) payable to it in connection with the issue of Notes or entry into other obligations from time to time and any Mortgaged Property and any other assets on which Notes or other obligations are secured. There is no day-to-day management of the business of the Issuer.

Notwithstanding the foregoing, Takumi Capital Limited is also the issuer under the Takumi Capital Note and Warrant Programme (as described under "*Overview of the Programme – Restrictions*" above), pursuant to which Takumi Capital Limited may from time to time issue secured notes and related warrants and enter into associated transactions on a limited recourse basis substantially similar to Notes issued, and transactions entered into, by Takumi Capital Limited under this Programme. The Takumi Capital Note and Warrant Programme imposes similar restrictions on Takumi Capital Limited to those imposed on it under this Programme, however nothing in the Trust Deed and/or in Condition 5 of the Master Conditions restricts in any way the continued ability of Takumi Capital Limited to issue notes and related warrants and enter into associated transactions under the Takumi Capital Note and Warrant Programme and, similarly, nothing in the Takumi Capital Note and Warrant Programme restricts in any way the continued ability of Takumi Capital Limited to issue Notes and enter into associated transactions under this Programme.

Regulation of the Issuer by any regulatory authority

The Issuer is not required to be licensed, registered or authorised under any current securities, commodities, insurance or banking laws or regulations of its jurisdiction of incorporation. There is no assurance, however, that in the future such regulatory authorities would not take a contrary view regarding the applicability of any such laws or regulations to the Issuer. There is also no assurance that

the regulatory authorities in other jurisdictions would not require the Issuer to be licensed or authorised under any securities, commodities, insurance or banking laws or regulations of those jurisdictions. Any requirement to be licensed or authorised could have an adverse effect on the Issuer and on the Noteholders.

There is no applicable taxation in the Cayman Islands and each of Takumi I Limited, Takumi II Limited, Takumi III Limited and Takumi Capital Limited has obtained a concession to such effect for a period of twenty years. However, no assurance is given that such circumstance will not change in the future.

Anti-money laundering

The Issuer may be subject to anti-money laundering legislation in its jurisdiction of incorporation. If the Issuer were determined by the relevant authorities to be in violation of any such legislation, it could become subject to substantial criminal penalties. Any such violation could materially and adversely affect the timing and amount of payments made by the Issuer to Noteholders in respect of the Issuer's Notes.

Risk Factors relating to the Notes

Limited recourse obligations

The Notes comprise secured, limited recourse obligations of the Issuer payable solely out of the Mortgaged Property by the Issuer in favour of the Trustee on behalf of the Noteholders and other secured parties. The Issuer will have no other assets or sources of revenue available for payment of any or its obligations under the Notes. No assurance can be made that the proceeds available for and allocated to the repayment of the Notes at any particular time will be sufficient to cover all amounts that would otherwise be due and payable in respect of the Notes. If the proceeds of Liquidation received by the Issuer on Liquidation of all of the Collateral or the proceeds of Enforcement of Security received by the Trustee for the benefit of the Noteholders prove insufficient to make payments on the Notes, no other assets will be available for payment of the deficiency, and following distribution of the proceeds of such realisation, the Issuer will have no further obligation to pay any amounts in respect of such deficiency.

Payment of any redemption amount will only be made after the distribution amounts described in paragraphs (i) to (v) of Condition 15(a) or 15(b) are fixed.

In addition, only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to, the terms of the Trust Deed. None of the Noteholders nor any other secured party will be entitled at any time to proceed against the Issuer unless the Trustee having become bound to proceed fails or neglects to do so.

No Relevant Issuer has any obligations in respect of Notes not issued by it.

No person other than the Issuer will be obliged to make payments on the Notes.

Trustee indemnity

In certain circumstances, the Noteholders may be dependent on the Trustee to take certain actions in respect of a Series of Notes, in particular if the Security in respect of such Series becomes enforceable under the Conditions. Prior to taking such action, the Trustee is entitled to (and will, prior to enforcing the Security in respect of a Series) require to be indemnified and/or secured and/or pre-funded to its satisfaction. If the Trustee is not satisfied with its indemnity and/or security and/or pre-funding it may decide not to take such action, without being in breach of its obligations under the relevant Trust Deed. Consequently, the Noteholders may have to either arrange for such indemnity and/or security and/or pre-funding or accept the consequences of such inaction by the Trustee. Noteholders should be prepared to bear the costs associated with any such indemnity and/or security and/or pre-funding and/or the consequences of any such inaction by the Trustee. Such inaction by the Trustee will not entitle Noteholders to proceed themselves directly against the Issuer.

Priority of claims

During the term of the Notes and on a Liquidation or an Enforcement Event in respect of the Security granted by the Issuer in favour of the Trustee on behalf of the Noteholders and other secured parties, the rights of the Noteholders to be paid amounts due under the Notes will be subordinated to (i) the fees, costs, charges, expenses and liabilities due and payable to the Trustee including costs incurred in the enforcement of the security and the Trustee's remuneration, (ii) amounts owing to the Custodian under the Custody Agreement and amounts owing to the Issuing and Paying Agent under the Agency Agreement, (iii) amounts owing to the Swap Counterparty under the relevant Swap Agreement (if any) and (iv) the other claims as specified in the Conditions and the relevant Trust Deed relating to the relevant Series that rank in priority to the claims of Noteholders and Couponholders.

No gross-up

In the event that any withholding tax or deduction for tax is imposed on payments on the Notes, the Noteholders will not be entitled to receive grossed-up amounts to compensate for such withholding tax nor be reimbursed for the amount of any shortfall and no Event of Default shall occur as a result of any such withholding or deduction. If withholding tax is imposed or a deduction for tax is made in respect of payments on the Notes, these Notes may in certain circumstances be redeemed early.

Possibility of U.S. withholding tax on payments

In certain circumstances, payments to the Issuer may be subject to U.S. withholding tax if it fails to enter into an agreement with U.S. Internal Revenue Services (the "IRS"). In addition, a holder of the Notes may become subject to U.S. withholding at a rate of 30 per cent. on all, or a portion of, certain payments made to it after 31 December 2016 in respect of the Notes if the Notes are treated as equity for U.S. federal tax purposes or if they are significantly modified after 31 December 2012.

On 18 March 2010, the U.S. enacted sections 1471 through 1474 of the U.S. Internal Revenue Code (together with any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the U.S. Internal Revenue Code, or any U.S. or non-U.S. fiscal or regulatory legislation, rules, guidance notes or practices adopted pursuant to any intergovernmental agreement entered into in connection therewith, or any analogous provisions of non-U.S. law, "FATCA"). Under FATCA, a non-U.S. financial institution generally will be required to enter into an agreement (an "FFI Agreement") with the IRS to identify "financial accounts" held by U.S. persons or entities with substantial U.S. ownership, as well as accounts of other financial institutions that are not themselves participating in (or otherwise exempt from) the FATCA reporting regime. For these purposes, the term "financial institution" includes, among others, banks, insurance companies and entities that are engaged primarily in the business of investing, reinvesting or trading in securities, commodities or partnership interests, including securitisation vehicles. If a participating financial institution makes a relevant payment to an accountholder that has not provided information requested to establish that the accountholder is exempt from reporting under the rules, or if the recipient of the payment is a non-participating financial institution (that is not otherwise exempt), the payor may be required to withhold 30 per cent. on a portion of the payment. The IRS has indicated an intention to treat, for example, interest and principal paid by a participating financial institution as being subject to this 30 per cent. withholding, but only in proportion to the value of the financial institution's direct and indirect U.S. assets as compared to its total assets. However, the IRS is further considering the treatment of these so-called "passthru payments" and it is not clear how this rule will ultimately apply to the Issuer or the Notes.

If the Issuer is required to enter into an FFI Agreement and fails to do so, or fails to comply with its obligations under that agreement, the Issuer would be subject to 30 per cent. withholding on all, or a portion of, payments received from U.S. sources and from "participating Foreign Financial Institutions". It is unclear whether any Collateral Obligor will be a Foreign Financial Institution and, if it were, whether the Collateral would be instruments on which passthru payment withholding would be required.

The Cayman Islands have entered into a Model 1 intergovernmental agreement (the "US IGA") with the United States and have entered into a similar intergovernmental agreement (the "UK IGA") with the United Kingdom (together with the US IGA, the "IGAs"). The Issuer will be required to comply with the Cayman Islands Tax Information Authority Law (2013 Revision) together with regulations and guidance notes made pursuant to such Law (the "Cayman FATCA Legislation") that give effect to the IGAs. To the extent the Issuer cannot be treated as a Non-Reporting Cayman Islands Financial

Institution (as defined in the IGAs) by taking advantage of one of the categories set out in Annex II to the IGAs (for example by being a Sponsored Investment Entity (as defined in the IGAs)), the Issuer will be a “Reporting Cayman Islands Financial Institution” (as defined in the IGAs). As such, the Issuer is required to register with the IRS to obtain a Global Intermediary Identification Number (for the purposes of the US IGA only) and to report to the Cayman Islands Tax Information Authority any payments made to (i) Specified US Persons with respect to US Reportable Accounts and (ii) Specified UK Persons with respect to UK Reportable Accounts (each such term as defined in the relevant IGA). The Cayman Islands Tax Information Authority will exchange such information with the IRS or HMRC as the case may be under the terms of the relevant IGA. Under the terms of the US IGA, withholding will not be imposed on payments made to the Issuer unless the IRS has specifically listed the Issuer as a non-participating financial institution, or on payments made by the Issuer to the Noteholders unless the Issuer has otherwise assumed responsibility for withholding under United States tax law.

The relevant rules have not yet been fully developed and the future application of FATCA to the Issuer and the holders of Notes is uncertain. If the Issuer determines that it must comply with FATCA in order to receive certain payments free of U.S. withholding tax, Noteholders may be required to provide certain information or be subject to withholding on certain payments (including payments upon redemption of Notes) made to them. The withholding obligation in respect of a non-participating financial institution may apply whether the financial institution is receiving payments for its own account or on behalf of another person. If a holder is subject to withholding on account of FATCA, there will be no additional amount payable by way of compensation to the holder for the deducted amount. An investor that is able to claim the benefits of an income tax treaty between its own jurisdiction and the United States may be entitled to a refund of amounts withheld pursuant to the FATCA rules, though the investor would have to file a U.S. tax return to claim this refund and would not be entitled to interest from the IRS for the period prior to the refund.

THE FATCA PROVISIONS ARE PARTICULARLY COMPLEX AND THEIR APPLICATION TO THE ISSUER IS UNCERTAIN AT THIS TIME. EACH HOLDER OF NOTES SHOULD CONSULT ITS OWN TAX ADVISOR TO OBTAIN A MORE DETAILED EXPLANATION OF THE FATCA PROVISIONS AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT EACH HOLDER IN ITS PARTICULAR CIRCUMSTANCE.

Modification, waivers and substitution

The Trust Deed contains provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The Trust Deed further provides that a resolution in writing signed by 90 per cent. of Noteholders binds all Noteholders of the relevant Series for all purposes.

The Trust Deed also provides that the Trustee may, without the consent of Noteholders, agree to (i) any modification of any of the Conditions or any of the provisions of any Transaction Document that is, in its opinion, of a formal, minor or technical nature or is made to correct a manifest error, (ii) any other modification (except as mentioned in the relevant Trust Deed), and any waiver or authorisation of any breach or proposed breach of any of the Conditions or any provisions of the Transaction Documents that is, in the opinion of the Trustee, not materially prejudicial to the interest of the Noteholders or (iii) the substitution of another company as principal debtor under the Trust Deed, the Notes, the Coupons and the Talons (as applicable) in place of the Issuer, subject to the written consent of any Swap Counterparty.

Early Redemption of the Notes

The Notes of a Series may become due and payable prior to their Maturity Date as further described in Conditions 7 and 12 in connection with the occurrence of any of the following events:

- (i) a Collateral Early Redemption;
- (ii) a Collateral Default;
- (iii) a Note Tax Event or Collateral Tax Event;

- (iv) a termination in whole of the relevant Swap Transactions under the Swap Agreement;
- (v) a Swap Counterparty Event;
- (vi) a Bankruptcy Credit Event of the Swap Counterparty; or
- (vii) an Event of Default under the Notes.

Following the occurrence of any of the above events and the delivery of any requisite notices in respect of a Series of Notes, such Series of Notes will become due and payable on the relevant Early Redemption Date at the Early Redemption Amount.

Prospective investors should note that there can be no assurance that the Early Redemption Amount per Note will be greater than or equal to the amount invested by any Noteholder.

The Issuer will fund payments of any Early Redemption Amount per Note under a Series of Notes from payment(s) due to it under, or on a Liquidation of, the Collateral (if applicable) and/or the relevant Swap Agreement (if applicable) and subject to payment of all prior ranking amounts under Conditions 15(a) or 15(b), as applicable. If, following the realisation in full of the Mortgaged Property relating to the relevant Series of Notes (whether by way of a Liquidation or an Enforcement Event in respect of the Security) and application of available cash sums as provided in the Conditions, there are any outstanding claims against the Issuer in respect of such Series of Notes which remain unpaid, then such outstanding claim will be extinguished and no debt will be owed by the Issuer in respect thereof. In such circumstances, the Noteholders may not receive back their investment and may receive zero.

Notes may be subject to optional redemption by the Issuer

The Notes may be redeemed at the option of the Issuer if so specified in the relevant Final Terms or Tranche Prospectus, if applicable. This feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed as it is more likely that the Issuer will redeem the Notes at such point. This also may be true prior to the commencement of any redemption period. An investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate applicable to the Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

Notes may be redeemable at the Noteholders' election

If the Notes are redeemable at the option of the Noteholders and if a Noteholder gives notice to redeem Notes early, there will be a time lag between that notice and the time at the applicable Optional Redemption Amount is determined in that period. There could be substantial movements in the value of the Collateral and therefore in the Optional Redemption Amount, but the redemption notice once given may not be withdrawn.

Mortgaged Property may be substituted

If specified in the relevant Final Terms or Tranche Prospectus, if applicable, the Issuer may substitute the Mortgaged Property with such alternative Mortgaged Property as it may deem appropriate if so directed by Noteholders acting by Extraordinary Resolution or upon agreement with the Trustee where the Trustee is satisfied that such substitution is not materially prejudicial to the interests of the Noteholders. All Noteholders should be aware that they may be affected by such substitution by the Issuer following such direction or agreement.

Notes issued at a substantial discount or premium

The Issuer may issue Notes at either a substantial discount or premium. The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Noteholders should take professional advice as to the tax implications of holding such Notes.

Market value of Notes

The market value of the Notes will be affected by a number of factors, including, but not limited to (i) the value and volatility of the Collateral and the creditworthiness of the issuers and obligors of any Collateral, (ii) the value and volatility of any property or other factor to which payments on the Notes may be linked, directly or indirectly, and the creditworthiness of the issuers or obligors in respect of any securities or other obligations to which payments on the Notes may be linked, directly or indirectly, (iii) market perception, interest rates, yields and foreign exchange rates, (iv) the time remaining to the Maturity Date, (v) the nature and liquidity of the Swap Agreement (if any) or any other derivative transaction entered into by the Issuer or embedded in the Notes or the Collateral and (vi) the value and volatility of the relevant Swap Agreement and the creditworthiness of the Swap Counterparty, if any. Any price at which Notes may be sold prior to the Maturity Date may be at a discount, which could be substantial, to the value at which the Notes were acquired on the Issue Date.

Prospective purchasers should be aware that not all market participants would determine prices in respect of the Notes in the same manner, and the variation between such prices may be substantial. Accordingly, any prices provided by a Dealer may not be representative of prices that may be provided by other market participants. For this reason, any price provided or quoted by a Dealer should not be viewed or relied upon by prospective purchasers as establishing, or constituting advice by that Dealer concerning, a mark-to-market value of the Notes. The price (if any) provided by a Dealer is at the absolute discretion of that Dealer and may be determined by reference to such factors as it sees fit. Any such price may take into account fees, commissions or arrangements entered into by that Dealer with a third party in respect of the Notes and that Dealer shall have no obligation to any Noteholder to disclose such arrangements. Any price given would be prepared as of a particular date and time and would not therefore reflect subsequent changes in market values or any other factors relevant to the determination of the price.

Change of law

The Conditions of the Notes are governed by English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Risk Factors relating to the Collateral

No investigations

No investigations, searches or other enquiries have or will be made by or on behalf of the Issuer or the Trustee in respect of the Collateral relating to any Series of Notes. No representations or warranties, express or implied, have been given by the Issuer, the Dealer, the Trustee or any other person on their behalf in respect of the Collateral relating to any Series of Notes.

Collateral

The Collateral relating to any Notes will be subject to credit, liquidity and interest rate risks. In the event of an insolvency of an issuer or obligor in respect of any Collateral, various insolvency and related laws applicable to such issuer or obligor may (directly or indirectly) limit the amount the Issuer or any Disposal Agent acting on its behalf or the Trustee may recover in respect of such Collateral.

If Notes are redeemed on dates other than their Maturity Date, the Collateral relating thereto will be sold or otherwise liquidated (except where otherwise transferred in accordance with the Conditions). No assurance can be given as to the amount of proceeds of any sale or liquidation of such Collateral at that time since the market value of such Collateral will be affected by a number of factors including but not limited to (i) the creditworthiness of the issuers and obligors of the Collateral, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the Collateral and (iv) the liquidity of the Collateral. Accordingly, the price at which such Collateral is sold or liquidated may be at a discount, which could be substantial, to the market value of the Collateral on the issue date and the proceeds of any such sale or liquidation when taken together with the proceeds of termination of any related Swap Agreement and any other assets available to the Issuer that relate to the relevant Series of Notes may not be sufficient to repay the full amount of principal of and interest on the relevant Notes that the holders of such Notes would expect to receive

in the event that the Notes were redeemed in accordance with their terms on their Maturity Date. Further, before any proceeds are paid to Noteholders following a Liquidation or Enforcement Event, the available proceeds will be subject to deduction of prior ranking claims.

The Arranger and the Dealer may have acquired, or during the terms of the Notes may acquire, confidential information or enter into transactions with respect to any Collateral and they shall not be under any duty to disclose such confidential information to any Noteholder or the Issuer.

Risk Factors relating to the Swap Counterparties and the Swap Agreement

If the Issuer enters into a Swap Agreement in relation to a Series of Notes, the ability of the Issuer to meet its obligations under the Notes will depend in whole or in part on the receipt by it of payments under the Swap Transaction(s) under such Swap Agreement relating to such Series. The Issuer will be exposed not only to the occurrence of a Collateral Early Redemption or a Collateral Default in relation to any applicable Collateral (excluding any Posted Securities) and/or the volatility in the market value of any applicable Collateral, if applicable, but also to the ability of the relevant Swap Counterparty to perform its obligations under the related Swap Transaction(s). Default by such Swap Counterparty may result in the termination of the Swap Agreement and, in such circumstances, any amount due to the Issuer upon such termination may not be paid in full.

Pursuant to the terms of the relevant Swap Agreement entered into by the Issuer in connection with a Series of Notes, the Issuer or the relevant Swap Counterparty may terminate all outstanding Swap Transactions under such Swap Agreement in whole in certain specified circumstances. The Issuer will be entitled to terminate all outstanding Swap Transactions under the relevant Swap Agreement in whole upon the occurrence of an event of default (as such events are more particularly described in such Swap Agreement) in relation to the relevant Swap Counterparty, provided that the Trustee has consented to such termination. The relevant Swap Counterparty will be entitled to terminate or will be deemed to have designated to terminate all outstanding Swap Transactions under the relevant Swap Agreement in whole upon the occurrence of an event of default (as such events are more particularly described in the relevant Swap Agreement) in relation to the Issuer, certain illegality and force majeure events, certain tax events, a Collateral Early Redemption, a Collateral Default, the occurrence of an Early Redemption Event or an Event of Default under the Notes or the Issuer failing to give an Early Redemption notice to Noteholders when required to do so under the Conditions of the relevant Series of Notes. Any termination in whole of the Swap Transactions under any Swap Agreement relating to a Series of Notes will result in an early redemption in whole of such Series. Upon any such redemption, the amount paid to Noteholders to redeem such Notes may be significantly less than the Noteholder's original investment in such Notes and may be zero.

None of the Issuer, any Transaction Party nor any affiliate of any such persons makes any representation as to the credit quality of any Swap Counterparty or any Posted Securities, if applicable. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information in relation to the relevant Swap Counterparty and/or the Posted Securities. None of such persons is under any obligation to make such information directly available to Noteholders. None of the Issuer, any Transaction Party nor any affiliate of any such persons is under any obligation to make available any information relating to, or keep under review on the Noteholders' behalf, the business, financial conditions, prospects, creditworthiness or state of affairs of any Swap Counterparty or any issuer/obligor in relation to any Posted Securities or conduct any investigation or due diligence thereon.

Pursuant to the terms of the relevant Swap Agreement relating to a Series of Notes, the Swap Counterparty may make determinations which:

- (i) have an adverse effect on the value of the Notes; and/or
- (ii) lead to the termination of the Swap Transactions under the Swap Agreement and the Notes becoming due and payable prior to their Maturity Date.

In making determinations under the relevant Swap Agreement, the relevant Swap Counterparty owes no duty to the Noteholders of the relevant Series of Notes, will act for its own account, may exercise any discretion in its own interests and will not and is not required to take into account the interests of the Issuer or any Noteholder of the relevant Series of Notes. Without prejudice to the foregoing, in making

determinations under the relevant Swap Agreement, the relevant Swap Counterparty will when acting in its capacity as calculation agent thereunder make determinations in good faith and in a commercially reasonable manner.

Where SMBC Nikko Securities Inc. is the relevant Swap Counterparty for a Series of Notes, the Swap Counterparty and the Issuer may enter into a credit support annex to the schedule to the relevant ISDA Master Agreement in the form of the ISDA Credit Support Annex (Bilateral Form – Transfer) (the “**Credit Support Annex**”). Any such Credit Support Annex entered into between the Swap Counterparty and the Issuer will supplement, form part of, and be subject to, the relevant Swap Agreement.

The relevant Final Terms or Tranche Prospectus, as applicable, will specify whether a Credit Support Annex is to be entered into between the Swap Counterparty and the Issuer in connection with a Series of Notes and, if a Credit Support Annex is to be entered into, whether such Credit Support Annex is to be “one-way” or “two-way”.

If the relevant Final Terms or Tranche Prospectus, as applicable, specify that a “one-way” Credit Support Annex is to be entered into, then such Credit Support Annex will provide for the transfer of eligible collateral by the Swap Counterparty to the Issuer in order to collateralise any exposure of the Issuer to the Swap Counterparty under the relevant Swap Agreement (determined by reference to periodic valuation of the mark-to-market value of the relevant Swap Transaction(s)), subject (if applicable) to certain thresholds being met and rounding conventions. Under a “one-way” Credit Support Annex, the Issuer will not be obliged to collateralise any exposure that the Swap Counterparty may have to the Issuer, but will be obliged to redeliver any collateral previously transferred to it by the Swap Counterparty to the extent that the Issuer’s exposure under the relevant Swap Agreement reduces.

If the relevant Final Terms or Tranche Prospectus, as applicable, specify that a “two-way” Credit Support Annex is to be entered into, then such Credit Support Annex will operate in much the same manner as a “one-way” Credit Support Annex, save that both parties may be obliged to post eligible collateral to the other in order to collateralise the parties’ respective exposure to one another under the relevant Swap Agreement, again subject (if applicable) to certain thresholds being met and rounding conventions.

To the extent that the Issuer is required to transfer eligible collateral to the Swap Counterparty under any “two-way” Credit Support Annex, the Issuer (and thereby Noteholders) will be assuming unsecured credit exposure to the Swap Counterparty in respect of the return of such eligible collateral.

Any eligible collateral transferred to the Issuer under a Credit Support Annex will constitute Collateral for the purposes of the relevant Series of Notes and will be subject to the Security constituted by the Trust Deed and any Other Security Document (if applicable).

Risk Factors relating to the Custodian

The Issuer will hold cash and securities comprising the Mortgaged Property in respect of a Series of Notes with the Custodian on the terms of the Custody Agreement. The Custodian may hold cash and securities delivered or received by it on trust for the Issuer in custody accounts with one or more sub-custodians or depositories in accordance with terms agreed with such sub-custodians or depositories.

The ability of the Issuer to meet its obligations with respect to the Notes will be dependent upon receipt by the Issuer of payments from the Custodian under the Custody Agreement. The Disposal Agent’s ability to effect a Liquidation and the Trustee’s ability to enforce the Security will be dependent upon receipt by the Issuer, the Disposal Agent or the Trustee, as applicable, of deliveries from the Custodian and performance by the Custodian of its obligations under the Custody Agreement. Consequently, the Noteholders are also relying on the performance of the Custodian (and/or any relevant Sub-custodian or depository). In the event of a bankruptcy or insolvency of the Custodian (or any Sub-custodian or depository), there can be no assurance that the Issuer will be able to obtain delivery of and/or realise the property held with the Custodian or Sub-custodian or Depository on a timely basis or at all. In particular:

- (i) except for claims to assets held on trust (or otherwise outside the insolvent estate of the Custodian, Sub-custodian or depository) claims against the Custodian, Sub-custodian and/or depository may be general unsecured claims in respect of which the Issuer is exposed to the creditworthiness of the Custodian, Sub-custodian and/or depository as the case may be;

- (ii) the same position may apply for assets which ought to have been held on trust (or otherwise outside the insolvent estate of the Custodian, Sub-custodian or depository) but either were not or have ceased to be identifiable or recoverable as trust assets or in respect of which a shortfall exists. In that regard:
 - (a) although in the accounts of the Custodian maintained for the Issuer the Custodian is required to segregate in its books and records any Collateral with respect to one Series of Notes from any Collateral for any other Series of Notes and from any assets held in other client accounts or for its own accounts, Noteholders will be at risk if the Custodian does not, in practice, maintain such a segregation;
 - (b) the Custodian may hold Collateral relating to a Series of Notes through a clearing system and/or through a Sub-custodian or other account keeper. In such cases, the Custodian's account with the clearing system, Sub-custodian or other account keeper may be held on a pooled basis (that is such Collateral may be held in an account with securities of the same type as such Collateral held by or on behalf of the Custodian for the account of other customers of the Custodian). Were a bankruptcy event to occur in relation to the Custodian and the securities held in any such pooled account are for any reason insufficient to meet in full the claims of all the customers for whom the Custodian holds securities of the same type as the Collateral, such customers (including the Issuer and therefore the Noteholders of the relevant Series) would bear any shortfall amongst themselves; and
- (iii) even where assets are held on trust (or otherwise outside the insolvent estate of the Custodian, Sub-custodian or depository) the bankruptcy or insolvency of any of the Custodian, any relevant Sub-custodian or depository may delay the Custodian's delivery to the Issuer of the relevant assets.

None of the Custodian or any Sub-custodian or depository will have any duty or obligation to insure any Collateral held or received by it against any risk and the Custodian shall not be responsible for any loss or damage suffered by any party as a result of the Custodian performing its duties under the Custody Agreement unless the same results from its own negligence, fraud or wilful default or that of its officers, employees or agents. If and to the extent any Sub-custodians are BNY Mellon Affiliates (as defined in the Custody Agreement), the Custodian accepts the same responsibility for the acts of those Sub-custodians which are BNY Mellon Affiliates as it does for its own acts.

The Custodian's obligations under the Custody Agreement are subject to certain exclusions and limitations as set out in the Custody Agreement.

Risks relating to the Issuing and Paying Agent

Any payments made to Noteholders in accordance with the terms and conditions of the Notes will be made by the Issuing and Paying Agent on behalf of the Issuer. Pursuant to the Agency Agreement, the Issuer is to transfer to the Issuing and Paying Agent such amount as may be due under the Notes, on or before each date on which such payment in respect of the Notes becomes due.

If the Issuing and Paying Agent, while holding funds for payment to Noteholders in respect of the Notes, is declared insolvent, the Noteholders may not receive all (or any part) of any amounts due to them in respect of the Notes from the Issuing and Paying Agent. The Issuer will still be liable to Noteholders in respect of such unpaid amounts but the Issuer will have insufficient assets to make such payments (or any part thereof) and Noteholders may not receive all, or any part, of any amounts due to them. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Issuing and Paying Agent in respect of the performance of its obligations under the Agency Agreement to make or facilitate payments to Noteholders.

Risks relating to the Disposal Agent

Liquidation

Where the Notes are to be redeemed other than on the Maturity Date, the Disposal Agent is generally required to sell or otherwise liquidate the Collateral. The Disposal Agent is permitted to sell all or any part of the Collateral at any time or at different times during the relevant period or in stages in respect

of smaller portions, and will not have any liability for it if a higher price could have been obtained had such sale taken place at a different time during such specified period and/or had or had not been effected in stages in respect of smaller portions.

Replacement Disposal Agent

Upon the occurrence of a Disposal Agent Bankruptcy Event, the Disposal Agent's appointment will be automatically terminated and the Issuer will be required to appoint a replacement institution to take its place. Such replacement will be chosen either by the Issuer, with the prior approval of the Trustee and any relevant Swap Counterparty (unless a Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred), or by the Noteholders acting by Extraordinary Resolution (subject to certain conditions set out in Condition 10(d)). Arranging for, and appointing any, such replacement may delay any required liquidation of the Collateral and related payments on the Notes.

Risks relating to Conflicts of Interest

General

Each of the Transaction Parties and any of their affiliates is acting or may act in a number of capacities in connection with any issue of Notes. The Transaction Parties and each of their respective affiliates when acting in such capacities in connection with the transactions described herein in respect of any Series of Notes shall have only the duties and responsibilities expressly agreed to by such entity in the relevant capacity and shall not, by virtue of its or any other affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity. The Transaction Parties and any of their respective affiliates in their various capacities in connection with the contemplated transactions may enter into business dealings, including the acquisition of the Notes, from which they may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor.

The Transaction Parties and any of their respective affiliates may from time to time be in possession of certain information (confidential or otherwise) and/or opinions with regard to the issuer or obligor of any Collateral which information and/or opinions might, if known by a Noteholder, affect decisions made by it with respect to its investment in the Notes. Notwithstanding this, none of the Transaction Parties or any of their respective affiliates shall have any duty or obligation to notify the Noteholders or the Issuer or any Transaction Party in respect of any Series (including any directors, officers or employees thereof) of such information and/or opinions.

The Transaction Parties and any of their respective affiliates may deal in any obligation of the issuer or obligor of any Collateral and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business transactions with, the issuer or obligor of any Collateral and may act with respect to such transactions in the same manner as if the relevant Swap Agreement, if applicable, and the Notes of the relevant Series did not exist and without regard to whether any such action might have an adverse effect on the issuer or obligor of any Collateral, the Issuer or the holders of the Notes of the relevant Series.

The Transaction Parties and any of their respective affiliates may at any time be active and significant participants in or act as market maker in relation to a wide range of markets for currencies, instruments relating to currencies, securities and derivatives. Activities undertaken by the Transaction Parties and any of their respective affiliates may be on such a scale as to affect, temporarily or on a long-term basis, the price of such currencies, instruments relating to currencies, securities and derivatives or securities and derivatives based on, or relating to the Notes or any Collateral. Notwithstanding this, none of the Transaction Parties or any of their respective affiliates shall have any duty or obligation to take into account the interests of any party in relation to any Notes when effecting transactions in such markets.

One or more of the Transaction Parties and their respective affiliates may:

- (i) have issued the Collateral;
- (ii) have placed or underwritten, or acted as a financial arranger, structuring agent or adviser in connection with the original issuance of, or may act as a broker or dealer with respect to the Collateral;

- (iii) act as trustee, paying agent and in other capacities in connection with certain Collateral or other classes of securities issued by an issuer of, or obligor with respect to, the Collateral or an affiliate thereof;
- (iv) be a counterparty to issuers of, or obligors with respect to, certain Collateral under a swap or other derivative agreements;
- (v) lend to certain of the issuers of, or obligors with respect to, the Collateral or their respective affiliates or receive guarantees from such issuers, obligors or their respective affiliates;
- (vi) provide other investment banking, asset management, commercial banking, financing or financial advisory services to the issuers of, or obligors with respect to, the Collateral or their respective affiliates; or
- (vii) have an equity interest, which may be a substantial equity interest, in certain issuers of, or obligors with respect to, the Collateral or their respective affiliates.

When acting as a trustee, paying agent, custodian, disposal agent or in any other service capacity with respect to any Collateral, a Transaction Party may be entitled to fees, charges and expenses senior in priority to payments on such Collateral. When acting as a trustee for other classes of securities or any other assets issued by the issuer or obligor of any Collateral or an affiliate thereof, a Transaction Party may owe fiduciary duties to the holders of such other classes of securities or assets, which classes of securities or assets may have differing interests from the holders of the class of securities or assets of which the relevant Collateral is a part, and may take actions that are adverse to the holders (including, where applicable, the Issuer) of the class of securities or assets of which the relevant Collateral is a part. As a counterparty under swaps and other derivative agreements, a Transaction Party may take actions adverse to the interests of the Issuer, including, but not limited to, demanding collateralisation of its exposure under such agreements (if provided for thereunder) or terminating such swaps or agreements in accordance with the terms thereof. In making and administering loans and other obligations, a Transaction Party may take action including, but not limited to, restructuring a loan, foreclosing on or exercising other remedies with respect to a loan, requiring additional collateral or other credit enhancement, charging significant fees and interest, placing the issuers of, or obligors with respect to, any Collateral in bankruptcy and/or demanding payment on a loan guarantee or under other credit enhancement. The Issuer's acquisition, holding and sale of any Collateral may enhance the profitability or value of investments made by any Transaction Party in the issuers thereof or obligors in respect thereof. As a result of such transactions or arrangements between any Transaction Party and issuers of, and obligors with respect to, any Collateral or their respective affiliates, the Transaction Parties may have interests that are contrary to the interests of the Issuer and/or Noteholders.

The Trustee

In connection with the exercise of its functions, the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders and the Trustee shall not be entitled to require, nor shall any Noteholder or any other person be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders. In acting as Trustee under the Principal Trust Deed and any Trust Deed, the Trustee shall not, in respect of Notes of any Series, assume any duty or responsibility to any Swap Counterparty (other than to pay to any Swap Counterparty any moneys received and payable to it and to act in accordance with the Conditions) and shall have regard solely to the interests of the Noteholders and shall not be obliged to act on any directions of the Swap Counterparty if this would, in the Trustee's opinion, be contrary to the interests of the Noteholders.

The Swap Counterparties

Prospective investors should be aware that, if the Issuer enters into a Swap Agreement in connection with the Notes, where the relevant Swap Counterparty is entitled to exercise its discretion or to undertake a decision in such capacity in respect of the Swap Agreement (including any right to terminate the Swap Agreement), in respect of the terms and conditions or otherwise in respect of the Notes, unless specified to the contrary therein, the relevant Swap Counterparty will be entitled to act in its absolute discretion and will be under no obligation to, and will not assume any fiduciary duty or responsibility for, the Noteholders or any other person. In exercising its discretion or deciding upon a course of action, the relevant Swap Counterparty shall attempt to maximise the beneficial outcome for

itself (that is maximise any payments due to it and minimise any payments due from it) and will not be liable to account to the Noteholders or any other person for any profit or other benefit to it or any of its affiliates that may result directly or indirectly from any such selection.

Risk Factors relating to the market

Limited liquidity of the Notes

Although application may be made to admit the Notes to the Official List or the official list of another stock exchange and to admit them to trading on the Market or the regulated market of another stock exchange, there is currently no secondary market for the Notes. There can be no assurance that a secondary market for any of the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity or that it will continue for the life of the Notes. Consequently, any investor of the Notes must be prepared to hold such Notes for an indefinite period of time or until redemption of the Notes. If the Arranger or any Dealer begins making a market for the Notes, it is under no obligation to continue to do so and may stop making a market at any time.

Credit ratings

Notes may or may not be rated. It is anticipated that all Notes to be issued by Takumi II Limited will be rated by Moody's and that all Notes to be issued by Takumi III Limited will be rated by R&I. The relevant Final Terms or Tranche Prospectus, if applicable, for any Notes will specify if such rating is a condition to the issue of such Notes. The rating(s) will be on the basis of the assessment of each relevant Rating Agency of the ratings of any relevant Collateral, the rating of any relevant Swap Counterparty and the terms of the Notes. A security rating is not a recommendation to buy, sell or hold any Notes, inasmuch as such rating does not comment as to market price or suitability for a particular purchaser. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a Rating Agency if, in its judgement, circumstances in the future so warrant. In the event that a rating initially assigned to any Notes is subsequently lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Notes and the market value of such Notes is likely to be adversely affected.

Prospective investors should ensure they understand what any rating associated with the Notes (whether of the Notes themselves, of the obligor of any relevant Collateral (or any guarantor or credit support provider in respect thereof), of any relevant Swap Counterparty or of any other party or entity involved in or related to the Notes) means and what it addresses and what it does not address.

The assignment of a rating to the Notes should not be treated by a prospective investor as meaning that such investor does not need to make its own investigations into, and determinations of, the risks and merits of an investment in the Notes.

During its holding of a Note, a Noteholder should take such steps as it considers necessary to evaluate the ongoing risks and merits of a continued investment in such Note. Such steps should not rely solely on ratings. In particular, prospective investors should not rely solely on downgrades of ratings as indicators of deteriorating credit. Market indicators (such as rising credit default spreads and yield spreads with respect to the relevant entity) often indicate significant credit issues prior to any downgrade. During the global financial crisis, rating agencies were the subject of criticism from a number of global governmental bodies that they did not downgrade entities on a sufficiently quick basis.

Prospective investors who place too much reliance on ratings, or who do not understand what the rating addresses, may be subject to losses as a result.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on Notes issued under the Programme in the currency of such Notes. This presents certain risks relating to currency conversions if a Noteholder's financial activities are denominated principally in a currency or currency unit (the "**Noteholder's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Noteholder's Currency) and the risk that authorities with jurisdiction over the Noteholder's Currency may impose or modify exchange controls. An appreciation in the value of the Noteholder's Currency relative to the Specified

Currency would decrease (i) the Noteholder's Currency equivalent yield on the Notes, (ii) the Noteholder's Currency equivalent value of the principal payable on the Notes and (iii) the Noteholder's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal than expected and may receive no interest or principal.

Interest rate risks

Investment in Notes issued under the Programme may involve the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Risks relating to Global Events

General

Since mid-2007, the global economy and financial markets have experienced extreme levels of instability.

The initial trigger for the instability was a downturn in the U.S. housing market. By mid-2007, concerns about the value of mortgage assets held by global commercial banks, investment banks, government sponsored entities, hedge funds, structured investment vehicles and institutional investors led to a general tightening of available credit and liquidity in the global financial markets.

During 2008, the initial instability intensified into a severe global financial crisis.

In response to the crisis various governments and central banks took substantial measures to ease liquidity problems and enacted fiscal stimulus packages and measures to support certain entities affected by the crisis. Such measures included establishing special liquidity schemes and credit facilities, bank recapitalisation programmes and credit guarantee schemes.

In an attempt to counteract recessionary pressures, the central banks of the U.S., the U.K. and certain other countries and the European Central Bank also lowered interest rates, in some cases to record low levels.

No assurance can be given that any recovery will be sustained or that certain economies will not encounter a "double dip" recession. In particular, a number of countries have accumulated significant levels of public debt both absolutely and relative to GDP. This has led to international "bail-outs" of certain countries and resulted in general concerns about sovereign credit defaults which could undermine any recovery and could have the effect of taking the credit crisis into a new recessionary phase.

The above factors have also led to substantial volatility in markets across asset classes, including (without limitation) stock markets, foreign exchange markets, fixed income markets and credit markets.

There can be no assurance that the steps taken by governments or international or supra-national bodies to ameliorate the global financial crisis will be successful or that any recovery will continue. The structure, nature and regulation of financial markets in the future may be fundamentally altered as a consequence of the global financial crisis, possibly in unforeseen ways. There can be no assurance that similar or greater disruption may not occur in the future for similar or other reasons. In addition, the attempts being taken to reduce the high level of sovereign debt may themselves contribute to a further global recession.

There can be no assurance as to how severe the global recession will be or as to how long it will last. There can be no assurance that government actions or the actions of international or supra-national bodies to limit the impact of the crisis will be successful and that they will not instead lead or contribute to a deeper and/or longer-lasting recession. Economic prospects are subject to considerable uncertainty.

Prospective investors should ensure that they have sufficient knowledge and awareness of the global financial crisis and the response thereto and of the economic situation and outlook as they consider

necessary to enable them to make their own evaluation of the risks and merits of an investment in the Notes. In particular, prospective investors should take into account the considerable uncertainty as to how the global financial crisis and the wider economic situation will develop over time.

Any person who had held securities during the periods considered above, particularly structured securities, would be highly likely to have suffered significant adverse effects as a result of such holding, including, but not limited to, major reductions in the value of those securities and a lack of liquidity. Prospective investors should consider carefully whether they are prepared to take on similar risks by virtue of an investment in the Notes.

Impact on Liquidity

The events outlined above have had an extremely negative effect on the liquidity of financial markets generally and in the markets in respect of certain financial assets or in the obligations of certain obligors. This has particularly been the case with respect to the market for structured assets and the obligations of financial institutions and certain sovereigns. Such assets may either not be saleable at all or may only be saleable at significant discounts to their estimated fair value or to the amount originally invested. No assurance can be given that liquidity in the market generally, or in the market for any particular asset class or in the obligations of any particular financial institution or sovereign, will improve or that it will not worsen in the future. Such limited liquidity may have a negative impact on the value of the Notes, the value of the Collateral or the value of the relevant Swap Agreement, both in terms of the assets or indices referenced and in terms of the value of the obligations of the relevant Swap Counterparty. In particular, should the Notes be redeemed early, Noteholders will be exposed to the realisation value of the Collateral and the termination value of the relevant Swap Agreement, which value might be affected (in some cases significantly) by such lack of liquidity.

Concerns about the creditworthiness of the Custodian, the Issuing and Paying Agent and the other Paying Agents may also impact the value of the Notes.

Impact on Credit

The events outlined above have negatively affected the creditworthiness of a number of entities or governments, in some cases to the extent of collapse or requiring rescue from governments or international or supra-national bodies. Such credit deterioration has and may continue to be widespread. The value of the Notes or of the amount of payments under them may be negatively affected by such widespread credit deterioration. Prospective investors should note that recoveries on assets of affected entities have in some cases been *de minimis* and that similarly low recovery levels may be experienced with respect to other entities or governments in the future which may include the obligors of the Collateral (or any guarantor or credit support provider in respect thereof), the relevant Swap Counterparty and the Swap Guarantor (if any). Prospective investors should also consider the impact of a default by a Custodian, Issuing and Paying Agent or Paying Agent and possible delays and costs in being able to access property held with a failed custodian.

Impact on Valuations and Calculations

Since 2007, actively traded markets for a number of asset classes and obligors have either ceased to exist or have reduced significantly. To the extent that valuations or calculations in respect of instruments related to those asset classes were based on quoted market prices or market inputs, the lack or limited availability of such market prices or inputs has significantly impaired the ability to make accurate valuations or calculations in respect of such instruments. No assurance can be given that similar impairment may not occur in the future.

Furthermore, in a number of asset classes, a significant reliance has historically been placed on valuations derived from models that use inputs that are not observable in the markets and/or that are based on historical data and trends. Such models often rely on certain assumptions about the values or behaviour of such unobservable inputs or about the behaviour of the markets generally or interpolate future outcomes from historical data. In a number of cases, the extent of the market volatility and disruption has resulted in the assumptions being incorrect to a significant degree or in extreme departures from historical trends. Where reliance is placed on historical data, in certain instances such data may only be available for relatively short time periods (for example, data with respect to prices in relatively new markets) and such data may not be as statistically representative as data for longer periods.

Prospective investors should be aware of the risks inherent in any valuation or calculation that is determined by reference to a model and that certain assumptions will be made in operating the model which may prove to be incorrect and give rise to significantly different outcomes to those predicted by the model.

Impact of Increased Regulation and Nationalisation

The events since 2007 have seen increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. The United States of America, the European Union and other jurisdictions are actively considering or are in the process of implementing various reform measures. Such regulatory changes and the method of their implementation may have a significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect the Issuer, the treatment of instruments such as the Notes, the Arranger, the relevant Swap Counterparty and the other Transaction Parties. In addition, governments have shown an increased willingness, wholly or partially to nationalise financial institutions, corporates and other entities in order to support the economy. Such nationalisation may impact adversely on the value of the stock or other obligations of any such entity. In addition, in order to effect such nationalisation, existing obligations or stock might have their terms mandatorily amended or be forcibly redeemed. To the extent that the obligors of the Collateral (or any guarantor or credit support provider in respect thereof), the relevant Swap Counterparty or any other person or entity connected with the Notes is subject to nationalisation or other government intervention, it may have an adverse effect on a holder of a Note.

Systemic Risk

Financial institutions and other significant participants in the financial markets that deal with each other are interrelated as a result of trading, investment, clearing, counterparty and other relationships. This risk is sometimes referred to as “systemic risk”. Financial institutions such as the Arranger, the Dealer(s), the Trustee, the relevant Swap Counterparty, the Custodian and the Agents (or any affiliate of any of them) and any obligors of the Collateral (or any guarantor or credit support provider in respect thereof) that are financial institutions or are significant participants in the financial markets are likely routinely to execute a high volume of transactions with various types of counterparties, including brokers and dealers, commercial banks, investment banks, insurers, mutual and hedge funds and institutional clients. To the extent they do so, they are and will continue to be exposed to the risk of loss if counterparties fail or are otherwise unable to meet their obligations. In addition, a default by a financial institution or other significant participant in the financial markets, or concerns about the ability of a financial institution or other significant participant in the financial markets to meet its obligations, could lead to further significant systemic liquidity problems and other problems that could exacerbate the global financial crisis and as such have a material adverse impact on other entities.

MASTER CONDITIONS

*The following is the text of the master terms and conditions applicable to Notes issued under the Programme (the “**Master Conditions**”). The text of these Master Conditions, subject to completion by the provisions of Part A of the relevant Final Terms or Tranche Prospectus, if applicable, shall be applicable to the Notes in definitive form (if any). The full text of these Master Conditions together with the relevant provisions of Part A of the relevant Final Terms or Tranche Prospectus, if applicable, shall be endorsed on such Bearer Notes or on the Certificates relating to Registered Notes. A reference to a Swap Counterparty shall be to such Swap Counterparty in respect of a Swap Agreement relating to a Series of Notes.

In connection with the issue of the Notes, the Issuer may enter into one or more transactions pursuant to one or more ISDA Master Agreements (each such transaction, a “**Swap Transaction**”, and, together with the confirmation(s) evidencing such transaction(s) and the relevant ISDA Master Agreement, a “**Swap Agreement**”).

in each case securing the Secured Payment Obligations and includes where the context permits any part of that Mortgaged Property.

¹ Provision in square brackets only applies where the Issuer is Takumi I Limited.

“**Rating Agency**” means each rating agency that rates the Notes at the request of the Issuer and that has not withdrawn or discontinued its rating. Each initial Rating Agency (if any) shall be specified in the relevant Final Terms or Tranche Prospectus, if applicable.

“**Secured Creditor**” means each person that is entitled to the benefit of Secured Payment Obligations.

“**Secured Payment Obligations**” means the payment obligations of the Issuer under the Trust Deed, the relevant Swap Agreement, the Custody Agreement, the Agency Agreement and each Note, Coupon and Talon, together with any obligation of the Issuer to reimburse the Issuing and Paying Agent in respect of payments made in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation.

“**Transaction Document**” means each of the Trust Deed, any Other Security Document (if applicable), the Agency Agreement, the Custody Agreement, the Dealer Agreement and the relevant Swap Agreement (if any).

“**Transaction Party**” means each party to a Transaction Document other than the Issuer.

(d) Non-applicability

Where no reference is made in the Supplemental Trust Deed and the relevant Final Terms or Tranche Prospectus, if applicable, to any Collateral, references in the Conditions to any such Collateral, to any Secured Payment Obligation relating to such Collateral and to any related Collateral Obligor or Secured Creditor relating to such Collateral, as the case may be, shall not be applicable. Where no reference is made in the Supplemental Trust Deed and the relevant Final Terms or Tranche Prospectus, if applicable, to any Swap Agreement and/or Swap Counterparty and/or Swap Guarantor and/or Credit Support Annex, references in the Conditions thereto shall not be applicable. Where no reference is made in the Supplemental Trust Deed to any Rating Agency rating the Notes, references in these Master Conditions to any Rating Agency shall not be applicable.

(e) Expert Confirmation

The Trustee shall be entitled to assume, without further investigation or inquiry, for the purpose of exercising or performing any right, power, trust, authority, duty or discretion under or in relation to the Trust Deed or any other Transaction Document (including, without limitation, any consent, approval, modification, waiver, authorisation or determination), that such exercise will not be materially prejudicial to the interests of the Noteholders, if an expert confirmation in respect of the ratings of any rated Notes (and the Trustee shall be entitled to determine who an expert is in respect of such matters for the purposes of this sub-clause) has been received prior to the Trustee exercising or performing such right, power, trust, authority, duty or discretion.

4 Security

(a) Security

Unless otherwise specified in the Supplemental Trust Deed, the Secured Payment Obligations are secured in favour of the Trustee for the benefit of the Secured Creditors, pursuant to the Trust Deed, by:

- (i) a first fixed charge over the Collateral and all property, assets and sums derived therefrom;
- (ii) an assignment by way of security of all the Issuer’s rights, title and interest attaching or relating to the Collateral and all property, sums or assets derived therefrom, including, without limitation, any right to delivery thereof or to an equivalent number or nominal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary;
- (iii) an assignment by way of security of the Issuer’s rights, title and/or interest against the Custodian, to the extent that they relate to the Collateral;

- (iv) an assignment by way of security of the Issuer's rights, title and/or interest under the Agency Agreement, to the extent that they relate to the Notes;
- (v) an assignment by way of security of the Issuer's rights, title and/or interest under the Swap Agreement (if any);
- (vi) an assignment by way of security of the Issuer's rights against the Disposal Agent under the terms of the Agency Agreement (or any other agreement entered into between the Issuer and the Disposal Agent) to the extent such rights relate to the Collateral;
- (vii) an assignment by way of security of the Issuer's rights, title and interest under the Custody Agreement, to the extent they relate to any assets held by the Custodian in respect of the Notes;
- (viii) a first fixed charge over (A) all sums held by the Issuing and Paying Agent and/or the Custodian to meet payments due in respect of any Secured Payment Obligation, and (B) any sums received by the Issuing and Paying Agent under the relevant Swap Agreement; and
- (ix) a first fixed charge over all property, sums and assets held or received by the Disposal Agent relating to the Transaction Documents and the Collateral.

Notwithstanding the above, investors should note that where any Collateral and/or any property, assets and sums derived therefrom are held by the Custodian in book-entry form, the security interests granted in respect of the same might, as a result of such book-entry holding, take the form only of a security interest over the Issuer's rights against the Custodian in respect of such Collateral and/or property, assets and sums derived therefrom, as the case may be, rather than a charge over such Collateral and/or property, assets and sums derived therefrom, themselves.

Additionally, the Secured Payment Obligations of the Issuer may be secured pursuant to a security document other than the Trust Deed (an "**Other Security Document**"), as specified in the relevant Supplemental Trust Deed.

References in the Conditions to "**Security**" are to the security constituted by the Trust Deed and any Other Security Document (if applicable).

(b) Substitution of Mortgaged Property

If specified in the relevant Final Terms or Tranche Prospectus, if applicable, the Issuer may from time to time if so directed by an Extraordinary Resolution or, where the Trustee is satisfied that such substitution is not materially prejudicial to the interests of the Noteholders, upon agreement with the Trustee, and, in either case, with the prior written consent of the relevant Swap Counterparty, substitute alternative Mortgaged Property for such of the Mortgaged Property as it may deem appropriate. Any such alternative Mortgaged Property shall be held subject to the Security in favour of the Trustee for the benefit of the Secured Creditors, and the Issuer shall execute such further documentation as the Trustee may require in order to constitute such Security as a condition to such substitution. If the Noteholders or the Trustee (where satisfied as stated above) and the relevant Swap Counterparty agree to a substitution, the Issuer shall notify the Noteholders thereof in accordance with Condition 21 and, if the Notes are listed on any stock exchange, the Issuer shall also notify such stock exchange of such substitution. The Issuer shall notify each relevant Rating Agency then rating the outstanding Notes of any event.

(c) Issuer's rights as beneficial owner of Collateral

Prior to the Trustee effectively giving a valid Enforcement Notice to the Issuer (copied to the Custodian and the Disposal Agent), the Issuer may, with the sanction of an Extraordinary Resolution or with the prior written consent of the Trustee:

- (i) take such action in relation to the Mortgaged Property as it may think expedient; and

- (ii) exercise any rights incidental to the ownership of the Mortgaged Property and, in particular (but, without limitation, and without responsibility for their exercise), any voting rights in respect of such property and all rights to enforce any ownership interests in respect of such property.

The Issuer will not exercise any rights with respect to any Mortgaged Property unless it has the consents referred to above or is directed to do so by an Extraordinary Resolution and, if such direction or consent is given, the Issuer will act only in accordance with such direction or consent.

(d) Disposal Agent's right following Liquidation Event

Notwithstanding the above, following the effective delivery of a valid Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties) the Disposal Agent on behalf of the Issuer shall have the right to undertake any action as contemplated by the Conditions and the Agency Agreement as it considers appropriate, and any actions in furtherance thereof or ancillary thereto as they relate to the Collateral, without requiring any sanction referred to therein. Pursuant to the terms of the Trust Deed, upon the effective delivery of a valid Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties), the Security described in Condition 4(a) will automatically be released without further action on the part of the Trustee to the extent necessary to effect the Liquidation (as defined in Condition 13) of the Collateral; provided that nothing in this Condition 4(d) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Collateral.

5 Restrictions

So long as any of the Notes remain outstanding, the Issuer shall not, without the prior consent in writing of the Trustee but subject to the provisions of Condition 13 (*Liquidation*) and except as provided for or contemplated in the Conditions or any Transaction Document (and as provided below):

- (a) engage in any business other than the issuance or entry into of Obligations, the entry into of related agreements and transactions and the performing of acts incidental thereto or necessary in connection therewith, and provided that:
 - (i) such Obligations are secured on assets of the Issuer other than the Issuer's share capital and any assets securing any other Obligations (other than Equivalent Obligations); and
 - (ii) such Obligations and any related agreements contain provisions that limit the recourse of any holder of, or counterparty to, such Obligations and of any party to any related agreement to assets other than those to which any other Obligations (other than Equivalent Obligations) have recourse;

- (g) consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any person (other than as contemplated by the Trust Deed and the Conditions, including without limitation in connection with a substitution of the Issuer under the Notes and the relevant Swap Agreement as provided in the Trust Deed and the Conditions for such Notes and the relevant Swap Agreement);
- (h) have any employees;
- (i) issue any shares (other than such shares as are in issue at the date hereof) or make any distribution to its shareholders;
- (j) open or have any interest in any account with a bank or financial institution unless (i) such account relates to the issuance or entry into of Obligations and such Obligations have the benefit of security over the Issuer's interest in such account or (ii) such account is opened in connection with the administration and management of the Issuer and only moneys necessary for that purpose are credited to it;
- (k) declare any dividends;
- (l) purchase, own, lease or otherwise acquire any real property (including office premises or like facilities);
- (m) guarantee, act as surety for or become obliged for the debts of any other entity or person or enter into any agreement with any other entity or person whereby it agrees to satisfy the obligations of such entity or person or any other entity or person;

- (p) approve, sanction or propose any amendment to its constitutional documents without prior notification to any Rating Agency that rates the Notes.

[Notwithstanding the foregoing, the Issuer is also the issuer under a Limited Recourse Secured Note and Warrant Programme, as described in an Offering Circular dated 21 October 2014 (as the same may be supplemented, amended and/or restated from time to time) (the "**Takumi Capital Note and Warrant Programme**"), pursuant to which the Issuer may from time to time issue secured notes and related warrants and enter into associated transactions on a limited recourse basis substantially similar to Notes issued, and transactions entered into, by the Issuer under this Programme. The Takumi Capital Note and Warrant Programme imposes similar restrictions on the Issuer to those imposed on it under this Programme, however nothing in the Trust Deed and/or in this Condition 5 shall restrict in any way the continued ability of the Issuer to issue notes and related warrants and enter into associated transactions under the Takumi Capital Note and Warrant Programme and, similarly, nothing in the Takumi Capital Note and Warrant Programme shall restrict in any way the continued ability of the Issuer to issue Notes and enter into associated transactions under this Programme.]²

In the Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Equivalent Obligations" means, in respect of any Obligations which are issued in fungible form, all Obligations that are fungible with one another and which share common terms and conditions.

"Obligation" means any obligation of the Issuer for the payment or repayment of borrowed money which shall include, without limitation, any Note and any other obligation that is in the form of,

or represented by, a bond, note, certificated debt security or other debt security and any obligation that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement.

6 Interest

If the relevant Final Terms or Tranche Prospectus, if applicable, specify that interest applies to the Notes, each Note will bear interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 6(e).

(a) Fixed Rate Notes

The Rate of Interest in respect of Fixed Rate Notes for each Interest Period shall be the rate specified in the relevant Final Terms or Tranche Prospectus, if applicable, and the Interest Amount shall be the Fixed Coupon Amount and/or the Broken Amount (for a period that is longer/shorter than other interest periods) (if any).

(b) Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined in accordance with the provisions below relating to either ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms or Tranche Prospectus, if applicable. In either case, if the Rate of Interest cannot be determined in accordance with the method specified in the Final Terms or Tranche Prospectus, if applicable, the Calculation Agent shall determine such Rate of Interest in its sole discretion acting in good faith and in a commercially reasonable manner.

(i) ISDA Determination for Floating Rate Notes:

Where ISDA Determination is specified in the relevant Final Terms or Tranche Prospectus, if applicable, as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate, subject as provided in Condition 6(d). For the purposes of this paragraph (b)(i), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified in the relevant Final Terms or Tranche Prospectus, if applicable;
- (B) the Designated Maturity is the period specified in the relevant Final Terms or Tranche Prospectus, if applicable; and
- (C) the relevant Reset Date is the first day of that Interest Period.

For the purposes of this paragraph (b)(i), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(ii) Screen Rate Determination for Floating Rate Notes

(A) Where Screen Rate Determination is specified in the relevant Final Terms or Tranche Prospectus, if applicable, as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below and to Condition 6(d), be either:

- (I) the offered quotation; or
- (II) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (B) if the Relevant Screen Page is not available or if paragraph (b)(ii)(A)(I) above applies and no such offered quotation appears on the Relevant Screen Page or if paragraph (b)(ii)(A)(II) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the Relevant Time, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

 - (A) any Noteholder's or Couponholder's connection with the jurisdiction of incorporation of the Issuer otherwise than by reason only of the holding of any Note or receiving or being entitled to any payment in respect thereof;
 - (B) a withholding or deduction imposed on a payment by or on behalf of the Issuer to an individual required to be made pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such directive; or
 - (C) the presentation for payment of any Bearer Note or Coupon by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Bearer Note or Coupon to another Paying Agent in an EU Member State,

then, to the extent possible, the Issuer shall deduct such taxes, duties or charges, as applicable, from the amount(s) payable to such Noteholder or Couponholder and, provided that payments to other Noteholders or Couponholders would not be impaired, the Issuer shall not give an Early Redemption Notice pursuant to Condition 7(c)(i). Any such deduction shall not constitute an Event of Default under Condition 12, a Liquidation Event under Condition 13 or an Enforcement Event under Condition 14.

(d) Redemption in connection with Swap Agreement

(i) *Redemption for Termination of Swap Agreement*

Unless previously redeemed or purchased and cancelled as provided in the Conditions and provided that no Early Redemption Event has occurred pursuant to Conditions 7(b), 7(c), 7(d)(ii), 7(d)(iii) or 12, the Issuer shall, as soon as practicable after becoming aware of the occurrence of a Swap Termination Event, give an Early Redemption Notice to the Noteholders and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (together with any unpaid accrued interest thereon). The "**Early Redemption Event**" in respect of such Swap Termination Event shall be deemed to have occurred on (A) the day on which the relevant Swap Termination Notice to which the Swap Termination Event relates was effective, or (B) if, in accordance with the terms of the relevant Swap Agreement, the Early Termination Date to which the Swap Termination Event relates occurs or is designated automatically or without notice the earliest effective date of the notice(s) given by the Issuer or the relevant Swap Counterparty, as applicable, to the other of the occurrence or designation

of such Early Termination Date. The “**Early Redemption Date**” in respect of such Early Redemption Event shall be the third Business Day following the Early Termination Date.

For the avoidance of doubt, the Trustee shall not be required to monitor, enquire or satisfy itself as to whether any Swap Termination Event has occurred and shall have no obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Trustee receives notice of a Swap Termination Event from either the Issuer or the relevant Swap Counterparty, the Trustee shall be entitled to rely on such notice without further investigation.

In the Conditions, unless the context otherwise requires:

“**Early Termination Date**” has the meaning given to it in the relevant Swap Agreement.

“**Swap Termination Event**” means that an Early Termination Date in respect of all outstanding Swap Transactions has been designated or deemed to have been designated by the Issuer or the relevant Swap Counterparty, as applicable, under the relevant Swap Agreement for any reason other than where such Early Termination Date is designated or deemed to have been designated as a result of the occurrence of an Early Redemption Event in respect of the Notes pursuant to Conditions 7(b), 7(c), 7(d)(ii), 7(d)(iii) or 12.

“**Swap Termination Notice**” means a notice of termination given under the relevant Swap Agreement by the Issuer or the relevant Swap Counterparty, as the case may be, in connection with which an Early Termination Date is designated or is deemed to have been designated in respect of all outstanding Swap Transactions thereunder.

(ii) ***Redemption for Swap Counterparty Event***

If, prior to the Maturity Date, (A) pursuant to the terms of the relevant Swap Agreement the Issuer becomes aware that it is able to exercise a right to designate an Early Termination Date in respect of all outstanding Swap Transactions under the relevant Swap Agreement pursuant to the occurrence of a Swap Counterparty Event or if the Issuer is directed to exercise such right and such right is then continuing, (B) no Early Termination Date has already been designated or occurred under the relevant Swap Agreement and (C) no Early Redemption Event has occurred under the Notes, the Issuer shall notify the Noteholders in accordance with Condition 21 and the Trustee of the same. Following delivery of such notice from the Issuer, the Trustee shall, if so requested by holders of at least one-fifth in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution, provided that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that no Early Redemption Event has occurred pursuant to Conditions 7(b), 7(c), 7(d)(i), 7(d)(iii) or 12, give notice to the Issuer and upon the Issuer receiving such notice from the Trustee, the Issuer shall, as soon as reasonably practicable, deliver an Early Redemption Notice to the Noteholders and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (together with any unpaid accrued interest thereon).

The Trustee shall not be required to monitor, enquire or satisfy itself as to whether a Swap Counterparty Event has occurred and shall have no obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. Until it has actual knowledge or express notice to the contrary, the Trustee may assume that no such event has occurred. If the Issuer notifies the Trustee of the occurrence of a Swap Counterparty Event, the Trustee shall be entitled to rely on such notification without further investigation.

In the Conditions, unless the context otherwise requires:

“**Swap Counterparty Event**” means, in accordance with the terms of the Swap Agreement, that an Event of Default (as defined in the relevant Swap Agreement) has occurred with respect to the Swap Counterparty or a Termination Event (as defined in

the relevant Swap Agreement) has occurred where the Issuer has the right to designate an Early Termination Date in respect of all outstanding Swap Transactions under the relevant Swap Agreement.

(iii) ***Redemption for a Bankruptcy Credit Event of Swap Counterparty***

Unless previously redeemed or purchased and cancelled as provided in the Conditions and provided that no Early Redemption Event has occurred pursuant to Conditions 7(b), 7(c), 7(d)(i), 7(d)(ii) or 12, the Issuer shall, if so directed by an Extraordinary Resolution resolving that a Swap Counterparty Bankruptcy Credit Event has occurred and that a notice of redemption in respect of the Series is to be given by the Issuer, give an Early Redemption Notice to the Noteholders and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (together with any unpaid accrued interest thereon).

Notwithstanding anything to the contrary in Condition 18 or the Trust Deed, any Noteholder may deliver a request in writing to the Issuer, the Determination Agent and the Trustee for a meeting of Noteholders to be convened to consider an Extraordinary Resolution to resolve that a Swap Counterparty Bankruptcy Credit Event has occurred and to instruct the Issuer to deliver an Early Redemption Notice in respect of the Notes. Any such request must (A) describe the Swap Counterparty Bankruptcy Credit Event alleged to have occurred, and (B) contain information that reasonably confirms that the Swap Counterparty Bankruptcy Credit Event has occurred which in the sole opinion by the Issuer is satisfactory evidence of the occurrence of the Swap Counterparty Bankruptcy Credit Event. Upon receipt of a valid request from a Noteholder satisfying the requirements outlined in the preceding sentence, the Issuer shall convene a meeting of Noteholders in accordance with the provisions of the Trust Deed.

For the avoidance of doubt, the Trustee shall not be required to monitor, enquire or satisfy itself as to whether any Swap Counterparty Bankruptcy Credit Event has occurred and shall be entitled to rely conclusively on such Extraordinary Resolution regarding the same and shall have no obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor.

In the Conditions, unless the context otherwise requires:

“**Bankruptcy Credit Event**” means the occurrence of a Credit Event as a result of Bankruptcy, and with each of Credit Event and Bankruptcy having the meaning given them in the ISDA Credit Derivatives Definitions.

“**Credit Derivative Determinations Committee**” has the meaning given to it in the ISDA Credit Derivatives Definitions.

“**ISDA Credit Derivatives Definitions**” means the 2014 ISDA Credit Derivatives Definitions, as published by the International Swaps and Derivatives Association, Inc.

“**Resolved**” has the meaning given to it in the ISDA Credit Derivatives Definitions.

“**Swap Counterparty Bankruptcy Credit Event**” means that a Credit Derivatives Determinations Committee has Resolved that a Bankruptcy Credit Event has occurred in respect of the Swap Counterparty, or any analogous determination has been made by a committee or person under any definitions that replace the ISDA Credit Derivative Definitions as the market standard terms for credit derivatives or under any amendment or supplement of the ISDA Credit Derivatives Definitions.

(e) **Redemption at the Option of the Issuer**

If Call Option is specified in the relevant Final Terms or Tranche Prospectus, if applicable, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms or Tranche Prospectus, if applicable), in accordance with Condition 21, redeem all or, if so provided, some of the Notes on any Optional Redemption Date as specified in the relevant

Final Terms or Tranche Prospectus, if applicable (the “**Optional Redemption Date**”). Any such redemption of Notes shall be 100 per cent. per Calculation Amount per Note in the Specified Currency as calculated by the Calculation Agent (the “**Optional Redemption Amount**”) together with interest accrued, if any, to the Optional Redemption Date. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount (specified in the relevant Final Terms or Tranche Prospectus, if applicable) to be redeemed and no greater than the Maximum Redemption Amount (specified in the relevant Final Terms or Tranche Prospectus, if applicable) to be redeemed. Notwithstanding any provisions to the contrary, if at any time prior to the redemption of the Notes pursuant to this Condition 7(e), an Early Redemption Event occurs and the Issuer gives notice of an Early Redemption Notice, then the Issuer shall be prevented from also giving notice of redemption pursuant to this Condition 7(e) and the Notes shall be redeemed at their Early Redemption Amount on the Early Redemption Date (together with any unpaid accrued interest thereon).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn by the Issuer in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on the Irish Stock Exchange or any other stock exchange and the rules of the relevant stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Irish Stock Exchange (www.ise.ie) or in a leading newspaper of general circulation in Ireland or as specified by such other stock exchange, a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(f) Redemption at the Option of Noteholders

If Put Option is specified in the relevant Final Terms or Tranche Prospectus, if applicable, the Issuer shall, at the option of the holder of any Note, upon the holder of such Note giving not less than 15 nor more than 30 days’ notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms or Tranche Prospectus, if applicable) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued (if any) to the Optional Redemption Date. Notwithstanding any provisions to the contrary, if at any time prior to the redemption of the Notes pursuant to this Condition 7(f), an Early Redemption Event occurs and the Issuer gives an Early Redemption Notice, then the notice of redemption given pursuant to this Condition 7(f) shall be deemed to be void and the Notes shall be redeemed at their Early Redemption Amount on the Early Redemption Date (together with any unpaid accrued interest thereon).

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent at its specified office or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice (“**Exercise Notice**”) in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(g) Purchases

If the Issuer has satisfied the Trustee that it has made arrangements for the realisation of no more than the equivalent proportion of the Collateral, for the reduction in the notional amount of the relevant Swap Agreement and for the purchase of the Notes, which

transactions will leave the Issuer with no assets or net liabilities in respect thereof, it may purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(h) Cancellation

All Notes purchased by or on behalf of the Issuer shall be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to or to the order of the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and all unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(i) Early Redemption Amount and Early Redemption Date

In the Conditions, unless the context otherwise requires:

“**Early Redemption Amount**” means, in respect of each Note outstanding on the relevant Early Redemption Date, the amount determined by the Calculation Agent or the Determination Agent as applicable, equal to the outstanding nominal amount of such Note in the Specified Currency as calculated by the Calculation Agent. Payment of such Early Redemption Amount (and any unpaid accrued interest thereon) is subject to payment in full of the prior ranking claims in accordance with Conditions 15(a) and 15(b).

“**Early Redemption Date**” means, except in the case of Condition 7(d)(i), the date specified as such in the relevant Early Redemption Notice or, if not so specified, the date notified separately to Noteholders and, in any case, such date falling no later than the 30th calendar day after the date on which the Early Redemption Notice was delivered to Noteholders.

“**Early Redemption Event**” means the occurrence of any of the events in Conditions 7(b), 7(c) or 7(d) or, if no such event has occurred, the occurrence of any of the events in Condition 12 and shall, except in the case of Condition 7(d)(i), be deemed to have occurred on the date on which the relevant Early Redemption Notice is deemed to have been given.

“**Early Redemption Notice**” means an irrevocable notice from the Issuer to Noteholders in accordance with Condition 21 (or, in the case of Condition 12, given by the Trustee to the Issuer) and that gives notice that the Notes are to be redeemed under Conditions 7 or 12. An Early Redemption Notice given pursuant to Condition 7 must contain a description in reasonable detail of the facts relevant to the determination that the Notes are to be redeemed and must specify which of Conditions 7(b), 7(c) or 7(d) is applicable. A copy of any Early Redemption Notice shall also be sent by the Issuer to all Transaction Parties, save that any failure to deliver a copy shall not invalidate the relevant Early Redemption Notice.

8 Calculations and Determinations, Rounding and Business Day Convention

(a) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts

The Calculation Agent or the Determination Agent, as specified in the relevant Final Terms or Tranche Prospectus, if applicable, shall, as soon as practicable on each Interest Determination Date or on such other date and/or at such time as the Calculation Agent or the Determination Agent, as applicable, may be required in accordance with the Conditions and the Transaction Documents, perform such duties and obligations as are required to be performed by it in accordance therewith including without limitation:

- (i) obtaining quotation(s) and calculating any rate(s) or amount(s) and making any determinations or calculations as may be required to determine the Interest Amount for each relevant Interest Period and Interest Payment Date and any relevant component thereof;

- (ii) cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, each Transaction Party and the Noteholders in accordance with Condition 21 and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange;
- (iii) obtaining quotation(s) and calculating any rate(s), value(s) or amount(s) and making any determinations or calculations as may be required to determine the Final Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount and any other amount as required pursuant to the Conditions or any Transaction Document and any relevant component thereof; and
- (iv) cause the Final Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount and any such other amount to be notified to the Issuer, each Transaction Party and the Noteholders in accordance with Condition 21 and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange.

The Calculation Agent shall have no obligation to perform any functions or duties to be performed by the Determination Agent and, for the avoidance of doubt, shall have no obligation to carry out any calculations or determinations with regard to the relevant Swap Agreement.

The calculations and determinations to be performed by the Calculation Agent are to be so notified as soon as possible after their determination and in no event later than (i) the commencement of the relevant Interest Period if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the earlier of the date on which any relevant payment is due (if determined prior to such time) and the fourth Business Day after such determination.

The Calculation Agent or the Determination Agent, as applicable, shall only be required to obtain any quotation and/or make any determination or calculation required in connection with the occurrence of an Early Redemption Event in respect of a Swap Counterparty Bankruptcy Credit Event upon its being notified by the Issuer or the Trustee of the occurrence of such Early Redemption Event.

Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 8(d), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

If in respect of any due date for redemption, payment of the full amount of principal due for redemption is not made, no publication of the daily rates determined in accordance with this Condition 8(a) to be used in the calculation of any default interest need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent or the Determination Agent, as applicable, shall (in the absence of manifest error) be final and binding upon all parties. If the Calculation Agent or the Determination Agent, as applicable, at any time does not make any determination or calculation or take any action that it is required to do pursuant to the Conditions, it shall forthwith notify the Issuer, the Trustee and the Issuing and Paying Agent.

(b) Determination or Calculation by Trustee

If the Calculation Agent or the Determination Agent, as applicable, does not at any time for any reason determine or calculate the Rate of Interest for an Interest Period or any Interest Amount, the Final Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount or any other amount, then the Trustee (subject to its being indemnified and/or secured and/or prefunded to its satisfaction) may make such determinations and calculations in place of the Calculation Agent or the Determination Agent, as applicable (or may appoint an agent on its behalf to do so). Any such determination or calculation made by the Trustee (or its agent, as the case may be) shall, for the purposes of the Conditions and

the Transaction Documents, be deemed to have been made by the Calculation Agent or the Determination Agent, as applicable. In doing so, the Trustee (or its agent, as the case may be) shall apply the provisions of Conditions and/or the relevant Transaction Document(s), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(c) Rounding

For the purposes of any calculations required pursuant to the Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.) and (y) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest unit. For these purposes “**unit**” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(d) Business Day Convention

If any date referred to in the Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

9 Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of principal and in the case of interest, as specified in Condition 9(e)(v)) or Coupons (in the case of interest, save as specified in Condition 9(e)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by transfer to an account denominated in such currency with a Bank nominated by such holder presenting such Bearer Note.

“**Bank**” means a bank in the principal financial centre for such currency or in the case of euro in a city in which banks have access to the TARGET System.

(b) Registered Notes

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Registered Note shall be made in the Relevant Currency by transfer to an account nominated by such person shown in the Register in the Relevant Currency maintained by the payee with a Bank.

(c) Payments in the United States

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment. No commission or expenses shall be charged to the Noteholders or the Couponholders in respect of such payments.

(e) Unmatured Coupons and Unexchanged Talons

- (i) Upon the due date for redemption of any Bearer Note comprising a Fixed Rate Note, such Bearer Note should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing that an amount equal to the face value of each missing unexpired Coupon shall be deducted from the Final Redemption Amount or the Early Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 17).
- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexpired Talon relating to such Bearer Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note which provides that the relative Coupons are to become void upon due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued but not paid from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 17).

(g) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or

other sum in respect of such postponed payment. In this Condition 9(g), “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms or Tranche Prospectus, if applicable, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the Relevant Currency, on which foreign exchange transactions may be carried on in the Relevant Currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

10 Agents

(a) Appointment of Agents

The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent, the Determination Agent and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed in the relevant Final Terms or Tranche Prospectus, if applicable. The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent, the Determination Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuing and Paying Agent and the Custodian are subject to the minimum Rating Requirements set forth in the Agency Agreement and the Custody Agreement, respectively. The Issuer reserves the right at any time with the approval of the Trustee (except that the approval of the Trustee shall not be required for the appointment of a replacement Disposal Agent, Determination Agent or Calculation Agent where Noteholders direct the Issuer to appoint such replacement pursuant to this Condition 10) to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent, the Custodian, the Disposal Agent, the Determination Agent or the Calculation Agent and to appoint additional or other Paying Agents, Transfer Agents, Custodians, Disposal Agent(s), Determination Agent(s) or Calculation Agent(s), provided that the Issuer shall for as long as any Note is outstanding maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) a Disposal Agent, (v) a Calculation Agent, (vi) a Determination Agent, (vii) a Custodian, (viii) a Paying Agent having its specified office in a major European city, (ix) such other agents as may be required by any other stock exchange on which the Notes may be listed, in each case as approved by the Trustee (subject as provided above) and (x) a Paying Agent with a specified office in a European Union Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 9(c).

Notice of any such change or any change of any specified office shall promptly be given by the Issuer to the Noteholders in accordance with Condition 21.

(b) Appointment of Calculation Agent

The Issuer shall procure that there shall be a Calculation Agent for as long as any Note is outstanding (as defined in the Trust Deed). If the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount or to make any other calculation or determination required of it under the Conditions or the Agency Agreement, as the case may be, or fails to comply with any other material requirement under the

Conditions, the Agency Agreement or any other Transaction Document, and in each case such failure has not been remedied within a reasonable period, or a Calculation Agent Bankruptcy Event occurs, then the Issuer shall:

- (i) provided that a Determination Agent has been appointed in respect of the Notes and no Determination Agent Bankruptcy Event has occurred, subject to the consent of the Determination Agent, vary the appointment of the Determination Agent for such period as may be agreed between the Issuer and the Determination Agent (taking into account the time required for the Determination Agent to put in place the relevant systems and procedures) so as to include the determinations and calculations which the Calculation Agent is required to make pursuant to the Agency Agreement and the Conditions and the Conditions and any relevant Transaction Documents will be construed accordingly. In doing so, the Determination Agent will apply the provisions of the Agency Agreement and the Conditions and the other Transaction Documents, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in the circumstances;
- (ii) with the prior approval of the Trustee and, provided no Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, the Swap Counterparty, nominate and appoint a leading bank or financial institution engaged in the interbank market or other appropriate market that is most closely connected with the calculation(s) and/or determination(s) to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market), to act as Calculation Agent on substantially the same terms as the outgoing Calculation Agent; or
- (iii) if (x) a Determination Agent Bankruptcy Event, Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, (y) the Issuer has been instructed in writing by (I) the holders of all Notes then outstanding (as defined in the Trust Deed) or (II) the Trustee in accordance with an Extraordinary Resolution resolving that the Trustee give such instruction and (z) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement Calculation Agent (whether by one or more Noteholders, a Secured Creditor or any other third party), then the Issuer shall use its reasonable endeavours to appoint the person nominated in such instruction as Calculation Agent in respect of the Notes on substantially the same terms as the outgoing Calculation Agent, provided that a person may only be so nominated and appointed as Calculation Agent if it is an internationally recognised bank or financial institution permitted to carry out such appointment under applicable law and regulation and provided further that any additional requirements set out in the Agency Agreement relating to such appointment are satisfied. The Trustee shall not be obliged to give any such instruction to the Issuer unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Calculation Agent may not resign its duties without a successor having been appointed.

In the Conditions, unless the context otherwise requires:

“Calculation Agent Bankruptcy Event” means a Bankruptcy Event occurs with respect to the Calculation Agent.

(c) Appointment of Determination Agent

The Issuer shall, if the relevant Final Terms or Tranche Prospectus, if applicable, specify that the Determination Agent is to make any calculations or determinations in respect of the Notes or the relevant Swap Agreement, procure that there shall be a Determination Agent for as long as any Note is outstanding (as defined in the Trust Deed). If the Determination Agent fails duly to establish any rate, amount or value required to be determined by it or to make any other calculation or determination required of it under the Conditions or the Agency Agreement, as the case may be, or to comply with any other material requirement pursuant to Conditions, the Agency Agreement or any other Transaction Document, and in each case such failure has not been remedied within a reasonable period, or a Determination Agent Bankruptcy Event occurs, then the Issuer shall:

- (i) with the prior approval of the Trustee and, provided no Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, the Swap Counterparty, nominate and appoint a leading bank or financial institution engaged in the interbank market or other appropriate market that is most closely connected with the calculation(s) and/or determination(s) to be made by the Determination Agent (acting through its principal London office or any other office actively involved in such market), to act as Determination Agent on substantially the same terms as the outgoing Determination Agent; or
- (ii) if (x) a Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, (y) the Issuer has been instructed in writing by (I) the holders of all Notes then outstanding (as defined in the Trust Deed) or (II) the Trustee in accordance with an Extraordinary Resolution resolving that the Trustee give such instruction and (z) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement Determination Agent (whether by one or more Noteholders, a Secured Creditor or any other third party), then the Issuer shall use its reasonable endeavours to appoint the person nominated in such instruction as Determination Agent in respect of the Notes on substantially the same terms as the outgoing Determination Agent, provided that a person may only be so nominated and appointed as Determination Agent if it is an internationally recognised bank or financial institution permitted to carry out such appointment under applicable law and regulation and provided further that any additional requirements set out in the Agency Agreement relating to such appointment are satisfied. The Trustee shall not be obliged to give any such instruction to the Issuer unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Determination Agent may not resign its duties without a successor having been appointed as aforesaid

In the Conditions, unless the context otherwise requires:

“Determination Agent Bankruptcy Event” means a Bankruptcy Event occurs with respect to the Determination Agent.

(d) Appointment of Disposal Agent

The Issuer shall procure that there shall at all times be a Disposal Agent for so long as any Note is outstanding (as defined in the Trust Deed). If the Disposal Agent fails to duly establish any rate, price, amount or value required to be determined by it under the

Conditions or any Transaction Document or to take the steps required of it under the Conditions or the Agency Agreement to Liquidate the Collateral, as the case may be, or fails to comply with any other material requirement pursuant to Conditions, the Agency Agreement or any other Transaction Document, or a Disposal Agent Bankruptcy Event occurs, then the Issuer shall:

- (i) with the prior approval of the Trustee and, provided no Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, the Swap Counterparty, nominate and appoint a leading bank or financial institution engaged in the interbank market or other appropriate market that is most closely connected with the calculation(s) and/or determination(s) and/or disposal(s) to be made by the Disposal Agent (acting through its principal London office or any other office actively involved in such market), to act as such in its place on substantially the same terms as the outgoing Disposal Agent; or
- (ii) if (x) a Swap Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, (y) the Issuer has been instructed in writing by (I) the holders of all Notes then outstanding (as defined in the Trust Deed) or (II) the Trustee in accordance with an Extraordinary Resolution resolving that the Trustee give such instruction and (z) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement Disposal Agent (whether by one or more Noteholders, a Secured Creditor or any other third party), then the Issuer shall use its reasonable endeavours to appoint the person nominated in such instruction as Disposal Agent in respect of the Notes on substantially the same terms as the outgoing Disposal Agent, provided that a person may only be so nominated and appointed as Disposal Agent if it is an internationally recognised bank or financial institution (or, in the case of Japanese Government Bonds or Japanese Domestic Bonds, a sovereign or financial institution recognised in Japan) permitted to carry out such appointment under applicable law and regulation and provided further that any additional requirements set out in the Agency Agreement relating to such appointment are satisfied. The Trustee shall not be obliged to give any such instruction to the Issuer unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Disposal Agent may not resign its duties without a successor having been appointed.

In the Conditions, unless the context otherwise requires:

“Disposal Agent Bankruptcy Event” means a Bankruptcy Event occurs with respect to the Disposal Agent.

11 Taxation

Without prejudice to Condition 7(c), all payments in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer or any Agent is required by applicable law to make any such payments in respect of the Notes subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer or such Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount(s) so required to be withheld or deducted. Neither the Issuer nor any Agent will be obliged to make any additional payments to holders of Notes in respect of such withholding or deduction.

If the Issuer in good faith determines on or prior to the due date for the next payment of principal or interest in respect of the Notes that it will or would but for any substitution or change of residence contemplated herein be required by any applicable law to withhold, deduct or account an amount for any present or future taxes, duties or charges of whatsoever nature or would suffer the same in respect of its income so that it would be unable to make in full the payment of such principal or interest in respect of the Notes (a **“Tax Substitution Event”**), then the Issuer shall as soon as reasonably practicable upon becoming aware of such Tax Substitution Event so inform the Trustee and each relevant Rating Agency then rating the outstanding Notes. If a Tax Substitution

Event occurs, the Issuer shall use all reasonable endeavours to arrange for the substitution of a company incorporated in another jurisdiction approved beforehand in writing by the Trustee and the relevant Swap Counterparty (provided that each of the Issuer and the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction in respect of any costs in connection with such substitution) as the principal obligor or to change (to the prior satisfaction of the Trustee and the relevant Swap Counterparty (provided that each of the Issuer and the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction in respect of any costs in connection with such substitution) its residence for taxation purposes to another jurisdiction approved beforehand in writing by the Trustee and the relevant Swap Counterparty such that following such substitution or change of residence no Tax Substitution Event will exist. For the avoidance of doubt, the Trustee shall not be liable in any circumstances to indemnify, secure and/or pre-fund the Issuer in respect of any costs in connection with a substitution pursuant to this Condition 11 or in any other circumstances.

12 Events of Default

If any of the following events (each an “**Event of Default**”) occurs, provided that no Early Redemption Event has occurred pursuant to Conditions 7(b), 7(c) or 7(d), the Trustee at its discretion may, and if so requested by holders of at least one-fifth in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (provided that, in each case, the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction), give an Early Redemption Notice to the Issuer that all but not some only of the Notes are, and shall immediately become, due and payable at the Early Redemption Amount (together with any unpaid accrued interest thereon):

- (a) default is made for more than 14 calendar days in the payment of any interest in respect of the Notes or any of them, other than any interest due and payable on the Maturity Date;
- (b) the Issuer does not perform or comply with any one or more of its other obligations under the Notes or the Trust Deed, which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not in the opinion of the Trustee remedied within 30 calendar days (or such longer period as the Trustee may permit) after notice of such default shall have been given to the Issuer by the Trustee; or
- (c) the Issuer: (i) is dissolved (other than pursuant to a consolidation, amalgamation or merger on terms previously approved in writing by the Trustee or by an Extraordinary Resolution); (ii) makes a general assignment, arrangement or composition with or for the benefit of its creditors which for the avoidance of doubt shall not include the granting of Security under any Transaction Document; (iii) (A) institutes or has instituted against it, by a regulator, supervisor or any similar official with insolvency, rehabilitative or regulatory jurisdiction over it, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described under (A) above and either (I) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (II) is not dismissed, discharged, stayed or restrained in each case within 15 days of the institution or presentation thereof, provided that actions taken by the Swap Counterparty or its Affiliates (as defined in the relevant Swap Agreement) shall be disregarded; (iv) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger on terms previously approved in writing by the Trustee or by an Extraordinary Resolution); (v) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets (except that the appointment of the Trustee and the Custodian in respect of the Notes shall be disregarded for the purpose of this provision); (vi) has a secured party take possession of all or substantially all of its assets (except that the appointment of the Trustee and the Custodian in respect of the Notes shall be disregarded for the purpose of this provision) or has a distress, execution, attachment,

sequestration or other legal process levied enforced or sued on or against all or substantially all of its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within 15 days thereafter; or (vii) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in items (i) to (vi) above (inclusive).

The Issuer has undertaken in the Principal Trust Deed that, on the anniversary of the Issue Date of the relevant Series or within 14 calendar days of any request from the Trustee, it will send to the Trustee a certificate signed by one Director of the Issuer or by two Directors if the Issuer has more than one Director to the effect that, having made all reasonable enquiries, to the best of the knowledge, information and belief of the Issuer as at a date not more than five days before the date of the certificate no Event of Default or event or circumstance that could with the giving of notice, lapse of time and/or issue of a certificate become an Event of Default had occurred since the certification date of the last such certificate or (if none) the date of such Principal Trust Deed or, if such an event had occurred, giving details of it.

13 Liquidation

(a) Liquidation Event

Upon the Issuer becoming aware of the occurrence of a Liquidation Event, it shall send a notice thereof to the Trustee, the Disposal Agent and the Custodian and the Calculation Agent as soon as is reasonably practicable, provided that if at such time the Issuer would be required to use its reasonable efforts to appoint a replacement Disposal Agent pursuant to Condition 10, then such notice shall be provided to such replacement Disposal Agent (if any) upon its appointment as Disposal Agent.

The Disposal Agent need not do anything to find out if a Liquidation Event has occurred. Prior to receipt by it of a Liquidation Commencement Notice, the Disposal Agent may assume that no such event has occurred.

For the avoidance of doubt, the Trustee shall not be required to monitor, enquire or satisfy itself as to whether any Liquidation Event has occurred or to calculate any Early Redemption Amount and shall have no obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer, the Disposal Agent or any Secured Creditor. The Trustee shall be entitled to rely on any notice given by the Issuer, the Disposal Agent or any other person in respect thereof without further enquiry or investigation.

The Disposal Agent shall not be regarded as acting as the agent of the Trustee in any circumstances and the Trustee shall not incur any liability to any person in respect of any acts or omissions or exercise of discretion of the Disposal Agent. The Trustee shall have no responsibility or liability for the performance or any failure or delay in the performance by the Disposal Agent under the Agency Agreement or the Conditions in relation to any Series or for the payment of any commissions or expenses charged by it or for any failure by the Disposal Agent to account for the proceeds of any Liquidation of Collateral in accordance with the Agency Agreement and the Conditions.

The Disposal Agent shall be entitled to rely on a Liquidation Commencement Notice without investigation of whether the relevant Liquidation Event has occurred, save that in the case of notice from one or more Noteholders of the occurrence of a Swap Counterparty Bankruptcy Credit Event, the Disposal Agent shall be required to verify that such event has occurred by checking “www.isda.org” or any such successor website of The International Swaps and Derivatives Association, Inc. (“ISDA”) or any other media outlet which may be used by the DC Secretary (as defined in the Credit Derivatives Determinations Committees Rules, the “DC Rules”) as a replacement for purposes of publication of information that the DC Secretary is required to publish in accordance with such DC Rules. If such notice is delivered by one or more Noteholders and the Disposal Agent makes such verification, any Liquidation Commencement Notice delivered by the Issuer shall not be valid and the Disposal Agent shall not take any action in relation thereto if the Disposal Agent has already received a valid Liquidation Commencement Notice in respect of the same or a prior Liquidation Event or a valid Enforcement Notice from the Trustee.

(b) Liquidation Process

Following receipt by it of a valid Liquidation Commencement Notice and, where the Liquidation Commencement Notice relates to a Swap Counterparty Bankruptcy Credit Event, after the Disposal Agent having verified the occurrence of a Swap Counterparty Bankruptcy Credit Event as provided in Condition 13(a), the Disposal Agent shall, on behalf of the Issuer and having notified the Trustee in writing, so far as is practicable in the circumstances and to the extent that such Collateral is outstanding, effect an orderly Liquidation of the Collateral with a view to Liquidating all the Collateral on or prior to the Early Redemption Date or Relevant Payment Date, as applicable, and provided that the Disposal Agent shall have no liability if the Liquidation of all Collateral has not been effected by such date. If the Collateral has not been Liquidated in full by such date, the Disposal Agent shall continue in its attempts to effect a Liquidation of the Collateral until such time (if any) as it is instructed by the Issuer to the contrary or until receiving an Enforcement Notice from the Trustee.

The Disposal Agent may take such steps as it considers appropriate in order to effect such Liquidation, including but not limited to selecting the method of Liquidating any Collateral. The Disposal Agent must effect any Liquidation as soon as reasonably practicable and in a commercially reasonable manner, even where a larger amount could possibly be received in respect of such Collateral if any such Liquidation were to be delayed. Subject to such requirement, the Disposal Agent shall be entitled to effect any Liquidation by way of one or multiple transactions on a single or multiple day(s). In accordance with the terms of the Trust Deed and Condition 4(d), following the occurrence of a Liquidation Event and delivery of a valid Liquidation Commencement Notice, the Security shall be released without further action on the part of the Trustee to the extent necessary for the Disposal Agent to effect the Liquidation of the Collateral. Nothing in this Condition 13(b) or Condition 4(d) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Collateral. The Disposal Agent will not be liable to the Issuer, the Trustee, the relevant Swap Counterparty, the Noteholders, the Couponholders or any other person merely because a larger amount could have been received had any such Liquidation been delayed or had the Disposal Agent selected a different method of Liquidating any such Collateral. Notwithstanding the obligations of the Disposal Agent pursuant to this Condition 13(b), the Disposal Agent shall not effect a Liquidation of any Collateral which is due to be redeemed or repaid on or before the day falling three Business Days prior to the Early Redemption Date or Relevant Payment Date, as applicable, unless a Liquidation Default has occurred in respect thereof prior to or on such day.

In the Conditions, unless the context otherwise requires:

“Liquidation” means, in respect of any Collateral, the realisation of such Collateral for cash proceeds whether by way of sale, early redemption, early repayment or agreed termination or by such other means as the Disposal Agent determines appropriate or in any other manner specified in the relevant Final Terms or Tranche Prospectus, if applicable, and **“Liquidate”**, **“Liquidated”** and **“Liquidating”** shall be construed accordingly.

“Liquidation Commencement Notice” means (i) a notice in writing to the Disposal Agent (copied to the Trustee) from the Issuer of the occurrence of a Liquidation Event and each Early Redemption Notice and Swap Termination Notice given or copied to the Disposal Agent shall constitute a Liquidation Commencement Notice for these purposes, (ii) with respect to a Liquidation Event relating to a failure to pay the Final Redemption Amount or any interest that became due and payable on the Maturity Date, a notice in writing to the Disposal Agent from the Issuer (copied to the Trustee) of the occurrence of such Liquidation Event, and (iii) with respect to a Liquidation Event relating to a Swap Counterparty Bankruptcy Credit Event only, a notice in writing to the Disposal Agent from the Issuer (copied to the Trustee) of the occurrence of such Liquidation Event.

“Liquidation Default” means, in respect of any Collateral, either (a) a Collateral Obligor Failure to Pay has occurred in respect of such Collateral or (b) a Collateral Obligor Bankruptcy has occurred in respect of the Collateral Obligor of such Collateral.

“Liquidation Event” means:

- (i) default is made in the payment of (a) the Final Redemption Amount, (b) Optional Redemption Amount or (c) any interest that becomes due and payable on the Maturity Date; or
- (ii) the occurrence of an Early Redemption Event.

(c) Proceeds of Liquidation

The Disposal Agent shall not be liable:

- (i) to account for anything except actual proceeds of the Collateral received by it which, upon receipt, shall automatically become subject to the Security created by the Trust Deed; or
- (ii) for any taxes, costs, charges, losses, damages, liabilities, fees, commissions or expenses arising from or connected with any Liquidation or from any act or omission in relation to the Collateral or otherwise unless such taxes, costs, charges, losses, damages, liabilities or expenses shall be caused by its own fraud or wilful default.

In addition, the Disposal Agent shall not be obliged to pay to the Issuer, any Transaction Party, any Noteholder or any Couponholder interest on any proceeds from any Liquidation held by it at any time.

(d) Good Faith of Disposal Agent

In effecting any Liquidation, the Disposal Agent shall act in good faith and, subject as provided above, in respect of any sale, early repayment, early redemption or agreed termination in respect of the Collateral, shall agree a price that it reasonably believes (after having requested dealers to provide bid quotations in accordance with the following paragraph) to be representative of or better than the price available in the market for the sale of such Collateral in the appropriate size taking into account the total amount of Collateral to be sold, repaid, redeemed or terminated.

If the Disposal Agent is requested to sell the Collateral it shall determine, in a commercially reasonable manner, the then market value of such Collateral. Where the Disposal Agent determines that it is commercially reasonable to do so, it shall use reasonable endeavours to seek firm bid quotes from five dealers in obligations of the type of the Collateral for the purchase of the Collateral for settlement. If at least two bid quotations are received the Disposal Agent shall sell the Collateral at the highest bid quote. If less than two bid quotes are received, then, if a single bid quote is available, sell the Collateral at such quote.

(e) Disposal Agent to use all Reasonable Care

The Disposal Agent shall use all reasonable care in the performance of its duties hereunder but shall not be responsible for any loss or damage suffered by any party as a result of the Disposal Agent performing its duties hereunder save that the Disposal Agent's liability to the Issuer shall not be so limited where the loss or damage results from the fraud or wilful default of the Disposal Agent.

(f) No Relationship of Agency or Trust

The Disposal Agent shall not have any obligations towards or relationship of agency or trust with any Noteholder, Couponholder or Transaction Party.

(g) Consultations on Legal Matters

The Disposal Agent may consult on any legal matter any reputable legal adviser of international standing selected by it, who may be an employee of or adviser to the Issuer, and it shall not be liable in respect of anything done or omitted to be done relating to that matter in good faith in accordance with that adviser's opinion.

(h) Reliance on Documents

The Disposal Agent shall not be liable in respect of anything done or suffered by it in reliance on a document it reasonably believed to be genuine and to have been signed by the proper parties or on information to which it should properly have regard and which it reasonably believed to be genuine and to have been originated by the proper parties.

(i) Entry into Contracts and other Transactions

The Disposal Agent may enter into any contracts or any other transactions or arrangements with any of the Issuer, any Transaction Party, any Noteholder, any Couponholder or any Collateral Obligor or any affiliate of any of them (whether in relation to the Notes, the Collateral, the Security, an Obligation or any other transaction or obligation whatsoever) and may hold or deal in or be a party to the assets, obligations or agreements of which the relevant Collateral form a part and other assets, obligations or agreements of any Collateral Obligor in respect of the Collateral. The Disposal Agent shall not be required to disclose any such contract, transaction or arrangement to any Noteholder, Couponholder or Transaction Party and shall be in no way accountable to the Issuer or (save as otherwise provided in this Agency Agreement and the Conditions) to any Noteholder, Couponholder or any Transaction Party for any profits or benefits arising from any such contract, transaction(s) or arrangement(s).

(j) Illegality

The Disposal Agent shall not be liable to effect a Liquidation of any of the Collateral if it determines, in its sole and absolute discretion, that any such Liquidation of some or all of the Collateral in accordance with Condition 13 would or might require or result in a violation of any applicable law or regulation of the Cayman Islands or any other relevant jurisdiction, including any insolvency prohibition or moratorium on the disposal of assets, or that for any other reason it is not possible for it to dispose of the Collateral (even at zero), and the Disposal Agent notifies the Issuer and the Trustee of the same.

(k) Sales to Disposal Agent and Affiliates

In effecting any Liquidation, the Disposal Agent may sell any Collateral to itself, affiliates of itself or affiliates of the Swap Counterparty provided that the Disposal Agent sells at a price that it believes to be a fair market price.

(l) Notification of Enforcement Event

Upon the Trustee effectively giving an Enforcement Notice to the Disposal Agent following the occurrence of an Enforcement Event, the Disposal Agent shall cease to effect any further Liquidation of any Collateral and shall take no further action to Liquidate any Collateral, save that any transaction entered into in connection with the Liquidation prior to the effective date of any such Enforcement Notice shall be settled and the Disposal Agent shall take any steps and action necessary to settle such transaction and/or which is incidental thereto.

(m) Transfer of Collateral

In effecting any Liquidation, the Disposal Agent may sell any Collateral to any third party, provided that the price for such Collateral is paid to the Custodian or to the order of the Issuer. The Disposal Agent shall not have the right to transfer the Collateral to itself or to any of its affiliates other than in connection with a sale thereof to itself or one of its affiliates, as applicable, and provided that such sale is executed on a delivery versus payment basis.

14 Enforcement of Security

(a) Trustee to Enforce Security

At any time after the Trustee becomes aware of the occurrence of an Enforcement Event, it may and (i) if so requested in writing by holders of at least one-fifth in nominal amount of the Notes then outstanding, (ii) if so directed by an Extraordinary Resolution or (iii) if so

directed in writing by the Swap Counterparty, shall (provided in each case that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction) enforce the Security constituted by the Trust Deed and/or any Other Security Document (if applicable).

(b) Enforcement Notice

Prior to taking any steps to enforce the Security, the Trustee shall notify the Issuer, the Custodian and any Disposal Agent appointed at that time (such notice being an “**Enforcement Notice**”) that (i) the Trustee intends to enforce the Security constituted by the Trust Deed and/or any Other Security Document (if applicable) and (ii) the Disposal Agent is to cease to effect any further Liquidation of the Collateral (if such Liquidation is taking place) save that any transaction entered into in connection with the Liquidation on or prior to the effective date of such Enforcement Notice shall be settled and the Disposal Agent shall take any steps necessary to settle such transaction.

(c) Enforcement of Security

In order to enforce the Security the Trustee may:

- (i) sell, call in, collect and convert the Mortgaged Property into money in such manner and on such terms as it shall think fit, and the Trustee may, at its discretion, take possession of all or part of the Mortgaged Property over which the Security shall have become enforceable;
- (ii) take such action against any Collateral Obligor as it deems appropriate but without any liability to the Noteholders or Couponholders as to the consequence of such action and without having regard to the effect of such action on individual Noteholders or Couponholders; and
- (iii) take any such other action or enter into any such other proceedings as it deems appropriate (including, without limitation, taking possession of all or any of the Mortgaged Property and/or appointing a receiver) as are permitted under the terms of the Trust Deed.

The Trustee shall not be required to take any action, step or proceeding in relation to the enforcement of the Security without first being indemnified and/or secured and/or pre-funded to its satisfaction.

(d) Enforcement Events

In the Conditions, unless the context otherwise requires, the following defined term shall have the meaning set out below:

“**Enforcement Event**” means the occurrence of one or more of the following events:

- (i) the Issuer fails to pay (a) the Final Redemption Amount and/or (b) any interest that becomes due and payable on the Maturity Date, and, in each case, has not paid any such amount (together with any default interest accrued thereon) by the Relevant Payment Date;
- (ii) following the occurrence of an Early Redemption Event, payment in respect of the Early Redemption Amount in respect of the Notes is not made on the Early Redemption Date; and/or
- (iii) following payment in full by the Issuer of any amount that has become due and payable to the Noteholders and the Couponholders (whether before or after the Maturity Date), the failure by the Issuer to pay any amount due and payable to the Swap Counterparty on the relevant due date for payment under the relevant Swap Agreement.

“**Relevant Payment Date**” means in the case of the enforcement of Security relating to an Enforcement Event arising due to the failure to pay the Final Redemption Amount or any interest that became due and payable on the Maturity Date, the day which falls 15 Business Days after the Maturity Date.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Creditors under the Trust Deed and/or any Other Security Document and the Conditions and none of the Noteholders, the Couponholders or the other Transaction Parties is entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing. In respect of any failure by the Issuer to make payment of the Final Redemption Amount and/or any interest that became due and payable on the Maturity Date, no Noteholder or Couponholder or other Secured Creditor may direct the Trustee to pursue any remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons until after the Relevant Payment Date and the Trustee shall incur no liability to any person for any loss which may arise from such delay.

Only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to the terms of, the Trust Deed and/or any Other Security Document.

The Trustee shall in no circumstances be obliged to take any action, step or proceeding whether pursuant to the Trust Deed and/or any Other Security Document or otherwise without first being indemnified and/or secured and/or pre-funded to its satisfaction.

15 Application of Proceeds

(a) Application of Proceeds of Liquidation

Following the Liquidation in full of the Collateral as a result of a Liquidation Event the Issuer shall, on the Early Redemption Date or Relevant Payment Date, as applicable (or, if later, the date falling two Business Days after all the Collateral has been liquidated in full and the cash proceeds have been received by or on behalf of the Issuer) apply the Available Proceeds as follows:

- (i) first, in payment of any taxes required to be paid in connection with the Liquidation and/or any realisation of the Collateral and/or the Security by the Trustee, any receiver or the Disposal Agent;
- (ii) secondly, in payment or satisfaction of the fees, costs, charges, expenses and liabilities (if any) of the Trustee or any receiver in preparing and executing the trusts under the Trust Deed (including any taxes required to be paid, the cost of realising any Security and the Trustee’s remuneration);
- (iii) thirdly, *pari passu* in payment of any amounts owing to the Custodian for reimbursement in respect of payments properly made by it in accordance with the terms of the Custody Agreement relating to sums receivable on or in respect of the relevant Collateral and in payment of any amounts owing to the Issuing and Paying Agent for reimbursement in respect of payments made in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation;
- (iv) fourthly, in payment of any fees, costs, charges, expenses and liabilities then due and payable to the Custodian under the Custody Agreement and the Paying Agents, the Calculation Agent, the Determination Agent, the Disposal Agent, the Registrar and the Transfer Agent under the Agency Agreement;
- (v) fifthly, in payment of any amounts owing to the Swap Counterparty under the relevant Swap Agreement;
- (vi) sixthly, in payment of (A) the Early Redemption Amount then due and payable, (B) the Final Redemption Amount then due and payable or (C) any interest that became due and payable on the Maturity Date and that remains due and payable, as the case may be, and, in each case, any interest accrued thereon (which, for the avoidance of doubt, shall include default interest) to the holders of Notes; and
- (vii) finally, subject to the rights of the Custodian set out in Clause 10.3 of the Custody Agreement, in payment of the Residual Amount to the Issuer.

Any Secured Creditor that has a claim in respect of more than one Secured Payment Obligation may rank differently in respect of each Secured Payment Obligation.

(c) Insufficient Proceeds

If, following a Liquidation Event or an Enforcement Event, the available cash sums pursuant to Conditions 15(a) or 15(b), as applicable, are insufficient for the holders of Notes to receive payment in full of (i) the Early Redemption Amount, (ii) the Final Redemption Amount or (iii) any interest due and payable on the Maturity Date, as the case may be, and, in each case, any interest accrued thereon, the holders of Notes will receive an amount which is less than any such amount and the provisions of Condition 16 will apply.

(d) Foreign Exchange Conversion

To the extent that any proceeds payable to any party pursuant to this Condition 15 are not in the Relevant Currency, then such proceeds shall be converted at such rate or rates, in accordance with such method and as at such date as may reasonably be specified by the Disposal Agent (prior to the Trustee enforcing the Security pursuant to the Trust Deed and as described in Condition 14) or the Trustee (following the Trustee enforcing the Security pursuant to the Trust Deed and as described in Condition 14), but having regard to current rates of exchange, if available. Any rate, method and date so specified shall be binding on the Issuer, the Noteholders, the Couponholders, the Swap Counterparty and the Custodian.

For such purposes, “**Relevant Currency**” means the currency in which the Notes are denominated unless otherwise specified in the relevant Final Terms or Tranche Prospectus, if applicable.

16 Limited Recourse and Non-Petition

(a) General Limited Recourse

In respect of the Notes, the Transaction Parties, the Noteholders and the Couponholders shall have recourse only to the Mortgaged Property in respect of such Notes, subject always to the Security, and not to any other assets of the Issuer. If after (i) the Mortgaged Property in respect of such Notes is exhausted (whether following Liquidation or enforcement of the Security) and (ii) application of the Available Proceeds as provided in Conditions 15(a) or 15(b) (as applicable), any outstanding claim against the Issuer in respect of the Notes or the Transaction Documents relating to the Notes remains unpaid, then such outstanding claim shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following extinguishment in accordance with this Condition 16(a), none of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum in respect of such Notes.

(b) Non-Petition

None of the Transaction Parties, the Noteholders, the Couponholders or any person acting on behalf of any of them may at any time institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its assets, and none of them shall have any claim arising with respect to the assets and/or property attributable to any other notes issued by the Issuer (save for any further notes which form a single series with the Notes) or Obligations of the Issuer.

(c) Survival

The provisions of this Condition 16 shall survive notwithstanding any redemption of the Notes or the termination or expiration of any Transaction Document.

17 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

18 Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of the Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than ten per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if any Rate of Interest is specified in the relevant Final Terms or Tranche Prospectus, if applicable, as being subject to a maximum or minimum amount or value, to reduce any such minimum and/or maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Optional Redemption Amount or the Early Redemption Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, (viii) to modify the provisions of the Trust Deed concerning this exception, (ix) to modify Condition 4 or to hold an Extraordinary Resolution for purposes of Conditions 4(b) or 4(c), (x) to modify Conditions 7(a) to 7(d)(iii) or Condition 12 or (xi) to modify Conditions 15 and 16, in which case the necessary quorum (“**Special Quorum**”) shall be two or more persons holding or representing not less than 75 per cent. or at any adjourned meeting not less than 25 per cent. of the Notes for the time being outstanding in accordance with the Trust Deed. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at or participated in the meeting at which such resolution was passed) and on the holders of Coupons and Talons.

The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in nominal amount of the Notes outstanding shall for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the Special Quorum was satisfied) be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders. Such a resolution will be binding on all Noteholders, whether or not they participated in such written resolution, and on the holders of Coupons and Talons.

(b) Modification of the Conditions and/or any Transaction Document

The Trustee may agree, without the consent of the Noteholders or the Couponholders, to (i) any modification of any of the Conditions or any of the provisions of the Transaction Documents that is in its opinion of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the Conditions or any of the provisions of the Transaction Documents that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and such modification

shall be notified to the Noteholders as soon as practicable. The Issuer shall notify each relevant Rating Agency then rating the outstanding Notes of any modification made by it in accordance with this Condition 18(b).

(c) Substitution

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, without the consent of the Noteholders or the Couponholders but subject to the prior written consent of the relevant Swap Counterparty, to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes, the Coupons and the Talons, as applicable. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. The Issuer shall notify each relevant Rating Agency then rating the outstanding Notes of any substitution.

(d) Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in this Condition 18) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

19 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent in the relevant Final Terms or Tranche Prospectus, if applicable, (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 21, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate or Coupon is subsequently presented for payment, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Note, Certificate, Coupon or Talon) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

20 Further Issues

The Issuer may from time to time without the consent of the Noteholders or the Couponholders, but subject to Condition 5, create and issue further notes or other Obligations either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them, issue date, issue price and nominal amount) and so that such further issue shall be consolidated and form a single series with the Notes or upon such terms as the Issuer may determine at the time of their issue. Any such further notes shall only form a single series with the Notes provided that (i) (unless otherwise approved by an Extraordinary Resolution) the Issuer provides additional assets as security for such further notes which are fungible with, and have the same proportionate composition as, those forming part of the Mortgaged Property for the Notes and in the same proportion that the nominal amount of such new notes bears to the Notes and the Issuer enters into an additional or supplemental Swap Agreement extending the terms of any existing Swap Agreement to the new notes on terms no less favourable than such existing documents and agreements, (ii) if the existing Notes have been rated, the Issuer reasonably believes that their ratings will not be adversely affected or withdrawn as a result of the issue of further notes and the Issuer notifies the relevant Rating Agency prior to such issuance. Any new notes forming a single series with the Notes shall be constituted and secured by a deed

supplemental to the Trust Deed, such further security shall be added to the Mortgaged Property so that the new notes and the existing Notes shall be secured by the same Mortgaged Property and references in the Conditions to “Notes”, “Collateral”, “Mortgaged Property”, the “Swap Agreement”, “Secured Payment Obligations” and “Secured Creditor” shall be construed accordingly. The Trust Deed contains provisions for convening a single meeting of the holders of the Notes and the holders of notes of other specified series in certain circumstances where the Trustee so decides.

21 Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the day it is delivered in the case of recorded delivery and three calendar days (excluding Saturdays and Sundays) in the case of inland post or seven calendar days (excluding Saturdays and Sundays) in the case of overseas post after despatch or if earlier when delivered, save that for purposes only of determining the occurrence of any Early Redemption Event the relevant Early Redemption Notice shall be deemed to have been given on the date despatched. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*) and, so long as the Notes are listed and admitted to trading on the regulated market of the Irish Stock Exchange, in a leading newspaper having general circulation in Ireland (which is expected to be *The Irish Times*). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 21.

Notices from the Noteholders to the Issuer, the Trustee or the Calculation Agent shall be in writing and mailed to the specified office of the relevant party (in each case with a copy of such notice to the specified office of the Trustee and the Issuer) or to such other address as may be notified to the Noteholders as set out in this Condition 21. Any such notice shall be effective when the actual notice is delivered. For the purpose of determining when such notice shall be effective the delivery of the copies of such notice shall not be relevant.

22 Indemnification and Obligations of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee, for its relief from responsibility including for the exercise of any voting rights in respect of the Collateral and for the validity, sufficiency and enforceability (which the Trustee has not investigated) of the Security created over the Mortgaged Property. The Trustee is not obliged or required to take any action, step or proceeding under the Trust Deed unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee and any affiliate are entitled to enter into business transactions with the Issuer, any Collateral Obligor or any Swap Counterparty or any of their subsidiaries, holding or associated companies without accounting to the Noteholders or Couponholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value of the Collateral, from any obligation to insure or to procure the insuring of the Collateral and from any claim arising from the fact that the Collateral will be held in safe custody by the Custodian or any custodian selected by the Trustee (in each case, if applicable). The Trustee is not responsible for monitoring or supervising the performance by any other person of its obligations to the Issuer and may assume these are being performed unless and until it has actual knowledge to the contrary.

The Trust Deed provides that in acting as Trustee under the Trust Deed the Trustee does not assume any duty or responsibility to the relevant Swap Counterparty, the Custodian or the Issuing and Paying Agent or any other Transaction Party (other than to pay to any of such parties any moneys received and repayable to it and to act in accordance with the provisions of Condition 15) and shall have regard solely to the interests of the Noteholders.

23 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999 except and to the extent (if any) that the Notes expressly provide for such Act to apply to any of their terms.

24 Governing Law and Jurisdiction

(a) Governing Law

The Trust Deed, the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Coupons or Talons (“**Proceedings**”) may be brought in such courts. The Issuer has in the Trust Deed irrevocably submitted to the jurisdiction of such courts.

(c) Service of Process

The Issuer has irrevocably appointed pursuant to the Trust Deed an agent in England to receive, for it and on its behalf, service of process in any Proceedings in England.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

Global Notes and Global Certificates may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

Upon the initial deposit of a Global Note with a Common Depository or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms or Tranche Prospectus, if applicable) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, or any other clearing system (“**Alternative Clearing System**”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms or Tranche Prospectus, if applicable, indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Overview of the Programme – Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the relevant Final Terms or Tranche Prospectus, if applicable, for Definitive Notes.

In relation to any issue of Notes which are represented by a temporary Global Note which is expressed to be exchangeable for definitive Bearer Notes at the option of Noteholders, such Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and multiples thereof.

Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not in part for Definitive Notes if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such

clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so, by the Issuer giving notice to the Issuing and Paying Agent and the Noteholders of its intention to effect such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only.

Global Certificates

If the Final Terms or Tranche Prospectus, if applicable, states that the Notes are to be represented by a Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so;
- (ii) if principal in respect of any Notes is not paid when due; or
- (iii) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph (i) or (ii) above, the registered holder has given the Registrar not less than 30 days' notice at its specified office of the holder's intention to effect such transfer. Where the holding of Notes represented by a Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or an Alternative Clearing System.

Delivery of Notes

On or after any due date for exchange or transfer, the holder of a Global Note or Global Certificate may surrender such Global Note or Global Certificate or, in the case of a partial exchange or transfer, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note or Global Certificate, or the part thereof to be exchanged or transferred, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note or Global Certificate exchangeable or transferrable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes.

In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon) and, in relation to any Global Certificate, the definitive Registered Notes from which interests in such Global Certificate has been transferred. Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“**Exchange Date**” means, in relation to a temporary Global Note, the day falling after the expiry of 40 calendar days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 calendar days, or in the case of failure to pay principal in respect of any Notes when due 30 calendar days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and, if applicable, in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions set out in the Base Prospectus. The following is a summary of those provisions.

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. Condition 7(c)(ii)(III) and Condition 10(a)(x) will apply to the Definitive Notes only. For the purpose of any payments made in respect of a Global Note, the words “in the relevant place of presentation,” shall not apply in the definition of “business day” in Condition 9(g) (Non-Business Days).

Condition 9(b) is amended such that all payments in respect of Registered Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the due date for payment (such date shall be the “**Record Date**” in respect of such Registered Notes), where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note or the Global Certificate will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in the Conditions).

Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder’s holding, whether or not represented by a Global Certificate.)

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note. Cancellation of any Note represented by the Global Certificate that is required by the Conditions to be cancelled (other than upon its redemption), shall be effected by a reduction in the principal amount of the Notes in the register of Noteholders and the endorsement (for information purposes only) of the Global Certificate by the Issuing and Paying Agent.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest (if any) thereon.

Issuer's Options

Any option of the Issuer provided for in the Conditions, while the Notes are represented by a permanent Global Note or the Global Certificate, shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

Noteholders' Option

Any Noteholders' option provided for in the Conditions while the Notes are represented by a permanent Global Note or the Global Certificate may be exercised by the holder giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and, at the same time presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

Amendments when in Global Form

While any Global Note is held on behalf of, or Global Certificate is registered in the name of any nominee for, a clearing system, for the purpose of determining whether a written resolution has been validly passed the Issuer and the Trustee shall be entitled to rely on consent or instructions given by accountholders in the clearing system with entitlements to such Global Note or Global Certificate or, where the accountholders hold any such entitlement on behalf of another person, on consent from or instructions given by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the accountholder or via one or more intermediaries and provided that, in each case, the Issuer and the Trustee have obtained commercially reasonable evidence to ascertain the validity of such holding and has taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, "**commercially reasonable evidence**" includes any certificate or other document issued by Euroclear, Clearstream, Luxembourg or any other relevant clearing system, or issued by an accountholder of them or an intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's Cedcom system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount

of such holding. The Issuer and the Trustee shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic

Notices

So long as any Notes are represented by a Global Note or Global Certificate and such Global Note or Global Certificate is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note or the Global Certificate, as the case may be, except that, so long as the Notes are listed on the Irish Stock Exchange or any other stock exchange, all notices to Noteholders will be published in accordance with the rules of the Irish Stock Exchange or such other stock exchange, as applicable. Any such notice shall be deemed to have been given to the Noteholders on the Business Day immediately following the day on which the said notice was given to the relevant clearing system.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be used to purchase the Collateral (if applicable) constituting the Mortgaged Property in respect of the relevant Series.

DESCRIPTION OF THE ISSUERS

Takumi I Limited

The Issuer

Takumi I Limited (the “**Issuer**”), an exempted company incorporated in the Cayman Islands with limited liability, was incorporated on 11 October 2011 under the Companies Law (2010 Revision) of the Cayman Islands with company registration number MC – 263297. It was founded in 1989 under the name of SBCM Limited. It was listed as a money-market institution under Section 43 of the Financial Services Act 1986 and licensed to undertake wholesale markets derivatives business. In 1995 it was accepted as a regulated firm by the Securities and Futures Authority (“**SFA**”) allowing it to engage in dealing or advising in securities or derivatives including shares, bonds and traded futures and options. In December 2001, following the enactment of the FSMA, the regulatory functions of the SFA were taken over by the Financial Services Authority (“**FSA**”) that has authorised and regulated the firm as a full scope investment business from that date. On 1 April 2013 the FSA was abolished and its regulatory functions were assumed by the Financial Conduct Authority.

Following the merger of its parent company, Sumitomo Bank with Sakura Bank to form SMBC in 2001, the firm was renamed SMBC Capital Markets Limited. Following SMBC’s acquisition of the former Nikko Cordial Securities in 2009, the firm entered into a business collaboration agreement with the renamed SMBC Nikko Securities Inc. In 2010 the firm changed its name to SMBC Nikko Capital Markets Limited to reflect its new business direction.

Business Overview

SMBC Nikko Capital Markets Limited is an investment banking firm whose activities include providing, pricing and execution capabilities in a wide range of derivative activities, customer facilitation, debt and equity underwriting, broking and trading in secondary debt and equity securities and investment advice.

SECURITY ARRANGEMENTS FOR COLLATERAL HELD IN CLEARING SYSTEM

The Security may include a fixed charge over the Collateral which may be held by or through the Custodian through Euroclear and/or Clearstream, Luxembourg and/or an alternative clearing system (each a “**clearing system**”) in relation to any Collateral in the form of securities. The charge is intended to create a property interest in any such Collateral in favour of the Trustee for the benefit of the Secured Creditors to secure the relevant Secured Payment Obligations. However, where the Collateral is held through a clearing system, the interests which the Custodian holds and which are traded in the clearing system are not the physical Collateral itself but a series of contractual rights. These rights consist of (i) the Issuer’s rights against the Custodian, (ii) the Custodian’s rights as an accountholder against the clearing system, (iii) the rights of the clearing system against the common depository and (iv) the rights of the common depository against the issuer of the Collateral. As a result, where any Collateral is held in a clearing system, the Security will take the form of an assignment of the Issuer’s rights against the Custodian under the Custody Agreement rather than a charge over the Collateral itself.

TAXATION

CAYMAN ISLANDS TAXATION

Takumi I Limited, Takumi II Limited, Takumi III Limited and Takumi Capital Limited

Prospective investors should consult their professional advisers on the possible tax consequences of buying, holding or selling any Notes under the laws of their country of citizenship, residence or domicile.

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

Under Existing Cayman Islands Laws:

Payments of interest and principal on the Notes and dividends and capital in respect of the Shares will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal or a dividend or capital to any holder of the Notes or Shares, as the case may be, nor will gains derived from the disposal of the Notes or Shares be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.

No stamp duty is payable in respect of the issue of the Notes. The Notes themselves will be stampable if they are executed in or brought into the Cayman Islands.

No stamp duty is payable in respect of the issue of the Notes and the Certificates. An instrument of transfer in respect of a Note or a Certificate is stampable if executed in or brought into the Cayman Islands.

No stamp duty is payable in respect of the issue of the Shares or on an instrument of transfer in respect of a Share.

Each of the Relevant Issuers has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has applied for and obtained on 22 November 2011 an undertaking from the Governor in Cabinet of the Cayman Islands in the following form:

The Tax Concessions Law

1999 Revision

Undertaking as to Tax Concessions

 - 2.1 On or in respect of the shares, debentures or other obligations of the Company;

OR

- 2.2 by way of the withholding in whole or part, of any relevant payment as defined in Section 6(3) of the Tax Concessions Law (1999 Revision).
- 3 These concessions shall be for a period of twenty years from the date hereof.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 5 December 2014 (the “**Dealer Agreement**”) between the Issuer, the Dealer and the Arranger. The Notes will be offered on a continuous basis by the Issuer to such Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer has agreed to pay the commissions as agreed between it and the Dealer(s) in respect of each issue of Notes. Such commissions (if any) will be stated in the relevant Final Terms or Tranche Prospectus, if applicable.

The Issuer has agreed to indemnify the Dealer(s) against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealer(s) to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Relevant Issuer.

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed that, except as permitted by the Dealer Agreement, it has not offered, sold or delivered and will not offer, sell or deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Issuing and Paying Agent, or in the case of Notes issued on a syndicated basis, the lead manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Relevant Member State, each Dealer has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms or Tranche Prospectus, if applicable, in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the relevant Final Terms or Tranche Prospectus, if applicable, specify that an offer of the Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant

Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the relevant Final Terms or Tranche Prospectus, if applicable, contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or relevant Final Terms or Tranche Prospectus, if applicable, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (ii) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (iii) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iv) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of FSMA does not apply to the Issuer; and

No
