

STANDARD BANK Plc

(a company incorporated with limited liability under the laws of England and Wales)

U.S.\$3,500,000,000

Note Issuance Programme

Standard Bank Plc (the "**Issuer**") may, from time to time as part of a note issuance programme (the "**Programme**"), issue notes (the "**Notes**") on a continuing basis, denominated in US dollars or such other currency as the Issuer shall specify in the applicable final terms to be issued in connection with such Notes (the "**Final Terms**"), subject in each case to compliance with all applicable, legal and regulatory requirements. Notes may also be issued under the Programme on terms set out in a prospectus relating to the Notes that incorporates by reference the whole or any part of this Base Prospectus (any such prospectus, a "**Series Prospectus**"). Where there are references to Final Terms in this Base Prospectus, such references shall be deemed to include references to Series Prospectus when applicable. Subject as set out herein, the maximum aggregate principal amount of all Notes outstanding at any one time will not exceed U.S.\$3,500,000,000 (or its equivalent in other currencies calculated as described herein).

Notes will be issued in one or more series (each a "**Series**"). Each Series shall be all in bearer form or all in registered form and may be issued in one or more tranches (each a "**Tranche**") on different issue dates and on terms otherwise identical (except in relation to interest commencement dates and matters related thereto).

The specific terms of each Series of Notes will be set forth in the Final Terms relating to that Series.

Payments of principal and interest in respect of any Series may be restricted upon the occurrence of any event described in the Final Terms relating to such Series. Such event may relate, inter alia, to a Credit Event (as each such term is defined in "Terms and Conditions of the Notes") or any other event or circumstance specified in the applicable Final Terms. The terms of any Series may provide that, in any such event, the Issuer shall be entitled to redeem the Notes of such Series in whole but not in part by payment of an amount specified in the applicable Final Terms (which may be less than the outstanding principal amount of such Notes) and/or by delivery of any asset as may be specified in the applicable Final Terms in lieu of all payments of principal and interest (if any) in respect of the Notes — see Terms and Conditions of the Notes — Condition 5.2 herein and the applicable Final Terms. The terms of any such Series will further provide that, upon such payment or delivery in full in accordance with such provisions, all claims in respect of any balance on the Notes of such Series which would, but for the operation of such provisions, have been payable, shall be extinguished.

The Notes will not contain any provision that would oblige the Issuer to gross-up any amounts payable in respect of interest or principal in the event of any withholding or deduction for or on account of taxes levied in any jurisdiction (including the United Kingdom).

The Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under Directive 2003/71/EC (the "**Prospectus Directive**"). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU Law pursuant to the Prospectus Directive. Such approval relates only to Notes which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area. Application has been made to the Irish Stock Exchange for Notes to be issued under the Programme to be admitted to the Official List and trading on its regulated market. However, unlisted Notes may be issued pursuant to the Programme and the Programme provides that Notes may be listed on such other stock exchange(s) as may be specified in the relevant Final Terms. The relevant Final Terms in respect of the issue of any Notes will specify whether or not application has been made for such Notes to be listed on the Irish Stock Exchange (or any other stock exchange) and to be admitted to trading on the Market or other regulated market for the purposes of Directive 2004/39/EC. This document has been filed with and approved by the Central Bank in its capacity as competent authority in Ireland (the "**Competent Authority**") for the purposes of the Prospectus Directive.

The Programme is not rated but it is anticipated that certain Series of Notes may be rated by independent rating agencies, such as Moody's Investors Service, Inc. ("**Moody's**") and/or Fitch Ratings Inc. ("**Fitch**"). Where a Series of Notes is rated, such rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The issue price and the amount of the relevant Notes to be issued will be determined at the time of the issue based on the prevailing market conditions.

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Base Prospectus. This Base Prospectus does not describe all of the risks of an investment in the Notes.

The date of this Base Prospectus is 28 June 2012

Replacement of Prior Base Prospectus

This Base Prospectus supersedes and replaces in its entirety the previous Base Prospectus dated 30 August 2011 relating to the Programme. Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions herein. This does not affect any Notes issued prior to the date of this Base Prospectus.

Base Prospectus under Prospectus Directive

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

Responsibility for Information in Base Prospectus

The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Notwithstanding the above paragraph or anything else in this Base Prospectus, the Issuer will not accept responsibility for the information given in this Base Prospectus or any relevant Final Terms in relation to offers of Notes made by an offeror not authorised by the Issuer (if any) to make such offers. Generally, each person named as "Dealer" or "Manager" and any party named as a "Distributor" or other "placer" in the Final Terms will be so authorised, but any other party generally will not. Potential purchasers should therefore enquire whether the relevant offeror is so authorised by the Issuer and, if it is not, the potential purchaser should be aware that the Issuer will not be responsible for this Base Prospectus or relevant Final Terms for the purposes of the relevant securities laws in the context of the offer of the Notes to the public. If a potential purchaser is in any doubt about whether it can rely on this Base Prospectus and relevant Final Terms and/or who is responsible for the contents thereof, it should take legal advice.

Refer Only to the Information Provided in this Prospectus

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus and the relevant Final Terms in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer. Neither the delivery of this Base Prospectus nor any Final Terms nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the information contained herein since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. Investors should review, *inter alia*, the most recent published financial statements of the Issuer when deciding whether or not to purchase any Notes. Any website mentioned herein does not form part of the Base Prospectus.

Minimum Specified Denomination

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

This Base Prospectus is Not a Recommendation, Invitation or Offer to Purchase the Notes; Investors Must Form Their Own Views on the Merits of an Investment in Notes

Neither this Base Prospectus nor any other information supplied in connection with the Programme (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation or offer by the Issuer that any recipient of this Base Prospectus, any Final Terms or any other information supplied in connection with the Programme should purchase any Notes. Prospective investors of the Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. Prospective investors should conduct their own investigations and, in deciding whether or not to purchase Notes, should form their own views of the merits of an investment related to the Notes based upon such investigations and not in reliance upon any information given in this document or the applicable Final Terms. In particular, each investor contemplating purchasing any Notes should make its own appraisal of the creditworthiness of the Issuer or other relevant obligor of any obligation to which the Notes may be linked or, as the case may be, of the risks inherent in the Notes relating to any relevant jurisdiction or any governmental authority, in each case as may be relevant to such Notes. If in doubt potential investors are strongly recommended to consult with their financial advisers before making any investment decision. Potential purchasers should determine for themselves the relevance of the information contained in this Base Prospectus as supplemented, updated or revised from time to time and their interest in the purchase of any Notes should be based upon such investigations as they themselves deem necessary. No representation or warranty is made or intended by the Issuer as to the particular legal, tax, accounting or other regulatory treatment of the Notes in any country, state or jurisdiction whatsoever.

General Restriction on Distribution of this Base Prospectus and any Final Terms

The distribution of this Base Prospectus and any Final Terms and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus and any Final Terms come are required by the Issuer to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and include Notes in bearer form that are subject to US tax law requirements. Prospective investors are hereby notified that sellers of Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A or pursuant to another exemption from the registration requirements of the Securities Act. For a description of certain restrictions on offers and sales of Notes, see "Selling Restrictions" and "Transfer Restrictions".

However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. OVERVIEW OF THE PROGRAMME

The following summary is qualified in its entirety by the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Series of Notes, the applicable Final Terms. Words and expressions defined in "Terms and Conditions of the Notes" shall have the same meanings in this summary.

Issuer	Standard Bank Plc
Description	Note Issuance Programme.
Size	Up to U.S.\$3,500,000,000 (and, for this purpose, any Notes denominated in another currency shall be translated into US dollars at the exchange rate, as determined by the Issuer, for the purchase of US dollars for such other currency on the date of the issue of such Notes) in the aggregate principal amount of Notes outstanding at any one time. The amount of the Programme may be increased by the Issuer from time to time and, in each such case, a supplemental prospectus will be published.
Irish Paying Agent	Deutsche International Corporate Services (Ireland) Limited.
Form of Notes	The Notes may be issued as bearer Notes (" Bearer Notes "), in definitive form (" Definitive Notes "), or represented by one or more global Notes (" Global Notes "), or issued in registered form (" Registered Notes "). Registered Notes will be represented by certificates (the " Certificates "), which may include individual certificates or one or more global certificates. Registered Notes which are sold in an "offshore transaction" within the meaning of Regulation S (the " Unrestricted Notes ") will be represented initially by a permanent registered global certificate (an " Unrestricted Global Certificate "). Registered Notes which are sold in the United States to "qualified institutional buyers" within the meaning of Rule 144A (the " Restricted Notes ") will be represented initially by a permanent registered global certificate (a " Restricted Global Certificate " and, together with the Unrestricted Global Certificate, the " Global Certificates ").
Currencies	Subject to any applicable legal or regulatory restrictions, Notes may be issued in US dollars, or any other currency as may be specified by the Issuer in the applicable Final Terms.
Method of Issue of Notes	The Notes will be issued on a non syndicated basis. The Notes will be issued in series (each a " Series "). The Notes of each Series will be subject to identical terms, whether as to currency, interest, maturity or otherwise, other than in respect of the Issue Date or the Interest Commencement Date (all as indicated in the applicable Final Terms.)
Maturities	Such maturity or maturities as may be specified in the applicable Final Terms subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or

equivalent body) and/or any laws or regulations applicable to the Issuer or the Currency of Issue.

Issue Price

The Notes may be issued on a fully-paid or partly-paid basis and at an issue price which is at par or at a discount or a premium.

Interest Rates

The Notes may or may not be interest-bearing. Interest on interest-bearing Notes may be at a fixed or floating rate or calculated by reference to a variable and may vary during the tenor of the relevant Series.

Variable Linked Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Variable Linked Notes will be calculated by reference to the value of a particular security, index or commodity or such securities, indices or commodities or other variable, currency exchange rate and/or formula as the Issuer may specify in the applicable Final Terms.

Fixed Rate Notes

Fixed interest will be payable in arrears on the date or dates in each year specified in the applicable Final Terms.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. or
- (ii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Final Terms) as adjusted for any applicable margin.

Interest Period and Rates of Interest

Interest Periods will be specified in the relevant Final Terms. The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Zero Coupon Notes

Zero Coupon Notes will not bear interest other than in the case of late payment.

Other Notes

Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, Dual Currency Notes, reverse dual currency Notes, optional dual currency Notes, Partly Paid Notes and any other type of Note that the Issuer may agree to issue under the Programme will be set out in the applicable Final Terms.

Terms and Conditions

The Notes of each Series are subject to the "Terms and Conditions of the Notes", as supplemented, replaced or

modified by the terms of the applicable Final Terms.

Early Redemption

Subject always to the occurrence of a Specified Event (if applicable) and the satisfaction of any conditions specified in the applicable Final Terms, the Final Terms relating to each Series of Notes will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than in specified instalments (see below), if applicable, or, at the Issuer's option, for taxation reasons) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders upon giving irrevocable notice (the notice period (if any) being indicated in the applicable Final Terms) to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Final Terms. See Condition 5 (*Redemption, Purchase Options and Physical Delivery*) for further details. The applicable Final Terms may provide that Notes shall be repayable in two or more instalments of such amounts and on such dates as indicated in the applicable Final Terms.

Redemption upon the occurrence of a Specified Event

The Final Terms in respect of a Series of Notes may provide that upon the occurrence of a Specified Event and the satisfaction by the Issuer of all of the conditions specified in the applicable Final Terms, the Issuer's obligation to redeem the Notes of any Series at the Maturity Redemption Amount will be replaced by an obligation to redeem the Notes at such amount specified in, or calculated pursuant to the terms set out in, the applicable Final Terms (which may be less than the outstanding principal amount of such Notes) and/or by the delivery of any asset as may be specified in the applicable Final Terms, the market value of which may be less than the outstanding principal amount of such Notes.

Payment by the Issuer of any amount so specified and/or delivery by the Issuer of any asset so specified in accordance with the Conditions and the provisions of the applicable Final Terms shall satisfy the obligations of the Issuer with respect to the Notes of the relevant Series and Noteholders shall have no claim in respect of any amounts which would, but for the operation of the provisions of such Final Terms, have been payable in respect of such Notes.

Specified Denomination

Notes will be in such denominations as may be specified in the relevant Final Terms, save that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes). Notes initially represented by a Restricted Global Certificate will have a minimum denomination of U.S.\$100,000.

Taxation

The Notes will not contain any provision that would oblige the Issuer to gross-up any amounts payable in respect of interest or principal in the event of any withholding or deduction for or on account of taxes levied in the United Kingdom or any other country.

The Issuer may, at its option, redeem the Notes upon notice early at the Early Redemption Amount (adjusted where appropriate) in certain circumstances specified in Condition 5.3 (*Redemption for Taxation Reasons*).

Status of the Notes

The Notes will constitute direct, unconditional and unsecured obligations of the Issuer ranking at all times *pari passu* and without preference among themselves.

Listing and Admission to Trading

Notes of any Series may, if so specified in the applicable Final Terms, be listed on the Official List of the Irish Stock Exchange and admitted to trading on the regulated market of the Irish Stock Exchange within 12 months of the date of this Base Prospectus and/or any other regulated market or stock exchange as specified in the applicable Final Terms. As specified in the relevant Final Terms, a Series of Notes may be unlisted.

Rating

The Programme is not rated but it is anticipated that certain Series of Notes may be rated by independent rating agencies, such as Moody's and/or Fitch. Where a Series of Notes is rated, such rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

A credit rating may be assigned to a specific Series of Notes to be issued under the Programme and the Issuer, and any such rating may be specified in the applicable Final Terms. The Final Terms for such a Series of Notes will disclose whether or not any such credit rating will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). In general, European regulated investors are restricted from using a credit rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation.

Governing Law

The Notes and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law.

Clearing System

If so specified in the applicable Final Terms, Bearer Notes and Registered Notes may be eligible for trading in Euroclear Bank S.A./N.V., as operator of the Euroclear system or any successor entity thereto ("**Euroclear**"), Clearstream Banking, société anonyme ("**Clearstream Luxembourg**"), the Depository Trust Company ("**DTC**") or any other clearing system specified in the applicable Final Terms.

Selling Restrictions

United States, EEA, United Kingdom, Republic of Ireland and any other jurisdiction relevant to any Series. See "Selling Restrictions" .

The Notes issued hereunder will be subject to Category 2 for the purposes of Regulation S under the Securities Act.

Notes in bearer form will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**C Rules**") unless (i) the relevant Final Terms states that Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**") or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" for US federal income tax purposes, which circumstances will be referred to in the relevant Final Terms as a transaction to which the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**") is not applicable.

ERISA

The Notes may be acquired by, on behalf of, or with the assets of any employee benefit plans or plans subject to the U.S. Employee Retirement Income Security Act of 1974, as amended, or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended, subject to certain restrictions. See "Certain ERISA Restrictions" and "Transfer Restrictions – ERISA Transfer Restrictions" .

Supplements

If at any time the Issuer shall be required to prepare a supplemental prospectus pursuant to Articles 23 and 51 S.I. No. 324, Prospectus (Directive 2003/71/EC) Regulations 2005, the Issuer will prepare and make available an appropriate amendment or supplement to this Base Prospectus or a further prospectus which, in respect of any subsequent issue of Notes to be listed on the Irish Stock Exchange shall constitute a supplemental base prospectus as required by the Competent Authority and S.I. No. 324, Prospectus (Directive 2003/71/EC) Regulations 2005.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents deemed to be incorporated by reference herein) and in the applicable Final Terms and reach their own views prior to making any investment decision.

The risk factors set out below are organised into the following sub-sections:

- *General*
- *Risk factors relating to the Issuer*
- *Risk factors relating to the Notes*
- *Risk factors relating to the market*
- *Risk factors relating to potential conflicts of interest*

General

This Base Prospectus identifies in a general way the information that a prospective investor should consider prior to making an investment in the Notes. However, a prospective investor should conduct its own thorough analysis (including its own accounting, legal and tax analysis) prior to deciding whether to invest in the Notes as any evaluation of the suitability for an investor of an investment in the Notes depends upon a prospective investor's particular financial and other circumstances, as well as on specific terms of the Notes. This Base Prospectus is not, and does not purport to be, investment advice. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its financial adviser prior to deciding to make an investment on the suitability of the Notes.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes (i) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. In particular, investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its legal advisers to determine whether and to what extent (i) the Notes are legal investments for it, (ii) the Notes can be used as underlying securities for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risk factors relating to the Issuer

Set out below are certain risk factors which could affect the Issuer's future results and financial position and cause them to be materially different from what is expected. The Issuer's results could also be affected by competition and other factors. The factors discussed below should not be regarded as a

complete and comprehensive statement of all potential risks and uncertainties the Issuer's businesses face.

The Issuer's operations focus on emerging markets

The Issuer's operations focus on emerging markets including ones in Eastern Europe, Africa, Middle East, South East Asia and Latin America and these operations expose it to risks, arising from the political and economic environment, that could adversely affect its financial conditions and results. Operations in some of these markets present various risks that do not necessarily apply to businesses in Western Europe. Some of these markets are more volatile and less developed economically and politically than markets in Western Europe. The Issuer faces significant economic and political risk in these markets, including economic volatility, recession, inflationary pressure, exchange rate risk, interruption of business, as well as civil unrest, imposition of exchange controls, expropriation, nationalisation, renegotiation or nullification of existing contracts and changes in law or tax policy. These risks could result in an adverse impact on the Issuer's financial condition and results of operations.

Investors should also note that such emerging economies are subject to rapid change and that some of the information set out in this Base Prospectus may become outdated relatively quickly. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in light of those risks, their investment is appropriate.

The nature and impact of future changes in laws, regulations and regulatory policies are not predictable and are beyond the Issuer's control, and changes in such laws, regulations and regulatory policies may have an adverse effect on the Issuer's financial condition and results of operations.

The Issuer's business is subject to inherent risks arising from general international economic and political conditions

The Issuer's business is subject to inherent risks regarding general economic conditions. These conditions include changing economic cycles that affect demand for investment banking products. These cycles are also influenced by global political events such as terrorist acts, war and other hostilities, as well as market specific events, such as shifts in consumer confidence and consumer spending, rates of unemployment, industrial output, labour or social unrest and political uncertainty. Each of these can change the level of demand for, and supply of, the Issuer's products and services and could have a material adverse effect on its business, financial condition and results of operations.

The Issuer is exposed to credit risk and may be subject to increases in credit impairment charges

Credit risk arising from changes in credit quality and the recoverability of the Issuer's loans and other exposures to borrowers and counterparties are inherent in a wide range of its businesses. In lending transactions, credit risk arises through non-performance by a customer or market counterparty on granted facilities. These facilities are typically loans and advances, including the advancement of securities and contracts to support customer obligations such as letters of credit and guarantees. In trading activities, credit losses arise due to non-performance by a counterparty for payments linked to trading-related financial obligations. Market and credit risk overlap in traded credit products (whether traded as principal or held as collateral) including debt instruments and credit derivatives. In these circumstances, issuer concentration and default risks are managed through credit and country risk processes, and market price sensitivity through market risk processes.

A formal structure exists for the approval of credit, including delegated authority levels and a Credit Committee that meets twice weekly. As at 31 December 2011, the Issuer's most significant credit exposures were through loans and advances to customers and loans and advances to banks (U.S.\$13,023.8 million as at 31 December 2011 as opposed to U.S.\$15,680.7 million as at 31 December 2010). As at 31 December 2011, the Issuer had a relatively small exposure through financial investments. The Issuer has a relatively diverse geographic exposure to credit risk through loans and advances, with its largest exposures in the United Kingdom (46.9 per cent.). Other exposures are in the Eurozone (4.1 per cent.), Rest of Europe (13.4 per cent.), Asia-Pacific (10.9 per cent.), Sub-Saharan Africa (7.2 per cent.), North America (7.0 per cent.), Latin America (5.6 per cent.) and Middle East and North Africa (4.9 per cent.). Deterioration in the credit quality of the Issuer's borrowers and counterparties could have a material adverse effect on its business, financial condition and results of

operations. Adverse changes in the credit quality of the Issuer's borrowers and counterparties could reduce the value of the Issuer's assets, and require increased provisions for bad and doubtful debts. In addition, changes in economic conditions may result in deterioration in the value of security held against lending exposures and increase the risk of loss in the event of borrower default.

The Issuer is subject to market risk

Market risk is the risk that will impact on the Issuer's profitability as a result of movements in market parameters such as interest rates, foreign exchange rates and asset or equity prices. The Issuer's principal sources of market risk relate to credit spread risk, interest rate, currency and commodity price risk and volatility risk. The Issuer's market risks are relatively diversified across both developed and emerging market countries. The Issuer's major exposures to market risk occur in markets served by both formal exchanges and over the counter markets and exposures arise in relation to financial instruments mainly held in foreign exchange, commodity and capital markets as well as equity markets. The Issuer's exposures arise from both customer-driven business and from proprietary positions, although the market risk positions arising from the Issuer's proprietary trading are not significant in the Issuer's overall risk portfolio. Adverse effects from market risk could have an adverse effect on the Issuer's business, financial condition and results of operations. See "*Risk Management – Market Risk*".

The Issuer is subject to foreign exchange risk

The Issuer's foreign exchange positions arise mainly from foreign exchange trading activities, which are governed by position limits approved by the Capital Committee in accordance with the Issuer's Market Risk policy. These position limits are subject to review at least annually and foreign exchange exposures are monitored daily by the Market Risk function to ensure they remain within the approved risk appetite. The Issuer does not hedge its foreign currency exposure at all times. As a result, adverse changes in foreign exchange rates could have an adverse effect on the Issuer's business, financial condition and results of operations.

The Issuer is subject to liquidity and interest rate risk

Liquidity risk is the risk that the Issuer is not able to meet its payment obligations as they fall due. The Issuer manages the liquidity structure of its assets, liabilities and commitments to ensure that its operations can always meet its funding needs and the statutory liquidity ratio requirement. The Issuer relies largely on continuous access to financial markets for short and long term financing. An inability to access funds may result in an inability to finance its operations. The Issuer's Capital Committee reviews the current and prospective funding requirements for all operations on an on-going basis through regular review of the liquidity ratio, maturity mismatch, deposit base diversification and stability as well as liquidity stress testing results. In addition, standby facilities are maintained to provide strategic liquidity to meet unexpected and material cash outflows in the ordinary course of business. The Issuer maintained a strong liquidity profile throughout the rapidly deteriorating market place. Additionally, as a response to current market conditions, the Issuer has maintained higher levels of liquidity than that required by local regulations and internal limits. The funding base comprises a combination of corporate and institutional deposits, inter-bank deposits, retail deposits and funding from Standard Bank Group sources. If the Issuer is not able to re-finance its liabilities as they become due, it could suffer an adverse effect on its business, financial condition and results of operations.

Interest rates are highly sensitive to many factors beyond the Issuer's control, including monetary policies and national and international political conditions. Changes in market interest rates may affect the interest rates the Issuer earns on its interest earning assets differently from the interest rates it pays on its interest bearing liabilities. Rising interest rates could also result in an increase in the Issuer's impairment losses on loans and advances if clients cannot meet their interest or principal payment obligations in a higher interest rate environment. This difference could reduce the Issuer's net income, despite any hedging activities the Issuer undertakes. The principal interest rate risk to which the Issuer is exposed occurs in its trading portfolio, which is managed as part of market risk. Within its non-trading portfolio, the principal risk to which the Issuer is exposed is the risk of loss from fluctuations in future cash flows because of a change in market interest rates. If the Issuer is subject to adverse changes in interest rates, it could suffer an adverse effect on its business, financial condition and results of operations.

A downgrade in the Issuer's credit ratings could adversely affect its business

Rating agencies may, at their discretion, change any of the credit ratings assigned to the Issuer. Any subsequent downgrade of the Issuer's credit ratings or financial strength ratings, or the announcement of a potential downgrade of any these ratings, could reduce demand for the Issuer's products and services, adversely affect its relationships with intermediaries and counterparties, weaken its competitive position, increase its borrowing costs and reduce its access to funds, which could have a material adverse effect on the Issuer's business, financial condition and results of operations.

The Issuer is subject to capital requirements that could limit its operations

The Issuer is subject to the United Kingdom Financial Services Authority's capital adequacy guidelines for banks, which provide for a minimum ratio of total capital to risk adjusted assets both on a consolidated basis and on a non-consolidated basis expressed as a percentage. The Issuer's failure to maintain its ratios may result in administrative actions or sanctions against it which may have a material adverse effect on the Issuer's business, financial condition and results of operations.

A significant proportion of the Issuer's net income is comprised of trading revenue, which may be volatile

The Issuer's trading revenue was U.S.\$293.1 million, or 53 per cent. of the Issuer's total income from continuing operations for the year ended 31 December 2011, and U.S.\$360.9 million or 65 per cent. of total net revenue from continuing operations for the year ended 31 December 2010. The Issuer's income from such activities depends on numerous factors beyond its control, such as overall market activity, the level of interest rates, volatility in foreign exchange and interest rates, commodity price fluctuations, domestic and international economic and political conditions and general market volatility. The Issuer has limits in place for its trading portfolio for types of securities and single named issuers, which are designed to limit its portfolio risk to an acceptable level. Nevertheless, market price fluctuations may adversely affect both the volume of, and fees generated from, the Issuer's trading activities and the value of its portfolio, which could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer's fee income from investment banking activities is subject to fluctuation

The Issuer's investment banking business generates fee income and this income can be subject to fluctuation. Such fee income is, in part, related to the number and size of transactions the Issuer completes and underlying market conditions. Fees generated by these transactions are typically not recurring and are subject to volatility and business trends. Accordingly, income from the Issuer's investment banking business tends to be volatile and any reduction in the number and size of transactions it completes will have an impact on its results of operations. Any severe decline in the Issuer's fee income from its investment banking activities could have a material adverse effect on its business, financial condition, results of operations and prospects.

Operational risks are inherent in the Issuer's business

Operational risks are inherent in the Issuer's business, including the risk of loss resulting from inadequate or failed internal and external processes, documentation, people and systems or from external events. The Issuer's business is dependent on its ability to process accurately and efficiently a high volume of complex transactions across numerous and diverse products and services, in different currencies and subject to a number of different legal and regulatory regimes. The Issuer's systems and processes are designed to ensure that the operational risks associated with its activities are appropriately controlled; however, any weakness in these systems could result in a negative impact on the Issuer's business, financial condition, results of operations and prospects.

Notwithstanding anything in the paragraph above, this risk factor should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with Notes admitted to the Official List and to trading on the regulated market of the Irish Stock Exchange (or any other market, as the case may be) or as a supervised firm regulated by the Financial Services Authority.

The Issuer's business is subject to significant competition

The Issuer's business is subject to significant competition from many other international financial institutions, including non-bank, financial institutions operating in the emerging markets described above, including competitors that may have greater financial and other resources, and, in certain emerging markets, from local banks. Local regulations in a number of jurisdictions that favour local banks by restricting the ability of international banks operating in the relevant country to enter the market and/or expand their existing operations could adversely affect the Issuer's ability to compete. Many of the international and local banks operating in the Issuer's markets compete for substantially the same customers as the Issuer. Competition may increase in some or all of the Issuer's principal markets and may have an adverse effect on its financial condition and results of operations.

The Issuer may be adversely affected by litigation

From time to time the Issuer is involved in litigation, receives claims from tax authorities or claims arising from the conduct of its business. As at 31 December 2011, based upon available information and, where appropriate, legal advice, the Issuer does not believe that there are any potential proceedings, or other claims which will have a material adverse impact on the Issuer's financial position. However, the occurrence of potential proceedings, or other claims leading to a substantial legal liability could have a material adverse effect on the Issuer's business, results, operations, reputation and financial condition.

The Issuer may be unable to attract and retain highly qualified professional personnel

The success of the Issuer's operations relies on its ability to attract and retain highly qualified professional personnel. The Issuer's ability to attract and retain key personnel is dependent on a number of factors, including prevailing market conditions and compensation packages offered by companies competing for the same talent. The loss of the services of key members of its senior management or inability to attract and retain qualified professional staff generally may significantly interfere with the Issuer's business and could result in a material adverse effect on the Issuer's business, results, operations, reputation or financial condition.

The Issuer is subject to the risk of failure of its IT systems and breaches of its security systems

Various external events beyond the Issuer's control and the control of its management, could have a major impact on the Issuer's business, results, operations, reputation or financial condition. Examples of such events are natural catastrophes, war, vandalism and terrorist attacks. The Issuer has contingency plans, intended to ensure its capacity to maintain services with, and the confidence of its clients and other counterparties should a serious situation arise. However, the Issuer's contingency plans may fail, which could result in a material adverse effect on the Issuer's business, results, operations, reputation and financial condition.

The Standard Bank Group Limited ("SBGL") may not provide support to the Issuer

The Issuer is the principal non-African operating subsidiary of SBGL (and together with its subsidiaries the "**Standard Bank Group**"), a leading South African banking and financial services organisation. SBGL has undertaken, by way of a statement of support, to ensure that, except in the case of political risk, the Issuer is able to meet its contractual liabilities. Noteholders should be aware that the statement of support does not constitute a legal guarantee by the Standard Bank Group and is not legally enforceable by Noteholders. There is no certainty that the Standard Bank Group would be able to assist the Issuer were the Issuer unable to pay any amounts due to Noteholders.

The interests of SBGL may conflict with those of Noteholders

SBGL is the Issuer's ultimate beneficial 100 per cent. shareholder. As a result, SBGL is able to exert influence over actions requiring shareholder approval. If circumstances were to arise where the interests of SBGL conflict with the interests of the Noteholders, Noteholders could be disadvantaged if SBGL seeks to take actions contrary to Noteholders' interests.

The Issuer enters into related party transactions with other entities forming part of the Standard Bank Group

The Issuer enters into related party transactions with other entities forming part of the Standard Bank Group. These related party transactions are entered into in the course of banking operations, including lending, acceptance of interbank deposits and corresponding banking transactions. The transactions are priced at the prevailing market rates at the time of the transactions. A significant portion of this activity involves the placement of excess liquidity by other entities with the Issuer. The Issuer also advances funds to other group entities, as part of normal activity. See "Related Party Transactions".

The Issuer could be adversely affected by an order made under the Banking Act 2009

Actions may be taken by the Treasury and the Bank of England under Part 1 of the Banking Act 2009 (the "**Act**") pursuant to the special resolution regime instituted to address a situation where a UK bank (a UK institution with permission to accept deposits under the Financial Services and Markets Act 2000) (the "**UK Bank**") is likely to encounter financial difficulties. The Act gives the Treasury and the Bank of England certain wide powers to support the implementation of the stabilisation measures contemplated by the Act.

These powers, which apply regardless of any contractual restrictions, include (a) power to issue share transfer instruments and/or orders pursuant to which there may be transferred to a commercial purchaser or a nominee of or a company wholly owned by the Treasury, all or some of the securities issued by a UK Bank or its UK holding company. The share transfers can extend to a wide range of "Securities" including shares and bonds issued by the UK Bank or its UK holding company and warrants for such and also deferred shares or private membership rights in a building society and (b) the power to transfer all or some of the property, rights and liabilities of a UK Bank or a building society to a commercial purchaser or Bank of England entity. In certain circumstances encumbrances and trusts can be over-reached or varied. Power also exists to override any default provisions in transactions otherwise affected by these powers. Compensation may be payable in the context of share transfer instruments and/or orders and property transfer instruments. In the case of share transfers any compensation will be paid to the person who held the security immediately before the transfer, who may not be the encumbrancer. The Act also includes provisions relating to two new insolvency procedures which may be commenced by specified UK authorities (bank insolvency and bank administration).

The Act also vests power in the Bank of England (amongst other things) to override, vary or impose contractual obligations between the UK Bank or its UK holding company and its former group undertakings (as defined in the Act), for reasonable consideration, in order to enable any transferee or successor bank of the UK Bank, or its UK holding company, to operate effectively. There is also power for the Treasury to amend the law (save for a provision made by or under the Act) by order for the purpose of enabling it to use the special resolution regime powers effectively, potentially with retrospective effect.

Risk factors relating to the Notes

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme.

Risks relating to the Notes generally

Noteholders may receive back less than their original invested amount

A Noteholder could obtain a lower return on the Notes than its original invested amount, and such return could be as low as zero, if any one or more of the following events occurs:

- (1) the terms of the relevant Notes do not provide for full repayment of the initial purchase price upon final maturity and/or mandatory early redemption of such Notes and the relevant underlying asset(s) perform in such a manner that the final redemption amount and/or mandatory early payment amount is less than the initial purchase price. The pay-out formula of the relevant Notes will either provide for full or partial "principal protection" or not. Investors in Notes that are not principal protected risk losing their entire investment if the value of the underlying asset(s) does not move in the anticipated direction. Investors in Notes that are principal protected may still be subject to loss of some

or all of their investment if the Notes are not fully "principal protected" or in the circumstances described in (2), (3), (4) and (5) below and may not receive any value for the time for which their money is invested;

(2) the Issuer fails or goes bankrupt or otherwise defaults on its obligations under the relevant Notes;

(3) the terms of the relevant Notes are subject to an unscheduled early redemption (e.g. for change of applicable law or due to an event in relation to the relevant underlying asset(s)) and the early redemption amount or physical settlement amount is less than the original invested amount;

(4) the Notes are not held to maturity by the Noteholder and the price received by the Noteholder for a secondary market sale is less than the original invested amount; or

(5) the terms and conditions of the Notes are adjusted in a materially adverse way (in accordance with the terms and conditions of the Notes).

The Notes are not secured and the Noteholders have no claim on an underlying asset

The obligations of the Issuer are not secured. Notwithstanding that the relevant Notes may be linked to the performance of one or more underlying assets, the Notes do not represent a claim against any underlying assets and holders (as defined in "Terms and Conditions of the Notes") of such Notes will not have any right of recourse under the Notes to any such underlying assets (or any issuer, sponsor, manager or other connected person in respect of an underlying asset). The Notes are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an underlying asset and such entities have no obligation to take into account the consequences of their actions on any Noteholders. The Issuer shall not be required to hold any underlying assets.

The Notes may be redeemed prior to maturity for tax reasons

In the event that the Issuer would be obliged to withhold or deduct amounts for or on account of tax from the amounts payable in respect of any Notes, or would suffer tax in respect of its income so that it is not able to pay in full amounts due in respect of the Notes, the Issuer may redeem all outstanding Notes in accordance with the terms and conditions (the "**Conditions**") of the Notes. It should be noted, however, that the Issuer is not required to pay any additional amounts in respect of such withholding or deduction. See also "U.S. Tax Legislation".

Taxation and no gross-up

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. As noted above, in the event that any withholding tax or deduction for tax is imposed on payments of interest or principal on the Notes, the Noteholders (as defined in "Terms and Conditions of the Notes") will not be entitled to receive grossed-up amounts to compensate for such withholding tax and no Event of Default shall occur as a result of any such withholding or deduction.

Modification and waivers - Notes may be amended without the consent of the holders or with the consent of only some of the holders binding all of the holders of Notes

Subject as provided below, the Conditions of the Notes may be amended by the Issuer without the consent of the Noteholders if the amendment:

- (a) is of a formal, minor or technical nature; or
- (b) is made to cure a manifest or proven error; or
- (c) is made to cure any ambiguity or is made to correct or supplement any defective provisions of the Notes or the Deed of Covenant (as applicable); or
- (d) will not materially and adversely affect the interests of the holders of the Notes or (if applicable) any Couponholders or Receipholders.

In addition, other changes may be made to the Conditions of the Notes with the consent of the Noteholders. The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider specific matters affecting their interests. In order to make such changes, the Issuer requires the consent of up to 75 per cent. of holders. Any dissenting holders will be bound by such changes. Therefore the Issuer may be able to make a change which certain holders have voted against if up to 75 per cent. of the holders of the entire series of Notes have approved the change.

Legality of purchase

The Issuer does not have nor does it assume responsibility for the lawfulness of a prospective investor's acquisition of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different) or the compliance by that prospective investor with any law, regulation or regulatory policy applicable to it. A prospective investor of Notes may not rely on the Issuer in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Risk of holding an amount of Notes that is not equal to one or more Specified Denominations

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations. The inability to obtain a definitive Note due to this minimum denomination requirement may mean that Bearer Notes may be considered to be registered for U.S. tax purposes.

Risks relating to the clearing systems

Because the Global Notes and Global Certificates are held by or on behalf of Euroclear, Clearstream, Luxembourg and DTC, investors will have to rely on their procedures for transfer, payment and communication with the Issuer.

European Union Savings Tax Directive

Under the EU Savings Tax Directive (as defined in "Taxation – EU Savings Tax Directive") each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income payments ("**Savings Income**") made by a person within its jurisdiction to, or collected by such a person for, an individual or to certain non-corporate entities, resident in that other Member State (interest payments on the Notes will for these purposes be Savings Income). However, for a transitional period, Austria and Luxembourg are instead applying a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries including Switzerland and certain dependent or associated territories of certain Member States have adopted and implemented similar measures (either provision of information or transitional withholding) in relation to payments of Savings Income made by a person within its jurisdiction to an individual, or to certain non-corporate entities, resident in a Member State.

In addition, Member States have entered into reciprocal arrangements with certain of those non-EU countries and dependent or associated territories of certain Member States in relation to payments of Savings Income made by a person in a Member State to an individual, or to certain non-corporate entities, resident in certain dependent or associated territories or non-EU countries.

Where an individual Noteholder receives a payment of Savings Income from any Member State or dependent or associated territory employing the withholding arrangement, the individual Noteholder may be able to elect not to have tax withheld. The formal requirements may vary slightly from jurisdiction to jurisdiction. They generally require the individual Noteholder to produce certain information (such as his tax number) and consent to details of payments and other information being transmitted to the tax authorities in his home state. Provided that the other Tax Authority receives all

of the necessary information the payment will not suffer a withholding under the EU Savings Tax Directive or the relevant law conforming with the directive in a dependent or associated territory.

The EU Savings Tax Directive has been the subject of a review which has resulted in a series of proposals being put forward to amend the EU Savings Tax Directive. Any changes could apply to Notes that have already been issued at the date of the amendment of the EU Savings Tax Directive.

Change in Tax law

Tax law and practice is subject to change, possibly with retrospective effect, and this could adversely affect the value of the Notes to the Noteholders and/or the market value of the Notes. Any such change may (i) cause the tax treatment of the relevant Notes to change from what the investor understood the position to be at the time of purchase; (ii) render the statements in this Base Prospectus or the relevant Final Terms concerning relevant tax law and practice in relation to Notes under the Programme to be inaccurate or to be inapplicable in some or all respects to certain Notes or to not include material tax considerations in relation to certain Notes; or (iii) give the Issuer the right to redeem the Notes. See for example potentially important tax changes discussed in "NEW U.S. TAX LEGISLATION". **Prospective purchasers of any Notes should consult their own tax advisers in relevant jurisdictions about the tax implications of holding any Note and of any transaction involving any Note.**

U.S. Tax Legislation

The Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of (i) any Notes issued or materially modified on or after 1 January 2013 and (ii) any Notes which are treated as equity for U.S. federal tax purposes, whenever issued, pursuant to the Foreign Account Tax Compliance Provisions ("FATCA") of the Hiring Incentives to Restore Employment Act of 2010. This withholding tax may be triggered if (i) the Issuer is a foreign financial institution ("FFI") (as defined in FATCA) which enters into and complies with an agreement with the U.S. Internal Revenue Service ("IRS") to provide certain information on its account holders (making the Issuer a "Participating FFI"), (ii) the Issuer has a positive "passthru percentage" (as defined in FATCA), and (iii)(a) an investor does not provide information sufficient for the relevant Participating FFI to determine whether the investor is subject to withholding under FATCA, or (b) any FFI through which payment on such Notes is made is not a Participating FFI or otherwise exempt from FATCA withholding. The application of FATCA to interest, principal or other amounts paid with respect to the Notes is not clear. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of FATCA, none of the Issuer, any paying agent or any other person would, pursuant to the Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, investors may, if FATCA is implemented as currently proposed by the IRS, receive less interest or principal than expected. Holders of the Notes should consult their own tax advisers on how these rules may apply to payments they receive under the Notes. The application of FATCA to Notes issued or materially modified on or after 1 January 2013 (or whenever issued, in the case of Notes treated as equity for U.S. federal tax purposes) may be addressed in relevant Final Terms or a supplementary prospectus to this Prospectus, as applicable.

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE ISSUER, THE NOTES AND THE HOLDERS IS UNCERTAIN AT THIS TIME. EACH HOLDER OF NOTES SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT EACH HOLDER IN ITS PARTICULAR CIRCUMSTANCE.

Risks relating to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features. Prospective investors of Notes should be aware that the range of Notes that may be issued under the Programme is such that the following statements are not exhaustive with respect to the types of Notes that may be issued under the Programme and any particular Series of Notes may have additional risks associated with it that are not described below. Investment in the Notes may involve

complex risks related to factors which include equity market risks and commodity market risks and may include interest rate, foreign exchange and/or political risks.

The Notes may be subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate or the expected yield on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes redeemable at Noteholders' election

If a Noteholder gives notice to redeem Notes early, there may be a time lag between that notice and the time at which the applicable Redemption Amount is determined in that period. There could be substantial movements in the Redemption Amount, but the redemption notice once given may not be withdrawn.

Credit Linked Notes

Credit Risk on Reference Entity

The Issuer may issue Notes which are credit linked securities linked to the performance of one or more third parties (a "**Reference Entity**") and certain obligations of such Reference Entity. The likelihood of a Credit Event occurring in respect of a Reference Entity will generally fluctuate with, among other things, the financial condition and other characteristics of the Reference Entity, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. Investors should note that such Notes differ from ordinary debt securities issued by the Issuer in that the amount of principal and interest payable by the Issuer is dependent on whether a credit event in respect of the Reference Entity has occurred. In certain circumstances as detailed in the relevant Final Terms, the Notes will cease to bear interest meaning the amount paid to Noteholders on redemption could be less than their original investment amount and could be as low as zero.

Credit losses will be calculated for the purposes of the Notes irrespective of whether the Issuer or any of its affiliates has suffered an actual loss in relation to the Reference Entity or any obligations thereof. Neither the Issuer nor its affiliates is obliged to account for any recovery which it may subsequently make in relation to such Reference Entity or its obligations.

Investors should have sufficient knowledge and experience in financial and business matters to evaluate the merits and risks of investing in the Notes as well as access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation.

Limited Provision of information about Reference Entity and Conflicts of Interest

The Issuer has not provided nor will provide prospective investors of Notes with any information or advice with respect to the Reference Entity, nor has it made nor will it make any representation as to the credit quality of the relevant Reference Entity. The Issuer may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Reference Entity, which will not be disclosed to the holders of the Notes. The timing and limited scope of the information provided to Noteholders regarding the relevant Reference Entity and/or the occurrence of a Credit Event may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. In addition, the Issuer may have existing or future business relationships with the Reference Entity (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems necessary or appropriate to protect its interests arising therefrom without regard to the consequences for Noteholders.

No interest in obligations of Reference Entity

Furthermore, the Notes will not represent a claim against the Reference Entity and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Reference Entity.

Rights of the Calculation Agent and the Issuer

The Calculation Agent will exercise its rights under the terms of the Notes, including in particular the right to designate a Credit Event and the right to select obligations of the affected Reference Entity for valuation or delivery, in the interests of itself and of its affiliates, and not in the interests of investors in the Notes. The exercise of such rights in such manner, for example by the selection of the eligible obligations of the Reference Entity having the lowest possible market value, may result in an increased credit loss for holders of the Notes.

Until delivery of any Deliverable Obligation (as defined in "Credit Linked Derivatives Annex") is made to the relevant Noteholder, the Issuer or any person holding such asset on its behalf may amend the terms of such asset but is under no obligation to exercise any rights appertaining to such asset.

The Calculation Agent may require a Noteholder to provide a confidentiality undertaking prior to delivery of a Notice of Publicly Available Information (as defined in "Credit Linked Derivatives Annex"), failing which the Notice of Publicly Available Information shall not be required to be delivered to the Noteholder.

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on the Noteholders. In performing its duties pursuant to the Notes, the Calculation Agent shall act in its sole and absolute discretion and is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee (as defined in "Credit Linked Derivatives Annex"). In making any determinations expressed to be made by it, for example as to substitute Reference Obligations or Successors (as defined in "Credit Linked Derivatives Annex"), the Calculation Agent is under no obligation to the holders of the Notes, and will not be liable to account for any profit or other benefit which may accrue to it as a result of such determination.

The exercise of any option by the Issuer or determination by the Issuer of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Issuer shall be final and binding on the Noteholders and shall not be required to be notified to the Calculation Agent or the Noteholders. The Issuer shall act in its sole and absolute discretion and is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee.

Credit Observation Period

Holders of the Notes may suffer a loss of some or all of the principal amount of the Notes in respect of one or more Credit Events (as defined in "Credit Linked Derivatives Annex") that occur on or after the Credit Event Backstop Date (as defined in "Credit Linked Derivatives Annex") which may fall prior to the Trade Date or the Issue Date. Neither the Calculation Agent or the Issuer nor any of their respective affiliates has any responsibility to avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date (being a date specified in the Final Terms or, as applicable, the Additional Conditions relating to the Notes) or the Issue Date (being a date specified in the Final Terms).

Deferral of Payments

In certain circumstances - for example where a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, where a potential Credit Event exists as at the scheduled maturity of the Notes, or pending a resolution of a Credit Derivatives Determinations Committee payment of the redemption amount of the Notes and/or interest on the Notes may be deferred for a material period in whole or part without compensation to the holders of the Notes.

Valuation

If the Notes are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained will be "bid-side" - that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations will be deemed to be zero in the event that no such quotations are available.

Where credit losses are determined on the basis of a market protocol, such losses may be greater than the losses which would have been determined in the absence of such protocol. If the Issuer, the Calculation Agent or any affiliate thereof participates in any auction for the purposes of such a protocol, then it will do so without regard to the interests of the holders of the Notes. Such participation may have a material effect on the outcome of the relevant auction.

"Cheapest-to-Deliver" risk

Since the Calculation Agent has discretion to choose the portfolio of obligations to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations selected will be obligations of the Reference Entity with the lowest market value that are permitted to be selected pursuant to the Notes. This could result in a lower recovery value and hence greater losses for investors in the Notes.

Credit Derivatives Determination Committee and Market Auctions

The institutions on the Credit Derivatives Determinations Committee owe no duty to the Noteholders and have the ability to make determinations that may materially affect the Noteholders, such as the occurrence of a Credit Event or a Succession Event. The Credit Derivatives Determinations Committee will be able to make determinations without action or knowledge of the Noteholders.

Noteholders will have no role in the composition of the Credit Derivatives Determinations Committee. Separate criteria apply with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committee and the Noteholders will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committee will change from time to time in accordance with the Rules (as defined in "Credit Linked Derivatives Annex"), as the term of an institution may expire or an institution may be required to be replaced. The Noteholders will have no control over the process of selecting institutions to participate on the Credit Derivatives Determinations Committee and, to the extent provided for in the Notes will be subject to the determinations made by such selected institutions in accordance with the Rules.

Noteholders will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committee or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committee and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committee do not owe any duty to the Noteholders and the Noteholders will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Noteholders should also be aware that institutions serving on the Credit Derivatives Determinations Committee have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committee is not obligated to follow previous determinations and, therefore, could reach a conflicting determination on a similar set of facts. If the Issuer or the Calculation Agent or any of their respective affiliates serve as a member of the Credit Derivatives Determinations Committee at any time, then they will act without regard to the interests of the Noteholders.

Noteholders are responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committee. Notices of questions referred to the Credit Derivatives Determinations Committee, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective affiliates shall be obliged to inform the Noteholders of such information (other than as expressly provided in respect of the Notes). Failure by the Noteholders to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the Notes and Noteholders are solely responsible for obtaining any such information.

Investors should read the Credit Derivatives Determinations Committees Rules set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) as they exist as of the date of this Prospectus, and reach their own views prior to making any investment decisions. Investors should however note that the Rules may be amended from time to time without the consent or input of the Noteholders and the powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result.

If a Credit Derivatives Determinations Committee publishes auction settlement terms in respect of a Reference Entity (and the relevant seniority of the Reference Obligation), then the Calculation Agent may elect to determine the Final Price (as defined in "Credit Linked Derivates Annex") of the Reference Obligation in accordance with such auction settlement terms to be consistent with the provisions of such auction settlement terms. The losses determined pursuant to a market auction process may be greater than the losses which would have been determined in the absence of the auction. In particular, the auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Auctions may be conducted by ISDA or by a relevant third party. Neither the Calculation Agent, the Issuer nor any of their respective affiliates has any responsibility for verifying that any auction price is reflective of current market values for establishing any auction methodology or for verifying that any auction has been conducted in accordance with its rules. If the Calculation Agent or the Issuer or any of their respective affiliate thereof participates in any auction for the purposes of such an auction, then it will do so without regard to the interests of the holders of the Notes. Such participation may have a material effect on the outcome of the relevant auction.

Modification of the terms of the Notes

The Calculation Agent may, following its determination that there has been a change in the prevailing market standard terms or market trading conventions that affects any hedging transaction, (such as, for example, but without limitation, if ISDA publishes changes to the standard terms on which credit default swap contracts affecting a Reference Entity are traded in the over-the-counter market or if the Credit Derivatives Determinations Committee amends the terms of the Credit Derivatives Determinations Committees Rules) modify the terms of the Notes to the extent necessary to preserve any consistency between the Notes and such market standard terms or market trading conventions.

Variable Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest on the Notes determined by reference to a variable or formula, to changes in the prices of securities, indices or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may also issue Notes with principal or interest on the Notes payable in one or more currencies, which is different from the currency in which the Notes are denominated. Prospective investors should be aware that as a result:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time than expected;
- (iv) they may lose all or a substantial portion of their initial investment amount;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;

(vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and

(vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Before buying Notes, prospective investors should carefully consider, among other things, (i) the trading price of the Notes, (ii) the value and volatility of the Relevant Factor, (iii) the probable range of final redemption amounts, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the securities, indices or commodities and (vii) any related transaction costs. Past performance of the Relevant Factor cannot be considered to be either a guarantee of, or necessarily a guide to, future performance.

The Issuer has not provided nor will provide prospective investors of Notes with any information or advice with respect to the Relevant Factor and will make no representation or warranty about, or guarantee of, the performance of the Relevant Factor.

Index Linked Notes

The Issuer may issue Notes with principal or interest on the Notes determined by reference to the value of an equity index or to a basket of equity indices. The market value for the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer and the value of the equity index or indices, as appropriate, including but not limited to, the volatility of the equity index or indices, as appropriate, the dividend rate on the shares comprising the equity index or indices, as appropriate, the financial results and prospects of the relevant share issuers comprising the equity index or indices, as appropriate, market interest and yield rates and the time remaining to any redemption date or the maturity date. In addition, the value of the equity index or indices, as appropriate, will depend on a number of inter-related factors, including economic, financial and political events in countries where the relevant share issuers operate and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the shares are traded. The price at which a Noteholder will be able to sell Notes prior to maturity may be at a discount, which could be substantial, from the accreted principal amount thereof, if, at such time, the market price of the indices is below, equal to or not sufficiently above the market price of the indices at the Issue Date of the Notes.

The rules governing the composition and calculation of the relevant underlying Index might stipulate that dividends distributed on its components do not lead to a rise in the index level, for example, if it is a "price" index, which may lead to a decrease in the index level if all other circumstances remain the same. As a result, in such cases the holders of Notes in respect of which an underlying asset is such an Index will not participate in dividends or other distributions paid on the components comprising the Index. Even if the rules of the relevant underlying Index provide that distributed dividends or other distributions of the components are reinvested in the Index and therefore result in raising its level, in some circumstances the dividends or other distributions may not be fully reinvested in such Index.

The Issuer will not provide prospective investors of Notes with any information or advice with respect to the equity index or indices, as appropriate, and shall make no representation as to the credit quality of the share issuers comprising an index. The Issuer will make no representation or warranty about, or guarantee of, the performance of the equity index or indices, as appropriate. Past performance of the equity index or indices, as appropriate, cannot be considered to be either a guarantee of, or necessarily a guide to, future performance.

Before buying Notes, prospective investors should carefully consider, among other things, (i) the trading price of the Notes, (ii) the value and volatility of the equity index or indices, as appropriate, (iii) the probable range of redemption amounts, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the equity index or indices, as appropriate, and (vii) any related transaction costs.

Equity Linked Notes

The Issuer may issue Notes with principal or interest on the Notes determined by reference to the value of shares of an individual company or to a basket of shares of several companies. The market value for

the Notes which reference shares will be affected by a number of factors independent of the creditworthiness of the Issuer and the value of the shares, including but not limited to, the volatility of the shares, the dividend rate on the shares, the financial results and prospects of the relevant share issuer, market interest and yield rates and the time remaining to any redemption date or the maturity date. In addition, the value of the shares will depend on a number of inter-related factors, including economic, financial and political events in countries where the relevant share issuer operates and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the shares are traded. The price at which a Noteholder will be able to sell Notes prior to maturity may be at a discount, which could be substantial, from the accreted principal amount thereof, if, at such time, the market price of the shares is below, equal to or not sufficiently above the market price of the shares at the Issue Date of the Notes.

The Issuer may issue Notes with principal or interest on the Notes determined by reference to the value of depositary receipts that represent capital stock of an underlying share issuer. The market value for the Notes which reference depositary receipts will be affected by a number of factors independent of the creditworthiness of the Issuer and the value of the depositary receipts, including but not limited to, the volatility of the depositary receipts, the financial results and prospects of the relevant underlying share issuer, market interest and yield rates and the time remaining to any redemption date or the maturity date. The legal owner of the underlying shares is the custodian bank which at the same time is the issuing agent of the depositary receipts. Depending on the jurisdiction under which the depositary receipts have been issued and the jurisdiction to which the custodian agreement is subject, it is possible that the corresponding jurisdiction would not recognise the purchaser of the depositary receipts as the actual beneficial owner of the underlying shares. Particularly in the event that the custodian becomes insolvent or that enforcement measures are taken against the custodian, it is possible that an order restricting free disposition could be issued with respect to the underlying shares or that such shares are realised within the framework of an enforcement measure against the custodian. If this is the case, the holder of the depositary receipt loses the rights under the underlying shares and the Notes would become worthless. Depositary receipts often represent shares of underlying share issuers based in emerging market jurisdictions.

The Issuer will not provide prospective investors of Notes with any information or advice with respect to the shares or the share issuer(s), or the depositary receipts, as the case may be, and shall make no representation as to the credit quality of the share issuer(s). The Issuer will make no representation or warranty about, or guarantee of, the performance of the shares or the depositary receipts, as the case may be. Past performance of the shares, or the depositary receipts, as the case may be, cannot be considered to be either a guarantee of, or necessarily a guide to, future performance.

Before buying Notes, prospective investors should carefully consider, among other things, (i) the trading price of the Notes, (ii) the value and volatility of the shares, (iii) the probable range of redemption amounts, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the shares and (vii) any related transaction costs.

Physical Delivery of Shares

The Issuer may issue Notes which shall, in the case of physically-settled equity linked Notes, or may, in the case of reverse convertible Notes, be redeemable by the Issuer by delivery of a share amount. There is no assurance that the value of the shares received by Noteholders will not be less than the nominal amount of the Notes. Accordingly, investment in the Notes will bear the negative market risk of a direct equity investment and prospective investors should take advice accordingly.

In the event that the Issuer redeems the Notes by the delivery of a share amount, there may be a time lag before the date on which the Noteholders are registered as shareholders of the shares. In such event Noteholders may receive the relevant shares later than they might otherwise anticipate.

Commodity Linked Notes

The Issuer may issue Notes with principal or interest on the Notes determined by reference to the value of a commodity or to a basket of commodities or an index of commodities. Commodities comprise both (i) physical commodities that need to be stored and transported, and which are generally traded at a "spot" price, and (ii) futures contracts that are agreements either to (a) buy or sell a fixed amount of

an underlying physical commodity at a predetermined price and delivery date, or (b) make and receive a cash payment based upon changes in the price of the underlying physical commodity.

The performance of futures contracts are correlated with, but may be different to, the performance of physical commodities. Futures contracts are normally traded at a discount or a premium to the spot prices of the physical commodity. The difference between the spot prices of the physical commodities and the futures prices of the futures contracts, is, on one hand, due to adjusting the spot price by related expenses (warehousing, transport, insurance, etc.) and, on the other hand, due to different methods used to evaluate general factors affecting the spot and the futures markets. In addition, and depending on the commodity, there can be significant differences in the liquidity of the spot and the futures markets.

The prices of commodities may be subject to significant fluctuations and may be volatile, for example, commodity prices may fluctuate substantially if natural disasters or catastrophes, such as hurricanes, fires or earthquakes, affect the supply or production of such commodities. The price of commodities may also fluctuate substantially if a conflict or war affects the supply or production of such commodities. The commodity markets are also subject to temporary distortions or other disruptions due to various factors, including the lack of liquidity in the markets and government regulation and intervention. In addition, U.S. futures exchanges and some foreign exchanges have regulations that limit the amount of fluctuation in futures prices which may occur during a single business day. These limits are generally referred to as "daily price fluctuation limits" and the maximum or minimum price of a contract on any given day as a result of these limits is referred to as a "limit price". Once the limit price has been reached in a particular contract, trading in the contract will follow the regulations set forth by the trading facility on which the contract is listed. Limit prices may have the effect of precluding trading in a particular contract, which could adversely affect the value of a futures contract.

The Issuer may issue Notes with principal or interest on the Notes determined by reference to the value of commodity indices, which are indices that track the performance of a basket of futures contracts on certain commodities. The weighting of the respective commodities included in a commodity index will depend on the particular index, and is generally described in the relevant index rules of the index.

Futures contracts have a predetermined expiration date, i.e. a date on which trading of the futures contract ceases. Holding a futures contract until expiration will result in delivery of the underlying physical commodity or the requirement to make or receive a cash settlement. Alternatively, "rolling" the futures contract means that the futures contract that is nearing expiration (the "**near-dated futures contract**") is sold before it expired and a futures contract that has an expiration date further in the future (the "**longer-dated futures contract**") is purchased. Commodity indices apply "rolling" of the component futures contracts in order to maintain an ongoing exposure to such commodities. Specifically, as a futures contract is required to be rolled pursuant to the relevant index rules, the commodity index is calculated as if exposure to the futures contract was liquidated and exposure was taken to another (generally longer-dated) futures contract for an equivalent exposure.

"Rolling" can affect the level of a commodity index in a number of ways, including:

(x) The sensitivity of the overall level of a commodity index to particular futures contracts may be increased or decreased through "rolling". Where the price of a near-dated futures contract is greater than the price of the longer-dated futures contract (the commodity is said to be in "**backwardation**"), then "rolling" from the former to the latter will result in exposure to a greater number of the longer-dated futures contract being taken. Therefore, any loss or gain on the new positions for a given movement in the prices of the futures contract will be greater than if the commodity index had synthetically held the same number of futures contracts as before the "roll". Conversely, where the price of the near-dated commodity contract is lower than the price of the longer-dated futures contract (the commodity is said to be in "**contango**"), then "rolling" will result in exposure to a smaller number of the longer-dated futures contract being taken. Therefore, any gain or loss on the new positions for a given movement in the prices of the futures contract will be less than if the commodity index had synthetically held the same number of futures contracts as before the "roll".

(y) Where a futures contract is in contango (or, alternatively, backwardation) such may be expected to (though it may not) have a negative (or, alternatively, positive) effect over time: Where a futures contract is in "contango", then the price of the longer-dated commodity contract will generally be expected to (but may not) decrease over time as it nears expiry. In such event, "rolling" can generally be expected to have a negative effect on the relevant commodity contract. Where a

commodity is in "backwardation", then the price of the longer-dated commodity contract will generally be expected to (but may not) increase over time as it nears expiry. In such event, the investment in the relevant commodity contract can generally be expected to be positively affected.

In the case of commodity linked Notes which are linked to a commodity which is a commodity contract, the referenced commodity contract will simply be changed without liquidating or entering into any positions in the commodity contracts. Accordingly, the effects of "rolling" described above do not apply directly on the underlying asset and the Notes. Thus, an investor will not participate directly in possible effects of "rolling". However, other market participants may act in accordance with the mechanism of "rolling" and such behaviour may have an indirect adverse impact on the value of the underlying asset of the Notes.

Commodity indices are indices which track the performance of a basket of commodity contracts on certain commodities, depending on the particular index. The weighting of the respective commodities included in a commodity index will depend on the particular index, and is generally described in the relevant index rules of the index. Commodity indices apply "rolling" of the component commodity contracts in order to maintain an ongoing exposure to such commodities. Specifically, as a commodity contract is required to be rolled pursuant to the relevant index rules, the commodity index is calculated as if exposure to the commodity contract was liquidated and exposure was taken to another (generally longer-dated) commodity contract for an equivalent exposure. Accordingly, the same effects as described above with regard to "rolling" on the value of a commodity underlying asset also apply with regard to the index level of a commodity index.

Commodities are subject to legal and regulatory regimes that may change in ways that could affect the ability of the Issuer and/or any entities acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations in relation to the Notes to hedge the Issuer's obligations under the Notes, and/or could lead to the early redemption of the Notes.

Commodities are subject to legal and regulatory regimes in the United States and, in some cases, in other countries that may change in ways that could negatively affect the value of the Notes. The United States recently enacted into law the Dodd-Frank Wall Street Reform and Consumer Protection Act ("**Dodd-Frank**"), which provides for substantial changes to the regulatory scheme governing the trading of futures contracts. Among other things, Dodd-Frank requires the Commodity Futures Trading Commission ("**CFTC**") to adopt regulations imposing limits on positions in all commodities, and across all markets, with some exceptions for positions held for hedging purposes. Dodd-Frank also potentially increases the level of regulation to which market participants are subject. The CFTC has not yet proposed regulations on these issues under Dodd-Frank and it is not possible to determine the effect that Dodd-Frank and the CFTC's regulations will have on the futures markets and their participants. However, the regulations will most likely increase the costs associated with the trading of futures contracts and limit the size of positions that can be held by traders. These factors could in turn result in reductions in market liquidity and increases in market volatility, which could adversely affect the performance of the futures contracts and/or underlying commodities.

The price at which a Noteholder will be able to sell Notes prior to maturity may be at a discount, which could be substantial, from the accreted principal amount thereof, if, at such time, the price of the commodities, or the level of the commodity index, as the case may be, is below, equal to or not sufficiently above the price of the commodities, or the level of the commodity index, as the case may be, at the Issue Date of the Notes.

The Issuer will not provide prospective investors of Notes with any information or advice with respect to the commodities or the commodity index, as the case may be. The Issuer will make no representation or warranty about, or guarantee of, the performance of the commodities or the commodity index, as the case may be. Past performance of the commodities or the commodity index, as the case may be, cannot be considered to be either a guarantee of, or necessarily a guide to, future performance.

Before buying Notes, prospective investors should carefully consider, among other things, (i) the trading price of the Notes, (ii) the value and volatility of the commodities or the commodity index, as the case may be, (iii) the probable range of redemption amounts, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the commodities and (vii) any related transaction costs.

Emerging Markets Index Linked Notes

The Issuer may issue Notes which are index linked securities linked to the value of an equity index or a basket of equity indices, in each case where the shares comprising the index or indices are issued by a company or companies incorporated in an emerging market.

The risks described in relation to index linked Notes above will be equally applicable to emerging markets index linked Notes. However, the terms of the emerging markets index linked Notes carry additional risks, which include those described below.

Redemption proceeds based on proceeds of unwinding hedge less fees

The amount payable on redemption of the Notes is based on the amount that a Hypothetical Broker Dealer (as defined in "Emerging Markets Index Linked Derivatives Annex") would realise in unwinding the hedge positions it had entered into to hedge its risks in respect of the Notes. This may be less than the apparent market value of the index or indices underlying the Notes due to a number of factors, including illiquidity. In addition, various fees and costs will be deducted from the redemption proceeds as more particularly set out in "Emerging Markets Index Linked Derivatives Annex". These include any costs and taxes which would be incurred by a Hypothetical Broker Dealer in unwinding the hedge positions together with the Issuer's reasonable and good faith estimate of any taxes which may be incurred by the Issuer following redemption of the Notes in relation to any hedge position it may have entered into in respect of the Notes.

Maturity date may be postponed if hedges take longer than anticipated to unwind

Any date on which the Notes are due to be redeemed in whole or in part may be postponed if the Issuer determines that the period which would be required by a Hypothetical Broker Dealer to unwind its related hedge positions would be longer than the unwind period which was anticipated by the Issuer on the Issue Date. The Issuer will not compensate the Noteholders for any costs or losses incurred as a result of such a delay.

Risks associated with emerging markets

There are additional risks associated with the fact that the shares comprised in the index or indices underlying the Notes are issued by entities, and listed on exchanges, located in emerging market jurisdictions. Emerging market shares are often more volatile than non-emerging market shares and the value of the shares can be adversely affected by political, physical, geographical or financial instability in the relevant jurisdiction. At any time there may be only a very limited or no market for the shares. This will have a materially detrimental effect on the market value of the Notes. If this happens during an unwind period, the amount which Noteholders receive at redemption will be significantly reduced.

The Notes contain various triggers in respect of emerging markets related risks, set out in the section "Change in Market Conditions Events" (as set out in "Emerging Markets Index Linked Derivatives Annex"). The occurrence of any of these triggers could result in the terms of the Notes being altered, the Notes being redeemed early or redeemed in an amount which is significantly less than originally invested (and in certain circumstances, zero).

In addition, the currency in which the shares comprised in the index or indices are denominated is likely to be different from the currency in which payments are made under the Notes. There are additional risks associated with emerging markets currencies, including the volatility of the exchange rate and the increased likelihood that the Issuer will encounter difficulties in carrying out the relevant currency conversions or extracting currency from the emerging market jurisdiction. The Notes provide protections for the Issuer in such circumstances, which protections may result in either delays in the Noteholders receiving payments under the Notes or payments being made in the emerging markets currency rather than the currency in which the Notes are denominated.

If, in the period leading up to the scheduled maturity date of the Notes, the Issuer determines that a Hypothetical Broker Dealer would not be able to unwind all of its hedge positions in respect of the Notes, the Issuer can elect to replace some or all of the redemption proceeds with delivery of the relevant shares (being shares comprised in the index or indices underlying the Notes) themselves. If the Issuer elects to follow this route, it will notify the Noteholders in accordance with the notice provisions of the Notes. The Noteholders must, within three months of such a notification, provide the Issuer with

certain information and pay to the Issuer certain delivery costs. If a Noteholder fails to comply with the Delivery Conditions (as defined in "Emerging Markets Index Linked Derivatives Annex"), such Noteholder will permanently lose all of its rights to the shares or the redemption proceeds represented by those shares and the Issuer shall have no further obligations in respect of the Notes held by such Noteholder.

Stop Loss Event

If the level of the index falls by 90 per cent. or more as compared with the level on the Issue Date (or such other percentage as may be specified in the relevant Final Terms), the Issuer is entitled to elect to redeem the Notes prior to the scheduled maturity date and the amount which Noteholders receive in such event may be significantly less than originally invested. The Issuer will not compensate the Noteholders for any losses or costs incurred as a result of such early redemption.

Emerging Markets Equity Linked Notes

The Issuer may issue Notes which are equity linked securities linked to the value of shares in an individual company or a basket of shares of several companies, in each case where the company or companies are incorporated in an emerging market.

The risks described in relation to equity linked Notes above will be equally applicable to the emerging markets equity linked Notes. However, the terms of the emerging markets equity linked Notes carry additional risks, which include those described below.

Redemption proceeds based on proceeds of unwinding hedge less fees

The amount payable on redemption of the Notes is based on the amount that a Hypothetical Broker Dealer (as defined in "Emerging Markets Equity Linked Derivatives Annex") would realise in unwinding the hedge positions it had entered into to hedge its risks in respect of the Notes. This may be less than the apparent market value of the shares underlying the Notes due to a number of factors, including illiquidity. In addition, various fees and costs will be deducted from the redemption proceeds as more particularly set out in "Emerging Markets Equity Linked Derivatives Annex". These include any costs and taxes which would be incurred by a Hypothetical Broker Dealer in unwinding the hedge positions together with the Issuer's reasonable and good faith estimate of any taxes which may be incurred by the Issuer following redemption of the Notes in relation to any hedge position it may have entered into in respect of the Notes.

Maturity date may be postponed if hedges take longer than anticipated to unwind

Any date on which the Notes are due to be redeemed in whole or in part may be postponed if the Issuer determines that the period which would be required by a Hypothetical Broker Dealer to unwind its related hedge positions would be longer than the unwind period which was anticipated by the Issuer on the Issue Date. The Issuer will not compensate the Noteholders for any costs or losses incurred as a result of such a delay.

Risks associated with emerging markets

There are additional risks associated with the fact that the shares underlying the Notes are issued by entities, and listed on exchanges, located in emerging market jurisdictions. Emerging market shares are often more volatile than non-emerging market shares and the value of the shares can be adversely affected by political, physical, geographical or financial instability in the relevant jurisdiction. At any time there may be only a very limited or no market for the shares. This will have a materially detrimental effect on the market value of the Notes. If this happens during an unwind period, the amount which Noteholders receive at redemption will be significantly reduced. See also "There are significant risks in purchasing Notes which reference one or more emerging market Relevant Factor(s)" below.

The Notes contain various triggers in respect of emerging markets related risks, set out in the section "Change in Market Conditions Events" (as set out in "Emerging Markets Equity Linked Derivatives Annex"). The occurrence of any of these triggers could result in the terms of the Notes being altered, the Notes being redeemed early or redeemed in an amount which is significantly less than originally invested (and in certain circumstances, zero).

In addition, the currency in which the shares are denominated is likely to be different from the currency in which payments are made under the Notes. There are additional risks associated with emerging markets currencies, including the volatility of the exchange rate and the increased likelihood that the Issuer will encounter difficulties in carrying out the relevant currency conversions or extracting currency from the emerging market jurisdiction. The Notes provide protections for the Issuer in such circumstances, which protections may result in either delays in the Noteholders receiving payments under the Notes or payments being made in the emerging markets currency rather than the currency in which the Notes are denominated.

If, in the period leading up to the scheduled maturity date of the Notes, the Issuer determines that a Hypothetical Broker Dealer would not be able to unwind all of its hedge positions in respect of the Notes, the Issuer can elect to replace some or all of the redemption proceeds with delivery of the relevant shares themselves. If the Issuer elects to follow this route, it will notify the Noteholders in accordance with the notice provisions of the Notes. The Noteholders must, within three months of such a notification, provide the Issuer with certain information and pay to the Issuer certain delivery costs. If a Noteholder fails to comply with the Delivery Conditions (as defined in "Emerging Markets Equity Linked Derivatives Annex"), such Noteholder will permanently lose all of its rights to the shares or the redemption proceeds represented by those shares and the Issuer shall have no further obligations in respect of the Notes held by such Noteholder.

Stop Loss Event

If the closing price (on the relevant exchange) of the shares falls by 90 per cent. or more as compared with the price on the Issue Date (or such other percentage as may be specified in the relevant Final Terms), the Issuer is entitled to elect to redeem the Notes prior to the scheduled maturity date and the amount which Noteholders receive in such event may be significantly less than originally invested. The Issuer will not compensate the Noteholders for any losses or costs incurred as a result of such early redemption.

There are significant risks in purchasing Notes which reference one or more emerging market Relevant Factor(s)

Where the Conditions of the Notes reference one or more emerging market Relevant Factor(s), purchasers of such Notes should be aware that the political and economic situation in countries with emerging economies or stock markets may be undergoing significant evolution and rapid development, and such countries may lack the social, political and economic stability characteristics of more developed countries, including a significant risk of currency value fluctuation. Such instability may result from, among other things, authoritarian governments, or military involvement in political and economic decision-making, including changes or attempted changes in governments through extra-constitutional means; popular unrest associated with demands for improved political, economic or social conditions; internal insurgencies; hostile relations with neighbouring countries; and ethnic, religious and racial disaffections or conflict. Certain of such countries may have in the past failed to recognise private property rights and have at times nationalised or expropriated the assets of private companies. As a result, the risks from investing in those countries, including the risks of nationalisation or expropriation of assets, may be heightened. In addition, unanticipated political or social developments may affect the values of a Relevant Factor investment in those countries. The small size and inexperience of the securities markets in certain countries and the limited volume of trading in securities may make the Relevant Factor(s) illiquid and more volatile than investments in more established markets. There may be little financial or accounting information available with respect to local issuers, and it may be difficult as a result to assess the value or prospects of the Relevant Factor(s).

There is generally foreign exchange currency exposure in respect of Notes which provide payment to be made in a currency which is different to the currency of the Relevant Factor(s)

Where the Conditions of the Notes provide that payment under such Notes will be made in a currency which is different from the currency of the Relevant Factor, and such Notes do not have a "quanto" feature (i.e. a feature that hedges the currency risk), investors of such Notes may be exposed not only to the performance of the Relevant Factor but also to the performance of such foreign currency, which cannot be predicted. Investors should be aware that foreign exchange rates are, and have been, highly volatile and determined by supply and demand for currencies in the international foreign exchange

markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks (e.g. imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency). Foreign exchange fluctuations between an investor's home currency and the relevant currency in which the repayment amount of the Notes is denominated may affect purchasers who intend to convert gains or losses from the exercise or sale of Notes into their home currency.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risk factors relating to the market

The Issue Price of the Notes may be more than the market value of the Notes

The issue price in respect of any Notes may be more than the market value of such Notes as at the issue date, and more than the price, if any, at which the Notes may be sold in secondary market transactions. In particular, the issue price in respect of Notes may take into account amounts with respect to commissions relating to the issue and sale of such Notes and amounts relating to the hedging of the Issuer's obligations under such Notes.

The secondary market generally

The Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the specified currency in accordance with the Conditions of the Notes. This would present certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the specified currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the specified currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency relative to the specified currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or return on their initial invested amount than expected, or no interest or return on their initial invested amount.

Interest rate risk

Investment in floating rate Notes (being any Notes in respect of which the "Floating Rate Note Provisions" are specified to be applicable in the relevant Final Terms, (the "**Floating Rate Notes**")) and fixed rate Notes (being any Notes in respect of which the "Fixed Rate Note Provisions" are specified to be applicable in the relevant Final Terms, (the "**Fixed Rate Notes**")) involves the risk that subsequent changes in market interest rates may adversely affect the value of Floating Rate and Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign ratings to the Notes. The ratings may not reflect the potential impact of all risks related to the structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. The ratings may be lower were the statement of support from the Standard Bank Group not in place. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Risk factors relating to potential conflicts of interest

The Issuer and its affiliates may act in a number of capacities in respect of Notes issued under the Programme including, without limitation, Dealer and Calculation Agent. The Issuer and its affiliates acting in such capacities in connection with such Notes shall have only the duties and responsibilities expressly agreed to by such entities in the relevant capacity and shall not, by virtue of acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity.

As the Calculation Agent will generally be the Issuer or an affiliate, potential conflicts of interest may exist between the Calculation Agent and the investors, including with respect to the exercise of the very broad discretionary powers of the Calculation Agent. For example, the Calculation Agent has the authority (i) to determine whether certain specified events and/or matters so specified in the conditions relating to a Series of Notes have occurred and (ii) to determine any resulting adjustments and calculations or substitutions as described in such conditions. Potential investors should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Notes. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the relevant Issuer and all investors.

The Issuer or certain of its affiliates may from time to time, by virtue of its status as underwriter, advisor or otherwise, possess or have access to information relating to the Notes, the underlying asset(s) and any derivative securities referencing them. None of the Issuer or its affiliates will be obliged to disclose any such information to a purchaser of the Notes.

The Issuer and/or other affiliates may in the ordinary course of business: (i) effect transactions for its own account or for the account of its customers and hold long or short positions in the underlying asset(s) or related derivatives; (ii) in connection with an offering of Notes, enter into one or more hedging transactions with respect to the underlying assets(s) or related derivatives; and/or (iii) in connection with such hedging or market-making activities or with respect to proprietary or other trading activities, enter into transactions in the underlying asset(s) or related derivatives which may adversely (or positively) affect the price, liquidity or value of the relevant Notes and which could therefore be adverse to the interests of the relevant holders.

The Issuer and its affiliates in their various capacities in connection with the Notes may also enter into business dealings, from which they may derive revenues and profits in addition to any fees, without any duty to account therefor.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms (and any applicable schedule, annex or Part C thereto), shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Where there are references to Final Terms in these Terms and Conditions, these references shall be deemed to include references to Series Prospectus (as defined in the Base Prospectus in relation to the Notes) when applicable. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes.

The notes ("**Notes**") are issued in series (each a "**Series**") and each Series may comprise of one or more tranches ("**Tranches**" and each a "**Tranche**") of Notes. The Notes are issued with the benefit of an amended and restated deed of covenant (as amended or supplemented as at the Issue Date, the "**Deed of Covenant**") dated on or about 28 June 2012 executed by the Issuer. A Paying Agency Agreement (as amended or supplemented as at the Issue Date) dated on or about 28 June 2012 has been entered into in relation to the Notes between the Issuer and Deutsche International Corporate Services (Ireland) Limited as Paying Agent (the "**Paying Agent**"). All Tranches of Notes comprising the same Series will be subject to identical terms, other than in respect of the Issue Date or the Interest Commencement Date (each as specified in the applicable Final Terms). Each Series will be the subject of final terms (each a set of "**Final Terms**", which term also includes reference to Series Prospectus (as defined in the Base Prospectus relating to the Notes) when applicable) endorsed on the Notes, a copy of which will be available for inspection by any holder of such Notes at the specified UK office (as defined below).

References in these terms and conditions (the "**Conditions**") to "Notes" are to the Notes of one Series only, not to all Notes which may be issued under the Programme, and references to "Coupons" (as defined below) are to Coupons relating to Notes of the relevant Series.

Certain capitalised terms used in these Conditions are defined in Condition 4.11 (*Definitions*) and elsewhere in these Conditions. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes. References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 (*Redemption, Purchase Options and Physical Delivery*) or any amendment or supplement to it and (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 6 (*Payments*) or any amendment or supplement to it.

1. **Form, Denomination and Title**

1.1 **Form and Denomination**

The Notes are issued in bearer form ("**Bearer Notes**") or in registered form ("**Registered Notes**") in each case in the Specified Denomination(s) shown hereon provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, a Variable Linked Interest Note, a Variable Linked Redemption Note, an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown hereon.

1.2 **Bearer Notes**

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate talons) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Notes, the principal amount of which is repayable by instalments ("**Instalment Notes**") are issued with one or more Receipts attached.

1.3 **Registered Notes**

Registered Notes are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2.2 (*Exercise of Options or Partial Redemption in respect of Registered Notes*), each Certificate shall represent the entire holding of Registered Notes by the same holder.

1.4 **Title**

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register (the "**Register**") that the Issuer shall keep or shall procure to be kept by any person appointed as registrar and specified hereon (in that capacity, the "**Registrar**"). Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

2. **Transfers of Registered Notes**

2.1 **Transfer of Registered Notes**

The Final Terms may specify that the Registered Notes of any Series may be transferred only with the prior written consent of the Issuer and upon payment of such fees as may be specified. One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor provided that in the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes set out in the Schedule to the Deed of Covenant. The regulations may be changed by the Issuer, with the prior written approval of the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

2.2 **Exercise of Options or Partial Redemption in respect of Registered Notes**

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a

new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

2.3 **Delivery of New Certificates**

Each new Certificate to be issued pursuant to Condition 2.1 (*Transfer of Registered Notes*) or 2.2 (*Exercise of Options or Partial Redemption in respect of Registered Notes*) shall be available for delivery within three business days of receipt of the request for exchange, form of transfer or Exercise Notice (as defined in Condition 5.6 (*Redemption at the Option of Noteholders*)) and surrender of the Certificate for exchange together with satisfaction of any other requirements imposed by these Conditions. Delivery of the new Certificate(s) shall be made at the specified office of the Registrar to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the Registrar the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2.3, "business day" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Registrar.

2.4 **Transfer Free of Charge**

Transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Issuer may require).

2.5 **Closed Periods**

No Noteholder may require the transfer of a Registered Note of any Series to be registered (a) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (b) during the period of 15 days prior to the date on which Notes may be called for redemption by the Issuer pursuant to Condition 5.5 (*Redemption at the Option of the Issuer*), (c) after any such Note has been called for redemption or (d) during the period of seven days ending on (and including) any Record Date (as defined in Condition 6.2 (*Registered Notes*)).

3. **Status**

The Notes and Coupons relating to them constitute direct, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and (save for certain debts required to be preferred by law) equally with all other present and future unsecured and unsubordinated obligations of the Issuer from time to time outstanding.

4. **Interest and other Calculations and Definitions**

4.1 **Interest on Fixed Rate Notes**

Each Fixed Rate Note bears interest on its Calculation Amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4.9 (*Calculations*).

4.2 **Interest on Floating Rate Notes and Variable Linked Interest Notes**

(a) **Interest Payment Dates**

Each Floating Rate Note and Variable Linked Interest Note bears interest on its Calculation Amount from the Interest Commencement Date at the rate per annum (expressed as a

percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4.9 (*Calculations*). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(b) **Business Day Convention**

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day (the "**Modified Following Business Day Convention**") or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day (the "**Preceding Business Day Convention**").

(c) **Rate of Interest for Floating Rate Notes**

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(i) **ISDA Determination for Floating Rate Notes**

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (i), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified hereon;
- (B) the Designated Maturity is a period specified hereon; and
- (C) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(ii) **Screen Rate Determination for Floating Rate Notes**

- (A) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or

- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of the London inter-bank offered rate ("**LIBOR**") or Brussels time in the case of the Euro-zone interbank offered rate ("**EURIBOR**") on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon:

- (B) if the Relevant Screen Page is not available or if sub-paragraph (A)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub paragraph (A)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (C) if paragraph (B) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though

substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(d) **Rate of Interest for Variable Linked Interest Notes**

The Rate of Interest in respect of Variable Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified hereon and interest will accrue by reference to a variable or formula as specified hereon.

4.3 **Zero Coupon Notes**

Where a Note the interest basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 5.4(a)(ii) (*Early Redemption – Zero Coupon Notes*)).

4.4 **Dual Currency Notes**

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a currency exchange rate or a method of calculating a currency exchange rate, the rate or amount of interest payable shall be determined in the manner specified hereon.

4.5 **Partly Paid Notes**

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 4 (*Interest and other Calculations and Definitions*) to the Relevant Date.

4.7 **Occurrence of Specified Event**

The obligation of the Issuer to pay interest on any interest-bearing Note that is a Specified Event Linked Note is subject, at all times, to the operation of Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*).

4.8 **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding**

- (a) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 4.2 (*Interest on Floating Rate Notes and Variable Linked Interest Notes*) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (b) If any Maximum Rate of Interest or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4.2(b) (*Interest on Floating Rate Notes and Variable Linked Interest Notes – Business Day Convention*), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 4.10 but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

The outstanding principal amount and the Calculation Amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the principal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused in which case such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (b) Unless previously redeemed or purchased and cancelled as provided in this Condition 5 (*Redemption, Purchase Options and Physical Delivery*), subject always to Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*) in the case of a Specified Event Linked Note, each Note of a Series shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided hereon, is its nominal amount) or, in the case of a Note falling within paragraph (a) above, its final Instalment Amount provided however that, in the case of a Specified Event Linked Note, if a Specified Event has occurred on or prior to the Maturity Date, the Notes of such Series shall be redeemed as specified in Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*).

5.2 **Redemption of Specified Event Linked Notes following a Specified Event**

- (a) Upon the occurrence of a Specified Event and the satisfaction of any conditions that may be specified hereon, the Issuer may redeem all but not some only of the Notes in accordance with the Settlement Basis and settlement procedures specified hereon.
- (b) If the Notes are redeemed in accordance with this Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*) and the terms specified hereon, upon redemption of each Note in accordance with the terms thereof the Issuer shall have discharged its obligations in respect of such Note and shall have no other liability or obligation whatsoever in respect thereof.
- (c) Each holder of Notes, Receipts or Coupons, by subscribing for or purchasing such Notes, Receipts or Coupons (if any), will be deemed to accept and acknowledge that it is fully aware that:
 - (i) upon the occurrence of a Specified Event, the obligations of the Issuer to make payments in respect of the Notes, Receipts and Coupons (if any) may be limited to the amount payable or the value of the assets deliverable by the Issuer as specified hereon and the holder of the Notes, Receipts and Coupons (if any) shall have no further recourse to the Issuer in respect of the Notes, Receipts, Coupons (if any), respectively;

- (ii) without prejudice to the foregoing, any right of the holder of the Notes, Receipts and Coupons (if any) to claim payment of any amount exceeding the amount so payable or the value of the assets so deliverable shall be automatically extinguished; and
- (iii) the holder of the Notes, Receipts and Coupons (if any) shall not be able to petition for the winding up of the Issuer as a consequence of the non-payment by the Issuer of any sum which but for this Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*) would have been payable by the Issuer in respect of the Notes, Receipts and Coupons (if any).

5.3 Redemption for Taxation Reasons

- (a) If the Issuer, on the occasion of the next payment due in respect of the Notes, would be required by the laws and regulations of any jurisdiction or of any political sub-division thereof or any authority or agency therein or thereof having power to tax, to withhold or deduct amounts for or on account of tax in respect of payments under the Notes or would suffer tax in respect of its income so that it is not able to pay in full amounts due in respect of the Notes, then provided that no Specified Event has occurred the Issuer shall forthwith give notice of such circumstance to the Noteholders. In such event (and provided that no Specified Event has occurred) the Issuer may, but shall not be obliged to, on giving not more than 30 nor less 15 days' notice to the Noteholders, and upon expiry of such notice, redeem all but not some only of the Notes at the Early Redemption Amount less, in the case of any Instalment Note, the aggregate of all Instalment Amounts that shall have become due and payable in respect of such Notes prior to the date fixed for redemption under any other Condition (which amount, if and to the extent not then paid, shall remain due and payable), together with any interest accrued to the date fixed for redemption. The provisions of this Condition 5.3 (*Redemption for Taxation Reasons*) are without prejudice to those of Condition 7 (*Taxation*).
- (b) The Issuer may, at its option, redeem some or all of the Notes (on giving not less than 15 or more than 30 days' irrevocable notice to holders (or such other notice period as may be specified in the relevant Final Terms)) in the event that the Issuer determines in good faith that it has suffered, or there is a substantial likelihood that it will suffer, a deduction or withholding in respect of a payment made to it, as a result of the Issuer's inability to comply with the reporting requirements imposed by the Foreign Account Tax Compliance Provisions, provided that (1) such inability to comply with the reporting requirements is attributable to non-compliance by any holder of such Notes (or a foreign withholding agent (if any) in the chain of custody of payments made to the holders) with the Issuer's requests for certifications or identifying information and (2) (in the reasonable determination of the Issuer) compliance with the reporting requirements would (or there is a substantial likelihood that it would) preclude such deduction or withholding (such event, a "**Tax Termination Event**"). Upon a Tax Termination Event, Notes held by compliant holders, in addition to those held by non-compliant holders, may be redeemed or terminated. In the event of an early redemption of the Notes following a Tax Termination Event, the Issuer will cause to be paid to each such holder in respect of each such Note held by it the Early Redemption Amount.

5.4 Early Redemption

- (a) Zero Coupon Notes
 - (i) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to a variable and/or a formula, upon redemption of such Note pursuant to Condition 5.3 (*Redemption for Taxation Reasons*) or upon it becoming due and payable in accordance with Condition 10 (*Events of Default*), unless otherwise specified hereon shall be the Amortised Face Amount (calculated as provided below) of such Note.
 - (ii) Subject to the provisions of paragraph (iii) below, the Amortised Face Amount of any such Note shall be the Maturity Redemption Amount of such Note discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal

to the issue price of the Note if it were discounted back to its issue price on the Issue Date) compounded annually.

- (iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5.3 (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 10 (*Events of Default*) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in paragraph (ii) above, except that such paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the Maturity Redemption Amount together with any interest that may accrue in accordance with Condition 4.3 (*Zero Coupon Notes*).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(b) **Other Notes**

The Early Redemption Amount payable in respect of any Note (other than Notes described in (a) above), upon redemption of such Note pursuant to Condition 5.3 (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 10 (*Events of Default*), shall be the Final Redemption Amount unless otherwise specified hereon.

5.5 Redemption at the Option of the Issuer

If "**Call Option**" is specified hereon then, provided no Specified Event has occurred, the Issuer may, on giving not less than five days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon), redeem, all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition 5.5.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on any stock exchange and the rules of the relevant stock exchange or other relevant authority so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation as specified by such stock exchange or other relevant authority a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

5.6 Redemption at the Option of Noteholders

If "**Put Option**" is specified hereon, provided that no Specified Event has occurred, the Issuer shall, at the option of the holder of any Note, upon the holder of such Note giving not less than five days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) or (in the case of Registered Notes) or the Certificate representing such Note(s) with the Issuer at its Specified Office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form set out in the Schedule to the Deed of Covenant, copies of which are obtainable from the Specified Office of the Issuer within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn without the prior consent of the Issuer.

In the event of an early redemption of Notes pursuant to this Condition 5.6 (*Redemption at the Option of Noteholders*), the Optional Redemption Amount may be less than the principal amount of the Notes being redeemed.

5.7 **Partly Paid Notes**

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 5.7 and the provisions specified hereon.

5.8 **Purchases**

The Issuer and any of its subsidiaries may at any time purchase Notes in the open market or otherwise and at any price provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith. Any Notes so purchased may be held by the Issuer or may be surrendered for cancellation.

5.9 **Cancellation**

Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5.10 **Redemption - General**

Notwithstanding the above, the Issuer may redeem Notes of any Series at such time and at such price as agreed between the Issuer and the Noteholders or as specified in the applicable Final Terms.

6.1 Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6.6(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 6.6(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)), as the case may be, at any Specified Office of the Issuer or the Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. **"Bank"** means a bank in the principal financial centre for such currency or in the case of euro in a city in which banks have access to the TARGET2 System.

6.2 Registered Notes

- (a) Payments of principal (which for the purposes of this Condition 6.2 shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the Specified Office of the Issuer and in the manner provided in paragraph (b) below.
- (b) Interest (which for the purpose of this Condition 6.2 shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof. Payments of interest on each Registered Note shall be made in the relevant currency

by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the Specified Office of the Issuer before the Record Date such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

- (c) If the amount of principal or interest which is due on any Registered Note is not paid in full otherwise than by reason of the operation of Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*) in the case of Specified Event Linked Notes, the Registrar will annotate the Register with a record of the amount of principal or interest, if any, in fact paid on such Registered Notes.

6.3 **Payments in the United States**

Notwithstanding the foregoing, if any Bearer Notes are denominated in US dollars, payments in respect thereof may be made at the specified office of any paying agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed paying agents with specified offices outside the United States with the reasonable expectation that such paying agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

6.4 **Payments Subject to Fiscal Laws**

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

6.5 **Appointment of Agents**

The Paying Agent acts solely as agent of the Issuer and does not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Paying Agent and to appoint additional or other Paying Agents, or to act itself as Paying Agent, provided that the Issuer shall at all times maintain a Paying Agent having its specified office in a major European city which shall be Dublin so long as the Notes are listed on the Irish Stock Exchange, and such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a paying agent in New York City in respect of any Bearer Notes denominated in US dollars in the circumstances described in Condition 6.3 (*Payments in the United States*) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

6.6 **Unmatured Coupons and Receipts and Unexchanged Talons**

- (a) Upon the due date for final redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Variable Linked Notes) surrendered for payment otherwise than as a result of redemption pursuant to Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*), such Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten years from the

Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9 (*Prescription*)).

- (b) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Variable Linked Note or upon redemption of any Bearer Note pursuant to Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*), unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (c) Upon the due date for redemption of any Bearer Note any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (d) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (e) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made against the provision of such indemnity as the Issuer may require.
- (f) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall, subject to Condition 5.2 (*Redemption of Specified Event Linked Notes following a Specified Event*) in the case of Specified Event Linked Notes, be payable only against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

6.7 Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the Specified Office of the Issuer in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9 (*Prescription*)).

6.8 Non-Business Days

If any date for payment in respect of any Bearer Note, Receipt or Coupon (or principal on a Registered Note in the circumstance of Condition 6.2(a) above) is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for business (including dealings in foreign exchange currency deposits);

- (a) in the relevant place of presentation; and
- (b) in each jurisdiction specified as a "Financial Centre" hereon; and
- (c)
 - (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, in the principal financial centre of the country of such currency (which, in the case of Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); or
 - (ii) (in the case of a payment in euro) which is a TARGET Business Day.

7. **Taxation**

All payments made by or on behalf of the Issuer shall be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be made, paid, withheld or deducted. The Issuer shall not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Noteholders or Couponholders in respect of, or compensation for, any such withholding or deduction.

8. **ERISA**

8.1 **Transfer Restrictions**

By its acquisition, holding and subsequent disposition of any Note, each acquirer and subsequent transferee thereof will be deemed to have represented and warranted, at the time of its acquisition and throughout the period it holds such Note, that it shall not acquire, hold or subsequently dispose of such Note for, on behalf of, or with the assets of any "employee benefit plan" subject to the fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") or any "plan" subject to Section 4975 of the Internal Revenue Code of 1986, as amended (the "**Code**"), or an entity part or all of the assets of which constitute assets of any such employee benefit plan or plan by reason of Department of Labor Regulation Section 2510.3 101, Section 3(42) of ERISA or otherwise (each a "**Plan**") or any governmental, church, non-U.S. or other plan subject to any federal, state, local or non-U.S. law similar to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code, unless such acquisition, holding and subsequent disposition of the Note will not constitute or result in any non-exempt prohibited transaction under Section 406 of ERISA or under Section 4975 of the Code (or in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any similar federal, state, local or non-U.S. law). Any fiduciary of a Plan acquiring a Note in reliance upon the statutory "service provider exemption" under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code represents and warrants at the time of the Plan's acquisition and throughout the period the Plan holds the Note that (x) the Plan fiduciary has made a good faith determination that the Plan is paying no more than, and is receiving no less than, adequate consideration in connection with the transaction and (y) none of SBGL or any of its affiliates exercises discretionary authority or control or renders investment advice with respect to the assets of the Plan which the fiduciary is using to acquire the Note.

8.2 **Forced Transfer**

If the Issuer determines at any time that any Noteholder has made or been deemed to have made an ERISA related representation that is false or misleading (a "**Non-Permitted Holder**"), the Issuer may direct the Noteholder to sell or transfer its Note to a person who is not a Non-Permitted Holder within 14 days following receipt of notice of the direction. If the Noteholder fails to sell or transfer its Note within such period, the Issuer may cause the Note to be sold to an acquirer selected by the Issuer that certifies to the Issuer that such acquirer is not a Non-Permitted Holder, on terms as the Issuer may choose, subject to the transfer restrictions set out herein (and in the Deed of Covenant), and, pending such transfer, no further payments will be made in respect of the Note. The Issuer may select an acquirer by any means determined by it in its sole discretion. The proceeds of the sale, net of any commissions, expenses and taxes due in connection with the sale shall be remitted to the selling Noteholder. The terms and conditions of any sale hereunder (including the sale price) shall be determined in the sole discretion of the Issuer, subject to the transfer restrictions set out herein (and in the Deed of Covenant), and the Issuer shall not be liable to any person having an interest in the Note sold as a result of any sale or the exercise of such discretion.

9. **Prescription**

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof.

10. **Events of Default**

Unless otherwise specified hereon, upon the occurrence of any of the following events in respect of the Notes of any relevant Series or any of them (each an "**Event of Default**") namely:

- (a) default is made for more than 14 days in the payment on the due date of any principal or interest due and payable in respect of the Notes of the relevant Series or any of them on the due date for payment thereof; or
- (b) a default is made in the performance or observance by the Issuer of any other obligation under or in respect of the Notes of the relevant Series and such default shall continue for 30 days after written notice requiring such default to be remedied shall have been given to the Issuer by any holder of Notes of the relevant Series; or
- (c) an administrator is appointed, a resolution is passed or an order of a court of competent jurisdiction is made that the Issuer be wound up or dissolved otherwise than for the purposes of or pursuant to a consolidation, amalgamation, merger or reconstruction in which (i) a continuing corporation effectively assumes all obligations of the Issuer under the Notes of the relevant Series or (ii) the terms whereof have previously been approved by an Extraordinary Resolution (as defined in the terms for meetings of Noteholders set forth in the Schedule to the Deed of Covenant, copies of which can be obtained from the Specified Office of the Issuer) of the holders of Notes of the relevant Series; or
- (d) the Issuer stops pursuant or (otherwise than for the purposes of such a consolidation, amalgamation, merger or reconstruction as is referred to in paragraph (c) above) ceases, or through an official action of its Board of Directors threatens to cease, to carry on business or is unable to pay its debts as and when they fall due (within the meaning of any applicable bankruptcy or insolvency law); or
- (e) a trustee, receiver, liquidator, provisional liquidator, administrator or similar official is appointed of the whole or substantial part of the assets or undertaking of the Issuer; or
- (f) proceedings shall have been initiated against the Issuer under any applicable bankruptcy or insolvency law and such proceedings shall not have been discharged or stayed within a period of 60 days or the Issuer initiates or consents to such proceedings;

then provided that no Specified Event has occurred, any holder of a Note of the relevant Series may, by written notice to the Issuer at its Specified Office, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Maturity Redemption Amount (or such other amount as may be specified hereon), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind all of which the Issuer expressly waives notwithstanding anything contained in such Note to the contrary unless, prior thereto, all Events of Default in respect of Notes of the relevant Series shall have been cured.

11. **Meetings of Noteholders and Modifications**

11.1 **Modifications and Waivers**

The Issuer may from time to time modify and amend the Notes (including the Conditions) or the Deed of Covenant, in each case without the consent of the holders of the Notes or (if applicable) any holders of Coupons or Receipts in respect of the Notes in accordance with, respectively, this Condition 11.1 or the Deed of Covenant, in such manner as the Issuer deems necessary or desirable, if the modification or amendment:

- (a) is of a formal, minor or technical nature; or
- (b) is made to cure a manifest or proven error; or

- (c) is made to cure any ambiguity; or is made to correct or supplement any defective provisions of the Notes or the Deed of Covenant (as applicable); or
- (d) will not materially and adversely affect the interests of the holders of the Notes or (if applicable) any holders of Coupons or Receipts in respect of the Notes.

Any such modification or amendment shall take effect in accordance with its terms and shall be binding on the holders of the Notes or (if applicable) any holders of Coupons or Receipts in respect of the Notes, and shall be notified to the Holders in accordance with Condition 15 (*Notices*) as soon as practicable (but failure to give such notice, or non-receipt thereof, shall not affect the validity of such modification or amendment).

11.2 **Modification and Waiver with holder consent**

- (a) *Majority Consent*: Subject as provided in paragraphs (b) and (c) below (and in each case subject to the consent of the Issuer), in order to modify and amend the Deed of Covenant and the Notes (including the Conditions), or to waive past Issuer defaults, a resolution in writing signed by the holders of at least a majority in aggregate principal amount of the Notes at the time outstanding (in the case of Notes), or of such lesser percentage as may attend and vote at a meeting of holders of the Notes held in accordance with the Deed of Covenant shall be required.
- (b) *Consent by Extraordinary Resolution*: Any modification which will:
 - (i) extend the stated maturity of the principal of or any instalment of interest on any such Note or extend the date for expiration, settlement or payment of any coupon in relation to such Security;
 - (ii) reduce the principal amount, redemption price of, or settlement price of, or interest on (as applicable), any such Note;
 - (iii) change the currency of payment of such Note or interest thereon;
 - (iv) impair the right to institute suit for the enforcement of any such payment on or with respect to any such Note;
 - (v) reduce the percentage in aggregate principal amount of Notes outstanding necessary to modify or amend the Deed of Covenant, or to waive any past default; or
 - (vi) reduce the voting or quorum requirements or the percentage of aggregate principal amount, redemption price or settlement price of Notes outstanding required to take any other action authorised to be taken by the holders of a specified principal amount of Notes,

may only be made if sanctioned by an Extraordinary Resolution.

- (c) *Priority*: The terms of this Condition 11.2 are subject to the terms of Condition 11.1 (*Modifications and Waiver*).

11.3 **Meetings of Holders**

The terms for meetings of Noteholders set forth in the Schedule to the Deed of Covenant, copies of which can be obtained from the Specified Office of the Issuer, are incorporated in these Conditions and apply as if set out herein.

Such terms contain provisions for convening meetings of the holders of Notes of any Series to consider any matter affecting their interest including, without limitation, the modification by Extraordinary Resolution (as defined in such terms) of these Conditions. An Extraordinary Resolution passed at any meeting of the holders of Notes of any Series will be binding on all holders of Notes of such Series, whether or not they are present at the meeting, and on all holders of Coupons relating to Notes of such Series.

12. Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange and other relevant authority regulations, at the Specified Office of the Issuer and of the Registrar (in the case of Certificates) or such other agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 13 and forming a single series with the Notes.

14. Substitution

14.1 The Issuer or any of its subsidiaries (as defined by Section 1159 of the Companies Act 2006) of which more than 90 per cent. of the shares carrying voting rights are directly or indirectly held by the Issuer (each a "Subsidiary") may, without the consent of the holders of Notes, assume liability as the principal debtor in respect of the Notes and any Coupons (the "Substituted Debtor"), provided that:

- (a) a deed poll and such other documents (if any) shall be executed by the Substituted Debtor as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each holder of Notes to be bound by these Conditions as fully as if the Substituted Debtor had been named in the Notes as the Issuer; and
- (b) the Documents shall contain a warranty and representation (i) that the Substituted Debtor has obtained all necessary governmental and regulatory approvals and consents for such substitution, (ii) that the Substituted Debtor has obtained all necessary governmental and regulatory approvals and consents for the performance by the Substituted Debtor of its obligations under the Documents and that all such approvals and consents are in full force and effect and (iii) that the obligations assumed by the Substituted Debtor are valid and binding in accordance with their respective terms and enforceable by each holder of Notes.

14.2 Upon the execution of the Documents, the Substituted Debtor shall be deemed to be named in the Notes as the principal debtor in place of the Issuer and the Notes shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall, in the case of the substitution of a Substituted Debtor as principal debtor, operate to release the Issuer or the previous substitute as aforesaid from all of its obligations as principal debtor in respect of the Notes.

14.3 The Documents shall be deposited with and held by the Issuer for so long as any of the Notes remains outstanding and for so long as any claim made against the Substituted Debtor by the holder of Notes in relation to the Notes or the Documents shall not have been fully adjudicated, settled or discharged. The Substituted Debtor shall acknowledge in the Documents the right of

every holder of Notes to the production of the Documents for the enforcement of any of the Notes or the Documents.

14.4 Not later than 20 days after the execution of the Documents, the Substituted Debtor together with the Issuer shall give notice thereof to the holders of Notes in accordance with this Condition 14.

14.5 At any time after a substitution pursuant to Condition 14.1 (*Substitution*), the Substituted Debtor may, without the consent of the holders of Notes, substitute the Issuer or any other Subsidiary as the principal debtor in respect of the Notes to undertake its obligations in respect of the Notes provided that all the provisions specified in Conditions 14.1, 14.2, 14.3 and 14.4 (*Substitution*) above shall apply, *mutatis mutandis*, and without limitation, references in this Condition to the Issuer shall, where the context so requires, be deemed to be or include references to any such Substituted Debtor.

15. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times) and so long as the Notes are listed on the Irish Stock Exchange and the rules of that Exchange so require, in a daily newspaper with general circulation in Ireland (which is expected to be the Irish Times). If in the opinion of the Issuer any such publication is not practicable, notice shall be validly given if published in another leading daily English Language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

While the Notes are listed on the Irish Stock Exchange, copies of all notices given in accordance with this Condition 15 shall be forwarded to the Companies Announcement Office of the Irish Stock Exchange.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes to which the Coupons relate in accordance with this Condition 15.

16. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

17. Governing Law and Jurisdiction

17.1 Governing Law

The Notes, the Receipts, the Coupons and the Talons, (and any dispute, controversy, proceedings or claim of whatever nature (whether contractual, non-contractual or otherwise) arising out of or in any way relating to the Notes, the Receipts, the Coupons and the Talons or their formation) shall be governed by, and construed in accordance with, English law.

17.2 Jurisdiction

The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts Coupons or Talons ("**Proceedings**") shall be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the

Notes or Coupons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

Upon the initial deposit of a Global Note with a common depositary for Euroclear and Clearstream, Luxembourg (the "**Common Depositary**"), or registration of Registered Notes in the name of any nominee for Euroclear, Clearstream, Luxembourg and Depository Trust Company ("**DTC**") (as the case may be) and delivery of the relevant Global Certificate to the Common Depositary or the Custodian for the DTC or Euroclear, Clearstream, Luxembourg (as the case may be) will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. Global Notes and Global Certificates may be delivered on or prior to the original issue date of the Tranche to a Common Depositary.

Notes that are initially deposited with the Common Depositary or the Custodian may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear, Clearstream, Luxembourg and DTC (as the case may be) held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg, DTC or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg, DTC or such clearing system (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, DTC or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

1. **Temporary Global Notes.** Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:
 - (a) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Selling Restrictions"), in whole, but not in part, for permanent Global Notes or the Definitive Notes defined and described below; and
 - (b) otherwise, in whole, or in part, upon certification as to non-US beneficial ownership in the form set out in the Schedule to the Deed of Covenant or, if so provided in the relevant Final Terms, for permanent Global Notes or the Definitive Notes defined and described below.
2. **Permanent Global Notes.** Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 5 below, in part for Definitive Notes:
 - (a) by the Issuer giving notice to the Noteholders of its intention to effect such exchange unless principal in respect of any Notes is not paid when due;
 - (b) by the holder giving notice to the Noteholders of its election for such exchange; and
 - (c) otherwise, (1) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an "Alternative Clearing System") and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an

intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due by the holder giving notice to the Issuer of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations. The inability to obtain a definitive Note due to this minimum denomination requirement may mean that Bearer Notes may be considered to be registered for U.S. tax purposes.

3. **Unrestricted Global Certificates.** If the Final Terms state that the Notes are to be represented by an Unrestricted Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2.1 (*Transfer of Registered Notes*) may only be made in part:

- (a) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so;
- (b) if principal in respect of any Notes is not paid when due; or
- (c) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph (a) or (b) above, the holder of Registered Notes (the "**Registered Holder**") has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer. Where the holding of Notes represented by a Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear, DTC and/or an Alternative Clearing System.

4. **Restricted Global Certificates.** If the Final Terms state that the Restricted Notes are to be represented by a Restricted Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by that Restricted Global Certificate pursuant to Condition 2.1 (*Transfer of Registered Notes*) may only be made in part:

- (a) if such Notes are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System (except for DTC) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (b) if such Notes are held on behalf of a Custodian for DTC and if DTC notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depositary with respect to that Restricted Global Certificate or DTC ceases to be a "clearing agency" registered under the Exchange Act or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC; or

- (c) if principal in respect of any Note is not paid when due; or
- (d) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraphs (a), (b) and (c) above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer. Definitive Certificates issued in exchange for a beneficial interest in a Restricted Global Certificate shall bear the legend applicable to such Notes as set out in "Transfer Restrictions". Where the holding of Notes represented by a Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear, DTC and/or an Alternative Clearing System.

5. **Partial Exchange of Permanent Global Notes.** For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes (a) if principal in respect of any Notes is not paid when due or (b) if so provided in, and in accordance with, the Conditions (which will be set out in the relevant Final Terms) relating to Partly Paid Notes.
6. **Delivery of Notes.** On or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuer. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (a) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (b) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes. In this Base Prospectus, "**Definitive Notes**" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedule to the Deed of Covenant. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.
7. **Exchange Date.** "**Exchange Date**" means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the Specified Office of the Issuer is located and in the city in which the relevant clearing system is located.
8. **Legend.** In the case of Restricted Notes, each Restricted Global Certificate and each Certificate issued in exchange for a beneficial interest in a Restricted Global Certificate will bear a legend applicable to purchasers who purchase Restricted Notes as described under "Transfer Restrictions".

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

9. **Payments.** No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Deed of Covenant. If such presentation of certification as to non-US beneficial ownership is not made on or prior to the Exchange Date, then no payments in respect of Notes represented by a Global Note will be made until such certification is made. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuer. A record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes.

Payments of principal and interest on Notes represented by a Global Certificate shall be paid to the person shown on the Register at the Record Date. The "Record Date" in respect of any Notes which are represented by a Global Certificate is close of business in Euroclear, Clearstream Luxembourg or DTC, as the case may be on the Clearing System Business Day before the due date for such payment, where "Clearing System Business Day" means a day on which Euroclear, Clearstream Luxembourg or DTC (as applicable) is open for business.

Payments through DTC: Registered Notes which are issued in the form of one or more Restricted Global Certificates may be registered in the name of, or in the name of a nominee for, DTC. Payments of principal and interest in respect of Registered Notes denominated in US dollars will be made in accordance with Condition 6.2 (Registered Notes). Payments of principal and interest in respect of Registered Notes registered in the name of, or in the name of a nominee for, DTC and denominated in a Specified Currency other than US dollars will be made or procured to be made by the Issuer or the relevant agent in the Specified Currency in accordance with the following provisions. The amounts in such Specified Currency payable by the relevant agent with respect to Registered Notes held by DTC or DTC's nominee will be paid by the Issuer or will be received from the Issuer by the relevant agent who will make payments in such Specified Currency, by wire transfer of same day funds to, in the case of Notes registered in the name of DTC's nominee, to such nominee, or otherwise to the designated bank account in such Specified Currency of those DTC participants entitled to receive the relevant payment who have made an irrevocable election to DTC, in the case of interest payments, prior to the third Clearing System Business Day before the Record Date for the relevant payment of interest and, in the case of payments of principal, at least 12 Clearing System Business Days prior to the relevant payment date, to receive that payment in such Specified Currency. The Issuer or the relevant agent will deliver such US dollar amount in same day funds to DTC's nominee for payment through the DTC settlement system to those DTC participants entitled to receive the relevant payment who did not elect to receive such payment in such Specified Currency.

10. **Prescription.** Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in the Conditions).
11. **Meetings.** The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.)
12. **Cancellation.** Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

13. **Purchase.** Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.
14. **Issuer's Option.** Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg or any other clearing system (as the case may be).
15. **Noteholders' Options.** Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Issuer within the time limits relating to the deposit of Notes with the Issuer set out in the Conditions substantially in the form of the notice available from the Issuer, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time presenting the permanent Global Note to the Issuer for notation.
16. **Events of Default.** Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 10 by stating in the notice to the Issuer the nominal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note or Registered Notes represented by a Global Certificate may elect for direct enforcement rights against the Issuer under the terms of an amended and restated Deed of Covenant executed as a deed by the Issuer on or about 28 June 2012 to come into effect in relation to the whole or a part of such Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Global Note or such Registered Notes, as the case may be, as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note or, as the case may be, the Global Certificate and the corresponding entry in the register kept by the Registrar will become void as to the specified portion or Registered Notes, as the case may be. However, no such election may be made in respect of Notes represented by a Global Certificate unless the transfer of the whole or a part of the holding of Notes represented by that Global Certificate shall have been improperly withheld or refused.
17. **Notices.** So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

Partly Paid Notes

The provisions relating to Partly Paid Notes are not set out in this Base Prospectus, but will be contained in the relevant Final Terms and thereby in the Global Notes. While any instalments of the subscription moneys due from the holder of Partly Paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly Paid Notes within the time specified, the Issuer may forfeit such Notes and shall have no further obligation to their holder in respect of them.

CLEARING AND SETTLEMENT

Book-Entry Ownership

Bearer Notes

Bearer Notes have been accepted for clearance through the Euroclear and/or Clearstream, Luxembourg book entry systems. In respect of Bearer Notes, a temporary Global Note and/or a permanent Global Note in bearer form without coupons may be deposited with a common depositary for Euroclear and/or Clearstream, Luxembourg or an Alternative Clearing System. Transfers of interests in such temporary Global Notes or permanent Global Notes will be made in accordance with the normal euromarket debt securities operating procedures of Euroclear and Clearstream, Luxembourg or, if appropriate, the Alternative Clearing System. Each Global Note deposited with a common depositary on behalf of Euroclear and Clearstream, Luxembourg will have an ISIN and a Common Code.

Registered Notes

Registered Notes have been accepted for clearance through the Euroclear and/or Clearstream, Luxembourg book-entry systems, with such Notes to be represented by an Unrestricted Global Certificate or (in the case of Restricted Notes) a Restricted Global Certificate. Each Unrestricted Global Certificate or (in the case of Restricted Notes) Restricted Global Certificate deposited with a nominee for Euroclear and/or Clearstream, Luxembourg will have an ISIN and a Common Code.

The Issuer and a relevant US agent appointed for such purpose that is an eligible DTC participant may make application to DTC for acceptance in its book-entry settlement system of the Registered Notes represented by a Restricted Global Certificate. Each such Restricted Global Certificate will have a CUSIP number. Each Restricted Global Certificate will be subject to restrictions on transfer contained in a legend appearing on the front of such Global Certificate, as set out in "Transfer Restrictions". In certain circumstances, as described below in "Transfers of Registered Notes" and as described in the Deed of Covenant, transfers of interests in a Restricted Global Certificate may be made as a result of which such legend may no longer be required.

In the case of a Tranche of Registered Notes to be cleared through the facilities of DTC, the custodian, with whom the Restricted Global Certificates are deposited (the "**Custodian**"), and DTC will electronically record the nominal amount of the Restricted Notes held within the DTC system. Investors in Notes of such Tranche may hold their beneficial interests in an Unrestricted Global Certificate only through Euroclear or Clearstream, Luxembourg. Investors may hold their beneficial interests in a Restricted Global Certificate directly through DTC if they are participants in the DTC system or indirectly through organisations which are participants in such system.

Payments of the principal of and interest on each Restricted Global Certificate registered in the name of DTC's nominee will be made, if denominated in US dollars, in accordance with Conditions 6.2(a) (*Registered Notes*) and 6.2(b) (*Registered Notes*), and if denominated in a Specified Currency other than US dollars, will be made or procured to be made to or to the order of its nominee as the registered owner of such Restricted Global Certificate. The Issuer expects that the nominee, upon receipt of any such payment, will immediately credit DTC participants' accounts with payments in amounts proportionate to their respective beneficial interests in the nominal amount of the relevant Restricted Global Certificate as shown on the records of DTC or the nominee. The Issuer also expects that payments by DTC participants to owners of beneficial interests in such Restricted Global Certificate held through such DTC participants to be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such DTC participants. None of the Issuer or the relevant agents appointed by the Issuer for these purposes will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in the Restricted Global Certificates or for maintaining, supervising or reviewing any records relating to such ownership interests.

All Registered Notes will initially be in the form of an Unrestricted Global Certificate and/or (in the case of Restricted Notes) a Restricted Global Certificate. Individual Certificates will only be available, in the case of Notes initially represented by an Unrestricted Global Certificate, in amounts specified in the applicable Final Terms, and, in the case of Notes initially represented by a Restricted Global

Certificate, in amounts of U.S.\$100,000 (or its equivalent rounded upwards), or higher integral multiples of U.S.\$1,000, in certain limited circumstances.

Transfers of Registered Notes

Transfers of interests in Global Certificates within Euroclear, Clearstream, Luxembourg and DTC will be in accordance with the usual rules and operating procedures of the relevant clearing system. The laws of some States in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Restricted Global Certificate to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Restricted Global Certificate to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Beneficial interests in an Unrestricted Global Certificate may only be held through Euroclear or Clearstream, Luxembourg. In the case of Registered Notes to be cleared through Euroclear, Clearstream, Luxembourg and/or DTC, transfers may be made at any time by a holder of an interest in an Unrestricted Global Certificate to a transferee who wishes to take delivery of such interest through the Restricted Global Certificate for the same Series of Notes provided that any such transfer made on or prior to 40 days after the completion of the distribution of an identifiable tranche of which such Notes are a part relating to the Notes represented by such Unrestricted Global Certificate will only be made upon receipt by the Registrar or the relevant agent of a written certificate from the transferor, to the effect that such transfer is being made to a person whom the transferor reasonably believes is a qualified institutional buyer within the meaning of Rule 144A in a transaction meeting the requirements of Rule 144A in accordance with any applicable securities law of any State of the United States or any other jurisdiction. Any such transfer made thereafter of the Notes represented by such Unrestricted Global Certificate will only be made upon request through Euroclear or Clearstream, Luxembourg by the holder of an interest in the Unrestricted Global Certificate to the relevant agent of details of that account at either Euroclear or Clearstream, Luxembourg or DTC to be credited with the relevant interest in the Restricted Global Certificate. Transfers at any time by a holder of any interest in the Restricted Global Certificate to a transferee who takes delivery of such interest through an Unrestricted Global Certificate will only be made upon delivery to the Registrar or the relevant agent of a certificate setting forth compliance with the provisions of Regulation S and giving details of the account at Euroclear or Clearstream, Luxembourg, as the case may be, and/or DTC to be credited and debited, respectively, with an interest in the relevant Global Certificates.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described above and in "Transfer Restrictions", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Custodian, the Registrar and the relevant agent.

Cross-market transfers between accountholders in Euroclear or Clearstream, Luxembourg and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Certificates will be effected through the Custodian, the Registrar and the relevant agent receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free of delivery basis and arrangements for payment must be made separately.

For a further description of restrictions on transfer of Registered Notes, see "Transfer Restrictions".

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Registered Notes (including, without limitation, the presentation of Restricted Global Certificates for exchange) only at the direction of one or more participants in whose account with DTC interests in Restricted Global Certificates are credited and only in respect of such portion of the aggregate nominal amount of the relevant Restricted Global Certificates as to which such participant or participants has or have given

such direction. However, in the circumstances described herein, DTC will surrender the relevant Restricted Global Certificates for exchange for individual Certificates (which will, in the case of Restricted Notes, bear the legend applicable to transfers pursuant to Rule 144A).

DTC has advised the Issuer as follows: DTC is a limited purpose trust company organised under the laws of the State of New York, a "banking organisation" under the laws of the State of New York, a member of the US Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic computerised book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC direct participant, either directly or indirectly.

Although Euroclear, Clearstream, Luxembourg and DTC have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in the Global Certificates among participants and accountholders of Euroclear, Clearstream, Luxembourg and DTC, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. The Issuer will not have any responsibility for the performance by Euroclear, Clearstream, Luxembourg or DTC or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

While a Restricted Global Certificate is lodged with DTC or the Custodian, Restricted Notes represented by individual Certificates will not be eligible for clearing or settlement through Euroclear, Clearstream, Luxembourg or DTC.

Individual Certificates

Registration of title to Registered Notes in a name other than a depository or its nominee for Euroclear and Clearstream, Luxembourg or for DTC will be permitted only (i) in the case of Restricted Global Certificates in the circumstances set forth in "Summary of Provisions Relating to the Notes while in Global Form - Exchange - Restricted Global Certificates" or (ii) in the case of Unrestricted Global Certificates in the circumstances set forth in "Summary of Provisions Relating to the Notes while in Global Form - Exchange - Unrestricted Global Certificates". In such circumstances, the Issuer will cause sufficient individual Certificates to be executed and delivered to the Registrar for completion, authentication and despatch to the relevant Noteholder(s). A person having an interest in a Global Certificate must provide the Registrar with:

- (a) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such individual Certificates; and
- (b) in the case of a Restricted Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange, or in the case of a simultaneous resale pursuant to Rule 144A, a certification that the transfer is being made to a qualified institutional buyer in compliance with the provisions of Rule 144A. Individual Certificates issued pursuant to this paragraph (b) shall bear the legends applicable to transfers pursuant to Rule 144A.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used by the Issuer for its general funding purposes.

BUSINESS DESCRIPTION OF STANDARD BANK PLC

Overview

Standard Bank Group Limited ("SBGL"), based in South Africa, is aspiring to build the leading African financial service organisation using all its competitive advantages to the full. The group focus on delivering superior sustainable shareholder value by serving customer's needs through first-class, on-the-ground operations in chosen African countries. The group also connect other selected emerging markets to Africa and to each other, applying its sector expertise, particularly in natural resources. Globally, SBGL's operations are organised in three major segments, Personal & Business Banking ("PBB"), Corporate and Investment Banking ("CIB") and Wealth - Liberty. The CIB division provides corporate and investment banking services to governments, parastats, larger corporates, financial institutions and international counterparties in Africa and other selected emerging markets with links to Africa or the natural resources sector.

Standard Bank Group, and especially CIB, operates on a globalised and integrated basis in order to deliver investment banking products to its clients. Standard Bank Plc (the "**Issuer**") provides a dollar based balance sheet to support predominantly the Corporate and Investment Banking activities of the group, providing expertise and support to the wider group's clients in achieving their objectives while working with other African entities in delivering the group's strategy. The issuer has a high level of strategic and operational integration with the group and its subsidiaries.

The Issuer is a fully authorised bank under the UK Financial Services and Markets Act 2000 and is authorised and regulated by the UK Financial Services Authority. The Issuer provides corporate finance advisory services, trade finance, project finance, syndicated loans and capital markets products. The Issuer is also involved in the trading of debt securities, both on its own account and for the accounts of its customers, particularly in relation to debt and equity securities of emerging markets' sovereign, bank and corporate issuers. In addition, the Issuer provides a broad range of foreign exchange, money market and interest rate products in connection with all major currencies as well as in connection with certain African and other emerging markets currencies, and provides banking capabilities and expertise in connection with the precious metals, base metals and energy sectors, ranging from advising, financing and trading to risk management services. The Issuer's operations focus on emerging markets including Africa, Eastern Europe, South East Asia and Latin America. The Issuer's client base comprises clients domiciled in Africa and the emerging markets or clients whose cross border business covers the emerging markets. These clients mainly comprise companies or institutions in the Issuer's core industry sectors of mining and metals; oil, gas and renewables; telecommunications and media; power and infrastructure, as well as financial institutions.

The Issuer's businesses comprise two core divisions: Global Markets and Investment Banking.

- Global Markets Division.* The Global Markets division transacts customer-driven, market-making and sales activities across the full spectrum of traded financial and commodity risk. The division seeks to originate exposures, directly from clients or market-making activities, which are repackaged and traded with market participants, asset managers and other clients through the group's distribution network. A comprehensive range of foreign exchange, money markets, interest rate, credit, equity and commodity products are provided, ranging from simple risk management tools to sophisticated investment structures. The division's expertise extends to the management and financing of physical commodity inventories across base and precious metals, and to the provision of foreign exchange and access to products for all major African, Asian, Central and Eastern European/Middle East/Central Asia (CEEMECA) and Latin American currencies.
- Investment Banking Division.* The Investment Banking division provides a full suite of advisory and financing solutions to clients, both cross-border and domestically within its core countries and sectors. Financing solutions range from corporate loans and bond issues to highly structured products across equity and debt capital markets. The division is structured along the major product lines of debt products, capital markets and advisory. These areas are also aligned, where applicable, by execution expertise to the key sectors within client coverage, which work together to create bespoke solutions for clients.

- Investment Banking contains a client coverage area, whose goal is to entrench a client focus into the business operating model of the group. The division focuses on financing solutions, risk management activities and market opportunities across the group's emerging markets footprint and centres on client interaction and advice. The client coverage team is managed along industry lines with experienced industry professionals in each sector group. These sectors, which also map to the drivers of economic growth for emerging markets, are: oil, gas and renewables; mining and metals; telecommunications and media; and power and infrastructure.

Discontinued Operations

- A redefined focus on strategic business and revenue streams resulted in the closure of non-core businesses, Principal Investment Management (PIM) and Private Client Services (PCS) in 2010. Consequently no further investments were made in these business units and the focus in the year has been on realising the carrying value of the assets. These business units are classified as discontinued operations and their results are disclosed in a single line in the income statement.

As part of the Standard Bank Group, the Issuer benefits from a network of offices located in the major international financial centres as well as in key developing economies. In addition to its London headquarters, the Issuer has branches in Hong Kong, Singapore, the United Arab Emirates (Dubai), a non banking branch in Japan (Tokyo) and representative offices in China (Shanghai) and Turkey (Istanbul). The Issuer's activities are carried out in close liaison with the Standard Bank Group's other international operating subsidiaries, see "*Standard Bank Group*".

The following table sets forth the Issuer's net income, profit for the period, total assets and qualifying regulatory capital as at and for the periods indicated.

History

The Issuer established its London office in 1992 as Standard Bank London Ltd, serving as the base for the Standard Bank Group's operations outside Africa. In June 2005, the name was changed to Standard Bank Plc. The Issuer is a bank authorised and regulated by the United Kingdom Financial Services Authority, providing a range of banking and related financial services. It is a member of the London Stock Exchange, the London Bullion Market Association, the London Metal Exchange and the London Platinum and Palladium Market. It acts as Chairman of the London Platinum and Palladium Fixing and has two seats on the New York Mercantile Exchange (Comex division). The franchise of the Issuer focused on emerging markets – primarily debt, interest rate, equity, currency products and natural resources.

Key Strengths

The Issuer believes that it has a number of key strengths upon which it intends to continue to build its strategy, including the following:

- strong operational integration with group subsidiaries;

- strong franchise with strong competitive position;
- disciplined and experienced management team;
- conservative and effective risk management;
- diversified funding base from the Standard Bank franchise and strong liquidity; and
- strong support from SBGL.

The Issuer's focus on Africa and selected emerging markets is a key differentiating factor assisted by its model of maintaining on shore, localised market teams backed up by risk management and distribution housed within the major hubs (London, New York and Hong Kong).

Competition

The financial services industry and the Issuer's principal business areas are subject to competition and the Issuer expects them to remain so. The Issuer's competitors vary according to business area and geographic region and include other brokers, investment banks, asset managers and commercial banks and range in size from the large global investment banking houses, traditional emerging market specialist banks to smaller local banks. The Issuer competes on the basis of a number of factors, including quality of transaction execution, quality of its products and services, extent of its products and services offering, innovation and reputation.

Strategy

Standard Bank Group aims to build the leading African financial services organisation using all its competitive advantages to the full. Africa remains at the core of the growth strategy and the group will continue to serve the fast growing needs of its customers, either by maintaining or building first-class, on-the-ground, operations in chosen countries in sub-Saharan Africa. A key element of the strategy is connecting other selected emerging markets to Africa and to each other and applying its sector expertise globally, particularly in natural resources.

In particular CIB continues to focus on the following:

- being the leader in connecting Africa to the world, and the world to Africa;
- originating transactions in emerging markets, distributing into major capital markets;
- core clients, products and geographic regions;
- targeting business opportunities and trade flows by leveraging our connectivity from China, especially through the strategic partnership with Industrial and Commercial Bank of China ("ICBC");
- maintaining focus on effective risk management and constraining risk profile;
- continuing to optimise capital efficiencies between the Standard Bank Group as a whole and the Issuer; and
- retaining and employing the right people.

The Standard Bank Group continue to reshape its international activities in line with its strategic focus on Africa and has recently announced opportunities to dispose and reduce direct investments in Argentina, Russia and Turkey. Standard Bank Group is also in the process of changing its international operating model and the Issuer will increasingly be focussed on originating business for the purpose of the group, making less use of its own balance sheet. The Issuer will continue to act as a trading and distribution hub for CIB and a robust counterparty for SBGL's clients. SBGL's presence in 17 sub-Saharan African countries allows it to take advantage of the increasing movement of capital between emerging markets, and to facilitate trade flows. The strategic partnership of the two largest banks in Africa and China, the Standard Bank Group and ICBC respectively, following ICBC taking a 20 per

cent equity investment in the Standard Bank Group, provides significant cooperation benefits and capacity for growth in the years ahead.

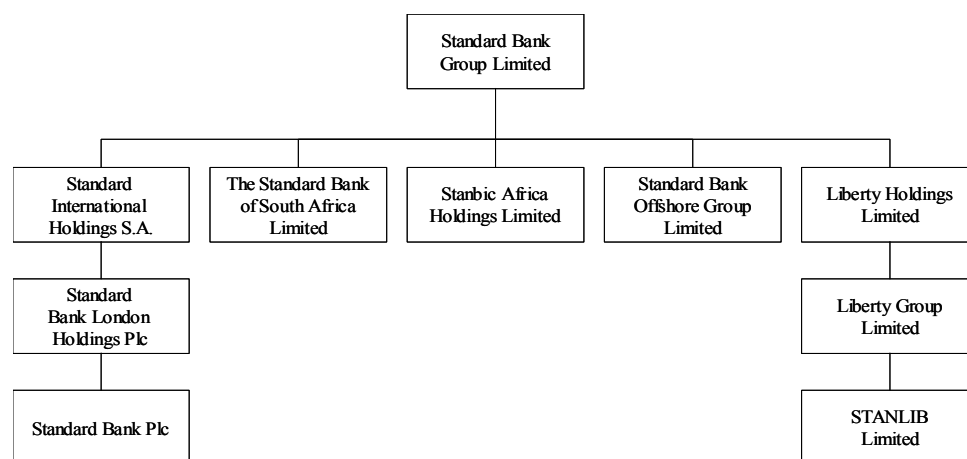

Standard Bank Group

The Issuer is ultimately a wholly owned subsidiary of SBGL (based in Johannesburg, South Africa) which is the ultimate holding company for the global activities of the Standard Bank Group (holding, directly and indirectly, all 1,083,458,351 issued ordinary shares in the Issuer). As at 31 December 2011 (at an exchange rate of ZAR8.09 to U.S.\$1), the Standard Bank Group had ordinary shareholders funds of approximately U.S.\$12.7 billion and total assets of approximately U.S.\$185 billion, and approximately 51,500 employees worldwide. The Standard Bank Group is focused on emerging markets globally operating in three pillars – CIB, PBB and Wealth, and is the largest banking group in Africa, by earnings and assets, operating in 29 countries worldwide.

Apart from Standard International Holdings S.A. ("**Standard International Holdings**") (which is a holding company and the Issuer is a subsidiary of), the other main operating subsidiaries within the Standard Bank Group are: The Standard Bank of South Africa Limited ("**SBSA**"), which offers a full range of retail and investment banking services in South Africa; Stanbic Africa Holdings Limited, which is the holding company for Standard Bank Group's African subsidiaries, who provide banking services throughout sub-Saharan Africa; Standard Bank Offshore Group Limited, which is the holding company for the Standard Bank Group's offshore stockbroking, trust and other private banking services in Jersey, the Isle of Man and Mauritius and Liberty Group Limited, which provides a comprehensive range of investment and life assurance products as well as offering wealth and asset management services through STANLIB Limited.

Standard Bank Group's CIB division serves a wide range of client requirements around the world for banking, finance, trading, investment, risk management and advisory services. Having developed in line with globalising capital markets and the growing sophistication in financing requirements in emerging markets, the division has built a deep understanding of the market dynamics in countries with rapidly developing economies. Together with its specialist product expertise, local capacity and global distribution reach, this understanding allows Standard Bank Group to provide clients with appropriate solutions.

The position of the Issuer within the structure of the Standard Bank Group is set out in the following diagram:

Should an employee become disabled during his or her career with the Issuer, every effort is made to ensure continued employment, with appropriate retraining, if necessary. Employee involvement in the Issuer's business is encouraged and information is disseminated to employees through communication meetings and internal staff publications. The Issuer recognises its responsibilities to provide a safe working environment for all its staff and measures are in place to ensure that the Issuer's health and safety regulations are observed.

Employee Incentive Schemes

The Standard Bank Group has a number of long term incentives schemes. Since 2007 the Issuer has operated a deferred incentive arrangement in the form of the Quanto stock unit plan (plan). Qualifying employees, with an incentive award above a set threshold, are awarded Quanto stock units denominated in U.S.\$ for nil consideration, the value of which moves in parallel to the change in price of the SBGL shares listed on the Johannesburg Stock Exchange. The cost of the award is accrued over the vesting period (generally three years), normally commencing the year in which these are awarded and communicated to employees. Units granted up until 31 December 2011 provide for an incremental amount to be paid if the employee is in service for four years and expire after a period of 10 years. Going forward the plan will not allow for incremental payments to employees in service for 4 years.

The Issuer's intermediate holding company, Standard International Holdings S.A. has a long term incentive scheme whereby certain employees, including certain executive directors of the Issuer, are granted notional 'shadow' shares options. The scheme provides for eligible employees to be rewarded in cash, the value of which is derived from the current and future performance of Standard International Holdings. The scheme closed in respect of new awards in 2007.

Awards are also made of options over SBGL shares. Throughout the life of the scheme, the obligation is valued at the end of each period based on a valuation of the option.

Further information with respect to the Issuer's employee incentive schemes is included in note 23.9 of the Annual Financial Statements for the year ended 31 December 2011.

Legal Proceedings

From time to time the group is involved in litigation, receives claims from tax authorities or claims arising from the conduct of its business which can require the group to engage in legal proceedings in order to enforce contractual rights. Based upon available information and, where appropriate, legal advice, the directors do not believe that there are any potential proceedings or other claims which will have a material adverse impact on the group's financial position.

RISK MANAGEMENT

Introduction

The effective management of risk within the stated risk appetite is fundamental to the Issuer's banking activities. The Issuer seeks to achieve a measured balance between risk and reward in its businesses and in this regard continues to build and enhance the risk management capabilities that assist in delivering growth plans in a controlled environment.

Risk management is at the core of the operating and management structures of the group. Managing and controlling risks, and in particular avoiding undue concentrations of exposure, limiting potential losses from stress events, restricting significant positions in less quantifiable risk areas and constraining profit or loss volatility are essential elements of the risk management and control framework which serve to protect the group's reputation and business franchise.

Overall responsibility for risk management within the group rests with the Board. Day-to-day responsibility is delegated to the Governance Committee and its sub-committees which review, inter alia, summaries of market, liquidity, credit, operational, country and regulatory risks. The Board of Directors delegates certain functions and responsibilities to the Board Audit Committee and the Board Risk Management Committee ("BRMC"). Accountability for risk management resides at all levels within the group, from the executive down through the organisation to each business manager and risk specialist.

The group has developed a set of risk governance standards for each major risk type to which it is exposed as well as a standard for capital management. The standards set out minimum control requirements and ensure alignment and consistency in the manner in which the major risk types and capital management metrics across the group are dealt with, from identification to reporting. All standards are applied consistently across the group and are approved by the BRMC. It is the responsibility of executive management in each business line to ensure the implementation of risk and capital management standards. Supporting policies and procedures are implemented by the management team and independently monitored by the embedded risk resources. Compliance with risk standards is controlled through annual self-assessments and independent reviews by the group's risk management functions.

Risk appetite is an expression of the amount, type and tenure of risk the group is willing to take in pursuit of its financial and strategic objectives, reflecting the group's capacity to sustain losses and continue to meet its obligations as they fall due in a range of different stress conditions. The Board has developed a framework to articulate risk appetite throughout the group. The risk appetite is defined by earnings volatility, liquidity, regulatory capital, economic capital and debt ratings. These metrics are converted into limits and triggers across the relevant risk types, at both group and business line level, though an analysis of the risks that impact them.

Country Risk

A global country risk committee approves country risk appetite limits for all countries. A country-rating model and a sovereign rating model are used to determine country and sovereign ratings for every country. The internal models are continuously updated to reflect the economic and political changes in individual countries. This process ensures that the Issuer's country risks are suitably diversified. As reflected in the table below, the largest country exposures are to obligors in the United Kingdom. The dominance of low risk countries in the Issuer's overall risk profile occurs naturally and is a consequence of the Issuer's management of its own liquidity, which is deployed in high quality liquid or bank assets, as well as to the Issuer's asset distribution and risk mitigation policies, where the majority of client risks are distributed to or hedged with Western counterparts.

The following table shows the percentage composition of the Issuer's country risk by region 2011:

	31 December 2011	31 December 2010
	(%)	
United Kingdom.....	46.9	36.5
Eurozone	4.1	12.0

Credit Risk

A formal structure exists for the approval of credit limits which are agreed through delegated authority derived from the Corporate & Investment Bank (CIB) Credit Governance Committee to regional credit committees encompassing a legal entity focus and, finally, individual delegated authority. The Issuer's policy concerning the extension of credit aims to make efficient use of its capital resources. Lending and credit limit decisions are based on an analysis of the creditworthiness of each potential borrower, which takes into account both the counterparty specific risk and the extent to which collateral or other forms of credit support are available. The Issuer operates a formal risk rating system which is used for portfolio analysis, risk adjusted return on capital analysis, economic capital measurement and establishing the limits of credit delegated authority. Economic capital, incurred and expected losses as well as unexpected losses are monitored using internally developed models.

The Issuer aggregates credit risk of all types in managing its portfolio risks, principally comprising primary, pre settlement and issuer risk. The Issuer's methodology for measuring and monitoring credit risk reflects the Issuer's assessment of the relative volatility, liquidity and peak potential exposure of both the Issuer's own financial assets and those held as collateral. Through this process, relative liquidity levels are reflected in the weighting of credit exposures.

Recognising that many of the risks to which the Issuer is exposed are not the subject of a formal external credit rating, the Issuer has expressed its internal rating of these risks by reference to its calculation of an equivalent Standard and Poor's foreign currency long term debt rating, illustrated in the table below:

Group master rating scale	Moody's Investor Services	Standard & Poors	Fitch	Grading	Credit quality
1 - 4	Aaa to Aa3	AAA to AA-	AAA to AA-	Investment grade	Normal monitoring
5 - 7	A1 to A3	A+ to A-	A+ to A-

The following table sets out the percentage composition of the Issuer's weighted credit risk of loans and advances on the basis of its internal rating as at 31 December 2011 and 31 December 2010.

Market Risk

The Issuer's main market risks relate to credit spread risk, interest rate, currency and commodity price risk and volatility risk. In addition, liquidity is recognised as a key risk in a number of markets and the Issuer has an integrated approach to risk measurement that combines liquidity, market and credit risks.

The Issuer utilises measurement methodologies to assess market risk, in line with market practice, including CAD2 model recognition for its principal trading books. Value at Risk is used in the trading areas, supplemented by traditional risk management techniques such as cash portfolio limits and limits on option parameters, interest rate gaps, basis point values and limits on various stress tests. These risk measures are supported by further stress testing and scenario analysis. Risks are measured, monitored and controlled by independent processes and risk limits are overseen by the Market Risk Department and reported to the Risk Management Committee, Capital Management Committee, GROC and Group Asset & Liability Committee.

Operational Risk

The Issuer has established an operational risk management framework which ensures that an integrated and effective risk management approach is applied consistently across its activities. This framework facilitates the identification and assessment of risks, the control of those risks and the ongoing monitoring and reporting of the operational risk profile and incident experience.

The prime responsibility for the management of operational risks is embedded within the day to day business management of the Issuer's operations.

An independent Operational Risk Department performs central control and oversight, including the setting of appropriate policies and the provision of standard operational risk management tools. These tools provide the basis for performing risk identification and self assessment programmes in each business unit, analysing key risk indicators, tracking operational incidents and undertaking root cause analysis. The operational risk profile is reported to the Business Infrastructure Committee.

The adequacy of the systems and controls are reviewed by Internal Audit. The Internal Audit unit is independent of line management and reports directly to the Board Audit Committee.

Compliance and Legal Risk

The Compliance department oversees the regulatory environment in which the Issuer operates. Monitoring and other programmes are performed to assess compliance with prescribed policies and procedures which are established internally in response to the current legal and regulatory environment.

Legal risk is managed through a combination of internal legal counsel, external legal advisers and through use of standardised or customised legal documentation (depending upon the relevant transaction) and internal documentation policies.

Information Systems

The Issuer places significant emphasis on the appropriateness and quality of its information systems and on the use of information technology in monitoring and managing the Issuer's business activities and risks. The Issuer's strategic approach to software has been to utilise package solutions purchased from major international software vendors. The packages have been integrated across the organisation by using application middleware and various updating projects are taking place.

The Issuer has a business recovery plan which is tested annually.

Accounting Policies

The Issuer has prepared its company and consolidated annual financial statements for the year ended 31 December 2011 under International Financial Reporting Standards ("**IFRS**") as adopted by the European Union and the interpretations of the International Financial Reporting Interpretations Committee. The accounting policies are consistent with those adopted in the previous year except for the following amendments to IFRS and interpretations:

- IFRS 7 Financial Instruments: Disclosures (2010 Improvements to IFRS);
- IAS 24 Related Parties (revised 2009); and
- IAS 1 Presentation of Financial Statements (2011 Improvements to IFRS).

The amendments and subsequent adoption of the above resulted in a change in presentation with no impact on the reported profits. For a detailed explanation of the impact refer to the Significant Accounting Policy section in the 2011 Annual Financial Statements.

Derivative Assets

In the normal course of business, the Issuer enters into a variety of derivative transactions for both trading and hedging purposes. Derivative instruments used by the Issuer in both trading and hedging activities include swaps, options, forwards, futures, and other similar types of instruments based on foreign exchange rates, interest rates, credit risk and the prices of commodities and equities.

The risks associated with derivative instruments are monitored in the same manner as for the underlying instruments. Risks are also measured across the product range in order to take into account possible correlations.

The fair value of all derivatives is recognised on the balance sheet and is only netted to the extent that a legal right of set off exists and there is an intention to settle on a net basis.

Bad Debts and Provisions

The Issuer has a policy of impairing assets, in accordance with International Financial Reporting Standards, for losses on its banking portfolio and a conservative valuation approach to its trading portfolio. Impairments of performing and non performing loans are made for credit exposures whilst valuation provisions for spread, uncertainty and liquidity are maintained against assets held within the trading books.

The Issuer identifies impaired doubtful debts during periodic evaluations of advances. The impairment to non performing loans takes account of past loss experience adjusted for changes in economic conditions and the nature and level of risk exposure since the recording of the historic losses. The methodology and assumptions used for estimating future cash flows are reviewed regularly to reduce any differences between loss estimates and actual loss experience. Corporate loans are analysed on a case by case basis taking into account breaches of key loan conditions in assessing whether loans are non performing. Impairment of performing loans can only be accounted for if there is objective evidence that a loss event has occurred after the initial recognition of the financial asset but before the reporting date. In order to provide for latent losses in a portfolio of loans that have not yet been individually identified as impaired, a credit impairment for incurred but not reported losses is created. The Issuer uses statistical modelling of historical trends of the probability of default and the emergence period of losses, adjusted for management's judgement as to whether current economic or credit conditions are such that the actual losses are likely to be greater or less than suggested by historical modelling.

For the year ended 31 December 2011 the Issuer reported a credit impairment charge of U.S.\$141.7 million (31 December 2010: U.S.\$94.7 million). Credit impairment provisions amounted to U.S.\$237.5 million as at 31 December 2011 (31 December 2010: U.S.\$203.9 million).

TAXATION

The following are summaries based on the laws and practices currently in force in the United Kingdom, Ireland and the United States of America (respectively) regarding certain aspects of the taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes and are based on the current law and practice in each of those countries (respectively). The comments relate only to the position of persons who are absolute beneficial owners of the Notes and may not apply to certain classes of taxpayers holding Notes. The summaries do not constitute taxation or legal advice and the comments below are of a general nature only. Noteholders, particularly those who may be liable to taxation in Ireland, the United Kingdom or the United States of America in respect of their acquisition, holding or disposal of the Notes are advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions). In addition, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments made in respect of the Notes. Noteholders who are in any doubt as to their tax position should consult their professional advisers.

United Kingdom taxation

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. The comments do not deal with any other United Kingdom tax aspects of acquiring, holding or disposing of Notes. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution.

UK withholding tax on UK source interest

Interest on Notes may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax for so long as they constitute "quoted Eurobonds". Notes which carry a right to interest and are and continue to be listed on a recognised stock exchange within the meaning of section 1005 Income Tax Act 2007 should constitute "quoted Eurobonds". Her Majesty's Revenue and Customs ("HMRC") may designate certain exchanges as recognised stock exchanges. The Irish Stock Exchange is a recognised stock exchange for these purposes. The Notes will be treated as listed on a recognised stock exchange provided they are admitted to trading on that exchange and are officially listed in Ireland in accordance with provisions corresponding to those generally applicable in EEA States. While Notes are and continue to be quoted Eurobonds, payments of interest on such Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

In addition to the exemption set out in the preceding paragraph, interest on Notes may be paid without withholding or deduction for or on account of United Kingdom income tax if the Issuer is a "bank" for the purposes of section 991 Income Tax Act 2007 and so long as such payments are made by it in the ordinary course of its business. In accordance with the published practice of HMRC, such payments will be accepted as being made by the Issuer in the ordinary course of its business unless either:

- the borrowing in question relates to the capital structure of the Issuer. A borrowing is regarded as relating to the capital structure of the Issuer if it conforms to any of the definitions of Tier 1, 2 or 3 capital adopted by the Bank of England, whether or not it actually counts towards Tier 1, 2 or 3 capital for regulatory purposes; or
- the characteristics of the transaction giving rise to the interest are primarily attributable to an intention to avoid United Kingdom tax.

In addition to the exemptions referred to in the preceding paragraphs, the Issuer is entitled to make payments of interest on the Notes without withholding or deduction for or on account of United Kingdom income tax if, at the time the relevant payments are made, the Issuer reasonably believes that, broadly, the person beneficially entitled to the income is a company within the charge to United Kingdom corporation tax in respect of the interest or falls within a list of specified tax-exempt entities and bodies (unless HMRC has given a direction that this exemption shall not apply, having reasonable grounds for believing the conditions for the exemption will not be met).

In all cases falling outside the exemptions described above, interest on Notes will fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply. However, this withholding will not apply where the relevant interest is paid on Notes with a maturity of less than one year from the date of the issue and which are not issued under arrangements the effect of which is to render such Notes as part of the borrowing with a total term of a year or more.

Other rules relating to United Kingdom withholding tax

Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on such Notes should not be subject to any United Kingdom withholding tax, but may be subject to reporting requirements as outlined below.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest for UK tax purposes. Payments of interest are subject to United Kingdom withholding tax rules outlined above and reporting requirements as outlined below.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to apply to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "interest" in this United Kingdom taxation section mean "interest" as understood in United Kingdom tax law. The statements do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an Issuer and does not consider the tax consequences of any such substitution.

Reporting Requirements

HMRC has powers in certain circumstances to require persons paying or crediting interest in the ordinary course of its business to provide information to HMRC in respect of the interest paid or credited and the persons to whom the interest was so paid or credited. In certain circumstances, HMRC may be entitled to exchange such information with the tax authorities of other jurisdictions.

This may also apply, in certain circumstances, to payments of amounts due on redemption of Notes that constitute "deeply discounted securities" (as defined in the Income Tax (Trading and Other Income) Act 2005).

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC (the "**EU Savings Tax Directive**") each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income payments ("**Savings Income**") made by a person within its jurisdiction to or collected by, such a person for an individual or to certain non-corporate entities, resident in that other Member State (interest payments on the Notes will for these purposes be Savings Income). However, for a transitional period, Austria and Luxembourg are instead applying a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries including Switzerland and certain dependent or associated territories of certain Member States have adopted and implemented similar measures (either provision of information or transitional withholding) in relation to payments of Savings Income made by a person within its jurisdiction to an individual, or to certain non-corporate entities, resident in a Member State.

In addition, Member States have entered into reciprocal arrangements with certain of those non-EU countries and dependent or associated territories of certain Member States in relation to payments of

Savings Income made by a person in a Member State to an individual, or to certain non-corporate entities, resident in certain dependent or associated territories or non-EU countries.

Where an individual Noteholder receives a payment of Savings Income from any Member State or dependent or associated territory employing the withholding arrangement, the individual Noteholder may be able to elect not to have tax withheld. The formal requirements may vary slightly from jurisdiction to jurisdiction. They generally require the individual Noteholder to produce certain information (such as his tax number) and consent to details of payments and other information being transmitted to the tax authorities in his home state. Provided that the other Tax Authority receives all of the necessary information the payment will not suffer a withholding under the EU Savings Tax Directive or the relevant law conforming with the directive in a dependent or associated territory.

The EU Savings Tax Directive has been the subject of a review which has resulted in a series of proposals being put forward to amend the EU Savings Tax Directive. Any changes could apply to Notes that have already been issued at the date of the amendment of the EU Savings Tax Directive.

Ireland Taxation

All payments in respect of the Notes by or on behalf of the Issuer will be free and clear of withholding taxes of the United Kingdom. As at the date hereof such payments would not be subject to any United Kingdom withholding taxes. Such payments would also not be subject to any Irish withholding taxes.

United States Taxation

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUER IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUER OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following is a summary of certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes by a US Holder and a Non-US Holder (each as defined below). This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the relevant Final Terms will contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Note as appropriate. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors, and does not address state, local, foreign or other tax laws. This summary also does not discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as financial institutions, insurance companies, investors liable for the alternative minimum tax, individual retirement accounts and other tax deferred accounts, tax-exempt organisations, dealers in securities or currencies, investors that will hold the Notes as part of straddles, hedging transactions or conversion transactions for U.S. federal income tax purposes or investors whose functional currency is not the U.S. dollar).

As used herein, the term "**US Holder**" means a beneficial owner of Notes that is, for US federal income tax purposes, (i) an individual citizen or resident of the United States, (ii) a corporation created or organised under the laws of the United States or any State thereof, (iii) an estate the income of which is subject to US federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more US persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for US federal income tax purposes. A Non-US Holder means a beneficial owner of a Note that is neither a US Holder nor a partnership.

The US federal income tax treatment of a partner in a partnership that holds Notes will depend on the status of the partner and the activities of the partnership. Prospective investors that are partnerships should consult their tax advisers concerning the US federal income tax consequences to their partners of the acquisition, ownership and disposition of Notes by the partnership.

The summary is based on the tax laws of the United States including the Internal Revenue Code of 1986, as amended (the "**Code**"), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect.

Bearer Notes (including exchangeable Bearer Notes while in bearer form) are not being offered to US Holders. A US Holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Code.

THE SUMMARY OF US FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

NEW U.S. TAX LEGISLATION

Introduction

It is possible that a newly enacted U.S. tax law (the "**New U.S. Tax Law**") could impose a withholding tax of up to 30 per cent. on payments of interest, principal or certain other income made on or after 1 January 2013 in respect of Notes issued by the Issuer to holders, depending on the particular circumstances of the Issuer, Notes and the holder. It is also possible that, in certain circumstances where the Issuer would be (or there is a substantial likelihood that it would be) subject to withholding under the New U.S. Tax Law or become obligated under an agreement with a taxing authority to redeem or close-out certain holders, Notes of such Issuer held by some or all holders may be redeemed at the Early Redemption Amount. There could also be withholding of 30 per cent. on payments to the Issuer of interest, dividends and sales proceeds from certain U.S. assets held by the Issuer.

General

The New U.S. Tax Law is particularly complex, is subject to further guidance and interpretive releases from the U.S. Department of the Treasury and the United States Internal Revenue Service (the "**IRS**"), and is dependent on the particular factual circumstances of the Issuer, the Notes and, potentially, the holder of such Notes. Broadly, however, the New U.S. Tax Law may require a payor of "U.S. source interest", "U.S. source dividends", or "other U.S. source periodic income" (and of proceeds from the sale of assets that produce U.S. source interest or U.S. source dividends) (together, "**U.S. Source Income**") paid on or after 1 January 2013 to withhold 30 per cent. from such payments (which may not be refundable) except where (1) the assets giving rise to such U.S. Source Income comprise certain types of obligations that are outstanding on or before 18 March 2012 ("**Grandfathered Obligations**") or (2) the Issuer (and each foreign withholding agent (if any) in the chain of custody) meets certain reporting requirements regarding its direct and indirect US Holders. As the Issuer may, from time to time, hold assets that give rise to U.S. Source Income, it is anticipated that the Issuer will comply with such reporting requirements and, accordingly, expects to be required to, among other things, agree with the IRS to withhold on (or instruct paying agents to withhold on) payments (if any) to holders that are attributable to payments (hereinafter, "pass-thru" payments) to "**Recalcitrant Holders**" (as described below) under its Notes (in an amount up to 30 per cent. of its U.S. Source Income allocable to such Recalcitrant Holders).

Grandfathered Obligations

The withholding tax under the New U.S. Tax Law is applicable to payments made to or from the Issuer on or after 1 January 2013, but does not apply to payments made to (and possibly by) the Issuer with respect to Grandfathered Obligations (although the New U.S. Tax Law may apply to such obligations if they are modified after 18 March 2012 and treated as reissued for U.S. federal income tax purposes). For these purposes, Grandfathered Obligations do not include equities and obligations that lack a definitive expiration or term (such as demand accounts).

Reporting and Withholding Requirements

In complying with the new reporting requirements noted above, the Issuer anticipates that it will enter into an agreement with the IRS ("**IRS Agreement**") under which it may be required to, among other things, (i) agree to withhold 30 per cent. of certain payments (if any) made (or instruct paying agents to withhold on certain payments (if any) to it that are allocable to amounts made) to any Recalcitrant Holders that are indirectly receiving U.S. Source Income and (ii) provide certain information to the IRS about its direct and indirect US Holders.

In relation to item (i) above, the Issuer understands that even if there is no direct linkage between the payments on the Notes and any U.S. Source Income received by the Issuer, the IRS may require, pursuant to the IRS Agreement, that there be a withholding in relation to payments on Notes of the Issuer in an amount equal to 30 per cent. of the Recalcitrant Holders' pro rata share of any U.S. Source income payable to the Issuer.

In relation to item (ii) above, the Issuer will require each (i) Non-US Holder of Notes to provide satisfactory documentation (to be determined) that it is not a U.S. Person and (ii) US Holder of Notes to provide its name, address and taxpayer identification number. If a holder of Notes is a foreign entity or otherwise not the beneficial owner of the Notes, such holder generally will be required to provide certain information about its owners (or beneficial owners) in order to enable the Issuer to identify and report on certain of such holder's direct and indirect U.S. beneficial owners. Although certain exceptions to these disclosure requirements could apply, each holder of Notes should (i) assume that the failure to provide the required information generally will result in a 30 per cent. U.S. withholding tax on pass-thru payments (if any) made to such holder, and (ii) recognize that any withholding that should otherwise be allocable to Recalcitrant Holders may be disproportionately allocable to a particular class of holders and that Recalcitrant Holders, as well as compliant holders, may be subject to the redemption of its Notes as set out in the relevant Final Terms. The disproportionate allocation may result from the Issuer having less cash to pay holders of Notes generally. The Issuer may have less cash to pay holders if the Issuer is unable to fulfil its obligation to withhold on its Recalcitrant Holders and as a result instructs its withholding agents to withhold on payments to it (with respect to certain of its assets that generate U.S. Source Income) that are deemed to be allocated to its Recalcitrant Holders.

Recalcitrant Holders

A "**Recalcitrant Holder**" generally is a holder of debt or equity in the Issuer (other than debt or equity interests which are regularly traded on an established securities market) that fails to comply with reasonable requests for information that will help enable the Issuer to comply with its reporting requirements described immediately above. If a non-U.S. law prohibits a holder from providing the information requested, such holder generally must execute a waiver of this non-U.S. law (and then provide such information) or dispose of its Notes (or otherwise have its interest in the Issuer redeemed) within a reasonable period of time. In addition, in complying with the U.S. reporting requirements under the New U.S. Tax Law, it may be necessary for the Issuer to agree in the IRS Agreement to redeem any holder (and not just a holder that fails to obtain the foreign law waiver described above) that fails to respond to its reasonable requests for information that will help enable the Issuer to comply with such U.S. reporting requirements. In the event the Issuer does redeem any holder's interest, it will be at the Early Redemption Amount.

Uncertain Application

At this time, the application of the new withholding tax and the New U.S. Tax Law generally to the Issuer is uncertain. However, an alternative application of the New U.S. Tax Law to the Issuer is expected to be no more burdensome to the Issuer and the holders than as described herein. Due to the uncertainties, it is not clear what actions, if any, will be required to minimize the impact of the New U.S. Tax Law on the Issuer and the holders of Notes. No assurance can be given that the Issuer will be able to take all necessary actions or that actions taken will be successful to minimize the new withholding tax. Further, the efficacy of the Issuer's actions might not be within the control of the Issuer and, for example, may depend on the actions of holders of the Notes (and each foreign withholding agent (if any) in the chain of custody). Finally, as noted above, there is no assurance that the Issuer will be able to withhold on payments to its Recalcitrant Holders.

The New U.S. Tax Law is particularly complex and its application to the Issuer is uncertain at this time. Each potential investor in Notes should consult its own tax advisor to obtain a more detailed explanation of the New U.S. Tax Law and to learn how it might affect such investor in its particular circumstance.

TAXATION OF US HOLDERS

This summary (other than the section below entitled "**Taxation of Non-US Holders**") deals only with initial purchasers of Notes at the issue price that are US Holders that will hold the Notes as capital assets.

US Tax Characterisation of the Notes

The characterisation of a Series or Tranche of Notes may be uncertain and will depend on the terms of those Notes. The determination of whether an obligation represents debt, equity, or some other instrument or interest is based on all the relevant facts and circumstances. There is likely to be no statutory, judicial or administrative authority directly addressing the characterisation of some of the types of Notes that are anticipated to be issued under the Programme or of instruments similar to such Notes.

Depending on the particular terms of a Series or Tranche of Notes, the Notes may not be characterised as debt for US federal income tax purposes despite the form of the Notes as debt instruments. For example, a Series or Tranche of Notes may be more properly characterised as equity in the Issuer, or some other form of financial instrument. The characterisation of a particular Series or Tranche of Notes will be more fully described in the relevant Final Terms in respect of that Series or Tranche.

The following discussion only applies to Notes that are properly characterised as debt for US federal income tax purposes.

Interest

Subject to the discussion of original issue discount and contingent payment debt obligations below, interest, whether payable in US dollars, or a currency, composite currency or basket of currencies other than US dollars (a "**foreign currency**"), on a Note will be taxable to a US Holder as ordinary income at the time it is received or accrued, depending on the holder's method of accounting for tax purposes. Interest paid by the Issuer on the Notes and original issue discount and interest, if any, accrued with respect to the Notes (as described below under "Original Issue Discount") generally will constitute income from sources outside the United States. Prospective purchasers should consult their tax advisers concerning the applicability of the foreign tax credit and source of income rules to income attributable to the Notes.

Original Issue Discount

General

The following is a summary of the principal US federal income tax consequences of the ownership of Notes issued with original issue discount ("**OID**"). The following summary does not discuss Notes that are characterized as contingent payment debt instruments for US federal income tax purposes. In the event the Issuer issues contingent payment debt instruments the applicable Final Terms will describe any additional material US federal income tax consequences thereof. See "Contingent Payment Debt Instruments".

A Note, other than a Note with a term of one year or less (a "**Short-Term Note**"), will be treated as issued with OID (a "**Discount Note**") if the excess of the Note's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "instalment obligation") will be treated as a Discount Note if the excess of the Note's stated redemption price at maturity over its issue price is greater than 0.25 per cent. of the Note's stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note's weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the

payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note's stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of "qualified stated interest". A qualified stated interest payment is generally any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under "Variable Interest Rate Notes"), applied to the outstanding principal amount of the Note. Solely for the purposes of determining whether a Note has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the US Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note.

US Holders of Discount Notes must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a US Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the US Holder holds the Discount Note ("**accrued OID**"). The daily portion is determined by allocating to each day in any "accrual period" a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the US Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note's adjusted issue price at the beginning of the accrual period and the Discount Note's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The "adjusted issue price" of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Depending on the terms of a particular Series or Tranche, interest on a Note may not be unconditionally payable due, for example, to the occurrence of certain events. In such cases, the Issuer may determine that the likelihood of the occurrence of such an event is remote, and therefore interest should nonetheless be treated as unconditionally payable for purposes of the OID rules. However, there is no controlling authority applicable to the accrual of OID for debt instruments with terms such as those anticipated for certain Notes, and therefore there can be no assurance that the IRS would not successfully challenge such a determination by the Issuer. Depending on the terms of a particular Series or Tranche, if the likelihood of the occurrence of such an event is not remote, the Notes would likely be considered contingent payment debt instruments, as discussed further below.

Acquisition Premium

A US Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being "acquisition premium") and that does not make the election described below under "Election to Treat All Interest as Original Issue Discount", is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the US Holder's adjusted basis in the Note immediately after its purchase over the Note's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note's adjusted issue price.

Market Discount

A Note, other than a Short-Term Note, generally will be treated as purchased at a market discount (a "**Market Discount Note**") if the Note's stated redemption price at maturity or, in the case of a Discount Note, the Note's "revised issue price", exceeds the amount for which the US Holder purchased the Note by at least 0.25 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity (or, in the case of a

Note that is an instalment obligation, the Note's weighted average maturity). If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes "*de minimis* market discount". For this purpose, the "revised issue price" of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a US Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing US Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the Internal Revenue Service (the "**IRS**"). A US Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includible in the US Holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the US Holder.

Market discount will accrue on a straight-line basis unless the US Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

Election to Treat All Interest as Original Issue Discount

A US Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under "Original Issue Discount — General," with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described below under "Notes Purchased at a Premium") or acquisition premium. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing US Holder will be treated as having made the election discussed above under "Market Discount" to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the US Holder. US Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates ("**Variable Interest Rate Notes**") generally will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount, (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A "qualified floating rate" is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note's issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate

but which is subject to one or more restrictions such as a maximum numerical limitation (i.e. a cap) or a minimum numerical limitation (i.e. a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An "objective rate" is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g. one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note's term. A "qualified inverse floating rate" is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note's issue date is intended to approximate the fixed rate (e.g. the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate. A "current value" of a rate is the value of the rate on any day that is no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a "variable rate debt instrument", then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a "true" discount (i.e. at a price below the Note's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from "true" discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a "variable rate debt instrument" will be converted into an "equivalent" fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an "equivalent" fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable

Interest Rate Note as of the Variable Interest Rate Note's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the "equivalent" fixed rate debt instrument by applying the general OID rules to the "equivalent" fixed rate debt instrument and a US Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the US Holder held the "equivalent" fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the "equivalent" fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to a variable, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Note will be treated as a contingent payment debt obligation. The proper US federal income tax treatment of Variable Interest Rate Notes that are treated as contingent payment debt obligations will be more fully described in the applicable Final Terms.

Short-Term Notes

In general, an individual or other cash basis US Holder of a Short-Term Note is not required to accrue OID (as specially defined below for the purposes of this paragraph) for US federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis US Holders and certain other US Holders are required to accrue OID on Short-Term Notes on a straight-line basis or, if the US Holder so elects, under the constant-yield method (based on daily compounding). In the case of a US Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. US Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Note are included in the Short-Term Note's stated redemption price at maturity. A US Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the US Holder at the US Holder's purchase price for the Short-Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the US Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Fungible Issue

The Issuer may, without the consent of the Holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate series for US federal income tax purposes. In such a case, the additional Notes may be considered to have been issued with OID even if the original Notes had no OID, or the additional Notes may have a greater amount of OID than the original Notes. These differences may affect the market value of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes.

Contingent Payment Debt Instruments

Certain Series or Tranches of Notes may be treated as contingent payment debt instruments ("**Contingent Notes**") for US federal income tax purposes. Under applicable US Treasury regulations, interest on the Notes must be accrued on a constant-yield basis based on a yield to maturity that reflects the rate at which the Issuer would issue a comparable fixed-rate non-exchangeable instrument (the

"comparable yield"), in accordance with a projected payment schedule. This projected payment schedule must include each non-contingent payment on the Note and an estimated amount for each contingent payment, and must produce the comparable yield. Interest inclusions will be adjusted upward and downward to reflect the difference, if any, between the actual payments received and the projected amount of such payments on the Contingent Notes under the projected payment schedule. Special rules apply to the sale or other disposition of a Contingent Note. See "Purchase, Sale and Retirement of Notes". The relevant Final Terms will indicate the Issuer's intention to treat a particular Series or Tranche of Notes as Contingent Notes.

The Issuer is required to provide to holders, solely for US federal income tax purposes, a schedule of the projected amounts of payments on Contingent Notes. This schedule must produce the comparable yield. The applicable Final Terms will either contain the comparable yield and projected payment schedule, or will provide an address to which a US Holder of a Contingent Note can submit a written request for such information.

THE COMPARABLE YIELD AND PROJECTED PAYMENT SCHEDULE WILL NOT BE DETERMINED FOR ANY PURPOSE OTHER THAN FOR THE DETERMINATION OF INTEREST ACCRUALS AND ADJUSTMENTS THEREOF IN RESPECT OF CONTINGENT NOTES FOR UNITED STATES FEDERAL INCOME TAX PURPOSES AND WILL NOT CONSTITUTE A PROJECTION OR REPRESENTATION REGARDING THE ACTUAL AMOUNTS PAYABLE TO THE HOLDERS OF THE NOTES.

The use of the comparable yield and the calculation of the projected payment schedule will be based upon a number of assumptions and estimates and will not be a prediction, representation or guarantee of the actual amounts of interest that may be paid to a US Holder or the actual yield of the Contingent Notes. A US Holder will generally be bound by the comparable yield and the projected payment schedule determined by the Issuer unless the US Holder determines its own comparable yield and projected payment schedule and explicitly discloses such schedule to the IRS, and explains to the IRS the reason for preparing its own schedule. The Issuer's determination, however, is not binding on the IRS, and it is possible that the IRS could conclude that some other comparable yield or projected payment schedule should be used instead.

A US Holder of a Contingent Note will generally be required to include OID in income pursuant to the rules discussed in the third paragraph under "Original Issue Discount – General," above. For these purposes, the "adjusted issue price" of a Contingent Note at the beginning of any accrual period is the issue price of the Note increased by the amount of accrued OID for each prior accrual period, and decreased by the projected amount of any payments made on the Note. No additional income will be recognised upon the receipt of payments of stated interest in amounts equal to the annual payments included in the projected payment schedule described above. Any differences between actual payments received by the US Holder on the Contingent Notes in a taxable year and the projected amount of those payments will be accounted for as additional interest (in the case of a positive adjustment) or as an offset to accrued OID in respect of the Note (in the case of a negative adjustment), for the taxable year in which the actual payment is made. If the negative adjustment for any taxable year exceeds the amount of OID on the Contingent Note for that year, the excess will be treated as an ordinary loss, but only to the extent the US Holder's total OID inclusions on the Note exceed the total amount of any ordinary loss in respect of the Note claimed by the US Holder under this rule in prior taxable years. Any negative adjustment that is not allowed as an ordinary loss for the taxable year is carried forward to the next taxable year, and is taken into account in determining whether the US Holder has a net positive or negative adjustment for that year. However, any negative adjustment that is carried forward to a taxable year in which the Contingent Note is sold, exchanged or retired, to the extent not applied to OID accrued for such year, reduces the US Holder's amount realised on the sale, exchange or retirement.

If a US Holder purchases a Contingent Note for an amount that differs from the Note's adjusted issue price at the time of the purchase, such US Holder must determine the extent to which the difference between the price it paid for the Note and the adjusted issue price of the Note is attributable to a change in expectations as to the projected payment schedule, a change in interest rates, or both, and reasonably allocate the difference accordingly. A safe-harbour may apply to permit the allocation of this difference pro-rata to OID accruals if the Contingent Note is exchange listed property, as defined in applicable US Treasury Regulations.

If a US Holder purchases a Contingent Note for an amount that is less than the adjusted issue price of the Note, the amount of the difference allocated to, a daily portion of OID or to a projected payment is treated as a positive adjustment to such Holder's income inclusion on the date the OID accrues or the payment is made. If a US Holder purchases a Contingent Note for an amount that is more than the adjusted issue price of the Note, the amount of the difference allocated to a daily portion of OID or to a projected payment is treated as a negative adjustment to such US Holder's income inclusion on the date the OID accrues or the payment is made.

Because any Form 1099-OID that a US Holder receives will not reflect the effects of positive or negative adjustments resulting from its purchase of a Contingent Note at a price other than the adjusted issue price determined for tax purposes, US Holders are urged to consult with their tax advisors as to whether and how adjustments should be made to the amounts reported on any Form 1099-OID.

Substitution of Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of the Issuer under the Notes may be assumed by another entity. Any such assumption might be treated for US federal income tax purposes as a deemed disposition of Notes by a US Holder in exchange for new Notes issued by the new obligor. As a result of this deemed disposition, a US Holder could be required to recognise capital gain or loss for US federal income tax purposes equal to the difference, if any, between the issue price of the new Notes (as determined for US federal income tax purposes), and the US Holder's tax basis in the Notes. US Holders should consult their tax advisers concerning the US federal income tax consequences to them of a change in obligor with respect to the Notes.

Purchase, Sale and Retirement of Notes

A US Holder's tax basis in a Note will generally be its cost, increased by the amount of any OID, as well as interest inclusions on a Contingent Note, included in the US Holder's income with respect to the Note, and reduced by the amount of any payments that are not qualified stated interest payments.

A US Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the tax basis of the Note. The amount realised does not include the amount attributable to accrued but unpaid interest (but does include at the scheduled maturity of a Contingent Note, the projected payment of such Contingent Note), which will be taxable as interest income to the extent not previously included in income. Except to the extent attributable to changes in exchange rates (as discussed below) or described below in the immediately following paragraph in relation to Contingent Notes, gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long-term capital gain or loss if the US Holder's holding period in the Notes exceeds one year. Capital gain or loss realised by a US Holder on the sale or retirement of a Note generally will be US source.

Gain from the sale or retirement of a Contingent Note will be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the US Holder's total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the US Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss (other than loss treated as capital loss) realised by a US Holder on the sale or retirement of a Contingent Note will be foreign source.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis US Holder will be the US dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into US dollars.

An accrual basis US Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a US Holder, the part of the period within the taxable year).

Under the second method, the US Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis US Holder may instead translate the accrued interest into US dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the US Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the US Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, the US Holder may recognise US source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into US dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into US dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into US dollars in the same manner as stated interest accrued by an accrual basis US Holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a US Holder may recognise US source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into US dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into US dollars.

Market Discount

Market Discount on a Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the US Holder elects to include market discount in income currently, the accrued market discount will be translated into US dollars at the average exchange rate for the accrual period (or portion thereof within the US Holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the US Holder may recognise US source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A US Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the US dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency. On the date bond premium offsets interest income, a US Holder may recognise US source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the US Holder. A US Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a market loss when the Note matures.

Foreign Currency Contingent Notes

Special rules apply to determine the accrual of interest, and the amount, timing, source and character of any gain or loss on a Contingent Note that is denominated in a foreign currency (a "**Foreign Currency Contingent Note**"). The rules applicable to Foreign Currency Contingent Notes are complex, and US Holders are urged to consult their tax advisers concerning the application of these rules.

Under these rules, a US Holder of a Foreign Currency Contingent Note will generally be required to accrue interest in the foreign currency in which the Foreign Currency Contingent Note is denominated (i) at a yield at which the Issuer would issue a fixed rate debt instrument denominated in the same

foreign currency with terms and conditions similar to those of the Foreign Currency Contingent Note, and (ii) in accordance with a projected payment schedule determined by the Issuer, under rules similar to those described above under "Contingent Payment Debt Instrument". The amount of interest on a Foreign Currency Contingent Note that accrues in any accrual period will be the product of the comparable yield of the Foreign Currency Contingent Note (adjusted to reflect the length of the accrual period) and the adjusted issue price of the Foreign Currency Contingent Note. The adjusted issue price of a Foreign Currency Contingent Note will generally be determined under the rules described above, and will be denominated in the foreign currency of the Foreign Currency Contingent Note.

Interest on a Foreign Currency Contingent Note will be translated into US dollars under translation rules similar to those described above under "– Interest". Any positive adjustment (i.e. the excess of actual payments over projected payments) in respect of a Foreign Currency Contingent Note for a taxable year will be translated into US dollars at the spot rate on the last day of the taxable year in which the adjustment is taken into account. The amount of any negative adjustment on a Foreign Currency Contingent Note (i.e. the excess of projected payments over actual payments) that is offset against accrued but unpaid interest will be translated into US dollars at the same rate at which such interest was accrued. To the extent a net negative adjustment exceeds the amount of accrued but unpaid interest, the negative adjustment will be treated as offsetting interest that has accrued and been paid on the Foreign Currency Contingent Note, and will be translated into US dollars at the spot rate on the date the Foreign Currency Contingent Note was issued. Any net negative adjustment carry forward will be carried forward in the relevant foreign currency.

Foreign Currency Exchange Rate Gain or Loss. A US Holder will also recognise US source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Note. For purposes of determining the amount of exchange rate gain or loss, the amount received is attributed first to any net positive adjustment that has not previously been taken into account, then to accrued but unpaid interest (after reduction by any net negative adjustment that reduces accrued OID or that gives rise to an ordinary loss, and attributed to the most recent period to the extent prior amounts have not already been attributed to such period), and thereafter to principal. Any interest paid in a taxable year in which a net negative adjustment has reduced OID accruing in that year is treated as a payment of principal to the extent of such reduction. Generally, no exchange rate gain or loss is recognized with respect to amounts received that are attributed to a net positive adjustment. The exchange rate gain or loss in respect of amounts attributable to accrued OID will be equal to the difference, if any, between the amount translated into US dollars at the spot rate in effect on the date of receipt and the US dollar value of the accrued OID translated into US dollars at the exchange rate at which the OID was accrued. The exchange gain or loss in respect of amounts attributable to principal will be equal to the difference, if any, between the amount translated into US dollars on the spot rate in effect on the date of receipt and the amount translated into US dollars at the spot rate in effect on the date the Note was acquired.

Sale or Retirement

Notes other than Foreign Currency Contingent Notes. As discussed above under "Purchase, Sale and Retirement of Notes", a US Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and its tax basis in the Note. A US Holder's tax basis in a Note that is denominated in a foreign currency will be determined by reference to the US dollar cost of the Note. The US dollar cost of a Note purchased with foreign currency will generally be the US dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis US Holder (or an accrual basis US Holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the US dollar value of this amount on the date of sale or retirement or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis US Holder (or an accrual basis US Holder that so elects), on the settlement date for the sale. Such an election by an accrual basis US Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A US Holder will recognise US source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any, between the US dollar values of the

US Holder's purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the US Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement.

Foreign Currency Contingent Notes. Upon a sale, exchange or retirement of a Foreign Currency Contingent Note, a US Holder will generally recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the US Holder's tax basis in the Foreign Currency Contingent Note, both translated into US dollars as described below. A US Holder's tax basis in a Foreign Currency Contingent Note will equal (i) the cost thereof (translated into US dollars at the spot rate on the issue date), (ii) increased by the amount of interest previously accrued on the Foreign Currency Contingent Note (disregarding any positive or negative adjustments and translated into US dollars using the exchange rate applicable to such interest) and (iii) decreased by the projected amount of all prior payments in respect of the Foreign Currency Contingent Note. The US dollar amount of the projected payments described in clause (iii) of the preceding sentence is determined by (i) first allocating the payments to the most recently accrued interest to which prior amounts have not already been allocated and translating those amounts into US dollars at the rate at which the interest was accrued and (ii) then allocating any remaining amount to principal and translating such amount into US dollars at the spot rate on the date the Foreign Currency Contingent Note was acquired by the US Holder. For this purpose, any accrued interest reduced by a negative adjustment carry forward will be treated as principal. The basis is also increased or decreased, as appropriate, to reflect positive or negative adjustments that a US Holder must make to account for the difference between such US Holder's purchase price for the Note and the adjusted issue price of the Note at the time of the purchase. For this purpose, any negative adjustment allocable to OID is translated into US dollars at the rate used to translate the OID being offset, and any negative adjustment applicable to projected payments is translated into US dollars at the spot rate on the date the Foreign Currency Contingent Note was acquired. Also, for this purpose, any positive adjustment applicable to OID is translated into US dollars at the rate used to translate the OID to which it relates (and is treated as an additional accrual of OID under the above rules) and any positive adjustment applicable to a projected payment is translated into US dollars at the spot rate on the date the adjustment is taken into account.

The amount realised by a US Holder upon the sale, exchange or retirement of a Foreign Currency Contingent Note will equal the amount of cash and the fair market value (determined in foreign currency) of any property received. If a US Holder holds a Foreign Currency Contingent Note until its scheduled maturity, the US dollar equivalent of the amount realised will be determined by separating such amount realised into principal and one or more interest components, based on the principal and interest comprising the US Holder's basis, with the amount realised allocated first to interest (and allocated to the most recently accrued amounts first) and any remaining amounts allocated to principal. For this purpose, any amount added to a US Holder's basis to account for the difference between such US Holder's purchase price for the Foreign Currency Contingent Note and the adjusted issue price of the Note at the time of purchase will be translated into US dollars at the same rates at which they were translated for purposes of determining basis. The US dollar equivalent of the amount realised upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be determined in a similar manner, but will first be allocated to principal and then any accrued interest (and will be allocated to the earliest accrued amounts first). Each component of the amount realised will be translated into US dollars using the exchange rate used with respect to the corresponding principal or accrued interest. The amount of any gain realised upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be equal to the excess of the amount realised over the holder's tax basis, both expressed in foreign currency, and will be translated into US dollars using the spot rate on the payment date. Gain from the sale or retirement of a Foreign Currency Contingent Note will generally be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the US Holder's total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the US Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss (other than loss treated as capital loss) realised by a US Holder on the sale or retirement of a Foreign Currency Contingent Note will generally be foreign source. Any capital loss will generally be US source. Prospective investors should consult their tax advisers as to the foreign tax credit implications of the sale or retirement of Foreign Currency Contingent Notes.

A US Holder will also recognise US source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Note if the

exchange rate in effect on the date the payment is received differs from the rate applicable to the principal or accrued interest to which such payment relates.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its US dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the US dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for US dollars) will be US source ordinary income or loss.

Backup Withholding and Information Reporting

In general, payments of interest and accrued OID on, and the proceeds of a sale, redemption or other disposition of, the Notes, payable to a US Holder by a US paying agent or other US intermediary will be reported to the IRS and to the US Holder as may be required under applicable regulations. Backup withholding will apply to these payments and to accruals of OID if the US Holder fails to provide an accurate taxpayer identification number or certification of exempt status or fails to report all interest and dividends required to be shown on its US federal income tax returns. Certain US Holders (including, among others, corporations) are not subject to backup withholding. US Holders should consult their tax advisers as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

Reportable Transactions

A US taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A US Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year, if the US Holder is an individual or trust, or higher amounts for other non-individual US Holders. In the event the acquisition, holding or disposition of Notes constitutes participation in a reportable transaction for purposes of these rules, a US Holder will be required to disclose its investment by filing Form 8886 with the IRS. Pursuant to US tax legislation enacted in 2004, a penalty in the amount of U.S.\$10,000 in the case of a natural person and U.S.\$50,000 in all other cases is generally imposed on any taxpayer that fails to timely file an information return with the IRS with respect to a transaction resulting in a loss that is treated as a reportable transaction. Accordingly, if a US Holder realises a loss on any Note (or, possibly, aggregate losses from the Notes) satisfying the monetary thresholds discussed above, the US Holder could be required to file an information return with the IRS, and failure to do so may subject the US Holder to the penalties described above. In addition, the Issuer and its advisers may also be required to disclose the transaction to the IRS, and to maintain a list of US Holders, and to furnish this list and certain other information to the IRS upon written request. Prospective investors are urged to consult their tax advisers regarding the application of these rules to the acquisition, holding or disposition of Notes.

New Disclosure Requirements

For taxable years beginning in 2011 (or, if sooner, any taxable year beginning after 18 March 2010), any US Holder that is an individual and holds certain foreign assets (which may include Notes issued by the Issuer if such Notes are not treated as regularly traded on an established securities market) will be required to report certain information to the IRS with respect to each of such assets if the aggregate of such assets exceeds U.S.\$50,000. Taxpayers who fail to make the required disclosure are subject to a penalty of U.S.\$10,000 for such taxable year, which may be increased to U.S.\$50,000 if such individual continues to fail to provide the information after being notified of such failure by the IRS. All US Holders are urged to consult with their own tax advisors with respect to whether the Note is an asset that will be subject to this rule.

TAXATION OF NON-US HOLDERS

General

This discussion does not discuss all aspects of United States federal income taxation that may be relevant to non-US Holders in light of their particular circumstances or to non-US Holders subject to

special rules under the United States federal income tax laws, such as financial institutions, real estate investment trusts, insurance companies, dealers in securities, persons holding Notes in connection with a hedging transaction, "straddle", integrated or conversion transaction, persons who own an interest in a partnership or other pass-through entity, former citizens or long-term residents of the United States or tax-exempt organizations.

Subject to the discussions above in "NEW U.S. TAX LEGISLATION" and below in "Dividend Equivalent Payments" and "U.S. Backup Withholding and Information Reporting," the Issuer expects that payments on the Notes to a Non-US Holder generally will not be subject to U.S. federal withholding tax.

Further, subject to the discussion above in "NEW U.S. TAX LEGISLATION" gains realized on the sale, exchange, retirement or other disposition of a Note by a Non-US Holder will generally not be subject to U.S. federal income tax unless (i) such income is effectively connected with a trade or business conducted by the Non-US Holder in the United States, or (ii) the Non-US Holder has or had a current or former relationship with the United States, including a relationship as a citizen or resident thereof or based on an individual's presence in the United States for 183 days or more in the taxable year.

Generally, Notes held by an individual who is a Non-US Holder at the time of death will not be subject to U.S. federal estate tax as a result of the individual's death if at the time of the individual's death payments with respect to the Note would not have been effectively connected with a U.S. trade or business of the individual

U.S. Withholding on Notes under the New U.S. Tax Law

Notwithstanding the general discussion above, if payments on a Note were treated as U.S. source income, such amounts could be subject to a U.S. withholding tax generally, and under the New U.S. Tax Law described in "NEW U.S. TAX LEGISLATION," above, payments, including the proceeds of a sale or redemption, to a non-U.S. entity could be subject to a separate 30 per cent. U.S. withholding tax (which may not be refundable) without regard to the exemptions from U.S. withholding that may otherwise be available.

Dividend Equivalent Payments

Notwithstanding the general discussion above, under recently enacted legislation, payments made on or after 14 September 2010 (i) pursuant to a securities lending transaction, a sale-repurchase transaction or a specified notional principal contract that directly or indirectly are contingent upon, or determined by reference to, the payment of a U.S. source dividend (generally a dividend with respect to a U.S. corporation or a foreign corporation that is engaged in a U.S. trade or business) or (ii) otherwise determined to be substantially similar to a payment described in (i) above will be treated as U.S. source dividends and subject to withholding. The Issuer will not pay any Additional Amounts in respect of such withholding.

In general, a specified notional principal contract is any notional principal contract existing on or after 18 March 2012 (unless exempted under future regulations) or any notional principal contract (i) pursuant to which any long party transfers the underlying security to any short party, (ii) in connection with the termination of which, the short party transfers the underlying security to any long party, (iii) if the underlying security is not readily tradable on an established securities market, (iv) in connection with the execution of which, the underlying security is posted as collateral by any short party with any long party, or (v) that is identified as being a specified notional principal contract. It is unclear whether any of the Notes will constitute a notional principal contract, and if so, whether such a Note would be treated as a specified notional principal contract. In addition, it is unclear whether any Note may be treated as making payments that are specifically identified as being substantially similar to payments that would be subject to these rules.

In addition to the potential for withholding on amounts treated as Dividend Equivalent Payments, if a payment on a Note is treated as a U.S. source dividend or a Note is of a type that could produce U.S. source dividends, such Note will be subject to the New U.S. Tax Law described in "NEW U.S. TAX LEGISLATION" above. It is possible that a Note that does not in fact pay any dividends (or any distributions prior to its maturity) could nevertheless be treated as a type of security that could produce

U.S. source dividends, and, thus, be subject to the New U.S. Tax Law. In any event, payments treated as U.S. Source dividends (as well as the gross proceeds of a Note that is of the type that could produce U.S. Source dividends) will be subject to withholding under the New U.S. Tax Law unless the Non-US Holder enters into an IRS Agreement or the payments on (and gross proceeds of) the Note are otherwise exempt from such withholding (except to the extent such withholding has been imposed under certain other provisions of the Code). No Additional Amounts will be paid for any withholding imposed on a Note

U.S. Backup Withholding and Information Reporting

In the case of a Note that is treated as debt and in registered form for U.S. federal income tax purposes, payments of principal, OID, and interest made by a non-U.S. payor (other than a U.S. Controlled Person) outside the United States to a Non-US Holder will not be subject to information reporting or backup withholding. Payments on such Notes made within the United States or by a U.S. Controlled Person may be subject to information reporting and backup withholding. In general, although issued in "bearer form," Notes issued by the Issuer may be treated as registered for U.S. federal income tax purposes.

Payments of principal, OID and interest on securities treated as debt and in bearer form for U.S. federal income tax purposes to a Non-US Holder by a non-U.S. payor (other than a U.S. Controlled Person) generally will not be subject to information reporting and backup withholding.

Payments on the sale, exchange or other disposition of a Note made to a Non-US Holder by a non-U.S. broker (other than a U.S. Controlled Person) generally will not be subject to information reporting or backup withholding. However, if the broker is a U.S. Controlled Person, payments on the sale, exchange or other disposition of such a Note made by such U.S. Controlled Person may be subject to information reporting unless the (i) beneficial owner has furnished the broker with documentation upon which the broker can rely to treat the payment as made to a beneficial owner that is a foreign person or (ii) in the case of a Note in bearer form for U.S. federal income tax purposes that was issued in compliance with the TEFRA D Rules, the payment constitutes retirement of such Note and is made at an office of the U.S. Controlled Person outside the United States and the U.S. Controlled Person is not also acting in its capacity as a custodian, nominee, or other agent of the Holder.

For purposes of this discussion, a "U.S. Controlled Person" means (i) a U.S. person (as defined in the Code, and for this purpose includes a foreign branch or office of such person), (ii) a controlled foreign corporation for U.S. federal income tax purposes, (iii) a foreign person 50 per cent. or more of whose gross income was effectively connected with the conduct of a United States trade or business for a specified three-year period, (iv) a foreign partnership, if at any time during its tax year, one or more of its partners are U.S. persons who, in the aggregate, hold more than 50 per cent. of the partnership's income or capital interest or if, at any time during its tax year, it is engaged in the conduct of a trade or business in the United States, or (v) a U.S. branch of a foreign bank or a foreign insurance company.

Any amounts withheld under the backup withholding rules may be allowed as a credit against the Holder's U.S. federal income tax liability, and may entitle the Holder to a refund, provided that the required information is furnished to the IRS.

Holders should consult their tax advisors regarding the application of information reporting and backup withholding to their particular situations, the availability of an exemption therefrom, and the procedure for obtaining an exemption, if available.

THE FOREGOING SUMMARY DOES NOT ADDRESS ALL ASPECTS OF UNITED STATES FEDERAL INCOME TAXATION THAT MAY BE RELEVANT TO AN INVESTOR. INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS FOR SPECIFIC ADVICE CONCERNING THE TAX CONSEQUENCES REGARDING THE PURCHASE, OWNERSHIP AND DISPOSITION OF NOTES

CERTAIN ERISA CONSIDERATIONS

The advice below was not written and is not intended to be used and cannot be used by any taxpayer for purposes of avoiding United States federal income tax penalties that may be imposed. The advice is written to support the promotion or marketing of the transaction. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

The foregoing language is intended to satisfy the requirements under the new regulations in Section 10.35 of Circular 230.

In General

The United States Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") imposes certain requirements on "employee benefit plans" (as defined in Section 3(3) of ERISA and subject to Title I of ERISA), including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans and on those persons who are fiduciaries with respect to such plans. Investments by such plans are subject to ERISA's general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that such plan's investments be made in accordance with the documents governing such plan. The prudence of a particular investment must be determined by the responsible fiduciary of such plan by taking into account such plan's particular circumstances and all of the facts and circumstances of the investment including, but not limited to, the matters discussed above under "Risk Factors" and the fact that in the future there may be no market in which such fiduciary will be able to sell or otherwise dispose of the Notes.

Section 406 of ERISA and Section 4975 of the Internal Revenue Code of 1986 as amended (the "**Code**") prohibit certain transactions involving the assets of employee benefit plans (as defined in Section 3(3) of ERISA and subject to Title I of ERISA) as well as those plans that are not subject to ERISA but which are defined in Section 4975(e)(1) of the Code and subject to Section 4975 of the Code, such as individual retirement accounts (collectively, "**Plans**") and certain persons (referred to as "**parties in interest**" or "**disqualified persons**") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and Section 4975 of the Code.

U.S. Department of Labor regulation 29 C.F.R. Section 2510.3-101 as modified by Section 3(42) of ERISA (the "**Plan Asset Regulations**") describes what constitutes the assets of a Plan with respect to the Plan's investment in an entity for purposes of certain provisions of ERISA and Section 4975 of the Code, including the fiduciary responsibility provisions of Title I of ERISA and Section 4975 of the Code. Under the Plan Asset Regulations, if a Plan invests in an "equity interest" of an entity that is neither a "publicly offered security" nor a security issued by an investment company registered under the 1940 Act, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established that the entity is an "operating company" or that equity participation in the entity by "benefit plan investors" is not "significant".

Prohibited transactions within the meaning of Section 406 of ERISA or Section 4975 of the Code may arise if the Notes are acquired with the assets of a Plan with respect to which the relevant Issuer, SBGL or any of their respective affiliates, is a party in interest or a disqualified person. SBGL and its affiliates are considered a party in interest or a disqualified person with respect to many Plans. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire a Note and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a "qualified professional asset manager"), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 95-60 (relating to investments by insurance company general accounts), and PTCE 96-23 (relating to transactions effected by in-house asset managers) (collectively, "**Investor-Based Exemptions**"). There is also a statutory exemption that may be available under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code to a party in interest that is a service

provider to a Plan investing in the Notes for adequate consideration, provided such service provider is not (i) a fiduciary with respect to the Plan's assets used to acquire the Notes or an affiliate of such fiduciary or (ii) an affiliate of the employer sponsoring the Plan (the "**Service Provider Exemption**"). Adequate consideration means fair market value as determined in good faith by the Plan fiduciary pursuant to regulations to be promulgated by the U.S. Department of Labor. There can be no assurance that any of these Investor-Based Exemptions or the Service Provider Exemption or any other administrative or statutory exemption will be available with respect to any particular transaction involving the Notes.

Governmental, certain church, non-U.S. and other plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to state, local, federal or non-U.S. laws that are similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before acquiring any Notes.

Any insurance company proposing to invest assets of its general account in Notes should consider the extent to which such investment would be subject to the requirements of Title I of ERISA and Section 4975 of the Code in light of the U.S. Supreme Court's decision in *John Hancock Mutual Life Insurance Co. v. Harris Trust and Savings Bank*, 510 U.S. 86 (1993), and the enactment of Section 401(c) of ERISA. In particular, such an insurance company should consider (i) the exemptive relief granted by the U.S. Department of Labor for transactions involving insurance company general accounts in PTCE 95-60 and (ii) if such exemptive relief is not available, whether its acquisition of Notes will be permissible under the final regulations issued under Section 401(c) of ERISA. The final regulations provide guidance on which assets held by an insurance company constitute "plan assets" for purposes of the fiduciary responsibility provisions of ERISA and Section 4975 of the Code. The regulations do not exempt the assets of insurance company general accounts from treatment as "plan assets" to the extent they support certain participating annuities issued to Plans after December 31, 1998.

The Notes

The Plan Asset Regulations define an "equity interest" as any interest in an entity other than an instrument that is treated as indebtedness under applicable local law and which has no substantial equity features. As mentioned above, if a Plan invests in an "equity interest" of an entity, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless the entity is an "operating company." An operating company is an entity engaged, directly or indirectly, in business activities involving the manufacture or sale of a product or service. If a Note is deemed to be an equity interest in the Issuer, an investment by a Plan in such equity interest should not result in such Plan having an undivided interest in the entity's assets because the Issuer should qualify as an operating company. In addition, a Note may constitute a debt interest or a notional principal contract, depending on the relevant terms of such Note. Therefore, a Note may be acquired by a Plan. Nevertheless, without regard to whether such Note is considered a debt or equity interest or a notional principal contract, prohibited transactions within the meaning of Section 406 of ERISA or Section 4975 of the Code may arise if such Note is acquired with the assets of a Plan with respect to which the Issuer, or in certain circumstances, any of its respective affiliates, is a party in interest or a disqualified person. The Investor-Based Exemptions or the Service Provider Exemption may be available to cover such prohibited transactions.

By its acquisition, holding and subsequent disposition of any Note, each acquirer and subsequent transferee thereof will be deemed to have represented and warranted, at the time of its acquisition and throughout the period it holds such Note, either that (a) it is neither a Plan nor any entity whose underlying assets include "plan assets" by reason of such Plan's investment in the entity, nor a governmental, church, non-U.S. or other plan which is subject to any federal, state, local or non-U.S. law that is similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or (b) its acquisition, holding and subsequent disposition of such Note will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any similar law). In addition, a Plan fiduciary relying on the Service Provider Exemption will be deemed to have represented and warranted at the time of the Plan's acquisition and throughout the period the Plan holds the Note that (x) the Plan fiduciary has made a good faith determination that the Plan is paying no more than, and is receiving no less than, adequate consideration in connection with the transaction and (y) none of SBGL or any of its affiliates exercises discretionary authority or control or renders investment

advice with respect to the assets of the Plan which the fiduciary is using to acquire the Note, both of which are necessary preconditions to utilizing this exemption. Any acquirer that is a Plan is encouraged to consult with counsel regarding the application of the above representations and warranties. Any purported transfer of a Note, or any interest therein to an acquirer or transferee that does not comply with the requirements specified in the applicable documents will be of no force and effect and shall be null and void ab initio.

THE PRECEDING DISCUSSION IS ONLY A SUMMARY OF CERTAIN OF THE ERISA AND OTHER IMPLICATIONS OF AN INVESTMENT IN THE SECURITIES AND DOES NOT PURPORT TO BE COMPLETE. MOREOVER, THE MATTERS DISCUSSED ABOVE MAY BE AFFECTED BY FUTURE REGULATIONS, RULINGS AND COURT DECISIONS, SOME OF WHICH MAY HAVE RETROACTIVE APPLICATION AND EFFECT. POTENTIAL ACQUIRERS SHOULD CONSULT WITH THEIR OWN LEGAL AND OTHER ADVISORS PRIOR TO INVESTING TO DETERMINE THE ERISA IMPLICATIONS OF SUCH INVESTMENTS IN LIGHT OF SUCH POTENTIAL ACQUIRER'S CIRCUMSTANCES.

THE SALE OF NOTES TO A PLAN IS IN NO RESPECT A REPRESENTATION BY THE ISSUER OR SBGL THAT THIS INVESTMENT MEETS ALL RELEVANT REQUIREMENTS WITH RESPECT TO INVESTMENTS BY PLANS GENERALLY OR ANY PARTICULAR PLAN OR THAT THIS INVESTMENT IS APPROPRIATE FOR PLANS GENERALLY OR ANY PARTICULAR PLAN.

SELLING RESTRICTIONS

The Notes will be distributed by Standard Bank Plc (in such capacity the "**Dealer**"). The Dealer will observe and every purchaser will be required to observe the restrictions set out below, in addition to any further restrictions set forth in the relevant Final Terms.

United States of America

The Notes have not been and will not be registered under the Securities Act. Notes in bearer form having a maturity of more than one year are subject to US tax law requirements. Subject to certain exceptions, Notes may not be offered or sold within the United States or to, or for the account or benefit of, US persons (as defined in Regulation S). The Notes will not be offered, sold or delivered in bearer form within the United States or to US persons (as defined by the US Internal Revenue Code of 1986).

In addition, until 40 days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act (if such sale is made otherwise than in accordance with Rule 144A).

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes (a) outside the United States to non-US persons in reliance on Regulation S and (b) in the United States to qualified institutional buyers within the meaning of Rule 144A pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act. The Issuer reserves the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States or to any US person, other than any qualified institutional buyer within the meaning of Rule 144A to whom an offer has been made directly by the Issuer or its US broker-dealer affiliates. Distribution of this Base Prospectus by any non-US person outside the United States or by any qualified institutional buyer in the United States to any US person or to any other person within the United States, other than any qualified institutional buyer and those persons, if any, retained to advise such non-US person or qualified institutional buyer with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such US person or other person within the United States, other than any qualified institutional buyer and those persons, if any, retained to advise such non-US person or qualified institutional buyer, is prohibited.

United Kingdom

The Dealer represents, warrants and agrees that:

- (1) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**") by the Issuer;
- (2) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (3) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Public Offer Selling Restriction Under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), the Dealer represents, warrants and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (1) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes, which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer in accordance with the Prospectus Directive in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (2) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (3) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive subject to obtaining the prior consent of the Dealer nominated by the Issuer for any such offer; or
- (4) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (2) to (4) above shall require the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Republic of Ireland

The Dealer will represent, warrant and agree that they have not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes in Ireland:

- (a) except in circumstances which do not require the publication of a prospectus pursuant to Article 3(2) of Directive 2003/71/EC;
- (b) otherwise than in compliance with the provisions of the Irish Companies Acts 1963-2006;
- (c) otherwise than in compliance with the provisions of the European Communities (Markets in Financial Instruments) Regulations 2007 (S.I. No. 60 of 2007) (as amended), and it will conduct itself in accordance with any codes or rules of conduct and any conditions or requirements, or any other enactment, imposed or approved by the Central Bank of Ireland with respect to anything done by them in relation to the Notes; and

- d) otherwise than in compliance with the provisions of the Market Abuse (Directive 2003/6/EC) Regulations 2005 and any rules issued by the Central Bank of Ireland pursuant thereto.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealer following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

The Dealer agrees that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor the Dealer shall have responsibility therefor.

TRANSFER RESTRICTIONS

Restricted Notes

Each purchaser of Notes within the United States, by accepting delivery of this Base Prospectus, will be deemed to have represented, agreed and acknowledged that:

1. It is (a) a qualified institutional buyer within the meaning of Rule 144A, (b) acquiring such Notes for its own account or for the account of a qualified institutional buyer and (c) aware, and each beneficial owner of such Notes has been advised, that the sale of such Notes to it is being made in reliance on Rule 144A or pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act.
2. The Notes have not been and will not be registered under the Securities Act and may not be offered, sold, pledged or otherwise transferred except (a) in accordance with Rule 144A to a person that it and any person acting on its behalf reasonably believe is a qualified institutional buyer purchasing for its own account or for the account of a qualified institutional buyer, (b) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S or (c) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available), in each case in accordance with any applicable securities laws of any State of the United States.
3. Such Notes, unless the Issuer determines otherwise in compliance with applicable law, will bear a legend to the following effect:

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE US SECURITIES ACT OF 1933 (THE "**SECURITIES ACT**"), OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT (1) IN ACCORDANCE WITH RULE 144A UNDER THE SECURITIES ACT TO A PERSON THAT THE HOLDER AND ANY PERSON ACTING ON ITS BEHALF REASONABLY BELIEVE IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER, (2) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT OR (3) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 THEREUNDER (IF AVAILABLE), IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT FOR REALES OF THIS NOTE.

4. It understands that the Issuer and its affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements. If it is acquiring any Notes for the account of one or more qualified institutional buyers it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.
5. It understands that the Notes offered in the United States in reliance on Rule 144A or pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act are "restricted securities" (within the meaning of Rule 144(a)(3) of the Securities Act) and may be represented by a Restricted Global Certificate. Before any interest in the Restricted Global Certificate may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Unrestricted Global Certificate, it will be required to provide a written certification (in the form provided in the Deed of Covenant) as to compliance with applicable securities laws.

Prospective investors are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

ERISA Transfer Restrictions

By its acquisition, holding and subsequent disposition of any Note, each acquirer and subsequent transferee thereof will be deemed to have represented and warranted, at the time of its acquisition and throughout the period it holds such Note, either that (a) it is neither a Plan nor any entity whose underlying assets include "plan assets" by reason of such Plan's investment in the entity, nor a governmental, church, non-U.S. or other plan which is subject to any federal, state, local or non-U.S. law that is similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or (b) its acquisition, holding and subsequent disposition of such Note will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any similar law). In addition, a Plan fiduciary relying on the Service Provider Exemption will be deemed to have represented and warranted at the time of the Plan's acquisition and throughout the period the Plan holds the Note that (x) the Plan fiduciary has made a good faith determination that the Plan is paying no more than, and is receiving no less than, adequate consideration in connection with the transaction and (y) none of SBGL or any of its affiliates exercises discretionary authority or control or renders investment advice with respect to the assets of the Plan which the fiduciary is using to acquire the Note, both of which are necessary preconditions to utilizing this exemption. Any acquirer that is a Plan is encouraged to consult with counsel regarding the application of the above representations and warranties. Any purported transfer of a Note, or any interest therein to an acquirer or transferee that does not comply with the requirements specified in the applicable documents will be of no force and effect and shall be null and void ab initio.

In addition, each acquirer and subsequent transferee understands that each shall bear the following legend:

BY ITS ACQUISITION, HOLDING AND SUBSEQUENT DISPOSITION OF ANY NOTE, EACH ACQUIRER AND SUBSEQUENT TRANSFEREE THEREOF WILL BE DEEMED TO HAVE REPRESENTED AND WARRANTED, AT THE TIME OF ITS ACQUISITION AND THROUGHOUT THE PERIOD IT HOLDS SUCH NOTE, EITHER THAT (A) IT IS NOT AN "EMPLOYEE BENEFIT PLAN" SUBJECT TO THE FIDUCIARY RESPONSIBILITY PROVISIONS OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**"), A "PLAN" SUBJECT TO SECTION 4975 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**"), OR AN ENTITY PART OR ALL OF THE ASSETS OF WHICH CONSTITUTE ASSETS OF ANY SUCH EMPLOYEE BENEFIT PLAN OR PLAN BY REASON OF DEPARTMENT OF LABOR REGULATION SECTION 2510.3 101, SECTION 3(42) OF ERISA OR OTHERWISE (EACH A "**PLAN**") OR A GOVERNMENTAL, CHURCH, NON-U.S., OR OTHER PLAN SUBJECT TO ANY FEDERAL, STATE, LOCAL OR NON-U.S. LAW SIMILAR TO THE FIDUCIARY RESPONSIBILITY PROVISIONS OF ERISA OR SECTION 4975 OF THE CODE OR (B) ITS ACQUISITION, HOLDING AND SUBSEQUENT DISPOSITION OF THE NOTE WILL NOT CONSTITUTE OR RESULT IN ANY NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR UNDER SECTION 4975 OF THE CODE (OR, IN THE CASE OF A GOVERNMENTAL, CHURCH OR NON U.S. OR OTHER PLAN, A NON-EXEMPT VIOLATION OF ANY SIMILAR FEDERAL, STATE, LOCAL OR NON-U.S. LAW). ANY FIDUCIARY OF A PLAN ACQUIRING A NOTE IN RELIANCE UPON THE STATUTORY "SERVICE PROVIDER EXEMPTION" UNDER SECTION 408(b)(17) OF ERISA AND SECTION 4975(d)(20) OF THE CODE WILL REPRESENT AND WARRANT OR WILL BE DEEMED TO HAVE REPRESENTED AND WARRANTED, AS APPLICABLE, AT THE TIME OF THE PLAN'S ACQUISITION AND THROUGHOUT THE PERIOD THE PLAN HOLDS THE NOTE THAT (X) THE PLAN FIDUCIARY HAS MADE A GOOD FAITH DETERMINATION THAT THE PLAN IS PAYING NO MORE THAN, AND IS RECEIVING NO LESS THAN, ADEQUATE CONSIDERATION IN CONNECTION WITH THE TRANSACTION AND (Y) NONE OF STANDARD BANK GROUP LIMITED OR ANY OF ITS AFFILIATES EXERCISES DISCRETIONARY AUTHORITY OR CONTROL OR RENDERS INVESTMENT ADVICE WITH RESPECT TO THE ASSETS OF THE PLAN WHICH THE FIDUCIARY IS USING TO ACQUIRE THE NOTE. ANY PURPORTED TRANSFER OF THE NOTE, OR ANY INTEREST THEREIN, TO AN ACQUIRER OR TRANSFEREE THAT DOES NOT COMPLY WITH THE REQUIREMENTS

OF THIS PARAGRAPH WILL BE OF NO FORCE AND EFFECT AND SHALL BE NULL AND VOID AB INITIO.

PART A — CONTRACTUAL TERMS

Text in this section appearing in italics does not form part of the form of the Final Terms but denotes directions for completing the Final Terms.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 28 June 2012 [and the supplemental Base Prospectus dated [●]] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC, as amended by Directive 2010/73/EU) (the "**Prospectus Directive**"). This document constitutes the Final Terms of the Notes described herein for the purposes of Regulation 23 of S.I. 324 of 2005 of Ireland and must be read in conjunction with such Base Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. [The Base Prospectus [and the supplemental Base Prospectus] [is] [are] available for viewing at, and copies may be obtained from, the registered office of the Issuer which is 20 Gresham Street, London EC2V 7JE.]

[The following alternative language applies if the first tranche of an issue which is being increased was issued under a prospectus with an earlier date.]

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus dated [original date] [and the supplemental Base Prospectus dated [●]] relating to the above Programme issued by Standard Bank Plc. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive (Directive 2003/71/EC, as amended by Directive 2010/73/EU) (the "**Prospectus Directive**") and Regulation 23 of S.I. 324 of 2005 of Ireland and must be read in conjunction with the Base Prospectus dated [●] [and the supplemental Base Prospectus dated [●]] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Base Prospectus dated [original date] [and the supplemental Base Prospectus dated [●]] and are attached hereto. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms, the Base Prospectuses dated [original date] and [●] [and the supplemental Base Prospectus dated [●]]. The Base Prospectuses [and the supplemental Base Prospectus dated [●]] are available for viewing at, and copies may be obtained from, the registered office of the Issuer which is 20 Gresham Street, London EC2V 7JE.]

[Any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.^{32]}

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.]

[When completing final terms or adding any other final terms or information consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

Except as set out below, the Notes will be subject to the Conditions set out in the Base Prospectus, the terms set out in the Equity Linked Derivatives Annex and also to the following terms:

[Any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.⁶³]

INDEX LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Index Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. Amendment to the Conditions

The following shall be inserted as Conditions 5.2A, 5.2B and 5.2C (together, the "**Additional Conditions**"):

"5.2A Modification or Discontinuation of an Index or Exchange-traded Contract

- (a) If any Index is (i) not calculated and announced by its Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") shall be deemed to be the Index.
- (b) *The following provisions will not apply if Exchange-traded Price Valuation is specified as applicable in the Final Terms, save in the circumstances set out in Condition 5.2A(c)(ii):*

If, in the determination of the Calculation Agent (i) on or before any Observation Date, Valuation Date, Initial Setting Date, Initial Averaging Date, Averaging Date or Interim Valuation Date the Sponsor announces that it will make a material change in the formula for or the method of calculating an Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain an Index in the event of changes in constituent securities and capitalisation and other routine events) (an "**Index Modification**") or permanently cancels the Index and no Successor Index exists (an "**Index Cancellation**") or (ii) on any Observation Date, Valuation Date, Initial Setting Date, Initial Averaging Date, Averaging Date or Interim Valuation Date the Sponsor fails to calculate and announce the Index Level (an "**Index Disruption**" and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then:

- (i) if "Calculation Agent Adjustment" is specified as applicable in the Final Terms, the Calculation Agent shall calculate the Final Redemption Amount using, in lieu of a published level for such Index, the level for such Index as at the relevant Valuation Time on the relevant Observation Date, Valuation Date, Initial Setting Date, Initial Averaging Date, Averaging Date or Interim Valuation Date as determined by the Calculation Agent in accordance with the formula for and method of calculating such Index last in effect before that change or failure, but using only those securities that comprised such Index immediately before that Index Adjustment Event (other than those securities that have since ceased to be listed on the relevant Exchange) and shall notify the Noteholders thereof (in accordance with Condition 15 (*Notices*)), provided that if the Calculation Agent determines that the modification is solely of a mathematical nature it may in its discretion alternatively use the published level of the Index and make such consequential changes to the method of calculating the Final Redemption Amount and/or the relevant Interim Payment, as the case may be, as it may determine to be appropriate to preserve the economic equivalent effect of the Notes; or
- (ii) if "Redemption and Payment" is specified as applicable in the Final Terms, then (1) in the case of an Index Disruption the Notes shall be redeemed on the relevant Observation Date, Valuation Date, Initial Setting Date, Initial Averaging Date, Averaging Date or Interim Valuation Date (as the case may be), (2) in the case of an Index Cancellation, the Notes shall be redeemed on the later of the Exchange Business Day in respect of the relevant Index immediately prior to the effectiveness of the Index Cancellation and the date the Index Cancellation is announced by the Sponsor and (3) in the case of an Index Modification, such date as the Calculation Agent may in its discretion determine not later than the Scheduled Trading Day in respect of the relevant Index prior to the effectiveness of such Index Modification. In such event the Issuer

shall pay in respect of each Note an amount determined by the Calculation Agent as representing the fair market value of such Note immediately prior to such redemption the formula or method to calculate the relevant Index in effect immediately prior to the relevant Index Adjustment Event. The Calculation Agent will promptly notify Noteholders in accordance with Condition 15 (*Notices*) of any such redemption. Such payment shall be made within five Business Days of such redemption *mutatis mutandis* in accordance with Condition 6 (*Payments*).

If both "Calculation Agent Adjustment" and "Redemption and Payment" are specified as applicable in the relevant Final Terms (or if neither is so specified), the Issuer may in its absolute discretion determine which provisions shall apply in any given circumstance.

- (c) *The following provisions will apply if Exchange-traded Price Valuation is specified as applicable in the Final Terms:*

- (i) Adjustments of the Exchange-traded Contract or the Official Settlement Price

If the terms of the Exchange-traded Contract are changed by the relevant exchange, the calculation of the Final Redemption Amount and/or the relevant Interim Payment, as the case may be, shall be adjusted in such manner as the Calculation Agent may determine, in its absolute discretion, to be appropriate in order to preserve the equivalent economic effect of the Notes. Subject thereto, the Calculation Agent shall ignore, for purposes of determining the Final Redemption Amount and/or the relevant Interim Payment, as the case may be, adjustments made by the relevant exchange to the method of calculation of the Official Settlement Price (including, without limitation, the timing of the valuation of prices of securities). None of the Issuer or the Calculation Agent shall have any responsibility in respect of any error or omission or subsequent corrections made in the calculation or publication of an Official Settlement Price, whether caused by negligence or otherwise. If such an adjustment is made the Calculation Agent shall make such adjustment available to Noteholders at its Specified Office.

- (ii) Non-Commencement or Discontinuance of the Exchange-traded Contract

If there is no Official Settlement Price as a result of the fact that trading in the Exchange-traded Contract never commences or is permanently discontinued at any time on or prior to the Valuation Date, the Official Settlement Price for a Valuation Date shall be deemed to be the level, as determined by the Calculation Agent, of the relevant Index at the Valuation Time on the relevant Exchange on the Valuation Date, subject as provided in Condition 5.2B(a) (*Disrupted Days*).

- (d) *Index Correction*

If the level in respect of the relevant Index published on the Exchange or by the Sponsor and, which is utilised for any calculation or determination made under the Notes, is subsequently corrected and the correction is published by the Exchange or the Sponsor after the original publication but not later than three Business Days before the due date for payment of any amount under the Notes, which is to be calculated by reference to such price or level, the Calculation Agent will determine the amount, (if any) that is payable as a result of that correction, and to the extent necessary, will adjust the terms of the Notes to account for such correction.

5.2B Disrupted Days

- (a) *Unless Initial Averaging Dates or Averaging Dates are specified as applicable to the Initial Setting Date or the Valuation Date in the Final Terms, the following provisions will apply to the Initial Setting Date or the Valuation Date (as the case may be) and these provisions shall in any case apply to Interim Valuation Dates and shall apply to Observation Dates unless there is an Observation Period:*

If the Calculation Agent determines that any Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date is a Disrupted Day in respect of an Index, then the Initial

Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, for such Index shall be the first succeeding Scheduled Trading Day in respect of such Index that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been such Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, for such Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of such Index as of the relevant Valuation Time on that eighth Scheduled Trading Day in accordance with (subject to the provisions of Condition 5.2A (*Modification or Discontinuation of an Index or Exchange-traded Contract*)) the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange-traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

- (b) *If Initial Averaging Dates or Averaging Dates are specified as applicable in the Final Terms, the following provisions will apply in relation thereto and, if an Observation Period is specified as applicable in the Final Terms, the following provisions will apply in relation to the Observation Dates:*

If the Calculation Agent determines that an Initial Averaging Date, Averaging Date or Observation Date is a Disrupted Day in respect of an Index and, if under "Initial Averaging Date Disrupted Day", "Averaging Date Disrupted Day" or "Observation Date Disrupted Day" (as the case may be) in the Final Terms the consequence specified is:

- (i) **"Omission"**, then such Initial Averaging Date, Averaging Date or Observation Date (as the case may be) will be deemed not to be a relevant Initial Averaging Date, Averaging Date or Observation Date (as the case may be) for the purposes of determining the relevant Final Redemption Amount and/or the relevant Interim Payment, as the case may be, provided that, if through the operation of this provision there would not be an Initial Averaging Date, Averaging Date or Observation Date (as the case may be), then Condition 5.2B(a) will apply *mutatis mutandis* for the purposes of determining the relevant level on the final Initial Averaging Date, final Averaging Date or final Observation Date, as the case may be;
- (ii) **"Postponement"**, then Condition 5.2B(a) will apply *mutatis mutandis* for the purposes of determining the relevant level on that Initial Averaging Date, Averaging Date or Observation Date (as the case may be) irrespective of whether, pursuant to such determination, that deferred Initial Averaging Date, Averaging Date or Observation Date (as the case may be) would fall on a day that already is or is deemed to be an Initial Averaging Date, Averaging Date or Observation Date (as the case may be) in respect of the relevant Index; or
- (iii) **"Modified Postponement"**, then the Initial Averaging Date, Averaging Date or Observation Date (as the case may be) shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Initial Averaging Date, Averaging Date, Observation Date or Disrupted Day in respect of the relevant Index, would have been the final Initial Averaging Date, final Averaging Date or final Observation Date, as the case may be, in respect of the relevant Index then (A) that eighth Scheduled Trading Day shall be deemed the Initial Averaging Date, Averaging Date or Observation Date (as the case may be) in respect of the relevant Index (irrespective of whether that eighth Scheduled Trading Day is already an Initial Averaging Date, Averaging Date or Observation Date (as the case may be)), and (B) the Calculation Agent shall determine the relevant level for that Initial Averaging Date, Averaging Date or Observation Date (as the case may be) in accordance with Condition 5.2B(a).

"Valid Date" means a Scheduled Trading Day which the Calculation Agent determines is not a Disrupted Day and on which another Initial Averaging Date, Averaging Date or Observation Date (as the case may be) does not or is not deemed to occur.

(c) *Notification of Disrupted Days*

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Noteholders of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been the Initial Setting Date, an Initial Averaging Date, an Averaging Date, an Observation Date, an Interim Valuation Date or a Valuation Date. Failure by the Calculation Agent to notify the Noteholders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence and effect of such Disrupted Day.

5.2C **Responsibility**

None of the Issuer or the Calculation Agent shall have any responsibility in respect of any error or omission or subsequent corrections made in the calculation or announcement of an Index, whether caused by negligence or otherwise.

2. **Definitions**

For the purposes of Conditions 5.2A, 5.2B, and 5.2C, the following words shall have the following meaning:

"Averaging Date" means, subject as provided in Condition 5.2B (*Disrupted Days*), in respect of an Index, each date so specified or otherwise determined in respect of that Index as provided in the Final Terms (or, if any such date is not a Scheduled Trading Day in respect of the relevant Index, the next following such Scheduled Trading Day).

"Banking Day" means, in respect of any city, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in such city.

"Disrupted Day" means, in respect of an Index, any Scheduled Trading Day on which (i) (in the case of a Multi-Exchange Index) the Sponsor fails to publish the level of the Index or (in the case of any other Index) the Exchange fails to open for trading during its regular trading session, (ii) any Related Exchange fails to open for trading during its regular trading session, or (iii) on which a Market Disruption Event has occurred.

EQUITY LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Equity Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. Amendment to the Conditions

The following shall be inserted as Conditions 5.2A, 5.2B, 5.2C, 5.2D, 5.2E and 5.2F (together, the "**Additional Conditions**"):

5.2A Redemption of Physically Settled Notes

This Condition only applies to Notes specified as Physically Settled Notes in the Final Terms.

(a) At Maturity

Unless previously redeemed or purchased and cancelled, each Note shall be redeemed by the Issuer by delivery of the Share Amounts on the Share Delivery Date and payment on the Maturity Date of any Fractional Cash Amount.

The aggregate Share Amounts in respect of the Notes shall be delivered subject to and in accordance with this Condition 5.2A.

(b) Delivery Notices

In order to obtain delivery of the Share Amount(s) the relevant Noteholder must deliver to the Issuer, on or before the Presentation Date, the relevant Note(s) and a duly completed Delivery Notice.

The Delivery Notice shall be substantially in such form as the Issuer may determine and copies may be obtained from its Specified Office.

The Delivery Notice must:

- (i) specify the name and address of the relevant Noteholder and the securities account in Clearstream, Luxembourg, Euroclear or the Alternative Clearance System to be credited with the relevant Share Amounts; and
- (ii) authorise the production of such notice in any applicable administrative or legal proceedings.

No Delivery Notice may be withdrawn after receipt thereof by the Issuer.

Failure properly to complete and deliver a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If the relevant Note and the related Delivery Notice are delivered or are deemed to be delivered to the Issuer on a day that is not a Banking Day in London, such Note and Delivery Notice shall be deemed to be delivered on the next following Banking Day in London.

If the holder of a Note does not deliver the Note and a Delivery Notice, in each case as set out above, on or before the Presentation Date as provided above, then the Issuer shall have no obligation to make delivery of the Share Amount in respect of such Note unless and until a duly completed Delivery Notice (together with the relevant Note) are each delivered as provided above and delivery of such Share Amount shall be made as soon as possible thereafter but not earlier than the Share Delivery Date.

All Delivery Expenses shall be for the account of the relevant Noteholder and no delivery and/or transfer of any Share Amount shall be required to be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by such Noteholder.

For the avoidance of doubt, the relevant holder of a Note shall not be entitled to any additional or further payment by reason of the delivery of the Share Amount in respect of such Note occurring after the Share Delivery Date as a result of such Delivery Notice or Note being delivered after the Presentation Date.

(c) *Share Amounts*

(i) *Delivery of Share Amounts*

Without prejudice to Condition 5.2A(c)(ii), the Issuer shall on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account at Clearstream, Luxembourg, Euroclear or the Alternative Clearance System as may be specified in the relevant Delivery Notice at the risk and expense of the relevant Noteholder. As used herein, "delivery" in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount in accordance with the relevant Delivery Notice and "deliver" shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars, incompatible or incorrect information being contained in the Delivery Notice or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in the register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5.2D (*Adjustments*).

Neither the Issuer nor any other person shall (i) be under any obligation to deliver (or procure delivery) to such Noteholder or any other person, any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares or (iii) be under any liability to such Noteholder or any subsequent beneficial owner of such Shares in respect of any loss or damage which such Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of such Shares.

(ii) *Settlement Disruption*

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Delivery Notice or in accordance with Condition 15 (*Notices*) provided that the Issuer

may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable and lawful manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount but not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Currency Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 15 (*Notices*). Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 15 (*Notices*).

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 (*Notices*) that a Settlement Disruption Event has occurred.

(iii) **Aggregate Share Amount**

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the aggregate number of Notes which are the subject of the relevant Delivery Notice. The Issuer shall not be obliged to deliver a fraction of a Share but shall be obliged to account for the Fractional Cash Amount of any such fraction to the relevant Noteholder on the Maturity Date and the Share Amount to be delivered shall be rounded down to the next integral number of Shares.

(d) ***Prescription***

Claims for payment of principal or delivery of any Share Amount in respect of the Notes shall become void upon the expiry of ten years from the Relevant Date in respect thereof or, in the case of delivery, from the Share Delivery Date.

5.2B Redemption of Reverse Convertible Notes

This Condition only applies to Notes specified as Reverse Convertible Notes in the Final Terms.

(a) **At Maturity**

Unless previously redeemed or purchased and cancelled, each Note shall be redeemed by the Issuer either:

- (i) at its Nominal Amount on the Maturity Date; or
- (ii) if the Issuer so elects in its sole and absolute discretion, by delivery of the Share Amounts on the Share Delivery Date (in lieu of payment of the Nominal Amount) and payment on the Maturity Date of any Fractional Cash Amount.

The Issuer shall, promptly after the Valuation Date, give notice to the Noteholders in accordance with Condition 15 (*Notices*) as to whether the Notes shall be redeemed pursuant to (i) or (ii) above.

If the Notes are to be redeemed pursuant to (ii) above, the aggregate Share Amounts in respect of the Notes shall be delivered subject to and in accordance with this Condition 5.2B.

(b) *Delivery Notices*

In order to obtain delivery of the Share Amount(s) if the Notes are to be redeemed in accordance with Condition 5.2B(a)(ii), the relevant Noteholder must deliver to the Issuer, on or before the Presentation Date, the relevant Notes(s) and a duly completed Delivery Notice.

The Delivery Notice shall be substantially in such form as the Issuer may determine and copies may be obtained from its Specified Office.

The Delivery Notice must:

- (i) specify the name and address of the relevant Noteholder and the securities account in Clearstream, Luxembourg, Euroclear or the Alternative Clearance System to be credited with the relevant Share Amounts; and
- (ii) authorise the production of such notice in any applicable administrative or legal proceedings.

No Delivery Notice may be withdrawn after receipt thereof by the Issuer.

Failure properly to complete and deliver a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If the relevant Note and the related Delivery Notice are delivered or are deemed to be delivered to the Issuer on a day that is not a Banking Day in London, such Note and Delivery Notice shall be deemed to be delivered on the next following Banking Day in London.

If the holder of a Note does not deliver the Note and a Delivery Notice, in each case as set out above, on or before the Presentation Date as provided above, then the Issuer shall have no obligation to make delivery of the Share Amount in respect of such Note unless and until a duly completed Delivery Notice (together with the relevant Note) are each delivered as provided above and delivery of such Share Amount shall be made as soon as possible thereafter but not earlier than the Share Delivery Date.

All Delivery Expenses shall be for the account of the relevant Noteholder and no delivery and/or transfer of any Share Amount shall be required to be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by such Noteholder.

For the avoidance of doubt, the relevant holder of a Note shall not be entitled to any additional or further payment by reason of the delivery of the Share Amount in respect of such Note occurring after the Share Delivery Date as a result of such Delivery Notice or Note being delivered after the Presentation Date.

Noteholders should note that, since the Presentation Date falls before the Valuation Date, they will not know by then whether the Notes will be redeemed at their principal amount or by delivery of the Share Amount. However, if the Delivery Notice and the relevant Notes are not delivered by the Presentation Date in accordance with this Condition and the Notes are to be redeemed by delivery of the Share Amount, the Noteholder will receive the Share Amount later than if the Delivery Notice and the relevant Note had been so delivered by the Presentation Date. If the Notes are to be redeemed at their Nominal Amount payment will be made against presentation in accordance with Condition 6 (Payments).

(c) *Share Amounts*

- (i) Delivery of Share Amounts

Without prejudice to Condition 5.2B(c)(ii), if the Notes are to be redeemed in accordance with Condition 5.2B(a)(ii), the Issuer shall on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account at Clearstream, Luxembourg, Euroclear or the Alternative Clearance System as may be specified in the relevant Delivery Notice at the risk and expense of the relevant Noteholder. As used herein, "delivery" in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount in accordance with the relevant Delivery Notice and "deliver" shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars, incompatible or incorrect information being contained in the Delivery Notice or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in the register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5.2D (*Adjustments*).

Neither the Issuer nor any other person shall (i) be under any obligation to deliver (or procure delivery) to such Noteholder or any other person, any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares or (iii) be under any liability to such Noteholder or any subsequent beneficial owner of such Shares in respect of any loss or damage which such Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of such Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Delivery Notice or in accordance with Condition 15 (*Notices*) provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable and lawful manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share

Amount but not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Currency Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 15 (*Notices*). Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 15 (*Notices*).

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 (*Notices*) that a Settlement Disruption Event has occurred.

(iii) **Aggregate Share Amount**

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the aggregate number of Notes which are the subject of the relevant Delivery Notice. The Issuer shall not be obliged to deliver a fraction of a Share but shall be obliged to account for the Fractional Cash Amount of any such fraction to the relevant Noteholder on the Maturity Date and the Share Amount to be delivered shall be rounded down to the next integral number of Shares.

(d) ***Prescription***

Claims for payment of principal or delivery of any Share Amount in respect of the Notes shall become void upon the expiry of ten years from the Relevant Date in respect thereof or, in the case of delivery, from the Share Delivery Date.

5.2C Disrupted Days

- (a) Unless Initial Averaging Dates or Averaging Dates are specified as applicable to the Initial Setting Date or the Valuation Date in the Final Terms, the following provisions will apply to the Initial Setting Date or the Valuation Date (as the case may be) and these provisions shall in any case apply to Interim Valuation Dates and shall apply to Observation Dates unless there is an Observation Period and to the Valuation Date in respect of Reverse Convertible Notes and Physically Settled Notes:

If the Calculation Agent determines that any Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, is a Disrupted Day in respect of a Share, then the Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, in respect of that Share will be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been such Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day will be deemed to be the Initial Setting Date, Interim Valuation Date, Observation Date or Valuation Date, as the case may be, in respect of that Share, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

- (b) *If Initial Averaging Dates or Averaging Dates are specified as applicable in the Final Terms, then the following provisions will apply in relation thereto and, if an Observation Period is specified as applicable in the Final Terms, the following provisions will apply in relation to the Observation Dates:*

If the Calculation Agent determines that an Initial Averaging Date, Averaging Date or Observation Date is a Disrupted Day in respect of a Share and if, under "Initial Averaging

Date Disrupted Day", "Averaging Date Disrupted Day" or "Observation Date Disrupted Day" (as the case may be) in the Final Terms, the consequence specified is:

- (i) "Omission", then such Initial Averaging Date, Averaging Date or Observation Date (as the case may be) will be deemed not to be a relevant Initial Averaging Date, Averaging Date or Observation Date (as the case may be) for the purposes of determining the relevant Redemption Amount, provided that, if through the operation of this provision there would not be an Initial Averaging Date, Averaging Date or Observation Date (as the case may be) then Condition 5.2C(a) will apply *mutatis mutandis* for the purposes of determining the relevant price or amount on the final Initial Averaging Date, final Averaging Date or final Observation Date, as the case may be;
- (ii) "Postponement", then Condition 5.2C(a) will apply *mutatis mutandis* for purposes of determining the relevant price or amount on that Initial Averaging Date, Averaging Date or Observation Date (as the case may be) irrespective of whether, pursuant to such determination, that deferred Initial Averaging Date, Averaging Date or Observation Date (as the case may be) would fall on a day that already is or is deemed to be an Initial Averaging Date, Averaging Date or Observation Date (as the case may be) in respect of that Share; or
- (iii) "Modified Postponement", then the Initial Averaging Date, Averaging Date or Observation Date (as the case may be) shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Initial Averaging Date, Averaging Date, Observation Date or Disrupted Day in respect of that Share, would have been the final Initial Averaging Date, final Averaging Date or final Observation Date, as the case may be, then (A) that eighth Scheduled Trading Day shall be deemed the Initial Averaging Date, Averaging Date or Observation Date (as the case may be) in respect of that Share (irrespective of whether that eighth Scheduled Trading Day is already an Initial Averaging Date, Averaging Date or Observation Date (as the case may be)), and (B) the Calculation Agent shall determine the relevant price for that Initial Averaging Date, Averaging Date or Observation Date (as the case may be) with its good faith estimate of the Exchange traded price for the relevant Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

"Valid Date" means a Scheduled Trading Day which the Calculation Agent determines is not a Disrupted Day and on which another Initial Averaging Date, Averaging Date or Observation Date (as the case may be) does not or is not deemed to occur.

5.2D Adjustments

(a) Adjustments

Following the declaration by any Share Issuer of a Potential Adjustment Event (as defined below) or following any adjustment to the settlement terms of listed contracts on the relevant Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (i) make the corresponding adjustment, if any, to the calculation of the Final Redemption Amount and/or any other relevant terms as the Calculation Agent determines, in its absolute discretion, appropriate to account for that diluting or concentrative effect including in the case of a Share Basket Note, if Share Substitution is specified as applicable in the Final Terms and the Issuer so determines in its absolute discretion, the replacement of the relevant Share Issuer and its Shares as provided in Condition 5.2F (*Share Substitution*) and (ii) determine the effective date(s) of the adjustment(s). In that case, such adjustments shall be deemed to be so made from such date(s).

The Calculation Agent may (but need not) in its absolute discretion determine the appropriate adjustments by reference to the adjustment(s) in respect of such Potential Adjustment Event

made by any Related Exchange to listed contracts on the relevant Shares traded on such Related Exchange.

For the purposes hereof:

"Potential Adjustment Event" means with respect to any Share Issuer, any of the following:

- (A) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event), or a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue;
 - (B) a distribution, issue or dividend to existing holders of the relevant Shares of (1) such Shares or (2) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of such Share Issuer equally or proportionately with such payments to holders of such Shares, or (3) share capital or other securities of another issuer acquired or owned (directly or indirectly) by such Share Issuer as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
 - (C) an Extraordinary Dividend;
 - (D) a call by it in respect of Shares that are not fully paid;

No adjustments under this Condition will affect the currency denomination of any payment obligation arising under the Notes.

whether that day is a Disrupted Day) failing which the Valuation Date shall be determined as provided in (a) above.

"Valuation Time" means, in respect of a Share, the time specified as such in the Final Terms or, if no such time is specified the close of trading on the relevant Exchange in relation to that Share or in either such case, such other time as the Calculation Agent may select in its absolute discretion and notify to Noteholders in accordance with Condition 15 (*Notices*). If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

Terms defined in the "Terms and Conditions of the Notes" and/or the Final Terms have the same meaning in this Equity Linked Derivatives Annex. In the event of any inconsistency between the Conditions and the Additional Conditions, the Additional Conditions will prevail. In the event of any inconsistency between the Final Terms and the Conditions and the Additional Conditions, the Final Terms will prevail.

CREDIT LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Credit Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. **Amendment to the Conditions**

The following shall be inserted as Conditions 5.2A, 5.2B, 5.2C, 5.2D, 5.2E, 5.2F, 5.2G, 5.2H, 5.2I, 5.2J, 5.2K and 5.2L (together, the "**Additional Conditions**"):

5.2A **Redemption**

(a) *Redemption absent Satisfaction of Conditions to Settlement*

Unless previously redeemed, purchased and/or cancelled and notwithstanding Condition 5.1 (*Redemption by Instalments and Final Redemption*), if the Conditions to Settlement have not been satisfied, the Issuer shall redeem the Notes at the Final Redemption Amount of each Note (together with interest, if any, accrued to the Scheduled Termination Date) on:

- (i) the Scheduled Termination Date; or
- (ii) the Termination Date, if the Calculation Agent determines a Potential Credit Event has occurred.

(b) *Redemption following Satisfaction of Conditions to Settlement*

Unless previously redeemed, purchased and/or cancelled, upon satisfaction of the Conditions to Settlement, no further amounts in respect of interest or principal will become due or payable and interest will cease to accrue in respect of the Notes with effect from the immediately preceding Interest Payment Date (or, if none, the Interest Commencement Date) and the Issuer will instead redeem the Notes:

- (i) if Auction Settlement applies, in accordance with Condition 5.2E (*Auction Settlement*), unless a Fallback Settlement Event occurs, in which event the Issuer will instead redeem the Notes in accordance with the applicable Fallback Settlement Method;
- (ii) if Cash Settlement applies, in accordance with Condition 5.2F (*Cash Settlement*); or
- (iii) if Physical Settlement applies, in accordance with Condition 5.2G (*Physical Settlement*).

Upon discharge by the Issuer of such payment or delivery obligation on or by the relevant Settlement Date (or, if the Auction Settlement Amount or Cash Settlement Amount is zero, upon the occurrence of the Auction Settlement Date or Cash Settlement Date), or otherwise as provided herein, the Issuer's obligations in respect of the Notes shall be discharged.

5.2B **Suspension of the Issuer's Payment Obligations in relation to a Potential Credit Event or a Credit Event Resolution Request Date**

(a) *Potential Credit Events*

Where the Calculation Agent determines that a Potential Credit Event (including without limitation, a Potential Failure to Pay or Potential Repudiation/Moratorium) has occurred on or prior to the Scheduled Termination Date (or in the case of paragraph (d) of the definition of Potential Credit Event, on or prior to the last day of the Notice Delivery Period), no further payments shall become due hereunder (whether of principal or interest) unless the Calculation Agent determines that such Potential Credit Event is cured (a "**Cure Event**" or that the Conditions to Settlement have not been satisfied in accordance with Condition 5.2C (*Satisfaction of Conditions to Settlement*)) in which event any amounts which would have already fallen due but for this clause 5.2B(a) shall become payable (without any additional interest thereon) on or prior to the second Local Business Day after the date of such Cure

Event and all other amounts shall remain payable in accordance with the Terms and Conditions of the Notes.

The Calculation Agent may give a Potential Credit Event Notice at any time specified in the definition of "Potential Credit Event Notice" (including after the occurrence of a Potential Credit Event) but failure to give a Potential Credit Event Notice shall not render invalid the determination of the Calculation Agent that a Potential Credit Event has occurred

(b) *Settlement Suspension following Credit Event Resolution Request Date*

If, at any time after the delivery of a Credit Event Notice and, if applicable, a Notice of Publicly Available Information but prior to the Cash Settlement Date or Physical Settlement Date, a Credit Derivatives Determinations Committee is requested to determine whether a Credit Event has occurred or the date of occurrence of such Credit Event with respect to the Reference Entity in respect of which such Credit Event Notice has been served, the Issuer may elect (in its sole discretion) to suspend settlement of the Notes and if so, the timing requirements of Condition 5.2D (*Auction or Cash or Physical Settlement at the Issuer's Option*), Condition 5.2G(a) (*Delivery of Notice of Physical Settlement*), Condition 5.2G(b) (*Delivery on the Physical Settlement Date*), Condition 5.2G(c) (*Partial Cash Settlement following Extended Physical Settlement Date*), the Cash Settlement Date, the Valuation Date, the Physical Settlement Period, the Physical Settlement Date, the Notice of Physical Settlement, the Extension Date, the Notice Delivery Period, as applicable, and any other provision in this Credit Linked Derivatives Annex that pertains to valuation or settlement, and any obligation of the Issuer to redeem any Note (including pursuant to Condition 5.2A (*Redemption*)) or pay any amount of interest which would otherwise be due thereon, shall, in each case insofar as they relate to the relevant Reference Entity, be and remain suspended until:

- (i) a DC Credit Event Announcement or a DC No Credit Event Announcement has occurred; or
- (ii) the Credit Derivatives Determinations Committee has Resolved not to determine whether a Credit Event has occurred or the date of occurrence of such Credit Event

after which such suspension shall terminate and any obligations so suspended shall resume on the Business Day following public announcement by ISDA of (i) or (ii) above, with the Issuer having the benefit of the full day notwithstanding when the suspension began.

Any amount of interest so suspended shall, subject always to Condition 5.2A (*Redemption*), become due on the date designated by the Calculation Agent, in its sole discretion but not later than 15 Business Days following such public announcement by ISDA.

During the period of any suspension of settlement as contemplated herein, the Issuer shall not be obliged to take any action in connection with the settlement of the Notes, (to the extent only that the Notes relate to the relevant Reference Entity) and no interest shall accrue on any payment of interest or principal which is deferred in accordance with this Condition 5.2B(b).

5.2C **Satisfaction of the Conditions to Settlement.**

The "Conditions to Settlement" will be satisfied:

- (i) if, at any time during either:
 - (A) the Notice Delivery Period; or
 - (B) at the Issuer's option, the period (I) from, and including, the date on which ISDA publicly announces (1) that the relevant Credit Derivatives Determinations Committee has Resolved not to determine whether a Credit Event has occurred or the date of occurrence of such Credit Event or (2) the occurrence of a DC Credit Event Announcement (II) to, and including, the date that is 14 calendar days thereafter (provided that the relevant Credit Event Resolution Request Date

occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)),

the Calculation Agent sends Noteholders a Credit Event Notice and (if (1) Notice of Publicly Available Information is specified as a Condition to Settlement, (2) where required by the Calculation Agent in its discretion, each Noteholder has provided to the Issuer a confidentiality undertaking in the form (if any) required by the Calculation Agent, and (3) no DC Credit Event Announcement has occurred) a Notice of Publicly Available Information; or

- (ii) if a DC Credit Event Announcement occurs (provided that the Issuer may in its sole discretion determine that any DC Credit Event Announcement does not fulfil the Conditions to Settlement for the purposes of any Notes).

The Issuer will not be obliged to send such notices or to redeem the Notes following any occurrence or event which would otherwise permit it to do so. The date on which the Conditions to Settlement have been satisfied (or, at the Issuer's option in the case of a DC Credit Event Announcement, the Credit Event Resolution Request Date) is the "**Event Determination Date**".

If, pursuant to the above, different Event Determination Dates have been determined with respect to different portions of the relevant Reference Entity Notional Amount, the provisions of this Credit Linked Derivatives Annex shall, with effect from each such Event Determination Date, be deemed to apply separately to an aggregate outstanding principal amount of the Notes equal to each such portion and all the provisions hereof shall be construed accordingly.

5.2D **Auction or Cash or Physical Settlement at the Issuer's Option**

If the Final Terms specify that "Settlement Method at Issuer Option" is applicable, on or before the 30th calendar day (subject to adjustment in accordance with the Following Business Day Convention) after the Event Determination Date, the Calculation Agent shall notify the Noteholders whether the Notes will redeem in accordance with Condition 5.2E (*Auction Settlement*), Condition 5.2F (*Cash Settlement*) or Condition 5.2G (*Physical Settlement*) (in each case, if specified as applicable for election in the Final Terms).

Notwithstanding the foregoing, if at any time after notification by the Calculation Agent that the Notes will redeem in accordance with Condition 5.2F (*Cash Settlement*) or Condition 5.2G (*Physical Settlement*) but prior to the Cash Settlement Date or Physical Settlement Date, a Credit Derivatives Determinations Committee is requested to determine whether a Credit Event has occurred or the date of occurrence of such Credit Event with respect to the Reference Entity in respect of which a Credit Event Notice has been served, the Calculation Agent may, at the Issuer's option, notify the Noteholders at any time that such notification is revoked and the Notes will instead redeem in accordance with Condition 5.2E (*Auction Settlement*).

If Auction Settlement applies and the Final Terms specify that "Fallback Settlement Method at Issuer Option" is applicable, on or before the 30th calendar day (subject to adjustment in accordance with the Following Business Day Convention) after the Event Determination Date, the Calculation Agent shall notify the Noteholders whether the Fallback Settlement Method will be Cash Settlement or Physical Settlement.

Such notification(s) may be substantially in the form in the relevant Appendix hereto, contained within the Credit Event Notice or Notice of Publicly Available Information or in such other form as the Issuer or the Calculation Agent may determine from time to time.

5.2E **Auction Settlement**

- (a) Auction Settlement

If Auction Settlement applies, on the Auction Settlement Date the Issuer shall redeem each Note, upon presentation and surrender of the same in accordance with Condition 6, by payment of the Auction Settlement Amount.

(b) *Auction Settlement Amount*

The "**Auction Settlement Amount**" in respect of each Note shall be:

- (i) the amount specified as such in the Final Terms; or
- (ii) if no such amount is specified, an amount determined by the Calculation Agent to be the greater of (a) zero and (b) the product of (I) the outstanding principal amount of such Note divided by the aggregate outstanding principal amount of the Notes, (II) the Reference Entity Notional Amount in respect of the relevant Reference Entity, and (III) the relevant Auction Final Price or, if so determined by the Issuer in its sole discretion, a Parallel Auction Final Price.

In each case the Auction Settlement Amount shall be reduced by the value of the Break Costs.

5.2F **Cash Settlement**

(a) *Cash Settlement*

If Cash Settlement applies, subject to Condition 5.2B(b) (*Settlement Suspension following Credit Event Resolution Request Date*), on the Cash Settlement Date the Issuer shall redeem each Note, upon presentation and surrender of the same in accordance with Condition 6 (*Payments*), by payment of the Cash Settlement Amount.

(b) *Cash Settlement Amount*

The "**Cash Settlement Amount**" in respect of each Note shall be:

- (i) the amount specified as such in the Final Terms; or,
- (ii) if no such amount is specified, an amount determined by the Calculation Agent to be the greater of (a) zero and (b) the product of (I) the outstanding principal amount of such Note divided by the aggregate outstanding principal amount of the Notes, (II) the Reference Entity Notional Amount in respect of the relevant Reference Entity (or, as the case may be, the outstanding principal balance in respect of the relevant Valuation Obligation or Deliverable Obligation thereof), and (III) the relevant Final Price or, if the Calculation Agent selects more than one Valuation Obligation with respect to a Reference Entity, the relevant Weighted Average Final Price.

In each case the Cash Settlement Amount shall be reduced by the value of the Break Costs.

(c) *Final Price*

The "**Final Price**" shall be determined in accordance with the provisions specified in the Final Terms, or, if no such provisions are specified, the Final Price shall be the Market Value of the relevant Valuation Obligations or Deliverable Obligations as determined by the Calculation Agent in accordance with the provisions below.

- (i) the Calculation Agent shall attempt to obtain Full Quotations with respect to the Valuation Date from three Dealers. If at least two such Full Quotations are not available on the Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the fifth Business Day following the Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from three Dealers and, if at least two Full Quotations are not available, a Weighted Average Quotation;

- (ii) if the Calculation Agent is unable to obtain at least two Full Quotations or a Weighted Average Quotation on the same Business Day on or prior to the fifth Business Day following the applicable Valuation Date the Quotations shall be deemed to be zero;
- (iii) if (A) the Final Terms specifies "Exclude Accrued Interest", such Quotations shall not include accrued but unpaid interest, (B) the Final Terms specifies "Include Accrued Interest", such Quotations shall include accrued but unpaid interest, or (C) if the Final Terms does not specify either "Exclude Accrued Interest" or "Include Accrued Interest", the Calculation Agent shall determine, based on then current market practice in the market of the relevant Valuation Obligations or Deliverable Obligations, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this specification or determination; and
- (iv) the Market Value of the relevant Valuation Obligations or Deliverable Obligations shall be: (A) if at least two Full Quotations are obtained, the highest Full Quotation; (B) if only a Weighted Average Quotation is obtained, such Weighted Average Quotation; and (C) if the Quotations are deemed to be zero, the Calculation Agent shall determine the Market Value in good faith in its absolute discretion and this may result in the Market Value being zero.

5.2G Physical Settlement

(a) Delivery of Notice of Physical Settlement

If Physical Settlement applies, the Calculation Agent will use reasonable endeavours to deliver to the Noteholders a Notice of Physical Settlement on or before:

- (i) subject to paragraph (ii) below, the later of:
 - (A) the 30th calendar day (subject to adjustment in accordance with the Following Business Day Convention) after the Event Determination Date, subject, where applicable, to Condition 5.2B(b) (*Settlement Suspension following Credit Event Resolution Request Date*); or
 - (B) at the Issuer's option, the 10th calendar day after (I) the date on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine whether a Credit Event has occurred or the date of occurrence of such Credit Event or (II) the date of the relevant DC Credit Event Announcement, if any; or
- (ii) if so determined by the Issuer in its sole discretion, the (A) 30th calendar day after an Auction Cancellation Date or No Auction Announcement Date or (B) the Relevant City Business Day immediately following the later of the Parallel Auction Final Price Determination Date, if any (or, if more than one should occur, the last Parallel Auction Final Price Determination Date), and the Parallel Auction Cancellation Date, if any (or, if more than one should occur, the last Parallel Auction Cancellation Date).

For the purposes of determining whether a Notice of Physical Settlement has been delivered, the effective date of delivery of the first Notice of Physical Settlement (whether or not subsequently re-issued or changed) shall be used;

(b) Delivery on the Physical Settlement Date

If Physical Settlement applies, the Issuer shall use reasonable efforts, subject to Condition 5.2G(e) (*Asset Transfer Notice*), to Deliver to each Noteholder or to the Noteholder's order the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations. In the event that the Issuer, for any reason whatsoever (other than as a result of an event or circumstance contemplated in Condition 5.2G(g) (*Partial Cash Settlement due to impossibility, impracticability or illegality*)), does not effect Delivery of all or a portion of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations to any Noteholder by the Physical Settlement Date, such failure shall not constitute an Event of Default and the Issuer may continue to attempt such Delivery until the Extended Physical Settlement Date.

(c) *Partial Cash Settlement following Extended Physical Settlement Date*

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then, subject to Condition 5.2G(e) (*Asset Transfer Notice*) and Condition 5.2G(g) (*Partial Cash Settlement due to impossibility, impracticability or illegality*), Partial Cash Settlement shall apply with respect to such Deliverable Obligations and the Issuer shall pay to the relevant Noteholders an amount equal to the Partial Cash Settlement Amount to be apportioned pro rata amongst the relevant Noteholders on the Partial Cash Settlement Date.

"Extended Physical Settlement Date" means such date as the Calculation Agent may determine in its absolute discretion, provided that such date falls no later than the 180th calendar day following the Physical Settlement Date or, in the absence of such determination, such 180th calendar day.

(d) *Delivery*

To "Deliver" the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations pursuant to Condition 5.2G (*Physical Settlement*) means to deliver, novate, transfer (including in the case of a Qualifying Guarantee, transfer of the benefit of the Qualifying Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Deliverable Obligations, in order to convey all right, title and interest in the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations to the Noteholder or its designated nominee free and clear of any and all liens, charges, claims or encumbrances (including without limitation any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in paragraphs (a) to (d) (inclusive) of the definition of "Credit Event" or right of set-off by or of the Reference Entity or as applicable an Underlying Obligor); provided that (A) to the extent that the Deliverable Obligations consist of Direct Loan Participations, **"Deliver"** shall mean the creation (or procurement of the creation) of a participation in favour of the relevant Noteholder or its designated nominee and (B) to the extent that the Deliverable Obligations consist of Qualifying Guarantees, **"Deliver"** shall mean to Deliver both the Qualifying Guarantee and the Underlying Obligation. **"Delivery"** and **"Delivered"** shall be construed accordingly.

In the case of a Loan, Delivery may, at the option of the Issuer, be effected by granting a participation in all or part of the Loan or such other arrangement or using documentation specified by the Calculation Agent for such purpose. Each Noteholder agrees to comply, for the purposes of the Notes, with the provisions of any such documentation. Each Noteholder is deemed to further agree, that compliance by the Issuer with the provisions of any such documentation shall, without further action, constitute, Delivery for the purposes of this definition (to the extent that such documentation contains provisions describing how Delivery should be effected) and no Noteholder shall be permitted to request that the Issuer take nor shall the Issuer be required to take, any action or make any payment in connection with such Delivery, as applicable.

(e) *Asset Transfer Notice*

In order to obtain Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations each Noteholder must deliver to the Issuer or the Registrar (if different) within five Business Days of the date of delivery of the Notice of Physical Settlement or, if there is any NOPS Amendment Notice, the most recent NOPS Amendment Notice (the **"Cut-Off Date"**), a duly completed Asset Transfer Notice in accordance with Condition 5.2G(f) (*Asset Transfer Notice Requirements*) and, in the case of a holding of a Definitive Note or Registered Note, the Note (which expression shall, for the purposes of this Condition 5.2G(e), include Certificate(s), Receipt(s) and, if applicable, all unmatured Coupons and unmatured and unexchanged Talons, in accordance with the provisions of Condition 6.6 (*Unmatured Coupons and Receipts and Unexchanged Talons*)). In the event that the Note is represented by a Global Note, an Asset Transfer Notice must be delivered to the Issuer via the relevant Clearing System, by such method of delivery as the relevant Clearing System shall have approved.

After delivery of an Asset Transfer Notice, no transfers of the Notes specified therein which are represented by a Global Note will be effected by any relevant Clearing System and no transfers of Registered Notes specified therein will be effected by the Registrar.

Upon receipt of a duly completed Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, the Note to which such notice relates, the Issuer, any relevant Clearing System or the Registrar, as the case may be, shall verify that the person specified therein as the accountholder or registered holder, as the case may be, is the Holder of the Note referred to therein according to its books or the Register, as the case may be.

Subject as provided herein, in relation to each Note, the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations will be Delivered to the relevant Noteholder at the risk of such Noteholder.

If the Asset Transfer Notice and (with respect to Definitive Notes and Registered Notes) the relevant Note are delivered to the Issuer later than close of business in London on the Cut-Off Date, then the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations will be Delivered as soon as practicable after the date on which Delivery of the same would otherwise be made, at the risk of such Noteholder in the manner provided above. For the avoidance of doubt, such Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of the Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations taking place after the date on which Delivery of the same would otherwise be made pursuant to the provisions of this Condition 5.2G (*Physical Settlement*) or otherwise due to circumstances beyond the control of the Issuer.

If any Noteholder fails to deliver an Asset Transfer Notice in the manner set out herein or delivers an Asset Transfer Notice on any day falling after the day that is 180 calendar days after the date of delivery of the Notice of Physical Settlement or, in the case of Definitive Notes or Registered Notes, fails to deliver the Note related thereto or fails to pay the Delivery Expenses as referred to in Condition 5.2G(i) (*Costs and Expenses*), the Issuer shall be discharged from its obligations in respect of such Note and shall have no further obligation or liability whatsoever in respect thereof.

Until Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations is made to the relevant Noteholder, the Issuer or any person holding such assets on behalf of the Issuer shall continue to be the legal owner of those assets. None of the Issuer and any such other person shall (i) be under any obligation to deliver or procure delivery to such Noteholder or any subsequent transferee any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such assets, (ii) be under any obligation to exercise or procure the exercise of any or all rights (including voting rights) attaching or appertaining to such assets until the date of Delivery or (iii) be under any liability to such Noteholder or subsequent transferee for any loss, liability, damage, cost or expense that such Noteholder or subsequent transferee may sustain or suffer as a result, whether directly or indirectly, of that person not being the legal owner of such assets until the date of Delivery. For the avoidance of doubt, each Noteholder further acknowledges and agrees that the terms of any Deliverable Obligation may be subject to amendment by the Issuer, the Calculation Agent or the parties thereto prior to Delivery or otherwise.

(f) *Asset Transfer Notice Requirements*

An Asset Transfer Notice is irrevocable and must:

- (i) specify the account details and name of the person to whom Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligation is to be made;
- (ii) specify the number of Notes which are the subject of such notice;
- (iii) in the event such Notes are represented by a Global Note:

- (A) specify the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes; and
- (B) irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on the due date for redemption of the Notes;
- (iv) in the event that such Notes are Registered Notes, irrevocably instruct and authorise the Registrar to effect the transfer of the relevant Notes;
- (v) authorise the production of such notice in any applicable administrative or legal proceedings;
- (vi) authorise the Issuer to deduct from the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations to be delivered in accordance with such notice, the Delivery Expenses as referred to in Condition 5.2G(i) (*Costs and Expenses*) below; and
- (vii) must be in the form in the relevant Appendix hereto with any amendments as determined by the Issuer or the Calculation Agent from time to time or in such other form made available by the Issuer or the Calculation Agent from time to time.

Failure properly to complete and deliver an Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, to deliver the relevant Note, may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Issuer in its sole and absolute discretion and shall be conclusive and binding on the relevant Noteholder.

(g) *Partial Cash Settlement due to impossibility, impracticability or illegality*

- (i) If due to an event beyond the control of the Issuer it is impossible, impracticable or illegal for the Issuer to Deliver, or due to an event beyond the control of any Noteholder or its designated nominee, it is impossible or illegal for such Noteholder to accept Delivery of, all or a portion of the Deliverable Amount of any of the Deliverable Obligations by the Physical Settlement Date (including, without limitation, failure of the relevant Clearing System or due to any law, regulation or court order, but not including market conditions or failure to obtain any requisite consent with respect to the Delivery of Loans) then by such date the Issuer or, as the case may be, the Noteholder shall provide a description in reasonable detail of the facts giving rise to such impossibility, impracticability or illegality and the Issuer shall Deliver and such Noteholder or its designated nominee shall take Delivery of that portion (if any) of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations for which it is possible, practicable and legal to take Delivery. As soon as possible thereafter, the Issuer shall Deliver and such Noteholder, its originally designated nominee or any new designated nominee shall take Delivery of the remaining portion of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations.
- (ii) If following the occurrence of any impossibility, impracticability or illegality referred to in (i) above, all or a portion of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations is not Delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement pursuant to Condition 5.2G(g)(iii) shall be deemed to apply with respect to that portion of the Deliverable Amount of the Deliverable Obligations that cannot be Delivered for the reasons specified above (and/or, together with any other Deliverable Obligation which have not been delivered under Condition 5.2G(c) (*Partial Cash Settlement following Extended Physical Settlement Date*), the "**Undeliverable Obligations**").
- (iii) On the Partial Cash Settlement Date, the Issuer shall pay to the relevant Noteholders the Partial Cash Settlement Amount to be apportioned pro rata amongst the relevant Noteholders and upon discharge by the Issuer of such payment obligation on the Partial Cash Settlement Date, the Issuer's obligations in respect of the relevant Note shall be discharged.

(h) *Fractional Entitlement*

If the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations comprises less than a multiple of a whole number of the Deliverable Obligations at the relevant time, then (i) the Issuer shall not Deliver and the relevant Noteholder shall not be entitled to receive in respect of its Notes that fraction of an asset which is less than a whole number (the "**Fractional Entitlement**") and (ii) the Issuer shall pay to the relevant Noteholder a cash amount (to be paid at the same time as Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations) equal to the value (as determined by the Calculation Agent) of such Fractional Entitlement.

(i) *Costs and expenses*

(i) The costs and expenses (the "**Delivery Expenses**") of effecting any delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations (except for the expenses of delivery by uninsured regular mail (if any), which shall be borne by the Issuer) shall, in the absence of any provision to the contrary in the Final Terms, be borne by the Noteholder and shall, unless otherwise specified in the Final Terms, at the option of each Noteholder as specified in the Asset Transfer Notice either be:

(A) paid to the Issuer by such Noteholder prior to the Delivery of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations (and, for the avoidance of doubt, the Issuer shall not be required to Deliver any portion of the Deliverable Amount of the Deliverable Obligations to such Noteholder until it has received such payment); or

(B) deducted by the Issuer from the amount which may be payable to such Noteholder, in accordance with Condition 5.2G(h) (*Fractional Entitlement*).

(ii) If there is not a cash amount owing to a Noteholder sufficient to cover the Delivery Expenses, the Issuer may convert such amount of the Relevant Proportion of the Deliverable Amount of the Deliverable Obligations into cash sufficient to cover the Delivery Expenses in respect of such Note from which the Issuer shall deduct such Delivery Expenses. Each Note will then be redeemed by delivery of the remaining portion of the Deliverable Amount of the Deliverable Obligations in respect of such Note and, if applicable, payment of a cash amount in respect of any Fractional Entitlement arising, together with any other amounts to which such Noteholder is entitled upon redemption of such Note.

(j) *No Obligation to Register Noteholder*

The Issuer shall not be under any obligation to register or procure the registration of any Noteholder or any other person as the registered holder of any of the Deliverable Obligations to be delivered in the register of members or holders of debt securities of any company whose securities form part of the Deliverable Obligations. The Issuer shall not be obliged to account to any Noteholder for any entitlement received or receivable in respect of any of the Deliverable Obligations to be delivered if the date on which such are first traded ex such entitlement is on or prior to the date of Delivery. The Issuer shall determine, in its sole and absolute discretion, the date on which such assets are so first traded ex any such entitlement.

5.2H **Restructuring Credit Event**(a) *Multiple Credit Event Notices*

Where Restructuring is an applicable Credit Event in relation to any Reference Entity, unless otherwise specified in the Final Terms, upon the occurrence of a Restructuring Credit Event in relation to such Reference Entity for which either Modified Restructuring Applicable or Modified Modified Restructuring Applicable is specified in the Final Terms or is applicable in respect of the Transaction Type:

(i) the Calculation Agent may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event, each such notice setting forth the amount of the relevant

Reference Entity Notional Amount to which such Restructuring Credit Event applies (the "**Exercise Amount**"), provided that if the Credit Event Notice does not specify an Exercise Amount, the then outstanding Reference Entity Notional Amount will be deemed to have been specified as the Exercise Amount; and

- (ii) the provisions of this Credit Linked Derivatives Annex shall be deemed to apply to an aggregate outstanding principal amount of the Notes equal to the Exercise Amount only and all the provisions hereof shall be construed accordingly.

The Exercise Amount in connection with a Credit Event Notice describing a Restructuring must be an amount that is at least 1,000,000 units of the currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire Reference Entity Notional Amount.

If any Note is subject to partial redemption in accordance with this Condition 5.2H(a), the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

(b) *Restructuring Maturity Limitation and Fully Transferable Obligation Applicable*

If "**Modified Restructuring Applicable**" is specified in the Final Terms or is applicable in respect of the Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in a Notice of Physical Settlement or specified in any NOPS Amendment Notice or, as applicable, selected by the Calculation Agent as a Valuation Obligation only if it:

- (i) is a Fully Transferable Obligation; and
- (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

(c) *Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable*

If "**Modified Modified Restructuring Applicable**" is specified in the Final Terms or is applicable in respect of the Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in the Notice of Physical Settlement or specified in any NOPS Amendment Notice or, as applicable, selected by the Calculation Agent as a Valuation Obligation, only if it:

- (i) is a Conditionally Transferable Obligation; and
- (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

In the event that the requisite consent in relation to a Deliverable Obligation which is a Conditionally Transferable Obligation is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason) or is not received by the Physical Settlement Date, the Issuer shall promptly notify the relevant Noteholders of such refusal (or deemed refusal) and:

- (x) each such Noteholder may designate a third party (which may or may not be an Affiliate of such Noteholder) to take Delivery of the Deliverable Obligation on its behalf; and
- (y) if a Noteholder does not designate a third party that takes Delivery on or prior to the date which is three Business Days after the Physical Settlement Date, then the Issuer may (but shall not be obliged to) continue to attempt such Delivery until the Extended Physical Settlement Date and failing which, Condition 5.2(C)(b) (*Partial Cash Settlement following Extended Physical Settlement Date*) shall apply.

5.2I **Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics**

(but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor in respect of the relevant Reference Entity;
 - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor;
 - (iv) if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor; and
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor;
- (b) in relation to a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to such Reference Entity by way of Succession Event, irrespective of whether any such successor assumes any of the obligations of such Reference Entity,

(or, at the Issuer's option, in relation to any Reference Entity, each Successor that ISDA has publicly announced, including prior to the Trade Date, that the relevant Credit Derivatives Determinations Committee has Resolved is a Successor to the original Reference Entity pursuant to a Succession Event that occurred on or following the Succession Event Backstop Date in accordance with the Rules).

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set out in (a)(i) to (vi) (inclusive) above have been met, or which entity qualifies under (a)(vi) above, as applicable, provided that the Calculation Agent may elect not to make such determination if, at such time, either:

- (i) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in paragraph (a) above and paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant

Credit Derivatives Determinations Committee has Resolved not to determine a Successor); or

- (ii) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event for purposes of a credit derivative transaction (including any Hedge Transaction) has occurred.

In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under paragraph (a)(vi) above, as applicable, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer of such calculation.

In the case of (b) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the date of occurrence of the relevant Succession Event), and with effect from the date of occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under (b) above, as applicable, provided that the Calculation Agent will not make such determination if, at such time, either:

- (iii) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in paragraph (b) above and paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor); or
- (iv) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event for purposes of a credit derivative transaction (including any Hedge Transaction) has occurred.

For the purposes of this definition of "**Successor**" and the definition of "**Succession Event**", "**succeed**" means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor or insurer with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to the above provisions of this definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the outstanding principal balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the outstanding principal balance of Bonds for which Relevant Obligations have been exchanged;

"**Supranational Organisation**" means any entity or organisation established by treaty or other arrangement between two or more Sovereigns or the Sovereign Agencies of two or more Sovereigns and includes, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development;

"**Termination Date**" means, unless otherwise specified in the Final Terms, either:

- (i) the Scheduled Termination Date; or
- (ii) where the Calculation Agent determines a Potential Credit Event has occurred, the Termination Date shall be:

- (A) the date falling two Business Days after the expiry of the Notice Delivery Period; or
- (B) at the Issuer's option, if a Credit Event Resolution Request Date has occurred on or prior to the expiry of the Notice Delivery Period in relation to a Reference Entity, the date falling 15 Business Days following any date on which the Credit Derivatives Determinations Committee Resolves that the relevant event does not constitute a Credit Event, or Resolves not to make such determination;

"Trade Date" means the date specified in the Final Terms;

"Transaction Auction Settlement Terms" means, with respect to a Credit Event, the Credit Derivatives Auction Settlement Terms for which a relevant credit derivative transaction (including any Hedge Transaction) would be an Auction Covered Transaction;

"Transferable" means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation); or
- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds;

"Transaction Type" means, unless otherwise specified in the Final Terms, each "Transaction Type" specified as such in the Physical Settlement Matrix from time to time.

Where a Transaction Type is specified in the Final Terms in respect of any Reference Entity, then the provisions of this Credit Linked Derivatives Annex shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in the Final Terms. To the extent that the Final Terms specifies any such provision which is inconsistent with the Physical Settlement Matrix, the provisions of the Physical Settlement Matrix shall prevail;

"Underlying Obligation" and **"Underlying Obligor"** shall each have the meaning specified in the definition of "Qualifying Guarantee";

"Valuation Date" means, unless otherwise specified in the Final Terms:

- (i) any date as selected by the Calculation Agent in its sole discretion that is no later than 122 Business Days after the Event Determination Date or Auction Cancellation Date or No Auction Announcement Date, as the case may be; or
- (ii) if Partial Cash Settlement applies, any date as selected by the Calculation Agent in its sole discretion that is no later than 15 Business Days after the Latest Permissible Physical Settlement Date or, as applicable, the Extended Physical Settlement Date;

"Valuation Obligation" means in respect of a Reference Entity, notwithstanding anything to the contrary in this Credit Linked Derivatives Annex, one or more obligations of such Reference Entity (either directly or as provider of a Qualifying Guarantee or, as the case may be, Qualifying Affiliate Guarantee), which would constitute a "Deliverable Obligation" if Physical Settlement were the applicable Settlement Method as selected by the Calculation Agent in its sole and absolute discretion on the applicable Valuation Date, provided that, for such purpose:

- (a) any reference to the words "Delivery Date" in the definitions of Conditionally Transferable Obligation, Deliverable Obligation, within any of the terms comprising

Deliverable Obligation Category or Deliverable Obligation Characteristic and Due and Payable Amount shall be deemed to be a reference to the words "relevant Valuation Date";

- (b) the deletion of the words "being Delivered" in the definition of "Deliverable Obligation"; and
- (c) the deletion of the whole of the second paragraph within the definition of "Not Contingent" and replacing it with the following:

"If an Obligation is a Convertible Obligation or an Exchangeable Obligation, then such Obligation may only be selected as a Valuation Obligation if the rights referred to in (A) and (B) above have not been exercised (or such exercise has been effectively rescinded) on or before the relevant Valuation Date."

For the avoidance of doubt, the use of Deliverable Obligation terms in the definition of "Valuation Obligation" is for convenience only and is not intended to amend the selected settlement method.

If the Calculation Agent selects more than one Valuation Obligation with respect to a Reference Entity, then the Calculation Agent shall in its sole and absolute discretion apportion to each such Valuation Obligation an outstanding principal balance (or the equivalent in the Specified Currency thereof converted at the foreign exchange rate prevailing on any date from (and including) the Event Determination Date to and (including) the Valuation Date, as selected by the Calculation Agent in its discretion), which in aggregate shall not exceed the relevant Reference Entity Notional Amount;

"Valuation Time" means the time specified as such in the Final Terms or if no such time is specified, 11:00 a.m. in London;

"Voting Shares" shall mean those shares or other interests that have the power to elect the board of directors or similar governing body of an entity;

"Weighted Average Final Price" means the weighted average of the Final Prices determined for each selected Valuation Obligation of the relevant Reference Entity, weighted by the outstanding principal balance of each such Valuation Obligation;

"Weighted Average Quotation" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of any Valuation Obligation or Deliverable Obligation with an outstanding principal balance of as large a size as available but less than the Quotation Amount (but of a size equal to the Minimum Quotation Amount or, if quotations of a size equal to the Minimum Quotation Amount are not available, quotations as near in size as practicable to the Minimum Quotation Amount) that in the aggregate are approximately equal to the Quotation Amount; and

"2005 Matrix Supplement" means the 2005 Matrix Supplement to the 2003 ISDA Credit Derivatives Definitions as published by ISDA on March 7, 2005.

Terms defined in the "Terms and Conditions of the Notes" and/or the Final Terms have the same meaning in this Credit Linked Derivatives Annex. In the event of any inconsistency between the Conditions and the Additional Conditions, the Additional Conditions will prevail. In the event of any inconsistency between the Final Terms and the Conditions and the Additional Conditions, the Final Terms will prevail.

DESCRIPTION OF AUCTION SETTLEMENT TERMS

If an Event Determination Date occurs with respect to the Notes and Auction Settlement applies, the Auction Settlement Amount with respect to the Notes will be calculated based on an Auction Final Price or Parallel Auction Final Price for the Reference Entity (if any). This description contains a summary of certain provisions of the Form of Credit Derivatives Auction Settlement Terms set forth at Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") on 12 March 2009 (the "**Form of Auction Settlement Terms**") and is qualified by reference to the detailed provisions thereof and is subject to amendment from time to time in accordance with the Rules, including any amendment following the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement dated 14 July 2009, as published by ISDA. The following does not purport to be complete and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the "**Auction Methodology**"). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Notes. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is also currently available at www.isda.org.

Investors should be aware that this summary of the Form of Auction Settlement Terms is accurate only as of the date hereof and the Form of Auction Settlement Terms may be amended from time to time without consultation with investors. At any time after the date of this memorandum, the latest Form of Auction Settlement Terms will be available on the ISDA website at www.isda.org (or any successor website thereto). Further, notwithstanding the fact that the Form of Auction Settlement Terms (as may be amended from time to time) appears on the ISDA website, investors should note that the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and that this summary may therefore not be accurate in all cases.

Capitalized terms used but not defined in this summary have the meaning specified in the Rules and the Form of Auction Settlement Terms. All times of day in this summary refer to such times in London.

Publication of Credit Derivatives Auction Settlement Terms

Pursuant to the Credit Derivatives Determinations Committees Rules set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on March 12, 2009) (the "**Rules**"), a Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an "**Affected Reference Entity**") and that one or more auctions will be held in order to settle affected Auction Covered Transactions referencing such Affected Reference Entity based upon an Auction Final Price determined according to an auction procedure set forth in the Form of Auction Settlement Terms (each, an "**Auction**"). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms. In doing so, the Credit Derivatives Determinations Committee will make several related determinations, including the date on which the Auction will be held (the "**Auction Date**"), the institutions that will act as participating bidders in the Auction (the "**Participating Bidders**") and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

"**Auction Covered Transactions**" are credit derivative transactions referencing the Affected Reference Entity which satisfy the criteria set forth in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, including in respect of the provisions in such credit derivative transactions that set forth the criteria for establishing what obligations may constitute Deliverable Obligations (or, in the case of a cash settled credit derivative transaction, the provisions therein that set forth the criteria for establishing what obligations may be valued to determine a final price).

Auction Methodology

Determining the Auction Currency Rate

On a specified fixing date, the "**Administrators**" (being both Markit Group Limited and Creditex Securities Corp. or such other entities appointed by ISDA) will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the relevant currency and the currency of denomination of each Deliverable Obligation (each, a "**Relevant Pairing**") by reference to a rate source or, if such rate source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing.

Initial Bidding Period

During the Initial Bidding Period (which is the period initially determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, as such period may be extended by the Administrators, *inter alia*, to preserve the integrity of an Auction), Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction. A "**Representative Auction-Settled Transaction**" is a hypothetical single-name, physically settled credit default swap transaction referencing the Affected Reference Entity with the standard terms specified in the Form of Auction Settlement Terms.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the designated Maximum Initial Market Bid-Offer Spread and must be an integral multiple of the Relevant Pricing Increment (each as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity). The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as seller (in which case, such commitment will be a "**Physical Settlement Buy Request**") or as buyer (in which case, such commitment will be a "**Physical Settlement Sell Request**"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

The "**Market Position**" with respect to a Participating Bidder or customer, as applicable, is the aggregate amount of Deliverable Obligations that the relevant Participating Bidder or customer, as applicable, would have to buy or sell in order to obtain an identical risk profile after the Auction Settlement Date compared to its risk profile prior to the Auction Settlement Date with respect to all Auction Covered Transactions (excluding those Auction Covered Transactions for which the trade date is the date on which the Auction Final Price is determined (the "**Auction Final Price Determination Date**")) and all Auction-Linked Cash Settled Transactions to which such Participating Bidder, or any affiliate of such Participating Bidder, as applicable, or such customer, or any affiliate of such customer, as applicable, is a party and to which every other party is an Auction Party, such risk profile to be

determined without regard to whether the original transactions were documented as cash settled or physically settled transactions.

Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradeable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts will be used by ISDA to defray any costs related to any auction that ISDA has coordinated, or that ISDA may in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity) on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

Submission of Limit Order Submissions

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

Matching bids and offers

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

(a) Auction Final Price when the Open Interest is Filled

The Auction Final Price will be the price associated with the matched Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest matched bid exceeds the Initial Market Midpoint by more than the "**Cap Amount**" (being the percentage that is equal to one half of the Maximum Initial Market Bid-Offer Spread (rounded to the nearest Relevant Pricing Increment)), then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the Initial Market Midpoint exceeds the price associated

with the highest offer by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount.

(b) Auction Final Price when the Open Interest is Not Filled

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) zero, and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

100 per cent. Cap to Auction Final Price

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

Publication of Auction Final Price

At or prior to the Subsequent Bidding Information Publication Time (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity) on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

Execution of Trades Formed in the Auction

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations as a result of a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such Deliverable Obligations will be sold to the buyer in exchange for payment of the Auction Final Price.

Timing of Auction Settlement Provisions

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity. By way of example, in recent ISDA CDS Auction Protocols (prior to the publication of the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement dated 14 July 2009, as published by ISDA) this has been approximately five Business Days following the relevant Auction Final Price Determination Date.

Delayed Auction Provisions

The Auction timing may be adjusted under the relevant following circumstances: (a) the occurrence of an event or news the occurrence of which two or more Participating Bidders consider has or could have a material effect on the Auction Final Price; (b) if the Administrators are unable to determine an

Auction Currency Rate on the Auction Currency Fixing Date with respect to each Relevant Pairing; (c) if the Auction Methodology does not result in an Auction Final Price for any reason (including, but not limited to, the failure to receive the minimum number of valid Initial Market Bids and Initial Market Offers); or (d) any combination of (a), (b) and (c) above.

Auction Cancellation

If an Auction Final Price has not been determined on or prior to: (a) the fifth Business Day following the Auction Date, in the events described in clause (a) or (d) of "Delayed Auction Provisions" above; or (b) the second Business Day following the Auction Date, in the events described in clause (b) or (c) of "Delayed Auction Provisions" above, then the Auction will be deemed to have been cancelled and the Administrators and ISDA will announce the occurrence of such cancellation on their respective websites.

For these purposes, "**Business Day**" means a day on which commercial banks and foreign exchange markets are generally open to settle payments in, if the Transaction Type of the relevant Affected Reference Entity is included in: (a) the Americas, New York; and (b) otherwise, London.

COMMODITY LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Commodity Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. Amendment to the Conditions

The following shall be inserted as Conditions 5.2A, 5.2B, 5.2C, 5.2D and 5.2E (together, the "**Additional Conditions**"):

5.2A Market Disruption Events

"Market Disruption Event" means, in respect of a relevant Commodity Reference Price, any of the following events if specified as applicable in the Final Terms:

- (i) **"Price Source Disruption"**, which means (A) the failure of the Price Source to announce or publish the Specified Price (or the information necessary for determining the Specified Price) for the relevant Commodity Reference Price (or, if there is no Specified Price for a Commodity Reference Price, the failure of the Price Source to announce or publish the Commodity Reference Price for any relevant day (or the information necessary for determining such Commodity Reference Price for such day)), (B) the temporary or permanent discontinuance or unavailability of the Price Source; (C) if the Commodity Reference Price is "Commodity Reference Dealers", the failure to obtain at least three quotations as requested from the relevant Reference Dealers; or (D) if a Price Materiality Percentage is specified in the Final Terms, the Specified Price for the relevant Commodity Reference Price differs from the Specified Price determined in accordance with the Commodity Reference Price "Commodity-Reference Dealers" by such Price Materiality Percentage;
- (ii) **"Trading Disruption"**, which means the material suspension of, or the material limitation imposed on, trading in the Futures Contract or the Commodity on the Exchange or in any additional futures contract, options contract or commodity on any Exchange as specified in the Final Terms or as determined by the Calculation Agent. For these purposes:
 - (a) a suspension of the trading in the Futures Contract or the Commodity on any day shall be deemed to be material only if:
 - (I) all trading in the Futures Contract or the Commodity is suspended for the entire day; or
 - (II) all trading in the Futures Contract or the Commodity is suspended subsequent to the opening of trading on any day, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or such Commodity on such day and such suspension is announced less than one hour preceding its commencement; and
 - (b) a limitation of trading in the Futures Contract or the Commodity on any day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the Futures Contract or the Commodity may fluctuate and the closing or settlement price of the Futures Contract or the Commodity on such day is at the upper or lower limit of that range;
- (iii) **"Disappearance of Commodity Reference Price"**, which means (A) the permanent discontinuation of trading in the relevant Futures Contract on the relevant Exchange; (B) the disappearance of, or of trading in, the relevant Commodity; or (C) the disappearance or permanent discontinuation or unavailability of the Commodity

Reference Price, notwithstanding the availability of the Price Source or the status of trading in the relevant Futures Contracts or the relevant Commodity;

- (iv) **"Material Change in Formula"**, which means the occurrence since the Strike Date or such other date as may be specified in the Final Terms of a material change in the formula for or the method of calculating the relevant Commodity Reference Price;
- (v) **"Material Change in Content"**, which means the occurrence since the Strike Date or such other date as may be specified in the Final Terms of a material change in the content, composition or constitution of the Commodity or relevant Futures Contract; and
- (vi) **"Tax Disruption"**, which means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Commodity (other than a tax on, or measured by reference to overall gross or net income) by any government or taxation authority after the Strike Date or such other date as may be specified in the Final Terms, if the direct effect of such imposition, change, or removal is to raise or lower the Relevant Price on any day from what it would have been without that imposition, change, or removal.

5.2B Disruption Fallbacks

The Final Terms may provide that if the Calculation Agent determines that a Market Disruption Event has occurred or exists on a day that is a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source), the Relevant Price for that Pricing Date will be determined in accordance with the first Disruption Fallback (applied in accordance with its terms) specified as being applicable in the Final Terms. The Final Terms may provide that one or more Disruption Fallbacks may apply to any Pricing Date, and that such applicable Disruption Fallbacks may apply concurrently or sequentially, in such manner as specified in the Final Terms.

The following events, if specified in the Final Terms to be applicable in respect of a Pricing Date, shall be **"Disruption Fallbacks"** (and the Final Terms may specify that different Disruption Fallbacks shall be applicable for different Pricing Dates):

- (i) **"Fallback Reference Dealers"**, which means that the Relevant Price will be determined in accordance with the Commodity Reference Price, "Commodity-Reference Dealers";
- (ii) **"Fallback Reference Price"**, which means that the Calculation Agent will determine the Relevant Price based on the price for that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the Final Terms and not subject to a Market Disruption Event;
- (iii) **"Postponement"**, which means that the Pricing Date will be deemed, for the purposes of the application of this Disruption Fallback only, to be the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) for consecutive Commodity Business Days equal in number to the Maximum Days of Disruption. In that case, the next Disruption Fallback specified in the Final Terms will apply;
- (iv) **"Calculation Agent Determination"**, which means that the Calculation Agent will determine the Relevant Price (or a method for determining a Relevant Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that in good faith it deems relevant; and
- (v) **"Delayed Publication or Announcement"**, which means that the Relevant Price for a Pricing Date will be determined based on the Specified Price or, if there is no Specified Price for a Commodity Reference Price, such Commodity Reference Price

in respect of the original day scheduled as such Pricing Date that is published or announced by the Price Source retrospectively on the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) or the Relevant Price continues to be unavailable for consecutive Commodity Business Days equal in number to the Maximum Days of Disruption. In that case, the next Disruption Fallback specified in the Final Terms will apply.

The Final Terms may in particular provide that, if "Delayed Publication or Announcement" and "Postponement" are both applicable Disruption Fallbacks to a Pricing Date, then both such Disruption Fallbacks are to operate concurrently with the other and that each shall be subject to two (or such other number as may be specified in the Final Terms) Commodity Business Days as the applicable Maximum Days of Disruption, and that the price determined by Postponement will be the Relevant Price only if Delayed Publication or Announcement does not yield a Relevant Price within the Maximum Days of Disruption.

5.2C **Bullion Provisions**

If the Final Terms specify that the "Bullion Provisions" shall apply to any Commodity, then, in respect of such Commodity, Conditions 5.2A, 5.2B, 5.2D and 5.2E shall be deemed to be amended by this Condition 5.2C as follows:

- (i) each reference to "Commodity Business Day" shall be deemed to be a reference to "Bullion Business Day"; and
- (ii) each reference to "Reference Dealers" shall be deemed to be a reference to "Bullion Reference Dealers".

The following terms and expressions shall have the following meanings in relation to any Commodity to which the "Bullion Provisions" shall apply:

"Bullion Business Day" means any day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London and New York, and (if applicable) in such Bullion Business Day Centres specified in the Final Terms.

"Bullion Business Day Centres" means such places as may be specified in the Final Terms.

"Bullion Reference Dealers" means, if the relevant Commodity Reference Price is "Commodity Reference Dealers", the four major dealers that are members of the LBMA specified in the Final Terms, or if no such Bullion Reference Dealers are specified, selected by the Calculation Agent, in each case, acting through their principal London offices.

"Gold" means gold bars or unallocated gold complying with the rules of the LBMA relating to good delivery and fineness from time to time in effect, unless otherwise specified in the Final Terms.

"LBMA" means The London Bullion Market Association, or its successor.

"LPPM" means The London Platinum and Palladium Market on which members quote prices for the buying and selling of Platinum and Palladium, or its successor.

"Ounce" means, in the case of Gold, a fine troy ounce, and in the case of Silver, Platinum, and Palladium, a troy ounce.

"Palladium" means palladium ingots or plate or unallocated palladium complying with the rules of the LPPM relating to good delivery and fineness from time to time in effect, unless otherwise specified in the Final Terms.

"Platinum" means platinum ingots or plate or unallocated platinum complying with the rules of the LPPM relating to good delivery and fineness from time to time in effect, unless otherwise specified in the Final Terms.

"Silver" means silver bars or unallocated silver complying with the rules of the LBMA relating to good delivery and fineness from time to time in effect, unless otherwise specified in the Final Terms.

5.2D **Common Pricing Provisions**

If the Final Terms specify that the "Common Pricing Provisions" shall apply to any two or more Commodities (such Commodities being "Linked Commodities" and each a "Linked Commodity"), then Conditions 5.2A, 5.2B, 5.2C and 5.2E shall be deemed to be amended by this Condition 5.2D in respect of the Linked Commodities and the Pricing Dates to which the Common Pricing Provisions apply by changing each reference to "Pricing Date" to "Common Pricing Date".

The following terms and expressions shall have the following meanings in relation to any Commodity to which the "Common Pricing Provisions" shall apply:

"Common Pricing Date" means, in respect of Linked Commodities, each date specified as such in the Final Terms (or determined pursuant to a method specified for such purpose), which date is a day in respect of which a Relevant Price is to be determined, provided that (unless otherwise specified in the Final Terms) if such day corresponding to such Common Pricing Date is not a Commodity Business Day for each such Linked Commodity, then such Common Pricing Date will be the next following day which is a Commodity Business Day for each such Linked Commodity.

"Disruption Period End Date" means, in respect of a Common Pricing Date or such other date as specified in the Final Terms, the last day of the period commencing on, and including, the original date that would otherwise have been the Common Pricing Date and ending on the day that is equal to the Maximum Days of Disruption (as defined in paragraph 2 (*Definitions*) below, and provided that the words "for all Linked Commodities" shall be deemed to be inserted following each occurrence of the words "Commodity Business Days" in that definition) in respect of each Linked Commodity after the original date that would otherwise have been the Common Pricing Date).

"Postponement" means that the Common Pricing Date will be deemed, for the purposes of the application of this Disruption Fallback only, to be the first succeeding day which is a Commodity Business Day for all the Linked Commodities on which there is no Market Disruption Event for any Linked Commodity, unless such day would fall after the Disruption Period End Date. In that case, the next Disruption Fallback specified in the Final Terms will apply.

5.2E **Corrections to Published Prices**

The Final Terms may provide that for the purposes of determining the Relevant Price for any day, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement by the earlier of (i) 30 calendar days (or such other time frame as may be specified in the Final Terms; provided that different time frames may be specified in the Final Terms for different days or Pricing Dates) after the original publication or announcement, or (ii) the third Business Day prior to the next date upon which any relevant payment may have to be made by the Issuer or in respect of which any relevant determination in respect of the Notes may have to be made, the Calculation Agent, to the extent it deems necessary, may make such adjustments to any of the terms of the Notes that it determines in its sole and absolute discretion to account for such correction. The Issuer shall not have any responsibility in respect of any error or omission or subsequent corrections made in the calculation or announcement of a Commodity Reference Price, whether caused by negligence or otherwise.

2. **Definitions**

For the purposes of Conditions 5.2A, 5.2B, 5.2C, 5.2D and 5.2E, the following words shall have the following meaning:

"Basket" means a basket composed of Commodities as specified in the Final Terms in the relative proportions or numbers of Commodities specified in the Final Terms.

"Commodity" means a Commodity (or if more than one, each Commodity) as specified in the Final Terms.

"Commodity Business Day" means:

- (i) where the Commodity Reference Price is a price announced or published by an Exchange, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day on which that Exchange is open for trading during its regular trading session, notwithstanding any such Exchange closing prior to its scheduled closing time; and
- (ii) where the Commodity Reference Price is not a price announced or published by an Exchange, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day in respect of which the relevant Price Source published (or, but for the occurrence of a Market Disruption Event, would have published) a price.

"Commodity–Reference Dealers" means that the price for a Pricing Date will be determined on the basis of quotations provided by Reference Dealers on that Pricing Date of that day's Specified Price (or, if there is no Specified Price for a Commodity Reference Price, such Commodity Reference Price) for a Unit of the relevant Commodity for delivery on the Delivery Date (or, if there is no Delivery Date for a Commodity Reference Price, for delivery on such date that forms the basis on which such Commodity Reference Price is quoted). If four quotations are provided as requested, the price for that Pricing Date will be the arithmetic mean of the Specified Prices (or, if there is no Specified Price for a Commodity Reference Price, of such Commodity Reference Prices for the relevant date and time) for that Commodity provided by each Reference Dealer, without regard to the Specified Prices (or, as the case may be, Commodity Reference Prices for the relevant date and time) having the highest and lowest values. If exactly three quotations are provided as requested, the price for that Pricing Date will be the Specified Price (or, as the case may be, Commodity Reference Price for the relevant date and time) provided by the relevant Reference Dealer that remains after disregarding the Specified Prices (or, as the case may be, Commodity Reference Prices for the relevant date and time) having the highest and lowest values. For this purpose, if more than one quotation has the same highest or lowest value, then the Specified Price (or, as the case may be, Commodity Reference Price for the relevant date and time) of one of such quotations shall be disregarded. If fewer than three quotations are provided then the next Disruption Fallback specified in the Final Terms will apply.

"Commodity Reference Price" means, in respect of a Commodity Linked Note, such reference price as is specified in the Final Terms, provided that, for a Commodity Linked Note where the Relevant Commodity, or one of the Relevant Commodities, is one of the commodities specified below under the heading "Certain Commodity Reference Prices", the reference price shall be one or more reference prices set out below as specified in the Final Terms, PROVIDED THAT the Final Terms may specify a Commodity Reference Price that is not set forth below and instead specify:

- (i) if that Commodity Reference Price is a price announced or published by an Exchange, (1) the relevant Commodity (including, if relevant, the type or grade of that Commodity, the location of delivery and any other details); (2) the relevant Unit; (3) the relevant Exchange; (4) the relevant currency in which the Specified Price is expressed; (5) the Specified Price; and, if applicable, (6) the Delivery Date, in which case the price for a Pricing Date will be that day's Specified Price per Unit of that Commodity on that Exchange and, if applicable, for delivery on that Delivery Date, stated in that currency, as announced or published by that Exchange on that Pricing Date; and
- (ii) if that Commodity Reference Price is not a price announced or published by an Exchange, (1) the relevant Commodity (including, if relevant, the type or grade of that Commodity, the location of delivery and any other details); (2) the relevant Unit;

(3) the relevant Price Source (and, if applicable, the location in that Price Source of the Specified Price (or the prices from which the Specified Price is calculated)); (4) the relevant currency in which the Specified Price is expressed; (5) the Specified Price; and, if applicable, (6) the Delivery Date, in which case the price for a Pricing Date will be that day's Specified Price per Unit of that Commodity and, if applicable, for that Delivery Date, stated in that currency, published (or shown) in the issue of that Price Source that reports prices effective on that Pricing Date.

"Disruption Fallback" shall have the meaning specified in Condition 5.2B (*Disruption Fallbacks*).

"Delivery Date" means, in respect of a Commodity Reference Price, the relevant date or month for delivery of the underlying Commodity (which must be a date or month reported, or capable of being determined from information reported, in or by the relevant Price Source) as follows:

- (i) if a date is, or a month and year are, specified in the Final Terms, that date or that month and year;
- (ii) if a Nearby Month is specified in the Final Terms, the month of expiration of the relevant Futures Contract; and
- (iii) if a method is specified for the purpose of determining the Delivery Date in the Final Terms, the date or the month and year determined pursuant to that method.

"Exchange" means the exchange or principal trading market specified in the Final Terms or Commodity Reference Price, provided that if the Commodity Reference Price specifies one of the exchanges or principal trading markets specified below under the heading "Certain Exchanges and Principal Trading Markets" the exchange or principal trading market shall be such exchange or principal trading market set out below.

"Futures Contract" means, in respect of a Commodity Reference Price, the contract for future delivery of a contract size in respect of the relevant Delivery Date relating to the Commodity referred to in that Commodity Reference Price.

"Linked Commodity" and **"Linked Commodities"** shall have the meaning specified in Condition 5.2D (*Common Pricing Provisions*).

"Market Disruption Event" shall have the meaning specified in Condition 5.2A (*Market Disruption Events*).

"Maximum Days of Disruption" means the number of Commodity Business Days or such other type of days specified in the Final Terms (generally or in respect of specified Pricing Dates) and, if no such number is so specified, five Commodity Business Days.

"Nearby Month", when preceded by a numerical adjective, means, in respect of a Delivery Date and a Pricing Date, the month of expiration of the Futures Contract identified by that numerical adjective, so that, for example, (A) **"First Nearby Month"** means the month of expiration of the first Futures Contract to expire following the Pricing Date; (B) **"Second Nearby Month"** means the month of expiration of the second Futures Contract to expire following the Pricing Date; and (C) **"Sixth Nearby Month"** means the month of expiration of the sixth Futures Contract to expire following the Pricing Date.

"Price Materiality Percentage" means the percentage (if any) specified as such in the Final Terms.

"Price Source" means the publication (or such other origin of reference, including an Exchange) containing (or reporting) the Specified Price (or prices from which the Specified Price is calculated) specified in the relevant Commodity Reference Price or in the Final Terms.

"Pricing Date" means, in respect of a Commodity, each date specified as such in the Final Terms (or determined pursuant to a method specified for such purpose), which date is a day in respect of which a Relevant Price is to be determined, provided that if such day corresponding to such Pricing Date is not a Commodity Business Day for such Commodity, then such Pricing Date will be the next following Commodity Business Day for such Commodity.

"Reference Dealers" means, if the relevant Commodity Reference Price is "Commodity Reference Dealers", the four dealers specified in the Final Terms or, if dealers are not so specified, four leading dealers in the relevant market selected by the Calculation Agent.

"Relevant Commodity" means, in respect of a Commodity Linked Note, such Commodity as is so specified in the Final Terms, and, if more than one Commodity is so specified in the Final Terms, then all such Commodities shall be referred to as the **"Relevant Commodities"**.

"Relevant Price" means, for any Pricing Date, the price, expressed as a price per Unit, determined with respect to that day for the relevant Commodity Reference Price.

EMERGING MARKETS INDEX LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Emerging Markets Index Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. Amendment to the Conditions

The following shall be inserted as Conditions 4.10A, 4.14, 4.15, 5.2A, 5.2B, 5.2C, 5.2D, 5.2E, 5.4A, 5.10A, 7A and 18 (together, the "**Additional Conditions**"):

4.10A Publication of Determinations pursuant to the Additional Conditions

- (a) The Calculation Agent shall cause any determination or calculation required to be made by the Calculation Agent pursuant to the Additional Conditions to be notified to the Issuer, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as reasonably practicable after their determination or calculation.
- (b) The Issuer shall cause any determination or calculation required to be made by the Issuer pursuant to Conditions 4.15(b), 5.2A(a), 5.2D(h) and the definitions of "**Dividend Amount**", "**Final Price**" and "**Maturity Date**" to be notified to the Noteholders, any Calculation Agent and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as reasonably practicable after their determination or calculation.

4.14 Payments

All payments are to be made in the Settlement Currency, except as otherwise provided herein.

4.15 Currency Conversion

(a) Currency Conversion Determination

Determinations of the equivalent in the Settlement Currency of any other price or amount hereunder shall be made by the Calculation Agent using the Exchange Rate on the date on which the Calculation Agent determines that the applicable conversion should be made.

"**Exchange Rate**" means, the currency exchange rate for the conversion of one unit of the Reference Currency into the Settlement Currency, as determined by the Calculation Agent using the rate which it determines that the Issuer would actually receive if it were converting such amounts into the Settlement Currency.

(b) *FX Disruption*

Where there is an FX Disruption which affects the conversion of the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency, such conversion will be postponed until the first Currency Business Day on which such FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as reasonably practical thereafter (the "**Conversion Date**"); and the payment obligations of the Issuer under the Notes will be postponed until the date falling two Currency Business Days after the Conversion Date or, if the Calculation Agent determines that would not be commercially reasonable, as soon as the Calculation Agent determines to be commercially reasonable thereafter.

Where there is an FX Disruption which affects the transfer of proceeds, the payment obligations of the Issuer under the Notes will be postponed until the date falling two Currency Business Days after the date on which the Calculation Agent determines that such transfer could be made.

In the event that such FX Disruption does not cease within 30 days, the Issuer may, by notice to the Noteholders in accordance with Condition 15 (*Notices*), elect (in its sole discretion) to convert all payment obligations in respect of the Notes into an obligation to pay such amounts in the Reference Currency (without taking into account any Exchange Rate movements during the period of deferral) (such election, a "**Reference Currency Election**" and the amounts due to a Noteholder as a result thereof, the "**Reference Currency Amounts**"). In order to obtain payment of the Reference Currency Amounts, the Noteholder must deliver to the Issuer a notice (the "**Reference Currency Notice**") specifying the name and address of the relevant Noteholder and details of the account to which the Reference Currency Amounts shall be paid. The Reference Currency Notice is irrevocable and may not be withdrawn following receipt thereof by the Issuer. Upon receipt of a valid and complete Reference Currency Notice, the Issuer shall make payment, as soon as reasonably practicable, of the Reference Currency Amounts to the account specified in the Reference Currency Notice. The Issuer shall have no obligation to make payment of the Reference Currency Amounts in respect of a Note unless and until the Noteholder has delivered a valid and complete Reference Currency Notice. If a Noteholder fails to deliver a valid and complete Reference Currency Notice on or before the date falling three months after the date of the Reference Currency Election, the Issuer shall have no further obligation to pay the Reference Currency Amounts or to satisfy the payment obligations which were converted into the obligation to pay such Reference Currency Amounts.

The Calculation Agent will determine the amount of any loss or costs incurred (or any gain or benefits derived) by the Issuer in connection with (i) postponing such payment obligations (including, but not limited to, any income or interest received and (internal or external) funding costs or other charges incurred) or (ii) terminating, liquidating, maintaining or re-establishing any transaction it deems necessary to hedge, in a commercially reasonable manner, the currency risk relating to the Notes as a result of such FX Disruption and will adjust (without duplication) the payment obligations in respect of the Notes to account for any such loss, costs, gain or benefits.

"**FX Disruption**" means the occurrence (as determined by the Calculation Agent) of any event after the Issue Date that makes the Issuer unable to:

- (i) transfer the proceeds of a Hedge Position or any other amounts denominated in the Settlement Currency or Reference Currency from accounts within the Local Jurisdiction to (a) accounts outside such Local Jurisdiction, (b) other accounts within such Local Jurisdiction or (c) the accounts of a non-resident of such Local Jurisdiction;
- (ii) convert the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency into the Settlement Currency on or in respect of a Valuation Date;
- (iii) convert the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency into the Settlement Currency, at a rate at least as favourable as the rate for domestic institutions located in the Local Jurisdiction; or
- (iv) obtain a rate or a commercially reasonable rate (as determined by the Calculation Agent), in each case, at which the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency can be exchanged for the Settlement Currency.

If an event or circumstance that would otherwise (but for this provision) constitute a Hedging Disruption also constitutes an FX Disruption, it will be deemed to be an FX Disruption and will not constitute a Hedging Disruption.

5.2A **Delivery of Shares**

(a) Election by Issuer

If during the Relevant Period, the Issuer determines in its sole discretion that a Hypothetical Broker Dealer would be unable to sell or unwind all of its Hedge Positions following 20 Exchange Business Days after the Determination Date, the Calculation Agent shall determine, in its sole discretion, the number of Shares per Note (the "**Affected Index Shares**") that represent the equivalent portion of the relevant Hedge Positions corresponding to the Shares

comprised in the Index in respect of that Note that the Issuer determines, in its sole discretion, that a Hypothetical Broker Dealer would have been unable to sell or unwind in lieu of payment of the Final Redemption Amount or Early Redemption Amount, as the case may be, that would have been payable by reference to the sale or unwind of those Hedge Positions. Following such determination, the Issuer may, by notice to the Noteholders in accordance with Condition 15 (*Notices*), elect (in its sole discretion but subject to any transfer restriction pursuant to any applicable law or regulation) to deliver the Affected Index Shares, such election, a "**Delivery Election**". The notice of a Delivery Election (the "**Delivery Election Notice**") shall specify (i) the jurisdiction(s), types of securities accounts and clearing system in, to and through which the Issuer is prepared to make delivery of the Affected Index Shares and (ii) the account details to which the Noteholder shall make payment of any Delivery Payments. The date on which the Delivery Election Notice is delivered shall be deemed to be the final day of the Relevant Period.

(b) *Calculation Agent Determinations*

Upon the occurrence of a Delivery Election in respect of a Note, the Calculation Agent shall:

- (i) adjust the Final Redemption Amount or Early Redemption Amount, as the case may be, in respect of the relevant Note so that it constitutes only the portion of the Final Redemption Amount or Early Redemption Amount, as the case may be, that is payable by reference to the sale or unwind of the Hedge Positions (corresponding to the Shares, other than the Affected Index Shares, comprised in the Index) that the Issuer determines, in its sole discretion, that a Hypothetical Broker Dealer would have been able to sell or unwind;
- (ii) calculate the Delivery Expenses, if any;
- (iii) calculate the Final Deduction Amount, if any; and
- (iv) determine the amount (if any) of the Delivery Expenses and Final Deduction Amount which will not be recoverable by the Issuer through the Noteholder Deduction Amount, such unrecoverable amount the "**Delivery Payments**".

(c) *Delivery Conditions*

In order to obtain delivery of the Affected Index Shares the relevant Noteholder must (i) deliver to the Issuer the relevant Note(s) and a duly completed Delivery Notice and (ii) pay to the Issuer (in accordance with the account details set out in the Delivery Election Notice) the Delivery Payments (the obligations in (i) and (ii) being the "**Delivery Conditions**").

The Delivery Notice shall be substantially in such form as the Issuer may determine and copies may be obtained from its Specified Office.

The Delivery Notice must:

- (i) specify the name and address of the relevant Noteholder and the securities account to be credited with the relevant Affected Index Shares (which securities account must comply with the Issuer's requirements as set out in the Delivery Election Notice); and
- (ii) authorise the production of such notice in any applicable administrative or legal proceedings.

A Delivery Notice is irrevocable and may not be withdrawn after receipt thereof by the Issuer.

Failure properly to complete and deliver a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Calculation Agent and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If the relevant Note and the related Delivery Notice are delivered or are deemed to be delivered to the Issuer on a day that is not a Banking Day in London, such Note and Delivery Notice shall be deemed to be delivered on the next following Banking Day in London.

The Issuer shall have no obligation to make delivery of the Affected Index Shares in respect of such Note unless and until the Delivery Conditions have been satisfied and delivery of such Affected Index Shares shall be made as soon as possible thereafter but not earlier than the Share Delivery Date. If a Noteholder fails to satisfy the Delivery Conditions on or before the date falling three months after the date of service of the Delivery Election Notice, the Issuer shall have no further obligation to deliver the Affected Index Shares and such Noteholder shall cease to have any further claim to the Affected Index Shares or the portion of the Final Redemption Amount or Early Redemption Amount, as the case may be, represented by such Affected Index Shares.

(d) *Delivery of Affected Index Shares*

(i) Delivery of Affected Index Shares

Without prejudice to Condition 5.2A(d)(ii) (*Delivery of Affected Index Shares; Settlement Disruption*), the Issuer shall on the Share Delivery Date, deliver or procure the delivery of the Affected Index Shares in respect of each Note to such securities account as may be specified in the relevant Delivery Notice at the risk and expense of the relevant Noteholder. As used herein, "delivery" in relation to any Affected Index Shares means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Affected Index Shares in accordance with the relevant Delivery Notice and "deliver" shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Affected Index Shares once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars, incompatible or incorrect information being contained in the Delivery Notice or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Affected Index Shares or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Affected Index Shares, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in the register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Affected Index Shares will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Affected Index Shares.

(ii) Settlement Disruption

If the Calculation Agent determines that delivery of any Affected Index Shares in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Delivery Notice or in accordance with Condition 15 (*Notices*). No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Affected Index Shares pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Affected Index Shares, the Share Delivery Date for the Shares comprising such Affected Index Shares but not affected by the Settlement Disruption Event will be the original Share Delivery Date.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 (*Notices*) that a Settlement Disruption Event has occurred.

- (iii) Neither the Issuer nor any other person shall be under any liability to any Noteholder or any subsequent beneficial owner of Affected Index Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of Affected Index Shares.

(e) *Prescription*

Claims for payment of principal or delivery of any Affected Index Shares in respect of the Notes shall become void upon the expiry of ten years from the Relevant Date in respect thereof or, in the case of delivery, from the Share Delivery Date.

5.2B **Index Adjustments**

- (a) If, in relation to an Index, the relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

- (b) The following provisions will apply if the Calculation Agent determines that an Index Adjustment Event has occurred:

- (i) **Redemption and Payment**

If the consequence of the relevant Index Adjustment Event specified in the Final Terms is "Redemption and Payment", then the Issuer shall redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

- (ii) **Calculation Agent Adjustment**

If the consequence of the relevant Index Adjustment Event specified in the Final Terms is "**Calculation Agent Adjustment**" or if no consequence of such Index Adjustment Event is so specified then the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the Final Price using the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event.

5.2C **Additional Disruption Events**

The following Additional Disruption Events will apply if specified as applicable in the Final Terms:

- (a) **Hedging Disruption**

"**Hedging Disruption**" means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk and any other price risk (including but not limited to, currency risk) of entering into and performing its obligations with respect to the Notes or in connection with its Hedge Position or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (which shall include, but not be

limited to, the Issuer's inability to freely realise, recover, receive, repatriate, remit or transfer out of or into the Local Jurisdiction the proceeds of or any other amounts received in connection with its Hedge Positions).

(b) *Increased Cost of Hedging*

"Increased Cost of Hedging" means that the Issuer would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

(c) *Consequences of an Additional Disruption Event*

If the Calculation Agent determines that an Additional Disruption Event shall have occurred, the Calculation Agent shall notify the Issuer of such determination and the Issuer may in its absolute discretion redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

5.2D **Change in Market Conditions Events**

The following Change in Market Conditions Events will apply if specified as applicable in the Final Terms:

(a) *Custodial/Broker Event*

"Custodial/Broker Event" means that a Bankruptcy occurs with respect to the custodian, broker or counterparty (or any successors thereof) used by the Issuer (or its designee) to buy, establish, hold, maintain, sell or unwind any Hedge Positions or the custodian, broker or counterparty (or any successor thereof) used by the Issuer (or its designee) to buy, establish, hold, maintain, sell or unwind any Hedge Positions fails to perform in a full and timely manner all of its obligations to Issuer (or its designee) under any custodian, broker or other arrangements entered into by the Issuer (or its designee) at any time in relation to any Hedge Positions, securities and/or amount (which shall include, for the avoidance of doubt, a repudiation or termination of any such arrangements without the prior consent of the Issuer (or its designee)).

(b) *Change in Law Event*

"Change in Law Event" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that (X) it has become illegal for the Issuer to hold, acquire or dispose of Hedge Positions relating the Notes, or (Y) the Issuer will incur an increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax, liability, decrease in tax benefit or other adverse effect on its tax position).

(c) *Change in Regulations Event*

"Change in Regulations Event" means any change in laws or regulations (including any changes in taxation) covering any non-resident operations in the Local Jurisdiction whatsoever which occurs after the Issue Date and affects in any way (or is likely to affect in any way) the cost to the Issuer of acquiring, holding or selling Hedge Positions or of hedging, directly or indirectly, the obligations of the Issuer in respect of the Notes, or of converting any amount of the Reference Currency into the Settlement Currency (or any other freely convertible and transferable currency) or transferring Settlement Currency out of the Local Jurisdiction which will adversely affect the economic value of the terms of the Notes to the Issuer.

(d) *Market Disruption Event*

"Market Disruption Event" means that on any day, the Calculation Agent or the Issuer is unable to determine any amount or rate falling to be determined by it pursuant to terms of the Notes due to market conditions including but not limited to (a) market volatility, (b) market liquidity, and (c) regulatory, political or artificial market limitations imposed after the Issue Date.

(e) *Sovereign Event*

"Sovereign Event" means that the state or any political subdivision or government or agency, instrumentality, ministry, department or other authority (including, without limitation, the central bank) of or in the Local Jurisdiction disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, or declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, in respect of one or more of its obligations; becomes insolvent or is unable to pay its debts or fails or admits in writing its inability generally to pay its debts as they become due; makes a general assignment, arrangement or composition with or for the benefit of its creditors; institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights; has a secured party take possession of any of its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against any of its assets; causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of these events; or takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the foregoing acts.

(f) *Inability to unwind Hedge Positions on an Index Change*

"Inability to unwind Hedge Positions on an Index Change" means that there is a change to the Shares comprised in the Index and the Issuer determines in its sole discretion that a Hypothetical Broker Dealer would be unable to unwind its Hedge Positions in whole or in part.

(g) *Consequences of Change in Market Conditions Event*

If the Issuer determines that a Change in Market Conditions Event shall have occurred, the Calculation Agent shall determine the effect thereof on the Notes and the terms on which the Notes would remain outstanding and shall notify the Issuer and the Noteholders. Following such notification, the Issuer shall have the right to redeem the Notes (in whole or part). Where the Issuer determines that the Notes shall be redeemed in whole or in part, the Issuer shall redeem the relevant Notes in whole or in part at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

Upon a redemption of any Notes in whole or in part pursuant to the Conditions, the Issuer shall determine the extent of any loss suffered, or costs or expenses incurred, by the Issuer as a result of the occurrence of the Change in Market Conditions Event attributable to the Notes.

If an event or circumstance that would otherwise (but for this provision) constitute an Additional Disruption Event and/or an FX Disruption also constitutes a Change in Market Conditions Event, it will be deemed to be a Change in Market Conditions Event and will not constitute either an FX Disruption or an Additional Disruption Event.

5.2E Events applicable to Index Basket Notes

If, in respect of any Index Basket Note, the Calculation Agent determines that an Additional Disruption Event or the Issuer determines that a Change in Market Conditions Event has occurred in respect of an Index or a Hedge Position relating to an Index, the Issuer shall be entitled in its sole discretion to elect that Condition 5.2C (*Additional Disruption Events*) or as the case may be, Condition 5.2D (*Change in Market Condition Events*) shall apply solely to the Index or Hedge Position affected by such event. Accordingly, where the Issuer so elects if Condition 5.2C (*Additional Disruption Events*) would otherwise require redemption of the Notes, then (i) only the portion of each Note affected by the relevant Additional Disruption Event shall be redeemed, (ii) the remainder of each Note will continue with the Basket comprising the Indices (if any) that are not so affected and (iii) the Calculation Agent will adjust any relevant terms necessary to preserve as nearly as practicable the economic terms of the Notes for the non-affected Indices in the Basket.

5.4A Early Redemption Procedure

If the Notes are to be redeemed in whole or in part prior to the Maturity Date in accordance with the Conditions, the Issuer shall redeem the Notes at their Early Redemption Amount. Notice of such redemption shall be given to the Noteholders in accordance with Condition 15 (*Notices*) and such notice shall specify the Determination Date in respect of such redemption. The redemption shall take place on the Early Redemption Date.

5.10A Stop-Loss Event

If on any Exchange Business Day between the Issue Date and the Determination Date, the Calculation Agent determines that the Notional Redemption Amount has fallen by 90 per cent. or more compared with the Nominal Amount, then the Issuer may in its absolute discretion redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

7A Dividends

If the Type of Return specified in the Final Terms is "**Price Return**", this Condition will not apply.

If the Type of Return specified in the Final Terms is "Total Return" then on each Dividend Payment Date, the Issuer will pay the relevant Dividend Amount (if any) on that Dividend Payment Date. Notice of any Dividend Amount shall be given to Noteholders in accordance with Condition 15 (*Notices*).

To the extent that in respect of a Dividend Amount, the amount that the Calculation Agent determines that would have been received by a Hypothetical Broker Dealer holding such Shares in respect of any gross cash dividend amount ("**Declared Dividend**") is not equal to that Declared Dividend (a "**Dividend Mismatch Event**") following the relevant due date, then in either case the Calculation Agent may adjust the Dividend Amount accordingly.

If less than the total Accruing Deduction Amount is paid on any Dividend Payment Date, the Calculation Agent shall make such adjustments to the Accrual Period following such Dividend Payment Date as it considers appropriate in order to ensure that the Issuer receives all due but unpaid Accruing Deduction Amount on the next date on which an Accruing Deduction Amount becomes payable.

18 No rights

Neither the Issuer nor any other person shall (i) be under any obligation to deliver (or procure delivery) to the Noteholders or any other person, any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of Shares or (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to.

- (e) an amount per Note equal to any taxes to which the Issuer is subject, directly or indirectly, in relation to any Hedge Position it may have acquired or otherwise in connection with that Note;

"Relevant Period" means the period, commencing on the Determination Date, which the Issuer determines in its sole discretion that would have been required in order for a Hypothetical Broker Dealer to unwind its Hedge Positions.

"Scheduled Unwind Period" is as defined in the Final Terms.

"Settlement Currency" is as defined in the Final Terms.

"Settlement Disruption Event" means an event determined by the Calculation Agent to be beyond the control of the Issuer as a result of which the Issuer cannot transfer (or it would be contrary to applicable laws and regulations for the Issuer to transfer) Shares comprised in the Affected Index Shares in accordance with the Conditions.

In the event of any inconsistency between the Final Terms and the Conditions and the Additional Conditions, the Final Terms will prevail.

EMERGING MARKETS EQUITY LINKED DERIVATIVES ANNEX

Where specified as applicable in any Final Terms relating to the issue of Notes under the Programme, the provisions of this Emerging Markets Equity Linked Derivatives Annex shall apply to such Notes as if expressly set out in the relevant Final Terms.

1. Amendment to the Conditions

The following shall be inserted as Conditions 4.10A, 4.14, 4.15, 5.2A, 5.2B, 5.2C, 5.2D, 5.2E, 5.4A, 5.10A, 7A and 18 (together, the "**Additional Conditions**"):

4.10A Publication of Determinations pursuant to the Additional Conditions

- (a) The Calculation Agent shall cause any determination or calculation required to be made by the Calculation Agent pursuant to the Additional Conditions to be notified to the Issuer, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as reasonably practicable after their determination or calculation.
- (b) The Issuer shall cause any determination or calculation required to be made by the Issuer pursuant to Conditions 4.15(b), 5.2A(a), 5.2D(h) and the definitions of "**Dividend Amount**", "**Final Share Price**" and "**Maturity Date**" to be notified to the Noteholders, any Calculation Agent and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as reasonably practicable after their determination or calculation.

4.14 Payments

All payments are to be made in the Settlement Currency, except as otherwise provided herein.

4.15 Currency Conversion

(a) *Currency Conversion Determination*

Determinations of the equivalent in the Settlement Currency of any other price or amount hereunder shall be made by the Calculation Agent using the Exchange Rate on the date on which the Calculation Agent determines that the applicable conversion should be made.

"**Exchange Rate**" means, the currency exchange rate for the conversion of one unit of the Reference Currency into the Settlement Currency, as determined by the Calculation Agent using the rate which it determines that the Issuer would actually receive if it were converting such amounts into the Settlement Currency.

(b) *FX Disruption*

Where there is an FX Disruption which affects the conversion of the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency, such conversion will be postponed until the first Currency Business Day on which such FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as reasonably practical thereafter (the "**Conversion Date**"); and the payment obligations of the Issuer under the Notes will be postponed until the date falling two Currency Business Days after the Conversion Date or, if the Calculation Agent determines that would not be commercially reasonable, as soon as the Calculation Agent determines to be commercially reasonable thereafter.

Where there is an FX Disruption which affects the transfer of proceeds, the payment obligations of the Issuer under the Notes will be postponed until the date falling two Currency Business Days after the date on which the Calculation Agent determines that such transfer could be made.

In the event that such FX Disruption does not cease within 30 days, the Issuer may, by notice to the Noteholders in accordance with Condition 15 (Notices), elect (in its sole discretion) to convert all payment obligations in respect of the Notes into an obligation to pay such amounts in the Reference Currency (without taking into account any Exchange Rate movements during the period of deferral) (such election, a **"Reference Currency Election"** and the amounts due to a Noteholder as a result thereof, the **"Reference Currency Amounts"**). In order to obtain payment of the Reference Currency Amounts, the Noteholder must deliver to the Issuer a notice (the **"Reference Currency Notice"**) specifying the name and address of the relevant Noteholder and details of the account to which the Reference Currency Amounts shall be paid. The Reference Currency Notice is irrevocable and may not be withdrawn following receipt thereof by the Issuer. Upon receipt of a valid and complete Reference Currency Notice, the Issuer shall make payment, as soon as reasonably practicable, of the Reference Currency Amounts to the account specified in the Reference Currency Notice. The Issuer shall have no obligation to make payment of the Reference Currency Amounts in respect of a Note unless and until the Noteholder has delivered a valid and complete Reference Currency Notice. If a Noteholder fails to deliver a valid and complete Reference Currency Notice on or before the date falling three months after the date of the Reference Currency Election, the Issuer shall have no further obligation to pay the Reference Currency Amounts or to satisfy the payment obligations which were converted into the obligation to pay such Reference Currency Amounts.

The Calculation Agent will determine the amount of any loss or costs incurred (or any gain or benefits derived) by the Issuer in connection with (i) postponing such payment obligations (including, but not limited to, any income or interest received and (internal or external) funding costs or other charges incurred) or (ii) terminating, liquidating, maintaining or re-establishing any transaction it deems necessary to hedge, in a commercially reasonable manner, the currency risk relating to the Notes as a result of such FX Disruption and will adjust (without duplication) the payment obligations in respect of the Notes to account for any such loss, costs, gain or benefits.

"FX Disruption" means the occurrence (as determined by the Calculation Agent) of any event after the Issue Date that makes the Issuer unable to:

- (i) transfer the proceeds of a Hedge Position or any other amounts denominated in the Settlement Currency or Reference Currency from accounts within the Local Jurisdiction to (a) accounts outside such Local Jurisdiction, (b) other accounts within such Local Jurisdiction or (c) the accounts of a non-resident of such Local Jurisdiction;
- (ii) convert the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency into the Settlement Currency on or in respect of a Valuation Date;
- (iii) convert the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency into the Settlement Currency, at a rate at least as favourable as the rate for domestic institutions located in the Local Jurisdiction; or
- (iv) obtain a rate or a commercially reasonable rate (as determined by the Calculation Agent), in each case, at which the proceeds of a Hedge Position or any other amounts denominated in the Reference Currency can be exchanged for the Settlement Currency.

If an event or circumstance that would otherwise (but for this provision) constitute a Hedging Disruption also constitutes an FX Disruption, it will be deemed to be an FX Disruption and will not constitute a Hedging Disruption.

5.2A **Delivery of Shares**

(a) *Election by Issuer*

If during the Relevant Period in relation to any Share Note, the Issuer determines in its sole discretion that a Hypothetical Broker Dealer would be unable to sell or unwind all of its Hedge Positions following 20 Exchange Business Days after the Determination Date, the Calculation Agent shall determine, in its sole discretion, the number of Shares per Note (the **"Affected**

Shares") that represent the equivalent portion of the relevant Hedge Positions in respect of that Note that the Issuer determines, in its sole discretion, that a Hypothetical Broker Dealer would have been unable to sell or unwind in lieu of payment of the Final Redemption Amount or Early Redemption Amount, as the case may be, that would have been payable by reference to the sale or unwind of those Hedge Positions. Following such determination, the Issuer may, by notice to the Noteholders in accordance with Condition 15 (*Notices*), elect (in its sole discretion but subject to any transfer restriction pursuant to any applicable law or regulation) to deliver the Affected Shares, such election, a "**Delivery Election**". The notice of a Delivery Election (the "**Delivery Election Notice**") shall specify (i) the jurisdiction(s), types of securities accounts and clearing system in, to and through which the Issuer is prepared to make delivery of the Affected Shares and (ii) the account details to which the Noteholder shall make payment of any Delivery Payments. The date on which the Delivery Election Notice is delivered shall be deemed to be the final day of the Relevant Period.

(b) *Calculation Agent Determinations*

Upon the occurrence of a Delivery Election in respect of a Note, the Calculation Agent shall:

- (i) adjust the Final Redemption Amount or Early Redemption Amount, as the case may be, in respect of the relevant Note so that it constitutes only the portion of the Final Redemption Amount or Early Redemption Amount, as the case may be, that is payable by reference to the sale or unwind of the Hedge Positions that the Issuer determines, in its sole discretion, that a Hypothetical Broker Dealer would have been able to sell or unwind;
- (ii) calculate the Delivery Expenses, if any;
- (iii) calculate the Final Deduction Amount, if any; and
- (iv) determine the amount (if any) of the Delivery Expenses and Final Deduction Amount which will not be recoverable by the Issuer through the Noteholder Deduction Amount, such unrecoverable amount the "**Delivery Payments**".

(c) *Delivery Conditions*

In order to obtain delivery of the Affected Shares the relevant Noteholder must (i) deliver to the Issuer the relevant Note(s) and a duly completed Delivery Notice and (ii) pay to the Issuer (in accordance with the account details set out in the Delivery Election Notice) the Delivery Payments (the obligations in (i) and (ii) being the "**Delivery Conditions**").

The Delivery Notice shall be substantially in such form as the Issuer may determine and copies may be obtained from its Specified Office.

The Delivery Notice must:

- (i) specify the name and address of the relevant Noteholder and the securities account to be credited with the relevant Affected Shares (which securities account must comply with the Issuer's requirements as set out in the Delivery Election Notice); and
- (ii) authorise the production of such notice in any applicable administrative or legal proceedings.

A Delivery Notice is irrevocable and may not be withdrawn after receipt thereof by the Issuer.

Failure properly to complete and deliver a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Calculation Agent and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If the relevant Note and the related Delivery Notice are delivered or are deemed to be delivered to the Issuer on a day that is not a Banking Day in London, such Note and Delivery Notice shall be deemed to be delivered on the next following Banking Day in London.

The Issuer shall have no obligation to make delivery of the Affected Shares in respect of such Note unless and until the Delivery Conditions have been satisfied and delivery of such Affected Shares shall be made as soon as possible thereafter but not earlier than the Share Delivery Date. If a Noteholder fails to satisfy the Delivery Conditions on or before the date falling three months after the date of service of the Delivery Election Notice, the Issuer shall have no further obligation to deliver the Affected Shares and such Noteholder shall cease to have any further claim to the Affected Shares or the portion of the Final Redemption Amount or Early Redemption Amount, as the case may be, represented by such Affected Shares.

(d) *Delivery of Affected Shares*

(i) Delivery of Affected Shares

Without prejudice to Condition 5.2A(d)(ii) (*Delivery of Shares; Delivery of Affected Shares*), the Issuer shall on the Share Delivery Date, deliver or procure the delivery of the Affected Shares in respect of each Note to such securities account as may be specified in the relevant Delivery Notice at the risk and expense of the relevant Noteholder. As used herein, "delivery" in relation to any Affected Shares means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Affected Shares in accordance with the relevant Delivery Notice and "deliver" shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Affected Shares once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars, incompatible or incorrect information being contained in the Delivery Notice or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Affected Shares or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Affected Shares, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in the register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Affected Shares will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Affected Shares.

(ii) Settlement Disruption

If the Calculation Agent determines that delivery of any Affected Shares in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Delivery Notice or in accordance with Condition 15 (*Notices*). No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Affected Shares pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Affected Shares, the Share Delivery Date for the Shares comprising such Affected Shares but not affected by the Settlement Disruption Event will be the original Share Delivery Date.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 (*Notices*) that a Settlement Disruption Event has occurred.

- (iii) Neither the Issuer nor any other person shall be under any liability to any Noteholder or any subsequent beneficial owner of Affected Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of Affected Shares.

(e) *Prescription*

Claims for payment of principal or delivery of any Affected Shares in respect of the Notes shall become void upon the expiry of ten years from the Relevant Date in respect thereof or, in the case of delivery, from the Share Delivery Date.

(f) *Application to Share Basket Note*

This Condition 5.2A (*Delivery of Shares*) shall also apply to Share Basket Notes except that provisions contained in sub-paragraph (a) above shall be determined by reference to each Share comprised in such Basket and in a manner which the Calculation Agent deems appropriate in the context of such Notes.

5.2B **Adjustments**

(a) *Adjustments*

Where the Calculation Agent determines that a Share Issuer has declared a Potential Adjustment Event (as defined below) or that any adjustment has been made to the settlement terms of listed contracts on the relevant Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (i) make the corresponding adjustment, if any, to the calculation of the Final Redemption Amount and/or any other relevant terms as the Calculation Agent determines, in its absolute discretion, appropriate to account for that diluting or concentrative effect and (ii) determine the effective date(s) of the adjustment(s). In that case, such adjustments shall be deemed to be so made from such date(s). The Calculation Agent shall notify the Issuer and the Noteholders of any determination made under this Condition.

The Calculation Agent may (but need not) in its absolute discretion determine the appropriate adjustments by reference to the adjustment(s) in respect of such Potential Adjustment Event made by any Related Exchange to listed contracts on the relevant Shares traded on such Related Exchange.

For the purposes hereof:

"Potential Adjustment Event" means with respect to any Shares, any of the following:

- (A) a subdivision, consolidation or reclassification of such Shares (unless resulting in a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation or similar issue;
- (B) a distribution, issue or dividend to existing holders of such Shares of (1) such Shares or (2) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the relevant Share Issuer equally or proportionately with such payments to holders of such Shares, or (3) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the relevant Share Issuer as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- (C) an Extraordinary Dividend;
- (D) a call by the relevant Share Issuer in respect of such Shares that are not fully paid;

- (E) a repurchase by the relevant Share Issuer or any of its subsidiaries of such Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or
- (F) an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the relevant Share Issuer pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (G) any other event that may have a diluting or concentrating effect on the theoretical value of such Shares.

(b) *Consequences of a Merger Event*

The following provisions will apply if the Calculation Agent determines that a Merger Event has occurred:

(i) Redemption and Payment

If under "Consequences of a Merger Event" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Redemption and Payment", then the Issuer shall redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

(ii) Modified Calculation Agent Adjustment

If under "Consequences of a Merger Event" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Modified Calculation Agent Adjustment" or if no consequence of a Merger Event is so specified then, on or after the relevant Merger Date, the Calculation Agent shall either (i)(A) make such adjustment to the exercise, settlement, payment or any other terms of the Notes (including, without limitation, the spread) as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and (B) determine the effective date of that adjustment, or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) above will produce a commercially reasonable result, notify the Noteholders in accordance with Condition 15 (*Notices*) that the relevant consequence shall be the redemption of the Notes in which case "Redemption and Payment" will be deemed to apply.

(iii) Component Adjustment

If under "Consequences of a Merger Event" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Component Adjustment", then in respect of a Share-for-Combined Merger Event, the consequence specified opposite "Share-for-Share" shall apply to that portion of the consideration that consists of New Shares (as determined by the Calculation Agent) and the consequence specified opposite "Share-for-Other" shall apply to that portion of the consideration that consists of Other Consideration (as determined by the Calculation Agent).

(c) *Consequences of a Tender Offer*

The following provisions will apply if Tender Offer is specified as applicable in respect of any Shares in the Final Terms and the Calculation Agent has determined that a Tender Offer has occurred:

(i) Redemption and Payment

If under "Consequences of a Tender Offer" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Redemption and Payment", then the Issuer shall redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

(ii) Modified Calculation Agent Adjustment

If under "Consequences of a Tender Offer" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Modified Calculation Agent Adjustment" or if no consequence of a Tender Offer is so specified then, on or after the relevant Tender Offer Date, the Calculation Agent shall either (i)(A) make such adjustment to the exercise, settlement, payment or any other terms of the Notes (including, without limitation, the spread) as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and (B) determine the effective date of that adjustment, or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) above will produce a commercially reasonable result, notify the Noteholders in accordance with Condition 15 (*Notices*) that the relevant consequence shall be the redemption of the Note, in which case "Redemption and Payment" will be deemed to apply.

(iii) Component Adjustment

If under "Consequences of a Tender Offer" in relation to "Share-for-Share", "Share-for-Other" or "Share-for-Combined", the consequence specified in the Final Terms is "Component Adjustment", then in respect of a Share-for-Combined Tender Offer, the consequence specified opposite "Share-for-Share" shall apply to that portion of the consideration that consists of New Shares (as determined by the Calculation Agent) and the consequence specified opposite "Share-for-Other" shall apply to that portion of the consideration that consists of Other Consideration (as determined by the Calculation Agent).

(d) *Delisting*

If at any time, the Calculation Agent determines that the relevant Exchange has announced that pursuant to the rules of such Exchange, the Shares have ceased (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and have not been immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union) and such Shares are no longer listed on an Exchange acceptable to the Calculation Agent ("**Delisting**"), the Calculation Agent shall notify the Issuer of such determination and the Issuer shall redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

5.2C Additional Disruption Events

The following Additional Disruption Events will apply if specified as applicable in the Final Terms:

(a) *Hedging Disruption*

"Hedging Disruption" means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk and any other price risk (including but not limited to, currency risk) of entering into and performing its obligations with respect to the Notes or in connection with its Hedge Position or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (which shall include, but not limited to, the Issuer's inability to freely realise, recover, receive, repatriate, remit or transfer out of or into the Local Jurisdiction the proceeds of or any other amounts received in connection with its Hedge Positions).

(b) *Increased Cost of Hedging*

"Increased Cost of Hedging" means that the Issuer would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

(c) *Consequences of an Additional Disruption Event*

If the Calculation Agent determines that an Additional Disruption Event shall have occurred, the Calculation Agent shall notify the Issuer of such determination and the Issuer may in its absolute discretion redeem the Notes at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

5.2D Change in Market Conditions Events

The following Change in Market Conditions Events will apply if specified as applicable in the Final Terms:

(a) *Custodial/Broker Event*

"Custodial/Broker Event" means that a Bankruptcy occurs with respect to the custodian, broker or counterparty (or any successors thereof) used by the Issuer (or its designee) to buy, establish, hold, maintain, sell or unwind any Hedge Positions or the custodian, broker or counterparty (or any successor thereof) used by the Issuer (or its designee) to buy, establish, hold, maintain, sell or unwind any Hedge Positions fails to perform in a full and timely manner all of its obligations to Issuer (or its designee) under any custodian, broker or other arrangements entered into by the Issuer (or its designee) at any time in relation to any Hedge Positions, securities and/or amount (which shall include, for the avoidance of doubt, a repudiation or termination of any such arrangements without the prior consent of the Issuer (or its designee)).

(b) *Change in Law Event*

"Change in Law Event" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that (X) it has become illegal for the Issuer to hold, acquire or dispose of Hedge Positions relating the Notes, or (Y) the Issuer will incur an increased cost in performing its obligations under the

Notes (including, without limitation, due to any increase in tax, liability, decrease in tax benefit or other adverse effect on its tax position).

(c) *Change in Regulations Event*

"Change in Regulations Event" means any change in laws or regulations (including any changes in taxation) covering any non-resident operations in the Local Jurisdiction whatsoever which occurs after the Issue Date and affects in any way (or is likely to affect in any way) the cost to the Issuer of acquiring, holding or selling Hedge Positions or of hedging, directly or indirectly, the obligations of the Issuer in respect of the Notes, or of converting any amount of the Reference Currency into the Settlement Currency (or any other freely convertible and transferable currency) or transferring Settlement Currency out of the Local Jurisdiction which will adversely affect the economic value of the terms of the Notes to the Issuer.

(d) *Market Disruption Event*

"Market Disruption Event" means that on any day, the Calculation Agent or the Issuer is unable to determine any amount or rate falling to be determined by it pursuant to terms of the Notes due to market conditions including but not limited to (a) market volatility, (b) market liquidity, and (c) regulatory, political or artificial market limitations imposed after the Issue Date.

(e) *Expropriation Event*

Where the Issuer determines that the Notes shall be redeemed in whole or in part, the Issuer shall redeem the relevant Notes in whole or in part at their Early Redemption Amount in accordance with Condition 5.4A (*Early Redemption Procedure*).

If an event or circumstance that would otherwise (but for this provision) constitute an Additional Disruption Event and/or an FX Disruption also constitutes a Change in Market Conditions Event, it will be deemed to be a Change in Market Conditions Event and will not constitute either an FX Disruption or an Additional Disruption Event.

5.2E **Events applicable to Share Basket Notes**

If, in respect of any Share Basket Note, the Calculation Agent determines that an Additional Disruption Event or the Issuer determines that a Change in Market Conditions Event has occurred in respect of a Share or a Hedge Position relating to a Share, the Issuer shall be entitled in its sole discretion to elect that Condition 5.2C (*Additional Disruption Events*) or as the case may be, Condition 5.2D (*Change in Market Condition Events*) shall apply solely to the Share or Hedge Position affected by such event. If less than the total Accruing Deduction Amount is paid on any Dividend Payment Date, the Calculation Agent shall make such adjustments to the Accrual Period following such Dividend Payment Date as it considers appropriate in order to ensure that the Issuer receives all due but unpaid Accruing Deduction Amount on the next date on which an Accruing Deduction Amount becomes payable.

18 **No rights**

- (iv) in the case of Material Change in Circumstance, on a Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source) or a Settlement Date,

the Settlement Rate will be determined or the payment obligations under the Notes will be altered, as the case may be, in accordance with the terms of the first applicable Disruption Fallback pursuant to Condition 6.11 (*Disruption Fallback*). For purposes of this sub-paragraph (c) only, the definition of "Business Day" as applied to the definition of Valuation Date and Settlement Date will include any day on which, in the case of a Valuation Date, commercial banks would have been open or, in the case of a Settlement Date, commercial banks would have effected delivery of the currency to be delivered, but for the occurrence in the Event Currency Jurisdiction of a banking moratorium or other similar event related to any applicable Disruption Event. Save as provided herein, Noteholders shall not be entitled to any additional payment or other assets, whether in respect of interest or otherwise, in connection with any change in the payment obligations or the method of making any FX Calculation under the Notes pursuant to these Conditions as a result of a Disruption Event.

(d) FX Break Costs on Redemption Prior to Maturity Date

If any Note falls due for redemption in full prior to the Maturity Date and FX Break Costs is specified as applicable in the Final Terms, the Calculation Agent shall determine the FX Break Costs in relation to such Note, and the Early Redemption Amount, the Optional Redemption Amount or, as the case may be, other amount payable to the Noteholder upon redemption of the Note shall be reduced by the amount of the FX Break Costs, unless the amount so payable has already been determined by reference to FX Break Costs or has had FX Break Costs specifically excluded from such determination.

(e) Early Redemption upon Occurrence of a Disruption Event

If an applicable Disruption Event occurs and such Disruption Event is specified in the Disruption Event Terms or Condition 6.11(a) (*Disruption Fallback – Applicable Disruption Fallbacks*) as an event which causes Early Redemption, the Notes shall become due for redemption by the Issuer on the due date for Early Redemption specified in the Disruption Event Notice at the Early Redemption Amount less, in the case of any Instalment Note, the aggregate of all Instalment Amounts that shall have become due and payable in respect of such Notes prior to the date fixed for redemption (which amount, if and to the extent not then paid, shall remain due and payable), together with any interest accrued to the date fixed for redemption. Where any payment of the Early Redemption Amount or FX Calculation in relation to the determination of the Early Redemption Amount is affected by an applicable Disruption Event, such payment obligation shall be altered or such FX Calculation shall be made

pursuant to this Currency Annex. Otherwise, the Disruption Fallbacks shall not apply in relation to such Disruption Event.

6.11 Disruption Fallback

(a) Applicable Disruption Fallbacks

Subject to Conditions 6.10(e) (*Disruption Events – Early Redemption upon Occurrence of a Disruption Event*) and 6.11(c) (*Disruption Fallback – Settlement Currency*), a Disruption Fallback is applicable if it is so specified in the Disruption Event Terms. If no Disruption Fallback is specified, then, save as provided under Conditions 6.10(e) (*Disruption Events – Early Redemption upon Occurrence of a Disruption Event*), 6.11(b) (*Disruption Fallback – Presumed Disruption Fallbacks*) and 6.11(c) (*Disruption Fallback – Settlement Currency*), no Disruption Fallback will be deemed to have been specified. If one or more Disruption Fallbacks are specified, only the Disruption Fallbacks specified will apply (in the order so specified), save as provided in Conditions 6.10(e) (*Disruption Events – Early Redemption upon Occurrence of a Disruption Event*) and 6.11(c) (*Disruption Fallback – Settlement Currency*).

(b) Presumed Disruption Fallbacks

Unless otherwise provided in these Conditions and subject to Condition 6.10(e) (*Disruption Events – Early Redemption upon Occurrence of a Disruption Event*), if no Disruption Fallback is specified in the Disruption Event Terms with respect to an applicable Disruption Event, the following Disruption Fallbacks will be deemed to have been specified (in the following order) with respect to the Disruption Event indicated:

- (i) in respect of Settlement/Custodial Event, Assignment of Claim against Custodian;
- (ii) in respect of General Inconvertibility, General Non-Transferability, Specific Inconvertibility and Specific Non-Transferability,
 - (a) Currency Substitute; and
 - (b) Settlement Postponement;
- (iii) in respect of Benchmark Obligation Default and Governmental Authority Default,
 - (a) Local Asset Substitute-Gross, where the Benchmark Obligation so Delivered must be, in the case of Benchmark Obligation Default, the Benchmark Obligation subject to that default or, in the case of Governmental Authority Default, an obligation subject to that default; and
 - (b) Settlement Postponement;
- (iv) in respect of Nationalisation,
 - (a) Settlement Postponement; and
 - (b) Assignment of Claim;
- (v) in respect of Price Materiality, the Fallback Reference Price specified for such purpose or, if none is specified, the Fallback Reference Price as if Currency Reference Dealers were the alternate Settlement Rate Option;
- (vi) in respect of Illiquidity and Price Source Disruption,

- (a) the Fallback Reference Price specified for such purpose or, if none is specified, the Fallback Reference Price as if Currency-Reference Dealers were the alternate Settlement Rate Option; and
- (b) Calculation Agent Determination of Settlement Rate;
- (vii) in respect of Dual Exchange Rate, the Fallback Reference Price specified for such purpose or, if none is specified, Calculation Agent Determination of Settlement Rate; and
- (viii) in respect of Material Change in Circumstance, the Notes will be redeemed in accordance with Condition 6.10(e) (*Disruption Events - Early Redemption upon Occurrence of a Disruption Event*).

(c) Settlement Currency

If in the sole determination of the Issuer (which shall be final and binding on the Noteholders):

- (i) after applying all applicable Disruption Fallbacks, the Issuer is not able to effect settlement of a Settlement Currency Amount in the Settlement Currency; or
- (ii) following the occurrence of a Credit Event, the payment of the Cash Settlement Amount or the Adjusted Cash Settlement Amount (as the case may be) is affected by a Disruption Event,

then the Issuer shall effect settlement of the Settlement Currency Amount or pay the Cash Settlement Amount or the Adjusted Cash Settlement Amount (as the case may be):

- (a) in the Reference Currency at such Spot Rate as the Calculation Agent shall determine and in such manner as the Issuer shall in its absolute discretion determine; or
- (b) if in the sole determination of the Issuer (which shall be final and binding on the Noteholders), it is not able to effect settlement or payment in the manner specified in sub-paragraph (a) above, in such currency and in such manner as it shall in its absolute discretion determine and converted at such Spot Rate as the Calculation Agent shall determine.

(d) More than one Disruption Event

Unless otherwise specified in the Disruption Event Terms, if the Calculation Agent determines that more than one applicable Disruption Event has occurred and is continuing on a Settlement Date, Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source) or Illiquidity Valuation Date, then all such Disruption Events must be remedied in respect of such Note in accordance with the terms of the applicable Disruption Fallbacks in the following order:

- (i) if Settlement/Custodial Event is applicable, then the Disruption Fallback specified or deemed specified with respect to Settlement/Custodial Event must be applied until such Settlement/Custodial Event is remedied. If the Notes are to be settled in accordance with the provisions of the Assignment of Claim against Custodian Disruption Fallback, then the Disruption Events listed in sub paragraphs (ii) to (vi) (inclusive) below will be deemed remedied;
- (ii) if Dual Exchange Rate, Illiquidity, Price Materiality or Price Source Disruption is applicable and is not remedied before the Settlement Date,

Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source) or Illiquidity Valuation Date, then the Disruption Fallbacks specified or deemed specified with respect to Dual Exchange Rate, Illiquidity, Price Materiality or Price Source Disruption, respectively, must be applied to the Notes (in the specified order) until the Dual Exchange Rate Disruption Event, Illiquidity Disruption Event, Price Materiality Disruption Event or Price Source Disruption Event is remedied and a Settlement Rate is determined;

- (iii) if Nationalisation is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Nationalisation must be applied (in the specified order) until such Nationalisation Disruption Event is remedied. If the payment obligations under the Notes are altered in accordance with the provisions of the Assignment of Claim Disruption Fallback, then the Disruption Events listed in sub-paragraphs (iv) to (vi) (inclusive) below will be deemed remedied;
- (iv) if Benchmark Obligation Default or Governmental Authority Default is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Benchmark Obligation Default or Governmental Authority Default, as the case may be, must be applied (in the specified order) until such Benchmark Obligation Default Disruption Event or Governmental Authority Default Disruption Event is remedied. If the Notes are to be settled in accordance with the provisions of the Local Asset Substitute-Gross Disruption Fallback, then the Disruption Events listed in sub-paragraphs (v) and (vi) (inclusive) below will be deemed remedied;
- (v) if General Inconvertibility, General Non-Transferability, Specific Inconvertibility or Specific Non-Transferability is applicable, then the Disruption Fallbacks specified or deemed specified with respect to General Inconvertibility, General Non-Transferability, Specific Inconvertibility or Specific Non-Transferability, respectively, must be applied (in the specified order) until such General Inconvertibility Disruption Event, General Non-Transferability Disruption Event, Specific Inconvertibility Disruption Event or Specific Non-Transferability Disruption Event is remedied; and
- (vi) if Material Change in Circumstance is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Material Change in Circumstance must be applied (in the specified order) until such Material Change in Circumstance Disruption Event is remedied.

6.12 Settlement Basis

(a) Cash Settlement

- (i) Where all of the applicable Disruption Events are remedied through the application of a Disruption Fallback which provides for cash payment (whether in the Settlement Currency or in another currency) on the relevant Settlement Date or through the application of the Settlement Postponement Disruption Fallback, such payment shall be made in the manner specified under this Condition 6 subject to the terms of the applicable Disruption Fallback.
- (ii) Where Condition 6.12(a) (*Settlement Basis – Cash Settlement*) applies and it is in the opinion of the Issuer impossible or impracticable to effect payment pursuant to the applicable Disruption Fallback on the Settlement Date, the payment obligation shall be effected as soon as practicable after the Settlement Date on which such payment would otherwise be made.

For the avoidance of doubt, no Noteholder shall be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of such payment being effected after the date on which such payment would otherwise be made or otherwise due to circumstances beyond the control of the Issuer.

(b) **Physical Settlement**

Where a Disruption Event has occurred and save where Condition 6.12(a) (*Settlement Basis – Cash Settlement*) applies, the payment obligations under the Notes shall be replaced by an obligation to effect Physical Settlement in the manner specified under Condition 6.13 (*Physical Settlement*).

6.13 **Physical Settlement**

(a) **Notice of Physical Settlement**

If these Conditions require the Issuer to effect Physical Settlement following a Disruption Event and Deliver assets (including, without limitation, Benchmark Obligations, rights and claims, but not cash) ("**Substitute Asset**") on a Physical Settlement Date, the Issuer shall, if such information is not already contained in the Disruption Event Notice, as soon as practicable after a Disruption Event has occurred, deliver to the Noteholders a notice (the "**Notice of Physical Settlement**") in which the Issuer shall give a detailed description of the applicable Disruption Fallback and the Substitute Asset. Where the Issuer requires the Noteholders to complete an Asset Transfer Notice in order to obtain Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset, the Notice of Physical Settlement shall provide for such request.

(b) **Delivery on the Physical Settlement Date**

On or prior to the Physical Settlement Date, the Issuer shall, subject to Condition 6.13(d) (*Pre-condition to Issuer's obligation to Deliver*), Deliver to each Noteholder the Relevant Proportion of the Deliverable Amount of the Substitute Asset. The Issuer's obligation to pay the relevant Settlement Currency Amount shall cease and be replaced by an obligation to Deliver the Relevant Proportion of the Deliverable Amount of the Substitute Asset pursuant to this Condition. In the event that the Issuer, for any reason whatsoever, is unable to effect Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset to any Noteholder by the Physical Settlement Date, the Issuer may continue to attempt such Delivery for an additional five Business Days after the Physical Settlement Date. Subject to Condition 6.13(f) (*Partial Cash Settlement*), failure by the Issuer to Deliver to a Noteholder the Relevant Proportion of the Deliverable Amount of the Substitute Asset on or prior to the date that is five Business Days after the Physical Settlement Date shall not constitute an Event of Default and shall not entitle the Noteholders to any right or claim for additional compensation or otherwise.

(c) **Delivery**

To "**Deliver**" the Relevant Proportion of the Deliverable Amount of the Substitute Asset pursuant to Condition 6.13(a) (*Notice of Physical Settlement*) and Condition 6.13(b) (*Delivery on the Physical Settlement Date*) means to deliver, novate, transfer (including in the case of a guarantee, transfer of the benefit of the guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Substitute Asset (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title and interest in the Relevant Proportion of the Deliverable Amount of the Substitute Asset to the Noteholder free and clear of any and all liens, charges, claims or encumbrances (including without limitation any counterclaim, defence or right of set-off); provided that to the extent that the

Substitute Asset consists of guarantees, "**Deliver**" shall mean to Deliver both the guarantee and the underlying obligation. "**Delivery**" and "**Delivered**" shall be construed accordingly.

(d) **Pre-condition to Issuer's obligation to Deliver**

In order to obtain Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset, if requested by the Issuer pursuant to Condition 6.13(a) (*Notice of Physical Settlement*), each Noteholder must deliver to the Issuer or the Registrar (if different) within five Business Days of the date of delivery of the Notice of Physical Settlement (the "**Cut-Off Date**"), a duly completed Asset Transfer Notice in accordance with Condition 6.13(h) (*Asset Transfer Notice Requirements*) the form of which may be obtained from the specified office of the Issuer or the Registrar (if different) and, in the case of a holding of a Definitive Note or Registered Note, the Note (which expression shall, for the purposes of this Condition 6.13(d), include Certificate(s), Receipt(s) and, if applicable, all unmatured Coupons and unmatured and unexchanged Talons, in accordance with the provisions of Condition 6.6 (*Unmatured Coupons and Receipts and Unexchanged Talons*)). In the event that the Note is represented by a Global Note, an Asset Transfer Notice must be delivered to the Issuer via the relevant Clearing System, by such method of delivery as the relevant Clearing System shall have approved.

After delivery of an Asset Transfer Notice, no transfers of the Notes specified therein which are represented by a Global Note will be effected by any relevant Clearing System and no transfers of Registered Notes specified therein will be effected by the Registrar.

(e) **Timing of delivery of Asset Transfer Notice**

Upon receipt of a duly completed Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, the Notes to which such notice relates, the Issuer, any relevant Clearing System or the Registrar, as the case may be, shall verify that the person specified therein as the accountholder or registered holder, as the case may be, is the Holder of the Note referred to therein according to its books or the Register, as the case may be.

Subject as provided herein, in relation to each Note, the Relevant Proportion of the Deliverable Amount of the Substitute Asset will be Delivered to the relevant Noteholder at the risk of such Noteholder.

If the Asset Transfer Notice and (with respect to Definitive Notes and Registered Notes) the relevant Note are delivered to the Issuer later than close of business in London on the Cut-Off Date, then the Relevant Proportion of the Deliverable Amount of the Substitute Assets will be Delivered as soon as practicable after the date on which Delivery of the same would otherwise be made, at the risk of such Noteholder in the manner provided above. For the avoidance of doubt, such Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of the Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset taking place after the date on which Delivery of the same would otherwise be made pursuant to the provisions of this Condition 6.13 or otherwise due to circumstances beyond the control of the Issuer.

If the relevant Noteholder fails to deliver an Asset Transfer Notice in the manner set out herein or delivers an Asset Transfer Notice on any day falling after the day that is 180 calendar days after the Cut-Off Date or (in the case of Definitive Notes or Registered Notes) fails to deliver the Notes related thereto, or fails to pay the Delivery Expenses or the FX Break Costs (if they are a negative amount) pursuant to Condition 6.13(j) (*Physical Settlement – Costs and expenses*), the Issuer shall be discharged from its obligations in respect of such

Note and shall have no further obligation or liability whatsoever in respect thereof.

(f) **Partial Cash Settlement**

(i) If due to an event beyond the control of the Issuer it is impossible, impracticable or illegal for the Issuer to Deliver, or due to an event beyond the control of any Noteholder or its designated nominee, it is impossible, impracticable or illegal for such Noteholder to accept Delivery of, all or a portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset by the Physical Settlement Date (including, without limitation, failure of the relevant Clearing System or due to any law, regulation or court order, but not including market conditions or failure to obtain any requisite consent with respect to the Delivery of loans) then by such date the Issuer shall provide a description in reasonable detail of the facts giving rise to such impossibility, impracticability or illegality and the Issuer shall Deliver and such Noteholder or its designated nominee shall take Delivery of that portion (if any) of the Relevant Proportion of the Deliverable Amount of the Substitute Asset for which it is possible, practicable and legal to take Delivery. As soon as possible thereafter, the Issuer shall Deliver and such Noteholder, its originally designated nominee or any new designated nominee shall take Delivery of the remaining portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset.

(ii) If:

(A) following the occurrence of any impossibility, impracticability or illegality referred to in (i) above, all or a portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset is not Delivered on or prior to the Latest Permissible Physical Settlement Date; or

(B) all or a portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset includes assets which, due to the non-receipt of any requisite consents, are not, by the Physical Settlement Date, capable of being delivered, assigned, novated, transferred or sold to any relevant Noteholder or its nominee and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date,

then Partial Cash Settlement pursuant to (iii) below shall be deemed to apply with respect to that portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset that cannot be Delivered for the reasons specified in (A) above (the "**Undeliverable Asset**") or that portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset of the type referred to in (B) above that cannot be Delivered to a Noteholder or its nominee without consent (the "**Consent Required Assets**").

(iii) On the Partial Cash Settlement Date, the Issuer shall pay to each relevant Noteholder the Relevant Proportion of the Partial Cash Settlement Amount adjusted for any amount Delivered to the Noteholder pursuant to (i) above and upon discharge by the Issuer of such payment obligation on the Partial Cash Settlement Date, the Issuer's obligations in respect of the relevant Note(s) shall be discharged. For the purposes of this Condition 6.13(f):

"Partial Cash Settlement Amount" means, for each Undeliverable Asset or Consent Required Asset, the greater of (A) the Event Currency Amount or Specified Value, as applicable, of each Undeliverable Asset

or Consent Required Asset, multiplied by the prevailing mid-market price of such Undeliverable Asset or Consent Required Asset as determined by the Calculation Agent and (B) zero; and

"Partial Cash Settlement Date" has the meaning given to it in the Final Terms, or, if such a meaning is not so specified, means the date that is three Business Days after the Latest Permissible Physical Settlement Date.

(g) **Delivery of Substitute Asset after Physical Settlement Date**

If, in accordance with Conditions 6.13(d) (*Pre-condition to Issuer's obligation to Deliver*), 6.13(e) (*Timing of delivery of Asset Transfer Notice*) and 6.13(f) (*Partial Cash Settlement*), the Relevant Proportion of the Deliverable Amount of the Substitute Asset is Delivered later than the Physical Settlement Date, until Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset is made to the relevant Noteholder, the Issuer or any person holding such assets on behalf of the Issuer shall continue to be the legal owner of those assets. None of the Issuer and any such other person shall (i) be under any obligation to deliver or procure delivery to such Noteholder or any subsequent transferee any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such assets, (ii) be under any obligation to exercise or procure the exercise of any or all rights (including voting rights) attaching or appertaining to such assets until the date of Delivery, or (iii) be under any liability to such Noteholder or subsequent transferee for any loss, liability, damage, cost or expense that such Noteholder or subsequent transferee may sustain or suffer as a result, whether directly or indirectly, of that person not being the legal owner of such assets until the date of Delivery.

(h) **Asset Transfer Notice Requirements**

An Asset Transfer Notice is irrevocable and must (to the extent applicable):

- (i) specify the account details or name of the person to whom Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset is to be made;
- (ii) specify the number of Notes which are the subject of such notice;
- (iii) in the event such Notes are represented by a Global Note:
 - (A) specify the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes; and
 - (B) irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on the due date for redemption of the Notes;
- (iv) in the event that such Notes are Registered Notes, irrevocably instruct and authorise the Registrar to effect the transfer of the relevant Notes;
- (v) authorise the production of such notice in any applicable administrative or legal proceedings;
- (vi) authorise the Issuer to deduct from the Relevant Proportion of the Deliverable Amount of the Substitute Asset to be delivered in accordance with such notice, the Delivery Expenses as referred to in Condition 6.13(j) (*Physical Settlement – Costs and expenses*) below; and
- (vii) contain any further information as may be requested by the Issuer in the Notice of Physical Settlement for the purpose of effecting such settlement.

Failure properly to complete and deliver an Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, to deliver the relevant Note(s), may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the Issuer in its sole and absolute discretion and shall be conclusive and binding on the relevant Noteholder.

(i) **Fractional Entitlement**

If the Relevant Proportion of the Deliverable Amount of the Substitute Asset comprises less than a multiple of a whole number of the Substitute Asset at the relevant time, then (i) the Issuer shall not Deliver and the relevant Noteholder shall not be entitled to receive in respect of its Notes that fraction of an asset which is less than a whole number (the "**Fractional Entitlement**") and (ii) the Issuer shall pay to the relevant Noteholder a cash amount (to be paid at the same time as Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset) equal to the value (as determined by the Calculation Agent) of such Fractional Entitlement.

(j) **Costs and expenses**

(i) The costs and expenses, including any stamp, registration, documentation or similar taxes (the "**Delivery Expenses**"), of effecting any delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset (except for the expenses of delivery by uninsured regular mail (if any), which shall be borne by the Issuer) and the amount of the FX Break Costs (if they are a negative amount) shall, in the absence of any provision to the contrary in the Final Terms, be borne by the Noteholder and shall, unless otherwise specified in the Final Terms, at the option of each Noteholder as specified in the Asset Transfer Notice either be:

(A) paid to the Issuer by such Noteholder prior to the Delivery of the Relevant Proportion of the Deliverable Amount of the Substitute Asset (and, for the avoidance of doubt, the Issuer shall not be required to Deliver any portion of the Substitute Asset to such Noteholder until it has received such payment); or

(B) deducted by the Issuer from the amount which may be payable to such Noteholder in accordance with Conditions 6.13(f)(iii) (*Partial Cash Settlement*) and 6.13(i) (*Fractional Entitlement*) (if applicable).

(ii) If the cash amount (if any) owing to a Noteholder under Conditions 6.13(f)(iii) (*Partial Cash Settlement*) and 6.13(i) (*Fractional Entitlement*) is not sufficient to cover the Delivery Expenses, the Issuer may convert such amount of the Relevant Proportion of the Deliverable Amount of the Substitute Asset into cash sufficient to cover the Delivery Expenses and the amount of the FX Break Costs (if they are a negative amount) in respect of such Note from which the Issuer shall deduct such Delivery Expenses and the FX Break Costs. Each Note will then be redeemed by delivery of the remaining portion of the Relevant Proportion of the Deliverable Amount of the Substitute Asset in respect of such Note and, if applicable and after any deduction to cover the Delivery Expenses and the amount of the FX Break Costs (if they are a negative amount), payment of a cash amount in respect of any Fractional Entitlement arising, together with any other amounts to which such Noteholder is entitled upon redemption of such Note.

(iii) If the FX Break Costs are a positive amount, such amount shall be paid in cash to the Noteholder on the date on which the Relevant Proportion of the Deliverable Amount of the Substitute Assets is Delivered to the

Noteholder or (if later) the date on which the remaining portion thereof is Delivered to the Noteholder pursuant to Condition 6.13(f)(iii) (*Partial Cash Settlement*) or on the Partial Cash Settlement Date.

(k) **No Obligation to Register Noteholder**

The Issuer shall not be under any obligation to register or procure the registration of any Noteholder or any other person as the registered holder of any Substitute Asset to be delivered in the register of members or holders of securities of any company whose securities form part of the Substitute Asset. The Issuer shall not be obliged to account to any Noteholder for any entitlement received or receivable in respect of any of the Substitute Asset to be delivered if the date on which such are first traded ex such entitlement is on or prior to the date of Delivery. The Issuer shall determine, in its sole and absolute discretion, the date on which such assets are so first traded ex any such entitlement.

(l) **Delivery of Notices**

Any notice referred to in this Condition 6.13 (*Physical Settlement*) above delivered on or prior to 4.00 p.m. (London time) on a London Business Day will be effective on such London Business Day. A notice delivered after 4.00 p.m. (London time) on a London Business Day will be deemed effective on the next following London Business Day. Any such notice given must be in writing and, for so long as the Notes are held on behalf of a Clearing System, for the purpose of this Currency Annex, any such notice shall be treated as "delivered" to Noteholders when delivered to the relevant Clearing System, whether by email, by facsimile, by hand or any other method of delivery accepted by the relevant Clearing System for notices for onward transmission to its accountholders."

- 1.2 In relation to the Notes, if the Credit Linked Derivatives Annex is applicable to the Notes, the following shall be inserted as Condition [5.2B(f)]:

"[5.2B(f)] If an event or circumstance which would otherwise constitute or give rise to a Disruption Event also constitutes a Credit Event, it will be treated as a Credit Event under the Credit Linked Derivatives Annex and will not constitute a Disruption Event."

- (d) Subject to paragraph (c) above, each currency with respect to a particular country specified in relation to a Note will be deemed to include any lawful successor currency (the **"Successor Currency"**) of that country. If there is more than one such date, the date closest to the Settlement Date will be selected.
- (e) If the currency exchange rate specified in the applicable Settlement Rate Option is published or announced by more than one price source and the price source referred to in such Settlement Rate Option fails to publish or announce that currency exchange rate on the Valuation Date (or, if different, the day on which rates for that date would, in the ordinary

- (f) Terms defined in the "Terms and Conditions of the Notes" and/or the Final Terms have the same meaning in this Currency Annex. In the event of any inconsistency between the Conditions and the Additional Conditions, the Additional Conditions, will prevail. In the event of any inconsistency between the Final Terms and the Conditions and the Additional Conditions, the Final Terms will prevail.
