This Information Memorandum (this "Information Memorandum") has been prepared for use only in connection with Securities issued by the Issuers.

This Information Memorandum has been approved by the Central Bank of Ireland (the "Central Bank") as competent authority under the Directive 2003/71/EC as amended (the "Prospectus Directive"). The Central Bank only approves this Information Memorandum as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Securities which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of Directive 2004/39/EC. In respect of each series of Securities to be listed, the relevant Issuer will prepare a series information memorandum (the "Series Information Memorandum") which will be submitted to the Central Bank for approval setting out the specific terms for each Series of Securities, and such Series Information Memorandum will incorporate by reference this Information Memorandum. This Information Memorandum should be read in conjunction with the relevant Series Information Memorandum.

Application will be made to the Irish Stock Exchange for Securities issued under the Programme during the 12 months from the date of this Information Memorandum to be admitted to the Official List (the "Official List") and trading on its regulated market. Application has been made to request that the Central Bank notifies the Commission de Surveillance du Secteur Financier (the "CSSF") in accordance with Article 18 of the Prospectus Directive. Following notification to the CSSF, this Information Memorandum is valid for listing Securities on the regulated market of the Luxembourg Stock Exchange up to the expiry of 12 months from the date of publication of this Information Memorandum. Securities may be listed or admitted to trading, as the case may be, on such other stock exchange(s) or market(s) as may be specified in the Issue Terms. The Issue Terms will specify whether or not Securities will be listed on the Irish Stock Exchange or the Luxembourg Stock Exchange. Each Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market.

The Central Bank in its capacity as competent authority has only approved this Information Memorandum in relation to Securities which are to be listed on the Irish Stock Exchange or any other EU Regulated Market and the Central Bank has neither reviewed nor approved this Information Memorandum in relation to any unlisted Securities. This Information Memorandum has been filed with and approved by the Central Bank as required by the Prospectus (Directive 2003/71/EC) Regulations 2005 (the "Prospectus Regulations").

References in this Information Memorandum to Securities being "listed" in Ireland (and all related references) shall mean that such Securities have been admitted to trading on the Irish Stock Exchange's regulated market and have been listed on the Irish Stock Exchange. “Fungible Tranche” being a Tranche of Securities of the same Series which have the same terms and conditions or terms and conditions which are the same in all respects save for the amount of the first payment of interest thereon and the date from which interest starts to accrue and which are intended to be interchangeable with all other Securities of that Series (or, in the case of a Series of Securities comprising Prioritised Tranches or *Pari Passu* Tranches, all other Securities of the same Prioritised Tranche or *Pari Passu* Tranche, as applicable);

“Pari Passu Tranche” being a Tranche of Securities of the same Series which provides that the claims of the holders of one Tranche of such Series of Securities will rank *pari passu* to the claims of the holders of another such Tranche or Tranches of the same Series of Securities but which (subject to the approval from existing holders of Securities of the same Series) is otherwise issued on terms which are different to the terms of other Tranches of the same Series of Securities;

“Prioritised Tranche” being a Tranche of Securities of the same Series which provides that the claims of the holders of one Tranche of such Series of Securities may (subject to the approval from existing holders of Securities of the same Series) rank prior or be subordinated to the claims of the holders of another such Tranche or Tranches of the same Series of Securities prior to and/or following enforcement of the security over the Mortgaged Property relating to such Series of Securities and which is issued on terms which are different to the terms of other Tranches of Securities of the same Series; or

such other Tranches as may be specified in the relevant Issue Terms.

The specific terms of each Tranche of the Series of Securities will be set out in the relevant Issue Terms.

Further, Fungible Tranches may only be issued as part of an existing Series subject to the Conditions of that Series.

Interest at a floating rate will be determined either:

- (i) on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the relevant ISDA Definitions; or
- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (iii) on such other basis as may be agreed between the relevant Issuer and the relevant Dealer(s),

in each case, as indicated in the Issue Terms.

Floating Rate Securities may also have a maximum interest rate, a minimum interest rate or both.

The Margin (if any) relating to such floating rate will be agreed between the relevant Issuer and the relevant Dealer(s) for each Series of Floating Rate Securities (or, in respect of a Series comprised of Non-Fungible Tranches of Floating Rate Securities, each Non-Fungible Tranche of such Series).

Where the Securities are specified in the relevant Issue Terms to be “Loan Participation Securities” (such Securities, “Loan Participation Securities”), payments in respect of principal or interest (whether at maturity or otherwise) may be calculated by reference to the loan specified in the applicable Issue Terms.

The applicable Issue Terms issued in respect of the Securities which comprise Variable Amount Securities will specify the basis for calculating the amounts payable as interest or on redemption, which may be by reference to a debt or equity or a commodity index or as otherwise provided in the applicable Issue Terms. Where the Securities are specified in the relevant Issue Terms to be “Fund Share-Linked Securities” (such Securities, “Fund Share-Linked Securities”), payments in respect of principal and/or interest (whether at maturity or otherwise) may be calculated by reference to such fund units, shares or interests or formula as specified in the applicable Issue Terms.

Where the Securities are specified in the relevant Issue Terms to be “Credit-Linked Securities” (such Securities, “Credit-Linked Securities”), payments in respect of principal and/or interest and the date of redemption of such Securities are dependent on whether one or more credit events in respect of one or more reference entities, as

specified in the applicable Issue Terms, has occurred.

The Securities may be cash settled and/or physically settled.

event or, in the case of Credit-Linked Securities, the relevant CDS Transactions, all as set out in Condition 8 (*Redemption*) or relating to an acceleration of the Securities as specified in Condition 0 (*Events of Default*) or as otherwise specified in the Issue Terms.

Optional Early Redemption: Securities may be redeemed at the option of the relevant Issuer or the Securityholders prior to their stated maturity, on such dates and on such terms as are specified in the Issue Terms.

Redemption in Instalments: The applicable Issue Terms may provide that Securities may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Issue Terms.

Taxation: No Issuer will be obliged to gross up any payments in respect of the Securities (including for tax suffered in respect of a payment under the Charged Assets or any Charged Agreements).

Substitution: Each Issuer may in certain circumstances described in the Conditions be obliged to use its reasonable endeavours to arrange a substitution of principal debtor. If any Securities of the relevant Issuer are rated, such substitution would be subject to prior notification to, and confirmation from, any rating agency (or, in the case of Securities that are rated by Fitch, only prior notification to Fitch) by which the relevant Securities are rated that the credit rating granted by such rating agency would not be adversely changed.

If no substitution is effected, the relevant Issuer may be required to sell the Charged Assets and redeem the Securities.

Cross Default: None.

Listing: The Information Memorandum has been approved by the Central Bank, as competent authority under the Directive 2003/71/EC (the "Prospectus Directive"). The Central Bank only approves this Information Memorandum as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Securities which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area.

Application may be made to the Irish Stock Exchange for Securities issued under the Programme during the 12 months from the date of this Information Memorandum to be admitted to the Official List (the "Official List") and

trading on its regulated market.

Application has been made to request that the Central Bank notifies the CSSF in accordance with Article 18 of the Prospectus Directive. Following notification to the CSSF, it is intended that this Information Memorandum be valid for listing Securities on the regulated market of the Luxembourg Stock Exchange. Irish Listing Agent: Banco Bilbao Vizcaya Argentaria, S.A.

Luxembourg Listing Agent: Banco Bilbao Vizcaya Argentaria, S.A.

Rating: Securities of any Series may be rated by S&P Global Inc (“S&P Global”), Fitch Ratings, Inc. (“Fitch”), DBRS Ratings Limited (“DBRS”) and/or any other recognised debt rating agency, as specified in the relevant Series Information Memorandum. The ratings will vary depending upon, among other things, the rating of the obligor(s) in respect of the relevant Charged Assets, where applicable, and the relevant Charged Agreements (if any). Each rating will address the relevant Issuer's ability to perform its obligations under the terms of the Securities and, where those obligations are calculated by reference to a credit dependent index, the likelihood that payments will be due under the Securities. Where the obligations under the Securities are determined by reference to a market dependent index, the ratings do not currently address the likelihood that payments will be due under the terms of the Securities. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A suspension, reduction or withdrawal of the rating assigned to the Securities may adversely affect the market price of the Securities.

The rating of certain Series of Securities to be issued under the Programme may be specified in the applicable Issue Terms. The status of any relevant credit rating agency under Regulation (EC) No.1060/2009 (the “CRA Regulation”), as amended, will be disclosed in the Issue Terms. Please also refer to “*Credit Ratings*” in the Risk Factors section of this Information Memorandum.

Both S&P Global and DBRS are established in the European Union and are registered under the CRA Regulation. As such S&P Global and DBRS are included in the list of credit rating agencies published by the European Securities and Markets Authority (“ESMA”) on its website in

accordance with such Regulation.

As at the date hereof Fitch is not established in the European Union and is therefore not registered in accordance with the CRA Regulation. Fitch is therefore not currently included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation. However, ratings by Fitch will be endorsed by Fitch Ratings Limited in accordance with the CRA Regulation. Fitch Ratings Limited is established in the European Union and registered under the CRA Regulation. As such Fitch Ratings Limited is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation. ESMA has indicated that ratings issued in the U.S. which have been endorsed by Fitch Ratings Limited may be used in the EU by the relevant market participants. Prior to investing in any Securities rated by Fitch an investor should read the explanation of such rating at:

Status of Securities:

Securities of each Series will be secured, direct, limited recourse obligations of the relevant Issuer (unless otherwise stated in the Issue Terms) ranking *pari passu* and without preference among themselves (except in case of the Prioritised Tranches which will rank *pari passu* and without preference only among Securities of the same Prioritised Tranche).

Security:

Unless otherwise specified in the Issue Terms, the relevant Issuer will grant to the Trustee the following security to secure its obligations under each Series of Securities and the relevant Charged Agreement(s):

- (a) a first fixed charge on, and/or a first ranking assignment by way of security of or other security interest over, the relevant Charged Assets (as more particularly described below) and on all rights and sums derived therefrom;
- (b) a first ranking assignment by way of security of the relevant Issuer's rights against the Custodian with respect to the Charged Assets relating to such Series under the relevant Agency Agreement (as defined herein), and a first fixed charge on all funds in respect of the Charged Assets relating to such Series held from time to time by the Custodian;
- (c) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the relevant Agency Agreement;
- (d) a first ranking assignment by way of security of all of

the relevant Issuer's rights, title, benefit and interest in, to and under any Charged Agreement and any sums and any other assets derived therefrom;

- (e) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest against each Arranger and each Dealer under the relevant Placing Agreement and against the seller of the Charged Assets under the relevant Sale Agreement (if any) and all sums derived therefrom in respect of the Securities of such Series;
- (f) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Loan Transfer Agreement (if any);
- (g) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Loan Servicing Agreement (if any); and
- (h) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Schuldschein Loan (if any) together with such additional security (if any) as may be described in the applicable Issue Terms.

The secured creditors of all Series of Securities of the Douro Issuer have been or will be secured under the Trust Instrument executed in respect of the first Series of Securities issued by the Douro Issuer by a first floating charge over the whole of the assets and undertaking of the Douro Issuer (other than, *inter alia*, the money representing paid up ordinary share capital of the Douro Issuer, any transaction fees payable to the Douro Issuer on each issue of Securities and assets over which security is granted in respect of each separate Series of Securities) which will become enforceable upon formal notice being given of an intention to appoint an administrator in relation to the Douro Issuer or an application being made to, or a petition being lodged or a document being filed with, the court for administration in relation to the Douro Issuer.

The Securities may also be secured by additional security documents and/or on such other assets as may be specified in the Issue Terms.

None of the Issuers are subject to a general negative pledge but each Issuer has covenanted to grant security only in limited circumstances as set out in Condition 18 (*Restrictions*) to secure other limited recourse debt incurred by it.

Attention of purchasers is drawn to “Risk Factors -

***Limited recourse*” below.**

Charged Assets:

The Charged Assets may comprise, without limitation, bonds, notes, securities, covered bonds, commodities, the benefit of loans, schuldschein, equity interests (including shares and participating income notes), indices, cash, other assets or contractual or other rights, carbon credits, insurance policies, partnership interests, swap rights or credit derivative products all as more particularly specified in the relevant Issue Terms.

The Charged Assets relating to each Series will be assigned or transferred to, or otherwise vested in, or entered into by, or owned by the relevant Issuer and (unless otherwise specified in the relevant Issue Terms including in case of a transfer of such Charged Assets pursuant to and in accordance with the terms of a Swap Agreement and/or Repurchase Agreement (where permitted in respect of any Series of Securities) and in the case where the Charged Assets comprise rights under a loan) be deposited with the Custodian for such Series of Securities subject to the security in favour of the Trustee. In such event, the payments of principal and interest, where applicable, in respect of the Charged Assets shall be paid into a Counterparty Account as specified in the Issue Terms (where there is a Charged Agreement) or otherwise to the Principal Paying Agent to be paid to Securityholders or as may otherwise be specified in the Issue Terms.

The relevant Issuer may substitute or replace Charged Assets in certain circumstances as specified in the Issue Terms.

Charged Agreements:

The Charged Agreements (if any) will comprise (i) the Swap Agreement or Swap Agreements entered into in connection with a particular Series of Securities and/or (ii) the Repurchase Agreement or Repurchase Agreements entered into in connection with a particular Series of Securities during the term of such Series of Securities and/or (iii) the Loan Participation Agreement entered into in connection with a particular Series of Securities and/or any other agreements specified in the relevant Issue Terms.

Priority of Claims:

The relative priority of claims of the Securityholders of each Series and the Counterparty will be “Securityholder Priority Basis”, “*Pari Passu* Basis”, “Counterparty Priority Basis” or “Counterparty/Securityholder Priority Basis”, as specified in the relevant Issue Terms. Holders of Securities comprising Prioritised Tranches may have a priority over, or be subordinated to, Holders of Securities comprising other Tranches of the same Series. See Condition 5 (*Application of Proceeds*).

Instructing Creditor:

The Instructing Creditor shall be the person(s) entitled to request the Trustee to take certain actions contemplated in the Conditions (in particular Condition 0 (*Events of Default*) and Condition 12 (*Enforcement*)) in respect of a particular Series of Securities. The Trustee shall not be obliged to act unless it is indemnified, secured and/or prefunded to its satisfaction.

The relevant Issue Terms will specify, in relation to the related Series of Securities, whether the Instructing Creditor is:

- (a) the Swap Agreement Counterparty only;
- (b) the Repurchase Agreement Counterparty only;
- (c) the Loan Participation Counterparty only;
- (d) the Securityholders only;
- (e) the Swap Agreement Counterparty or the Securityholders;
- (f) the Repurchase Agreement Counterparty or the Securityholders; or
- (g) the Loan Participation Counterparty or the Securityholders.

In the case of a Series of Securities consisting of Non-Fungible Tranches, the relevant Issue Terms will state (in respect of (d), (e), (f) and (g) above) whether the reference to Securityholders refers to the Securityholders of a specified Non-Fungible Tranche or specified Non-Fungible Tranches only. If a specified Non-Fungible Tranche(s) is not stated in the relevant Issue Terms for this purpose, the reference to Securityholders for the purpose of determining the Instructing Creditor will be deemed to refer to all Securityholders of the relevant Series of Securities.

Where the Instructing Creditor is specified in the Issue Terms as “the Swap Agreement Counterparty or the Securityholders” or “the Repurchase Agreement Counterparty or the Securityholders” or “the Loan Participation Counterparty or the Securityholders”, in accordance with paragraph (e), (f) or (g) above, (a) there is no requirement for both the Swap Agreement Counterparty or Repurchase Agreement Counterparty or the Loan Participation Counterparty (as applicable) and the Securityholders to act together, and (b) in the event that the Trustee receives conflicting requests, directions or instructions from the Swap Agreement Counterparty or Repurchase Agreement Counterparty or the Loan Participation Counterparty (as applicable) and the

Securityholders (each acting as Instructing Creditor), the instructions of the Swap Agreement Counterparty or Repurchase Agreement Counterparty or the Loan Participation Counterparty (as applicable) shall prevail, unless at such time, the Swap Agreement Counterparty or Repurchase Agreement Counterparty or the Loan Participation Counterparty (as applicable) is the Defaulting Party in respect of the Swap Agreement or the Repurchase Agreement or the Loan Participation Counterparty, as applicable, in which case the instructions of the Securityholders shall prevail.

Accordingly, the Instructing Creditor in respect of a Series of Securities will not necessarily be the Securityholders. In addition, in respect of a Series of Securities comprised of Non-Fungible Tranches where the Instructing Creditor is the Securityholders, this may be limited to holders of one or more Non-Fungible Tranches only.

Notwithstanding anything to the contrary in the Issue Terms, if (i) the Swap Agreement Counterparty is the Defaulting Party in respect of the Swap Agreement at any time and (ii) “the Swap Agreement Counterparty only” is specified as the Instructing Creditor in the Issue Terms, the Instructing Creditor shall be the “Swap Agreement Counterparty or the Securityholders”.

Notwithstanding anything to the contrary in the Issue Terms, if (i) the Repurchase Agreement Counterparty is the Defaulting Party in respect of the Repurchase Agreement at any time and (ii) “the Repurchase Agreement Counterparty only” is specified as the Instructing Creditor in the Issue Terms, the Instructing Creditor shall be the “Repurchase Agreement Counterparty (as applicable) or the Securityholders”.

Notwithstanding anything to the contrary in the Issue Terms, if (i) the Loan Participation Counterparty is the Defaulting Party in respect of the Loan Participation Agreement at any time and (ii) “the Loan Participation Counterparty only” is specified as the Instructing Creditor in the Issue Terms, the Instructing Creditor shall be the “Loan Participation Counterparty (as applicable) or the Securityholders”.

Where the Instructing Creditor is the Securityholders (or the Swap Agreement Counterparty or Repurchase Agreement Counterparty or Loan Participation Counterparty (as applicable) or the Securityholders), the Securityholders (or the holders of the relevant Non-Fungible Tranche(s)) may (where specified) request the Trustee to take actions contemplated in the Conditions by means of a request in writing of the holders of at least 1/5 in principal amount of the Securities of such Series (or relevant Non-Fungible

Tranche(s), as applicable) then outstanding or by means of an Extraordinary Resolution of such Securityholders.

Where the Instructing Creditor is the Swap Agreement Counterparty or the Repurchase Agreement Counterparty or the Loan Participation Counterparty (or the Swap Agreement Counterparty or Repurchase Agreement Counterparty or Loan Participation Counterparty (as applicable) or the Securityholders), the Swap Agreement or Repurchase Agreement Counterparty or Loan Participation Counterparty (as applicable) may (where specified) request the Trustee to take actions contemplated in the Conditions by means of a written request.

Having received such a request from the Instructing Creditor, the Trustee shall not be obliged (subject to applicable legal and regulatory requirements) to consider the interests of any other secured or unsecured creditors (including, without limitation, where applicable the Securityholders or the holders of other Non-Fungible Tranches) for such Series.

Governing Law:

The Securities and any non-contractual obligations arising out of or in connection with the Securities will be governed by, and construed in accordance with, English law.

Selling Restrictions:

There are selling restrictions in relation to the United States, the European Economic Area (including the United Kingdom, the Netherlands, the Republic of Italy, the Kingdom of Spain, France and Ireland), Hong Kong, Chile, Colombia, Mexico, Peru and such other restrictions as may be required (and specified in the relevant Series Information Memorandum) in connection with the offering and sale of a particular Series of Securities. See "Subscription and Sale and Transfer Restrictions" on page 159 below.

Bearer Securities will be issued in compliance with U.S. Treas. Reg. section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act) (the "D Rules") unless (i) the relevant Series Information Memorandum state that Securities are issued in compliance with U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act) (the "C Rules") or (ii) such Securities are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Securities will not constitute "registration-required obligations" under the United States Tax Equity and Fiscal

Responsibility Act of 1982 (“TEFRA”).

Any Securities offered in the form of one or more Regulation S Global Certificates or Individual Certificates may not be offered or sold to, or for the account or benefit of, a U.S. Person. See “Subscription and Sale and Transfer Restrictions” on page 159 below.

Risk Factors

The purchase of the Debt Investments may involve substantial risks and is suitable only for sophisticated purchasers who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Debt Investments. Unless otherwise specified in the relevant Issue Terms, the Debt Investments are not principal protected and purchasers of the Debt Investments are exposed to full loss of principal. The relevant Issuer believes that the following factors may affect either its ability to fulfil its obligations under the Debt Investments or the performance of the Debt Investments. Some of these factors are contingencies which may or may not occur and the relevant Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The relevant Issuer believes that the factors described below represent the principal risks inherent in investing in the Debt Investments, but the inability of the relevant Issuer to pay interest, principal or other amounts on or in connection with the Debt Investments may occur for other reasons and the relevant Issuer does not represent that the statements below regarding the risks of holding any Debt Investments are exhaustive.

Certain Debt Investments are complex financial instruments and involve a high degree of risk and prospective purchasers should be prepared to sustain a loss of all or part of their investment.

The relevant Issuer believes that the following factors may affect its ability to fulfil its obligations under Debt Investments issued under the Programme.

Prospective purchasers should also read the detailed information set out elsewhere in this Information Memorandum and, in the light of their own financial circumstances and investment objectives, reach their own views prior to making any investment decision.

Prospective purchasers should note that certain of the risks below may relate only to the issue of Securities. Accordingly, such prospective purchasers should review carefully the Series Information Memorandum as well as the following section by way of a general introduction to the risks associated with limited recourse investments and the relevant Issuer.

Investor suitability

Prospective purchasers of the Securities should reach an investment decision only after carefully considering the suitability of the Securities in light of their particular circumstances. Investment in the Securities may only be suitable for investors who:

- (a) have substantial knowledge and experience in financial, business matters and expertise in assessing credit risk which enable them to evaluate the merits and risks of an investment in the Securities and the rights attaching to the Securities;
- (b) are capable of bearing the economic risk of an investment in the Securities for an indefinite period of time;
- (c) are acquiring the Securities for their own account (as principal and not as agent) for investment, not with a view to resale, distribution or other disposition of the Securities (subject to any applicable law requiring that the disposition of the investor's property be within its control); and

- (d) recognise that it may not be possible to make any transfer of the Securities for a substantial period of time, if at all.

Independent review and advice

Each prospective purchaser of the Securities must determine, based on its own independent review (including as to the financial condition and affairs and its own appraisal of the creditworthiness of the relevant Issuer, the Counterparty, any reference entity and reference obligation and any relevant obligor in respect of the Charged Assets (if any) and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, to assess the economic, social and political condition of the jurisdiction in which each relevant obligor is located and determine whether an investment in the Securities is appropriate in its particular circumstances.

In so doing, and without restricting the generality of the preceding paragraph, such prospective purchaser must determine that its acquisition and holding of the Securities (i) is fully consistent with its (or if it is acquiring the Securities in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether it is acquiring the Securities as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Securities in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Securities. None of the Issuers, the Trustee, the Dealer(s) or any of their respective affiliates is acting as an investment adviser, or assumes any fiduciary obligation, to any purchaser of Securities.

Neither this Information Memorandum nor any Series Information Memorandum is intended to provide the basis of any credit or other evaluation or should be considered as a recommendation or as constituting an invitation or offer that any recipient of this Information Memorandum or any Series Information Memorandum should purchase any of the Securities. The Trustee and the Dealer(s) expressly do not undertake to review the financial condition, creditworthiness or affairs of any relevant obligor(s).

No secondary market

None of the Issuers, the Trustee, the Agents, the Dealer or any of their respective affiliates is under an obligation to provide liquidity for the Securities and no secondary market is expected to develop in respect of the Securities. Whilst the Securities may be listed or admitted to trading on the Irish Stock Exchange or the Luxembourg Stock Exchange, the relevant Issuer does not expect a trading market for the Securities to develop. In the unlikely event that a secondary market does develop, there can be no assurance that it will provide the Securityholders with liquidity of investment or that it will continue for the life of the Securities. Accordingly, the purchase of the Securities is suitable only for investors who can bear the risks associated with a lack of liquidity in the Securities and the financial and other risks associated with an investment in the Securities. Purchasers must be prepared to hold the Securities for an indefinite period of time or until final redemption or maturity of the Securities.

Limited recourse

Claims against the relevant Issuer by the Securityholders of a Series and by the Counterparty will be limited to the Mortgaged Property relating to such Series. The proceeds of realisation of such Mortgaged Property may be less than the sums due to the

Securityholders and the Counterparty. Any shortfall will be borne by the Securityholders and by the Counterparty in accordance with the Security Ranking Basis specified in the relevant Issue Terms. Each Securityholder, by subscribing for or purchasing such Securities, will be deemed to accept and acknowledge that it is fully aware that, in the event of a shortfall, (i) the relevant Issuer shall be under no obligation to pay, and the other assets (if any) of the relevant Issuer including, in particular, assets securing other Series of Securities or Alternative Investments will not be available for payment of, such shortfall, (ii) all claims in respect of such shortfall shall be extinguished, and (iii) the Trustee, the Securityholders and the Counterparty shall have no further claim against the relevant Issuer in respect of such unpaid amounts and will accordingly not be able to petition for the winding up of the relevant Issuer as a consequence of such shortfall.

The Securities of each Series are direct, limited recourse obligations of the relevant Issuer alone and not of the officers, members, directors, employees, securityholders or incorporator of the relevant Issuer, any of the Issuers, the Counterparty, any reference entity or the issuer(s) or obligor(s) in respect of the Charged Assets (if any) or any of their respective successors or assigns. Furthermore, they are not obligations of, or guaranteed in any way by, any Dealer(s).

Credit risk

The ability of the relevant Issuer to meet its obligations under the Securities will be dependent, where applicable, upon the payment of principal and interest due on the Charged Assets, the payment of all sums due from the relevant Counterparty under the Charged Agreements, upon the Principal Paying Agent and the Custodian making the relevant payments when received and upon all parties to the Transaction Documents (other than the relevant Issuer) performing their respective obligations thereunder. Moreover, in certain cases, the security for the Securities will be limited to the claims of the relevant Issuer against the Counterparty under the Charged Agreements. Accordingly, Securityholders are exposed, inter alia, to the creditworthiness of the issuer(s) or obligor(s) in respect of the Charged Assets, the Counterparty, the Principal Paying Agent, the other Paying Agents and the Custodian, in addition to the creditworthiness of any reference entities.

The relevant Issuer will hold cash (if any) comprising the Charged Assets in the Cash Deposit Account, relevant Issuer Series Account or such other account specified in the Issue Terms. Any cash held by the Account Bank on behalf of the relevant Issuer will be held by the Account Bank in its capacity as banker, and not as trustee. The relevant Issuer and the Securityholders will therefore be exposed to the credit risk of the Account Bank on an unsecured basis for the period during which the cash is held by the Account Bank on behalf of the relevant Issuer.

In the case of Credit-Linked Securities, the Securities involve additional credit risk in relation to each relevant reference entity specified in the applicable CDS Transaction.

Business relationships

Each of the Issuers, the Dealer(s), the Trustee, the Agents and/or any of their affiliates may have existing or future business relationships with any Counterparty, issuer(s) or obligor(s) in respect of any Charged Assets or any reference entity of any Series of Securities (including, but not limited to, lending, depository, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems necessary or appropriate to protect its interests arising therefrom without regard to the consequences for a Securityholder. Furthermore, the Dealer(s), the Trustee, the Agents or any of their respective affiliates may

buy, sell or hold positions in obligations of, or act as investment or commercial bankers, advisers or fiduciaries to, or hold directorship and officer positions in, any issuer(s) or obligor(s) in respect of Charged Assets or any reference entity.

Conflicts of Interest

Each of the Counterparty and any of its affiliates is acting or may act in a number of capacities in connection with the issue of Securities. The Counterparty and any of its affiliates acting in such capacities in connection with the issue of Securities shall have only the duties and responsibilities expressly agreed to by it in the relevant capacity and shall not, by virtue of its or any other affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity. Each of the Counterparty and any of its affiliates in its various capacities in connection with the issue of Securities may enter business dealings, including the acquisition of investment securities as contemplated by the Transaction Documents from which it may derive revenues and profits in addition to any fees stated in various documents, without any duty to account therefor, provided that any such revenue, profits or fees will be paid or received only in accordance with applicable regulations.

Various potential and actual conflicts of interest may arise between the interests of the Securityholders and either the Issuers and/or the Counterparty, as a result of the various businesses, management, investment and other activities of such persons, and none of such persons is required to resolve such conflicts of interest in favour of the Securityholders. In respect of Credit-Linked Securities, unless Auction Settlement (as defined in the Issue Terms) applies, the Counterparty will determine if a Credit Event has occurred and select the cheapest reference obligation(s) or deliverable obligation(s) practicable, thereby maximising a Securityholder's loss. The following briefly summarises some of those conflicts, but is not intended to be an exhaustive list of all such conflicts. The Counterparty shall manage any conflicts of interest in accordance with its conflicts of interest policy.

Such persons may (a) deal in Charged Assets, or securities or other obligations of any reference entity, (b) enter into other credit derivatives involving reference entities that may include the reference entities in respect of the Credit-Linked Securities (including credit derivatives to hedge its obligations under the Swap Agreement), (c) advise and distribute securities on behalf of, arrange or manage transactions on behalf of, accept deposits from, make loans or otherwise extend credit to and generally engage in any kind of commercial or investment banking or other business with, any reference entity or any other person or other entity having obligations relating to any reference entity and (d) act with respect to such business in the same manner as if the Securities did not exist, regardless of whether any such relationship or action might have an adverse effect on any reference entity (including, without limitation, any action which might constitute or give rise to a Credit Event), the Charged Assets, the Securities, or on the position of any other party to the transaction described herein or otherwise.

No Obligations owing by the Calculation Agent

The Calculation Agent shall have no obligations to the Securityholders, and shall only have the obligations expressed to be binding on it pursuant to the Agency Agreement, unless otherwise specified in the Issue Terms. All designations and calculations made by the Calculation Agent in respect of any Securities shall be conclusive and binding on the Securityholders.

Legal opinions

Unless otherwise specified in the relevant Series Information Memorandum no legal opinion relating to the Securities will be obtained on their issue with respect to the laws of England and of the Netherlands and no legal opinions will be obtained with respect to any other applicable laws and no investigations will be made into the validity or enforceability of the laws of any other jurisdiction in respect of the obligations under the Securities. Any such legal opinions will not be addressed to, and may not be relied on by, Securityholders. In particular, save as aforesaid, no legal opinions will be obtained in relation to:

- (a) the laws of the country of incorporation of any reference entity or the issuer(s) or obligor(s) in respect of the Charged Assets;
- (b) the laws of the country in which the obligations of any reference entity or the Charged Assets are situated; or
- (c) the laws of the country which are expressed to govern any obligations of the reference entity or the Charged Assets.

Such laws, depending upon the circumstances, may affect, among other things, the validity and legal and binding effect of the obligations of any reference entity and/or Charged Assets and the effectiveness and ranking of the security for the Securities. Consequently, no responsibility is accepted by the relevant Issuer in relation to such matters.

Legality of purchase

None of the Issuers, the Dealer(s) or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Securities by a prospective purchaser of the Securities, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

Hiring Incentives to Restore Employment Act withholding may affect payments on the Debt Investments

The U.S. Hiring Incentives to Restore Employment Act (the “HIRE Act”) imposes a 30% withholding tax on amounts attributable to U.S. source dividends that are paid or “deemed paid” under certain financial instruments if certain conditions are met. If the relevant Issuer or any withholding agent determines that withholding is required, none of the Issuers or any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section “*Taxation – Hiring Incentives to Restore Employment Act*.”

Modifications to the terms of the Securities

The attention of prospective purchasers is drawn to Condition 19 (*Meetings of Securityholders, Modification, Waiver and Substitution*) and in particular, the provision that the Trustee shall agree to make any modification (whether or not it may be materially prejudicial to the Securityholders) requested by the relevant Dealer(s) in respect of a Series of Securities if, and to the extent that, such modification is to correct an error in the Conditions arising from a discrepancy between the Conditions and the final termsheet provided to the initial Securityholders, as certified by the relevant Dealer(s) to the Trustee.

Trustee Indemnity

Upon the occurrence of an Event of Default in relation to the Securities, Securityholders may be required to provide an indemnity to the Trustee to its satisfaction as provided for in Condition 0 (*Events of Default*) before the Trustee gives notice to the relevant Issuer accelerating the Securities. The Trustee shall not be obliged to take any action if not indemnified, secured and/or prefunded to its satisfaction.

Provision of information

None of the Issuers, the Trustee, the Agents, the Dealer(s) or any of their respective affiliates makes any representation as to the credit quality of the Counterparty, any issuer(s) or obligor(s) in respect of the Charged Assets or any reference entity for any Series of Securities. Any of such persons may have acquired, or during the term of the Securities may acquire, non-public information with respect to such Counterparty, any issuer(s) or obligor(s) in respect of the Charged Assets or reference entity. None of such persons is under any obligation to make available any information relating to, or keep under review on the Securityholders' behalf, the business, financial conditions, prospects, creditworthiness or status of affairs of any issuer(s) or obligor(s) in respect of the Charged Assets or any reference entities or conduct any investigation or due diligence into any such issuer(s) or obligor(s) in respect of the Charged Assets or any reference entities.

Market Conditions

Any liquidity shortage and volatility in the credit markets will introduce a variety of increased risks relating to several aspects of the relevant Issuer's operations. Such additional risks include the inability of the relevant Issuer to sell its assets which, among other things, may render it unable to dispose of underperforming or defaulted assets and satisfy its obligations in respect of the redemption of the Securities. Such market conditions may also lead to the inability of the relevant Issuer to determine a reliable valuation of its assets. All of such factors could materially adversely affect the interests of Securityholders.

Concerns have been raised since the financial crisis with respect to economic, monetary and political conditions in the Eurozone (including the credit risk of sovereigns and of those entities which have exposure to sovereigns). If such concerns persist and/or such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any changes to, including any break-up of, the Eurozone), then these matters may increase stress in the financial system generally and/or may adversely affect the relevant Issuer, one or more of the other parties to the Transaction Documents (including the Vendor and/or the Counterparty) and/or any obligor in respect of the Charged Assets. Given the current uncertainty and the range of possible outcomes, no assurance can be given as to the impact of any of the matters described herein and, in particular, no assurance can be given that such matters would not adversely affect the rights of the Securityholders, the market value of the Securities and/or the ability of the relevant Issuer to satisfy its obligations under the Securities.

Comparative Returns

Risk-adjusted returns and absolute returns on the Securities may be lower than that of comparable investments. Each prospective purchaser should be aware that any return on the Securities may not exceed or even equal the return that might have been achieved had the amount of its initial investment been placed on deposit for the same period.

Eurosystem Eligibility

There may be an intention for certain Securities to be held in a manner which will allow Eurosystem eligibility. This simply means that such Securities are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that such Securities will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

The Charged Assets

The value of any Charged Assets may have a direct impact on the amounts payable to Securityholders in respect of the Securities upon early redemption. The Charged Assets may comprise the benefit of loans, securities, cash and/or other assets.

Prospective purchasers are advised to review carefully any offering documents for or description of the Charged Assets before deciding whether an investment in the Securities is suitable for them.

Illiquid Charged Assets

The Charged Assets may comprise assets which are not admitted to any public trading market and may therefore be illiquid and not readily realisable.

Repo of Charged Assets

If specified in the Issue Terms, the relevant Issuer may enter into one or more Repurchase Agreements in respect of the Charged Assets at any time after the Issue Date. The Issue Terms will specify whether or not the prior consent of Securityholders (or, in the case of a Series of Securities consisting of Non-Fungible Tranches, consent of the holders of one or more specified Non-Fungible Tranches) is required. Securityholders may therefore become subject to the credit risk of a Repurchase Agreement Counterparty (and the other risks described in this section in respect of Repurchase Agreements and Counterparties generally) even in circumstances where their consent is not required at the relevant time or where they have voted contrary to the requisite percentage majority of Securityholders (or the holders of the relevant Non-Fungible Tranche(s)) who have approved the entry into a Repurchase Agreement.

The sale proceeds received pursuant to any such Repurchase Agreement in respect of any Charged Assets to be sold thereunder shall be calculated as the Nominal Value, the Market Value or the Fair Value of such Charged Assets as specified in the Issue Terms or notice to the Securityholders. Any such amount may be less than the redemption amount of such Charged Assets and/or the realisable value of such Charged Assets at the Maturity Date or any other date on which the relevant Issuer would otherwise be required to fund a payment under the Securities from the same.

Margin calls under Swap Agreements with credit support annex and Repurchase Agreements

If, in respect of a Series of Securities, a Swap Agreement includes a credit support annex and/or a Repurchase Agreement includes a margin transfer obligation, (a) the relevant Counterparty will be required to post eligible collateral to the relevant Issuer to collateralise the relevant Issuer's exposure (if any) to the relevant Counterparty under such Swap Agreement(s) and/or the Repurchase Agreement(s) (such collateral being referred to as

“Counterparty Margin Collateral”) and/or (b) the relevant Issuer will be required to post eligible collateral to the relevant Counterparty to collateralise the relevant Counterparty's exposure (if any) to the relevant Issuer under such Swap Agreement(s) and/or the Repurchase Agreement(s) (such collateral being referred to as “Issuer Margin Collateral”).

In respect of the Counterparty Margin Collateral, this may not in all circumstances be sufficient to negate all credit exposure of the relevant Issuer to the relevant Counterparty because, for example, (a) of the requirement for the minimum transfer amount to be satisfied; (b) the relevant Issuer's exposure to the Counterparty may increase from the time at which the last valuation was made; (c) where assets are delivered as collateral to the relevant Issuer, such assets may have a volatile market value that decreases from the date of delivery of such assets; and/or (d) due to currency exchange rate fluctuations, in which circumstances Securityholders will have uncollateralised exposure to the credit risk of the relevant Counterparty. If the relevant Issuer is required to sell any Counterparty Margin Collateral, the Securityholders will assume market risk in respect of such Counterparty Margin Collateral and credit risk in respect of the obligor(s) in respect of such Counterparty Margin Collateral.

In respect of the Issuer Margin Collateral, this will be provided from the Charged Assets and will therefore reduce the realisable value of such Charged Assets and, consequently, increase Securityholders' exposure to the credit risk of the Counterparty, in circumstances where the Issuer Margin Collateral is subsequently required to be returned to the relevant Issuer.

Credit Risk of Banco Bilbao Vizcaya Argentaria S.A. group entities as a Counterparty and as issuer and/or obligor and/or guarantor of Charged Assets

The relevant Issuer may enter into a Swap Agreement or a Repurchase Agreement or a Loan Participation Agreement with BBVA as Counterparty. To the extent that BBVA fails to make due and timely payment or delivery under the Swap Agreement or Repurchase Agreement or the Loan Participation Agreement, as the case may be, such agreement may be terminated, the security enforced and the Securities redeemed and a loss of principal or a delay in payment under the Securities may result.

BBVA may act as Counterparty and if the Charged Assets are obligations of BBVA or one of its subsidiaries, investors will be exposed to the credit risk of BBVA group entities both as the Counterparty and as the issuers and/or obligors and/or guarantors of the Charged Assets. In the event of an insolvency of an issuer or obligor in respect of the Charged Assets and/or a Counterparty, various insolvency and related laws applicable to such entity(ies) may limit the amount investors may recover and determine or affect when such recovery may be made. In the event that a Counterparty fails to make due and timely payment or delivery under the Swap Agreement, the Repurchase Agreement or the Loan Participation Agreement, as the case may be, it is likely that the liquidation proceeds of Charged Assets issued or guaranteed by any entity in the same group at such time are likely to be significantly less than par and may be zero which means that an investor may lose some or all of the money it has invested in the Securities.

The value of the Charged Assets may be less than the value of the Securities

Due to potential market volatility and other factors, the market value of the Charged Assets at any time will vary, and may vary substantially, from the principal amount of such Charged Assets. To the extent that the nominal amount and/or market value of the Charged Assets (if any) is at any time less than the outstanding principal amount and/or market value of the Securities an investor's exposure to the obligations of the Counterparty under the Swap

Agreement and/or the Repurchase Agreement and/or the Loan Participation Agreement, as the case may be, is increased. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition, or the amount received or recovered upon maturity, of such Charged Assets, or that the proceeds of any such sale or disposition would be sufficient to repay principal of the Securities of the related Series and amounts payable prior thereto. Where this is the case and the Counterparty is unable to perform its obligations under the Swap Agreement and/or Repurchase Agreement and/or the Loan Participation Agreement, as the case may be, the relevant Issuer will be unable to meet the payments owed to investors under the Securities in full, resulting in investors losing some or all of the money invested in Securities.

Entry into Swap Agreement in circumstances where there are no Charged Assets

If, in respect of a Series of Securities, the relevant Issuer enters into a Swap Agreement and there are no Charged Assets specified in the applicable Issue Terms, then, absent any other form of credit support arrangement between the relevant Issuer and the relevant Counterparty, such as a credit support annex, the relevant Issuer will have uncollateralised exposure to and will rely solely on the creditworthiness of the Counterparty. Where this is the case, the Securityholders' exposure to the credit risk of the Counterparty will be increased and, if the Counterparty is unable to perform its obligations under the Swap Agreement, investors may lose some or all of the money invested in Securities.

Entry into Loan Participation Agreement

If the relevant Issuer enters into a Loan Participation Agreement in respect of a Series of Securities and there are no Charged Assets specified in the applicable Issue Terms, then, absent any other form of credit support arrangement between the relevant Issuer and the relevant Counterparty, the relevant Issuer will have uncollateralised exposure to both the creditworthiness of the Counterparty and the borrower in respect of the loan which is the subject of the Loan Participation Agreement.

Substitution of Charged Assets and Investment or Reinvestment of Charged Assets

The terms of the Securities may provide that the Charged Assets may be substituted in accordance with the terms of Condition 4 (*Charged Assets*).

Such substitution may either be at the direction of a Counterparty pursuant to Condition 4(b)(i) (*Substitution at direction of Counterparty*) on a Nominal Basis, Market Value Basis or Fair Value Basis or at the request of Securityholders pursuant to Condition 4(b)(ii) (*Substitution at the request of Securityholders*). Such substitution may be in whole or in part and may be for cash or other assets. In the event that such request is made by Securityholders representing at least 50 per cent. of the aggregate Outstanding Principal Amount of the Securities, the Securities shall be restructured and amended as set out in Condition 4(b)(ii) (*Substitution at the request of Securityholders*). All Securityholders are deemed to have accepted Condition 4(b)(ii) (*Substitution at the request of Securityholders*) and to be bound by the terms thereof even if not Consenting Holders.

Further issues

The terms of the Securities may provide for the issue of further Securities fungible with the existing Tranche(s) thereof in certain circumstances. The additional Charged Assets which the relevant Issuer may be required to provide as security for such further Securities relative to the aggregate nominal amount of the further Securities may be such as to affect the value of the original security provided for the Securities.

Substitution of Initial Charged Assets for Cash Collateral where Initial Charged Assets are not delivered

Where the Securities are secured by Cash Collateral on the Issue Date, prospective purchasers should be aware that Initial Charged Assets may be substituted, pursuant to Condition 4(c) (*Substitution with Cash Collateral*), for the Cash Collateral following the Issue Date. If an event of default (howsoever described in the terms and conditions of the Initial Charged Assets) has occurred with respect to the Initial Charged Assets prior to the delivery by the Vendor of all or any part of the Initial Charged Assets, any undelivered Initial Charged Assets shall be deemed to have been delivered by the Vendor to the relevant Issuer and sold by the Selling Agent in accordance with the Agency Agreement.

Early Redemption

The Securities may be redeemed early in certain circumstances, including where there is an event of default in relation to the Securities or where Securities are Credit-Linked Securities, following occurrence of an Event Determination Date in respect of the CDS Transaction, where there is an event of default in relation to the Charged Assets, where certain regulatory events occur (which may also lead to an adjustment), where an illegality event occurs, where there is a termination under a Swap Agreement or a Repurchase Agreement or a Loan Participation Agreement, where the Custodian is unable to convert the moneys received in respect of the Charged Assets into the Specified Currency or where the currency of principal or interest due in respect of any Charged Assets is redenominated, substituted or otherwise changed. Prospective purchasers should note that the amount payable on early redemption may be significantly less than the amount that would otherwise have been payable at maturity of the Securities. Prospective purchasers should note in particular that pursuant to Condition 7(k) (*Cessation of interest*), on early redemption, interest payable on the Securities will cease to accrue from, and including, the immediately preceding Interest Payment Date or, if none, the Interest Commencement Date or, in the case of early redemption following occurrence of an Event Determination Date in respect of the CDS Transaction, the Interest Payment Date immediately preceding the Event Determination Date. In the case of Credit-Linked Securities where Credit Maturity Redemption applies, it should be noted that such early redemption may be delayed to the Scheduled Maturity Date and, in any case, such early redemption of Credit-Linked Securities may occur following the Scheduled Maturity Date. The maturity of Credit-Linked Securities may be delayed even where no Credit Event occurs. Prospective purchasers should note that where the Custodian is unable to convert the moneys received in respect of the Charged Assets into the Specified Currency, the Early Redemption Amount may be denominated in the currency in which the Charged Assets are denominated. Where the Early Redemption Amount is payable following the redenomination, substitution or other change in currency of the Charged Assets, the Early Redemption Amount may be denominated in the currency of the Charged Assets following such redenomination, substitution or other change.

Physical Delivery

In the case of Securities which provide for physical delivery, the Calculation Agent may determine that a Settlement Disruption Event is subsisting and/or where Failure to Deliver due to Illiquidity is specified as applying in the Issue Terms, that it is impossible or impracticable to deliver when due some or all of the Relevant Assets due to illiquidity in the relevant market. A Settlement Disruption Event is an event beyond the control of the relevant Issuer, as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the relevant Issuer in accordance with the Conditions is not practicable. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities and/or lead to cash settlement in whole or in part rather than physical settlement in respect of the Securities.

The relevant Issuer will not be responsible for any such consequences and shall not be obliged to compensate Securityholders. Securityholders will be solely responsible for determining whether they are permitted to hold the Relevant Assets, including under applicable securities laws.

Expenses for Physical Delivery

In the case of Securities which provide for physical delivery, all Expenses arising from the delivery of the Relevant Assets in respect of such Securities shall be for the account for the relevant Securityholders and no delivery of the Relevant Assets shall be made until all Expenses have been paid to the satisfaction of the relevant Issuer and the relevant Securityholders.

Asset Transfer Notices

In the case of Securities which provide for physical delivery, the investor must deliver a duly completed Asset Transfer Notice within 180 calendar days of the Cut-Off Date or the relevant Issuer will be discharged in respect of its obligations under the Securities.

If an Asset Transfer Notice is not provided or is incomplete by the Cut-Off Date, the Calculation Agent may nevertheless deliver the Relevant Assets in a commercially reasonable manner at the risk of the Securityholder.

The Issuer may have the right to vary settlement

In the case of Securities which provide for physical delivery, if so indicated in the Issue Terms, the relevant Issuer has an option to vary settlement in respect of such Securities. If exercised by the relevant Issuer, this option will lead to physical delivery Securities being cash settled or cash settled Securities being physically settled. Exercise of such option may adversely affect the value of the Securities.

Settlement Exchange Rate

In the case of Securities which provide that the relevant Issuer may make payments in a currency other than the currency in which the Securities are denominated then investors in such Securities will be exposed to fluctuations in the relevant currency exchange rate and may receive less than they would have done if payment was made in the currency of such denomination.

If there are certain disruptions relating to the determination of the relevant currency exchange rate then payments to the investors may be postponed and, if specified as an option in the Issue Terms, the relevant Issuer may elect to deliver an Early Redemption Amount in the currency in which the Securities are denominated.

Credit Ratings

Credit ratings (including credit ratings of any securities of the relevant Issuer or the Charged Assets or issuer(s) or obligor(s) of Charged Assets or reference entities) represent the opinions of the relevant rating agencies as to the credit quality of the relevant securities or issuer(s) or obligor(s) and are not a guarantee of any credit quality. Rating agencies attempt to evaluate the safety of principal and interest payments (if any) and do not evaluate the risks of fluctuation in market value. Credit ratings therefore do not fully reflect all risks of an investment. In addition, prospective purchasers should note that rating agencies may fail to

make timely changes in credit ratings in response to subsequent events, and the credit quality of any security may be worse than a credit rating indicates.

Prospective purchasers should not rely on any rating in relation to any securities or issuer(s) or obligor(s) necessarily remaining unaffected, or in place at all, at the time any losses are incurred in respect of such securities or issuer(s) or obligor(s). A credit rating is not a recommendation to buy, sell or hold a security, in as much as such rating does not comment as to market price or suitability for a particular purchaser. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if, in its judgement, circumstances in the future so warrant.

Prior to investing in any Securities rated by Fitch Ratings, Inc. an investor should read the full description of the nature of such rating at <https://www.fitchratings.com/site/definitions>.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified ratings agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included on such a list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Issue Terms.

Risks relating to Index-Linked Securities

An Issuer may issue Index-Linked Securities where the Final Redemption Amount or interest or other interim amounts payable are dependent upon the level of or changes in the level of an index, indices and/or a formula. The index or indices may relate to reference equities, bonds, other securities, property, currency exchange rates or other assets or bases of reference and may be a well known and widely published index or indices or an index or indices established by the Arranger or the Dealer or an Affiliate of the Arranger or the Dealer or another entity which may not be widely published or available. An investment in Index-Linked Securities will entail significant risks not associated with a conventional fixed rate or floating rate debt security.

Risks relating to Equity-Linked Securities

An Issuer may issue Equity-Linked Securities where the Final Redemption Amount, or interest or other interim amounts payable are dependent upon the price of or changes in the price of equity, equities or a formula or where, depending on the price or change in the price of the equities or basket of equities, the relevant Issuer may have the obligation to deliver specified assets. Accordingly, an investment in Equity-Linked Securities may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Equity-Linked Securities will entail significant risks not associated with a conventional debt security.

Prospective investors should be aware that the market value of the Securities may not have a direct relationship with the prevailing price of the underlying equity or equities, in that

changes in the prevailing price of the underlying equity or equities will not necessarily result in a comparable change in the market value of the Securities.

Risks relating to Fund Share-Linked Securities

An Issuer may issue Fund Share-Linked Securities where the Final Redemption Amount or interest or other interim amounts payable are dependent upon the price or changes in the price of a fund share or unit or interest or a basket of fund shares or units or interests or where, depending on the price or changes in the price of a fund share or unit or interest or a basket of fund shares or units or interests, the relevant Issuer has an obligation to deliver specified assets. Accordingly, an investment in Fund Share-Linked Securities may bear similar market risks to a direct fund investment and investors should take advice accordingly. An investment in Fund Share-Linked Securities will entail significant risks not associated with a conventional debt security.

Risks relating to Credit-Linked Securities

An Issuer may issue Credit-Linked Securities where the redemption amount payable is dependent upon whether certain events ("Credit Events") have occurred in respect of one or more Reference Entity/Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if such events have occurred, on redemption or cancellation (as applicable) the relevant Issuer's obligation is to deliver certain specified assets.

Prospective investors in any such Credit-Linked Securities should be aware that depending on the terms of the Credit-Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

Currency Risk

An investment in Securities denominated or payable in a currency other than the currency of the jurisdiction of a particular purchaser (the "Purchaser's Currency"), entails significant risks that are not associated with a similar investment in a security denominated and/or payable in the Purchaser's Currency. These risks include, but are not limited to:

- (a) the possibility of significant market changes in rates of exchange between the Purchaser's Currency and the currency in which the Securities are denominated and/or payable;
- (b) the possibility of significant changes in rates of exchange between the Purchaser's Currency and the currency in which the Securities are denominated and/or payable resulting from the official redenomination or revaluation of the currency; and
- (c) the possibility of the imposition or modification of foreign exchange controls by either the jurisdiction of the purchaser or foreign governments.

UK Banking Act 2009

The Banking Act 2009 (the "Banking Act"), which originally came into effect on 21 February 2009, includes (amongst other things) provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities (such as any UK bank acting as Principal Paying Agent or Custodian and, including authorised deposit-taking institutions and investment firms) and powers to recognise and give effect to certain resolution actions in respect of third country

institutions. In addition, those extended tools may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as an EEA credit institution or investment firm. Relevant transaction parties for these purposes include any UK deposit-taker/investment firm or non-EEA deposit-taker/investment firm, or relevant UK banking group company. In particular, such tools include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by UK authorities. It is possible that the extended tools described above could be used prior to the point which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools (such tools being one of the extended tools conferred on UK authorities).

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the extended tools provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the Banking Act in respect of any UK bank acting as Principal Paying Agent or Custodian, such action may (amongst other things) affect the ability of such entity to satisfy its obligations under the Transaction Documents and/or result in modifications to any unsecured liability of such entity under the Transaction Documents, and, more generally, affect the ability of such entity to perform its obligations under the Transaction Documents.

One of the five stabilisation options conferred upon UK authorities by the Banking Act is the bail-in option. The provisions in the Banking Act which relate to the bail-in option were included in the statute following the promulgation of the Bank Recovery and Resolution Directive (referred to in the following section) and in order to give effect to the provisions of that Directive in England and Wales, Scotland and Northern Ireland.

Bank Recovery and Resolution Directive

One consequence of the global financial crisis has been the regulatory focus on recovery and resolution regimes for financial institutions. The purpose of such regimes is to allow supervisory authorities to take action to manage financial institutions in the event they are unable to perform their principal economic functions. To this end the European Union has published framework legislation for bank recovery and resolution under Directive 2014/59/EEC, as amended ("BRRD"). The BRRD provides supervisory authorities with certain powers to manage financial institutions in an orderly manner. Such powers include:

- the introduction of a bail-in power, which gives the resolution authorities the power to write down certain liabilities and to convert certain liabilities into ordinary shares or other instruments of the surviving entity (if any);
- powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers; and

- powers to effect a close-out of derivative transactions and determine the value of such transactions.

The taking of any actions by the relevant resolution authorities under any regime in respect of the relevant Counterparty may adversely affect the Securityholders. If the Counterparty is within the scope of any implementing legislation by reason of the relevant derivatives transaction being a liability of the type which may fall within the implementing legislation, then:

- a) any applicable bail-in power might be exercised in respect of the relevant derivatives transaction to write down or convert any claim of the relevant Issuer as against such person;
- b) any applicable suspension power might prevent the relevant Issuer from exercising any termination rights under the relevant derivatives transaction; or
- c) any applicable close-out power might be exercised to enforce a termination of the relevant derivatives transaction and to value the transactions in respect of such agreements.

For example, if any Swap Agreement is “in-the-money” for the relevant Issuer at a time when a resolution regime applies to the Counterparty, then any claims the relevant Issuer has against the Counterparty for the close-out amount thereof may be adversely affected by being postponed, converted into other assets or even written down to zero.

Accordingly, following an exercise of any powers by a resolution authority, the relevant Issuer may have insufficient assets or sums to meet its obligations under the Securities or any Transaction Document for that Series, the Securities may be the subject of an early redemption and any payment of redemption proceeds to Securityholders may be delayed.

In addition to a resolution regime affecting the Counterparty, Securityholders should be aware that the BRRD may also apply to the obligor of any Charged Assets in respect of a Series of Securities and that in such case similar considerations to those set out above may apply. Furthermore, other resolution and recovery regimes, including those in specific European Union member states, the United States and elsewhere, may also apply.

European Market Infrastructure Regulation

European Regulation 648/2012 of the European Parliament and Council on OTC Derivatives Central Counterparties and Trade Repositories dated 4 July 2012, known as the European Market Infrastructure Regulation (“EMIR”) entered into force on 16 August 2012. EMIR and the regulations made under it imposes certain obligations on parties to OTC derivative contracts according to whether they are “financial counterparties”, such as European investment firms, alternative investment funds, credit institutions and insurance companies, or other entities which are “non-financial counterparties” or third country entities equivalent to “financial counterparties” or “non-financial counterparties”. EMIR establishes certain requirements for OTC derivative contracts, including mandatory clearing obligations, bilateral risk-management requirements and reporting requirements. These requirements are subject to phased implementation. Investors should be aware that currently EMIR imposes certain obligations on the Issuers, to the extent any of them enter into derivative transactions, and future requirements of EMIR are likely to impose further obligations on the Issuers.

Financial counterparties will be subject to a general obligation, to clear through a duly authorised or recognised central counterparty all “eligible” OTC derivative contracts entered

into with other counterparties subject to the clearing obligation. They must also report the details of all derivative contracts to a trade repository and undertake certain risk-mitigation techniques in respect of OTC derivative contracts which are not cleared by a central counterparty such as timely confirmation of terms, portfolio reconciliation and compression and the implementation of dispute resolution procedures. Non-cleared OTC derivatives entered into by financial counterparties must also be marked to market and collateral must be exchanged. Non-financial counterparties are exempted from the clearing obligation and certain of the additional risk mitigation obligations (such as posting of collateral) provided the gross notional value of all derivative contracts entered into by the non-financial counterparty and other non-financial counterparties within its “group”, excluding eligible hedging transactions, do not exceed certain thresholds (set per asset class of OTC derivatives).

If the relevant Issuer is required to comply with certain obligations under EMIR which may give rise to additional costs and expenses for the relevant Issuer, this may in turn reduce amounts available to make payments with respect to the Securities. In particular, there is a particular risk that derivative transactions to which the relevant Issuer enters into become subject to (i) the requirement to exchange segregated collateral with the Counterparty, which forms part of a risk-mitigation requirement, or (ii) mandatory clearing. It is not currently possible to conclude with any certainty whether the Issuers will be or become subject to such requirements or obligations as there remains legislative uncertainty with respect to the scope of such requirements and obligations, which are not yet in effect. However, irrespective of becoming subject to such requirements or obligations, and irrespective of it becoming necessary to amend or replace derivative transactions into which the relevant Issuer enters, the relevant Issuer may in any event have to bear certain costs or fees arising out of steps it is required to take to comply with the requirements of EMIR.

Investors should be aware that each of the Issuers will be required to disclose the details of any derivative transaction into which it enters to a “trade repository” and/or to regulatory consequence of the requirements of the trade reporting obligation under EMIR.

Each Issuer has entered into an “EMIR Obligations Agreement” dated 15 September 2013 with Banco Bilbao Vizcaya Argentaria, S.A. in order to facilitate compliance with EMIR.

Given the material and presently unknown extent of the risks which may affect the Securities as a consequence of the implementation of EMIR, potential investors in the Securities should take independent advice and make an independent assessment about such risks in the context of any potential investment decision with respect to the Securities.

The UK’s European Union Referendum

Pursuant to the European Referendum Act 2015, a referendum on the UK’s membership of the European Union (the “UK’s EU Referendum”) was held on 23 June 2016 with the majority voting to leave the European Union. On 29 March 2017, the UK Government exercised its right under Article 50 of the Lisbon Treaty to leave the European Union. There is now expected to be a 2-year period of negotiations between the UK Government and the Governments of the other European Union member states which will determine the manner of the UK’s departure from the European Union.

Whilst the medium to long-term consequences of the decision to leave the European Union remain uncertain, there could be short-term volatility which could have a negative impact to the general economic conditions in the UK and business and consumer confidence in the UK, which may in turn have a negative impact elsewhere in the European Union and more widely. The longer-term consequences may be affected by the length of time it takes for the UK to leave the European Union and the terms of any future arrangements the UK has with the

remaining member states of the European Union. Among other things, the UK's decision to leave the European Union could lead to instability in the foreign exchange markets, including volatility in the value of the pound sterling or the euro.

Deteriorating business, consumer or investor confidence could lead to (i) reduced levels of business activity; and (ii) higher levels of default rates and impairment resulting from changes in credit ratings, share prices and solvency of counterparties.

No assurance can be given that such matters would not adversely affect the market value and/or the liquidity of the Securities in the secondary market and/or the ability of the Issuers to satisfy their obligations under the Securities.

Alternative Investment Fund Managers Directive

EU Directive 2011/61/EU on Alternative Investment Fund Managers ("AIFMD") came into force on 21 July 2011 and the requirements thereunder were broadly implemented into the national laws of the Member States of the European Union by 22 July 2013.

AIFMD provides, amongst other things, that all alternative investment funds (each an "AIF") must have a designated alternative investment fund manager ("AIFM") with responsibility for portfolio and risk management. The application of the AIFMD to special purpose entities such as the Issuers is unclear. None of the Issuers operates in the same manner as a typical alternative investment fund. Each Issuer has been established solely for the purpose of issuing securities and entering into agreements in relation thereto and performing acts incidental thereto or necessary in connection therewith. However, the definition of AIF and AIFM in the AIFMD is broad and there is only limited guidance as to how such definition should be applied in the context of special purpose entities such as the Issuers.

Were the relevant Issuer to be found to be an AIF or an AIFM, or were the Arranger acting in any capacity in respect of the Securities and/or the Trustee to be found to be acting as an AIFM with respect to the AIF, the AIFM would be subject to the AIFMD. Owing to the special purpose nature of the relevant Issuer, it would be unlikely that either the relevant Issuer or Arranger could comply fully with the requirements of the AIFMD and, in addition, the relevant Issuer might be classified as a financial counterparty for the purposes of EMIR (defined above) and be required to comply with clearing obligations or other risk mitigation techniques with respect to derivatives transactions.

Investors should therefore be aware of the risk that the requirements of AIFMD may result in the Securities being redeemed early at the Early Redemption Amount in the circumstances set out in Condition 8(e) or Condition 8(f).

Given the material and presently unknown extent of the risks which may affect the Securities as a consequence of the implementation of AIFMD, potential investors in the Securities should take independent advice and make an independent assessment about such risks in the context of any potential investment decision with respect to the Securities.

Benchmarks

"Benchmarks" (for example the Euro Interbank Offered Rate) are the subject of reform measures by a number of international authorities and other bodies (for example, the "Benchmark Regulation" (Regulation (EU) 2016/1011) in the European Union). Securityholders should consider whether any coupon or redemption amounts payable under the Securities are determined on the basis of a benchmark and whether such benchmark is

the subject of reform. As a result of such reform measures, a relevant benchmark may be suspended or discontinued, which could:

- (i) cause the Securities to be the subject of an early redemption; or
- (ii) result in a fallback methodology being applied to determine amounts payable under the Securities, and such fallback could result in a lower amount being payable to holders of Securities than would otherwise have been the case.

Markets in Financial Instruments Directive

The amending Directive to the existing Markets in Financial Instruments Directive published in the Official Journal on 12 June 2014 ("MiFID II"). Member States are required to implement national legislation giving effect to MiFID II within 24 months after the entry into force of MiFID II (i.e. June 2016) which national legislation must apply by January 2018. In particular, MiFID II is expected to require all transactions in OTC derivatives to be executed on a trading venue. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuers.

Investors should be aware that the regulatory changes arising from MiFID II may in due course significantly raise the costs of entering into derivative contracts and may adversely affect the relevant Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive lower returns. Investors should be aware that such risks are material and that the relevant Issuer could be materially and adversely affected thereby. The full impact of MiFID II remains to be clarified and the scope of its possible implications for Securityholders cannot currently be predicted. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by MiFID II and technical implementation in making any investment decision in respect of the Securities.

BEARER SECURITIES BASE CONDITIONS MODULE

JUNE 2017 EDITION

This Bearer Securities Base Conditions Module sets out the basic terms and conditions for Securities governed by English law and will apply in respect of all Series of Securities issued in bearer form. Other Conditions Modules will apply in addition, as specified in the Issue Terms.

1. Form, Denomination and Title

- (a) Bearer Securities are serially numbered and in the Specified Denomination(s) set out in the Issue Terms. Interest bearing definitive Bearer Securities have Coupons and, if indicated in the applicable Issue Terms, Talons attached on issue. Definitive Bearer Securities repayable in instalments have Receipts for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Securities do not have Receipts, Coupons or Talons attached on issue. Title to Bearer Securities and (if applicable) the related Receipts, Coupons and Talons will pass by delivery.
- (b) Bearer Securities will either:
 - (i) initially be represented by a Temporary Bearer Global Security; or
 - (ii) be represented on issue by a Permanent Bearer Global Security, as specified in the Issue Terms.

The Temporary Bearer Global Security or Permanent Bearer Global Security, as the case may be, will be delivered on or before the Issue Date to the Common Safekeeper.

Beneficial interests in a Temporary Bearer Global Security will be exchangeable for either beneficial interests in a Permanent Bearer Global Security or definitive Bearer Securities, as provided in the Temporary Bearer Global Security. A Temporary Bearer Global Security may be exchanged on or after the Exchange Date and upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations and that the transferee is not a U.S. Person.

A Permanent Bearer Global Security will be exchangeable, in whole but not in part, for definitive Bearer Securities only upon the occurrence of an Exchange Event, as provided in the Permanent Bearer Global Security and upon certification that the transferee is not a U.S. Person.

Beneficial interests in a Bearer Global Security may not be offered, sold, resold, delivered or transferred within the United States or its possessions or to, or for the account or benefit of, U.S. Persons. Such beneficial interest may only be transferred upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations and that the transferee is not a U.S. Person.

- (c) No beneficial owner of an interest in a Global Security will be able to exchange or transfer that interest, except in accordance with the applicable procedures of the Clearing Systems and in accordance with and subject to the terms of such Global Security.
- (d) For so long as any of the Securities is represented by a Bearer Global Security held

by a Common Safekeeper, each person who is for the time being shown in the records of the Clearing Systems as entitled to a particular nominal amount of Securities shall be treated as the holder of such nominal amount of Securities for all purposes other than with respect to the payment of principal, premium (if any), or interest or other amount on such Securities. With respect to such payment, the bearer of the Bearer Global Security shall be treated as the holder of such nominal amount of Securities in accordance with and subject to the terms of the relevant Global Security. Any certificate or other document issued by the Clearing Systems as to the nominal amount of Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error. In determining whether a particular person is entitled to a particular nominal amount of Securities as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

- (e) Subject to paragraph (d) above, the relevant Issuer, the Counterparty (if any), the Trustee and the Agents may treat the bearer of any Bearer Security as the owner thereof for all purposes. Except as ordered by a court of competent jurisdiction or as required by applicable law, the relevant Issuer, each Counterparty, the Trustee and the Agents shall not be affected by any notice to the contrary, whether or not the Security shall be overdue. All payments made to any such holder shall be valid and, to the extent of the sums so paid, effective to satisfy and discharge the liability for the moneys payable upon such Securities.
- (f) Where a Minimum Tradeable Amount is specified in the Issue Terms, Securities will be transferable only in a minimum aggregate nominal amount equal to the Minimum Tradeable Amount specified in the Issue Terms.

2. **Status**

The Securities are secured, limited recourse obligations of the relevant Issuer, secured in the manner described in Condition 3 (*Security*) and recourse in respect of which is limited in the manner described in Condition 12 (*Enforcement*). The Securities rank and will rank, unless otherwise specified in the Issue Terms, *pari passu* without any preference among themselves (except in case of the Prioritised Tranches which will rank *pari passu* and without preference only among Securities of the same Prioritised Tranche).

3. **Security**

The Securities are constituted and secured by a Trust Instrument.

Unless otherwise specified in the Issue Terms, the relevant Issuer's obligations under the Securities and the Charged Agreement(s) (if any) will be secured by the following security:

- (a) a first fixed charge on, and/or a first ranking assignment by way of security of or other security interest over, the relevant Charged Asset and on all rights and sums derived therefrom;
- (b) a first ranking assignment by way of security of the relevant Issuer's rights against the Custodian with respect to the Charged Assets relating to such Series under the relevant Agency Agreement, and a first fixed charge on all funds in respect of the Charged Assets relating to such Series held from time to time by the Custodian;

- (c) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the relevant Agency Agreement;
- (d) a first ranking assignment by way of security of all of the relevant Issuer's rights, title, benefit and interest in, to and under any Charged Agreement and any sums and any other assets derived therefrom;
- (e) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest against each Arranger and each Dealer under the relevant Placing Agreement and against the seller of the Charged Assets under the relevant Sale Agreement (if any) and all sums derived therefrom in respect of the Securities of such Series;
- (f) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Loan Transfer Agreement (if any);
- (g) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Loan Servicing Agreement (if any); and
- (h) a first ranking assignment by way of security of the relevant Issuer's rights, title and interest under the Schuldschein Loan (if any) together with such additional security (if any) as may be described in the applicable Issue Terms.

The secured creditors of all Series of Securities of the Douro Issuer will also be secured under the Trust Instrument executed in respect of the first Series of Securities by a first floating charge over the whole of the assets and undertaking of the Douro Issuer (other than, inter alia, the money representing paid up ordinary share capital of the Douro Issuer, any transaction fees payable to the Douro Issuer on each issue of Securities and assets over which security is granted in respect of each separate Series of Securities) which will become enforceable upon formal notice being given of an intention to appoint an administrator in relation to the Douro Issuer or an application being made to, or a petition being lodged or documents being filed with, the court for administration in relation to the Douro Issuer.

The Issue Terms will specify whether any other security interest will be created under the Trust Instrument and/or under an Additional Charging Document.

Each Series of Securities will be secured by the Mortgaged Property as set out in the relevant Issue Terms relating to such Series of Securities.

4. **Charged Assets**

(a) **Initial Charged Assets**

Subject as provided below, the Vendor will procure that the Initial Charged Assets (if any) as specified in the Issue Terms (the "Initial Charged Assets") are delivered to the Custodian on the Issue Date, to the extent that such Charged Assets are capable of being delivered. Subject to Condition 4(d) (*Repo of Charged Assets*) and Condition 4(e) (*Release of Charged Assets for delivery under Swap Agreements or Repurchase Agreements*) below, with effect from such delivery, the Charged Assets will be held by the Custodian on behalf of the relevant Issuer, subject to the Security Interests. Any cash comprising the Charged Assets will be held in the Cash Deposit Account or the Issuer Series Account.

Where the Initial Charged Assets comprise contractual rights in respect of a loan such Initial Charged Assets will be transferred by the Loan Transferor to the relevant Issuer pursuant to the Loan Transfer Agreement on the Transfer Date.

(b) Substitution of Charged Assets

(i) Substitution at direction of Counterparty

The Issue Terms will specify whether the Charged Assets may be substituted from time to time in whole or in part for alternative charged assets, subject to any Rating Agency Requirements, and, if substitution is applicable, whether such substitution is on the Nominal Basis, the Market Value Basis or the Fair Value Basis. If no such specification is made in the Issue Terms, substitution at the direction of a Counterparty shall be deemed to be not applicable. Where such substitution is applicable, the relevant Counterparty (if any) may, from time to time, at its cost and subject to the Trust Instrument, by giving not less than 5 Business Days' notice (or such other period of notice as may be specified in the Issue Terms) (a "Substitution Notice") in writing to the relevant Issuer and the Trustee, together with a copy to each Rating Agency in the case of Securities that are rated, require that any securities, cash or other assets for the time being comprising the Charged Assets (but excluding any Charged Assets which have been transferred to the Repurchase Agreement Counterparty pursuant to the Repurchase Agreement) be replaced by Eligible Investments and the Trustee shall accordingly release the Charged Assets from the Security Interests in accordance with the Trust Terms Module to enable such substitution.

A substitution may occur provided that:

- (A) upon any release of the substituted Charged Assets from the Security Interests, the replacement Charged Assets are secured by the relevant Issuer on the same terms (*mutatis mutandis*) as the substituted Charged Assets;
- (B) all requirements of any relevant Stock Exchange or competent authority are complied with;
- (C) any other conditions specified in the Issue Terms are complied with; and
- (D) the Counterparty shall have provided the Trustee with a certificate signed by two authorised signatories of the Counterparty confirming that preconditions (A) to (C) above have been, or will be, satisfied on the date on which the release of the substituted Charged Assets takes effect and the Trustee shall be entitled to rely on such a certificate without further investigation and without liability to any person.

Upon receipt of a Substitution Notice, the relevant Issuer shall notify the Principal Paying Agent, the Custodian, the Calculation Agent, the Securityholders and, in the case of Securities that are rated, the relevant Rating Agencies.

The relevant Counterparty at whose direction the substitution occurs shall bear and pay, and shall indemnify the relevant Issuer and the Trustee against,

all costs, expenses and taxes (including, without limitation, stamp duty) payable in connection with a substitution.

(ii) Substitution at the request of Securityholders

The Issue Terms will specify whether the Charged Assets may be substituted from time to time in whole or in part for alternative charged assets and, if substitution is applicable, whether such substitution is on the Nominal Basis, the Market Value Basis or the Fair Value Basis. If no such specification is made in the Issue Terms, substitution at the request of the Securityholders shall be deemed to be not applicable. If such specification is made in the Issue Terms the mechanics for such substitution shall be set out therein also (including, in the case of a Series of Securities consisting of Non-Fungible Tranches, whether such substitution may be made at the request of holders of a specified Non-Fungible Tranche or specified Non-Fungible Tranches only).

(iii) Substitution by the Loan Servicer

The Issue Terms will specify whether the Loan Servicer may sell or otherwise dispose of any of the Charged Assets, where such Charged Assets comprise loans, and may reinvest the sale proceeds of the Charged Assets in the purchase on behalf of the Issuer of Replacement Assets (as defined in the Loan Servicing Agreement), subject to any Rating Agency requirements and subject to satisfaction of the Eligibility Criteria (as defined in the Loan Servicing Agreement) and/or any other criteria specified in the Issue Terms, as provided for in the Loan Servicing Agreement.

(c) Substitution with Cash Collateral

- (i)** In the event the Vendor does not deliver to the relevant Issuer on the Issue Date all or any part of the Initial Charged Assets pursuant to the Sale Agreement or, where the Initial Charged Assets comprise contractual rights in respect of a loan, the Initial Charged Assets are not transferred by the Loan Transferor to the relevant Issuer on the relevant Transfer Date, the relevant Issuer shall, on the Issue Date, deposit the Cash Collateral into the Cash Deposit Account or the Issuer Series Account, as the case may be. The Cash Collateral shall form part of the Charged Assets and shall be subject to the security interest in favour of the Trustee created pursuant to the Trust Instrument.
- (ii)** The Vendor or the Loan Transferor, as the case may be, will use reasonable endeavours to procure delivery or transfer of the Initial Charged Assets (whether or not such Initial Charged Assets are subject to default (howsoever described)) to the relevant Issuer in accordance with normal market practice pursuant to the Sale Agreement or the Loan Transfer Agreement, as the case may be. In the event the Vendor or the Loan Transferor, as the case may be, delivers or transfers the Initial Charged Assets (or part thereof) to the relevant Issuer after the Issue Date or the relevant Transfer Date, as the case may be, the relevant Issuer shall substitute the Initial Charged Assets (or part thereof) for an amount of cash held in the Cash Deposit Account or the Issuer Series Account, as the case may be, equal to an amount which is the product of (1) the principal amount of such Initial Charged Assets divided by the aggregate principal amount of the Initial Charged Assets multiplied by (2) the Price. Such Initial Charged Assets shall be deposited, other than in the case where

the Initial Charged Assets comprise rights under a loan, with the Custodian in the Custodian's account pursuant to the Agency Agreement. From the time of such deposit or transfer, as the case may be, such amounts removed from the Cash Deposit Account or the Issuer Series Account, as the case may be, will not form part of the Charged Assets.

- (iii) The relevant Issuer's ability to deposit cash on the Issue Date or the relevant Transfer Date, as the case may be, pursuant to (i) above shall be for the purposes of ensuring that the Securities are fully secured. Where so specified in the confirmation to the relevant Swap Agreement or Repurchase Agreement, any interest earned on the Cash Deposit Account or the Issuer Series Account, as the case may be, shall be paid by the relevant Issuer to the Counterparty under the Swap Agreement or Repurchase Agreement (as applicable). For the avoidance of doubt, any substitution pursuant to this Condition 4(c) (Substitution with Cash Collateral) shall not affect the payments by the Counterparty to the relevant Issuer under the Swap Agreement or the Repurchase Agreement (as applicable).

(d) **Repo of Charged Assets**

- (i) The Issue Terms will specify whether the relevant Issuer (a) will, on the Issue Date, enter into a Repurchase Agreement in respect of the Charged Assets or (b) may, at any time after the Issue Date, enter into a Repurchase Agreement in respect of the Charged Assets and, if so, whether Securityholder consent is required pursuant to (iii) below and such specification is binding on the Securityholders. If no such specification is made in the Issue Terms, the entry by the relevant Issuer into a Repurchase Agreement in respect of the Charged Assets shall not be permitted.

- (ii) The relevant Issuer shall ensure that any such Repurchase Agreement provides that:

- (A) the sale proceeds received by the relevant Issuer in respect of the Charged Assets shall be not less than the Nominal Value, Market Value or the Fair Value (as specified in the Issue Terms or any Securityholder notice given pursuant to (iii)(A) below) (the "Sale Proceeds"); and

- (B) the Charged Assets shall be resold to the relevant Issuer no later than the Maturity Date and at a price no greater than the Sale Proceeds,

and the relevant Issuer shall, until such repurchase, hold the Sale Proceeds and any Cash Margin received by the relevant Issuer pursuant to the terms of such Repurchase Agreement (less any Cash Margin which may be payable by the relevant Issuer pursuant to the terms of such Repurchase Agreement) in the Cash Deposit Account.

- (iii) If "Securityholders' consent to Repurchase Agreements" is specified as applicable in the Issue Terms, the relevant Issuer may at any time enter into a Repurchase Agreement in respect of the Charged Assets, subject to:

- (A) the relevant Issuer giving notice of the terms of any proposed Repurchase Agreement to the Securityholders (in accordance with

Condition 15 (*Notices*)), the Trustee and (in the case of Securities that are rated) each Rating Agency; and

- (B) obtaining consent of the holders of not less than the percentage specified in the Issue Terms in Outstanding Principal Amount of the Securities (or, in the case of a Series of Securities consisting of Non-Fungible Tranches, consent of the holders of not less than the percentage specified in the Issue Terms in Outstanding Principal Amount of the Non-Fungible Tranche(s) specified in the Issue Terms) in accordance with Condition 19 (*Meetings of Securityholders, Modification, Waiver and Substitution*) in respect of the same.
- (iv) Upon entering into a Repurchase Agreement at any time after the Issue Date, the relevant Issuer shall give notice of the same to the Securityholders (in accordance with Condition 15 (*Notices*)), the Trustee and (in the case of Securities that are rated) each Rating Agency as soon as practicable thereafter.
- (e) **Release of Charged Assets for delivery under Swap Agreements or Repurchase Agreements**

If at any time the relevant Issuer is required to transfer Charged Assets to a Counterparty pursuant to and in accordance with the terms of any Swap Agreement(s) or Repurchase Agreement(s), the Trustee is irrevocably authorised to release such Charged Assets from the security created by or pursuant to the Trust Instrument immediately prior to such transfer. If at any time the relevant Issuer receives any cash and/or securities from a Counterparty pursuant to and in accordance with the terms of any Swap Agreement(s) or Repurchase Agreement(s), the relevant Issuer shall notify the Trustee accordingly and such cash and/or securities shall be Charged Assets and held subject to the Security Interests.

- (f) **Realisation of Charged Assets upon early redemption or Event of Default**

If the Security Interests over any of the Charged Assets become enforceable following an early redemption of the Securities or an Event of Default, the Trustee may in its discretion and, if requested by an Instructing Creditor, shall (subject to being indemnified, secured and/or prefunded to its satisfaction) realise such Charged Assets and/or take such action as may be permitted under applicable laws against any obligor in respect of such Charged Assets. The Trustee will not have any liability as to the consequence of such action and will not have regard to the effect of such action on individual Securityholders or the Counterparty. On the occurrence of any such event, each Charged Agreement will terminate in accordance with its terms.

Notwithstanding anything to the contrary in the Issue Terms, if (i) the Counterparty is the Defaulting Party in respect of the Swap Agreement and/or the Repurchase Agreement and/or the Loan Participation Agreement at any time; and (ii) "the Counterparty only" is specified as the Instructing Creditor in the Issue Terms, the Instructing Creditor shall be deemed to be the Counterparty or the Securityholders.

5. **Application of Proceeds**

The Trust Instrument provides for the application of the Realisation Amount in accordance with the relevant Security Ranking Basis, after payment or satisfaction of all amounts: (i) then due and unpaid to the Trustee and/or (without duplication) any Appointee and/or

(without duplication) any Agent as provided in the Trust Instrument and/or (ii) which the Trustee considers necessary to pay any amounts that may thereafter become due to be paid to it or any Appointee, to the extent is considers that proceeds received by it thereafter under the Trust Instrument may be insufficient and/or may not be received in time to pay such amounts.

The Issue Terms will specify the “Security Ranking Basis” in accordance with which the remaining proportion of the Realisation Amount will be applied, being one of the following (or otherwise as specified in the Issue Terms):

- (a) “Securityholder Priority Basis” meaning, first, in meeting claims of the Securityholders under the Securities on a pari passu and pro rata basis (or, in case of a Series of Securities consisting of Prioritised Tranches, in the order of priorities set out in the relevant Issue Terms) and, thereafter, in meeting the claims of the Counterparty (or if more than one Counterparty, of all such Counterparties) under the Charged Agreement(s) and the claims of the Loan Servicer (if any) under the Loan Servicing Agreement on a pari passu and pro rata basis; or
- (b) “Pari Passu Basis” meaning in meeting the claims of the Securityholders and the Counterparty (or if more than one Counterparty, of all such Counterparties) under the Charged Agreement(s) and the claims of the Loan Servicer (if any) under the Loan Servicing Agreement on a pari passu and pro rata basis (provided that, in case of a Series of Securities consisting of Prioritised Tranches, the distribution of amounts available for meeting the claims of Securityholders shall be distributed amongst the holders of each Prioritised Tranche in the order of priorities set out in the relevant Issue Terms); or
- (c) “Counterparty Priority Basis” meaning, first, in meeting the claims of the Counterparty (or, if more than one Counterparty, meeting the claims of all such Counterparties) under the Charged Agreement(s) and the claims of the Loan Servicer (if any) under the Loan Servicing Agreement on a pari passu and pro rata basis and, thereafter, in meeting the claims of the Securityholders on a pari passu and pro rata basis (or, in case of a Series of Securities consisting of Prioritised Tranches, in the order of priorities set out in the relevant Issue Terms); or
- (d) “Counterparty/Securityholder Priority Basis” meaning, Counterparty Priority Basis, provided that if a Counterparty is the Defaulting Party in respect of the Charged Agreement at any time, the Security Ranking Basis shall be Securityholder Priority Basis. Notwithstanding the above, if there is more than one Counterparty (and they are separate legal entities) and one of the Counterparties defaults, the Security Ranking Basis shall remain Counterparty Priority Basis other than in respect of the defaulting Counterparty to which Securityholder Priority Basis will apply.

For the avoidance of doubt, the Counterparty shall not have any claim in respect of the relevant Issuer's Rights under the Charged Agreement(s).

In case of a Series of Securities consisting of Prioritised Tranches, prior to the security granted in respect of such Series becoming enforceable, amounts received by the relevant Issuer in connection with the Charged Assets and/or any Charged Agreements or otherwise shall be distributed amongst the holders of each Prioritised Tranche in the order of priorities set out in the relevant Issue Terms.

6. Shortfall after Application of Proceeds

- (a) All payments to be made by the relevant Issuer in respect of the Securities and the Charged Agreement(s) (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the relevant Issuer or the Trustee in respect of the Mortgaged Property in accordance with the Security Ranking Basis specified in the Issue Terms;
- (b) to the extent that such sums are less than the amount which the Securityholders and the Counterparty (if any) may have expected to receive (the difference being referred to as a "Shortfall"), such Shortfall will be borne by such Securityholders and by the Counterparty (if any) in accordance with the Security Ranking Basis specified in the Issue Terms (and, in case of a Series of Securities consisting of Prioritised Tranches, in accordance with the relevant Issue Terms); and
- (c) each holder of Securities, by subscribing for or purchasing the relevant Securities, and each Counterparty (if any) will be deemed to accept and acknowledge that it is fully aware that:
 - (i) the Securityholders, the Counterparty (if any) and the Loan Servicer (if any) shall look solely to the sums referred to in paragraph (a) of this Condition 6 (*Shortfall after Application of Proceeds*), as applied in accordance with paragraphs (a) and (b) above (the "Relevant Sums"), for payments to be made by the relevant Issuer in respect of the Securities, the Charged Agreement(s) (if any) and the Loan Servicing Agreement (if any);
 - (ii) the obligations of the relevant Issuer to make payments in respect of the Securities, the Charged Agreement(s) (if any) and the Loan Servicing Agreement (if any) will be limited to the Relevant Sums and the Securityholders, the Counterparty (if any) and the Loan Servicer (if any) shall have no further recourse to the relevant Issuer in respect of the Securities, the Charged Agreement(s) (if any) and the Loan Servicing Agreement(if any), respectively;
 - (iii) without prejudice to the foregoing, any right of the Securityholders, the Counterparty (if any) and the Loan Servicer (if any) to claim payment of any amount exceeding the Relevant Sums shall be automatically extinguished; and
 - (iv) the Securityholders, the Counterparty (if any) and the Loan Servicer (if any) shall not be able to petition for the winding up of the relevant Issuer as a consequence of any such Shortfall.

Non-payment of any Shortfall shall not constitute an Event of Default under Condition 11 (*Events of Default*) nor entitle the Counterparty (if any) to terminate the remainder of the Charged Agreement(s) in respect of such Series in the case of a partial termination and in any event, in respect of any other Series.

None of the Trustee, the shareholders of the relevant Issuer, any Dealer or any Counterparty has any obligation to any Securityholder for payment of any amount by the relevant Issuer in respect of the Securities.

7. **Types of Securities and Interest**

(a) **Fixed Rate Securities**

Each Fixed Rate Security bears interest on its Outstanding Principal Amount (or, if it is a Partly Paid Security, the amount paid up) as on the first day of a Fixed Interest Period from (and including) the Interest Commencement Date (as specified in the Issue Terms) to (but excluding) the Maturity Date or, in the case of Credit-Linked Securities, the Scheduled Maturity Date at the rate(s) per annum equal to the Rate(s) of Interest, subject to any cessation of interest in circumstances as set out in the terms of the Securities.

Interest will be payable in arrear on the Interest Payment Date(s) in each year as specified in the Issue Terms, subject as aforesaid and a specified Interest Payment Date that is not a Business Day will be subject to adjustment in accordance with the specified Business Day Convention if "Adjustment of Interest Payment Date(s)" is specified as applicable in the relevant Issue Terms. Interest pursuant to this Condition 7(a) (*Fixed Rate Securities*), whether for a Fixed Interest Period or a period other than a Fixed Interest Period, shall be calculated in respect of each Security (and subject, in respect of Fixed Rate Securities in definitive form, to the paragraph below) as the product of:

- (i) the Rate of Interest;
- (ii) (A) in the case of Fixed Rate Securities which are represented by a Global Security, such Security's *pro rata* share of the aggregate Outstanding Principal Amount of the Fixed Rate Securities represented by such Global Security (or, if they are Partly Paid Securities, the aggregate amount paid up); or (B) in the case of Fixed Rate Securities in definitive form, the Calculation Amount; and
- (iii) the applicable Day Count Fraction,

the resultant figure being rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded downwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Security shall be the product of the interest amount (determined in the manner provided above) for the relevant Calculation Amount and the amount by which the relevant Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(b) **Floating Rate Securities and Variable Interest Amount Securities**

(i) **Interest Payment Dates**

Each Security which is a Floating Rate Security or Variable Interest Amount Security bears interest on its Outstanding Principal Amount (or, if it is a Partly Paid Security, the amount paid up) as on the first day of an Interest Period from (and including) the Interest Commencement Date to (but excluding) the Maturity Date or, in the case of Credit-Linked Securities, the Scheduled Maturity Date, subject to any cessation of interest in circumstances as set out in the Issue Terms.

Such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the Issue Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the Issue Terms, each date which falls the number of months or other period specified as the Specified Period in the Issue Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date,

each an “Interest Payment Date”, in each case, subject to any adjustment in accordance with the specified Business Day Convention if “Adjustment of Interest Payment Date(s)” is specified as applicable in the relevant Issue Terms.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

(ii) **Rate of Interest**

The Rate of Interest payable from time to time in respect of Floating Rate Securities and Variable Interest Amount Securities (as defined in Condition 7(f) (*Variable Amount Securities*) below) will be determined in the manner specified in the Issue Terms.

(A) **ISDA Determination for Floating Rate Securities**

Where ISDA Determination is specified in the Issue Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Issue Terms) the Margin (if any).

For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank under an interest rate swap transaction if the Agent Bank were acting as calculation agent for that swap transaction under the terms of an agreement incorporating either of the 2000 ISDA Definitions or the 2006 ISDA Definitions (as specified in the Issue Terms) and under which:

- I. the Floating Rate Option is as specified in the Issue Terms;
- II. the Designated Maturity is a period specified in the Issue Terms; and
- III. the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the Issue Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the 2000 ISDA Definitions or the 2006 ISDA Definitions, as the case may be.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent Bank or the Calculation Agent, as the case may be, will be deemed to have discharged its obligations under Condition 7(b)(iv) (*Determination of Rate of Interest and Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) Screen Rate Determination for Floating Rate Securities

Where Screen Rate Determination is specified in the Issue Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- I. the offered quotation; or
- II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded downwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the relevant Interest Determination Date plus or minus (as indicated in the Issue Terms) the Margin (if any), all as determined by the Agent Bank. If 5 or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such quotation appears or, in the case of (2) above, fewer than 3 such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Securities is specified in the Issue Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Securities will be determined as provided in the Issue Terms.

(iii) Minimum and/or Maximum Interest Rate

If the Issue Terms specify a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of sub-paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. In all cases, even if no Minimum Interest Rate is specified, the Rate of Interest may not be less than zero.

If the Issue Terms specify a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of sub-paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(iv) **Determination of Rate of Interest and Interest Amounts**

The Agent Bank (in the case of Floating Rate Securities) or the Calculation Agent (in the case of Variable Interest Amount Securities) will, on or as soon as practicable after each time at which the Rate of Interest is to be determined, but in any event no later than the second Business Day thereafter, determine (acting in good faith and in a commercially reasonable manner) and notify the relevant Issuer, the Trustee, the Counterparty (if any) and the Principal Paying Agent of (i) the Rate of Interest for the relevant Interest Period and (ii) the amounts payable in respect of each Security (the "Interest Amounts") pertaining to such Interest Period.

The Interest Amount payable in respect of each Security (and subject, in respect of Floating Rate Securities or Variable Interest Amount Securities in definitive form, to the paragraph below) shall be the product of:

- (A) the Rate of Interest;
- (B) (i) in the case of Floating Rate Securities or Variable Interest Amount Securities which are represented by a Global Security, such Security's pro rata share of the aggregate Outstanding Principal Amount of the Securities represented by such Global Security (or, if they are Partly Paid Securities, the aggregate amount paid up) as of the last day of the relevant Interest Period; or (ii) in the case of Floating Rate Securities or Variable Interest Amount Securities in definitive form, the Calculation Amount; and
- (C) the applicable Day Count Fraction,

the resultant figure being rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded downwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Security or a Variable Interest Amount Security in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Floating Rate Security or Variable Interest Amount Security shall be the product of the Interest Amount (determined in the manner provided above) for the relevant Calculation Amount and the amount by which the relevant Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(v) **Linear Interpolation**

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the Issue Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank (in the case of Floating Rate Securities) or the Calculation Agent (in the case of Variable Interest Amount Securities) by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the Issue Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the Issue Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent Bank or the Calculation Agent (as applicable) shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(vi) **Publication of Rate of Interest and Interest Amounts**

The Principal Paying Agent will cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to any Stock Exchange upon which the Securities are (as specified in the Issue Terms) listed and to be published in accordance with Condition 15 (*Notices*) as soon as possible after their determination, but in any event no later than the 4th Business Day thereafter. The Interest Amounts and Interest Payment Date so published may subsequently be amended with the consent of the Trustee (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified as aforesaid to each Stock Exchange on which the relevant Floating Rate Securities or Variable Interest Amount Securities are for the time being listed and to the Securityholders.

(vii) **Determination or calculation by Trustee**

If the Agent Bank or, as the case may be, the Calculation Agent at any material time defaults in its obligation to determine the Rate of Interest or the Interest Amounts in accordance with sub-paragraphs (ii) and (iv) above, the Trustee (or a person appointed by the Trustee for the purpose) at the cost of the relevant Issuer (but without any liability accruing to the Trustee as a result of such determination or appointment) shall, acting in good faith and in a commercially reasonable manner, (i) determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the procedure described in sub-paragraph (ii) above), it shall deem fair and reasonable in all the circumstances and (ii) calculate the Interest Amounts in the manner specified in sub-paragraph (iv) above. Such determination and calculation shall be deemed to be a determination and calculation by the Agent Bank or, as the case may be, the Calculation Agent.

(viii) **Notifications to be final**

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained for the purposes of the provisions summarised under this Condition whether by the Agent Bank, the Calculation Agent or the Trustee, will (in the absence of wilful default, fraud or manifest error) be binding on the relevant Issuer, the Counterparty (if any), the Agent Bank, the Calculation Agent, the Trustee, the Paying Agents and all Securityholders, as applicable, and (subject as aforesaid) no liability to the Securityholders (or, in the case of the Trustee, to any other party) shall attach to the Agent Bank, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to this Condition.

(c) **Partly Paid Securities**

If the Issue Terms specify that the Securities are Partly Paid Securities, the amount of each payment comprising the issue price, the date on which each payment is to be made and the consequences (if any) of failure to make any such payment will be as set out in the Issue Terms.

Other than Partly Paid Securities which are Zero Coupon Securities, interest will accrue on the paid-up nominal amount of such Securities and as specified in the Issue Terms.

(d) **Index-Linked Securities**

If the Issue Terms specify that the Securities are Index-Linked Securities, if relevant for payments of interest, the Issue Terms will set out the expected dates of payments and the basis for calculating the amount of interest (whether at maturity or otherwise) payable, which may be by reference to an index, indices and/or a formula.

(e) **Equity-Linked Securities**

If the Issue Terms specify that the Securities are Equity-Linked Securities, if relevant for payments of interest, the Issue Terms will set out the dates of any distributions or payments and the basis for calculating the amount of interest (whether at maturity or otherwise), which may be by reference to an equity, equities or a formula.

(f) **Variable Amount Securities**

If the Issue Terms specify that the Securities are Variable Amount Securities, if relevant for payments of interest ("Variable Interest Amount Securities"), the Issue Terms will set out the dates of payments and the basis for calculating the interest amounts (whether at maturity or otherwise) payable, which may be by reference to a debt or equity or a commodity index or as otherwise provided.

(g) **Fund Share-Linked Securities**

If the Issue Terms specify that the Securities are Fund Share-Linked Securities, if relevant for payments of interest, the Issue Terms will set out the dates of payments and the basis for calculating the payments in respect of interest (whether at maturity or otherwise), which may be by reference to fund shares or units or interests or a formula.

(h) **Credit-Linked Securities**

If the Issue Terms specify that the Securities are Credit-Linked Securities, if relevant for payments of interest, the Issue Terms will set out the dates of payments and the basis for calculating the payments in respect of interest (whether at maturity or otherwise) of such Securities, which may depend on whether a credit event in respect of one or more reference entities, as specified in the applicable Issue Terms, has occurred.

(i) **Loan Participation Securities**

If the Issue Terms specify that the Securities are Loan Participation Securities, unless otherwise specified in the Issue Terms, the amount of interest (the "Participation Interest Amount") payable in respect of each Security on each Specified Interest Payment Date shall be an amount calculated by the Calculation Agent by multiplying (i) the amount of interest (which term shall include any prepayment fee, prepayment premium and other amount (other than other principal amounts)) (an "Interest Distribution Amount") received by the relevant Issuer in respect of the relevant Loan Participation Interest Payment Date less any Expense Amount and (ii) the Note Factor, provided that the relevant Issuer's obligation to make payment of any Participation Interest Amount shall be conditional upon actual receipt by the relevant Issuer of the relevant Interest Distribution Amount on the relevant Loan Participation Interest Payment Date. Any amount resulting from such calculations will be rounded downwards to the nearest cent.

For the above purposes:

"Expense Amount" means certain costs and expenses which the Loan Participation Counterparty is obliged to pay under the Loan Participation Reference Loan Agreement and which it has deducted from amounts which would otherwise be payable by it under the Loan Participation Agreement.

"Loan Participation Interest Payment Date" means the date on which a payment of an amount equal to any Interest Distribution Amount is due to be paid by the Loan Participation Counterparty to the relevant Issuer under the Loan Participation Agreement.

"Note Factor" means, at any time with respect to a Security, a fraction the numerator of which is the Outstanding Principal Amount of such Security and the denominator of which is the aggregate Outstanding Principal Amount of the Securities then outstanding.

(j) **Rounding in respect of all Securities**

Subject to Conditions 7(a) (*Fixed Rate Securities*) and 7(b)(iv) (*Determination of Rate of Interest and Interest Amounts*), all amounts resulting from any calculations referred to in these provisions will be rounded downwards to the nearest unit or sub-unit of currency or as described in the Issue Terms.

(k) **Cessation of interest**

Notwithstanding any other terms of these Conditions and unless otherwise specified in the Issue Terms:

- (i) if:
 - (A) an Event of Default in relation to the Securities occurs or the Securities are redeemed early,
 - (B) an event of default in relation to the Charged Assets occurs or any of the Charged Assets are redeemed early, or
 - (C) the Securities are redeemed pursuant to a termination under (i) the Swap Agreement, other than a termination of the CDS Transaction as a consequence of an Event Determination Date has occurred and/or (ii) the Repurchase Agreement and/or (iii) the Loan Participation Agreement,

the interest on the Securities will cease to accrue from, and including, the Interest Payment Date immediately preceding the date on which any of the events referred to in (A) to (C) above have occurred (or in the case of the first Fixed Interest Period or, as the case may be, the first Interest Period, the Interest Commencement Date); and

- (ii) in the case of Credit-Linked Securities, if, under the CDS Transaction, an Event Determination Date has occurred, unless otherwise specified in the Issue Terms, the interest on the Securities will cease to accrue from and including the Interest Payment Date immediately preceding the Event Determination Date (or in the case of the first Fixed Interest Period or, as the case may be, the first Interest Period, the Interest Commencement Date).

(l) **Default interest**

If payment to any Securityholder of any amount due in respect of the Securities is improperly withheld or refused, interest shall accrue (before and after judgement) as provided in the Trust Instrument at the rate specified for the purpose in the Issue Terms (or if no such rate is specified, the rate shall be deemed to be zero). References to any payment due or owing in respect of the Securities shall be deemed to include any interest which may be payable under this Condition 7 (*Types of Securities and Interest*).

8. **Redemption**

(a) **Final redemption**

Each Security will be redeemed by the relevant Issuer on the Maturity Date at its Final Redemption Amount or by delivery of the Entitlement as set out in Condition 8(l) (*Physical Delivery*) or as otherwise specified in the Issue Terms, unless such Security has been redeemed, purchased or cancelled prior to such date.

Where applicable, the relevant Issue Terms will set out the basis for calculating the Final Redemption Amount in respect of any Index-Linked Securities, Equity-Linked Securities, Variable Amount Securities, Fund Share-Linked Securities, Credit-Linked Securities or Loan Participation Securities which may be by reference to an index, indices and/or a formula, an equity, equities or a formula, a debt or equity or a commodity index or a formula, fund units, shares or interests or a formula or whether any Credit Events have occurred in relation to specified Reference Entities or as otherwise provided in the relevant Issue Terms, as applicable.

(b) **Redemption for taxation reasons**

(i) If:

- (A) the relevant Issuer, on the occasion of the next payment due in respect of the Securities, would be required by law to withhold or account for tax in respect of such payment or would suffer tax in respect of its income in respect of the Charged Assets or receipt of payments under any Charged Agreement (including the deductions of tax from such payments but, for the avoidance of doubt, excluding any deduction of tax in respect of payments made under the Loan Participation Reference Loan Agreement), including any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or any withholding or deduction otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof (“FATCA Withholding Tax”), so that it would be unable to make payment of the full amount payable on the Securities without recourse to further sources of funding or any payment of principal or interest or other distribution in respect of the Charged Assets for the time being is required to be made subject to any deduction or withholding on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is imposed by any government or other taxing authority in respect of any such payment of interest, or on account of any right of set-off, or for any other reason, including FATCA Withholding Tax, or
- (B) the relevant Issuer, on the occasion of the next payment due in respect of any Charged Agreement, would be required by law to withhold or account for tax in respect of such payment or would suffer tax in respect of its income in respect of the Charged Assets (including the deductions of tax from such payments), including FATCA Withholding Tax, so that it would be unable to make payment of the full amount payable under such Charged Agreement without recourse to further sources of funding, or
- (C) the cost to the relevant Issuer of complying with its obligations under the Trust Instrument or meeting its operating or administrative expenses would, in the opinion of the relevant Issuer, be materially increased compared to such cost as of the Issue Date (including, without limitation, as a result of any adverse change in tax rulings in respect of the relevant Issuer or any adverse change of law or practice (or interpretation or administration of the same) which applies to the relevant Issuer), or
- (D) the relevant Issuer would be required to account for any tax or suffer tax in respect of its income in respect of the Charged Assets or receipt of payments (whether actual or deemed) under any Charged Agreement as a result of the then accounting treatment, as certified by the relevant Issuer's auditors,

then the relevant Issuer shall so inform the Trustee, the Principal Paying Agent, the Calculation Agent and the Counterparty (if any).

The date on which any such withholding or deduction is suffered or increased amount is payable is referred to as the “Shortfall Date”. The relevant Issuer shall use its reasonable endeavours to arrange the substitution as the principal debtor under the Securities of a company, approved by the Trustee and the Counterparty, if any, (and, in the case of Securities that are rated, subject to Rating Agency Confirmation or, in the case of Securities that are rated by Fitch, prior notification to Fitch), incorporated in another jurisdiction wherein (in respect of sub-paragraphs (A), (B) and (D) of Condition 8(b)(i)) such withholding would not be applicable, or such tax would not be accountable or suffered, or (in respect of sub-paragraph (C) of Condition 8(b)(i)) such costs or operating or administrative expenses would not materially exceed the relevant Issuer's costs or operating or administrative expenses prior to the increase and in each case, the company concerned would not be in any worse position following the substitution than the relevant Issuer was in before the event occurred which resulted in the relevant Issuer being obliged to use reasonable endeavours to substitute in accordance with this provision.

- (ii) If the relevant Issuer is unable to arrange such substitution before the relevant Shortfall Date, in the case of Condition 8(b)(i)(A) where there is a Charged Agreement which is a Swap Agreement or Repurchase Agreement, the Counterparty shall have the right, but not the obligation, in its sole discretion, under any such Charged Agreement to pay to the relevant Issuer such amounts as will enable it (after any such withholding, accounting or suffering) to pay (and in such event, the relevant Issuer will be obliged to pay) to the Securityholders the amounts which they would have received in the absence of such withholding, accounting or suffering.

If the relevant Issuer is unable to arrange such substitution before the relevant Shortfall Date in the case of Condition 8(b)(i)(B), the Counterparty shall have the right, but not the obligation, in its sole discretion, under any Charged Agreement which is a Swap Agreement or Repurchase Agreement to accept a lesser payment from the relevant Issuer in respect of such Charged Agreement (after any such withholding or accounting or suffering of tax by the relevant Issuer in respect of the Charged Assets).

If the event referred to in Condition 8(b)(i)(C) or (D) has occurred and there is a Charged Agreement which is a Swap Agreement or Repurchase Agreement, the Counterparty shall have the right, but not the obligation, before the Shortfall Date, to make additional payments to the relevant Issuer under such Charged Agreement so that the relevant Issuer would not be in any worse position as a result of the occurrence of such event.

If the relevant Issuer is unable to arrange such substitution before the relevant Shortfall Date and the Securities are Loan Participation Securities then, the prior paragraphs of this Condition 8(b)(ii) shall not apply and the relevant Issuer shall give notice as soon as practicable to the Trustee and the Securityholders of the date on which the Loan Participation Securities will be redeemed by Physical Delivery (as defined in Condition 8(l)(ii)).

- (iii) If the Counterparty does not exercise such right as referred to in Condition 8(b)(ii) above, any such Charged Agreement will be terminated and the Securities redeemed as follows. The Selling Agent shall arrange for, and administer the sale of, the Charged Assets in accordance with the Agency

Agreement in which case, upon the sale of the Charged Assets and receipt of the Realisation Amount, the relevant Issuer shall give notice as soon as reasonably practicable to the Trustee and the Securityholders (which notice shall be irrevocable) of the date on which the Securities will be redeemed at the Early Redemption Amount.

(iv) Notwithstanding the foregoing, if the requirement to withhold or account for any of the taxes referred to in this Condition arises:

(A) owing to any connection of any Securityholder with the taxing jurisdiction to which the relevant Issuer is subject otherwise than by reason only of the holding of any Security or receiving principal, premium or interest in respect thereof; or

(B) by reason of the failure by the relevant Securityholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax,

then to the extent it is able to do so, the relevant Issuer shall deduct such taxes from the amounts payable to such Securityholder and the provisions of the preceding paragraph of this Condition 8(b) shall not apply. Any such deduction shall not constitute an Event of Default under Condition 11 (*Events of Default*).

(c) **Mandatory Redemption**

(i) **Following Default under the Charged Assets or termination or cancellation of a Charged Agreement (other than a Loan Participation Agreement) or a redemption of Securities (other than Loan Participation Securities) following a Regulatory Event or an Illegality Event**

Subject to Condition 4(c) (*Substitution with Cash Collateral*):

(A) if there has been a payment default in respect of the Charged Assets, or any one or more of the Charged Assets (as the case may be) as provided for in the terms and conditions of the relevant Charged Assets as at the date such Charged Assets become a Charged Asset without taking into account for this purpose any applicable grace period; or

(B) if the Charged Agreements (other than a Loan Participation Agreement) are terminated or cancelled (in whole but not in part) for any reason including due to the occurrence of an Event Determination Date in respect of a CDS Transaction but other than as a consequence of any other specific provisions relating to scheduled redemption of the Securities or on scheduled settlement of any transaction under such Charged Agreements; or

(C) if any of the Charged Assets (or amounts due pursuant thereto) become capable of being declared due and payable (without taking into account for this purpose any applicable grace period under any terms in effect) prior to their stated date of maturity or other date or dates for their repayment by reason of any event of default (howsoever described) thereunder; or

- (D) if any obligor under the Charged Assets stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or if any order is made by any competent court or any resolution passed for the winding-up or dissolution of such obligor or if proceedings are initiated against such obligor under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or any analogous proceedings or such obligor is adjudicated or found bankrupt or insolvent; or
- (E) if the relevant Issuer elects to redeem Securities (other than Loan Participation Securities) for a Regulatory Event pursuant to Condition 8(e) (*Redemption or adjustment for a Regulatory Event*); or
- (F) if the relevant Issuer elects to redeem Securities (other than Loan Participation Securities) for an Illegality Event pursuant to Condition 8(f) (*Redemption for an Illegality Event*),

the relevant Issuer shall give notice thereof to the Trustee, the Securityholders and the Selling Agent.

Thereupon, subject as provided below, the Selling Agent shall arrange for, and administer, the sale of all of the Charged Assets in accordance with the Agency Agreement and, if applicable, Condition 8(c)(vii) (*Liquidation of Charged Assets*) below, in which case, upon sale of all of the Charged Assets and receipt of the Realisation Amount, the relevant Issuer shall give notice as soon as reasonably practicable to the Trustee and the Securityholders (which notice shall be irrevocable) of the date on which the Securities will be redeemed at the Early Redemption Amount and the Charged Agreement(s) will be terminated. In the event that the Selling Agent has not sold the Charged Assets, where the Charged Assets comprise one or more Loans, within 15 calendar days of notice being given to it of any event set out in (A) to (F) above or such other period as specified in the applicable Issue Terms, the Securities will be immediately due and repayable and the security will be subject to enforcement by the Trustee pursuant to Condition 12 (*Enforcement*).

(ii) **Following Default under the Loan Participation Reference Loan Agreement or a redemption of Loan Participation Securities following a Regulatory Event or an Illegality Event**

- (A) If there has been a non-payment when due of any amount of principal or interest due under the Loan Participation Reference Loan Agreement (except to the extent that such payment is caused by an administrative or technical error) or if the Loan Participation Reference Loan Agreement has been accelerated following an event of default (as defined in the Loan Participation Reference Loan Agreement) pursuant to the terms thereof, the Loan Participation Agreement will terminate and the Loan Participation Securities will be redeemed by Physical Delivery (as defined in Condition 8(l)(ii)). The relevant Issuer shall give notice as soon as practicable to the Trustee and the

Securityholders of the date on which the Loan Participation Securities will be so redeemed.

- (B) If the Loan Participation Agreement is terminated by the Loan Participation Counterparty pursuant to the Loan Participation Agreement, the Loan Participation Securities will be redeemed by Physical Delivery (as defined in Condition 8(l)(ii)). The relevant Issuer shall give notice as soon as practicable to the Trustee and the Securityholders of the date on which the Securities will be so redeemed.
- (C) If the relevant Issuer elects to redeem the Loan Participation Securities for a Regulatory Event pursuant to Condition 8(e) (*Redemption or adjustment for a Regulatory Event*) or for an Illegality Event pursuant to Condition 8(f) (*Redemption for an Illegality Event*), the Loan Participation Securities will be redeemed by Physical Delivery. The relevant Issuer shall give notice as soon as practicable to the Trustee and the Securityholders of the date on which the Loan Participation Securities will be so redeemed.
- (D) **Redemption in the event that the Loan participation is not granted**
 - (i) If the Loan Participation Agreement is terminated pursuant to Clause 2.3 of the Loan Participation Agreement, the relevant Issuer will redeem each Security on the relevant Termination Date (as defined in the Loan Participation Agreement) (the "Redemption Date") at the Redemption Amount.
 - (ii) The relevant Issuer must give notice to the Securityholders, the Trustee and the Principal Paying Agent of the redemption no later than the Business Day prior to the Redemption Date. No amount of interest or any other amount will be payable in respect of the Securities and the relevant Issuer will have no further obligations in respect of the Securities following payment of the Redemption Amount.
 - (iii) For the purpose of this Condition 8(c)(ii)(D), "Redemption Amount" means the relevant Security's *pro rata* share of the Issue Price, minus an amount equal to the relevant Security's *pro rata* share of the total amount of any and all costs associated or incurred by the relevant Issuer and/or BBVA (in any or all of its capacities in respect of the Securities) in connection with such early redemption, including, without limitation, any costs (including legal costs) associated with unwinding and/or incurring any funding, any fees or other arrangements relating to the Securities, all as determined by the Calculation Agent and/or as may be specified in the Issue Terms.

(iii) **Following occurrence of an Event Determination Date**

In the case of Credit-Linked Securities, where the CDS Transaction is to be settled following the occurrence of an Event Determination Date, the

Securities will be subject to mandatory redemption on (a) the second Business Day following the Settlement Date pursuant to the CDS Transaction or (b) if Credit Maturity Redemption is specified to apply in the Issue Terms, if later, the Scheduled Maturity Date, which will be the relevant “Early Redemption Date” and the Early Redemption Amount payable in respect of the mandatory redemption of the Securities pursuant to Condition 8(c)(i)(B) on such Early Redemption Date, shall be an amount determined by the Calculation Agent as specified in the Issue Terms.

For the avoidance of doubt the Early Redemption Date for these purposes may occur after the Scheduled Maturity Date. If an Event Determination Date has occurred pursuant to the CDS Transaction, the Calculation Agent shall as soon as reasonably practicable give notice on behalf of the relevant Issuer to the Principal Paying Agent, the Trustee and the Securityholders in accordance with Condition 15 (*Notices*) specifying the following information: (i) the fact that an Event Determination Date has occurred and (ii) the date of occurrence thereof.

Unless otherwise specified in the Issue Terms and subject as provided below, the Selling Agent shall not arrange for, and administer, the sale of, all of the Charged Assets in accordance with the Agency Agreement but, in accordance with the terms of the Swap Agreement, (i) all Charged Assets will be delivered to the Counterparty and (ii) the Counterparty shall pay to the relevant Issuer an amount equal to and in the same currency as the aggregate Early Redemption Amounts. Notwithstanding this provision, if any of the events or circumstances in Condition 8(c)(i)(A), (C), (D), (E) or (F) occurs prior to the transfer of all Charged Assets to the Counterparty then the CDS Transaction will be terminated early and the Selling Agent shall arrange for, and administer, the sale of all of the Charged Assets in accordance with the Agency Agreement and, if applicable, Condition 8(c)(vii) (*Liquidation of Charged Assets*) below, in which case upon sale of all of the Charged Assets and receipt of the Realisation Amount, the relevant Issuer shall give notice as soon as reasonably practicable to the Trustee and the Securityholders (which notice shall be irrevocable) of the date on which the Securities will be redeemed at the Early Redemption Amount and all other Charged Agreement(s) will be terminated. In the event that the Selling Agent has not sold the Charged Assets, where the Charged Assets comprise one or more Loans, within 15 calendar days of notice being given to it of any event set out in (A) to (F) of Condition 8(c)(i) or such other period as specified in the applicable Issue Terms, the security will be subject to enforcement by the Trustee pursuant to Condition 12 (*Enforcement*).

The occurrence of any Credit Event, and all calculations, determinations and other steps required to be taken in connection therewith, under or in respect of the Charged Agreements are conclusive and binding on the relevant Issuer, the Trustee, the Securityholders and the Principal Paying Agent, and all other persons when and as they occur or they are made or taken under or in connection with the Charged Agreements pursuant to its terms, without further notice, consultation or determination hereunder.

If, in accordance with the terms of the definition of Event Determination Date, (i) following the determination of an Event Determination Date, such Event Determination Date is deemed (A) to have occurred on a date that is different from the date that was originally determined to be the Event Determination Date or (B) not to have occurred or (ii) an Event Determination Date is

deemed to have occurred prior to one or more preceding Interest Payment Dates, the Calculation Agent will determine (1) such adjustment(s) to these Conditions (including any adjustment to payment amounts) as may be required to achieve as far as practicable the same economic position of Securityholders as would have prevailed had an Event Determination Date been determined and known on such deemed date of occurrence and (2) the effective date of such adjustment(s).

(iv) **Following early redemption, termination or prepayment of the Charged Assets**

Subject to Condition 4(c) (*Substitution with Cash Collateral*), where any one or more of the Charged Assets (unless such Charged Assets comprise rights under Loan(s) and such Loans are repaid or prepaid in whole or in part prior to its or their final scheduled repayment date for any reason pursuant to the terms of such Loan(s)) in relation to a Series of Securities are redeemed pursuant to an early unscheduled redemption of such Charged Assets prior to their stated date of maturity (other than by reason of a payment default or exercise of a call option), the relevant Issuer shall give notice as soon as reasonably practicable to the Trustee, the Securityholders and the Selling Agent (which notice shall be irrevocable) of the date on which the net redemption proceeds of such Charged Assets shall be applied as specified in Condition 5 (*Application of Proceeds*). In the event that the deemed proceeds of the sale of such Initial Charged Assets not so delivered or transferred, as the case may be, are less than the amount of cash held in the Cash Deposit Account or the Issuer Series Account, as the case may be, at such time, the Selling Agent, on behalf of the relevant Issuer, shall pay any such difference to the Vendor or the Loan Transferor, as the case may be, as soon as reasonably practicable thereafter. At any time at which the Event of Default under and as defined in the Swap Agreement and/or the Repurchase Agreement and/or the Loan Participation Agreement is continuing (having taken into account any applicable grace period), (a) the Securityholders may instruct the relevant Issuer by way of Extraordinary Resolution (with a copy to the Trustee and the Selling Agent) or (b) the Selling Agent (provided it is a Replacement Selling Agent) may instruct the relevant Issuer (with a copy to the Trustee and the Securityholders) (i) to terminate the Swap Agreement, Repurchase Agreement and the Loan Participation Agreement, in each case if any and (ii) to redeem the Securities in accordance with this Condition 8(c)(vi). Thereupon, the Selling Agent shall (i) terminate the Swap Agreement, Repurchase Agreement and Loan Participation Agreement, in each case if any on behalf of the relevant Issuer and (ii) arrange for, and administer the sale of, all of the Charged Assets in accordance with the Agency Agreement and, if applicable, Condition 8(c)(vii) (*Liquidation of Charged Assets*) below. (vii) **Liquidation of Charged Assets**

In the event of a payment default in respect of the Initial Charged Assets prior to the delivery or transfer, as the case may be, by the Vendor or Loan Transferor, as the case may be, of all or any part of the Initial Charged Assets, any Initial Charged Assets not so delivered or transferred, as the case may be, shall be deemed to have been delivered or transferred by the Vendor or the Loan Transferor, as the case may be, to the relevant Issuer and sold by the Selling Agent in accordance with the Agency Agreement. be paid to the Vendor or the Loan Transferor, as the case may be, as soon as reasonably practicable thereafter.

(viii) **Following a Custodian Convertibility Disruption Event**

- (A) If “Settlement Exchange Rate” is specified as applicable in the Issue Terms, in the event that there is a Custodian Convertibility Disruption Event continuing for 15 calendar days, the relevant Issuer shall give notice thereof as soon as reasonably practicable to the Trustee, the Securityholders, the Custodian, the Selling Agent and the Principal Paying Agent (which notice shall be irrevocable). Thereupon, subject as provided below, the Selling Agent shall arrange for, and administer the sale of all of the Charged Assets in accordance with the Agency Agreement, in which case upon sale of all of the Charged Assets and receipt of the Realisation Amount, the relevant Issuer shall give notice as soon as reasonably practicable to the Trustee and the Securityholders (which notice shall be irrevocable) of the date on which the Securities will be redeemed at the Early Redemption Amount and the Charged Agreement(s) will be terminated. In the event that the Selling Agent has not sold the Charged Assets, where the Charged Assets comprise one or more Loans, within 15 calendar days of such notice being given to it or such other period as specified in the applicable Issue Terms, the Securities will be immediately due and repayable and the security will be subject to enforcement by the Trustee pursuant to Condition 12 (*Enforcement*). The Early Redemption Amount shall, if the Realisation Amount is denominated in the currency in which the Charged Assets are denominated, also be denominated in such currency.
- (B) In order to obtain payment of the Early Redemption Amount in respect of the Securities:
- (1) if such Security is represented by a Global Security, the relevant Securityholder must deliver or have delivered to the relevant Clearing System, with a copy to the relevant Issuer and Principal Paying Agent, not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Early Redemption Amount Payment Notice (as defined below); and
 - (2) in all other cases, the relevant Securityholder must deliver to the Principal Paying Agent, with a copy to the relevant Issuer, not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Early Redemption Amount Payment Notice.

Forms of the Early Redemption Amount Payment Notice may be obtained during normal business hours from the specified office of the Principal Paying Agent.

An Early Redemption Amount Payment Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case

may be or (ii) if such Security is a definitive Registered Security, in writing.

If (ii) above applies the relevant Security must be delivered together with the duly completed Early Redemption Amount Payment Notice.

(C) An “Early Redemption Amount Payment Notice” must:

- (1) specify the name and address of the relevant Securityholder and the person from whom the relevant Issuer may obtain details for the transfer of the relevant portion of the Early Redemption Amount;
- (2) include an undertaking to pay all Expenses and, in the case of Securities represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System, as the case may be, in respect thereof and/or to deduct an amount equal to such Expenses from the relevant portion of the Early Redemption Amount payable to the Securityholder;
- (3) specify an account to which the Early Redemption Amount is to be paid;
- (4) give such certification as to US or other regulatory and/or tax status as may be set out in the form of Early Redemption Amount Payment Notice; and
- (5) authorise the production of such notice in any applicable administrative or legal proceedings.

No Early Redemption Amount Payment Notice may be withdrawn after receipt thereof by the relevant Clearing System or the Principal Paying Agent, as the case may be, as provided above. After delivery of Early Redemption Amount Payment Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System, shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Early Redemption Amount Payment Notice may result in such notice being treated as null and void. Any determination as to whether such Early Redemption Amount Payment Notice has been properly completed and delivered as provided in these Conditions shall be made by the relevant Clearing System, as the case may be, after consultation with the relevant Issuer and Principal Paying Agent and shall be conclusive and binding on the relevant Issuer and the relevant Securityholder.

If such Early Redemption Amount Payment Notice is subsequently corrected to the satisfaction of the relevant Clearing System or the Principal Paying Agent, it shall be deemed to be a new Early Redemption Amount Payment Notice submitted at the time such correction was delivered as provided above.

The relevant Clearing System shall use its best efforts promptly to notify the Securityholder submitting an Early Redemption Amount Payment Notice if, in consultation with the Principal Paying Agent and the relevant Issuer, it has determined that such Early Redemption Amount Payment Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the relevant Issuer, the relevant Clearing System or the Principal Paying Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Securityholder.

If a Securityholder fails to give an Early Redemption Amount Payment Notice as provided herein with a copy to the relevant Issuer and Principal Paying Agent, not later than the close of business in each place of receipt on the Cut-Off Date, then the Early Redemption Amount will be paid as soon as practicable thereafter; provided that, if in respect of a Security, an Early Redemption Amount Payment Notice is not delivered to the relevant Clearing System with a copy to the Principal Paying Agent and the relevant Issuer by the close of business in each place of receipt on the 180th calendar day following the Cut-Off Date, the relevant Issuer's obligations in respect of such Security shall be discharged and no further liability in respect thereof shall attach to the relevant Issuer. For the avoidance of doubt, in such circumstances such Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such were to be redeemed and no liability in respect thereof shall attach to the relevant Issuer and any unpaid Early Redemption Amount shall be paid to the account of the Counterparty.

In the event that the Selling Agent has not sold the Charged Assets, where the Charged Assets comprise one or more Loans, within 15 calendar days of such notice being given to it or such other period as specified in the applicable Issue Terms, the Securities will be immediately due and repayable and the security will be subject to enforcement by the Trustee pursuant to Condition 12 (*Enforcement*). The Early Redemption Amount shall, if the Realisation Amount is denominated in the currency in which the Charged Assets are denominated following the Charged Assets Currency Redenomination Event, also be denominated in such currency.

“Charged Assets Currency Redenomination Event” means, in respect of any Charged Assets, the Calculation Agent determines that the currency in which the relevant obligor of such Charged Assets pays (or is required to pay) interest or principal is redenominated, substituted or otherwise changed from the currency in which any such payment of interest or principal was, at the date the relevant Charged Asset(s) became Charged Assets for the purposes of the Securities, due to be made.

If (ii) above applies the relevant Security must be delivered together with the duly completed Early Redemption Amount Payment Notice.

(x) **General**

- (A) Once the net proceeds of sale or redemption of the Charged Assets have been applied in accordance with this Condition, failure to make any further payment due in respect of a mandatory redemption of part of the principal amount of the Securities or interest thereon or any termination payment under any Charged Agreement shall not constitute an Event of Default.
- (B) In accordance with Condition 4(e) (*Release of Charged Assets for delivery under Swap Agreements or Repurchase Agreements*), solely for the purpose of determining whether a Mandatory Redemption has been triggered, references to “Charged Assets” in Condition 8(c) shall be deemed to include any Charged Assets that have been transferred to the relevant Counterparty(ies) pursuant to and in accordance with the terms of the relevant Swap Agreement(s) or Repurchase Agreement(s), notwithstanding that such Charged Assets may have been released from the security created by or pursuant to the Trust Instrument immediately prior to such transfer and are not held subject to the Security Interests and may not form part of the Mortgaged Property during such period. Notwithstanding the foregoing, such references to “Charged Assets” in Condition 8(c) shall be deemed not to include any cash or assets from time to time transferred to the relevant Issuer by the relevant Counterparty pursuant to and in accordance with the terms of any credit support annex entered into by the relevant Issuer and the Counterparty pursuant to a Swap Agreement.

(d) **Redemption at the option of the Issuer**

- (i) The Issue Terms may specify that the relevant Issuer has the option to redeem all or some of the Securities on the Optional Call Redemption Date(s) at the Optional Call Redemption Amount together with accrued interest to (but excluding) the Optional Call Redemption Date.
- (ii) The relevant Issuer may only exercise such option by giving notice to the Securityholders, the Trustee, the Counterparty (if any) and the Principal Paying Agent within the Issuer's Option Period (as specified in the Issue Terms).
- (iii) In the case of a partial redemption of the Securities, the Securities to be redeemed will be selected individually by lot (where the Securities are in definitive form) or in accordance with the rules of the Clearing Systems (where the Securities are in global form) (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in the nominal amount, at their discretion).

(e) **Redemption or adjustment for a Regulatory Event**

- (i) If the Calculation Agent determines that a Regulatory Event has occurred, the relevant Issuer may and will, if so directed by a Counterparty in respect of the

relevant Series (i) require the Calculation Agent to determine and make any adjustment(s) to the Conditions to account for the Regulatory Event in accordance with Condition 19 (*Meetings of Securityholders, Modification, Waiver and Substitution*) below or (ii) elect to redeem the Securities in accordance with Condition 8(c) above. The relevant Issuer will give notice of any such determination or election to the Trustee and the Securityholders. The determinations of the Calculation Agent under this paragraph shall be made in good faith and in a commercially reasonable manner.

- (ii) **"Regulatory Event"** means the occurrence at any time on or after the Issue Date of any of the following events:
- (A) a change in the official interpretation or application of the relevant international, European or Spanish regulations, rules and instructions (the **"Bank Regulations"**) by any relevant competent international, European or national body (including any relevant international, European or other competent authority);
 - (B) a change in, or in the official interpretation or other interpretation of, (i) the Dodd-Frank Wall Street Reform and Consumer Protection Act (the **"Dodd-Frank Act"**) or any existing or future rules, regulations, guidance, interpretations or directives from the U.S. bank regulatory agencies relating to the FAS 166/167 Capital Guidelines or the Dodd-Frank Act and/or (ii) the CEA, or any related existing or future rules, regulations, guidance, interpretations or directive (in each case whether or not having the force of law) which would require the relevant Issuer, Banco Bilbao Vizcaya Argentaria, S.A. (**"BBVA"**) and/or any other relevant party to take any action in relation to or for purposes of the Securities, whether such change commences prior to, on or after the Issue Date; or
 - (C) the relevant Issuer is required to register with the CFTC as a Commodity Pool Operator (a **"CPO"**) or is otherwise required to have another entity registered with the CFTC as a CPO for the relevant Issuer, or the relevant Issuer becomes subject to any other registration, reporting or disclosure requirements with the CFTC or any other US regulator or agency,

and which, in the case of sub-paragraph (A) above, has the effect that BBVA directly or indirectly in connection with any Securities would be subject to materially less favourable regulatory capital or capital adequacy treatment and/or results in an increase in the amount of capital required or expected to be maintained by BBVA.

(f) **Redemption for an Illegality Event**

In the event that the relevant Issuer determines in good faith and in a commercially reasonable manner that the performance of its obligations under the Securities or any other agreement(s) entered into by it in connection with the Securities has or will become unenforceable, illegal or otherwise prohibited in whole or in part as a result of the relevant Issuer's compliance with any applicable present or prospective law, rule, regulation, judgment, order or directive of or in any jurisdiction or any governmental administrative, legislative or judicial power or the interpretation thereof (the **"Illegality Event"**), the relevant Issuer may and will, if so directed by a

Counterparty in respect of the relevant Series, elect to redeem the Securities in accordance with Condition 8(c) above.

(g) Redemption at the option of the Securityholders

- (i) The Issue Terms may specify that the relevant Issuer shall, at the option of the Securityholders (either individually or acting together, subject to a minimum percentage of all the Securityholders, as specified in the Issue Terms), redeem all or some of the Securities on the Optional Put Redemption Date at the Optional Put Redemption Amount, together with interest to (but excluding) the date of redemption.
- (ii) A Securityholder may only exercise such option by giving notice to the relevant Issuer within the Securityholder's Option Period (as specified in the Issue Terms). If the Securities are in definitive form, the Securityholder must deposit the relevant Security at the specified office of a Paying Agent together with a duly completed and signed notice of exercise (the "Put Notice"). If the Securities are represented by a Global Security, to exercise the right to require redemption of the Security the Securityholder must, within the notice period, give notice of such exercise in accordance with the standard procedures of the Clearing Systems (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in the nominal amount, at their discretion, and which may include notice being given on his instruction by the Clearing Systems or any Common Service Provider for them to the Principal Paying Agent by electronic means) in a form acceptable to the Clearing Systems from time to time.
- (iii) Any Put Notice shall be irrevocable except where, prior to the due date of redemption, an Event of Default shall have occurred and be continuing and the Trustee shall have declared the Securities due and repayable. In such event, a Securityholder may, at its option, elect to withdraw the Put Notice.
- (iv) Notwithstanding the foregoing provisions of this Condition 8(g) and subject to the terms of the relevant Issue Terms, no holder of a Security which forms part of a Prioritised Tranche which is subordinated to another Prioritised Tranche of the same Series may serve notice requiring the relevant Issuer to redeem its Securities for so long as any Securities of such other Prioritised Tranche is outstanding. The relevant Issuer shall give notice to the Trustee, holders of Securities comprising Prioritised Tranches which are subordinated to any other Prioritised Tranche of the same Series and, if the Securities are rated, the relevant Rating Agency(ies) promptly on redemption (or purchase and cancellation) of all Securities comprised within any such Prioritised Tranche.

(h) Redemption of Zero Coupon Securities

- (i) For the purpose of this Condition 8 (*Redemption*) and Condition 11 (*Events of Default*), each Zero Coupon Security will be redeemed at an amount (the "Amortised Face Amount") calculated in accordance with the following formula:

where:

“RP” means the Reference Price (as defined in the Issue Terms);

“AY” means the Accrual Yield expressed as a decimal; and

“y” is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Securities to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Security becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the Issue Terms.

- (iii) If the amount payable in respect of any Zero Coupon Security upon redemption of such Zero Coupon Security pursuant to this Condition 8 (*Redemption*) or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Security shall be the amount calculated as provided in sub-paragraph (i) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Security becomes due and payable were replaced by references to the date which is the earlier of:

- (A) the date on which all amounts due in respect of such Zero Coupon Security have been paid; and
- (B) 5 days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Securities has been received by the Agent or the Trustee and notice to that effect has been given to the Securityholders in accordance with Condition 15 (*Notices*).

(i) **Instalments**

Instalment Securities will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Securities will be redeemed at the relevant Early Redemption Amount.

(j) **Cancellation**

All Securities redeemed early (together, in the case of definitive Bearer Securities, with such unmatured Receipts, Coupons and Talons as are attached thereto or are surrendered therewith at the time of such redemption) or (where in definitive form) purchased and subject to cancellation by the relevant Issuer pursuant to the Issue Terms shall be cancelled and may not be reissued or resold. The relevant Issuer may (but is not obliged to) cancel any Securities that are not in definitive form that are purchased by the relevant Issuer or it may re-sell such Securities in its discretion.

(k) **Maturity Date extension**

In respect of a Credit-Linked Security, the Maturity Date shall be postponed to a date (such date the “Postponed Maturity Date”) being either (x) the Termination Date of the CDS Transaction or, if earlier, (y) the third Business Day immediately following the date as of which the Calculation Agent determines the Termination Date of the CDS Transaction is the Scheduled Termination Date determined in respect of the CDS Transaction and the Calculation Agent may at its option notify the

Securityholders in accordance with Condition 15 (*Notices*) that the Maturity Date has been so postponed. Failure to provide such notice shall not affect the postponement of the Maturity Date in accordance with these provisions in any way.

(l) **Physical Delivery**

(i) Other than in the case of Loan Participation Securities, if physical delivery is specified as applicable in the Issue Terms, the provisions of this Condition 8(l) (*Physical Delivery*) shall apply.

(A) In order to obtain delivery of the Entitlement in respect of such Security:

- (1) if such Security is represented by a Global Security, the relevant Securityholder must deliver or have delivered to the relevant Clearing System, with a copy to the relevant Issuer and Principal Paying Agent, not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below); and

An Asset Transfer Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be or (ii) if such Security is a definitive Registered Security, in writing.

If (ii) above applies the relevant Security must be delivered together with the duly completed Asset Transfer Notice.

(B) An Asset Transfer Notice must:

- (1) specify the name and address of the relevant Securityholder and the person from whom the relevant Issuer may obtain details for the delivery or transfer of the Entitlement;
- (2) in the case of Securities represented by a Global Security, specify the principal amount of Securities which are the subject of such notice and the number of the Securityholder's account at the relevant Clearing System, to be debited with such Securities and irrevocably instruct and authorise the relevant Clearing System, to debit the relevant Securityholder's account with such Securities on or before the Delivery Date (as defined below);

- (3) include an undertaking to pay all Expenses and, in the case of Securities represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System, as the case may be, in respect thereof and to pay such Expenses;
- (4) specify an account to which dividends (if any) or any other cash amounts payable by the relevant Issuer are to be paid, including without limitation, any cash amount constituting the Entitlement or any dividends relating to the Entitlement;
- (5) give such certification as to US or other securities, regulatory and/or tax status as may be set out in the form of Asset Transfer Notice;
- (6) authorise the production of such notice in any applicable administrative or legal proceedings; and
- (7) be accompanied with any duly completed forms of transfer or undertakings attached or exhibited to the form of the Asset Transfer Notice.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or the Principal Paying Agent, as the case may be, as provided above. After delivery of Asset Transfer Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System, shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such Asset Transfer Notice has been properly completed and delivered as provided in these Conditions shall be made by the relevant Clearing System, as the case may be, after consultation with the relevant Issuer and Principal Paying Agent and shall be conclusive and binding on the relevant Issuer and the relevant Securityholder.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of the relevant Clearing System or the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

The relevant Clearing System shall use its best efforts promptly to notify the Securityholder submitting an Asset Transfer Notice if, in consultation with the Principal Paying Agent and the relevant Issuer, it has determined that such Asset Transfer

Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the relevant Issuer, the relevant Clearing System or the Principal Paying Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Securityholder.

Delivery or transfer of the Entitlement in respect of each Security shall be made at the risk of the relevant Securityholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine to be appropriate and notified to the person designated by the Securityholder in the relevant Asset Transfer Notice on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the "Delivery Date"), provided that the Asset Transfer Notice is duly delivered to the relevant Clearing System with a copy to the relevant Issuer and Principal Paying Agent, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date specified in the applicable Issue Terms.

If a Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the relevant Issuer and Principal Paying Agent, not later than the close of business in each place of receipt on the Cut-Off Date, then the Entitlement will be delivered or transferred as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Securityholder in the manner provided above; provided that, if in respect of a Security, an Asset Transfer Notice is not delivered to the relevant Clearing System with a copy to the Principal Paying Agent and the relevant Issuer by the close of business in each place of receipt on the 180th calendar day following the Cut-Off Date, the relevant Issuer's obligations in respect of such Security shall be discharged and no further liability in respect thereof shall attach to the relevant Issuer. For the avoidance of doubt, in such circumstances such Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the relevant Issuer and any non-delivered assets comprising the Entitlement shall be delivered to the account of the Counterparty.

(C) Delivery of Entitlement – General Provisions

- (1) All Expenses arising from the delivery of the Entitlement in respect of such Securities shall be for the account of the relevant Securityholder and no delivery or transfer of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the relevant Issuer by the relevant Securityholder.

- (2) After delivery or transfer of the Entitlement and for such period of time after the Delivery Date as any person other than the relevant Securityholder shall continue to be the legal owner of the securities, loan or other obligations comprising the Entitlement (the "Intervening Period"), none of the relevant Issuer, the Calculation Agent, Principal Paying Agent nor any other person shall at any time (a) be under any obligation to deliver, transfer or procure delivery or transfer to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, loan or other obligations, (b) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, loan or other obligations or (c) be under any liability to the relevant Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being during such Intervening Period the legal owner of such securities, loan or other obligations.
- (3) Where the Entitlement is, in the determination of the relevant Issuer not capable of delivery or transfer in full, an amount other than an amount of Relevant Assets capable of being delivered or transferred, the Securityholders will receive an Entitlement comprising of the nearest number (rounded down) or principal amount of Relevant Assets capable of being delivered or transferred by the relevant Issuer (taking into account that a Securityholder's entire holding may be aggregated at the relevant Issuer's discretion for the purpose of delivering or transferring the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered or transferred the Securityholder will receive an amount in the Specified Currency ("Cash Adjustment") which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate). Payment will be made to the account specified by the Securityholder in the Asset Transfer Notice referred to in Condition 8(l)(i)(B) or otherwise in such manner as shall be notified to the Securityholders in accordance with Condition 15 (*Notices*).

(D) Settlement Disruption Event

- (1) If, prior to the delivery or transfer of the Entitlement in accordance with this Condition, a Settlement Disruption Event is subsisting, then the Delivery Date in respect of such Security shall be postponed until the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event and notice thereof shall be given to the relevant Securityholder, in accordance with Condition 15 (*Notices*). Such Securityholder shall not be entitled to any payment,

whether of interest or otherwise, on such Security as a result of any delay in the delivery of the Entitlement pursuant to this Condition.

- (2) Where delivery of the Entitlement has been postponed as provided in this Condition the relevant Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the relevant Issuer.
 - (3) For so long as delivery or transfer of the Entitlement in respect of any Security is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment to the relevant Securityholder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Securityholders in accordance with Condition 15 (*Notices*). Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with Condition 15 (*Notices*).
- (E) If “Failure to Deliver due to Illiquidity” is specified as applicable in the Issue Terms and if, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver or transfer, when due, some or all of the Relevant Assets comprising the Entitlement (the “Affected Relevant Assets”) due to illiquidity in the market for the Relevant Assets (a “Failure to Deliver”), then:
- (1) subject as provided elsewhere in these Conditions and/or the applicable Issue Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered or transferred pro rata on the originally designated Delivery Date in accordance with this Condition 8(l) (*Physical Delivery*); and
 - (2) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may elect in its sole discretion, in lieu of delivery or transfer of the Affected Relevant Assets, to pay to the Securityholder the Failure to Deliver Settlement Price on the fifth Business Day following the date on which the Failure to Deliver Notice (as defined below) is given to the Securityholders in accordance with Condition 15 (*Notices*).

Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Securityholders in accordance with Condition 15 (*Notices*). The relevant Issuer shall give notice (such notice a “Failure to Deliver Notice”) as soon as reasonably practicable to the Securityholders in accordance with Condition 15 (*Notices*) that the provisions of this Condition 8(l)(E) apply.

- (ii) If the Securities are Loan Participation Securities and such Securities fall to be redeemed by Physical Delivery the provisions of this Condition 8(l)(ii) (*Physical Delivery*) shall apply.
- (A) References to the Loan Participation Securities being redeemed by “Physical Delivery” means that the relevant Issuer shall assign or procure the assignment to each Securityholder of such Securityholder’s Loan Entitlement.
- (B) The obligation of the relevant Issuer to redeem the Securities by Physical Delivery is conditional upon:
- (1) arrangements satisfactory to the relevant Issuer and the Loan Participation Counterparty having been made for the relevant assignment (including, without limitation, the nomination by the relevant Securityholder of a person or entity which is capable of being the assignee of such assignment and the lender of record pursuant to the terms of the Loan Participation Loan Reference Agreement);
- (2) payment by the relevant Securityholder of all Expenses arising from or associated with the relevant assignment; and
- (3) provision by the relevant Securityholder of all certifications as to US or other securities, regulatory and/or tax or other status necessary or desirable in connection with such assignment.
- (C) For the purposes of the above, references to a “Securityholder’s Loan Entitlement” means (i) a portion of the Relevant Proportion (as defined in the Loan Participation Agreement) of the principal amount of the Loan which is the subject of the Participation (as defined in the Loan Participation Agreement) and (ii) a portion of any amounts of principal or interest received by the relevant Issuer under the Participation Agreement (less any Expense Amount) and not previously paid to the Securityholders as an Interest Amount or Instalment Amount, in each case, equal to the proportion which the aggregate of the Specified Denominations of the Securities held by such Securityholder bears to the aggregate of all the Specified Denominations of all the Securities outstanding.
- (D) If on the Maturity Date amounts of interest and principal outstanding on the Loan on such date are not repaid in full, the Securities will be redeemed on the Maturity Date by Physical Delivery in accordance with the provisions of Condition 8(l)(ii)(*Physical Delivery*).
- (E) The conditions set out in (ii)(A) – (D) above are herein referred to as the “Delivery Conditions”.
- (F) If at any time prior to physically settling any of the Securities, the relevant Issuer determines that (i) any of the Delivery Conditions have not been satisfied by a Securityholder, or (ii) that it is otherwise impracticable or impossible to effect such Physical Delivery in relation to Loan Participation Securities held by a Securityholder (such Loan Participation Securities the “Affected Securities”) then the relevant

Affected Securities will be redeemed by the relevant Issuer by paying in respect of each Affected Security the relevant Net Realisation Proceeds no later than the fifth Business Day following determination of the Net Realisation Proceeds, all as determined by the Selling Agent, in its sole and absolute discretion, which will perform its obligations in accordance with the Agency Agreement.

The relevant Issuer shall give notice as soon as practicable to the Trustee and the Securityholders of the date on which the Loan Participation Securities will be redeemed by Cash Settlement.

For such purposes:

“Cash Settlement” means an amount in cash equal to the Net Realisation Proceeds.

“Net Realisation Proceeds” means the net proceeds realised from the sale, assignment, novation or other disposal (a “Disposal”) of the rights of the lender of record of the Relevant Portion of the Relevant Proportion of the principal amount of the Loan which is the subject of the Loan Participation Agreement after deduction of all costs, charges, expenses, liabilities (including any taxes, stamp duty, stamp duty reserve taxes and documentary taxes) relating to such Disposal.

“Relevant Portion” means, in respect of Affected Securities, the proportion which the Affected Securities bear to the total principal amount of the Loan Participation Securities.

(m) Redemption of Prioritised Tranches

In respect of a Series of Securities comprised of Non-Fungible Tranches, the relevant Issue Terms shall specify whether any redemption of some only of the Securities in accordance with this Condition 8 (*Redemption*) shall take place *pari passu* in respect of all Non-Fungible Tranches or whether redemption of any Non-Fungible Tranche(s) shall take priority over the redemption of any other Non-Fungible Tranche(s).

(n) Treatment of the loan which is the subject of the Loan Participation Reference Loan Agreement

For the purposes of the Conditions (including, without limitation, Condition 4(f) and Condition 8(c)(vi) and 8(l)(ii)(F)) and the Transaction Documents, notwithstanding the first paragraph of the Participation Agreement, the loan which is the subject of the Loan Participation Reference Loan Agreement is deemed to be a Charged Asset if: (i) the Securities are subject to redemption other than pursuant to Condition 8(a) and the Physical Delivery provisions do not apply; and (ii) the Grantor has assigned its rights, title and interests thereto to or to the order of the relevant Issuer pursuant to the Participation Agreement.

Notwithstanding any other provision of the Conditions or the Agency Agreement, in such circumstances BBVA or any Affiliate of BBVA may buy from the Selling Agent the loan which is the subject of the Loan Participation Reference Loan Agreement for its own account.

9. **Purchase**

- (a) The relevant Issuer may, through the Counterparty or an Affiliate, provided that no Event of Default has occurred and is continuing and subject as follows in the case of Securities comprising a Prioritised Tranche, purchase the Securities (or any of them) at any time in the open market or otherwise at any price. The relevant Issuer shall not purchase any definitive Bearer Security unless it purchases all unmatured Receipts, Coupons and Talons (if any) in respect of such Bearer Security.
- (b) On any such purchase and cancellation the Charged Agreements (or a proportionate part thereof which corresponds to the Securities to be purchased) may be terminated in accordance with their terms. The Trust Instrument provides that the security over the Mortgaged Property (or a proportionate part thereof) will be automatically released against receipt by the Trustee of the net proceeds of the realisation of such Mortgaged Property.
- (c) No interest will be payable with respect to a Security purchased and cancelled in respect of the period from the Issue Date or the previous Interest Payment Date, as the case may be, to the date of such purchase.
- (d) On a purchase and cancellation under this Condition of a proportion of the Securities, the Calculation Agent shall, having:
 - (i) received the prior consent of the Trustee; and
 - (ii) first notified each Rating Agency and, in the case of Securities that are rated by S&P Global only, having received Rating Agency Confirmation from S&P Global,

but without the consent of any other person, make such amendments as are necessary to preserve the economic equivalence of the remaining Securities including without limitation, any consequential amendments to the Notional Amount, and, in the case of Securities that are rated, notify the Rating Agencies of such amendments. The Trustee may only withhold its consent to such amendments in circumstances where the Trustee determines that, in its opinion, such amendments would result in materially onerous obligations being imposed on the Trustee or on liabilities being imposed on the Trustee, the repayment of which the Trustee is not satisfied is assured to it.

- (e) Notwithstanding the foregoing, in respect of any Series of Securities comprised of Prioritised Tranches, the relevant Issuer may not, unless otherwise permitted in the relevant Issue Terms, purchase and cancel any Security which forms part of a Prioritised Tranche that is subordinated to another Prioritised Tranche of the same Series for so long as any Securities of such other Prioritised Tranche is outstanding.

10. **Payments**

- (a) Payments of principal and premium (if any) in respect of Bearer Securities or a Bearer Global Security will be made at the specified office of any of the Paying Agents against surrender (or, in the case of partial payment, presentation) of the Bearer Securities or the Bearer Global Security, as the case may be. Payments of interest, if applicable, in respect of Bearer Securities or a Bearer Global Security due on an Interest Payment Date will be made at the specified office of any of the Paying Agents outside the United States (which expression, as used herein, means the

United States of America (including the States thereof, the District of Columbia and the territories, possessions and other areas subject to the jurisdiction of the United States of America)), subject as provided in Condition 10(d) below, against surrender (or, in the case of partial payment, presentation) of the relevant Coupons or, as applicable, against presentation of the Bearer Global Security.

- (b) Payments of instalments of principal (if any) in respect of definitive Bearer Securities, other than the final instalment, will be made at the specified office of any of the Paying Agents only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made at the specified office of any of the Paying Agents only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Security. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Security to which it appertains. Receipts presented without the definitive Bearer Security to which they appertain do not constitute valid obligations of the relevant Issuer. Upon the date on which any definitive Bearer Security becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Such payments shall be made by a cheque payable in the Specified Currency drawn on, or, at the option of the holder, by transfer to an account denominated in the Specified Currency with, a bank in the city specified in the Issue Terms as the place of payment, or, in the case of the euro, a city in which banks have access to the TARGET2 System, subject in all cases to any fiscal or other laws and regulations applicable in the place of payment.

The Paying Agent to which a Bearer Global Security shall have been presented for payment shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records in respect of such Bearer Global Security.

As long as Bearer Securities are represented by a Bearer Global Security, each of the persons shown in the records of the Clearing Systems as the holder of a Bearer Security must look solely to the Clearing Systems for his share of each payment so made by the relevant Issuer to the bearer of the Bearer Global Security, subject to and in accordance with the respective rules and procedures of the Clearing Systems.

Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Bearer Securities for so long as the Bearer Global Security is outstanding. The relevant Issuer will be discharged by payment to the bearer of the Bearer Global Security in respect of each amount so paid.

Notwithstanding the foregoing, payments on a Temporary Bearer Global Security due prior to the Exchange Date will only be made upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations and that the holder thereof is not a U.S. Person. No payments due after the Exchange Date will be made on the Temporary Bearer Global Security.

- (c) Each Bearer Security should be presented for payment together with, if applicable, all unmatured related Coupons. If any Bearer Security in respect of a Fixed Rate Security is presented for payment without, if applicable, all unmatured related Coupons (not being a Talon), the full amount of any such missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount in the Specified Currency of such missing unmatured Coupon which the sum of

principal so paid bears to the total amount of principal due) will be deducted from the principal amount due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time thereafter but before the expiry of a period of 10 years from the Relevant Date (as defined in Condition 13 (*Prescription*)) for the payment of such principal (whether or not such Coupon would otherwise have become void pursuant to Condition 13 (*Prescription*)) or, if later, 5 years from the date for payment stated on such Coupon, but not thereafter. All (if any) unmatured Talons and all unmatured Coupons appertaining to a Floating Rate Security or Index-Linked Security (whether or not attached to the relative Bearer Security) shall become void upon the date on which such Bearer Security becomes due and repayable and no payment or exchange shall be made in respect thereof.

- (d) No payments of principal and/or interest in respect of Bearer Securities denominated in U.S. dollars will be made at the specified office of any Paying Agent in the United States. Notwithstanding the foregoing, such payments of principal and/or interest will be made at the specified office of any Paying Agent in the United States if:
 - (i) the relevant Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on such Securities in the manner provided above when due;
 - (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
 - (iii) such payment is then permitted under United States law without involving, in the opinion of the relevant Issuer, adverse tax consequences to the relevant Issuer.

If no appointment of a Paying Agent with a specified office in the United States is then in effect, the relevant Issuer shall appoint a Paying Agent with a specified office in New York City at which such payments will be made. Notice of any termination or appointment of a Paying Agent and of any changes in the specified offices of the Paying Agents will be given to the Securityholders in accordance with Condition 15 (*Notices*).

- (e) After all the Coupons attached to or issued in respect of a definitive Bearer Security have matured, further Coupons and, where applicable, one further Talon will (subject to Condition 13 (*Prescription*)) be issued against surrender of the relevant Talon at the specified office of any Paying Agent.
- (f) If the due date for payment of any amount of principal, premium (if any) or, if applicable, interest in respect of any Security is not a Business Day, the holder of such Security shall be entitled to payment:
 - (i) unless (ii) below applies, on the next following Business Day; or
 - (ii) in respect of payments of interest only and where a Business Day Convention is specified as applicable in the relevant Issue Terms, on the relevant

Business Day determined in accordance with the Business Day Convention so specified,

and shall not be entitled to any adjusted amount of interest or other payment in relation to such due date for payment in respect of any resulting delay. If a Security is presented for payment at a time when, as a result of differences in time zones, it is not practicable to transfer the relevant amount to an account for value on the date of presentation, the relevant Issuer shall not be obliged so to do but shall be obliged to transfer the relevant amount to such account for value on the first practicable date after the date of presentation.

- (g) Subject as provided in this Condition 10 (*Payments*):
- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
 - (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.
- (h) Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable to such payments; (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto; and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code. The relevant Issuer shall not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Securityholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted pursuant to this Condition 10 (*Payments*). This Condition is without prejudice to the provisions of Condition 8(b) (*Redemption for taxation reasons*).
- (i) Unless otherwise specified in the Issue Terms, any reference in the Conditions to principal in respect of the Securities shall be deemed to include, as applicable:
- (i) any additional amounts which the Counterparty (if any) may elect to pay to the relevant Issuer with respect to principal under Condition 8(b) (*Redemption for taxation reasons*);
 - (ii) the Final Redemption Amount of the Securities;
 - (iii) the Early Redemption Amount of the Securities;
 - (iv) the Optional Call Redemption Amount(s) (if any) or Optional Put Redemption Amount (s) of the Securities;
 - (v) in relation to Securities redeemable in instalments, the Instalment Amounts;
 - (vi) in relation to Zero Coupon Securities, the Amortised Face Amount; and

- (vii) any premium and any other amounts (other than interest) which may be payable by the relevant Issuer under or in respect of the Securities.

Any reference in the Conditions to interest in respect of the Securities shall be deemed to include, as applicable, any additional amounts which the Counterparty may elect to pay with respect to interest under Condition 8(b) (*Redemption for taxation reasons*).

(j) **Settlement Exchange Rate**

If “Settlement Exchange Rate” is specified as applicable in the Issue Terms, then the Issue Terms shall specify the dates of payments of interest, principal and other amounts relevant to the Securities which dates shall fall on or on a date falling a specified number of days after the relevant Charged Assets Receipts Payment Date and the amount of such payment shall equal the corresponding Charged Assets Receipts converted by the Custodian or any sub-Custodian appointed by the Custodian into the Specified Currency in the manner set out in the Agency Agreement.

“Charged Assets Receipts” means amounts (whether interest amounts, principal amounts or other amounts) received by the by the Custodian or any sub-Custodian appointed by the Custodian pursuant to the terms of the Agency Agreement in respect of the Charged Assets (the “Charged Assets Receipts” and each date on which such Charged Assets Receipts are so received the “Charged Assets Receipts Payment Date”) in the currency of denomination of such Charged Assets (the “Charged Assets Currency”).

11. **Events of Default**

Upon the occurrence of an Event of Default, the Trustee at its discretion may, and, if requested by the Instructing Creditor, shall (subject to being indemnified, secured and/or prefunded to its satisfaction), give notice to the relevant Issuer that the Securities of the relevant Series in respect of which the Event of Default occurred, or continues to occur, are, and they shall accordingly immediately become, due and repayable at the Early Redemption Amount. Upon such notice being given, the Security shall become enforceable (as provided in the Trust Instrument) and the proceeds of realisation of such Security shall be applied as specified in Condition 5 (*Application of Proceeds*).

“Event of Default” means any of the following events:

- (a) if default is made for a period of 14 days or more in the payment of any sum due in respect of the Securities or any of them; or
- (b) if (i) the relevant Issuer fails to perform or observe any of its other obligations under the Securities or the Trust Instrument, (ii) the breach of which obligation the Trustee shall have certified to be in its opinion materially prejudicial to the interests of the Securityholders and (iii) where in the opinion of the Trustee such failure is capable of remedy and such failure continues for a period of 30 days following the service by the Trustee on the relevant Issuer of notice requiring the same to be remedied; or

- (c) if any order shall be made by any competent court or any resolution passed for the winding-up or dissolution of the relevant Issuer other than for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangements on terms approved by the Trustee.

For the avoidance of doubt, other than in the case of (c) above, an Event of Default in respect of one Series of Securities will not constitute an Event of Default in respect of any other Series of Securities.

12. **Enforcement**

At any time after the Securities (or any of them) shall have become immediately due and repayable and have not been repaid, the Trustee may, at its discretion and without further notice, and if requested by the Instructing Creditor shall (subject to being indemnified, secured and/or prefunded to its satisfaction), institute such proceedings against the relevant Issuer as it may think fit to enforce repayment thereof and to enforce the provisions of the Trust Instrument.

No Securityholder shall be entitled to proceed against the relevant Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable time and such failure is continuing. After realising the security which has become enforceable and distributing the net proceeds in accordance with Condition 5 (*Application of Proceeds*), the obligations of the relevant Issuer with respect to the Trustee, the Counterparty (if any) and the Securityholders shall be satisfied.

Neither the Trustee nor the Counterparty (if any) nor any Securityholder may take any further steps against the relevant Issuer to recover any further sums in respect thereof, and the right to receive any such sums shall be extinguished. In particular, neither the Trustee nor the Counterparty (if any) nor any Securityholder shall be entitled in respect thereof to petition or to take any other steps for the winding-up of the relevant Issuer (other than the lodging of a claim by the Trustee in extant winding up proceedings) nor shall any of them have any claim in respect of the Mortgaged Property for any other Series.

The Relevant Sums (as defined in Condition 6(c)(i)) may be insufficient to pay all amounts due to, among others, the Trustee, the Counterparty (if any) and the Securityholders. The other assets (if any) of the relevant Issuer including, in particular, assets securing other series of Securities will not be available to make up any Shortfall.

13. **Prescription**

Claims under the Bearer Securities, the Bearer Global Securities and, if applicable, any Receipts or Coupons (which for this purpose shall not include Talons) will be prescribed and become void unless the same are presented for payment within a period of 10 years in the case of principal or premium (if any) and 5 years in the case of interest from the Relevant Date relating thereto. Talons may not be exchanged for Coupons which would be void on issue.

For this purpose, the “Relevant Date” means the date on which the payment in respect of the Security, Receipt or the Coupon first becomes due and payable. However, if the full amount of the moneys payable on such date has not been received by the Principal Paying Agent or the Trustee on or prior to such date, the

“Relevant Date” means the date on which such moneys shall have been so received and notice to that effect shall have been given to the Securityholders in accordance with Condition 15 (*Notices*).

14. **Replacement of Securities**

If any Security is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws, regulations and Stock Exchange or other relevant authority rules or regulations, at the specified office of the Principal Paying Agent (or such other place of which notice shall have been given in accordance with Condition 15 (*Notices*)). Such replacement is subject to payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the relevant Issuer may reasonably require. Mutilated or defaced Securities must be surrendered before replacements will be issued.

15. **Notices**

All notices regarding Securities represented by a Bearer Global Security will be valid if (i) published (a) in one leading London daily newspaper or, if this is not possible, in one other English language daily newspaper approved by the Trustee with general circulation in Europe and (b) if and for so long as the Securities are listed on the Irish Stock Exchange and the Irish Stock Exchange so requires, filed with the Companies Announcements Office of the ISE and if and for so long as the Securities are listed on the Luxembourg Stock Exchange and the Luxembourg Stock Exchange so requires, filed with the Luxembourg Stock Exchange and published on the Luxembourg Stock Exchange’s website (www.bourse.lu) or (ii) delivered to the Common Service Provider for communication by the Clearing Systems to the Securityholders. Any notice delivered to a Common Service Provider as aforesaid shall be deemed to have been given on the day of such delivery. It is expected that such publication will be made in (i) the Financial Times and (as the case may be) and/or (ii) the Irish Times.

To the extent required under the provisions of the Market Abuse Regulation (EU 596/2014), the relevant Issuer shall file all notices with the Companies Announcement Office of the Irish Stock Exchange and publish them on its website at <http://www.corporateservicesissuertransactions.com/>.

All notices regarding Securities represented by Bearer Securities in definitive form will be valid if published in accordance with option (i) in the above paragraph.

The relevant Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other Stock Exchange on which the Securities are for the time being listed.

Any notice published in a newspaper as aforesaid shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication. If publication is not practicable in any such newspaper as is mentioned above, notice will be valid if given in such other manner, and shall be deemed to have been given on such date, as the Trustee shall determine.

16. **Agents**

The Issue Terms will specify the relevant Agents for an issue of a Series of Securities. The duties of each of the Agents shall be as specified in the Trust Instrument, the Agency Agreement and in the Issue Terms in respect of the Securities.

Subject to the following paragraph, the relevant Issuer reserves the right, subject to the approval of the Trustee and the Counterparty (if any), at any time to vary or terminate the appointment of any Agent and to appoint additional or other Agents provided that it will at all times maintain Agents as specified in the Issue Terms.

Upon the occurrence of a Selling Agent Default, a Calculation Agent Default, a Loan Servicer Default and/or an Agent Bank Default in respect of the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, the relevant Issuer may appoint a Replacement Selling Agent, a Replacement Calculation Agent, a Replacement Loan Servicer and/or a Replacement Agent Bank, as the case may be, pursuant to Condition 17 (*Appointment of Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer and Replacement Agent Bank*).

17. **Appointment of Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer and Replacement Agent Bank**

- (a) Upon the occurrence of a Selling Agent Default, a Calculation Agent Default, a Loan Servicer Default and/or an Agent Bank Default, the relevant Issuer may (or shall if instructed by means of an Extraordinary Resolution of the Securityholders or by the Trustee) (x) terminate, with immediate effect, the appointment of the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, and (y) at no additional cost to the relevant Issuer, appoint a Replacement Selling Agent, a Replacement Calculation Agent, a Replacement Loan Servicer or a Replacement Agent Bank, as the case may be, provided that (i) the relevant Extraordinary Resolution or direction from the Trustee, as applicable, specifies the Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer or Replacement Agent Bank, as the case may be, to be appointed, (ii) the Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer or Replacement Agent Bank, as the case may be, is appointed on substantially the same terms as the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, is appointed under the Agency Agreement or Loan Servicing Agreement, as the case may be, (other than any fee arrangements which may be agreed from time to time with the Securityholders by a Replacement Selling Agent, a Replacement Calculation Agent, a Replacement Loan Servicer or a Replacement Agent Bank, as the case may be, and notified, as soon as reasonably practicable, to the relevant Issuer in writing, but which shall not for the avoidance of doubt include any fee arrangements that would affect the Security Ranking Basis from time to time), (iii) the Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer or Replacement Agent Bank, as the case may be, has the ability, experience and qualifications necessary to professionally and competently perform the duties required of the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, and (iv) the Replacement Selling Agent, Replacement Calculation Agent, Replacement Loan Servicer or Replacement Agent Bank, as the case may be, agrees to be appointed in accordance with this Condition and is able to be so appointed by the relevant Issuer.
- (b) If the relevant Issuer fails (if instructed by means of an Extraordinary Resolution of the Securityholders or by the Trustee) to (x) terminate, with immediate effect, the appointment of the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, and/or (y) appoint a Replacement Selling Agent, a Replacement Calculation Agent, a Replacement Loan Servicer and/or a Replacement Agent Bank, as the case may be, in accordance with paragraph (a) above, within 30 calendar days from receipt of the relevant instruction of the Trustee or Extraordinary Resolution, the Trustee may (x) terminate, with immediate effect, the

appointment of the Selling Agent, the Calculation Agent, the Loan Servicer or the Agent Bank, as the case may be, and/or (y) appoint a Replacement Selling Agent, a Replacement Calculation Agent, a Replacement Loan Servicer and/or a Replacement Agent Bank, as the case may be, in accordance with paragraph (a) above, on behalf of the relevant Issuer and at the relevant Issuer's cost.

18. **Restrictions**

So long as any of the Securities remains outstanding, the relevant Issuer will not, without the written consent of the Trustee and the Counterparty (if any):

- (a) engage in any activity or do anything whatsoever, except:
 - (i) issue Securities and issue or, as the case may be, enter into Alternative Investments subject to a maximum aggregate principal amount outstanding at any time of EUR 5,000,000,000 (or its equivalent in other currencies);

- (b) have any Subsidiaries except, if the relevant Issuer has issued rated Securities, with the written consent of S&P Global (in the case of Securities rated by S&P Global) and with prior notification to Fitch (in case of Securities rated by Fitch) and with prior notification to DBRS (in case of Securities rated by DBRS) and, in any event, only Subsidiaries:
 - (i) which are wholly owned by the relevant Issuer;
 - (ii) whose share capital is fully paid up by the relevant Issuer;
 - (iii) whose activities are limited to the same extent as those of the relevant Issuer under the Trust Instrument (including, without limitation, the terms of any securities or other debt instruments issued or loans entered into, by such Subsidiary being required to be on substantially the same terms as those of the Securities); and
 - (iv) in respect of whose activities the relevant Issuer will have no liability;

- (g) issue any further shares;
- (h) take any action which would lead to its dissolution, liquidation or winding up or to the amendment of its constitutional documents; or

19. **Meetings of Securityholders, Modification, Waiver and Substitution**

The Trust Instrument contains provisions for convening a single meeting of the Securityholders and the holders of securities of other Series in certain circumstances where the Trustee so decides. The Trust Instrument also contains provisions for convening meetings of Securityholders to consider any matter affecting their interests, including the modification by Extraordinary Resolution of the Issue Terms or other provisions of the Trust Instrument. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing in aggregate not less than 66 2/3 per cent. in Outstanding Principal Amount of the Securities for the time being outstanding, or at any adjourned such meeting one or more persons being or representing Securityholders whatever the Outstanding Principal Amount of the Securities held or represented by them. An Extraordinary Resolution passed at any meeting of Securityholders or in the form of a written resolution (as described in the Trust Instrument) will be binding on all Securityholders, whether or not they are present at the meeting.

The Trustee may, without the consent of the Securityholders (but, in the case of Securities which are rated, subject to (in the case of Securities rated by S&P Global) Rating Agency Confirmation from S&P Global and (in the case of Securities rated by Fitch) prior notification to Fitch) and (in the case of Securities rated by DBRS) prior notification to DBRS), at any time and from time to time concur with the relevant Issuer in making any modification (a) to the Securities, the Trust Instrument or any other Transaction Document (as more fully set out in the Trust Instrument) that, in the opinion of the Trustee, is not materially prejudicial to the interests of the Securityholders or (b) to the Trust Instrument or any other Transaction Document if in the opinion of the Trustee such modification is of a formal, minor or technical nature or to correct a manifest error. No such modification shall be effective without the consent of the Counterparty (if any) (such consent not to be unreasonably withheld or delayed).

Notwithstanding the foregoing, the Trustee shall agree to make any modification (whether or not it may be materially prejudicial to the Securityholders) requested by the Dealer in respect of a Series of Securities if, and to the extent that, such modification is required in order to correct an error in the Transaction Documents and/or the Conditions arising from a discrepancy between the Transaction Documents and/or the Conditions and the final termsheet provided to the initial Securityholders (the "Discrepancy"), subject to receipt by the Trustee of a certificate of the relevant Dealer certifying to the Trustee that the requested amendments are to

be made solely for the purpose of correcting the Discrepancy. The Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (a) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Trustee in the Transaction Documents and/or the Conditions or (c) otherwise prejudicing the interest of the Trustee.

The Trustee shall, without the consent of any of the Securityholders, concur with the relevant Issuer in making any modifications to the Transaction Documents and/or the Conditions that are requested by the relevant Issuer in order to enable the relevant Issuer to comply with any requirements which apply to it under Regulation (EU) 648/2012 (the “European Market Infrastructures Regulation” or “EMIR”), subject to receipt by the Trustee of a certificate of the relevant Issuer certifying to the Trustee that the requested amendments are to be made solely for the purpose of enabling the relevant Issuer to satisfy its requirements under EMIR upon which the Trustee shall be entitled to rely upon without further investigation and without any liability to any person.

The Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (a) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Trustee in the Transaction Documents and/or the Conditions or (c) otherwise prejudicing the interests of the Trustee.

The Trustee shall, without the consent of any of the Securityholders (and whether or not it may be materially prejudicial to the Securityholders), concur with the relevant Issuer in making any modifications to the Conditions that are requested by the Calculation Agent pursuant to Condition 8(e) (*Redemption or adjustment for a Regulatory Event*), subject to receipt by the Trustee of a certificate of the Calculation Agent certifying to the Trustee that the requested amendments are to be made solely for the purpose of enabling the relevant Issuer to account for the Regulatory Event upon which the Trustee shall be entitled to rely upon without further investigation and without any liability to any person.

The Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (a) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Trustee in the Transaction Documents and/or the Conditions or (c) otherwise prejudicing the interests of the Trustee.

Any such modification may be made on such terms and subject to such conditions (if any) as the Trustee may determine, shall be binding upon the Counterparty and the Securityholders and, unless the Trustee agrees otherwise, shall be notified by the relevant Issuer to the Securityholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

The Trustee may, without the consent of the Securityholders or the Counterparty (but, where the Securities are rated, subject to (in the case of Securities rated by S&P Global) Rating Agency Confirmation from S&P Global and/or (in the case of Securities rated by Fitch) prior notification to Fitch) and/or (in the case of Securities rated by DBRS) prior notification to DBRS), without prejudice to its rights in respect of any subsequent breach, Event of Default or Potential Event of Default from time to

time and at any time but only if and in so far as in its opinion the interests of the Securityholders shall not be materially prejudiced thereby, waive or authorise any breach or proposed breach by the relevant Issuer of any of the covenants or provisions contained in the Trust Instrument or determine that any Event of Default or Potential Event of Default in relation to Securities shall not be treated as such for the purposes of the Trust Instrument provided always that the Trustee shall not exercise any powers conferred on it by the Trust Instrument in contravention of any express direction given by Extraordinary Resolution of the Securityholders or by a request of the Instructing Creditor under Condition 11 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Trustee may determine, shall be binding on the Counterparty and the Securityholders and, if, but only if, the Trustee, shall so require, shall be notified by the relevant Issuer to the Securityholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

Subject as provided in the Trust Instrument, the Trustee, if it is satisfied that it would not be materially prejudicial to the interests of the Securityholders, may agree, without the consent of the Securityholders (but, in the case of Securities which are rated, subject to Rating Agency Confirmation or, in the case of Securities that are rated by Fitch, prior notification to Fitch), to the substitution of any other company in place of the relevant Issuer as principal debtor under the Securities, the Trust Instrument and the Transaction Documents. No such substitution shall be effective without the consent of the Counterparty (if any) (such consent not to be unreasonably withheld or delayed). Under the Trust Instrument, the Trustee may require the relevant Issuer to use its reasonable endeavours to procure the substitution as principal debtor of a company incorporated in a jurisdiction other than that of the relevant Issuer upon the occurrence of one of the events referred to in Condition 8(b) (*Redemption for taxation reasons*).

In connection with any exercise of its trusts, powers, authorities or discretions, the Trustee shall not have regard to the consequences of such exercise for individual Securityholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any such exercise, no person shall be entitled to claim, whether from the relevant Issuer, any substitute relevant Issuer, the Counterparty (if any), the Trustee or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon any person.

Any such modification, waiver, authorisation or substitution shall be binding on the Counterparty (if any and provided that it has consented to the same) and all Securityholders and (if the Securities are listed and the Stock Exchange so requires) the Stock Exchange and, unless the Trustee agrees otherwise, any such modification or substitution shall be notified to the Securityholders by the relevant Issuer as soon as practicable thereafter.

In respect of a Series of Securities comprised of Non-Fungible Tranches, for the purposes of voting, each Non-Fungible Tranche shall be treated as a separate Series, provided that, in respect of a direction or resolution which, in the opinion of the Trustee, affects each Non-Fungible Tranche or more than one Non-Fungible Tranche and gives or may give rise to a conflict of interest between the holders of the Securities of each Non-Fungible Tranche or such Non-Fungible Tranches, any such direction or resolution will only be duly given or passed if duly given or passed in

respect of each Non-Fungible Tranche or in respect of such Non-Fungible Tranches, as applicable.

In the case of a Series of Securities consisting of Non-Fungible Tranches, the relevant Issue Terms will state whether the reference to Securityholders for the purpose of determining the Instructing Creditor refers to the Securityholders of a specified Non-Fungible Tranche(s). If a specified Non-Fungible Tranche(s) is not stated in the relevant Issue Terms for this purpose, the reference to Securityholders for the purpose of determining the Instructing Creditor will be deemed to refer to all Securityholders of the relevant Series of Securities.

In the event of a conflict in respect of any direction or resolution in relation to the enforcement of the security over the Mortgaged Property of a Series of Securities comprised of Prioritised Tranches, the direction or resolution of the holders of Securities comprising each senior ranking Prioritised Tranche shall prevail over that of the holders of Securities of any subordinated Prioritised Tranche and be binding on such holders of Securities.

The relevant Issue Terms may include other provisions in respect of a Series of Securities comprised of Non-Fungible Tranches regarding the requirements for passing of Extraordinary Resolutions, and the definition of Instructing Creditor.

20. **Further Issues**

The relevant Issuer shall be at liberty from time to time, without the consent of the Securityholders (but subject to the consent of the Counterparty (if any) (such consent not to be unreasonably withheld or delayed) in the case of (a) below), to create and issue further securities either:

- (a) as one or more Fungible Tranches which will be consolidated and form a single Series with the Securities (each a "Further Tranche"), provided that the relevant Issuer provides additional Charged Assets as security for the original issue of Securities and any Further Tranches either on a Nominal Basis or a Market Value Basis as specified in the Issue Terms and enters into an additional or supplemental Charged Agreement(s) (if applicable) (and references to "Securities", "Charged Assets" and "Charged Agreements" shall thereafter be deemed to be references to such terms as amended to take into account the further issue); or
- (b) as one or more Non-Fungible Tranches.

Any such securities shall be constituted in accordance with the Trust Instrument.

In addition, such Further Tranches, when issued, shall preserve the economic equivalence of the existing Series of Securities (including, in the case of a Series of Securities comprised of Prioritised Tranches, the levels of priority and subordination as between such Prioritised Tranches unless otherwise permitted in the relevant Issue Terms) and the Calculation Agent shall, subject to Rating Agency Confirmation in the case of Securities that are rated (or, in the case of Securities that are rated by Fitch, prior notification to Fitch), but without the consent of any other person, make such amendments as are necessary, including without limitation, any consequential amendments to the Notional Amount.

For the avoidance of doubt, in respect of a Series of Securities comprised of Non-Fungible Tranches, no Further Tranches of any Non-Fungible Tranche may be issued to the extent

that this would have an adverse impact on the rights (either economic or in respect of voting, control or otherwise) of the holders of any other Non-Fungible Tranche of that Series.

In the event further Securities are issued the relevant Issuer may make such amendments to the terms and conditions of the Securities which the Calculation Agent determines to be necessary or desirable to preserve the economic benefit of the provisions of the Issue Terms to account for the economic effect thereof.

21. Conflicts of Prioritised Tranches

Where, in the opinion of the Trustee, there is a conflict between the interests of the holders of Securities comprising different Prioritised Tranches of the same Series, the Trustee shall, except where expressly provided otherwise in the Trust Instrument, act solely on behalf of the holders of the Securities comprising the senior ranking Prioritised Tranche and shall have regard to their interests alone and shall not be responsible to the holders of Securities comprising any other Prioritised Tranches of the same Series for so doing.

In the case of a Series of Securities consisting of Non-Fungible Tranches, the relevant Issue Terms will state whether the reference to Securityholders for the purpose of determining the Instructing Creditor refers to the Securityholders of a specified Non-Fungible Tranche(s). If a specified Non-Fungible Tranche(s) is not stated in the relevant Issue Terms for this purpose, the reference to Securityholders for the purpose of determining the Instructing Creditor will be deemed to refer to all Securityholders of the relevant Series of Securities.

22. Liabilities and Indemnification of the Trustee

The Trust Instrument contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking proceedings unless indemnified, secured and/or prefunded to its satisfaction. The Trustee is entitled to enter into business transactions with the relevant Issuer, the Counterparty (if any), any obligor in respect of the Charged Assets or any of their subsidiary or associated companies without accounting for any profit resulting therefrom.

The Trustee is exempted from any liability in respect of any loss or theft or diminution in value of the Mortgaged Property, from any obligation to insure the Mortgaged Property and from any claim arising from the fact that the Mortgaged Property is held in a clearing system or in safe custody by a bank or other custodian. The Trust Instrument also provides that the Trustee shall accept without investigation, requisition or objection such right, benefit, title and interest, if any, as the relevant Issuer may have in and to any of the Mortgaged Property and is not bound to make any investigation into the same or into the Mortgaged Property in any respect.

The Trustee shall not be bound or concerned to make any investigation into the creditworthiness of any obligor in respect of the Mortgaged Property, the validity of any such obligor's obligations under or in respect of the Mortgaged Property or any of the terms of the Charged Assets (including, without limitation, whether the cashflows from the Charged Assets and the Securities are matched) or to monitor the value of any Charged Assets.

23. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Security under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

24. **Governing Law**

The Trust Instrument, the Securities and the Charged Agreement(s) and any non-contractual obligations arising out of or in connection with such agreements are governed by, and will be construed in accordance with, English law.

25. **Jurisdiction**

- (a) Subject to Condition 25(c) the relevant Issuer has, in the Trust Instrument, irrevocably agreed that the English courts are to have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Instrument, the Securities and the Charged Agreement(s) including any dispute as to its existence, validity, interpretation, performance, breach or termination or the consequences of its nullity and any dispute relating to any non-contractual obligations arising out of or in connection therewith (a "Dispute") and each party to the Trust Instrument has submitted to the exclusive jurisdiction of the English courts.
- (b) For the purposes of this Condition 25 (*Jurisdiction*), each party has, in the Trust Instrument, waived any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute. Further the relevant Issuer has irrevocably agreed that a judgment in any proceedings brought in the English courts shall be conclusive and binding upon the relevant Issuer and may be enforced in the courts of any other jurisdiction.
- (c) This Condition 25(c) is for the benefit of the Agents and the Trustee only. To the extent allowed by law, any Agent or the Trustee may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction and (ii) concurrent proceedings in any number of jurisdictions.
- (d) The relevant Issuer has appointed the person named in the Trust Instrument as its agent for service of process in any proceedings before the English courts in relation to any Dispute and has agreed that in the event of the person named in the Trust Instrument as its agent for service of process being unable or unwilling for any reason so to act, it will immediately appoint another person as its agent for service of process in England in respect of any Dispute on terms acceptable to the Dealer, failing which the Dealer may appoint another agent for service of process for this purpose. The relevant Issuer agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing in this subclause shall affect the right to serve process in any other manner permitted by law.

26. **Definitions**

Capitalised terms used in these Conditions have the meanings given to them in the Definitions Module as modified and supplemented by the relevant Trust Instrument and/or Issue Terms.

arranged by**

BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

REGISTERED SECURITIES CONDITIONS MODULE

This Registered Securities Conditions Module modifies and supplements the basic terms and conditions for Securities governed by English law as set out in the Bearer Securities Base Conditions Module and will apply in respect of all Series of Securities issued in registered form. Other Conditions Modules will apply in addition, as specified in the Issue Terms.

All references to “Bearer Securities” in the Bearer Securities Base Conditions Module will be deemed to be references to “Registered Securities”.

All references to “Principal Paying Agent” and “Paying Agent” in the Bearer Securities Base Conditions Module will, where the context so requires, be deemed to be references to the “Registrar”.

Condition 1 (*Form, Denomination and Title*) as set out in the Bearer Securities Base Conditions Module will not apply and the following Conditions 1.1 (*Form, Denomination and Title*), 1.2 (*Registration*), 1.3 (*Exchange of Registered Securities*), and 1.4 (*Transfer of Registered Securities*) shall be substituted therefor.

1.

1.1 Form Denomination and Title

- (a) Registered Securities are in the Specified Denomination(s) specified in the Issue Terms and integral multiples thereof.

Title to Registered Securities will pass by transfer and registration in accordance with Condition 1.4 (*Transfer of Registered Securities*) and in accordance with the terms of the Trust Instrument and the Agency Agreement.

Registered Securities do not have receipts, coupons or talons attached on issue.

- (b) Unless otherwise provided in the Issue Terms, a Series of Registered Securities will be represented by (i) a Regulation S Global Certificate, deposited with a Common Depositary and registered in the name of a common nominee of Euroclear and Clearstream, Luxembourg, or (ii) Individual Certificates. Beneficial interests in a Regulation S Global Certificate and Individual Certificates may not be offered or sold to, or for the account or benefit of, a U.S. Person. A Regulation S Global Certificate may not be held otherwise than through Euroclear and Clearstream, Luxembourg. If the applicable Issue Terms state that the Registered Securities are to be issued in the form of Individual Certificates, such Individual Certificates will not be eligible for deposit or clearance with any clearing system.
- (c) No beneficial owner of an interest in a Global Security will be able to exchange or transfer that interest, except in accordance with the applicable procedures of the Clearing Systems. In addition, Regulation S Global Certificates and Individual Certificates will be subject to certain restrictions on transfer set out in a legend or legends thereon.
- (d) For so long as any of the Securities is represented by a Regulation S Global

Certificate held by a Common Depositary, each person who is for the time being shown in the records of the Clearing Systems as entitled to a particular nominal amount of Securities shall be deemed to be the holder of such nominal amount of Securities for all purposes other than with respect to the payment of principal, premium (if any) or interest on such Securities. With respect to such payment, such Common Depositary or its nominee shall be deemed to be the holder of such nominal amount of Securities in accordance with and subject to the terms of the relevant Global Security. Any certificate or other document issued by the Clearing Systems as to the nominal amount of Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error. In determining whether a particular person is entitled to a particular nominal amount of Securities as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

- (e) Subject to paragraph (d) above, the relevant Issuer, the Counterparty, the Trustee and the Agents may deem and treat the person or persons in whose name(s) a Registered Security is registered as the absolute owner(s) of such Security for all purposes. Except as ordered by a court of competent jurisdiction or as required by applicable law, the relevant Issuer, the Counterparty, the Trustee and the Agents shall not be affected by any notice to the contrary, whether or not the Security shall be overdue and notwithstanding any notation of ownership or other writing thereon. All payments made to any such person shall be valid and, to the extent of the sums so paid, effective to satisfy and discharge the liability for the moneys payable upon such Securities.

1.2 **Registration**

The relevant Issuer will cause to be kept at the specified office of the Registrar for the time being the Register. The relevant Issuer will procure that, as soon as practicable after the Issue Date, the Register is duly made up in respect of the subscribers of the Registered Securities and certificates for the Registered Securities will be despatched.

The relevant Issuer has initially appointed the person named as Registrar in the Issue Terms acting through its specified office set out in the Issue Terms. The relevant Issuer may also appoint one or more Transfer Agents for the purpose of facilitating exchanges of Securities, in which case references in the following provisions of this Condition and in Conditions 1.3 (*Exchange of Registered Securities*) and 1.4 (*Transfer Of Registered Securities*) to the Registrar shall include, where the context so permits, references to such Transfer Agent(s).

The relevant Issuer reserves the right, with the approval of the Trustee, at any time to vary or terminate the appointment of the Registrar and to appoint another or a further Registrar, provided that there will at all times be a Registrar with a specified office in such place as the Trustee may approve. Any variation or termination of appointment shall only take effect (other than in the case of insolvency of the Registrar, when it shall be of immediate effect) after not more than 60 nor less than 45 days' notice thereof shall have been given to the Securityholders in accordance with Condition 15 (*Notices*) and any change in the Specified Office of the Registrar shall also be promptly so notified.

1.3 **Exchange of Registered Securities**

- (a) **Exchange of Regulation S Global Certificates for definitive Registered Securities**

Subject to Condition 1.1(e), for so long as Euroclear or Clearstream, Luxembourg or its common nominee is the registered holder of the Regulation S Global Certificate, Euroclear or Clearstream, Luxembourg or such common nominee, as the case may be, will be considered the sole holder of the Securities represented thereby for all purposes. Registration of title to Securities in a name other than a depository or a common nominee for Euroclear or Clearstream, Luxembourg, will not be permitted unless (i) an event of default has occurred and is continuing, or (ii) Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days or the relevant Issuer has been notified of such closure of Euroclear and Clearstream, Luxembourg, and no successor clearing system is available.

A person having an interest in a Regulation S Global Certificate must provide the Registrar with a written order containing instructions and such other information as the relevant Issuer and the Registrar may require to complete, execute and deliver such definitive Registered Securities. Any definitive Registered Securities so issued shall bear a legend substantially to the effect set out on the Regulation S Global Certificate, with such modifications and amendments as are necessary to account for the definitive nature of the Securities.

(b) **General**

Securities may be presented for exchange at the specified office of the Registrar. Any such exchange shall be effected without service charge but upon payment of any taxes and other governmental charges, including stamp duties by the relevant Securityholder. Definitive Registered Securities issued in exchange will be delivered at the specified office of the Registrar, or (at the risk and, if mailed at the request of the holder otherwise than by ordinary uninsured mail, expense of the holder) mailed to such address, subject to the restrictions (if any) specified in the Issue Terms, as the holder may request, as soon as practicable after issue.

Securityholders wishing to exchange Securities should apply to the specified office of the Registrar for information relating to the procedure for such exchange.

1.4 **Transfer of Registered Securities**

(a) **Transfer of Regulation S Global Certificates and Individual Certificates**

Registered Securities that are sold in offshore transactions outside the United States to persons who are not U.S. persons (as defined in Regulation S) in compliance with Regulation S in the form of Regulation S Global Certificates or in the form of Individual Certificates to, or for the account of persons who are not U.S. persons (as defined in Regulation S) may, subject to Condition 1.1(d) and to the provisions of the Trust Instrument and of the Agency Agreement, be transferred by the registered holder free of and without regard to any set-off, counterclaim or equity between the relevant Issuer and the first or any subsequent registered holder of such Securities, in whole or in part (being the Specified Denomination(s) of the Securities given in the Issue Terms, or an integral multiple thereof), by delivery of the relevant certificate or certificates to the Registrar at its specified office together with the form of transfer in writing duly completed and signed and upon compliance with such transfer restrictions which may be set out on the legend and such other reasonable requirements as the relevant Issuer and the Registrar may prescribe, without service charge but upon payment, by the transferor or transferee (as applicable), of any taxes, duties and other governmental charges in respect of such transfer.

No transfer of a Registered Security shall be recognised by the relevant Issuer unless entered on the Register. In no event may the Registrar register the transfer of a Regulation S Global Certificate or an Individual Certificate in violation of the restrictive legend (if any) set out on the face of such Security. A Registered Security may be registered only in the name of, and transferred only to, a named person (or persons, not exceeding 4 in number) and the Registrar will not accept transfers of Registered Securities to “bearer”.

The Registrar will within 14 days of any duly made request to register the transfer of a Registered Security enter the transferee in the Register and authenticate and deliver a Registered Security certificate to the transferee (and, in the case of transfer of part only of a Registered Security, a Registered Security certificate for the untransferred balance to the transferor), at the specified office of the Registrar, or (at the risk and, if mailed at the request of the transferee or, as appropriate, transferor otherwise than by ordinary uninsured mail, expense of the transferee or, as appropriate, transferor) mail the Registered Security certificate to such address, subject to the restrictions (if any) specified in the Issue Terms, as the transferee (or, as appropriate, the transferor) may request or, alternatively, in the case of transfers effected through the Stock Exchange (if any) on which the relevant Issuer has agreed to maintain a listing of the Securities or any other recognised stock exchange or similar market approved by the relevant Issuer, will deliver the Registered Security certificate in accordance with the normal procedures and systems of such exchange or market.

(b) **General**

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Information Memorandum, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (A) holders of Securities holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the relevant Issuer and holders of Securities of whom a certain related person holds a substantial interest in the relevant Issuer. Generally speaking, a substantial interest in the relevant Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of 5% or more of the total issued capital of the relevant Issuer or of 5% or more of the issued capital of a certain class of shares of the relevant Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the relevant Issuer;
- (B) investment institutions (*fiscale beleggingsinstellingen*);
- (C) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax;
- (D) persons to whom the Securities and the income from the Securities are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands income tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands gift and inheritance tax Act (*Successiewet 1956*);
- (E) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, to which permanent establishment or permanent representative the Securities are attributable; and

- (F) individuals to whom Securities or the income there from are attributable to employment activities which are taxed as employment income in the Netherlands.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Withholding Tax

All payments made by the relevant Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein provided that the Securities do not in fact function as equity of the relevant Issuer within the meaning of article 10, paragraph 1, under d of the Netherlands corporate income tax act 1969 (*Wet op de vennootschapsbelasting 1969*).

Corporate and Individual Income Tax

1.2 Residents of the Netherlands

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25%).

If an individual is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52%) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (A) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (B) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (A) nor condition (B) applies, an individual that holds the Securities, must determine taxable income with regard to the Securities on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a rate of between 2.87% and 5.39% of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold. The individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Securities less the fair market value of certain qualifying liabilities on 1 January. The fair market value of

the Securities will be included as an asset in the individual's yield basis. The deemed return on income from savings and investments is taxed at a rate of 30%.

1.3 Non-residents of the Netherlands

If a person is not a resident nor is deemed to be a resident of the Netherlands for Netherlands tax purposes, such holder is not liable to Netherlands income tax in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, unless:

- (A) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25%.

- (B) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realises income or gains with respect to the Securities that qualify as income from miscellaneous activities (resultaat uit overige werkzaamheden) in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Securities which exceed regular, active portfolio management (normaal, actief vermogensbeheer), or (3) is (other than by way of securities) entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

Income derived from the Securities as specified under (1) and (2) is subject to individual income tax at up to a maximum rate of 52%. Income derived from a share in the profits as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Securities) will be part of the individual's Netherlands yield basis.

Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Security by way of gift by, or on the death of, a holder of a Security, unless:

- (A) the holder of a Security is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (B) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

For the purpose of Dutch gift and inheritance tax, an individual who has the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift or the date of his death, if he has been a resident of the Netherlands at any time during the ten years preceding the date of the gift or the date of his death.

For the purposes of Dutch gift tax, an individual who does not have the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift, if he has been a resident of the Netherlands at any time during the twelve months preceding the date of the gift.

Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

2. Spanish Taxation

General

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be, legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Securities or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Securities and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, regional or local law in Spain, to which they may be subject.

Individuals with Tax Residence in Spain

(a) Personal Income Tax

Personal Income Tax is levied on an annual basis on the worldwide income obtained by Spanish tax resident individuals, whatever its source and wherever the relevant payer is established. Therefore any income that a Spanish holder of the Securities may receive under the Securities will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Securities obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

These amounts will be included in the savings part of the taxable income subject to Personal Income Tax at the following tax rates:

- (A) for taxable income up to €6,000: 19%;
- (B) for taxable income from €6,001 to €50,000: 21%; and
- (C) for any amount in excess of €50,000: 23%.

Spanish holders of the Securities shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Securities will be calculated as the difference between (i) their disposal, redemption or reimbursement value and (ii) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Securities may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses related to the management and deposit of the Securities, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the Securities cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Securities, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Securities, if any.

(b) Inheritance and Gift Tax

Inheritance and Gift Tax is levied on transfers of the Securities upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee (i.e. heirs and donees). It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. General tax rates currently range between 7.65 and 34% depending on the particular circumstances, although the final tax payable may increase up to 81.6%. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

(c) Wealth Tax

Individuals with tax residence in Spain are subject to an annual Wealth Tax each 31 December which is levied on their total net wealth, regardless of the location of their assets (such as the Securities) or of where their rights may be exercised.

Wealth Tax has been temporarily restored for the tax period 2017. General marginal tax rates currently range between 0.2 and 2.5%, although the tax situation may vary depending on any applicable regional tax laws and some reductions could apply. Individuals with tax residence in Spain who are under the obligation to pay Wealth Tax must take into account the value of the Securities which they hold as at 31 December each year, when calculating their Wealth Tax liabilities.

Legal Entities with Tax Residence in Spain

Corporate Income Tax

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Securities obtained by entities which are tax resident in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for Spanish Corporate Income Tax taxpayers is currently 25%. Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Securities, if any.

Individuals and Legal Entities with no Tax Residence in Spain

A non-resident holder of the Securities who has a permanent establishment in Spain to which such Securities are attributable is subject to Spanish Non-Residents Income Tax on any income obtained under the Securities including both interest periodically received and income arising on the disposal, redemption or reimbursement of the Securities. In general terms, the tax rules applicable to individuals and legal entities with no tax residence in Spain but acting through a permanent establishment in Spain are the same as those applicable to Spanish tax resident Corporate Income Tax taxpayers (see "*Legal Entities with Tax Residence in Spain – Corporate Income Tax*" above).

Spanish Withholding Tax

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Securities or intervenes as manager in the collection of any income under the Securities, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Securities. Currently, the withholding tax rate in Spain is 19%.

Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish tax resident individuals, or against final Spanish Corporate Income Tax liability, in the case of Spanish Corporate Income Tax taxpayers, or against final Spanish Non-Residents Income Tax liability, in the case of Spanish permanent establishments of non-resident investors.

However, holders of the Securities who are Corporate Income Tax Taxpayers or Non-Residents Income Tax Taxpayers acting through a permanent establishment in Spain to which the Securities are effectively connected can benefit from a withholding tax exemption when the Securities are listed on an OECD official stock exchange. This will be the case as the Securities are expected to trade on the Irish Stock Exchange's Regulated Market and to be listed on the Irish Stock Exchange.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the Regulations on Spanish Personal Income Tax (Royal Decree 439/2007, of 30 March, as amended) and Corporate Income Tax (Royal Decree 634/2015, of 10 July 2015) when intervening in the transfer or reimbursement of the Securities.

Indirect Taxation

The acquisition, transfer, redemption, reimbursement and exchange of the Securities will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax in Spain.

Disclosure obligations in connection with assets held abroad by Spanish resident natural and legal persons (Form 720).

According to Law 7/2012, Spanish resident natural or legal persons holding certain categories of assets abroad (including inter alia all types of debt securities) may be potentially liable to report them to the Spanish tax authorities on a yearly basis (filing in respect of Securities held as of 31 December 2016 will be due by 31 March 2017) in certain circumstances. Accordingly, any Spanish resident individual and corporate investors using a non-Spanish resident custodian to hold the Securities may be potentially liable to comply with such reporting obligations in respect of the Securities, if certain conditions are met. Failure to meet this new reporting obligation may trigger significant tax penalties and other tax implications.

3. United States Taxation

The relevant Series Information Memorandum relating to any U.S. Series will set out information regarding the U.S. federal income tax treatment of any such Securities.

4. United Kingdom Taxation

The following applies to persons who are the beneficial owners of the Securities and is a summary of the relevant Issuer's understanding of current law and HM Revenue & Customs practice in the United Kingdom relating to the deduction of United Kingdom income tax from payments of interest on the Securities. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the relevant Issuer) to whom special rules may apply. Prospective Securityholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

(a) Payment of interest on the Securities

Payments of interest on the Securities may be made without withholding or deduction for or on account of United Kingdom income tax unless such interest is regarded as having a United Kingdom source for United Kingdom tax purposes. This will depend on the terms of the relevant Securities and prospective Securityholders should therefore take legal advice on the question of whether any particular Securities carry a right to United Kingdom source interest.

In the case of interest on Securities which is regarded as having a United Kingdom source, no United Kingdom income tax will be required to be deducted from such interest in the following circumstances:

- (A) where the Securities are and continue to be listed on a recognised stock exchange within the meaning of section 1005 of the Income Tax Act 2007. The Irish Stock Exchange is a recognised stock exchange. Securities will satisfy this requirement, and hence the relevant Issuer will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom tax, provided such Securities are officially listed in Ireland in

accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Irish Stock Exchange; and

- (B) where the interest is payable on Securities which have a maturity of 364 days or less (and those Securities are not issued under a scheme or arrangements the effect of which is to render such Securities part of a borrowing intended to be capable of remaining outstanding for a year or more).

In other cases where interest on the Securities has a United Kingdom source, an amount must generally be withheld from payments of interest on the Securities on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to such relief as may be available following a direction from HM Revenue & Customs pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

The preceding information contained in this paragraph (a) (*Payment of interest on the Securities*) only applies to amounts which are treated as “interest” for United Kingdom tax purposes, and not to amounts which are treated as annual payments or manufactured payments. Whether or not any given series of Securities carries a right to annual payments or manufactured payments will depend on the terms of the relevant Securities and prospective Securityholders should therefore take appropriate professional advice on the question of whether any particular Securities carry a right to such payments.

5. Irish Taxation

General

The following is a summary based on the laws and practices currently in force in Ireland of Irish withholding tax on interest and addresses the tax position of investors who are the absolute beneficial owners of the Securities. Particular rules not discussed below may apply to certain classes of taxpayers holding Securities, including dealers in securities and trusts. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Securities. Prospective investors in the Securities should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Securities and the receipt of payments thereon under the laws of their country of residence, citizenship or domicile.

Irish Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The relevant Issuer will not be obliged to withhold Irish income tax from payments of interest on the Securities so long as such payments do not constitute Irish source income. Interest paid on the Securities may be treated as having an Irish source if:

- (a) the relevant Issuer is resident in Ireland for tax purposes; or
- (b) the relevant Issuer has a branch or permanent establishment in Ireland, the assets or income of which are used to fund the payments on the Securities; or
- (c) the relevant Issuer is not resident in Ireland for tax purposes but the register for the Securities is maintained in Ireland or (if the Securities are in bearer form) the

Securities are physically held in Ireland.

It is anticipated that, (i) the relevant Issuer is not and will not be resident in Ireland for tax purposes; (ii) the relevant Issuer does not and will not have a branch or permanent establishment in Ireland; and (iii) bearer Securities will not be physically located in Ireland and the relevant Issuer will not maintain a register of any registered Securities in Ireland.

Irish Encashment Tax

Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) on any interest, dividends or annual payments payable out of or in respect of the stocks, funds, shares or securities of a company not resident in Ireland, where such interest, dividends or annual payments are collected or realised by a bank or encashment agent in Ireland.

Encashment tax will not apply where the holder of the Securities is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

6. Hiring Incentives to Restore Employment Act

The HIRE Act introduced Section 871(m) of the Code which treats a “dividend equivalent” payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30% U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the “IRS”). A “dividend equivalent” payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a “specified notional principal contract” that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii).

U.S. Treasury regulations issued under Section 871(m) of the Code (the “Section 871(m) Regulations”) generally impose a 30% withholding tax on certain non-US holders of the Securities with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, as determined on the Security's issue date based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Security a “Specified Security”). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. If the relevant Issuer or any withholding agent determines that withholding is required, neither the relevant Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Security are subject to a “significant modification” such that the Security is treated as retired and reissued, it could lose its “grandfathered” status and might become a Specified Security based on economic conditions in effect at that time.

Upon the issuance of a series of Securities, the relevant Issuer will state in the Issue Terms if it has determined that they are Specified Securities, in which case a non-U.S. holder of the Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The relevant Issuer’s determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Debt Investments.

7. The proposed financial transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Securities (including secondary market transactions) in certain circumstances. The issuance and subscription of Securities should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate.

Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.

8. The Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting or related requirements. The relevant Issuer has registered with the U.S. Internal Revenue Service as a reporting foreign financial institution for these purposes.

A number of jurisdictions (including the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the

provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, such withholding would not apply prior to 1 January 2019 and Securities issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer) and/or characterised as equity for U.S. tax purposes. However, if additional Securities (as described under “Terms and Conditions – Further Issues”) that are not distinguishable from previously issued Securities are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all such Securities, including those Securities offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Securityholders should consult their own tax advisors regarding how these rules may apply to their investment in the Securities. In the event that any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Securities, no person will be required to pay additional amounts as a result of the withholding.

Subscription and Sale and Transfer Restrictions

Unless otherwise specified in the relevant Series Information Memorandum, the following selling restrictions shall apply:

United States

European Union

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Information Memorandum as completed by the Issue Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (A) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or

provided that no such offer of Securities shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Securities to the public” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

United Kingdom

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (B) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer.

Spain

Neither the Securities nor the Information Memorandum have been registered with the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*). Therefore, neither the Securities nor the Information Memorandum are intended for any public offer of the Securities in the Kingdom of Spain in compliance with the requirements of Royal Decree 4/2015, of 23 October, on the Spanish Securities Market (as amended from time to time) implementing the Prospectus Directive, Royal Decree 1310/2005, of 4 November, on admission to listing and on issues and public offers of securities (as amended from time to time) and any other regulation developing them which may be in force from time to time. Accordingly, no Securities will be offered, marketed nor may copies of the Information Memorandum or of any other document relating to the Securities be distributed in the Kingdom of Spain, except in other circumstances which are exempted from the rules on public offerings pursuant to Article 35 of Royal Decree 4/2015, of 23 October, on the Spanish Securities Market.
