Under the Securitised Holding Abwab Market Access Listed ("**SHAMAL**") Notes Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), EFG-Hermes MENA Securities Limited (the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue participation notes (the "**Notes**"). The Notes issued by EFG-Hermes MENA Securities Limited will be guaranteed by EFG-Hermes Holding S.A.E. (the "**Guarantor**"). The Notes will be subject to the terms and conditions set out in this Base Prospectus as completed by the final terms specific to a particular issue of Notes (the "**Final Terms**") and/or a Drawdown Prospectus (as defined below), as applicable. The maximum aggregate principal amount of Notes outstanding at any one time under the Programme may not exceed US\$5,000,000,000 (or its equivalent in other currencies) (and, for this purpose, any Notes denominated in any other currency shall be converted into US dollars at the date of the agreement to issue such Notes).

The Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under Directive 2003/71/EC (the "**Prospectus Directive**"). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to Notes which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area. This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of the Prospectus Directive.

Application will be made to the Irish Stock Exchange (the "**Irish Stock Exchange**") for Notes issued under the Programme on and during the period of twelve months after the date hereof to be admitted to the Official List and trading on its regulated market. No assurances can be given that such application for admission to trading will be granted. Such market is a regulated market for the purposes of the Markets in Financial Instruments Directive ("**MiFID**"). For each Series of Notes to be listed and admitted to trading on the regulated market of the Irish Stock Exchange, Final Terms and/or Drawdown Prospectus (as defined below), as applicable, will be filed with the Central Bank in its capacity as competent authority in Ireland as required by the Prospectus (Directive 2003/71/EC) Regulations 2005 of Ireland (the "**Irish Prospectus Regulations**") on or before the date of admission to listing and trading on the regulated market of the Irish Stock Exchange of such Series of Notes. Notes may be listed and admitted to trading on such other regulated market or further stock exchanges as may be agreed between the Issuer and each Dealer (as defined below), and may also be unlisted.

Each Tranche (as defined herein) of Notes in bearer form will initially be represented by either (i) a temporary global note (a "**Temporary Global Note**") which will be exchangeable for a permanent global note (a "**Permanent Global Note**"), and together with each Temporary Global Note, a "**Global Note**") or (ii) a Permanent Global Note. Global Notes will be deposited on or about the issue date of the Notes with a common depositary on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"). Each Series of Notes in registered form, without interest coupons or principal receipts, will be represented on issue by a Global Certificate (a "**Global Certificate**") which will be deposited on the Issue Date with Euroclear and

Clearstream Luxembourg. Ownership interests in the Global Certificates will be shown on, and transfers thereof will only be effected through, records maintained by Euroclear and Clearstream, Luxembourg, respectively and their respective participants. US Persons may not hold an interest in a Global Note or a Global Certificate at any time.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**") OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION.

The Notes will only be offered outside the United States to non-US Persons in offshore transactions in compliance with Regulation S ("**Regulation S**") under the Securities Act ("**Regulation S Notes**"). The Notes may not be offered or sold within the United States or to, or for the account or benefit of, a US Person ("**US Person**" means "**US person**" as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Neither the Issuer nor the Guarantor will be registered under the Investment Company Act. Interests in the Notes will be subject to certain restrictions on transfer. See section entitled "Subscription and Sale".

The Notes can involve a high degree of risk and potential investors should be prepared to sustain a total loss of the purchase price of the Notes. The Notes are intended for sale only to those investors capable of understanding the risk entailed in such instruments. Prospective purchasers of Notes should ensure that they understand the nature of the Notes as an investment in light of their own circumstances and financial condition. Prospective purchasers of the Notes should conduct their own investigations and, in deciding whether or not to purchase Notes, should form their own views of the merits of an investment related to the Notes based upon such investigations and not in reliance upon any information given in this Base Prospectus and the Final Terms and/or Drawdown Prospectus (as applicable). If in doubt potential investors are strongly recommended to consult with their financial advisers before making any investment decision. See the section entitled "Risk Factors".

Investing in the Notes puts your capital at risk. You may lose some or all of your investment.

This Base Prospectus has been prepared for the purpose of allowing the Notes issued under the Programme to be admitted to the Official List of the Irish Stock Exchange and for such securities to be admitted to trading on the Irish Stock Exchange's regulated market and for the purpose of giving information with regard to the Issuer, the Guarantor and the Notes which, according to the particular nature of the Issuer, the Guarantor and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, the Guarantor and of the rights attached to the Notes.

The Issuer and the Guarantor both accept responsibility for the information contained in this Base Prospectus. To the best of their knowledge and belief (having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus is to be read in conjunction with the documents incorporated herein by reference (see section entitled "Documents Incorporated by Reference"). This Base Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus.

Neither the Issuer nor the Guarantor intends to provide any post-issuance information or has authorised the making or provision of any representation or information regarding the Issuer, the Guarantor or the Notes other than as contained or incorporated by reference in this Base Prospectus, in any other document prepared in connection with the Programme or any Final Terms and/or Drawdown Prospectus (as applicable) or as expressly approved for such purpose by the Issuer or the Guarantor. Any such representation or information should not be relied upon as having been authorised by the Issuer or the Guarantor. The delivery of this document or the delivery of any Final Terms and/or Drawdown Prospectus (as applicable) at any time does not imply that any information contained herein is correct at any time subsequent to the date hereof.

This Base Prospectus does not constitute an offer of Notes, and may not be used for the purposes of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised, or to any person to whom it is unlawful to make such offer or solicitation and no action is being taken to permit an offering of the Notes or the distribution of this Base Prospectus in any jurisdiction where any such action is required except as specified herein. The Notes have not been, and will not be, registered under the Securities Act, or the securities laws of any state of the US or any other jurisdiction and the Notes may not be offered or sold within the US or to, or for the account or benefit of US Persons (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws.

The purchaser of any Note, by such purchase, agrees that such Note is being acquired for its own account and not with a view to distribution and may be resold, pledged or otherwise transferred only (1) to the Issuer (upon redemption thereof or otherwise), or (2) outside the United States to a non-US Person in an offshore transaction in reliance on Regulation S, in each case, in compliance with all applicable securities laws of any state of the United States or any other jurisdiction.

Each purchaser of Notes offered hereby in making its purchase will be deemed to have made, and in some cases shall be required to affirmatively make, certain acknowledgements, representations and agreements as set out herein, and in limited circumstances will be required to make, under "Subscription and Sale" and "Transfer Restrictions". The Notes may not be offered or sold within the United States or to, or for the account or benefit of, US Persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Interests in the Notes will be subject to certain transfer restrictions set out in the legend of title certificate, representing such Notes, and each transferee of a note or an interest therein will be required to represent that it is a non-US Person and each purchaser of Notes will only transfer its beneficial interest in such Note, upon

receipt of any certificate of transfer required by the Agency Agreement. See "Transfer Restrictions" below.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this document comes are required by the Issuer and the Guarantor to inform themselves about, and to observe any such restrictions. See section entitled "Transfer Restrictions".

THIS DOCUMENT MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE TRANSMITTED OR DISTRIBUTED TO PERSONS WITHIN THE UNITED STATES OR TO "US PERSONS", AS DEFINED IN REGULATIONS UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**").

The Dealer may promote the Notes (or appoint a third party to promote the Notes) in the United Kingdom only to persons falling within either Article 19 (investment professionals) or Article 49 (high net worth companies, unincorporated associations, etc.) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 and not to any other person unless it is possible to do so without breaching the restriction in section 21(1) of the Financial Services and Markets Act 2000 (the "**FSMA**"), and the Dealer considers it appropriate to do so in any particular case. These Notes are not intended to be promoted to retail investors in the UK, and the Dealer will not do so. Subsequent purchasers of the Notes are informed of this and must ensure (and have the sole responsibility of ensuring) that any subsequent sale of the Notes by them is done in accordance with FSMA and the Financial Services Authority Rules (the "**FSA Rules**").

This Base Prospectus has been prepared by the Issuer solely for use in connection with the offering of the Notes described herein. Each of the Issuer and each Dealer reserves the right to reject any offer to purchase the Notes in whole or in part for any reason, or to sell less than the stated initial principal amount of any Notes offered hereby. This Base Prospectus is personal to each offeree to whom it has been delivered by the Issuer or the relevant Dealer or any Affiliate and/or representative thereof and does not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire the Notes. Distribution of this Base Prospectus to any persons other than the offeree and those persons, if any, retained to advise such offeree with respect thereto is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited, save as otherwise authorised under this Base Prospectus, in particular, the sections "Income Tax Considerations", "Certain ERISA Considerations" and "Transfer Restrictions". Each prospective purchaser in the United States, by accepting delivery of this Base Prospectus, agrees to the foregoing and to make no copies of this Base Prospectus or any documents related hereto.

Notwithstanding anything herein to the contrary, each offeree (and each employee, representative, or other agent of such offeree) may disclose to any and all other persons, without limitation of any kind, the tax treatment and tax structure of the transactions described herein (including the ownership and disposition of the Notes) and all materials of any kind (including opinions or other tax analyses) that are provided to the offeree relating to such tax treatment and tax structure. However, any such information relating to the tax treatment or tax structure is required to be kept confidential to the extent reasonably necessary to comply with applicable federal or state laws. For the purposes of this paragraph, the terms "tax treatment" and "tax structure" have the meaning given to such terms under United States Treasury Regulation Section 1.6011-4(c) and applicable state and local law.

No Dealer has separately verified the information contained in this Base Prospectus. No Dealer makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. This Base Prospectus is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Guarantor or any Dealer that any recipient of this Base Prospectus should purchase the Notes. Each potential purchaser of Notes should determine for himself or herself the relevance of the information contained in this Base Prospectus and any purchase of Notes should be based upon such investigation as such potential purchaser deems necessary. No Dealer undertakes to review the financial condition or affairs of any of the Issuer or the Guarantor during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any Dealer.

In particular, none of the Issuer, the Guarantor nor any Dealer accepts responsibility in respect of the accuracy or completeness of the information set forth in the relevant Final Terms and/or Drawdown Prospectus, as applicable, concerning the Shares and their obligations or that there has not occurred any event which would affect the accuracy or completeness of such information. Further, the relevant Final Terms and/or Drawdown Prospectus, as applicable, may include tables showing the high and low levels or prices (as applicable) of the Shares (if any) for the periods indicated. While such tables provide some historical data regarding the risks of investing in the Shares, past results are not necessarily indicative of future performance. Prospective purchasers of the relevant Notes are advised to consult their own legal, tax, accountancy and other professional advisers to assist them in determining the suitability of Notes for them as an investment. Each prospective purchaser of Notes should be fully aware of and understand the complexity and risks inherent in Notes before it makes its investment decision in accordance with the objectives of its business.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to "US\$", "USD", "\$" and "US Dollars" are to United States dollars, to "euro" and "€" are to the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended, and to "Sterling" and "£" are to the currency of the United Kingdom.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer, subject to compliance with all relevant laws, regulations and directives, may from time to time issue Notes. Notes issued by the Issuer will be guaranteed by the Guarantor. Application will be made to the Irish Stock Exchange for certain Notes issued under the Programme on and during the period of 12 months after the date hereof to be admitted to the Official List and trading on its regulated market. No assurances can be given that such application for admission to trading will be granted.

Subject to compliance with all applicable laws, regulations and directive, Notes may have a minimum maturity of one day and shall have such denomination as may be specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable) (and in any currency). The aggregate nominal amount of Notes outstanding at any one time under the Programme is subject to a maximum of US\$5,000,000,000 (or its equivalent in other currencies) (and, for this purpose, any Notes denominated in any other currency shall be converted into US dollars at the date of the agreement to issue such Notes).

On the issue date of a series of Notes, an investor will pay the purchase price of the Notes on such terms as shall be agreed with the Dealer. During the term of the Notes, the Issuer will pay investors any cash dividend declared and received during the applicable period by a Hypothetical Investor as holder of the Aggregate Number of Shares. On the maturity date of the Notes, the redemption amount payable to each investor holding the Notes shall be based on the volume weighted average price at which a Hypothetical Investor could have sold the Aggregate Number of Shares on the Exchange during the Valuation Period, as adjusted for conversion of the currency of the Shares to the currency of the Notes, and subject to adjustment due to certain adjustment events specified in the Terms and Conditions of the Notes, and after deducting certain costs, expenses and taxes specified in the Terms and Conditions of the Notes.

Unless otherwise specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable), Deutsche Bank AG, London branch will act as Fiscal Agent, EFG-Hermes UAE Limited will act as Calculation Agent, and Deutsche Bank Luxembourg S.A. will act as Registrar and Transfer Agent.

The terms and conditions of the Notes are set out in the "Terms and Conditions" and will be completed and amended by the relevant Final Terms and/or Drawdown Prospectus (as applicable) in respect of each Tranche of Notes to be issued under the Programme.

The Issuer was incorporated on 9 August 2007. Its principal business is the issuance of participation notes. The Issuer will enter into certain arrangements and/or agreements in order to hedge its payment obligations under the Notes.

The joint and limited liability of the shareholders of the Guarantor to meet any insufficiency in the assets of the Guarantor will only apply upon liquidation of the Guarantor. Therefore, prior to any liquidation of the Guarantor, holders of the Notes may only have recourse to the assets of the Guarantor and not to those of its shareholders. The major shareholders of the Guarantor are described under the section entitled "Information about EFG-Hermes Holding S.A.E." below.

The Guarantor was incorporated in Egypt on 16 June 1998. Its principal business is investment banking, asset management, private equity, securities brokerage and research.

Dealer:	Unless otherwise provided in the applicable Final Terms and/or Drawdown Prospectus (as applicable), Financial Brokerage Group will act as Dealer to purchase, procure the placement of and/or distribute the Notes to be sold outside the United States to non-US Persons in reliance on Regulation S under the Securities Act.
Form of Notes:	Notes may be issued in bearer or registered form. Each series of Bearer Notes will initially be in the form of a Temporary Global Note or a Permanent Global Note, as specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable). Each Temporary Global Note or Permanent Global Note will be deposited on or about the Issue Date with a common depository for Euroclear and/or Clearstream Luxembourg. Each Temporary Global Note shall be exchangeable for a Permanent Global Note. US Persons may not hold an interest in a Global Note at any time. See Condition 2 (<i>Form, Denomination and Title</i>) and the section entitled "Transfer Restrictions" below. Registered Notes sold outside the United States to non-US Persons in reliance on Regulation S under the Securities Act (which will be deposited on the Issue Date with Euroclear and Clearstream, Luxembourg) will each be represented on issue by beneficial interests in one or more permanent Global Certificates in fully registered form, without interest coupons or principal receipts (each, a "Global Certificate" and together, the " Global Certificates "). US Persons may not hold an interest in a Global Certificate at any time. See Condition 2 (<i>Form, Denomination and Title</i>) and the section entitled "Transfer Restrictions" below. Bearer Notes and any coupons relating to such Notes will contain the following legend: THIS OBLIGATION MAY NOT BE OWNED BY A UNITED STATES PERSON. ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE OF THE UNITED STATES.
Issue Price:	The Issue Price will, in respect of each series of Notes (a " Series "), be set out in the applicable Final Terms and/or Drawdown Prospectus (as applicable) (and expressed either as a monetary amount or as a percentage of the aggregate nominal amount, as appropriate). The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the Guarantor at the time of issuance in accordance with prevailing market conditions.
Specified Denomination of the Notes:	The Notes may be issued in such denomination as may be specified in the applicable Final Terms and/or Drawdown Prospectus (as applicable) as at the date of issue (including in amounts of less than USD1 or its equivalent in any other currency), which will, unless otherwise specified in the applicable Final Terms and/or Drawdown Prospectus (as applicable), be the Initial Price of a Share.
Shares:	The Notes will be linked to Shares as specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable).
Final Redemption Amount:	Each Note will be linked to a number of Shares specified in the applicable Final Terms and/or Drawdown Prospectus (as applicable).

The Final Redemption Amount of each Note at maturity will be based on the volume weighted average price at which a Hypothetical Investor could have sold the Aggregate Number of Shares on the Exchange during the Valuation Period, as adjusted for conversion of the currency of the Shares to the currency of the Notes at the prevailing spot rate as determined by the Calculation Agent on or about the date of receipt of the sale proceeds by a Hypothetical Investor, and subject to adjustment due to certain adjustment events specified in the Terms and Conditions of the Notes, and after deducting certain costs, expenses and taxes specified in the Terms and Conditions of the Notes.

Early Redemption:

Early redemption will only be permitted prior to maturity in whole but not in part for reasons of illegality or potentially on the occurrence of certain events (being, a Merger Event, Tender Offer, Nationalisation, Liquidation, Delisting, Change of Law, Insolvency, Jurisdictional Event, Trading Failure, Hedging Disruption and CMA Order) as set out in Condition 6 (*Adjustments and Additional Redemption Events*) and/or upon an Event of Default under Condition 12 (*Events of Default*).

The Early Redemption Amount shall be calculated in the same manner as the Final Redemption Amount as described above save that the Valuation Date shall be the date following as soon as practicable after the Calculation Agent has become aware of the event leading to the early redemption of the Notes.

Issuer Buy-back/Further Issuer Orders:

If so specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable) (and subject to the exceptions, qualifications and requirements therein, including, without limitation, the state of the market as determined by the Calculation Agent), the Issuer shall at the request of a Noteholder (a) provide indicative bid and ask prices in respect of the Notes, and/or (b) accept a sale order from a Noteholder specifying a certain number of Notes to be sold.

See the section entitled "Form of Final Terms for Notes – Annex – Buy-Back Provision" below for an example of Issuer Buy-back/further Issuer orders provisions.

Settlement Currency:

The Settlement Currency of the Notes is the currency of denomination of the Notes. The Settlement Currency may be different than the currency the Shares or any cash dividend payable thereunder. The weakening of a country's currency relative to the Settlement Currency will negatively affect the value of the Notes.

FX Disruption Condition:

Pursuant to Condition 7 (*FX Disruption Condition*), an FX Disruption Condition comprises certain events that may affect the convertibility or transferability of the Reference Currency for the Settlement Currency (or in relation to an applicable intermediate currency). If an FX Disruption Condition continues to exist for five years after its determination (or, if the Reference Jurisdiction of the Notes is the Kingdom of Saudi Arabia, a period ending on the earlier of (i) such five year anniversary date and (ii) the date falling four years after the Trade Date (notwithstanding that such date may be the Maturity Date of the Notes and therefore no extension of the term of the Notes could occur)), then the Notes shall be deemed to have been redeemed on such date without any payment on the part of the Issuer (or Guarantor) (and without entitlement to any interest) and the Issuer's obligations under the Notes (and the Guarantor's obligations under the Guarantee) shall be deemed to have been discharged in full.

Additional Amounts:	Unless specified as " not applicable " in the applicable Final Terms and/or Drawdown Prospectus (as applicable), the Issuer shall pay each Noteholder an Additional Amount (if any) equal to the amount of any cash dividends per Share (as determined by the Calculation Agent in its sole discretion), which would have been received by a Hypothetical Investor (and in respect of which the ex-dividend date has occurred) during the Additional Amount Period specified in the applicable Final Terms and/or Drawdown Prospectus (as applicable), after deduction of taxes, and after conversion thereof into the Settlement Currency of the Notes.
Adjustments:	If (i) certain adjustment events occur which could have a diluting or concentrative effect on the Shares or (ii) certain other events occur (being, a Merger Event, Tender Offer, Insolvency, Jurisdictional Event, Trading Failure, Hedging Disruption and CMA Order), the Calculation Agent may, (other than as a consequence of a Potential Adjustment Event, Merger Event or Tender Offer, in its sole and absolute discretion), make appropriate adjustments to the Terms and Conditions of the relevant Notes, or (in the case of adjustment events under (i) only) issue further Notes (including notes of a different Series) to account for that event (or in the case of (ii), determine that the Notes shall be redeemed at their Early Redemption Amount). See Condition 6 (<i>Adjustments and Additional Redemption Events</i>) of the Notes.
Interest:	The Notes are not interest-bearing. However, see "Additional Amounts" above.
Status of Notes:	The Notes will constitute unsubordinated and unsecured obligations of the Issuer as described in Condition 3 (<i>Status and Guarantee</i>).
Status of the Guarantee:	The Notes will be unconditionally and irrevocably guaranteed by the Guarantor, on an unsubordinated and unsecured basis as described in Condition 3 (<i>Status and Guarantee</i>).
Calculation Agent:	EFG-Hermes UAE Limited
Fiscal Agent:	Deutsche Bank AG, London Branch
Registrar:	Deutsche Bank Luxembourg S.A.
Transfer Agent:	Deutsche Bank Luxembourg S.A.

2. Summary of the Risk Factors

Prospective investors should consider carefully the risks set forth below, the other information contained in this Base Prospectus prior to making any investment decision with respect to the Notes. Each of the risks highlighted could have a material adverse effect on the amount of principal and the return, which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes. AS A RESULT, INVESTORS COULD LOSE SOME OR ALL OF THEIR INVESTMENT.

The Notes involve complex risks, which include equity market risks and may include interest rate, foreign exchange and/or political risks.

Before buying Notes, investors should carefully consider, among other things, (i) the trading price of the Shares, (ii) the value and volatility of the Shares, (iii) any change(s) in interim interest rates and dividend yields, (iv) any change(s) in currency exchange rates, (v) the depth of the market or liquidity of the Shares, (vi) the possible range of redemption amounts and (vii) any related transaction costs.

2.1 *Synthetic Investment in the Shares*

Investors should be aware that the Notes provide a synthetic investment in the Shares. Therefore, depending on the performance of the Shares, the value of the Shares at maturity may be substantially lower than when the Notes were initially purchased. There is no assurance that the Final Redemption Amount at maturity will be equal to or more than the purchase price of the Notes. In the worst case, the Notes may redeem at zero, exposing investors to the full loss of their initial investment. If investors have any doubt on the risk level implied, they should consult a professional investment adviser.

The Issuer makes no representation or warranty about, or guarantee of, the performance of the Shares. Past performance of the Shares cannot be considered to be either a guarantee of, or necessarily a guide to, future performance. The value of the Shares may go down as well as up during the term of the Notes.

2.2 *Early Redemption of the Notes*

The Notes may be redeemed in whole but not in part before the Maturity Date upon the occurrence of certain events more particularly described in Conditions 5 (*Redemption and Purchase*), 6 (*Adjustments and Additional Redemption Events*), 7 (*FX Disruption Condition*) and 13 (*Meeting of Noteholders and Modifications*) of the Notes, including, (a) the Issuer's obligations under the Notes become illegal; (b) the occurrence of a Merger Event or Tender Offer; (c) the nationalisation, liquidation or insolvency of the Share Issuer or the delisting or trading failure of the Shares; (d) the illegality or loss of the relevant Hedge Position or the occurrence of any event which reduces or eliminates any Hedge Proceeds or affects the ability of the Issuer or the Hedge Counterparty to establish, maintain or unwind any Hedge Position or make any payments thereunder; (e) certain events in relation to the jurisdiction of the Share Issuer; (f) (where the jurisdiction of the Share Issuer is the Kingdom of Saudi Arabia) a directive from the Capital Market Authority (or any successor or equivalent body) of the Kingdom of Saudi Arabia (the "**Capital Market Authority**") has requested that the Hedge Counterparty (or Issuer) terminate or

otherwise modify the Hedge Position or imposes any qualitative or quantitative limitation or any other requirements in relation to the Hedge Position, the Notes or the Guarantee); and/or (g) the occurrence of an Event of Default under the Notes.

Notes that are redeemed before the Maturity Date will be redeemed at their Early Redemption Amount, which is an amount per Note equal to the volume weighted average price at which a Hypothetical Investor could have sold the Aggregate Number of Shares on the Exchange during the Valuation Period in respect of such redemption (after deducting taxes and certain costs and expenses). It is possible that such amount could be less than the purchase price of the Notes and could be as low as zero.

2.3 *No Claim Against a Share Issuer, Share, Hedge Position or Hedge Counterparty*

A Note does not represent a claim against any Share Issuer and, in the event of any loss, a Noteholder will not have recourse under a Note to any Share Issuer nor shall a Noteholder have any legal, beneficial or other interest whatsoever in any of the Shares. In addition, a Note does not represent a claim against any Hedge Counterparty and, in the event of any loss, a Noteholder will not have recourse under a Note against the Hedge Counterparty nor have any interest whatsoever in the Hedge Position or the Hedge Proceeds.

2.4 *No Voting Rights*

If voting rights are attached to the Shares, neither the Issuer nor any of its affiliates is obliged to take account of the interests of the Noteholders and it is therefore possible that such rights may be exercised in a manner which is contrary to the interests of Noteholders.

In respect of Notes linked to Shares the Share Issuer of which is in the Kingdom of Saudi Arabia, in order to ensure compliance by the relevant Authorised Person acting as Hedge Counterparty with the applicable regulations in the Kingdom of Saudi Arabia with regard to any Hedge Position entered into between the relevant Authorised Person and the Issuer, it is a requirement that the relevant Authorised Person, the Issuer and each investor therein will not have any voting rights in respect of the relevant Shares.

2.5 *Currency Risk and FX Disruption Condition*

The Notes may be denominated in currencies other than the currency of the Shares or any cash dividend payable thereunder. The weakening of a country's currency relative to the Settlement Currency will negatively affect the value of the Notes. Currency valuations are linked to a host of economic, social and political factors and can fluctuate greatly, even during intra-day trading. It is important to note that some countries have foreign exchange controls which may include the suspension of the ability to exchange or transfer currency, or the devaluation of the currency. Hedging can increase or decrease the exposure to any one currency, but may not eliminate completely exposure to changing currency values.

Pursuant to Condition 7 (*FX Disruption Condition*), an FX Disruption Condition comprises certain events that may affect the convertibility or transferability of the Reference Currency for the Settlement Currency (or in relation to an applicable intermediate currency). If an FX Disruption Condition continues to exist for five years after its determination (or, if the Reference Jurisdiction of the Notes is the Kingdom of Saudi Arabia, a period ending on the earlier of (i) such five-year anniversary date and (ii) the date falling four years after the Trade Date (notwithstanding that such date may be the Maturity Date of the Notes and therefore no extension of the term of the Notes could occur)), then the Notes shall be deemed to have been redeemed on such date without any payment on the part of the Issuer (or Guarantor) (and without entitlement to any interest) and the Issuer's obligations under the Notes (and the Guarantor's obligations under the Guarantee) shall be deemed to have been discharged in full.

2.6 *Adjustments to the Terms of the Notes*

The Conditions provide that on the occurrence of certain specified events, more particularly described in Condition 6 (*Adjustment and Additional Redemption Events*) of the Notes, including, (a) the occurrence of a Potential Adjustment Event; (b) the occurrence of a Merger Event or Tender Offer, (c) the insolvency of the Share Issuer, (d) the trading failure of the Shares; (e) the occurrence of any event which reduces or eliminates any Hedge Proceeds or affects the ability of the Issuer or the Hedge Counterparty to establish, maintain or unwind any Hedge Position or make any payments thereunder);

(f) certain events in relation to the jurisdiction of the Share Issuer; and (g) (where the jurisdiction of the Share Issuer is the Kingdom of Saudi Arabia) the Capital Market Authority has requested that the Hedge Counterparty (or Issuer) terminate or otherwise modify the Hedge Position or imposes any qualitative or quantitative limitation or any other requirements in relation to the Hedge Position, the Note or the Guarantee, the Calculation Agent may, (other than the events described in (a) and (b) above) in its sole and absolute discretion, make such downward adjustment to any Additional Amount, the Early Redemption Amount and/or the Final Redemption Amount and/or any other adjustment to the terms of the Notes as it shall determine (taking into account the effect of such events on the Hedge Position). Such adjustments may negatively affect the value of any Additional Amount, Early Redemption Amount and/or Final Redemption Amount and/or the value of the Notes and may result in the Noteholder losing some or all of its investment in the Notes.

2.7 *Limited Liquidity of the Notes*

It is highly unlikely that the Notes will trade in the secondary market or that such market will be liquid. If so specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable) (and subject to the exceptions, qualifications and requirements therein, including, without limitation, the state of the market as determined by the Calculation Agent), the Issuer shall, at the request of a Noteholder, accept a sale order from a Noteholder specifying a certain number of Notes to be sold. However, any such potential sale by the Noteholder will be subject to (among other things) consideration by the Calculation Agent (in its sole and absolute discretion) as to whether market conditions at the relevant time make it impossible or impracticable to provide an indicative bid or ask price and/or to accept or execute such order and any other exceptions, qualifications and requirements as set forth in the relevant Final Terms and/or Drawdown Prospectus (as applicable).

2.8 *Additional Transfer Restriction*

Each purchaser of Notes will be required, as a condition of any purchase of such Notes, to execute a letter substantially in the form set out in "Form of Noteholder Letter" below to the Issuer, the Guarantor and the party specified as the "Authorised Person" therein (if any). In respect of Notes linked to Shares the Share Issuer of which is in the Kingdom of Saudi Arabia, such letter, among other things, authorises any of the Issuer, the Guarantor and the specified Authorised Person to disclose, (amongst other items), the purchaser's identity and the terms of such Notes to the Capital Market Authority and also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in favour of the Issuer, the Guarantor and the specified Authorised Person. Such letter also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in respect of US securities laws. The requirement on all purchasers of Notes to provide such letter may adversely affect the ability to transfer the Notes.

2.9 *Market Value of the Notes*

The market value for the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer and the value of the Shares, including but not limited to, the volatility of the Shares, the return rate on the Shares, the financial results and prospects of the relevant Share Issuer, market interest and yield rates and the time remaining to any redemption date or the Maturity Date. In addition, the value of the Shares depends on a number of inter-related factors, including economic, financial and political events in countries where the relevant Share Issuer operates and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Shares are traded. The price at which a Noteholder will be able to sell Notes prior to maturity may be at a discount, which could be substantial, from the accreted principal amount thereof, if, at such time, the market price of the Shares is below, equal to or not sufficiently above the market price of the Shares at the date of the Final Terms and/or Drawdown Prospectus (as applicable) pursuant to which the relevant Notes were issued.

2.10 *No Provision of Advice*

The Issuer has not provided and will not provide prospective purchasers of Notes with any information or advice with respect to the Shares, the Share Issuer or the Reference Jurisdictions and makes no representation as to the credit quality of the Share Issuer or the Reference Jurisdictions. The Issuer may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Share Issuer or the Reference Jurisdictions, which may not be provided to the Noteholders.

2.11 *Recent Events in Financial Markets*

The global economy is currently being affected by a crisis in the credit markets and is experiencing a general downturn and, in certain countries, a recession.

There exist significant risks for the Issuer and investors as a result of the current economic conditions. These risks include, among others, (i) the possibility that, on or after the Issue Date, the price of the Shares will be lower than the Initial Price (or possibly be zero), and (ii) the possibility that on or after the Issue Date, the Share Issuer, the Hedge Counterparty and/or the Guarantor may be subject to bankruptcy or insolvency proceedings. These additional risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to their stated maturity.

As the credit crisis continues it has had an increasing impact on the economic conditions in a number of jurisdictions. The slow down in growth or commencement of a recession in such economies will have an adverse effect on the business of the Share Issuers and may affect the Guarantor's ability to make any payments under the Guarantee or the Hedge Counterparty's ability to establish, maintain or unwind any Hedge Position or make any payments thereunder.

It is also possible that one of the effects of the global credit crisis and the failure of financial institutions will be an introduction of a significantly more restrictive regulatory environment including the implementation of new accounting and capital adequacy rules in addition to further regulation of derivative instruments. Such additional rules and regulations could adversely affect Noteholders and affect the Guarantor and/or Hedge Counterparty's ability to perform their obligations under the Guarantee or the Hedge Position respectively.

2.12 *Emerging Markets*

An investment in the Notes represents an investment in, among other things, emerging markets. Emerging Markets are located in countries that possess one or more of the following characteristics: a certain degree of political instability, relatively unpredictable financial markets and economic growth patterns, a financial market that is still at the development stage or a weak economy. Emerging markets investments usually result in higher risks such as event risk, political risk, economic risk, credit risk, currency rate risk, market risk, liquidity/gapping risk, regulatory/legal risk, trade settlement, processing and clearing risks and noteholder/shareholder risk as further described below.

2.13 *The Kingdom of Saudi Arabia*

In relation to any Notes linked to Saudi Shares, the Share Issuer of which is in the Kingdom of Saudi Arabia, in order to ensure: (a) compliance by the relevant "Authorised Person" (as described below) with the applicable regulations in the Kingdom of Saudi Arabia with regard to any Hedge Position entered into between the relevant "Authorised Person" acting as Hedge Counterparty and the Issuer and/or (b) that there is no mis-match in relation to the terms of any such Hedge Position (including as such terms may be adjusted and/or such Hedge Position may be terminated by the Capital Market Authority under the applicable regulations from time to time) and the terms of such Notes (and any such Hedge Position is for the benefit of the Issuer, and not for the benefit of any holder of such Notes):

- (a) each purchaser of such Notes will be required to make the additional disclosures and the authorisations, representations, confirmations and undertakings in "Form of Noteholder Letter" below to the Issuer, Guarantor and the party specified as the "Authorised Person" in such letter including authorising the disclosure by such "Authorised Person" of such purchaser's name, country of origin and details of Note holdings to the Capital Market Authority; and
- (b) the terms and conditions of such Notes shall include (amongst other features) that the Calculation Agent may in its sole and absolute discretion adjust the terms and conditions of the Notes and/or cause the redemption of the Notes (in each case, without the consent of Noteholders), as applicable, in order to ensure compliance with the Capital Market Authority and any limitations or other requirements that it may impose from time to time;

Any adjustment and/or early redemption of Notes linked to Shares, the Share Issuer of which is in the Kingdom of Saudi Arabia, may result in the loss of some or all of a purchaser's investment.

RISK FACTORS

Prospective investors should consider carefully the risks set forth below and also the other information contained in this Base Prospectus prior to making any investment decision with respect to the Notes. Each of the risks highlighted could have a material adverse effect on the amount of principal and the return which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

The Notes involve complex risks, which include equity market risks and may include interest rate, foreign exchange and/or political risks.

Before buying Notes, investors should carefully consider, among other things, (i) the trading price of the Shares, (ii) the value and volatility of the Shares, (iii) any change(s) in interim interest rates and dividend yields, (iv) any change(s) in currency exchange rates, (v) the depth of the market or liquidity of the Shares, (vi) the possible range of redemption amounts and (vii) any related transaction costs.

1. Risks relating to the Notes and the Shares

1.1 *Synthetic Investment in the Shares*

Investors should be aware that the Notes provide a synthetic investment in the Shares. Therefore, depending on the performance of the Shares, the value of the Shares at maturity may be substantially lower than when the Notes were initially purchased. There is no assurance that the Final Redemption Amount at maturity will be equal to or more than the purchase price of the Notes. In the worst case, the Notes may redeem at zero, exposing investors to the full loss of their initial investment. If investors have any doubt on the risk level implied, they should consult a professional investment adviser.

The Issuer makes no representation or warranty about, or guarantee of, the performance of the Shares. Past performance of the Shares cannot be considered to be either a guarantee of, or necessarily a guide to, future performance. The value of the Shares may go down as well as up during the term of the Notes.

1.2 *Early Redemption of the Notes*

The Notes may be redeemed in whole but not in part before the Maturity Date upon the occurrence of certain events more particularly described in Conditions 5 (*Redemption and Purchase*), 6 (*Adjustments and Additional Redemption Events*), 7 (*FX Disruption Condition*) and 12 (*Events of Default*) of the Notes, including, (a) the Issuer's obligations under the Notes become illegal; (b) the occurrence of a Merger Event or Tender Offer; (c) the nationalisation or insolvency of the Share Issuer, the delisting of the Shares and/or loss of the relevant Hedge Position; (d) the occurrence of any event which reduces or eliminates any Hedge Proceeds or affects the ability of the Issuer or the Hedge Counterparty to establish, maintain or unwind any Hedge Position or make any payments thereunder; and/or (e) the occurrence of an Event of Default under the Notes.

Notes that are redeemed before the Maturity Date will be redeemed at their Early Redemption Amount, which is an amount per Note equal to the volume weighted average price at which a Hypothetical Investor could have sold the Aggregate Number of Shares on the Exchange during the Valuation Period in respect of such redemption (after deducting taxes and certain costs and expenses). It is possible that such amount could be less than the purchase price of the Notes and could be as low as zero.

1.3 *No claim against a Share Issuer, Share, Hedge Position or Hedge Counterparty*

A Note does not represent a claim against any Share Issuer and, in the event of any loss, a Noteholder will not have recourse under a Note to any Share Issuer nor shall a Noteholder have any legal, beneficial or other interest whatsoever in any of the Shares. In addition, a Note does not represent a claim against any Hedge Counterparty and, in the event of any loss, a Noteholder will not have recourse under a Note against the Hedge Counterparty nor have any interest whatsoever in the Hedge Position or the Hedge Proceeds.

1.4 *No Voting Rights*

If voting rights are attached to the Shares, neither the Issuer nor any of its affiliates is obliged to take account of the interests of the Noteholders and it is therefore possible that such rights may be exercised in a manner which is contrary to the interests of Noteholders.

In respect of Notes Linked to Saudi Shares, in order to ensure compliance by the relevant Authorised Person acting as Hedge Counterparty with the applicable regulations in the Kingdom of Saudi Arabia with regard to any Hedge Position entered into between the relevant Authorised Person and the Issuer, it is a requirement that the relevant Authorised Person, the Issuer and each investor therein will not have any voting rights in respect of the relevant Shares.

1.5 *Currency Risk and FX Disruption Condition*

The Notes may be denominated in currencies other than the currency of the Shares or any cash dividend payable thereunder. The weakening of a country's currency relative to the Settlement Currency will negatively affect the value of the Notes. Currency valuations are linked to a host of economic, social and political factors and can fluctuate greatly, even during intra-day trading. It is important to note that some countries have foreign exchange controls which may include the suspension of the ability to exchange or transfer currency, or the devaluation of the currency. Hedging can increase or decrease the exposure to any one currency, but may not eliminate completely exposure to changing currency values.

Pursuant to Condition 7 (*FX Disruption Condition*), an FX Disruption Condition comprises certain events that may affect the convertibility or transferability of the Reference Currency for the Settlement Currency (or in relation to an applicable intermediate currency). If an FX Disruption Condition continues to exist for five years after its determination (or, if the Reference Jurisdiction of the Notes is the Kingdom of Saudi Arabia, a period ending on the earlier of (i) such five year anniversary date and (ii) the date falling four years after the Trade Date (notwithstanding that such date may be the Maturity Date of the Notes and therefore no extension of the term of the Notes could occur)), then the Notes shall be deemed to have been redeemed on such date without any payment on the part of the Issuer (or Guarantor) (and without entitlement to any interest) and the Issuer's obligations under the Notes (and the Guarantor's obligations under the Guarantee) shall be deemed to have been discharged in full.

1.6 *Adjustments to the terms of the Notes*

The Conditions provide that on the occurrence of certain specified events, more particularly described in Condition 6 (*Adjustments and Additional Redemption Events*) of the Notes, including, (a) the occurrence of a Potential Adjustment Event, (b) the occurrence of a Merger Event or Tender Offer, (c) the insolvency of the Share Issuer, (d) the trading failure of the Shares, (e) the occurrence of any event which reduces or eliminates any Hedge Proceeds or affects the ability of the Issuer or the Hedge Counterparty to establish, maintain or unwind any Hedge Position or make any payments thereunder), (f) certain events in relation to the jurisdiction of the Share Issuer, and (g) (where the jurisdiction of the Share Issuer is the Kingdom of Saudi Arabia) the Capital Market Authority has requested that the Hedge Counterparty (or Issuer) terminate or otherwise modify the Hedge Position or imposes any qualitative or quantitative limitation or any other requirements in relation to the Hedge Position, the Notes, the Guarantee, the Calculation Agent may, (other than the events described in (a) and (b) above) in its sole and absolute discretion, make such downward adjustment to any Additional Amount, the Early Redemption Amount and/or the Final Redemption Amount and/or any adjustment to the terms of the Notes as it shall determine (taking into account the effect of such events on the Hedge Position). Such adjustments may negatively affect the value of any Additional Amount, Early Redemption Amount and/or Final Redemption Amount and/or the value of the Notes and may result in the Noteholder losing its entire investment in the Notes.

1.7 *The Calculation Agent*

The Conditions provide that the Calculation Agent shall (a) determine the occurrence of certain events which may affect the value of the Notes or any Additional Amount, Early Redemption Amount and/or Final Redemption Amount thereunder and (b) have the power to make certain decisions in respect of the Notes, such as adjustments to the terms thereof or early redemption thereof. The Calculation Agent acts solely as agent of the Issuer and the Guarantor and does not assume any obligations or duty to, or

relationship of agency or trust for or with, any Noteholder. In making any determination or exercising any discretion, the Calculation Agent is not obliged to consider the interests of any Noteholder and no liability shall attach to the Calculation Agent, the Issuer, the Guarantor or any of the Agents for good faith errors or omissions in the Calculation Agent's calculations and determinations.

Any matter that falls to be determined, considered or otherwise decided upon by the Calculation Agent or any other person (including, where a matter is to be decided by reference to the Calculation Agent's or such other person's opinion), shall be decided upon by the Calculation Agent or such other person as the case may be in its sole and absolute discretion (where such manner is specifically provided in the relevant terms and conditions - otherwise the Calculation Agent shall exercise its discretion in good faith and in a commercially reasonable manner), taking into account any market factors and other factors as the Calculation Agent or such other person deems relevant including, without limitation, the Issuer's Hedge Position (including, without limitation, any impact on such position, the ability to retain such position and the cost of unwinding any such position).

1.8 ***The Notes are Unsecured Obligations***

The Notes constitute direct, unsubordinated, unconditional and unsecured obligations of the Issuer and rank equally among themselves and rank equally (subject to exceptions as are from time to time provided by applicable laws) with all other present and future direct, unsubordinated, unconditional and unsecured indebtedness or obligations, as applicable, of the Issuer.

The obligations of EFG-Hermes Holding S.A.E. under the Guarantee, save for such exceptions as may be provided by applicable legislation or judicial order, rank *pari passu* with its other present and future unsecured and unsubordinated indebtedness.

Since EFG-Hermes Holding S.A.E. is a holding company, the right of EFG-Hermes Holding S.A.E., and hence the right of creditors of EFG-Hermes Holding S.A.E. (including the Noteholders), to participate in any distribution of the assets of any subsidiary (including the Issuer) upon its liquidation or reorganisation or otherwise is necessarily subject to Egyptian insolvency law.

1.9 ***Limited Liquidity of the Notes***

It is highly unlikely that the Notes will trade in the secondary market or that such market will be liquid. If so specified in the relevant Final Terms and/or Drawdown Prospectus (as applicable) (and subject to the exceptions, qualifications and requirements therein, including, without limitation, the state of the market as determined by the Calculation Agent), the Issuer shall, at the request of a Noteholder, accept a sale order from a Noteholder specifying a certain number of Notes to be sold. However, any such potential sale by the Noteholder will be subject to (among other things) consideration by the Calculation Agent (in its sole and absolute discretion) as to whether market conditions at the relevant time make it impossible or impracticable to provide an indicative bid or ask price and/or to accept or execute such order and any other exceptions, qualifications and requirements as set forth in the relevant Final Terms and/or Drawdown Prospectus (as applicable).

1.10 ***Market Value of the Notes***

The market value for the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer and the value of the Shares, including but not limited to, the volatility of the Shares, the return rate on the Shares, the financial results and prospects of the relevant Share Issuer, market interest and yield rates and the time remaining to any redemption date or the Maturity Date. In addition, the value of the Shares depends on a number of inter-related factors, including economic, financial and political events in countries where the relevant Share Issuer operates and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Shares are traded. The price at which a Noteholder will be able to sell Notes prior to maturity may be at a discount, which could be substantial, from the accreted principal amount thereof, if, at such time, the market price of the Shares is below, equal to or not sufficiently above the market price of the Shares at the date of the Final Terms and/or Drawdown Prospectus (as applicable) pursuant to which the relevant Notes were issued.

1.11 *No provision of advice*

The Issuer has not provided and will not provide prospective purchasers of Notes with any information or advice with respect to the Shares, the Share Issuer or the Reference Jurisdictions and makes no representation as to the credit quality of the Share Issuer or the Reference Jurisdictions. The Issuer may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Share Issuer or the Reference Jurisdictions, which may not be provided to the Noteholders.

1.12 *Additional Transfer Restriction*

Each purchaser of Notes will be required, as a condition of any purchase of such Notes, to execute a letter substantially in the form set out in "Form of Noteholder Letter" below to the Issuer, the Guarantor and the party specified as the "Authorised Person" (if any) therein. In respect of Notes linked to Shares, the Share Issuer of which is in the Kingdom of Saudi Arabia ("**Notes Linked to Saudi Shares**"), such letter, among other things, authorises any of the Issuer, the Guarantor and the specified "Authorised Person" to disclose (amongst other items) the purchaser's identity and the terms of such Notes to the Capital Market Authority and also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in favour of the Issuer, the Guarantor and the specified "Authorised Person". Such letter also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in respect of US securities laws. The requirement on all purchasers of Notes to provide such letter may adversely affect the ability to transfer the Notes.

2. **Conflicts of Interest**

2.1 *EFG-Hermes MENA Securities Limited and EFG-Hermes Holding S.A.E. are subject to various potential conflicts of interest in respect of the Notes, which could have an adverse effect on the Notes.*

- (a) *The EFG-Hermes MENA Securities Limited and the EFG-Hermes Holding S.A.E. may take positions in or deal with the Share(s)*

In the ordinary course of their business, whether or not there will be any secondary market-making activities, the Issuer and the Guarantor may effect transactions for their own account or for the account of their customers and hold long or short positions in the Share(s). In addition, in connection with the offering of Notes, the Issuer and the Guarantor may enter into one or more hedging transactions with respect to the Share(s). In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and the Guarantor, the Issuer and the Guarantor may enter into transactions in the Shares which may adversely (or positively) affect price, liquidity or value of the relevant Notes and which could therefore be adverse to the interests of the relevant holders.

- (b) *The Calculation Agent, which will generally be an affiliate of EFG-Hermes Holding S.A.E., has broad discretionary powers which may be exercised against the interest of the holders*

As the Calculation Agent will generally be an affiliate of the Guarantor, potential conflicts of interest may exist between the Calculation Agent and the holders, including with respect to the exercise of the very broad discretionary powers of the Calculation Agent. For example, the Calculation Agent has the authority (i) to determine whether certain specified events and/or matters so specified in the conditions relating to a series of Notes have occurred, and (ii) to determine any resulting adjustments and calculations or substitutions or early redemption as described in such conditions. Prospective purchasers should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Notes. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest or proven error) shall be binding on the Issuer and all holders, and shall be exercised by the Calculation Agent in its sole and absolute discretion (where such manner is specifically provided in the relevant terms and conditions, otherwise the Calculation Agent shall exercise its discretion in good faith and in a commercially reasonable manner), taking into account any market factors and other factors as the Calculation Agent or such other person deems relevant including, without limitation, any Hedge Position (including, without

limitation, any impact on such position, the ability to retain such position and the cost of unwinding any such position).

(c) *EFG-Hermes entities may have confidential information relating to the Share(s) and the Notes*

Certain affiliates of the Issuer and the Guarantor (the "**EFG-Hermes Group**") may from time to time, by virtue of their status as underwriter, adviser or otherwise, possess or have access to information relating to the Notes and the Share(s) and any derivative Notes referencing them. Such entities will not be obliged to disclose any such information to a purchaser of the Notes.

2.2 *Fees*

In connection with the placement and distribution of the Notes, the Issuer may pay to distributors of Notes (which may include affiliates of the Issuer) such commissions or fees as such parties may agree (including in the form of a discount to the purchase price of such Notes).

2.3 *Other Factors*

Transactions involving Notes may have tax consequences for potential purchasers which may depend, among other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. No representation is made by the Issuer or any Dealer as to the tax consequences for any person of acquiring, holding or disposing of any Notes or any other transaction involving any Notes. Potential purchasers who are in any doubt about such matters or any other tax issues relating to Notes should consult and rely on their own tax advisers.

3. **General Risks and Risk relating to Emerging Markets**

3.1 *Recent Events in Financial Markets*

The global economy is currently being affected by a crisis in the credit markets and is experiencing a general downturn and, in certain countries, a recession.

There exist significant risks for the Issuer and investors as a result of the current economic conditions. These risks include, among others, (i) the possibility that, on or after the Issue Date, the price of the Shares will be lower than the Initial Price (or possibly be zero), and (ii) the possibility that on or after the Issue Date, the Share Issuer, the Hedge Counterparty and/or the Guarantor may be subject to bankruptcy or insolvency proceedings. These additional risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to their stated maturity.

As the credit crisis continues it has had an increasing impact on the economic conditions in a number of jurisdictions. The slow down in growth or commencement of a recession in such economies will have an adverse effect on the business of the Share Issuers and may affect the Guarantor's ability to make any payments under the Guarantee or the Hedge Counterparty's ability to establish, maintain or unwind any Hedge Position or make any payments thereunder.

It is also possible that one of the effects of the global credit crisis and the failure of financial institutions will be an introduction of a significantly more restrictive regulatory environment including the implementation of new accounting and capital adequacy rules in addition to further regulation of derivative instruments. Such additional rules and regulations could adversely affect Noteholders and affect the Guarantor and/or Hedge Counterparty's ability to perform their obligations under the Guarantee or the Hedge Position respectively.

3.2 *Emerging Markets*

An investment in the Notes represents an investment in, among other things, emerging markets. Emerging Markets are located in countries that possess one or more of the following characteristics: a certain degree of political instability, relatively unpredictable financial markets and economic growth patterns, a financial market that is still at the development stage or a weak economy. Emerging markets investments usually result in higher risks such as event risk, political risk, economic risk, credit risk,

currency rate risk, market risk, liquidity/gapping risk, regulatory/legal risk, trade settlement, processing and clearing risks and noteholder/shareholder risk as further described below.

3.3 *Event Risk*

On occasion, a country or region will suffer an unforeseen catastrophic event (for example, a natural disaster) which causes disturbances in its financial markets, including rapid movements in its currency, that will effect the value of securities in, or which relate to, that country. Furthermore, the value of the Shares, and in turn the Notes, and any income derived therefrom can be effected by global events, including events (political, economic or otherwise) occurring in a country other than that in which the Notes are issued or traded.

3.4 *Political Risk*

Many emerging markets countries are undergoing, or have undergone in recent years, significant political change which has affected government policy, including the regulation of industry, trade, financial markets and foreign and domestic investment. The relative inexperience with such policies and instability of these political systems leaves them more vulnerable to economic hardship, public unrest or popular dissatisfaction with reform, political or diplomatic developments, social, ethnic, or religious instability or changes in government policies. Such circumstances, in turn, could lead to a reversal of some or all political reforms, a backlash against foreign investment, and possibly even a turn away from a market-oriented economy. For Noteholders, the results may include confiscatory taxation, exchange controls, compulsory re-acquisition, nationalisation or expropriation of foreign-owned assets without adequate compensation or the restructuring of particular industry sectors in a way that could adversely affect investments in those sectors. Any perceived, actual or expected disruptions or changes in government policies of a country, by elections or otherwise, can have a major impact on the value of the Shares, and in turn the Notes, linked to those countries.

3.5 *Economic Risk*

The economies of emerging markets countries are by their nature in early or intermediate stages of economic development, and therefore more vulnerable to rising interest rates and inflation. In fact, in many countries, high interest and inflation rates are the norm. Rates of economic growth, corporate profits, domestic and international flows of funds, external and sovereign debt, dependence on international trade, and sensitivity to world commodity prices play key roles in economic development, yet vary greatly from country to country. Businesses and governments in these countries may have a limited history of operating under market conditions. Accordingly, when compared to more developed countries, businesses and governments of emerging markets countries are relatively inexperienced in dealing with market conditions and have a limited capital base from which to borrow funds and develop their operations and economies. In addition, the lack of an economically feasible tax regime in certain countries poses the risk of sudden imposition of arbitrary or excessive taxes, which could adversely affect foreign Noteholders. Furthermore, many emerging markets countries lack a strong infrastructure and banks and other financial institutions may not be well-developed or well regulated. All of the above factors, among others, can affect the proper functioning of the economy and have a corresponding adverse effect on the performance of the Shares, and in turn the Notes, linked to a particular market.

3.6 *Market Risk*

The emerging equity and debt markets of many emerging markets countries, like their economies, are in the early stages of development. These financial markets generally lack the level of transparency, liquidity, efficiency and regulation found in more developed markets. It is important, therefore, to be familiar with secondary market trading in emerging markets securities and the terminology and conventions applicable to transactions in these markets.

Price volatility in many of these markets can be extreme. Price discrepancies can be common and market dislocation is not uncommon. Additionally, as news about a country becomes available, the financial markets may react with dramatic upswings and/or downswings in prices during a very short period of time. These markets also might not have regulations governing manipulation and insider trading or other provisions designed to "level the playing field" with respect to the availability of information and the use or misuse thereof in such markets. It may be difficult to employ certain risk

management practices for emerging markets securities, such as forward currency exchange contracts, stock options, currency options, stock and stock index options, futures contracts and options on futures contracts.

3.7 *Liquidity/Gapping Risk*

Liquidity of the Shares is directly affected by the supply and demand for those Shares. As the supply of potential sellers increases or demand by potential buyers decreases, or both, liquidity of the Shares will decrease and bid/offer spreads will generally widen. In respect of certain Shares, because of their structure, liquidity is affected by the costs of unwinding an imbedded transaction. Natural disasters and economic, social, and political developments in a country can cause a decrease in the liquidity of investments related to that country, thereby making it difficult to sell promptly at an acceptable price. In addition, the failure, pending failure or financial difficulties of an entity holding significant positions in certain types of securities may trigger a decrease in the liquidity and value of the same or similar type of securities. The sale of certain Shares, including illiquid Shares, could also be subject to legal restrictions in some countries.

3.8 *Regulatory/Legal Risk*

In emerging markets countries there is generally less government supervision and regulation of business and industry practices, stock exchanges, over-the-counter markets, brokers, dealers and issuers than in more developed countries. Whatever supervision is in place may be subject to manipulation or control. Many countries have mature legal systems comparable to those of more developed countries, while others do not. The process of regulatory and legal reform may not proceed at the same pace as market developments, which could result in confusion and uncertainty and, ultimately, increased investment risk. Legislation to safeguard the rights of private ownership may not yet be in place in certain areas, and there may be the risk of conflict among local, regional and national requirements. In certain areas, the laws and regulations governing investments in securities may not exist or may be subject to inconsistent or arbitrary application or interpretation and may be changed with retroactive effect. Both the independence of judicial systems and their immunity from economic, political or nationalistic influences remain largely untested in many countries. Judges and courts in many countries are generally inexperienced in the areas of business and corporate law. Companies are exposed to the risk that legislatures will revise established law solely in response to economic or political pressure or popular discontent. There is no guarantee that a foreign Noteholder would obtain a satisfactory remedy in local courts in case of a breach of local laws or regulations or a dispute over ownership of assets. A Noteholder may also encounter difficulties in pursuing legal remedies or in obtaining and enforcing judgments in foreign courts.

3.9 *Trade Settlement, Processing and Clearing*

Many emerging markets have different clearance and settlement procedures from those in more developed countries. For many emerging markets securities, there is no central clearing mechanism for settling trades and no central depository or custodian for the safe keeping of securities. Custodians can include domestic and foreign custodian banks and depositories, among others. The registration, recordkeeping and transfer of Notes may be carried out manually, which may cause delays in the recording of ownership. Where applicable, the Issuer will settle trades in emerging markets securities in accordance with the current market practice developed for such transactions by the Emerging Markets Traders Association ("**EMTA**"). Otherwise, the transaction may be settled in accordance with the practice and procedure (to the extent applicable) of the relevant market. There are times when settlement dates are extended, and during the interim the market value of the Shares, and in turn the Notes, may change. Moreover, certain markets have experienced times when settlements did not keep pace with the volume of transactions resulting in settlement difficulties. Because of the lack of standardised settlement procedures, settlement risk is more prominent than in more mature markets. In addition, Noteholders may be subject to operational risks in the event that Noteholders do not have in place appropriate internal systems and controls to monitor the various risks, funding and other requirements to which Noteholders may be subject by virtue of their activities with respect to emerging market securities.

3.10 *Noteholder/Shareholder Risk*

Rules in emerging markets countries regulating the ownership and corporate governance of companies (for example, requiring the disclosure of large ownership positions or governing tender offers by majority shareholders) may not exist or may provide little protection to noteholders and shareholders. Disclosure and reporting requirements in general, from annual and quarterly reports to prospectus content and delivery, may be minimal or non-existent. Antifraud and insider trading law is generally not very developed in many emerging markets countries. There may be no prohibitions or restrictions under local law on the ability of management to terminate existing business operations, sell or dispose of assets, or otherwise materially affect the value of the company without the consent of its shareholders. Antidilution protection may also be very limited. There may be no fiduciary duty, or a limited concept of fiduciary duty, on the part of management or the directors to the company or to the shareholders as a whole or minority shareholders. Remedies for violations of shareholders' rights may be difficult to obtain because of the absence of a system of derivative or class action litigation.

The amount payable under the Notes may be reduced if the value of the proceeds of the Issuer's hedging arrangements are reduced as a result of various matters relating to risks connected with the relevant country or countries specified as Reference Jurisdictions.

3.11 *The Kingdom of Saudi Arabia*

The Capital Market Authority regulates share dealing and associated activities in the Kingdom of Saudi Arabia. Pursuant to Capital Market Authority Board of Commissioners resolution number 2-28-2008 as published by the Capital Market Authority in its Circular for Authorized Persons to Enter into Swap Agreements dated 17/8/1429H corresponding to 18/8/2008G, as amended by Board of Commissioners resolution number 3-10-2010 dated 30/3/1431H corresponding to 16/3/2010G (the "**CMA Resolution**"), "Authorised Persons" may enter into derivative transactions with non-resident foreign investors, whether institutions or individuals, to transfer certain economic benefits of Saudi companies' shares listed on the Saudi Stock Exchange (Tadawul), while the relevant Authorised Persons retain the legal ownership of such shares, all on the terms and conditions set forth in the CMA Resolution. A copy of the CMA Resolution may be obtained on request from the Dealer.

In respect of any Notes Linked to Saudi Shares, the Issuer may (but shall be under no obligation under the Notes to) establish a Hedge Position in respect of its obligations under such Notes including the appointment of an "Authorised Person" as Hedge Counterparty which may hold a position in the relevant Shares. Any such Hedge Position would be subject to the terms and conditions of the CMA Resolution, and the relevant "Authorised Person" would be required to (among other things) (a) provide certain information on beneficiaries who obtain the economic benefits of such Saudi Shares and (b) adjust the terms of the Hedge Position or terminate the Hedge Position where required from time to time by the Capital Market Authority.

In relation to any Notes Linked to Saudi Shares, in order to ensure (a) compliance by the relevant Authorised Person with the CMA Resolution in relation to any Hedge Position entered into between the Authorised Person and the Issuer and/or (b) that there is no mis-match in relation to the terms of any such Hedge Position (including as such terms may be adjusted and/or such Hedge Position may be terminated by the Capital Market Authority from time to time) and the terms of such Notes (and, as noted above, any such Hedge Position is for the benefit of the Issuer, and not for the benefit of any holder of Notes Linked to Saudi Shares):

- (a) each purchaser of Notes Linked to Saudi Shares will be required to make the additional disclosures and the authorisations, representations, confirmations and undertakings in "Form of Noteholder Letter" below to the Issuer, Guarantor and the party specified as the "Authorised Person" including:
 - (i) authorising the relevant "Authorised Person" to disclose such purchaser's name, country of origin, details of Note holdings and any other information requested by the Capital Market Authority to the Capital Market Authority; and
 - (ii) representing that the purchaser is a "non-resident foreign investor" for the purposes of the CMA Resolution; and
- (b) the terms and conditions of Notes Linked to Saudi Shares shall include the following:

- (i) the Calculation Agent under the Notes may in its sole and absolute discretion adjust the terms and conditions of the Notes and/or cause the redemption of the Notes (in each case, without the consent of Noteholders), as applicable, in order to ensure compliance with any limitations or other requirements that the Capital Market Authority may impose from time to time;
- (ii) Pursuant to the CMA Resolution and Part 7 of the Authorised Persons Regulations, the Authorised Person holding Saudi Shares as part of a Hedge Position is required to treat them as client assets of the Issuer and thus will segregate them from its own assets (for the avoidance of doubt, Noteholders do not have any legal, beneficial or other interest whatsoever in Saudi Shares or any claim whatsoever against any Authorised Person holding such Saudi Shares or against the Hedge Position. See paragraph 1.3 (*No claim against a Share Issuer, Share, Hedge Position or Hedge Counterparty*) above);
- (iii) the Authorised Person holding the relevant Saudi Shares is prohibited from exercising voting rights in respect of such Shares (and, for the avoidance of doubt, as set out under paragraph 1.4 (*No Voting Rights*) above, Noteholders will not have any voting rights in respect of Shares); and
- (iv) the term of each Note must not be greater than four years from the Trade Date specified in the relevant Final Terms.

Any adjustment and/or early redemption of Notes Linked to Saudi Shares (as described in (b)(i) above) may result in the loss of some or all of a purchaser's investment.

See "Terms and Conditions of the Notes" and "Form of Noteholder Letter" below.

4. US Securities Regulation and Taxation

4.1 *Regulation S*

The Notes may not be offered or sold within the United States or to, or for the account or benefit of, a US Person ("US Person" means "US person" as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

4.2 *Investment Company Act*

The Issuer has not registered with the United States Securities and Exchange Commission (the "SEC") as an investment company pursuant to the Investment Company Act.

If the SEC or a court of competent jurisdiction were to find that the Issuer is required, but in violation of the Investment Company Act, had failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and recover any damages caused by the violation; and (iii) any contract to which the Issuer is party that is made in, or whose performance involves, violation of the Investment Company Act would be unenforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer be subjected to any or all of the foregoing, the Issuer would be materially and adversely affected.

4.3 *Forced Transfer*

The Notes are subject to certain transfer restrictions and can be transferred only to certain transferees. See "Subscription and Sale" and "Transfer Restrictions". Such restrictions on the transfer of the Notes may further limit their liquidity.

If the Issuer determines at any time that any holder of the Notes has made or been deemed to have made an ERISA related representation that is false or misleading (any such person, a "**Non-Permitted Holder**"), the Issuer shall direct such holder to sell or transfer its Notes to a person who is not a Non-Permitted Holder within 14 days following receipt of such notice. If such holder fails to sell or transfer

its Notes within such period, the Issuer shall cause such Notes to be sold to a purchaser selected by the Issuer that certifies to the Issuer that such purchaser is not a Non-Permitted Holder, on such terms as the Issuer may choose and, pending such transfer, no further payments will be made in respect of such Notes. The terms and conditions of any such sale shall be determined in the sole and absolute discretion of the Issuer and the Issuer shall not be liable to any person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion.

4.4 *Taxation of the Issuer*

The Directors intend to conduct the affairs of the Issuer in such a manner as to minimise, so far as they consider reasonably practicable, taxation suffered by the Issuer. This will include conducting the affairs of the Issuer so that, to the extent that it is within the capacity of the Directors and the Issuer, the Issuer is at all times resident in the British Virgin Islands for taxation purposes. There can be no assurance, however, that the Issuer's income (particularly any US Source Income it may derive) will not become subject to net income or withholding taxes in the United States or other countries as a result of unanticipated activities by the Issuer, changes in law, contrary conclusions by relevant tax authorities or other causes.

4.4 *New US Tax legislation—Considerations for both US and Non-US holders*

A recently enacted US tax law (the "**New U.S. Tax Law**") could impose withholding taxes on certain payments made to the Issuer on its assets and certain payments made by the Issuer on the Notes. Broadly, the New US Tax Law may require, on or after 1 January 2014, a payor to the Issuer of "US source interest," "US source dividends," or "other US source periodic income" (and, as of 1 January 2015, of proceeds from the sale of assets that produce US source interest or US source dividends) (together, "**US Source Income**") to withhold 30 per cent. from such payments unless the Issuer (and certain intermediaries) meets certain reporting requirements regarding its direct and indirect US Holders. As the Issuer may, from time to time, hold assets that give rise to US Source Income, it is anticipated that the Issuer will seek to comply with such reporting requirements.

In complying with the new reporting requirements, the Issuer anticipates that it will enter into an agreement with the IRS under which it will be required to, among other things, (i) obtain from Non-US Holder of a Note satisfactory documentation (to be determined) that it is not a US Person (ii) obtain from any US Holder of a Note its name, address and taxpayer identification number. (iii) provide certain information to the IRS about its direct and indirect US Holders, and (iv) agree to withhold (or cause to be withheld) 30 per cent. of a portion of certain payments made to any "Recalcitrant Holders" (as described below). In addition, a Recalcitrant Holder may be subject to the forced sale or redemption of its Notes as described in Condition 2(h) (*New US Tax legislation – Application to both US and Non-US holders*) in the "**Terms and Conditions**".

A "**Recalcitrant Holder**" generally is a holder of a Note that fails to comply with reasonable requests for information that will help enable the Issuer to comply with its reporting requirements described immediately above.

Prospective investors should read section 3.1 (*United States Federal Income Taxation—New US Tax Legislation*) under "Taxation".

USE OF PROCEEDS

Unless otherwise specified in the Final Terms and/or Drawdown Prospectus (as applicable), the new proceeds from each issue of Notes will be used by the Issuer to hedge the obligations of the Issuer under the Notes. If in respect of any particular issue there is a particular identified use, this will be stated in the Final Terms and/or Drawdown Prospectus (as applicable).

TERMS AND CONDITIONS OF THE NOTES

The following (other than any provisions set out in italicised text) are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note or each Global Certificate, as the case may be, and each definitive Note, in the latter case only if permitted by the rules of the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto the following Terms and Conditions. The applicable Final Terms and/or Drawdown Prospectus (as defined below), as the case may be, in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified and/or to the extent inconsistent with the following Terms and Conditions, supplement and/or amend and/or replace the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms and/or Drawdown Prospectus, as applicable, (or the relevant provisions thereof) will be endorsed upon, or attached to, the applicable Global Note or Global Certificate, as the case may be, and each definitive Note. Reference should be made to "Form of Final Terms for Notes" for a description of the content of Final Terms and/or the Drawdown Prospectus which will include the definitions of certain terms used in the following Terms and Conditions and/or will specify which of such terms are to apply in relation to the relevant Notes. "Drawdown Prospectus" means any prospectus prepared in connection with a particular Tranche of Notes and approved by a competent authority for the purposes of the Prospectus Directive, and in each case includes any supplements thereto and notices related thereto.

The Issuer will procure that, as soon as practicable after the Issue Date, the Register is duly made up in respect of the subscribers of the Registered Notes and certificates evidencing the Registered Notes will be despatched. No transfer of a Registered Note shall be recognised by the Issuer unless entered on the Register. A Registered Note may be registered only in the name of, and transferred only to, a named person (or persons, not exceeding four in number) and neither the Registrar will accept transfers of Registered Notes to "bearer". The Registrar will within 14 days of any duly made request to register the transfer of a Registered Note enter the transferee in the Register and procure the authentication and delivery by the Fiscal Agent or itself deliver a Registered Note certificate to the transferee (and, in the case of transfer of part only of a Registered Note, a Registered Note certificate for the untransferred balance to the transferor) at the specified office of the Registrar or (at the risk and, if mailed at the request of the transferee or, as appropriate, transferor otherwise than by ordinary uninsured mail, expense of the transferee or, as appropriate, transferor) mail the Registered Note certificate to such address, subject to the restrictions (if any) specified in the Final Terms, as the transferee (or, as appropriate, the transferor) may request or, alternatively, in the case of transfers effected through the stock exchange (if any) or market (if any) on which the Issuer has agreed to maintain a listing or admission to trading of the Notes, will deliver the Registered Note certificate in accordance with the normal procedures and systems of such exchange or market. In the case of the transfer of only part of a Registered Note, a new Registered Note in respect of the balance of the Registered Note not transferred will be delivered (as described above) to, and at the risk of, the transferor.
- (f) *Forced Transfer of Certain Notes:* If the Issuer determines at any time that any holder of the Notes has made or been deemed to have made an ERISA related representation that is false or misleading (any such person, a "**Non-Permitted Holder**"), the Issuer shall direct such holder to sell or transfer its Notes to a person who is not a Non-Permitted Holder within 14 days following receipt of such notice. If such holder fails to sell or transfer its Notes within such period, the Issuer shall cause such Notes to be sold to a purchaser selected by the Issuer that certifies to the Issuer that such purchaser is not a Non-Permitted Holder, on such terms as the Issuer may choose, subject to the transfer restrictions set out herein, and, pending such transfer, no further payments will be made in respect of such Notes. The Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to such Notes and selling such Notes to the highest such bidder. However, the Issuer may select a purchaser by any other means determined by it in its sole and absolute discretion. Each Noteholder and each other Person in the chain of title from the permitted Noteholder to the Non-Permitted Holder by its acceptance of an interest in such Notes agrees to co-operate with the Issuer to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the selling Noteholder. The terms and conditions of any sale hereunder shall be determined in the sole and absolute discretion of the Issuer, subject to the

transfer restrictions set out herein, and the Issuer shall not be liable to any person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion. Furthermore, the Issuer shall not honour a transfer of beneficial interests in any Note to any person who is a Non-Permitted Holder.

(g) *New US Tax legislation—Application to both US and Non-US holders*

Each Holder of a Note (for itself and for any person for whom it holds an interest in a Note) acknowledges and agrees to all of the following. A recently enacted US tax law (the "**New US Tax Law**") could impose withholding taxes on certain payments made to the Issuer on its assets and certain payments made by the Issuer on the Notes. The New US Tax Law may require, on or after 1 January 2014, a payor to the Issuer of "US source interest," "US source dividends," or "other US source periodic income" (and, on or after 1 January 2015, of proceeds from the sale of assets that produce US source interest or US source dividends) (together, "**US Source Income**") to withhold 30 per cent. from such payments unless the Issuer (and certain intermediaries) meets certain reporting requirements regarding its direct and indirect US Holders. As the Issuer may, from time to time, hold assets that give rise to US Source Income, it is anticipated that the Issuer will seek to comply with such reporting requirements.

In complying with the new reporting requirements, the Issuer is authorized to enter into an agreement with the IRS (an "**IRS Agreement**") under which it may be required to, among other things, (i) provide certain information to the IRS about its direct and indirect US Holders and (ii) agree to withhold (or cause to be withheld) 30 per cent. of a portion of certain payments made to any "Recalcitrant Holders" (as described below) that are indirectly receiving US Source Income.

In relation to item (i) above, the Issuer will require each (i) Non-US Holder of a Note to provide satisfactory documentation (to be determined by the Issuer) that it is not a US Person and (ii) US Holder of a Note to provide its name, address and taxpayer identification number. If a Holder of Note is a foreign entity or otherwise not the beneficial owner of the Securities, such Holder generally will be required to provide information about its owners (or beneficial owners) in order to enable the Issuer to identify and report on certain of such Holder's direct and indirect US beneficial owners.

In relation to item (ii) above, the Issuer may be required to withhold 30 per cent. of a portion of any payments made to Recalcitrant Holders. The amount of any payments subject to the withholding tax will be proportional to the amount of US Assets held by the Issuer. In addition, a Recalcitrant holder may be subject to the redemption of its Notes as described in the immediately following paragraph.

A "**Recalcitrant Holder**" generally is a holder of a Note that fails to comply with reasonable requests for information that will help enable the Issuer to comply with its reporting requirements described immediately above. In addition, in complying with the US reporting requirements under the New US Tax Law, it may be necessary for the Issuer to agree in the IRS Agreement to "close out" any Holder that fails to respond to its reasonable requests for information that will help enable the Issuer to comply with such US reporting requirements. In the event the Issuer does "close out" any Holder's interest, it may do so by causing the sale to a third party or the early redemption of such Notes. Any sale or redemption will be at the Early Payment Amount (an amount determined by the Issuer that is not less than the net proceeds the Issuer believes it could receive for such Note by selling it (or an identical Note and using the proceeds to retire the Recalcitrant Holder's Note) from an investor that is willing and able to comply with the information reporting requirements imposed by the Issuer.

A US Holder (the "**US Holder**") means a beneficial owner of Notes that is: (i) a citizen or resident of the United States for US federal income tax purposes, (ii) a corporation, or other entity treated as a corporation, created or organized under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to US federal income tax without regard to its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more US persons have the authority to control all substantial decisions of the trust, or the trust has

elected to be treated as a domestic trust for US federal income tax purposes and a Non-US Holder means a beneficial owner of Notes that is not a US Holder.

References in the part (h) to the Issuer include the Guarantor.

3. **Status and Guarantee**

- (a) *Status of the Notes:* The Notes are unsubordinated and unsecured obligations of the Issuer and will rank *pari passu* and ratably without any preference among themselves and equally with all other unsubordinated and unsecured obligations on the Issuer from time to time outstanding, save for such obligations as may be preferred by provisions of law that are of both mandatory and general application.
- (b) *Guarantee of the Notes:* The Guarantor has in the Deed of Guarantee unconditionally and irrevocably guaranteed the due and punctual payment of all sums from time to time payable by the Issuer in respect of the Notes. This Guarantee of the Notes will at all times rank *pari passu* with all other unsubordinated and unsecured obligations of the Guarantor from time to time outstanding save for such obligations as may be preferred by provisions of law that are of both mandatory and general application.

4. **Additional Amounts**

The following provisions shall apply unless "**Additional Amount**" is specified as "not applicable" in the Final Terms.

- (a) *Additional Amount:* The Issuer shall, until the Notes are redeemed or purchased and cancelled under Conditions 5 (*Redemption and Purchase*) or 6 (*Adjustments and Additional Redemption Events*), pay each Noteholder a Cash Amount (as determined by the Calculation Agent in its sole discretion), and which is subject to adjustment in accordance with Conditions 6 (*Adjustments and Additional Redemption Events*) and/or 7 (*FX Disruption Condition*) in respect of each Note (an "**Additional Amount**").

For the purposes of the Conditions:

"**Applicable Exchange Rate**" means the exchange rate as determined by the Calculation Agent by reference to such sources as it may, in its absolute discretion, select.

"**Cash Amount**" means a cash amount equal to the Paid Amount multiplied by the Number of Shares Per Note, converted into the Settlement Currency at the Applicable Exchange Rate.

"**Number of Shares per Note**" means, subject to adjustment in accordance with Condition 5, the Number of Shares per Note specified in the Final Terms.

"**Paid Amount**" means, in respect of a Note and the relevant Share, 100 per cent. of the net cash dividend per Share that would have been received by a Hypothetical Investor as holder of such Share during the relevant Additional Amount Period (and in respect of which the ex-dividend date has occurred during the Additional Amount Period), as determined by the Calculation Agent.

Any "**net cash dividend**" shall represent a sum after the deduction of any Taxation but excluding any imputation or other credits, refunds or deductions granted by any applicable authority having power to tax in respect of such dividend and any taxes, credits, refunds or benefits imposed, withheld, assessed or levied thereon, as determined by the Calculation Agent.

- (b) *Additional Amount Payment Date:* The Issuer shall pay each Additional Amount as soon as practicable but no later than the tenth Business Day following receipt by a Hypothetical Investor of the cash dividend and/or the stock dividend from the Share Issuer.
- (c) *Record Date:* In respect of any Additional Amount, only Noteholders who are holders of the Notes on the Record Date shall be entitled to payment thereof. For such purpose, the "**Record Date**" shall be the ex-dividend date (or if the Reference Jurisdiction is the Kingdom of Saudi

Arabia, the Scheduled Trading Day prior to the ex-dividend date) in relation to the Additional Amount as determined by the Calculation Agent, unless the Calculation Agent notifies the Issuer and the Fiscal Agent of a different date for such purpose (in which case the Fiscal Agent shall as soon as reasonably practicable notify the Noteholders thereof).

- (d) *Notification:* The Fiscal Agent, following instructions from the Issuer and receipt of all relevant information from the Issuer and/or the Calculation Agent, shall notify the Noteholders as soon as reasonably practicable that an Additional Amount has become payable. The Fiscal Agent shall, following instructions from the Issuer and receipt of all relevant information from the Issuer and/or the Calculation Agent, notify the Noteholders in accordance with Condition 16 (*Notices*) in the case of a Cash Amount, the Record Date and the amount payable to each Noteholder.

5. **Redemption and Purchase**

- (a) *Final Redemption:* Unless previously redeemed or purchased under this Conditions 5 or Condition 6 (*Adjustments and Additional Redemption Events*), the Issuer will pay or cause to be paid on the Maturity Date the Final Redemption Amount.

For the purposes of the Conditions, "**Final Redemption Amount**" means an amount (as determined by the Calculation Agent, and which may be zero but not less) per Note (representing a principal amount equal to the Calculation Amount) in the Settlement Currency equal to the Weighted Average Sale Price per Share multiplied by the Number of Shares per Note, less the pro rata proportion (of such Note in respect of all of the Notes of the Series) of Costs and Taxation rounded down to the smallest unit of the Settlement Currency (after conversion thereof to the Settlement Currency at the applicable Redemption Exchange Rate), subject to adjustment in accordance with Conditions 6 (*Adjustments and Additional Redemption Events*) and/or 7 (*FX Disruption Condition*).

For the purposes of the Conditions:

"**Number of Shares per Note**" means, subject to adjustment in accordance with Condition 6 (*Adjustments and Additional Redemption Events*), the Number of Shares per Note specified in the Final Terms; and

"**Weighted Average Sale Price per Share**" means an amount (as determined by the Calculation Agent) equal to the product of (i) the aggregate of the Final Sale Price of each Share of the Aggregate Number of Shares determined by Calculation Agent, multiplied by (ii) one divided by the Aggregate Number of Shares.

- (b) *Redemption for Illegality:* If the Calculation Agent in its sole and absolute discretion determines that the performance of (a) any of the Issuer's obligations under the Notes or (b) any Hedge Position is or will become unlawful, illegal, or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or any change in the interpretation thereof, then the Issuer may, by giving not more than 30 nor less than ten days' notice to Noteholders (which notice shall be irrevocable), redeem all, but not some only, of the Notes at their Early Redemption Amount.

For the purposes of the Conditions, "**Early Redemption Amount**" means an amount (as determined by the Calculation Agent, and which may be zero but not less) per Note (representing a principal amount equal to the Calculation Amount) in the Settlement Currency equal to the Weighted Average Sale Price per Share multiplied by the Number of Shares per Note, less the pro rata proportion (of such Note in respect of all of the Notes of the Series) of Costs and Taxation rounded down to the smallest unit of the Settlement Currency (after conversion thereof to the Settlement Currency at the applicable Redemption Exchange Rate), subject to adjustment in accordance with Conditions 6 (*Adjustments and Additional Redemption Events*) and/or 7 (*FX Disruption Condition*).

- (c) *Purchase of Notes:* The Issuer and any Affiliate thereof may at any time purchase Notes in the open market or otherwise at any price and may hold such purchased Notes in inventory, or resell them or surrender them as provided below for cancellation.

- (d) *Issuer Buy-back/Further Issuer Orders:* If so specified in the relevant Final Terms (and subject to the exceptions and qualifications and requirements therein, including, without limitation, the state of the market as determined by the Calculation Agent), the Issuer shall, at the request of a Noteholder accept a sale order from a Noteholder specifying a certain number of Notes to be sold.
- (e) *Cancellation:* Any Notes that are redeemed under this Condition 5 or Condition 6 (*Adjustments and Additional Redemption Events*) or purchased (and which are to be surrendered for cancellation) shall be surrendered for cancellation:
 - (i) in the case of Notes represented by a Global Note or a Global Certificate, by presentation of the Global Note or Global Certificate, as the case may be, to or to the order of the Fiscal Agent or the Registrar, whereupon the principal amount of the Notes shall be reduced by the amount so cancelled and endorsed; and
 - (ii) in the case of definitive Bearer Notes or Registered Notes, by surrendering each such Note or Registered Note certificate to the Fiscal Agent and if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith.

Any Notes that are so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (f) *Reference to Principal:* References to principal shall be deemed to include, wherever the context so admits, any amounts payable under the Notes other than by way of Additional Amounts.

6. **Adjustments and Additional Redemption Events**

- (a) *Potential Adjustment Event:* Following the declaration by the Share Issuer of a Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will:

- (i)
 - (A) make the corresponding adjustment(s) to any one or more of:
 - (1) any Additional Amount, the Final Redemption Amount, the Early Redemption Amount, the Number of Shares per Note, the Number of Notes, the Calculation Amount and/or the Specified Denomination (as applicable); and/or
 - (2) any other terms of the Conditions of the Notes, and/or
 - (B) issue further Notes in accordance with Condition 15 (*Further Issues*) or notes of a different Series and distribute such further Notes or Series, as the case may be, to Noteholders on a pro rata basis in proportion to the aggregate principal amount of the Notes then held by each such Noteholder,

as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments or further issues will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares); and

- (ii) determine the effective date(s) of such adjustment(s) and/or further issues.

The Calculation Agent may (but need not) determine the appropriate adjustment(s) and/or further issues to be made by reference to the adjustment(s) in respect of such Potential Adjustment Event made (A) by any Related Exchange to listed contracts on the Shares traded on such Related Exchange or (B) to the Hedge Position. The Calculation Agent shall, as soon as reasonably practicable, notify the Noteholders and the Fiscal Agent of any adjustment and/or further issues to be made.

- (b) *Merger Event*: Following the determination by the Calculation Agent that a Merger Event has occurred, the Calculation Agent shall, on or after the Merger Date either:
- (i) (A) make such adjustment(s) to the settlement, payment or any other terms of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustment(s) will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event (X) by an options exchange to options on the Shares traded on such options exchange or (Y) to the Hedge Position and (B) determine the effective date of the adjustment(s); or
 - (ii) if the Calculation Agent determines that no adjustment that it could make under (i) will produce a commercially reasonable result, notify the Noteholders that the relevant consequence shall be the redemption of the Notes in which case the Issuer shall redeem the Notes in whole but not in part at their Early Redemption Amount on such date as the Issuer may notify to Noteholders.

The Calculation Agent shall, as soon as reasonably practicable, notify the Noteholders and the Fiscal Agent of any adjustment thereof.

- (c) *Tender Offer*: Following the determination by the Calculation Agent that a Tender Offer has occurred, the Calculation Agent shall, on or after the Tender Offer Date either:
- (i) (A) make such adjustment(s) to the settlement, payment or any other terms of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustment(s) will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer (X) by an options exchange to options on the Shares traded on such options exchange or (Y) to the Hedge Position and (B) determine the effective date of the adjustment(s); or
 - (ii) if the Calculation Agent determines that no adjustment that it could make under (i) will produce a commercially reasonable result, notify the Noteholders that the relevant consequence shall be the redemption of the Notes, in which case the Issuer shall redeem the Notes in whole but not in part at their Early Redemption Amount on such date as the Issuer may notify to Noteholders and the Fiscal Agent.

The Calculation Agent shall, as soon as reasonably practicable, notify the Noteholders of any adjustment thereof.

- (d) *Nationalisation, Liquidation, Delisting and Change of Law*: If at any time the Calculation Agent determines that:
- (i) **Nationalisation**: all the Shares of the Share Issuer or all the assets or substantially all the assets of the Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof;
 - (ii) **Liquidation**: by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Share Issuer, (A) all the Shares of that Share Issuer are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares become legally prohibited from transferring them;
 - (iii) **Delisting**: the Exchange announces that pursuant to the rules of such Exchange, the Shares cease (or will cease) to be listed, traded or publicly quoted on that Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union); or

- (iv) **Change of Law:** on or after the Issue Date of the Notes (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), compliance with any request, directive or policy of any governmental, administrative, legislative or judicial authority or power, or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines that (X) it has become illegal or contrary to any such request, directive or policy for the Issuer or the Hedge Counterparty to hold, acquire or dispose of Shares or any Hedge Position, or (Y) the Issuer (directly or indirectly through the Hedge Counterparty) will incur a materially increased cost in performing or hedging its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or any requirements in relation to reserves, special deposits, insurance assessments or other requirements,

the Calculation Agent may in its sole and absolute discretion notify the Noteholders that the relevant consequence shall be the redemption of the Notes, in which case the Issuer shall redeem the Notes in whole but not in part at their Early Redemption Amount on the date designated in the Calculation Agent's notice (which date shall not be earlier than five Business Days' following the date of the giving of such notice).

- (e) **Insolvency, Jurisdictional Event, Trading Failure, Hedging Disruption and CMA Order:** If at any time the Calculation Agent determines that:
- (i) **Insolvency:** the Share Issuer has instituted, or has had instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition (provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Issuer shall be disregarded for the purpose of this provision);
 - (ii) **Jurisdiction Event:** an event has occurred, whether of general application or otherwise and which occurs as a result of present or future risks in or connected with the Reference Jurisdiction(s) including, but not limited to, risks associated with fraud or corruption, political risk, legal uncertainty, imposition of foreign exchange controls or capital controls, changes in laws or regulations and changes in the interpretation or enforcement of laws and regulations (including without limitation those relating to taxation) and other legal and/or sovereign risks;
 - (iii) **Trading Failure:** the Hedge Counterparty is not able to buy and/or sell Shares via a trading system commonly used within the Reference Jurisdiction for such Shares or such trading system fails to calculate and publish the price of the Shares on a day on which the Calculation Agent determines that such calculation and publication was otherwise expected to be made, and in each case, which has or may have (as determined by the Calculation Agent) the effect of reducing or eliminating the value of the Hedge Proceeds at any time;
 - (iv) **Hedging Disruption:** a condition has arisen which has the effect of prohibiting or restricting the ability of the Issuer or the Hedge Counterparty to hedge the Issuer's position under the Notes including to remain the owner of, or to acquire or freely transfer (otherwise than as provided in the terms of the Shares) the Reference Currency, any Intermediate Currency, the Settlement Currency or the Shares or any securities or positions forming the Hedge Position, when compared to the position on the Trade Date; or
 - (v) **CMA Order:** in relation to Notes in respect of which the Reference Jurisdiction is the Kingdom of Saudi Arabia, the Capital Market Authority (or any successor or

equivalent body) of the Kingdom of Saudi Arabia (the "**Capital Market Authority**") has requested that the Hedge Counterparty (or Issuer) terminate or otherwise modify the Hedge Position or imposes any qualitative or quantitative limitation or any other requirements in relation to the Hedge Position, the Notes, the Guarantee, the holders or any document or matter in relation thereto,

the Calculation Agent may in its sole and absolute discretion (A) make such downward adjustment to any Additional Amount, the Early Redemption Amount and/or the Final Redemption Amount and/or make any other adjustment to the terms of the conditions of the Notes as it shall determine to take account of the effect of such Insolvency, Jurisdictional Event, Trading Failure, Hedging Disruption or CMA Order (as applicable) on the Hedge Position (and, in the case of the CMA Order, to ensure compliance therewith); (B) notify the Noteholders that the relevant consequence shall be the redemption of the Notes, in which case the Issuer shall redeem the Notes in whole but not in part at their Early Redemption Amount on the date designated in the Calculation Agent's notice; or (C) determine any combination of (A) or (B) to account for the Insolvency, Jurisdictional Event, Trading Failure, Hedging Disruption or CMA Order (as applicable). The Calculation Agent shall, as soon as reasonably practicable, notify the Noteholders of any adjustment thereto.

- (f) *Change of Exchange:* If an Exchange is changed, the Calculation Agent shall make such consequential modifications to the calculation of any Additional Amount, Early Redemption Amount and/or Final Redemption Amount as it may determine appropriate to account for the effect of such change of Exchange. Any such modification will be promptly notified to the Noteholders.
- (g) *More than one adjustment or termination event:* In the circumstance where one or more event may satisfy the terms of two or more of the adjustment or termination events set forth in this Condition 6 (or Condition 5 (*Redemption and Purchase*)), then the Calculation Agent shall determine (in its sole and absolute discretion) which adjustment or termination event shall be applicable.

7. **FX Disruption Condition**

If the Calculation Agent determines that an FX Disruption Condition exists on (or on the Business Day prior to) the date on which any of the Final Redemption Amount, the Early Redemption Amount or any Additional Amount (as the case may be, the "**Applicable Payment**") (or a date on which the Applicable Exchange Rate or Redemption Exchange Rate, as the case may be, in relation to the calculation of the amount of the Applicable Payment in the Settlement Currency is otherwise to be determined in accordance with these Conditions) is otherwise payable under these Conditions (such date of the existence of the FX Disruption Condition, the "**FX Disruption Determination Date**"), then (subject to the next sentence) the Applicable Payment shall be postponed until the date falling on or prior to the third Business Day following the date on which the Calculation Agent has notified the Issuer that the FX Disruption Condition is no longer in existence.

If such (or other) FX Disruption Condition continues to exist up to, but excluding, the first Business Day to fall five years after the Cut-off Date (or, if the Reference Jurisdiction of the Notes is the Kingdom of Saudi Arabia, the earlier of (i) the Cut-off Date and (ii) the date falling four years after the Trade Date (notwithstanding that such date may be the Maturity Date of the Notes and therefore no extension of the term of the Notes could occur)), then:

- (i) if the Calculation Agent determines that (A) there is no condition created by or resulting from any action of or failure to act by any governmental authority, or a local market condition that has the effect of prohibiting, restricting or materially delaying the free and unconditional transferability of the Reference Currency and (B) it is possible to settle payments in respect of the Notes in the Reference Currency through Euroclear or Clearstream, Luxembourg, as the case may be, then the Issuer shall make the Applicable Payment in the Reference Currency on such date as if the Reference Currency has been specified as the Settlement Currency in the applicable Final Terms; or

- (ii) in each other case, the Notes shall be deemed to have been redeemed on such date without any payment on the part of the Issuer (or Guarantor) and the Issuer's obligations under the Notes shall be deemed to have been discharged in full.

There shall be no interest payable in respect of any extension of the date of payment of any Applicable Payment in accordance with the terms of this paragraph.

For the purposes of the Conditions:

"Cut-off Date" means, in relation to an FX Disruption Condition, the first Business Day to fall five years after the FX Disruption Determination Date;

"FX Disruption Condition" means, in the determination of the Calculation Agent, a condition created by or resulting from any action of or failure to act by any governmental authority, or a local market condition that has the effect of prohibiting, restricting or materially delaying the exchange of the Reference Currency for the Settlement Currency (whether directly or, pursuant to any Hedge Position, indirectly by exchange into a third currency (the **"Intermediate Currency"**) (and including, without limitation, where the effect is that the applicable rate of exchange is not as favourable as the rate for domestic institutions located in the Reference Jurisdiction), or prohibiting, restricting or materially delaying the free and unconditional transferability of the resulting Settlement Currency (or Intermediate Currency) or the free and unconditional transfer of the Reference Currency (or Intermediate Currency) between (i) accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction, from accounts outside the Reference Jurisdiction to accounts inside the Reference Jurisdiction or (ii) to or from accounts of non-residents of the Reference Jurisdiction, or which otherwise results in an exchange for the Settlement Currency (or Intermediate Currency), in each case when compared with the position on the Issue Date;

"Reference Currency(ies)" means the currency(ies) of the proceeds which a holder of the Aggregate Number of Shares may receive upon sale of these assets; and

"Settlement Currency" means, with respect to a Series of Notes, the Specified Currency so specified in the Final Terms.

8. **Payments**

(a) *Payments in respect of definitive Notes:*

- (i) **Bearer Notes and Coupons:** In the case of definitive Bearer Notes, payments of principal will be (subject as provided below) payable by electronic transfer to an account maintained outside the United States and will be made in the manner provided in Condition 5(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes and payments of any Additional Amount in respect of definitive Bearer Notes will (subject as provided below in respect of Bearer Notes) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the coupons attached on issue to a definitive Note ("**Coupon**"), in each case at the specified office of the Fiscal Agent or any Paying Agent outside the United States as the Issuer may from time to time designate, as set forth in the relevant Final Terms. Upon the date on which any Bearer Note in definitive form becomes due and repayable, unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

- (ii) **Registered Notes:** In the case of definitive Registered Notes, payments of principal and any Additional Amount will (subject as provided below) be payable by electronic transfer, to the holder(s) in whose name such definitive Registered Notes are registered as at the close of business on the 15th calendar day (whether or not a Business Day) preceding the date such payment of principal or any Additional Amount is due and will be made in the manner provided in Condition 5(a) above only against presentation and

surrender (or, in the case of part payment of any sum due, endorsement) of the definitive Registered Notes.

- (b) *Payments in respect of Global Notes and Global Certificates:*
- (i) **Global Notes:** In the case of Global Notes, payments of principal and any Additional Amount will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. Unless otherwise specified in the Final Terms, prior to any Exchange Date, payments of principal or any Additional Amount in respect of a Global Note will only be made upon certification as to non-US beneficial ownership status as required by US Treasury regulations. If such certification as to non-US beneficial ownership is not made on or prior to the Exchange Date, no payments in respect of Notes represented by a Global Note will be made until such certification is made. In addition, after the Exchange Date, a record of each payment made against presentation or surrender of any Global Note distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.
 - (ii) **Global Certificates:** In the case of Global Certificates, payments of principal will (subject as provided below) be made in the manner specified above in relation to definitive Registered Notes and, if no further payment falls to be made in respect of the Global Certificates, surrender of that Global Certificate to, or to the order to the Registrar, and payments in respect of any Additional Amount on Registered Notes shall be paid to the person on the Register. Unless otherwise specified in the Final Terms, prior to any Exchange Date, payments of principal or any Additional Amount in respect of a Regulation S Note will only be made upon certification as to non-US beneficial ownership status as required by US Treasury regulations. If such certification as to non-US beneficial ownership is not made in respect of Regulation S Notes represented by a Global Certificate on or prior to the Exchange Date, no payments in respect of such Regulation S Notes will be made until such certification is made. In addition, after the Exchange Date, a record of each payment made against presentation or surrender of any Global Certificate, distinguishing between any payment of principal and any payment of interest, will be made on such Global Certificate by the Registrar to which it was presented and such record shall be prima facie evidence that the payment in question has been made.
- (c) *General provisions applicable to payments:* The holder of a Global Note or, as the case may be, Global Certificate shall be the only person entitled to receive payments or make a claim with respect to payments in respect of Notes represented by such Global Note or, as the case may be, Global Certificate and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note or, as the case may be, Global Certificate in respect of each amount so paid. The Issuer shall have the right, but not the duty, to withhold or deduct from any amount payable to the Noteholder, such amount as is necessary (i) for the payment of any such taxes, duties, charges, withholdings or other payments (including any amounts required to be paid pursuant to an agreement voluntarily entered into with a taxing authority) or (ii) for effecting reimbursement to the Issuer for any payment by it of any tax, duty, charge, withholding or other payment referred to in this Condition 9.

By its purchase or holding of a Note, or any interest therein, the purchaser and/or holder thereof and each transferee will be deemed to have represented and warranted at the time of its purchase and throughout the period that it holds such Note or interest therein that (1)(A) it is not an "employee benefit plan" (as defined in Section 3(3) of Title I of the Employee Retirement Security Act of 1974, as amended ("**ERISA**")) that is subject to the fiduciary responsibilities provisions of ERISA, a "plan" as defined in Section 4975(e)(1) of the Internal Revenue Code of 1986, as amended (the "**Code**"), that is subject to Section 4975 of the Code, any entity whose underlying assets include "plan assets" by reason of any such employee benefit plan's or plan's investment in the entity or a "benefit plan investor" as such term is otherwise defined in any regulations promulgated by the U.S. Department of Labor under Section 3(42) of ERISA or (B) it is an insurance company acting on behalf of its general account and (i) it is not a person who has discretionary authority or control with respect to the assets of the Issuer or a person who provides investment advice for a fee (direct or indirect) with respect to such assets, or any affiliate of such a person, (ii) as of the date it acquires and throughout the period it holds the Notes, or any interest therein, less than 25 per cent. of the assets of such general account constitutes "plan assets" (as defined in the "plan asset regulation") for purposes of ERISA and/or Section 4975 of the Code, (iii) it agrees that if, after its initial acquisition of the Notes, or any interest therein, at any time during any month, 25 per cent. or more of the assets of such general account constitute "plan assets", then such insurance company shall, in a manner consistent with the restrictions on transfer set forth herein, dispose of all of the Notes, or any other class of equity interest in the Issuer, and any interest therein, held in its general account by the end of the next following month and (iv) the acquisition and holding of the Notes, or any interest therein, will not constitute or result in a prohibited transaction under ERISA or Section 4975 of the Code which is not covered under Prohibited Transaction Class Exemption 95-60 or some other applicable exemption and (2) if it is a governmental, church, non-US or other plan which is subject to any federal, state, local or non-US law substantially similar to the provision of Section 406 of ERISA or Section 4975 of the Code, its purchase and holding of such Notes will not constitute or result in a non-exempt violation under any such substantially similar federal, state, local or non-US law. Any

purported transfer of the Notes, or any interest therein, to a purchaser or transferee that does not comply with the requirements of this paragraph will be of no force and effect, shall be null and void *ab initio* and the Issuer will have the right to direct the purchaser to transfer the Notes, or any interest therein, as applicable, to a person who meets the foregoing criteria.

11. **Prescription**

The Notes and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of any Additional Amount) after the Relevant Date (as defined below) therefor.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Fiscal Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 16 (*Notices*).

- (c) in respect of the Notes issued by the Issuer, the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect,

then the Noteholder may by notice in writing given to the Fiscal Agent at its specified office, declare such Note immediately due and payable, whereupon such Note shall become redeemable at the Early Redemption Amount unless prior to the time when the Fiscal Agent receives such notice all Events of Default have been cured.

13. **Meeting of Noteholders and Modifications**

Such a meeting may be convened by Noteholders holding not less than ten per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, (ii) to reduce or cancel the nominal amount of, or any other amount payable or deliverable on redemption of, the Notes, (iii) to vary any method of, or basis for, calculating the Additional Amount, the Final Redemption Amount, the Early Redemption Amount or any other amount payable on the Notes, (iv) to vary the currency or currencies of payment or denomination of the Notes, (v) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (vi) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed).

- (b) *Modification of the Agency Agreement or the Conditions:* The Issuer may agree to any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement or the Conditions without the consent of the Noteholders, if:
- (i) such modification, waiver or authorisation modifies the restrictions on and procedures for resales and other transfers of Notes to reflect any changes in applicable law or regulation (or the interpretation thereof) or enables the Issuer to rely upon any exemption from registration under the Securities Act or the Investment Company Act or British Virgin Islands banking or securities laws or removes restrictions on resale and transfer to the extent not required thereunder or to modify the restrictions on the Notes related to ERISA or otherwise makes any modification to the restrictions on and procedures for resales and other transfers of Notes as the Calculation Agent determines is necessary or advisable;
 - (ii) such modification is of a formal, minor or technical nature or is made to correct a manifest error or a defective provision or to comply with mandatory provisions of the law; or
 - (iii) to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders,

in each case provided that the Issuer shall as soon as practicable notify the Noteholders of such modification, waiver or authorisation. In the event of any inconsistency between Conditions 13(a) and 13(b), Condition 13(b) shall prevail.

If a Note is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent (in the case of Regulation S Notes which are Bearer Notes) and of the Registrar (in the case of Regulation S Notes which are Registered Notes) or such other Paying Agent or Transfer Agent, as applicable, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note or Registered Certificate is subsequently presented for payment, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes or Registered Certificates) and otherwise as the Issuer may require. Mutilated or defaced Notes or Registered Certificates must be surrendered before replacements will be issued.

15. **Further Issues**

The Issuer may from time to time without the consent of the Noteholders create and issue further Notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to "Issue Date" shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to "Notes" shall be construed accordingly.

If the Issuer issues further Notes of the same Series during the initial 40-day restricted period applicable to the outstanding Notes of such Series, then such 40-day period will be extended until 40 days after the later of the commencement of the offering of such further issue of Notes and the Issue Date of such further issue of Notes. In addition, if the Issuer issues further Notes of the same Series after the expiration of the 40-day restricted period, a new 40-day restricted period will be applied to such further issue of Notes without applying to the outstanding Notes. After the expiration of the new 40-day restricted period, all such Notes will be consolidated with and form a single Series with the outstanding Notes.

ANNEX - BUY-BACK PROVISIONS

To the extent that, and for so long as the Calculation Agent determines (in its sole and absolute discretion) that normal market conditions exist the Issuer shall, during local market hours in the Reference Jurisdiction on each Business Day from, and including, the Issue Date to, but excluding, the Valuation Date, provide at a Noteholder's request indicative bid and ask prices in respect of the Notes as soon as reasonably practicable following receipt of such request by the Issuer. For the avoidance of doubt, such bid and ask prices are for indicative purposes only, and are subject to change in accordance with normal market movements.

In addition, to the extent that, and for so long as the Calculation Agent determines (in its sole and absolute discretion) that normal market conditions exist, the Issuer shall, following a request from a Noteholder received by the Issuer during the normal local market hours on any Business Day from, and including, the Issue Date to, but excluding, the Valuation Date, accept a sale order (a "**Buy-back Order**") from a Noteholder specifying a certain number of Notes to be sold, subject to any specified local price and volume conditions, and all applicable laws and regulations. The price at which the Issuer fills such Buy-back Order and purchases such Notes from such Noteholder will reflect (i) the price which the Hedge Counterparty would receive on an unwind of a portion of the Hedge Position which corresponds to the number of Notes specified in the Buy-back Order and (ii) the Applicable Exchange Rate at such time. Any Buy-back Order will therefore reflect the market conditions at such time, the liquidity of the Notes at such time, any conditions specified in any relevant order from a Noteholder and the Applicable Exchange Rate at such time. Any Buy-back Order shall be executed in good faith and a commercially reasonable manner, based on the factors described below.

If the Calculation Agent considers (in its sole and absolute discretion) that market conditions make it impossible or impracticable to provide an indicative bid or ask price and/or to accept or execute a Buy-back Order, then the Issuer's related obligations hereunder shall be postponed to the following Business Day on which the Calculation Agent (in its sole and absolute discretion) determines that such market conditions have ceased to exist and that it considers it possible and practicable to determine such indicative bid and ask prices or to accept or execute such Buy-back Order, as the case may be. For the avoidance of doubt, such market conditions could continue until the Maturity Date of the Notes.

NOW THIS DEED OF GUARANTEE WITNESSES as follows:

1. **INTERPRETATION**

1.1 **Definitions**

All terms and expressions which have defined meanings in the Conditions, the Dealer Agreement, the Agency Agreement or the Deed of Covenant shall have the same meanings in this Deed of Guarantee except where the context requires otherwise or unless otherwise stated.

1.2 Clauses

Any reference in this Deed of Guarantee to a clause is, unless otherwise stated, to a clause of this Deed of Guarantee.

1.3 Other agreements

All references in this Deed of Guarantee to an agreement, instrument or other document (including the Base Prospectus, the Dealer Agreement, the Agency Agreement and the Deed of Covenant) shall be construed as a reference to that agreement, instrument or other document as the same may be amended, supplemented, restated, extended, replaced or novated from time to time. In addition, in the context of any particular Tranche of Notes, each reference in this Deed of Guarantee to the Base Prospectus shall be construed as a reference to the Base Prospectus as supplemented and/or amended by the relevant Final Terms.

1.4 Legislation

Any reference in this Deed of Guarantee to any legislation (whether primary legislation or regulations or other subsidiary legislation made pursuant to primary legislation) shall be construed as a reference to such legislation as the same may have been, or may from time to time be, amended or re-enacted.

1.5 Headings

Headings and sub-headings are for ease of reference only and shall not affect the construction of this Deed of Guarantee.

Any Notes issued under the Programme which are issued and outstanding as at the date hereof ("**Outstanding Notes**") shall also have the benefit of this Deed of Guarantee (and for the avoidance of doubt and, pursuant to clause 12 (Arbitration) of this Deed of Guarantee, any disputes arising out of or in connection with this Deed of Guarantee shall be referred to and finally resolved by arbitration under the Rules of the London Court of International Arbitration). For the further avoidance of doubt, the Guarantor acknowledges and affirms that the Original Guarantee remains valid in respect of Outstanding Notes, and affirms that, pursuant to clause 11.2 (Jurisdiction) of the Original Guarantee, the courts of England have jurisdiction to settle disputes arising out of or in connection with the Original Guarantee. Subject to the next sentence, the Guarantor waives any objection to valid claims in respect of Outstanding Notes being brought under either the Original Guarantee or under this Deed of Guarantee. However, it shall be a condition of any claim being validly made under this Deed of Guarantee that no claim has been or will be made for the same amount or in respect of the same loss under the Original Guarantee by the relevant Noteholder or Accountholder in respect of the relevant Notes. The acknowledgements, affirmations, waivers and statements for the avoidance of doubt in this clause 1.6 of this Deed of Guarantee are all subject to the provisos that a Noteholder or an Accountholder (i) may not make claims outstanding for the same amount or loss in relation to the relevant Notes under both the Original Guarantee and this Deed of Guarantee and (ii) is not entitled to recover more than once in respect of the same amount or loss in respect of the relevant Notes.

Any amount payable pursuant to this indemnity shall be payable in the manner and currency prescribed by the Conditions of the relevant Notes for payments by the Issuer in respect of the Notes. This indemnity constitutes a separate and independent obligation from the other obligations under this Deed of Guarantee and shall give rise to a separate and independent cause of action.

4. **PRESERVATION OF RIGHTS**

4.1 **Principal obligor**

The obligations of the Guarantor hereunder shall be deemed to be undertaken as principal obligor and not merely as surety.

4.2 **Continuing obligations**

The obligations of the Guarantor herein contained shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Issuer's obligations under or in respect of any Note or the Deed of Covenant and shall continue in full force and effect for so long as the Programme remains in effect and thereafter until all sums due from the Issuer in respect of the Notes and under the Deed of Covenant have been paid, and all other actual or contingent obligations of the Issuer thereunder or in respect thereof have been satisfied, in full.

- (e) *Analogous events*: any other act, event or omission which, but for this clause 4.3, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantor herein or any of the rights, powers or remedies conferred upon the Beneficiaries or any of them by this Deed of Guarantee or by law.

4.4 **Settlement conditional**

Any settlement or discharge between the Guarantor and the Beneficiaries or any of them shall be conditional upon no payment to the Beneficiaries or any of them by the Issuer or any other person on the Issuer's behalf being avoided or reduced by virtue of any laws relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantor subsequently as if such settlement or discharge had not occurred.

The Guarantor pursues only limited principal and proprietary trading activities, within a well governed risk management framework.

The following is a summary based on present law of certain US federal income tax considerations for prospective investors in the Notes. The discussion is a general summary. It is not a substitute for tax advice.

To ensure compliance with US Treasury regulations, we advise you that any tax discussion herein was not written, and cannot be used, by any person for the purpose of avoiding US federal income tax penalties that may be imposed on the taxpayer. Any such tax discussion was written to support the promotion or marketing of the Notes. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

3.1 New US Tax legislation - Considerations for both US and Non-US holders

A recently enacted US tax law (the "**New U.S. Tax Law**") could impose withholding taxes on certain payments made to the Issuer on its assets and certain payments made by the Issuer on the Notes. The New US Tax Law is particularly complex, and subject to further guidance and interpretive releases from the US Department of the Treasury and the United States Internal Revenue Service (the "**IRS**"), and is dependent on the particular factual circumstances of the Issuer, the Notes and, potentially, the holder of the Notes. Broadly, however, the New US Tax Law may require, on or after 1 January 2014, a payor to the Issuer of "US source interest," "US source dividends," or "other US source periodic income" (and, on or after 1 January 2015, of proceeds from the sale of assets that produce US source interest or US source dividends) (together, "**US Source Income**") to withhold 30 per cent. from such payments unless the Issuer (and certain intermediaries) meets certain reporting requirements regarding its direct and indirect US Holders. As the Issuer may, from time to time, hold assets that give rise to US Source Income, it is anticipated that the Issuer will seek to comply with such reporting requirements.

In complying with the new reporting requirements, the Issuer anticipates that it will enter into an agreement with the IRS (an "**IRS Agreement**") under which it will be required to, among other things, (i) provide certain information to the IRS about its direct and indirect US Holders and (ii) agree to withhold (or cause to be withheld) 30 per cent. of a portion of certain payments made to any "Recalcitrant Holders" (as described below) that are indirectly receiving US Source Income.

In relation to item (i) above, the Issuer will require each (i) Non-US Holder of a Note to provide satisfactory documentation (to be determined) that it is not a US Person and (ii) US Holder of a Note to provide its name, address and taxpayer identification number. If a holder of Note is a foreign entity or otherwise not the beneficial owner of the Securities, such holder generally will be required to provide certain information about its owners (or beneficial owners) in order to enable the Issuer to identify and report on certain of such holder's direct and indirect US beneficial owners.

In relation to item (ii) above, the Issuer may be required to withhold 30 per cent. of a portion of any payments made to Recalcitrant Holders. The amount of any payments subject to the withholding tax will be proportional to the amount of US Assets held by the Issuer. In addition, a Recalcitrant Holder may be subject to the redemption of its Notes as described in Condition 2(h) (*New US Tax legislation – Application to both US and Non US Holders*) in the "**Terms and Conditions**".

Although certain exceptions to these disclosure requirements could apply, each Noteholder should (i) assume that the failure to provide the required information generally will result in a 30 per cent. US withholding tax on pass-thru payments made to such Noteholder and (ii) recognize that any withholding that should otherwise be allocable to Recalcitrant Holders may be disproportionately allocable to a particular class of investors and that Recalcitrant Holders, as well as compliant investors, may be subject to the forced sale of its Notes. The disproportionate allocation may result from the Issuer having less cash to pay investors generally. The Issuer may have less cash to pay investors if the Issuer is unable to fulfill its obligation to withhold on its Recalcitrant Holders and as a result instructs its withholding agents to withhold on payments to it (with respect to certain of its assets that generate U.S. Source Income) that are deemed to be allocated to its Recalcitrant Holders.

A "**Recalcitrant Holder**" generally is a holder of a Note that fails to comply with reasonable requests for information that will help enable the Issuer to comply with its reporting requirements described immediately above. In addition, in complying with the US reporting requirements under the New US Tax Law, it may be necessary for the Issuer to agree in the IRS Agreement to "close out" any holder that fails to respond to its reasonable requests for information that will help enable the Issuer to comply with such US reporting requirements. In the event the Issuer does "close out" any holder's interest, it may do so by causing the sale to a third party or the early redemption of such Notes. Any sale or redemption will be at the *Early Payment Amount*, an amount determined by the Issuer that is not less than the net proceeds the Issuer believes it could receive for such Note by selling it (or an identical Note and using the proceeds to retire the Recalcitrant Holder's Note) to an investor that is willing and able to comply with the information reporting requirements imposed by the Issuer.

At this time, the application of the new withholding tax and the New US Tax Law generally to the Issuer is uncertain. Due to the uncertainties, it is not clear what actions, if any, will be required to minimize the impact of the New US Tax Law on the Issuer and the holders of Notes. No assurance can be given that the Issuer will be able to take all necessary actions or that actions taken will be successful

to minimize the new withholding tax. Further, the efficacy of the Issuer's actions might not be within the control of the Issuer. Each potential investor in the Notes should consult its own tax advisor to obtain a more detailed explanation of the New US Tax Law and to determine how it might affect such investor in its particular circumstance.

CERTAIN ERISA CONSIDERATIONS

The advice below was not written and is not intended to be used and cannot be used by any taxpayer for purposes of avoiding United States federal income tax penalties that may be imposed. The advice is written to support the promotion or marketing of the transaction. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

The foregoing language is intended to satisfy the requirements under the new regulations in Section 10.35 of Circular 230.

The US Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes fiduciary standards and certain other requirements on employee benefit plans and other retirement arrangements subject thereto, including collective investment funds, insurance company general and separate accounts whose underlying assets are treated as if they were assets of such plans pursuant to the US Department of Labor's "**plan assets**" regulation, set forth at 29 C.F.R. Section 2510.3-101 (the "**Plan Assets Regulation**") and on those persons who are fiduciaries with respect to such plans or arrangements. ERISA's general fiduciary requirements include the requirement of investment prudence and diversification and the requirement that investments be made in accordance with the governing plan documents. The prudence of a particular investment will be determined by the responsible fiduciary by taking into account the particular circumstances of the plan and all of the facts and circumstances of the investment including, but not limited to, the matters discussed above under "Risk Factors" and the fact that in the future there may be no market in which such fiduciary will be able to sell or otherwise dispose of an investment.

In addition, Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of plans and arrangements subject to ERISA (as well as those that are not subject to ERISA but which are subject to Section 4975 of the Code (together "**Plans**")) and certain persons (referred to as "**parties in interest**" or "**disqualified persons**") having certain relationships to such Plans, unless a statutory or administrative exemption applies to the transaction. In particular, a sale or exchange of property or an extension of credit between a Plan and a "**party in interest**" or "**disqualified person**" may constitute a prohibited transaction. In the case of indebtedness, the prohibited transaction provisions apply throughout the term of such indebtedness (and not only on the date of the initial borrowing). A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes or other liabilities under ERISA and the Code.

Governmental, church and non-US plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to US federal, state or local laws or non-US laws that are substantially similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any Notes.

Under a "**look-through rule**" set forth in the Plan Assets Regulation, if a Plan invests in an "**equity interest**" of an entity such as the Issuer and no other exception applies, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets. An equity interest does not include debt (as determined by applicable local law) which does not have substantial equity features. Under the Plan Assets Regulation, if a Plan invests in an "**equity interest**" of an entity that is neither a "**publicly-offered security**" nor a security issued by an investment company registered under the Investment Company Act, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established that the entity is an "**operating company**" or that equity participation in the entity by "**benefit plan investors**" is not "**significant**." Equity participation in an entity by "**benefit plan investors**" is "**significant**" if 25 per cent. or more of the value of any class of equity interest in the entity is held by "**benefit plan investors**". Employee benefit plans that are not subject to Title I of ERISA and plans that are not subject to Section 4975 of the Code, such as US governmental and church plans or non-US plans, are not considered "**benefit plan investors**." Only employee benefit plans subject to Title I of ERISA or Section 4975 of the Code or an entity whose underlying assets include plan assets by reason of such plan's investment in the entity are considered in determining whether investment by "**benefit plan investors**" represents 25 per cent. or more of any class of equity of the Issuer. Under Section 3(42) of ERISA, the term "**benefit plan investor**" includes (a) an "**employee benefit plan**" (as defined in Section 3(3) of Title I of ERISA) that is subject to the fiduciary responsibilities provisions of ERISA, (b) a "**plan**" as defined in Section 4975(e)(1) of the Code that is subject to Section 4975 of the Code, (c) any entity whose underlying assets include "**plan assets**" by reason of any such employee benefit plan's or plan's

investment in the entity or (d) a "**benefit plan investor**" as such term is otherwise defined in any regulations promulgated by the US Department of Labor under Section 3(42) of ERISA (collectively, "**Benefit Plan Investors**"). For purposes of making the 25 per cent. determination, the value of any equity interests held by a person (other than a benefit plan investor) who has discretionary authority or control with respect to the assets of the Issuer or any person who provides investment advice for a fee (direct or indirect) with respect to the Issuer's assets, or any affiliate of such a person (a "**Controlling Person**"), shall be disregarded. Under the Plan Assets Regulation, an "**affiliate**" of a person includes any person, directly or indirectly through one or more intermediaries, controlling, controlled by or under common control with the person, and "**control**" with respect to a person, other than an individual, means the power to exercise a controlling influence over the management or policies of such person.

The US Supreme Court's decision, in *John Hancock Mutual Life Insurance Co. v. Harris Trust and Savings Bank* ("**Harris Trust**"), 510 US 86 (1993), held that those funds allocated to the general account of an insurance company pursuant to a contract with an employee benefit plan that varies with the investment experience of the insurance company are "**plan assets**". The American Council of Life Insurance requested a prohibited transaction class exemption to counteract the effects of *Harris Trust*. In the preamble to the resulting Prohibited Transaction Class Exemption 95-60, 60 Fed. Reg. 35925 (12 July 1995) ("**PTCE 95-60**"), the Department of Labor noted that for purposes of calculating the 25 per cent. threshold under the significant participation test of the Plan Assets Regulation, only the proportion of an insurance company general account's equity investment in the entity that represents plan assets should be taken into account. Furthermore, a change in the level of plan investment in a general account subsequent to the general account's purchase of an interest in the entity would not, by itself, trigger a new determination of whether plan participation is significant. However, it is the Department of Labor's view that a purchase by the general account of an additional interest in the entity subsequent to its initial investment or an acquisition in the entity by any investor subsequent to the general account's initial investment would require a new determination of significant plan participation. Although the Department of Labor has not specified how to determine the proportion of an insurance company general account that represents plan assets for purposes of the 25 per cent. threshold, they have, in the case of PTCE 95-60, provided a method for determining the percentage of an insurance company's general account held by the benefit plans of an employer and its Affiliates by comparing the reserves and liabilities for the general account contracts held by such plans to the total reserves and liabilities of the general account (exclusive of separate account liabilities) plus surplus. However, there is no assurance that a similar measurement would be used for purposes of the 25 per cent. threshold.

Any insurance company proposing to invest assets of its general account in the Notes should consider the extent to which such investment would be subject to the requirements of ERISA in light of the US Supreme Court's decision in *Harris Trust* and under any subsequent guidance that may become available relating to that decision. In particular, such an insurance company should consider the retroactive and prospective exemptive relief granted by the Department of Labor for transactions involving insurance company general accounts in Prohibited Transaction Class Exemption 95-60 and the enactment of Section 401(c) of ERISA by the Small Business Job Protection Act of 1996 and the Department of Labor's regulations issued thereunder.

The Notes would likely be considered to have substantial equity features under the Plan Assets Regulations and, accordingly, should not be acquired by any benefit plan investor other than an insurance company general account, provided that in the case of the Notes, less than 25 per cent. of the assets in such general account constitute "**plan assets**" (as defined in the Plan Asset Regulation) for purposes of ERISA and/or Section 4975 of the Code. There are no assurances that any of the exceptions to the look-through rule (other than the exception for equity participation in an entity by benefit plan investors that is less than 25 per cent.) applies to the investment by investors in the Notes of the Issuer. Furthermore, there can be no assurance that, despite the transfer restrictions relating to purchases by benefit plan investors and procedures to be employed to attempt to limit the ownership by benefit plan investors of the Notes to less than 25 per cent. of the Notes, benefit plan investors will not in actuality own 25 per cent. or more of the value of the Notes.

BY ITS PURCHASE OR HOLDING OF A NOTE OR ANY INTEREST THEREIN, THE PURCHASER AND/OR HOLDER THEREOF AND EACH TRANSFEREE WILL BE DEEMED TO HAVE REPRESENTED AND WARRANTED AT THE TIME OF ITS PURCHASE AND THROUGHOUT THE PERIOD THAT IT HOLDS SUCH NOTE OR INTEREST THEREIN THAT (1), (A) IT IS NOT A BENEFIT PLAN INVESTOR OR (B) IT IS AN INSURANCE COMPANY ACTING ON BEHALF OF ITS GENERAL ACCOUNT AND, (I) IT IS NOT A CONTROLLING PERSON, (II) AS OF THE DATE IT ACQUIRES ANY NOTE, OR ANY INTEREST THEREIN, LESS THAN 25 PER CENT. OF THE ASSETS OF SUCH GENERAL ACCOUNT CONSTITUTES "PLAN ASSETS" (AS DEFINED IN THE "**PLAN ASSETS REGULATION**") FOR PURPOSES OF ERISA AND/OR SECTION 4975 OF THE CODE, (III) IT AGREES THAT IF, AFTER ITS INITIAL ACQUISITION OF ANY CLASS OF THE NOTES OR ANY INTEREST THEREIN, AT ANY TIME DURING ANY MONTH, 25 PER CENT. OR MORE OF THE ASSETS OF SUCH GENERAL ACCOUNT CONSTITUTES "**PLAN ASSETS**", THEN SUCH INSURANCE COMPANY SHALL, IN A MANNER CONSISTENT WITH THE RESTRICTIONS ON TRANSFER SET FORTH HEREIN, DISPOSE OF ALL OF SUCH NOTE, OR ANY OTHER CLASS OF EQUITY INTEREST IN THE ISSUER, AND ANY INTEREST THEREIN, HELD IN ITS GENERAL ACCOUNT BY THE END OF THE NEXT FOLLOWING MONTH AND (IV) THE ACQUISITION OR HOLDING OF ANY SUCH NOTES, OR ANY INTEREST THEREIN, WILL NOT CONSTITUTE OR RESULT IN A PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE WHICH IS NOT COVERED UNDER PTCE 95-60 OR SOME OTHER APPLICABLE EXEMPTION AND (2) IF IT IS A GOVERNMENTAL, CHURCH, NON-US OR OTHER PLAN WHICH IS SUBJECT TO ANY FEDERAL, STATE, LOCAL OR NON-US LAW THAT IS SUBSTANTIALLY SIMILAR TO TITLE I OF ERISA OR SECTION 4975 OF THE CODE, ITS PURCHASE AND/OR HOLDING OF SUCH NOTES WILL NOT CONSTITUTE OR RESULT IN A NON-EXEMPT VIOLATION UNDER SUCH SUBSTANTIALLY SIMILAR FEDERAL, STATE, LOCAL OR NON-US LAW.

If for any reason the assets of the Issuer are deemed to be "plan assets" of a Plan because one or more Plans is an owner of a Note, certain transactions that the Guarantor or the Dealer, as the case may be, might enter into, or may have entered into, on behalf of the Issuer in the ordinary course of its business might constitute non-exempt "prohibited transactions" under Section 406 of ERISA or Section 4975 of the Code and might have to be rescinded at significant cost to the Issuer. The Guarantor or the Dealer, as the case may be, could be deemed to be an ERISA fiduciary and therefore may be prevented from engaging in certain investments (as not being deemed consistent with the ERISA prudent investment standards) or engaging in certain transactions or fee arrangements because they might be deemed to cause non-exempt prohibited transactions. It also is not clear that Section 403(a) of ERISA, which generally requires that all of the assets of an ERISA Plan be held in trust and limits delegation of investment management responsibilities by fiduciaries of ERISA Plans, would be satisfied. In addition, it is unclear whether Section 404(b) of ERISA, which generally provides that no fiduciary may maintain the indicia of ownership of any assets of a plan outside the jurisdiction of the district courts of the United States, would be satisfied or any of the exceptions to the requirement set forth in 29 C.F.R. Section 2550.404b-1 would be available.

Any Plan fiduciary that proposes to cause a Plan to purchase any Notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such investment will not constitute or result in a prohibited transaction or any other violation of an applicable requirement of ERISA or any substantially similar law.

The sale of any Notes to a Plan is in no respect a representation by the Issuer, the Dealer or the Guarantor that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

SUBSCRIPTION AND SALE

Unless otherwise provided in the applicable Final Terms and/or Drawdown Prospectus (as applicable), Financial Brokerage Group will act as Dealer to purchase, procure the placement of and/or distribute the Notes to be sold outside the United States to non-US Persons in reliance on Regulation S under the Securities Act.

No action has been or will be taken by any Dealer (other than as specified below) that would permit a public offering of the Notes or possession or distribution of any offering material in relation to the Notes in any jurisdiction where action for that purpose is required save as specified in the Final Terms and/or Drawdown Prospectus (as applicable). No offers, sales or deliveries of any Notes, or distribution of any offering material relating to the Notes, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligations on the Issuer.

Important Information

Any relevant "Authorised Person" acting as Hedge Counterparty is required under the terms of the regulatory approval given to it by the Capital Market Authority to, among other things, notify the Capital Market Authority of the beneficiary of each Hedge Position, which may be deemed to include the beneficial owner of each Note Linked to Saudi Shares.

Each purchaser of Notes will be required, as a condition of any sale of such Notes, to execute a letter substantially in the form set out in "Form of Noteholder Letter" below to the Issuer, the specified "Authorised Person" (if any) and the Guarantor. In respect of Notes Linked to Saudi Shares, such letter, among other things, authorises any of the Issuer, the Guarantor or the specified "Authorised Person" to disclose the purchaser's identity and the terms of such Notes to the Capital Market Authority and also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in favour of the Issuer, the Guarantor and any specified "Authorised Person". Such letter also contains certain authorisations, representations, warranties, confirmations and undertakings that each purchaser is required to make in respect of US securities laws.

UNITED STATES

The Notes and any Guarantee thereof have not been and will not be registered under the Securities Act, or any state securities laws, and trading in the Notes and any Guarantee thereof has not been approved by the SEC, any state securities commission, the Commodity Futures Trading Commission (the "CFTC") under the US Commodities Exchange Act, as amended, any US federal or state banking authority or any other US or foreign regulatory authority, and the Issuer has not registered, and does not intend to register, as an investment company under the Investment Company Act. In addition Notes may be subject to certain US tax law requirements. Accordingly, the Notes may not be offered, sold, pledged, assigned, delivered, redeemed or otherwise transferred or exercised at any time within the United States or its possessions or to or for the account or benefit of any US Person. In this Base Prospectus, the term "US Person" has the meaning ascribed to it in either Regulation S or the Code, as the context so requires. The Notes and any Guarantee thereof are being offered and sold outside of the United States in reliance on the registration exemptions contained in Regulation S.

Furthermore, each holder and beneficial owner will be deemed on purchase to agree that (1) the Notes offered in reliance on Regulation S will be represented by Global Notes or Global Certificates, as the case may be and accordingly, prior to the expiration of the distribution compliance period, before any interest in a Global Note or Global Certificate, as applicable may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in a Global Certificate or Global Note, as applicable, it will be required to provide the Registrar or the relevant Agents with a written certification that it is a non-US Person (in the form provided in the Agency Agreement) and (2) the Issuer, the Guarantor, the Agents, the Dealer and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

The Notes may not be legally or beneficially owned by any US Person at any time. Each holder and each legal and beneficial owner of a Note as a condition to purchasing such Note or any legal or beneficial interest therein, will be deemed to represent on purchase that neither it nor any person for

whose account or benefit such Notes are being purchased (i) is located in the United States, (ii) was solicited to purchase the Notes while present in the United States or (iii) if the offer or sale of such Notes was made prior to the expiration of a 40-day distribution compliance period, is not made to a US person or for the account or benefit of a US person.

Accordingly, the Dealer has represented and agreed in the Dealer Agreement that it, its affiliates, and any person acting on its behalf has not offered or sold and will not offer or sell the Notes, at any time, directly or indirectly within the United States of America or its possessions or to, or for the account or benefit of, any US Person except in accordance with and subject to Regulation S under the Securities Act, and that neither it, its affiliates nor any persons acting on its behalf have engaged or will engage in any directed selling efforts with respect to such Notes, and it has complied and will comply with the offering restrictions requirement of Regulation S. The terms used in this paragraph have the meanings given to them by Regulation S.

The Dealer has also agreed in the Dealer Agreement that, at or prior to confirmation of a sale of Notes, it, its affiliates, and any person acting on its or their behalf will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it (whether upon original issuance or in any secondary transaction) a written confirmation or notice stating that the purchaser is subject to the same restrictions on offers and sales and setting forth the restrictions on offers and sales of the Notes within the United States and its possessions or to, or for the account or benefit of, any US Person.

Unless otherwise specified in the relevant Final Terms, notes in bearer form for United States federal income tax purposes are subject to US tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by the D Rules.

Unless otherwise specified in the relevant Final Terms, in the case of any Note that is in bearer form:

- (a) except to the extent permitted under US Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**"), (a) the Dealer represents that it has not offered or sold, and agrees that during the restricted period it will not offer or sell, the Notes to a person who is within the United States or its possessions or to a United States person, and (b) represents that it has not delivered and agrees that it will not deliver within the United States or its possessions bearer Definitive Notes or registered Definitive Notes that are sold during the restricted period;
- (b) the Dealer represents that it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling the Notes are aware that the Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, and each Dealer acknowledges that an offer or sale will be considered to be made to a person who is within the United States or its possessions if the Dealer has (with respect to such offer or sale) an address within the United States or its possessions for the offeree or buyer of the Notes, except as permitted by the D Rules;
- (c) if it is a United States person, the Dealer represents that it is acquiring the Notes for purposes of resale in connection with their original issue and if it retains Notes for its own account, it will only do so in accordance with the requirements of US Treas. Reg. §1.163-5(c)(2)(i)(D)(6);
- (d) with respect to each affiliate that acquires Notes from it for the purpose of offering or selling the Notes during the restricted period, the Dealer either (i) repeats and confirms the representations and agreements contained in (a), (b) and (c) above on such affiliate's behalf or (ii) agrees that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in (a), (b) and (c) above; and
- (e) the Dealer represents that it has not and agrees that it will not enter into any written contract (other than a confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Dealer) has offered or sold, or during the restricted period will offer or sell, any Notes, except where pursuant to the contract the Dealer has obtained or will obtain from that party, for the benefit of the Issuer and the Dealer,

the representations contained in, and that party's agreement to comply with, the provisions of (a), (b), (c) and (d) above.

Terms used in (a), (b), (c), (d) and (e) above have the meaning given to them by the US Internal Revenue Code of 1986 and regulations thereunder, including the D Rules.

UNITED KINGDOM

The Dealer has represented and agreed, and each further Dealer appointed under this Programme will be required to represent and agree, that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 (financial promotion) of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

The Dealer may promote the Notes (or appoint a third party to promote the Notes) in the United Kingdom only to persons falling within either Article 19 (investment professionals) or Article 49 (high net worth companies, unincorporated associations, etc.) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 and not to any other person unless it is possible to do so without breaching the restriction in section 21(1) of FSMA, and the Dealer considers it appropriate to do so in any particular case. These Notes are not intended to be promoted to retail investors in the UK, and the Dealer will not do so. Subsequent purchasers of the Notes are informed of this and must ensure (and have the sole responsibility of ensuring) that any subsequent sale of the Notes by them is done in accordance with FSMA and the FSA Rules.

EUROPEAN ECONOMIC AREA

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each a "**Relevant Member State**"), the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms and/or Drawdown Prospectus, as the case may be, in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the Final Terms and/or Drawdown Prospectus (as applicable) in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms and/or Drawdown Prospectus (as applicable) contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms and/or Drawdown Prospectus (as applicable), as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes referred to in (b) to (d) (inclusive) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

The Issuer is not licensed to carry on business in the British Virgin Islands. The Notes may be offered to British Virgin Islands business companies (from outside the British Virgin Islands) without restriction. A "British Virgin Islands business company" is a BVI company formed under or otherwise governed by the BVI Business Companies Act 2004 of the BVI.

Dear Sir/Madam,

Authorisations, representations, warranties, confirmations and undertakings as to compliance with [(i) Saudi law requirements with regard to holding Notes linked to Saudi Shares and (ii)*] US tax and securities laws

We, [**Legal Name of Noteholder**] domiciled in [**Noteholder's Country of Origin**] acting for our own benefit ("**we**", "**us**", "**our**" or "**ourselves**" as the case may be) refer to the Notes referencing [ordinary] [preference] shares [of [**NAME OF SHARE ISSUER**] ("**Saudi Shares**")]* issued by EFG-Hermes MENA Securities Limited (the "**Notes**").

We confirm that we are aware that:

- (a) The Capital Market Authority of the Kingdom of Saudi Arabia (the "**Capital Market Authority**") regulates share dealing and associated activities in the Kingdom of Saudi Arabia.
- (b) Pursuant to Capital Market Authority Board of Commissioners resolution number 2-28-2008 as published by the Capital Market Authority in its Circular for Authorized Persons to Enter into Swap Agreements dated 17/8/1429H corresponding to 18/8/2008G, as amended by Board of Commissioners resolution number 3-10-2010 dated 30/3/1431H corresponding to 16-3-2010G (the "**CMA Resolution**"), "Authorised Persons" may enter into derivative transactions with non-resident foreign investors whether institutions or individuals, to transfer the economic benefits of Saudi companies' shares listed on the Saudi Stock Exchange (Tadawul), while the relevant Authorised Persons retain the legal ownership of such shares, all on the terms and conditions set forth in the CMA Resolution (as described below). A copy of the CMA Resolution may be obtained on request from the Issuer or the Guarantor.
- (c) The Issuer may (but shall be under no obligation under the Notes to) to establish a Hedge Position in respect of its obligations under such Notes including the appointment of the

* Applicable only in respect of any Notes linked to Shares, the Share Issuer of which is in the Kingdom of Saudi Arabia.

Authorised Person as a Hedge Counterparty which may hold a position in the relevant Shares. We acknowledge that we have no economic or other interest (including any voting right) in any such Hedge Position or in any Shares held by an Authorised Person as Hedge Counterparty.

- (d) Pursuant to the CMA Resolution, the assets and money of a non-resident foreign investor who is a party to a swap agreement entered into under the CMA Resolution shall be deemed client money and client assets held by the Authorised Person. Pursuant to Part 7 of the Authorised Persons Regulations, the Authorised Person must segregate its own money and assets from such client money and client assets. Thus, the Authorised Person will segregate from its own assets any Saudi Shares held by it as Hedge Counterparty in connection with a Hedge Position.
- (e) Pursuant to the CMA Resolution, the Authorised Person must submit to the Corporate Finance Department of the Capital Market Authority on a monthly basis certain details of all swap transactions relating to the Saudi Shares, which may include certain details relating to the Notes such as the ultimate beneficiary name, country of origin, details of the underlying shares and quantity and any other information that may be required by the Capital Market Authority.
- [(f) The Notes will not be registered under the US Securities Act of 1933, as amended (the "**Securities Act**").]

In connection with the Notes, we authorise, represent, warrant, confirm and undertake as follows:

1. we have all requisite power and authority to enter into this letter and this letter has been duly authorised, validly executed and delivered by us and constitutes our valid and legally binding agreement; such entrance into this letter and our acquisition of and payment for any Notes do not violate or conflict with any law applicable to us, any provision of our constitutional documents, any order or judgment of any court or other governmental agency applicable to us or any of our assets or any contractual restriction binding on or affecting us or any of our assets;
2. we are a "non-resident foreign investor" for the purposes of the CMA Resolution and we are purchasing the Notes for our own account and we are not purchasing the Notes for, on behalf of, or for the benefit or account of any other person or entity, and we are purchasing the Notes as principal and not as agent of any person or entity, and we have not entered and will not enter into any back-to-back transactions in connection with the Notes whatsoever;
3. we will promptly, as and when requested by you, provide to you confirmation of our name (including any changes thereto), country of origin, number of Notes held by us and any other information requested by the Capital Market Authority under the CMA Resolution in relation to the holders of the Notes;
4. we authorise you to release to the Capital Market Authority the information obtained from us pursuant to paragraph 3 above in order to satisfy the provisions set out in the CMA Resolution and/or as expressly requested in writing by the Capital Market Authority from time to time, including in order for you to make any notifications and/or reports to the Corporate Finance Department of the Capital Market Authority as required by the terms of the CMA Resolution;
5. we are aware that the Capital Market Authority may from time to time impose qualitative or quantitative restrictions or any other requirements on the Hedge Position, the Notes or on the ultimate beneficial investors of the Notes and, if any such restrictions or requirements are imposed, then you may give effect to such restrictions or requirements by amending the terms and conditions of the Notes without our consent and/or by requiring early redemption of the Notes (all pursuant to Condition 6 (*Adjustments and Additional Redemption Events*) of the Notes);
6. we will not, directly or indirectly, sell, transfer, assign or otherwise dispose of any interest in the Notes to or for the benefit or account of any other entity unless, prior to such sale, transfer, assignment or otherwise the proposed transferee of such Note has duly completed and signed and returned to you to your satisfaction a letter substantially similar to this one [and otherwise

satisfied your internal diligence procedures to ensure compliance with the CMA Resolution (as confirmed by you to us);*]

7. we are not a US person, in respect of Notes purchased pursuant to Regulation S of the Securities Act ("**Regulation S Notes**"), we (A) understand that the offer or sale of such Regulation S Notes held by us, if made prior to the expiration of a 40-day distribution compliance period, is not made to a US person or for the account or benefit of a US person (other than a distributor), (B) are located outside the United States, (C) are not purchasing such Regulation S Notes with a view to the resale, distribution, or other disposition thereof in violation of the Securities Act, (D) are aware that the sale of such Regulation S Notes to us is being made in reliance on the exemption from registration provided by Regulation S and (E) will provide notice to each person to whom we propose to transfer any interest in such Regulation S Notes of the transfer restrictions and representations set forth in the Base Prospectus relating to Regulation S Notes;
8. we understand and agree that any purported transfer of Notes to a purchaser that does not comply with the requirements of Regulation S shall be null and void *ab initio*;
9. if we are subject to US federal income taxation:
 - (a) we acknowledge and agree that the Issuer currently expects to treat the Notes, for US federal income tax purposes, as equity interests in the Issuer, for US federal income tax purposes, consistent with the characterization of the Notes as equity interests in the Issuer;
 - (b) we understand that the Issuer is likely to be a passive foreign investment company ("**PFIC**") and may be a controlled foreign corporation ("**CFC**") for US federal income tax purposes; and
 - (c) we have reviewed "Risk Factors" and "United States Federal Income Tax Considerations" in the Base Prospectus and have consulted with our own US tax advisors and are comfortable with the tax risks inherent in a purchase of the Notes. We are aware that all income on the Notes, including all gain on the sale or other taxable disposition of a Note will likely be ordinary income and it is possible that a US Holder of a Note will be treated as earning income at a rate faster than the rate at which Additional Amounts are made on the Notes. Further we are aware that under some possible characterisations of the Notes, a holder of a Note that is not a corporation may recognise in any year "phantom income" (income that does not relate to any cash distributions it receives) that is not offset by taxable losses in a later year. Thus, we are aware that the Notes may not be a suitable investment for an investor that is not a corporation; and
10. we have not relied on you in giving the authorisations, representations, warranties, confirmations and undertakings in this letter.

The terms of this letter (and any dispute, controversy, proceedings or claim of whatever nature arising out of or in anyway relating to this letter or its formation) are governed by, and shall be construed in accordance with English law. We irrevocably submit to the jurisdiction of the English courts and waive any objections to proceedings in such courts on the ground of venue or on the ground that the proceedings have been brought in an inconvenient forum.

Yours faithfully,

By:
