

ODER CAPITAL LIMITED
(Incorporated with limited liability in Jersey)
US\$10,000,000,000
FTC Certificate programme

*This Base Prospectus describes the US\$10,000,000,000 certificate programme linked to shares of FTC Satori Fund Limited (the "**Programme**") of Oder Capital Limited (the "**Issuer**") and is valid for one year from 23 May 2013. Any Certificate (as defined below) issued under the Programme on or after the date of this Base Prospectus is subject to the provisions described herein.*

Under the Programme, the Issuer, subject to compliance with all relevant laws, regulations and directives, may from time to time issue secured certificates ("**Secured Certificates**") and unsecured certificates ("**Unsecured Certificates**") and, together with the Secured Certificates, the "**Certificates**") on the terms set out herein, as further detailed in final terms (each, "**Final Terms**"). This Base Prospectus should be read in conjunction with the applicable Final Terms prepared in connection therewith. The aggregate principal amount of Certificates outstanding will not at any time exceed US\$10,000,000,000 (or the equivalent in other currencies).

The Certificates will offer exposure on a 1:1 basis to class A euro shares (the "**Shares**") in FTC Satori Fund Limited, an exempted company incorporated with limited liability in the Cayman Islands (the "**Fund**").

Each Certificate of a Series will be linked to one Share of the Fund applicable to such Series. The Issuer at its discretion, in respect of a Series, may either purchase the Shares and/or enter into a total return swap (a "**Swap**") with Morgan Stanley and Co. International plc (the "**Swap Counterparty**") which references the Shares of the Fund and whereby the Issuer obtains exposure to the Shares. The Swap Counterparty need not purchase the Shares referenced by the Swaps. The number of Shares referenced in the Swap, in respect of a Series, from time to time, will be determined by the Issuer on the basis that it is required to fully hedge its obligations to make payments under the Certificates.

Certificates will be issued in Series (as defined in "*Overview of the Programme*") and each Series will either consist of Secured Certificates and Secured Series Custodian Certificates only (each, a "**Secured Series**") or Unsecured Certificates and Unsecured Series Custodian Certificates only (each, an "**Unsecured Series**") and, together with the Secured Series, the "**Series**"). Each Secured Series (other than the Secured Series Custodian Certificates) will be secured by a charge on and/or assignment of and/or other security over or in respect of (i) Shares owned by the Issuer or a Swap or Swaps entered into by the Issuer in respect of such Secured Series (the "**Collateral**") and all proceeds of, income from and sums arising from such Collateral, (ii) all sums held by the Paying Agent (as defined in "*Terms and Conditions of the Certificates*") to meet payments due under the Secured Certificates or by the Issuer in relation to the Collateral of such Secured Series; and (iii) the Issuer's right, title and interest under any agreement under which the Issuer enters into the Swap or Swaps and/or by which the Issuer purchases the Collateral in respect of the relevant Secured Series and the Agency Agreement (as defined in "*Terms and Conditions of the Certificates*"), together with security over such additional property as may be described in the relevant Final Terms (together, the "**Mortgaged Property**"). The Secured Series Custodian Certificates of a Secured Series will not be secured by or have recourse to the Mortgaged Property for that Series or any other asset.

Each Unsecured Series will not be secured and the Unsecured Certificates (other than the Unsecured Series Custodian Certificates) will rely for their payment on, *inter alia*, and, in the case of (iv) below have the benefit of, the contractual rights of the Issuer in respect of (i) Shares owned by the Issuer or a Swap or Swaps entered into by the Issuer in respect of such Unsecured Series (the "**Underlying Assets**"), and all proceeds of, income from and sums arising from such Underlying Assets; (ii) all sums held by the Paying Agent to meet payments due under the Unsecured Certificates or by the Issuer in relation to the Underlying Assets of such Unsecured Series; and (iii) the Issuer's right, title and interest under any agreement under which the Issuer enters into the Swap or Swaps and/or by which the Issuer purchases the Underlying Assets in respect of the relevant Unsecured Series and the Agency Agreement as may be described in the relevant Final Terms and (iv) the rights of the Issuer under other Series of Certificates which limit the recourse of holders of Certificates of such other Series (together, the "**Unsecured Series Property**") and, together with the Mortgaged Property, the "**Series Assets**"). The Unsecured Series Custodian Certificates of an Unsecured Series will not have recourse to the Unsecured Series Property for that Series or any other asset. All present and future creditors of specific Series Assets of a Series (including service providers for such particular Series) will have their recourse limited to the Series Assets

of such Series. The Unsecured Series Property of an Unsecured Series will not be ring fenced against the claims of other creditors by virtue of having the benefit of any security. There can be no guarantee that unspecified third parties will not make any claims against the Unsecured Series Property, and that any Unsecured Series Property will be available to meet the claims of the holders of Unsecured Certificates (the **"Unsecured Certificateholders"**) at any time.

Claims against the Issuer by holders of the Certificates (the **"Certificateholders"**) of a particular Series will be limited to the Series Assets applicable to that Series. If the net proceeds of the enforcement or liquidation of the Series Assets for any Series are not sufficient for the Issuer to make all payments due in respect of the Certificates of that Series, the other assets of the Issuer will not be available for payment of any shortfall arising therefrom. Any such shortfall shall be borne by Certificateholders of each Series as specified in the relevant Final Terms. The Issuer will not be obliged to make any further payment in excess of such net proceeds and accordingly no debt shall be owed by the Issuer in respect of any such shortfall remaining after either (i) in the case of Secured Certificates realisation of the Mortgaged Property and application of the proceeds in accordance with the Trust Deed or (ii) in respect of Unsecured Certificates, liquidation of the Unsecured Series Property and application of the proceeds in accordance with the Trust Deed. None of the Note Trustee, the Security Trustee (if applicable) or any Certificateholder may take any further action to recover such shortfall.

The Base Prospectus has been approved by the Central Bank of Ireland, (the **"Central Bank"**) as competent authority under Directive 2003/71/EC, as amended (the **"Prospectus Directive"**). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Certificates which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC and/or which are to be offered to the public in any Member State of the European Economic Area. Application will be made to the Irish Stock Exchange (the **"Irish Stock Exchange"**) for Certificates issued under the Programme within 12 months of the date of this Base Prospectus to be admitted to the Official List (the **"Official List"**) and trading on its regulated market (the **"Main Securities Market"**). References in this Base Prospectus to Certificates being "listed" (and all related references) shall mean that such Certificates have been admitted to trading on the Main Securities Market and have been admitted to the Official List. The Main Securities Market is a regulated market (the **"Regulated Market"**) for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments.

However, unlisted Certificates may be issued pursuant to the Programme and the Programme provides that Certificates may be listed on such other stock exchange(s) outside the EU or markets as may be specified in the relevant Final Terms. The relevant Final Terms in respect of the issue of any Certificates, will specify whether or not application has been made for such Certificates to be listed on the Irish Stock Exchange (or any other stock exchange) and to be admitted to trading on the Market or other regulated market for the purposes of Directive 2004/39/EC.

Payments in respect of the Certificates comprising each Series will be made without withholding or deduction for or on account of any taxes unless required by law. The Issuer will not be obliged to gross up payments in respect of the Certificates and any imposition of withholding taxes on payments in respect thereof may lead to redemption of Certificates. See *"Terms and Conditions of the Certificates – Redemption"*.

The Certificates of a Series will be held through a clearing system and represented by a Global Certificate, the Global Certificate will be held by a common depositary appointed by Euroclear Bank S.A./N.V. (**"Euroclear"**) and Clearstream, Luxembourg, *société anonyme* (**"Clearstream, Luxembourg"**).

The Certificates will be obligations solely of the Issuer and will not be guaranteed by, or be the responsibility of, any other entity.

the relevant Final Terms. Mortgaged Property

The Secured Certificates of each Secured Series (other than Secured Series Custodian Certificates) will be secured in the manner set out in the relevant Final Terms and Supplemental Trust Deed, which will include a charge on and/or assignment of and/or other security over or in respect of (i) certain Collateral and all proceeds of, income from and sums arising from such Collateral; (ii) all sums held by the Paying Agent to meet payments due under the Certificates or by the Issuer in relation to the Collateral of such Series; and (iii) the Issuer's right, title and interest under any agreement under which the Issuer enters into the Swap or Swaps and/or by which the Issuer purchases the Collateral in respect of such Secured Series and the Agency Agreement, together with security over such additional property as may be described in the Supplemental Trust Deed in respect of such Secured Series and/or the relevant Final Terms.

Unsecured Series Property

The Unsecured Certificates of each Unsecured Series will not be secured. Instead the Unsecured Certificates (other than the Unsecured Series Custodian Certificates) of an Unsecured Series will rely for their payment on, *inter alia*, and, in the case of (iv) below have the benefit of, the contractual rights of the Issuer in respect of (i) certain Underlying Assets in the manner set out in the relevant Final Terms and all proceeds of, income from and sums arising from such Underlying Assets; (ii) all sums held by the Paying Agent to meet payments due under the Unsecured Certificates or by the Issuer in relation to the Underlying Assets of such Unsecured Series; (iii) the Issuer's right, title and interest under any agreement under which the Issuer enters into the Swap or Swaps and/or by which the Issuer purchases the Underlying Assets in respect of such Unsecured Series and

the Agency Agreement as may be described in the Trust Deed in respect of such Unsecured Series and/or the relevant Final Terms; and (iv) the rights of the Issuer under other Series of Certificates which limit the recourse of Certificateholders of such other Series.

Method of issue of Certificates The Certificates will be issued in series (each a “**Series**”) on one or more issue dates. Certificates of a Series shall be issued on identical terms (or identical other than in respect of the issue date), the Certificates of each Series being intended to be interchangeable with all other Certificates of that Series (other than the Custodian Certificates).

Certificates (whether Secured Certificates or Unsecured Certificates) in a Series will be constituted by a Supplemental Trust Deed for such Series. Secured Certificates in a Secured Series will also be secured pursuant to such Supplemental Trust Deed for such Secured Series. Each Supplemental Trust Deed will be supplemental to the Principal Trust Deed, which contains the provisions common to all Series of Certificates. The Supplemental Trust Deed for a single Series together with the Principal Trust Deed (together, the “**Trust Deed**” for a Series) will contain all the provisions for the issuance of the Certificates of such Series.

Issuance of a Series

On the first Issue Date of a Series:

1. the Issuer will issue the maximum number of Certificates available in such Series (as set out in the Final Terms) at a price per certificate as set out in the Final Terms for such Certificates;
2. the Dealer will pay to the Issuer the amount set out in the Final Terms (such amount being the product of (i) the maximum amount of Certificates of such Series and (ii) the price per Certificate therefor);
3. the Issuer will repurchase from the Dealer such amount of Certificates that are not being sold by the Dealer to investors on the first Issue Date of such Series at a price per Certificate as set out in the Final Terms (such price being the same as the price that the Issuer issues the issue of Certificates under 1. above); and
4. the Issuer will pay to the Dealer the amount set out in the Final Terms (such amount being the product of (i) the amount of Certificates that are not being sold by the Dealer to investors on the first Issue Date and (ii) the price per Certificate therefor).

The payments due from the Dealer to the Issuer and from the Issuer to the Dealer will be netted. The Certificates of such Series so repurchased will be held by the Certificate Custodian on behalf of the Issuer.

Price of Certificates

All Certificates of a Series will be issued with each having a nominal amount of US\$100. The price per Certificate will equal the share price of the Shares. The minimum value of Certificates of a Series that can be subscribed for by an investor or transferred by a Certificateholder (other than for transfers to the Certificate Custodian) shall be US\$150,000.

An existing Certificateholder may subsequently subscribe for any number of additional Certificates. If a new subscriber

were to purchase Certificates on a date other than the issue date for such certificates from the Issuer or through the secondary market, then such subscriber will have to subscribe for a sufficient number of Certificates so that the purchase price payable therefor will be US\$150,000 or more.

Maturity

The Certificates of a Series are expected to mature on the Maturity Date of such Series but will be subject to mandatory redemption in full in the circumstances described below and in Condition 7. The Certificates of a Series may also be repurchased by the Issuer as described below.

The Maturity Date for a Series will be specified in the Final Terms for such Series. No payments will be due on the Certificates other than upon the occurrence of a Mandatory Redemption Event, a voluntary repurchase of the Certificates by the Issuer from the Dealer or an Event of Default prior to the Maturity Date.

Upon the occurrence of a Mandatory Redemption Event or an Event of Default and on the Maturity Date, all outstanding Certificates are expected to be redeemed in an amount per Certificate equal to the Certificate Redemption Amount on such date.

With respect to the Maturity Date the Issuer will request the realisation of the Shares and/or request payments under the Swap or Swaps, if applicable, in sufficient time to allow the Fund to redeem or realise the underlying assets by the Maturity Date so that the only amount payable in respect of the Certificates on the Maturity Date shall be the Certificate Redemption Amount. If any amounts are received by the Issuer after the Maturity Date then such amounts shall be retained by the Issuer and available to be distributed to its shareholders for the benefit of The Oder Capital Charitable Trust.

Custodian Certificates

All Certificates of a Series repurchased by the Issuer on the Issue Date of such Series shall be Custodian Certificates for so long as they are held by the Certificate Custodian on behalf of the Issuer and either (a) for so long as the Certificates of such Series are held through a clearing system, shall be held in the Certificate Custodian's client account at the applicable clearing system or (b) if the Certificates of such Series are no longer held through a clearing system due to an Exchange Event (see "*Summary of Provisions Relating to the Certificates while Represented by the Global Certificate – Exchange of Global Certificates for Definitive Certificates*"), shall be represented by a global certificate (the "**Custodian Global Certificate**") held by the Certificate Custodian. While held through a clearing system, the Custodian Certificates will be included in the total number of Certificates issued through such clearing system, will be classed as Certificates by the applicable clearing system, but the Certificate Custodian will renounce all rights that Certificates have and will notify the clearing system accordingly. Such clearing system will treat the Certificates held in the Certificate Custodian's client account as not having any rights while they are held in the Certificate Custodian's client account and will only have the same rights as other Certificates upon transfer to a new investor.

Custodian Certificates in respect of Secured Certificates are referred to as "**Secured Series Custodian Certificates**".

Custodian Certificates in respect of Unsecured Certificates are referred to as “**Unsecured Series Custodian Certificates**”.

Custodian Certificates carry no voting rights, do not bear interest and no amount of principal or interest is payable thereon and are not secured by any property. Custodian Certificates are held by the Certificate Custodian on behalf of the Issuer either (a) for so long as an Exchange Event has not occurred, through the Certificate Custodian’s client account at a clearing system or (b) following an Exchange Event, through the Custodian Global Certificate.

On each date on which Custodian Certificates are sold by the Issuer to the Dealer:

- (a) in the case of Certificates that continue to be held through a clearing system, the Certificate Custodian shall transfer, in accordance with the applicable clearing system’s transfer procedures, such number of Certificates being sold that are held in the Certificate Custodian’s client account to the Dealer’s trading account at the applicable clearing system. The applicable clearing system will carry out such transfer in accordance with its standard transfer procedures and book entries will be affected within such clearing system, such that the total number of Certificates held by the Certificate Custodian in the Certificate Custodian’s client account will have been reduced by the number of Certificates by which the number of Certificates held by the Dealer in the Dealer’s trading account (and then ultimately by the applicable participants, in the clearing system, for the new investors) have been increased. Such Certificates transferred by the Certificate Custodian through the clearing system will, upon transfer, cease to be treated as ‘Custodian Certificates’ and the clearing system shall note in its book entries that such transferred Certificates then have all the rights that other Certificates have. Morgan Stanley, as both Dealer and as the Certificate Custodian shall note in its records (outside of the clearing system) the number of Custodian Certificates transferred and the total number of Custodian Certificates remaining; or
- (b) in the case of Certificates that are no longer held through a clearing system due to the occurrence of an Exchange Event, the Custodian Global Certificate shall be written down and the number of Certificates registered in the Register shall be increased by the same number (and the names of the new Certificateholders shall be included on the Register or the number of Certificates held by an existing Certificateholder will be increased accordingly) such that, after such write-down and increase have taken place in accordance with the provisions of the Agency Agreement and the applicable Trust Deed, the total number of Custodian Certificates will have been reduced by the total number of Certificates by which the number of Certificates registered in the Register have been increased. The Custodian Certificates resold to the Dealer will upon resale cease to be Custodian Certificates and will be registered in the Register in the name of the Certificateholders or the

number of Certificates held by an existing Certificateholder will be increased accordingly. Such Certificates will carry all of the rights which the existing Certificates carry.

Custodian Certificates shall be issued at the price set out in the relevant Final Terms.

Fungible Increases:

On any Business Day after the Issue Date of a Series, the Issuer may sell, via the Dealer, to existing or new Certificateholders further Certificates in such Series on the next Fund Investment Subscription Date subject to the following conditions, provided that for such Series:

- (a) the Fund continues to accept new subscription requests for the amount of Shares which may be purchased using the proceeds of sale of such Custodian Certificates;
- (b) the Calculation Agent has confirmed that the Issuer is expected, on the next Fund Investment Subscription Date, to have a sufficient number of Custodian Certificates available for purchase to meet such request;
- (c) the Subscription Conditions Precedent have been satisfied; and
- (d) the Requested Fungible Notional is equal to or greater than US\$150,000 (or such other greater amount as may be agreed between the Calculation Agent and the Dealer).

On any Business Day on which the Dealer has requested the sale of Custodian Certificates, the Issuer will direct the Certificate Custodian to sell to the Dealer for on-sale to the existing or new Certificateholders and the Dealer will agree to purchase on the next Fund Investment Subscription Date such number of Custodian Certificates as the Calculation Agent may in its sole discretion determine following publication of the Share NAV on the relevant Fund Investment Subscription Date and the Dealer will pay to the Certificate Custodian no later than 2pm two Fund Business Days prior to such Fund Investment Subscription Date an amount equal to the Requested Fungible Notional and the Certificate Custodian will remit such amount promptly to the Fund and/or the Swap Counterparty, if applicable, on behalf of the Issuer.

The Custodian Certificates being sold will be sold to the Dealer at Certificate Price, as of the relevant Fund Investment Subscription Date and will cease to be Custodian Certificates as of such date.

Mandatory Early Redemption

If:

- (a) at any time prior to the Maturity Date, if it is specified in the relevant Final Terms that the Issuer may determine in its sole discretion to redeem all Certificates and the Issuer so determines;
- (b) at any time prior to the Maturity Date, the Calculation Agent determines that an Early Termination Event (as defined in "Terms and Conditions of the Certificates") has occurred which it does not waive; or
- (c) at any time prior to the Maturity Date, an additional

Early Termination Event as set out in the relevant Final Terms for such Certificates occurs

(each a “**Mandatory Redemption Event**”) then

- (i) if the Issuer is under an obligation to request the transfer by the Certificate Custodian of a number of Custodian Certificates to the Dealer on the date on which the relevant Share NAV is published, then a number of Custodian Certificates equal to the number of Shares subscribed for by the Issuer as determined by the Fund Administrator will be transferred to the Dealer, for transfer to the Certificateholders forthwith or, if Share NAV as of the relevant Fund Investment Subscription Date has not yet been published, upon such publication; and
- (ii) all of the Certificates which are in issue at such time will be redeemed and the remaining Custodian Certificates will be cancelled.

Upon mandatory redemption, the Certificates will be redeemed in an amount per Certificate equal to the Net Realised Share NAV for each Share realised to effect the redemption of such Certificate (the “**Certificate Redemption Amount**”).

Upon the occurrence of a Mandatory Redemption Event, the Issuer shall give not more than two Fund Business Days’ prior notice (or such other notice period as indicated in the Trust Deed for such Certificates) of the date of such mandatory redemption (the “**Redemption Date**”) to the Note Trustee, the Certificateholders and the Paying Agent (which notice shall be irrevocable). The Issuer will pay any amount due and payable to the Note Trustee and/or the Security Trustee and/or the Agents, to the extent not paid pursuant to the Expenses Agreement, and then redeem the Certificates in an amount per Certificate equal to the Certificate Redemption Amount on the date falling two Fund Business Days after the Redemption Date (or such other number of days specified in the Final Terms) subject to the Issuer having received the proceeds of realisation of the Shares and/or payments under the applicable Swap, if applicable, one Fund Business Day after such Redemption Date. If receipt of the proceeds of realisation of the Shares and/or payments under the Swap, if applicable, is delayed the redemption of the Certificates will be effected within two Fund Business Days of receipt thereof. If the Issuer subsequently receives, within 60 days of the Redemption Date, further amounts from the Fund from the realisation of Shares and/or the Swap Counterparty under the Swap, if applicable, in respect of such Certificates, then the Issuer will pay to the former Certificateholders their pro rata share of any such amounts. Such a situation could occur if the Fund has invested in assets with limited liquidity.

Early redemption

Certificateholders do not have any right to request an early redemption of the Certificates other than as a result of an Event of Default or a Mandatory Redemption Event in accordance with the Terms and Conditions of such Certificates.

Early repurchase

The Issuer may agree in its sole discretion, if the Dealer requests the Issuer to repurchase on no less than one Fund

Business Day's notice one or more Certificates on a Fund Business Day (each, a "**Purchase Date**").

To effect such repurchase, on the date on which the Issuer receives notice of such repurchase request, the Calculation Agent will request the Fund to redeem a number of Shares and/or the Swap Counterparty to make a payment under the Swap in respect of a number of Shares, if applicable, equal to the number of Certificates being repurchased by the Issuer.

The Certificates repurchased on such Purchase Date shall be repurchased in an amount per Certificate equal to the Certificate Buy-back Amount.

Payment will be made to the Certificateholders two Fund Business Days after the Purchase Date (or such other number of days as specified in the Final Terms) subject to the Issuer having received the proceeds of realisation of the Shares and/or payments under the Swap, if applicable, one Fund Business Day after such Purchase Date. If receipt of the proceeds of realisation of the Shares and/or payments under the Swap, if applicable, is delayed the repurchase of the Certificates will be effected within two Fund Business Days of receipt thereof by the Issuer.

If, in respect of any Certificates repurchased prior to the Maturity Date, the Issuer subsequently receives, within 60 days of the Purchase Date of such Certificates, further amounts from the Fund from the realisation of Shares and/or the Swap Counterparty under the Swap, if applicable, in respect of such Certificates, then the Issuer will pay to the former Certificateholders their pro rata share of any such amounts. Any amounts received by the Issuer from the Fund or the Swap Counterparty after such 60 days will be retained by the Issuer. Such a situation could occur if the Fund has invested in assets with limited liquidity.

All Certificates repurchased by the Issuer may be cancelled, in which case the obligations of the Issuer in respect of such Certificates shall be discharged. Absent such cancellation and notwithstanding any other provision of the Conditions, the Certificates repurchased by the Issuer shall be held by the Certificate Custodian on the Issuer's behalf and become Custodian Certificates.

On each date on which Certificates are repurchased by the Issuer from the Dealer:

- (a) in the case of Certificates that continue to be held through a clearing system, the Dealer shall transfer, in accordance with the applicable clearing system's transfer procedures, such number of Certificates being repurchased that are held in the Dealer's trading account to the Certificate Custodian's client account at the applicable clearing system. The applicable clearing system will carry out such transfer in accordance with its standard transfer procedures and book-entries will be affected within such clearing system, such that the total number of Certificates held by the Certificate Custodian in the Certificate Custodian's client account will have been increased by the total number of certificates by which the number of Certificates held by the Dealer in the Dealer's trading account (which had previously been transferred to the

Dealer by the applicable participants, in the clearing system, for the investors that are requesting such repurchase) have been increased. Such Certificates transferred to the Certificate Custodian through the clearing system will, upon transfer, be treated as 'Custodian Certificates' and the clearing system shall note in its book-entries that such transferred Certificates no longer have the rights that other Certificates have. Morgan Stanley, as both Dealer and as the Certificate Custodian shall note in its records (outside of the clearing system) the number of Custodian Certificates transferred to it and the new total number of Custodian Certificates; or

- (b) in the case of Certificates that are no longer held through a clearing system due to the occurrence of an Exchange Event, the number of Certificates registered in the Register shall be decreased (and the names of the applicable Certificateholders removed from the Register or the size of their holdings decreased) and the Custodian Global Certificate marked up by the same number such that, after such decrease and mark-up have taken place in accordance with the provisions of the Agency Agreement and the applicable Trust Deed, the total number of Custodian Certificates will have been increased by the total number of Certificates by which the number of Certificates registered in the Register has decreased.

Interest on Certificates

The Certificates will not bear interest.

Restrictions and covenants

So long as any of the Certificates remains outstanding, the Issuer will not declare any dividends (other than a dividend of up to US\$750 per Series or other series under alternative programmes of the Issuer), have any subsidiaries or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge with any other person, convey or transfer its properties or assets substantially as an entity to any person (other than as contemplated by the Conditions) or issue any shares (other than such shares as were in issue on 29 May 2012).

The Issuer may from time to time (without the consent of the Certificateholders issue further certificates, subject to the conditions precedent set out in Conditions 18(a) and (b).

Cross default

None.

Withholding tax

In the event a withholding or deduction is required by law, the Issuer shall pay net of the relevant taxes. A Certificateholder must pay all Certificateholder Expenses relating to a Certificate held by or being exercised by it as a condition precedent to receiving any amount in respect of the Certificates and the Issuer is entitled to deduct all relevant Certificateholder Expenses from any such payment to be made by it under the Certificates.

Initial delivery of Certificates

The Certificates of each Series will be issued in registered form, serially numbered for such Series and initially, and for so long as an Exchange Event has not occurred, will be held through a clearing system and represented by a Global Certificate.

The Certificates of a Series will initially be represented by

Limited Recourse and Non-Petition

interests in a global certificate (a “**Global Certificate**”), registered in the Register in the name of a nominee for the common depositary of Euroclear and Clearstream, Luxembourg (the “**Common Depositary**”) and the Global Certificate shall be deposited with the Common Depositary).

Global Certificates may also be deposited with any other clearing system. Certificates will be registered in the name of nominees or a common nominee for such clearing systems.

The Secured Certificates (other than the Secured Series Custodian Certificates) comprise secured, limited recourse obligations of the Issuer. The Unsecured Certificates (other than the Unsecured Series Custodian Certificates) comprise limited recourse obligations of the Issuer.

In respect of a Series, the Certificateholders shall have recourse only to the Series Assets of such Series, (subject, solely in the case of Secured Certificates, always to the Security), and not to any other assets of the Issuer. Claims by Certificateholders of a particular Secured Series (the “**Secured Certificateholders**”) and any other secured creditor will be limited to the Mortgaged Property of such Secured Series. Claims by Unsecured Certificateholders of a particular Unsecured Series and any other unsecured creditors will be limited to the Unsecured Series Property of such Unsecured Series.

If, after the Series Assets for a Series has been exhausted (in the case of Secured Certificates, pursuant to enforcement of the Security and in the case of Unsecured Certificates, following all necessary processes) and following the application of the available cash sums derived therefrom in accordance with Condition 4(h) of the Certificates and the Trust Deed, any outstanding claim against the Issuer in respect of the Certificates of such Series remains unpaid, then such outstanding claims will be extinguished and no debt will be owed by the Issuer in respect thereof.

Following such extinguishment, none of the Note Trustee, the Security Trustee (if applicable), the Certificateholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum in respect of such Series.

None of the Note Trustee, the Security Trustee (if applicable), the Certificateholders or any person acting on behalf of any of them may at any time institute, or join with any other person in bringing, instituting or joining insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its assets, and none of them shall have any claim arising with respect to the assets and/or property attributable to any other certificates issued by the Issuer (save for any further certificates which form a single series with the Certificates).

Such limited recourse and non-petition provisions shall survive maturity of the Certificates and the expiration or termination of the Trust Deed.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Certificates issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Certificates issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Certificates issued under the Programme, but the inability of the Issuer to pay principal or other amounts on or in connection with any Certificates may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Certificates are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

General

The Certificates

The Certificates are complex instruments that involve substantial risks and are suitable only for sophisticated investors who have sufficient knowledge and experience and access to such professional advisers as they shall consider necessary in order to make their own evaluation of the risks and the merits of such an investment (including without limitation the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and who have considered the suitability of such Certificates in light of their own circumstances and financial condition. Prospective investors should ensure that they understand the nature of the risks posed by an investment in the Certificates, and the extent of their exposure as a result of such investment in the Certificates and, before making their investment decision, should consider carefully all of the information set forth in this Base Prospectus and the applicable Final Terms and, in particular, the considerations set forth below. Owing to the structured nature of the Certificates, their price may be more volatile than that of unstructured securities.

Investors

Each prospective investor in Certificates should have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Certificates, including where principal may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices or indices, or where the currency for principal payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Certificates are legal investments for it, and/or (ii) other restrictions apply to its purchase or, if relevant, pledge of any Certificates. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of Certificates under any applicable risk-based capital or similar rules.

The redemption amounts payable under the Certificates of a Series are determined by reference to the amount of redemption proceeds which would be received in respect of a series of Shares of the Fund. Potential investors should be aware that:

- (a) the market price of the Certificates may be volatile;
- (b) payment of principal may occur at a different time than expected;
- (c) they may lose all or a substantial portion of their principal;
- (d) the Shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or indices;
- (e) the timing of changes in the value of Shares may affect the actual yield to investors.

Each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in the Certificates and the suitability of such Certificates in light of its particular circumstances.

No fiduciary role

None of the Issuer, the Dealer or any of the other parties to the Relevant Agreements (the “**Series Transaction Parties**”) or any of their respective affiliates is acting as an investment adviser, and none of them (other than the Note Trustee under the applicable Trust Deed in respect of the Certificateholders only) assumes any fiduciary obligation to any purchaser of Certificates or any other party, including the Issuer.

None of the Issuer, the Dealer or any of the other Series Transaction Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Collateral or the terms of any Collateral.

Investors may not rely on the views or advice of the Issuer, the Dealer or any of the other Series Transaction Parties in respect of any Series for any information in relation to any person other than the entity giving the views or advice.

No reliance

A prospective purchaser may not rely on the Issuer, the Dealer or any of the other Series Transaction Parties in respect of any Series or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Certificates or as to the other matters referred to above.

No representations

None of the Issuer, the Dealer or any of the other Series Transaction Parties in respect of any Series makes any representation or warranty, express or implied, in respect of any Collateral or Underlying Assets, as applicable, or any issuer or obligor of any Collateral or Underlying Assets, as applicable, or in respect of any information contained in any documents prepared, provided or filed by or on behalf of any such issuer or obligor or in respect of such Collateral or such Underlying Assets, as applicable, with any exchange, governmental, supervisory or self regulatory authority or any other person.

None of the Issuer, the Dealer or any of the other Series Transaction Parties makes any representation or warranty in respect of the Collateral or Underlying Assets, as applicable.

Certificates obligations of the Issuer only

The Certificates will be obligations solely of the Issuer and will not be the responsibility of, or guaranteed by, any of Morgan Stanley & Co. International plc, its affiliates or any other party named in this Base Prospectus and no person other than the Issuer will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Certificates.

Change of law

The Conditions, the issue of the Certificates and the ratings which may be assigned (if applicable) to the Certificates are based on English law in effect as at the date of issue of the Certificates. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the Certificates.

Risks relating to the Issuer

The Issuer is a special purpose vehicle

The Issuer's sole business is the raising of money by issuing Certificates for the purposes of purchasing assets and entering into related contracts and the Swaps. The Issuer has covenanted (amongst other things) not to, as long as any Certificate remains outstanding, without the consent of the Note Trustee engage in any activity or business except as provided or contemplated by the Certificates, the Custodian Certificates, the Relevant Agreements and the Alternative Programme Agreements and to perform any acts incidental to or necessary in connection therewith, or any act required by law, regulation or order of any court to be performed. In addition, the Issuer will be subject to certain other restrictions (as set out in Condition 5) including, but not limited to, that it will not, without the consent of the Note Trustee declare or pay any dividend (other than a dividend of up to US\$750 per Series or other series under alternative programmes of the Issuer) (or make any other distribution to the holders of any of its shares or have formed or cause to be formed by subsidiaries or have any employees purchase, own, lease or otherwise acquire any real property, consolidate or merge with or into any other person, or convey or transfer its properties or assets substantially in their entirety to any other person, or use, invest, sell, transfer, exchange, factor, assign, lease, hire out, lend or dispose of, or otherwise deal with any of its property or any interests therein or create or permit to edict upon or effect any mortgage, charge, pledge, lien or other encumbrance whether fixed or floating or otherwise upon the whole or any part of its property or assets (other than as contemplated by the Conditions and/or the Trust Deeds), issue any further shares or issue any warrants or options in respect of shares or securities convertible units or exchangeable for shares. As such, the Issuer has, and will have, no assets other than its issued and paid-up share capital, such fees (as agreed) payable to it in connection with the issue of Certificates from time to time, any Series Assets, any other assets on which Secured Certificates are secured and any other assets contemplated by the Alternative Programme Agreements. There is no day-to-day management of the business of the Issuer.

Regulation of the Issuer by any regulatory authority

Other than consent to the circulation of this Base Prospectus given by the Jersey Registrar and consent to the issuance of the Certificates given by the Commission, and unless otherwise specified for a Series of Certificates, the Issuer is not required to be licensed, registered or authorised under any current securities, commodities, insurance or banking laws or regulations of its jurisdiction of incorporation. There is no assurance, however, that in the future such regulatory authorities would not take

a contrary view regarding the applicability of any such laws or regulations to the Issuer. There is also no assurance that the regulatory authorities in other jurisdictions would not require the Issuer to be licensed or authorised under any securities, commodities, insurance or banking laws or regulations of those jurisdictions. Any requirement to be licensed or authorised could have an adverse effect on the Issuer and on the holders of the Certificates.

Registration of the Issuer under the Investment Company Act

The Issuer has not registered with the U.S. Securities and Exchange Commission as an investment company pursuant to the Investment Company Act. If the U.S. Securities and Exchange Commission or a court of competent jurisdiction were to find that the Issuer is required but, in violation of the Investment Company Act, had failed to register as an investment company, possible consequences include, but are not limited to the following: (i) the U.S. Securities and Exchange Commission could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and recover any damages caused by the violation; and (iii) any contract to which the Issuer is party that is made in, or whose performance involves a, violation of the Investment Company Act would be unenforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer be subjected to any or all of the foregoing, the Issuer would be materially and adversely affected.

Anti-money laundering

The Issuer may be subject to anti-money laundering legislation. If the Issuer were determined by the relevant authorities to be in violation of any such legislation, it could become subject to substantial criminal penalties. Any such violation could materially and adversely affect the timing and amount of payments made by the Issuer to Certificateholder in respect of the Issuer's Certificates.

U.S. Foreign Account Tax Compliance Withholding

Pursuant to the foreign account tax compliance provisions of the Hiring Incentives to Restore Employment Act of 2010 ("**FATCA**"), the Issuer and other non-U.S. financial institutions through which payments on the Certificates are made ("**paying agents**") may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of (i) any Certificates issued or materially modified on or after the later of (a) January 1 2014 and (b) the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register and (ii) any Certificates which are treated as equity for U.S. federal tax purposes, whenever issued. Under existing guidance, this withholding tax may be triggered on payments on the Certificates if (i) the Issuer is a foreign financial institution ("**FFI**") (as defined in FATCA) which enters into and complies with an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide certain information on its account holders (making the Issuer a "**Participating FFI**"), (ii) the Issuer is required to withhold on "foreign passthru payments", and (iii) either (a) an investor does not provide information sufficient for the relevant Participating FFI to determine whether that investor is subject to withholding under FATCA, or (b) any FFI to or through which payment on such Certificates is made is not a Participating FFI or otherwise exempt from FATCA withholding.

The application of FATCA to interest, principal or other amounts paid with respect to the Certificates is not clear. In particular, the United Kingdom has entered into a "Model 1" intergovernmental agreement (an "**IGA**") with the United States, and Jersey is expected

to enter into a similar "Model 1" IGA with the United States, to help implement FATCA for certain entities in the United Kingdom and Jersey respectively. The full impact of such agreements on the Issuer and the Issuer's reporting and withholding responsibilities under FATCA, and on UK paying agents and their reporting and withholding responsibilities under FATCA, is unclear, however, pursuant to FATCA and the "Model 1" IGAs released by the United States, an FFI in an IGA signatory country is expected to be treated as a **"Reporting FI"** not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments it makes. The Issuer may still be required to report certain information on its U.S. account holders (if any) to the government of Jersey, and any UK paying agents may still be required to report certain information on their U.S. account holders (if any) to the government of the United Kingdom, in order (i) to obtain an exemption from FATCA withholding on payments it receives and/or (ii) to comply with any applicable law of Jersey and the United Kingdom respectively. It is also not yet certain how the United States and the United Kingdom and the United States and Jersey will address withholding on "foreign passthru payments" (which may include payments on the Certificates) or if such withholding will be required at all.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Certificates as a result of FATCA, none of the Issuer, any paying agent or any other person would, pursuant to the terms and conditions of the Certificates, be required to pay additional amounts as a result of the deduction or withholding. As a result, if FATCA withholding were to apply to payments on the Certificates, investors may receive less interest or principal than they would otherwise receive.

The application of FATCA to Certificates issued or materially modified on or after the later of (a) January 1 2014 and (b) the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register (or whenever issued, in the case of Certificates treated as equity for U.S. federal tax purposes) may be addressed in supplement to this Prospectus, as applicable.

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE ISSUER, THE CERTIFICATES AND THE HOLDERS OF CERTIFICATES IS UNCERTAIN AT THIS TIME. EACH HOLDER OF CERTIFICATES SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND ADVICE ON HOW FATCA MIGHT AFFECT IT IN ITS PARTICULAR CIRCUMSTANCES.

Risks relating to the Certificates

Limited recourse obligations

In respect of a Secured Series, the Secured Certificates (other than the Secured Series Custodian Certificates) are direct, secured, limited recourse obligations of the Issuer payable solely out of the Mortgaged Property over which security is given by the Issuer in favour of the Security Trustee on behalf of the Secured Certificateholders and other secured creditors. In respect of an Unsecured Series, the Unsecured Certificates (other than the Unsecured Series Custodian Certificates) are direct, limited recourse obligations for the Issuer payable solely out of the Unsecured Series Property. For the avoidance of doubt, the Series Assets of a Series of Certificates shall not be used to secure any other Secured Series of Secured Certificates issued by the Issuer. The Issuer will have no other assets or sources of revenue available for payment of any of its obligations under the Certificates. No assurance can be made that the proceeds available for the payment of the amounts due to the Note Trustee, the Security Trustee and the Agents (to the extent not paid pursuant to the Expenses Agreement) and the proceeds available for and allocated to the repayment of the Certificates at any particular time will be sufficient to cover all amounts that would otherwise be due and payable to the Note Trustee, the Security Trustee and the Agents (to the extent not

paid pursuant to the Expenses Agreement) and under the Certificates. If, in the case of Secured Certificates, the proceeds of the realisation of the Security received by the Security Trustee or, in the case of Unsecured Certificates, the proceeds of liquidation of the Unsecured Series Property for the benefit of the Certificateholders prove insufficient to make payments on the Certificates, in respect of which payment is due, no other assets will be available for payment of the deficiency, and, following distribution of the proceeds of such realisation or liquidation, any outstanding claim against the Issuer in relation to the Certificates shall be extinguished and no debt shall be owed by the Issuer in respect thereof.

Further, only the Note Trustee may pursue remedies available under the Trust Deed as it may think fit to enforce the rights of the creditors under the Trust Deed and the Conditions and in the case of Secured Certificates, only the Security Trustee may enforce the Security, and none of the Certificateholders, any creditor or any Series Transaction Party shall be entitled to proceed directly against the Issuer unless the Note Trustee or the Security Trustee, as applicable, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing.

The Unsecured Series Property of an Unsecured Series will not be ring fenced against the claims of other creditors by virtue of having the benefit of any security. There can be no guarantee that unspecified third parties will not make any claims against any Unsecured Series Property and that any Unsecured Series Property will be available to meet the claims of the Unsecured Certificateholders of the Unsecured Series at any time.

No person other than the Issuer will be obliged to make payments on the Certificates.

Note Trustee and Security Trustee indemnity

In certain circumstances, the Certificateholders of a Series may be dependent on the Note Trustee or (solely in the case of Secured Certificates) the Security Trustee to take certain actions in respect of a Series of Certificates, in particular if the Security (if applicable) in respect of such Series becomes enforceable under the Conditions. Prior to taking such action, the Note Trustee and/or the Security Trustee (if applicable) is entitled to require to be indemnified and/or secured and/or prefunded to its satisfaction. If the Note Trustee or the Security Trustee is not indemnified and/or secured and/or prefunded to its satisfaction it may not be bound to take such action and such inaction will not constitute a breach by it of its obligations under the Trust Deed. Consequently, the Certificateholders may have to either arrange for such indemnity and/or security or accept the consequences of such inaction by the Note Trustee or the Security Trustee. Certificateholders should be prepared to bear the costs associated with any such indemnity and/or security and/or prefunding and/or the consequences of any such inaction by the Note Trustee or the Security Trustee. Such inaction by the Note Trustee or the Security Trustee will not entitle Certificateholders to take action directly against the Issuer to pursue remedies for any breach by the Issuer of the Trust Deed or the Certificates (although the events giving rise to the need for Note Trustee or Security Trustee action might also permit the Certificateholders to exercise certain rights directly under the Conditions).

Priority of Claims

During the term of the Certificates and in the case of Secured Certificates on an enforcement of the Security, the rights of the Certificateholders to be paid amounts due under the Certificates will be subordinated to (i) payment or satisfaction of, or provision for, the fees, costs, charges, expenses and liabilities incurred by the Note

Trustee, and in the case of Secured Certificates only, the Security Trustee or any receiver in preparing and executing the trusts under the Trust Deed in relation to the Certificates and in carrying out their functions under the Trust Deed (including any taxes required to be paid, (solely in the case of Secured Certificates) the cost of realising any Security, and the Note Trustee's and/or the Security Trustee's remuneration) to the extent not paid pursuant to the Expenses Agreement, and (ii) payment of the fees, costs, charges, expenses and liabilities incurred by the Agents in carrying out their functions under the Agency Agreement to the extent not paid pursuant to the Expenses Agreement, and (iii) any other claims as specified in the Conditions as may be amended by the Trust Deed relating to the relevant Series that rank in priority to the Certificates.

No gross-up

In the event that any withholding tax or deduction for tax is imposed on payments on the Certificates, the Certificateholders will not be entitled to receive grossed-up amounts to compensate for such withholding tax nor be reimbursed for the amount of any shortfall.

Meetings of Certificateholders, Modification and waivers and substitution

The Trust Deed and Conditions contain provisions for convening meetings of Certificateholders to consider matters affecting their interests generally (including amendments to the Conditions and/or the Trust Deed). Such provisions include, among other things, (i) quorum requirements for the holding of Certificateholders' meetings and (ii) voting thresholds required to pass Extraordinary Resolutions at such meetings (or through written resolutions). The quorum required for a meeting of Certificateholders convened to vote on an Extraordinary Resolution (other than regarding a modification of the details of the Security (if applicable) and the Series Assets, certain terms concerning the amount, currency and postponement of the due dates for payment of the Certificates, the provisions concerning the quorum required at any meeting of Certificateholders and the provisions concerning the majority required to pass an Extraordinary Resolution (a "**Basic Terms Modification**")) is two or more person(s) holding or representing a clear majority in principal amount of the Certificates for the time being outstanding. The quorum at an adjourned meeting is two or more persons holding Certificates or representing Certificateholders. The quorum required for a meeting of Certificateholders convened to vote on an Extraordinary Resolution relating to a Basic Terms Modification will be two or more person(s) holding or representing at least two-thirds in nominal amount of the Certificates for the time being outstanding. The quorum at an adjourned meeting to vote on an Extraordinary Resolution relating to a Basic Terms Modification is two or more person(s) holding or representing at least one-third in nominal amount of the Certificates for the time being outstanding. It should, however, be noted that Extraordinary Resolutions (including to amend the Conditions and/or the Trust Deed) may still be effected in circumstances where not all Certificateholders agree with the terms thereof and an Extraordinary Resolution in respect of any such amendments or waivers once passed in accordance with the provisions of the Conditions will be binding on all such dissenting Certificateholders.

The Trust Deed and Conditions also provide that the Note Trustee may, without the consent of any of the Certificateholders, agree to and, in the case of Secured Certificates, may direct the Security Trustee to agree to (i) any modification of any of the provisions of the Trust Deed or the Relevant Agreements which is in the opinion of the Note Trustee of a formal, minor or technical nature or is made to correct a manifest error or (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach of any of the provisions of the Trust Deed or any of the Relevant Agreements which, in any such

case, is in the opinion of the Note Trustee not materially prejudicial to the interest of all of the Certificateholders.

Secured Certificateholders and Unsecured Certificateholders shall have no right of action against the Note Trustee if the Note Trustee agrees to any such modifications to the Relevant Agreements that affect either the Secured Certificateholders or the Unsecured Certificateholders.

Early redemption for Events of Default, tax or other reasons

The Certificates may be redeemed on a date other than on the Maturity Date upon the occurrence of certain tax events with respect to the Certificates or the Collateral in the case of the Secured Certificates or the Underlying Assets in the case of Unsecured Certificates, upon any of the Collateral or the Underlying Assets, as applicable, being called for redemption or repayment prior to its scheduled Maturity Date. In addition, the Issuer, the Certificateholders and/or the Note Trustee (depending on the relevant event and as specified in the Conditions) may have the right to direct a redemption of the Certificates upon the occurrence of an Event of Default with respect to the Certificates, or the occurrence of certain default events relating to the Collateral or the Underlying Assets as applicable. The amount payable per Certificate to Certificateholders in such circumstances will be, unless otherwise specified in the applicable Final Terms, an amount equal to the outstanding principal amount of such Certificate, subject to the payment of all prior ranking amounts as provided in the Conditions. The Issuer will fund such payments under a Series of Certificates from payment(s) due to it under the Collateral or the Underlying Assets as the case may be (if applicable). This will expose Certificateholders to the market value of the Collateral or the Underlying Assets, as applicable (for a consideration of factors that may impact such values see *“Risk Factors – Market Value of Certificates”* below).

If, following the realisation in full of the Mortgaged Property in the case of Secured Certificates or the Unsecured Series Property in the case of Unsecured Certificates relating to the relevant Series of Certificates (in the case of Secured Certificates by way of enforcement of the Security) and application of available cash sums as provided in the Conditions, there are any outstanding claims against the Issuer in respect of such Series of Certificates which remain unpaid, then such outstanding claim will be extinguished and no debt will be owed by the Issuer in respect thereof. In such circumstances, the investors in the Certificates may not receive back their investment and may receive zero.

Market Value of Certificates

The market value of the Certificates may be affected by a number of factors, including, but not limited to (i) the value and volatility of the Collateral or the Underlying Assets, as applicable, if any and the creditworthiness of the issuers and obligors of any Collateral or the Underlying Assets, (ii) the value and volatility of any index, securities, commodities or property to which payments on the Certificates may be linked, directly or indirectly, and the creditworthiness of the issuers or obligors in respect of any securities or other obligations to which payments on the Certificates may be linked, directly or indirectly, (iii) market perception, interest rates, yields and foreign exchange rates and (iv) the time remaining to the Maturity Date. Any price at which Certificates may be sold prior to the Maturity Date may be at a discount, which could be substantial, to the value at which the Certificates were acquired on the Issue Date.

Prospective purchasers should be aware that not all market participants would determine prices in respect of the Certificates in the same manner, and the variation between such prices may be substantial. Accordingly, any prices provided by the

Dealer may not be representative of prices that may be provided by other market participants. For this reason, any price provided or quoted by the Dealer should not be viewed or relied upon by prospective purchasers as establishing, or constituting advice by the Dealer concerning, a mark-to-market value of the Certificates. The price (if any) provided by the Dealer is at the absolute discretion of the Dealer and may be determined by reference to such factors as it sees fit. Any such price may take into account fees, commissions or arrangements entered into by the Dealer with a third party in respect of the Certificates and that Dealer shall have no obligation to any Certificateholder to disclose such arrangements. Any price given would be prepared as of a particular date and time and would not therefore reflect subsequent changes in market values or any other factors relevant to the determination of the price.

Risks relating to the assets

No investigations

No investigations, searches or other enquiries have been or will be made by or on behalf of the Issuer or the Note Trustee in respect of the Collateral or the Underlying Assets, as applicable (if any) relating to any Series of Certificates. No representations or warranties, express or implied, have been given by the Issuer, the Dealer, the Note Trustee, the Security Trustee or any other person on their behalf in respect of the Collateral or the Underlying Assets, as applicable (if any) relating to any Series of Certificates and Underlying Assets.

Collateral

The Collateral or the Underlying Assets, as applicable, relating to any Certificates will be subject to credit, liquidity and interest rate risks. In the event of an insolvency of the Swap Counterparty or the Fund, various insolvency and related laws applicable to the Swap Counterparty or the Fund may (directly or indirectly) limit the amount the Issuer, the Note Trustee or the Security Trustee (if applicable) may recover in respect such Collateral or Underlying Assets.

If Certificates redeem other than on their Maturity Date, the Collateral or the Underlying Assets, as applicable, relating thereto will be sold or otherwise liquidated (except where otherwise transferred in accordance with the Conditions). No assurance can be given as to the amount of proceeds of any sale or liquidation of such Collateral or Underlying Assets at that time since the market value of such Collateral or Underlying Assets will be affected by a number of factors including but not limited to (i) the creditworthiness of the Swap Counterparty and the Fund, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the Collateral or Underlying Assets and (iv) the liquidity of the Collateral or Underlying Assets. Accordingly, the price at which such Collateral or Underlying Assets is sold or liquidated may be at a discount, which could be substantial, to the market value of the Collateral or Underlying Assets on the issue date and the proceeds of any such sale or liquidation and any other assets available to the Issuer that relate to the relevant Series of Certificates may not be sufficient, following deduction of amounts to be paid to prior ranking claimants in accordance with the Conditions, to repay the full amount of principal of and interest on the relevant Certificates that the holders of such Certificates would expect to receive in the event that the Certificates were redeemed in accordance with their terms on their Maturity Date.

The Dealer may have acquired, or during the terms of the Certificates may acquire, confidential information or enter into transactions with respect to any Collateral or Underlying Assets, as applicable, and they shall not be under any duty to disclose such confidential information to any Certificateholder or the Issuer.

Risks relating to the Paying Agent

Any payments made to Certificateholders in accordance with the terms and conditions of the Certificates will be made by the Paying Agent on behalf of the Issuer. Pursuant to the Agency Agreement, the Issuer is to transfer to the Paying Agent such amount as may be due under the Certificates, on or before each date on which such payment in respect of the Certificates becomes due.

If the Paying Agent, while holding funds for payment to Certificateholders in respect of the Certificates, is declared insolvent, the Certificateholders may not receive all (or any part) of any amounts due to them in respect of the Certificates from the Paying Agent. The Issuer will still be liable to Certificateholders in respect of such unpaid amounts but the Issuer will have insufficient assets to make such payments (or any part thereof) and Certificateholders may not receive all, or any part, of any amounts due to them. Consequently, the Certificateholders are relying not only on the creditworthiness of the Collateral or the Underlying Assets, if applicable, but also on the creditworthiness of the Paying Agent in respect of the performance of its obligations under the Agency Agreement to make or facilitate payments to Certificateholders.

Conflicts of Interest

General

Any Series Transaction Party and any of its affiliates may act in a number of capacities in connection with any issue of Certificates. Any Series Transaction Party or any such affiliate, as the case may be, when acting in such capacities in connection with the transactions described herein in respect of any Series of Certificates shall have only the duties and responsibilities expressly agreed to by such entity in the relevant capacity and shall not, by virtue of its or any affiliate acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to the relevant capacity. Any Series Transaction Party and any of its affiliates in its various capacities may enter into business dealings relating to the Certificates or the Collateral or Underlying Assets, as applicable, or any asset to which the Certificates or Collateral or Underlying Assets are exposed, including the acquisition and/or sale of the Certificates, from which they may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor.

Any Series Transaction Party and any of its affiliates may from time to time be in possession of certain information (confidential or otherwise) and/or opinions with regard to the Fund which information and/or opinions might, if known by a Certificateholder, affect decisions made by it with respect to its investment in the Certificates. Notwithstanding this, none of the Series Transaction Parties or any of their affiliates shall have any duty or obligation to notify the Certificateholder or the Issuer or any other Series Transaction Parties (including any directors, officers or employees thereof) of such information and/or opinions.

Any Series Transaction Party and any of its affiliates may deal in any obligation of the issuer or obligor of any Collateral or Underlying Assets and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business transactions with, the issuer or obligor of any Collateral or Underlying Assets and may act with respect to such transactions in the same manner as if the Certificates of the relevant Series did not exist and without regard to whether any such action might have an adverse effect on the issuer or obligor of any Collateral or Underlying Assets, the Issuer or the Certificateholders of the relevant Series.

Any Series Transaction Party and any of its affiliates may at any time be active and significant participants in or act as market maker in relation to a wide range of markets for currencies, instruments relating to currencies, securities and derivatives. Activities undertaken by any Series Transaction Party and any of its affiliates may be on such a scale as to affect, temporarily or on a long-term basis, the price of such currencies, instruments relating to currencies, securities and derivatives or securities and derivatives based on, or relating to the Certificates or any Collateral or Underlying Assets. Notwithstanding this, none of the Series Transaction Parties or any of their affiliates shall have any duty or obligation to take into account the interests of any party in relation to any Certificates when effecting transactions in such markets.

One or more of the Series Transaction Parties and their affiliates may:

- (a) have placed or underwritten, or acted as a financial arranger, structuring agent or adviser in connection with the original issuance of, or may act as a broker or dealer with respect to the Collateral or Underlying Assets;
- (b) act as trustee, paying agent and in other capacities in connection with certain of the Collateral or Underlying Assets or other classes of securities issued by the Fund or an affiliate thereof;
- (c) be a counterparty to the Fund under a swap or other derivative agreements;
- (d) lend to certain of the Fund or its affiliates or receive guarantees from such issuers, obligors or their respective affiliates;
- (e) provide other investment banking, asset management, commercial banking, financing or financial advisory services to the Fund or its affiliates; or
- (f) have an equity interest, which may be a substantial equity interest, in the Fund or its affiliates.

When acting as a trustee, paying agent or in other service capacities with respect to the Collateral or Underlying Assets, the Series Transaction Parties are entitled to fees and expenses (if not otherwise paid) senior in priority to payments on such Collateral or Underlying Assets. When acting as a trustee for other classes of securities issued by the Fund or an affiliate thereof, a Series Transaction Party may owe fiduciary duties to the holders of such other classes of securities, which classes of securities may have differing interests from the holders of the class of securities of which the relevant Collateral is a part, and may take actions that are adverse to the holders (including, where applicable, the Issuer) of the class of securities of which the relevant Collateral or Underlying Assets are a part. As a counterparty under swaps and other derivative agreements, a Series Transaction Party may take actions adverse to the interests of the Issuer, including, but not limited to, demanding collateralisation of its exposure under such agreements (if provided for thereunder) or terminating such swaps or agreements in accordance with the terms thereof. In making and administering loans and other obligations, a Series Transaction Party may take actions including, but not limited to, restructuring a loan, foreclosing on or exercising other remedies with respect to a loan, requiring additional collateral or other credit enhancement, charging significant fees and interest, placing the Fund in bankruptcy and/or demanding payment on a loan guarantee or under other credit enhancement. The Issuer's acquisition, holding and sale of the Collateral or Underlying Assets may enhance the profitability or value of investments made by a Series Transaction Party in the issuers thereof or obligors in respect thereof. As a result of all such transactions or arrangements between a Series Transaction Party and the Fund or its affiliates, a Series Transaction Party

may have interests that are contrary to the interests of the Issuer and the Certificateholders.

The Note Trustee

In connection with the exercise of its functions in respect of a Series, the Note Trustee shall have regard to the interests of the Certificateholders of that Series as a class and shall not have regard to the consequences of such exercise for individual Certificateholders and the Note Trustee shall not be entitled to require, nor shall any Certificateholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Certificateholders. In acting as Note Trustee under the Trust Deed, the Note Trustee shall not, in respect of Certificates of any Series, assume any duty or responsibility to the Paying Agent or any other secured creditor or any other Series Transaction Party (other than to pay any such party any moneys received and payable to it and to act in accordance with the Conditions and the Trust Deed) and shall have regard solely to the interests of the Certificateholders and shall not be obliged to act on any directions of any secured creditor or Series Transaction Party if this would in the Note Trustee's opinion be contrary to the interests of the Certificateholders (other than if such actions are in accordance with the Relevant Agreements).

Risks relating to third parties

Reliance on third parties

The Issuer is a party to contracts with a number of third parties who have agreed to perform services in relation to the Certificates. Counterparties of the Issuer may not perform their respective obligations under the Relevant Agreements, which may result in the Issuer not being able to meet its obligations. The Note Trustee, the Security Trustee (if any), the Paying Agent, and/or any of their affiliates, as well as the other parties to the Relevant Agreements acting in their respective capacities, shall not, by virtue of acting in any such capacity, be deemed to have other duties or responsibilities other than as expressly provided with respect to each such capacity.

There can be no certainty that, in the event that any such third party needs to be replaced, a replacement party can be found to take over their responsibilities or that such replacement party will agree to do so on identical terms of those agreed with the outgoing party. Furthermore, the liability of any such party, the extent to which the Issuer may make a claim in the event of inadequate performance or non-performance may be limited by the provisions of the relevant contract. In such case, the ability of the Issuer to recover damages incurred may be reduced, which would in turn affect the amount available to make payments under the Certificates.

The Dealer has agreed to pay certain fees, costs and expenses of the Issuer in relation to the Certificates. In the event that the Dealer does not meet such obligations on time and in full (which may occur, for example, upon the insolvency (or the occurrence of an analogous event) of the Dealer), the Issuer may not be able to meet its periodic costs and expenses which may lead to a default of the Issuer's obligations under the Trust Deed and consequently an Event of Default.

Other commercial relationships of the parties involved and conflicts of interest

The parties to the Relevant Agreements may have ongoing relationships with each other and may own securities or other obligations issued by them or deal in any obligation of another party to the Relevant Agreements and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking, investment management or other business

transactions with each other and may act with respect to such transactions in the same manner as if the Relevant Agreements and the Certificates did not exist.

Any party to the Relevant Agreements, other than the Issuer, may purchase Certificates from time to time and their interests may conflict with those of other Certificateholders. As a consequence of these or other such relationships, potential or actual conflicts of interest may exist and/or arise in relation to the Relevant Agreements.

Risk Factors relating to the market

Limited liquidity of the Certificates

Although application may be made to admit the Certificates to the Official List of the Irish Stock Exchange or the official list of another stock exchange and admit them to trading on the Main Securities Market or on the regulated market of any other stock exchange, there is currently no secondary market for the Certificates. There can be no assurance that a secondary market for any of the Certificates will develop, or, if a secondary market does develop, that it will provide the holders of the Certificates with liquidity or that it will continue for the life of the Certificates.

Investors should note that the market for the Certificates will be affected by, among other things, supply and demand for the Certificates, and that, accordingly, it should not be assumed that there will be a significant correlation between the market value of the Certificates and the market value of the Collateral or the Underlying Assets, as applicable. Prospective investors should be aware that the market value of the Certificates may also be affected by events in the capital and credit markets which may have an effect on the market value of the Collateral or Underlying Assets, the Issuer and/or similar structured securities generally.

In addition, the liquidity of any trading market (should any develop) in the Certificates may be adversely affected by changes in the overall market for investment and non-investment grade securities. If such a trading market were to develop, the Certificates could trade at prices that may be higher or lower than the initial offering price depending on many factors including prevailing interest rates and the market for similar securities.

Consequently, any investor of the Certificates must be prepared to hold such Certificates for an indefinite period of time or until redemption of the Certificates. Under normal market conditions, subject to applicable law and the Dealer's policies, the Dealer will use reasonable efforts to make a market for the Certificates and quote bid and offer prices. However, the Dealer is under no obligation to continue to do so and may stop making a market at any time.

Risks relating to the Banking Act 2009

Under the Banking Act 2009 (the "**Banking Act**"), substantial powers have been granted to HM Treasury, the Bank of England and the UK Financial Services Authority (together, the "**Authorities**") as part of the special resolution regime (the "**SRR**"). These powers enable the Authorities to deal with and stabilise UK-incorporated institutions with permission to accept deposits pursuant to Part IV of the Financial Services and Markets Act 2000 (the "**FSMA**") (such as, among others, the Dealer) (a "**Relevant Entity**") that are failing or are likely to fail to satisfy the threshold conditions (within the meaning of section 41 of the FSMA). The SRR consists of three stabilisation options: (i) transfer of all or part of the business of the Relevant Entity or the shares of the Relevant Entity to a private sector purchaser; (ii) transfer of all or part of the business of the Relevant Entity to a "bridge bank" wholly-

owned by the Bank of England; and (iii) temporary public ownership of the Relevant Entity. HM Treasury may also take a parent company of a Relevant Entity into temporary public ownership where certain conditions are met. The Banking Act also provides for two new insolvency and administration procedures for relevant entities. Certain ancillary powers include the power to modify certain contractual arrangements in certain circumstances. It is possible that one of the stabilisation options could be exercised prior to the point at which any application for an insolvency or administration order with respect to the Relevant Entity could be made.

In general, the Banking Act requires the Authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of transfer instruments and orders made under it. The Authorities are also empowered by order to amend the law for the purpose of enabling the powers under the special resolution regime to be used effectively. An order may make provision which has retrospective effect. In general, there is considerable uncertainty about the scope of the powers afforded to the Authorities under the Banking Act and how the Authorities may choose to exercise them.

If an instrument or order were to be made under the Banking Act in respect of a Relevant Entity, such instrument or order may (amongst other things) affect the ability of such entities to satisfy their obligations under the Relevant Agreements and/or result in modifications to such documents. In particular, modifications may be made pursuant to powers permitting certain trust arrangements to be removed or modified and/or via powers which permit provision to be included in an instrument or order such that the relevant instrument or order (and certain related events) is required to be disregarded in determining whether certain widely defined “default events” have occurred (which events would include certain events included in the Relevant Agreements in respect of the relevant entity, including termination events). As a result, the making of an instrument or order in respect of a Relevant Entity may affect the ability of the Issuer to meet its obligations in respect of the Certificates. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that Certificateholders would recover compensation promptly and equal to any loss actually incurred.

At present, the Authorities have not made an instrument or order under the Banking Act in respect of the Relevant Entities referred to above and there has been no indication that it will make any such instrument or order, but there can be no assurance that this will not change and/or that Certificateholders will not be adversely affected by any such instrument or order if made.

Risks relating to Global Events

General

Since mid-2007, the global economy and financial markets have experienced extreme levels of instability and during 2008, the initial instability intensified into a severe global financial crisis.

In response to the crisis various governments and central banks took substantial measures to ease liquidity problems and enacted fiscal stimulus packages and measures to support certain entities affected by the crisis. Such measures included establishing special liquidity schemes and credit facilities, bank recapitalisation programmes and credit guarantee schemes.

No assurance can be given that any recovery will be sustained or that certain economies will not encounter a “double dip” recession. In particular, a number of countries have accumulated significant levels of public debt both absolutely and relative to GDP. This has led to international “bail-outs” of certain countries and resulted in general concerns about sovereign credit defaults which could undermine any recovery and could have the effect of taking the credit crisis into a new recessionary phase.

The above factors have also led to substantial volatility in markets across asset classes, including (without limitation) stock markets, foreign exchange markets, fixed income markets and credit markets.

There can be no assurance that the steps taken by governments or international or supra-national bodies to ameliorate the global financial crisis will be successful and that they will not instead lead or contribute to a deeper and/or longer-lasting recession. The structure, nature and regulation of financial markets in the future may be fundamentally altered as a consequence of the global financial crisis, possibly in unforeseen ways. There can be no assurance that similar or greater disruption may not occur in the future for similar or other reasons. In addition, the attempts being taken to reduce the high level of sovereign debt may themselves contribute to a further global recession. There can be no assurance as to how severe the global recession will be or as to how long it will last. Economic prospects are subject to considerable uncertainty.

Prospective investors should ensure that they have sufficient knowledge and awareness of the global financial crisis and the response thereto and of the economic situation and outlook as they consider necessary to enable them to make their own evaluation of the risks and merits of an investment in the Certificates. In particular, prospective investors should take into account the considerable uncertainty as to how the global financial crisis and the wider economic situation will develop over time.

Any person who had held securities during the periods considered above, particularly structured securities, would be highly likely to have suffered significant adverse effects as a result of such holding, including, but not limited to, major reductions in the value of those securities and a lack of liquidity. A significant number of credit events have occurred in respect of reference entities referenced in structured securities. Prospective investors should consider carefully whether they are prepared to take on similar risks by virtue of an investment in the Certificates.

Impact on Liquidity

The events outlined above have had an extremely negative effect on the liquidity of financial markets generally and in the markets in respect of certain financial assets or in the obligations of certain obligors. This has particularly been the case with respect to the market for structured assets and the obligations of financial institutions and certain sovereigns. Such assets may either not be saleable at all or may only be saleable at significant discounts to their estimated fair value or to the amount originally invested. No assurance can be given that liquidity in the market generally, or in the market for any particular asset class or in the obligations of any particular financial institution or sovereign, will improve or that it will not worsen in the future. Such limited liquidity may have a negative impact on the value of the Certificates or the value of the Collateral or Underlying Assets, as applicable, in terms of the assets or indices referenced. In particular, should the Certificates be redeemed early, Certificateholders will be exposed to the realisation value of the Collateral or Underlying Assets which value might be affected (in some cases significantly) by such lack of liquidity.

Concerns about the creditworthiness of the Paying Agent may also impact the value of the Certificates.

Impact on Credit

The events outlined above have negatively affected the creditworthiness of a number of entities or governments, in some cases to the extent of collapse or requiring rescue from governments or international or supra-national bodies. Such credit deterioration has and may continue to be widespread. The value of the Certificates or of the amount of payments under them may be negatively affected by such widespread credit deterioration. Prospective investors should note that recoveries on assets of affected entities have in some cases been *de minimis* and that similarly low recovery levels may be experienced with respect to other entities or governments in the future which may include the obligors of the Collateral or Underlying Assets (or any guarantor or credit support provider in respect thereof). Prospective investors should also consider the impact of a default by the Paying Agent and possible delays and costs in being able to access property held with a failed custodian.

Impact on Valuations and Calculations

Since 2007, actively traded markets for a number of asset classes and obligors have either ceased to exist or have reduced significantly. To the extent that valuations or calculations in respect of instruments related to those asset classes were based on quoted market prices or market inputs, the lack or limited availability of such market prices or inputs has significantly impaired the ability to make accurate valuations or calculations in respect of such instruments. No assurance can be given that similar impairment may not occur in the future.

Furthermore, in a number of asset classes, a significant reliance has historically been placed on valuations derived from models that use inputs that are not observable in the markets and/or that are based on historical data and trends. Such models often rely on certain assumptions about the values or behaviour of such unobservable inputs or about the behaviour of the markets generally or interpolate future outcomes from historical data. In a number of cases, the extent of the market volatility and disruption has resulted in the assumptions being incorrect to a significant degree or in extreme departures from historical trends. Where reliance is placed on historical data, in certain instances such data may only be available for relatively short time periods (for example, data with respect to prices in relatively new markets) and such data may not be as statistically representative as data for longer periods.

Prospective investors should be aware of the risks inherent in any valuation or calculation that is determined by reference to a model and that certain assumptions will be made in operating the model which may prove to be incorrect and give rise to significantly different outcomes to those predicted by the model.

Impact of Increased Regulation and Nationalisation

The events since 2007 have seen increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. The United States of America, the European Union and other jurisdictions are actively considering or are in the process of implementing various reform measures. Such regulatory changes and the method of their implementation may have a

significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect the Issuer, the treatment of instruments such as the Certificates, the Dealer, and the other Series Transaction Parties. In addition, governments have shown an increased willingness, wholly or partially to nationalise financial institutions, corporates and other entities in order to support the economy. Such nationalisation may impact adversely on the value of the stock or other obligations of any such entity. In addition, in order to effect such nationalisation, existing obligations or stock might have their terms mandatorily amended or be forcibly redeemed. To the extent that the Swap Counterparty or the obligors of the Collateral or Underlying Assets (or any guarantor or credit support provider in respect thereof), or any other person or entity connected with the Certificates is subject to nationalisation or other government intervention, it may have an adverse effect on a holder of a Certificate.

Systemic Risk

Financial institutions and other significant participants in the financial markets that deal with each other are interrelated as a result of trading, investment, clearing, counterparty and other relationships. This risk is sometimes referred to as “systemic risk”. Financial institutions such as the Dealer, the Note Trustee, the Security Trustee, the Swap Counterparty and the Paying Agent (or any affiliate of any of them) and any obligors of the Collateral or Underlying Assets (or any guarantor or credit support provider in respect thereof) that are financial institutions or are significant participants in the financial markets are likely routinely to execute a high volume of transactions with various types of counterparties, including brokers and dealers, commercial banks, investment banks, insurers, mutual and hedge funds and institutional clients. To the extent they do so, they are and will continue to be exposed to the risk of loss if counterparties fail or are otherwise unable to meet their obligations. In addition, a default by a financial institution or other significant participant in the financial markets, or concerns about the ability of a financial institution or other significant participant in the financial markets to meet its obligations, could lead to further significant systemic liquidity problems and other problems that could exacerbate the global financial crisis and as such have a material adverse impact on other entities.

RISKS RELATED TO THE FUND AND SHARES

In relation to the Fund and Shares, prospective investors should refer to the “Risk Factors” section as set out in the Share.

The Certificate Redemption Amount of the Certificates is dependent upon the redemption proceeds that would be received in respect of the Shares. Accordingly, an investment in the Certificates may bear similar market risks to a direct investment in the Shares and investors should take advice accordingly. An investment in the Certificates will entail significant risks not associated with a conventional debt security.

Despite the fact that, in relation to the Fund, a net asset value may be published, potential investors should be aware that payments on the Certificates will be determined by reference to Realised Share NAV. Any such amounts may be significantly different from amounts calculated by reference to the net asset value of the Fund. In addition, potential investors should be aware that, in relation to payments due on Certificates which are determined by reference to amounts that would be received by an investor, where such investor would receive payments after their scheduled payment date, corresponding delays may also be made to equivalent payments on the Certificates.

A large number of subscription or repurchase orders with the Fund by investors can lead to either an accelerated sale or temporary dilution of assets and higher fees for the remaining investors or "gating" where such orders are only satisfied in part, with others being delayed.

Following the existence or occurrence of certain events, if the Calculation Agent determines that such event or events are material for the purposes of the Certificates, an Early Termination Event will occur which will lead to a Mandatory Redemption Event occurring.

Certificates may also be redeemed early following an Event of Default. The application of any such provisions may have an adverse effect on the value and liquidity of the Certificates. Potential investors should review the Conditions of the Certificates to ascertain whether and how such provisions apply to the Certificates.

The occurrence of an Early Termination Event may have an effect on the timing of valuation and consequently the value of the Certificates and/or may delay settlement in respect of the Certificates. Potential investors should review the Conditions to ascertain whether and how such provisions apply to the Certificates.

Funds regularly charge fees (such as management fees) that lower the redemption proceeds used to determine the redemption, cancellation and/or interim amounts under the Certificates. In addition, other fees and expenses can be incurred that are charged by third persons employed by the fund manager to provide services connected to the Fund (such as custodian bank fees, fees for investment advice and auditing). Furthermore, the fund manager, asset manager or investment consultant may charge a performance-related fee.

There may also be fees incurred at the level of the assets held by a Fund that lower the value of these assets, and thereby also indirectly lower the net asset value of the Fund itself. Such fees occur especially if the Fund for its part invests in other funds (a fund of funds) or other investment vehicles or instruments entailing fees.

TERMS AND CONDITIONS OF THE CERTIFICATES

*The following is the text of the terms and conditions which, subject to completion and minor amendment, will be applicable to the Certificates of a Series in definitive form and the Custodian Certificates. Either (i) the full text of these terms and conditions together with the relevant provisions of the final terms for such Series (the “**Final Terms**”) or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions) shall be endorsed on the Definitive Certificates relating to the Certificates. All capitalised terms that are not defined in these Conditions will have the meaning given to them in the Principal Trust Deed, and/or relevant Final Terms and will be endorsed on the Definitive Certificates. References to “Certificates” are to Certificates of one series of Certificates (each, a “**Series**”) only, not to all Certificates that may be issued under the Programme.*

The Certificates, in the case of unsecured Certificates (“**Unsecured Certificates**”), are constituted by and, in the case of secured Certificates (“**Secured Certificates**”), are constituted and secured by a supplemental trust deed (the “**Supplemental Trust Deed**”) dated the date of issue of the Certificates (the “**Issue Date**”) between, inter alia, Oder Capital Limited (the “**Issuer**”) and BNY Mellon Corporate Trustee Services Limited as note trustee for the Certificateholders (the “**Note Trustee**”, which expression shall include all persons for the time being the note trustee or note trustees under the Principal Trust Deed (as defined below)) and, solely in the case of Secured Certificates, as security trustee for the Secured Certificateholders (the “**Security Trustee**”, which expression shall include all persons for the time being the security trustee or security trustees under the Principal Trust Deed). The Supplemental Trust Deed is supplemental to a trust deed (the “**Principal Trust Deed**”, which expression shall include any amendments or supplements thereto) dated 23 May 2013 as amended, supplemented and/or amended and restated from time to time between the Issuer, the Note Trustee and the Security Trustee (together with the Supplemental Trust Deed, the “**Trust Deed**”).

The Secured Certificates (other than the Secured Series Custodian Certificates), are secured on certain assets of the Issuer, as described in Condition 4(b), pursuant to the Trust Deed.

Payments under the Certificates will be made pursuant to an agency agreement dated the Issue Date made between the Issuer, the Note Trustee, Dominion Fund Administrators Limited, in its capacity as calculation agent (the “**Calculation Agent**”), Morgan Stanley & Co. International plc as certificate custodian (the “**Certificate Custodian**”), The Bank of New York Mellon, London Branch, having its registered office at One Canada Square, London, E14 5AL, in its capacity as paying agent (the “**Paying Agent**”) and as transfer agent (the “**Transfer Agent**”) and The Bank of New York Mellon (Luxembourg) S.A. as the registrar (the “**Registrar**”) (the “**Agency Agreement**”).

Statements in these terms and conditions (the “**Conditions**”) are subject to the detailed provisions of the Trust Deed and the Agency Agreement, copies of which are available for inspection at the offices of the Paying Agent. The Trust Deed includes the forms of the Certificates. Certificateholders are entitled to the benefit of, are bound by and are deemed to have notice of (i) all the provisions contained in the Trust Deed (save, in the case of the Unsecured Certificateholders, certain provisions of the Trust Deed will not apply including, *inter alia*, provisions relating to the Security and the Security Trustee) and (ii) those provisions applicable to them of the Agency Agreement.

An existing Certificateholder may subsequently subscribe for any number of additional certificates. If a new investor were to purchase Certificates on a date other than the issue date for such certificates from the Issuer or through the secondary market, then such investor will have to subscribe for a sufficient number of Certificates so that the purchase price payable therefor will be US\$150,000 or more.

The Certificates are not issuable in bearer form.

The Certificates are represented by registered definitive certificates (**“Definitive Certificates”**), serially numbered, each Definitive Certificate representing a holding of one or more Certificates by the same holder.

Title to the Certificates shall pass by registration in the register (the **“Register”**) that the Issuer shall procure to be kept by the Registrar in accordance with the Agency Agreement.

Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Certificate shall be deemed to be and may be treated by the Issuer, the Note Trustee, the Security Trustee, if applicable, and the Paying Agent as the absolute owner of such Certificate for the purpose of receiving payment thereon or on account thereof and for all other purposes, whether or not such Certificate shall be overdue and notwithstanding any notice of ownership, theft or loss thereof or any writing thereon made by anyone.

3. TRANSFERS OF CERTIFICATES

(a) Transfer of Certificates

Provided that the minimum value of Certificates transferred by a Certificateholder is US\$150,000 and such Certificateholder does not hold Certificates with an aggregate value of less than US\$150,000 following such transfer, Certificates may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Definitive Certificate representing such Certificate to be transferred, together with the form of transfer endorsed on such Definitive Certificate (or another form of transfer substantially in the same form and containing the same representations and certificates (if any), unless otherwise agreed by the Issuer) duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Certificates represented by one Definitive Certificate, a new Definitive Certificate shall be issued to the transferee in respect of the part transferred and a further new Definitive Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Certificates and entries on the Register will be made in accordance with the detailed regulations concerning transfers of Certificates scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar. A copy of the current regulations will be made available by the Registrar to any Certificateholder upon request.

The Registrar shall as soon as practicable inform the Issuer on any amendment made to the Register.

(b) Exercise of a partial repurchase of Certificates

In the case of the Issuer agreeing to a partial repurchase of a holding of Certificates represented by a single Definitive Certificate, a new Definitive Certificate shall be issued to the holder to reflect the balance of the holding not repurchased. New Definitive Certificates shall only be issued against surrender of the existing Definitive Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Certificates to a person who is already a holder of Certificates, a new Definitive Certificate representing the enlarged holding shall only be issued against surrender of the Definitive Certificate representing the existing holding.

(c) Delivery of new Definitive Certificates

Each new Definitive Certificate to be issued pursuant to Conditions 3(a) or (b) shall be available for delivery within five business days of receipt of the form of transfer or repurchase request and/or surrender of the Definitive Certificate. Delivery of the new Definitive Certificates shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such form of transfer, repurchase request or Definitive Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, repurchase request or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Definitive Certificate to such

address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 3(c) “business day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar.

(d) **Exchange free of charge**

Exchange and transfer of Definitive Certificates on registration, transfer or partial repurchase shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it.

(e) **Closed periods**

No Certificateholder may require the transfer of a Certificate to be registered for one or more Certificates (i) during the period of 15 days ending on the due date for redemption of that Certificate or (ii) after any such Certificate has been called for repurchase or redemption.

4. STATUS, SECURITY AND ASSETS OF THE ISSUER

(a) **Status**

The Certificates constitute limited recourse obligations of the Issuer and are secured or unsecured (as specified in the Final Terms), ranking *pari passu*, without any preference among themselves, (which, in the case of Secured Certificates, are secured in the manner described in this Condition 4) and recourse in respect of which is limited as described in Condition 13.

(b) **Mortgaged Property**

If it is stated in the Final Terms that the Certificates are Secured Certificates then, unless otherwise specified in the Supplemental Trust Deed, the obligations of the Issuer to the Note Trustee and the Secured Certificateholders under the Trust Deed and the Secured Certificates are secured by the following charges and/or assignments (the “**Security**”) granted in favour of the Security Trustee pursuant to the Trust Deed and subject to the provisions of this Condition 4:

- (i) a first fixed charge over, and/or assignment of, (A) the assets and/or other property of the Issuer specified as such in the Supplemental Trust Deed (the “**Collateral**”), (B) all proceeds of, income from and sums arising from the Collateral, (C) all rights attaching to or relating to the Collateral including without limitation any right to delivery of such securities or to an equivalent number or nominal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary and (D) all assets and property hereafter belonging to the Issuer and deriving from such assets or the rights attaching thereto;
- (ii) an assignment by way of first fixed security of the Issuer’s rights, title and interest under the Agency Agreement, to the extent that such rights relate to sums held to meet payments due in respect of the Certificates, and a first fixed charge over all sums held by the Paying Agent to meet payments due in respect of the Certificates or by the Issuer in relation to the Collateral; and

- (iii) an assignment by way of first fixed security of the Issuer's rights, title and interest under any agreement by which the Issuer purchases the Collateral and/or under the Swap.

The assets described in (i), (ii) and (iii) above are together referred to herein as the **"Mortgaged Property"**.

Cash flows generated by the Mortgaged Property will be utilised by the Issuer in making payments due in respect of the Secured Certificates.

(c) **Unsecured Series Property**

If it is stated in the Final Terms that the Certificates are Unsecured Certificates then, unless otherwise specified in the Supplemental Trust Deed, the obligations of the Issuer to the Note Trustee and the Unsecured Certificateholders and the Unsecured Certificates are not secured and instead the Unsecured Certificates will rely for their payment on *inter alia* and, in the case of (iv) below have the benefit of, the contractual rights of the Issuer in respect of:

- (i) (A) the assets and/or other property of the Issuer specified as such in the Trust Deed (the **"Underlying Assets"**), (B) all proceeds of, income from and sums arising from the Underlying Assets, (C) all rights attaching to or relating to the Underlying Assets including without limitation any right to delivery of such securities or to an equivalent number or nominal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary and (D) all assets and property hereafter belonging to the Issuer and deriving from such assets or the rights attaching thereto;
- (ii) the Issuer's rights, title and interest under the Agency Agreement, to the extent that such rights relate to sums held to meet payments due in respect of the Certificates, and all sums held by the Paying Agent to meet payments due in respect of the Certificates or by the Issuer in relation to the Underlying Assets;
- (iii) the Issuer's rights, title and interest under any agreement by which the Issuer purchases the Underlying Assets and/or under the Swap; and
- (iv) the Issuer's rights, title and interest under the terms and conditions of other certificates of other series which limit the recourse of the certificateholders of such other series.

The assets described in (i), (ii), (iii) and (iv) above are together referred to herein as the **"Unsecured Series Property"**.

Cash flows generated by the Unsecured Series Property will be utilised by the Issuer in making payments due in respect of the Certificates though no security will be taken over any such Unsecured Series Property.

(d) **Balancing Amounts**

Following the sale of Certificates to the Dealer for on sale to Certificateholders and the determination by the Calculation Agent of the Balancing Amounts (if any), any Balancing Amounts payable to the Dealer will be retained by the Issuer.

(e) **Custodian Certificates**

On the Issue Date, the Issuer will repurchase the number of Certificates stated in the Final Terms from the Dealer at their issue price. The Certificates so repurchased by the Issuer will be held by the Certificate Custodian on behalf of

the Issuer on or about the date in which they are repurchased. Custodian Certificates carry no voting rights, do not bear interest and no amount of interest or principal is payable thereon and are not secured by any property.

(f) **Conditions Precedent to sale of Certificates after the Issue Date**

On any Business Day after the Issue Date of a Series the Issuer may sell, via the Dealer, to existing or new Certificateholders further Certificates in such Series on the next Fund Investment Subscription Date (by transferring Custodian Certificates which upon transfer will become Certificates with all the rights that the other Certificates have), subject to the following conditions and provided that:

- (1) the Fund continues to accept new subscription requests for the amount of Shares which may be purchased using the proceeds of sale of such Custodian Certificates;
- (2) the Calculation Agent has confirmed that the Issuer is expected on the next Fund Investment Subscription Date to have a sufficient number of Custodian Certificates available for purchase to meet each individual Certificateholder's request;
- (3) the Subscription Conditions Precedent have been satisfied; and
- (4) the Requested Fungible Notional is equal to or greater than US\$150,000 (or such other greater amount as may be agreed between the Calculation Agent and the Dealer)

On a Business Day on which the Dealer has requested the Sale of Custodian Certificates, the Issuer will direct the Certificate Custodian to sell to the Dealer for on-sale to the existing or new Certificateholders and the Dealer will agree to purchase on the following Fund Investment Subscription Date such number of Custodian Certificates as the Calculation Agent in its sole discretion may determine following publication of the Share NAV on the relevant Fund Investment Subscription Date, and the Dealer will pay to the Certificate Custodian no later than 2pm on the date falling two Fund Business Days prior to such Fund Investment Subscription Date an amount equal to the Requested Fungible Notional and the Certificate Custodian will remit such amount promptly to the Fund on behalf of the Issuer.

The Custodian Certificates being sold will be sold to the Dealer at the Certificate Price_t as of the relevant Fund Investment Subscription Date and will cease to be Custodian Certificates as of such date.

The total number of Custodian Certificates sold to the Dealer as of any Fund Investment Subscription Date will be equal to the number of Shares that have been subscribed for by the Issuer on such date and/or, if applicable, the number of Shares referenced in the Swap entered into by the Issuer in respect of the Shares, as determined by the Fund Administrator (such number, the **"Additional Certificate Number"**).

If the product of the Additional Certificate Number and Certificate Price_t as of the relevant Fund Investment Subscription Date is less than an amount in US dollars equivalent of the Requested Fungible Notional (such difference, a **"Balancing Amount"**), then any Balancing Amount due to the Dealer on behalf of the Certificateholders shall be retained by the Issuer.

(g) **Enforcement of the Security**

If the Certificates are Secured Certificates (other than the Secured Series Custodian Certificates), the Security will become enforceable upon the Note Trustee giving an Enforcement Notice (as defined in Condition 12) to the Issuer and the Security Trustee. If the Security has become enforceable, the Security Trustee shall enforce the Security if directed to do so in writing by the Note Trustee, as directed in writing by the Certificateholders holding one-quarter of the aggregate principal amount of the Certificates then outstanding or as directed by an Extraordinary Resolution (as defined in the Trust Deed) of the holders of the Certificates, subject to the Note Trustee and the Security Trustee having been indemnified and/or secured and/or prefunded to their satisfaction. To the extent that the Note Trustee and the Security Trustee act in accordance with the directions of the Certificateholders provided as described above, neither the Note Trustee nor the Security Trustee shall have any obligation to take the interests of any other party into account or to follow any direction given by any other party and shall have no liability to any person for acting on such instructions.

Upon enforcement of the Security, the Custodian Certificates will be cancelled and no payment thereon will be due.

(h) **Application of proceeds**

(i) **Enforcement, Mandatory Redemption, Acceleration**

On the occurrence of a Mandatory Redemption Event pursuant to Condition 7(b), and on enforcement of the Security (solely in the case of Secured Certificates) and/or acceleration of the Certificates following the occurrence of an Event of Default, moneys available for distribution shall be applied in or towards satisfaction of the following amounts in the following order of priority:

- (1) first, in payment or satisfaction of the fees, costs, charges, expenses and liabilities incurred by the Note Trustee and, in the case of the Secured Certificates only, the Security Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Certificates and in carrying out their functions under the Trust Deed (including any taxes required to be paid, (solely in the case of Secured Certificates) the costs of realising any security, and the Note Trustee's and/or the Security Trustee's remuneration) to the extent not paid pursuant to the Expenses Agreement;
- (2) secondly, to pay the fees, costs, charges, expenses and liabilities incurred by the Agents in carrying out their functions under the Agency Agreement to the extent not paid pursuant to the Expenses Agreement;
- (3) thirdly, rateably in meeting the claims (if any) of the Certificateholders. If the moneys received are not enough to pay such amounts in full, such amounts shall be applied *pro rata* on the basis of the amount due to each party entitled to such payment;
- (4) fourthly, in payment of the balance (if any) to the Issuer.

(ii) **Early repurchase**

On an early repurchase of the Certificates pursuant to Condition 7(c), the Issuer will repurchase each certificate at the Certificate Buy-Back Amount within two Fund Business Days of the Purchase Date or such other date set out in Condition (7(c)).

(i) **Shortfall after application of proceeds**

If the net proceeds of (i) in the case of Secured Certificates, the Security being enforced and liquidated in accordance with the Trust Deed or (ii) in the case of Unsecured Certificates, the liquidation of the Unsecured Series Property are not sufficient, after payment of the claims (if any) ranking in priority to the Certificates, to cover all payments due in respect of the Certificates, the obligations of the Issuer in respect of the Certificates will be limited to such net proceeds and such net proceeds shall be applied in accordance with the Trust Deed and no other assets of the Issuer will be available for any further payments in respect of the Certificates. The right to receive any further payments in respect of any shortfall remaining after enforcement of the Security or liquidation of the Unsecured Series Property, as applicable, and application of the proceeds thereof in accordance with the Trust Deed shall be extinguished and failure to make any payment in respect of any shortfall shall in no circumstances constitute an Event of Default (as defined in Condition 12).

5. COVENANTS OF THE ISSUER

Save as provided in or contemplated by the Relevant Agreements or the Alternative Programme Agreements, with the prior written consent of the Note Trustee, the Issuer shall not, so long as any Certificate remains outstanding (as defined in the Trust Deed):

In giving any consent to the foregoing in respect of Certificates, the Note Trustee may require the Issuer to make such modifications or additions to the provisions of any of the Relevant Agreements (and may itself consent thereto on behalf of the Certificateholders) or may impose such other conditions or requirements as the Note Trustee may deem expedient (in its absolute discretion) in the interests of the Certificateholders and may rely on any written confirmation from the Issuer as to the matters contained therein. Any modification or additions to the provisions of any of the Relevant Agreements shall be binding on the Certificateholders of such Series.

6. INTEREST

The Certificates will not bear interest.

7. REDEMPTION

(a) Final redemption

Unless previously redeemed as provided in this Condition, the Issuer will redeem each Certificate in an amount per Certificate equal to the Certificate Redemption Amount on the Maturity Date.

The Issuer may not redeem any Certificate in whole or in part prior to the Maturity Date except as provided in Conditions 7(b) and (c).

With respect to the Maturity Date the Issuer will request the realisation of the Shares and/or request payments under the Swap, if applicable, in sufficient time to allow the Fund to redeem or realise the underlying assets by the Maturity Date so that the only amount payable in respect of the Certificates on the Maturity Date shall be the Certificate Redemption Amount. If any amounts are received by the Issuer after the Maturity Date then such amounts shall be retained by the Issuer available for distribution to its shareholders for the benefit of The Oder Capital Charitable Trust.

All Custodian Certificates outstanding (as defined in the Trust Deed) on the Maturity Date shall be cancelled.

(b) Mandatory early redemption

If:

- (i) at any time prior to the Maturity Date, if it is specified in the relevant Final Terms that the Issuer may determine in its sole discretion to redeem all Certificates and the Issuer so determines; or
- (ii) at any time prior to the Maturity Date, the Calculation Agent determines that an Early Termination Event has occurred which it does not waive or in respect of which it does not make an Adjustment; or
- (iii) at any time prior to the Maturity Date, an additional Early Termination Event as set out in the relevant Final Terms for such Certificates occurs

(each, a **"Mandatory Redemption Event"**) then

- (i) if the Issuer is under an obligation to request the transfer by the Certificate Custodian of a number of Custodian Certificates to the Dealer on the date on which the relevant Share NAV is published, then a number of Custodian Certificates equal to the number of Shares subscribed for by the Issuer as determined by the Fund Administrator and/or, if applicable, the number of Shares referenced in the Swap entered by the Issuer in respect of the Shares will be transferred to the Dealer, for transfer to the Certificateholders forthwith or, if Share NAV as of the relevant Fund Investment Subscription Date has not yet been published, upon such publication; and
- (ii) all of the Certificates which are in issue at such time will be redeemed and the remaining Custodian Certificates will be cancelled in accordance with the provisions below.

Upon the occurrence of a Mandatory Redemption Event, the Issuer shall forthwith give not more than two Fund Business Days' prior notice (or such other notice period as indicated in the Trust Deed) of the date of such mandatory redemption (the **"Redemption Date"**) to the Note Trustee, the Swap Counterparty (if applicable), the Certificateholders and the Paying Agent (which notice shall be irrevocable). The Issuer will pay any amount due and payable to the Note Trustee and/or the Security Trustee and/or the Agents, to the extent not paid pursuant to the Expenses Agreement, and then redeem the Certificates in an amount per Certificate equal to the Certificate Redemption Amount on the date falling two Fund Business Days after the Redemption Date (or such other number of days specified in the Final Terms) subject to the Issuer having received the proceeds of realisation of the Shares and/or the payments under the Swap (if applicable) one Fund Business Day after such Redemption Date. If receipt of the proceeds of realisation of the Shares and/or the payments under the Swap (if applicable) is delayed the redemption of the Certificates will be effected within two Fund Business Days of receipt thereof. If the Issuer subsequently receives, within 60 days of the Redemption Date, further amounts from the Fund from the realisation of Shares and/or payments under the Swap (if applicable) in respect of the Certificates, then the Issuer will pay to the former Certificateholders their pro rata share of any such amounts (such payment, a **"Supplemental Redemption Amount"**).

No payment will be made in respect of the Certificates until any amount due and payable to the Note Trustee and/or the Security Trustee and/or the Agents, to the extent not paid pursuant to the Expenses Agreement, has been paid in full.

No payment will be made in respect of Custodian Certificates.

In the event of an Early Termination Event occurring on or prior to the Maturity Date in respect of the Certificates the Issuer acting in good faith and in a commercially reasonable manner may take the action described in (A) or (B) below:

- (A) require the Calculation Agent acting upon advice given by Morgan Stanley and Co. International plc to determine the appropriate adjustment (an “**Adjustment**”), if any, to be made to any of the Conditions, to account for the Early Termination Event and determine the effective date of that Adjustment; or
- (B) redeem the Certificates early in accordance with the provisions above for a Mandatory Redemption Event.

The Issuer shall as soon as practicable provide details of any determinations and/or Adjustments, as the case may be, made pursuant to this Condition 7, to the Certificateholders in accordance with Condition 17.

For the purposes of the Conditions, the word “**appropriate**”, in relation to an adjustment by the Calculation Agent, will mean such adjustment as the Calculation Agent acting upon advice given by Morgan Stanley and Co. International plc deems necessary or desirable taking into account such factor(s) as it may determine which may include the number of Shares held and/or the Swap or Swaps entered into.

The following events shall each constitute an “**Early Termination Event**”, in each case as determined by the Calculation Agent and if it determines this is material for the purposes of the Certificates:

- (i) the occurrence of a Tax Event or an Illegality;
- (ii) the currency of the Shares and/or its net asset value is no longer calculated in US dollars;
- (iii) the Fund Administrator fails to calculate and publish the Share NAV for one week or more or the Share NAV is not published in accordance with the procedures prevailing as of the Issue Date;

- (ix) the Issuer advises that it is unable, after using commercially reasonable efforts, or would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to:
 - (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the Certificates; or

- (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s);
- (x) any event occurs that the Calculation Agent, acting in good faith and in a commercially reasonable manner, determines may have a materially detrimental effect on the risk profile of the Certificates for the Issuer;
- (xi) there is a declaration by or on behalf of the Fund of an actual or proposed compulsory termination or redemption of or any dividend or distribution in respect of the Shares;
- (xii) the suspension by the Fund of acceptance of subscriptions or redemptions for Shares whether or not in accordance with the Fund Documents;
- (xiii) an order has been made or an effective resolution passed for the winding up, dissolution or termination of the Investment Manager, the Swap Counterparty (if applicable) or any of their respective affiliates;

- (xvi) any action, suit, proceeding, inquiry or investigation has been taken or brought, or is pending, by any court, governmental or regulatory body or agency against the Fund or any authorised representative or any affiliate of the Investment Manager;
- (xvii) the Shares are reclassified, the Fund is consolidated, amalgamated or merged with another company whose investment objectives, risk profile and/or investment objectives are different to those of the Fund at the Issue Date or a resolution is proposed to effect any such reclassification, consolidation, amalgamation or merger;
- (xviii) there is (i) a transfer or an irrevocable commitment to transfer all of the Shares or the shares in the Investment Manager to another entity or person, (ii) a consolidation, amalgamation or merger of the Fund or the Investment Manager with or into another entity or person (other than a consolidation, amalgamation or merger in which the Fund or the Investment Manager, as applicable, is the continuing entity and which does not result in a reclassification or change of all of the Shares or the shares in the Investment Manager, as applicable), or (iii) a takeover offer, tender offer, exchange offer, solicitation or other event by any entity or person to acquire all of the Shares or the shares in the Investment Manager;
- (xix) a change in law that requires the imposition, deduction of withholding tax which increases the effective dealing costs of subscribing for, holding, or redeeming the Shares;
- (xx) a change in law, taxation or regulation, including capital adequacy or similar requirements, or in the constitution of the Fund occurs or is likely to occur which may have a material adverse effect on (i) the ability of an investor to hold, purchase, sell or redeem Shares (ii) the costs that are or will be incurred by an investor in purchasing, selling, holding or redeeming Shares or (iii) the value of the Shares;

- (xxi) any event has occurred which is likely to have a material adverse effect on the solvency or liquidity of the Fund and/or the Shares, including, but not limited to, any material litigation concerning the Fund which involves any holder(s) of Shares;

- (xxvi) the appointment of the Dealer pursuant to the Dealer Agreement has been terminated;
- (xxvii) any other event or circumstance exists or occurs in relation to the Fund, the Shares, agents or service providers of the Fund, the Swap or the Certificates which the Calculation Agent determines is analogous to any other Early Termination Event and/or has or may have a material adverse effect on the Fund, the Shares or the Certificates.

Upon the occurrence of any Early Termination Event the Calculation Agent shall notify the Issuer, the Note Trustee and the Security Trustee in writing of such occurrence. The Note Trustee and the Security Trustee shall be entitled to rely on such notice without liability to any person. Neither the Note Trustee nor the Security Trustee shall be under any duty to monitor whether an Early Termination Event has occurred and in the absence of express notice to the contrary from the Calculation Agent shall assume no such event has occurred and shall have no liability to any person for doing so.

(c) **Early repurchase**

The Issuer may agree in its sole discretion, if the Dealer requests the Issuer to repurchase on no less than one Fund Business Day's notice one or more Certificates on a Fund Business Day (each, a "**Purchase Date**"). On the date on which the Issuer receives notice of such repurchase request, the Calculation Agent will request the Fund to redeem a number of Shares and/or request the Swap Counterparty make a payment under the Swap in respect of a number of Shares equal to the number of Certificates being repurchased by the Issuer.

The Certificates repurchased on such Purchase Date shall be repurchased in an amount per Certificate equal to the Certificate Buy-back Amount. Payment will be made to the Certificateholders two Fund Business Days after the Purchase Date (or such other number of days specified in the Final Terms), subject to the Issuer having received the proceeds of realisation of the Shares and/or the payments under the Swap (if applicable) one Fund Business Day after such Purchase Date. If receipt of the proceeds of realisation and/or the payments under the Swap (if applicable) is delayed the repurchase of the Certificates will be effected within two Fund Business Days of receipt thereof by the Issuer.

If, in respect of any Certificates repurchased prior to the Maturity Date, the Issuer subsequently receives, within 60 days of the Purchase Date of such Certificates, further amounts from the Fund from the realisation of Shares

and/or payments under the Swap (if applicable) in respect of such Certificates, then the Issuer will pay to the former Certificateholders their pro rata share of any such amounts. Any amounts received by the Issuer from the Fund or the Swap Counterparty after such 60 days will be retained by the Issuer.

No more than one repurchase request may be made by the Dealer to the Issuer in relation to the same Purchase Date.

8. SUBORDINATION

No payment may be made to the Certificateholders on the Maturity Date until any amount due and payable to the Note Trustee and/or the Security Trustee and/or the Agents, to the extent not paid pursuant to the Expenses Agreement, has been paid in full.

On any date on which all of the Certificates are to be redeemed, if the liquidated proceeds of realisation of the Collateral, in the case of Secured Certificates, or the Underlying Assets, in the case of Unsecured Certificates being realised (the “**Realised Value**”) does not exceed the sum of (i) amounts due and payable to the Note Trustee and/or the Security Trustee and/or the Agents (to the extent not paid pursuant to the Expenses Agreement), and (ii) the Certificate Redemption Amount multiplied by the number of Certificates outstanding, then the amount payable to the relevant Certificateholders per Certificate will be equal to the Realised Value minus the amounts due and payable to the Note Trustee and/or the Security Trustee and/or the Agents (to the extent not paid pursuant to the Expenses Agreement), divided by the Number of Certificates in issue on the redemption date of the Certificates whereupon the Certificateholders shall have no further claims against the Issuer (save, in the case of a Mandatory Redemption Event, in respect of the Supplemental Redemption Amount). If the proceeds of the redemption of the Collateral, in the case of Secured Certificates, or the Underlying Assets, in the case of Unsecured Certificates on such date exceed the amount (if any) payable to the Note Trustee, the Security Trustee (if applicable), the Agents, the Certificateholders and the Dealer, then each Certificate will be redeemed in an amount per Certificate equal to the Certificate Redemption Amount and the Certificateholders shall have no further claims against the Issuer (save, in the case of a Mandatory Redemption Event, in respect of the Supplemental Redemption Amount). Any excess proceeds (if any) remaining after such payments shall be retained by the Issuer.

9. PAYMENTS

(a) Method of payment

Payments of principal will be by credit or transfer to a US dollar account specified by the payee.

(b) Payments against presentation and surrender

Payments of principal in respect of Certificates will (subject as provided below) be made in the manner provided in Condition 9(a) against presentation and surrender of the relevant Certificates at the specified office of any Paying Agent, Transfer Agent or of the Registrar.

(c) Payments subject to fiscal law

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 10.

(d) **Appointment of agents**

The Paying Agent initially appointed by the Issuer and its specified office is set out in the introductory paragraphs to these conditions. The Paying Agent, the Registrar, the Calculation Agent and the Certificate Custodian act solely as agents of the Issuer (unless, in the case of Secured Certificates, an Event of Default has occurred or may with the lapse of time or the giving of notice occur, when such agents may act as agents of the Note Trustee if so notified by the Note Trustee) and do not assume any obligation or relationship of agency or trust for or with any Certificateholder. The Issuer reserves the right at any time with the prior written approval of the Note Trustee to vary or terminate the appointment of the Paying Agent, the Registrar, the Calculation Agent or the Certificate Custodian and to appoint additional or other paying agents, registrars, calculation agents or certificate custodians provided that the Issuer will at all times maintain (i) a Paying Agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to EU Council Directive 2003/48/EC which was adopted on 3 June 2003, (ii) a Registrar, (iii) a Calculation Agent and (iv) a Certificate Custodian.

(e) **Non-business days**

If any date for payment in respect of any Certificate is not a day on which commercial banks and foreign exchange markets settle payments and are open for general business in the place where the relevant Certificate is presented for payment, the holder shall not be entitled to payment until the next following such day nor to any interest or other sum in respect of such postponed payment.

10. TAXATION

(a) **Payment net of Taxes**

All payments in respect of the Certificates by or on behalf of the Issuer shall be made net of withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of or any political subdivision or any authority thereof or therein having power to tax.

(b) **Certificateholder Expenses**

A Certificateholder must pay all Certificateholder Expenses relating to Certificates held by or being exercised by it as a condition precedent to receiving any amount in respect of the Certificates and the Issuer is entitled to deduct all relevant Certificateholder Expenses from any such payment to be made by it under the Certificates. As used herein "**Certificateholder Expenses**" means, in respect of a Certificate, all taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties, arising in connection with (a) the exercise of such Certificate and/or (b) any payment due following exercise or otherwise in respect of such Certificates.

11. PRESCRIPTION

Claims against the Issuer for payment in respect of the Certificates shall be prescribed and become void unless made within ten years from the appropriate Relevant Date in respect thereof.

12. EVENTS OF DEFAULT

If any of the following events (each an “**Event of Default**”) shall occur, the Note Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter of the aggregate principal amount of the Certificates then outstanding or if so directed by an Extraordinary Resolution of the Certificateholders (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) shall, give notice (an “**Enforcement Notice**”) to the Issuer and, in the case of Secured Certificates, the Security Trustee that the Certificates are, and each Certificate shall accordingly forthwith become immediately due and payable and any Custodian Certificates outstanding on such date shall be cancelled and, in the case of Secured Certificates only, the Security shall become enforceable.

(a) **Non-payment**

default is made for a period of fourteen days or more in the payment of any amount due in respect of the Certificates following receipt by the Issuer of the redemption proceeds of the Collateral or the Underlying Assets, as applicable, being redeemed to effect such redemption;

(b) **Breach of other obligations**

the Issuer fails to perform or comply with any one or more of its other obligations (other than a failure to perform or comply with obligations which failure, in the opinion of the Note Trustee, is not materially prejudicial to the Certificateholders) under the Certificates or the Trust Deed and (except where such failure is not in the opinion of the Note Trustee capable of remedy when no such notice as is hereinafter referred to shall be required) such failure shall continue for more than 30 days (or, if applicable, such longer period as the Note Trustee may permit) next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied;

(c) **Winding-up**

the Issuer, otherwise than for the purposes of such amalgamation or reconstruction as is referred to in paragraph (d) below, ceasing or, through an official action of the board of directors of the Issuer, threatening to cease to carry on business or being unable to pay its debts as and when they fall due;

(d) **Insolvency proceedings**

an order being made or an effective resolution being passed for the winding-up of the Issuer except a winding-up for the purposes of or pursuant to an amalgamation or reconstruction the terms of which have previously been approved by an Extraordinary Resolution of the Certificateholders;

(e) **Insolvency**

proceedings being otherwise initiated against the Issuer under any applicable liquidation, insolvency, bankruptcy, composition, reorganisation or other similar laws (including, but not limited to, presentation of a petition for an administration order) and such proceedings are not being disputed in good faith with a reasonable prospect of success, or a receiver, liquidator or other similar official being appointed in relation to the Issuer or in relation to the whole or in the opinion of the Note Trustee any substantial part of the undertaking or assets of the Issuer, or an encumbrancer taking possession of the whole or in the opinion of the Note Trustee any substantial part of the undertaking or assets of the Issuer, or a distress or execution or other process being levied or enforced upon or sued out against the whole or in the opinion of the Note Trustee any substantial part of the undertaking or assets of the Issuer and such possession

or process (as the case may be) not being discharged or not otherwise ceasing to apply within 30 days, or the Issuer initiating or consenting to judicial proceedings relating to itself under applicable liquidation, insolvency, bankruptcy, composition, reorganisation or other similar laws or making a conveyance or assignment for the benefit of its creditors generally.

13. ENFORCEMENT

Only the Note Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Certificateholders and, in the case of Secured Certificates, only the Security Trustee may enforce the Security, and no Certificateholder is entitled to proceed against the Issuer unless the Note Trustee or the Security Trustee, as applicable, having become bound so to do, fails to take action against the Issuer or to enforce the rights of the Certificateholders or any of the Security, if applicable, within a reasonable time and such failure is continuing. Having realised the Security (in the case of Secured Certificates) or following liquidation of the Unsecured Series Property by the Issuer (in the case of Unsecured Certificates) and distributed the net proceeds in accordance with Condition 4, none of the Note Trustee, the Security Trustee, if applicable, or any Certificateholder may take any further steps against the Issuer to recover any sum still unpaid and any such liability shall be extinguished. In particular none of the Note Trustee, the Security Trustee, if applicable, the Certificateholders or any person acting on behalf of any of them may at any time institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its assets, and none of them shall have any claim arising with respect to the assets and/or property attributable to any other certificates issued by the Issuer (save for any further certificates which form a single series with the Certificates) provided that the Note Trustee may prove or lodge a claim in the liquidation of the Issuer initiated by another party and provided further that the Note Trustee may take proceedings to obtain a declaration or similar judgment or order as to the obligations and liabilities of the Issuer.

Neither the Note Trustee nor the Security Trustee shall be obliged to take any action, step or proceeding under these Conditions, the Trust Deed or any Relevant Agreement unless directed to do so pursuant to the terms of the Trust Deed and indemnified and/or secured and/or prefunded to its satisfaction.

Following such extinguishment, none of the Note Trustee, the Security Trustee, if applicable, the Certificateholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum.

14. MEETINGS OF CERTIFICATEHOLDERS, MODIFICATIONS, WAIVER AND SUBSTITUTION

(a) Meetings of Certificateholders

The Trust Deed contains provisions for convening meetings of Certificateholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed, “**Extraordinary Resolution**”) of a modification of any of the provisions of the Trust Deed, the terms and conditions of the Certificates or any Relevant Agreement. The quorum at any such meeting for passing an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Certificates for the time being outstanding or, at any adjourned meeting, two or more persons being or representing Certificateholders, whatever the principal amount outstanding of the Certificates so held or represented, except that, any modification relating to, *inter alia*, the details of the Security (if applicable) and the Series Assets, terms concerning

the amount, currency and postponement of the due dates for payment of the Certificates, the provisions concerning the quorum required at any meeting of Certificateholders and the provisions concerning the majority required to pass an Extraordinary Resolution (such modification a “**Basic Terms Modification**”) may be modified only by resolutions passed at a meeting the quorum at which shall be two or more persons holding or representing at least two-thirds, or at any adjourned such meeting at least one-third, in principal amount of the Certificates for the time being outstanding. An Extraordinary Resolution passed at any meeting of Certificateholders will be binding on all Certificateholders, whether or not they were present at such meeting.

(b) **Modifications and waiver**

The Note Trustee may agree, and, in the case of Secured Certificates, may direct the Security Trustee to agree without the consent of any of the Certificateholders, to:

- (i) any modification of any of the provisions of the Trust Deed or of any other Relevant Agreement which is in the opinion of the Note Trustee of a formal, minor or technical nature or is made to correct a manifest error; or
- (ii) any modification (except relating to a Basic Terms Modification), waiver or authorisation of any breach or proposed breach of any of the provisions of the Trust Deed or of any of the other Relevant Agreements which, in any such case, is not in the opinion of the Note Trustee materially prejudicial to the interests of all of the Certificateholders.

Any such determination, modification, authorisation or waiver shall be binding on both the Secured Certificateholders and the Unsecured Certificateholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified to the Certificateholders as soon as practicable thereafter. Secured Certificateholders and Unsecured Certificateholders shall have no right of action against the Note Trustee if the Note Trustee agrees to any such modifications to the Relevant Agreements that affect either the Secured Certificateholders or the Unsecured Certificateholders.

(c) **Substitution**

Subject to such amendment of the Trust Deed and such other conditions as the Note Trustee may require, including in the case of the Secured Certificates the transfer of the Security, but without the consent of the holders of the Certificates, the Note Trustee may agree to and, in the case of Secured Certificates, may direct the Security Trustee to agree to the substitution of any other company or other entity in place of the Issuer as principal debtor under the Trust Deed, the Certificates (to the extent relevant) and the other Relevant Agreements. Such substitution shall be subject to the relevant provisions of the Trust Deed and the other Relevant Agreements and to such amendments thereof as the Note Trustee or the Issuer may deem appropriate. In the case of such a substitution the Note Trustee may agree, and, in the case of Secured Certificates, may direct the Security Trustee to agree without the consent of the holders of the Certificates, to a change of the law governing the Certificates, the Trust Deed and/or the other Relevant Agreements provided that such change would not in the opinion of the Note Trustee be materially prejudicial to the interests of the Certificateholders.

If another company or entity is substituted in place of the Issuer pursuant to these Conditions and the Trust Deed such substitute shall replace the Issuer as

principal debtor under the Trust Deed and the Certificates and replace it under the Trust Deed and the other Relevant Agreements.

The Note Trustee may, without the consent of the Certificateholders, agree and, in the case of Secured Certificates, may direct the Security Trustee to agree to a change in the place of residence of the Issuer for taxation purposes provided the Issuer does all such things as the Note Trustee may require in order that such change in the place of residence of the Issuer for taxation purposes is fully effective and complies with such other requirements in the interests of the Certificateholders as the Note Trustee may direct.

15. INDEMNIFICATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE

The Trust Deed contains provisions for the indemnification of the Note Trustee and the Security Trustee and for their relief from responsibility including for the exercise of any rights in respect of the Mortgaged Property (in the case of Secured Certificates), for the sufficiency and enforceability (which neither the Note Trustee nor the Security Trustee has investigated) of the Security (in the case of Secured Certificates) and for taking any actions, steps or proceedings to enforce the terms of the Certificates unless indemnified and/or secured and/or prefunded to its satisfaction. The Note Trustee, the Security Trustee and any of their affiliates are entitled to enter into business transactions with the Issuer, any obligor in respect of any of the Mortgaged Property or Unsecured Series Property or any of their respective subsidiaries, holding or associated companies without accounting to the Certificateholders for any profit resulting therefrom. Each of the Note Trustee and the Security Trustee is exempted from liability with respect to any loss or theft or reduction in value of the Mortgaged Property or Unsecured Series Property and from any obligation to insure or to procure the insuring of the Mortgaged Property or Unsecured Series Property.

16. REPLACEMENT OF DEFINITIVE CERTIFICATES

If a Definitive Certificate is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and listing regulations, at the specified office of the Registrar on payment by the claimant of the taxes, fees and costs properly incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that, if the allegedly lost, stolen or destroyed Definitive Certificate is subsequently presented for payment, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Certificates) and otherwise as the Issuer may require. Mutilated or defaced Definitive Certificates must be surrendered before replacements will be issued.

17. NOTICES

Notices to the holders of Certificates shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing.

18. FURTHER ISSUES

(a) Restrictions on further issues and transactions

The Issuer may from time to time (without the consent of the Certificateholders) issue further Certificates (which may be consolidated and form a single series with any Series of Certificates if issued in accordance with Condition 18(b)) which are secured by or rely for their payment on *inter alia* (save in the case of further Certificates forming a single series with Custodian Certificates) assets of the Issuer other than any existing Mortgaged Property or any existing Unsecured Series Property and the Issuer's share capital and transaction fees and issued on terms that provide for the extinction of all claims in respect of such Certificates after application of the proceeds of enforcement of the security

over or the liquidation of the assets on which such further Certificates are secured or rely for their payment on (as the case may be) and that prevent transaction creditors from taking steps to wind up the Issuer. Any such further Certificates shall be constituted by a Supplemental Trust Deed in respect of such Certificates.

(b) **Restrictions on fungible issues**

The Issuer may from time to time (without the consent of the Certificateholders) issue further Certificates that have, when issued, the same terms and conditions as the Certificates in all respects and that are consolidated and form a single series with the Certificates provided that in the case of a further issue of Secured Certificates only the Issuer provides additional security for such new Secured Certificates that comprises assets that are fungible with the Mortgaged Property.

19. PURCHASE OF CERTIFICATES

All Certificates repurchased by the Issuer may be cancelled, in which case the obligations of the Issuer in respect of any such Certificates shall be discharged. Absent such cancellation and notwithstanding any other provision of these Conditions, all Certificates held by or on behalf of the Issuer, shall be deposited with the Certificate Custodian and shall carry the same rights as Custodian Certificates.

20. GOVERNING LAW

- (a) The Certificates and any non-contractual obligations arising therefrom are governed by, and shall be construed in accordance with, English law.
- (b) No person shall have any right to enforce any term or condition of this Certificate by virtue of the Contracts (Rights of Third Parties) Act 1999.

SUMMARY OF PROVISIONS RELATING TO THE CERTIFICATES WHILE REPRESENTED BY THE GLOBAL CERTIFICATE

The following is a summary of the provisions to be contained in the Global Certificate which will apply to, and in some cases modify, the Conditions of the Certificates while the Certificates are represented by the Global Certificate.

Initial issue of Certificates

The Certificates will initially be represented by interests in a global certificate (the “**Global Certificate**”) registered in the Register in the name of a nominee for the common depositary for Euroclear or Clearstream, Luxembourg (the “**Common Depositary**”) and the Global Certificate shall be deposited with the Common Depositary. Each subscriber will be credited in the records of Euroclear or Clearstream, Luxembourg with a number of Certificates equal to the number thereof for which it has subscribed and paid.

Certificates that are initially deposited with the Common Depositary may also be credited to the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by other clearing systems. Conversely, Certificates that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of accountholders with clearing systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Certificate represented by a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such clearing system (as the case may be) for his share of each payment made by the Issuer to the holder of the underlying Certificates in the Register and in relation to all other rights arising under the Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Certificates for so long as the Certificates are represented by such Global Certificate and such obligations of the Issuer will be discharged by payment to the holder of the underlying Certificates in the Register in respect of each amount so paid.

Exchange of Global Certificates for Definitive Certificates

The Global Certificate will be exchangeable in whole but not in part (free of charge to the holder) for Definitive Certificates only if any of the following events occurs or exists (each an “**Exchange Event**”):

- (a) an Event of Default (as set out in Condition 12) has occurred and is continuing: or
- (b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available; or
- (c) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Certificates in definitive form.

The Issuer will promptly give notice to Certificateholders if an Exchange Event occurs. In the case of (a) or (b) above, the holder of the Global Certificate, acting on the instructions of one or more of the Accountholders (as defined below), may give notice to the Issuer and the Paying Agent and, in the case of (c) above, the Issuer may give notice to the Paying

Agent of its intention to exchange the Global Certificate for Definitive Certificates on or after the Exchange Date (as defined below).

On or after the Exchange Date the holder of the Global Certificate may or, in the case of (c) above, shall surrender the Global Certificate to or to the order of the Paying Agent. In exchange for the Global Certificate the Issuer will deliver, or procure the delivery of, an equal aggregate number of Definitive Certificates, security printed in accordance with any applicable legal and stock exchange requirements and in or substantially in the form set out in the Agency Agreement. On exchange of the Global Certificate, the Issuer will procure that it is cancelled and, if the holder so requests, returned to the holder together with any relevant Definitive Certificate.

Registration of title to Certificates of a Series, specified in the Final Terms of such Series that such Certificates are to be held through a clearing system, in a name other than that of the nominee of Euroclear and Clearstream, Luxembourg will not be permitted unless an Exchange Event occurs.

For these purposes, “**Exchange Date**” means a day specified in the notice requiring exchange falling not less than 60 days after that on which such notice is given, being a day on which banks are open for general business in the place in which the specified office of the Registrar is located and, except in the case of exchange pursuant to (b) above, in the place in which the relevant clearing system is located.

“**Accountholder**” means each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular number of Certificates.

Amendments to Conditions

The Global Certificates contain provisions that apply to the Certificates that they represent, some of which modify the effect of the terms and conditions of the Certificates set out in this Base Prospectus. The following is a summary of certain of those provisions:

Cancellation

Cancellation of any Certificate represented by a Global Certificate that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Certificate.

Trustee's powers

In respect of a Secured Series of Certificates, in considering the interests of Certificateholders while any Global Certificate is held on behalf of, and Certificates are registered in the name of any nominee for, a clearing system, the Note Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Certificate and Certificates and may consider such interests as if such accountholders were the holders of the Certificates represented by such Global Certificate.

Notices

So long as any Certificates are represented by a Global Certificate and such Global Certificate is held on behalf of a clearing system, notices to the Certificateholders of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Certificate.

It does not constitute legal or tax advice and does not address all aspects of Jersey tax law and practice (including such tax law and practice as they apply to any land or building situate in Jersey). Prospective investors in the Certificates should consult their professional advisers on the implications of acquiring, buying, selling or otherwise disposing of the Certificates under the laws of any jurisdiction in which they may be liable to taxation.

Taxation of the Issuer

The Issuer is regarded as resident for tax purposes in Jersey and on the basis that the Issuer is neither a financial services company nor a utility company for the purposes of the Income Tax (Jersey) Law 1961, as amended, the Issuer is subject to income tax in Jersey at a rate of zero per cent. EU Savings Directive

As part of an agreement reached in connection with the European Union directive on the taxation of savings income in the form of interest payments, and in line with steps taken by other relevant third countries, Jersey has introduced a retention tax system in respect of payments of interest, or other similar income, made to an individual beneficial owner resident in a Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in a Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the Member State in which the beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the Member States, the Taxation (Agreements with European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy & Resources Department of the States of Jersey (being the predecessor to the Chief Minister's Department of the States of Jersey). Based on these provisions and what is understood to be the current practice of the Jersey tax authorities, the Issuer would not be obliged to levy

retention tax in Jersey under these provisions in respect of interest payments made by it to a paying agent established outside Jersey.

If you are in any doubt as to your tax position you should consult your professional tax adviser.
