Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case in relation to such offer.

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

The expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

PART A
CONTRACTUAL TERMS AND LISTING

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the base prospectus of the Issuer dated 4 November 2016, as supplemented by a supplement to that base prospectus dated 26 July 2017 (the "2016 Base Prospectus"). This document constitutes Final Terms of the Notes described herein for the purposes of Article 5.4 of Directive 2003/71/EC, as amended (the "Prospectus Directive") and must be read in conjunction with the Base Prospectus of the Issuer dated 11 April 2019 (the "2019 Base Prospectus"), which constitutes a base prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the 2016 Base Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms, the 2016 Base Prospectus and the 2019 Base Prospectus. The 2016 Base Prospectus, the 2019 Base Prospectus and the Final Terms are available for viewing at the registered office of the Issuer and on the website of the Irish Stock Exchange at www.ise.ie and copies may be obtained from the registered office of the Issuer.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Prospective purchasers of the Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. Prospective purchasers should conduct their own investigations and, in deciding whether or not to purchase Notes, prospective purchasers should form their own views of the merits of an investment related to the currencies, shares, etc. based upon such investigations and not in reliance upon any information given in this document.

ANNEX - ISSUE SPECIFIC SUMMARY

This summary relates to the Notes described in the final terms (the "Final Terms") to which this summary is annexed. This summary contains that information from the summary set out in the base prospectus dated 11 April 2019 (the "Base Prospectus") which is relevant to the Notes together with relevant information from the Final Terms. This summary must be read as an introduction to the Base Prospectus and is provided as an aid to investors when considering whether to invest in the Notes, but is not a suitable substitute for the Base Prospectus. Any decision to invest in the Notes should be based on a consideration of the Base Prospectus as a whole, including any documents incorporated by reference, and the Final Terms. Following the implementation of the relevant provisions of the Prospectus Directive (2003/71/EC, as amended) in each Member State of the European Economic Area, no civil liability will attach to those persons who have tabled this summary in any such Member State solely on the basis of this summary, including any translation thereof herein, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus and the Final Terms or it does not provide, when read together with the other parts of the Base Prospectus and the Final Terms, key information (as defined in Article 2.1(s) of the Prospectus Directive) in order to aid investors when considering whether to invest in the Notes. Where a claim relating to information contained in the Base Prospectus and the Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Summaries are made up of disclosure requirements known as Elements. These elements are numbered in Sections A - E (A.1-E.7).

This Summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable".
