These Notes are not intended for, and are not to be offered to, the public in any jurisdiction of the EEA.

Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer.

Neither the Issuer nor the Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as may be amended or replaced from time to time, “**MiFID II**”); (ii) a customer within the meaning of Directive 2016/97/EC (as amended or superseded, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the “**Prospectus Directive**”). Consequently no key information document required by Regulation (EU) No 1286/2014 (as may be amended or replaced from time to time, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE TARGET MARKET - Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five categories in item 18 of the Guidelines published by ESMA on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, “**MiFID II**”); and (ii) the following channels for distribution of the Notes are appropriate: investment advice, portfolio management and non advised sales, subject to the distributor's suitability and

appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the General Conditions of the Notes (and, together with the applicable Annex(es), the “**Conditions**”) set forth in the Base Prospectus dated 18 June 2019 and the supplement to it dated 9 August 2019 which together constitute a base prospectus for the purposes of the Prospectus Directive (the “**Base Prospectus**”). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus. Full information on the Issuer, the Guarantor and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. An issue specific summary of the Notes (which comprises the summary in the Base Prospectus as amended to reflect the provisions of these Final Terms) is annexed to these Final Terms. The Base Prospectus has been published on the websites of Euronext Dublin (www.ise.ie) and the Central Bank of Ireland (<http://www.centralbank.ie>).

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or under any state securities laws, and the Notes may not be offered, sold, transferred, pledged, delivered, redeemed, directly or indirectly, at any time within the United States or to, or for the account or benefit of, or by, any U.S. person. Furthermore, the Notes do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the U.S. Commodity Exchange Act, as amended (the “**CEA**”), and trading in the Notes has not been approved by the U.S. Commodity Futures Trading Commission (the “**CFTC**”) pursuant to the CEA, and no U.S. person may at any time trade or maintain a position in the Notes. For a description of the restrictions on offers and sales of the Notes, see “*Subscription and Sale*” in the Base Prospectus.

As used herein, “**U.S. person**” includes any “**U.S. person**” or person that is not a “**non-United States person**” as either such term may be defined in Regulation S or in regulations adopted under the CEA.

C.11	Listing and admission to trading:	Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the regulated market of Euronext Dublin.		
C.15	Description of how the value of the Note is affected by the value of the underlying asset:	<p>The Interest Amount, Final Redemption Amount and Automatic Early Redemption Amount (in each case, if any) payable in respect of the Notes are calculated by reference to the relevant underlying set out in Element C.20 (<i>A description of the type of the underlying and where the information of the underlying can be found</i>) below. Please also see Element C.9 (Payment Features) and Element C.10 (Derivative component in the interest payments). These Notes are derivative securities and their value may go down as well as up.</p> <p>If the Worst Value on any Automatic Early Redemption Valuation Date is greater than or equal to the corresponding Automatic Early Redemption Trigger then the Notes will redeem at the corresponding AER Percentage on the corresponding Automatic Early Redemption Date.</p> <p>If the Worst Value on the Redemption Valuation Date is below 60 per cent. the risk of loss is similar to that of a direct investment in the Reference Item with the worst performance on the Redemption Valuation Date</p> <p>The Notes are securities with a high degree of risk, because they can incorporate complex structures and their performance may be linked to the performance of, without limitation, one or more, or a combination of, underlying shares or depositary receipts, indices, rates of interest, other rates, foreign exchange rates, exchange traded fund shares, funds, inflation indices and/or entities (“Reference Item Linked Notes”). Amounts payable (whether in respect of principal and/or interest) or deliverable will be dependent upon the performance of the Reference Item, or a combination of Reference Items, which themselves may contain substantial credit, interest rate, foreign exchange, correlation, time value, political and/or other risks. D.2	Key risks regarding the Issuer and the Guarantor:	<p>In purchasing Notes, investors assume the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer and the Guarantor becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor's control. The Issuer and the Guarantor have identified a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. These factors include:</p>
