under the

Regulation S Program for the Issuance of Notes, Series A and B, Warrants and Certificates

The Offering Circular referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (as amended, including by Directive 2010/73/EU (together, the "**Prospectus Directive**")) (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Distribution Agent to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Distribution Agent has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Warning: Neither this Pricing Supplement nor the Offering Circular referred to below constitutes a "prospectus" for the purposes of Article 5.4 of Directive 2003/71/EC (as amended, including by Directive 2010/73/EU, the "**Prospectus Directive**"), and the Pricing Supplement and the Offering Circular have been prepared on the basis that no prospectus shall be required under the Prospectus Directive in relation to any Notes be offered and sold under hereby.

THE NOTES ARE NOT DEPOSITS OR SAVINGS ACCOUNTS AND ARE NOT INSURED BY THE U.S. FEDERAL DEPOSIT INSURANCE CORPORATION OR ANY OTHER GOVERNMENTAL AGENCY OR INSTRUMENTALITY OR DEPOSIT PROTECTION SCHEME ANYWHERE NOR ARE THEY OBLIGATIONS OF, OR GUARANTEED BY, A BANK.

This document constitutes the Pricing Supplement relating to the issue of the Notes described herein. This Pricing Supplement must be read in conjunction with the Offering Circular dated 16 August 2016 (the "**Offering Circular**"). Full information on the Issuer, the Guarantor and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Offering Circular. Copies of the Offering Circular are available from the offices of Morgan Stanley & Co. International plc at 25 Cabot Square, Canary Wharf, London, E14 4QA. The Offering Circular has also been published on the website of the Irish Stock Exchange (www.ise.ie).

Information Concerning Investment Risk

Noteholders and prospective purchasers of Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. The amount payable on redemption of the Notes is linked to the performance of the Underlying (as defined herein), and may be less than par. Given the highly specialised nature of these Notes, Morgan Stanley Finance LLC (the "Issuer"), Morgan Stanley ("the Guarantor") and Morgan Stanley & Co. International plc ("MSI plc") consider that they are only suitable for highly sophisticated investors who are able to determine for themselves the risk of an investment linked to the Underlying, are willing to take risks and can absorb the partial loss of their initial investment. Consequently, if you are not an investor who falls within the description above you should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.

Potential investors are urged to consult with their legal, regulatory, investment, accounting, tax and other advisors with regard to any proposed or actual investment in these Notes. Please see the Offering Circular together with the Pricing Supplement for a full detailed description of the Notes and in particular, please review the Risk Factors associated with these Notes. Investing in the Notes entails certain risks including, but not limited to, the following:

Adjustments by the Determination Agent: The terms and conditions of the Notes will allow the Determination Agent to make adjustments or take any other appropriate action if circumstances occur where the Notes or any exchanges are affected by market disruption, adjustment events or circumstances affecting normal activities.

In addition, other circumstances may occur which either increase the liability of the Issuer fulfilling its obligations under the Notes or increase the liability of any hedging activities related to such obligations, including without limitation the adoption of or any change in any tax law relating to a common system of financial transaction tax in the European Union or otherwise.

Potential investors should see the Offering Circular for a detailed description of potential adjustment events and adjustments.

In such circumstances, the Determination Agent can in its sole and absolute discretion determine whether to redeem the Notes early, or adjust the terms of the Notes, which may include without limitation adjustments to the Initial Reference Price, the Final Redemption Amount or the Underlying. The Determination Agent is not required but has the discretion to make adjustments with respect to each and every corporate action. Potential investors should see the Offering Circular for a detailed description of potential adjustment events and adjustments.

Adjustment and Discontinuation Risk: The Sponsor of the Underlying can add, delete or substitute stocks constituting the Underlying or make other methodological changes that could change the value of the Underlying without regard to the interests of holders of the Notes. Any of these decisions/determinations may adversely affect the value of the Notes and may result in the investor receiving a return that is materially different from what he/she would have received if the event had not occurred.

Basket Components Risk: The Notes will be redeemed at an amount determined by reference to the performance of the Basket Components and such performance will therefore affect the nature and value of the investment return on the Notes. Noteholders and prospective purchasers of Notes should conduct their own investigations and, in deciding whether or not to purchase Notes, prospective purchasers should form their own views of the merits of an investment related to the Basket Components based upon such investigations and not in reliance on any information given in this document.

Product Market Risk: The value of the Notes and the returns available under the terms of the Notes will be influenced and dependent on the value of the Underlying. It is impossible to predict how the level of the Underlying will vary over time. The historical performance (if any) of the Underlying is not indicative of its future performance.

Credit Risk: Investors are exposed to the credit risk of the Issuer and/or Guarantor. The Notes are essentially a loan to the Issuer with a repayment amount linked to the performance of the Underlying that the Issuer promises to pay to you at maturity and that the Guarantor promises to pay to you if the Issuer fails to do so. There is the risk, however, that the Issuer and the Guarantor may not be able to fulfil their promise to you. If any companies in the Morgan Stanley group incur losses with respect to any of their activities, this may have a negative impact on the financial condition of the Issuer and the Guarantor. You may lose all or part of your investment if the Issuer and the Guarantor are unable to pay the coupons (if any) or the redemption amount and/or goes into liquidation. No assets of the Issuer and/or Guarantor are segregated and specifically set aside in order to pay the holders of the Notes in the event of liquidation of the Issuer and/or Guarantor, and the holders of the Notes will rank behind creditors who have priority rights over certain assets of the Issuer and/or Guarantor.

Capital protection at maturity: Capital protection is provided at maturity only. If the Notes are sold prior to maturity, or redeemed by the Issuer for reasons stated in the Offering Circular, this document and the Pricing Supplement or if there is a change in tax law), the proceeds may be less than the initial investment.

Exit Risk: Any secondary market price of the Notes will depend on many factors, including the value and volatility of the Underlying(s), interest rates, [the dividend rate on the stocks that compose the Underlying,] time remaining to maturity and the creditworthiness of the Issuer and/or the Guarantor. The secondary market price may be lower than the market value of the issued Notes as at the Issue Date to take into account amounts paid distributors and other intermediaries relating to the issue and sale of the Notes as well as amounts relating to the hedging of the Issuer's obligations. As a result of all of these factors, the holder may receive an amount in the secondary market which may be less than the then intrinsic market value of the Note and which may also be less than the amount the holder would have received had the holder held the Note through to maturity.

Liquidity Risk: The Notes will not be traded on an organized exchange. Any secondary market in the Notes made by the Dealer will be made on a reasonable efforts basis only and subject to market conditions, law, regulation and internal policy. Even whilst there may be a secondary market in the Notes it may not be liquid enough to facilitate a sale by the holder.

Hedging Risk: On or prior to and after the Trade Date, the Issuer, through its affiliates or others, will likely hedge its anticipated exposure under the Notes by taking positions in the Underlying, in option contracts on the Underlying or positions in any other available securities or instruments. In addition, the Issuer and its affiliates trade the Underlying as part of their general businesses. Any of these activities could potentially affect the value of the Underlying, and accordingly, could affect the pay-out to holders on the Notes.

Issuer Call Option Risk: The Issuer has the right to terminate the Notes on any Early Redemption Payment Date at a pre-determined amount which may be less than the amount that the investors would have been entitled to receive under the terms of the Notes if such option had not been exercised. The Issuer might exercise the Issuer Call Option at a time in which the termination of the Notes is least favourable for the investors, and therefore this can limit the possibility for investors to realise in full the expected returns. If the Issuer exercises the Call Option, investors generally might not be able to reinvest the termination proceeds at a rate of returns comparable with that provided by the Notes.

Market Risk: Price movements in the Basket Components may not correlate with each other. Increases in the value of one or more of the Basket Components may be moderated, or wholly offset, by lesser increases or declines in the value of one or more of the other components.

No Shareholder Rights: A holder of Notes will have no beneficial interest in the stocks that compose the relevant Underlying nor any voting rights and will not have the right to receive dividends or other distributions with respect to the stocks that compose the Underlying.

Potential Conflict of Interest: The Determination Agent, which is an affiliate of the Issuer, will determine the pay-out to the investor at maturity. Morgan Stanley & Co. International plc and its affiliates may trade the Underlying on a regular basis as part of its general broker-dealer business and may also carry out hedging activities in relation to the Notes. Any of these activities could influence the Determination Agent's determination of adjustments made to any Notes and any such trading activity could potentially affect the price of the Underlying and, accordingly, could affect the investor's pay-out on any Note.

Underlying Sponsor Risk: The sponsor of the relevant Underlying is not an affiliate of the Issuer or its affiliates and is not involved with this offering in any way. Consequently, the Issuer and the Determination Agent have no ability to control the actions of the sponsor of the relevant Underlying, including and rebalancing that could trigger an adjustment to the terms of the Notes by the Determination Agent.

In purchasing any Notes, purchasers will be deemed to represent and undertake to the Issuer, the Dealer and each of their affiliates that (i) such purchaser understands the risks and potential consequences associated with the purchase of the Notes, (ii) that such purchaser has consulted with its own legal, regulatory, investment, accounting, tax and other advisers to extent it believes is appropriate to assist it in understanding and evaluating the risks involved in, and the consequences of, purchasing the Notes and (iii) in accordance with the terms set out in Annex 2.

A Non-U.S. holder will be subject to U.S. withholding tax unless the beneficial owner of the note (or a financial institution holding the note on behalf of the beneficial owner) furnishes the appropriate Form W-8, on which the beneficial owner certifies under penalties of perjury that it is not a U.S. person. If withholding or deduction of taxes is required by law (regardless of whether a holder furnished an appropriate form), payments on the notes will be made net of applicable withholding taxes, and Morgan Stanley Finance LLC will not be required to pay any additional amounts to Non-U.S. holders with respect to any taxes withheld.

Morgan Stanley is not qualified to give legal, tax or accounting advice to its clients and does not purport to do so in this document. Clients are urged to seek the advice of their own professional advisers about the consequences of the proposals contained herein.

- (i) you shall only distribute as principal or, alternatively, acting as an agent on behalf of your unnamed principals and will not do so as agent for any Morgan Stanley entity (together “Morgan Stanley”) who shall assume no responsibility or liability whatsoever in relation to any such distribution. You shall distribute the product in your own name and to such customers as you identify in your own discretion, at your own risk and under your sole responsibility. You shall make such enquiries you deem relevant in order to satisfy yourself that the Securities are appropriate or suitable for each of the prospective investors and that the prospective investors (a) have the requisite capacity and authority to purchase the Security and (b) understand the risks and are capable of assessing and assuming the risks associated with an investment in the Security;
- (ii) you shall not make any representation or offer any warranty to investors regarding the Security, the Issuer or Morgan Stanley or make any use of the Issuer’s or Morgan Stanley’s name, brand or intellectual property which is not expressly authorized and you shall not represent you are acting as an agent of Morgan Stanley in such distribution. You acknowledge that neither the Issuer nor Morgan Stanley assume any responsibility or liability whatsoever in relation to any representation or warranty you make in breach hereof;
- (iii) if you distribute any material prepared and transmitted by the Issuer or by Morgan Stanley, you shall only distribute the entire material and not parts thereof. Any material you, or any third party you engage on your behalf, prepare shall be true and accurate in all material respects and consistent in all material respects with the content of the Offering Circular and the Pricing Supplement and shall not contain any omissions that would make them misleading. You shall only prepare and distribute such material in accordance with all applicable laws, regulations, codes, directives, orders and/or regulatory requirements, rules and guidance in force from time to time (“Regulations”). You acknowledge that neither the Issuer nor Morgan Stanley shall have any liability in respect of such material which shall, for the avoidance of doubt, at all times be your sole responsibility;
- (iv) you will not, directly or indirectly, distribute or arrange the distribution of the product or disseminate or publish (which for the avoidance of doubt will include the dissemination of any such materials or information via the internet) any materials or carry out any type of solicitation in connection with the product in any country or jurisdiction, except under circumstances that will result in compliance with all applicable Regulations and selling practices, and will not give rise to any liability for the Issuer or Morgan Stanley. For the avoidance of doubt, this includes compliance with the selling restrictions mentioned herein and all applicable sanctions laws and programs, including without limitation the U.S. Department of Treasury’s Office of Foreign Assets Control;
- (v) if you receive any fee, rebate or discount, you shall not be in breach of any Regulation or customer or contractual requirements or obligations and you shall, where required to do so (whether by any applicable Regulation, contract, fiduciary obligation or otherwise), disclose such fees, rebates and discounts to your investors. You acknowledge that where fees are payable, or rebates or discounts applied, the Issuer and Morgan Stanley are obliged to disclose the amounts and/or basis of such fees, rebates or discounts at the request of any of your investors or where required by any applicable Regulations. In relation to any Security issued pursuant to a personal recommendation to a retail client in the UK, you agree to be remunerated only by way of adviser charges which have been pre-agreed with the client and not to solicit or accept any third party commissions, remuneration or benefits of any kind in relation to such recommendation;
- (vi) you agree and undertake to indemnify and hold harmless and keep indemnified and held harmless the Issuer, the Dealer and each of their respective affiliates and their respective directors, officers and controlling persons from and against any and all losses, actions, claims, damages and liabilities (including without limitation any fines or penalties and any legal or other expenses incurred in connection with defending or investigating any such action or claim) caused directly or indirectly by you or any of your affiliates or agents to comply with any of the provisions set out in (i) to (v) above, or acting otherwise than as required or contemplated herein.
