the
£2,000,000,000 Impala Bonds Programme

The Offering Memorandum referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "Prospectus Directive" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in the Offering Memorandum and this Pricing Supplement. Prospective investors should consider carefully the risk factors set out under "*Risk Factors*" in the Offering Memorandum referred to below.
