The offering circular dated 28 April 2015 and Supplement(s) to the offering circular listed in the Annex hereto (as so supplemented, the "**Offering Circular**") (as completed and (if applicable) amended by this Pricing Supplement) has been prepared on the basis that any offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Securities. The expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State. Accordingly any person making or intending to make an offer in that Relevant Member State of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Securities in any other circumstances.

The Securities will not be offered, sold or otherwise distributed in or from Switzerland and neither this Pricing Supplement nor any other document relating to the Securities may be distributed in or from Switzerland in connection with any such offering or distribution, except to individually selected qualified investors within the meaning of, and in accordance with, the Swiss Federal Act on Collective Investment Schemes.

If you purchase the Securities described in this Pricing Supplement after the date hereof, you should review the most recent restatement (if any) of the Offering Circular and each supplement thereafter up to (and including) the date of purchase to ensure that you have the most up to date information on the Issuer and (if applicable) the Guarantor on which to base your investment decision (note that the terms and conditions of the Securities will remain as described in this Pricing Supplement and the version of the Offering Circular described in the paragraph above, subject to any amendments notified to holders). Each supplement and restatement (if any) to this Offering Circular can be found on (www.bourse.lu) and (www.ise.ie).

PROVISIONS APPLICABLE TO NOTES

PROVISIONS RELATING TO INTEREST (IF ANY) PAYABLE

9. **Interest Commencement Date:** Issue Date

10. **Fixed Rate Note Provisions:** Not Applicable

11. **Floating Rate Note Provisions:** Not Applicable

12. **Zero Coupon Note Provisions:** Not Applicable

13. **Variable Linked Interest Provisions:** Applicable

(i) Type of Interest: The interest payable in respect of the Notes shall be linked to the USD 30 Year CMS Rate, the USD 2 Year CMS Rate and the USD 3M Libor, as more fully described in sub-paragraph (ii) below.

(ii) Provisions for determining Rate of Interest or Interest Amount where calculated by reference to Share/Index/Commodity/FX Rate: The Rate of Interest in respect of the Interest Period ending on (but excluding) each Interest Payment Date, payable in respect of each Note on each Interest Payment Date shall be determined by the Calculation Agent in accordance with the following

formula:

$3.60\% \times \text{Qualifying Days} / \text{Actual Days p.a.}$

Where:

“Actual Days” means the total number of calendar days in the relevant Interest Period.

“Qualifying Days” means, in respect of an Interest Period, the number of calendar days during such Interest Period where (a) the rate (as determined by the Calculation Agent), being equal to the USD 30 Year CMS Rate for such day minus the USD 2 Year CMS Rate for such day, is greater than or equal to the Lower Barrier; and (b) the USD 3M Libor for such day is less than or equal to the Upper Barrier.

“Lower Barrier” means **0.00%**

“Upper Barrier” means **6.00%**

“USD 3M Libor” means, in respect of each calendar day during an Interest Period, the rate for deposits in U.S. Dollars for a period of 3 months that appears on Reuters Screen LIBOR01 Page (or any successor or replacement page to such page) (the **“Relevant Screen Page”**) as of 11:00 a.m., London Time (the **“Relevant Time”**) (the **“Determination Date”**).

If the Calculation Agent determines that the USD 3M Libor does not appear on the Relevant Screen Page at the Relevant Time on the Determination Date, the USD 3M Libor in respect of such calendar day will be determined on the basis of the rates at which deposits in U.S. Dollars are offered by the Reference Banks at approximately the Relevant Time on the Determination Date to prime banks in the London interbank market for a period of 3 months commencing on the Determination Date and in a Representative Amount. The Calculation Agent will request the principal London office of each of the Reference Banks to provide quotations of its rate. If at least two such quotations are provided, the rate for the Determination Date will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for that Determination Date will be the arithmetic mean of the rates quoted by major banks in New York City, selected by the Calculation Agent, at approximately 11:00 a.m., New York City time, on that Determination Date for loans in U.S. Dollars to leading European banks for a period of 3

months commencing on that Determination Date and in a Representative Amount. If no such quotations are available or if the Calculation Agent determines that no suitable Reference Banks which is prepared to quote is available, the Calculation Agent will determine the rate in good faith and in a commercially reasonable manner, PROVIDED THAT:

- (a) subject to paragraph (b) below, for any calendar day which is not a London Business Day, USD 3M Libor shall be deemed to be the USD 3M Libor determined for the date which is a London Business Day most recently preceding such calendar day; and
- (b) in respect of an Interest Period, the USD 3M Libor in respect of each calendar day from, and including, the Rate Cut-off Date to and including the last calendar day of such Interest Period, shall be deemed to be the USD 3M Libor in respect of the Rate Cut-off Date.

“London Business Day” means each day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in London.

“Reference Banks¹” mean five leading swap dealers (as selected by the Calculation Agent) in the New York City interbank market.

“Representative Amount¹” means an amount that is representative for a single transaction in the New York City interbank market at the relevant time.

“Reference Banks” mean four major banks in the London interbank market.

“Representative Amount” means an amount that is representative for a single transaction in the London interbank market at the relevant time.

“U.S. Government Securities Business Day” means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

“U.S. Government Securities and London Business Days” means a day which is a London Business Day and a U.S. Government Securities Business Day.

“USD-LIBOR-BBA” means, in respect of a calendar day, the LIBOR rate for U.S. Dollars deposits with a designated maturity which appears on the Reuters Screen LIBOR01 Page (or the successor or replacement to such page as determined by the Calculation Agent) at 11:00 a.m., London time, on the day that is two London Business Days preceding the first day of the relevant Interest Period.

“Rate Cut-Off Date” means, for an Interest Period, the date which is five U.S. Government Securities Business Days and London Business Days prior to the Interest Payment Date scheduled to fall at the end of such Interest Period.

“USD 30 Year CMS Rate” means, in respect of each calendar day during an Interest Period, the rate for U.S. Dollar swaps with a maturity of 30 years, expressed as a percentage, which appears on the Reuters Screen ICESWAP1 Page (or any successor or replacement page to such page) (the **“Relevant Screen Page1”**) as of 11:00 a.m., New York City time (the **“Relevant Time1”**) (the **“Determination Date1”**).

If the Calculation Agent determines that the rate for U.S. Dollar swaps with a maturity of 30 years does not appear on the Relevant Screen Page1 at the Relevant Time1 on the Determination Date1, the USD 30 Year CMS Rate in respect of such calendar day will be a percentage determined on the basis of the mid-market, semi-annual swap rate quotations provided by the Reference Banks1 at approximately the Relevant Time1 on the Determination Date1, and, for this purpose, the semi-annual swap rate means the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating USD interest rate swap transaction with a 30- year term commencing on that Determination Date1 and in a Representative Amount1 with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA with a designated maturity of 3 months. The Calculation Agent will request the principal New York City office of each of the Reference Banks1 to provide quotations of its rate. If

at least three quotations are provided, the rate for the relevant calendar day will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) provided that, if less than three quotations are provided, the USD 30 Year CMS Rate for such calendar day shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner, *provided that*:

- (a) subject to paragraph (b) below, for any calendar day which is not a U.S. Government Securities Business Day, then the USD 30 Year CMS Rate shall be deemed to be the USD 30 Year CMS Rate determined on a U.S. Government Securities Business Day most recently preceding such calendar day; and
- (b) in respect of an Interest Period, the USD 30 Year CMS Rate in respect of each calendar day from and including the Rate Cut-off Date to and including the last calendar day of such Interest Period, shall be deemed to be the USD 30 Year CMS Rate determination in respect of the Rate Cut-off Date.

"USD 2 Year CMS Rate" means, in respect of each calendar day during an Interest Period, the rate for U.S. Dollar swaps with a maturity of 2 years, expressed as a percentage, which appears on the Reuters Screen ICESWAP1 Page (or any successor or replacement page to such page) (the "**Relevant Screen Page2**") as of 11:00 a.m., New York City time (the "**Relevant Time2**") (the "**Determination Date2**").

If the Calculation Agent determines that the rate for U.S. Dollar swaps with a maturity of 2 years does not appear on the Relevant Screen Page2 at the Relevant Time2 on the Determination Date2, the USD 2 Year CMS Rate in respect of such calendar day will be a percentage determined on the basis of the mid-market, semi-annual swap rate quotations provided by the Reference Banks1 at approximately the Relevant Time2 on the Determination Date2, and, for this purpose, the semi-annual swap rate means the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating USD interest rate swap transaction with a 2-year term commencing on that Determination Date2 and in a Representative Amount1 with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA with a designated maturity of 3 months.

The Calculation Agent will request the principal New York City office of each of the Reference Banks¹ to provide quotations of its rate. If at least three quotations are provided, the rate for the relevant calendar day will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) provided that, if less than three quotations are provided, the USD 2 Year CMS Rate for such calendar day shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner, *provided that*:

- (a) subject to paragraph (b) below, for any calendar day which is not a U.S. Government Securities Business Day, then the USD 2 Year CMS Rate shall be deemed to be the USD 2 Year CMS Rate determined on a U.S. Government Securities Business Day most recently preceding such calendar day; and
- (b) in respect of an Interest Period, the USD 2 Year CMS Rate in respect of each calendar day from and including the Rate Cut-off Date to and including the last calendar day of such Interest Period, shall be deemed to be the USD 2 Year CMS Rate determination in respect of the Rate Cut-off Date.

“Interest Period End Date” means 28 April and 28 October of each year, commencing on 28 October 2016, to and including the earlier of (a) the Optional Redemption Date in respect of which the Call Option is exercised (if any), and (b) the Maturity Date, not subject to any adjustment.

“Interest Period” means, for the purpose of this Paragraph 13, each of:

- (a) the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period End Date; and
