Neither the Issuer nor any Distribution Agent has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Copies of the Offering Circular are available from the offices of Morgan Stanley & Co. International plc at 25 Cabot Square, Canary Wharf, London, E14 4QA. The Offering Circular has also been published on the website of the Irish Stock Exchange (www.ise.ie) and the Luxembourg Stock Exchange (www.bourse.lu).

Information Concerning Investment Risk

Noteholders and prospective purchasers of Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. The amount payable on redemption of the Notes is linked to the performance of the Sienna UK Preference Shares, and may be less than par. The Sienna UK Preference Shares are a series of preference shares issued by Sienna UK. Given the highly specialised nature of these Notes, Morgan Stanley B.V. (the "Issuer") and Morgan Stanley & Co. International plc (hereafter, "MSI plc") consider that they are only suitable for highly sophisticated investors who are able to determine for themselves the risk of an investment linked to the Sienna UK Preference Shares, are willing to take risks and can absorb the partial or complete loss of their initial investment. Consequently, if you are not an investor who falls within the description above you should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser. Potential investors are urged to consult with their legal, regulatory, investment, accounting, tax and other advisors with regard to any proposed or actual investment in these Notes.

Capital is not protected: the final redemption amount depends on the performance of the Underlying Preference Share and could be zero.

Potential investors should review the Offering Circular for a full detailed description of the Notes, review the Risk Factors associated with the Notes and in particular the Risk Factors in respect of Notes linked to Sienna UK Preference Shares.

Preference Share Risk: The Notes will be redeemed at an amount determined by reference to the value of the Preference Share which in turn is linked to the performance of the relevant Underlying. The issuer of the Preference Shares is not an affiliate of Morgan Stanley.

Adjustments by the Preference Share Calculation Agent: The terms and conditions of the Preference Shares allow the Preference Share Calculation Agent to make adjustments, to early redeem the Preference Shares or take any other appropriate action if circumstances occur where the Preference Shares or the relevant exchanges are affected by a market disruption, an adjustment/disruption event, the performance of the Preference Share issuer's obligations under the Preference Shares has become illegal or impractical for any reason, there are certain changes in law or regulation, any financial product which references directly or indirectly the Preference Shares is subject to early redemption or circumstances affecting normal activities. This would in turn have an impact on the term and/or the value of the Notes.

Product Market Risk: The value of the Notes and the returns available under the terms of the Notes will be influenced and dependent on the value of the Preference Share. It is impossible to predict how the level of the Preference Share will vary over time. The historical performance (if any) of the Preference Share and the relevant Underlying is not indicative of its future performance.

Liquidity Risk: Any secondary market in the Notes made by the Dealer will be made on a reasonable efforts basis only and subject to market conditions, law, regulation and internal policy. Even whilst there may be a secondary market in the Notes it may not be liquid enough to facilitate a sale by the holders.

Hedging Risk: On or prior to and after the Trade Date, the Issuer, through its affiliates or others, will likely hedge its anticipated exposure under the Notes by taking positions in the Underlying, in option contracts on the Underlying or positions in any other available securities or instruments. In addition, the Issuer and its affiliates trade the Underlying as part of their general businesses. Any of these activities could potentially affect the value of the Underlying, and accordingly, could affect the payout to holders on the Notes.

Potential Conflict of Interest: The Determination Agent, which is an affiliate of the Issuer, will determine the payout to the investor at maturity. Morgan Stanley & Co. International plc and its affiliates may trade the Underlying on a regular basis as part of its general broker-dealer business and may also carry out hedging activities in relation to the Notes. Any of these activities could influence the Determination Agent's determination of adjustments made to any Notes and any such trading activity could potentially affect the price of the Underlying and, accordingly, could affect the investor's payout on any Note.

Underlying Sponsor Risk: The Sponsor of the relevant Underlying is not an affiliate of the Issuer or its affiliates and is not involved with this offering in any way. Consequently, the Issuer and the Determination Agent have no ability to control the actions of the Sponsor of the relevant Underlying, including and rebalancing that could trigger an adjustment to the terms of the Notes by the Determination Agent.

Index Risk: The Notes will be redeemed at an amount determined by reference to the value of the Preference Share. The Preference Shares will be redeemed at an amount determined by reference to the performance of the Underlying Index and such performance will therefore affect the value of the Preference Share. Noteholders and prospective purchasers of Notes should conduct their own investigations and in deciding whether or not to purchase Notes, form their own views of the merits of an investment related to the Preference Shares which are in turn related to the Underlying Index based upon such investigations and not in reliance on any information given in this document.

In purchasing any Notes, purchasers will be deemed to represent and undertake to the Issuer, the Dealer and each of their affiliates that (i) such purchaser understands the risks and potential consequences associated with the purchase of the Notes, (ii) that such purchaser has consulted with its own legal, regulatory, investment, accounting, tax and other advisers to extent it believes is appropriate to assist it in understanding and evaluating the risks involved in, and the consequences of, purchasing the Notes and (iii) in accordance with the terms set out in Annex 2.

Morgan Stanley is not qualified to give legal, tax or accounting advice to its clients and does not purport to do so in this document. Clients are urged to seek the advice of their own professional advisers about the consequences of the proposals contained herein.
