Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Distribution Agent to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Distribution Agent has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Warning: Neither this Pricing Supplement nor the Offering Circular referred to below constitutes a "prospectus" for the purposes of Article 5.4 of Directive 2003/71/EC (as amended by Directive 2010/73/EU, the "**Prospectus Directive**"), and the Pricing Supplement and the Offering Circular have been prepared on the basis that no prospectus shall be required under the Prospectus Directive in relation to any Notes be offered and sold under hereby.

This document constitutes the Pricing Supplement relating to the issue of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions of the English Law Notes set forth in the Offering Circular dated 27 June 2013 and the supplement to the Offering Circular dated 16 October 2013 (together, the "**Offering Circular**"). This Pricing Supplement must be read in conjunction with such Offering Circular as so supplemented. #### **INFORMATION CONCERNING INVESTMENT RISK**

Noteholders and prospective purchasers of Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. The amount payable on redemption of the Notes is linked to the performance of the Underlying (as defined herein), and may be less than par. Given the highly specialised nature of these Notes, Morgan Stanley B.V. (the "Issuer"), Morgan Stanley (the "Guarantor") and Morgan Stanley & Co. International plc ("MSI plc") consider that they are only suitable for highly sophisticated investors who are able to determine for themselves the risk of an investment linked to the Underlying, are willing to take risks and can absorb the partial or complete loss of their initial investment. Consequently, if you are not an investor who falls within the description above you should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.

In purchasing any Notes, purchasers will be deemed to represent and undertake to the Issuer, the Dealer and each of their affiliates that (i) such purchaser understands the risks and potential consequences associated with the purchase of the Notes, (ii) that such purchaser has consulted with its own legal, regulatory, investment, accounting, tax and other advisers to extent it believes is appropriate to assist it in understanding and evaluating the risks involved in, and the consequences of, purchasing the Notes.

Potential investors should review the Offering Circular for a full detailed description of the Notes, review the Risk Factors associated with the Notes and in particular the Risk Factors in respect of Notes linked to an index.

**Adjustments:** The terms and conditions of the Notes will allow the Determination Agent to make adjustments or take any other appropriate action if circumstances occur where the Notes or any exchanges are affected by market disruption, corporate events or circumstances affecting normal activities.

**Adjustment and Discontinuation Risk:** The Sponsor or issuer of the Underlying(s) can add, delete or substitute stocks constituting the Basket Component or make other methodological changes that could change the value of the Basket Component without regard to the interests of holders of the Notes. Any of these decisions/determinations may adversely affect the value of the Notes and may result in the investor receiving a return that is materially different from that he/she would have received if the event had not occurred.

**Underlying Basket Component Risk:** The Notes will be redeemed at an amount determined by reference to the performance of the Basket Components and such performance will therefore affect the nature and value of the investment return on the Notes. Noteholders and prospective purchasers of Notes should conduct their own investigations and, in deciding whether or not to purchase Notes, prospective purchasers should form their own views of the merits of an investment related to the Basket Components based upon such investigations and not in reliance on any information given in this termsheet.

**Credit Risk:** The holder of the Notes will be exposed to the credit risk of the Issuer and the Guarantor.

**Exit Risk:** The principal amount is not protected. Potential Investors run the risk that they may receive an amount which is significantly less than their initial investment. The secondary market price of the Notes will depend on many factors, including the value and volatility of the Basket Components, interest rates, the dividend rate on the stocks that compose the Basket Components, time remaining to maturity and the creditworthiness of the Issuer and the Guarantor. The secondary market price may be lower than the market value of the issued Notes as at the Issue Date to take into account amounts paid distributors and other intermediaries relating to the issue and sale of the Notes as well as amounts relating to the hedging of the Issuer's obligations. As a result of all of these factors, the holder may receive an amount in the secondary market which may be less than the then intrinsic market value of the Note and which may also be less than the amount the holder would have received had the holder held the Note through to maturity.

**Hedging Risk:** On or prior to and after the Trade Date, the Issuer, through its affiliates or others, will likely hedge its anticipated exposure under the Notes by taking positions in the stocks that comprise the

Basket Components, in option contracts on the stocks that comprise the Basket Components or positions in any other available securities or instruments. In addition, the Issuer and its affiliates trade the stocks that comprise the Basket Components as part of their general businesses. Any of these activities could potentially affect the value of the Basket Component, and accordingly, could affect the payout to holders on the Notes.

**Liquidity Risk:** The Notes will not be traded on an organized exchange. The Dealer will make a secondary market in the Notes on a best efforts basis only. The liquidity of the Notes reflects the liquidity of the stocks comprising the Basket Components and even whilst there may be a secondary market in the Notes it may not be liquid enough to facilitate a sale by the holder.

**Market Risk:** Price movements in the Basket Components may not correlate with each other. Increases in the value of one or more of the Basket Components may be moderated, or wholly offset, by lesser increases or declines in the value of one or more of the other Basket Components.

**No Interest:** Unlike ordinary debt securities, the Notes do not pay interest. The return of only the principal amount will not compensate you for the effects of inflation and other factors relating to the value of money over time.

**No Shareholder Rights:** A holder of Notes will have no beneficial interest in the securities comprised in a Basket Component nor any voting rights and will not have the right to receive dividends or other distributions with respect to the stocks that compose a Component Basket.

**Potential Conflict of Interest:** The Determination Agent is an affiliate of the Issuer and the economic interests of the Determination Agent may be adverse to the interests of holders of the Notes. Determinations made by the Determination Agent, including in the event of a market disruption or corporate event affecting the value of the Basket or trading on the relevant Exchange, may affect the amount payable to holders pursuant to the terms of the Notes.

**Underlying Sponsor Risk:** The sponsors of the Basket Components are not affiliates of the Issuer or its affiliates and is not involved with this offering in any way. Consequently, the Issuer and its affiliates have no ability to control the actions of the sponsor of a Basket Component, including any rebalancing that could trigger an adjustment to the terms of the Notes by the Determination Agent.

**Representations:** In purchasing any Notes, purchasers will be deemed to represent and undertake to the Issuer, MSI plc and their respective affiliates in accordance with the terms set out in the Annex 2 hereto.

**Possible Application of Section 871(m) of the United States Internal Revenue Code:** It is possible that Section 871(m) of the United States Internal Revenue Code (the "Code") could apply to the securities. The U.S. Treasury Department recently released proposed regulations under Section 871(m) of the Code. While significant aspects of the application of these regulations to the securities are uncertain, we (or other paying agents) may be required to withhold on amounts with respect to the securities to the extent that payments on the securities are contingent upon or adjusted to reflect any dividend paid with respect to the underlying shares. If withholding is so required, we will not be required to pay any additional amounts with respect to amounts so withheld.

Morgan Stanley is not qualified to give legal, tax or accounting advice to its clients and does not purport to do so in this document. Clients are urged to seek the advice of their own professional advisers about the consequences of the proposals contained herein.
