These forward looking statements are usually preceded by the words “believe”, “intend”, “may”, “will”, or similar expressions. Forward looking statements also include statements pertaining to the Issuer’s strategies for future development of its business and products. Forward looking statements represent only the Issuer’s belief regarding future events, many of which by their nature are inherently uncertain. It is possible that the actual results may differ, possibly materially, from the anticipated results indicated in these forward-looking statements. Information regarding important factors that could cause actual results to differ, perhaps materially, from those in the Issuer’s forward looking statements is contained in the Prospectus and other documents the Issuer files. Any forward looking statement speaks only as of the date on which that statement is made. The Issuer will not update any forward looking statement to reflect events or circumstances that occur after the date on which the statement is made, except as required by applicable law.

Where there is any inconsistency among the Prospectus and this Supplement, the language used in this Supplement shall prevail.

Save as disclosed in this Supplement (and the supplement to the prospectus date 10 November 2016), there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Prospectus since the publication thereof.

Save as disclosed in this Supplement, there has been no significant change in the financial or trading position of either the Issuer or the Group since 31 December 2016 and no material adverse change in the financial position or prospects of either the Issuer or the Group since 31 December 2016.
