

OFFERING CIRCULAR

WASHINGTON AIRCRAFT 1 COMPANY LIMITED

\$149,127,000 2.637% SECURED NOTES DUE 2026

Guaranteed by

Export-Import Bank of the United States (an agency of the United States of America)

This is an offering of 2.637% Secured Notes due 2026 in an aggregate principal amount of \$149,127,000 (the “Notes”) of Washington Aircraft 1 Company Limited, a limited liability company incorporated under the laws of Ireland (the “Issuer”). The Issuer will pay principal of, and interest on, the Notes on March 15, June 15, September 15 and December 15 of each year commencing on December 15, 2014. The Notes will mature on September 15, 2026. The Issuer has the option to redeem all of the Notes in full on any Banking Day (as defined herein) at the redemption price set forth in this offering circular. The Notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes offered hereby will be represented by a single global note in fully registered form which will be deposited with Wells Fargo Bank, National Association, as custodian for, and registered in the name of Cede & Co. as the nominee of, The Depository Trust Company (“DTC”) for the account of its participants (the “Global Note”). Beneficial interests in the Global Note will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its participants. Owners of beneficial interests in the Global Note registered in the name of Cede & Co., as the nominee of DTC, will not be considered the legal holders of record of such Global Note. The Global Note will not be exchangeable except under the limited circumstances described herein.

Application has been made to the Irish Stock Exchange plc for this offering circular to be approved as listing particulars and the Notes to be admitted to the Official List of the Irish Stock Exchange and traded on its Global Exchange Market.

Payment of 100% of all regularly scheduled installments of principal of, and interest on, the Notes will be guaranteed by the Export-Import Bank of the United States (“Ex-Im Bank”), which guarantee (the “Ex-Im Bank Guarantee”) is backed by the full faith and credit of the United States of America (the “United States”). The Attorney General of the United States has stated in an opinion dated September 30, 1966 that Ex-Im Bank’s contractual liabilities constitute general obligations of the United States backed by its full faith and credit and that persons in whose favor Ex-Im Bank has incurred contractual liabilities in accordance with law “have acquired valid general obligations of the United States, and are therefore in a position to reach beyond Eximbank and its assets to the United States for a source of payment, if necessary.” The only event that requires Ex-Im Bank to make payment under the Ex-Im Bank Guarantee is the failure by the Issuer to pay to the Indenture Trustee scheduled payments of principal of or interest on a Note due on any payment date, notwithstanding the principal of, or interest on, any Note becoming due at an earlier date as a result of any optional or mandatory redemption or acceleration of the Notes as described herein. The Ex-Im Bank Guarantee does not cover the payment of any amounts due in connection with any redemption of the Notes. See “THE EX-IM BANK GUARANTEE” to read more about important factors you should consider before buying the Notes.

Offering Price: 100%

The offering price set forth above does not include accrued interest, if any. Interest on the Notes will accrue from September 12, 2014. If the Notes are delivered after September 12, 2014, accrued interest must be paid by Citigroup Global Markets Inc. (the “Initial Purchaser”) until the time of delivery.

THE NOTES AND THE EX-IM BANK GUARANTEE ARE EXEMPT FROM THE REGISTRATION REQUIREMENTS OF THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”). ACCORDINGLY, NO REGISTRATION STATEMENT HAS BEEN FILED WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION (THE “SEC”). THE NOTES AND THE EX-IM BANK GUARANTEE HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY STATE SECURITIES COMMISSION, NOR HAS THE SEC OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The Initial Purchaser expects to deliver the Notes in book-entry form only through the facilities of DTC and its direct participants, including Euroclear and Clearstream, against payment in New York, New York on or about September 12, 2014.

thereof upon at least 30 but not more than 60 calendar days' prior written notice. Such notice shall be revocable and may be subject to one or more conditions specified by the Issuer. A failure by the Issuer to make any redemption described in this paragraph will not constitute a Payment Default (as defined herein) under, or permit acceleration of, the Notes. See "DESCRIPTION OF THE NOTES—OPTIONAL REDEMPTION." The Make-Whole Amount is not guaranteed by Ex-Im Bank.

Mandatory Redemption:

If the Aircraft has not been acquired by the Issuer prior to the Prefunding Period Cut-Off Date, the Notes will be subject to mandatory redemption on the Prefunding Period Termination Date in full at a price equal to 100% of the outstanding principal amount thereof plus interest accrued thereon to the Prefunding Period Termination Date, without any Make-Whole Amount. In addition, if the Aircraft is acquired by the Issuer and any proceeds of the Notes remain on deposit in the Prefunded Aircraft Account (as defined herein) on the Prefunding Period Cut-Off Date because the full proceeds of the Notes deposited into such account were not used to fund the allowed portion of the purchase price for the Aircraft and the premium charged by Ex-Im Bank for the Ex-Im Bank Guarantee relating thereto, the Notes will be subject to mandatory redemption on the Prefunding Period Termination Date in part in an amount equal to the amount of such proceeds remaining in the Prefunded Aircraft Account, at a redemption price equal to 100% of such amount, plus interest accrued thereon to the Prefunding Period Termination Date, without any Make-Whole Amount.

The outstanding principal amount of the Notes will be subject to mandatory redemption in full at a price equal to 100% of the outstanding aggregate principal amount thereof plus accrued and unpaid interest thereon, the Make-Whole Amount, if any, and all other amounts then owing by the Issuer under the operative documents in respect thereof, upon the occurrence of certain events as specified herein under "DESCRIPTION OF THE NOTES—MANDATORY REDEMPTION"; **provided, however**, that a premium equal to the Make-Whole Amount will not be payable in the event of a mandatory redemption as a result of the

occurrence of an event of loss of, or requisition of the title to, or seizure or requisition for use of, or other similar event relating to the Aircraft; **provided, further**, that there will be no mandatory redemption as a result of the occurrence of such a loss or similar event if the Lessee elects to replace the Aircraft with a replacement aircraft in accordance with the provisions of the applicable operative documents. The Make-Whole Amount is not guaranteed by Ex-Im Bank. Notwithstanding the foregoing, following a Payment Default and the issuance by Ex-Im Bank to the Indenture Trustee of a payment certificate, the beneficial owners of the Notes will have no right to receive any Make-Whole Amount. See “DESCRIPTION OF THE NOTES – ACCELERATION EVENTS AND ENFORCEMENT OF NOTES.”

Payments Following a

Payment Default:

Following a failure by the Issuer for any reason (including, without limitation, (1) debt relief accorded by the United States to the jurisdiction of organization of the Issuer, the Lessee or a sublessee of the Aircraft or any other aircraft owned by the Issuer and leased to the Lessee (an “Other Aircraft”) or the state of registration of the Aircraft or any Other Aircraft from time to time (each, a “Relevant Jurisdiction”), (2) the imposition of withholding taxes by any Relevant Jurisdiction or (3) the failure by the Lessee or any sublessee of the Aircraft to pay rent under the Lease (as defined herein) or any other lease with respect to the Aircraft) to pay to the Indenture Trustee in full any regularly scheduled installment of principal of, or interest on, the Notes for more than 45 calendar days after the due date of such installment, Ex-Im Bank, subject to the terms and conditions of the Ex-Im Bank Guarantee, will (i) pay to the Indenture Trustee an amount equal to the sum of (x) the due and unpaid installment(s) of principal and/or interest on the Notes that is included in the Guaranteed Amount (as defined herein) and (y) the interest accrued on the installment(s) described in clause (x) at the Guaranteed Interest Rate from the due date(s) for such installment(s) to the date of payment by Ex-Im Bank, and (ii) issue and deliver to the Indenture Trustee, for the benefit of the Noteholders (as defined herein), a payment certificate with respect to the outstanding (but not yet due and payable) balance of the

Notes that is included in the Guaranteed Amount. In accordance with the terms of such payment certificate, Ex-Im Bank will pay to the Indenture Trustee the principal amount of such payment certificate in installments on the payment dates and in the amounts set forth therein, together with interest accrued thereon at the Guaranteed Interest Rate. In connection with the payment of the Guaranteed Amount and the issuance of the payment certificate, Ex-Im Bank will be assigned all rights, title and interest in and to the Notes and the related operative documents.

As used herein, the “Guaranteed Amount” means the sum of (1) the outstanding principal amount of the Notes; (2) interest on such principal amount, accrued at the Guaranteed Interest Rate to the scheduled Payment Dates thereof; and (3) interest on any due and unpaid amounts described in (1) and (2) above, accrued at the Guaranteed Interest Rate from the scheduled Payment Dates thereof to the date of actual payment thereof. See “THE EX-IM BANK GUARANTEE”.

The only event that requires Ex-Im Bank to make payment under the Ex-Im Bank Guarantee or to issue any payment certificate upon satisfaction of the terms and conditions of the Ex-Im Bank Guarantee is the Issuer’s failure to pay to the Indenture Trustee a regularly scheduled installment of principal of, or interest on, the Notes for more than 45 calendar days after the scheduled due date therefor, notwithstanding the principal of, or interest on, any Note becoming due at any earlier date as a result of an event requiring a mandatory redemption as described herein, any optional redemption as described herein or acceleration of the Notes following an acceleration event. Declaration of an event of default with respect to the Notes or an acceleration thereof by Ex-Im Bank will not provide a right to a claim under the Ex-Im Bank Guarantee unless there has been a Payment Default (as defined herein).

It is a condition to the drawing under the Ex-Im Bank Guarantee (and the corresponding issuance of a payment certificate) that the Issuer shall have failed to pay to the Indenture Trustee in full any regularly scheduled installment of principal of, or interest on, the Notes for more than 45

calendar days after the due date thereof, and that the Indenture Trustee shall have made a demand for payment under the Ex-Im Bank Guarantee within 150 calendar days of such due date. The Indenture Trustee is required, unless prohibited by applicable law governing the bankruptcy or insolvency of the Issuer, the Lessee or ICBCIL, as applicable, to make demand for payment upon the Issuer, the Lessee and ICBCIL with respect to the Notes at least 15 calendar days prior to making such demand upon Ex-Im Bank. The Indenture Trustee will be obligated to make the required demand timely following the due date referred to above, and Ex-Im Bank is required within 15 New York Business Days (as defined herein) of such demand to pay the amounts specified above.

Use of Proceeds:	The proceeds from the initial sale of the Notes will be deposited into the Prefunded Aircraft Account (as defined below). Prior to the Prefunding Period Cut-Off Date, subject to the satisfaction or waiver of applicable conditions, funds in the Prefunded Aircraft Account may be withdrawn in connection with the delivery of the Aircraft to finance (i) a portion of the purchase price of the Aircraft and (ii) the premium charged by Ex-Im Bank for the Ex-Im Bank Guarantee relating thereto. To the extent such proceeds have not been used by the Issuer in accordance with (i) or (ii), funds remaining in the Prefunded Aircraft Account will be used to redeem the Notes in whole or in part. See “OVERVIEW OF THE TRANSACTION”, “USE OF PROCEEDS”, and “DESCRIPTION OF THE NOTES – MANDATORY REDEMPTION.”
Security:	The Notes will initially be secured by a pledge of the Prefunded Aircraft Account and all proceeds therein. After the delivery of the Aircraft, the Notes will be secured by the Aircraft. See “OVERVIEW OF THE TRANSACTION.” With limited exceptions, Ex-Im Bank controls the disposition of such security.
Security Trustee:	Wells Fargo Bank Northwest, National Association
Indenture Trustee:	Wells Fargo Bank, National Association
Form of Notes:	The Notes will be represented by a single Global Note registered in the name of Cede & Co., as the nominee of

DTC and held by the Indenture Trustee as custodian and agent for DTC. Beneficial owners acquiring an interest in the Global Note will not be entitled to receive Definitive Notes. See “BOOK-ENTRY ISSUANCE.”

Listing:..... Application has been made to the Irish Stock Exchange plc for this offering circular to be approved as listing particulars and the Notes to be admitted to the Official List of the Irish Stock Exchange and traded on its Global Exchange Market.

Certain Taxation
Considerations: It is expected that the interest payable on the Notes will not be subject to Irish withholding tax based on the “quoted Eurobond” withholding tax exemption available under Irish law for interest in respect of the Notes listed on the Irish Stock Exchange or certain other recognized exchanges and meet certain conditions. See “CERTAIN TAX CONSIDERATIONS.”

OVERVIEW OF THE TRANSACTION

The Notes being offered hereby will be titled “2.637% Secured Notes due 2026” and are to be issued in an aggregate principal amount of \$149,127,000 by Washington Aircraft 1 Company Limited, a limited liability company incorporated under the laws of Ireland. The fees to establish the Issuer and certain other fees of the Issuer have been or will be paid by ICBCIL.

The Issuer intends to purchase one (1) new Boeing 777-300ER aircraft bearing manufacturer’s serial number 29143, equipped with two (2) General Electric model GE90-115BL engines (together, the “Aircraft”) which is expected to be delivered to the Issuer on or about September 15, 2014. On the delivery date, the Issuer will lease the Aircraft to Sky High XXIX Leasing Company Limited (the “Lessee”) pursuant to a lease agreement dated as of May 16, 2014 (as amended, supplemented or modified from time to time, the “Lease Agreement”), between the Issuer, as lessor, and the Lessee. The Lessee will lease the Aircraft directly, or through an intermediate entity formed by ICBCIL, as sublessee, to an international airline, as operating lessee, pursuant to an operating lease. The Lessee’s obligations under the Lease and other operative documents to which it is a party are guaranteed by ICBCIL. Amounts payable by the Lessee under the Lease Agreement will be in amounts determined so that the Issuer can meet its scheduled payment obligations under the Notes.

The Notes offered hereby are being issued pursuant to an indenture dated as of May 16, 2014 (as amended, restated, supplemented or otherwise modified from time to time, the “Indenture”) among, the Issuer, Citibank, N.A., as a guaranteed lender and as calculation agent, the Indenture Trustee, the Security Trustee and Ex-Im Bank. Citigroup Global Markets Inc. is acting as the Initial Purchaser of the Notes in connection with the transactions contemplated herein.

The Issuer intends to use the proceeds of the Notes to finance (i) a portion of the purchase price of the Aircraft and (ii) the premium charged by Ex-Im Bank for the Ex-Im Bank Guarantee relating thereto. Until so applied, such proceeds will be deposited into the Prefunded Aircraft Account as described in “USE OF PROCEEDS.” If the Aircraft has not been acquired by the Issuer prior to the Prefunding Period Cut-Off Date, the amounts held on deposit from the proceeds of the Notes will be used to redeem the Notes in whole as described under “DESCRIPTION OF THE NOTES—MANDATORY REDEMPTION.”

Scheduled payments of the principal of, and interest at the Guaranteed Interest Rate on, the Notes to the date of payment are guaranteed in full under the Ex-Im Bank Guarantee. Should the Issuer fail to meet its obligations to pay any such regularly scheduled payments of the principal of or interest on the Notes for any reason and a Payment Default shall exist, the Indenture Trustee on behalf of the holders of the Notes will have the benefit of the Ex-Im Bank Guarantee, subject to the conditions described below. See “THE EX-IM BANK GUARANTEE.”

On May 21, 2014, the Issuer issued a note in the amount of \$148,109,647.84 (the “Prior Note”). The Prior Note was issued pursuant to the Indenture, as other indebtedness of the Issuer and is guaranteed by Ex-Im Bank pursuant to the Ex-Im Bank Guarantee.

RISK FACTORS

An investment in the Notes involves various risks, including those set forth below. Investors should carefully consider these risk factors, together with the information contained or incorporated by reference in this offering circular before making an investment in the Notes. Additional risks and uncertainties that we are unaware of, or that we currently deem immaterial, also may become important factors that affect the Issuer.

A failure by the Indenture Trustee to perform and comply with the demand requirements in the Ex-Im Bank Guarantee could adversely affect the Noteholders' ability to receive interest on and principal of the Notes.

Under the terms of the Ex-Im Bank Guarantee, any demands made thereunder must satisfy certain specified requirements and must be made by the Indenture Trustee in a timely manner. Ex-Im Bank is not required to make a payment in respect of a Payment Default if the Indenture Trustee fails to make a written demand within the time periods and in the manner specified in the Ex-Im Bank Guarantee. The Indenture Trustee is obligated under the Indenture to make such demands in a timely manner and if a Payment Default shall have occurred and be continuing, and the Indenture Trustee shall have failed to make such demand, the Applicable Majority Noteholders (as defined herein) may instruct the Indenture Trustee to make such demand. A failure by the Indenture Trustee to perform and comply with such obligations could adversely affect the Noteholders' ability to receive interest on and principal of the Notes in full or on a timely basis. See "THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE—TIMELY DEMAND."

A failure by the Issuer to pay the amounts due in connection with an optional or mandatory redemption may delay the Noteholders' receipt of interest on and principal of the Notes.

The only event that requires Ex-Im Bank to make payment under the Ex-Im Bank Guarantee upon satisfaction of the terms and conditions of the Ex-Im Bank Guarantee is the failure to pay to the Indenture Trustee in full a regularly scheduled installment of principal of, or interest on, the Notes for more than 45 calendar days after the scheduled due date therefor, notwithstanding the principal of, or interest on, any Notes becoming due at an earlier date as a result of an event requiring a mandatory redemption as described herein, any optional redemption as described herein or acceleration of the Notes following an acceleration event. The Ex-Im Bank Guarantee also does not cover the payment of any amounts (including any Make-Whole Amount) due in connection with the redemption of the Notes. Payments made by Ex-Im Bank with respect to any valid and timely claims under the Ex-Im Bank Guarantee will be paid pursuant to a payment certificate issued by Ex-Im Bank in installments on the payment dates and in the amounts set forth therein. As a result, the Noteholders' receipt of interest and principal in connection with an optional or mandatory redemption in which the Issuer fails to pay the amounts due in respect of such redemption may be delayed. See "THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE—LIMITED SCOPE OF THE EX-IM BANK GUARANTEE."

A failure by the Indenture Trustee to comply with amendment or acceleration restrictions described in the Ex-Im Bank Guarantee could adversely affect the Noteholders' ability to receive interest on and principal of the Notes.

The Ex-Im Bank Guarantee provides that Ex-Im Bank has the right to terminate the Ex-Im Bank Guarantee with respect to all or a portion of the Guaranteed Amount if, without Ex-Im Bank's prior written consent, (i) the Indenture Trustee agrees to any material amendment of or any material deviation from the terms of the Notes, any Other Note, the Indenture, the Lease Agreement or any other lease to the Lessee with respect to an Other Aircraft, or any security document in connection therewith or (ii) the Indenture Trustee declares all or any part of the Notes or any Other Note immediately due and payable or to be due and payable upon demand of the Indenture Trustee. The Indenture therefore prohibits the Indenture Trustee from agreeing to any such material amendment or material deviation and from making any acceleration without Ex-Im Bank's prior written consent. The Indenture also provides that entering into any such amendment by the Indenture Trustee without Ex-Im Bank's prior written consent shall not be valid for any purpose. See "THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE—AMENDMENTS/ACCELERATION" for further information. Any failure by the Indenture Trustee to comply with the above restrictions could adversely affect the Noteholders' ability to receive interest on and principal of the Notes in full or on a timely basis.

Any failure by the Indenture Trustee to perform and comply with assignment provisions in the Ex-Im Bank Guarantee could adversely affect the Noteholders' ability to receive interest on and principal of the Notes.

Each owner of a beneficial interest in the Notes, DTC, as the depositary, and Cede & Co., as nominee of DTC and the registered holder of the Notes, shall be deemed to have instructed and authorized the Indenture Trustee to make demands for payment of the Notes against the Issuer, the Lessee, ICBCIL and Ex-Im Bank in accordance with the provisions of the Indenture, the Ex-Im Bank Guarantee and the other operative documents. In furtherance thereof, each of DTC and Cede & Co., as nominee of DTC and registered holder of the Notes, expressly authorizes the Indenture Trustee to execute and deliver for and on its behalf an assignment of the Global Note representing the Notes under and as may be required by the Ex-Im Bank Guarantee. Although the Indenture Trustee is obligated under the Indenture to surrender the Notes (duly endorsed by it to Ex-Im Bank but without recourse to it) and execute and deliver an assignment, for and on behalf of itself and each Noteholder, to Ex-Im Bank in a timely manner, any failure by the Indenture Trustee to perform and comply with such obligations could adversely affect the Noteholders' ability to receive interest on and principal of the Notes in full or on a timely basis. See "THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM GUARANTEE—ASSIGNMENT."

USE OF PROCEEDS

The proceeds from the initial sale of the Notes will be deposited by the Issuer into a deposit account (the “Prefunded Aircraft Account”) established and maintained by Wells Fargo Bank Northwest, National Association or such other bank approved by Ex-Im Bank (the “Account Bank”). Funds in the Prefunded Aircraft Account will be applied towards scheduled payments of principal on the Notes and, if necessary, to redeem the Notes on the Prefunding Period Termination Date, in whole or in part, as further described in “DESCRIPTION OF THE NOTES—MANDATORY REDEMPTION.” Funds in the Prefunded Aircraft Account will be invested by the Account Bank solely in direct obligations of the United States or obligations fully guaranteed by the United States.

On the delivery date of the Aircraft to the Issuer prior to the Prefunding Period Cut-Off Date, provided Ex-Im Bank shall be satisfied that all conditions to such distribution have been satisfied or waived, amounts in the Prefunded Aircraft Account shall be distributed by the Account Bank to the Issuer to finance (i) a portion of the purchase price of the Aircraft and (ii) the premium charged by Ex-Im Bank for the Ex-Im Bank Guarantee relating thereto.

Underwriting commissions and certain other expenses related to this offering have been or will be paid by or on behalf of the Issuer but in no event will such commissions or expenses be paid from the proceeds of the Notes offered hereby or scheduled payments on the Notes.

THE EX-IM BANK GUARANTEE

The following description of the Ex-Im Bank Guarantee and other documents referred to below is a summary only and does not purport to be a complete description. The statements made herein are subject to the detailed provisions of the Ex-Im Bank Guarantee and other documents herein referred to, and are qualified in their entirety by reference to such documents and the definitions in such documents.

The Ex-Im Bank Guarantee

Pursuant to the Ex-Im Bank Guarantee, Ex-Im Bank will guarantee payment of 100% of all regularly scheduled installments of principal of, and interest on, the Notes. The Ex-Im Bank Guarantee provides that after Ex-Im Bank's endorsement of a guarantee legend on the Notes and the authentication thereof by the Indenture Trustee, the guarantee of Ex-Im Bank will be a binding obligation of Ex-Im Bank, except as provided under "—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE" below, even if the Issuer's payment obligations under the Notes are held to be unenforceable. If any regularly scheduled installments of principal of, or interest due on the Notes on a Payment Date are not paid to the Indenture Trustee when due, subject to the terms of the Ex-Im Bank Guarantee, such amount will be payable by Ex-Im Bank as described below. Ex-Im Bank's obligations under the Ex-Im Bank Guarantee are enforceable only by the Indenture Trustee and may not be enforced directly by the Noteholders or any holder of beneficial interests in the Notes.

The Attorney General of the United States has stated in an opinion dated September 30, 1966 that Ex-Im Bank's contractual liabilities constitute general obligations of the United States backed by its full faith and credit and that persons in whose favor Ex-Im Bank has incurred contractual liabilities in accordance with law "have acquired valid general obligations of the United States, and are therefore in a position to reach beyond Eximbank and its assets to the United States for a source of payment, if necessary."

Under the terms of the Ex-Im Bank Guarantee, if the Issuer for any reason (including, without limitation, (1) debt relief accorded by the United States to a Relevant Jurisdiction, (2) the imposition of withholding taxes by any Relevant Jurisdiction or (3) the failure by the Lessee or any sublessee of the Aircraft to pay rent under the Lease (as defined herein) or any lease with respect to the Aircraft), fails to pay to the Indenture Trustee in full any regularly scheduled installment of principal of, or interest on, the Notes for more than 45 calendar days after the due date of such installment (a "Payment Default"), Ex-Im Bank will be obligated, upon its receipt of a timely written demand for payment by the Indenture Trustee made on any day subsequent to such 45-day period (but in no event later than 150 calendar days from such due date), and **provided that** all other provisions of the Ex-Im Bank Guarantee have been satisfied (see "—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE"), to (i) pay to the Indenture Trustee, for the benefit of the Noteholders, within 15 New York Business Days of such demand, an amount equal to the sum of (x) the due and unpaid installment(s) of principal and/or interest on the Note that is included in the Guaranteed Amount and (y) the interest accrued on the installment(s) described in clause

(x) at the Guaranteed Interest Rate from the due date(s) for such installment(s) to the date of payment by Ex-Im Bank, and (ii) issue and deliver to the Indenture Trustee, for the benefit of the Noteholders, a payment certificate with respect to the outstanding (but not yet due and payable) balance of any Note that is included in the Guaranteed Amount. The Indenture Trustee will be the holder of the payment certificate. In accordance with the terms of such payment certificate, Ex-Im Bank will pay to the Indenture Trustee the principal amount of such payment certificate in installments on the payment dates and in the amounts set forth therein, including interest accrued thereon at the Guaranteed Interest Rate. As used herein, “New York Business Day” means any day on which the Federal Reserve Bank of New York is open for business.

In the event that Ex-Im Bank fails to make a claim payment within 15 New York Business Days after the demand date, thereby failing to comply with its obligations under the Ex-Im Bank Guarantee, for each additional day after the fifteenth New York Business Day up to the day on which Ex-Im Bank makes the relevant claim payment, Ex-Im Bank will pay to the Indenture Trustee, for the benefit of the Noteholders, an additional amount equal to the difference between (i) interest accrued on the defaulted installment(s) of principal and/or interest at the Guaranteed Interest Rate and (ii) interest on such installment(s) calculated at a rate per annum equal to the sum of the Guaranteed Interest Rate plus 1%.

The only event that requires Ex-Im Bank to make payment under the Ex-Im Bank Guarantee or to issue any payment certificate is a Payment Default, notwithstanding the principal of, or interest on, any Notes becoming due at any earlier date as a result of an event requiring a mandatory redemption of the Notes as described herein, any optional redemption of the Notes as described herein or acceleration of the Notes following an event of default. The Ex-Im Bank Guarantee does not cover the payment of any amounts due in connection with any redemption of the Notes.

If a timely demand as described under “—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE” is not made upon Ex-Im Bank with respect to any Payment Default, such failure will render the Ex-Im Bank Guarantee unenforceable with respect to such payment only, but not with respect to any other regularly scheduled installment of principal of, or interest on, the Notes. The Indenture provides that the Indenture Trustee is obligated to make timely demand upon Ex-Im Bank with respect to any Payment Default under the Notes.

In the event that payment of principal of, or interest on, the Notes is rescinded or otherwise required to be returned by the Indenture Trustee or any Noteholder, the Ex-Im Bank Guarantee will remain in effect if such rescission or return of payment has been compelled by law as a result of the bankruptcy or insolvency of the Issuer, ICBCIL or any other person or if such rescission or return of payment is a result of any law, regulation or decree applicable to the Issuer, ICBCIL or any other person. Any demand on Ex-Im Bank for a payment under the Ex-Im Bank Guarantee in respect of any such returned amount must be made promptly by the Indenture Trustee not later than 30 calendar days after the Indenture Trustee or such Noteholder actually returned such amount. At least 15 calendar days prior to making such

demand on Ex-Im Bank, the Indenture Trustee shall (to the extent legally entitled to do so) have made demand for payment upon the Issuer or ICBCIL, whichever is the party (if any) unaffected by the rescission action.

Subject to the terms and conditions of the Ex-Im Bank Guarantee, Ex-Im Bank guarantees to the Indenture Trustee on behalf of the Noteholders payment to the Indenture Trustee of the Guaranteed Amount. If for any reason the holders of beneficial interests in the Notes, due to the acts or omissions of the Indenture Trustee or the registered holder of the Notes, receive any lesser amount from the Indenture Trustee in respect of principal of or interest on the Notes than is otherwise due to them pursuant to the terms of the Notes and the Indenture, the Indenture Trustee will not be able to make a claim under the Ex-Im Bank Guarantee.

Certain Restrictions Applicable to the Ex-Im Bank Guarantee

Timely Demand

Under the terms of the Ex-Im Bank Guarantee, any demands made thereunder must satisfy certain specified requirements and must be made by the Indenture Trustee in a timely manner. Ex-Im Bank is not required to make a payment in respect of a Payment Default if the Indenture Trustee fails to make (i) a written demand for payment upon Ex-Im Bank within 150 calendar days following the relevant Payment Date or (ii) a written demand for payment upon the Issuer, the Lessee and ICBCIL with respect to the Notes at least 15 calendar days prior to such demand upon Ex-Im Bank (which demand may be omitted only if and to the extent that the making thereof would be prohibited by any applicable law governing the bankruptcy or insolvency of the Issuer, the Lessee or ICBCIL, as applicable). If any Payment Default under the Notes is cured before the Indenture Trustee makes a demand for payment upon Ex-Im Bank, Ex-Im Bank will not be required to make any payment under the Ex-Im Bank Guarantee with respect to such Payment Default. The Indenture Trustee is obligated under the Indenture to make the aforementioned demands in a timely manner and if a Payment Default shall have occurred and be continuing, and the Indenture Trustee shall have failed to make such demand, holders of at least 51% of the principal amount of the Notes (the “Applicable Majority Noteholders”) may instruct the Indenture Trustee to make such demand. A failure by the Indenture Trustee to perform and comply with such obligations could adversely affect the Noteholders’ ability to receive interest on and principal of the Notes in full or on a timely basis.

The holders of at least 51% of the outstanding aggregate principal amount of all the Notes and all other indebtedness of the Issuer issued and outstanding under the Indenture (but not including the Prior Note) (collectively, the “Majority Noteholders”) may remove the Indenture Trustee, at any time, with or without cause by notice delivered in accordance with the Indenture.

The Applicable Majority Noteholders or the holders of at least 51% of the outstanding principal amount of any other note, including the Prior Note, issued by the Issuer and outstanding under the Indenture (each, an “Other Note”) (each, a “Majority Other Noteholder”) may remove the Indenture Trustee after a Payment Default or a default in the

payment of principal or interest on the relevant Other Note, as applicable, if the Indenture Trustee has not made a demand under the Ex-Im Bank Guarantee. If the Majority Noteholders, the Applicable Majority Noteholders or a Majority Other Noteholder remove the Indenture Trustee, the Majority Noteholders, the Applicable Majority Noteholders or such Majority Other Noteholder, as the case may be, may appoint a successor indenture trustee reasonably satisfactory to Ex-Im Bank, the holders of the Prior Note, and provided no Default or Event of Default (each as defined in the Indenture) shall have occurred and be continuing, ICBCIL.

Limited Scope of the Ex-Im Bank Guarantee

The only event that requires Ex-Im Bank to make payment under the Ex-Im Bank Guarantee upon satisfaction of the terms and conditions of the Ex-Im Bank Guarantee is the failure to pay to the Indenture Trustee in full a regularly scheduled installment of principal of, or interest on, the Notes for more than 45 calendar days after the scheduled due date therefor, notwithstanding the principal of, or interest on, any Notes becoming due at any earlier date as a result of an event requiring a mandatory redemption of the Notes as described herein, any optional redemption of the Notes as described herein or acceleration of the Notes following an acceleration event. The Ex-Im Bank Guarantee also does not cover the payment of any amounts (including any Make-Whole Amount) due in connection with the redemption of the Notes. Payments made by Ex-Im Bank with respect to any valid and timely claims under the Ex-Im Bank Guarantee will be paid pursuant to a payment certificate issued by Ex-Im Bank in installments on the payment dates and in the amounts set forth therein. As a result, the Noteholders' receipt of interest and principal in connection with an optional or mandatory redemption in which the Issuer fails to pay the amounts due in respect of such redemption may be delayed.

Amendments/Acceleration

In addition, the Ex-Im Bank Guarantee provides that Ex-Im Bank has the right to terminate the Ex-Im Bank Guarantee with respect to all or a portion of the Guaranteed Amount if, without Ex-Im Bank's prior written consent, (i) the Indenture Trustee (whether or not acting on the instructions of any Noteholder) agrees to any material amendment of or any material deviation from the terms of the Notes, any Other Note, the Indenture, the Lease Agreement or any lease to Lessee with respect to an Other Aircraft (an "Other Lease") or any security document in connection therewith or (ii) the Indenture Trustee (whether or not acting on the instructions of any Noteholder) declares all or any part of the Notes or any Other Note immediately due and payable or to be due and payable upon demand of the Indenture Trustee. The Indenture therefore prohibits the Indenture Trustee from agreeing to any such material amendment or material deviation and from making any acceleration without Ex-Im Bank's prior written consent. The Indenture also provides that entering into any such amendment by the Indenture Trustee without Ex-Im Bank's prior written consent shall not be valid for any purpose. See "DESCRIPTION OF THE NOTES—SUPPLEMENTAL INDENTURES" for further information concerning modifications to the Indenture. Any failure by the Indenture Trustee to comply with the above restrictions could adversely affect the Noteholders' ability to receive interest on and principal of the Notes in full or on a timely basis.

Assignment

Ex-Im Bank will not be required to make any payments with respect to Notes held by the Indenture Trustee unless and until the Indenture Trustee has assigned to Ex-Im Bank all of the Indenture Trustee's and each Noteholder's rights, title and interests in and to the Notes, the Indenture (to the extent related to the Notes), any security granted in connection with the offering and/or the Notes to secure amounts related to the offering and/or the Notes that are covered by the Ex-Im Bank Guarantee (to the extent related to the Notes) (the "Security") and the related operative documents (to the extent related to the Notes), and has delivered to Ex-Im Bank the Notes. Accordingly, the Ex-Im Bank Guarantee provides that upon making a demand on Ex-Im Bank, the Indenture Trustee, for and on behalf of itself and each Noteholder, is obligated to assign to Ex-Im Bank the Indenture Trustee's and each Noteholder's rights, title and interests in the Notes, the Indenture (to the extent related to the Notes), the Security and related operative documents (to the extent related to the Notes) to Ex-Im Bank and deliver to Ex-Im Bank the Notes. The Indenture Trustee has agreed to present the Notes (duly endorsed by it) to Ex-Im Bank but without recourse to it and to execute and deliver an assignment on behalf of itself and the Noteholders (including on behalf of owners of beneficial interests therein) to Ex-Im Bank in a timely manner.

By their respective acceptance thereof, each owner of a beneficial interest in the Notes, DTC, as the depositary, and Cede & Co., as nominee of DTC and the registered holder of the Notes, shall be deemed to have instructed and authorized the Indenture Trustee to make demands for payment of the Notes against the Issuer, the Lessee, ICBCIL and Ex-Im Bank in accordance with the provisions of the Indenture, the Ex-Im Bank Guarantee and the other operative documents. In furtherance thereof, each of DTC and Cede & Co., as nominee of DTC and the registered holder of the Notes, expressly authorizes the Indenture Trustee to execute and deliver for and on its behalf each such assignment of the Global Note representing the Notes under and as may be required by the Ex-Im Bank Guarantee. Although the Indenture Trustee is obligated under the Indenture to surrender the Notes (duly endorsed by it to Ex-Im Bank but without recourse to it) and execute and deliver an assignment, for and on behalf of itself and the Noteholders, to Ex-Im Bank in a timely manner, any failure by the Indenture Trustee to perform and comply with such obligations could adversely affect the Noteholders' ability to receive interest on and principal of the Notes in full or on a timely basis.

Certain Litigation

Delta Airlines, Inc. and two other plaintiffs have filed two complaints against Ex-Im Bank in the United States District Court for the District of Columbia under the Administrative Procedure Act seeking, among other things, to have the approval by Ex-Im Bank's Board of Directors of certain transactions declared null and void and to enjoin further action by Ex-Im Bank on such transactions. Ex-Im Bank believes these complaints to be without merit and is vigorously defending the lawsuits.

Ex-Im Bank’s authority to exercise its functions has been limited to specified periods, which have been extended by Congressional action from time to time.

DESCRIPTION OF THE NOTES

The following description of the Notes, the Indenture, and other related documents referred to below is a summary only and does not purport to be a complete description. The statements made herein are subject to the detailed provisions of the Notes, the Indenture, and the other documents herein referred to, and are qualified in their entirety by reference to such documents and the definitions in such documents.

The Notes, in the aggregate principal amount of \$149,127,000 will be issued under the Indenture. The Notes will be general obligations of the Issuer and will be guaranteed as to the Guaranteed Amount under the Ex-Im Bank Guarantee. The Notes will initially be secured by a pledge of the Prefunded Aircraft Account and all proceeds therein. After delivery of the Aircraft, the Notes will be secured by the Aircraft. With limited exceptions, Ex-Im Bank controls the disposition of such security. The Notes will be represented by a single Global Note registered in the name of Cede & Co., as the nominee of DTC, that will be held by the Indenture Trustee, as custodian and agent for DTC. See “BOOK-ENTRY ISSUANCE.”

Interest and Principal

Payment Dates

Interest on the Notes will be payable in arrears on each March 15, June 15, September 15 and December 15 (or, if such date is not a Banking Day, on the next succeeding Banking Day as described in the immediately following paragraph), commencing on December 15, 2014 to the holders of the Notes (individually, a “Noteholder” and collectively, the “Noteholders”) in whose names the Notes are registered. Unless redeemed prior thereto, the Notes will mature on September 15, 2026 (the “Final Maturity Date”). The principal amount of the Notes will be payable in 48 consecutive quarterly installments, commencing on December 15, 2014 and on each Payment Date thereafter. The quarterly installments will be comprised of payments of principal and interest that will approximate a mortgage style amortization. The final installment of principal will in any event equal the then outstanding principal balance together with accrued and unpaid interest thereon and all other amounts then owing by the Issuer under the operative documents with respect thereto. Each such principal installment will be in the amount set forth opposite the applicable Payment Date in Annex A attached hereto. Payments will be made to Noteholders of record as of the fifteenth calendar day preceding the applicable Payment Date, except that in respect of any payment on the Prefunding Period Termination Date, payments will be made to Noteholders of record as of the second Banking Day preceding the Prefunding Period Termination Date.

If any Payment Date or the Prefunding Period Termination Date falls on a day that is not a Banking Day, such Payment Date or Prefunding Period Termination Date, as the case may be, will be postponed until the next succeeding Banking Day. “Banking Day” means any day other than a Saturday or a Sunday on which commercial banks are not authorized or required to close in New York, New York.

Guaranteed Interest Rate

The Notes will bear interest at a rate per annum equal to 2.637% (the “Guaranteed Interest Rate”) calculated on the basis of a year of 360 days and twelve 30-day months. Principal of and accrued interest on the Notes not paid when due will bear interest until paid at the Guaranteed Interest Rate, such interest to be calculated on the basis of a year of 360 days and the actual number of days elapsed.

Place of Payment

Payments of principal of, and interest on, the Notes are required to be made by the Issuer to the Indenture Trustee and the Indenture Trustee will make payments on the Notes, from amounts so received, to DTC (or its successor as depository). See “BOOK-ENTRY ISSUANCE.” Payments of principal of, and interest on, the Notes will be made by the Issuer in United States Dollars.

Payment Certificate

If a payment certificate is issued and delivered to the Indenture Trustee in accordance with the terms of the Ex-Im Bank Guarantee and the Indenture, Ex-Im Bank will pay the principal amount of such payment certificate in installments on the payment dates and in the amounts set forth therein, including interest accrued thereon at the Guaranteed Interest Rate. All payments of principal and interest on a payment certificate shall be made to the Indenture Trustee for the benefit of the Noteholders.

Acceleration Events and Enforcement of Notes

The Indenture provides that it is an event of default if the Issuer fails to pay within two Banking Days of the date such principal or interest is due any payment of principal of or interest on the Notes or any other indebtedness of the Issuer under the Indenture (including any Other Note and any additional amounts required to be paid relating to taxes as set forth in the Indenture).

In addition, certain acceleration events are set forth in the Indenture including, but not limited to (i) an unremedied breach of a covenant or other obligation of the Issuer under the Indenture or any other operative document to which it is a party that extends beyond the applicable grace period or (ii) a false or misleading representation, warranty or certification by the Issuer under the Indenture or any other operative document to which it is a party (which is material) or (iii) any event of default as defined in the Lease Agreement. If any such event or other acceleration event set forth in the Indenture shall occur and be continuing, Ex-Im Bank will have the right to accelerate payment on the Notes. In certain cases, such as bankruptcy events relating to, among others, the Issuer, the Lessee or ICBCIL, the Notes accelerate automatically.

In the case of a Payment Default, the Indenture Trustee is obligated to make a claim on the Ex-Im Bank Guarantee, as discussed under “THE EX-IM BANK GUARANTEE.” However,

so long as the Ex-Im Bank Guarantee remains in effect, upon an event of default under the Indenture, including a default in payment of a scheduled payment of principal or interest, only Ex-Im Bank will have the right to accelerate the payment of any or all of the Notes or, in certain cases, the Notes will accelerate automatically. Upon acceleration, only Ex-Im Bank will have the right to exercise remedies or to instruct the Security Trustee with respect to actions concerning the Issuer or the security for the Notes. Upon the acceleration of the Notes, the Issuer will be obligated to pay to the Indenture Trustee, for the benefit of the Noteholders, the then outstanding principal amount of the Notes plus accrued and unpaid interest thereon and all other amounts then owing under the Indenture. Notwithstanding anything to the contrary herein, no Make-Whole Amount shall be payable in connection with the acceleration of any or all of the Notes. If the Issuer fails to pay when due any scheduled payment of principal of, or interest on, the Notes (including any additional amount as set forth in the Indenture), the Indenture Trustee is required to enforce its rights and those of the Noteholders under the Ex-Im Bank Guarantee. See “THE EX-IM BANK GUARANTEE.” Notwithstanding the foregoing, upon a Payment Default following such an acceleration and a claim under the Ex-Im Bank Guarantee, the Notes and all rights of any beneficial owners thereto will be assigned to Ex-Im Bank.

If timely demand as described under “THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE” is not made upon Ex-Im Bank with respect to any Payment Default, such failure will render the Ex-Im Bank Guarantee unenforceable with respect to such payment.

Optional Redemption

Provided that certain defaults or events of default described in the Indenture have not occurred and are not continuing, the Issuer may redeem the Notes in whole but not in part on any Banking Day prior to the Final Maturity Date at a price equal to 100% of the outstanding aggregate principal amount of the Notes plus accrued and unpaid interest thereon, the Make-Whole Amount in respect of the Notes if any, and all other amounts then owing by the Issuer under the Indenture and the other operative documents in respect thereof upon at least 30 but not more than 60 calendar days’ prior written notice from the Issuer to the Noteholders. Such notice shall be revocable and may be subject to one or more conditions specified by the Issuer. A failure by the Issuer to make any such optional redemption will not constitute a Payment Default under, or permit acceleration of, the Notes. The Make-Whole Amount is not guaranteed by Ex-Im Bank.

“Make-Whole Amount” means, with respect to the Notes, the amount (as determined by an independent investment bank of national standing selected by the Indenture Trustee in consultation with ICBCIL) equal to the excess, if any, of (a) the present value, as of the date of the relevant redemption, of the remaining scheduled payments of principal and interest to maturity of the Notes computed by discounting such payments on a quarterly basis on each Payment Date (assuming a 360-day year of twelve 30-day months) using a discount rate equal to the Treasury Yield (as defined below) plus the Premium Over Treasuries over (b) the outstanding principal amount of the Notes plus accrued interest to the date of determination.

For purposes of determining the Make-Whole Amount:

“Treasury Yield” means, at the date of determination with respect to the Notes, the interest rate (expressed as a decimal and, in the case of United States Treasury bills, converted to a bond equivalent yield) determined to be the per annum rate equal to the quarterly yield to maturity for United States Treasury securities maturing on the Average Life Date (as defined below) of the Notes and trading in the public securities markets either as determined by interpolation between the most recent weekly average yield to maturity for two series of United States Treasury securities, trading in the public securities markets, (A) one maturing as close as possible to, but earlier than, the Average Life Date of the Notes and (B) the other maturing as close as possible to, but later than, the Average Life Date of the Notes, in each case as published in the most recent H.15(519) (as defined below) or, if a weekly average yield to maturity for United States Treasury securities maturing on the Average Life Date of the Notes is reported in the most recent H.15(519), such weekly average yield to maturity as published in such H.15(519).

“Premium Over Treasuries” means 0.10%.

“Average Life Date” means, for the Notes, the date which follows the time of determination by a period equal to the Remaining Weighted Average Life (as defined below) of the Notes.

“Remaining Weighted Average Life” means, on a given date with respect to the Notes, the number of days equal to the quotient obtained by dividing (a) the sum of each of the products obtained by multiplying (i) the amount of each then remaining scheduled payment of principal of the Notes by (ii) the number of days from and including such determination date to but excluding the date on which such payment of principal is scheduled to be made, by (b) the then outstanding principal amount of the Notes.

“H.15(519)” means the weekly statistical release designated as such, or any successor publication, published by the Board of Governors of the Federal Reserve System and the “most recent H.15(519)” means the H.15(519) published prior to the close of business on the third Banking Day prior to the applicable payment or redemption date.

The date of determination of a Make-Whole Amount shall be the third Banking Day prior to the date of the relevant redemption.

A failure by the Issuer to make any optional redemption described in this section will not constitute a Payment Default under, or permit acceleration of, the Notes.

Mandatory Redemption

If the Aircraft has not been acquired by the Issuer prior to the Prefunding Period Cut-Off Date, the Issuer shall redeem the outstanding principal amount of the Notes on the Prefunding Period Termination Date in full at a price equal to 100% of the outstanding principal amount thereof plus interest accrued thereon to the Prefunding Period Termination Date, without any Make-Whole Amount. In addition, if the Aircraft is acquired by the Issuer and any proceeds of

the Notes remain on deposit in the Prefunded Aircraft Account on the Prefunding Period Cut-Off Date because the full proceeds of the Notes deposited into such account were not used to fund the allowed portion of the purchase price for the Aircraft and the premium charged by Ex-Im Bank for the Ex-Im Bank Guarantee relating thereto, the Issuer shall redeem the principal amount of the Notes on the Prefunding Period Termination Date in part in an amount equal to the amount of such proceeds remaining in the Prefunded Aircraft Account, at a redemption price equal to 100% of such amount, plus interest accrued thereon to the Prefunding Period Termination Date, without any Make-Whole Amount. The redemption in part will be applied to the remaining principal installments of the Notes in the inverse chronological order of their maturities. In the event of a redemption on the Prefunding Period Termination Date, payments will be made to Noteholders of record as of the second Banking Day preceding such date.

The Issuer shall redeem the outstanding principal amount of the Notes at a price equal to 100% of the outstanding aggregate principal amount thereof plus accrued interest thereon and all other amounts then owing by the Issuer under the Indenture and other operative documents, and in the case of clause (x) below, the Make-Whole Amount, if any, (x) prior to or contemporaneously with the termination of the Lease Agreement with respect to the Aircraft or (y) on the date the Lessee is required to pay the termination value with respect to the Aircraft in accordance with the Lease Agreement by reason of the occurrence of an event of loss of, or requisition of the title to, or seizure or requisition for use of, or other similar event relating to the Aircraft; **provided, however**, that there will be no mandatory redemption as a result of the occurrence of such a loss or similar event if the Lessee elects to replace such Aircraft with a replacement aircraft in accordance with the provisions of the applicable operative documents. The Make-Whole Amount is not guaranteed by Ex-Im Bank. The Issuer shall give the Indenture Trustee and Ex-Im Bank not less than ten (10) Banking Days' notice of any prepayment pursuant to a mandatory redemption pursuant to this paragraph.

If at any time an ICBCIL Event (as defined below) has occurred, the Issuer shall redeem the outstanding principal amount of the Notes at a price equal to 100% of the outstanding aggregate principal amount thereof plus accrued interest thereon and all other amounts then owing by the Issuer under the Indenture and other operative documents, plus the Make-Whole Amount, if any. "ICBCIL Event" means (i) ICBCFL ceases to be 100% owned by ICBC Bank or (ii) ICBCIL ceases to be 100% directly or indirectly owned by either ICBC Bank or ICBCFL (assuming ICBCFL is 100% owned by ICBC Bank) or a combination of ICBC Bank and ICBCFL (assuming ICBCFL is 100% owned by ICBC Bank). The Make-Whole Amount is not guaranteed by Ex-Im Bank.

If at any time the Issuer or ICBCIL, as the case may be, or its Controlling Sponsor (as defined below), or any Relevant Person (as defined below) that is owned or Controlled (as defined below) by the Issuer, and/or ICBCIL, or its Controlling Sponsor, shall be or become a person to whom Ex-Im Bank is prohibited by law from providing financing or other credit support by reason of sanctions imposed by the United States under the Iran Sanctions Act (as defined below), then Ex-Im Bank shall so notify Issuer and ICBCIL, and within 180 days of such notice, the Issuer shall redeem all principal amount of the Notes then outstanding, together

with all accrued and unpaid interest thereon to the date of the redemption plus the Make-Whole Amount, if any, and all other amounts then due and owing under the Operative Documents. “Control” means in relation to any specified person: (a) holding fifty percent or more of the equity interest, by vote or value, of such person; (b) holding a majority of seats on the board of directors of such specified person; or (c) otherwise controlling the actions, policies or personnel decisions of such person (and “Controlled” or “Controlling” shall be construed accordingly). “Controlling Sponsor” means a Relevant Person providing Controlling direct private equity investment (excluding investments made through publicly held investment funds, publicly held securities, public offerings, or similar public market vehicles) in connection with a financing. “Relevant Person” means (a) a natural person; (b) a corporation, business association, partnership, society, trust, financial institution, insurer, underwriter, guarantor, and any other business organization, any other nongovernmental entity, organization, or group, and any governmental entity operating as a business enterprise; and (c) any successor to any entity described in clause (b) (but does not include a government or governmental entity that is not operating as a business enterprise). “Iran Sanctions Act” means the Iran Sanctions Act of 1996 (Public Law 104-172, 50 U.S.C. 1701 note), as amended and in effect from time to time.

“Sanctioned Person” means a Relevant Person subject to sanctions under section 5(a) of the Iran Sanctions Act. Notwithstanding the foregoing, a mandatory redemption shall not be triggered where a Relevant Person that is owned or Controlled by the Issuer’s Controlling Sponsor becomes a Sanctioned Person if such owned or Controlled Relevant Person is a special purpose vehicle established in connection with a transaction unrelated to the financing of the Aircraft. The Issuer shall give the Indenture Trustee and Ex-Im Bank not less than thirty (30) calendar days prior written notice of such redemption, provided, however, that failure to give such notice shall not affect the obligation of the Issuer to make such redemption payment.

The Make-Whole Amount is not guaranteed by Ex-Im Bank.

Notwithstanding the foregoing, upon a Payment Default following a mandatory redemption and a claim under the Ex-Im Bank Guarantee, the Notes and all rights of any beneficial owners thereto will be assigned to Ex-Im Bank. Following such assignment, Noteholders and beneficial owners will have no right to receive any Make-Whole Amount previously payable with respect to such mandatory redemption.

Supplemental Indentures

Without the consent of the Noteholders, but with the consent of the Security Trustee (acting upon the direction of the Instructing Group (as defined herein)), the Issuer may, and, upon the request of the Issuer, the Indenture Trustee will, at any time and from time to time enter into one or more agreements supplemental to the Indenture, for any of the following purposes: (i) to add to the covenants of the Issuer or the Indenture Trustee for the benefit of the Noteholders or any holder of any Other Note, or to surrender any right or power in the Indenture conferred upon the Issuer; (ii) to correct or supplement any provision in the Indenture or in any supplemental agreement which may be defective or inconsistent with any

other provision in the Indenture or in any supplemental agreement; **provided that** any such provision will not adversely affect the interests of the Noteholders or any holder of an Other Note; or (iii) to evidence and provide for the acceptance of appointment under the Indenture by a successor indenture trustee. No such supplemental agreement may increase the discretionary authority of the Indenture Trustee or any successor indenture trustee without the consent of the Indenture Trustee, each Noteholder and each holder of the Other Notes.

As used herein, “Instructing Group” means (a) until such time as (i) the Ex-Im Bank Guarantee is no longer in effect and (ii) all amounts payable to Ex-Im Bank under the applicable transaction documents have been paid in full, Ex-Im Bank; (b) thereafter, until the Notes and the Other Notes have been paid in full or a payment certificate relating to all Notes and Other Notes has been issued by Ex-Im Bank and has not been cancelled and all amounts payable to the Noteholders and the holders of each Other Note and the Indenture Trustee under the applicable operative documents have been paid in full, the Indenture Trustee; and (c) thereafter, Ex-Im Bank.

With the consent of (a) the Majority Noteholders and the Security Trustee (acting upon the direction of the Instructing Group), the Issuer may, and the Indenture Trustee will, enter into an agreement or agreements supplemental to the Indenture for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Indenture or of modifying in any manner the rights and obligations of the Noteholders under the Indenture and (b) the Applicable Majority Noteholders and the Security Trustee (acting upon the direction of the Instructing Group), the Issuer may, and the Indenture Trustee will, enter into an agreement or agreements supplemental to the Indenture for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Notes or of modifying in any manner the rights and obligations of the Noteholders; **provided, that** no such supplemental agreement may, without the unanimous consent of the Noteholders affected thereby (i) change any Payment Date, change the provisions of the Indenture relating to the amount, timing or application of payments on the Notes or change any place where, or the coin or currency in which, the Notes are payable, (ii) change the portion of percentage interests of the Notes, the consent of whose Noteholders is required for any such amendment or modification, or the consent of the Noteholders of which is required for any waiver of compliance with certain provisions of the Indenture or any operative document, (iii) impair or adversely affect the rights of the Indenture Trustee or any Noteholder under the Ex-Im Bank Guarantee or any payment certificate, (iv) modify any of the provisions of the Indenture in such a manner as to affect the rights of the Noteholders for the repayment of the Notes contained in the Indenture, or (v) modify any of the provisions of the foregoing.

The Ex-Im Bank Guarantee provides that Ex-Im Bank has the right to terminate the Ex-Im Bank Guarantee with respect to all or a portion of the Guaranteed Amount if, without Ex-Im Bank’s prior written consent, (i) the Indenture Trustee (whether or not acting on the instructions of any Noteholder) agrees to any material amendment of or any material deviation from the terms of the Notes, any Other Note, the Indenture, the Lease Agreement, any Other Lease, or any security document in connection therewith or (ii) the Indenture Trustee (whether or not acting on the instructions of any Noteholder) declares all or any part of the Notes or any

Other Note immediately due and payable or to be due and payable upon demand of the Indenture Trustee. The Indenture therefore prohibits the Indenture Trustee from agreeing to any such material amendment or deviation and from making any acceleration without Ex-Im Bank's prior written consent. The Indenture also provides that entering into any such amendment by the Indenture Trustee without Ex-Im Bank's prior written consent shall not be valid for any purpose under the Indenture. See "THE EX-IM BANK GUARANTEE—CERTAIN RESTRICTIONS APPLICABLE TO THE EX-IM BANK GUARANTEE."

Certain Deemed Agreements

By its acceptance of a Note or beneficial interest therein, each Noteholder and each holder of a beneficial interest in a Note are deemed to have (i) appointed the Indenture Trustee to act as its agent in connection with the Indenture and the other operative documents and to have authorized the Indenture Trustee to exercise such rights, powers and discretions as are specifically delegated to the Indenture Trustee by the terms of the Indenture and the other operative documents together with all such rights, powers and discretions as are reasonably incidental thereto and (ii) agreed to be bound by and consented to the terms and provisions of the operative documents, including the terms of the Ex-Im Bank Guarantee and the termination provisions thereof, and to have irrevocably authorized the Indenture Trustee to take any and all actions that may be taken by the Indenture Trustee under the terms of the Ex-Im Bank Guarantee, including an assignment of all of its rights, title and interest in the Notes as to which enforcement of the Ex-Im Bank Guarantee is sought, the Indenture, any security referenced therein and the other operative documents (to the extent such security relates to the Notes). Upon the assignment of the Notes to Ex-Im Bank pursuant to the Ex-Im Bank Guarantee, Ex-Im Bank shall be deemed to be the Noteholder and shall have all of the rights, powers and discretion of a Noteholder under the Indenture with respect to the Notes.

Concerning the Indenture Trustee and the Security Trustee

Wells Fargo Bank, National Association is the Indenture Trustee and Wells Fargo Bank Northwest, National Association is the Security Trustee under the Indenture.

Upon the resignation of the Indenture Trustee, the Majority Noteholders are required to appoint a successor indenture trustee reasonably satisfactory to Ex-Im Bank and the holders of the Prior Note, provided no Default or Event of Default (each as defined in the Indenture) shall have occurred and be continuing, ICBCIL.

The Majority Noteholders may remove the Indenture Trustee at any time with or without cause and the Applicable Majority Noteholders or any Majority Other Noteholders may remove the Indenture Trustee after a Payment Default or a payment default with respect to such Other Notes, as applicable, if the Indenture Trustee has not made a demand under the Ex-Im Bank Guarantee as required by the terms thereof or the Indenture, in each case, by notice delivered in accordance with the Indenture. If the Majority Noteholders, the Applicable Majority Noteholders or a Majority Other Noteholder, remove the Indenture Trustee, the Majority Noteholders or the Applicable Majority Noteholders or such Majority Other Noteholder, as the

case may be, may appoint a successor indenture trustee reasonably satisfactory to Ex-Im Bank, the holders of the Prior Note and, provided no Default or Event of Default (each as defined in the Indenture) shall have occurred and be continuing, ICBCIL. If a successor indenture trustee shall not have been appointed within 30 calendar days after notice of resignation or removal, or five (5) Banking Days after notice of resignation or removal if a claim is required under the Ex-Im Bank Guarantee in respect of a rescinded or returned payment, the Issuer, the Indenture Trustee, any holder of any Other Note or any Noteholder may petition a court of competent jurisdiction to appoint a successor indenture trustee.

In addition, in the case of certain insolvency events with respect to the Indenture Trustee, any Noteholder or holder of any Other Note, may petition a court of competent jurisdiction for removal of the Indenture Trustee and appointment of a successor indenture trustee without any time delay or the consent of any other person.

Governing Law

Each of the Indenture, the Notes and the Ex-Im Bank Guarantee will be governed by, and construed in accordance with, the laws of the State of New York.

BOOK-ENTRY ISSUANCE

Book-Entry, Delivery and Form

The Issuer has obtained the information in this section concerning DTC, Euroclear Bank, S.A./N.V. (“Euroclear”), Clearstream Banking, *société anonyme* (“Clearstream”) and the book-entry system and procedures from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy of this information.

The Notes will be issued as a single fully-registered Global Note which will be deposited on the closing date with the Indenture Trustee on behalf of DTC and registered, at the request of DTC, in the name of Cede & Co. Beneficial interests in the Global Note will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in DTC. Investors may hold their interests in the Global Note directly if they are participants of such systems, or indirectly through organizations that are participants in these systems, including Euroclear and Clearstream. Euroclear and Clearstream will hold interests in the Notes on behalf of their participants through customers’ securities accounts in their respective names on the books of their respective depositories, which are Euroclear, as operator of the Euroclear System, and Citibank, N.A., as operator of Clearstream.

Beneficial interests in the Global Note will be held in denominations of \$2,000 and multiples of \$1,000 in excess thereof. Except as set forth below, the Global Note may not be transferred, in whole or in part. Transfers between participants in DTC will be effected in accordance with DTC’s procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures. Cross-market transfers between the participants in DTC on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC’s rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its depository to take action to effect final settlement on its behalf by delivering or receiving interests in the Global Note, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the depository. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

The Global Note can be exchanged for a definitive note in fully registered form without interest coupons bearing the same interest rate (“Definitive Note”) as the Global Note only if:

- DTC advises the Indenture Trustee that it is no longer willing or able to properly discharge its responsibilities as depository for the Global Note and the Issuer is unable

to appoint a successor depositary acceptable to the Indenture Trustee within 90 calendar days after receiving that notice, in which case such Definitive Note will be issued to the Indenture Trustee as custodian and agent for the owners of the beneficial interests in the Notes; or

- an event of default with respect to the Notes represented by the Global Note has occurred, in which case such Definitive Note will be issued to Ex-Im Bank if the Indenture Trustee has assigned the Global Note to Ex-Im Bank in connection with and as a condition to the Indenture Trustee's demand for payment under the Ex-Im Bank Guarantee and Ex-Im Bank has requested the issuance of a Definitive Note.

A Global Note that can be exchanged as described in the preceding sentence will be exchanged for beneficial interests in a Definitive Note issued in denominations of \$2,000 and multiples of \$1,000 in excess thereof (except that a single Note or beneficial interest may be in a different denomination), in registered form for the same aggregate principal amount.

The Issuer will make principal and interest payments on all Notes represented by a Global Note to the Indenture Trustee which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the Notes represented by a Global Note for all purposes under the Indenture. Accordingly, the Issuer, the Indenture Trustee and any paying agent will have no responsibility or liability for:

- any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in the Notes represented by a Global Note;
- any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a Global Note held through those participants; or
- the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

DTC has advised the Issuer that its current practice is to credit direct participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. Payments by participants to owners of beneficial interests in a Global Note will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in "street name," and will be the sole responsibility of those participants. Book-entry notes may be more difficult to pledge because of the lack of a physical note.

DTC

So long as DTC or its nominee is the registered owner of a Global Note, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the Notes represented by that Global Note for all purposes of the Notes and the Indenture. Owners of beneficial

interests in the Notes will not be entitled to have the Global Note registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered owners or holders of Notes under the Indenture.

Accordingly, each person or entity owning a beneficial interest in the Global Note must rely on the procedures of DTC and, if that person or entity is not a DTC participant, on the procedures of the participant (including Euroclear or Clearstream) through which that person or entity owns its interest, to exercise any rights of a holder of the Notes.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in the Global Note. Beneficial owners may experience delays in receiving distributions on their Notes since distributions will initially be made to DTC and must then be transferred through the chain of intermediaries to the beneficial owner's account.

The Issuer understands that, under existing industry practices, if the Issuer requests holders to take any action, or if an owner of a beneficial interest in the Global Note desires to take any action which a holder is entitled to take under the Indenture, then DTC would authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Beneficial interests in the Global Note will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for the Global Note. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the Notes will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised the Issuer that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Securities Exchange Act of 1934, as amended.

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry transfers and pledges between accounts of its direct participants. The electronic book-entry system eliminates the need for physical certificates. DTC's direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Banks, brokers, dealers, trust companies and others that clear through or maintain a custodial relationship with a participant, either directly or indirectly, also have access to DTC's book-entry system. The rules applicable to DTC and its participants are on file with the SEC.

DTC has advised the Issuer that the above information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Global Clearance and Settlement Procedures

Although DTC, Euroclear and Clearstream are expected to follow the foregoing procedures in order to facilitate transfers of Notes among participants of DTC, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither the Issuer nor the paying agent will have any responsibility for the performance by DTC, Euroclear, Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

CERTAIN TAX CONSIDERATIONS

Ireland Taxation

The Issuer expects to be tax resident in Ireland. The following discussion reflects the material Irish tax consequences applicable to the Issuer and investors beneficially owning the Notes (“beneficial owners”) and should be treated with appropriate caution. This discussion is based on Irish tax law, statutes, treaties, regulations, rulings and decisions (and interpretations thereof) all as of the date of this Offering Circular. Taxation laws are subject to change, from time to time, and no representation is or can be made as to whether such laws will change, to what impact, if any, such changes will have on the summary contained in this Offering Circular. Proposed amendments may not be enacted as proposed, and legislative or judicial changes, as well as changes in administrative practice may modify or change statements expressed herein.

This summary is of a general nature only and does not purport to be a complete description of all of the tax considerations that may be relevant to a decision to purchase the Notes. This summary relates only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain other classes of persons. This summary does not constitute legal or tax advice nor does it discuss all aspects of Irish taxation that may be relevant.

Prospective investors are advised to consult their own tax advisors as to the tax consequences, regarding the taxation implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon.

For the purposes of this summary of Irish tax considerations:

“Qualifying Company for the purposes of the Irish Securitization Regime” means a company which satisfies the conditions to be a “Qualifying Company” as defined in Section 110 of Ireland’s Taxes Consolidation Act 1997.

“Relevant Territory” means (i) a country with which Ireland has concluded a double tax treaty which is currently in force, or (ii) a country with which Ireland has concluded a double tax treaty which is subject to the completion of administrative procedures before it comes into force, or (iii) or a member state of the European Union other than Ireland. As of the date of publication, Ireland is a party to in-force double tax treaties with 68 countries: Albania, Armenia, Australia, Austria, Bahrain, Belarus, Belgium, Bosnia & Herzegovina, Bulgaria, Canada, Chile, China, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, Georgia, Germany, Greece, Hong Kong, Hungary, Iceland, India, Israel, Italy, Japan, Korea (Republic of), Kuwait, Latvia, Lithuania, Luxembourg, Macedonia, Malaysia, Malta, Mexico, Moldova, Montenegro, Morocco, the Netherlands, New Zealand, Norway, Pakistan, Panama, Poland, Portugal, Qatar, Romania, Russia, Saudi Arabia, Serbia, Singapore, Slovak Republic, Slovenia, South Africa, Spain, Sweden, Switzerland, Turkey, the United Arab Emirates, the United Kingdom, the United States, Uzbekistan, Vietnam and Zambia. As of the date of publication, Ireland is a party to double tax treaties with a further three states which are subject to the completion of administrative procedures before they come into force: Ukraine, Thailand and Botswana.

Taxation of Noteholders

Income Tax

Persons resident in Ireland are generally liable to Irish income or corporation tax on their worldwide income, including any income from the Notes. However, certain persons are exempt from Irish tax on all income and gains including approved charities and pension funds.

Individuals who are resident or ordinarily tax resident in Ireland will, in general, be subject to income tax at their marginal rate on income from the Notes. Social charges and levies may also apply depending on the particular circumstances of the beneficial owner. Irish domiciled individuals who are neither resident nor ordinarily tax resident in Ireland may be subject to the domicile levy as a consequence of owning the Notes.

Irish tax resident companies and non-resident companies which hold Notes in connection with a trade carried on in Ireland through a branch or agency will, in general, be subject to corporation tax on income from the Notes. The standard rate of tax applying to the trading profits of companies is 12.5 percent. The rate of corporation tax applying to non-trading income is 25 percent. In certain circumstances a surcharge of 20 percent can apply to investment income earned by Irish tax resident companies which are considered to be “close companies” for Irish tax purposes.

All persons are under a statutory obligation to account for Irish tax on a self-assessment basis and there is no requirement for the Irish Revenue Commissioners to issue or raise an assessment.

A registered security is treated as being situated where the principal register is located. As the Notes issued by the Issuer will be registered in Ireland, they should be regarded as property situated in Ireland and the interest earned on such Notes should be regarded as Irish source interest income which would, as a result, be subject to Irish income tax on first principles.

However, there may be an exemption for Irish tax on such interest income under a double taxation agreement between Ireland and the country in which the recipient is resident for tax purposes. There is also an exemption from income tax under Irish domestic law in respect of interest payments arising on “Quoted Eurobonds” (see definition below) where the recipient is resident in a Relevant Territory or where the recipient is a company and either (i) it is under the control (directly or indirectly) of residents of a Relevant Territory who are not themselves controlled by (directly or indirectly) by persons who are not residents of a Relevant Territory; or (ii) its principal class of shares or, where the company is a 75 percent plus subsidiary of one or more companies, the principal class of shares of that other company or companies are substantially and regularly traded on a recognized stock exchange in a Relevant Territory (for these purposes a company is a 75 percent subsidiary of another company if and so long as not less than 75 percent of its ordinary share capital is beneficially owned directly or indirectly (through another company or other companies) by that other company).

Withholding Taxes

In general, withholding tax at the rate of 20 percent must be deducted from interest payments made by an Irish resident company. However, there is an exemption from withholding tax under Irish domestic law in respect of, inter alia, interest payments on “Quoted Eurobonds” in certain circumstances, which is expected to apply to the interest payments on the Notes.

A “Quoted Eurobond” is defined as a security which:

- (i) is issued by a company;
- (ii) is quoted on a recognized stock exchange; and
- (iii) carries a right to interest.

There is no obligation to withhold tax on Quoted Eurobonds where:

- (i) the person by or through whom the payment is made is not in Ireland, or
- (ii) the payment is made by or through a person in Ireland, and
 - (a) the Quoted Eurobond is held in a recognized clearing system (*viz.* Bank One NA, Depository and Clearing Centre; Central Moneymarkets Office; Clearstream Banking SA; Clearstream Banking AG; CREST; Depository Trust Company of New York; Euroclear; Monte Titoli SPA; Netherlands Centraal Instituut voor Giraal Effectenverkeer BV; National Securities Clearing System; Sicovam SA; SIS Sega Intersettle AG), or
 - (b) the person who is the beneficial owner of the Quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made an appropriate written declaration to this effect.

It is intended that the person through whom the interest payments on the Notes will be made (*viz.* DTC) will not be in Ireland.

If, for any reason, the exemption for Quoted Eurobonds is not applicable, the Issuer can still pay interest on the Notes free of withholding tax provided that (i) it is a Qualifying Company for the purposes of the Irish Securitization Regime; and (ii) the interest is paid to a person which is tax resident in a Relevant Territory under the local law of that territory. This exemption from withholding tax will not apply, however, if the interest is paid to a company in connection with a trade or business carried on by it through a branch or agency located in Ireland.

In certain cases Irish encashment tax may be required to be withheld at the standard rate of income tax (20 percent) from interest on any Quoted Eurobond where a person in Ireland

receives interest in respect, or on behalf, of a holder of a debt instrument (such as the Notes) where (i) the payment of that interest was not made by or entrusted to a person in Ireland; or where the instruments on which the interest arose was held in a recognized clearing system.

European Union Directive on the Taxation of Savings Income

The regulations implementing in Ireland the European Union Directive on Savings (EC (Taxation of Savings Income in the form of Interest Payments) Regulations 2003) provide for various reporting requirements which would apply to a paying agent making payments on behalf of the Issuer in respect of interest to individuals and certain “residual entities” (essentially intermediaries through whom interest payments are made) resident in other member states of the EU. These reporting requirements do not apply where: (1) payments of interest on the Notes will be made by the paying agent, (2) the paying agent does not carry on a trade in Ireland through a branch or agency to which its activities as paying agent are attributable, and (3) the payments are not made through a “residual entity” in Ireland.

Deposit Interest Retention Tax (“DIRT”)

The interest on the Notes should not be liable to DIRT on the basis that the Issuer is not a deposit taker as defined in Irish tax law.

Capital Gains Tax

In the case of a person who is either resident or ordinarily resident in Ireland, the disposal or redemption of the Notes may be liable to Irish capital gains tax at a rate of 33 percent. If the person is neither resident nor ordinarily resident in Ireland, a liability to Irish capital gains tax on the disposal or redemption should not arise unless the Notes have been used in or for the purposes of a trade carried on by such person in Ireland through a branch or agency, or which were used or held or acquired for use by or for the purposes of the branch or agency. Irish domiciled individuals who are neither resident nor ordinarily tax resident in Ireland may be subject to the domicile levy as a consequence of owning the Notes.

Capital Acquisitions Tax

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax (at a rate of 33%) if either (i) the disponent or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland (special rules with regard to residence apply where the donor and/or beneficiary is not domiciled in Ireland) or (ii) if the Notes are regarded as property situate in Ireland. In this regard, bearer notes are generally regarded as situated where they are physically located at any particular time and registered notes are generally regarded as situated where the principal register of Noteholders is maintained or is required to be maintained. The Issuer is an Irish registered company and, therefore, will be required to maintain a register in Ireland. In addition, as the Notes secure a debt due by an Irish resident debtor and they may be secured over Irish property, the Notes may be regarded as situated in Ireland regardless of their physical location. Accordingly, if such Notes are comprised in a gift or inheritance, the gift or inheritance should be within the charge to tax regardless of the residence status of the disponent or the donee/successor.

Stamp duty

As the Issuer is an Irish registered company, the transfer of the Notes should generally fall within the scope of Irish stamp duty. However, the conveyance or transfer of the Notes should qualify for an exemption from Irish stamp duty which applies to the issue or transfer of securities issued by a company which is a Qualifying Company for the purposes of the Irish Securitization Regime provided that the money raised is used in the course of its business.

Taxation of the Issuer

Corporation Tax

The Issuer intends that it will conduct its business so that it should be considered tax-resident in Ireland. In general, Irish-resident companies pay corporation tax at the rate of 12.5 percent on trading income, 25 percent on non-trading income and 33 percent on non-trading capital gains. The Issuer intends to satisfy the criteria to be a Qualifying Company for the purposes of the Irish Securitization Regime and to elect into that regime. As a Qualifying Company for the purposes of the Irish Securitization Regime, in calculating net taxable income, the Issuer expects that it will be taxable at a rate of 25 percent on the interest it receives on the loan or loans it advances out of the proceeds of the issue of the Notes to refinance the Aircraft as well as any gains it realizes in respect of that loan or loans or the Notes. The Issuer also expects to be entitled to a tax deduction for the interest paid to the Noteholders in respect of the Notes as well as its operating expenses and any loss it realizes in respect of the on-loan or the Notes. The Issuer does not expect to retain a significant profit in respect of this transaction and, consequently, does not expect to pay a significant amount of corporation tax.

Stamp duty

As the Issuer is an Irish registered company, the issue of the Notes should generally fall within the scope of Irish stamp duty. However, the issue of the Notes should qualify for an exemption from Irish stamp duty which applies to the issue or transfer of securities issued by a company which is a Qualifying Company for the purposes of the Irish Securitization Regime provided that the money raised is used in the course of its business.

Value Added Tax

There should be no Irish Value Added Tax payable in respect of payments in consideration for the issue of the Notes or for the transfer of the Notes.

U.S. Federal Income Taxation

The following summary sets forth certain U.S. federal income tax consequences of the purchase, ownership and disposition of the Notes. This summary is based upon existing U.S. federal income tax law as of the date of this offering circular, which law is subject to change, possibly with retroactive effect. This summary only applies to original purchasers of the Notes that hold their Notes as “capital assets” within the meaning of the United States Internal Revenue Code of 1986, as amended (the “Code”), and does not purport to discuss all aspects

of U.S. federal income taxation which may be relevant to particular investors, such as financial institutions, insurance companies, dealers in securities or currencies, regulated investment companies, tax-exempt organizations, persons holding the Notes as part of a position in a “straddle” or as part of a hedging, constructive sale or conversion transaction, partnerships ((or any entity treated as a partnership for U.S. federal income tax purposes) and partners in such partnerships), certain U.S. expatriates or former U.S. residents or investors whose functional currency is not the U.S. dollar. In addition, this summary does not discuss U.S. federal estate and gift tax consequences to holders, U.S. federal unearned income Medicare contribution tax, or any foreign, state or local tax considerations and does not address the tax treatment of holders that do not acquire the Notes as part of the initial distribution at their initial issue price. Prospective investors should consult their tax advisors with respect to the proper tax treatment of the Notes.

For purposes of this summary, a “U.S. Holder” means a beneficial owner of the Notes who is for U.S. federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation, created or organized in or under the laws of the U.S. or any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, and (iv) a trust if (A) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

If a partnership holds the Notes, the U.S. federal income tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding the Notes should consult their own tax advisors.

As used herein, the term “Non-U.S. Holder” means a beneficial owner of a Note that is neither a U.S. Holder nor a partnership for U.S. Federal Income Tax purposes.

Characterization of the Notes

The Issuer intends to take the position that the Notes are indebtedness for U.S. federal income tax purposes and are likely to be treated as indebtedness of the Lessee and the interest on the Notes as foreign source income. No ruling regarding the Notes has been sought or received from the U.S. Internal Revenue Service (the “IRS”), however, and there can be no assurance that the IRS will agree with the foregoing treatment. Prospective investors should consult their tax advisors with respect to the proper tax treatment of the Notes.

Certain Contingent Payments

The Issuer may be obligated to pay amounts in excess of the stated interest or principal on the Notes as described under “DESCRIPTION OF THE NOTES — MANDATORY REDEMPTION.” Because of this potential payment, the Notes may be subject to the provisions of regulations promulgated under the Code (“Treasury Regulations”) relating to “contingent payment debt instruments.” According to the applicable Treasury Regulations, certain contingencies will not cause a debt instrument, as of the date of issuance, to be treated

as a contingent payment debt instrument if such contingencies, as of the date of issuance, are “remote or incidental”. The Issuer intends to take the position that the foregoing contingency is “remote or incidental”, and the Issuer does not intend to treat the Notes as contingent payment debt instruments. The position of the Issuer that such contingencies are “remote or incidental” is binding on a holder unless such holder discloses its contrary position in the manner required by applicable Treasury Regulations. The position of the Issuer is not, however, binding on the IRS, and if the IRS were successfully to challenge this position, a holder might be required to accrue interest income at a higher rate than the stated interest rate on the Notes, and to treat as ordinary interest income any gain realized on the taxable disposition of the Notes. The remainder of this discussion assumes that the Notes will not be treated as contingent payment debt instruments. Holders of Notes should consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the Notes.

Ex-Im Bank Guarantee

In the event that the Ex-Im Bank Guarantee is exercised, Ex-Im Bank may issue Holders of Notes a payment certificate (the “Certificate”) with respect to the outstanding (but not yet due and payable) balance of any Note that is included in the Guaranteed Amount (See “THE EX-IM BANK GUARANTEE”). This issuance of Certificate in exchange for the Notes could result, for United States federal income tax purposes, in an actual or “deemed” exchange of the Notes for the Certificate.

If an exchange occurs, U.S. Holders could be treated as realizing a taxable gain on the exchange of the “old” Notes for the “new” Certificate. If such an exchange occurs, Non-U.S. Holders should be aware that the source of the interest income may become U.S. source rather than foreign source income. U.S. Holders are urged to consult their own tax advisors regarding any potential adverse tax consequences to them that may result from a deemed exchange of the Notes. The balance of the discussion discusses only the federal income tax consequences of the ownership of the Notes.

U.S. Holders

Although the Notes are guaranteed by Ex-Im Bank, income and gains on the Notes are not exempt from U.S. federal income tax.

Interest paid on the Notes will be taxable as ordinary interest income to a U.S. Holder at the time the interest accrues or is received in accordance with the U.S. Holder’s method of accounting for U.S. federal income tax purposes.

The interest on the Notes will be treated as foreign source income for purposes of computing the foreign tax credit allowable under the U.S. federal income tax laws, although it is possible that the interest could be treated as U.S. source interest if the Ex-Im Guarantee is exercised and Ex-Im Bank were to issue Holders of Notes a Certificate.

Upon the sale, exchange, retirement or other disposition of a Note, a U.S. Holder will recognize gain or loss equal to the difference between the amount realized upon such disposition minus amounts attributable to accrued but unpaid interest (which will be treated as

a payment of interest) and the adjusted tax basis of the Note. A U.S. Holder's adjusted tax basis in a Note will, in general, equal the U.S. Holder's cost for the Note reduced by any principal payments received on the Note. Such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Note was held for more than one year. Such gain or loss will generally constitute U.S. source income for U.S. federal income tax purposes. A U.S. Holder's ability to offset capital losses against ordinary income is subject to substantial limitations.

Individual U.S. Holders (and certain U.S. entities that may be specified in future IRS guidance) who hold interests in "specified foreign financial assets" may be required to file an annual report on IRS Form 8938 with certain information relating to each specified foreign financial asset for any taxable year in which the aggregate value of all such assets is greater than \$50,000 (or such higher dollar amount as prescribed by future IRS guidance). Specified foreign financial assets generally include any financial accounts maintained by foreign financial institutions as well as any of the following (which may include your Notes), but only if they are not held in accounts maintained by financial institutions: (1) stocks and securities issued by non-U.S. persons, (2) financial instruments and contracts held for investment where the issuer or counterparty is a non-U.S. person and (3) interests in non-U.S. entities. Substantial penalties may apply to the failure properly to disclose such information. U.S. Holders should consult their tax advisors as to the possible application to them of this information reporting requirement.

Non-U.S. Holders

Interest paid on the Notes to, or on behalf of, any beneficial owner that is a Non-U.S. Holder and that is not effectively connected with a U.S. trade or business of such Non-U.S. Holder will not be subject to U.S. federal withholding tax, provided that the interest is treated as foreign source interest, as discussed above.

In any event, however, U.S. federal withholding tax will not apply to interest on the Notes provided that the Non-U.S. Holder:

- is not a "10-percent shareholder" (within the meaning of Sections 881(c)(3)(B) and 871(h)(3)(B) of the Code) of the Lessee, the Issuer or the Issuer's Parent;
- is not a controlled foreign corporation (within the meaning of Section 957(a) of the Code) related to the Lessee or the Issuer;
- is not a bank receiving interest on a loan entered into in the ordinary course of its trade or business within the meaning of Section 881(c)(3)(A) of the Code; and
- either (i) certifies to the Issuer and the Issuer's Parent, the Issuer's paying agent, or the person who would otherwise be required to withhold U.S. federal income tax, that the three conditions set forth above are met and further certifies, generally on IRS Form W-8BEN or IRS Form W-8BEN-E or an applicable substitute form, under penalties of perjury, that it is not a U.S. person for U.S. federal income tax purposes and provides its name and address, or (ii) holds the Notes through certain foreign intermediaries and satisfies the certification requirements of the Code, Treasury Regulations and other applicable authorities.

An applicable withholding agent may request the foregoing information (or, if the Non-U.S. Holder cannot satisfy the foregoing exemption, another properly completed claim for exemption such as an IRS Form W-8ECI claiming interest on the Notes is effectively connected with the conduct of a U.S. trade or business or an IRS Form W-8BEN or IRS Form W-8BEN-E claiming exemption under an applicable income tax treaty) as a condition to making payment without withholding of U.S. federal withholding tax.

A Non-U.S. Holder whose interest income is effectively connected with a U.S. trade or business (or in the case of an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained in the United States) of the Non-U.S. Holder will be subject to regular U.S. federal income tax on such interest in generally the same manner as if it were a U.S. Holder. A Non-U.S. Holder that is classified as a corporation for U.S. federal income tax purposes may also be subject to an additional U.S. branch profits tax at a rate of 30% on its effectively connected earnings and profits attributable to such interest (unless reduced or eliminated by an applicable income tax treaty).

The Issuer is not obligated to indemnify a Non-U.S. Holder with respect to any U.S. federal withholding taxes. Hence, any such withholding tax will reduce amounts otherwise distributable to a Non-U.S. Holder. The Ex-Im Bank Guarantee does not cover any amounts withheld from payments of interest for U.S. federal withholding tax.

Any capital gain realized upon the sale, exchange, retirement or other taxable disposition of a Note held by a Non-U.S. Holder generally should not be subject to U.S. federal income or withholding taxes unless (1) such gain is effectively connected with a U.S. trade or business of the holder or (2) in the case of an individual, such holder is present in the United States for 183 days or more in the taxable year of the sale, exchange, retirement or other disposition and certain other conditions are met. Any gain that is effectively connected with the conduct of a U.S. trade or business by the Non-U.S. Holder will be subject to the regular U.S. federal net income tax at graduated rates (and, in certain cases, a branch profits tax), and any gain realized by a Non-U.S. Holder who is an individual who is present in the United States for 183 days or more in the taxable year of the sale, exchange, retirement or other disposition will generally be subject to a 30% tax.

Non-U.S. Holders should consult their own tax advisors regarding the withholding, income and other tax consequences to them of the purchase, ownership and disposition of the Notes under U.S. federal, state and local, and any other relevant, law in the light of their own particular circumstances.

Information Reporting and Backup Withholding

An investment in and certain payments associated with the Notes and proceeds from the sale of the Notes, may be subject to information reporting requirements, unless the holder is otherwise exempt from such reporting (and when required, demonstrates that it is so exempt). In addition, such payments may be subject to “backup” withholding at a current rate of 28%, unless the holder satisfies certain certification requirements or otherwise establishes an exemption from such tax under the applicable tax laws.

Backup withholding is not an additional tax. Any amount withheld under backup withholding rules may be refunded or credited against a holder's U.S. federal income tax liability, if any, provided that the required information is provided to the IRS.

FATCA Withholding on Payments to Foreign Financial Entities and Other Foreign Entities

Pursuant to Sections 1471 to 1474 of the Code and the Treasury Regulations promulgated thereunder, (the provisions commonly known as "FATCA"), U.S. source interest (and other fixed or determinable annual or periodical gains, profits, and income) paid after June 30, 2014 and the gross proceeds of sale or other disposition of Notes after December 31, 2016, to a foreign financial institution (whether such foreign financial institution is a beneficial owner or an intermediary) may be subject to U.S. federal withholding tax at a rate of 30% unless (x)(1) such institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes, for this purpose, among others, certain account holders that are foreign entities with substantial U.S. owners) or (2) such institution resides in a jurisdiction with which the United States has entered into an intergovernmental agreement to implement FATCA and (y) such foreign financial institution provides the withholding agent with a certification that it is eligible to receive payment free of FATCA withholding. The legislation also generally imposes a U.S. federal withholding tax of 30% on U.S. source interest paid after June 30, 2014 (and the gross proceeds of a sale or other disposition, of a Note after December 31, 2016), to a non-financial foreign entity (whether such non-financial foreign entity is a beneficial owner or an intermediary) unless such entity provides the withholding agent with a certification (i) that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which will in turn be provided to the U.S. tax authorities.

FATCA withholding should not apply to the Notes if interest on the Notes is treated as foreign source income. However, because there is some uncertainty with respect to the source of interest on the Notes if the Ex-Im Bank Guarantee is triggered, Non-U.S. Holders could be subject to withholding unless they certify that they are exempt from withholding under FATCA. A Non-U.S. Holder can meet the certification requirements by providing a properly executed IRS Form W-8BEN, IRS Form W-8BEN-E or IRS Form W-8ECI, as applicable.

The Issuer is not obligated to indemnify a holder with respect to any U.S. federal FATCA withholding taxes. Hence, any such withholding tax will reduce amounts otherwise payable to a holder. The Ex-Im Bank Guarantee does not cover any U.S. federal FATCA withholding taxes.

Prospective investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in the Notes.

The foregoing summary of certain Irish and U.S. federal income tax consequences is for general information only and is not tax advice. Accordingly, purchasers of Notes should consult their own tax advisor as to the tax consequences of the purchase, ownership and disposition of the Notes.

CERTAIN ERISA CONSIDERATIONS

The United States Employee Retirement Income Security Act of 1974, as amended (“ERISA”), imposes certain requirements on employee benefit plans subject to Title I of ERISA and on entities that are deemed to hold the assets of such plans (“ERISA Plans”), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements. Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, “Plans”)) and certain persons and entities (referred to as “parties in interest” or “disqualified persons”) having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction.

Any Plan fiduciary which proposes to cause a Plan to purchase the Notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such purchase and subsequent holding will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA or the Code. Non-U.S. plans, governmental plans and certain church plans, while not subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of ERISA and Section 4975 of the Code, may nevertheless be subject to non-U.S., state, local or other federal laws or regulations that are substantially similar to the foregoing provisions of ERISA and the Code (“Similar Law”). Fiduciaries of any such plans should consult with their counsel before purchasing the Notes to determine the need for, and the availability, if necessary, of any exemptive relief under any such law or regulations.

The fiduciary of a Plan that proposes to purchase and hold any Notes should consider, among other things, whether such purchase and holding may involve (i) the direct or indirect extension of credit to a party in interest or a disqualified person, (ii) the sale or exchange of any property between a Plan and a party in interest or a disqualified person, or (iii) the transfer to, or use by or for the benefit of, a party in interest or disqualified person, of any Plan assets. Such parties in interest or disqualified persons could include, without limitation, the Issuer, ICBCIL, the Lessee, the Indenture Trustee, the Security Trustee, the Initial Purchaser, Citibank, N.A. or any of their respective affiliates. Depending on the satisfaction of certain conditions which may include the identity of the Plan fiduciary making the decision to acquire or hold the Notes on behalf of a Plan, Section 408(b)(17) of ERISA or certain Department of Labor Prohibited Transaction Class Exemptions (“Class Exemptions”) could provide an exemption from the prohibited transaction provisions of ERISA and Section 4975 of the Code. However, there can be no assurance that any Class Exemption or any other exemption will be available with respect to any particular transaction involving the Notes.

Each purchaser or holder of the Notes or any interest therein will be deemed to have represented and agreed by its purchase and holding thereof that (a) either (1) it is not, and is not acting on behalf of (and for so long as it holds such Notes or any interest therein will not

be, and will not be acting on behalf of), a Plan or a governmental, church or non-U.S. plan which is subject to Similar Laws, and no part of the assets to be used by it to purchase or hold such Notes or any interest therein constitutes the assets of any Plan or such a governmental, church or non-U.S. plan, or (2) its purchase, holding and disposition of such Notes does not and will not constitute or otherwise result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, church or non-U.S. plan, a violation of Similar Laws); and (b) it will not sell or otherwise transfer such Notes or any interest therein otherwise than to a purchaser or transferee that is deemed to represent and agree with respect to its purchase, holding and disposition of such Notes to the same effect as the purchaser's representation and agreement set forth in this sentence.

PLAN OF DISTRIBUTION

The Issuer, ICBCIL and the Initial Purchaser named below will on the pricing date enter into a note purchase agreement with respect to the Notes. Subject to certain conditions, the Initial Purchaser has agreed to acquire from the Issuer and sell the aggregate principal amount of Notes indicated in the following table:

Initial Purchaser	Principal Amount of Notes
Citigroup Global Markets Inc.....	\$149,127,000
Total	\$149,127,000

The Initial Purchaser has committed to acquire all of the Notes being offered, if any are taken. The initial offering price is set forth on the cover page of this offering circular. After the Notes are released for sale, the Initial Purchaser may change the offering price and other selling terms. The offering of the Notes by the Initial Purchaser is subject to receipt and acceptance and subject to the Initial Purchaser's right to reject any order in whole or in part.

The Issuer has agreed in the note purchase agreement that for a period of 90 days after the closing date, it will not, without the prior written consent of Citigroup Global Markets Inc., offer, sell, contract to sell or otherwise dispose of any of its debt securities, except in accordance with the Indenture.

The Notes are a new issue of securities with no established trading market. The Issuer has been advised by the Initial Purchaser that the Initial Purchaser intends to make a market in the Notes but is not obligated to do so and may discontinue market making activities with respect to the Notes at any time without notice. No assurance is or can be given as to the liquidity of the trading market for the Notes.

In connection with the offering, the Initial Purchaser may purchase and sell the Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the Initial Purchaser of a greater number of Notes than it is required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

These activities by the Initial Purchaser, as well as other purchases by the Initial Purchaser for its own accounts, may stabilize, maintain or otherwise affect the market price of the Notes. As a result, the price of the Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the Initial Purchaser at any time. These transactions may be effected in the over-the-counter market or otherwise.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), the Initial Purchaser has represented and agreed that with effect from and including the date on which the Prospectus Directive is

implemented in that Relevant Member State it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this offering circular to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes shall require the Issuer or the Initial Purchaser to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (and the amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State, and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

The Initial Purchaser has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“the FSMA”) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer;
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom;
- (c) it will not underwrite the issue or placement of the Notes otherwise than in conformity with the provisions of the Irish European Communities (Markets in Financial Instruments) Regulations 2007 (Nos. 1 to 3) (as amended) (the “MiFID Regulations”) including, without limitation, Regulations 7 and 152 thereof or any codes of conduct issued in connection therewith, and the provisions of the Investor Compensation Act 1998;

- (d) it will not underwrite the issue or placement of the Notes, otherwise than in conformity with the provisions of the Irish Central Banks Acts 1942 to 1999 (as amended) and any codes of conduct rules made under Section 117(1) of the Irish Central Bank Act, 1989; and
- (e) it will not underwrite the issue or placement of, or otherwise act in Ireland in respect of the Notes, otherwise than in conformity with the provisions of the Irish Market Abuse (Directive 2003/6/EC) Regulations 2005 and any rules issued by IFSRA pursuant thereto.

The Notes may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the Notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

This offering circular has not been registered as a prospectus with the Monetary Authority of Singapore and the Notes will be offered pursuant to exemptions under the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”). Accordingly, the Initial Purchaser has agreed that it has not offered or sold any Notes or caused such Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such Notes or cause such Notes to be made the subject of an invitation for subscription or purchase and has not circulated or distributed, nor will it circulate or distribute, this offering circular and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1), or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is: (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor;

or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor, securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes under Section 275 of the SFA except: (1) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA or to any person pursuant to Section 275(1A) of the SFA or Section 276(4)(i)(B) of the SFA; (2) where no consideration is or will be given for the transfer; or (3) where the transfer is by operation of law; (4) as specified in Section 276(7) of the SFA; or (5) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulation 2005 of Singapore.

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the "Financial Instruments and Exchange Law") and the Initial Purchaser has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan. The Notes have not been and will not be registered in Japan pursuant to Article 4, Paragraph 1 of the Financial Instruments and Exchange Law in reliance upon the exemption from the registration requirements thereof, as the offering constitutes the small number private placement as provided for in "ha" of Article 2, Paragraph 3, Item 2 of the Financial Instruments and Exchange Law. A transferor of the Notes will not transfer or resell the Notes except where the transferor transfers or resells all the Notes en bloc to one transferee.

The Issuer expects that delivery of the Notes will be made against payment therefor on or about September 12, 2014, which will be the 4th business day following the date of pricing of the Notes (such settlement cycle being herein referred to as "T+4"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date of pricing or the next succeeding Banking Day will be required, by virtue of the fact that the Notes initially will settle T+4, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Notes who wish to trade Notes on the date of pricing or the next succeeding Banking Day should consult their own advisor.

The Issuer and ICBCIL have agreed to indemnify the Initial Purchaser against certain liabilities, including liabilities under the Securities Act.

The Initial Purchaser and its affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Issuer, ICBCIL and the Lessee, for which they received or will receive customary fees and expenses.
