The assets securing the Notes (as defined below) will consist of a portfolio of primarily Senior Loans and Mezzanine Loans managed by N.M. Rothschild & Sons Limited (the "**Collateral Manager**").

Contego CLO II B.V. (the "**Issuer**") will issue the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes (each as defined herein) on or about 5 November 2014 (the "**Issue Date**").

The Class A Notes, the Class B Notes, the Class C Notes, Class D Notes, the Class E Notes and the Class F Notes (such Classes, the "**Rated Notes**") together with the Subordinated Notes are collectively referred to herein as the "**Notes**". The Notes will be issued and secured pursuant to a trust deed (the "**Trust Deed**") dated the Issue Date, made between (amongst others) the Issuer and U.S. Bank Trustees Limited, in its capacity as trustee (the "**Trustee**").

Interest on the Notes will be payable (i) quarterly in arrear on 15 February, 15 May, 15 August and 15 November prior to the occurrence of a Frequency Switch Event (as defined herein) and (ii) semi-annually in arrear on 15 February and 15 August (where the Payment Date (as defined herein) immediately following the occurrence of a Frequency Switch Event is 15 February or 15 August) or 15 May and 15 November (where the Payment Date immediately following the occurrence of a Frequency Switch Event is 15 May or 15 November) following the occurrence of a Frequency Switch Event (or, in each case, if such day is not a Business Day (as defined herein), then on the next succeeding Business Day (unless it would fall in the following month, in which case it shall be moved to the immediately preceding Business Day)) in each year, commencing on 15 May 2015 and ending on the Maturity Date (as defined below) in accordance with the Priorities of Payments described herein.

This Offering Circular does not constitute a prospectus for the purposes of Article 5 of Directive 2003/71/EC (as amended) (the "**Prospectus Directive**"). The Issuer is not offering the Notes in any jurisdiction in circumstances that would require a prospectus to be prepared pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List (the "**Official List**") and trading on the Global Exchange Market of the Irish Stock Exchange (the "**Global Exchange Market**"). There can be no assurance that any such listing will be maintained. This Offering Circular constitutes listing particulars for the purpose of such application and has been approved as a listing particulars by the Irish Stock Exchange.

The Notes are limited recourse obligations of the Issuer which are payable solely out of amounts received by or on behalf of the Issuer in respect of the Collateral (as defined herein). The net proceeds of the realisation of the security over the Collateral upon acceleration of the Notes following a Note Event of Default (as defined herein) may be insufficient to pay all amounts due on the Notes after making payments to other creditors of the Issuer ranking prior thereto or *pari passu* therewith. In the event of a shortfall in such proceeds, the Issuer will not be obliged to pay, and the other assets (including the Issuer Dutch Account and the rights of the Issuer under the Issuer Management Agreement (each as defined herein)) of the Issuer will not be available for payment of such shortfall, all claims in respect of which shall be extinguished. See Condition 4(c) (*Limited Recourse and Non Petition*).

The Notes have not been registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and will be offered only: (a) outside the United States to non-U.S. Persons (as defined in Regulation S under the Securities Act ("**Regulation S**")); and (b) within the United States to persons and outside the United States to U.S. Persons (as such term is defined in Regulation S ("**U.S. Persons**")), in each case, who are both qualified institutional buyers (as defined in Rule 144A under the Securities Act) in reliance on Rule 144A under the Securities Act and qualified purchasers for the purposes of Section 3(c)(7) of the United States Investment Company Act of 1940, as amended (the "**Investment Company Act**"). The Issuer will not be registered under the Investment Company Act. Interests in the Notes will be subject to certain restrictions on transfer, and each purchaser of the Notes offered hereby in making its purchase will make certain acknowledgements, representations and agreements (actual or deemed). See "*Plan of Distribution*" and "*Transfer Restrictions*".

The Notes are being offered by the Issuer through Credit Suisse Securities (Europe) Limited in its capacity as initial purchaser of the Notes (the "**Initial Purchaser**") subject to prior sale, when, and if delivered to and accepted by the Initial Purchaser, and subject to certain conditions as to acceptance. It is expected that delivery of the Notes will be made by the Issuer on the Issue Date.

15 February, 15 May, 15 August and 15 November prior to the occurrence of a Frequency Switch Event and on 15 February and 15 August (where the Payment Date immediately following the occurrence of a Frequency Switch Event is 15 February or 15 August) or on 15 May and 15 November (where the Payment Date immediately following the occurrence of a Frequency Switch Event is 15 May or 15 November) following the occurrence of a Frequency Switch Event, in each year commencing on 15 May 2015 and ending on the Maturity Date (subject to any earlier redemption of the Notes and in each case to adjustment for non-Business Days in accordance with the Conditions).

The Issuer and the Collateral Manager may (and shall if so directed by an Ordinary Resolution of the Subordinated Noteholders) designate a date other than a scheduled Payment Date as a Payment Date provided that, *inter alia*, it falls on a Business Day falling on or after the redemption in full of all Classes of Rated Notes (see Condition 3(m) (*Unscheduled Payment Dates*)).

Stated Note Interest

Interest in respect of the Notes of each Class will be payable quarterly in arrear prior to the occurrence of a Frequency Switch Event and semi-annually in arrear following the occurrence of a Frequency Switch Event, in each case on each Payment Date (with the first Payment Date occurring in 15 May 2015) in accordance with the Interest Priority of Payments.

Non-payment and Deferral of Interest

Failure on the part of the Issuer to pay the Interest Amounts due and payable on of the Class A Notes or the Class B Notes pursuant to Condition 6 (*Interest*) and the Priorities of Payments will constitute a Note Event of Default if such failure continues for a period of at least five Business Days

(or, in the case of administrative error only, at least seven Business Days), save as the result of any deduction therefrom or the imposition of any withholding tax thereon as set out in Condition 9 (*Taxation*).

Failure on the part of the Issuer to pay the Interest Amounts due and payable on of the Class C Notes, Class D Notes, Class E Notes or Class F Notes pursuant to Condition 6 (*Interest*) and the Priorities of Payments will not constitute a Note Event of Default. To the extent that interest payments on the Class C Notes, Class D Notes, Class E Notes or the Class F Notes are not made on the relevant Payment Date in such circumstances, an amount equal to such unpaid interest will be added to the principal amount of the Class C Notes, Class D Notes, Class E Notes and the Class F Notes (as applicable), and from the date such unpaid interest is added to the applicable Principal Amount Outstanding of the relevant Class of Notes, such unpaid amount will accrue interest at the rate of interest applicable to the relevant Notes. See Condition 6(c) (*Deferral of Interest*).

Non-payment of amounts due and payable on the Subordinated Notes as a result of the insufficiency of available Interest Proceeds will not constitute a Note Event of Default.

Redemption of the Notes

Principal payments on the Notes may be made in the following circumstances:

- (a) on the Maturity Date;
- (b) on any Payment Date following a Determination Date on which a Coverage Test is not satisfied (to the extent such test is required to be satisfied on such Determination Date);

- (f) in whole (with respect to all Classes of Rated Notes) but not in part on any Business Day following the expiry of the Non-Call Period either from Sale Proceeds or Refinancing Proceeds (or any combination thereof) at the direction of the holders of the Subordinated Notes (acting by way of Ordinary Resolution), subject to the satisfaction of certain conditions as set out in Condition 7(b)(i)(A) (*Optional Redemption of the Rated Notes in Whole – Subordinated Noteholders*);

1.1. General

It is intended that the Issuer will invest in loans and other financial assets with certain risk characteristics as described below and subject to the investment policies, restrictions and guidelines described in *"The Portfolio"*. There can be no assurance that the Issuer's investments will be successful, that its investment objectives will be achieved, that the Noteholders will receive the full amounts payable by the Issuer under the Notes or that they will receive any return on their investment in the Notes. Prospective investors are therefore advised to review this entire Offering Circular carefully and should consider, among other things, the risk factors set out in this section before deciding whether to invest in the Notes. Except as is otherwise stated below, such risk factors are generally applicable to all Classes of Notes, although the degree of risk associated with each Class of Notes will vary in accordance with the position of such Class of Notes in the Priorities of Payments. See Condition 3(c) (*Priorities of Payments*). Neither the Initial Purchaser nor the Trustee undertake to review the financial condition or affairs of the Issuer or the Collateral Manager during the life of the arrangements contemplated by this Offering Circular nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Initial Purchaser or the Trustee which is not included in this Offering Circular.

1.2. Suitability

Prospective investors in the Notes of any Class should ensure that they understand the nature of such Notes and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, accounting and financial evaluation of the merits and risks of investment in such Notes and that they consider the suitability of such Notes as an investment in light of their own circumstances and financial condition and that of any accounts for which they are acting.

1.3. Limited Resources of Funds to Pay Expenses of the Issuer

The funds available to the Issuer to pay its expenses on any Payment Date are limited as provided in the Priorities of Payments. In the event that such funds are not sufficient to pay the expenses incurred by the Issuer, the ability of the Issuer to operate effectively may be impaired, and it may not be able to defend or prosecute legal proceedings brought against it or which it might otherwise bring to protect its interests or be able to pay the expenses of legal proceedings against persons it has indemnified.

1.4. Business and Regulatory Risks for Vehicles with Investment Strategies such as the Issuer's

Legal, tax and regulatory changes could occur over the course of the life of the Notes that may adversely affect the Issuer. The regulatory environment for vehicles of the nature of the Issuer is evolving, and changes in the regulation of the same may adversely affect the value of investments held by the Issuer and the ability of the Issuer to obtain the leverage it might otherwise obtain or to pursue its investment and trading strategies. In addition, the securities and futures markets are subject to comprehensive statutes, regulations and margin posting requirements. Certain regulators and self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The regulation of derivatives transactions and vehicles that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The effect of any future regulatory change on the Issuer could be substantial and adverse.

1.5. Events in the CLO and Leveraged Finance Markets

Over the past several years, European financial markets have experienced volatility and have been adversely affected by concerns over economic contraction in certain EU member states, rising government debt levels,

credit rating downgrades, and risk of default or restructuring of government debt. These events could cause bond yields and credit spreads to increase.

Many European economies continue to suffer from high rates of unemployment. This economic climate may have an adverse effect on the ability of consumers and businesses to repay or refinance their existing debt. Several countries have experienced or are currently experiencing a "double-dip" recession and there remains a risk of a "double-dip" recession in countries which have experienced modest growth over previous quarters and continued recession in countries which have not yet experienced positive growth since the onset of the global recession.

As discussed further in 1.6 (*Euro and Euro-Zone Risk*) below, it is possible that countries that have adopted the Euro could return to a national currency. The effect on a national economy as a result of leaving the Euro is difficult to predict, but is likely to be negative. The exit of one or more countries from the Euro-Zone could have a destabilising effect on all European economies and possibly the global economy as well.

Significant risks for the Issuer and investors exist as a result of the current economic conditions. These risks include, among other things, (i) the likelihood that the Issuer will find it more difficult to sell any of its assets or to purchase new assets in the secondary market, (ii) the possibility that, on or after the Issue Date, the price at which assets can be sold by the Issuer will have deteriorated from their effective purchase price and (iii) the illiquidity of the Notes. These additional risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to their Maturity Date. In addition, the primary market for a number of financial products including leveraged loans has not fully recovered from the effects of the global credit crisis. As well as reducing opportunities for the Issuer to purchase assets in the primary market, this is likely to increase the refinancing risk in respect of maturing assets. Although there have recently been signs that the primary market for certain financial products is recovering, particularly in the United States of America, the impact of the economic crisis on the primary market may adversely affect the flexibility of the Collateral Manager to invest and, ultimately, the returns on the Notes to investors.

Difficult macro economic conditions may adversely affect the rating, performance and the realisation value of the Collateral. Default rates on loans and other investments may continue to fluctuate and accordingly the performance of many collateralised loan obligation ("**CLO**") transactions and other types of investment vehicles may suffer as a result. It is also possible that the Collateral will experience higher default rates than anticipated and that performance will suffer.

Many financial institutions, including banks, continue to suffer from capitalisation issues. The bankruptcy or insolvency of a major financial institution may have an adverse effect on the Issuer, particularly if such financial institution is a grantor of a participation in an asset or is a hedge counterparty to a swap or hedge involving the Issuer, or a counterparty to a buy or sell trade that has not settled with respect to an asset. The bankruptcy or insolvency of another financial institution may result in the disruption of payments to or by the Issuer. In addition, the bankruptcy or insolvency of one or more additional financial institutions may trigger additional crises in the global credit markets and overall economy which could have a significant adverse effect on the Issuer, the Collateral and the Notes.

One of the effects of the global credit crisis and the failure of financial institutions is the introduction of a significantly more restrictive regulatory environment including the implementation of new accounting and capital adequacy rules in addition to further regulation of derivative and/or securitised instruments. Such additional rules and regulations could, among other things, adversely affect Noteholders as well as the flexibility of the Collateral Manager in managing and administering the Collateral.

While it is possible that current conditions may improve for certain sectors of the global economy, there can be no assurance that the CLO, leveraged finance or structured finance markets will recover at the same time or to the same degree as such other recovering sectors.

1.6. Euro and Euro-Zone Risk

The sovereign debt crisis in several European countries, in particular Greece, Cyprus, Ireland, Italy, Portugal and Spain, together with the risk of contagion to other, more stable, countries, particularly France and Germany, has exacerbated the global economic crisis. This situation has also raised a number of uncertainties regarding the stability and overall standing of the European Economic and Monetary Union and may result in changes to the composition of the Euro-Zone.

As a result of the credit crisis in Europe, the European Commission created the European Financial Stability Facility (the "EFSF") and the European Financial Stability Mechanism (the "EFSM") to provide funding to Euro-Zone countries in financial difficulties that seek such support. In March 2011, the European Council agreed on the need for Euro-Zone countries to establish a permanent stability mechanism, the European Stability Mechanism (the "ESM"), which was activated by mutual agreement, to assume the role of the EFSF and the EFSM in providing external financial assistance to Euro-Zone countries after June 2013.

Despite these measures, concerns persist regarding the growing risk that other Euro-Zone countries could be subject to an increase in borrowing costs and could face an economic crisis similar to that of Cyprus, Greece, Ireland, Italy, Portugal and Spain, together with the risk that some countries could leave the Euro-Zone (either voluntarily or involuntarily), and that the impact of these events on Europe and the global financial system could be severe which could have a negative impact on the Collateral.

Furthermore, concerns that the Euro-Zone sovereign debt crisis could worsen may lead to the reintroduction of national currencies in one or more Euro-Zone countries or, in more extreme circumstances, the possible dissolution of the Euro entirely. The departure or risk of departure from the Euro by one or more Euro-Zone countries and/or the abandonment of the Euro as a currency could have major negative effects on the Issuer, the Collateral (including the risks of currency losses arising out of redenomination and related haircuts on any affected assets) and the Notes. Should the Euro dissolve entirely, the legal and contractual consequences for holders of Euro-denominated obligations (including the Notes) would be determined by laws in effect at such time. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the Notes. It is difficult to predict the final outcome of the Euro-Zone crisis. Investors should carefully consider how changes to the Euro-Zone may affect their investment in the Notes.

1.7. Flip Clauses

The validity and enforceability of certain provisions in contractual priorities of payments (such as the Priorities of Payments) which purport to alter the priority in which a particular secured creditor is paid as a result of the occurrence of one or more specified trigger events, including the insolvency of such creditor ("**flip clauses**"), have been challenged recently in the English and U.S. courts on the basis that the operation of a flip clause as a result of such creditor's insolvency breaches the "anti-deprivation" principles of English and U.S. insolvency law. This principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency.

The English Supreme Court has, in *Belmont Park Investments Pty Limited v BNY Corporate Trustee Services Limited and Lehman Brothers Special Financing Inc.* [2011] UKSC 38, upheld the validity of a flip clause contained in an English-law governed security document, stating that the anti-deprivation principle was not breached by such provisions.

In the U.S. courts, the U.S. Bankruptcy Court for the Southern District of New York in *Lehman Brothers Special Financing Inc. v. BNY Corporate Trustee Services Limited. (In re Lehman Brothers Holdings Inc.)*, Adv. Pro. No. 09-1242-JMP (Bankr. S.D.N.Y. May 20, 2009) examined a flip clause and held that such a provision, which seeks to modify one creditor's position in a priority of payments when that creditor files for bankruptcy, is unenforceable under the U.S. Bankruptcy Code. Judge Peck acknowledged that this has resulted in the U.S. courts coming to a decision "directly at odds with the judgement of the English Courts". While BNY Corporate Trustee Services Ltd filed a motion for and was granted leave to appeal with the U.S. Bankruptcy Court, the case was settled before the appeal was heard. In 2012, a new suit was filed in the U.S. Bankruptcy Court by claimants in the *Belmont* case asking, among other things, for the U.S. Bankruptcy Court to recognise and enforce the decision of the English Supreme Court and to declare that flip clauses are enforceable under U.S. bankruptcy law notwithstanding that court's earlier decision. Plaintiffs in that suit have also filed a companion motion alleging that the issues in their complaint are tangential to the bankruptcy before the U.S. Bankruptcy Court and that, therefore, the suit should be removed to a U.S. district court. The bankruptcy proceeding was closed by the U.S. Bankruptcy Court in June 2013 and there has been no further action on the district court proceeding since October 2013. Given the current state of U.S. and English law, this is likely to be an area of continued judicial focus particularly in respect of multi-jurisdictional insolvencies.

The flip clause examined in the *Belmont* case is similar in substance to the relevant provisions in the Priorities of Payments, however the context and manner of subordination which may be applied to a Hedge Counterparty in accordance with such provisions will not be identical; and the judgments in *Belmont* and subsequent litigation in which the same rule has been applied have noted that English law questions relating to the anti-deprivation

principle will be determined on the basis of the particular terms at hand and their commercial context. As such, it is not necessarily settled that the particular flip clauses contained in the Priorities of Payments would certainly be enforceable as a matter of English law, in the case of insolvency of a Hedge Counterparty.

Moreover, if the Priorities of Payments are the subject of litigation in any jurisdiction outside England and Wales, in particular in the United States of America, and such litigation results in a conflicting judgment in respect of the binding nature of the Priorities of Payments, it is possible that termination payments due to the Hedge Counterparties would not be subordinated as envisaged by the Priorities of Payments and as a result, the Issuer's ability to repay the Noteholders in full may be adversely affected. There is a particular risk of such conflicting judgments where a Hedge Counterparty is the subject of bankruptcy or insolvency proceedings outside England and Wales.

1.8. Foreign Accounts Tax Compliance Act Withholding

FATCA imposes a new reporting regime and, potentially, a 30 per cent. withholding tax with respect to (i) certain payments from sources within the United States, (ii) "foreign passthru payments" made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. The Issuer may be classified as a financial institution for these purposes.

The Issuer expects to require (and other intermediaries through which Notes are held to require) each Noteholder to provide certifications and identifying information about itself and its direct or indirect owners (or beneficial owners or controlling persons) in order to enable the Issuer (or an intermediary) to identify and report on the Noteholder and certain of the Noteholder's direct and indirect U.S. beneficial owners or controlling persons to the IRS or a Netherlands authority. The Issuer may also be required to withhold amounts from Noteholders (including intermediaries through which such Notes are held) that do not provide the required information, or that are "foreign financial institutions" that are not compliant with, nor exempt from, FATCA. Although certain exceptions to these disclosure requirements could apply, each Noteholder should assume that the failure to provide the required information generally will compel the Issuer (or an intermediary) to force the sale of the Noteholder's Notes (and such sale could be for less than its then fair market value) – see Condition 2(j) (*Forced Transfer pursuant to FATCA*) and 3.21 (*Forced Transfer*) below. Moreover, the Issuer is also permitted to make any amendments to the Trust Deed or any other Transaction Document (subject to the consent of the other parties thereto) (as applicable), and the Trustee shall consent to (without the consent of the Noteholders) such amendment, to enable the Issuer to comply with FATCA.

If an amount in respect of such withholding tax were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer, the Principal Paying Agent nor any other person would, pursuant to the Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected. Prospective investors should refer to the section "*Tax Considerations – Foreign Account Tax Compliance Act*".

1.9. United States Federal Income Tax Treatment of the Issuer

Upon the issuance of the Notes, Allen & Overy LLP, will deliver an opinion generally to the effect that, under current law, assuming compliance with the Transaction Documents and based upon certain factual representations made by the Issuer and/or the Collateral Manager, and assuming the correctness of all opinions and advice of counsel that permit the Issuer to take or fail to take any action under the Transaction Documents based upon such opinions or advice, although the matter is not free from doubt, the Issuer will not be treated as engaged in the conduct of a trade or business within the United States for U.S. federal income tax purposes. The opinion of Allen & Overy LLP will be based on certain factual assumptions, covenants and representations as to the Issuer's contemplated activities. The Issuer intends to conduct its affairs in accordance with such assumptions and representations. In addition, you should be aware that the opinion referred to above will be predicated upon the Collateral Manager's compliance with certain tax restrictions set out in the Trust Deed and the Collateral Management and Administration Agreement (the "**Trading Restrictions**"), which are intended to prevent the Issuer from engaging in activities which could give rise to a trade or business within the United States. Although the Collateral Manager has generally undertaken to comply with the Trading Restrictions, the Trading Restrictions may be amended if the Issuer receives an opinion from internationally recognised U.S. tax counsel that the amendment will not cause the Issuer to be treated as engaged in a trade or business within the United States. Any such actions would not be covered by the opinion of Allen & Overy LLP referred to above.

Furthermore, the Collateral Manager is not obligated to monitor (or conform the Issuer's activities in order to comply with) changes in law, and accordingly, any such changes could adversely affect whether the Issuer is treated as engaged in a U.S. trade or business. The opinion of Allen & Overy LLP will be based on the documents as of the Issue Date, and accordingly, will not address any potential U.S. federal income tax effect of any supplemental indenture. The opinion of Allen & Overy LLP and any such other advice or opinions are not binding on the IRS or the courts, and no ruling will be sought from the IRS regarding this, or any other, aspect of the U.S. federal income tax treatment of the Issuer. Accordingly, in the absence of authority on point, the U.S. federal income tax treatment of the Issuer is not entirely free from doubt, and there can be no assurance that positions contrary to those stated in the opinion of Allen & Overy LLP or any such other advice or opinions may not be asserted successfully by the IRS.

If the IRS were to successfully assert that the Issuer is engaged in a U.S. trade or business, however, there could be material adverse financial consequences to the Issuer and to persons who hold the Notes. There can be no assurance, that the Issuer's net income will not become subject to U.S. federal net income tax as a result of unanticipated activities by the Issuer, changes in law, contrary conclusions by U.S. tax authorities or other causes. In such a case, the Issuer would be potentially subject to substantial U.S. federal income tax and, in certain circumstances interest payments by the Issuer under the Notes could be subject to U.S. withholding tax. The imposition of any of the foregoing taxes would materially affect the Issuer's ability to pay principal, interest, and other amounts owing in respect of the Notes.

1.10. Taxation Implications of Contributions

A Noteholder may, in certain circumstances, provide the Issuer with cash by way of a Contribution in accordance with Condition 3(d) (*Contributions*). Noteholders may become subject to taxation in relation to the making of a Contribution. Noteholders are solely responsible for any and all taxes that may be applicable in such circumstances. Noteholders should seek their own professional advice as to their treatment before making a Contribution in accordance with Condition 3(d) (*Contributions*).

1.11. EU Financial Transaction Tax

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common financial transaction tax (the "**FTT**") in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia, Slovakia and Spain (the "**participating EU member states**").

The Commission's Proposal has a very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating EU member states. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating EU member state. A financial institution may be, or be deemed to be, "established" in a participating EU member state in a broad range of circumstances, including (a) by transacting with a person established in a participating EU member state or (b) where the financial instrument which is subject to the dealings is issued in a participating EU member state.

At this stage, it is too early to say whether the FTT proposals will be adopted and in what form. However, if the FTT is adopted based on the current proposals, then it may operate in a manner giving rise to tax liabilities for the Issuer with respect to certain transactions (including concluding swap transactions and/or purchases or sales of securities (such as authorised investments)). Any such liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest or principal than expected. To the extent that such liabilities may arise at a time when winding up proceedings have been commenced in respect of the Issuer, such liabilities may be regarded as an expense of the liquidation and, as such, be payable out of the floating charge assets of the Issuer (and its general estate) in priority to the claims of Noteholders and other secured creditors. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal.

If adopted, the FTT may also apply to dealings in the Collateral to the extent the Collateral constitutes financial instruments within its scope. In such circumstances, there will be no gross-up by any party to the transaction and amounts available for distribution to Noteholders may be reduced.

A joint statement issued in May 2014 by ten of the eleven participating EU member states indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. The FTT, as initially implemented on this basis, may not apply to dealings in the Notes.

The FTT proposal remains subject to negotiation between the participating EU member states described above. It may therefore be altered prior to any implementation. Additional EU member states may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT and its potential impact on the Collateral and the Notes before investing.

1.12. EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. The Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Luxembourg and Austria are required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which operates a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the relevant Issuer nor the Principal Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. Pursuant to Condition 8(d) (*Principal Paying Agent and Transfer Agent*), so long as such a jurisdiction exists, the Issuer will be required to maintain a paying agent in a Member State that is not obliged to withhold or deduct tax pursuant to any law implementing or complying with, or introduced in order to conform to, the EU Savings Directive.

1.13. The Issuer is Expected to be Treated as a Passive Foreign Investment Company

The Issuer is expected to be a passive foreign investment company for U.S. federal income tax purposes, which means that a U.S. Noteholder of Subordinated Notes (and any Class of Notes treated as equity for U.S. federal income tax purposes) may be subject to adverse tax consequences unless such Noteholder elects to treat the Issuer as a qualifying electing fund and to recognise currently its proportionate share of the Issuer's income whether or not distributed to such U.S. Noteholder. Such election can only be made if the Issuer provides relevant information to such U.S. Noteholders, but the Issuer will provide such information only at the cost of such holder. Since such cost may be significant, the Subordinated Notes may not be a suitable investment for U.S. Noteholders. In addition, depending on the overall ownership of interests in the Issuer, a U.S. Noteholder of more than 10 per cent. of the Subordinated Notes may be treated as a U.S. shareholder in a controlled foreign corporation and required to recognise currently its proportionate share of the "subpart F income" of the Issuer, whether or not distributed to such U.S. Noteholder. The Issuer will cause its independent accountants to provide U.S. Noteholders of the Subordinated Notes, upon request by such U.S. Noteholder and at the U.S. Noteholder's

expense, with the information reasonably available to the Issuer that a U.S. Noteholder reasonably requests to assist such Noteholder with regard to filing requirements that such Noteholder is required to satisfy as a result of the controlled foreign corporation rules under the Code. Since such cost may be significant, the Subordinated Notes may not be a suitable investment for U.S. Noteholders. A U.S. Noteholder that makes a qualified electing fund election, or that is required to include subpart F income in the event that the Issuer is treated as a controlled foreign corporation, may recognise income in amounts significantly greater than the payments received from the Issuer. Taxable income may exceed cash payments when, for example, the Issuer uses earnings to repay principal on the Notes or accrues income on the Collateral Obligations prior to the receipt of cash or the Issuer discharges its debt at a discount. A U.S. Noteholder that makes a qualified electing fund election or that is required to recognise currently its proportionate share of the subpart F income of the Issuer will be required to include in the current income its *pro rata* share of such earnings, income or amounts whether or not the Issuer actually makes any payments to such Noteholder.

1.14. Action Plan on Base Erosion and Profit Shifting

At a meeting in Paris on 29 May 2013, the OECD Council at Ministerial Level adopted a declaration on base erosion and profit shifting urging the OECD's Committee on Fiscal Affairs to develop an action plan to address base erosion and profit shifting in a comprehensive manner. In July 2013, the OECD launched its Action Plan on Base Erosion and Profit Shifting, identifying 15 specific actions to achieve this.

One of the action points (Action 6) is to prevent treaty abuse by developing model treaty provisions to prevent the granting of treaty benefits in inappropriate circumstances. On 14 March 2014, the OECD's Committee on Fiscal Affairs published a public discussion draft which recommended that tax treaties should include a specific anti-abuse rule based on the "limitation-on-benefits" provisions included in treaties concluded by certain countries such as the United States of America. Such a provision would limit the benefits of treaties, in the case of companies and in broad terms, to (i) certain publicly listed companies and their subsidiaries, (ii) companies established for religious, charitable, scientific, artistic, cultural, or educational purposes or which carry on a pensions business; (iii) companies owned by persons who would be eligible for treaty benefits provided that the majority of the company's gross income is not paid to a third country in a tax deductible form; (iv) companies engaged in the active conduct of a trade or business (other than of making or managing investments) in their state of residence and (iv) companies which were not established in a particular jurisdiction with a principal purpose of obtaining treaty benefits. Another action point (Action 7) is to develop changes to the treaty definition of a permanent establishment, to prevent the artificial avoidance of having a permanent establishment in a particular jurisdiction. As yet no public discussion draft has been issued in respect of this action point. The OECD's Action Plan on Base Erosion and Profit Shifting notes the need for a swift implementation of these measures and suggests that these two action points, amongst others, could be implemented by way of multilateral instrument, rather than by way of the more protracted process of negotiating and amending individual tax treaties.

These action points are subject to public consultation, and it is not clear what form the final recommendations of the OECD will take. Once the final recommendations are given, it is not clear whether, when, how and to what extent particular jurisdictions will decide to adopt the recommendations in respect of these and other action points. The implementation of the recommendations could result in the Issuer being treated as having a taxable permanent establishment outside of the Netherlands, in denying the Issuer the benefit of the Netherlands's network of tax treaties or in other tax consequences for the Issuer.

1.15. LIBOR and EURIBOR Reform

Concerns have been raised by a number of regulators that some of the member banks surveyed by the British Bankers' Association (the "BBA") in connection with the calculation of the London interbank offered rate ("LIBOR") across a range of maturities and currencies may have been manipulating the inter-bank lending rate. There have also been allegations that member banks may have manipulated EURIBOR and other inter-bank lending rates. If manipulation of EURIBOR or LIBOR or another inter-bank lending rate occurred, it may have resulted in that rate being artificially lower (or higher) than it would otherwise have been.

A review of LIBOR was conducted at the request of the UK Government, following which a number of recommendations for changes with respect to LIBOR including the introduction of statutory regulation of LIBOR, replacing the BBA as administrator of LIBOR with an independent administrator, changes to the method of compilation of lending rates and new regulatory oversight and enforcement mechanisms for rate-setting and reduction in the number of currencies and tenors for which LIBOR is published. As of 1 February

2014, ICE Benchmark Administration Limited (the "**IBA**") replaced the BBA as administrator of LIBOR. It is anticipated that a reform of EURIBOR will be implemented also, which may (but will not necessarily) be in a similar fashion. Accordingly, EURIBOR calculation and publication could be altered, suspended or discontinued. It is not possible to predict the effect of any changes in the methods pursuant to which the LIBOR and/or EURIBOR rates are determined and any other reforms to LIBOR and/or EURIBOR that will be enacted in the UK and elsewhere. Any such changes or reforms to LIBOR and/or EURIBOR may result in a sudden or prolonged increase or decrease in reported LIBOR and/or EURIBOR rates, which could have an adverse impact on the value of the Notes and any payments linked to LIBOR and/or EURIBOR thereunder.

The IBA as a new administrator of LIBOR and/or any new administrator of EURIBOR may make methodological changes that could change the level of LIBOR or EURIBOR, which in turn may adversely affect the value of the floating rate Collateral Obligations. The IBA as a new administrator of LIBOR or any new administrator of EURIBOR may also alter, discontinue or suspend calculation or dissemination of LIBOR or EURIBOR. Neither the IBA nor any administrator of EURIBOR will have any obligation to any investor in respect of any floating rate Collateral Obligations. The IBA or any administrator of EURIBOR may take any actions in respect of LIBOR or EURIBOR without regard to the interests of any investor in the Notes, and any of these actions could have an adverse effect on the value of the Notes.

The proposals to reform LIBOR in the UK also include compelling more banks to provide LIBOR submissions, and basing these submissions on actual transaction data. This may cause LIBOR to be more volatile than it has been in the past, which may adversely affect the value of the floating rate Collateral Obligations and, in turn, the Notes. It is uncertain if such changes will be made to LIBOR and if so whether corresponding changes will be made to EURIBOR.

If any proposed changes when implemented change the way in which LIBOR or EURIBOR is calculated with respect to floating rate Collateral Obligations, this could result in the rate of interest being lower than anticipated, which would adversely affect the value of the Notes. However, any proposed changes, if implemented may also result in the rate of interest being higher than anticipated, which could therefore increase payments on the Notes. This could result in a decrease in the amounts available to be paid to the Subordinated Noteholders. As the substantial majority of the interest payments due on the Issuer's assets are expected to be calculated based upon EURIBOR and the Notes pay interest based upon EURIBOR, an inaccurate EURIBOR setting could have adverse effects on the Issuer and/or the Noteholders. For example, Noteholders would receive lower Euro amounts as interest payments if EURIBOR was artificially lower than a properly functioning market would otherwise set EURIBOR. Other negative consequences of the perceived inaccuracy of EURIBOR could include fewer loans utilising EURIBOR as an index for interest payments and/or erratic swings in EURIBOR, both of which could result in interest rate mismatches between the Issuer's assets and its liabilities and expose the Issuer to cash shortfalls. Furthermore, questions surrounding the integrity in the process for determining EURIBOR may have other unforeseen consequences, including potential litigation against banks and/or obligors on loans, which could result in a material and adverse effect on the Issuer or the Noteholders. Investors should consider these recent developments when making their investment decision with respect to the Notes.

1.16. Investment Company Act

The Issuer has not been and will not be registered with the United States Securities and Exchange Commission (the "**SEC**") as an investment company pursuant to the Investment Company Act, in reliance on an exemption under Section 3(c)(7) of the Investment Company Act for investment companies (a) whose outstanding securities are beneficially owned only by "qualified purchasers" (within the meaning given to such term in the Investment Company Act and the regulations of the SEC thereunder) and certain transferees thereof identified in Rule 3c-6 under the Investment Company Act and (b) which do not make a public offering of their securities in the United States.

If the SEC or a court of competent jurisdiction were to find that the Issuer is required, but in violation of the Investment Company Act had failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and seek recovery of any damages caused by the violation; and (iii) any contract to which the Issuer is party could be declared unenforceable unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer be subjected to any or all of the foregoing, the Issuer would be materially and adversely affected.

Each initial purchaser of an interest in a Rule 144A Note and each transferee of an interest in a Rule 144A Note will be deemed to represent at the time of purchase that, amongst other things, the purchaser is a QIB/QP.

The Trust Deed provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that any holder of an interest in a Rule 144A Note (1) is a U.S. Person and (2) is not a QIB/QP at the time it acquires an interest in a Rule 144A Note (any such person, a "**Non-Permitted Noteholder**"), the Issuer shall, promptly after discovery that such person is a Non-Permitted Noteholder by the Issuer, send notice to such Non-Permitted Noteholder demanding that such Non-Permitted Noteholder transfer its interest to a person that is not a Non-Permitted Noteholder within 30 days of the date of such notice. If such Non-Permitted Noteholder fails to effect the transfer required within such 30 day period, (a) upon direction from the Issuer or the Collateral Manager on its behalf, shall cause such beneficial interest to be transferred in a commercially reasonable sale (conducted by the Issuer or the Collateral Manager on its behalf in accordance with Section 9-610 of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognised market or that may decline speedily in value) to a person or entity that certifies to the Issuer, in connection with such transfer, that such person or entity either is not a U.S. Person or is a QIB/QP and (b) pending such transfer, no further payments will be made in respect of such beneficial interest.

2. REGULATORY INITIATIVES

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of banks, the financial industry and the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Initial Purchaser, the Collateral Manager, the Trustee nor any of their Affiliates makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment in the Notes on the Issue Date or at any time in the future.

Without limitation to the above, such regulatory initiatives include the following:

2.1. Risk Retention and Due Diligence

Investors should be aware of the EU risk retention and due diligence requirements which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, investment firms, authorised alternative investment fund managers, insurance and reinsurance undertakings and UCITS funds. Such requirements as they apply to credit institutions and investment firms (pursuant to the CRR Retention Requirements) and authorised alternative investment fund managers (pursuant to the AIFMD Retention Requirements) are currently in force. Amongst other things, such requirements restrict a relevant investor from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its investment position, the underlying assets and (in the case of certain types of investors) the relevant sponsor, original lender or originator and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, a net economic interest of not less than 5 per cent. in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear.

The risk retention and due diligence requirements described above apply, or are expected to apply, in respect of the Notes for certain investors. Investors should therefore make themselves aware of such requirements (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes. With respect to the commitment of the Retention Holder to retain a material net economic interest in the securitisation, please see the statements set out in the section "*The Retention Holder and the Retention Requirements*". Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Initial Purchaser, the Arranger, the Collateral Manager, the Trustee nor any of it or their Affiliates makes any representation that the information described above is sufficient in all circumstances for such purposes.

The EU risk retention and due diligence requirements described above and any other changes to the regulation or the regulatory capital treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

With respect to the fulfilment by the Retention Holder of the requirements of the Retention Requirements, please refer to the section "*The Retention Holder and the Retention Requirements*".

2.2. European Market Infrastructure Regulation EU 648/2012

EMIR and the regulations made under it impose certain obligations on parties to OTC derivative contracts according to whether they are "financial counterparties", such as European investment firms, alternative investment funds (in respect of which, see 2.3 (*Alternative Investment Fund Managers Directive*) below), credit institutions and insurance companies, or other entities which are "non-financial counterparties" or third country entities equivalent to "financial counterparties" or "non-financial counterparties".

Financial counterparties will, depending on the identity of their counterparty, be subject to a general obligation (the "**clearing obligation**") to clear all "eligible" OTC derivative contracts through a duly authorised or recognised central counterparty. They must also report the details of all derivative contracts to a trade repository (the "**reporting obligation**") and in general undertake certain risk-mitigation techniques in respect of OTC derivative contracts which are not cleared by a central counterparty, including comply with requirements related to timely confirmation of terms, portfolio reconciliation, dispute resolution, daily valuation and margin posting (together, the "**risk mitigation obligations**").

Non-financial counterparties are subject to the reporting obligation and subject to less onerous risk mitigation obligations, however, they are not subject to the clearing obligation unless the gross notional value of all derivative contracts entered into by the non-financial counterparty and other non-financial entities in its "group", excluding eligible hedging transactions, exceed certain thresholds and its counterparty is also subject to the clearing obligation. If the Issuer is considered to be a member of such a "group" (which may, for example, potentially be the case if the Issuer is consolidated by a Noteholder as a result of such Noteholder's holding of a significant proportion of the Subordinated Notes) and if the aggregate notional value of OTC derivative contracts entered into by the Issuer and any non-financial entities within such group exceeds one of the applicable thresholds, the Issuer would be subject to the clearing obligation or if the relevant contract is not a type required to be cleared, to the risk mitigation obligations, including a margin posting requirement.

The clearing obligation does not yet apply but may apply from early 2015 in respect of certain eligible OTC derivatives and certain entities. The margin posting requirement does not yet apply but may apply from the end of 2015. The clearing obligation and the margin posting requirement are expected to apply in respect of new swap arrangements entered into from the relevant future effective dates, provided that the clearing obligation may also apply in respect of certain swap arrangements entered into prior to the relevant effective dates. Key details with respect to the clearing obligation and the margin posting requirements are to be clarified via corresponding technical standards, which are expected to be published in early 2015.

Whilst the Hedge Transactions are expected to be treated as hedging transactions and deducted from the total in assessing whether the notional value of OTC derivative contracts entered by the Issuer and/or non-financial entities within its "group", there is currently no certainty as to whether the relevant regulators will share this view.

Therefore, if the Issuer becomes subject to the clearing obligation or the margin posting requirement, it is unlikely that it would be able to comply with such requirements, which would adversely affect the Issuer's ability to enter into Hedge Transactions or significantly increase the cost thereof, negatively affecting the Issuer's ability to acquire Non-Euro Obligations and/or hedge its interest rate risk. As a result of such increased costs, additional regulatory requirements and limitations on ability to hedge interest rate and currency risk, the amounts payable to Noteholders may be negatively affected.

The Conditions oblige the Trustee, without the consent of any of the Noteholders, to concur in the making of modifications to the Transaction Documents and/or the Conditions which the Issuer certifies are required in order to comply with the requirements of EMIR which may become applicable in future.

2.3. Alternative Investment Fund Managers Directive

The AIFMD regulates alternative investment fund managers ("AIFMs") and provides in effect that each alternative investment fund (an "AIF") managed within the scope of the AIFMD must have a designated AIFM responsible for ensuring compliance with the AIFMD. Although there is an exemption in the AIFMD for "securitisation special purpose entities" (the "**SSPE Exemption**"), and the regulators of certain member states have issued some guidance regarding the SSPE Exemption which would indicate that the Issuer could benefit from such exemptions, it should be noted that the European Securities and Markets Authority has not yet given any formal guidance on the application of the SSPE Exemption or whether a vehicle such as the Issuer would fall within it.

If the Issuer is an AIF then it would be necessary to identify its AIFM, which would be the entity which manages it in general and is therefore most likely to be the Collateral Manager. In such a scenario, the Collateral Manager would be subject to the AIFMD and would need to be appropriately regulated and certain duties and responsibilities will be imposed on the Collateral Manager in respect of its management of the Portfolio. Such duties and responsibilities, were they to apply to the Collateral Manager's management of the assets of the Issuer, may result in significant additional costs and expenses, which may in turn negatively affect the amounts payable to Noteholders. If the Collateral Manager was to fail to, or be unable to, be appropriately regulated, the Collateral Manager may not be able to continue to manage the Issuer's assets, or its ability to do so may be impaired. Any regulatory changes arising from implementation of the AIFMD (or otherwise) that impair the ability of the Collateral Manager to manage the Issuer's assets may adversely affect the Collateral Manager's ability to carry out its investment strategy and achieve its investment objective.

The Collateral Manager is not authorised under the AIFMD but is authorised under the European Communities (Markets in Financial Instruments) Regulations 2007 (as amended) ("**MiFID**"). As the Collateral Manager is not permitted to be authorised under the AIFMD and also to conduct certain regulated activities under MiFID, it will not be able to apply for an authorisation under the AIFMD unless it gives up its authorisation under MiFID. If considered to be an AIF, the Issuer would also be classified as a "financial counterparty" under EMIR and may be required to comply with clearing obligations or margin posting requirements with respect to Hedge Transactions entered into after the relevant future effective dates. See also 2.2 (*European Market Infrastructure Regulation EU 648/2012*) above.

2.4. U.S. Dodd-Frank Act

The Dodd-Frank Act was signed into law on 21 July 2010. The Dodd-Frank Act represents a comprehensive change to financial regulation in the United States, and affects virtually every area of the capital markets. Implementation of the Dodd-Frank Act requires many lengthy rulemaking processes that will ultimately result in the adoption of a multitude of new regulations potentially applicable to entities which transact business in the U.S. or with U.S. persons outside the U.S. Once fully implemented, the Dodd-Frank Act will affect many aspects, in the U.S. and internationally, of the business of the Collateral Manager, including securitisation, proprietary trading, investing, creation and management of investment funds, OTC derivatives and other activities. While certain regulations implementing various provisions of the Dodd-Frank Act have been finalised and adopted, many implementing regulations currently exist only in draft form and are subject to comment and revision, and still other implementing regulations have not yet been proposed. It is therefore difficult to predict whether and to what extent the businesses of the Collateral Manager and its subsidiaries and Affiliates and the Issuer, will be affected by the Dodd-Frank Act as implementing regulations are finalised over time and come into effect.

This uncertainty is further compounded by the numerous regulatory efforts underway outside the U.S. Certain of these efforts overlap with the substantive provisions of the Dodd-Frank Act, while others, such as proposals for financial transaction and/or bank taxes in particular countries or regions, do not. In addition, even where these U.S. and international regulatory efforts overlap, these efforts generally have not been undertaken on a coordinated basis. Areas where divergence between U.S. regulators and their international counterparts exist or have begun to develop (whether with respect to scope, interpretation, timing, approach or otherwise) include trading, clearing and reporting requirements for derivatives transactions, higher U.S. capital and margin posting requirements relating to uncleared derivatives transactions, and capital and liquidity requirements that may result in mandatory "ring-fencing" of capital or liquidity in certain jurisdictions, among others.

Investors should be aware that those risks are material and that the Issuer and, consequently, an investment in the Notes could be materially and adversely affected thereby. As such, investors should consult their own

independent advisers and make their own assessment about the potential risks posed by the Dodd-Frank Act and the rules to be promulgated thereunder in making any investment decision in respect of the Notes.

2.5. Commodity Pool Regulation

In 2012, the U.S. Commodity Futures Trading Commission (the "CFTC") rescinded one of the primary rules which formerly provided an exemption from registration as a "Commodity Pool Operator" (a "CPO") and a "commodity trading advisor" ("CTA") under the U.S. Commodity Exchange Act, as amended (the "CEA"), in respect of certain transactions. In addition, the Dodd-Frank Act expanded the definition of a "commodity pool" to include any form of enterprise operated for the purpose of trading in commodity interests, including swaps. Similarly, the term "commodity pool operator" was expanded to include any person engaged in a business that is of the nature of a commodity pool or similar enterprise and in connection therewith, solicits, accepts, or receives from others, funds, securities or property for the purpose of trading in commodity interests, including any swaps. The CFTC has taken an extremely expansive interpretation of these definitions, and has expressed the view that entering into a single swap (apparently without distinguishing between trading and holding a swap position) could make an entity a "commodity pool" subject to regulation under the CEA. It should also be noted that the definition of "swaps" under the Dodd-Frank Act is itself extremely broad, and expressly includes interest rate swaps, currency swaps and total return swaps. Although the CFTC has recently provided guidance that certain securitisation transactions, including CLOs, will be excluded from the definition of "commodity pool", it is unclear if such exclusion will apply to all CLOs and, in certain instances, the collateral manager of a CLO may be required to register as a CPO with the CFTC or apply for an exemption from registration. In addition, no assurance can be made that the United States federal government or any U.S. regulatory body (or other authority or regulatory body) will not continue to take further legislative or regulatory action, and the effect of such actions, if any, cannot be known or predicted.

If the Issuer were deemed to be a "commodity pool", then both the CPO and the CTA of the Issuer would be required to register as such with the CFTC and the National Futures Association (the "NFA") by the initial offering date of the Notes. Because there has previously been an exemption from such registration for most securitisation and investment fund transactions, there is little, if any, guidance as to which entity or entities would be regarded as the Issuer's CPO and CTA and thus be required to register. While there remain certain limited exemptions from registration, because the wording of these regulations applies to traditional commodity pools and was not drafted with transactions such as the Issuer and its investment activities in mind, it is unclear whether and to what extent any of these exemptions would be available to avoid registration with respect to the Issuer. In addition, if the Issuer were deemed to be a "commodity pool", it would have to comply with a number of reporting requirements that are geared to traded commodity pools, which may result in significant additional costs and expenses, which may in turn affect the amounts payable to Noteholders. It is presently unclear how an investment vehicle such as the Issuer could comply with certain of these reporting requirements on an ongoing basis.

Furthermore, even if an exemption were available, the limits imposed by such exemption may prevent the Issuer from entering into Hedge Transactions, having the effect of limiting the Issuer's ability to invest in Non-Euro Obligations and put it in breach of its obligation to enter into Currency Hedge Transactions with respect to any Non-Euro Obligations it has purchased. The inability to enter into Interest Rate Hedge Transactions will also limit the Issuer's ability to hedge any interest rate mismatch between the Collateral Obligations and the Notes, thereby in some cases limiting its ability to invest in Fixed Rate Collateral Obligations. Any termination of a Hedge Agreement would expose the Issuer to costs and increased interest rate or currency exchange rate risk until the hedged assets can be sold (in respect of which, see 4.14 (*Interest Rate Risk*) and 4.15 (*Currency Risk*) below).

In light of the foregoing, the Collateral Manager will not permit the Issuer to enter into a Hedge Agreement or any other similar agreement that could fall within the definition of "swap" as set out in the CEA until such time as it shall have received legal advice from reputable counsel to the effect that none of the Issuer, its directors or officers, the Collateral Manager or any of its Affiliates or any other person should be required to register as a CPO with the CFTC with respect to the Issuer or that if required to register that the Issuer and/or the Collateral Manager (as applicable) did so register.

2.6. Volcker Rule

Under Section 619 of the U.S. Dodd-Frank Act and the corresponding implementing rules (the "**Volcker Rule**") relevant banking entities (which would include certain non-U.S. affiliates of U.S. banking entities) are generally

prohibited from, among other things, acquiring or retaining any ownership interest in, or acting as sponsor in respect of, certain investment entities referred to as covered funds. In addition, in certain circumstances, the Volcker Rule restricts relevant banking entities from entering into certain credit exposure related transactions with covered funds. Full conformance with the Volcker Rule is required by 21 July 2015, and relevant banking entities are required to engage in good faith efforts in this regard during the current conformance period. In general, there is limited interpretive guidance regarding the Volcker Rule.

"Ownership interest" is defined to include, among other things, interests arising through a holder's exposure to profits and losses in the covered fund or through any right of the holder to participate in the selection of an investment manager or advisor or the board of directors of such covered fund.

The Issuer will fall within the definition of "covered fund" under the Volcker Rule unless it falls within a specific exclusion from this definition. The most relevant exclusion from the definition of "covered fund" is for "loan securitisations". To qualify for the loan securitisation exclusion, a special purpose issuer of ABS must not (among other matters) own any securities (other than those permitted within the exclusion) or enter into any derivative contracts unless the derivative contract is a "permitted derivative" within the meaning of and subject to the Volcker Rule. Notwithstanding that the Issuer will be subject to certain restrictions on the assets it is permitted to acquire and/or enter into pursuant to the terms of the Transaction Documents with the intent that it will be excluded from being "covered fund" within the meaning of the Volcker Rule, none of the Issuer, the Collateral Manager, the Initial Purchaser or the Arranger makes any representation regarding whether the Issuer will fall within this exclusion.

The Volcker Rule and any similar measures introduced in another relevant jurisdiction may impact on the price and liquidity of the Notes in the secondary market or restrict prospective investor's ability to hold notes such as the Notes. Each purchaser is responsible for analysing its own position under the Volcker Rule and any similar measures.

3. RELATING TO THE NOTES

3.1. Limited Liquidity and Restrictions on Transfer

Although there is currently a limited market for notes representing collateralised loan obligations similar to the Notes, there is currently no market for the Notes themselves. The Initial Purchaser or its Affiliates, as part of their activities as broker and dealer in fixed income securities, may make a secondary market in relation to the Notes, but is not obliged to do so and may terminate its secondary market making activities at any time without notice. Any indicative prices provided by the Initial Purchaser or its Affiliates shall be determined by the Initial Purchaser in its sole discretion taking into account prevailing market conditions and shall not be a representation by the Initial Purchaser or its Affiliates that any instrument can be purchased or sold at such prices (or at all). Notwithstanding the above, the Initial Purchaser or its Affiliates may suspend or terminate making a market and providing indicative prices without notice, at any time and for any reason. There can be no assurance that any secondary market for any of the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity of investment or that it will continue for the life of such Notes. Consequently, a purchaser must be prepared to hold such Notes for an indefinite period of time or until the Maturity Date. Where a market does exist, to the extent that an investor wants to sell these securities, the price may, or may not, be at a discount from the outstanding principal amount. In addition, no sale, assignment, participation, pledge or transfer of the Notes may be effected if, among other things, it would require any of the Issuer or any of their officers or directors to register under, or otherwise be subject to the provisions of, the Investment Company Act or any other similar legislation or regulatory action. Furthermore, the Notes will not be registered under the Securities Act or any U.S. state securities laws, and the Issuer has no plans, and is under no obligation, to register the Notes under the Securities Act. The Notes are subject to certain transfer restrictions and can be transferred only to certain transferees. See "*Plan of Distribution*" and "*Transfer Restrictions*". Such restrictions on the transfer of the Notes may further limit their liquidity.

3.2. Optional Redemption and Market Volatility

The market value of the Collateral Obligations may fluctuate, with, among other things, changes in prevailing interest rates, foreign exchange rates, general economic conditions, the conditions of financial markets (particularly the markets for senior and mezzanine loans), European and international political events, events in the home countries of the issuers of the Collateral Obligations or the countries in which their assets and operations are based, developments or trends in any particular industry and the financial condition of such

issuers. The secondary market for senior and mezzanine loans is still limited. A decrease in the market value of the Portfolio would adversely affect the amount of proceeds which could be realised upon liquidation of the Portfolio and ultimately the ability of the Issuer to redeem the Notes.

A form of liquidity for the Subordinated Notes is the ability to direct a redemption of the Rated Notes in whole on any Business Day falling on or after the expiry of the Non-Call Period, as set out in Condition 7(b)(i) (*Optional Redemption of the Rated Notes in Whole – Subordinated Noteholders*). There can be no assurance, however, that such optional redemption provision will be capable of being exercised as any such exercise is subject to the relevant conditions set out in Condition 7(b) (*Optional Redemption*) being satisfied. These conditions may in some cases require a determination that the amount realisable from the Portfolio in such circumstances is greater than the aggregate of all amounts which would be due and payable on redemption of the Rated Notes and to the other creditors of the Issuer pursuant to Condition 11(b) (*Enforcement*) which rank in priority to payments in respect of the Subordinated Notes in accordance with the Priorities of Payments.

3.3. The Notes are subject to Optional Redemption in whole or in part by Class

The Rated Notes may be redeemed in whole from Sale Proceeds and/or Refinancing Proceeds (A) in the case of a redemption on any Business Day falling on or after the expiry of the Non-Call Period, at the direction of the Subordinated Noteholders acting by way of Ordinary Resolution, or (B) on any Business Day following a Collateral Tax Event, at the direction of the Subordinated Noteholders acting by Ordinary Resolution. The Notes may also be redeemed in whole if a Note Tax Event has occurred, on any Payment Date following the earlier of (a) the date upon which the Issuer certifies to the Trustee that it is not able to change the location of the Paying Agent or of the listing of the Notes, or take such other steps which may be available to it (other than changing its tax residency) to avoid such Note Tax Event or to effect a change of residence to avoid such Note Tax Event and (b) the date which is 90 days from the date upon which the Issuer first becomes aware of such Note Tax Event (provided that such 90 day period may be extended by a further 90 days in the event that during the former period the Issuer has notified (or procured the notification of) the Trustee and the Noteholders that, based on advice received by it, it expects that it will have changed the location of the Paying Agent or changed the listing of the Notes or taken such other steps which may be available to it (other than changing its tax residency) to avoid such Note Tax Event or changed its place of tax residence by the end of the latter 90 day period), at the direction of either the Controlling Class or the Subordinated Noteholders acting by Extraordinary Resolution. It should be noted that the Issuer will not be required to change the territory in which it is resident for tax purposes or take any other steps to avoid a Note Tax Event if to do so would impose legal, regulatory, tax or other obligations on the Issuer which would have a materially adverse effect upon it. The Collateral Manager may also direct the Issuer to redeem the Notes in whole from Sale Proceeds on any Business Day falling on or after the expiry of the Non-Call Period, if the Collateral Principal Amount is less than 15 per cent. of the Target Par Amount.

In addition, the Rated Notes may be redeemed in part by Class from Refinancing Proceeds at the applicable Redemption Prices, on any Business Day falling on or after expiry of the Non-Call Period if the Subordinated Noteholders (acting by way of Ordinary Resolution) or the Collateral Manager direct the Issuer to redeem such Class of Rated Notes. Any such redemption shall be of an entire Class or Classes of Notes subject to a number of conditions. See Condition 7(b)(iv) (*Terms and Conditions of an Optional Redemption*).

As described in Condition 7(b)(v) (*Optional Redemption effected in whole or in part through Refinancing*), Refinancing Proceeds may be used in connection with either a redemption in whole of the Rated Notes or a redemption in part of the Rated Notes by Class. In the case of a Refinancing upon a redemption of the Rated Notes in whole but not in part, such Refinancing will only be effective if (i) the Issuer provides prior written notice thereof to the Rating Agencies; (ii) the Refinancing Proceeds, all Sale Proceeds from the sale of Collateral Obligations and Eligible Investments received in accordance with the procedures set forth in the Trust Deed, and all other available funds will be at least sufficient to pay any Refinancing Costs and all amounts due and payable in respect of all Classes of Notes (including, without limitation, Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) save for the Subordinated Notes and all amounts payable in priority thereto pursuant to the Priorities of Payments (subject to any election of a holder of a Rated Note to receive less than 100 per cent. of Redemption Price) on such Redemption Date when applied in accordance with the Post-Acceleration Priority of Payments; (iii) all Principal Proceeds, Refinancing Proceeds, Sale Proceeds, if any, and other available funds are used (to the extent necessary) to make such redemption; (iv) each agreement entered into by the Issuer in respect of such Refinancing contains limited recourse and non-petition provisions substantially the same as those contained in the Trust Deed and (v) all Refinancing Proceeds and all Sale Proceeds from the sale of Collateral Obligations and Eligible Investments received in accordance

with the procedures set forth in the Trust Deed are received by (or on behalf of) the Issuer on or before the Business Day prior to the applicable Redemption Date.

In the case of a Refinancing upon a redemption of the Rated Notes in part by Class, such Refinancing will only be effective if: (i) the Issuer provides prior written notice thereof to the Rating Agencies; (ii) the Refinancing Obligations are in the form of notes; (iii) any redemption of a Class of Notes is a redemption of the entire Class which is subject to the redemption; (iv) the sum of (A) the Refinancing Proceeds and (B) the amount of Interest Proceeds standing to the credit of the Interest Account in excess of the aggregate amount of Interest Proceeds which would be applied in accordance with the Post-Acceleration Priority of Payments prior to paying any amount in respect of the Subordinated Notes will be at least sufficient to pay in full: (x) the aggregate Redemption Prices of the entire Class or Classes of Rated Notes subject to the Optional Redemption; plus (y) all accrued and unpaid Administrative Expenses in connection with such Refinancing; (v) the Refinancing Proceeds are used (to the extent necessary) to make such redemption; (vi) each agreement entered into by the Issuer in respect of such Refinancing contains limited recourse and non-petition provisions substantially the same as those contained in the Trust Deed; (vii) the aggregate principal amount of the Refinancing Obligations is equal to the aggregate Principal Amount Outstanding of the Class or Classes of Notes being redeemed with the Refinancing Proceeds; (viii) the maturity date of each class of Refinancing Obligation is the same as the Maturity Date of the Class or Classes of Rated Notes being redeemed; (ix) the interest rate of any Refinancing Obligations will not be greater than the interest rate of the Rated Notes subject to such Optional Redemption; (x) payments in respect of the Refinancing Obligations are subject to the Priorities of Payments and rank at the same priority pursuant to the Priorities of Payments as the relevant Class or Classes of Rated Notes being redeemed; (xi) the voting rights, consent rights, redemption rights and all other rights of the Refinancing Obligations are the same as the rights of the corresponding Class of Rated Notes being redeemed and (xii) all Refinancing Proceeds are received by (or on behalf of) the Issuer on or before the Business Day prior to the applicable Redemption Date.

Following a Refinancing, the Trustee is obliged to agree to any modifications to the Trust Deed and the other Transaction Documents if requested to do so by the Issuer or the Collateral Manager on its behalf to the extent that the Issuer certifies that such modifications are necessary to reflect the terms of the Refinancing and no further consent for such modifications shall be required from the Noteholders. No assurance can be given that any such modifications to the Trust Deed and/or the other Transaction Documents and/or the terms of any Refinancing will not adversely affect the holders of any Class or Classes of Notes not subject to redemption (or, in the case of the Subordinated Notes, the holders of the Subordinated Notes who do not direct such redemption).

The Subordinated Notes may be redeemed at their Redemption Price, in whole but not in part, on any Payment Date on or after the redemption or repayment in full of the Rated Notes, at the direction of the Subordinated Noteholders (acting by way of Ordinary Resolution). In addition, the Subordinated Notes may be redeemed in part on any Business Day on or after the redemption or repayment in full of the Rated Notes at the direction of the Subordinated Noteholders (acting by Ordinary Resolution). Any such direction by Ordinary Resolution will be binding on all Subordinated Noteholders whether or not they directed such redemption.

In the event of an early redemption, the Noteholders will be repaid prior to the Maturity Date. Where the Notes are to be redeemed by liquidation, there can be no assurance that the Sale Proceeds realised and other available funds would permit any distribution on the Subordinated Notes after all required payments are made to the holders of the Rated Notes and to other parties senior to the Subordinated Noteholders in accordance with the applicable Priorities of Payments. In addition, an Optional Redemption could require the Collateral Manager to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the realised value of the Collateral Obligations sold. Investors should note that the Notes may be redeemed on a date other than a scheduled Payment Date and the Issuer will not be responsible for any expenses or costs an Investor may incur by terminating any financing or hedging arrangements it has entered into in relation to the Notes prior to a scheduled Payment Date.

3.4. The Notes are subject to Special Redemption at the Option of the Collateral Manager

The Notes will be subject to redemption in part by the Issuer on any Payment Date during the Reinvestment Period if the Collateral Manager notifies the Trustee (on which the Trustee may rely without further enquiry) that it has been unable, for a period of at least 20 consecutive Business Days, to identify additional Collateral Obligations or Substitute Collateral Obligations that are deemed appropriate by the Collateral Manager in its sole discretion and which would meet the Eligibility Criteria or, to the extent applicable, the Reinvestment

Criteria in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Principal Account to be invested in additional or Substitute Collateral Obligations. On the Special Redemption Date, the Special Redemption Amount will be applied in accordance with the Priorities of Payments. Application of funds in such manner will result in Noteholders being repaid, at least in part, prior to the Maturity Date and could result in a reduction of amounts ultimately available to make payments with respect to the Notes.

3.5. Mandatory Redemption of the Rated Notes

Certain mandatory redemption arrangements may result in an elimination, deferral or reduction in the interest payments or principal repayments made to the Noteholders of the Rated Notes or the level of the returns to the Subordinated Noteholders, as provided in more detail below.

If either of the Class A/B Coverage Tests are not satisfied on any Determination Date on or after the Effective Date, then on the Payment Date following such Determination Date, Interest Proceeds and thereafter Principal Proceeds will be used, subject to the Priorities of Payments, to the extent necessary and available, to redeem the Class A Notes and, following redemption in full thereof, the Class B Notes until the Class A/B Coverage Tests are satisfied if recalculated following such redemption.

If either of the Class C Coverage Tests are not satisfied on any Determination Date on or after the Effective Date, then on the Payment Date following such Determination Date, Interest Proceeds and thereafter Principal Proceeds will be used, subject to the Priorities of Payments, to the extent necessary and available, to redeem the Class A Notes and, following redemption in full thereof, the Class B Notes and, following redemption in full thereof, the Class C Notes until the Class C Coverage Tests are satisfied if recalculated following such redemption.

If the Class D Coverage Tests is not satisfied on any Determination Date on or after the Effective Date, then on the Payment Date following such Determination Date, Interest Proceeds and thereafter Principal Proceeds will be used, subject to the Priorities of Payments, to the extent necessary and available, to redeem the Class A Notes, and, following redemption in full thereof, the Class B Notes and, following redemption in full thereof, the Class C Notes and, following redemption in full thereof, the Class D Notes until the Class D Coverage Tests is satisfied if recalculated following such redemption.

If the Class E Coverage Tests is not satisfied on any Determination Date on or after the Effective Date, then on the Payment Date following such Determination Date, Interest Proceeds and thereafter Principal Proceeds will be used, subject to the Priorities of Payments, to the extent necessary and available, to redeem the Class A Notes, and, following redemption in full thereof, the Class B Notes and, following redemption in full thereof, the Class C Notes and, following redemption in full thereof, the Class D Notes and, following redemption in full thereof, the Class E Notes until the Class E Coverage Tests is satisfied if recalculated following such redemption.

If the Class F Par Value Test is not satisfied on any Determination Date on or after the Effective Date, then on the Payment Date following such Determination Date, Interest Proceeds and thereafter Principal Proceeds will be used, subject to the Priorities of Payments, to the extent necessary and available, to redeem the Class A Notes, and, following redemption in full thereof, the Class B Notes and, following redemption in full thereof, the Class C Notes and, following redemption in full thereof, the Class D Notes and, following redemption in full thereof, the Class E Notes and, following redemption in full thereof, the Class F Notes until the Class F Par Value Test is satisfied if recalculated following such redemption.

3.6. The Reinvestment Period may Terminate Early

The Reinvestment Period may terminate early if any of the following occur: (a) acceleration of the Notes following a Note Event of Default or (b) the Collateral Manager notifies the Issuer that it is unable to invest in additional Collateral Obligations in accordance with the Collateral Management and Administration Agreement. Early termination of the Reinvestment Period could adversely affect returns to the Subordinated Noteholders and may also cause the holders of Rated Notes to receive principal payments earlier than anticipated.

3.7. Certain Actions May Prevent the Failure of Coverage Tests and a Note Event of Default

Investors should note that, pursuant to the Conditions and the Transaction Documents:

- (a) at any time, subject to certain conditions, the Issuer may issue additional Notes and apply the net proceeds to acquire Collateral Obligations or (in the case of a further issuance of Subordinated Notes) apply such net proceeds as Interest Proceeds pursuant to the Interest Priority of Payments or for other Permitted Uses (see Condition 17 (*Additional Issuances*));
- (b) the Collateral Manager may, pursuant to the Priorities of Payments, apply funds by either deferring, designating for reinvestment in Collateral Obligations or the purchase of Notes pursuant to Condition 7(k) (*Purchase*) or irrevocably waiving all or a portion of the Collateral Management Fees that would otherwise have been payable to it or designating a Supplemental Reserve Amount; and/or
- (c) a Noteholder may, in certain circumstances, provide the Issuer with cash by way of a Contribution, to be applied toward a specified Permitted Use.

Any such action could result in satisfaction of a Coverage Test that would otherwise be failing and therefore potentially decrease the occurrence of principal prepayments of the highest ranking Class of Notes. Likewise, any such action could prevent a Note Event of Default which would otherwise have occurred and therefore potentially result in the Notes continuing to be outstanding in circumstances where the Controlling Class may otherwise have had the right to direct the Trustee to accelerate the Notes. Consequentially, the average life of the Notes may be longer than it would otherwise be (see 3.13 (*Average Life and Prepayment Considerations*)).

3.8. Limited Recourse Obligations

The Notes are limited recourse obligations of the Issuer and are payable solely from amounts received in respect of the Collateral. Payments on the Notes both prior to and following enforcement of the security over the Collateral are subordinated to the prior payment of certain fees and expenses of, or payable by, the Issuer and to payment of principal and interest on prior ranking Classes of Notes. See Condition 4(c) (*Limited Recourse and Non-Petition*). None of the Collateral Manager, the Noteholders of any Class, the Initial Purchaser, the Trustee, the Collateral Administrator, the Custodian, any Agent, any Hedge Counterparty, the Retention Holder or any Affiliates of any of the foregoing or the Issuer's Affiliates or any other person or entity (other than the Issuer) will be obliged to make payments on the Notes of any Class. Consequently, Noteholders must rely solely on distributions on the Collateral Obligations and other Collateral for the payment of principal, discount, interest and premium, if any, thereon. There can be no assurance that the distributions on the Collateral Obligations and other Collateral will be sufficient to make payments on any Class of Notes after making payments on more senior Classes of Notes and certain other required amounts to other creditors ranking senior to or *pari passu* with such Class pursuant to the Priorities of Payments. If distributions on the Collateral are insufficient to make payments on the Notes, no other assets of the Issuer (including the Issuer Dutch Account and the Issuer's rights under the Issuer Management Agreement) (and, in particular, no assets of the Collateral Manager, the Noteholders, the Initial Purchaser, the Trustee, the Collateral Administrator, the Custodian, any Agent, any Hedge Counterparty, the Retention Holder or any Affiliates of any of the foregoing) will be available for payment of the deficiency and following realisation of the Collateral and the application of the proceeds thereof in accordance with the Priorities of Payments, the obligations of the Issuer to pay such deficiency shall be extinguished. Such shortfall will be borne by the Noteholders and the other Secured Parties in reverse order in accordance with the Priorities of Payments.

In addition, at any time while the Notes are Outstanding, none of the Noteholders nor the Trustee nor any other Secured Party (nor any other person acting on behalf of any of them) shall be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, examinership, winding up or liquidation proceedings or other proceedings under any applicable bankruptcy or similar law in connection with any obligations of the Issuer relating to the Notes, the Trust Deed or otherwise owed to the Noteholders or any Secured Party, save for lodging a claim in the liquidation of the Issuer which is initiated by another party (which is not an Affiliate of such party) or taking proceedings to obtain a declaration as to the obligations of the Issuer nor shall any of them have a claim arising in respect of the share capital of the Issuer.

3.9. Subordination of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and Subordinated Notes

Except as described below, the Class B Notes are fully subordinated to the Class A Notes; the Class C Notes are fully subordinated to the Class A Notes and the Class B Notes; the Class D Notes are fully subordinated to the Class A Notes, the Class B Notes and the Class C Notes; the Class E Notes are fully subordinated to the Class A

Notes, the Class B Notes, the Class C Notes and the Class D Notes; the Class F Notes are fully subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes; and the Subordinated Notes are fully subordinated to the Rated Notes.

The payment of principal and interest on any other Classes of Notes may not be made until all payments of principal and interest due and payable on any Classes of Notes ranking in priority thereto pursuant to the Priorities of Payments have been made in full, subject to and as more fully described in the Priorities of Payments. Payments on the Subordinated Notes will be made by the Issuer to the extent of available funds and no payments thereon will be made until the payment of certain fees and expenses have been made and until interest on the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes has been paid and, subject always to the right of the Collateral Manager on behalf of the Issuer to transfer amounts which would have been payable on the Subordinated Notes to the Supplemental Reserve Account to be applied in the acquisition of Substitute Collateral Obligations or to be applied in the exercise of rights under Collateral Enhancement Obligations or to the Principal Account in the event that the Reinvestment Par Value Test is not satisfied on any Determination Date on or after the Effective Date and during the Reinvestment Period, will instead be applied in the acquisition of Collateral Obligations to the extent necessary to cause such threshold to be satisfied, following such acquisition.

Investors should note that amounts credited to the Supplemental Reserve Account may, at the discretion of the Collateral Manager, be applied to make payments to the Subordinated Noteholders without regard to the Note Payment Sequence in accordance with Condition 3(k)(vi) (*Supplemental Reserve Account*), respectively. Application of funds in such manner will result in the Subordinated Noteholders being repaid, at least in part, prior to the Maturity Date and could result in a reduction of amounts ultimately available to make payments with respect to the Rated Notes.

Non-payment of any Interest Amount due and payable in respect of the Class A Notes or the Class B Notes on any Payment Date will constitute a Note Event of Default (where such non-payment continues for a period of at least five Business Days or seven Business Days in the case of an administrative error or omission). In such circumstances, the Controlling Class, acting by Ordinary Resolution, may request the Trustee to accelerate the Notes pursuant to Condition 10 (*Events of Default*). However, non-payment of any Interest Amount due and payable in respect of the Class C Notes, Class D Notes, Class E Notes, Class F Notes or Subordinated Notes on any Payment Date will not constitute a Note Event of Default, even if such Class of Notes is the Controlling Class.

In the event of any redemption in full or acceleration of the Class A Notes: (i) the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes will also be subject to automatic redemption and/or acceleration and (ii) the Collateral will, in each case, be liquidated. Liquidation of the Collateral at such time or remedies pursued by the Trustee upon enforcement of the security over the Collateral could be adverse to the interests of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders or the Subordinated Noteholders, as the case may be. To the extent that any losses are incurred by the Issuer in respect of any Collateral, such losses will be borne first by the Subordinated Noteholders, then by the Class F Noteholders, then by the Class E Noteholders, then by the Class D Noteholders, then by the Class C Noteholders, then by the Class B Noteholders and, finally, by the Class A Noteholders. Remedies pursued on behalf of the Class A Noteholders could be adverse to the interests of the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class B Noteholders could be adverse to the interests of the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class C Noteholders could be adverse to the interests of the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class D Noteholders could be adverse to the interests of the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class E Noteholders could be adverse to the interests of the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class F Noteholders could be adverse to the interests of the Subordinated Noteholders.

The Trust Deed provides that in the event of any conflict of interest among or between the Class A Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, the interests of the Controlling Class will prevail. If the holders of the Controlling Class do not have an interest in the outcome of the conflict, the Trustee shall give priority to the interests of: (i) the Class A Noteholders over the Class B Noteholders, the Class C Noteholders,

the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders; (ii) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders; (iii) the Class C Noteholders over the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders; (iv) the Class D Noteholders over the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders; (v) the Class E Noteholders over the Class F Noteholders and the Subordinated Noteholders and (vi) the Class F Noteholders over the Subordinated Noteholders. In the event that the Trustee shall receive conflicting or inconsistent requests from two or more groups of holders of the Controlling Class (or another Class is given priority as described in this paragraph), the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that the Trustee will act upon the directions of the holders of the Controlling Class (or other Class given priority as described in this paragraph) in such circumstances, and shall not be obliged to consider the interests of the holders of any other Class of Notes. See Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*).

3.10. Amount and Timing of Payments

To the extent that interest payments on the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes are not made on a relevant Payment Date, such unpaid interest amounts will be deferred and the amount thereof added to the principal amount Outstanding of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as the case may be, and earn interest at the interest rate applicable to such Notes. Any failure to pay scheduled interest on the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes or any interest on the Subordinated Notes at any time, due to there being insufficient funds available to pay such interest in accordance with the applicable Priorities of Payments, will not be a Note Event of Default. Payments of interest and principal on the Subordinated Notes will only be made to the extent that there are Interest Proceeds and Principal Proceeds available for such purpose in accordance with the Priorities of Payments. No interest or principal may therefore be payable on the Subordinated Notes for an unlimited period of time, to maturity or at all.

Investment in the Notes of any Class involves a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Collateral Obligations by or on behalf of the Issuer and the amounts of the claims of creditors of the Issuer ranking in priority to the holders of each Class of the Notes. In particular, prospective purchasers of the Notes should be aware that the amount and timing of payment of the principal and interest on the Collateral Obligations will depend upon the detailed terms of the documentation relating to each of the Collateral Obligations and on whether or not any Obligor thereunder defaults in its obligations.

3.11. Reports Will Not Be Audited

The Monthly Reports, Effective Date Report and Payment Date Reports made available to Noteholders will be compiled by the Collateral Administrator, on behalf of the Issuer, in consultation with and based on certain information provided to it by the Collateral Manager. Information in the reports will not be audited nor will reports include a review or opinion provided by a public accounting firm.

3.12. Future Ratings of the Rated Notes Not Assured and Limited in Scope

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal by any Rating Agency at any time. Credit ratings represent a rating agency's opinion regarding the credit quality of an asset but these credit ratings are not a guarantee of such quality. There is no assurance that a rating accorded to any of the Rated Notes will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a Rating Agency if, in its judgement, circumstances in the future so warrant. In the event that a rating initially assigned to any of the Rated Notes is subsequently lowered for any reason, no person or entity is required to provide any additional support or credit enhancement with respect to any such Rated Notes and the market value of such Rated Notes is likely to be adversely affected.

Prospective investors in the Notes should be aware that, as a result of recent economic events (see 1.5 (*Events in the CLO and Leveraged Finance Markets*) above), Rating Agencies have undertaken extensive reviews of their rating methodology and criteria used to rate notes issued as part of CLO transactions. This could impact on the ratings assigned to the Rated Notes after the Issue Date and potentially result in the downgrade or withdrawal thereof following the Issue Date.

The Rating Agencies may change their published ratings criteria or methodologies for securities such as the Rated Notes at any time in the future. Further, the Rating Agencies may retroactively apply any new standards to the ratings of the Rated Notes. Any such action could result in a substantial lowering (or even withdrawal) of any rating assigned to any Rated Note, despite the fact that such Rated Note might still be performing fully to the specifications set forth for such Rated Note in this Offering Circular and the Transaction Documents. The rating assigned to any Rated Note may also be lowered following the occurrence of an event or circumstance despite the fact that the related Rating Agency may have previously provided confirmation that such occurrence would not result in the rating of such Rated Note being lowered. Additionally, any Rating Agency may, at any time and without any change in its published ratings criteria or methodology, lower or withdraw any rating assigned by it to any Class of Rated Notes. If any rating initially assigned to any Note is subsequently lowered or withdrawn for any reason, holders of these Notes may not be able to resell their Notes without a substantial discount. Any reduction or withdrawal to the ratings on any Class of Rated Notes may significantly reduce the liquidity of the Notes and may adversely affect the Issuer's ability to make certain changes to the composition of the Collateral.

As at the date of this Offering Circular, each of the Rating Agencies is established in the European Union and is registered under the CRA Regulation. As such each Rating Agency is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation. ESMA may determine that one or both of the Rating Agencies no longer qualifies for registration under the CRA Regulation and that determination may also have an adverse effect on the market prices and liquidity of the Rated Notes.

Rating Agencies may refuse to give rating agency confirmations

Historically, many actions by issuers of collateralised loan obligation vehicles (including but not limited to issuing additional securities and amending relevant agreements) have been conditioned on receipt of confirmation from the applicable rating agencies that such action would not cause the ratings on the applicable securities to be reduced or withdrawn. Recently, certain rating agencies have changed the manner and the circumstances under which they are willing to provide such confirmation and have indicated reluctance to provide confirmation in the future, regardless of the requirements of the Trust Deed and the other Transaction Documents. If the Transaction Documents require that written confirmation from a Rating Agency be obtained before certain actions may be taken and an applicable Rating Agency is unwilling to provide the required confirmation, it may be impossible to effect such action, which could result in losses being realised by the Issuer and, indirectly, by Noteholders.

If a Rating Agency announces or informs the Trustee, the Collateral Manager or the Issuer that confirmation from such Rating Agency is not required for a certain action or that its practice is to not give such confirmations for certain types of actions, the requirement for confirmation from such Rating Agency will not apply. Further, in connection with the Effective Date, if either Rating Agency has not yet confirmed its initial ratings of the applicable Rated Notes, the applicable Rated Notes will be subject to redemption in part in an amount and in the manner described under Condition 7(e) (*Redemption upon Effective Date Rating Event*). There can be no assurance that a Rating Agency will provide such rating confirmations upon request, regardless of the terms agreed to among transaction participants, or not subsequently withdraw or downgrade its ratings on one or more Classes of Rated Notes, which could materially adversely affect the value or liquidity of the Notes.

Requirements imposed on Rating Agencies could result in withdrawal of ratings if certain actions are not taken by the Arranger

On 2 June 2010, certain amendments to Rule 17g-5 under the Exchange Act promulgated by the SEC became effective. Amended Rule 17g-5 requires each rating agency providing a rating of a structured finance product (such as this transaction) paid for by the "**arranger**" (defined as the issuer, the underwriter or the sponsor) to obtain an undertaking from the arranger to (i) create a password protected website, (ii) post on that website all information provided to the rating agency in connection with the initial rating of any Class of Rated Notes and all information (which will not include any reports or certificates from the Issuer's independent public accountants) provided to the rating agency in connection with the surveillance of such rating, in each case, contemporaneous with the provision of such information to the applicable rating agency and (iii) provide access to such website to other rating agencies that have made certain certifications to the arranger regarding their use of the information. In this transaction, the arranger is the Issuer.

Each Rating Agency must be able to reasonably rely on the arranger's certifications. If the arranger does not comply with its undertakings to any Rating Agency with respect to this transaction, such Rating Agency may

withdraw its ratings of the Rated Notes. In such case, the withdrawal of ratings by any Rating Agency may adversely affect the price or transferability of the Rated Notes and may adversely affect any beneficial owner that relies on ratings of securities for regulatory or other compliance purposes.

Under Rule 17g-5, rating agencies providing the requisite certifications described above may issue unsolicited ratings of the Rated Notes which may be lower and, in some cases, significantly lower than the ratings provided by the Rating Agencies. The unsolicited ratings may be issued prior to, on or after the Issue Date and will not be reflected herein and may reflect or result from fundamentally different views or approaches taken on the transaction, the Collateral and a range of other materials relating thereto. Issuance of any unsolicited rating will not affect the issuance of the Notes. Such unsolicited ratings could have a material adverse effect on the price and liquidity of the Rated Notes and, for regulated entities, could adversely affect the value of the Rated Notes as an investment or the capital treatment of the Rated Notes. The Issuer, the Collateral Manager, the Initial Purchaser, the Trustee, the Rating Agencies and each of their respective Affiliates are not obliged to take any action following the publication or announcement of any such unsolicited ratings or views.

The SEC may determine that one or both of the Rating Agencies no longer qualifies as a nationally recognised statistical rating organisation (an "NRSRO") for purposes of the federal securities laws and that determination may also have an adverse effect on the market prices and liquidity of the Rated Notes.

3.13. Average Life and Prepayment Considerations

The Maturity Date is 15 November 2026 (or, if such day is not a Business Day, then the next succeeding Business Day, unless it would fall in the following month, in which case it shall be the immediately preceding Business Day) in respect of the Notes. However, the principal of the Notes of each Class is expected to be repaid in full prior to the applicable Maturity Date. Average life refers to the average amount of time that will elapse from the date of delivery of a Note until each Euro of the principal of such Note will be paid to the investor. The average lives of the Notes will be determined by the amount and frequency of principal payments, which are dependent upon, among other things, the amount of payments received at or in advance of the scheduled maturity of the Collateral Obligations (whether through sale, maturity, prepayment, redemption, default or other liquidation or disposition). The actual average lives and actual maturities of the Notes will be affected by the financial condition of the issuers of the underlying Collateral Obligations and the characteristics of such loans, including the existence and frequency of exercise of any optional or mandatory redemption features, the prevailing level of interest rates, the redemption price, the actual default rate, the actual level of recoveries on any Defaulted Obligations and the timing of defaults and recoveries, and the frequency of tender or exchange offers for such Collateral Obligations. Collateral Obligations may be subject to optional prepayment by the Obligor of such loans. Any disposition of a Collateral Obligation may change the composition and characteristics of the Collateral Obligations and the rate of payment thereon and, accordingly, may affect the actual average lives of the Notes. The rate of and timing of future defaults and the amount and timing of any cash realisation from Defaulted Obligations also will affect the maturity and average lives of the Notes.

Projections, forecasts and estimates are forward looking statements and are inherently uncertain

Projections, forecasts and estimates provided to prospective purchasers of the Notes are forward-looking statements. Projections are necessarily speculative in nature, and it should be expected that some or all of the assumptions underlying the projections will not materialise or will vary significantly from actual results. Accordingly, actual results will vary from the projections, and such variations may be material. Some important factors that could cause actual results to differ materially from those in any forward-looking statements include changes in interest rates, exchange rates and prepayment, default and recovery rates and timing; market, financial or legal uncertainties; the timing of acquisitions of Collateral Obligations; differences in the actual allocation of Collateral Obligations among asset categories from those assumed; mismatches between the time of accrual and receipt of Interest Proceeds from the Collateral Obligations. None of the Issuer, the Collateral Manager, the Trustee, the Initial Purchaser, the Collateral Administrator or any other party to this transaction or any of their respective Affiliates has any obligation to update or otherwise revise any projections, forecasts or estimates, including any revisions to reflect changes in economic conditions or other circumstances arising after the date of this Offering Circular or to reflect the occurrence of unanticipated events.

3.14. Volatility of the Subordinated Notes

The Subordinated Notes represent a leveraged investment in the underlying Collateral Obligations. Accordingly, it is expected that changes in the market value of the Subordinated Notes will be greater than changes in the market value of the underlying Collateral Obligations, which themselves are subject to credit, liquidity, interest rate and other risks. Utilisation of leverage is a speculative investment technique and involves certain risks to investors and will generally magnify the Subordinated Noteholders' opportunities for gain and risk of loss. In certain scenarios, the Notes may not be paid in full, and the Subordinated Notes and one or more Classes of Rated Notes may be subject to a partial or a 100 per cent. loss of invested capital. The Subordinated Notes represent the most junior securities in a leveraged capital structure. As a result, any deterioration in performance of the asset portfolio, including defaults and losses, a reduction of realised yield or other factors, will be borne first by holders of the Subordinated Notes, and then by the holders of the Rated Notes in reverse order of seniority.

In addition, the failure to meet certain Coverage Tests will result in cash flow that may have been otherwise available for distribution to the holders of the Subordinated Notes, to pay interest on one or more subordinate Classes of Rated Notes or for reinvestment in Collateral Obligations being applied on the next Payment Date to make principal payments on the more senior classes of Rated Notes until such Coverage Tests have been satisfied. This feature will likely reduce the return on the Subordinated Notes and/or one or more subordinate Classes of Rated Notes and cause temporary or permanent suspension of distributions to the holders of the Subordinated Notes and/or one or more subordinate Classes of Rated Notes.

Issuer expenses (including management fees) are generally based on a percentage of the total asset portfolio of the Issuer, including the assets obtained through the use of leverage. Given the leveraged capital structure of the Issuer, expenses attributable to any particular Class of Notes will be higher because such expenses will be based on total assets of the Issuer.

3.15. Net Proceeds less than Aggregate Amount of the Notes

It is anticipated that the net proceeds received by the Issuer on the Issue Date from the issuance of the Notes will be less than the aggregate principal amount outstanding of the Notes. Consequently, it is anticipated that on the Issue Date the Collateral would be insufficient to redeem the Notes upon the occurrence of a Note Event of Default on or about that date.

3.16. Withholding Tax on the Notes

Although no withholding tax is currently expected to be imposed on payments of interest on the Notes by the Issuer, there can be no assurance that the law will not change and pursuant to Condition 9 (*Taxation*) the Issuer shall withhold or deduct from any such payments any amounts on account of tax where so required by law or any relevant taxing authority or in connection with FATCA. In the event that any withholding tax or deduction for tax is imposed on payments of interest or principal on the Notes, the Noteholders will not be entitled to receive grossed-up amounts to compensate for such withholding tax and no Note Event of Default shall occur as a result of any such withholding or deduction. In particular, the Issuer has the right to withhold at the required rate on all payments made to any beneficial owner of an interest in any of the Notes that fails to comply with its requests for Noteholder FATCA Information.

In the event of the occurrence of a Note Tax Event pursuant to which any payment on the Notes of any Class becomes properly subject to any withholding tax or deduction on account of tax, the Notes may be redeemed in whole but not in part at the direction of the holders of either of the Controlling Class or the Subordinated Notes, in each case acting by way of Extraordinary Resolution, subject to certain conditions including the Redemption Threshold Amount being realised pursuant to which determination is made as to whether the anticipated proceeds of liquidation of the security over the Collateral would be sufficient to pay all amounts due and payable on the Rated Notes in such circumstances in accordance with the Priorities of Payments.

3.17. Security

Although the security constituted by the Trust Deed over the Collateral held from time to time, including the security over the Accounts, is expressed to take effect as a fixed charge, it may (as a result of, among other things, the substitutions of Collateral Obligations or Eligible Investments contemplated by the Collateral Management and Administration Agreement and the payments to be made from the Accounts in accordance

with the Conditions and the Trust Deed) take effect as a floating charge which, in particular, would rank after a subsequently created fixed charge. However, the Issuer has covenanted in the Trust Deed not to create any such subsequent security interests (other than those permitted under the Trust Deed) without the consent of the Trustee.

3.18. Resolutions, Amendments and Waivers

The Conditions and the Trust Deed contain detailed provisions governing modification of the Conditions and the Transaction Documents and the convening of meetings and passing of Resolutions by the Noteholders. Certain key risks relating to these provisions are summarised below.

Decisions may be taken by Noteholders by way of Ordinary Resolution or Extraordinary Resolution, in each case, either acting together or, to the extent specified in any applicable Transaction Document, as a Class of Noteholders acting independently. Such Resolutions can be effected either at a duly convened meeting of the applicable Noteholders or by the applicable Noteholders resolving in writing. Meetings of the Noteholders may be convened by the Issuer, the Trustee or by one or more Noteholders holding not less than 10 per cent. of the aggregate Principal Amount Outstanding of the Notes of a particular Class, subject to certain conditions including minimum notice periods.

The Trustee may, in its discretion, determine that any proposed Ordinary Resolution or Extraordinary Resolution affects only the holders of one or more Classes of Notes, in which event the required quorum and minimum percentage voting requirements of such Ordinary Resolution or Extraordinary Resolution may be determined by reference only to the holders of that Class or Classes of Notes.

In the event that a meeting of Noteholders is called to consider a Resolution, determination as to whether the requisite number of Notes has been voted in favour of such Resolution will be determined by reference to the percentage which the Notes voted in favour represent of the total amount of Notes held or represented by any person or persons entitled to vote which are present at such meeting and not by the aggregate Principal Amount Outstanding of all such Notes which are entitled to be voted in respect of such Resolution. This means that a lower percentage of Noteholders may pass a Resolution which is put to a meeting of Noteholders than would be required for a Written Resolution in respect of the same matter. There are however quorum provisions which provide that a minimum number of Noteholders representing a minimum amount of the aggregate Principal Amount Outstanding of the applicable Class or Classes of Notes be present at any meeting to consider a Resolution. The quorum required for a meeting of Noteholders (other than an adjourned meeting or a meeting of a particular Class or Classes) to pass an Extraordinary Resolution, is one or more persons holding or representing not less than 66 $\frac{2}{3}$ per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable) and, in the case of an Ordinary Resolution, this is one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable). In both cases, the quorum is less at an adjourned meeting. The voting threshold at any Noteholders' meeting in respect of an Ordinary Resolution or an Extraordinary Resolution of all Noteholders is, respectively, more than 50 per cent. or at least 66 $\frac{2}{3}$ per cent. of the aggregate of the Principal Amount Outstanding of the Notes of each Class represented at the meeting. Accordingly, it is likely that, at any meeting of the Noteholders, an Ordinary Resolution or an Extraordinary Resolution may be passed with less than 50 per cent. or 66 $\frac{2}{3}$ per cent. respectively of all the Noteholders of each Class of Notes or relevant Class or Classes of Notes, as applicable. Such quorum provisions still, however, require considerably lower thresholds than would be required for a Written Resolution.

Investors should note that the Retention Holder has a right of veto in relation to certain matters which may be voted upon by Noteholders. In particular, provided that no Retention Event has occurred and is continuing, no modification or any Resolution to approve the modification of the Eligibility Criteria, the Portfolio Profile Tests, the Collateral Quality Tests, the Reinvestment Criteria, or any material changes to them, in each case, that would affect the Retention Holder's ability to comply with the Retention Requirements, or any Resolution in respect of the appointment of a replacement Collateral Manager (if the outgoing Collateral Manager is not the Retention Holder any Affiliate of the Retention Holder), will be effective without the consent in writing of the Retention Holder. See Condition 14(b)(ix) (*Retention Holder Veto*). Certain decisions, including the removal of the Collateral Manager, instructing the Trustee to accelerate the Notes and instructing the Trustee to sell the Collateral following the acceleration of the Notes require authorisation solely by the Noteholders of the relevant Class or Classes (acting by Extraordinary Resolution).

Certain amendments and modifications may be made without the consent of Noteholders. See Condition 14(c) (*Modification and Waiver*). Such amendment or modification could be adverse to certain Noteholders. Without limitation to the foregoing, potential investors should note that the Issuer may amend the Transaction Documents to modify or amend the components of the Portfolio Profile Tests, the Eligibility Criteria, the Reinvestment Criteria or the Collateral Quality Tests and the related definitions, provided that Rating Agency Confirmation has been obtained, (to the extent provided in Condition 14(c) (*Modification and Waiver*)) the Controlling Class has consented by way of Ordinary Resolution and the Retention Holder has not exercised its veto in relation to those matters.

Certain entrenched rights relating to the Terms and Conditions can only be amended or waived by the passing of an Extraordinary Resolution. It should however be noted that amendments may still be effected and waivers may still be granted in respect of such provisions in circumstances where not all Noteholders agree with the terms thereof and any amendments or waivers once passed in accordance with the provisions of the Terms and Conditions and the provisions of the Trust Deed will be binding on all such dissenting Noteholders. In addition to the Trustee's right to agree to changes to the Transaction Documents to correct a manifest error, or to changes which, in its opinion, are not materially prejudicial to the interests of the Noteholders of any Class without the consent of the Noteholders, modifications may also be made and waivers granted in respect of certain other matters, which the Trustee is obliged to consent to without the consent of the Noteholders as set out in Condition 14(c) (*Modification and Waiver*).

Furthermore, the prior consent of each Hedge Counterparty may be required to the extent provided for in the applicable Hedge Agreement in respect of a modification, amendment or supplement to any provision of a Transaction Document. Any such consent, if withheld in accordance with the terms of the applicable Hedge Agreement, may prevent the Transaction Documents from being modified in a manner beneficial to the Noteholders or in a manner required in order to ensure regulatory compliance.

3.19. Enforcement Rights Following a Note Event of Default

If a Note Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall (subject to being indemnified and/or secured and/or prefunded to its satisfaction), at the request of the Controlling Class acting by way of Ordinary Resolution, give notice to the Issuer and the Collateral Manager that all the Notes are immediately due and repayable, provided that following a Note Event of Default described in paragraph (vi) (*Insolvency Proceedings*) of the definition thereof, such notice shall be deemed to have been given and all the Notes shall automatically become immediately due and payable.

At any time after the Notes become due and repayable and the security under the Trust Deed becomes enforceable, the Trustee may, at its discretion, and shall (subject to being indemnified and/or secured and/or prefunded to its satisfaction), if so directed by the Controlling Class acting by Ordinary Resolution, take Enforcement Action (as defined in Condition 11(b) (*Enforcement*)) in respect of the security over the Collateral provided that no such Enforcement Action may be taken by the Trustee unless: (A) it determines in accordance with Condition 11 (*Enforcement*) that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith), would be sufficient to discharge in full all amounts due and payable in respect of all Classes of Notes other than the Subordinated Notes (including, without limitation, Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) and all amounts payable in priority thereto pursuant to the Priorities of Payments; or otherwise (B) in the case of a Note Event of Default specified in sub-paragraphs (i), (ii) or (iv) of Condition 10(a) (*Note Events of Default*) the Controlling Class acting by way of Ordinary Resolution (and no other Class of Notes) may direct the Trustee to take Enforcement Action without regard to any other Note Event of Default which has occurred prior to, contemporaneously or subsequent to such Note Event of Default.

The requirements described above could result in the Controlling Class being unable to procure enforcement of the security over the Collateral in circumstances in which they desire such enforcement and may also result in enforcement of such security in circumstances where the proceeds of liquidation thereof would be insufficient to ensure payment in full of all amounts due and payable in respect of the Notes in accordance with the Priorities of Payments and/or at a time when enforcement thereof may be adverse to the interests of certain Classes of Notes and, in particular, the Subordinated Notes.

3.20. Certain ERISA Considerations

Under the Plan Asset Regulation issued by the U.S. Department of Labor, as modified, if certain employee benefit plans or other retirement arrangements subject to the fiduciary responsibility provisions of Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended, ("**ERISA**") or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended, (the "**Code**") or entities whose underlying assets are treated as assets of such plans or arrangements (collectively, "**Plans**") invest in a Class of Notes that is treated as equity under that regulation (which could include the Class E Notes, the Class F Notes and the Subordinated Notes), the assets of the Issuer could be considered to be assets of such Plans and certain of the transactions contemplated by the Issuer could be considered "prohibited transactions" under Section 406 of ERISA or Section 4975 of the Code. See the section entitled "*Certain ERISA Considerations*" below.

3.21. Forced Transfer

Each initial purchaser of an interest in a Rule 144A Note and each transferee of an interest in a Rule 144A Note will be deemed to represent at the time of purchase that, amongst other things, the purchaser is a QIB/QP. In addition each Noteholder will be deemed or in some cases required to make certain representations in respect of ERISA.

The Trust Deed will provide that if, notwithstanding the restrictions on transfer contained therein (if applicable), the Issuer determines that any holder of an interest in a Rule 144A Note is a U.S. person as defined under Regulation S under the Securities Act (a "**U.S. Person**") and is not a QIB/QP at the time it acquires an interest in a Rule 144A Note (any such person, a "**Non-Permitted Noteholder**") or that any holder of an interest in a Note is a Noteholder that has made or is deemed to have made a prohibited transaction, Benefit Plan Investor, Controlling Person or Similar Law representation that is subsequently shown to be false or misleading or whose ownership otherwise causes a violation of the 25 per cent. limitation set out in the Plan Asset Regulation (a "**Non-Permitted ERISA Noteholder**") or that any holder of an interest in a Note is a Noteholder who (i) has failed to provide any Noteholder FATCA Information or (ii) otherwise prevents the Issuer from complying with FATCA (any such Noteholder, a "**Non-Permitted FATCA Noteholder**"), the Issuer shall, promptly after determination that such person is a Non-Permitted Noteholder or Non-Permitted ERISA Noteholder or Non-Permitted FATCA Noteholder by the Issuer, send notice to such Non-Permitted Noteholder or Non-Permitted ERISA Noteholder or Non-Permitted FATCA Noteholder (as applicable) demanding that such Noteholder transfer its interest to a person that is not a Non-Permitted Noteholder or Non-Permitted ERISA Noteholder or Non-Permitted FATCA Noteholder (as applicable) within 30 days (or 14 days in the case of a Non-Permitted ERISA Noteholder) of the date of such notice. If such Noteholder fails to effect the transfer required within such 30-day period (or 14-day period in the case of a Non-Permitted ERISA Noteholder), (a) the Issuer or the Collateral Manager on its behalf, shall cause such beneficial interest to be transferred in a commercially reasonable sale to a person or entity that certifies to the Issuer, in connection with such transfer, that such person or entity either is not a U.S. Person or is a QIB/QP and is not a Non-Permitted ERISA Noteholder and is not a Non-Permitted FATCA Noteholder and (b) pending such transfer, no further payments will be made in respect of such beneficial interest.

3.22. U.S. Tax Characterisation of the Notes

Upon the issuance of the Notes, Allen & Overy LLP will deliver an opinion generally to the effect that under current law, assuming compliance with the Transaction Documents, and based on certain assumptions and factual representations made by the Issuer and/or the Collateral Manager, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be treated, and the Class E Notes should be treated, as debt of the Issuer for U.S. federal income tax purposes. No opinion will be given in respect of the Class F Notes, although the Issuer intends to treat the Class F Notes as debt of the Issuer for U.S. federal income tax purposes.

The Issuer has agreed and, by its acceptance of a Rated Note, each Noteholder (and any beneficial owners of any interest therein) will be deemed to have agreed, to treat the Rated Notes as debt of the Issuer for U.S. federal income tax purposes, except as otherwise required by applicable law and for certain limited purposes. The determination of whether a Note will or should be treated as debt for U.S. federal income tax purposes is based on the facts and circumstances existing at the time the Note is issued. Prospective investors should be aware that the classification of an instrument as debt or equity is highly factual, and there can be no assurance that the IRS will not seek to characterise as something other than indebtedness any particular Class or Classes of the Rated Notes. If any of the Notes were treated as equity for U.S. federal income tax purposes, adverse U.S. federal

income tax consequences might apply. See "*Tax Considerations - United States Federal Income Taxation - Alternative Characterisation of the Rated Notes*".

The Issuer has agreed and, by its acceptance of a Subordinated Note, each holder (and any beneficial owners of any interest therein) will be deemed to have agreed, to treat such Subordinated Note as equity in the Issuer for U.S. federal income tax purposes, except as otherwise required by applicable law.

In addition, each holder of a Note (and any beneficial owners of any interest therein) will agree, by its acceptance of a Note, to indemnify the Issuer and its respective agents and each of the holders of Notes from any and all damages, costs and expenses (including any amounts of taxes, fees, interest, additions to tax, or penalties) resulting from the failure by such holder (i) to provide the certifications and identifying information required by the Issuer as described in the section "*Tax Considerations – Foreign Account Tax Compliance Act*" or (ii) to treat the Issuer and the Notes as described in the section "*Tax Considerations –United States Federal Income Taxation*" for all U.S. federal, state and local income tax purposes. This indemnification will continue with respect to any period during which the holder held a Note (or an interest therein), notwithstanding the holder ceasing to be a holder of that Note.

4. RELATING TO THE COLLATERAL

4.1. The Portfolio

The decision by any prospective holder of Notes to invest in such Notes should be based, among other things (including, without limitation, the identity of the Collateral Manager), on the Eligibility Criteria (and Reinvestment Criteria, when applicable) which each Collateral Obligation is required to satisfy, as disclosed in this Offering Circular, and on the Portfolio Profile Tests, Collateral Quality Tests, Coverage Tests, Reinvestment Par Value Test and Target Par Amount that the Portfolio is required to satisfy as at the Effective Date (other than in respect of the Interest Coverage Tests, which are required to be satisfied as at the Determination Date preceding the second Payment Date) and in each case (save as described herein) thereafter. This Offering Circular does not contain any information regarding the individual Collateral Obligations on which the Notes will be secured from time to time. Purchasers of any of the Notes will not have an opportunity to evaluate for themselves the relevant economic, financial and other information regarding the investments to be made by the Issuer and, accordingly, will be dependent upon the judgment and ability of the Collateral Manager in acquiring investments for purchase on behalf of the Issuer over time. No assurance can be given that the Issuer will be successful in obtaining suitable investments or that, if such investments are made, the objectives of the Issuer will be achieved.

Neither the Issuer nor the Initial Purchaser has made any investigation into the Obligors of the Collateral Obligations. The value of the Portfolio may fluctuate from time to time (as a result of substitution or otherwise) and none of the Issuer, the Trustee, the Initial Purchaser, the Custodian, the Collateral Manager, the Collateral Administrator, any Hedge Counterparty, the Retention Holder or any of their Affiliates are under any obligation to maintain the value of the Collateral Obligations at any particular level. None of the Issuer, the Trustee, the Custodian, the Collateral Manager, the Collateral Administrator, any Hedge Counterparty, the Initial Purchaser, the Retention Holder or any of their Affiliates has any liability to the Noteholders as to the amount or value of, or any decrease in the value of, the Collateral Obligations from time to time.

4.2. Nature of Collateral; Defaults

The Issuer will invest in a portfolio of Collateral Obligations consisting at the time of acquisition of predominantly Secured Senior Loans, Unsecured Senior Loans, Second Lien Loans and Mezzanine Loans, as well as certain other investments, all of which will have greater credit and liquidity risk than investment grade sovereign or corporate bonds or loans. The Collateral is subject to credit, liquidity, interest rate and exchange rate risks.

The lower rating of below investment grade collateral reflects a greater possibility that adverse changes in the financial condition of an Obligor or in general economic conditions or both may impair the ability of the relevant Obligor, as the case may be, to make payments of principal or interest. Such investments may be speculative. See "*The Portfolio*".

Due to the fact that the Subordinated Notes represent a leveraged investment in the underlying Collateral Obligations, it is anticipated that changes in the market value of the Subordinated Notes will be greater than changes in the market value of the underlying Collateral Obligations.

The offering of the Notes has been structured so that the Notes are assumed to be able to withstand certain assumed losses relating to defaults on the underlying Collateral Obligations. See "*Ratings of the Notes*". There is no assurance that actual losses will not exceed such assumed losses. If any losses exceed such assumed levels, payments on the Notes could be adversely affected by such defaults. To the extent that a default occurs with respect to any Collateral Obligation securing the Notes and the Issuer sells or otherwise disposes of such Collateral Obligation, it is likely that the proceeds of such sale or disposition will be less than the unpaid principal and interest thereon.

The financial markets periodically experience substantial fluctuations in prices for obligations of the types that may be Collateral Obligations and limited liquidity for such obligations. No assurance can be made that the conditions giving rise to such price fluctuations and limited liquidity will not occur, subsist or become more acute following the Issue Date. During periods of limited liquidity and higher price volatility, the ability of the Collateral Manager (on behalf of the Issuer) to acquire or dispose of Collateral Obligations at a price and time that the Collateral Manager deems advantageous may be impaired. As a result, in periods of rising market prices, the Issuer may be unable to participate in price increases fully to the extent that it is either unable to dispose of Collateral Obligations whose prices have risen or to acquire Collateral Obligations whose prices are on the increase; the Collateral Manager's inability to dispose fully and promptly of positions in declining markets will conversely cause its net asset value to decline as the value of unsold positions is marked to lower prices. A decrease in the Market Value of the Collateral Obligations would also adversely affect the proceeds of sale that could be obtained upon the sale of the Collateral Obligations and could ultimately affect the ability of the Issuer to pay in full or redeem the Notes. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition of such Collateral Obligations at any time, or that the proceeds of any such sale or disposition would be sufficient to repay a corresponding par amount of principal of and interest on the Notes after, in each case, paying all amounts payable prior thereto pursuant to the Priorities of Payments. Moreover, there can be no assurance as to the amount or timing of any recoveries received in respect of Defaulted Obligations.

4.3. The Warehouse Arrangements

The Issuer has purchased or entered into an agreement to purchase a substantial portion of the Portfolio on or prior to the Issue Date pursuant to the Warehouse Arrangements. The Warehouse Arrangements were provided by a senior lender (being an Affiliate of the Initial Purchaser) and junior lenders (which include the Collateral Manager) (the "**Warehouse Providers**"). The Issuer will apply part of the proceeds of the issuance of the Notes to repay the Warehouse Providers under the Warehouse Arrangements in respect of the funding provided by it to finance the purchase of Collateral Obligations prior to the Issue Date, and the Warehouse Arrangements will be terminated on the Issue Date.

The prices paid for Collateral Obligations acquired prior to the Issue Date pursuant to the Warehouse Arrangements will be the prevailing prices at the time of the execution of the applicable trades given the market circumstances applicable on the date the Issuer entered into the commitment to purchase, which in the case of Collateral Obligations in respect of which such commitment was entered into prior to the Issue Date pursuant to the Warehouse Arrangements may be greater or less than the market value thereof on the Issue Date. Events occurring between the date of the Issuer first acquiring, or committing to acquire, a Collateral Obligation and the Issue Date, including changes in prevailing interest rates, prepayments of principal, developments or trends in any particular industry, changes in the financial condition of the Obligors of Collateral Obligations, the timing of purchases prior to the Issue Date and a number of other factors beyond the Issuer's control, including the condition of certain financial markets, general economic conditions and international political events, could adversely affect the market value of the Collateral Obligations acquired prior to the Issue Date. Investors in the Notes will be assuming the risk of market value and credit quality changes in the Collateral Obligations from the date the Issuer enters into a commitment to acquire such Collateral Obligations, including during the period prior to the Issue Date, but will not receive the benefit of interest earned on the Collateral Obligations during such period.

The Warehouse Providers under the Warehouse Arrangements provided financing to the Issuer to allow its acquisition of certain Collateral Obligations (the "**Warehoused Assets**"). An Affiliate of the Initial Purchaser, in its capacity as senior lender under the Warehouse Arrangements, was involved in the process of acquisition

by the Issuer (with the Collateral Manager acting on its behalf) of the Warehouse Assets. However, the Affiliate of the Initial Purchaser's involvement in such process was solely in its capacity as senior lender under the Warehouse Arrangements and should not be viewed as a determination by the Initial Purchaser or its Affiliate as to whether a particular asset is an appropriate investment by the Issuer or whether such asset satisfies the portfolio criteria applicable to the Issuer.

On and following the Issue Date, any losses or gains (realised or unrealised) resulting from changes in the market value of the Warehoused Assets as compared to the purchase price of the Warehoused Assets will be for the account of the Issuer. Prior to the Issue Date, the participants in the Warehouse Arrangements would have borne the risk of loss in value of the Warehoused Assets, but on and following the Issue Date such risk is for the account of the Issuer (and therefore the Noteholders), including in respect of the period prior to the Issue Date. The interests of the participants in the Warehouse Arrangements in respect of the Warehoused Assets may not necessarily align with, and may be directly contrary to, those of the investors in the Notes.

The financing provided pursuant to the Warehouse Arrangements will be repaid on the Issue Date by applying part of the proceeds of the issuance of the Notes. Certain costs and expenses related to the Warehouse Arrangements, including the interest payable to the Warehouse Providers and payment of certain fees and reimbursement of certain expenses to the Warehouse Providers and any agents appointed by the Issuer in respect of the Warehouse Arrangements, will therefore be borne by the Issuer as such amounts will be paid by application of the proceeds of the issuance of the Notes.

4.4. Acquisitions of Collateral Obligations and Purchase Price for such Acquisitions

Although the Collateral Manager is required to determine in accordance with the Collateral Management and Administration Agreement that such obligations satisfy the Eligibility Criteria at the time of entering into a binding commitment to purchase them, it is possible that the obligations may no longer satisfy such Eligibility Criteria on the later settlement of the acquisition thereof due to intervening events. The requirement that the Collateral Manager determines in accordance with the Collateral Management and Administration Agreement that the Eligibility Criteria are satisfied applies only at the time that any commitment to purchase a Collateral Obligation is entered into (save for an Issue Date Collateral Obligation which must only satisfy the Eligibility Criteria on the Issue Date) and any failure by such Collateral Obligation to satisfy the Eligibility Criteria at a later stage will not result in any requirement to sell it or take any other action.

For reasons not necessarily attributable to any of the risks set forth herein (for example, supply/demand imbalances or other market forces), the prices of the Collateral Obligations in which the Issuer invests may decline substantially. In particular, purchasing assets at what may appear to be "undervalued" levels is no guarantee that these assets will not be trading at even lower levels at a time of valuation or at the time of sale. It may not be possible to predict, or to hedge against, such risk.

4.5. Considerations Relating to the Initial Investment Period

During the Initial Investment Period, the Collateral Manager acting on behalf of the Issuer, will seek to acquire additional Collateral Obligations in order to satisfy each of the Coverage Tests, Collateral Quality Tests, Portfolio Profile Tests and Target Par Amount requirement as at the Effective Date. See "*The Portfolio*". The ability to satisfy such tests and requirement will depend on a number of factors beyond the control of the Issuer and the Collateral Manager, including the availability of obligations that satisfy the Eligibility Criteria and other Portfolio related requirements in the primary and secondary loan markets, the condition of the financial markets, general economic conditions and international political events. Therefore, there can be no assurance that such tests and requirements will be satisfied. To the extent such additional Collateral Obligations are not purchased, the level of income receivable by the Issuer on the Collateral and therefore its ability to meet its interest payment obligations under the Notes, together with the weighted average lives of the Notes, may be adversely affected. Any failure by the Collateral Manager (on behalf of the Issuer) to acquire such additional Collateral Obligations could result in the non-confirmation or downgrade or withdrawal by any Rating Agency of its Initial Rating of any Class of Notes. Such non-confirmation, downgrade or withdrawal may result in the redemption of the Notes and therefore reduce the leverage ratio of the Subordinated Notes to the other Classes of Notes which could adversely affect the level of returns to the holders of the Subordinated Notes. Any such redemption of the Notes may also adversely affect the risk profile of Classes of Notes in addition to the Subordinated Notes to the extent that the amount of excess spread capable of being generated in the transaction reduces as the result of redemption of the most senior ranking Classes of Notes in accordance with the Note Payment Sequence which bear a lower rate of interest than the remaining Classes of Rated Notes.

4.6. Characteristics and Risks relating to the Portfolio

The Collateral on which the Notes and the claims of the other Secured Parties are secured will be subject to credit, liquidity, interest rate and exchange rate risks. The Portfolio of Collateral Obligations which will secure the Notes will be predominantly comprised of Secured Senior Loans, Unsecured Senior Loans, Second Lien Loans and Mezzanine Loans lent to or issued by a variety of Obligors with a principal place of business in a Non-Emerging Market Country which are primarily rated below investment grade.

An investment in the Notes of any Class involves a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Collateral Obligations by or on behalf of the Issuer and the amounts of the claims of creditors of the Issuer ranking in priority to the holders of each Class of the Notes. In particular, prospective purchasers of such Notes should be aware that the amount and timing of payment of the principal and interest on the Collateral Obligations will depend upon the detailed terms of the documentation relating to each of the Collateral Obligations and on whether or not any Obligor thereunder defaults in its obligations.

The subordination levels of each of the Classes of Notes will be established to withstand certain assumed deficiencies in payment caused by defaults on the related Collateral Obligations. If, however, actual payment deficiencies exceed such assumed levels, payments on the Notes could be adversely affected. Whether and by how much defaults on the Collateral Obligations adversely affect each Class of Notes will be directly related to the level of subordination thereof pursuant to the Priorities of Payments. The risk that payments on the Notes could be adversely affected by defaults on the related Collateral Obligations is likely to be increased to the extent that the Portfolio of Collateral Obligations is concentrated in any one issuer, industry, region or country as a result of the increased potential for correlated defaults in respect of a single issuer or within a single industry, region or country as a result of downturns relating generally to such industry, region or country. Subject to any confidentiality obligations binding on the Issuer, Noteholders will receive information through the Reports from time to time of the identity of Collateral Obligations which are "Defaulted Obligations".

To the extent that a default occurs with respect to any Collateral Obligation and the Issuer or Trustee sells or otherwise disposes of such Collateral Obligation, the proceeds of such sale or disposition are likely to be less than the unpaid principal and interest thereon. Even in the absence of a default with respect to any of the Collateral Obligations, the potential volatility and illiquidity of the sub-investment grade high yield and leveraged loan markets means that the market value of such Collateral Obligations at any time will vary, and may vary substantially, from the price at which such Collateral Obligations were initially purchased and from the principal amount of such Collateral Obligations. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition of such Collateral Obligations at any time, or that the proceeds of any such sale or disposition would be sufficient to repay a corresponding par amount of principal of and interest on the Notes after, in each case, paying all amounts payable prior thereto pursuant to the Priorities of Payments.

Characteristics of Senior Loans and Mezzanine Loans

The Portfolio Profile Tests provide that as of the Effective Date, at least 90 per cent. of the Collateral Principal Amount must consist of Secured Senior Loans (which shall comprise for this purpose the aggregate of the Aggregate Principal Balance of the Secured Senior Loans and the Balances standing to the credit of the Principal Account and the Unused Proceeds Account, in each case as at the relevant Measurement Date). Senior Loans and Mezzanine Loans are of a type generally incurred by the Obligors thereunder in connection with highly leveraged transactions, often (although not exclusively) to finance internal growth, pay dividends or other distributions to the equity holders in the Obligor, or finance acquisitions, mergers, and/or stock purchases. As a result of the additional debt incurred by the Obligor in the course of such a transaction, the Obligor's creditworthiness is typically judged by the rating agencies to be below investment grade. Secured Senior Loans and Unsecured Senior Loans are typically at the most senior level of the capital structure with Second Lien Loans also having a senior debt claim but with a subordinated security claim to Secured Senior Loans and Mezzanine Loans being subordinated to any other Senior Loans or to any other senior debt of the Obligor. Secured Senior Loans are often secured by specific collateral, including but not limited to, trademarks, patents, accounts receivable, inventory, equipment, buildings, real estate, franchises and common and preferred stock of the Obligor and its subsidiaries and any applicable associated liens relating thereto. In continental Europe, security is often limited to shares in certain group companies, accounts receivable, bank account balances and intellectual property rights. Mezzanine Loans may have the benefit of a second priority charge over such assets. Unsecured Senior Loans do not have the benefit of such security. Secured Senior Loans usually have shorter

terms than more junior obligations and often require mandatory prepayments from excess cash flows, asset dispositions and offerings of debt and/or equity securities.

Mezzanine Loans generally take the form of medium term loans repayable shortly (perhaps six months or one year) after the senior loans of the obligor thereunder are repaid. Because Mezzanine Loans are only repayable after the senior debt (and interest payments may be blocked to protect the position of senior debt interest in certain circumstances), they will carry a higher rate of interest to reflect the greater risk of it not being repaid. Due to the greater risk associated with Mezzanine Loans as a result of their subordination below senior loans of the Obligor, mezzanine lenders may be granted share options, warrants or higher cash paying instruments or payment in kind in the Obligor which can be exercised in certain circumstances, principally being immediately prior to the Obligor's shares being sold or floated in an initial public offering.

The majority of Senior Loans and Mezzanine Loans bear interest based on a floating rate index, for example EURIBOR, a certificate of deposit rate, a prime or base rate (each as defined in the applicable Underlying Instrument) or other index, which may reset daily (as most prime or base rate indices do) or offer the Obligor a choice of one, two, three, six, nine or twelve month interest and rate reset periods. The purchaser of an interest in a Senior Loan or Mezzanine Loan may receive certain syndication or participation fees in connection with its purchase. Other fees payable in respect of a Senior Loan or Mezzanine Loan, which are separate from interest payments on such loan, may include facility, commitment, amendment and prepayment fees.

Senior Loans and Mezzanine Loans also generally provide for restrictive covenants designed to limit the activities of the Obligors thereunder in an effort to protect the rights of lenders to receive timely payments of interest on, and repayment of, principal of the loans. Such covenants may include restrictions on dividend payments, specific mandatory minimum financial ratios, limits on total debt and other financial tests. A breach of covenant (after giving effect to any cure period) under a Senior Loan or Mezzanine Loan which is not waived by the lending syndicate normally is an event of acceleration which allows the syndicate to demand immediate repayment in full of the outstanding loan. However, although any particular Senior Loan or Mezzanine Loan may share many similar features with other loans, securities and obligations of its type, the actual term of any Senior Loan or Mezzanine Loan will have been a matter of negotiation and will be unique. Any such particular loan may contain non-standard terms and may provide less protection for creditors than may be expected generally, including in respect of covenants, events of default, security or guarantees.

Limited Liquidity, Prepayment and Default Risk in relation to Senior Loans and Mezzanine Loans

In order to induce banks and institutional investors to invest in a Senior Loan or Mezzanine Loan, and to obtain a favourable rate of interest, an Obligor under such an obligation often provides the investors therein with extensive information about its business, which is not generally available to the public. Because of the provision of confidential information, the unique and customised nature of the Underlying Instrument including such Senior Loan or Mezzanine Loan, and the private syndication of the loan, the trading volume of Senior Loans and Mezzanine Loans in the loan market has been historically small relative to, for example, the high yield bond market. Historically, lenders under European Senior Loans and Mezzanine Loans have been predominantly commercial banks and investment banks. The range of investors for such loans has broadened significantly to include money managers, insurance companies, arbitrageurs, bankruptcy investors and mutual funds seeking increased potential total returns and investment managers of trusts or special purpose companies issuing collateralised bond and loan obligations. As secondary market trading volumes increase, new loans are frequently adopting more standardised documentation to facilitate loan trading which should improve market liquidity. There can be no assurance, however, that future levels of supply and demand in loan trading will provide the degree of liquidity which currently exists in the market at the date of this Offering Circular. This means that such assets will be subject to greater disposal risk in the event that such assets are sold following enforcement of the security over the Collateral or otherwise. The European market for Mezzanine Loans is also generally less liquid than that for Senior Loans, resulting in increased disposal risk for such obligations.

Increased Risks for Mezzanine Loans

The risk of non-payment of a Mezzanine Loan in an enforcement situation is increased by the fact that Mezzanine Loans are generally subordinated to any Senior Loan (and potentially other indebtedness of the relevant Obligor thereunder), may have a longer maturity than such Senior Loans or other indebtedness and will generally only have a second ranking security interest over any security granted in respect thereof.

Mezzanine Loans may provide that all or part of the interest accruing thereon will not be paid on a current basis but will be deferred. Mezzanine Loans also generally involve greater credit and liquidity risks than those associated with investment grade corporate obligations and Senior Loans. They are often entered into in connection with leveraged acquisitions or recapitalisations in which the Obligors thereunder incur a substantially higher amount of indebtedness than the level at which they previously operated and, as referred to above, sit at a subordinated level in the capital structure of such companies.

Mezzanine Loans are likely to be subject to intercreditor arrangements that may include restrictions on the ability of the holders of the relevant Mezzanine Loans from taking independent enforcement action.

Prepayment Risk

Loans are generally prepayable in whole or in part at any time at the option of the obligor thereof at par plus accrued and unpaid interest thereon. Prepayments on loans may be caused by a variety of factors, which are difficult to predict. Accordingly, there exists a risk that loans purchased at a price greater than par may experience a capital loss as a result of such a prepayment. In addition, Principal Proceeds received upon such a prepayment are subject to reinvestment risk. Any inability of the Issuer to reinvest payments or other proceeds in Collateral Obligations with comparable interest rates that satisfy the Reinvestment Criteria may adversely affect the timing and amount of payments and distributions received by the Noteholders and the yield to maturity of the Notes. There can be no assurance that the Issuer will be able to reinvest proceeds in Collateral Obligations with comparable interest rates that satisfy the Reinvestment Criteria or (if it is able to make such reinvestments) as to the length of any delays before such investments are made.

Defaults and Recoveries

There is limited historical data available as to the levels of defaults and/or recoveries that may be experienced on Senior Loans and Mezzanine Loans and no assurance can be given as to the levels of defaults and/or recoveries that may apply to any Senior Loans and Mezzanine Loans purchased by the Issuer. As referred to above, although any particular Senior Loan or Mezzanine Loan often will share many similar features with other loans, securities and obligations of its type, the actual terms of any particular Senior Loan or Mezzanine Loan will have been a matter of negotiation and will thus be unique. The types of protection afforded to creditors will therefore vary from investment to investment. Recoveries on both Senior Loans and Mezzanine Loans may also be affected by the different bankruptcy regimes applicable in different jurisdictions, the availability of comprehensive security packages in different jurisdictions and the enforceability of claims against the Obligors thereunder.

The effect of an economic downturn on default rates and the ability of finance providers to protect their investment in a default situation is uncertain. Furthermore, the holders of Senior Loans and Mezzanine Loans are more diverse than ever before, including not only banks and specialist finance providers but also alternative investment managers, specialist debt and distressed debt investors and other financial institutions. The increasing diversification of the investor base has also been accompanied by an increase in the use of hedges, swaps and other derivative instruments to protect against or spread the economic risk of defaults. All of these developments may further increase the risk that historic recovery levels will not be realised. The returns on Senior Loans and/or Mezzanine Loans therefore may not adequately reflect the risk of future defaults and the ultimate recovery rates.

A non-investment grade loan or debt obligation or an interest in a non-investment grade loan is generally considered speculative in nature and may become a Defaulted Obligation for a variety of reasons. Upon any Collateral Obligation becoming a Defaulted Obligation, such Defaulted Obligation may become subject to either substantial workout negotiations or restructuring, which may entail, among other things, a substantial change in the interest rate, a substantial write-down of principal, a conversion of some or all of the principal debt into equity, or an extension of its maturity, and a substantial change in the terms, conditions and covenants with respect to such Defaulted Obligation. Junior creditors may find that a restructuring leads to the total eradication of their debt whilst the Obligor continues to service more senior tranches of debt on improved terms for the senior lenders. In addition, such negotiations or restructuring may be quite extensive and protracted over time, and therefore may result in uncertainty with respect to the ultimate recovery on such Defaulted Obligation. Forum shopping for a favourable legal regime for a restructuring is not uncommon, English law schemes of arrangement having become a popular tool for European incorporated companies, even for Obligors with little connection to the UK. The liquidity for Defaulted Obligations may be limited, and to the extent that Defaulted Obligations are sold, it is highly unlikely that the proceeds from such sale will be equal to the amount of unpaid

principal and interest thereon. Furthermore, there can be no assurance that the ultimate recovery on any Defaulted Obligation will be at least equal either to the minimum recovery rate assumed by the Rating Agencies in rating the Notes or any recovery rate used in the analysis of the Notes by investors in determining whether to purchase the Notes.

In some European jurisdictions, obligors or lenders may seek a "scheme of arrangement". In such instance, a lender may be forced by a court to accept restructuring terms. Recoveries on Senior Loans and Mezzanine Loans will also be affected by the different bankruptcy regimes applicable in different European jurisdictions and the enforceability of claims against the Obligors thereunder. See 4.18 (*Insolvency Considerations relating to Collateral Obligations*) below.

Characteristics of Second Lien Loans

The Portfolio Profile Tests provide that not more than 10.0 per cent. of the Collateral Principal Amount can consist of Second Lien Loans (together with Unsecured Senior Loans and Mezzanine Loans in aggregate). Each Second Lien Loan will be secured by a pledge of collateral, subordinated (with respect to liquidation preferences with respect to pledged collateral) to other secured obligations of the Obligors secured by all or a portion of the collateral securing such secured loan. Second Lien Loans are typically subject to intercreditor arrangements, the provisions of which may prohibit or restrict the ability of the holder of a Second Lien Loan to (i) exercise remedies against the collateral with respect to their second liens; (ii) challenge any exercise of remedies against the collateral by the first lien lenders with respect to their first liens; (iii) challenge the enforceability or priority of the first liens on the collateral; and (iv) exercise certain other secured creditor rights, both before and during a bankruptcy of any Obligor. In addition, during a bankruptcy of the Obligor, the holder of a Second Lien Loan may be required to give advance consent to (a) any use of cash collateral approved by the first lien creditors; (b) sales of collateral approved by the first lien lenders and the bankruptcy court, so long as the second liens continue to attach to the sale proceeds; and (c) debtor-in-possession financings.

Liens arising by operation of law may take priority over the Issuer's liens on an Obligor's underlying collateral in connection with a Second Lien Loan and impair the Issuer's recovery on a Collateral Obligation if a default or foreclosure on that Collateral Obligation occurs. An example of a lien arising under law is a tax or other governmental lien on property of an Obligor. A tax lien may have priority over the Issuer's lien on such collateral. To the extent a lien having priority over the Issuer's lien exists with respect to the collateral related to any Collateral Obligation, the Issuer's interest in the asset will be subordinate to such lien. If the creditor holding such lien exercises its remedies, it is possible that, after such creditor is repaid, sufficient cash proceeds from the underlying collateral will not be available to pay the outstanding principal amount of such Collateral Obligations.

Characteristics of Unsecured Senior Loans

The Collateral Obligations may include Unsecured Senior Loans. Such Collateral Obligations generally have greater credit, insolvency and liquidity risk than is typically associated with secured obligations. Unsecured Senior Loans will generally have lower rates of recovery than secured obligations following a default. Also, if the insolvency of an Obligor of any Unsecured Senior Loans occurs, the holders of such obligation will be considered general, unsecured creditors of the Obligor and will have fewer rights than secured creditors of the Obligor.

Investing in Cov-Lite Loans involves certain risks

The Portfolio Profile Tests specify that not more than 35.0 per cent. of the Collateral Principal Amount can consist of Cov-Lite Loans, provided that if more than 17.5 per cent. of the Collateral Principal Amount consists of Cov-Lite Loans which have a Fitch Rating below "BB-" and a Moody's Rating below "Ba3", no further purchase of Cov-Lite Loans will be permitted until no more than 17.5 per cent. of the Collateral Principal Amount consists of Cov-Lite Loans which have a Fitch Rating below "BB-" and a Moody's Rating below "Ba3" and provided further that that 0 per cent. of the Collateral Principal Amount shall consist of Cov-Lite Loans which have a Fitch Rating below "B" and a Moody's Rating below "B2". Cov-Lite Loans typically do not have Maintenance Covenants, they usually have incurrence covenants in the same manner as a high yield bond. Ownership of Cov-Lite Loans may expose the Issuer to greater risks, including with respect to liquidity, price volatility and ability to restructure loans, than is the case with loans that have Maintenance Covenants. In addition, the lack of Maintenance Covenants may make it more difficult to trigger a default in respect of such Collateral Obligations. This makes it more likely that any default will only arise under a Cov-Lite Loan at a

stage where the relevant Obligor is in a greater degree of financial distress. Such a delay may make any successful restructuring more difficult to achieve and/or result in a greater reduction in the value of the Cov-Lite Loans as a consequence of any restructuring affected in such circumstances.

4.7. Participations, Novations and Assignments

The Collateral Manager, acting on behalf of the Issuer, may acquire interests in Collateral Obligations which are loans either directly (by way of novation or assignment) or indirectly (by way of sub participation). Each institution from which such an interest is taken by way of participation or acquired by way of assignment is referred to herein as a "Selling Institution". Interests in loans acquired directly by way of novation or assignment are referred to herein as "Assignments". Interests in loans acquired indirectly by way of sub participation are referred to herein as "Participations".

The purchaser of an Assignment typically succeeds to all the rights of the assigning Selling Institution and becomes entitled to the benefit of the loans and the other rights of the lender under the Underlying Instrument. The Issuer, as an assignee, will generally have the right to receive directly from the Obligor all payments of principal and interest to which it is entitled, provided that notice of such Assignment has been given to the Obligor. As a purchaser of an Assignment, the Issuer typically will have the same voting rights as other lenders under the applicable Underlying Instrument and will have the right to vote to waive enforcement of breaches of covenants. The Issuer will generally also have the same rights as other lenders to enforce compliance by the Obligor with the terms of the Underlying Instrument, to set off claims against the Obligor and to have recourse to collateral supporting the loan. As a result, the Issuer will generally not bear the credit risk of the Selling Institution and the insolvency of the Selling Institution should have no effect on the ability of the Issuer to continue to receive payment of principal or interest from the Obligor. The Issuer will, however, assume the credit risk of the Obligor. The Underlying Instrument usually contains mechanisms for the transfer of the benefit of the loan and the security relating thereto. The efficacy of these mechanisms is rarely tested, if ever, and there is debate amongst counsel in continental jurisdictions over their effectiveness. With regard to some of the Underlying Instruments, security will have been granted over assets in different jurisdictions. Some of the jurisdictions will require registrations, filings and/or other formalities to be carried out not only in relation to the transfer of the loan but, depending on the mechanism for transfer, also with respect to the transfer of the benefit of the security.

The Portfolio Profile Tests provide that not more than 5.0 per cent. of the Collateral Principal Amount can consist of Participations. Participations by the Issuer in a Selling Institution's portion of the loan typically results in a contractual relationship only with such Selling Institution and not with the Obligor under such loan. The Issuer would, in such case, only be entitled to receive payments of principal and interest to the extent that the Selling Institution has received such payments from the Obligor. In purchasing Participations, the Issuer generally will have no right to enforce compliance by the Obligor with the terms of the applicable Underlying Instrument and the Issuer may not directly benefit from the collateral supporting the loan in respect of which it has purchased a Participation. As a result, the Issuer will assume the credit risk of both the Obligor and the Selling Institution selling the Participation. In the event of the insolvency of the Selling Institution selling a Participation, the Issuer may be treated as a general creditor of the Selling Institution and may not benefit from any set off between the Selling Institution and the Obligor and the Issuer may suffer a loss to the extent that the Obligor sets off claims against the Selling Institution. The Issuer may purchase a Participation from a Selling Institution that does not itself retain any economic interest in the loan, and therefore, may have limited interest in monitoring the terms of the Underlying Instrument and the continuing creditworthiness of the Obligor. When the Issuer holds a Participation in a loan it generally will not have the right to participate directly in any vote to waive enforcement of any covenants breached by an Obligor. A Selling Institution voting in connection with a potential waiver of a restrictive covenant may have interests which are different from those of the Issuer and such Selling Institutions may not be required to consider the interest of the Issuer in connection with the exercise of its votes.

Additional risks are therefore associated with the purchase of Participations by the Issuer as opposed to Assignments. The Portfolio Profile Tests impose limits on the amount of Collateral Obligations that may comprise Participations as a proportion of the Collateral Principal Amount.

4.8. Corporate Rescue Loans

The Portfolio Profile Tests provide that not more than 5.0 per cent. of the Collateral Principal Amount may comprise of Corporate Rescue Loans. Corporate Rescue Loans are made to companies that have experienced, or

are experiencing, significant financial or business difficulties such that they have become subject to bankruptcy or other reorganisation and liquidation proceedings and thus involves additional risks. The level of analytical sophistication, both financial and legal, necessary for successful investment in companies experiencing significant business and financial difficulties is unusually high. There is no assurance that the Issuer (or the Collateral Manager on its behalf) will correctly evaluate the value of the assets securing the Corporate Rescue Loan or the prospects for a successful reorganisation or similar action and accordingly the Issuer could suffer significant losses on its investments in such Corporate Rescue Loan. In any reorganisation or liquidation case relating to a company in which the Issuer invests, the Issuer may lose its entire investment, may be required to accept cash or securities with a value less than the Issuer's original investment and/or may be required to accept payment over an extended period of time.

Distressed company and other asset-based investments require active monitoring and may, at times, require participation by the Issuer in business strategy or bankruptcy proceedings. To the extent that the Issuer becomes involved in such proceedings, the Issuer's more active participation in the affairs of the bankruptcy debtor could result in the imposition of restrictions limiting the Issuer's ability to liquidate its position in the debtor.

Although a Corporate Rescue Loan is secured, where the Obligor is subject to U.S. bankruptcy law, it has a priority permitted by Section 364(c) or section 364(d) under the United States Bankruptcy Code and at the time that it is acquired by the Issuer is required to be current with respect to scheduled payments of interest (if any).

4.9. Bridge Loans

The Portfolio Profile Tests provide that not more than 5.0 per cent. of the Collateral Principal Amount may be comprised of Bridge Loans. Bridge Loans are generally a temporary financing instrument and as such the interest rate may increase after a short period of time in order to encourage an Obligor to refinance the Bridge Loan with more long-term financing. If an Obligor is unable to refinance a Bridge Loan, the interest rate may be subject to an increase and as such Bridge Loans may have greater credit and liquidity risk than other types of loans.

4.10. Collateral Enhancement Obligations

All funds required in respect of the exercise price of any rights or options under any Collateral Enhancement Obligations, may only be paid out of the Balance standing to the credit of the Supplemental Reserve Account at the relevant time. Such Balance shall be comprised of all sums deposited therein from time to time which will comprise amounts which the Collateral Manager, acting on behalf of the Issuer, determines shall be paid into the Supplemental Reserve Account pursuant to the Priorities of Payments rather than being paid to the Subordinated Noteholders. The aggregate amount which may be credited to the Supplemental Reserve Account in accordance with the Priorities of Payments are subject to the following caps: (i) €1,000,000 in aggregate on any particular Payment Date and (ii) the cumulative maximum aggregate total in respect of all Payment Dates may not exceed €2,000,000.

To the extent that there are insufficient sums standing to the credit of the Supplemental Reserve Account from time to time to exercise rights under Collateral Enhancement Obligations which the Collateral Manager determines on behalf of the Issuer should be exercised, the Collateral Manager may, at its discretion, pay amounts required in order to fund such exercise (each such amount, a "**Collateral Manager Advance**") to such account pursuant to the terms of the Collateral Management and Administration Agreement. All such Collateral Manager Advances shall be repaid (together with interest thereon) out of Interest Proceeds and Principal Proceeds on each Payment Date pursuant to the Priorities of Payment.

The Collateral Manager is under no obligation whatsoever to exercise its discretion (acting on behalf of the Issuer) to take any of the actions described above and there can therefore be no assurance that the Balance standing to the credit of the Supplemental Reserve Account will be sufficient to fund the exercise of any right or option under any Collateral Enhancement Obligation at any time. The ability of the Collateral Manager (acting on behalf of the Issuer) to exercise any rights or options under any Collateral Enhancement Obligation will be dependent upon there being sufficient amounts standing to the credit of the Supplemental Reserve Account. If sufficient amounts are not so available, the Collateral Manager may, at its discretion, fund the payment of any shortfall by way of a Collateral Manager Advance. However, the Collateral Manager is under no obligation to make any Collateral Manager Advance. Failure to exercise any such right or option may result in a reduction of the returns to the Subordinated Noteholders (and, potentially, Noteholders of other Classes).

Collateral Enhancement Obligations and any income or return generated thereby are not taken into account for the purposes of determining satisfaction of, or required to satisfy, any of the Coverage Tests, Portfolio Profile Tests or Collateral Quality Tests.

4.11. Counterparty Risk

Participations and Hedge Transactions involve the Issuer entering into contracts with counterparties. Pursuant to such contracts, the counterparties agree to make payments to the Issuer under certain circumstances as described therein. The Issuer will be exposed to the credit risk of the counterparty with respect of any such payments. Each such counterparty is required to satisfy the applicable Rating Requirement, upon entry into the applicable contract or instrument.

In the event that a Hedge Counterparty is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement, the terms of the applicable Hedge Agreement will generally provide for a termination event unless such Hedge Counterparty either transfers its obligations under the applicable Hedge Agreement to a replacement counterparty with the requisite ratings, obtains a guarantee of its obligations by a guarantor with the requisite ratings, collateralises its obligations in a manner satisfactory to the Rating Agencies or employs some other strategy as results in the rating of the Rated Notes being maintained at their then current level within the remedy period specified in the ratings criteria of the Rating Agencies. There can be no assurance that the applicable Hedge Counterparty will be able to transfer its obligations to a suitable replacement counterparty or exercise any of the other aforementioned remedies within the specified remedy period. Failure to do so may result in interest rate or currency mismatches, which could adversely affect the ability of the Issuer to make payments on the Notes as the Issuer may not receive payments it would otherwise be entitled to from such Hedge Counterparty to cover its interest rate risk exposure or currency risk exposure in respect of Non-Euro Obligations for so long as the Issuer has not entered into a replacement Hedge Transaction (see 4.14 (*Interest Rate Risk*) and 4.15 (*Currency Risk*) below). For further information, see "*Hedging Arrangements*" below.

Similarly, the Issuer will be exposed to the credit risk of the Account Bank and the Custodian to the extent of, respectively, all cash of the Issuer held in the Accounts and all Collateral of the Issuer held by the Custodian. In the event that the Account Bank or the Custodian is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement, the Issuer shall use its reasonable endeavours to procure the appointment of a replacement Account Bank or Custodian, as the case may be, with the applicable Rating Requirement on substantially the same terms as the Agency and Account Bank Agreement within 30 calendar days of such withdrawal or downgrade.

4.12. Concentration Risk

The Issuer will invest in a Portfolio of Collateral Obligations consisting of Senior Loans and Mezzanine Loans. Although no significant concentration with respect to any particular Obligor, industry or country is expected to exist at the Effective Date, the concentration of the Portfolio in any one Obligor would subject the Notes to a greater degree of risk with respect to defaults by such Obligor, and the concentration of the Portfolio in any one industry would subject the Notes to a greater degree of risk with respect to economic downturns relating to such industry. The Portfolio Profile Tests and Collateral Quality Tests attempt to mitigate any concentration risk in the Portfolio. See "*The Portfolio — Portfolio Profile Tests and Collateral Quality Tests*".

4.13. Credit Risk

Risks applicable to Collateral Obligations also include the possibility that earnings of the Obligor may be insufficient to meet its debt service obligations thereunder and the declining creditworthiness and potential for insolvency of the Obligor of such Collateral Obligations during periods of rising interest rates and economic downturn. An economic downturn could severely disrupt the market for leveraged loans and adversely affect the value thereof and the ability of the Obligor thereunder to repay principal and interest.

4.14. Interest Rate Risk

The Notes accrue interest at a floating rate. It is possible that Collateral Obligations may bear interest at fixed rates and there is no requirement that the amount or portion of Collateral Obligations securing the Notes must bear interest on a particular basis, save for the Portfolio Profile Test which requires that not more than 2.5 per cent. of the Collateral Principal Amount may comprise Fixed Rate Collateral Obligations.

In addition, any payments of principal or interest received in respect of Collateral Obligations and not otherwise reinvested during the Reinvestment Period in Substitute Collateral Obligations will generally be invested in Eligible Investments until shortly before the next Payment Date. There is no requirement that such Eligible Investments bear interest on a particular basis, and the interest rates available for such Eligible Investments are inherently uncertain. As a result of these factors, it is expected that there may be a fixed/floating rate mismatch, floating rate basis mismatch (including in the case of Collateral Obligations or Eligible Investments which pay a floating rate based on a benchmark other than EURIBOR), maturity date mismatch and mismatch in timing of determination of the applicable floating rate benchmark, in each case between the Notes and the underlying Collateral Obligations and Eligible Investments. Such mismatch may be material and may change from time to time as the composition of the related Collateral Obligations and Eligible Investments change as the liabilities of the Issuer accrue or are repaid. As a result of such mismatches, changes in the level of the applicable floating rate benchmark could adversely affect the ability to make payments on the Notes. In addition, pursuant to the Collateral Management and Administration Agreement, the Collateral Manager, acting on behalf of the Issuer, is authorised to enter into the Hedge Transactions in order to mitigate such interest rate mismatches from time to time, subject to receipt in each case of Rating Agency Confirmation in respect thereof and subject to satisfaction of the Hedging Condition. However, the Issuer will depend on each Hedge Counterparty to perform its obligations under any Hedge Transaction to which it is a party and if any Hedge Counterparty defaults or becomes unable to perform due to insolvency or otherwise, the Issuer may not receive payments it would otherwise be entitled to from such Hedge Counterparty to cover its interest rate risk exposure. Furthermore, the terms of the Hedge Agreements may provide for the ability of the Hedge Counterparty to terminate such Hedge Agreement upon the occurrence of certain events, including related to certain regulatory matters. Any such termination in the case of an Interest Rate Hedge Transaction would result in the Issuer's exposure to interest rate exposure increasing, and may result in the Issuer being required to pay a termination amount to the relevant Hedge Counterparty. See further "*Hedging Arrangements*" below.

Interest Amounts are due and payable in respect of the Notes on a quarterly basis prior to the occurrence of a Frequency Switch Event and on a semi-annual basis following the occurrence of a Frequency Switch Event. If a significant number of Collateral Obligations pay interest on a semi-annual or annual basis, there may be insufficient interest received to make quarterly interest payments on the Notes (at all times prior to the occurrence of a Frequency Switch Event). In order to mitigate the effects of any such timing mis-match, prior to the occurrence of a Frequency Switch Event, the Issuer will be required to hold back a portion of the interest received on Collateral Obligations which pay interest less than quarterly in order make quarterly payments of interest on the Notes ("**Interest Smoothing**"). There can be no assurance that Interest Smoothing shall be sufficient to mitigate any timing mismatch.

There can be no assurance that the Collateral Obligations and Eligible Investments securing the Notes will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest on the Notes or that any particular levels of return will be generated on the Subordinated Notes.

4.15. Currency Risk

Subject to the satisfaction of the Hedging Condition and the limit in the Portfolio Profile Tests to Non-Euro Obligations comprising no more than 20.0 per cent. of the Collateral Principal Amount, the Collateral Manager, on behalf of the Issuer, may purchase Non-Euro Obligations, provided that such Non-Euro Obligations otherwise satisfy the Eligibility Criteria. Although the Issuer shall, subject to the satisfaction of the Hedging Condition, enter into Currency Hedge Transactions to hedge any currency exposure relating to such Non-Euro Obligations, fluctuations in exchange rates may lead to the proceeds of the Collateral Obligations being insufficient to pay all amounts due to the respective Classes of Notes.

Notwithstanding that Non-Euro Obligations are required to have an associated Currency Hedge Transaction, losses may be incurred due to fluctuations in the Euro exchange rates and in the event of a default by the relevant Currency Hedge Counterparty under any such Currency Hedge Transaction. Fluctuations in Euro exchange rates may result in a decrease in value of the Portfolio for the purposes of sale thereof upon enforcement of the security over it. Furthermore, the terms of the Hedge Agreements may provide for the ability of the Hedge Counterparty to terminate such Hedge Agreement upon the occurrence of certain events, including related to certain regulatory matters. Any such termination in the case of a Currency Hedge Transaction would result in the Issuer being exposed to currency risk in respect of the related Non-Euro Obligations for so long as the Issuer has not entered into a replacement Currency Hedge Transaction, and may result in the Issuer being required to pay a termination amount to the relevant Hedge Counterparty. See further "*Hedging Arrangements*" below.

In addition, it may be necessary for the Issuer to make substantial up-front payments in order to enter into currency hedging arrangements on the terms required by the Collateral Management and Administration Agreement, and the Issuer's ongoing payment obligations under such Currency Hedge Transactions (including any termination payments) may be significant. The payments associated with such hedging arrangements generally rank senior to payments on the Notes.

Defaults, trading and other events increase the risk of a mismatch between the foreign exchange Currency Hedge Transactions and the Non-Euro Obligations which may result in losses. In addition, the Collateral Manager may be limited at the time of reinvestment in the choice of Non-Euro Obligations that it is able to purchase on behalf of the Issuer because of the cost of such hedging and due to restrictions in the Collateral Management and Administration Agreement with respect to such hedging.

The Issuer will depend on each Hedge Counterparty to perform its obligations under any Currency Hedge Transaction to which it is a party and if any Hedge Counterparty defaults or becomes unable to perform due to insolvency or otherwise, the Issuer may not receive payments it would otherwise be entitled to from such Hedge Counterparty to cover its currency risk exposure.

4.16. Reinvestment Risk and Uninvested Cash Balances

To the extent the Issuer (or the Collateral Manager on its behalf) maintains cash balances invested in short-term investments instead of higher yielding loans, portfolio income will be reduced which will result in reduced amounts available for payment on the Notes. In general, the larger the amount and the longer the time period during which cash balances remain uninvested the greater the adverse impact on portfolio income which will reduce amounts available for payment on the Notes, especially the Subordinated Notes. The extent to which cash balances remain uninvested will be subject to a variety of factors, including future market conditions and is difficult to predict.

During the Reinvestment Period, subject to compliance with certain criteria and limitations described herein, the Collateral Manager will have discretion to dispose of certain Collateral Obligations on behalf of the Issuer and to reinvest the proceeds thereof in Substitute Collateral Obligations in compliance with the Reinvestment Criteria. In addition, during the Reinvestment Period, to the extent that any Collateral Obligations prepay or mature prior to the Maturity Date, the Collateral Manager will seek to invest the proceeds thereof in Substitute Collateral Obligations, subject to the Reinvestment Criteria. The yield with respect to such Substitute Collateral Obligations will depend, among other factors, on reinvestment rates available at the time, on the availability of investments which satisfy the Reinvestment Criteria and are acceptable to the Collateral Manager and on market conditions related to high yield securities and bank loans in general. The need to satisfy such Reinvestment Criteria and identify acceptable investments may require the purchase of Collateral Obligations with a lower yield than those replaced, with different characteristics than those replaced (including, but not limited to, coupon, maturity, call features and/or credit quality) or require that such funds be maintained in cash or Eligible Investments pending reinvestment in Substitute Collateral Obligations, which will further reduce the yield of the Portfolio. Any decrease in the yield on the Portfolio will have the effect of reducing the amounts available to make distributions on the Notes which will adversely affect cash flows available to make payments on the Notes, especially the most junior Class or Classes of Notes. There can be no assurance that in the event Collateral Obligations are sold, prepaid, or mature, yields on Collateral Obligations that are eligible for purchase will be at the same levels as those replaced and there can be no assurance that the characteristics of any Substitute Collateral Obligations purchased will be the same as those replaced and there can be no assurance as to the timing of the purchase of any Substitute Collateral Obligations.

The timing of the initial investment of the net proceeds of issue of the Notes remaining after the payment of certain fees and expenses due and payable by the Issuer on the Issue Date and reinvestment of Sale Proceeds, Scheduled Principal Proceeds and Unscheduled Principal Proceeds, can affect the return to holders of, and cash flows available to make payments on, the Notes, especially the most junior Class or Classes of Notes. Loans and privately placed high yield securities are not as easily (or as quickly) purchased or sold as publicly traded securities for a variety of reasons, including confidentiality requirements with respect to Obligor information, the customised nature of Underlying Instruments and private syndication. The reduced liquidity and lower volume of trading in loans, in addition to restrictions on investment represented by the Reinvestment Criteria, could result in periods of time during which the Issuer is not able to fully invest its cash in Collateral Obligations. The longer the period between reinvestment of cash in Collateral Obligations, the greater the adverse impact may be on the aggregate amount of the Interest Proceeds collected and distributed by the Issuer, including on the Notes, especially the most junior Class or Classes of Notes, thereby resulting in lower yields

than could have been obtained if Principal Proceeds were immediately reinvested. In addition, loans are often prepayable by the Obligor thereof with no, or limited, penalty or premium. As a result, loans generally prepay more frequently than other corporate debt obligations of the issuers thereof. Senior Loans usually have shorter terms than more junior obligations and often require mandatory repayments from excess cash flow, asset dispositions and offerings of debt and/or equity securities. The increased levels of prepayments and amortisation of loans increase the associated reinvestment risk on the Collateral Obligations which risk will first be borne by holders of the Subordinated Notes and then by holders of the Rated Notes, beginning with the most junior Class.

In addition, the amount of Collateral Obligations owned by the Issuer on the Issue Date, the timing of purchases of additional Collateral Obligations on and after the Issue Date and the scheduled interest payment dates of those Collateral Obligations may have a material impact on collections of Interest Proceeds during the first Due Period, which could affect interest payments on the Rated Notes and the payment of distributions to the Subordinated Notes on the first Payment Date.

4.17. Ratings on Collateral Obligations

The Collateral Quality Tests, the Portfolio Profile Tests and the Coverage Tests are sensitive to variations in the ratings applicable to the underlying Collateral Obligations. Generally, deteriorations in the business environment or increases in the business risks facing any particular Obligor may result in downgrade of its obligations, which may result in such obligation becoming a Credit Risk Obligation, a Moody's Caa Obligation or Fitch CCC Obligation (and therefore potentially subject to haircuts in the determination of the Par Value Tests and restriction in the Portfolio Profile Tests) or a Defaulted Obligation. The Collateral Management and Administration Agreement contains detailed provisions for determining the Moody's Rating and the Fitch Rating. In most instances, the Moody's Rating and the Fitch Rating will not be based on or derived from a public rating of the Obligor or the actual Collateral Obligation. In most cases, the Fitch Rating and Moody's Rating in respect of a Collateral Obligation will be based on a confidential credit estimate determined separately by Moody's and/or Fitch. Such confidential credit estimates are private and therefore not capable of being disclosed to Noteholders. In addition, some ratings will be derived by the Collateral Manager based on, among other things, Obligor group or Affiliate ratings, comparable ratings provided by a different Rating Agency and, in certain circumstances, temporary ratings applied by the Collateral Manager. In certain cases, the Moody's Rating and/or Fitch Rating of a Collateral Obligation may be derived from a rating assigned to such Collateral Obligation by a different rating agency. Such derived ratings will not reflect detailed credit analysis of the particular Collateral Obligation and may reflect a more or less conservative view of the actual credit risk of such Collateral Obligation than any such fundamental credit analysis might, if conducted, warrant; and model-derived variations in such ratings may occur (and have consequential effects on the Collateral Quality Tests, the Portfolio Profile Tests and the Coverage Tests) without necessarily reflecting comparable variation in the actual credit quality of the Collateral Obligation in question. Please see "*Ratings of the Notes*" and "*The Portfolio*".

4.18. Insolvency Considerations relating to Collateral Obligations

Collateral Obligations may be subject to various laws enacted for the protection of creditors in the countries of the jurisdictions of incorporation of Obligors and, if different, in which the Obligors conduct business and in which they hold the assets, which may adversely affect such Obligors' abilities to make payment on a full or timely basis. These insolvency considerations will differ depending on the country in which each Obligor is located or domiciled and may differ depending on whether the Obligor is a non-sovereign or a sovereign entity. In particular, it should be noted that a number of continental European jurisdictions operate "debtor friendly" insolvency regimes which would result in delays in payments under Collateral Obligations where obligations thereunder are subject to such regimes, in the event of the insolvency of the relevant Obligor.

The different insolvency regimes applicable in the different European jurisdictions result in a corresponding variability of recovery rates for Senior Loans and Mezzanine Loans entered into by Obligors in such jurisdictions. No reliable historical data is available.

4.19. Lender Liability Considerations; Equitable Subordination

In recent years, a number of judicial decisions in the United States and other jurisdictions have upheld the right of Obligors to sue lenders or bondholders on the basis of various evolving legal theories (collectively, termed "**lender liability**"). Generally, lender liability is founded upon the premise that an institutional lender or bondholder has violated a duty (whether implied or contractual) of good faith and fair dealing owed to the Obligor or has assumed a degree of control over the Obligor resulting in the creation of a fiduciary duty owed to

the Obligor or its other creditors or shareholders. Although it would be a novel application of the lender liability theories, the Issuer may be subject to allegations of lender liability. However, the Issuer does not intend to engage in, and the Collateral Manager does not intend to advise the Issuer with respect to, any conduct that would form the basis for a successful cause of action based upon lender liability.

In addition, under common law principles that in some cases form the basis for lender liability claims, if a lender or bondholder (a) intentionally takes an action that results in the under capitalisation of the Obligor to the detriment of other creditors of such Obligor, (b) engages in other inequitable conduct to the detriment of such other creditors, (c) engages in fraud with respect to, or makes misrepresentations to, such other creditors or (d) uses its influence as a stockholder to dominate or control the Obligor to the detriment of other creditors of such Obligor, a court may elect to subordinate the claim of the offending lender or bondholder to the claims of the disadvantaged creditor or creditors, a remedy called "**equitable subordination**". Because of the nature of the Collateral Obligations, the Issuer may be subject to claims from creditors of an Obligor that Collateral Obligations issued by such Obligor that are held by the Issuer should be equitably subordinated. However, the Issuer does not intend to engage in, and the Collateral Manager does not intend to advise the Issuer with respect to, any conduct that would form the basis for a successful cause of action based upon the equitable subordination doctrine.

The preceding discussion is based upon principles of United States federal and state laws. Insofar as Collateral Obligations that are obligations of non-United States Obligor are concerned, the laws of certain foreign jurisdictions may impose liability upon lenders or bondholders under factual circumstances similar to those described above, with consequences that may or may not be analogous to those described above under United States federal and state laws.

4.20. Changes in Tax Law; No Gross Up; General

Collateral Obligations

At the time when they are acquired by the Issuer (or, in the case of the Issue Date Collateral Obligations, on the Issue Date), the Eligibility Criteria require that payments of interest on the Collateral Obligations to the Issuer will not be subject to withholding tax imposed by any jurisdiction, whether by virtue of an applicable double taxation treaty or otherwise, unless the Obligor is required to make "gross-up" payments to the Issuer that cover the full amount of any such withholding on an after-tax basis. However, there can be no assurance that, as a result of any change in any applicable law, rule or regulation or interpretation thereof, or as a result of a Collateral Obligation being restructured, the payments on the Collateral Obligations might not in the future become subject to withholding tax or increased withholding rates in respect of which the relevant Obligor will not be obliged to gross up to the Issuer. In such circumstances, the Issuer may be able, but will not be obliged, to take advantage of (a) a double taxation treaty between The Netherlands and the jurisdiction from which the relevant payment is made, (b) the current applicable law in the jurisdiction of the relevant Obligor or (c) the fact that the Issuer has taken a Participation in such Collateral Obligations from a Selling Institution which is able to pay interest payable under such Participation gross. In the event that the Issuer receives any interest payments on any Collateral Obligation net of any applicable withholding tax, the Coverage Tests and Collateral Quality Tests will be determined by reference to such net receipts. Such withholding would also reduce the amounts available to make payments on the Notes. There can be no assurance that remaining payments on the Collateral Obligations would be sufficient to make timely payments of interest or principal on the Maturity Date and other amounts payable in respect of the Notes of each Class. This may result in the occurrence of a Collateral Tax Event pursuant to which the Notes may be subject to early redemption at the option of the Subordinated Noteholders in the manner described in Condition 7(b)(i)(B) (*Optional Redemption*).

The Issuer

The Issuer will be subject to United Kingdom corporation tax if and only if it is (i) tax resident in the United Kingdom or (ii) carries on a trade in the United Kingdom through a permanent establishment. The Issuer will not be treated as being tax resident in the United Kingdom provided that the central management and control of the Issuer is in The Netherlands. The Directors intend to conduct the affairs of the Issuer in such a manner so that it does not become resident in the United Kingdom for taxation purposes. The Issuer will be regarded as having a permanent establishment in the United Kingdom if it has a place of business in the United Kingdom or it has a dependent agent in the United Kingdom who has and habitually exercises authority in the United Kingdom to do business on the Issuer's behalf. The Issuer does not intend to have a place of business in the United Kingdom. The Collateral Manager will, however, have and is expected to habitually exercise authority

to do business on behalf of the Issuer in the United Kingdom. The Issuer should not be subject to United Kingdom tax in consequence of the activities which the Collateral Manager carries out on its behalf provided that the Issuer's activities are regarded as investment activities rather than trading activities.

Even if the Issuer is regarded as carrying on a trade in the United Kingdom through the agency of the Collateral Manager for the purposes of United Kingdom taxation, it will not be subject to United Kingdom tax in respect of the agency of the Collateral Manager if the exclusion at Article 5(6) of the double taxation treaty between The Netherlands and the United Kingdom ("**UK-Netherlands Treaty**") applies. This exclusion will apply if the Collateral Manager, in acting on behalf of the Issuer, is regarded as an independent agent acting in the ordinary course of its business for the purpose of the UK-Netherlands Treaty. It should be noted that the specific domestic United Kingdom tax exemption for profits generated in the United Kingdom by an investment manager on behalf of its non-resident clients (section 1146 of the Corporation Tax Act 2010) may not be available in the context of this transaction if the Collateral Manager (or certain connected entities) holds more than 20 per cent. of the Subordinated Notes. However, the inapplicability of this domestic exemption should not have any effect on the United Kingdom tax position of the Issuer if the exclusion at Article 5(6) of the UK-Netherlands Treaty, as referred to above, applies.

Should the Collateral Manager be assessed to United Kingdom tax on behalf of the Issuer, it will be entitled to an indemnity from the Issuer. Any payment to be made by the Issuer under this indemnity will be paid as Administrative Expenses of the Issuer. Administrative Expenses are payable by the Issuer on any Payment Date under paragraphs (C) and (Z) of the Interest Priority of Payments, paragraphs (A) and (T) of the Principal Priority of Payments or paragraphs (B) and (W) of the Post-Acceleration Priority of Payments, as applicable. It should be noted that United Kingdom tax legislation makes it possible for H.M. Revenue & Customs to seek to assess the Issuer to United Kingdom tax directly rather than through the Collateral Manager as its United Kingdom representative. Should the Issuer be assessed on this basis, the Issuer will be liable to pay, under item (A) of the Interest Priority of Payments, the Principal Priority of Payments or the Post-Acceleration Priority of Payments, as applicable, United Kingdom tax on its United Kingdom taxable profit attributable to its United Kingdom activities. The Issuer would also be liable to pay, under item (A) of the Interest Priority of Payments, Principal Priority of Payments or the Post-Acceleration Priority of Payments, as applicable, United Kingdom tax on its United Kingdom taxable profits in the unlikely event that it were treated as being tax resident in the United Kingdom.

4.21. Collateral Manager

The Collateral Manager is given authority in the Collateral Management and Administration Agreement to act as Collateral Manager to the Issuer in respect of the Portfolio pursuant to and in accordance with the parameters and criteria set out in the Collateral Management and Administration Agreement. See "*The Portfolio*" and "*Description of the Collateral Management and Administration Agreement*". The powers and duties of the Collateral Manager in relation to the Portfolio include effecting, on behalf of the Issuer, in accordance with the provisions of the Collateral Management and Administration Agreement: (a) the acquisition of Collateral Obligations during the Reinvestment Period; (b) the sale of Collateral Obligations during the Reinvestment Period (subject to certain limits) and, at any time, upon the occurrence of certain events (including a Collateral Obligation becoming a Defaulted Obligation, a Credit Improved Obligation or a Credit Risk Obligation); and (c) the participation in restructuring and work-outs of Collateral Obligations on behalf of the Issuer. See "*The Portfolio*". Any analysis by the Collateral Manager (on behalf of the Issuer) of Obligors under Collateral Obligations which it is purchasing (on behalf of the Issuer) or which are held in the Portfolio from time to time will, in respect of Collateral Obligations which are Assignments or Participations of senior and mezzanine loans and in relation to which the Collateral Manager has non-public information, such analysis will include due diligence of the kind common in relation to senior and mezzanine loans of such kind.

In addition, the Collateral Management and Administration Agreement places significant restrictions on the Collateral Manager's ability to buy and sell Collateral Obligations, and the Collateral Manager is required to comply with the restrictions contained in the Collateral Management and Administration Agreement. Accordingly, during certain periods or in certain specified circumstances, the Collateral Manager may be unable to buy or sell Collateral Obligations or to take other actions which it might consider in the best interest of the Issuer and the Noteholders, as a result of the restrictions set forth in the Collateral Management and Administration Agreement.

The Issuer is a newly formed entity and has no operating history or performance record of its own, other than in respect of the Warehouse Arrangements. The actual performance of the Issuer will depend on numerous factors

which are difficult to predict and may be beyond the control of the Collateral Manager. The nature of, and risks associated with, the Issuer's future investments may differ substantially from those investments and strategies undertaken historically by the Collateral Manager and such persons. There can be no assurance that the Issuer's investments will perform as well as the past investments of any such persons or entities.

The performance of other collateralised debt obligation vehicles ("**CLO Vehicles**") managed or advised by the Collateral Manager or Affiliates of the Collateral Manager should not be relied upon as an indication or prediction of the performance of the Issuer. Such other CLO Vehicles may have significantly different characteristics, including but not limited to their structures, composition of the collateral pool, investment objectives, leverage, financing costs, fees and expenses, management personnel and other terms when compared to the Issuer and may have been formed and managed under significantly different market conditions than those which apply to the Issuer and its Portfolio. Because the composition of the Collateral Obligations will vary over time, the performance of the Collateral Obligations depends heavily on the skills of the Collateral Manager in analysing, selecting and managing the Collateral Obligations. As a result, the Issuer will be highly dependent on the financial and managerial experience of the investment professionals employed by the Collateral Manager who are assigned to select and manage the Collateral Obligations and perform the other obligations of the Collateral Manager under the Collateral Management and Administration Agreement. There is no assurance that such persons will continue to be employed by the Collateral Manager or involved in investment activities of the Issuer throughout the life of the transaction. The Issuer is not a direct beneficiary of employment arrangements between the Collateral Manager and its employees, which arrangements are in any event subject to change without notice to, or without the consent of, the Issuer. The loss of any such persons could have a material adverse effect on the Collateral Obligations. Furthermore, the Collateral Manager may hire replacement employees that may not have the same level of experience in selecting and managing loans and high-yield debt securities and performing such other obligations as the persons they replace. Any such change in personnel performing such obligations may have an adverse effect on the Collateral and the Issuer's ability to make payments on the Notes.

The Collateral Manager's duties and obligations under the Collateral Management and Administration Agreement are owed solely to the Issuer (and, to the extent of the Issuer's security assignment of its rights under the Collateral Management and Administration Agreement, the Trustee). The Collateral Manager is not in contractual privity with, and owes no separate duties or obligations to, any of the Noteholders. Actions taken by the Collateral Manager may differentially affect the interests of the various Classes of Notes (whose Noteholders may themselves have different interests), and except as provided in the Collateral Management and Administration Agreement or the other Transaction Documents, the Collateral Manager has no obligation to consider such differential effects or different interests.

In addition, the Collateral Manager may resign or be removed in certain circumstances as described herein under "*Description of the Collateral Management and Administration Agreement*". There can be no assurance that any successor manager would have the same level of skill in performing the obligations of the Collateral Manager, in which event payments on the Notes could be reduced or delayed.

The Collateral Manager is not required to devote all of its time to the performance of the Collateral Management and Administration Agreement and will continue to advise and manage other investment funds in the future.

The past performance of any portfolio or investment vehicle managed by the Collateral Manager, any of its Affiliates or their current personnel at prior places of employment may not be indicative of the results that the Issuer may be able to achieve with the Collateral Obligations. Similarly, the past performance of the Collateral Manager, any of its Affiliates and their current personnel at a prior place of employment over a particular period may not be indicative of the results that may occur in future periods. Furthermore, the nature of, and risks associated with, the Issuer's investments may differ from those investments and strategies undertaken in connection with such other portfolios or investment vehicles. There can be no assurance that the Issuer's investments will perform as well as such past investments, that the Issuer will be able to avoid losses or that the Issuer will be able to make investments similar to such past investments. In addition, such past investments may have been made utilising a capital structure and an asset mix that are different from the anticipated capital structure and/or asset mix of the Issuer. Moreover, because the investment criteria that govern investments in the Portfolio do not govern the investments and investment strategies of the Collateral Manager generally, the Portfolio, and the results it yields, are not directly comparable with, and may differ substantially from, other portfolios advised by the Collateral Manager or any of its Affiliates and its current personnel at prior places of employment.

4.22. No Initial Purchaser Role Post-Closing

The Initial Purchaser takes no responsibility for, and has no obligations in respect of, the Issuer and will have no obligation to monitor the performance of the Portfolio or the actions of the Collateral Manager or the Issuer and no authority to advise the Collateral Manager or the Issuer or to direct their actions, which will be solely the responsibility of the Collateral Manager and the Issuer. If the Initial Purchaser or its Affiliates owns Notes, they will have no responsibility to consider the interests of any other owner of Notes with respect to actions they take or refrain from taking in such capacity.

4.23. Acquisition and Disposition of Collateral Obligations

The estimated net proceeds of the issue of the Notes after payment of fees and expenses payable on or about the Issue Date (including, without duplication amounts deposited into the Expense Reserve Account) are expected to be approximately €351,234,322. Such proceeds will be used by the Issuer to repay the financing provided to the Issuer pursuant to the Warehouse Arrangements and all other amounts due in order to finance the acquisition of warehoused Collateral Obligations purchased by the Issuer prior to the Issue Date and to fund the First Period Reserve Account on the Issue Date. The remaining proceeds shall be deposited into the Unused Proceeds Account to be utilised to fund the acquisition of Collateral Obligations complying with the Eligibility Criteria purchased by the Issuer during the Initial Investment Period (as defined in the Conditions). The Collateral Manager's decisions concerning purchases of Collateral Obligations will be influenced by a number of factors, including market conditions and the availability of loans satisfying the Eligibility Criteria, Reinvestment Criteria and the other requirements of the Collateral Management and Administration Agreement. The failure or inability of the Collateral Manager to acquire Collateral Obligations with the proceeds of the offering or to reinvest Sale Proceeds or payments and prepayments of principal in Substitute Collateral Obligations in a timely manner will adversely affect the returns on the Notes, in particular with respect to the most junior Class or Classes.

Under the Collateral Management and Administration Agreement and as described herein, the Collateral Manager may only, on behalf of the Issuer, dispose of a limited percentage of Collateral Obligations in any period of 12 calendar months and, in addition, any Collateral Obligation that meets the definition of a Defaulted Obligation, an Exchanged Equity Security and, subject to the satisfaction of certain conditions, a Credit Risk Obligation or Credit Improved Obligation. Notwithstanding such restrictions and subject to the satisfaction of the conditions set forth in the Collateral Management and Administration Agreement, sales and purchases by the Collateral Manager, of Collateral Obligations could result in losses by the Issuer, which will be borne in the first instance by the holders of the Subordinated Notes and then by holders of the Rated Notes, beginning with the most junior Class.

In addition, circumstances may exist under which the Collateral Manager may believe that it is in the best interests of the Issuer to dispose of a Collateral Obligation, but will not be permitted to do so under the terms of the Collateral Management and Administration Agreement.

4.24. Local Regulatory Requirements in Obligor jurisdictions

In many jurisdictions, especially in Continental Europe, engaging in lending activities "in" certain jurisdictions whether conducted via the granting of loans, purchases of receivables, discounting of invoices, guarantee transactions or otherwise (collectively, "**Lending Activities**") is generally considered a regulated financial activity and, accordingly, must be conducted in compliance with applicable local banking laws. In many such jurisdictions, there is comparatively little statutory, regulatory or interpretive guidance issued by the competent authorities or other authoritative guidance as to what constitutes the conduct of Lending Activities in such jurisdictions.

As such, Collateral Obligations may be subject to these local law requirements. Moreover, these regulatory considerations may differ depending on the country in which each Obligor is located or domiciled, on the type of Obligor and other considerations. Therefore, at the time when Collateral Obligations are acquired by the Issuer, there can be no assurance that, as a result of the application of regulatory law, rule or regulation or interpretation thereof by the relevant governmental body or agency, or change in such application or interpretation thereof by such governmental body or agency, payments on the Collateral Obligations might not in the future be adversely affected as a result of such application of regulatory law or that the Issuer might become subject to proceedings or action by the relevant governmental body or agency, which if determined adversely to the Issuer, may adversely affect its ability to make payments in respect of the Notes.

4.25. Valuation Information; Limited Information

None of the Initial Purchaser, the Collateral Manager or any other transaction party will be required to provide periodic pricing or valuation information to investors. Investors will receive limited information with regard to the Collateral Obligations and none of the transaction parties (including the Issuer, Trustee and Collateral Manager) will be required to provide any information other than what is required in the Trust Deed or the Collateral Management and Administration Agreement. Furthermore, if any information is provided to the Noteholders (including required reports under the Trust Deed), such information may not be audited. Finally, the Collateral Manager may be in possession of material, non-public information with regard to the Collateral Obligations and will not be required to disclose such information to the Noteholders.

4.26. The Issuer's Centre of Main Interest

The Issuer has its registered office in The Netherlands. As a result there is a rebuttable presumption that its centre of main interest ("**COMI**") is in The Netherlands and consequently that any main insolvency proceedings applicable to it would be governed by Dutch law. In the decision by the European Court of Justice ("**ECJ**") in relation to Eurofood IFSC Limited, the ECJ restated the presumption in Council Regulation (EC) No. 1346/2000 of 29 May 2000 on Insolvency Proceedings, that the place of a company's registered office is presumed to be the company's COMI and stated that the presumption can only be rebutted if "factors which are both objective and ascertainable by third parties enable it to be established that an actual situation exists which is different from that which locating it at the registered office is deemed to reflect". As the Issuer has its registered office in The Netherlands, currently has three Dutch managing directors and is registered for tax in The Netherlands, the Issuer does not believe that factors exist that would rebut this presumption, although this would ultimately be a matter for the relevant court to decide, based on the circumstances existing at the time when it was asked to make that decision. If the Issuer's COMI is not located in The Netherlands, and is held to be in a different jurisdiction within the European Union, main insolvency proceedings may not be opened in The Netherlands.

5. CONFLICTS OF INTEREST

The Initial Purchaser and the Collateral Manager are acting in a number of capacities in connection with the transaction described herein, which may give rise to certain conflicts of interest. The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

Certain Conflicts of Interest Involving or Relating to the Collateral Manager and its Affiliates

Various potential and actual conflicts of interest may arise from the overall investment activities of the Collateral Manager and its Affiliates. The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

The Collateral Manager, its Affiliates and their respective clients may invest in obligations that would be appropriate as Collateral Obligations. Such investments may be different from those made on behalf of the Issuer. The Collateral Manager and/or its Affiliates may also have ongoing relationships with, render services to or engage in transactions with other clients, including other issuers of collateralised loan obligations and collateralised debt obligations, who invest in assets of a similar nature to those of the Issuer, and with companies whose loans are acquired by the Issuer as Collateral Obligations and may own equity or debt securities issued by Obligors of Collateral Obligations.

As a result, officers or Affiliates of the Collateral Manager may possess information relating to Obligors of Collateral Obligations that is not known to the individuals at the Collateral Manager responsible for monitoring the Collateral Obligations and performing the other obligations under the Collateral Management and Administration Agreement. The Collateral Manager will be required to act under the Collateral Management and Administration Agreement with respect to any information within its possession only if such information was known or should reasonably have been known to those employees of the Collateral Manager responsible for performing the obligations of the Collateral Manager thereunder and only if such information is not deemed by the Collateral Manager to be confidential or non-public or subject to other limitations on its use. The Collateral Manager is not otherwise obligated to share such information. Furthermore the Collateral Manager and its Affiliates may, in the conduct of their respective businesses, receive or become aware of price sensitive information which is not generally available to the public that may restrict the Collateral Manager from purchasing or selling securities for itself or its clients (including the Issuer) or otherwise using such information for the benefit of its clients or itself. The Collateral Management and Administration Agreement contains

provisions which provide that the Collateral Manager may refrain from purchases or sales thereunder of Collateral Obligations in acting in relation to the administration of the Portfolio in circumstances where it or any of its Affiliates are in receipt of price sensitive information and where in the opinion of the Collateral Manager investment by the Collateral Manager on behalf of the Issuer might breach the provisions of insider dealing legislation or laws to which it or the Issuer are subject.

The Collateral Manager serves, and expects in the future to serve, as collateral manager or advisor or sub-advisor for other collateralised loan obligation vehicles and/or collateralised bond obligation vehicles (or the like) and other clients who invest in assets of a nature similar to those of the Issuer. The terms of these arrangements, including the fees attributable thereto, may differ significantly from those of the Issuer. In particular, certain investment vehicles and accounts managed by the Collateral Manager may provide for fees (including incentive fees) to the Collateral Manager that are higher than the Collateral Management Fees payable by the Issuer under the Collateral Management and Administration Agreement. Furthermore, the Collateral Manager may from time to time provide certain investors with rebates related to a portion of the Collateral Management Fees received by the Collateral Manager from the Issuer. In addition, Affiliates and clients of the Collateral Manager may invest in securities or loans that are senior to, or have interests different from or adverse to, the loans that are acquired by the Issuer as Collateral Obligations. The Collateral Manager and/or its Affiliates may at certain times be simultaneously seeking to purchase or dispose of investments for its respective account, the Issuer, any similar entity for which it serves as manager or advisor and for its clients or Affiliates. Subject to the requirements of the governing instruments pertaining to the Collateral Manager or its Affiliates, investment opportunities sourced by the Collateral Manager will generally be allocated to the Issuer in a manner that the Collateral Manager believes, in its reasonable business judgment, to be appropriate given factors that it believes to be relevant. Such factors may include the investment objectives, liquidity, diversification, lender covenants and other limitations of the Issuer and the Collateral Manager or other Affiliates or clients and the amount of funds each of them has available for such investment. If the Issuer and another account managed by the Collateral Manager should purchase or sell the same loans at the same time, the Collateral Manager anticipates that such purchases or sales, respectively, will be aggregated and allocated. The Collateral Manager intends to use its reasonable efforts to allocate such investment among its accounts in an equitable manner and in accordance with applicable law.

The Collateral Manager and any of its Affiliates may engage in any other business and furnish investment management and advisory services to others, including persons that may have investment policies similar to those followed by the Collateral Manager with respect to the Collateral Obligations and which may own securities of the same class, or of the same type, as the Eligible Investments or Equity Securities or other securities of the Obligors of Eligible Investments or Equity Securities. The Collateral Manager and its Affiliates will be free, in its sole discretion, to make recommendations to others, or effect transactions on behalf of itself or for others, which may be the same as or different from those it effects on behalf of the Issuer. Neither the Collateral Manager nor any of its Affiliates is under any obligation to offer investment opportunities of which they become aware to the Issuer or to account to the Issuer for (or share with the Issuer or inform the Issuer of) any such transaction or any benefit received by them from any such transaction or to inform the Issuer of any investments before offering any investments to other funds or accounts that the Collateral Manager and/or its Affiliates manage or advise. The Collateral Manager and/or its Affiliates may make an investment on behalf of any account that they manage or advise without offering the investment opportunity to, or making any investment on behalf of, the Issuer. Furthermore, Affiliates of the Collateral Manager may make an investment on their own behalf without offering the investment opportunity to the Issuer, or the Collateral Manager on behalf of the Issuer. Affirmative obligations may exist or may arise in the future whereby Affiliates of the Collateral Manager are obligated to offer certain investments to funds or accounts that such Affiliates manage or advise before or without the Collateral Manager offering those investments to the Issuer. The Collateral Manager may make investments on behalf of the Issuer in loans, or other assets, that it has declined to invest in for its own account, the account of any of its Affiliates or the account of its other clients. The Collateral Manager will endeavour to resolve conflicts arising therefrom in a manner that it deems equitable to the extent possible under the prevailing facts and circumstances and applicable law.

Although the professional staff of the Collateral Manager will devote as much time to the Issuer as the Collateral Manager deems appropriate to perform its duties in accordance with the Collateral Management and Administration Agreement and in accordance with reasonable commercial standards, the staff may have conflicts in allocating their time and services among the Issuer and the Collateral Manager's other accounts.

The Collateral Management and Administration Agreement places significant restrictions on the Collateral Manager's ability to buy and sell Collateral Obligations on which the Notes are secured and the Collateral

Manager is required to comply with these restrictions. Accordingly, during certain periods or in certain specified circumstances, the Collateral Manager may be unable to buy or sell obligations contained in the Portfolio or to take other actions which it might consider in the best interests of the Issuer and the Noteholders, as a result of the restrictions set out in the Collateral Management and Administration Agreement.

On the Issue Date, the Collateral Manager in its capacity as the Retention Holder will purchase the Retention Notes and the Collateral Manager and/or its Affiliates may from time to time hold other Notes of any Class. Any Notes held by or on behalf of a Collateral Manager Related Party will have no voting rights with respect to any vote (or written direction or consent) in connection with the removal of the Collateral Manager, the appointment of a successor Collateral Manager where the outgoing Collateral Manager is the Retention Holder or with respect to the assignment or delegation by the Collateral Manager of its obligations under the Collateral Management and Administration Agreement and will be deemed not to be Outstanding in connection with any such vote. However, any Notes held by a Collateral Manager Related Party will have voting rights (including in respect of written directions and consents) with respect to all other matters as to which Noteholders are entitled to vote and, in exercising such vote, such Collateral Manager Related Party may act in its sole interests, which may be adverse to the interests of other Noteholders.

Prospective investors in the Notes should note that Condition 14(b)(ix) (*Retention Holder Veto*), gives the Retention Holder the right to veto any modification or any Resolution to approve the modification of any of the Eligibility Criteria, the Portfolio Profile Tests or the Collateral Quality Tests, the Reinvestment Criteria, that would affect the Retention Holder's ability to comply with the Retention Requirements (as certified in writing to the Trustee by the Retention Holder upon which certification the Trustee may rely absolutely and without liability). Subordinated Noteholders should also note the Retention Holder has the right to direct the Issuer to issue further Subordinated Notes pursuant to Condition 17 (*Additional Issuances*) subject to the conditions set out therein.

In addition, prospective investors in the Notes should note that the Collateral Manager may direct an optional redemption of the Notes in certain circumstances. See further paragraphs 3.2 (*Optional Redemption and Market Volatility*), 3.3 (*The Notes are subject to Optional Redemption in whole or in part by Class*) and 3.18 (*Resolutions, Amendments and Waivers*) above.

N.M. Rothschild and Sons Limited (in its capacities as Collateral Manager and as Retention Holder) may have information available to it that is not available to Noteholders and may act in a manner that is contrary to the interests of some or all of the Noteholders.

The Issuer may invest in obligations of issuers in which the Collateral Manager and/or its Affiliates have a debt, equity or participation interest. The purchase, holding and sale of such investments by the Issuer may enhance the profitability of the Collateral Manager's, its Affiliates' and their clients' own investments in such companies. The Collateral Manager and/or its Affiliates may act as an underwriter, arranger or placement agent, or otherwise participate in the origination, structuring, negotiation, syndication or offering of Collateral Obligations purchased by the Issuer.

The Collateral Manager, on behalf of the Issuer, may also from time to time purchase obligations from itself or its Affiliates or Related Entities or sell obligations to itself its Affiliates or its Related Entities. It may not always be possible for the Collateral Manager to obtain the current market price for such obligations because market quotations for particular obligations may not be generally available. In such circumstances, the Collateral Manager is entitled to determine the price of such obligations in its discretion, provided that it does so in good faith.

The Issuer will deal with the Collateral Manager and Affiliates of the Collateral Manager on an arm's length basis and anticipates that the commissions, mark-ups and mark-downs charged by the Collateral Manager or its Affiliates or Related Entities will generally be competitive, although the Collateral Manager and its Affiliates or Related Entities may have interests in such transactions that are adverse to those of the Issuer, such as an interest in obtaining favourable commission rates, mark-ups and mark-downs. There is no limitation or restriction on the Collateral Manager or any of its Affiliates with regard to acting as collateral manager (or in a similar role) to other parties or persons. This and other future activities of the Collateral Manager and/or its Affiliates may give rise to additional conflicts of interest.

Certain Conflicts of Interest Involving or Relating to the Initial Purchaser and its Affiliates

Each of the Initial Purchaser and its Affiliates (the "**Credit Suisse Parties**") will play various roles in relation to the offering, including acting as the structurer of the transaction, as lender and senior agent in respect of the Warehouse Arrangements and in other roles described below.

The Credit Suisse Parties have been involved (together with the Collateral Manager) in the formulation of the Portfolio Profile Tests, Coverage Tests, Collateral Quality Tests, Priorities of Payments and other criteria in and provisions of the Trust Deed and the Collateral Management and Administration Agreement. These may be influenced by discussions that the Initial Purchaser may have or have had with investors and there is no assurance that investors would agree with the views of one another or that the resulting modifications will not adversely affect the performance of the Notes or any particular Class of Notes.

The Initial Purchaser will purchase the Notes from the Issuer on the Issue Date and may resell them in individually negotiated transactions at prices higher or lower than their respective issue prices, which may result in a higher or lower fee being paid to the Initial Purchaser in respect of those Notes. The Initial Purchaser may assist clients and counterparties in transactions related to the Notes (including assisting clients in future purchases and sales of the Notes and hedging transactions). The Initial Purchaser expects to earn fees and other revenues from these transactions.

The Credit Suisse Parties may retain a certain proportion of the Notes in their portfolios with an intention to hold to maturity or to trade. The holding or any sale of the Notes by these parties may adversely affect the liquidity of the Notes and may also affect the prices of the Notes in the primary or secondary market. The Credit Suisse Parties are part of a global investment banking and securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and high-net-worth individuals. As such, they actively make markets in and trade financial instruments for their own account and for the accounts of customers in the ordinary course of their business. The financial services that the Credit Suisse Parties may provide also include financing and, as such, the Credit Suisse Parties may have and/or may provide financing to the Collateral Manager and/or any of its Affiliates and such financing may directly or indirectly involve financing the Retention Notes. In the case of any such financing, the Credit Suisse Parties may have received security over assets of the Collateral Manager and/or its Affiliates, including security over the Retention Notes, resulting in the Financing Parties having enforcement rights and remedies which may include the right to appropriate or sell the Retention Notes. The Credit Suisse Parties may have positions in and will likely have placed or underwritten certain of the Collateral Obligations (or other obligations of the Obligors of Collateral Obligations) when they were originally issued and may have provided or may be providing investment banking services and other services to Obligors of certain Collateral Obligations. In addition, the Credit Suisse Parties and their clients may invest in debt obligations and securities that are senior to, or have interests different from or adverse to, Collateral Obligations. Each of the Credit Suisse Parties will act in its own commercial interest in its various capacities without regard to whether its interests conflict with those of the Noteholders or any other party. Moreover, the Issuer may invest in loans of Obligors Affiliated with the Credit Suisse Parties or in which one or more Credit Suisse Parties hold an equity, participation or other interest. The purchase, holding or sale of such Collateral Obligations by the Issuer may increase the profitability of the Credit Suisse Parties' own investments in such Obligors.

From time to time the Collateral Manager will purchase from or sell Collateral Obligations through or to the Credit Suisse Parties (including a portion of the Collateral Obligations to be purchased on or prior to the Issue Date) and one or more Credit Suisse Parties may act as the selling institution with respect to participation interests and/or as a counterparty under a Hedge Agreement. The Credit Suisse Parties may act as placement agent and/or initial purchaser or investment manager in other transactions involving issues of collateralised debt obligations or other investment funds with assets similar to those of the Issuer, which may have an adverse effect on the availability of collateral for the Issuer and/or on the price of the Notes.

The Credit Suisse Parties do not disclose specific trading positions or their hedging strategies, including whether they are in long or short positions in any Notes or obligations referred to in this Offering Circular except where required in accordance with the applicable law. Nonetheless, in the ordinary course of business, Credit Suisse Parties and employees or customers of the Credit Suisse Parties may actively trade in and/or otherwise hold long or short positions in the Notes, Collateral Obligations and Eligible Investments or enter into transactions similar to or referencing the Notes, Collateral Obligations and Eligible Investments or the Obligors thereof for their own accounts and for the accounts of their customers. If a Credit Suisse Party becomes an owner of any of the Notes, through market-making activity or otherwise, any actions that it takes in its capacity as owner, including voting,

providing consents or otherwise will not necessarily be aligned with the interests of other owners of the same Class or other Classes of the Notes. To the extent a Credit Suisse Party makes a market in the Notes (which it is under no obligation to do), it would expect to receive income from the spreads between its bid and offer prices for the Notes. In connection with any such activity, it will have no obligation to take, refrain from taking or cease taking any action with respect to these transactions and activities based on the potential effect on an investor in the Notes. The price at which a Credit Suisse Party may be willing to purchase Notes, if it makes a market, will depend on market conditions and other relevant factors and may be significantly lower than the issue price for the Notes and significantly lower than the price at which it may be willing to sell the Notes.

2. Form and Denomination, Title, Transfer and Exchange

(a) Form and Denomination

The Notes of each Class may be issued in (i) global, certificated, fully registered form, without interest coupons, talons and principal receipts attached or (ii) definitive, certificated, fully registered form, without interest coupons, talons and principal receipts attached, in each case in the applicable Minimum Denomination and integral multiples of any Authorised Integral Amount in excess thereof. A Global Certificate or Definitive Certificate (as applicable) will be issued to each Noteholder in respect of its registered holding of Notes. Each Definitive Certificate will be numbered serially with an identifying number which will be recorded in the Register which the Issuer shall procure to be kept by the Registrar.

(b) Title to the Registered Notes

Title to the Notes passes upon registration of transfers in the Register in accordance with the provisions of the Agency and Account Bank Agreement and the Trust Deed. Notes will be transferable only on the books of the Issuer and its agents. The registered holder of any Note will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating the holder.

(c) Transfer

In respect of Notes represented by a Definitive Certificate, one or more such Notes may be transferred in whole or in part in nominal amounts of the applicable Authorised Denomination only upon the surrender, at the specified office of the Registrar or the Transfer Agent, of the Definitive Certificate representing such Note(s) to be transferred, with the form of transfer endorsed on such Definitive Certificate duly completed and executed and together with such other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Notes represented by one Definitive Certificate, a new Definitive Certificate will be issued to the transferee in respect of the part transferred and a further new Definitive Certificate in respect of the balance of the holding not transferred will be issued to the transferor.

Interests in a Global Certificate will be transferable in accordance with the rules and procedures for the time being of the relevant Clearing System.

(d) Delivery of New Certificates

Each new Definitive Certificate to be issued pursuant to Condition 2(c) (*Transfer*) will be available for delivery within five Business Days of receipt of such form of transfer or of surrender of an existing

certificate upon partial redemption. Delivery of new Definitive Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar, as the case may be, to whom delivery or surrender shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the form of transfer or otherwise in writing, shall be sent by courier, at the risk of the holder entitled to the new Definitive Certificate, to such address as may be so specified. In this Condition 2(d) (*Delivery of New Certificates*), "**Business Day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified offices of the Transfer Agent and the Registrar.

(e) *Transfer Free of Charge*

Transfer of Notes and Global Certificates or Definitive Certificates (as applicable) representing such Notes in accordance with these Conditions on registration or transfer will be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agent, but upon payment (or the giving of such indemnity as the Registrar or the Transfer Agent may require in respect thereof) of any tax or other governmental charges which may be imposed in relation to it.

(f) *Closed Periods*

No Noteholder may require the transfer of a Note to be registered (i) during the period of 15 calendar days ending on the due date for redemption (in full) of that Note or (ii) during the period of seven calendar days ending on (and including) any Record Date.

(g) *Regulations Concerning Transfer and Registration*

All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning the transfer of Notes scheduled to the Trust Deed, including without limitation, that a transfer of Notes in breach of certain of such regulations will result in such transfer being void *ab initio*. The regulations may be changed by the Issuer in any manner which is reasonably required by the Issuer (after consultation with the Trustee) to reflect changes in legal or regulatory requirements or in any other manner which, in the opinion of the Issuer (after consultation with the Trustee and subject to not less than 60 days' notice of any such change having been given to the Noteholders in accordance with Condition 16 (*Notices*)), is not prejudicial to the interests of the holders of the relevant Class of Notes. A copy of the current regulations may be inspected at the offices of the Transfer Agent during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted) for the term of the Notes and will be sent by the Registrar to any Noteholder who so requests.

(h) *Forced Transfer of Rule 144A Notes*

If the Issuer determines at any time that a U.S. holder of Rule 144A Notes is not a QIB/QP (any such person, a "**Non-Permitted Noteholder**"), the Issuer may direct such holder to sell or transfer its Notes outside the United States to a non-U.S. Person or within the United States to a U.S. Person that is a QIB/QP and meets the other requirements set forth in the Trust Deed within 30 days following receipt of such notice. If such holder fails to sell or transfer its Rule 144A Notes within such period, such holder may be required by the Issuer to sell such Rule 144A Notes to a purchaser selected by the Issuer on such terms as the Issuer may choose, subject to the transfer restrictions set out herein. The Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Rule 144A Notes and selling such Rule 144A Notes to the highest such bidder. However, the Issuer may select a purchaser by any other means determined by it in its sole discretion. Each Noteholder and each other person in the chain of title from the permitted Noteholder to the Non-Permitted Noteholder by its acceptance of an interest in the Rule 144A Notes agrees to co-operate with the Issuer to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the selling Noteholder. The terms and conditions of any sale hereunder shall be determined in the sole discretion of the Issuer, subject to the transfer restrictions set out herein, and none of the Issuer, the Trustee and the Registrar shall be liable to any person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion. The Issuer reserves the right to require any holder of Notes to submit a written certification substantiating that it is a QIB/QP or a non-U.S. Person. If such holder fails to submit any such requested written certification on a timely basis, the Issuer has the right to assume that the holder of the Notes from whom such a certification is requested is not a QIB/QP or a

non-U.S. Person. Furthermore, the Issuer reserves the right to refuse to honour a transfer of beneficial interests in a Rule 144A Note to any Person who is not either a non-U.S. Person or a U.S. Person that is a QIB/QP.

(i) *Forced Transfer pursuant to ERISA*

If any Noteholder is determined by the Issuer to be a Noteholder who has made or is deemed to have made a prohibited transaction, Benefit Plan Investor, Controlling Person or Similar Law representation that is subsequently shown to be false or misleading, or whose beneficial ownership otherwise causes a violation of the 25 per cent. limitation set out in the Plan Asset Regulation (any such Noteholder a "**Non-Permitted ERISA Noteholder**"), the Non-Permitted ERISA Noteholder may be required by the Issuer to sell or otherwise transfer its Notes to an eligible purchaser (selected by the Issuer) at a price to be agreed between the Issuer (exercising its sole discretion) and such eligible purchaser at the time of sale, subject to the transfer restrictions set out in the Trust Deed. Each Noteholder and each other Person in the chain of title from the Noteholder, by its acceptance of an interest in such Notes, agrees to cooperate with the Issuer, to the extent required to effect such transfers. None of the Issuer, the Trustee and the Registrar shall be liable to any Noteholder having an interest in the Notes sold or otherwise transferred as a result of any such sale or transfer. The Issuer shall be entitled to deduct from the sale or transfer price an amount equal to all the expenses and costs incurred and any loss suffered by the Issuer as a result of such forced transfer. The Non-Permitted ERISA Noteholder will receive the balance, if any.

(j) *Forced Transfer pursuant to FATCA*

If any Noteholder is determined by the Issuer to be a Noteholder who (i) has failed to provide any Noteholder FATCA Information or (ii) otherwise prevents the Issuer from complying with FATCA (any such Noteholder, a "**Non-Permitted FATCA Noteholder**"), the Non-Permitted FATCA Noteholder may be required by the Issuer to sell or otherwise transfer its Notes to an eligible purchaser (selected by the Issuer) at a price to be agreed between the Issuer (exercising its sole discretion) and such eligible purchaser at the time of sale, subject to the transfer restrictions set out in the Trust Deed. Each Noteholder and each other Person in the chain of title from the Noteholder, by its acceptance of an interest in such Notes, agrees to cooperate with the Issuer to the extent required to effect such transfers. None of the Issuer, the Trustee and the Registrar shall be liable to any Noteholder having an interest in the Notes sold or otherwise transferred as a result of any such sale or transfer. The Issuer shall be entitled to deduct from the sale or transfer price an amount equal to all the expenses and costs (including but not limited to withholding, expenses and costs pursuant to FATCA) incurred and any loss suffered by the Issuer as a result of such forced transfer. The Non-Permitted FATCA Noteholder will receive the balance, if any. For the avoidance of doubt, the Issuer shall have the right to sell a beneficial owner's interest in a Note in its entirety notwithstanding that the sale of a portion of such an interest would permit the Issuer to comply with FATCA.

(k) *Forced Transfer mechanics*

In order to effect the forced transfer provisions set out in Conditions 2(h) (*Forced Transfer of Rule 144A Notes*), 2(i) (*Forced Transfer pursuant to ERISA*) and 2(j) (*Forced Transfer pursuant to FATCA*), the Issuer may repay any affected Notes at par value and issue replacement Notes and the Issuer, the Trustee, the Agents and the Registrar (each at the expense of the Issuer) shall work with the Clearing Systems to take such action as may be necessary to effect such repayment and issue of replacement Notes. The Noteholders hereby authorise the Registrar and the Clearing Systems to take such actions as are necessary in order to effect the forced transfer provisions set out in Conditions 2(h) (*Forced Transfer of Rule 144A Notes*), 2(i) (*Forced Transfer pursuant to ERISA*) and 2(j) (*Forced Transfer pursuant to FATCA*) above without the need for any further express instruction from any affected Noteholder. The Noteholders shall be bound by any actions taken by the Registrar, the Clearing Systems or any other party taken pursuant to the above-named Conditions. For the avoidance of doubt, none of the Issuer, the Trustee and the Registrar shall be liable to any Noteholder having an interest in the Notes sold or otherwise transferred as a result of any such sale or transfer.

(l) *Registrar authorisation*

The Noteholders hereby authorise the Registrar and the Clearing Systems to take such actions as are necessary in order to effect the forced transfer provisions set out in Conditions 2(h)(*Forced Transfer of Rule 144A Notes*), 2(i) (*Forced Transfer pursuant to ERISA*) and 2(j) (*Forced Transfer pursuant to FATCA*) above without the need for any further express instruction from any affected Noteholder. The Noteholders shall be bound by any actions taken by the Registrar, the Clearing Systems or any other party taken pursuant to the above-named Conditions.

3. Status

(iii) *Withholding Taxes*

Where the payment of any amount in accordance with the Priorities of Payments set out above is subject to any deduction or withholding for or on account of any tax or any other tax is payable by or on behalf of the Issuer in respect of any such amount, payment of the amount so deducted or withheld or of the tax so due shall be made to the relevant taxing authorities *pari passu* with and, so far as possible, at the same time as the payment of the amount in respect of which the relevant deduction or withholding or other liability to tax has arisen.

(d) *Contributions*

At any time during or after the Reinvestment Period, any Noteholder may notify the Issuer, the Trustee, the Collateral Manager, the Initial Purchaser and the Collateral Administrator that it proposes to (i) make a cash contribution to the Issuer (a "**Contribution**" and each such Noteholder, a "**Contributor**"). Failure on the part of the Issuer to pay the Interest Amounts on the Class A Notes or the Class B Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not constitute a Note Event of Default unless and until (i) such failure continues for a period of at least five Business Days (or seven Business Days in the case of an administrative error or omission as described in Condition 10(a)(i)), save in each case as the result of any deduction therefrom or the imposition of withholding thereon as set forth in Condition 9 (*Taxation*).

Failure on the part of the Issuer to pay the Interest Amounts on the Class C Notes, Class D Notes, Class E Notes or Class F Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not constitute a Note Event of Default but instead will constitute Deferred Interest pursuant to Condition 6(c) (*Deferral of Interest*).

Non-payment of amounts due and payable on the Subordinated Notes as a result of the insufficiency of available Interest Proceeds will not constitute a Note Event of Default. Failure on the part of the Issuer to pay any principal when the same becomes due and payable on any Rated Note on the Maturity Date or any Redemption Date applicable to such Class of Rated Notes shall be a Note Event of Default provided that, in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least five Business Days after the Issuer, the Collateral Administrator or the Principal Paying Agent receives written notice of, or has actual knowledge of, such administrative error or omission and provided further that, failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is withdrawn in accordance with the Conditions or, in the case of an Optional Redemption with respect to which a Refinancing fails, will not constitute a Note Event of Default.

- (ix) supply such information to the Rating Agencies as they may reasonably request;

6. Interest

(a) *Payment Dates*

(i) *Rated Notes*

The Rated Notes each bear interest from (and including) the Issue Date and such interest will be payable (A) in the case of interest accrued during the initial Accrual Period, for the period from (and including) the Issue Date to (but excluding) the Payment Date falling in 15 May 2015, (B) thereafter, at any time prior to the occurrence of a Frequency Switch Event, quarterly and (C) at any time following the occurrence of a Frequency Switch Event, semi-annually, in each case, for the period from (and including) the preceding Payment Date (or in the case of the first Payment Date, the Issue Date) to (but excluding) the following Payment Date, in each case in arrear on each Payment Date.

(ii) *Subordinated Notes*

Interest shall be payable on the Subordinated Notes to the extent funds are available in accordance with paragraph (EE) of the Interest Priority of Payments, paragraph (W) of the Principal Priority of Payment and paragraph (AA) of the Post-Acceleration Priority of Payments and from the Supplemental Reserve Account in accordance with Condition 3(k)(vi) (*Supplemental Reserve Account*), on each Payment Date or other relevant payment date and shall continue to be payable in accordance with this Condition 6 (*Interest*) notwithstanding redemption in full of any Subordinated Note at its applicable Redemption Price.

Notwithstanding any other provision of these Conditions or the Trust Deed, all references herein and therein to the Subordinated Notes being redeemed in full or at their Principal Amount Outstanding shall be deemed to be amended to the extent required to ensure that a minimum of €1 principal amount of each such Class of Notes remains Outstanding at all times and any amounts which are to be applied in redemption of each such Class of Notes pursuant hereto which are in excess of the Principal Amount Outstanding thereof minus €1, shall constitute interest payable in respect of such Notes and shall not be applied in redemption of the Principal Amount Outstanding thereof, provided always however that such €1 principal shall no longer remain Outstanding and each such Class of Notes shall be redeemed in full on the date on which all of the Collateral securing the Notes has been realised and is to be finally distributed to the Noteholders.

If the aggregate of income and gains earned by the Issuer during an accounting period exceeds the costs and expenses accrued for that period, such excess shall accrue as additional interest on the Subordinated Notes but shall only be payable on any Payment Date or other payment date following payment in full of amounts payable pursuant to the Priorities of Payments on such Payment Date or other payment date.

(b) *Interest Accrual*

(i) *Rated Notes*

Each Rated Note (or, as the case may be, the relevant part thereof due to be redeemed) will cease to bear interest from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused. In such event, it shall continue to bear interest in accordance with this Condition 6 (*Interest*) (both before and after judgment) until whichever is the earlier of (A) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (B) the day following seven days after the Trustee or the Principal Paying Agent has notified the Noteholders of such Class of Notes in accordance with Condition 16 (*Notices*) of receipt of all sums due in respect of all the Notes of such Class up to that seventh day (except to the extent that there is failure in the subsequent payment to the relevant holders under these Conditions).

(ii) *Subordinated Notes*

Payments on the Subordinated Notes will cease to be payable in respect of each Subordinated Note upon the date that all of the Collateral has been realised and no Interest Proceeds or Principal Proceeds or, where applicable, other net proceeds of enforcement of the security over the Collateral, remain available for distribution in accordance with the Priorities of Payments.

(c) *Deferral of Interest*

The Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in full on any Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

In the case of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, an amount of interest equal to any shortfall in payment of the Interest Amount which would, but for the first paragraph of this Condition 6(c)(i) (*Deferral of Interest*) otherwise be due and payable in respect of such Class on any Payment Date (each such amount being referred to as "**Deferred Interest**") will not be payable on such Payment Date, but will be added to the principal amount of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, and thereafter will accrue interest at the rate of interest applicable to that Class, and the failure to pay such Deferred Interest to the holders of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, will not be a Note Event of Default until the Maturity Date or any earlier date on which such Class of Notes is to be redeemed in full.

(d) *Payment of Deferred Interest*

Deferred Interest in respect of any Class C Note, Class D Note, Class E Note or Class F Note shall only become payable by the Issuer in accordance with the relevant paragraphs of the Interest Priority of Payments, the Principal Priority of Payments and the Post-Acceleration Priority of Payments and under the Note Payment Sequence in each place specified in the Priorities of Payments, to the extent that Interest Proceeds or Principal Proceeds, as applicable, or, where applicable, other net proceeds of enforcement of the security over the Collateral, are available to make such payment in accordance with the Priorities of Payments (and, if applicable, the Note Payment Sequence). For the avoidance of doubt, Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and/or the Class F Notes, as applicable will be added to the principal amount of the relevant Class, as applicable. An amount equal to any such Deferred Interest so paid shall be subtracted from the principal amount of the Class C Notes, the Class D Notes, the Class E Notes and/or the Class F Notes, as applicable.

(e) *Interest on the Rated Notes*

(i) *Rate of Interest*

The rate of interest from time to time in respect of the Class A Notes (the "**Class A Rate of Interest**"), in respect of the Class B Notes (the "**Class B Rate of Interest**"), in respect of the Class C Notes (the "**Class C Rate of Interest**"), in respect of the Class D Notes (the "**Class D Rate of Interest**"), in respect of the Class E Notes (the "**Class E Rate of Interest**"), in respect of the Class F Notes (the "**Class F Rate of Interest**") (and each a "**Rate of Interest**") will be determined by the Calculation Agent on the following basis:

(1) On each Interest Determination Date:

- (a) in the case of the initial Accrual Period, the Calculation Agent will determine a straight line interpolation of the offered rate for 6 and 9 month EURIBOR;
- (b) in the case of each Interest Determination Date other than the initial Interest Determination Date and prior to the occurrence of a Frequency Switch Event, the Calculation Agent will determine (i) the offered rate for six month EURIBOR; and (ii) the offered rate for three months EURIBOR; and

- (c) in the case of each Interest Determination Date following the occurrence of a Frequency Switch Event, the Calculation Agent will determine (i) the offered rate for six months EURIBOR or, if such Interest Determination Date falls in August 2026, (ii) the offered rate for three months EURIBOR,

in each case as at 11.00 am (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated on the Bloomberg Screen "BTMM EU" page (or such other page or service as may replace it for the purpose of displaying EURIBOR rates). The Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest, and the Class F Rate of Interest for each Accrual Period shall be the aggregate of the Applicable Margin (as defined below) and in respect of (i) the initial Accrual Period, the rate referred to in paragraph (a) above; (ii) each six month Accrual Period, the rate referred to in paragraph (b)(i) or paragraph (c)(i) above (as applicable); and (iii) each three month Accrual Period, the rate referred to in paragraph (b)(ii) or (c)(ii) above, in each case as determined by the Calculation Agent.

- (2) If the offered rate so appearing is replaced by the corresponding rates of more than one bank then paragraph (1) shall be applied, with any necessary consequential changes, to the arithmetic mean (rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with 0.000005 being rounded upwards)) of the rates (being at least two) which so appear, as determined by the Calculation Agent. If for any other reason such offered rate does not so appear, or if the relevant page is unavailable, the Calculation Agent will request each of four major banks in the Euro-Zone interbank market acting in each case through its principal Euro-Zone office (the "**Reference Banks**") to provide the Calculation Agent with its offered quotation to leading banks for Euro deposits in the Euro-Zone interbank market:

- (a) in the case of the initial Accrual Period, a straight line interpolation of the offered rate for 6 and 9 month Euro deposits;
- (b) in the case of each Interest Determination Date other than the initial Interest Determination Date and prior to the occurrence of a Frequency Switch Event, for a period of (i) six months and (ii) three months; and
- (c) in the case of each Interest Determination Date following the occurrence of a Frequency Switch Event, for a period of (i) six months or, if such Interest Determination Date falls in August 2026, (ii) three months,

in each case, as at 11.00 am (Brussels time) on the Interest Determination Date in question. The Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest, and the Class F Rate of Interest for such Accrual Period shall be the aggregate of the Applicable Margin (if any) and the arithmetic mean, in each case, (rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with 0.000005 being rounded upwards)) of in respect of (i) the initial Accrual Period; the quotations referred to in paragraph (a) above; (ii) each six month Accrual Period, the quotations referred to in paragraph (b)(i) or paragraph (c)(i) (as applicable); and (iii) each three month Accrual Period, the quotations referred to in paragraph (b)(ii) or (c)(ii) above (or of such of them, being at least two, as are so provided), all as determined by the Calculation Agent.

- (3) If on any Interest Determination Date one only or none of the Reference Banks provides such quotation, the Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest, and the Class F Rate of Interest, respectively, for the next Accrual Period shall be the Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest, and the Class F Rate of Interest in each case in effect as at the immediately preceding Accrual Period; provided that

in respect of the Accrual Period immediately following the occurrence of a Frequency Switch Event, the Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest and the Class F Rate of Interest shall be calculated using the offered rate for six month Euro deposits using the rate available as at the previous Interest Determination Date.

(4) Where:

"**Applicable Margin**" means:

- (i) in the case of the Class A Notes: 1.30 per cent. per annum (the "**Class A Margin**");
- (ii) in the case of the Class B Notes: 2.10 per cent. per annum (the "**Class B Margin**");
- (iii) in the case of the Class C Notes: 2.60 per cent. per annum (the "**Class C Margin**");
- (iv) in the case of the Class D Notes: 3.65 per cent. per annum (the "**Class D Margin**");
- (v) in the case of the Class E Notes: 5.15 per cent. per annum (the "**Class E Margin**"); and
- (vi) in the case of the Class F Notes: 6.00 per cent. per annum (the "**Class F Margin**").

(ii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Calculation Agent will, as soon as practicable after 11.00 am (Brussels time) on each Interest Determination Date, but in no event later than the Business Day after such date, determine the Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest, and the Class F Rate of Interest and calculate the interest amount payable in respect of original principal amounts of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, and the Class F Notes for the relevant Accrual Period. The amount of interest (the "**Interest Amount**") payable in respect of such Notes shall be calculated by applying the Class A Rate of Interest in the case of the Class A Notes, Class B Rate of Interest in the case of the Class B Notes, the Class C Rate of Interest in the case of the Class C Notes, the Class D Rate of Interest in the case of the Class D Notes, the Class E Rate of Interest in the case of the Class E Notes and the Class F Rate of Interest in the case of the Class F Notes, respectively, to an amount equal to the Principal Amount Outstanding in respect of the relevant Class of Notes, multiplying the product by the actual number of days in the Accrual Period concerned, divided by 360 and rounding the resultant figure to the nearest €0.01 (€0.005 being rounded upwards).

(iii) *Reference Banks and Calculation Agent*

The Issuer will procure that, so long as any Rated Note remains Outstanding:

- (1) a Calculation Agent shall be appointed and maintained for the purposes of determining the interest rate and interest amount payable in respect of the Notes; and
- (2) in the event that a Rate of Interest is to be calculated by Reference Banks pursuant to paragraph (2) of Condition 6(f)(e) (*Rate of Interest*), that the number of Reference Banks required pursuant to such paragraph (2) are requested to provide a quotation.

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent for the purpose of calculating interest hereunder or fails duly to establish any Rate of Interest for any Accrual Period, or to calculate the Interest Amount on any Class of Rated Notes, the Issuer shall (with the prior approval of the Trustee) appoint some other leading bank to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

(f) *Proceeds in respect of Subordinated Notes*

Solely in respect of Subordinated Notes, the Collateral Administrator will as of each Determination Date calculate the Interest Proceeds and/or Principal Proceeds payable to the extent of available funds in respect of an original principal amount of Subordinated Notes for the relevant Accrual Period. The Interest Proceeds and/or Principal Proceeds payable on each Payment Date in respect of an original principal amount of Subordinated Notes shall be calculated by multiplying the amount of Interest Proceeds and/or Principal Proceeds to be applied on the Subordinated Notes on the applicable Payment Date pursuant to paragraph (EE) of the Interest Priority of Payments, paragraph (W) of the Principal Priority of Payments, paragraph (AA) of the Post-Acceleration Priority of Payments and from the Supplemental Reserve Amounts in accordance with Condition 3(k)(vi) (*Supplemental Reserve Account*) by fractions equal to the original principal amount of the Subordinated Notes divided by the aggregate original principal amount of the Subordinated Notes.

(g) *Publication of Rates of Interest, Interest Amounts and Deferred Interest*

The Calculation Agent will cause each Rate of Interest, the Interest Amounts payable in respect of each Class of Rated Notes and the amount of any Deferred Interest due but not paid on any Class C Notes, Class D Notes, Class E Notes or Class F Notes for each Accrual Period and Payment Date and the Principal Amount Outstanding of each Class of Notes as of the applicable Payment Date to be notified to the Registrar, the Principal Paying Agent, the Transfer Agent, the Trustee and the Collateral Manager, for so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange, the Irish Stock Exchange as soon as possible after their determination but in no event later than the fourth Business Day thereafter, and the Principal Paying Agent shall cause each such rate, amount and date to be notified to the Noteholders of each Class in accordance with Condition 16 (*Notices*) as soon as possible following notification to the Principal Paying Agent but in no event later than the third Business Day after such notification. The Interest Amounts in respect of any Class of Notes so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Accrual Period. If any of the Notes become due and payable under Condition 10 (*Events of Default*), interest shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition 6 (*Interest*) but no publication of the applicable Interest Amounts shall be made unless the Trustee so determines.

(h) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason so calculate a Rate of Interest, the Trustee (or a person appointed by it for the purpose) may do so and such determination or calculation shall be deemed to have been made by the Calculation Agent and shall be binding on the Noteholders. In doing so, the Trustee, or such person appointed by it, shall apply the foregoing provisions of this Condition 6 (*Interest*), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and in reliance on such persons as it has appointed for such purpose. The Trustee shall have no liability to any person in connection with any determination or calculation (including with regard to the timelines thereof) it may make pursuant to this Condition 6(h) (*Determination or Calculation by Trustee*).

(i) *Notifications, etc. to be Final*

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 (*Interest*), whether by the Reference Banks (or any of them), the Calculation Agent or the Trustee, will be binding on the Issuer, the Reference Banks, the Calculation Agent, the Trustee, the Registrar, the Principal Paying Agent, the

Transfer Agent and all Noteholders and no liability to the Issuer or the Noteholders of any Class shall attach to the Reference Banks, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by them of their powers, duties and discretions under this Condition 6(i) (*Notifications, etc. to be Final*).

7. Redemption and Purchase

(a) Final Redemption

Subject to Condition 6(a)(ii) (*Subordinated Notes*), save to the extent previously redeemed in full and cancelled, the Notes of each Class will be redeemed on the Maturity Date of such Notes at their Redemption Price in accordance with the Priorities of Payments. (b) Optional Redemption

No such Optional Redemption may occur unless the Rated Notes to be redeemed represent the entire Class of such Rated Notes.

(iii) Optional Redemption in Whole – Collateral Manager Clean-up Call

Subject to the provisions of Condition 7(b)(iv) (*Terms and Conditions of an Optional Redemption*), the Notes may be redeemed in whole but not in part by the Issuer (if so directed in writing by the Collateral Manager), at their applicable Redemption Prices, from Sale Proceeds on any Business Day falling on or after expiry of the Non-Call Period if, upon or at any time following the expiry of the Non-Call Period, the Collateral Principal Amount is less than 15 per cent. of the Target Par Amount if so directed to do so in writing by the Collateral Manager.

(iv) *Terms and Conditions of an Optional Redemption*

In connection with any Optional Redemption:

- (A) the Issuer shall procure that at least 30 days' prior written notice of such Optional Redemption (but stating that such redemption is subject to satisfaction of the conditions set out in this Condition 7(b) (*Optional Redemption*)), including the applicable Redemption Date, and the relevant Redemption Price of the Notes therefor, is given to the Trustee and the Noteholders in accordance with Condition 16 (*Notices*);

- (B) in the case of a redemption in part of the entire Class of a Class of Rated Notes, issue replacement notes (subject in accordance with this Condition 7(b)(v)) and in accordance with the provisions of the Dutch FSA (each, a "**Refinancing Obligation**"),

The terms of any Refinancing and the identity of any financial institutions acting as lenders or purchasers thereunder are subject to the prior written consent of the Subordinated Noteholders (acting by way of Ordinary Resolution) and each Refinancing is required to satisfy the conditions described in this Condition 7(b)(v) (*Optional Redemption effected in whole or in part through Refinancing*).

Refinancing Proceeds may be applied in addition to (or in place of) Sale Proceeds in the redemption of the Rated Notes in whole pursuant to Condition 7(b)(i) (*Optional Redemption of the Rated Notes in Whole – Subordinated Noteholders*). In addition, Refinancing Proceeds may be applied in the redemption of the Rated Notes of any by Class pursuant to Condition 7(b)(ii) (*Optional Redemption of the Rated Notes in Part – Subordinated Noteholders or Collateral Manager*).

- (2) all Principal Proceeds, all Refinancing Proceeds, all Sale Proceeds, if any, from the sale of Collateral Obligations, Eligible Investments, Exchanged Equity Securities and Collateral Enhancement Obligations and all other available funds will be at least sufficient to pay any Refinancing Costs (including, for the avoidance of doubt, any Trustee Fees and Expenses that are Refinancing Costs and any Administrative Expenses that are Refinancing Costs) and all amounts due and payable in respect of all Classes of Notes save for the Subordinated Notes (including without limitation Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) and all amounts payable in priority thereto pursuant to the Priorities of Payments (subject to any election of the holders of 100 per cent. of the aggregate Principal Amount Outstanding of any Class of Rated Notes to elect to receive less than 100 per cent. of the Redemption Price of such Class of Rated Notes) on such Redemption Date when applied in accordance with the Post-Acceleration Priority of Payments;

 - (b) all accrued and unpaid Trustee Fees and Expenses and Administrative Expenses in connection with such Refinancing;
- (5) the Refinancing Proceeds are used (to the extent necessary) to make such redemption;

 - (7) the aggregate principal amount of the Refinancing Obligations for each Class is equal to the aggregate Principal Amount Outstanding of such Class of Notes being redeemed with the Refinancing Proceeds;
 - (8) the maturity date of each class of Refinancing Obligation is the same as the Maturity Date of the Class of Notes being redeemed with such Refinancing Proceeds;
 - (9) the interest rate of any Refinancing Obligations will not be greater than the interest rate of the Rated Notes subject to such Optional Redemption (taking into account any discount on issuance);

in each case, as confirmed in writing to the Issuer and the Trustee by the Collateral Manager.

(C) Consequential Amendments

Following a Refinancing, the Trustee shall agree to any modifications to the Trust Deed and the other Transaction Documents requested by the Issuer or the Collateral Manager on its behalf to the extent that the Issuer certifies (upon which certification the Trustee may rely absolutely without liability) that such modifications are necessary to reflect the terms of the Refinancing, subject as provided below. No further consent for such amendments shall be required from the holders of Notes. The Issuer must give notice to Noteholders of any such amendments in accordance with Condition 16 (*Notices*).

The Trustee will not be obliged to enter into any modification that, in its opinion, would have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Trustee in respect of the Transaction Documents, and the Trustee will be entitled to conclusively rely upon an officer's certificate or opinion of counsel as to matters of law (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering such opinion of counsel) provided by the Issuer or any other party to any Transaction Document to the effect that such amendment meets the requirements specified above and is permitted under the Trust Deed without the consent of the holders of the Notes (except that such officer or counsel will have no obligation to certify or opine as to the sufficiency of the Refinancing Proceeds).

(vi) *Optional Redemption effected through Liquidation only*

Following receipt of notice from the Issuer or, as the case may be, of confirmation from the Principal Paying Agent of a direction in writing from the (i) Subordinated Noteholders (acting by way of Ordinary Resolution or Extraordinary Resolution, as applicable), (ii) the Controlling Class (acting by way of Extraordinary Resolution) or (iii) the Collateral Manager, as the case may be, to exercise any right of optional redemption pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(g) (*Redemption following Note Tax Event*) (as applicable) to be effected solely through the liquidation or realisation of the Collateral, the Collateral Administrator shall, as soon as practicable, and in any event not later than 17 Business Days prior to the scheduled Redemption Date (the "**Redemption Determination Date**"), provided that the Collateral Administrator has received such notice or confirmation at least 20 Business Days prior to the scheduled Redemption Date, calculate the Redemption Threshold Amount in consultation with the Collateral Manager. The Collateral Manager or any of its Affiliates will be permitted to purchase Collateral Obligations in the Portfolio where the Noteholders exercise their right of early redemption pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(g) (*Redemption following Note Tax Event*).

The Notes shall not be optionally redeemed on the Redemption Date where such Optional Redemption is to be effected solely through the liquidation or realisation of the Portfolio unless:

- (A) at least five Business Days before the scheduled Redemption Date (or such shorter period as agreed between the Collateral Manager and the Issuer and no consent for such shorter period shall be required from the Trustee) the Collateral Manager shall have furnished to the Trustee a certificate (upon which certificate the Trustee may rely absolutely) signed by an officer of the Collateral Manager that the Collateral Manager on behalf of the Issuer has entered into a binding agreement or agreements with a financial or other institution or institutions (which (a) either (x) has a long-term senior unsecured credit rating of at least "A2" by Moody's or, if it does not have a Moody's long-term senior unsecured credit rating, a short-term senior unsecured rating of at least "P-1" by Moody's, or (y) in respect of which a Rating Agency Confirmation from Moody's has been obtained (provided, for the purposes of this clause (y), that a Rating Agency Confirmation cannot be deemed to not be required

in these circumstances and must be provided as a positive confirmation) and (b) either (x) has a long-term issuer credit rating of at least "A" by Fitch or, if it does not have a long-term issuer credit rating by Fitch, a short-term issuer credit rating of "F1" by Fitch, or (y) in respect of which a Rating Agency Confirmation from Fitch has been obtained), to purchase (directly or by participation or other arrangement) from the Issuer, not later than the Business Day prior to the scheduled Redemption Date in immediately available funds, all or part of the Portfolio at a purchase price at least sufficient, together with the Eligible Investments maturing, redeemable or putable to the issuer thereof at par on or prior to the scheduled Redemption Date and (without duplication) the amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full on such Redemption Date to meet the Redemption Threshold Amount; or

- (B) (i) prior to selling any Collateral Obligations and/or Eligible Investments, the Collateral Manager confirms in writing to the Trustee that, in its judgment, the aggregate sum of (A) expected proceeds from the sale or maturing of Eligible Investments, and (B) for each Collateral Obligation, the product of its Principal Balance and its Market Value and (C) (without duplication) amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full on such Redemption Date, shall meet or exceed the Redemption Threshold Amount; and
- (ii) on or before the Business Day falling immediately before the scheduled Redemption Date, the Issuer shall have received proceeds of disposition of all or part of the Portfolio at least sufficient, together with the Eligible Investments maturing, redeemable or putable to the issuer thereof at par on or prior to the scheduled Redemption Date and (without duplication) amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full on such Redemption Date, to meet the Redemption Threshold Amount, *provided that*, if the Issuer has received funds from a purchaser of one or more Collateral Obligations (in whole or in part), but such Collateral Obligations have not yet been disposed of by transfer of legal title, such funds will be included within the calculation of whether the Redemption Threshold Amount has been met; and

Any certification delivered by the Collateral Manager pursuant to this Condition 7(b)(v) must include (1) the prices on the date of such certification of, and expected proceeds from, the sale (directly or by participation or other arrangement) or redemption of any Collateral Obligations and/or Eligible Investments (2) amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full on such Redemption Date and (3) all calculations required by this Condition 7(b) (*Optional Redemption*) and Condition 7(g) (*Redemption following Note Tax Event*). Any Noteholder, the Collateral Manager or any of the Collateral Manager's Affiliates shall have the right, subject to the same terms and conditions afforded to other bidders, to bid on Collateral Obligations to be sold as part of an Optional Redemption pursuant to this Condition 7(b)(v).

The Trustee shall rely conclusively and without liability on any confirmation or certificate of the Collateral Manager furnished by it pursuant to or in connection with this Condition 7(b)(v).

If neither condition (A) or (B) above is satisfied on the Business Day falling immediately prior to the Redemption Date the Issuer shall cancel the redemption of the Notes and shall give notice of such cancellation to the Trustee, the Collateral Administrator and the Noteholders in accordance with Condition 16 (*Notices*).

If condition in (B)(i) above is satisfied and the condition in (B)(ii) is not satisfied on the Business Day immediately prior to the Redemption Date solely as result of the fact that one or more of the trades has not been settled on or prior to that date, the Issuer shall give notice of such to the Trustee, the Collateral Administrator and the Noteholders in accordance with Condition 16 (*Notices*) and the Subordinated Noteholders (acting by Ordinary Resolution) shall have the right to elect to direct the Issuer to redeem the Notes on a date falling not less than 3 days' after the first date notified to Noteholders of as the date of such redemption (the "**Original Redemption Date**") and no more than 30 Business Days after the Original Redemption Date.

The provisions of Condition 7(b)(iv) (*Terms and Conditions of an Optional Redemption*) and this Condition 7(b)(vi) shall apply as conditions to such redemption, provided that the notice period in Condition 7(b)(iv)(A) (*Terms and Conditions of an Optional Redemption*) shall be read as 7 days' prior written notice (rather than 30 days' prior written notice) and the Redemption Determination Date shall be 1 Business Day prior to any such Redemption Date (rather than 17 Business Days prior to the Redemption Date).

(vii) *Mechanics of Redemption*

Following calculation by the Collateral Administrator with the assistance of the Collateral Manager of the relevant Redemption Threshold Amount, if applicable, the Collateral Administrator shall make such other calculations as it is required to make pursuant to the Collateral Management and Administration Agreement and shall notify the Issuer, the Trustee, the Collateral Manager and the Principal Paying Agent.

Any exercise of a right of Optional Redemption by the Subordinated Noteholders pursuant to this Condition 7(b) (*Optional Redemption*) or the Controlling Class or the Subordinated Noteholders pursuant to Condition 7(g) (*Redemption following Note Tax Event*) shall be effected by delivery to the Principal Paying Agent, by the requisite amount of Subordinated Noteholders or the requisite amount of Notes comprising the Controlling Class (as applicable) held thereby (in respect of which such right is exercised and presenting such Definitive Certificate or Global Certificate for endorsement of exercise) of duly completed Redemption Notices not less than 30 days prior to the proposed Original Redemption Date. No Redemption Notice so delivered or any direction or consent given by the Collateral Manager may be withdrawn without the prior consent of the Issuer. The Registrar shall copy each Redemption Notice or any direction given by the Collateral Manager received to each of the Issuer, the Trustee, the Collateral Administrator, the Hedge Counterparties and the Collateral Manager.

The Collateral Manager shall notify the Issuer, the Trustee, the Collateral Administrator, each Hedge Counterparty and the Principal Paying Agent upon satisfaction of all of the conditions set out in this Condition 7(b) (*Optional Redemption*) and Condition 7(g) (*Redemption following Note Tax Event*) and shall use commercially reasonable endeavours to arrange for liquidation and/or realisation of the Portfolio in whole or in part as necessary, on behalf of the Issuer in accordance with the Collateral Management and Administration Agreement and this Condition 7(b) (*Optional Redemption*). The Issuer shall deposit, or cause to be deposited, the funds required for an optional redemption of the Notes in accordance with this Condition 7(b) and/or Condition 7(g) (*Redemption following Note Tax Event*) (as applicable) in the Payment Account on or before the Business Day prior to the applicable Redemption Date. Principal Proceeds and Interest Proceeds received in connection with a redemption in whole of the Rated Notes shall be payable in accordance with the Post-Acceleration Priority of Payments. In the case of any redemption in whole of a Class of Rated Notes the relevant Refinancing Proceeds (other than a redemption in whole of all Classes of Rated Notes) shall be paid to the Noteholders of such Class of Notes subject to payment of amounts in priority in accordance with the Priorities of Payments.

(viii) *Optional Redemption of Subordinated Notes*

The Subordinated Notes may be redeemed at their Redemption Price, in whole as a Class but not in part, on any Payment Date on or after the redemption or repayment in full of the Rated

Notes, at the direction of the Subordinated Noteholders (acting by way of Ordinary Resolution).

(c) *Mandatory Redemption upon Breach of Coverage Tests*

(i) *Class A Notes and Class B Notes*

If the Class A/B Par Value Test is not satisfied on any Determination Date on and after the Effective Date or if the Class A/B Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes and the Class B Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated following such redemption.

(ii) *Class C Notes*

If the Class C Par Value Test is not satisfied on any Determination Date on and after the Effective Date or if the Class C Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes and the Class C Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated immediately following such redemption.

(iii) *Class D Notes*

(iv) *Class E Notes*

If the Class E Par Value Test is not satisfied on any Determination Date on or after the Effective Date or if the Class E Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated immediately following such redemption.

(v) *Class F Notes*

If the Class F Par Value Test is not satisfied on any Determination Date on or after the Effective Date, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated immediately following such redemption.

(d) *Special Redemption*

Principal payments on the Notes shall be made in accordance with the Principal Priority of Payments at the discretion of the Collateral Manager (acting on behalf of the Issuer), if at any time during the Reinvestment Period, the Collateral Manager (acting on behalf of the Issuer) certifies (upon which certification the Trustee may rely without further enquiry) to the Trustee that, using commercially reasonable endeavours, it has been unable, for a period of 20 consecutive Business Days, to identify additional Collateral Obligations or Substitute Collateral Obligations that are deemed appropriate by the Collateral Manager in its sole discretion which meet the Eligibility Criteria and, to the extent applicable, the Reinvestment Criteria, in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Principal Account that are to be invested in additional Collateral Obligations or Substitute Collateral Obligations (a "**Special Redemption**"). On the first Payment Date following the Due Period in which such certification is given (a "**Special Redemption Date**"), the funds in the Principal Account representing Principal Proceeds which, using commercially reasonable endeavours, cannot be reinvested in additional Collateral Obligations or Substitute Collateral Obligations by the Collateral Manager (a "**Special Redemption Amount**") will be applied in accordance with paragraph (Q) of the Principal Priority of Payments. Notice of payments pursuant to this Condition 7(d) (*Special Redemption*) shall be given by the Issuer in accordance with Condition 16 (*Notices*) not less than three Business Days prior to the applicable Special Redemption Date to the Noteholders and to each Rating Agency. For the avoidance of doubt, the exercise of a Special Redemption shall be at the sole and absolute discretion of the Collateral Manager (acting on behalf of the Issuer) and the Collateral Manager shall be under no obligation to, or have any responsibility to, any Noteholder or any other person for the exercise or non-exercise (as applicable) of such Special Redemption.

(e) *Redemption upon Effective Date Rating Event*

In the event that as at the Business Day prior to the Payment Date following the Effective Date, an Effective Date Rating Event has occurred and is continuing, the Rated Notes shall be redeemed in accordance with the Note Payment Sequence on such Payment Date and thereafter on each Payment Date (to the extent required) out of Interest Proceeds and thereafter out of Principal Proceeds subject to the Priorities of Payments, in each case, until redeemed in full or, if earlier, until an Effective Date Rating Event is no longer continuing.

(f) *Redemption Following Expiry of the Reinvestment Period*

Following expiry of the Reinvestment Period, the Issuer shall, on each Payment Date occurring thereafter, apply Principal Proceeds transferred to the Payment Account immediately prior to the related Payment Date in redemption of the Notes at their applicable Redemption Prices in accordance with the Priorities of Payments.

(g) *Redemption following Note Tax Event*

Upon the occurrence of a Note Tax Event, the Issuer shall, subject to and in accordance with the terms of the Trust Deed, use all reasonable efforts to first (i) change the location of the Paying Agent or the listing of the Notes or, if the action in described in this paragraph (i), would not avoid the occurrence of such Note Tax Event and subject as provided below, second (ii) take such other steps as may be available to it (other than changing its tax residency) to avoid the occurrence of such Note Tax Event, or third (iii) change the territory in which it is resident for tax purposes to another jurisdiction which, at the time of such change, would not give rise to a Note Tax Event. The Issuer shall not be required to change the territory in which it is resident for tax purposes or take any steps to avoid such Note Tax Event if to do so would impose legal, regulatory, tax or other obligations on the Issuer which would have a materially adverse effect on it. Upon the earlier of (a) the date upon which the Issuer certifies (upon which certification the Trustee may rely without further enquiry) to the Trustee that it is not able to mitigate or avoid such Note Tax Event and (b) the date which is 90 days from the date upon which the Issuer first becomes aware of such Note Tax Event (provided that such 90 day period shall be extended by a further 90 days in the event that during the former period the Issuer has notified (or procured the notification of) the Trustee and the Noteholders that, based on advice received by it, it expects that it shall have changed the location of the Paying Agent and/or the listing of the Notes or its place of residence or taken such other steps to avoid the occurrence of the Note Tax Event by the end

of the latter 90 day period), the Controlling Class or the Subordinated Noteholders, in each case acting by way of Extraordinary Resolution, may elect to direct the Issuer to redeem Notes of each Class, in whole but not in part, on any Payment Date thereafter, at their respective Redemption Prices in accordance with the Note Payment Sequence, in which case the Issuer shall so redeem the Notes on such terms, provided that such Note Tax Event would affect payment of principal or interest in respect of the Controlling Class or, as the case may be, the Subordinated Notes (in addition to any other Class of Notes) on such Payment Date; provided further that such redemption of the Notes, whether pursuant to the exercise of such option by the Controlling Class or the Subordinated Noteholders, shall take place in accordance with the procedures set out in Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*).

(h) *Redemption*

Unless otherwise specified in this Condition 7 (*Redemption and Purchase*), all Notes in respect of which any notice of redemption is given shall be redeemed on the applicable Redemption Date at their applicable Redemption Prices and to the extent specified in such notice and in accordance with the requirements of this Condition 7 (*Redemption and Purchase*).

(i) *Cancellation and Purchase*

All Notes redeemed in full by the Issuer will be cancelled and may not be reissued or resold.

No Note may be surrendered (including in connection with any abandonment, donation, gift, contribution or other event or circumstance) except for payment as provided herein for cancellation pursuant to paragraph (k) (*Purchase*) below, for registration of transfer, exchange or redemption, or for replacement in connection with any Note mutilated, defaced or deemed lost or stolen.

In respect of Notes represented by a Global Certificate, cancellation of any Note required by the Terms and Conditions to be cancelled will be effected by reduction in the principal amount of the Notes on the Register, with a corresponding notation made on the applicable Global Certificate.

(j) *Notice of Redemption*

The Issuer shall procure that notice of any redemption in accordance with this Condition 7 (*Redemption and Purchase*) (which notice shall be irrevocable unless it expressed to be conditional) is given to the Trustee and Noteholders in accordance with Condition 16 (*Notices*) and promptly in writing to the Rating Agencies.

(k) *Purchase*

On any Payment Date, at the discretion of the Collateral Manager, acting on behalf of the Issuer, in accordance with and subject to the terms of the Collateral Management and Administration Agreement, the Issuer may, subject to the conditions below, purchase any of the Rated Notes (in whole or in part), using Principal Proceeds standing to the credit of the Principal Account (other than Sale Proceeds in respect of the sale of Credit Improved Obligations, Credit Risk Obligations or Interest Proceeds paid into the Principal Account pursuant to paragraph (V) of the Interest Priority of Payments), amounts standing to the credit of the Supplemental Reserve Account, any Deferred Senior Collateral Management Amounts or Deferred Subordinated Collateral Management Amounts or the proceeds from the issuance of additional Subordinated Notes.

No purchase of Rated Notes by the Issuer may occur (other than pursuant to Condition 2(h) (*Forced Transfer of Rule 144A Notes*), Condition 2(i) (*Forced Transfer pursuant to ERISA*) or Condition 2(j) (*Forced Transfer pursuant to FATCA*) unless each of the following conditions is satisfied:

Class D Notes are purchased or redeemed in full and cancelled; *fifth*, the Class E Notes, until the Class E Notes are purchased or redeemed in full and cancelled; and *sixth*, the Class F Notes, until the Class F Notes are purchased or redeemed in full and cancelled;

- (B)
 - (1) each such purchase of Rated Notes of any Class shall be made pursuant to an offer made to all holders of the Rated Notes of such Class, by notice to such holders, which notice shall specify the purchase price (as a percentage of par) at which such purchase will be effected, the maximum amount of Principal Proceeds and Supplemental Reserve Amounts that will be used to effect such purchase and the length of the period during which such offer will be open for acceptance;
 - (2) subject to compliance with all applicable laws, each such holder of a Rated Note shall have the right, but not the obligation, to accept such offer in accordance with its terms; and
 - (3) if the aggregate Principal Amount Outstanding of Notes of the relevant Class held by holders who accept such offer exceeds the amount of Principal Proceeds specified in such offer, a portion of the Notes of each accepting holder shall be purchased *pro rata* based on the respective Principal Amount Outstanding held by each such holder subject to adjustment for Authorised Denominations if required;
- (C) each such purchase shall be effected only at prices discounted from the Principal Amount Outstanding of the relevant Notes;
- (D) each such purchase of Rated Notes shall occur prior to the expiry of the Reinvestment Period;
- (E) each Coverage Test is satisfied immediately prior to each such purchase and will be satisfied after giving effect to such purchase or, if any Coverage Test is not satisfied it shall be at least maintained or improved after giving effect to such purchase compared with what it was immediately prior thereto;
- (F) if Sale Proceeds are used to consummate any such purchase, either:
 - (1) each requirement or test, as the case may be, of the Portfolio Profile Tests and the Collateral Quality Test will be satisfied after giving effect to such purchase; or
 - (2) if any requirement or test, as the case may be, of the Portfolio Profile Tests and the Collateral Quality Test was not satisfied immediately prior to such purchase, such requirement or test will be maintained or improved after giving effect to such purchase;
- (G) no Note Event of Default shall have occurred and be continuing;

notice of any such purchase of Rated Notes by it is given promptly in writing to the Rating Agencies and the Trustee.

8. Payments

(a) *Method of Payment*

Payments of principal upon final redemption in respect of each Note will be made against presentation and surrender (or, in the case of part payment only, endorsement) of such Note at the specified office of the Principal Paying Agent by wire transfer. Payments of interest and, prior to redemption in full thereof, principal in respect of each Note will be made by wire transfer to the holder (or to the first named of joint holders) of the Note appearing on the Register at the close of business on the Record Date at his address shown on the Register on the Record Date. Upon application of the holder to the specified office of the Principal Paying Agent not less than five Business Days before the due date for any payment in respect of a Note, the payment may be made (in the case of any final payment of principal against presentation and surrender (or, in the case of part payment only of such final payment, endorsement) of such Note as provided above) by wire transfer, in immediately available funds, on the due date to a Euro account maintained by the payee with a bank in Western Europe.

Payments of principal upon final redemption in respect of each Note represented by a Global Certificate will be made against presentation and surrender (or, in the case of part payment only, endorsement) of such Global Certificate at the specified office of the Principal Paying Agent by wire transfer. Payments of interest and, prior to redemption in full thereof, principal in respect of each Note represented by a Global Certificate will be made by wire transfer to the holder (or to the first named of joint holders) of the Registered Certificate appearing on the Register at the close of business on the Record Date at his address shown on the Register on the Record Date. On each occasion on which a payment of interest or principal is made in respect of the relevant Global Certificate, the Registrar shall note the same in the Register and cause the aggregate principal amount of the Notes represented by a Global Certificate to be decreased accordingly.

(b) *Payments*

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 9 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to FATCA. No commission shall be charged to the Noteholders.

(c) *Payments on Presentation Days*

A holder shall be entitled to present a Note for payment only on a Presentation Date and shall not, except as provided in Condition 6 (*Interest*), be entitled to any further interest or other payment if a Presentation Date falls after the due date.

If a Note is presented for payment at a time when, as a result of differences in time zones it is not practicable to transfer the relevant amount to an account as referred to above for value on the relevant Presentation Date, the Issuer shall not be obliged so to do but shall be obliged to transfer the relevant amount to the account for value on the first practicable date after the Presentation Date.

(d) *Principal Paying Agent and Transfer Agent*

The Issuer reserves the right at any time to vary or terminate the appointment of the Principal Paying Agent and the Transfer Agent and appoint additional or other Agents, provided that it will maintain (i) a Principal Paying Agent, (ii) a Transfer Agent (to the extent required), in each case, having specified offices in at least one major European city approved by the Trustee (for so long as the Notes of any Class are listed on the Global Exchange Market of the Irish Stock Exchange and the rules of that exchange so require) and (iii) a paying agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive or any arrangement entered into between the EU member states and certain third countries and territories in

connection with the Directive, in each case, as approved in writing by the Trustee and shall procure that it shall at all times maintain a Custodian, Account Bank, Collateral Manager and Collateral Administrator. Any variation or termination of the appointment of the Principal Paying Agent and the Transfer Agent and/or other Agents shall be conducted in accordance with the provisions of the Agency and Account Bank Agreement, other than, in the case of the appointment of the Principal Paying Agent, where such appointment has been terminated or varied in accordance with Condition 7(g) (*Redemption following Note Tax Event*) which shall be subject to the provisions of that Condition. Notice of any change in any Agent or their specified offices or in the Collateral Manager or Collateral Administrator will promptly be given to the Noteholders by the Issuer in accordance with Condition 16 (*Notices*).

9. Taxation

(a) General

All payments of principal and interest in respect of the Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction, or any political sub-division or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. For the avoidance of doubt, the Issuer shall not be required to gross up any payments made to Noteholders of any Class and shall withhold or deduct from any such payments any amounts on account of such tax where so required by law or any such relevant taxing authority or in connection with FATCA. Any withholding or deduction shall not constitute a Note Event of Default under Condition 10(a) (*Note Events of Default*).

Payments will be subject in all other cases to any other fiscal or other laws and regulations applicable thereto in any jurisdiction and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws or regulations.

(b) FATCA Withholding

Payments in respect of the Notes are subject in all cases to any withholding or deduction required pursuant to an agreement described in Section 147(b) of the Code or otherwise imposed pursuant to FATCA. Any such amounts withheld or deducted will be treated as paid for all purposes under the Notes, and no additional amounts will be paid by the Issuer or any other party with respect to any such withholding or deduction.

(c) Substitution

Subject as provided below, if the Issuer certifies (upon which certification the Trustee may rely without further enquiry) to the Trustee that it has or will on the occasion of the next payment due in respect of the Notes of any Class become obliged by law to withhold or account for tax so that it would be unable to make payment of the full amount that would otherwise be due but for the imposition of such tax, the Issuer (save as provided below) shall use all reasonable endeavours to arrange for the substitution of a company incorporated in another jurisdiction approved by the Trustee as the principal obligor under the Notes of such Class, or to change its tax residence to another jurisdiction approved by the Trustee, subject to receipt of Rating Agency Confirmation in relation to each such change, provided that the Trustee's approval shall be subject to confirmation of tax counsel (at the cost of the Issuer) that such a substitution and/or change in tax residence would be effective in eliminating the imposition of such tax.

Notwithstanding the above, if any taxes referred to in this Condition 9 (*Taxation*) arise:

- (a) due to any present or former connection of any Noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of such Noteholder if such Noteholder is an estate, a trust, a partnership, or a corporation) with The Netherlands (including without limitation, such Noteholder (or such fiduciary, settlor, beneficiary, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in a trade or business or present therein or having had a permanent establishment therein) otherwise than by reason only of the holding of any Note or receiving principal or interest in respect thereof;

- (b) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax or to provide information concerning nationality, residency or connection with The Netherlands or other applicable taxing authority;
- (c) in respect of a payment made or secured for the immediate benefit of an individual or a non-corporate entity which is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive or any arrangement entered into between the EU member states and certain third countries and territories in connection with the Directive;
- (d) as a result of presentation for payment by or on behalf of a Noteholder who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Transfer Agent in an EU member state of the European Union;
- (e) in connection with FATCA; or
- (f) any combination of the preceding clauses (a) through (e) inclusive,

the requirement to substitute the Issuer as a principal obligor and/or change its residence for taxation purposes shall not apply.

10. Events of Default

(a) *Note Events of Default*

Any of the following events shall constitute a "**Note Event of Default**":

(i) *Non-payment of interest*

the Issuer fails to pay any interest in respect of the Class A Notes or the Class B Notes when the same becomes due and payable and failure to pay such interest in such circumstances continues for a period of at least five Business Days provided that, in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least seven Business Days after the Issuer, the Collateral Administrator and the Principal Paying Agent receive written notice of, or have actual knowledge of, such administrative error or omission; provided further, that the failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is withdrawn in accordance with these Conditions or, in the case of an Optional Redemption with respect to which a Refinancing fails, will not constitute a Note Event of Default;

(ii) *Non-payment of principal*

the Issuer fails to pay any principal when the same becomes due and payable on any Rated Note on the Maturity Date or any Redemption Date provided that, in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least five Business Days after the Issuer, the Collateral Administrator or the Principal Paying Agent receives written notice of, or has actual knowledge of, such administrative error or omission and provided further that, failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is withdrawn in accordance with the Conditions or, in the case of an Optional Redemption with respect to which a Refinancing fails, will not constitute a Note Event of Default;

(iii) *Default under Priorities of Payments*

the failure on any Payment Date to disburse amounts (other than (i) or (ii) above) available in the Payment Account in excess of €1,000 and payable in accordance with the Priorities of Payments and continuation of such failure for a period of five Business Days or, in the case of a failure to disburse due to an administrative error or omission or another non-credit-related

reason (as determined by the Collateral Manager acting in a commercially reasonable manner and certified in writing to the Trustee (upon which certification the Trustee may rely absolutely), but without liability as to such determination) by the Issuer or the Collateral Administrator, as the case may be, such failure continues for ten Business Days after the Issuer or the Collateral Administrator receives written notice of, or has actual knowledge of, such administrative error or omission;

(iv) *Collateral Obligations*

on any Measurement Date after the Effective Date, failure of the percentage equivalent of a fraction, (i) the numerator of which is equal to (1) the Collateral Principal Amount plus (2) the aggregate in respect of each Defaulted Obligation of its Market Value multiplied by its Principal Balance on such date and (ii) the denominator of which is equal to the Principal Amount Outstanding of the Class A Notes, to equal or exceed 102.5 per cent.;

(v) *Breach of Other Obligations*

except as otherwise provided in this definition of "Note Event of Default", a default in a material respect in the performance by, or breach in a material respect of any material covenant of, the Issuer under the Trust Deed and/or these Conditions (provided that any failure to meet any Portfolio Profile Test, Collateral Quality Test, Coverage Test or Reinvestment Par Value Test is not a Note Event of Default and any failure to satisfy the Effective Date Determination Requirements is not a Note Event of Default, except in either case to the extent provided in paragraph (iv) above) or the failure of any material representation, warranty, undertaking or other agreement of the Issuer made in the Trust Deed and/or these Conditions or in any certificate or other writing delivered pursuant thereto or in connection therewith to be correct in each case in all material respects when the same shall have been made, and the continuation of such default, breach or failure for a period of 45 days after the earlier of (a) the Issuer having actual knowledge of such default, breach or failure or (b) notice being given to the Issuer, the Hedge Counterparties and the Collateral Manager by registered or certified mail or courier from the Trustee, the Issuer or the Collateral Manager, or to the Issuer and the Collateral Manager from the Controlling Class acting pursuant to an Ordinary Resolution, in each case copied to the Trustee (as applicable), specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a "**Notice of Default**" under the Trust Deed; provided that if the Issuer (as notified to the Trustee by the Collateral Manager in writing) has commenced curing such default, breach or failure during the 45 day period specified above, such default, breach or failure shall not constitute a Note Event of Default under this paragraph (v) unless it continues for a period of 60 days (rather than, and not in addition to, such 45 day period specified above) after the earlier of the Issuer having actual knowledge thereof or notice thereof in accordance herewith. For the purposes of this paragraph, the materiality of such default, breach, representation or warranty shall be determined by the Trustee;

(vi) *Insolvency Proceedings*

proceedings are initiated against the Issuer under any applicable liquidation, examinership, insolvency, bankruptcy, composition, reorganisation or other similar laws (together, "**Insolvency Law**"), or a receiver, administrative receiver, trustee, administrator, custodian, conservator, liquidator, examiner, curator or other similar insolvency official (a "**Receiver**") is appointed in relation to such proceedings and the whole or any substantial part (in the opinion of the Trustee) of the undertaking or assets of the Issuer and in any of the foregoing cases, except in relation to the appointment of a Receiver, is not discharged within 30 days; or the Issuer is subject to, or initiates or consents to judicial proceedings relating to itself under any applicable Insolvency Law, or seeks the appointment of a Receiver, or makes a conveyance or assignment for the benefit of its creditors generally or otherwise becomes subject to any reorganisation or amalgamation (other than on terms previously approved in writing by the Trustee or by an Ordinary Resolution of the Controlling Class);

(vii) *Illegality*

it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Notes; or

(viii) *Investment Company Act*

the Issuer or any of the Collateral becomes required to register as an "Investment Company" under the Investment Company Act and such requirement continues for 45 days.

(b) *Acceleration*

If a Note Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall, at the request of the Controlling Class acting by way of Ordinary Resolution, (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith) give notice to the Issuer, the Hedge Counterparties and the Collateral Manager that all the Notes are immediately due and repayable (such notice, an "**Acceleration Notice**"), whereupon the Notes shall become immediately due and repayable at their applicable Redemption Prices, provided that upon the occurrence of a Note Event of Default described in paragraph (vi) of the definition thereof, an Acceleration Notice shall be deemed to have been given and all the Notes shall automatically become immediately due and repayable at their applicable Redemption Prices.

(c) *Curing of Note Event of Default*

At any time after a notice of acceleration of maturity of the Notes has been given pursuant to Condition 10(b) (*Acceleration*) following the occurrence of a Note Event of Default (other than with respect to a Note Event of Default occurring under paragraph (vi) of the definition thereof) and prior to enforcement of the security pursuant to Condition 11 (*Enforcement*), the Trustee, subject to receipt of consent in writing from the Controlling Class, may and shall, if so requested by the Controlling Class acting by Ordinary Resolution, (and subject, in each case, to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction) rescind and annul such notice of acceleration under paragraph (b)(i) above and its consequences if:

- (i) the Issuer has paid or deposited with the Trustee (or to its order) a sum sufficient to pay:
 - (A) all overdue payments of interest and principal on the Notes, other than the Subordinated Notes;
 - (B) all due but unpaid taxes owing by the Issuer, as certified by an Authorised Officer of the Issuer to the Trustee;
 - (C) all unpaid Administrative Expenses and Trustee Fees and Expenses; and
 - (D) all amounts due and payable by the Issuer under any Currency Hedge Agreement or Interest Rate Hedge Agreement; and
- (ii) the Trustee has determined that all Note Events of Default, other than the non-payment of the interest in respect of, or principal of, the Notes that have become due solely as a result of the acceleration thereof under paragraph (b) above due to such Note Events of Default, have been cured or waived.

Any previous rescission and annulment of a notice of acceleration pursuant to this paragraph (c) shall not prevent the subsequent acceleration of the Notes if the Trustee, at its discretion or, as subsequently requested, accelerates the Notes or if the Notes are automatically accelerated in accordance with paragraph (b) above.

(d) *Restriction on Acceleration*

No acceleration of the Notes shall be permitted by any Class of Noteholders, other than the Controlling Class as provided in Condition 10(b) (*Acceleration*).

(e) *Notification and Confirmation of No Default*

The Issuer shall immediately notify the Trustee, the Collateral Manager, the Noteholders (in accordance with Condition 16 (*Notices*)) and the Rating Agencies upon becoming aware of the occurrence of a Note Event of Default. The Trust Deed contains provision for the Issuer to provide written confirmation to the Trustee and the Rating Agencies on an annual basis that no Note Event of Default has occurred and that no condition, event or act has occurred which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition would constitute a Note Event of Default and that no other matter which is required (pursuant thereto) to be brought to the Trustee's attention has occurred.

(f) *Collateral Manager Events of Default*

Any of the following events shall constitute a "**Collateral Manager Event of Default**":

- (i) the Collateral Manager wilfully breaches, or wilfully takes any action that it knows violates any material provision of the Collateral Management and Administration Agreement or the Trust Deed applicable to the Collateral Manager;
- (ii) the Collateral Manager breaches any material provision of the Collateral Management and Administration Agreement or any terms of the Trust Deed applicable to it that, either individually or in the aggregate, is or could reasonably be expected to be materially prejudicial to the interests of the holders of any Class of Notes (excluding for purposes of this clause (ii) any actions referred to in clause (i) above or clause (v) below) and fails to cure such breach within 30 days of becoming aware of, or receiving notice from the Trustee or the Issuer of, such breach or, if such breach is not capable of cure within 30 days, the Collateral Manager fails to cure such breach within the period in which a reasonably diligent person could cure such breach (but in no event being a period of more than 90 days);
- (iii) the Collateral Manager is wound up or dissolved (other than pursuant to a consolidation, amalgamation or merger where a successor Collateral Manager succeeds the Collateral Manager and is bound by the terms of the Transaction Documents) or there is appointed over it or a substantial part of its assets a receiver, administrator, administrative receiver, trustee or similar officer; or the Collateral Manager (i) ceases to be able to, or admits in writing that it is unable to pay its debts as they become due and payable, or makes a general assignment for the benefit of, or enters into any composition or arrangement with, its creditors generally; (ii) applies for or consents (by admission of material allegations of a petition or otherwise) to the appointment of a receiver, trustee, assignee, custodian, liquidator or sequestrator (or other similar official) of the Collateral Manager or of any substantial part of its properties or assets, or authorises such an application or consent, or proceedings seeking such appointment are commenced against the Collateral Manager in good faith without such authorisation, consent or application and either continue undismissed for 60 days or any such appointment is ordered by a court or regulatory body having jurisdiction; (iii) authorises or files a voluntary petition in bankruptcy, or applies for or consents (by admission of material allegations of a petition or otherwise) to the application of any bankruptcy, reorganisation, arrangement, readjustment of debt, insolvency, dissolution, or similar law, or authorises such application or consent, or proceedings to such end are instituted against the Collateral Manager in good faith without such authorisation, application or consent and remain undismissed for 60 days or result in adjudication of bankruptcy or insolvency or the issuance of an order for relief; or (iv) permits or suffers all or any substantial part of its properties or assets to be sequestered or attached by court order and the order remains undismissed for 60 days;
- (iv) the occurrence of a Note Event of Default under Condition 10(a)(i) or (ii) (*Note Events of Default*) that arises directly from a breach of the Collateral Manager's duties or default by the

Collateral Manager under the Collateral Management and Administration Agreement, which breach or default is not cured within any applicable cure period set forth in these Conditions;

- (v) any legal, regulatory or other authorisations which are necessary for the performance of the Collateral Manager's obligations under any applicable laws are not in place or the performance by the Collateral Manager in accordance with the Collateral Management and Administration Agreement and the Trust Deed is in breach of any applicable laws, except for those jurisdictions in which the failure to be so qualified, authorised or licensed would not have a material adverse effect on the business, operations, assets or financial condition of the Collateral Manager or on the ability of the Collateral Manager to perform its obligations under, or on the validity or enforceability of, the Collateral Management and Administration Agreement and the Trust Deed;
- (vi) any action is taken by the Collateral Manager, or any of its senior executive officers involved in the management of any of the Collateral Obligations, that constitutes fraud or criminal activity in connection with the performance of the Collateral Manager's obligations under the Collateral Management and Administration Agreement;
- (vii) the Collateral Manager is indicted, or any of its senior executive officers is convicted, of a criminal offence under the laws of any jurisdiction in which it conducts business, materially related to the Collateral Manager's asset management business, unless, in the case of a conviction of a senior executive officer of the Collateral Manager, such senior executive officer has, within 30 days after such occurrence, been removed from performing work in fulfilment of the Collateral Manager's obligations under the Collateral Management and Administration Agreement;
- (viii) the Collateral Manager resigning pursuant to the terms of the Collateral Management and Administration Agreement; or
- (ix) the occurrence of a Collateral Manager Tax Event.

Pursuant to the terms of the Collateral Management and Administration Agreement:

- (A) upon the occurrence of a Collateral Manager Event of Default pursuant to paragraphs (i) to (vii) and (ix) of the definition thereof, the Collateral Management and Administration Agreement may be terminated, and the Collateral Manager may be removed (i) at the Issuer's discretion; (ii) by the Issuer at the direction of the Controlling Class (acting by Extraordinary Resolution) or (iii) by holders of the Subordinated Notes acting by Extraordinary Resolution (in each case, excluding Notes held by any Collateral Manager Related Party) upon 30 calendar days' prior written notice to the Collateral Manager, the Trustee, the Hedge Counterparties and each Rating Agency; and
- (B) upon the occurrence of a removal or resignation of the Collateral Manager following a Collateral Manager Event of Default, the Controlling Class and the Subordinated Noteholders will have certain rights with respect to the appointment of a successor collateral manager, as more fully described in the Collateral Management and Administration Agreement.

The Issuer acknowledges that the rights of the Controlling Class to participate in the selection or removal of the Collateral Manager following a Collateral Manager Event of Default, as described above, are the rights of a creditor to exercise remedies upon the occurrence of an event of default.

11. Enforcement

(a) *Security Becoming Enforceable*

Subject as provided in paragraph (b) below, the security constituted by the Trust Deed over the Collateral shall become enforceable upon an acceleration of the maturity of the Notes pursuant to Condition 10(b) (*Acceleration*).

(b) *Enforcement*

At any time after the Notes become due and repayable and the security under the Trust Deed becomes enforceable, the Trustee may, at its discretion (but subject always to Condition 4(c) (*Limited Recourse and Non-Petition*)), and shall, if so directed by the Controlling Class acting by Ordinary Resolution, (subject, in each case, as provided in Condition 11(b)(ii) (*Enforcement*)), institute such proceedings or take such other action against the Issuer or take any other action as it may think fit to enforce the terms of the Trust Deed and the Notes and pursuant and subject to the terms of the Trust Deed and the Notes, realise and/or otherwise liquidate or sell the Collateral in whole or in part and/or take such other action as may be permitted under applicable laws against any Obligor in respect of the Collateral and/or take any other action to enforce or realise the security over the Collateral in accordance with the Trust Deed (such actions together, "**Enforcement Actions**"), in each case without any liability as to the consequences of such action and without having regard (save to the extent provided in Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*)) to the effect of such action on the individual Noteholders of any Class or any other Secured Party provided however that:

- (i) no such Enforcement Action may be taken by the Trustee unless:
 - (A) subject to being indemnified and/or secured and/or prefunded to its satisfaction, the Trustee (or an agent or appointee on its behalf) determines subject to consultation by the Trustee or such agent or appointee with the Collateral Manager that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith) would be sufficient to discharge in full all amounts due and payable in priority to the Subordinated Notes pursuant to the Post-Acceleration Priority of Payments (such amount the "**Enforcement Threshold**" and such determination being an "**Enforcement Threshold Determination**") and the Controlling Class agrees with such determination by an Ordinary Resolution, (in which case the Enforcement Threshold will be met); or
 - (B) if the Enforcement Threshold will not have been met then, subject as provided in paragraph (ii) below, in the case of a Note Event of Default specified in subparagraph (i), (ii) or (iv) of Condition 10(a) (*Note Events of Default*), the Controlling Class directs the Trustee by Ordinary Resolution to take Enforcement Action without regard to any other Note Event of Default which has occurred prior to, contemporaneously with or subsequent to such Note Event of Default;
- (ii) the Trustee shall not be bound to institute any Enforcement Action or take any other action unless, subject as provided above, it is directed to do so by the Controlling Class acting by Ordinary Resolution and in each case the Trustee is indemnified and/or secured and/or prefunded to its satisfaction. Following redemption and payment in full of the Rated Notes, the Trustee shall (provided it is indemnified and/or secured and/or prefunded to its satisfaction) act upon the directions of the Subordinated Noteholders acting by Extraordinary Resolution; and
- (iii) for the purposes of determining issues relating to the execution of a sale or liquidation of the Portfolio, the anticipated proceeds to be realised from any Enforcement Action and whether the Enforcement Threshold will be met, the Trustee may appoint an independent investment banking firm or other appropriate advisor to advise it and may obtain and rely on an opinion and/or advice of such independent investment banking firm or other appropriate advisor (the cost of which shall be payable as Trustee Fees and Expenses) and shall be exempted from any liability arising directly or indirectly from any action taken or not taken by the Trustee in connection with such opinion and/or advice.

The Trustee shall notify the Noteholders, the Issuer, the Agents, the Collateral Manager, the Hedge Counterparties and the Rating Agencies in the event that it makes an Enforcement Threshold Determination at any time or takes any Enforcement Action at any time (such notice an "**Enforcement Notice**"). Following the effectiveness of an Acceleration Notice which has not been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*) or, as the case may be following automatic acceleration of the Notes or pursuant to an Optional Redemption in whole in accordance with Condition 7(b) (*Optional Redemption*) or 7(g) (*Redemption following Note Tax*

Event), Interest Proceeds, Principal Proceeds and the net proceeds of enforcement of the security over the Collateral (other than with respect to any Counterparty Downgrade Collateral or amounts standing to the credit of the Interest Account which represent Hedge Issuer Tax Credit Payments (which are required to be paid or returned to a Hedge Counterparty outside the Priorities of Payments in accordance with the Hedge Agreement and/or Condition 3(k)(v) (*Counterparty Downgrade Collateral Accounts*))) and any amounts standing to the credit of the Interest Account which represent Tax Credits (which are required to be paid or returned to an Obligor under Collateral Obligation outside the Priorities of Payments in accordance with relevant Underlying Instruments), shall be credited to the Payment Account and shall be distributed in accordance with the following order of priority but in each case only to the extent that all payments of a higher priority have been made in full (the "**Post-Acceleration Priority of Payments**"):

- (A) other than following an enforcement of security pursuant to Condition 11 (*Enforcement*) and the Trust Deed, to the payment of taxes then owed by the Issuer (other than Dutch corporate income tax in relation to the Issuer Profit Amount referred to below), as certified by an Authorised Officer of the Issuer to the Trustee, if any, (save for any value added tax payable in respect of any Collateral Management Fee or any other tax payable in relation to any amount payable to the Secured Parties); and to the payment of the Issuer Profit Amount, for deposit into the Issuer Dutch Account from time to time;
- (B) to the payment of accrued and unpaid Trustee Fees and Expenses up to an amount equal to the Senior Expenses Cap in respect of the related Due Period, provided that upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), the Senior Expenses Cap shall not apply in respect of such Trustee Fees and Expenses;
- (C) to the payment of Administrative Expenses in the priority stated in the definition thereof up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less any amounts paid pursuant to paragraph (B) above, provided that (i) upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), the Senior Expenses Cap shall not apply in respect of (i) amounts payable under paragraph (a) of the definition of Administrative Expenses, (ii) other Administrative Expenses to the extent necessary to allow the Issuer to be wound up on a solvent basis (but only to such extent) and (iii) following an enforcement of security pursuant to Condition 11 (*Enforcement*) and the Trust Deed, payments may only be made hereunder to Secured Parties;
- (D) to the payment:
 - (1) *firstly*, on a *pro rata* basis to the Collateral Manager of the Senior Management Fee due and payable on such Payment Date and any value added tax in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority) save for any Deferred Senior Collateral Management Amounts; and

(c) *Only Trustee to Act*

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Noteholders or, in respect of the Collateral, of any of the other Secured Parties under the Trust Deed and the Notes and no Noteholder or other Secured Party may proceed directly against the Issuer or any of its assets unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails or neglects to do so within a reasonable period after having received notice of such failure and such failure or neglect continues for at least 30 days following receipt of such notice by the Trustee. After realisation of the security which has become enforceable and distribution of the net proceeds in accordance with the Priorities of Payments, no Noteholder or other Secured Party may take any further steps against the Issuer to recover any sum still unpaid in respect of the Notes or the Issuer's obligations to such Secured Party and all claims against the Issuer to recover any sum still unpaid in respect of the Notes or the Issuer's obligations to such Secured Party and all claims against the Issuer in respect of such sums unpaid shall be extinguished. In particular, none of the Trustee, any Noteholder or any other Secured Party shall be entitled in respect thereof to petition or take any other step for the winding up of the Issuer except to the extent permitted under the Trust Deed.

Upon any sale of any part of the Collateral following the acceleration of the Notes under Condition 10(b), whether made under the power of sale under the Trust Deed or by virtue of judicial proceedings, any Noteholder, the Collateral Manager or any of its Affiliates may (but shall not be obliged to) bid for and purchase the Collateral or any part thereof and, upon compliance with the terms of sale, may hold, retain, possess or dispose of such property in its or their own absolute right without accountability. In addition, any purchaser in any such sale which is a Noteholder (including the Collateral Manager in such capacity) may deliver Notes held by it in place of payment of the purchase price for such Collateral where the amount payable to such Noteholder in respect of such Notes

pursuant to the Priorities of Payments, had the purchase price been paid in cash, is equal to or exceeds such purchase price.

12. Prescription

Claims in respect of principal and interest payable on redemption in full of the relevant Notes while the Notes are represented by a Definitive Certificate will become void unless presentation for payment is made as required by Condition 7 (*Redemption and Purchase*) within a period of five years, in the case of interest, and ten years, in the case of principal, from the date on which payment in respect of such Notes is received by the Principal Paying Agent.

Notwithstanding the above, claims against the Issuer in respect of principal and interest on the Notes while the Notes are represented by a Global Certificate will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the date on which any payment first becomes due.

13. Replacement of Notes

If any Note is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Transfer Agent, subject in each case to all applicable laws and Irish Stock Exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer or Transfer Agent may require (provided that the requirement is reasonable in the light of prevailing market practice). Mutilated or defaced Notes must be surrendered before replacements will be issued.

14. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Provisions in Trust Deed

The Trust Deed contains provisions for convening meetings of the Noteholders (and for passing Written Resolutions) to consider matters affecting the interests of the Noteholders including, without limitation, modifying or waiving certain of the provisions of these Conditions and the substitution of the Issuer in certain circumstances. The provisions in this Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) are descriptive of the detailed provisions of the Trust Deed.

(b) Decisions and Meetings of Noteholders

(i) General

Decisions may be taken by Noteholders by way of Ordinary Resolution, Extraordinary Resolution or Written Resolution, in each case, either acting together (subject as provided in paragraph (ix) below) or, to the extent specified in any applicable Transaction Document or these Conditions, by a Class of Noteholders acting independently. Ordinary Resolutions and Extraordinary Resolutions can be effected either at a duly convened meeting of the applicable Noteholders or by the applicable Noteholders resolving in writing, in each case, in at least the minimum percentages specified in the table "Minimum Percentage Voting Requirements" in paragraph (iii) below. Meetings of the Noteholders may be convened by the Issuer, the Trustee or by one or more Noteholders holding not less than 10 per cent. in principal amount of the Notes Outstanding of a particular Class, subject to certain conditions including minimum notice periods. Where decisions are required to be taken by a Written Resolution of a Class or Classes under the Trust Deed or these Conditions, such decision may only be made in accordance with Condition 14(b)(iv) (*Written Resolutions*) below.

The holder of each Global Certificate will be treated as being one person for the purposes of any quorum requirements of, or the right to demand a poll at, a meeting of Noteholders and, at any such meeting, as having one vote in respect of each €1,000 of principal amount of Notes for which the relevant Global Certificate may be exchanged.

(vi) *Extraordinary Resolution*

Subject to the right of veto of the Retention Holder referred to in Condition 14(b)(ix) (*Retention Holder Veto*), any Resolution to sanction any of the following items will be required to be passed by an Extraordinary Resolution (in each case, subject to anything else specified in the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document, as applicable):

(viii) *Resolutions Affecting Other Classes*

If and for so long as any Notes of more than one Class are Outstanding, in relation to any Meeting of Noteholders:

- (a) subject to paragraphs (c) and (d) below, a Resolution which in the opinion of the Trustee affects only the Notes of a Class or Classes (the "**Affected Class(es)**"), but not another Class or Classes, as the case may be, shall be duly passed if passed at a meeting or meetings of the Noteholders of the Affected Class(es) and such Resolution shall be binding on all the Noteholders, including the holders of Notes which are not an Affected Class;

For the avoidance of doubt, if a Retention Event has occurred and is continuing, the Retention Holder shall have no veto rights in accordance with this Condition, however, this shall not affect the rights of the Retention Holder to exercise its rights as a Noteholder.

(c) *Modification and Waiver*

- (xx) to make any other modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any other Transaction Document to comply with changes in the Retention Requirements or the requirements of Solvency II or which result from the implementation of the implementing technical standards relating thereto or any subsequent risk retention legislation or official guidance;

- (xxviii) subject to certification of the necessity of such amendment by the Issuer to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without liability) to amend, modify or otherwise accommodate changes to any Transaction Document relating to the administrative procedures for reaffirmation of ratings on the Notes as required by the rating criteria of the Rating Agencies;

Any such modification, authorisation or waiver shall be binding upon the Noteholders and shall be notified by the Issuer as soon as practicable following the execution of any supplemental trust deed or any other modification, authorisation or waiver pursuant to this Condition 14(c) to:

- (A) each Rating Agency, so long as any of the Rated Notes remain Outstanding; and
- (B) the Noteholders in accordance with Condition 16 (*Notices*).

Notwithstanding anything to the contrary herein and in the Trust Deed, the Issuer shall not agree to amend, modify or supplement any provisions of the Transaction Documents if, in the reasonable opinion of the Issuer, such change shall have a material adverse effect on the rights or obligations of the Hedge Counterparty without the Hedge Counterparty's prior written consent or on the Collateral Manager without the Collateral Manager's consent in writing. liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Trustee in respect of the Transaction Documents.

In the case of a request for consent to a modification, amendment, waiver or authorisation pursuant to paragraph (xi), (xiii) or (xxvi) above, under no circumstances shall the Trustee be required to give such consent on less than 21 days' notice and the Trustee shall be entitled to obtain legal, financial or other expert advice, at the expense of the Issuer, and rely on such advice in connection with determining whether or not to give such consent (if applicable or required) as it sees fit.

(d) *Substitution*

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require (without the consent of the Noteholders of any Class), to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes of each Class, if required for taxation purposes, provided that such substitution would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders of any Class. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders, but subject to receipt of Rating Agency Confirmation (subject to receipt of such information and/or opinions as the Rating Agency may require), to a change of the law governing the Notes and/or the Trust Deed, provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders of any Class. Any substitution agreed by the Trustee pursuant to this Condition 14(d) (*Substitution*) shall be binding on the Noteholders, and shall be notified by the Issuer to the Noteholders as soon as practicable in accordance with Condition 16 (*Notices*).

The Trustee may, subject to the satisfaction of certain conditions specified in the Trust Deed, including receipt of Rating Agency Confirmation, agree to a change in the place of residence of the Issuer for taxation purposes without the consent of the Noteholders of any Class, provided the Issuer does all such things as the Trustee may require in order that such change in the place of residence of the Issuer for taxation purposes is fully effective and complies with such other requirements which are in the interests of the Noteholders as it may direct.

The Issuer shall procure that, so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange, any material amendments or modifications to the Conditions, the Trust Deed or such other conditions made pursuant to Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) shall be notified to the Irish Stock Exchange.

(e) *Entitlement of the Trustee and Conflicts of Interest*

In connection with the exercise of its trusts, powers, duties and discretions (including but not limited to those referred to in this Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*)), the Trustee shall have regard to the interests of each Class of Noteholders as a Class and shall not have regard to the consequences of such exercise for individual Noteholders of such Class and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other person any payment in respect of any tax consequence of any such exercise upon individual Noteholders except to the extent already provided for in Condition 9 (*Taxation*).

In considering the interests of Noteholders while the Global Certificates are held on behalf of a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its account holders with entitlements to each Global Certificate and may consider such interests as if such account holders were the holders of any Global Certificate

The Trust Deed provides that in the event of any conflict of interest between or among the holders of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, the interests of the holders of the Controlling Class will prevail. If the holders of the Controlling Class do not have an interest in the outcome of the conflict, the Trustee shall give priority to the interests of (i) the Class A Noteholders over the Class B Noteholders, Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F

Noteholders and the Subordinated Noteholders, (ii) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, Class F Noteholders and the Subordinated Noteholders, (iii) Class C Noteholders over the Class D Noteholders, the Class E Noteholders, Class F Noteholders and the Subordinated Noteholders, (iv) the Class D Noteholders over the Class E Noteholders, Class F Noteholders and the Subordinated Noteholders, (v) the Class E Noteholders over the Class F Noteholders and the Subordinated Noteholders, and (vi) the Class F Noteholders over the Subordinated Noteholders. If the Trustee receives conflicting or inconsistent requests from two or more groups of holders of a Class, given priority as described in this paragraph, each representing less than the majority by principal amount of such Class, the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that, except as expressly provided otherwise in any applicable Transaction Document or these Conditions, the Trustee will act upon the directions of the holders of the Controlling Class (or other Class where the holders of the Class or Classes having priority over such other Class do not have an interest in the subject matter of such directions) (in each case acting by Extraordinary Resolution) subject to being indemnified and/or secured and/or prefunded to its satisfaction, and shall not be obliged to consider the interests of and is exempted from any liability to the holders of any other Class of Notes.

In addition, the Trust Deed provides that, so long as any Note is Outstanding, the Trustee shall have no regard to the interests of any Secured Party other than the Noteholders or, at any time, to the interests of any other person.

15. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances, including provisions relieving it from instituting proceedings to enforce repayment or to enforce the security constituted by or pursuant to the Trust Deed, unless indemnified and/or secured and/or prefunded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer or any other party to any Transaction Document and any entity related to the Issuer or any other party to any Transaction Document without accounting for any profit. The Trustee is exempted from any liability in respect of any loss or theft of the Collateral from any obligation to insure, or to monitor the provisions of any insurance arrangements in respect of, the Collateral (for the avoidance of doubt, under the Trust Deed the Trustee is under no such obligation) and from any claim arising from the fact that the Collateral is held by the Custodian or is otherwise held in safe custody by a bank or other custodian. The Trustee shall not be responsible for the performance by the Custodian of any of its duties under the Agency and Account Bank Agreement or for the performance by the Collateral Manager of any of its duties under the Collateral Management and Administration Agreement, for the performance by the Collateral Administrator of its duties under the Collateral Management and Administration Agreement or for the performance by any other person appointed by the Issuer in relation to the Notes or by any other party to any Transaction Document. The Trustee shall not have any responsibility for the administration, management or operation of the Collateral including the request by the Collateral Manager to release any of the Collateral from time to time.

The Trust Deed contains provisions for the retirement of the Trustee and the removal of the Trustee by Extraordinary Resolution of the Controlling Class, but no such retirement or removal shall become effective until a successor trustee is appointed.

16. Notices

Notices to Noteholders will be valid if posted to the address of such Noteholder appearing in the Register at the time of publication of such notice by pre paid, first class mail (or any other manner approved by the Trustee which may be by electronic transmission) and (for so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange and the rules of the Irish Stock Exchange so require) shall be sent to the Company Announcements Office of the Irish Stock Exchange or such other process as the Irish Stock Exchange may require. Any such notice shall be deemed to have been given to the Noteholders (a) in the case of inland mail three days after the date of dispatch thereof, (b) in the case of overseas mail, seven days after the dispatch thereof or, (c) in the case of electronic transmission, on the date of dispatch.

Notices will be valid and will be deemed to have been given, for so long as the Notes are admitted to trading on the Irish Stock Exchange, when such notice is filed in the Company Announcements Office of the Irish Stock Exchange or such other process as the Irish Stock Exchange may require.

The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders (or a category of them) if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the rules of the stock exchange on which the Notes are then listed and provided that notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

Notwithstanding the above, so long as any Notes are represented by a Global Certificate and such Global Certificate is held on behalf of a clearing system, notices to Noteholders may be given by delivery of the relevant notice to that clearing system for communication by it to entitled account holders in substitution for delivery thereof as required by the Conditions of such Notes provided that such notice is also made to the Company Announcements Office of the Irish Stock Exchange for so long as such Notes are listed on the Global Exchange Market of the Irish Stock Exchange and the rules of the Irish Stock Exchange so require. Such notice will be deemed to have been given to the Noteholders on the date of delivery of the relevant notice to the relevant clearing system.

17. Additional Issuances

- (a) The Issuer may from time to time, subject to the approval of the Subordinated Noteholders and the Class A Noteholders for so long as the Class A Notes are outstanding, in each case acting by Ordinary Resolution, and subject to the approval of the Retention Holder create and issue further Notes having the same terms and conditions as existing Classes of Notes (subject as provided below) and which shall be consolidated and form a single series with the Outstanding Notes of such Class (unless otherwise provided), and will use the proceeds of sale thereof to purchase additional Collateral Obligations and, if applicable, enter into additional Hedge Transactions in connection with the Issuer's issuance of, and making payments on, the Notes and ownership of and disposition of the Collateral Obligations, provided that the following conditions are satisfied:

- (vii) (so long as the existing Notes of the Class of Notes to be issued are listed on the Global Exchange Market of the Irish Stock Exchange) the additional Notes of such Class to be issued are in accordance with the requirements of the Irish Stock Exchange and are listed on the Global Exchange Market of the Irish Stock Exchange (for so long as the rules of the Irish Stock Exchange so requires);
 - (viii) such additional issuances are in accordance with all applicable laws including, without limitation, the securities and banking laws and regulations of The Netherlands and do not adversely affect the Dutch tax position of the Issuer;
 - (ix) any issuance of additional Notes shall be accomplished in a manner that will allow the Issuer to provide the information described in United States Treasury Regulation Section 1.1275-3(b)(1) to the holders of such additional Notes;

 - (xi) such additional Notes must be of each Class of Notes and issued in a proportionate amount among the Classes so that the relative proportions of aggregate principal amount of the Classes of Notes existing immediately prior to such additional issuance remain unchanged immediately following such additional issuance (save with respect to Subordinated Notes as described in paragraph (b) below);
- (b) The Issuer may and shall, following the written request of the Retention Holder, also issue and sell additional Subordinated Notes (without issuing Notes of any other Class) having the same terms and conditions as existing Subordinated Notes (subject as provided below) and which shall be consolidated and form a single series with the Outstanding Subordinated Notes, provided that:
- (i) the subordination terms of such Subordinated Notes are identical to the terms of the previously issued Subordinated Notes;
 - (ii) the terms (other than the date of issuance, the issue price and the date from which interest will accrue) of such Subordinated Notes must be identical to the terms of the previously issued Subordinated Notes;

Any further securities forming a single series with Notes constituted by the Trust Deed or any deed supplemental to it shall be constituted by a deed supplemental to the Trust Deed.

18. Third Party Rights

No person shall have any right to enforce any term or Condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

19. Governing Law

(a) *Governing Law*

The Trust Deed and each Class of Notes and any dispute, controversy, proceedings or claim of whatever nature arising out of or in any way relating to the Trust Deed or any Class of Notes are governed by and shall be construed in accordance with English law. The Issuer Management Agreement is governed by and shall be construed in accordance with Dutch law.

(b) *Jurisdiction*

The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes, and accordingly any legal action or proceedings arising out of or in connection with the Notes ("**Proceedings**") may be brought in such courts. The Issuer has in the Trust Deed irrevocably submitted to the jurisdiction of such courts and waives any objection to Proceedings in any such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the Noteholders and the Trustee and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Agent for Service of Process*

The Issuer appoints TMF Corporate Services Ltd (having an office, at the date hereof, at 6 St Andrew Street, 5th Floor, London, EC4A 3AE, United Kingdom) as its agent in England to receive service of process in any Proceedings in England based on any of the Notes. If for any reason the Issuer does not have such agent in England, it will promptly appoint a substitute process agent and notify the Trustee and the Noteholders of such appointment. Nothing herein shall affect the right to service of process in any other manner permitted by law.

USE OF PROCEEDS

The estimated net proceeds of the issue of the Notes after payment of fees and expenses payable on or about the Issue Date (including, without duplication amounts deposited into the Expense Reserve Account) are expected to be approximately €351,234,322. Such proceeds will be used by the Issuer to repay the Warehouse Providers under the Warehouse Arrangements in respect of the funding provided by them to finance the purchase of Collateral Obligations prior to the Issue Date and all other amounts due in order to finance the acquisition of warehoused Collateral Obligations purchased by the Issuer prior to the Issue Date and to fund the First Period Reserve Account on the Issue Date. The remaining proceeds shall be deposited into the Unused Proceeds Account to be utilised to fund the acquisition of Collateral Obligations complying with the Eligibility Criteria and the other requirements of the Collateral Management and Administration Agreement purchased by the Issuer during the Initial Investment Period (as defined in the Conditions) or otherwise as prescribed by the Conditions and the Transaction Documents.

FORM OF THE NOTES

References below to Notes and to the Global Certificates and the Definitive Certificates representing such Notes are to each respective Class of Notes, except as otherwise indicated.

Initial Issue of Notes

The Regulation S Notes of each Class (other than the Retention Notes and, in certain circumstances, the Class E Notes, the Class F Notes and the Subordinated Notes as described below) will be represented on issue by a Regulation S Global Certificate deposited with, and registered in the name of a nominee of a common depositary for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Regulation S Global Certificate may be held at any time only through Euroclear or Clearstream, Luxembourg. See "*Book Entry Clearance Procedures*". Beneficial interests in a Regulation S Global Certificate may not be held by a U.S. Person or U.S. Resident at any time. By acquisition of a beneficial interest in a Regulation S Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is not a U.S. Person, and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest only to a person whom the seller reasonably believes (a) to be a non-U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S, or (b) to be a person who takes delivery in the form of an interest in a Rule 144A Global Certificate. See "*Transfer Restrictions*".

The Rule 144A Notes of each Class (other than, in certain circumstances, the Class E Notes, the Class F Notes and the Subordinated Notes as described below) will be represented on issue by a Rule 144A Global Certificate deposited with, and registered in the name of, a nominee of a common depositary for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Rule 144A Global Certificate may only be held at any time through Euroclear or Clearstream, Luxembourg. See "*Book Entry Clearance Procedures*". By acquisition of a beneficial interest in a Rule 144A Global Certificate, the purchaser thereof will be deemed to represent, amongst other things, that it is a QIB/QP and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest in accordance with the procedures and restrictions contained in the Trust Deed. See "*Transfer Restrictions*".

Beneficial interests in Global Certificates will be subject to certain restrictions on transfer set forth therein and in the Trust Deed and as set forth in Rule 144A and Regulation S, and the Notes will bear the applicable legends regarding the restrictions set forth under "*Transfer Restrictions*". In the case of each Class of Notes, a beneficial interest in a Regulation S Global Certificate may be transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Certificate in denominations greater than or equal to the Minimum Denomination and Authorised Integral Amounts thereof applicable to interests in such Rule 144A Global Certificate only upon receipt by the Transfer Agent of a written certification (in the form provided in the Trust Deed) to the effect that the transferor reasonably believes that the transferee is a QIB/QP and that such transaction is in accordance with any applicable securities laws of any state of the United States or any other jurisdiction. Beneficial interests in the Rule 144A Global Certificates may be transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate only upon receipt by the Transfer Agent of a written certification (in the form provided in the Trust Deed) from the transferor to the effect that the transfer is being made in an offshore transaction to a non-U.S. Person and in accordance with Regulation S.

Any beneficial interest in a Regulation S Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Certificate will, upon transfer, cease to be an interest in such Regulation S Global Certificate and become an interest in the Rule 144A Global Certificate, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Rule 144A Global Certificate for as long as it remains such an interest. Any beneficial interest in a Rule 144A Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate will, upon transfer, cease to be an interest in a Rule 144A Global Certificate and become an interest in the Regulation S Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Regulation S Global Certificate for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of Notes, but the Transfer Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Except in the limited circumstances described below, owners of beneficial interests in Global Certificates will not be entitled to receive physical delivery of certificated Notes.

Each initial investor (other than the Initial Purchaser) in a Class E Note, Class F Note or a Subordinated Note purchased on the Issue Date will be required to enter into a subscription agreement (and in the case of the Collateral Manager, a note purchase agreement) in which it will certify as to, among other matters, its status under the Securities Act, the Investment Company Act and ERISA. A transferee of a Class E Note, a Class F Note or a Subordinated Note (a) shall be required or shall be deemed to represent (among other things) whether it is a Benefit Plan Investor or a Controlling Person and (b) if they are a Benefit Plan Investor or a Controlling Person, may not acquire such Class E Note, Class F Note or Subordinated Note unless such transferee: (i) obtains the written consent of the Issuer; (ii) provides an ERISA certificate to the Issuer as to its status as a Benefit Plan Investor or Controlling Person (substantially in the form of Annex B); and (iii) unless the written consent of the Issuer to the contrary is obtained, holds such Class E Note, Class F Note or Subordinated Note in the form of a Definitive Certificate. Any Class E Note, Class F Note or Subordinated Note in the form of a Definitive Certificate shall be registered in the name of the holder thereof.

The Retention Notes will be offered outside the United States to the Collateral Manager as a non-U.S. Person in reliance on Regulation S and will be issued in definitive, certificated, fully registered form. On the Issue Date, the Retention Notes will be registered in the name of the Collateral Manager.

The Notes are not issuable in bearer form.

Exchange for Definitive Certificates

Exchange

Each Global Certificate will be exchangeable, free of charge to the holder, on or after its Definitive Exchange Date (as defined below), in whole but not in part, for Definitive Certificates if a Global Certificate is held (directly or indirectly) on behalf of Euroclear, Clearstream, Luxembourg or an alternative clearing system and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention to permanently cease business or does in fact do so.

In addition, interests in Global Certificates representing Class E Notes, Class F Notes or Subordinated Notes may be exchangeable for interests in a Definitive Certificate representing the Class E Notes, Class F Notes or Subordinated Note if a transferee is acting on behalf of a Benefit Plan Investor or is a Controlling Person provided: (i) such transferee has obtained the consent of the Issuer in respect of such transfer; and (ii) the transferee has provided the Issuer with a certification substantially in the form set out in Annex B (*Form of ERISA Certificate*).

Interests in Global Certificates representing Class E Notes, Class F Notes or Subordinated Notes may be exchangeable for interests in Definitive Certificates representing Class E Notes, Class F Notes or Subordinated Notes in accordance with the Conditions as amended above.

The Registrar will not register the transfer of, or exchange of interests in, a Global Certificate for Definitive Certificates during the period from (but excluding) the Record Date to (and including) the date for any payment of any principal or interest in respect of the Notes.

If only one of the Global Certificates (the "**Exchanged Global Certificate**") becomes exchangeable for Definitive Certificates as described in the above paragraphs, transfers of Notes may not take place between, on the one hand, persons holding Definitive Certificates issued in exchange for beneficial interests in the Exchanged Global Certificate and, on the other hand, persons wishing to purchase beneficial interests in the other Global Certificates.

"**Definitive Exchange Date**" means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar and the Transfer Agent is located.

Delivery

In such circumstances, the relevant Global Certificate shall be exchanged in full for Definitive Certificates and the Issuer will, at its own cost (and against such indemnity as the Registrar or any Transfer Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Definitive Certificates to be executed and delivered to the Registrar for completion,

authentication and dispatch to the relevant Noteholders. A person having an interest in a Global Certificate must provide the Registrar with (a) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Definitive Certificates and (b) in the case of the Rule 144A Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A. Definitive Certificates issued in exchange for a beneficial interest in the Rule 144A Global Certificate shall bear the legends applicable to transfers pursuant to Rule 144A, as set out under "*Transfer Restrictions*" below.

Legends

The holder of a Class E Note, a Class F Note or Subordinated Note in registered definitive form, as applicable, may transfer the Notes represented thereby in whole or in part in the applicable the Minimum Denomination and Authorised Integral Amounts thereof by surrendering such Note(s) at the specified office of the Registrar or the Transfer Agent, together with the completed form of transfer and to the extent applicable, consent of the Issuer and a duly completed ERISA Certificate substantially in the form of Annex B. Upon the transfer, exchange or replacement of a Class E Note, a Class F Note or Subordinated Note in registered definitive form, as applicable, bearing the legend referred to under "*Transfer Restrictions*" below, or upon specific request for removal of the legend on a Definitive Certificate in registered definitive form, as applicable, the Issuer will deliver only Class E Notes, Class F Notes or Subordinated Notes that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act and the Investment Company Act. With the written consent of the Issuer, a Class E Note, a Class F Note or Subordinated Note in the form of a Definitive Certificate may be transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Certificate or a Regulation S Global Certificate, subject to all transfer restrictions and other procedures applicable to beneficial interests in a Rule 144A Global Certificate or a Regulation S Global Certificate (as applicable).

BOOK ENTRY CLEARANCE PROCEDURES

The information set out below has been obtained from sources that the Issuer believes to be reliable, but prospective investors are advised to make their own enquiries as to such procedures. In particular, such information is subject to any change in or interpretation of the rules, regulations and procedures of Euroclear or Clearstream, Luxembourg (together, the "**Clearing Systems**") currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. Relationship of Participants with Clearing Systems

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Note represented by a Global Certificate must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Certificate and in relation to all other rights arising under the Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg (as the case may be). The Issuer also expects that payments by Direct Participants in any Clearing System to owners of beneficial interests in any Global Certificate held through such Direct Participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Certificate and the obligations of the Issuer will be

discharged by payment to the registered holder, as the case may be, of such Global Certificate in respect of each amount so paid. None of the Issuer, the Trustee or any Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in any Global Certificate or for maintaining, supervising or reviewing any records relating to such ownership interests.

The ownership interest of each actual purchaser of each such Note (the "**Beneficial Owner**") will in turn be recorded on the Direct Participant and Indirect Participant's records. Beneficial Owners will not receive written confirmation from any Clearing System of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in Notes held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in such Notes, unless and until interests in any Global Certificate held within a Clearing System is exchanged for Definitive Certificates.

No Clearing System has knowledge of the actual Beneficial Owners of the Notes held within such Clearing System and their records will reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the Clearing Systems to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

RATINGS OF THE NOTES

General

It is a condition of the issue and sale of the Notes that the Notes (except for the Subordinated Notes) be issued with at least the following ratings: the Class A Notes "Aaa (sf)" from Moody's and "AAAsf" from Fitch; the Class B Notes: "Aa2 (sf)" from Moody's and "AA+sf" from Fitch; the Class C Notes: "A2 (sf)" from Moody's and "Asf" from Fitch; the Class D Notes: "Baa2 (sf)" from Moody's and "BBBsf" from Fitch; the Class E Notes: "Ba2 (sf)" from Moody's and "BBsf" from Fitch; and the Class F Notes: "B2 (sf)" from Moody's and "B-sf" from Fitch. The Subordinated Notes being offered hereby will not be rated.

The ratings assigned to the Class A Notes and the Class B Notes address the timely payment of interest and the ultimate payment of principal. The ratings assigned to the other Rated Notes address the ultimate payment of principal and interest.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the applicable rating agency.

As of the date of this Offering Circular, each of the Rating Agencies is established in the European Union ("EU") and is registered under Regulation (EC) No 1060/2009 (as amended) (the "**CRA Regulation**"). As such each Rating Agency is included in the list of credit rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation.

Moody's Ratings

The ratings assigned to the Rated Notes by Moody's are based upon its assessment of the probability that the Collateral Obligations will provide sufficient funds to pay each such Class of Notes, based largely upon Moody's statistical analysis of historical default rates on debt obligations with various ratings, the asset and interest coverage required for such Class of Rated Notes (which in the case of a Class of Rated Notes is achieved through the subordination of each Class of Notes ranking below such Class of Rated Notes) and the diversification requirements that the Collateral Obligations are required to satisfy.

Moody's ratings address the expected loss posed to investors by the legal final maturity on the Maturity Date. The structure allows for timely payment of interest and ultimate payment of principal with respect to the Class A Notes and the Class B Notes by the legal final maturity on the Maturity Date.

Moody's analysis of the likelihood that each Collateral Obligation will default is based on historical default rates for similar debt obligations, the historical volatility of such default rates (which increases as securities with lower ratings are added to the portfolio) and an additional default assumption to account for future fluctuations in defaults. Moody's then determines the level of credit protection necessary to achieve the expected loss associated with the rating of the structured securities, taking into account the expected volatility of the default rate of the portfolio based on the level of diversification by region, obligor and industry. There can be no assurance that the actual default rates on the Collateral Obligations held by the Issuer will not exceed the rates assumed by Moody's in its analysis.

In addition to these quantitative tests, Moody's ratings take into account qualitative features of a transaction, including the experience of the Collateral Manager, the legal structure and the risks associated with such structure and other factors that they deem relevant.

Fitch Ratings

The ratings assigned to the Rated Notes by Fitch are based upon Fitch's statistical analysis of historical default rates on debt obligations with similar characteristics to the Collateral Obligations and the various eligibility requirements that the Collateral Obligations are required to satisfy.

Fitch analyses the likelihood that each Collateral Obligation will default, based on historical default rates for similar debt obligations, the historical volatility of such default rates (which increases as securities with lower ratings are added to the portfolio) and an additional default assumption to account for future fluctuations in defaults. Fitch then determines the level of credit protection necessary based on a specific percentile of the

portfolio default distribution determined by the Fitch 'Portfolio Credit Model' which takes into account the correlation between assets in the portfolio based on the level of diversification by region, issuer and industry. The results of a statistical analysis are incorporated into a cash flow model built to mimic the structure of the transaction. In this regard, the results of several default scenarios, in conjunction with various qualitative tests (e.g. analysis of the strength of the Collateral Manager), are used to determine the credit enhancement required to support a particular rating.

Fitch Ratings of the Rated Notes were established under various assumptions and scenarios.

There can be no assurance that actual defaults on the Collateral Obligations will not exceed those assumed by Fitch in its analysis, or that recovery rates with respect thereto (and consequently loss rates) will not differ from those assumed by Fitch.

In addition to those quantitative tests, Fitch Ratings take into account qualitative features of a transaction, including the experience of the Collateral Manager the legal structure and the risks associated with such structure and other factors that Fitch deems relevant.

The Collateral Manager will act as Retention Holder for the purposes of the Retention Requirements. The Collateral Manager on the Issue Date will fall within the definition of a "sponsor" for the purpose of the Retention Requirements.

The Retention

On the Issue Date, the Retention Holder will sign the Retention Undertaking Letter addressed to the Issuer, the Trustee (for the benefit of the Noteholders), the Collateral Administrator and Credit Suisse Securities (Europe) Limited in its capacity as sole arranger ("**Credit Suisse**").

Under the Retention Undertaking Letter, the Retention Holder will:

- (c) subject to any regulatory requirements, agree to take such further reasonable action, provide such information, on a confidential basis, and enter into such other agreements as may reasonably be required to satisfy the Retention Requirements as of (i) the Issue Date and (ii) solely as regards the provision of information in the possession of the Retention Holder relating to its holding of the Retention Notes, at the cost and expense of the party seeking such information and to the extent such information is not subject to a duty of confidentiality, at any time prior to maturity of the Notes;
- (d) agree to confirm its continued compliance with the covenants set out at paragraphs (a) and (b) above in writing (which may be by email) to the Issuer, Credit Suisse, the Trustee and the Collateral Administrator on the last Business Day of each month commencing in November 2014 (for, in the case of such disclosure to the Collateral Administrator, the purposes of inclusion of such confirmation in each Monthly Report);
- (e) agree that it shall promptly notify the Issuer, the Trustee, the Collateral Administrator and Credit Suisse if (i) for any reason it (A) ceases to hold the Retention Notes in accordance with (a) above, or (B) fails to comply with (or in the case of any Affiliate, fails to procure the compliance of such Affiliate with) the covenants set out in (a) or (b) above in any material way and (ii) any of the representations contained in the Retention Undertaking Letter fail to be true on any date; and

THE PORTFOLIO

The following description of the Portfolio consists of a summary of certain provisions of the Collateral Management and Administration Agreement which does not purport to be complete and is qualified by reference to the detailed provisions of such agreement. Capitalised terms used in this section and not otherwise defined herein or in this Offering Circular shall have the meaning given to them in Condition 1 (Definitions) of the Terms and Conditions.

1. Introduction

Pursuant to the Collateral Management and Administration Agreement, the Collateral Manager is required to act in specific circumstances in relation to the Portfolio on behalf of the Issuer and to carry out the duties and functions described below. In addition, the Collateral Administrator is required to perform certain calculations in relation to the Portfolio on behalf of the Issuer to the extent and in accordance with the information provided to it by the Collateral Manager.

2. Acquisition of Collateral Obligations

The Collateral Manager will determine and will use reasonable endeavours to cause to be acquired by the Issuer a portfolio of Secured Senior Loans, Unsecured Senior Loans, Second Lien Loans and Mezzanine Loans during the Initial Investment Period, the Reinvestment Period and thereafter (including, but not limited to, Collateral Obligations purchased pursuant to the Warehouse Arrangements). The Issuer anticipates that, by the Issue Date, it will have purchased or committed to purchase Collateral Obligations, the Aggregate Principal Balance of which is equal to at least €245,000,000 which is approximately 70 per cent. of the Target Par Amount (provided that any repayments or prepayments of any Collateral Obligation subsequent to the date of acquisition thereof and not subsequently reinvested shall be disregarded). The proceeds of the issuance of the Notes remaining after repayment to the relevant lenders under the Warehouse Arrangements of the funding provided by them to finance the purchase of Collateral Obligations prior to the Issue Date shall be deposited into the Expense Reserve Account, the First Period Reserve Account and the Unused Proceeds Account to be utilised to fund the acquisition of Collateral Obligations complying with the Eligibility Criteria purchased by the Issuer during the Initial Investment Period (as defined in the Conditions). The Collateral Manager acting on behalf of the Issuer shall use commercially reasonable endeavours to purchase Collateral Obligations with an Aggregate Principal Balance (together with Collateral Obligations previously acquired) equal to at least the Target Par Amount out of the Balance standing to the credit of the Unused Proceeds Account during the Initial Investment Period.

The Issuer does not expect and is not required to satisfy the Collateral Quality Tests, Portfolio Profile Tests, the Coverage Tests or the Reinvestment Par Value Test prior to the Effective Date. The Collateral Manager may declare that the Initial Investment Period has ended and the Effective Date has occurred prior to the Payment Date in 15 May 2015, subject to the Effective Date Determination Requirements being satisfied.

On or after the Effective Date, the Balance standing to the credit of the Unused Proceeds Account will be transferred to the Principal Account and/or the Interest Account, in each case, at the discretion of the Collateral Manager (acting on behalf of the Issuer), provided that as at such date: (i) the Issuer has acquired or entered into binding commitments to acquire Collateral Obligations, the Aggregate Principal Balance of which equals or exceeds the Target Par Amount; and (ii) no more than 1 per cent. of the Target Par Amount as of the Issue Date may be transferred to the Interest Account.

Within 10 Business Days following the Effective Date, the Collateral Administrator shall issue a report (the "**Effective Date Report**") containing the information required in a Monthly Report, confirming whether the Issuer has acquired or entered into a binding commitment to acquire Collateral Obligations having an Aggregate Principal Balance which equals or exceeds the Target Par Amount, copies of which shall be forwarded to the Issuer, the Trustee, the Collateral Manager, the Hedge Counterparties and the Rating Agencies (provided that, for the purposes of determining the Aggregate Principal Balance as provided above, the Principal Balance of a Collateral Obligation which is a Defaulted Obligation will be the lower of its Moody's Collateral Value and its Fitch Collateral Value and any repayments or prepayments of any Collateral Obligation subsequent to the date of acquisition thereof and not subsequently reinvested shall be disregarded) and within 15 Business Days following the Effective Date the Issuer will provide, or cause the Collateral Manager to provide to the Trustee and the Collateral Administrator, an accountant certificate recalculating and comparing the Aggregate Principal Balance of all Collateral Obligations purchased or committed to be purchased as at such date and the

computations and results of the Portfolio Profile Tests, the Collateral Quality Tests and the Coverage Tests by reference to such Collateral Obligations.

The Collateral Manager (acting on behalf of the Issuer) shall promptly, following receipt of the Effective Date Report, request that each of the Rating Agencies (to the extent not previously received) confirm its Initial Ratings of the Rated Notes, provided that if the Effective Date Moody's Condition is satisfied then such rating confirmation shall be deemed to have been received from Moody's. If the Effective Date Moody's Condition is not satisfied within 20 Business Days following the Effective Date the Collateral Manager shall promptly notify Moody's. If (i) the Effective Date Determination Requirements are not satisfied and Rating Agency Confirmation has not been received in respect of such failure or (ii) the Collateral Manager (acting on behalf of the Issuer) does not present a Rating Confirmation Plan to the Rating Agencies or Rating Agency Confirmation is not received in respect of such Rating Confirmation Plan, an Effective Date Rating Event shall have occurred, provided that any downgrade or withdrawal of the Initial Ratings of the Rated Notes which is not directly related to a request for confirmation thereof or which occurs after confirmation thereof by the Rating Agencies shall not constitute an Effective Date Rating Event. If an Effective Date Rating Event has occurred and is continuing on the Business Day prior to the next Payment Date following the Effective Date, the Rated Notes shall be redeemed, pursuant to Condition 7(e) (*Redemption upon Effective Date Rating Event*) on such Payment Date and thereafter on each Payment Date (to the extent required) out of Interest Proceeds and thereafter out of Principal Proceeds subject to the Priorities of Payments, until the earlier of (x) the date on which the Effective Date Rating Event is no longer continuing and (y) the date on which the Rated Notes have been redeemed in full. The Collateral Manager shall notify the Rating Agencies upon the discontinuance of an Effective Date Rating Event.

During such time as an Effective Date Rating Event shall have occurred and be continuing, the Collateral Manager (acting on behalf of the Issuer) may prepare and present to the Rating Agencies a Rating Confirmation Plan setting forth the timing and manner of acquisition of additional Collateral Obligations and/or any other intended action which is intended to cause confirmation or reinstatement of the Initial Ratings. The Collateral Manager (acting on behalf of the Issuer) is under no obligation whatsoever to present a Rating Confirmation Plan to the Rating Agencies.

The Collateral Manager has internal policies and procedures in relation to the granting of credit (in respect of the Collateral Obligations), which include criteria for the granting of credit and the process for approving, amending and re-financing credits (as to which, in relation to the Collateral Obligations, see also the information set out in this section of the Prospectus, which describes the criteria that the selection of Collateral Obligations are subject to, being, in particular, in the Eligibility Criteria, the Portfolio Profile Tests, the Collateral Quality Tests and the Reinvestment Criteria). However, the Collateral Manager on behalf of the Issuer will not be required to effect the sale or other disposition of any Secured Senior Loan or Second Lien Loan.

Sale of Issue Date Collateral Obligations

The Collateral Manager, acting on behalf of the Issuer, shall sell any Non-Eligible Issue Date Collateral Obligation. Terms and Conditions applicable to the Sale of Exchanged Equity Securities

Any Exchanged Equity Security may be sold at any time by the Collateral Manager in its discretion (acting on behalf of the Issuer), subject to, within the Collateral Manager's knowledge (without the need for inquiry or investigation), no Note Event of Default having occurred which is continuing.

In addition to any discretionary sale of Exchanged Equity Securities as provided above, the Collateral Manager shall be required by the Issuer to use commercially reasonable endeavours to sell (on behalf of the Issuer) any Exchanged Equity Security which constitutes Margin Stock, as soon as practicable upon its receipt or upon its becoming Margin Stock (as applicable), unless such sale is prohibited by applicable law, in which case such Equity Security shall be sold as soon as such sale is permitted by applicable law.

Discretionary Sales

The Issuer or the Collateral Manager (acting on behalf of the Issuer) may dispose of any Collateral Obligation (other than a Credit Improved Obligation, a Credit Risk Obligation, a Defaulted Obligation or an Exchanged Equity Security, each of which may only be sold in the circumstances provided above) at any time provided:

- (a) no Note Event of Default having occurred which is continuing (in the case of the Collateral Manager, to its knowledge, without the need for inquiry or investigation);
- (b) after giving effect to such sale, the Aggregate Principal Balance outstanding of all Collateral Obligations sold as described in this paragraph during the preceding 12 calendar months (or, for the first 12 calendar months after the Issue Date, during the period commencing on the Issue Date) is not greater than 30 per cent. of the Collateral Principal Amount as of the first day of such 12 calendar month period (or as of the Issue Date, as the case may be); and
- (c) either:
 - (i) during the Reinvestment Period, the Collateral Manager reasonably believes prior to such sale that it will be able to enter one or more binding commitments to reinvest all or a portion of the proceeds of such sale in one or more additional Collateral Obligations within 60 days after the settlement of such sale in accordance with the Reinvestment Criteria; or
 - (ii) at any time, either: (1) the Sale Proceeds of such Collateral Obligation are at least equal to the Investment Criteria Adjusted Balance of such Collateral Obligation; or (2) after giving effect to such sale, the Aggregate Principal Balance of all the Collateral Obligations (excluding the Collateral Obligation being sold but including, without duplication, the expected Sale Proceeds of such sale) plus, without duplication, the amounts on deposit in the Principal Account and the Unused Proceeds Account (including Eligible Investments therein) will be greater than (or equal to) the Reinvestment Target Par Balance.

For the purposes of determining the percentage of Collateral Obligations sold during any such period, the amount of any Collateral Obligations sold will be reduced to the extent of any purchases of Collateral Obligations of the same Obligor (which are pari passu or senior to such sold Collateral Obligations) occurring within 45 Business Days of such sale (determined based upon the date of any relevant trade confirmation or commitment letter) so long as any such Collateral Obligation was sold with the intention of purchasing a Collateral Obligation of the same Obligor (which would be pari passu or senior to such sold Collateral Obligation).

"Investment Criteria Adjusted Balance" means, with respect to a Collateral Obligation, the Principal Balance of such Collateral Obligation, provided that the Investment Criteria Adjusted Balance of:

- (a) a Deferring Obligation shall be the lesser of:
 - (i) its Fitch Collateral Value; and
 - (ii) its Moody's Collateral Value;
- (b) a Discount Obligation shall be the product of such obligation's:

- (i) purchase price (expressed as a percentage of par); and
- (ii) Principal Balance; and
- (c) a Collateral Obligation which has been included in the calculation of the CCC/Caa Excess shall be the product of its Market Value and its Principal Balance,

provided that if a Collateral Obligation satisfies two or more of (a) through (c) above, the Investment Criteria Adjusted Balance of such Collateral Obligation shall be calculated using the category which results in the lowest value.

Restricted Trading Period

The Issuer or the Collateral Manager (acting on its behalf) shall promptly notify Fitch and Moody's upon the occurrence of a Restricted Trading Period.

Sale of Collateral Prior to Maturity Date

In the event of: (i) any redemption of the Rated Notes in whole prior to the Maturity Date; (ii) receipt of notification from the Trustee of enforcement of the security over the Collateral; or (iii) the purchase of Notes of any Class by the Issuer, the Collateral Manager (acting on behalf of the Issuer) will (if requested by the Trustee following the enforcement of such security), as far as reasonably practicable, arrange for liquidation of the Collateral in order to procure that the proceeds thereof are in immediately available funds by the Business Day prior to the applicable Redemption Date or date of sale of all or part of the Portfolio, as applicable, in accordance with Condition 7 (*Redemption and Purchase*) and clause 6 (*Realisation of Collateral*) of the Collateral Management and Administration Agreement but without regard to the limitations set out in clause 5 (*Sale and Reinvestment of Portfolio Assets*) and Schedule 5 (*Reinvestment Criteria*) of the Collateral Management and Administration Agreement (which will include any limitations or restrictions set out in the Conditions and the Trust Deed).

Sale of Assets which do not Constitute Collateral Obligations

In the event that an asset did not satisfy the Eligibility Criteria on the date it was required to do so in accordance with the Collateral Management and Administration Agreement, the Collateral Manager shall use commercially reasonable endeavours to sell such asset. Such proceeds shall constitute Sale Proceeds and may be reinvested in accordance with and subject to the Reinvestment Criteria.

Unsaleable Assets

After the Reinvestment Period, at the direction and discretion of the Collateral Manager and at the expense of the Issuer, the Collateral Manager may conduct an auction of Unsaleable Assets in accordance with the following procedures.

The Collateral Manager shall notify the Issuer, the Collateral Administrator and the Principal Paying Agent of its intention to conduct such auction, and promptly after receipt of such direction, the Trustee will provide notice (in such form as is prepared by the Collateral Manager) to the Noteholders (and, for so long as any Notes rated by a Rating Agency are Outstanding, such Rating Agency) of such auction, setting forth in reasonable detail a description of each Unsaleable Asset and the following auction procedures:

- (a) any Noteholder may submit a written bid to purchase one or more Unsaleable Assets no later than the date specified in the auction notice (which will be at least 15 Business Days after the date of such notice);
- (b) each bid must include an offer to purchase for a specified amount of cash on a proposed settlement date no later than 20 Business Days after the date of the auction notice;
- (c) if no Noteholder submits such a bid, unless delivery in kind is not legally or commercially practicable, the Issuer will provide notice thereof to each Noteholder and offer to deliver (at no cost) a *pro rata* portion of each unsold Unsaleable Asset to the Noteholders of the most senior Class Outstanding that provide delivery instructions to the Issuer on or before the date specified in such notice, subject to

minimum denominations. To the extent that minimum denominations do not permit a *pro rata* distribution, the Collateral Manager will identify and the Issuer will distribute the Unsaleable Assets on a *pro rata* basis to the extent possible and the Collateral Manager will select by lottery the Noteholder to whom the remaining amount will be delivered. The Issuer will use commercially reasonable efforts to effect delivery of such interests. For the avoidance of doubt, any such delivery to the Noteholders will not operate to reduce the Principal Amount Outstanding of the related Class of Notes held by such Noteholders; and

- (d) if no such Noteholder provides delivery instructions to the Issuer, the Issuer will promptly notify the Collateral Manager and offer to deliver (at no cost) the Unsaleable Asset to the Collateral Manager. If the Collateral Manager declines such offer, the Issuer will take such action as directed by the Collateral Manager (on behalf of the Issuer) to dispose of the Unsaleable Asset, which may be by donation to a charity, abandonment or other means.

Reinvestment of Collateral Obligations

"Reinvestment Criteria" means, during the Reinvestment Period, the criteria set out under *"During the Reinvestment Period"* below and following the expiry of the Reinvestment Period, the criteria set out below under *"Following the Expiry of the Reinvestment Period"*. The Reinvestment Criteria (except satisfaction of the Eligibility Criteria) shall not apply prior to the Effective Date or in the case of a Collateral Obligation which has been restructured where such restructuring has become binding on the holders thereof.

During the Reinvestment Period

During the Reinvestment Period, the Collateral Manager (acting on behalf of the Issuer) may, at its discretion, reinvest any Principal Proceeds in the purchase of Substitute Collateral Obligations satisfying the Eligibility Criteria provided that immediately after entering into a binding commitment to acquire such Collateral Obligation and taking into account existing commitments, the criteria set out below (which criteria, other than the Eligibility Criteria, shall apply only after the Effective Date) must be satisfied:

- (a) to the Collateral Manager's knowledge (without the need for inquiry or investigation), no Note Event of Default has occurred that is continuing at the time of such purchase;
- (b) such obligation is a Collateral Obligation;
- (c) on and after the Effective Date (or in the case of the Interest Coverage Tests, the Determination Date immediately preceding the second Payment Date) the Coverage Tests are satisfied or if (other than with respect to the reinvestment of any proceeds received upon the sale of, or as a recovery on, any Defaulted Obligation, such proceeds may only be reinvested if the Coverage Tests will be satisfied immediately following such reinvestment) as calculated immediately prior to any purchase of a Substitute Collateral Obligation any Coverage Test was not satisfied, the coverage ratio relating to such test will be maintained or improved after giving effect to such reinvestment;
- (d) in the case of a Substitute Collateral Obligation purchased with Sale Proceeds of a Credit Risk Obligation or a Defaulted Obligation either:
 - (i) the Aggregate Principal Balance of all Substitute Collateral Obligations purchased with such Sale Proceeds shall at least equal such Sale Proceeds;
 - (ii) the Aggregate Principal Balance of the Collateral Obligations will be maintained or increased when compared to the Aggregate Principal Balance of the Collateral Obligations (calculated for this purpose on the basis that the Principal Balance of each Defaulted Obligation is its Market Value) immediately prior to such sale;
 - (iii) the sum of: (A) the Aggregate Principal Balance of all Collateral Obligations (excluding each Collateral Obligation being sold but including, without duplication, each Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligation); and (B) amounts standing to the credit of the Principal Account and Unused Proceeds Account (including any Eligible Investments

(save for interest accrued on Eligible Investments) acquired with cash standing to the credit of such Accounts) is equal to or greater than the Reinvestment Target Par Balance; or

- (iv) the Adjusted Collateral Principal Amount is maintained or increased;
- (e) in the case of a Substitute Collateral Obligation purchased with Sale Proceeds of a Credit Improved Obligation either:
 - (i) the Aggregate Principal Balance of all Collateral Obligations shall be maintained or improved after giving effect to such reinvestment when compared with the Aggregate Principal Balance (calculated for this purpose on the basis that the Principal Balance of each Defaulted Obligation is its Market Value) immediately prior to the sale that generates such Sale Proceeds;
 - (ii) the sum of: (A) the Aggregate Principal Balance of all Collateral Obligations (excluding each Collateral Obligation being sold but including, without duplication, each Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligation); and (B) amounts standing to the credit of the Principal Account and Unused Proceeds Account (including any Eligible Investments (save for interest accrued on Eligible Investments)) is equal to or greater than the Reinvestment Target Par Balance; or
 - (iii) the Adjusted Collateral Principal Amount is maintained or increased;
- (f) either: (A) each of the Portfolio Profile Tests and the Collateral Quality Tests will be satisfied; or (B) as calculated immediately prior to any purchase of a Substitute Collateral Obligation, if any of the Portfolio Profile Tests or Collateral Quality Tests are not satisfied such tests will be maintained or improved after giving effect to such reinvestment; and
- (g) with respect to the reinvestment of Sale Proceeds (other than Sale Proceeds from Credit Improved Obligations, Credit Risk Obligations, Defaulted Obligations and Exchanged Equity Securities) either:
 - (i) the Aggregate Principal Balance of all Collateral Obligations shall be maintained or improved after giving effect to such reinvestment when compared with the Aggregate Principal Balance (calculated for this purpose on the basis that the Principal Balance of each Defaulted Obligation is its Market Value) immediately prior to the sale that generates such Sale Proceeds;
 - (ii) the sum of: (A) the Aggregate Principal Balance of all Collateral Obligations (excluding each Collateral Obligation being sold but including, without duplication, each Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligations); and (B) amounts standing to the credit of the Principal Account and Unused Proceeds Account (including any Eligible Investments (save for interest accrued on Eligible Investments) acquired with cash standing to the credit of such Accounts) is equal to or greater than the Reinvestment Target Par Balance; or
 - (iii) the Adjusted Collateral Principal Amount is maintained or increased,

provided that, for the avoidance of doubt, with respect to any Collateral Obligations for which the trade date has occurred during the Reinvestment Period but which settle after such date, the purchase of such Collateral Obligations shall be treated as a purchase made during the Reinvestment Period for purposes of the Trust Deed.

Following the Expiry of the Reinvestment Period

Following the expiry of the Reinvestment Period, Sale Proceeds from the sale of Credit Improved Obligations and Credit Risk Obligations and from Unscheduled Principal Proceeds only, may be reinvested by the Collateral Manager (acting on behalf of the Issuer) in one or more Substitute Collateral Obligations satisfying the Eligibility Criteria, in each case provided that:

- (a) the Aggregate Principal Balance of Substitute Collateral Obligations equals or exceeds (i) the Aggregate Principal Balance of the related Collateral Obligations that produced such Unscheduled Principal Proceeds, (ii) the amount of Sale Proceeds of such Credit Improved Obligations or (iii) the amount of Sale Proceeds of such Credit Risk Obligations, as the case may be;
- (b) each of the Moody's Maximum Weighted Average Rating Factor Test, the Fitch Weighted Average Rating Factor Test and Weighted Average Life Test is satisfied immediately after giving effect to such reinvestment;
- (c) the Weighted Average Life Test was satisfied on the last Determination Date before the expiry of the Reinvestment Period;
- (d) a Restricted Trading Period is not currently in effect;
- (e) either: (I) each of the Portfolio Profile Tests and the Collateral Quality Tests (except the Moody's Maximum Weighted Average Rating Factor Test, the Moody's Minimum Diversity Test, the Fitch Weighted Average Rating Factor Test, the Weighted Average Life Test and paragraphs (h) and (i) of the Portfolio Profile Tests) are satisfied after giving effect to such reinvestment; or (II) if any such test was not satisfied immediately prior to such reinvestment, such test will be maintained or improved after giving effect to such reinvestment;
- (f) each of the Coverage Tests are satisfied after giving effect to such reinvestment;
- (g) to the Collateral Manager's knowledge (without the need for inquiry or investigation), no Note Event of Default has occurred that is continuing at the time of such purchase;
- (h) the Collateral Obligation Stated Maturity of each Substitute Collateral Obligation is the same as or earlier than the Collateral Obligation Stated Maturity of the Collateral Obligation that produced such Unscheduled Principal Proceeds or Sale Proceeds;
- (i) immediately after such reinvestment, the cumulative Sale Proceeds from the sale of Credit Improved Obligations reinvested in Substitute Collateral Obligations following the expiry of the Reinvestment Period shall not exceed 7.5 per cent. of the Target Par Amount;
- (j) immediately after giving effect to the reinvestment, not more than 7.5 per cent. of the Collateral Principal Amount consist of obligations which are Fitch CCC Obligations; and
- (k) immediately after giving effect to the reinvestment, not more than 7.5 per cent. of the Collateral Principal Amount consist of obligations which are Moody's Caa Obligations.

Following the expiry of the Reinvestment Period, any Unscheduled Principal Proceeds and any Sale Proceeds from the sale of Credit Improved Obligations and Credit Risk Obligations that have not been reinvested as provided above prior to the end of the Due Period in which such proceeds were received shall be paid into the Principal Account and disbursed in accordance with the Principal Priority of Payments on the following Payment Date (subject as provided at the end of this paragraph), save that the Collateral Manager (acting on behalf of the Issuer) may in its discretion procure that Unscheduled Principal Proceeds and Sale Proceeds from the sale of any Credit Improved Obligations and Credit Risk Obligations are paid into the Principal Account and designated for reinvestment in Substitute Collateral Obligations, in which case such Principal Proceeds shall not be so disbursed in accordance with the Principal Priority of Payments for so long as they remain so designated for reinvestment but for no longer than the later of (a) 30 days following their receipt by the Issuer and (ii) the end of the following Due Period; provided that, in each case where any of the applicable Reinvestment Criteria are not satisfied as of the Payment Date next following receipt of such Sale Proceeds or Unscheduled Principal Proceeds, all such funds shall be paid into the Principal Account and disbursed in accordance with the Principal Priority of Payments set out in Condition 3(c)(ii) (*Application of Principal Proceeds*) and such funds shall be applied only in redemption of the Notes in accordance with the Priorities of Payments.

Amendments to Collateral Obligations

The Issuer (or the Collateral Manager on the Issuer's behalf) may not vote in favour of a Maturity Amendment unless, as determined by the Collateral Manager, the Weighted Average Life Test will be satisfied after giving

effect to such Maturity Amendment and, the Collateral Obligation Stated Maturity of the Collateral Obligation that is the subject of such Maturity Amendment is not later than the Maturity Date after giving effect to such Maturity Amendment, *provided that* if the Issuer or the Collateral Manager has not voted in favour of a Maturity Amendment which would contravene the requirements of this paragraph but by way of scheme of arrangement or otherwise, the Collateral Obligation Stated Maturity has been extended, the Issuer or the Collateral Manager acting on its behalf may but shall not be required to sell such Collateral Obligation provided that in any event the Collateral Manager shall dispose of such Collateral Obligation prior to the Maturity Date. Such proceeds shall constitute Sale Proceeds and may be reinvested in accordance with and subject to the Reinvestment Criteria.

Expiry of the Reinvestment Criteria Certification

Immediately preceding the end of the Reinvestment Period, the Collateral Manager will deliver to the Trustee and the Collateral Administrator a schedule of Collateral Obligations purchased by the Issuer with respect to which purchases the trade date has occurred but the settlement date has not yet occurred and will certify to the Trustee that sufficient Principal Proceeds are available (including for this purpose, cash on deposit in the Principal Account, any scheduled distributions of Principal Proceeds, as well as any Principal Proceeds that will be received by the Issuer from the sale of Collateral Obligations for which the trade date has already occurred but the settlement date has not yet occurred) to effect the settlement of such Collateral Obligations.

Reinvestment Par Value Test

If, on any Determination Date on and after the Effective Date and during the Reinvestment Period, after giving effect to the payment of all amounts payable in respect of paragraphs (A) through (V) (inclusive) of the Interest Priority of Payments, the Reinvestment Par Value Test has not been satisfied, then on the related Payment Date, at the discretion of the Collateral Manager, either (i) Interest Proceeds shall be paid to the Principal Account to be applied for the purpose of the acquisition of additional Collateral Obligations or (ii) in redemption of the Rated Notes in accordance with the Note Payment Sequence, in either case in an amount equal to the lesser of (i) 50 per cent. of all remaining Interest Proceeds available for payment and (ii) the amount which, after giving effect to such payment, would be sufficient to cause the Reinvestment Par Value Test to be satisfied.

Designation for Reinvestment

After the expiry of the Reinvestment Period, the Collateral Manager shall, one Business Day prior to each Determination Date, notify the Issuer and the Collateral Administrator in writing of all Principal Proceeds which the Collateral Manager determines in its discretion (acting on behalf of the Issuer, and subject to the terms of Collateral Management and Administration Agreement as described above) shall remain designated for reinvestment in accordance with the Reinvestment Criteria, on or after the following Payment Date in which event such Principal Proceeds shall not constitute Principal Proceeds which are to be paid into the Payment Account and disbursed on such Payment Date in accordance with the Priorities of Payments.

The Collateral Manager (acting on behalf of the Issuer) may direct that the proceeds of sale of any Collateral Obligation which represents accrued interest be designated as Interest Proceeds and paid into the Interest Account save for: (i) Purchased Accrued Interest; (ii) Ramp Accrued Interest or (iii) any interest received in respect of a Defaulted Obligation other than Defaulted Obligation Excess Amounts.

Accrued Interest

Amounts included in the purchase price of any Collateral Obligation comprising accrued interest thereon may be paid from the Interest Account, the Principal Account or the Unused Proceeds Account at the discretion of the Collateral Manager (acting on behalf of the Issuer) but subject to the terms of the Collateral Management and Administration Agreement and Condition 3(k) (*Payments to and from the Accounts*). Notwithstanding the foregoing, in any Due Period, payments of interest and proceeds of sale received during such Due Period in relation to any Collateral Obligation, in each case, to the extent that such amounts represent accrued and/or capitalised interest in respect of such Collateral Obligation (including, in respect of a Mezzanine Loan, any accrued interest which, as at the time of purchase, had been capitalised and added to the principal amount of such Mezzanine Loan in accordance with its terms), which was purchased at the time of acquisition thereof with Principal Proceeds (other than amounts comprising Ramp Accrued Interest) shall constitute Purchased Accrued Interest and shall be deposited into the Principal Account as Principal Proceeds. Amounts comprising Ramp Accrued Interest shall be deposited into the Unused Proceeds Account.

Block Trades

The requirements described herein with respect to the Portfolio shall be deemed to be satisfied upon any sale and/or purchase of Collateral Obligations on any day in the event that such Collateral Obligations satisfy such requirements in aggregate rather than on an individual basis.

For the purpose of calculating compliance with the Reinvestment Criteria at the election of the Collateral Manager acting in its sole discretion, any proposed investment (whether a single Collateral Obligation or a group of Collateral Obligations) identified by the Collateral Manager as such at the time (the "**Initial Trading Plan Calculation Date**") when compliance with the Reinvestment Criteria is required to be calculated (a "**Trading Plan**") may be evaluated after giving effect to all sales and reinvestments proposed to be entered into within the 10 Business Days following the date of determination of such compliance (such period, the "**Trading Plan Period**"); provided that: (i) no Trading Plan may result in the purchase of Collateral Obligations having an Aggregate Principal Balance that exceeds 5 per cent. of the Collateral Principal Amount as of the first day of the Trading Plan Period; (ii) no Trading Plan Period may include a Payment Date; and (iii) no more than one Trading Plan may be in effect at any time during a Trading Plan Period, *provided* that no Trading Plan may result in the averaging of the purchase price of a Collateral Obligation or Collateral Obligations purchased at separate times for purposes of determining whether any particular Collateral Obligation is a Discount Obligation.

Eligible Investments

The Issuer or the Collateral Manager (acting on behalf of the Issuer) may from time to time purchase Eligible Investments out of the Balances standing to the credit of the Accounts (other than the Counterparty Downgrade Collateral Accounts, the Collection Account, Unfunded Revolver Reserve Account and the Payment Account). For the avoidance of doubt, Eligible Investments may be sold by the Issuer or the Collateral Manager (acting on behalf of the Issuer) at any time.

Collateral Enhancement Obligations

The Issuer may receive from time to time Collateral Enhancement Obligations in connection with a restructuring of a Collateral Obligation.

All funds required in respect of the exercise price of any rights or options under a Collateral Enhancement Obligation, may be paid out of the balance standing to the credit of the Supplemental Reserve Account at the relevant time or by means of a Collateral Manager Advance. Pursuant to Condition 3(k)(vi) (*Supplemental Reserve Account*), such Balance shall be comprised of all sums deposited therein from time to time which will comprise amounts which the Collateral Manager acting on behalf of the Issuer determines shall be paid into the Supplemental Reserve Account pursuant to the Priorities of Payments rather than being paid to the Subordinated Noteholders and such Collateral Manager Advances as the Collateral Manager makes in its discretion.

The Collateral Manager may also, at its discretion, fund the exercise of one or more Collateral Enhancement Obligations by making a Collateral Manager Advance to the Issuer during the Reinvestment Period, provided that the aggregate of all Collateral Manager Advances may not exceed €7,500,000.

Collateral Enhancement Obligations may be sold at any time and all Collateral Enhancement Obligation Proceeds received by the Issuer shall be deposited into the Supplemental Reserve Account.

Collateral Enhancement Obligations and any income or return generated thereby are not taken into account for the purposes of determining satisfaction of, or requirement to satisfy, any of the Coverage Tests, Portfolio Profile Tests, Collateral Quality Tests or the Reinvestment Par Value Test.

Exercise of Warrants and Options

The Collateral Manager acting on behalf of the Issuer may at any time exercise a warrant or option attached to a Collateral Obligation or comprised in a Collateral Enhancement Obligation and shall on behalf of the Issuer instruct the Account Bank to make any necessary payment pursuant to a duly completed form of instruction.

Margin Stock

The Collateral Management and Administration Agreement requires that the Collateral Manager, on behalf of the Issuer, shall use reasonable endeavours to sell any Collateral Obligation, Exchanged Equity Security or Collateral Enhancement Obligation which is or at any time becomes Margin Stock as soon as practicable following such event.

Revolving Obligations and Delayed Drawdown Collateral Obligations

The Collateral Manager acting on behalf of the Issuer may acquire Collateral Obligations which are Revolving Obligations or Delayed Drawdown Collateral Obligations from time to time.

Such Revolving Obligations and Delayed Drawdown Collateral Obligations may only be acquired if they are capable of being drawn in a single currency only (being Euros) and are not payable in or convertible into another currency.

Each Revolving Obligation and Delayed Drawdown Collateral Obligation will, pursuant to its terms, require the Issuer to make one or more future advances or other extensions of credit (including extensions of credit made on an unfunded basis pursuant to which the Issuer may be required to reimburse the provider of a guarantee or other ancillary facilities made available to the Obligor thereof in the event of any default by the Obligor thereof in respect of its reimbursement obligations in connection therewith). Such Revolving Obligations and Delayed Drawdown Collateral Obligations may or may not provide that they may be repaid and reborrowed from time to time by the Obligor thereunder. Upon acquisition of any Revolving Obligations and Delayed Drawdown Collateral Obligations, the Issuer shall deposit into the Unfunded Revolver Reserve Account amounts equal to the combined aggregate principal amounts of the Unfunded Amounts under each of the Revolving Obligations and Delayed Drawdown Collateral Obligations. To the extent required, the Issuer, or the Collateral Manager acting on its behalf, may direct that amounts standing to the credit of the Unfunded Revolver Reserve Account be deposited with a third party from time to time as collateral for any reimbursement or indemnification obligations owed by the Issuer to any other lender in connection with a Revolving Obligation or a Delayed Drawdown Collateral Obligation, as applicable and upon receipt of an Issuer Order (as defined in the Collateral Management and Administration Agreement) the Trustee shall be deemed to have released such amounts from the security granted thereover pursuant to the Trust Deed.

Participations

The Collateral Manager acting on behalf of the Issuer may from time to time acquire Collateral Obligations from Selling Institutions by way of Participation provided that at the time such Participation is taken:

- (a) the percentage of the Collateral Principal Amount that represents Participations entered into by the Issuer with a single Selling Institution will not exceed the individual and aggregate percentages set forth in the Bivariate Risk Table determined by reference to the credit rating of such third party (or any guarantor thereof); and
- (b) the percentage of the Collateral Principal Amount that represents Participations entered into by the Issuer with Selling Institutions (or any guarantor thereof), each having the same credit rating (taking the lowest rating assigned thereto by any Rating Agency), will not exceed the aggregate third party credit exposure limit set forth in the Bivariate Risk Table for such credit rating,

and for the purpose of determining the foregoing, account shall be taken of each sub participation from which the Issuer, directly or indirectly derives its interest in the relevant Collateral Obligation.

Each Participation entered into pursuant to a sub-participation agreement shall be substantially in the form of:

- (a) the LSTA Model Participation Agreement for par/near par trades (as published by the Loan Syndications and Trading Association Inc. from time to time); or
- (b) the LMA Funded Participation (Par) (as published by the Loan Market Association from time to time); or

- (c) such other documentation provided such agreement contains limited recourse and non-petition language substantially the same as that set out in the Trust Deed.

Assignments

The Collateral Manager acting on behalf of the Issuer may from time to time acquire Collateral Obligations from Selling Institutions by way of Assignment provided that at the time such Assignment is acquired the Collateral Manager acting on behalf of the Issuer shall have complied, to the extent within their control, with any requirements relating to such Assignment set out in the relevant loan documentation for such Collateral Obligation (including, without limitation, with respect to the form of such Assignment and obtaining the consent of any person specified in the relevant loan documentation).

"**Assignment**" means an interest in a loan acquired directly by way of novation or assignment.

Bivariate Risk Table

The following is the bivariate risk table (the "**Bivariate Risk Table**") and as referred to in "*Portfolio Profile Tests*" below and "*Participations*" above. For the purposes of the limits specified in the Bivariate Risk Table, the individual third party credit exposure limit shall be determined by reference to the Aggregate Principal Balance of all Participations (excluding any Defaulted Obligations) entered into by the Issuer with the same counterparty (such amount in respect of such entity, the "**Third Party Exposure**") and the applicable percentage limits shall be determined by reference to the lower of the Fitch or Moody's Ratings applicable to such counterparty and the aggregate third party credit exposure limit shall be determined by reference to the aggregate of Third Party Exposure of all such counterparties which share the same rating level or have a lower rating level, as indicated in the Bivariate Risk Table.

6. Portfolio Profile Tests and Collateral Quality Tests

Measurement of Tests

The Portfolio Profile Tests and the Collateral Quality Tests will be used as criteria for purchasing Collateral Obligations. The Collateral Administrator will measure the Portfolio Profile Tests and the Collateral Quality Tests on each Measurement Date (save as otherwise provided herein).

Substitute Collateral Obligations in respect of which a binding commitment has been made to purchase such Substitute Collateral Obligations but such purchase has not been settled shall nonetheless be deemed to have been purchased for the purposes of the Portfolio Profile Tests, the Collateral Quality Tests, the Coverage Tests, the Reinvestment Par Value Test and all other tests and criteria applicable to the Portfolio. Collateral Obligations in respect of which a binding commitment has been made to sell such Collateral Obligations, but such sale has not been settled, shall be deemed to have been sold for the purposes of the Portfolio Profile Tests, the Collateral Quality Tests, the Coverage Tests, the Reinvestment Par Value Test and all other tests and criteria applicable to the Portfolio. See "*Reinvestment of Collateral Obligations*" above.

Notwithstanding the foregoing, the failure of the Portfolio to meet the requirements of the Portfolio Profile Tests at any time shall not prevent any obligation which would otherwise be a Collateral Obligation from being a Collateral Obligation.

Portfolio Profile Tests

The Portfolio Profile Tests will consist of each of the following:

- (a) not less than 90.0 per cent. of the Collateral Principal Amount shall consist of obligations which are Secured Senior Loans (which term, for the purposes of this paragraph (a), shall comprise the aggregate of the Aggregate Principal Balance of the Secured Senior Loans and the Balances standing to the credit of the Principal Account and the Unused Proceeds Account, including Eligible Investments acquired with such Balances (excluding accrued interest thereon, in each case as at the relevant Measurement Date);

Moody's Test Matrix

Subject to the provisions provided below, on or after the Effective Date, the Collateral Manager will have the option to elect which of the cases set forth in the matrix below (the "**Moody's Test Matrix**") shall be applicable for purposes of the Moody's Maximum Weighted Average Rating Factor Test, the Moody's Minimum Diversity Test and the Minimum Weighted Average Spread Test. For any given case:

- (1) the applicable column for performing the Moody's Minimum Diversity Test will be the column (or linear interpolation between two adjacent columns, as applicable) in which the elected case is set out;
- (2) the applicable row and column for performing the Moody's Maximum Weighted Average Rating Factor Test will be the row and column (or linear interpolation between two adjacent rows and/or two adjacent columns, as applicable) in which the elected case is set out; and
- (3) the applicable row for performing the Minimum Weighted Average Spread Test will be the row (or linear interpolation between two adjacent rows, as applicable) in which the elected test is set out.

On the Effective Date, the Collateral Manager will be required to elect which case shall apply initially. Thereafter, on two Business Days' notice to the Issuer, the Collateral Administrator and Moody's, the Collateral Manager may elect to have a different case apply, provided that the Moody's Minimum Diversity Test, the Moody's Maximum Weighted Average Rating Factor Test, the Moody's Minimum Weighted Average Recovery Rate Test and the Minimum Weighted Average Spread Test applicable to the case to which the Collateral Manager desires to change are satisfied (and, in relation to the Minimum Weighted Average Spread Test, taking into account the case that the Collateral Manager has elected to apply under the Fitch Test Matrix) or, in the case of any tests that are not satisfied, are closer to being satisfied. In no event will the Collateral Manager be obliged to elect to have a different case apply. The Moody's Test Matrix may be amended and/or supplemented and/or replaced by the Collateral Manager subject to Rating Agency Confirmation from Moody's.

Subject to the provisions provided below, on or after the Effective Date, the Collateral Manager will have the option to elect which of the cases set forth in the matrix below (the "**Fitch Test Matrix**") shall be applicable for purposes of the Fitch Maximum Weighted Average Rating Factor Test and the Fitch Minimum Weighted Average Recovery Rate Test and the Minimum Weighted Average Spread Test. For any given case:

- (1) the applicable column for performing the Fitch Maximum Weighted Average Rating Factor Test will be the column (or linear interpolation between two adjacent columns, as applicable) in the applicable Fitch Test Matrix selected by the Collateral Manager;
- (2) the applicable row for performing the Minimum Weighted Average Spread Test will be the row (or linear interpolation between two adjacent rows, as applicable) in the applicable Fitch Test Matrix selected by the Collateral Manager; and
- (3) the applicable row and column for performing the Fitch Minimum Weighted Average Recovery Rate Test will be the row and column (or linear interpolation between two adjacent rows and/or two adjacent columns, as applicable) in the applicable Fitch Test Matrix selected by the Collateral Manager in relation to (1) and (2) above.

On the Effective Date, the Collateral Manager will be required to elect which case shall apply initially. Thereafter, on two Business Days' notice to the Issuer, the Collateral Administrator and Fitch, the Collateral Manager may elect to have a different case apply, provided that the Fitch Maximum Weighted Average Rating Factor Test, the Fitch Minimum Weighted Average Recovery Rate Test and the Minimum Weighted Average Spread Test applicable to the case to which the Collateral Manager desires to change are satisfied or, in the case of any tests that are not satisfied, are closer to being satisfied. The Fitch Test Matrix may be amended and/or supplemented and/or replaced by the Collateral Manager subject to Rating Agency Confirmation from Fitch.

The Moody's Minimum Diversity Test

The "**Moody's Minimum Diversity Test**" will be satisfied as at any Measurement Date from (and including) the Effective Date, if the Diversity Score equals or exceeds the number set forth in the column entitled "Minimum Diversity Score" in the Moody's Test Matrix based upon the applicable "row/column" combination chosen by the Collateral Manager (or interpolating between two adjacent rows and/or two adjacent columns, as applicable).

The "**Diversity Score**" is a single number that indicates collateral concentration and correlation in terms of both issuer and industry concentration and correlation. It is similar to a score that Moody's uses to measure concentration and correlation for the purposes of its ratings. A higher Diversity Score reflects a more diverse portfolio in terms of the issuer and industry concentration. The Diversity Score for the Collateral Obligations is calculated by summing each of the Industry Diversity Scores which are calculated as follows and rounding the result up to the nearest whole number (provided that no Defaulted Obligations shall be included in the calculation of the Diversity Score or any component thereof):

- (a) an "**Average Principal Balance**" is calculated by summing the Obligor Principal Balances and dividing by the sum of the aggregate number of issuers and/or borrowers represented;
- (b) an "**Obligor Principal Balance**" is calculated for each Obligor represented in the Collateral Obligations by summing the Principal Balances of all Collateral Obligations (excluding Defaulted Obligations) issued by such Obligor, provided that if a Collateral Obligation has been sold or is the subject of an optional redemption or Offer, and the Sale Proceeds or Unscheduled Principal Proceeds from such event have not yet been reinvested in Substitute Collateral Obligations or distributed to the Holders or the other creditors of the Issuer in accordance with the Priorities of Payments, the Obligor Principal Balance shall be calculated as if such Collateral Obligation had not been sold or was not subject to such an optional redemption or Offer;
- (c) an "**Equivalent Unit Score**" is calculated for each Obligor by taking the lesser of (i) one and (ii) the Obligor Principal Balance for such Obligor divided by the Average Principal Balance;
- (d) an "**Aggregate Industry Equivalent Unit Score**" is then calculated for each of the 32 Moody's industrial classification groups by summing the Equivalent Unit Scores for each Obligor in the industry (or such other industrial classification groups and Equivalent Unit Scores as are published by Moody's from time to time); and
- (e) an "**Industry Diversity Score**" is then established by reference to the Diversity Score Table shown below (or such other Diversity Score Table as is published by Moody's from time to time) (the "**Diversity Score Table**") for the related Aggregate Industry Equivalent Unit Score. If the Aggregate Industry Equivalent Unit Score falls between any two such scores shown in the Diversity Score Table, then the Industry Diversity Score is the lower of the two Diversity Scores in the Diversity Score Table.

For purposes of calculating the Diversity Scores any Obligor's Affiliated with one another will be considered to be one Obligor.

The Moody's Maximum Weighted Average Rating Factor Test

The "**Moody's Maximum Weighted Average Rating Factor Test**" will be satisfied as at any Measurement Date from (and including) the Effective Date, if the Adjusted Weighted Average Moody's Rating Factor of the Collateral Obligations as at such Measurement Date is equal to or less than the sum of (i) the number set forth in the Moody's Test Matrix at the intersection of the applicable "row/column" combination chosen by the Collateral Manager (or interpolating between two adjacent rows and/or two adjacent columns, as applicable), (acting on behalf of the Issuer) as at such Measurement Date *plus* (ii) the Moody's Weighted Average Recovery Adjustment, provided, however, that the sum of (i) and (ii) may not exceed 3,950.

The "**Moody's Weighted Average Rating Factor**" is determined by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation, excluding Defaulted Obligations and Equity

Securities, by its Moody's Rating Factor, dividing such sum by the Aggregate Principal Balances of all such Collateral Obligations, excluding Defaulted Obligations and Equity Securities, and rounding the result down to the nearest whole number.

The "**Moody's Rating Factor**" relating to any Collateral Obligation is the number set forth in the table below opposite the Moody's Default Probability Rating of such Collateral Obligation.

Moody's Default Probability Rating	Moody's Rating Factor	Moody's Default Probability Rating	Moody's Rating Factor
Aaa	1	Ba1	940
Aa1	10	Ba2	1,350
Aa2	20	Ba3	1,766
Aa3	40	B1	2,220

Baa3	610	Ca or lower	10,000

The "**Moody's Weighted Average Recovery Adjustment**" means, as of any Measurement Date, the greater of:

- (a) zero; and
- (b) the product of:
 - (i) (A) the Weighted Average Moody's Recovery Rate as of such Measurement Date multiplied by 100 *minus* (B) 44.5; and
 - (ii) (A) with respect to the adjustment of the Moody's Maximum Weighted Average Rating Factor Test:
 - (I) 60 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 2.50 per cent. but less than 3.40 per cent.;
 - (II) 75 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 3.40 per cent.; and
 - (B) with respect to the adjustment of the Minimum Weighted Average Spread Test:
 - (I) 0.05 per cent. if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 2.50 per cent. but less than 3.40 per cent.;
 - (II) 0.10 per cent. if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 3.40 per cent. but less than 3.90 per cent.;
 - (III) 0.15 per cent. if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 3.90 per cent. but less than 4.80 per cent.;

- (IV) 0.20 per cent. if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) is equal or higher than 4.80 per cent.,

provided that if the Weighted Average Moody's Recovery Rate for purposes of determining the Moody's Weighted Average Recovery Adjustment is greater than 60 per cent., then such Weighted Average Moody's Recovery Rate shall equal 60 per cent. unless Rating Agency Confirmation is obtained;

provided further that the amount specified in clause (b)(i) above may only be allocated once on any Measurement Date and the Collateral Manager shall designate to the Collateral Administrator in writing on each such date the portion of such amount that shall be allocated to clause (b)(ii)(A) and the portion of such amount that shall be allocated to clause (b)(ii)(B) (it being understood that, absent an express designation by the Collateral Manager, all such amounts shall be allocated to clause (b)(ii)(A)).

"Adjusted Weighted Average Moody's Rating Factor" means, as of any Measurement Date, a number equal to the Moody's Weighted Average Rating Factor determined in the following manner: each applicable rating on credit watch by Moody's that is (a) on review for upgrade will be treated as having been upgraded by one rating subcategory, (b) on review for downgrade will be treated as having been downgraded by two rating subcategories and (c) negative outlook will be treated as having been downgraded by one rating subcategory and rounding the result down to the nearest whole number.

The Moody's Minimum Weighted Average Recovery Rate Test

The **"Moody's Minimum Weighted Average Recovery Rate Test"** will be satisfied, as at any Measurement Date from (and including) the Effective Date, if the Weighted Average Moody's Recovery Rate is greater than or equal to (i) 44.5 per cent. minus (ii) the Moody's Weighted Average Rating Factor Adjustment, provided however that the result of (i) minus (ii) may not be less than 38.5 per cent.

The **"Weighted Average Moody's Recovery Rate"** means, as of any Measurement Date, the number, expressed as a percentage, obtained by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation (excluding Defaulted Obligations) by its corresponding Moody's Recovery Rate and dividing such sum by the Aggregate Principal Balance (excluding Defaulted Obligations) and rounding the result up to the nearest 0.1 per cent.

The **"Moody's Recovery Rate"** is, except as otherwise advised by Moody's, with respect to any Collateral Obligation, as of any Measurement Date, the recovery rate determined in accordance with the following, in the following order of priority:

- (a) if the Collateral Obligation has been specifically assigned a recovery rate by Moody's (for example, in connection with the assignment by Moody's of an estimated rating), such recovery rate;
- (b) if the preceding clause does not apply to the Collateral Obligation, except with respect to Corporate Rescue Loan, the rate determined pursuant to the table below based on the number of rating subcategories difference between the Collateral Obligation's Moody's Rating and its Moody's Default Probability Rating (for purposes of clarification, if the Moody's Rating is higher than the Moody's Default Probability Rating, the rating subcategories difference will be positive and if it is lower, negative):

Number of Moody's Ratings Subcategories Difference Between the Moody's Rating and the Moody's Default Probability Rating	Moody's Secured Senior Loans	Second Lien Loans*;	All other Collateral Obligations
+2 or more.....	60%	55%	45%
+1	50%	45%	35%

- (c) if the Collateral Obligation is a Corporate Rescue Loan (other than a Corporate Rescue Loan which has been specifically assigned a recovery rate by Moody's), 50 per cent.

*If such Collateral Obligation is publicly rated by Moody's and does not have both a CFR and an Assigned Moody's Rating, such Collateral Obligation will be deemed to be an Unsecured Senior Loan for purposes of this table.

The "**Moody's Weighted Average Rating Factor Adjustment**" means an amount, expressed as a percentage, as of any Measurement Date equal to the greater of:

- (a) zero; and
- (b) the number obtained by dividing:
- (i) (A) the number set forth in the Moody's Test Matrix at the intersection of the applicable "row/column" combination chosen by the Collateral Manager (acting on behalf of the Issuer) (or interpolating between two adjacent rows and/or two adjacent columns (as applicable)), as at such Measurement Date minus (B) the Adjusted Weighted Average Moody's Rating Factor; by

- (ii) 75;

and dividing the result by 100.

The Fitch Maximum Weighted Average Rating Factor Test

"**Fitch Maximum Weighted Average Rating Factor Test**" will be satisfied, on any Measurement Date from (and including) the Effective Date, if the Fitch Weighted Average Rating Factor as at such date is less than or equal to the applicable level in the Fitch Test Matrix.

"**Fitch Weighted Average Rating Factor**" is the number determined by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation by its Fitch Rating Factor, dividing such sum by the Aggregate Principal Balance of all such Collateral Obligations and rounding the result down to the nearest two decimal places. 5	20
6	5

- (iii) if such Collateral Obligation is a Corporate Rescue Loan and has neither a public Fitch recovery rating, nor a recovery rating assigned to it by Fitch in the context of provision by Fitch of a credit opinion, the Issuer or the Collateral Manager on behalf of the Issuer shall apply to Fitch for a Fitch recovery rating, provided that the Fitch recovery rating in respect of such Corporate Rescue Loan shall be considered to be "RR3" pending provision by Fitch of such Fitch recovery rating, and the recovery rate applicable to such Corporate Rescue Loan shall be the recovery rate corresponding to such Fitch recovery rating in the table above;
- (iv) if such Collateral Obligation (A) has no public Fitch recovery rating, (B) neither a recovery rating nor an obligation's specific recovery rate is assigned by Fitch in the context of provision by Fitch of a credit opinion to the Collateral Manager and (C) has no public S&P recovery rating, the recovery rate will be determined in accordance with the table below, where the Collateral Obligation shall be categorised as "Strong Recovery" if it is a Secured Senior Loan, "Moderate Recovery" if it is an Unsecured Senior Loan and otherwise "Weak Recovery", and shall fall into the country group corresponding to the country in which the Obligor thereof is Domiciled:

The Minimum Weighted Average Spread Test

The "**Minimum Weighted Average Spread Test**" will be satisfied if, as at any Measurement Date from (and including) the Effective Date, the Weighted Average Spread (excluding any portion thereof which is included in the calculation of the Excess Weighted Average Spread as at such Measurement Date) *plus* the Excess Weighted Average Coupon (but only to the extent the Weighted Average Spread is less than the Minimum Weighted Average Spread as at such Measurement Date) equals or exceeds the Minimum Weighted Average Spread, in each case as at such Measurement Date.

The "**Minimum Weighted Average Spread**", as of any Measurement Date, means the greater of:

- (a) the weighted average spread (expressed as a percentage) applicable to the current Fitch Test Matrix selected by the Collateral Manager; and
- (b) the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows, as applicable) reduced by the Moody's Weighted Average Recovery Adjustment, provided such reduction may not reduce the Minimum Weighted Average Spread below 2.50 per cent.

The "**Weighted Average Spread**", as of any Measurement Date, is the number obtained by dividing:

- (a) the amount equal to (A) the Aggregate Funded Spread *plus* (B) the Aggregate Unfunded Spread *plus* (C) the Aggregate Excess Funded Spread; by
- (b) an amount equal to the Aggregate Principal Balance of all Floating Rate Collateral Obligations (excluding Defaulted Obligations and Deferred Securities) as of such Measurement Date,

in each case adjusted for any withholding tax deducted in respect of the relevant obligation which is neither grossed up nor recoverable under any applicable double tax treaty. The Weighted Average Spread shall be expressed as a percentage and shall be rounded up to the next 0.01 per cent.

The Minimum Weighted Average Fixed Coupon Test

The "**Minimum Weighted Average Fixed Coupon Test**" will be satisfied on any Measurement Date from (and including) the Effective Date if the Weighted Average Fixed Coupon (excluding any portion thereof which is included in the calculation of the Excess Weighted Average Coupon as at such Measurement Date) *plus* the Excess Weighted Average Spread (but only to the extent the Weighted Average Fixed Coupon is less than the Minimum Weighted Average Fixed Coupon as at such Measurement Date) as at such Measurement Date equals or exceeds the Minimum Weighted Average Fixed Coupon as of such Measurement Date.

The "**Minimum Weighted Average Fixed Coupon**" means (i) if any of the Collateral Obligations are Fixed Rate Collateral Obligations, 6.00 per cent. and otherwise zero per cent.

"**Weighted Average Fixed Coupon**" means, as of any Measurement Date, the number expressed as a percentage obtained by dividing:

- (b) an amount equal to the Aggregate Principal Balance of all Fixed Rate Collateral Obligations as of such Measurement Date,

in each case excluding, for any Mezzanine Loan, any interest that has been deferred and capitalised thereon (other than any such interest capitalised pursuant to the terms thereof which is paid for on the date of acquisition of such Mezzanine Loan) and excluding Defaulted Obligations, Deferring Obligations and the unfunded portion of any Delayed Drawdown Collateral Obligations and Revolving Obligations and in each case adjusted for any withholding tax deducted in respect of the relevant obligation which is neither grossed up nor recoverable under any applicable double tax treaty and rounding the result up to the nearest 0.01 per cent.

The Weighted Average Life Test

The "**Weighted Average Life Test**" will be satisfied on any Measurement Date if the Weighted Average Life of all Collateral Obligations as of such date is less than the number of years (rounded to the nearest one hundredth thereof) during the period from such Measurement Date to 15 November 2022.

"**Weighted Average Life**" is, as of any Measurement Date with respect to all Collateral Obligations other than Defaulted Obligations, the number of years (rounded down to the nearest one hundredth thereof) following such date obtained by summing the products obtained by multiplying:

- (b) the Aggregate Principal Balance at such time of all Collateral Obligations other than Defaulted Obligations.

"**Average Life**" is, on any Measurement Date with respect to any Collateral Obligation, the quotient obtained by dividing (i) the sum of the products of (a) the number of years (rounded to the nearest one hundredth thereof) from such Measurement Date to the respective dates of each successive scheduled distribution of principal of such Collateral Obligation and (b) the respective amounts of principal of such scheduled distributions by (ii) the sum of all successive scheduled distributions of principal on such Collateral Obligation.

Collateral Obligation (including, for any Collateral Obligation, only the required, non-deferrable current cash pay interest required by the Underlying Instruments thereon), (x) the stated coupon on such Collateral Obligation expressed as a percentage and (y) the Principal Balance of such Collateral Obligation,

provided that for such purpose:

- (i) a Floating Rate Collateral Obligation which is subject to an Interest Rate Hedge Transaction which swaps the floating rate on such Collateral Obligation for a fixed rate shall be treated as a Fixed Rate Collateral Obligation with a stated coupon equal to the stated fixed rate payable by the applicable Interest Rate Hedge Counterparty to the Issuer under such Interest Rate Hedge Transaction; and
- (ii) a Fixed Rate Collateral Obligation which is subject to an Interest Rate Hedge Transaction which swaps the fixed rate on such Collateral Obligation for a floating rate shall be disregarded.

- (c) in the case of each Floating Rate Collateral Obligation which is a Non-Euro Obligation (including, only the required non-deferrable, current cash pay interest required by the Underlying Instruments thereon and excluding Defaulted Obligations, Deferring Obligations and the unfunded portion of any Delayed Drawdown Collateral Obligation and Revolving Obligation) and subject to a Currency Hedge Transaction, (i) the stated interest rate spread over EURIBOR (in respect of the applicable Hedge Agreement) payable by the applicable Currency Hedge Counterparty to the Issuer under the related Currency Hedge Transaction *multiplied by* (ii) the Principal Balance of such Non-Euro Obligation;

provided that for such purpose:

- (i) a Fixed Rate Collateral Obligation which is subject to an Interest Rate Hedge Transaction which swaps the fixed rate on such Collateral Obligation for a floating rate shall be treated as a Floating Rate Collateral Obligation with a stated spread and index equal to the stated floating rate payable by the applicable Interest Rate Hedge Counterparty to the Issuer under such Interest Rate Hedge Transaction;
- (ii) a Floating Rate Collateral Obligation which is subject to an Interest Rate Hedge Transaction which swaps the floating rate on such Collateral Obligation for a fixed rate shall be disregarded; and
- (iii) the interest rate spread will be deemed to be, with respect to any Floating Rate Collateral Obligation that has a EURIBOR (or such other floating rate of interest) floor, (i) the stated interest rate spread *plus*, (ii) if positive, (x) the EURIBOR (or such other floating rate of interest) floor value *minus* (y) EURIBOR (or such other floating rate of interest) as in effect for the current accrual period (for the purposes of paragraph (a) only, each reference to "EURIBOR" so far as it relates to a Collateral Obligation shall mean EURIBOR as determined pursuant to the Underlying Instrument in respect of such Collateral Obligation), *provided that* to the extent the floor is in respect of a Non-Euro Obligation and the floor is not, for the purposes of paragraph (c) above, included in the payments made by the applicable Currency Hedge Counterparty to the Issuer, the additional interest amount in respect of such additional margin shall be determined by applying the Spot Rate and not the applicable Currency Hedge Transaction Exchange Rate.

Further, the margin shall be deemed to be (x) in respect of a Step-Down Coupon Obligation, the lowest margin that is permissible pursuant to and in accordance with the Underlying Instruments relating thereto; and (y) in respect of a Step-Up Coupon Obligation, the margin applicable as at the relevant Measurement Date.

The "**Aggregate Unfunded Spread**" is, as of any Measurement Date, the sum of the products obtained by *multiplying* (i) for each Delayed Drawdown Collateral Obligation and Revolving Obligation (other than Defaulted Obligations and Deferring Obligations), the current per annum rate payable by way of such commitment fee then in effect as of such date and (ii) the undrawn commitments of each such Delayed Drawdown Collateral Obligation and Revolving Obligation as of such date.

8. Rating Definitions

Moody's Ratings Definitions

"Assigned Moody's Rating" means the monitored publicly available rating or the unpublished monitored loan rating or the credit estimate expressly assigned to a debt obligation (or facility) by Moody's.

"CFR" means, with respect to an Obligor of a Collateral Obligation, if such Obligor has a corporate family rating by Moody's, then such corporate family rating; provided, if such Obligor does not have a corporate family rating by Moody's but any entity in the Obligor's corporate family does have a corporate family rating, then the CFR is such corporate family rating.

"Moody's Default Probability Rating" means, with respect to any Collateral Obligation, as of any date of determination, the rating determined in accordance with the following methodology:

- (a) if the Obligor of such Collateral Obligation has a CFR by Moody's, then such CFR;
- (b) if not determined pursuant to clause (a) above, if the Obligor of such Collateral Obligation has one or more senior unsecured obligations with an Assigned Moody's Rating, then the Assigned Moody's Rating on such obligation as selected by the Collateral Manager in its sole discretion;
- (c) if not determined pursuant to clauses (a) or (b) above, or if the Obligor of such Collateral Obligation has one or more senior secured obligations with an Assigned Moody's Rating, then the Moody's rating that is one subcategory lower than the Assigned Moody's Rating on any such senior secured obligation as selected by the Collateral Manager in its sole discretion;
- (d) if not determined pursuant to clauses (a), (b) or (c) above, if a credit estimate has been assigned to such Collateral Obligation by Moody's upon the request of the Issuer, the Collateral Manager or an Affiliate of the Collateral Manager, then the Moody's Default Probability Rating is such credit estimate as long as such credit estimate or a renewal for such credit estimate has been issued or provided by Moody's in each case within the 15 month period preceding the date on which the Moody's Default Probability Rating is being determined; *provided*, that if such rating estimate has been issued or provided by Moody's for a period (x) longer than 13 months but not beyond 15 months, the Moody's Default Probability Rating will be one subcategory lower than such credit estimate and (y) beyond 15 months, the Moody's Default Probability Rating will be deemed to be "Caa3";
- (e) if not determined pursuant to clauses (a), (b), (c) or (d) above, the Moody's Derived Rating; and
- (f) if not determined pursuant to clauses (a), (b), (c), (d) or (e) above, the Collateral Obligation will be deemed to have a Moody's Default Probability Rating of "Caa3".

For purposes of calculating a Moody's Default Probability Rating, each applicable rating on credit watch by Moody's with positive or negative implication at the time of calculation will be treated, respectively, as having been upgraded or downgraded by one rating subcategory, as the case may be.

"Moody's Derived Rating" means, with respect to a Collateral Obligation whose Moody's Rating or Moody's Default Probability Rating is determined as the Moody's Derived Rating, the rating as determined in the manner set forth below:

- (a) with respect to any Corporate Rescue Loan, one subcategory below the facility rating (whether public or private) of such Corporate Rescue Loan rated by Moody's;
- (b) if not determined pursuant to clause (a) above, if the Obligor of such Collateral Obligation has a long-term issuer rating by Moody's, then such long-term issuer rating;
- (c) if not determined pursuant to clause (a) or (b) above, if another obligation of the Obligor is rated by Moody's, then by adjusting the rating of the related Moody's rated obligations of the related Obligor by the number of rating sub-categories according to the table below:

Obligation Category of Rated Obligation	Rating of Rated Obligation	Number of Subcategories Relative to Rated Obligation Rating
Senior secured obligation	greater than or equal to B2	-1
Senior secured obligation	less than B2	-2
Subordinated obligation	greater than or equal to B3	+1
Subordinated obligation	less than B3	0

- (d) if not determined pursuant to clause (a), (b) or (c) above, if the Obligor of such Collateral Obligation has a corporate family rating by Moody's, then one subcategory below such corporate family rating;
- (e) if not determined pursuant to clause (a), (b), (c) or (d) above, then by using any one of the methods provided below:
- (i) pursuant to the table below:

Type of Collateral Obligation	S&P Rating (Public and Monitored)	Collateral Obligation Rated by S&P	Number of Subcategories Relative to Moody's Equivalent of S&P Rating
Not Structured Finance Obligation	≥BBB-	Not a Loan or Participation in Loan	-1
Not Structured Finance Obligation	≤BB+	Not a Loan or Participation in Loan	-2
Not Structured Finance Obligation	<BB+	Loan or Participation in Loan	-2

- (ii) if such Collateral Obligation is not rated by S&P but another security or obligation of the Obligor has a public and monitored rating by S&P (a "**parallel security**"), then the rating of such parallel security will at the election of the Collateral Manager be determined in accordance with the table set forth in sub clause (e)(i) above, and the Moody's Derived Rating for the purposes of the definition of Moody's Rating and Moody's Default Probability Rating (as applicable) of such Collateral Obligation will be determined in accordance with the methodology set forth in clause (c) above (for such purposes treating the parallel security as if it were rated by Moody's at the rating determined pursuant to this sub clause (e)(ii)); or
- (iii) if such Collateral Obligation is a Corporate Rescue Loan, no Moody's Derived Rating may be determined based on a rating by S&P or any other rating agency; or
- (f) if such Collateral Obligation is not rated by Moody's or S&P and no other security or obligation of the issuer of such Collateral Obligation is rated by Moody's or S&P, and if Moody's has been requested by the Issuer, the Collateral Manager or the issuer of such Collateral Obligation to assign a rating or rating estimate with respect to such Collateral Obligation but such rating or rating estimate has not been received, pending receipt of such estimate, the Moody's Derived Rating for purposes of the definition of Moody's Rating and Moody's Default Probability Rating (as applicable) of such Collateral Obligation shall be (x) "B3" if the Collateral Manager certifies to the Trustee and the Collateral Administrator that the Collateral Manager believes that such estimate will be at least "B3" and if the aggregate principal balance of Collateral Obligations determined pursuant to this clause (f) does not exceed 5 per cent. of the Collateral Principal Amount of all Collateral Obligations or (y) otherwise, "Caa2".

For purposes of calculating a Moody's Derived Rating, each applicable rating on credit watch by Moody's with positive or negative implication at the time of calculation will be treated, respectively, as having been upgraded or downgraded by one rating subcategory, as the case may be.

"Moody's Rating" means:

- (a) with respect to a Collateral Obligation that is a Secured Senior Loan:
 - (i) if such Collateral Obligation has an Assigned Moody's Rating, such Assigned Moody's Rating;
 - (ii) if such Collateral Obligation does not have an Assigned Moody's Rating but the Obligor of such Collateral Obligation has a CFR, then the Moody's rating that is one subcategory higher than such CFR;
 - (iii) if neither clause (i) nor (ii) above apply, if such Collateral Obligation does not have an Assigned Moody's Rating but the Obligor of such Collateral Obligation has one or more senior unsecured obligations with an Assigned Moody's Rating, then the Moody's rating that is two subcategories higher than the Assigned Moody's Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
 - (iv) if none of clauses (i) through (iii) above apply, at the election of the Collateral Manager, the Moody's Derived Rating; and
 - (v) if none of clauses (i) through (iv) above apply, the Collateral Obligation will be deemed to have a Moody's Rating of "Caa3"; and
- (b) with respect to a Collateral Obligation other than a Secured Senior Loan:
 - (i) if such Collateral Obligation has an Assigned Moody's Rating, such Assigned Moody's Rating;
 - (ii) if such Collateral Obligation does not have an Assigned Moody's Rating but the Obligor of such Collateral Obligation has one or more senior unsecured obligations with an Assigned Moody's Rating, then the Assigned Moody's Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
 - (iii) if neither clause (i) nor (ii) above apply, if the Obligor of such Collateral Obligation has a CFR, then the Moody's rating that is one subcategory lower than such CFR;
 - (iv) if none of clauses (i), (ii) or (iii) above apply, if such Collateral Obligation does not have an Assigned Moody's Rating but the Obligor of such Collateral Obligation has one or more subordinated debt obligations with an Assigned Moody's Rating, then the Moody's rating that is one subcategory higher than the Assigned Moody's Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
 - (v) if none of clauses (i) through (iv) above apply, at the election of the Collateral Manager, the Moody's Derived Rating; and
 - (vi) if none of clauses (i) through (v) above apply, the Collateral Obligation will be deemed to have a Moody's Rating of "Caa3".

For purposes of calculating a Moody's Rating, each applicable rating on credit watch by Moody's with positive or negative implication at the time of calculation will be treated as having been upgraded or downgraded by one rating subcategory, as the case may be.

"Moody's Secured Senior Loan" means:

- (a) a loan that:
 - (i) is not (and cannot by its terms become) subordinate in right of payment to any other debt obligation of the Obligor of the loan or no other obligation of the Obligor has any higher priority security interest in such assets or stock, provided that a revolving loan of the Obligor

that, pursuant to its terms, may require one or more advances to be made to the borrower may have a higher priority security interest in such assets or stock in the event of an enforcement in respect of such loan representing up the Secured Senior RCF Percentage of the Obligor's senior debt;

- (ii) (x) is secured by a valid first priority perfected security interest or lien in, to or on specified collateral securing the Obligor's obligations under the loan and (y) such specified collateral does not consist entirely of equity securities or common stock; *provided* that any loan that would be considered a Moody's Secured Senior Loan but for clause (y) above shall be considered a Moody's Secured Senior Loan if it is a loan made to a parent entity and as to which the Collateral Manager determines in good faith that the value of the common stock of the subsidiary (or other equity interests in the subsidiary) securing such loan at or about the time of acquisition of such loan by the Issuer has a value that is at least equal to the outstanding principal balance of such loan and the outstanding principal balances of any other obligations of such parent entity that are *pari passu* with such loan, which value may include, among other things, the enterprise value of such subsidiary of such parent entity; and
 - (iii) the value of the collateral securing the loan together with other attributes of the Obligor (including, without limitation, its general financial condition, ability to generate cash flow available for debt service and other demands for that cash flow) is adequate (in the commercially reasonable judgment of the Collateral Manager) to repay the loan in accordance with its terms and to repay all other loans of equal seniority secured by a first lien or security interest in the same collateral); and
- (b) the loan is not:
- (i) a Corporate Rescue Loan; or
 - (ii) a loan for which the security interest or lien (or the validity or effectiveness thereof) in substantially all of its collateral attaches, becomes effective, or otherwise "springs" into existence after the origination thereof.

Fitch Ratings Definitions

The "**Fitch Rating**" of any Collateral Obligation will be determined in accordance with the below methodology (with the sub-paragraph earliest in this definition applying in the case where more than one sub-paragraph would otherwise be applicable):

- (a) with respect to any Collateral Obligation in respect of which there is a Fitch issuer default rating, whether public or privately provided to the Collateral Manager following notification by the Collateral Manager that the Issuer has entered into a binding commitment to acquire such Collateral Obligation (the "**Fitch Issuer Default Rating**"), the Fitch Rating shall be such Fitch Issuer Default Rating;
- (b) if the Obligor thereof has an outstanding long-term financial strength rating from Fitch (the "**Fitch LTSR**"), then the Fitch Rating shall be one notch lower than such Fitch LTSR;
- (c) if in respect of any other obligation of the Obligor or its Affiliates, there is a publicly available rating by Fitch, then the Fitch Rating shall be the Fitch IDR Equivalent determined by applying the Fitch Rating Mapping Table (as defined below) to such rating;

- (e) if in respect of the Collateral Obligation, there is an Insurance Financial Strength Rating, then the Fitch Rating shall be one notch lower than such Insurance Financial Strength Rating;
- (f) if in respect of the Collateral Obligation there is a Moody's/S&P Corporate Issue Rating, then the Fitch Rating shall be the Fitch IDR Equivalent determined by applying the Fitch Rating Mapping Table (as defined below) to such rating;

- (g) if a Fitch Rating cannot otherwise be assigned, the Collateral Manager, on behalf of the Issuer, shall apply to Fitch for a credit opinion which shall then be the Fitch Rating or shall agree a rating with Fitch which shall then be the Fitch Rating, provided that pending receipt from Fitch of any credit opinion, the applicable Collateral Obligation shall either be deemed to have a Fitch Rating of "B-", subject to the Collateral Manager believing (in its reasonable judgement) that such credit assessment will be at least "B-" or the rating specified as applicable thereto by Fitch pending receipt of such credit assessment; or
- (h) if such Collateral Obligation is a Corporate Rescue Loan:
 - (i) if such Corporate Rescue Loan has a publicly available rating from Fitch or has been assigned an issue-level credit assessment by Fitch, the Fitch Rating shall be such rating or credit assessment;
 - (ii) otherwise the Issuer or the Collateral Manager on behalf of the Issuer shall apply to Fitch for an issue-level credit assessment provided that, pending receipt from Fitch of any issue-level credit assessment, the applicable Corporate Rescue Loan shall either be deemed to have a Fitch Rating of "B-", subject to the Collateral Manager believing (in its reasonable judgement) that such credit assessment will be at least "B-" or the rating specified as applicable thereto by Fitch pending receipt of such credit assessment.

For the purposes of determining the Fitch Rating, the following definitions shall apply, provided always that:

- (i) if a debt security or obligation of the Obligor has been in default during the past two years, the Fitch Rating of such Collateral Obligation shall be treated as "D"; and
- (ii) with respect to any Current Pay Obligation that is rated "D" or "RD", the Fitch Rating of such Current Pay Obligation will be "CCC",

and provided further that

- (x) if the applicable Collateral Obligation has been put on rating watch negative or negative credit watch for possible downgrade by Fitch, then the rating used to determine the Fitch Rating above shall be one rating subcategory below such rating by Fitch.

"Fitch IDR Equivalent" means, in respect of any rating described in the Fitch Rating Mapping Table, the equivalent Fitch Issuer Default Rating determined by increasing (or reducing, in the case of a negative number) such rating (or the nearest Fitch equivalent thereof) by the number of notches specified under "Mapping Rule" in the fourth column of the Fitch Rating Mapping Table.

"Fitch Rating Mapping Table" means the following table:

DESCRIPTION OF THE COLLATERAL MANAGEMENT AND ADMINISTRATION AGREEMENT

The following description of the Collateral Management and Administration Agreement consists of a summary of certain provisions of the Collateral Management and Administration Agreement which does not purport to be complete and is qualified by reference to the detailed provisions of such agreement. Capitalised terms used in this section and not defined in this Offering Circular shall have the meaning given to them in the Collateral Management and Administration Agreement.

General

The Issuer has appointed the Collateral Manager to provide certain investment management functions pursuant to the Collateral Management and Administration Agreement and to perform certain administrative and advisory functions on behalf of the Issuer in accordance with the applicable provisions of the Collateral Management and Administration Agreement. The Issuer has, in the Collateral Management and Administration Agreement, delegated to the Collateral Manager the discretion to select and manage the Portfolio. Pursuant to the Collateral Management and Administration Agreement, the Issuer shall delegate authority to the Collateral Manager to carry out certain of its functions in relation to the Portfolio without the requirement for specific approval by the Issuer.

Along with its obligations under the Collateral Management and Administration Agreement and subject to the standard of care required thereunder, the Collateral Manager has in place and operates internal policies and procedures to administer and manage the Collateral Obligations and similar portfolios. Such policies and procedures include, in the case of the Collateral Obligations, systems for identifying Credit Risk Obligations and Defaulted Obligations.

Duties of the Collateral Manager

Pursuant to the terms of the Collateral Management and Administration Agreement, the Collateral Manager will be responsible for the management of the Collateral Obligations, including, without limitation, evaluating, selecting and monitoring the Collateral Obligations, acquiring and selling Collateral Obligations, exercising voting or other rights with respect to the Collateral Obligations, attending meetings and otherwise representing the interests of the Issuer in connection with the management of the Collateral Obligations, providing notices to and requesting, directing, disputing and approving action on the part of the Issuer and certain related functions. In addition, pursuant to the terms of the Collateral Management and Administration Agreement, the Collateral Manager will be required to assist the Issuer with respect to any Hedge Agreements (to the extent any such agreement is entered into by the Issuer).

Pursuant to the terms of the Collateral Management and Administration Agreement and the Trust Deed, the Collateral Manager will be required to perform its obligations (including in respect of any exercise of discretion) with reasonable care and in good faith, and shall use its professional judgment and all commercially reasonable efforts in rendering its services as Collateral Manager, (i) using a degree of skill and attention no less than that which the Collateral Manager or its Affiliates exercise with respect to comparable assets that they manage for themselves and others and (ii) in accordance with their existing practices and procedures and in a manner reasonably consistent with practices and procedures followed by reasonable and prudent institutional managers of assets of the nature and character of the Portfolio, except as expressly provided otherwise in the Transaction Documents. To the extent consistent with the foregoing, the Collateral Manager may follow its customary standards, policies and procedures in performing its duties under the Transaction Documents; *provided that* the Collateral Manager will not be liable to the Issuer, the Trustee, the Noteholders or any other Person for any losses or damages resulting from any failure to satisfy the foregoing standard of care except for any losses incurred as a result of (A) acts or omissions constituting bad faith, fraud, wilful misconduct or negligence in the performance of, or reckless disregard with respect to, the duties of the Collateral Manager under the Collateral Management and Administration Agreement or (B) the Collateral Manager Information containing any untrue statement or alleged untrue statement of material fact, which makes statements therein, in the light of the circumstances under which they were made, misleading or (C) the Collateral Manager Information omitting to state a material fact or alleged omission to state a material fact, which makes statements therein, in the light of the circumstances under which they were made, misleading (collectively, a "**Collateral Manager Breach**"). The Issuer will indemnify the Collateral Manager against liabilities incurred in performing its duties thereunder; *provided that* the Issuer will not indemnify the Collateral Manager for any liabilities incurred as a result of any Collateral Manager Breach.

Pursuant to the terms of the Collateral Management and Administration Agreement, the Issuer will be required to prepare certain reports with respect to the Collateral Obligations. The Collateral Administrator will assist the Issuer and the Collateral Manager in compiling these reports. The Collateral Manager will agree in the Collateral Management and Administration Agreement that it will cooperate with the Collateral Administrator in the preparation of such reports.

Under the Collateral Management and Administration Agreement, subject to the standard of care required thereunder, the Collateral Manager will covenant to:

- (a) diversify the Collateral Obligations in the Portfolio in accordance with and to the extent permitted by the terms of the Collateral Management and Administration Agreement and, in particular, the Portfolio Profile Tests;
- (b) measure and monitor the credit risk of the Collateral Obligations in the Portfolio as per the methodologies set out in the Collateral Management and Administration Agreement and in accordance with the terms of the Collateral Management and Administration Agreement; and
- (c) consult with the Collateral Administrator for the purposes of compiling each Monthly Report and Payment Date Report which will provide information intended to facilitate investors in their conducting of stress tests on the cash flows and collateral values supporting the Notes.

Fees of the Collateral Manager

As compensation for the performance of its obligations under the Collateral Management and Administration Agreement, the Collateral Manager (and/or, at its direction, an Affiliate of the Collateral Manager) will be entitled to receive from the Issuer on each Payment Date a senior management fee (exclusive of any value added tax) equal to 0.15 per cent. per annum (calculated on the basis of a 360 day year and the actual number of days elapsed in such Due Period) of the Collateral Principal Amount measured as of the first day of the Due Period (or if such day is not a Business Day, the next day which is a Business Day) relating to the applicable Payment Date, which collateral management fee will be payable senior to the Notes, but subordinated to certain fees and expenses of the Issuer in accordance with the Priorities of Payments (such fee, the "**Senior Management Fee**").

The Collateral Management and Administration Agreement provides that the Collateral Manager (and/or, at its direction, an Affiliate of the Collateral Manager) will receive from the Issuer on each Payment Date a subordinated management fee (exclusive of any value added tax) equal to 0.35 per cent. per annum (calculated on the basis of a 360 day year and the actual number of days elapsed in such Due Period) of the Collateral Principal Amount measured as of the first day of the Due Period (or if such day is not a Business Day, the next day which is a Business Day) immediately preceding such Payment Date, as determined by the Collateral Administrator, which collateral management fee will be payable senior to the payments on the Subordinated Notes, but subordinated to the Rated Notes (such fee, the "**Subordinated Management Fee**").

Each of the Senior Management Fee and the Subordinated Management Fee shall be calculated based upon the actual number of days elapsed in the applicable Due Period divided by 360 and, subject to the paragraph below, shall not include any VAT payable on such Senior Management Fee and the Subordinated Management Fee.

If amounts distributable on any Payment Date in accordance with the Priorities of Payments are insufficient to pay the Senior Management Fee or the Subordinated Management Fee in full, then a portion of the Senior Management Fee or Subordinated Management Fee, as applicable, equal to the shortfall will be deferred and will be payable on subsequent Payment Dates on which funds are available therefor according to the Priorities of Payments.

The Collateral Manager, in respect of any Collateral Management Fees due to be paid to it on a Payment Date, may elect to (i) defer any Senior Management Fees and Subordinated Management Fees, (ii) waive any Senior Management Fees and Subordinated Management Fees and/or (iii) direct the Issuer to pay any Senior Management Fees and/or Subordinated Management Fees, or any part thereof, to a party of its choice. Any amounts so deferred pursuant to (i) above or waived pursuant to (ii) above shall be applied in accordance with the Priorities of Payments. To the extent that the Collateral Manager elects to defer all or a portion thereof and later rescinds such deferral election, the Deferred Senior Collateral Management Amounts and/or the Deferred Subordinated Collateral Management Amounts, as applicable, will be payable on subsequent Payment Dates in accordance with the Priorities of Payments. Any due and unpaid Collateral Management Fees including

Deferred Senior Collateral Management Amounts and Deferred Subordinated Collateral Management Amounts shall accrue interest at a rate per annum equal to three month EURIBOR or, if a Frequency Switch Event has occurred, six month EURIBOR (in each case calculated on the basis of a 360 day year consisting of twelve 30 day months from the date due and payable to the date of actual payment). Any amounts so waived pursuant to (ii) above will cease to become due and payable and will not become due and payable at any time. Any amounts directed to be paid by the Collateral Manager to another party pursuant to (iii) above will cease to become due and payable to the Collateral Manager upon proper receipt of those amounts by the nominated party. In addition, in accordance with Condition 3(c) (*Priorities of Payments*), the Collateral Manager may, in its sole discretion, elect to designate that the Senior Management Fee and/or the Subordinated Management Fee be designated for reinvestment or deferred to be used to purchase additional Collateral Obligations or Rated Notes pursuant to Condition 7(k) (*Purchase*).

The Collateral Management and Administration Agreement also provides that the Collateral Manager will be entitled to an incentive collateral management fee on each Payment Date on which the Incentive Collateral Management Fee IRR Threshold of 12 per cent. has been met or surpassed, such incentive collateral management fee being equal (exclusive of any value added tax) to 20 per cent. of any Interest Proceeds and Principal Proceeds (after any payment required to satisfy the Incentive Collateral Management Fee IRR Threshold) that would otherwise be available to distribute to the Subordinated Noteholders in accordance with the Priorities of Payments on such Payment Date (such fee, the "**Incentive Collateral Management Fee**"). The Collateral Manager may, at its sole discretion designate, waive or reinvest in additional Collateral Obligations all or a part of the Incentive Collateral Management Fee, subject to and in accordance with the Priorities of Payments.

The Collateral Management and Administration Agreement provides that any reasonable expenses incurred by the Collateral Manager in the performance of such obligations (including, but not limited to, any reasonable expenses incurred by it to employ outside lawyers or consultants reasonably necessary in connection with the default or restructuring of any Collateral Obligation or other unusual matters arising in the performance of its duties under the Collateral Management and Administration Agreement) shall be reimbursed by the Issuer as an Administrative Expense and only to the extent funds are available therefor in accordance with the Priorities of Payment and the order of priority set out in the definition of Administrative Expenses.

Fees payable to, and costs and expenses of, the Collateral Manager, shall accrue up to the date on which the Collateral Manager's appointment is terminated or the Collateral Manager resigns its appointment, as described further below. The Collateral Management Fee calculated as provided in the Collateral Management and Administration Agreement will, if the Collateral Manager ceases to act as the Collateral Manager on a date other than a Payment Date continue to be payable to the Collateral Manager and will be *pro-rated* for any partial periods between Payment Dates during which the Collateral Manager continued to act as the Collateral Manager in accordance with the terms in the Collateral Management and Administration Agreement. If the Collateral Manager ceases to act as Collateral Manager between Payment Dates, such fees will be due and payable on the first Payment Date (and if not paid in full, each subsequent Payment Date) following the date of such termination subject to the Priorities of Payments. For the avoidance of doubt, where the Collateral Manager has resigned or has been removed, but is required to continue providing collateral management services until a successor has been appointed in accordance with the terms of the Collateral Management and Administration Agreement, the Collateral Manager shall continue to be entitled to the Collateral Management Fees and any costs and expenses of the Collateral Manager reimbursable pursuant to the terms of the Collateral Management and Administration Agreement.

Termination of the Collateral Management and Administration Agreement

Subject to the paragraph below, the Collateral Management and Administration Agreement may be terminated, and the Collateral Manager may be removed, upon the occurrence of a Collateral Manager Event of Default (other than pursuant to paragraph (viii) of the definition thereof) (i) at the Issuer's discretion; (ii) by the Issuer at the direction of the Controlling Class (acting by Extraordinary Resolution) or (iii) by holders of the Subordinated Notes (acting by Extraordinary Resolution) (in each case, any Notes held by the Collateral Manager or by any Collateral Manager Related Party will be deemed not to remain outstanding for the purposes of such resolution) upon 30 calendar days' prior written notice to the Collateral Manager, the Hedge Counterparties and each Rating Agency.

Pursuant to the terms of the Collateral Management and Administration Agreement, if the Collateral Manager becomes aware that a Collateral Manager Event of Default has occurred, the Collateral Manager will be required

to give prompt written notice thereof to the Issuer, the Trustee, the Collateral Administrator, the Noteholders, the Hedge Counterparties and each Rating Agency upon the Collateral Manager becoming aware of the occurrence of such Collateral Manager Event of Default.

The Collateral Management and Administration Agreement will automatically terminate upon the earliest to occur of (i) the payment in full of the Notes, in accordance with their terms, (ii) the liquidation of the Portfolio and the final distribution of the proceeds of such liquidation as provided in the Transaction Documents, and (iii) the determination in good faith by the Issuer that the Issuer or the Portfolio has become required to be registered under the Investment Company Act, and the Issuer notifies the Collateral Manager thereof.

Resignation

The Collateral Manager may resign, upon 90 days' (or such shorter notice as is acceptable to the Issuer) written notice to the Issuer, the Trustee, the Collateral Administrator, each Hedge Counterparty and each Rating Agency, *provided however* that the Collateral Manager will have the right to resign immediately upon the effectiveness of any material change in any applicable law or regulation which renders the performance by the Collateral Manager of its duties under the Transaction Documents to be a violation of such law or regulation. Notwithstanding any of the foregoing, no resignation or removal of the Collateral Manager, for cause or without cause, will be effective until the date as of which a successor Collateral Manager has been appointed as described below, and has accepted all of the Collateral Manager's duties and obligations in writing.

Appointment of Successor

Upon any removal or resignation of the Collateral Manager, to the extent it is permitted to do so in compliance with any applicable law or regulation, the Collateral Manager will continue to act in such capacity until a successor collateral manager has been appointed in accordance with the terms of the Collateral Management and Administration Agreement.

Within 90 days of the resignation, termination or removal of the Collateral Manager while any of the Notes are outstanding, the Subordinated Noteholders (acting by Ordinary Resolution) may propose a successor Collateral Manager by delivering notice thereof to the Issuer, the Trustee and the Noteholders. The Controlling Class (acting by Ordinary Resolution) may, within 30 days from receipt of such notice, consent to such successor Collateral Manager by delivery of notice of such consent to the Issuer and the Trustee whereupon such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer. If the Subordinated Noteholders (acting by Ordinary Resolution) make no such proposal within such 90-day period, the Controlling Class (acting by Ordinary Resolution) may propose a successor Collateral Manager by delivering notice thereof to the Issuer, the Trustee and the Noteholders; *provided that* no such proposed successor Collateral Manager may be an Affiliate of a holder of the Controlling Class. The Subordinated Noteholders (acting by Ordinary Resolution) may, within 30 days from receipt of such notice, object to such successor Collateral Manager by delivery of notice of such objection to the Issuer and the Trustee. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer.

Within 30 days of the Controlling Class failing to give its consent to the successor Collateral Manager proposed by the Subordinated Noteholders or receipt of notice of an objection by the Subordinated Noteholders to the successor Collateral Manager proposed by the Controlling Class, either the Controlling Class (acting by Ordinary Resolution) or the Subordinated Noteholders (acting by Ordinary Resolution) may propose a successor Collateral Manager by written notice to the Trustee, the Issuer and the Noteholders and the Controlling Class (acting by Ordinary Resolution) or the Subordinated Noteholders (acting by Ordinary Resolution), as the case may be, may, within 30 days from receipt of such notice, deliver to the Issuer and the Trustee notice of consent (in the case of the Controlling Class) or objection (in the case of the Subordinated Noteholders) thereto. If notice of consent is received or no notice of objection is received, as applicable, by the Issuer and the Trustee within such time period, such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer. If no notice of consent is received or a notice of objection is received, as applicable, within 30 days, then either group of Noteholders may again propose a successor Collateral Manager in accordance with the foregoing. Notwithstanding the above, if no successor Collateral Manager has been appointed within 150 days following the date of resignation, termination or removal of the Collateral Manager, the Issuer will appoint a successor Collateral Manager proposed by the Controlling Class (acting by Ordinary Resolution) so long as such successor Collateral Manager (i) is not a Person that was previously objected to by the Subordinated Noteholders (acting by Ordinary Resolution) and (ii) is not an Affiliate of a holder of the Controlling Class. For

the purposes of the above, any Notes held by or on behalf of a Collateral Manager Related Party shall have no voting rights with respect to the selection or appointment of the successor Collateral Manager.

Any replacement Collateral Manager must satisfy the conditions described below under "*Successor Requirements*".

Assignment by Collateral Manager

The Collateral Management and Administration Agreement provides that, except as described in the following paragraphs, no rights or obligations under the Collateral Management and Administration Agreement (or any interest therein) may be assigned or delegated by the Collateral Manager. In addition, no such assignment or delegation by the Collateral Manager will be effective if such assignment is to a transferee that does not qualify as an eligible successor as described below under "*Successor Requirements*".

The Collateral Manager is permitted to assign its rights and delegate its duties under the Collateral Management and Administration Agreement to any transferee or delegate so long as (i) such assignment or delegation is consented to by the Issuer, the Controlling Class (acting by Ordinary Resolution) and the Subordinated Noteholders (acting by Ordinary Resolution), (ii) each Rating Agency has confirmed in writing that the then-current rating assigned by such Rating Agency to any of the Rated Notes will not be reduced, withdrawn or qualified as a result of such assignment or delegation, (iii) such transferee or delegate is legally qualified and having the regulatory capacity as a matter of Dutch law to act as such, including offering portfolio management services to Dutch residents, (iv) such assignment or delegation will not cause the Issuer to become chargeable to taxation in any jurisdiction other than The Netherlands, (v) such assignment will not cause additional value added tax to become payable by the Issuer or the assignee in respect of the Collateral Management Fees and (vi) such assignment or delegation will not cause the Retention Holder to breach the terms of the Retention Undertaking Letter or, if such transferee or delegate is to commit to retain the Retention Notes subject to and in accordance with the Retention Requirements, such transferee or delegate enters into an agreement on substantially the same terms as the Retention Undertaking Letter to acquire the Retention Notes on the date of such assignment or delegation. Any transferee or delegate must satisfy the conditions described above under "*Appointment of Successor*".

In addition, the Collateral Manager is permitted to assign its rights and delegate its duties under the Collateral Management and Administration Agreement to (a) any agent, including any Affiliate of the Collateral Manager, selected by the Collateral Manager in accordance with the Standard of Care, without the consent of the Issuer, the Noteholders or any other Person; *provided that* such agent (i) has the ability to professionally and competently perform duties similar to those imposed upon the Collateral Manager under the Collateral Management and Administration Agreement and otherwise satisfies the conditions described below under "*Successor Requirements*" and (ii) is legally qualified to and has the Dutch regulatory capacity to act as Collateral Manager under the Collateral Management and Administration Agreement or benefits from an exemption or exclusion from such requirements; or (b) solely with respect to certain operational or administrative functions that would otherwise be performed by the Collateral Manager in connection with the performance of its duties under the Collateral Management and Administration Agreement, State Street Bank and Trust Company or its agents or Affiliates, without the consent of the Issuer, Noteholders or any other Person.

Any corporation, partnership or limited liability company into which the Collateral Manager may be merged or converted or with which it may be consolidated, or any corporation, partnership or limited liability company resulting from any merger, conversion or consolidation to which the Collateral Manager will be a party, or any corporation, partnership or limited liability company succeeding to all or substantially all of the collateral management business of the Collateral Manager, will be the successor to the Collateral Manager without any further action by the Collateral Manager, the Issuer, the Trustee, the Noteholders or any other person or entity; *provided*, that (i) to the extent legally required, the Issuer consents to such action and (ii) the resulting entity qualifies as an eligible successor as described below under "*Successor Requirements*".

Any assignment in accordance with the Collateral Management and Administration Agreement will bind the assignee in the same manner as the Collateral Manager is bound. Upon the execution and delivery of a counterpart of the Collateral Management and Administration Agreement by the assignee, the Collateral Manager will be released from further obligations under the Collateral Management and Administration Agreement, except with respect to (x) its agreements and obligations arising under various sections of the Collateral Management and Administration Agreement in respect of acts or omissions occurring prior to such

assignment and (y) its obligations under the Collateral Management and Administration Agreement in respect of acts upon termination. Any rights of the Collateral Manager stated to survive the termination of the Collateral Management and Administration Agreement, shall remain vested in the Collateral Manager after the termination in accordance with the terms of the Collateral Management and Administration Agreement.

In addition, the Collateral Manager may employ third parties (including Affiliates) to render advice (including investment advice) and assistance to the Issuer; *provided that* (A) the Collateral Manager will not be relieved of any of its duties under the Collateral Management and Administration Agreement as a result of such employment of third parties and (B) the Collateral Manager will be solely responsible for the fees and expenses payable to any such third party except to the extent such expenses are payable by the Issuer under the Collateral Management and Administration Agreement. The Collateral Manager may not, however, assign or delegate any of its rights or responsibilities, nor permit Affiliates or third parties to perform services on its behalf, if such assignment, delegation or permission would cause the Issuer to be subject to tax in any jurisdiction outside its jurisdiction of incorporation.

Successor Requirements

Any removal or resignation of the Collateral Manager as described above that occurs while any Notes are outstanding under the Trust Deed will be effective only if (i) 10 days' prior notice is given to the Rating Agencies and the Trustee, (ii) Rating Agency Confirmation has been received from each Rating Agency in respect of such termination and assumption by an eligible successor and (iii) the Issuer appoints a successor Collateral Manager (1) that has demonstrated an ability to professionally and competently perform duties similar to those imposed upon the Collateral Manager under the Collateral Management and Administration Agreement with a substantially similar (or better) level of expertise, (2) that is legally qualified and has the capacity (including Dutch regulatory capacity to provide Collateral Management services to Dutch counterparties as a matter of the laws of The Netherlands) to act as Collateral Manager under the Collateral Management and Administration Agreement in the assumption of all of the responsibilities, duties and obligations of the Collateral Manager under the Collateral Management and Administration Agreement and under the applicable terms of the other Transaction Documents, (3) the appointment of which will not cause either of the Issuer or the Collateral to become required to register under the provisions of the Investment Company Act, (4) the appointment and conduct of which will not cause the Issuer to be subject to net income taxation outside its jurisdiction of incorporation or to be engaged in a trade or business in the United States for U.S. federal income tax purposes, result in the Collateral Management Fees becoming subject to value added or similar tax or cause any other material adverse tax consequences to the Issuer, (5) the appointment and conduct of which will not cause the Issuer to be resident in, or have a permanent establishment in, any jurisdiction other than The Netherlands, or be deemed to be resident for tax purposes in, or have a permanent establishment in, or be engaged or deemed to be engaged in the conduct of a trade or business in, any jurisdiction other than The Netherlands and (6) the appointment of which will not cause the Retention Holder to breach the terms of the Retention Undertaking Letter or, if such successor is to commit to retain the Retention Notes subject to and in accordance with the Retention Requirements, such successor enters into an agreement on substantially the same terms as the Retention Undertaking Letter to acquire the Retention Notes on the date of its appointment as Collateral Manager. The Issuer, the Trustee and the successor Collateral Manager will take such action (or cause the outgoing Collateral Manager to take such action) consistent with the Collateral Management and Administration Agreement and the terms of the other Transaction Documents as will be necessary to effectuate any such succession. No termination of the appointment of the Collateral Manager will be effective until a successor Collateral Manager is duly appointed. Any resignation, termination or removal of the Collateral Manager must satisfy the conditions described above under "*Appointment of Successor*".

No Voting Rights

Any Notes held by or on behalf of a Collateral Manager Related Party will have no voting rights with respect to any vote (or written direction or consent) in connection with the removal of the Collateral Manager, the appointment of a successor Collateral Manager (if such outgoing Collateral Manager is the Retention Holder) or with respect to the assignment or delegation by the Collateral Manager of its obligations under the Collateral Management and Administration Agreement and will be deemed not to be Outstanding in connection with any such vote, provided, however, that any Notes held by a Collateral Manager Related Party will have voting rights (including in respect of written directions and consents) with respect to all other matters as to which Noteholders are entitled to vote.

The information appearing in this section has been prepared by the Collateral Administrator and has not been independently verified by the Issuer, the Initial Purchaser or any other party. None of the Initial Purchaser or any other party other than the Collateral Administrator assumes any responsibility for the accuracy or completeness of such information.

Termination and Resignation of Appointment of the Collateral Administrator

Pursuant to the terms of the Collateral Management and Administration Agreement, the Collateral Administrator may be removed: (a) without cause at any time upon at least 90 days' prior written notice; or (b) with cause upon at least 10 days' prior written notice by the Issuer at its discretion or the Trustee acting upon the written direction of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) and subject to the Trustee being secured and/or indemnified and/or prefunded to its satisfaction. In addition the Collateral Administrator may also resign its appointment without cause on at least 45 days' prior written notice and with cause upon at least 10 days' prior written notice to the Issuer, the Trustee and the Collateral Manager. No resignation or removal of the Collateral Administrator will be effective until a successor collateral administrator has been appointed pursuant to the terms of the Collateral Management and Administration Agreement.

HEDGING ARRANGEMENTS

The following section consists of a summary of certain provisions which, pursuant to the Collateral Management and Administration Agreement, are required to be contained in each Hedge Agreement and Hedge Transaction. Such summary does not purport to be complete and is qualified by reference to the detailed provisions of each Hedge Agreement and Hedge Transaction. The terms of a Hedge Agreement or Hedge Transaction may differ from the description provided herein, subject to receipt of Rating Agency Confirmation in respect thereof or without Rating Agency Confirmation if such Hedge Transaction constitutes a Form Approved Hedge.

Hedge Agreements

Subject to the satisfaction of the Hedging Condition, the Issuer (or the Collateral Manager on its behalf) may enter into transactions documented under a 1992 (Multicurrency - Cross Border) or 2002 Master Agreement or such other form published by the International Swaps and Derivatives Association, Inc. ("ISDA"). Each Hedge Transaction will be evidenced by a confirmation entered into pursuant to a Hedge Agreement.

Each Hedge Transaction will be for the purposes of:

- (a) in the case of an Interest Rate Hedge Transaction, hedging any interest rate mismatch between the Rated Notes and the Collateral Obligations; and
- (b) in the case of a Currency Hedge Transaction, exchanging payments of principal, interest and other amounts in respect of any Non-Euro Obligation for amounts denominated in Euros at the Currency Hedge Transaction Exchange Rate,

in each case subject to receipt of Rating Agency Confirmation in respect thereof (save in the case of a Form Approved Hedge) and provided that the Hedge Counterparty satisfies the applicable Rating Requirement (taking into account any guarantor thereof) and any applicable regulatory requirements.

For the avoidance of doubt, the ability of the Issuer or the Collateral Manager on its behalf to enter into any Currency Hedge Transactions, and therefore the ability of the Issuer or the Collateral Manager on its behalf to acquire Non-Euro Obligations, is subject to the satisfaction of the Hedging Condition and the entry into a Currency Hedge Transaction on a date no later than that settlement date of the acquisition of such Non-Euro Obligation.

Replacement Hedge Transactions

The Issuer shall not enter into any Hedge Agreement unless (x) either (A) the Permitted Securities Condition is satisfied, or (B) it obtains written advice of counsel and a certification from the Collateral Manager that (1) the written terms of the derivative directly relate to the Collateral Obligations and the Notes and (2) such derivative reduces the interest rate and/or foreign exchange risks related to the Collateral Obligations and the Notes and (y) the CPO Condition is satisfied.

Currency Hedge Transactions: In the event that any Currency Hedge Transaction terminates in whole at any time in circumstances in which the applicable Currency Hedge Counterparty is the "Defaulting Party" or sole "Affected Party" (each as defined in the applicable Currency Hedge Agreement), the Issuer (or the Collateral Manager on its behalf) shall use commercially reasonable endeavours to enter into a replacement Currency Hedge Transaction within 30 days of the termination thereof with a counterparty which (or whose guarantor) satisfies the applicable Rating Requirement and any applicable regulatory requirements.

Interest Rate Hedge Transactions: In the event that any Interest Rate Hedge Transaction terminates in whole at any time in circumstances in which the applicable Interest Rate Hedge Counterparty is the "Defaulting Party" or sole "Affected Party" (each as defined in the applicable Interest Rate Hedge Agreement) the Issuer (or the Collateral Manager on its behalf) shall use commercially reasonable endeavours to enter into a replacement Interest Rate Hedge Transaction within 30 days of the termination thereof with a counterparty which (or whose guarantor) satisfies the applicable Rating Requirement and any applicable regulatory requirements.

Standard Terms of Currency Hedge Transactions

Any Currency Hedge Transaction will contain the following terms (*provided that* the Issuer may enter into Currency Hedge Transactions on different terms than those set forth below, subject to receipt of Rating Agency Confirmation in respect thereof or such Currency Hedge Transaction being a Form Approved Hedge):

- (a) on the effective date of entry into such transaction, the Issuer pays to the Currency Hedge Counterparty an initial exchange amount in Euros equal to the purchase price of such Non-Euro Obligation, converted into Euros at the Currency Hedge Transaction Exchange Rate in exchange for payment by the Currency Hedge Counterparty of an initial exchange amount in the relevant currency equal to the purchase price of such Non-Euro Obligation;
- (b) on the scheduled date of termination of such transaction, which shall be the date falling two Business Days after the date on which the Non-Euro Obligation is scheduled to mature or such later date as otherwise specified in the relevant confirmation, the Issuer pays to the Currency Hedge Counterparty a final exchange amount equal to the amount payable upon maturity of the Non-Euro Obligation in the relevant currency (the "**Proceeds on Maturity**") in exchange for payment by the Currency Hedge Counterparty of a final exchange amount denominated in Euros, such final exchange amount to be an amount equal to the Proceeds on Maturity converted into Euros at the Currency Hedge Transaction Exchange Rate;
- (c) two Business Days following the date of each scheduled payment of interest on the related Non-Euro Obligation or such later date as otherwise specified in the relevant confirmation, the Issuer pays to the Currency Hedge Counterparty an amount in the relevant non-Euro currency based on the principal amount outstanding from time to time of the relevant Non-Euro Obligation (the "**Non-Euro Notional Amount**") and equal to the interest payable in respect of the Non-Euro Obligation and the Currency Hedge Counterparty will pay to the Issuer an amount based on the outstanding principal amount of the related Non-Euro Obligation and equal to the interest payable in respect of the Non-Euro Obligation converted into Euros at the Currency Hedge Transaction Exchange Rate (the "**Euro Notional Amount**"); and
- (d) following the sale of any Non-Euro Obligation, the Issuer shall pay to the Currency Hedge Counterparty an amount equal to the sale proceeds of such Non-Euro Obligation in the relevant currency (the "**Proceeds on Sale**") in exchange for payment by the Currency Hedge Counterparty of an amount denominated in Euros, such amount to be an amount equal to the Proceeds on Sale converted into Euros at the Currency Hedge Transaction Exchange Rate less any amounts payable to the Currency Hedge Counterparty in respect of the early termination of the relevant Currency Hedge Transaction (but, for the avoidance of doubt, no breakage or other costs will be payable to the Currency Hedge Counterparty in connection with a prepayment, repayment or redemption of the related Non-Euro Obligation).

The Collateral Manager, acting on behalf of the Issuer, shall convert all amounts received by it in respect of any Non-Euro Obligation which is not the subject of a related Currency Hedge Transaction into Euros promptly upon receipt thereof at the then prevailing Spot Rate and shall procure that such amounts are paid into the Principal Account or the Interest Account, as applicable. The Collateral Manager (on behalf of the Issuer) is also authorised to enter into spot exchange transactions, as necessary, to fund the Issuer's payment obligations under any Currency Hedge Transaction.

All amounts received by the Issuer in respect of Non-Euro Obligations shall be paid into the appropriate Currency Account and all amounts payable by the Issuer under any Currency Hedge Transaction (other than any initial exchange amounts payable in Euros by the Issuer, any Currency Hedge Replacement Payments and any Currency Hedge Issuer Termination Payments save to the extent otherwise provided in Condition 3(k)(ix) (*Currency Accounts*)) will be paid out of the appropriate Currency Account, in each case to the extent amounts are available therein.

The Issuer shall only be obliged to pay Scheduled Periodic Currency Hedge Issuer Payments to a Currency Hedge Counterparty if and to the extent it actually receives the corresponding amount in respect of the relevant Non-Euro Obligation.

Notwithstanding the above, if, in the reasonable opinion of the Collateral Manager, entry into a Hedge Agreement would require registration of the Collateral Manager as a commodity pool operator, the Issuer will not be permitted to enter into such Hedge Agreement unless such registration is made by the Collateral Manager with respect to, and at the expense of, the Issuer.

Upon the acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), and upon the Trustee (or any agent or appointee thereof), the Collateral Manager or any other agent of the Issuer (including any insolvency practitioner, receiver, examiner or equivalent such person in any relevant jurisdiction), selling the relevant Non-Euro Obligation, the Currency Hedge Counterparty shall receive the proceeds of the sale of the Non-Euro Obligation from the Currency Account of the Issuer, outside of the Post-Acceleration Priority of Payments and return the Euro equivalent amount owing, less any amount payable to the Currency Hedge Counterparty in respect of the early termination of the Currency Hedge Transaction in connection with such sale and the Currency Hedge Transaction shall terminate in accordance with its terms.

Notwithstanding the above, upon the insolvency of the Issuer and/or the acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), the Currency Hedge Counterparty may, but shall not be obliged to, terminate any or all Currency Hedge Transactions in which case any Currency Hedge Issuer Termination Payment would be paid (following acceleration of the Notes) in accordance with Condition 10(b) (*Acceleration*) and the Post-Acceleration Priority of Payments.

Standard Terms of Hedge Agreements

Each Hedge Agreement entered into by or on behalf of the Issuer shall contain the following standard provisions, save to the extent that any change thereto is agreed by the applicable Hedge Counterparty and subject to receipt of Rating Agency Confirmation in respect thereof (other than in respect of any Form Approved Hedges).

Gross up

Under each Hedge Agreement neither the Issuer nor the applicable Hedge Counterparty will be obliged to gross up any payments thereunder in the event of any withholding or deduction for or on account of tax required to be paid on such payments. Any such event may however result in a "Tax Event" which is a "Termination Event" for the purposes of the relevant Hedge Agreement. In the event of the occurrence of a Tax Event (as defined in such Hedge Agreement), each Hedge Agreement will include provision for the relevant Affected Party (as defined therein) to use reasonable endeavours to (i) (in the case of the Hedge Counterparty) arrange for a transfer of all of its interests and obligations under the Hedge Agreement and all Transactions (as defined in the Hedge Agreement) thereunder to an Affiliate acceptable to the Issuer that is incorporated in another jurisdiction so as to avoid the requirement to withhold or deduct for or on account of tax; or (ii) (in the case of the Issuer) if a substitute principal obligor under the Notes has been substituted for the Issuer in accordance with Condition 9 (*Taxation*), arrange for a transfer of all of its interest and obligations under the Hedge Agreement and all Transactions thereunder to that substitute principal obligor so as to avoid the requirement to withhold or deduct for or on account of tax subject to satisfaction of the conditions specified therein (including receipt of Rating Agency Confirmation).

Limited Recourse and Non-Petition

The obligations of the Issuer under each Hedge Agreement will be limited to the proceeds of enforcement of the Collateral as applied in accordance with the Priorities of Payments set out in Condition 3(c) (*Priorities of Payments*), provided that any Counterparty Downgrade Collateral standing to the credit of a Counterparty Downgrade Collateral Account shall be applied and delivered by the Issuer (or by the Collateral Manager on its behalf) in accordance with Condition 3(k)(v) (*Counterparty Downgrade Collateral Accounts*). The Issuer will have the benefit of non-petition language similar to the language set out in Condition 4(c) (*Limited Recourse and Non-Petition*).

Termination Provisions

Each Hedge Agreement may terminate by its terms, whether or not the Notes have been paid in full prior to such termination, upon the earlier to occur of certain events, which may include but are not limited to:

- (a) certain events of bankruptcy, insolvency, receivership or reorganisation of the Issuer or the related Hedge Counterparty;
- (b) failure on the part of the Issuer or the related Hedge Counterparty to make any payment under the applicable Hedge Agreement after taking into account the applicable grace period;
- (c) a change in law making it illegal for either the Issuer or the related Hedge Counterparty to be a party to, or perform its obligations under, the applicable Hedge Agreement;
- (d) in certain circumstances, upon a regulatory change or change in the regulatory status of the Issuer, as further described in the relevant Hedge Agreement;
- (e) any amendment to any provisions of the Transaction Documents without the written consent of the Hedge Counterparty which has a material adverse effect on its rights thereunder, or as further described in the relevant Hedge Agreement;
- (f) failure by a Hedge Counterparty to comply with the requirements of the Rating Agencies in the event that it (or, as relevant, its guarantor) is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement;
- (g) upon the early redemption in full or acceleration of the Notes; and
- (h) any other event as specified in the relevant Hedge Agreement.

A termination of a Hedge Agreement does not constitute a Note Event of Default under the Notes though the repayment in full of the Notes may be an additional termination event under a Hedge Agreement.

Upon the occurrence of any Event of Default or Termination Event (each as defined in the applicable Hedge Agreement), a Hedge Agreement may be terminated by the Hedge Counterparty or the Issuer (or the Collateral Manager on its behalf) in accordance with the detailed provisions thereof and a lump sum (the "**Termination Payment**") may become payable by the Issuer to the applicable Hedge Counterparty or vice versa. Such Termination Payment will be determined by the applicable Hedge Counterparty and/or Issuer (or the Collateral Manager on its behalf) by reference to market quotations obtained in respect of the entry into a replacement swap(s) on the same terms as the applicable Hedge Agreement that terminated and/or any loss suffered by a party, as described in the applicable Hedge Agreement.

Rating Downgrade Requirements

Each Hedge Agreement shall contain provisions requiring certain remedial action to be taken in the event that the Hedge Counterparty (or, as relevant, its guarantor) is subject to a rating withdrawal or downgrade, such provisions being in accordance with the rating methodology of the Rating Agencies at the time of entry into such Hedge Agreements. Such provisions may include a requirement that a Hedge Counterparty must post collateral or transfer the Hedge Agreement to another entity (or, as relevant, its guarantor) meeting the applicable Rating Requirement or procure that a guarantor meeting the applicable Rating Requirement guarantees its obligations under the Hedge Agreement or take other actions subject to Rating Agency Confirmation.

Transfer and Modification

The Collateral Manager acting on behalf of the Issuer, may not modify any Hedge Transaction or Hedge Agreement without Rating Agency Confirmation in relation to such modification, save to the extent that it would constitute a Form Approved Hedge following such modification. A Hedge Counterparty may transfer its rights and obligations under a Hedge Agreement to any institution which (or whose credit support provider (as defined in the applicable Hedge Agreement)) satisfies the applicable Rating Requirement and provided that such institution satisfies any applicable regulatory requirements.

Any of the requirements set out herein may be modified in order to meet any new or additional requirements of any Rating Agency then rating any Class of Notes.

Governing Law

Each Hedge Agreement together with each Hedge Transaction thereunder in each case, including any non-contractual obligations arising out of or in relation thereto, will be governed by, and construed in accordance with, the laws of England.

Reporting of Specified Hedging Data

The Collateral Manager, on behalf of the Issuer, may from time to time enter into one or more agreements (each a "**Reporting Delegation Agreement**") for the delegation of certain derivative transaction reporting obligations to one or more Hedge Counterparties or third parties (each, in such capacity, a "**Reporting Delegate**").

Each Reporting Delegation Agreement, including any non-contractual obligations arising out of or in relation thereto, will be governed by, and construed in accordance with, the laws of England.

TAX CONSIDERATIONS

1. General

Purchasers of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Note.

POTENTIAL PURCHASERS ARE WHOLLY RESPONSIBLE FOR DETERMINING THEIR OWN TAX POSITION IN RESPECT OF THE NOTES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THEIR TAX POSITION ON PURCHASE, OWNERSHIP, TRANSFER OR EXERCISE OF ANY NOTE SHOULD CONSULT THEIR OWN TAX ADVISERS. IN PARTICULAR, NO REPRESENTATION IS MADE AS TO THE MANNER IN WHICH PAYMENTS UNDER THE NOTES WOULD BE CHARACTERISED BY ANY RELEVANT TAXING AUTHORITY. POTENTIAL INVESTORS SHOULD BE AWARE THAT THE RELEVANT FISCAL RULES OR THEIR INTERPRETATION MAY CHANGE, POSSIBLY WITH RETROSPECTIVE EFFECT, AND THAT THIS SUMMARY IS NOT EXHAUSTIVE. THIS SUMMARY DOES NOT CONSTITUTE LEGAL OR TAX ADVICE OR A GUARANTEE TO ANY POTENTIAL INVESTOR OF THE TAX CONSEQUENCES OF INVESTING IN THE NOTES. POTENTIAL INVESTORS SHOULD NOTE THE DISCUSSION ON THE FOREIGN ACCOUNT TAX COMPLIANCE ACT AND ITS POSSIBLE IMPLICATIONS FOR NOTEHOLDERS AS SET OUT BELOW.

2. Netherlands Taxation

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Offering Circular, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) investment institutions (fiscale beleggingsinstellingen);*
- (ii) pension funds, exempt investment institutions (vrijgestelde beleggingsinstellingen) or other entities that are not subject to or exempt from Netherlands corporate income tax;*
- (iii) holders of Notes holding a substantial interest (aanmerkelijk belang) or deemed substantial interest (fictief aanmerkelijk belang) in the Issuer and holders of Notes of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;*
- (iv) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (afgezonderd particulier vermogen) provisions of the Netherlands Income Tax Act 2001 (Wet inkomstenbelasting 2001) and the Netherlands Gift and Inheritance Tax Act 1956 (Successiewet 1956); and*

- (v) *entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba and the Notes are attributable to such permanent establishment or permanent representative.*

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Withholding Tax

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and Individual Income Tax

Residents of the Netherlands

If a holder of Notes is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (at up to a maximum rate of 25%).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes or has opted to be treated as a resident of the Netherlands for individual income tax purposes income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 52%) under the Netherlands Income Tax Act 2001, if:

- (i) the individual is an entrepreneur (ondernemer) and has an enterprise to which the Notes are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (medegerechtigde), to which enterprise the Notes are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (resultaat uit overige werkzaamheden), which includes activities with respect to the Notes that exceed regular, active portfolio management (normaal, actief vermogensbeheer).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes, must determine taxable income with regard to the Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a rate of 4% of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The 4% deemed return on income from savings and investments is taxed at a rate of 30%.

Non-residents of the Netherlands

If a person is not a resident of the Netherlands nor is deemed to be a resident of the Netherlands for Netherlands corporate or individual income tax purposes, nor has opted to be treated as a resident of the Netherlands for individual income tax purposes, such person is not liable to Netherlands income tax in respect of income derived from the Notes and gains realised upon the settlement, redemption or disposal of the Notes, unless:

- (a) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are

attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable. This income is subject to Netherlands corporate income tax at up to a maximum rate of 25%.

- (b) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are attributable, or (2) realises income or gains with respect to the Notes that qualify as income from miscellaneous activities in the Netherlands which includes activities with respect to the Notes that exceed regular, active portfolio management (normaal, actief vermogensbeheer), or (3) is other than by way of securities entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

Income derived from the Notes as specified under (1) and (2) is subject to individual income tax at progressive rates up to a maximum rate of 52%. Income derived from a share in the profits of an enterprise as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Notes) will be part of the individual's Netherlands yield basis.

Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- (i) the holder of a Note is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of a cash payment made under the Notes, or in respect of a transfer of Notes.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

The proposed financial transactions tax

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common financial transaction tax (the "**FTT**") in Austria, Belgium, Germany, Estonia, Greece, France, Italy, Portugal, Slovenia, Slovakia and Spain (the participating Member States).

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established

in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

A joint statement issued in May 2014 by ten of the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. The FTT, as initially implemented on this basis, may not apply to dealings in the Notes.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

3. United States Federal Income Taxation

Introduction

This is a discussion of the principal U.S. federal income tax consequences of the acquisition, ownership, disposition, and retirement of the Notes. Except as expressly set out below, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to a particular Noteholder based on such Noteholder's particular circumstances, nor does it address any aspect of state, local, or non-U.S. tax laws, alternative minimum tax considerations or the possible application of U.S. federal gift or estate taxes. In particular, except as expressly set out below, this discussion does not address aspects of U.S. federal income taxation that may be applicable to Noteholders that are subject to special treatment, including Noteholders that:

- (i) are broker-dealers, securities traders, insurance companies, tax-exempt organisations, financial institutions, real estate investment trusts, regulated investment companies or grantor trusts;
- (ii) are certain former citizens or long-term residents of the United States;
- (iii) hold Notes as part of a "straddle", "hedge", "conversion", "integrated transaction" or "constructive sale" with other investments; or
- (iv) own or are deemed to own 10 per cent. or more, by voting power or value, of the equity of the Issuer (including Subordinated Notes and any Notes treated as equity for U.S. federal income tax purposes).

This discussion considers only Noteholders that will hold Notes as capital assets and does not address special tax consequences that apply to U.S. Noteholders (as defined below) whose functional currency is not the U.S. dollar. This discussion is generally limited to the tax consequences to initial Noteholders that purchase Notes upon their initial issue at their issue price (as defined below).

For purposes of this discussion, "**U.S. Noteholder**" means a beneficial owner of a Note that is, for U.S. federal income tax purposes:

- (i) a citizen or individual resident of the United States;
- (ii) a corporation created or organised under the laws of the United States or any political subdivision thereof or therein;
- (iii) an estate, the income of which is subject to U.S. federal income tax regardless of the source; or
- (iv) a trust, (i) that validly elects to be treated as a U.S. person for U.S. federal income tax purposes; or (ii)(A) if a court within the U.S. is able to exercise primary supervision over the administration of the trust; and (B) one or more U.S. persons have the authority to control all substantial decisions of the trust.

The term "**non-U.S. Noteholder**" means, for purposes of this discussion, a beneficial owner of the Notes that is not a U.S. Noteholder.

If a partnership (or any other entity treated as a partnership for U.S. federal income tax purposes) holds the Notes, the tax treatment of the partnership and a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Such a partner or partnership should consult its own tax advisor as to the consequences of the acquisition, ownership, disposition and retirement of the Notes.

This discussion is based upon the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), existing and proposed regulations thereunder, and current administrative rulings and court decisions, each as available and in effect as of the date hereof. All of the foregoing are subject to change, possibly on a retroactive basis, and any such change could affect the continuing validity of this discussion. Furthermore, there are no cases or rulings by the U.S. Internal Revenue Service (the "**IRS**") addressing entities similar to the Issuer or securities similar to the Notes. As a result, the IRS might disagree with all or part of the discussion below. No rulings will be requested of the IRS regarding the issues discussed below or the U.S. federal income tax characterisation of the Notes.

Prospective Noteholders should consult their tax advisor concerning the application of U.S. federal income tax laws, as well as the laws of any state or local taxing jurisdiction, to their particular situation.

United States Taxation of the Issuer

Generally. The Issuer will be treated as a foreign corporation for U.S. federal income tax purposes.

United States Federal Income Taxes. Upon the issuance of the Notes, Allen & Overy LLP, special U.S. tax counsel to the Issuer, will deliver an opinion generally to the effect that, although there is no direct authority addressing transactions similar to those contemplated herein, under current law, assuming compliance with the Transaction Documents and based upon certain factual representations made by the Issuer and/or the Collateral Manager, and assuming the correctness of all opinions and advice of counsel that permit the Issuer to take or fail to take any action under the Transaction Documents based upon such opinions or advice, although the matter is not free from doubt, the Issuer will not be treated as engaged in the conduct of a trade or business within the United States for U.S. federal income tax purposes. The opinion of Allen & Overy LLP will be based on certain factual assumptions, covenants and representations as to the Issuer's contemplated activities. The Issuer intends to conduct its affairs in accordance with such assumptions and representations, and the remainder of this summary assumes that the Issuer will not be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes. In addition, you should be aware that the opinion referred to above will be predicated upon the Collateral Manager's compliance with certain U.S. tax restrictions set out in the Trust Deed and the Collateral Management and Administration Agreement (the "**Trading Restrictions**"), which are intended to prevent the Issuer from engaging in activities which could give rise to a trade or business within the United States. Although the Collateral Manager has generally undertaken to comply with the Trading Restrictions, the Trading Restrictions may be amended if the Issuer receives an opinion from internationally recognised U.S. tax counsel that the amendment will not cause the Issuer to be treated as engaged in a trade or business within the United States. There can be no assurance that any such opinion will be consistent with Allen & Overy LLP's views and opinion standards. Any such amendments would not be covered by the opinion of Allen & Overy LLP referred to above. Furthermore, the Collateral Manager is not obligated to monitor (or conform the Issuer's activities in order to comply with) changes in law, and accordingly, any such changes could adversely affect whether the Issuer is treated as engaged in a U.S. trade or business. The opinion of Allen & Overy LLP is not binding on the IRS or the courts, and no ruling will be sought from the IRS regarding this, or any other, aspect of the U.S. federal income tax treatment of the Issuer. Accordingly, in the absence of authority on point, the U.S. federal income tax treatment of the Issuer is not entirely free from doubt, and there can be no assurance that positions contrary to those stated in the opinion of Allen & Overy LLP may not be asserted successfully by the IRS. If the IRS were to successfully assert that the Issuer is engaged in a U.S. trade or business, however, there could be material adverse financial consequences to the Issuer and to persons who hold the Notes. There can be no assurance that the Issuer's net income will not become subject to U.S. federal net income tax as a result of unanticipated activities by the Issuer, changes in law, contrary conclusions by U.S. tax authorities or other causes. In such a case, the Issuer would be potentially subject to substantial U.S. federal income tax and, in

certain circumstances, interest payments by the Issuer under the Notes could be subject to U.S. withholding tax. The imposition of any of the foregoing taxes would materially affect the Issuer's ability to pay principal, interest, and other amounts owing in respect of the Notes.

Withholding and Gross Income Taxes. Although the Issuer does not intend to be subject to U.S. federal income tax with respect to its net income, income derived by the Issuer may be subject to withholding or gross income taxes imposed by the United States or other countries, and the imposition of such taxes could materially affect its financial ability to make payments on the Notes. In this regard and subject to certain exceptions, the Issuer may generally only acquire a particular Obligation if, at the time of commitment to purchase, either the interest payments thereon are not subject to withholding tax or the issuer of the Obligation is required to make "gross-up" payments. The Issuer may, however, be subject to withholding or gross income taxes in respect of interest and disposition proceeds in respect of Obligations giving rise to U.S. source income if such Obligations are issued or materially modified after 1 July, 2014 (as discussed in more detail under "*Tax Considerations – Foreign Account Tax Compliance Act*"), and such withholding or gross income taxes may not be grossed up.

Notwithstanding the foregoing, there can be no assurance that income derived by the Issuer will not become subject to withholding or gross income taxes as a result of changes in law, contrary conclusions by the IRS, or other causes. In that event, such withholding or gross income taxes could be applied retroactively to fees or other income previously received by the Issuer. To the extent that withholding or gross income taxes are imposed and not paid through withholding, the Issuer may be directly liable to the taxing authority to pay such taxes.

U.S. Characterisation and U.S. Tax Treatment of the Rated Notes

Characterisation of the Rated Notes. Upon the issuance of the Notes, Allen & Overy LLP will deliver an opinion generally to the effect that under current law, assuming compliance with the Transaction Documents, and based on certain assumptions and factual representations made by the Issuer and/or the Collateral Manager, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be treated, and the Class E Notes should be treated, as debt of the Issuer for U.S. federal income tax purposes. No opinion will be given in respect of the Class F Notes, although the Issuer intends to treat the Class F Notes as debt of the Issuer for U.S. federal income tax purposes.

The Issuer has agreed and, by its acceptance of a Rated Note, each Noteholder of a Rated Note (or any interest therein) will be deemed to have agreed, to treat the Rated Notes as debt of the Issuer for U.S. federal income tax purposes, except as otherwise required by applicable law. The determination of whether a Rated Note will be treated as debt for United States federal income tax purposes is based on the facts and circumstances existing at the time the Rated Note is issued. Prospective investors should be aware that opinions of counsel are not binding on the IRS, and there can be no assurance that the IRS will not seek to characterise as something other than indebtedness any particular Class or Classes of the Rated Notes. Except as discussed under "*—Alternative Characterisation of the Rated Notes*" below, the balance of this discussion assumes that the Rated Notes of all Classes will be characterised as debt of the Issuer for U.S. federal income tax purposes.

Payments of Interest on the Rated Notes. A U.S. Noteholder of a Rated Note that uses the cash method of accounting must include in income the U.S. dollar value of Euro interest paid when received. Euro interest received is translated at the U.S. dollar spot rate of Euro on the date of receipt, regardless of whether the payment is converted into U.S. dollars on the date of receipt. A cash method U.S. Noteholder therefore generally will not have foreign currency gain or loss on receipt of a Euro interest payment but may have foreign currency gain or loss upon disposing of the Euro received.

A U.S. Noteholder of a Rated Note that uses the accrual method of accounting or any U.S. Noteholder required to accrue original issue discount ("**OID**") will be required to include in income the U.S. dollar value of Euro interest accrued during the accrual period. An accrual basis U.S. Noteholder may determine the amount of income recognised with respect to such interest using either of two methods, in either case regardless of whether the payments are in fact converted into U.S. dollars on the date of receipt. Under the first method, the U.S. dollar value of accrued interest is translated at the average Euro rate for the interest accrual period (or, with respect to an accrual period that spans two taxable years, the partial period within the taxable year). An accrual method U.S. Noteholder of a Rated Note that uses this first method will therefore recognise foreign currency gain or loss, as the case may be, on

interest paid to the extent that the U.S. dollar/Euro exchange rate on the date the interest is received differs from the rate at which the interest income was accrued. Under the second method, the U.S. Noteholder can elect to accrue interest at the Euro spot rate on the last day of an interest accrual period (or, in the case of an accrual period that spans two taxable years, at the exchange rate in effect on the last day of the partial period within the taxable year) or, if the last day of an interest accrual period is within five business days of the receipt of such interest, the spot rate on the date of receipt. An election to accrue interest at the spot rate generally will apply to all foreign currency denominated debt instruments held by the U.S. Noteholder, and is irrevocable without the consent of the IRS. Regardless of the method used to accrue interest, a U.S. Noteholder may have additional foreign currency gain or loss upon a subsequent disposition of the Euro received.

For U.S. federal income tax purposes, OID is the excess of the "stated redemption price at maturity" of a debt instrument over its "issue price", if that excess equals or exceeds $\frac{1}{4}$ of 1 per cent. of the debt instrument's stated redemption price at maturity multiplied by the number of complete years from its issue date to its maturity or weighted average maturity in the case of instalment obligations (the "**OID de minimis amount**"). The "stated redemption price at maturity" of a debt instrument such as the Rated Notes is the sum of all payments required to be made on the Rated Note other than "qualified stated interest" payments. The "**issue price**" of a Rated Note generally is the first offering price to the public at which a substantial amount of the debt instrument is sold. The term "qualified stated interest" generally means stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer), or that is treated as constructively received, at least annually at a single fixed rate or, under certain conditions discussed below, at a variable rate.

Prospective U.S. Noteholders should note that to the extent that interest payments on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes (together the "**Deferrable Notes**") are not made on a relevant Payment Date, such unpaid interest amounts will be deferred and the amount thereof added to the aggregate principal amount of such Notes. Consequently, such interest is not unconditionally payable in cash or property at least annually and will not be treated as "qualified stated interest". Therefore, all of the stated interest payments on each of the Deferrable Notes, will be included in the stated redemption price at maturity of such Notes, and as a result the Deferrable Notes will be treated as issued with OID.

The Rated Notes may be debt instruments described in Section 1272(a)(6) of the Code (debt instruments that may be accelerated by reason of the prepayment of other debt obligations securing such debt instruments). Special tax rules principally relating to the accrual of OID, market discount, and bond premium apply to debt instruments described in Section 1272(a)(6). Further, those debt instruments may not be treated for U.S. federal income tax purposes as part of an integrated transaction with a related hedge under Treasury Regulation Section 1.1275-6. Prospective investors should consult with their own tax advisors regarding the effects of Section 1272(a)(6) of the Code.

If a U.S. Noteholder holds a Rated Note with OID (an "**OID Note**") such U.S. Noteholder may be required to include OID in income before receipt of the associated cash payment, regardless of the U.S. Noteholder's accounting method for tax purposes. If the U.S. Noteholder is an initial purchaser of an OID Note, the amount of the OID includible in income is the sum of the daily accruals of the OID for the Note for each day during the taxable year (or portion of the taxable year) in which such U.S. Noteholder held the OID Note. The daily portion is determined by allocating the OID for each day of the accrual period. An accrual period may be of any length and the accrual periods may even vary in length over the term of the OID Note, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs either on the first day of an accrual period or on the final day of an accrual period. The amount of OID allocable to an accrual period is equal to the difference between: (a) the product of the "adjusted issue price" of the OID Note at the beginning of the accrual period and its yield to maturity (computed generally on a constant yield method and compounded at the end of each accrual period, taking into account the length of the particular accrual period); and (b) the amount of any qualified stated interest allocable to the accrual period. The "adjusted issue price" of an OID Note at the beginning of any accrual period is the sum of the issue price of the OID Note plus the amount of OID allocable to all prior accrual periods reduced by any payments the U.S. Noteholder received on the OID Note that were not qualified stated interest. Under these rules, the U.S. Noteholder generally will have to include in income increasingly greater amounts of OID in successive accrual periods.

Each class of Rated Notes will be "variable rate debt instruments" if such class of Rated Notes (a) has an issue price that does not exceed the total non-contingent principal payments on such class of Rated Notes by more than an amount equal to the lesser of: (i) 0.015 multiplied by the product of such total non-contingent principal payments and the number of complete years to maturity of such class of Rated Notes; and (ii) 15 per cent. of the total non-contingent principal payments on such class of Rated Notes; (b) provides for stated interest (compounded or paid at least annually) at the current value of one or more qualified floating rates, including the EURIBOR rate, on such class of Rated Notes; and (c) does not provide for any principal payments that are contingent. The Rated Notes will qualify as variable rate debt instruments, provided the issue price is not more than 115,000 Euros per 100,000 Euro principal amount. Interest payments on certain "variable rate debt instruments" may be considered qualified stated interest.

If a debt instrument that provides for a variable rate of interest does not qualify as a variable rate debt instrument, the debt instrument will be treated as a contingent payment debt instrument. Thus, if any class of the Rated Notes does not qualify as a variable rate debt instrument, a U.S. Noteholder would be required to report income in respect of such Notes in accordance with U.S. Treasury regulations relating to contingent payment debt instruments, which generally require a U.S. Noteholder to accrue interest on a constant yield basis based on a projected payment schedule determined by the Issuer. The contingent payment debt instrument rules are complex and investors should consult with their own tax advisors with respect to the potential taxation of the Notes under the contingent payment debt instrument rules.

Because the OID rules are complex, each U.S. Noteholder of an OID Note should consult with its own tax advisor regarding the acquisition, ownership, disposition and retirement of such Note.

Interest on the Notes received by a U.S. Noteholder will generally be treated as foreign source "passive income" for U.S. foreign tax credit purposes, or, in certain cases, "general category income".

Sale, Exchange, Redemption or Repayment of the Rated Notes. Unless a non-recognition provision applies, a U.S. Noteholder generally will recognise gain or loss on the sale, exchange, repayment or other disposition of a Rated Note equal to the difference between the amount realised plus the fair market value of any property received on the disposition (other than amounts attributable to accrued but unpaid interest) and the U.S. Noteholder's adjusted tax basis in such Rated Note.

The amount realised on the sale, exchange, redemption or repayment of a Rated Note generally is determined by translating the Euro proceeds into U.S. dollars at the spot rate on the date the Rated Note is disposed of, while a U.S. Noteholder's adjusted tax basis in a Rated Note generally will be the cost of the Rated Note to the U.S. Noteholder, determined by translating the Euro purchase price into U.S. dollars at the spot rate on the date the Rated Note was purchased, and increased by the amount of any OID accrued and reduced by any payments other than payments of qualified stated interest of such Note. If, however, the Rated Notes are traded on an established securities market, a cash basis U.S. Noteholder or electing accrual basis U.S. Noteholder will determine the amount realised on the settlement date. An election by an accrual basis U.S. Noteholder to apply the spot exchange rate on the settlement date will be subject to the rules regarding currency translation elections described above, and cannot be changed without the consent of the IRS. The amount of foreign currency gain or loss realised with respect to accrued but unpaid interest is the difference between the U.S. Dollar value of the interest based on the spot exchange rate on the date the Rated Notes are disposed of and the U.S. Dollar value at which the interest was previously accrued. A U.S. Noteholder will have a tax basis in Euro received on the sale, exchange or retirement of a Rated Note equal to the U.S. dollar value of the Euro on the relevant date. Foreign currency gain or loss on a sale, exchange, redemption or repayment of a Rated Note is recognised only to the extent of total gain or loss on the transaction.

Foreign currency gain or loss recognised by a U.S. Noteholder on the sale, exchange or other disposition of a Rated Note (including repayment at maturity) generally will be treated as ordinary income or loss. Gain or loss in excess of foreign currency gain or loss on a Rated Note generally will be treated as capital gain or loss. The deductibility of capital losses is subject to limitations. In the case of a non-corporate U.S. Noteholder, preferential rates may apply to any capital gain if such U.S. Noteholder's holding period for such Rated Notes exceeds one year.

Alternative Characterisation of the Rated Notes. It is possible that the IRS may contend that any Class of Rated Notes should be treated in whole or in part as equity interests in the Issuer. Such a recharacterisation might result in material adverse U.S. federal income tax consequences to U.S. Noteholders. If U.S. Noteholders of one or more Classes of the Rated Notes were treated as owning equity interests in the Issuer, the U.S. federal income tax consequences to those U.S. Noteholders would be as described under "*U.S. Tax Treatment of U.S. Noteholders of the Subordinated Notes*" and "*Transfer and Other Reporting Requirements*."

U.S. Tax Treatment of U.S. Noteholders of the Subordinated Notes

The Issuer has agreed and, by its acceptance of a Subordinated Note, each Noteholder of a Subordinated Note will be deemed to have agreed, to treat all Subordinated Notes as equity in the Issuer for U.S. federal income tax purposes, except as otherwise required by any governmental authority. If U.S. Noteholders of the Subordinated Notes were treated as owning debt of the Issuer, the U.S. federal income tax consequences to those U.S. Noteholders would be as described under "*U.S. Classification and U.S. Tax Treatment of the Rated Notes*". The balance of this discussion assumes that the Subordinated Notes will properly be characterised as equity in the Issuer. Prospective investors should consult their own tax advisors regarding the consequences of acquiring, holding or disposing of the Subordinated Notes.

Investment in a Passive Foreign Investment Company. A non-U.S. corporation will be classified as a Passive Foreign Investment Company (a "**PFIC**") for U.S. federal income tax purposes if 75 per cent. or more of its gross income (including the *pro rata* share of the gross income of any corporation in which the non-U.S. corporation is considered to own 25 per cent. or more of the shares by value) in a taxable year is passive income. Alternatively, a non-U.S. corporation will be classified as a PFIC if at least 50 per cent. of its assets, averaged over the year and generally determined based on fair market value (including the *pro rata* share of the assets of any corporation in which the Issuer is considered to own 25 per cent. or more of the shares by value) are held for the production of, or produce, passive income.

Based on the assets that the Issuer expects to hold and the income anticipated thereon, it is highly likely that the Issuer will be classified as a PFIC for U.S. federal income tax purposes. Accordingly, the following discussion assumes that the Issuer will be a PFIC throughout the term of the Subordinated Notes, and U.S. Noteholders of Subordinated Notes should assume that they will be subject to the U.S. federal income tax consequences described below that result from owning stock in a PFIC (subject to the discussion below under "*Investment in a Controlled Foreign Corporation*").

If the PFIC rules are otherwise applicable, then unless a U.S. Noteholder elects to treat the Issuer as a "qualified electing fund" (as described in the next paragraph), upon certain distributions ("excess distributions") by the Issuer and upon a disposition of the Subordinated Notes at a gain, the U.S. Noteholder will be liable to pay tax at the highest tax rate on ordinary income in effect for each period to which the income is allocated plus interest on the tax, as if such distributions and gain had been recognised rateably over the U.S. Noteholder's holding period for the Subordinated Notes. An interest charge is also applied to the deferred tax amount resulting from the deemed rateable distribution.

If a U.S. Noteholder elects to treat the Issuer as a "qualified electing fund" (a "**QEF**"), distributions and gain will not be taxed as if recognised rateably over the U.S. Noteholder's holding period or subject to an interest charge. Instead, a U.S. Noteholder that makes a QEF election is required for each taxable year to include in income the U.S. Noteholder's *pro rata* share of the ordinary earnings of the qualified electing fund as ordinary income and a *pro rata* share of the net capital gain of the qualified electing fund as capital gain, regardless of whether such earnings or gain have in fact been distributed (assuming the discussion below under "*Investment in a Controlled Foreign Corporation*" does not apply), and subject to a separate election to defer payment of taxes, which deferral is subject to an interest charge. Consequently, in order to comply with the requirements of a QEF election, a U.S. Noteholder must receive from the Issuer certain information ("**QEF Information**"). The Issuer will cause its independent accountants to provide U.S. Noteholders of the Subordinated Notes, upon request by such U.S. Noteholder and at the U.S. Noteholder's expense, with the information reasonably available to the Issuer that a U.S. Noteholder would need to make a QEF election. Except as expressly noted, the discussion below assumes that a QEF election will not be made. The cost charged to the U.S.

Noteholder by the Issuer for providing the information may be significant and accordingly such Notes may not be a suitable investment for U.S. Noteholders.

If the Issuer is a PFIC, each U.S. Noteholder of a Subordinated Note must make an annual return on IRS Form 8621, reporting distributions received and gains realised with respect to each PFIC in which the U.S. Noteholder holds a direct or indirect interest. Special rules apply to certain regulated investment companies that own interests in PFICs and any such investor should consult with its own tax advisors regarding the consequences to it of acquiring Subordinated Notes. If a U.S. Noteholder does not file Form 8621, the statute of limitations on the assessment and collection of U.S. federal income taxes of such U.S. Noteholder for the related tax year may not close before the date which is three years after the date on which such report is filed. Prospective investors should consult their own tax advisors regarding the potential application of the PFIC rules.

Investment in a Controlled Foreign Corporation. Depending on the degree of ownership of the Subordinated Notes and other equity interests in the Issuer by U.S. Noteholders and whether the Subordinated Notes are treated as voting securities, the Issuer may constitute a controlled foreign corporation ("CFC"). In general, a foreign corporation will constitute a CFC if more than 50 per cent. of the shares of the corporation, measured by reference to combined voting power or value, are owned, directly or indirectly, by "**U.S. 10 per cent. Shareholders**". A "**U.S. 10 per cent. Shareholder**", for this purpose, is any U.S. person that owns or is treated as owning under specified attribution rules, 10 per cent. or more of the combined voting power of all classes of shares of a corporation. It is possible that the IRS may assert that the Subordinated Notes should be treated as voting securities, and consequently that the U.S. Noteholders owning Subordinated Notes so treated, or any combination of such Subordinated Notes and other voting securities of the Issuer, that constitute 10 per cent. or more of the combined voting power of all classes of shares of the Issuer are "U.S. 10 per cent. Shareholders" and that, assuming more than 50 per cent. of the Subordinated Notes and other voting securities of the Issuer are held by such U.S. 10 per cent. Shareholders, the Issuer is a CFC.

If the Issuer were treated as a CFC, a U.S. 10 per cent. Shareholder of the Issuer would be treated, subject to certain exceptions, as receiving a dividend at the end of the taxable year of the Issuer in an amount equal to that person's *pro rata* share of the "subpart F income" and investments in U.S. property of the Issuer. Among other items, and subject to certain exceptions, "subpart F income" includes dividends, interest, annuities, gains from the sale of shares and securities, certain gains from commodities transactions, certain types of insurance income and income from certain transactions with related parties. It is likely that, if the Issuer were to constitute a CFC, substantially all of its income would be subpart F income. In addition, special rules apply to determine the appropriate exchange rate to be used to translate such amounts treated as a dividend and the amount of any foreign currency gain or loss with respect to distributions of previously taxed amounts attributable to movements in exchange rates between the times of deemed and actual distributions and certain "dividends" from such CFC could be recharacterised as U.S. source income for U.S. foreign tax credit purposes. The Issuer will cause its independent accountants to provide U.S. Noteholders of the Subordinated Notes, upon request by such U.S. Noteholder and at the U.S. Noteholder's expense, with the information reasonably available to the Issuer that a U.S. Noteholder reasonably requests to assist such Noteholder with regard to filing requirements that such Noteholder is required to satisfy as a result of the controlled foreign corporation rules under the Code. Since such cost may be significant, the Subordinated Notes may not be a suitable investment for U.S. Noteholders. Unless otherwise noted, the discussion below assumes that the Issuer is not a CFC. U.S. Noteholders should consult their tax advisors regarding these special rules.

If the Issuer were to constitute a CFC, for the period during which a U.S. Noteholder of Subordinated Notes is a U.S. 10 per cent. Shareholder of the Issuer, such Noteholder generally would be taxable on the subpart F income and investments in U.S. property of the Issuer under rules described in the preceding paragraph and not under the PFIC rules previously described. A U.S. Noteholder that is a U.S. 10 per cent. Shareholder of the Issuer subject to the CFC rules for only a portion of the time during which it holds Subordinated Notes should consult its own tax advisor regarding the interaction of the PFIC and CFC rules.

Distributions on the Subordinated Notes. Except to the extent that distributions are attributable to amounts previously taxed pursuant to the CFC rules or a QEF election is made, some or all of any distributions with respect to the Subordinated Notes may constitute excess distributions, taxable as

previously described. Distributions of current or accumulated earnings and profits of the Issuer which are not excess distributions will be taxed as dividends when received. The amount of such income is determined by translating Euro received into U.S. dollars at the spot rate on the date of receipt. A U.S. Noteholder may realise foreign currency gain or loss on a subsequent disposition of the Euro received.

Disposition of the Subordinated Notes. In general, a U.S. Noteholder of a Subordinated Note will recognise gain or loss upon the sale or exchange of the Subordinated Note equal to the difference between the amount realised and such Noteholder's adjusted tax basis in such Subordinated Note. Initially, the tax basis of a U.S. Noteholder should equal the amount paid for a Subordinated Note. Such basis will be increased by amounts taxable to such Noteholder by virtue of the QEF or CFC rules (if applicable), and decreased by actual distributions from the Issuer that are deemed to consist of such previously taxed amounts or are treated as a non-taxable return of capital. A U.S. Noteholder that receives foreign currency upon the sale or other disposition of the Subordinated Notes generally will realise an amount equal to the U.S. Dollar value of the foreign currency on the date of sale. A U.S. Noteholder will have a tax basis in the foreign currency received equal to the U.S. Dollar amount realised. Any gain or loss realised by a U.S. Noteholder on a subsequent conversion of the foreign currency for a different amount will be foreign currency gain or loss. If, however, the Subordinated Notes are traded on an established securities market, a cash basis U.S. Noteholder or electing accrual basis U.S. Noteholder will determine the amount realised on the settlement date.

Unless a QEF election is made, it is highly likely that any gain realised on the sale or exchange of a Subordinated Note will be treated as an excess distribution and taxed as ordinary income under the special tax rules described above (assuming that the PFIC rules apply and not the CFC rules).

Subject to a special limitation for individual U.S. Noteholders that have held the Subordinated Notes for more than one year, if the Issuer were treated as a CFC and a U.S. Noteholder were treated as a U.S. 10 per cent. Shareholder therein, then any gain realised by such Noteholder upon the disposition of Subordinated Notes would be treated as ordinary income to the extent of the U.S. Noteholder's *pro rata* share of current and accumulated earnings and profits of the Issuer and any of its subsidiaries. In this respect, earnings and profits would not include any amounts previously taxed pursuant to the CFC rules.

Foreign Currency Gain or Loss. A U.S. Noteholder of Subordinated Notes (or other Notes treated as equity interests in the Issuer) that recognises income from the Subordinated Notes under the QEF or CFC rules discussed above will recognise foreign currency gain or loss attributable to movement in foreign exchange rates between the date when it recognised income under those rules and the date when the income actually is distributed. Any such foreign currency gain or loss will be treated as ordinary income or loss from the same source as the associated income inclusion.

A U.S. Noteholder that purchases Subordinated Notes with previously owned foreign currency generally will recognise foreign currency gain or loss in an amount equal to any difference between the U.S. Noteholder's tax basis in the foreign currency and the U.S. dollar value of the foreign currency at the spot rate on the date the Notes are purchased. A U.S. Noteholder that receives foreign currency upon the sale or other disposition of the Subordinated Notes generally will realise an amount equal to the U.S. dollar value of the foreign currency on the date of sale. A U.S. Noteholder will have a tax basis in the foreign currency received equal to the U.S. dollar amount realised. Any gain or loss realised by a U.S. Noteholder on a subsequent conversion of the foreign currency for a different amount will be foreign currency gain or loss.

Transfer and Other Reporting Requirements

In general, U.S. Noteholders who acquire Subordinated Notes (or any Class of Notes that is recharacterised as equity in the Issuer) for cash may be required to file a Form 926 with the IRS and to supply certain additional information to the IRS if (i) such U.S. Noteholder owns (directly or indirectly) immediately after the transfer, at least 10 per cent. by vote or value of the Issuer or (ii) the transfer when aggregated with all related transfers under applicable regulations, exceeds U.S.\$100,000. In the event a U.S. Noteholder that is required to file fails to file such form, that U.S. Noteholder could be subject to a penalty of up to U.S.\$100,000 (computed as 10 per cent. of the gross amount paid for the Subordinated Notes) or more if the failure to file was due to intentional disregard of its obligation.

In addition, a U.S. Noteholder of Subordinated Notes (or any Class of Notes that is recharacterised as equity in the Issuer) that owns (actually or constructively) at least 10 per cent. by vote or value of the Issuer (and each officer or director of the Issuer that is a U.S. citizen or resident) may be required to file an information return on IRS Form 5471. A U.S. Noteholder of Subordinated Notes generally is required to provide additional information regarding the Issuer annually on IRS Form 5471 if it owns (actually or constructively) more than 50 per cent. by vote or value of the Issuer. U.S. Noteholders should consult their own tax advisors regarding whether they are required to file IRS Form 5471. In the event a U.S. Noteholder that is required to file such form fails to file such form, the U.S. Noteholder could be subject to a penalty of U.S.\$10,000 for each such failure to file (in addition to other consequences).

Prospective investors in the Subordinated Notes (or any Class of Notes or other interest that could be recharacterised as equity in the Issuer) should consult with their own tax advisors regarding whether they are required to file IRS Form 8886 in respect of this transaction. Such filing generally will be required if such investors file U.S. federal income tax returns or U.S. federal information returns and recognise losses in excess of a specified threshold, and significant penalties may be imposed on taxpayers that fail to file the form timely. Such filing will also generally be required by a U.S. Noteholder of the Subordinated Notes if the Issuer both participates in certain types of transactions that are treated as "reportable transactions," such as a transaction in which its loss exceeds a specified threshold, and either (x) such U.S. Noteholder owns 10 per cent. or more of the aggregate amount of the Subordinated Notes and makes a QEF Election with respect to the Issuer or (y) the Issuer is treated as a CFC and such U.S. Noteholder is a "U.S. Shareholder" (as defined above) of the Issuer. If the Issuer does participate in a reportable transaction, it will make reasonable efforts to make such information available. Significant penalties may be imposed on taxpayers required to file Form 8886 that fail to do so timely.

Certain U.S. Noteholders will be subject to reporting obligations with respect to their Notes if they do not hold them in an account maintained by a financial institution and the aggregate value of their Notes and certain other "specified foreign financial assets" exceeds \$50,000 on the last day of the taxable year (or \$75,000 on any day during the taxable year). Significant penalties can apply if a U.S. Noteholder is required to disclose its Notes and fails to do so.

U.S. Tax Treatment of Non-U.S. Noteholders

Subject to the discussions below under "*Information Reporting and Backup Withholding*", payments, including interest, OID and any amounts treated as dividends, on a Note to a non-U.S. Noteholder and gain realised on the sale, exchange or retirement of a Note by a non-U.S. Noteholder, will not be subject to U.S. federal income or withholding tax, unless (a) such income is effectively connected with a trade or business conducted by such non-U.S. Noteholder in the United States; or (b) in the case of federal income tax imposed on gain, such non-U.S. Noteholder is a non-resident alien individual who holds a Note as a capital asset and is present in the United States for 183 days or more in the taxable year of sale and certain other conditions are satisfied.

Information Reporting and Backup Withholding

The amount of interest and principal paid or accrued on the Notes, and the proceeds from the sale of a Note, in each case, paid within the United States or by a U.S. payor or U.S. middleman to a U.S. person (other than a corporation or other exempt recipient) will be reported to the IRS. Under the Code, a U.S. person may be subject, under certain circumstances, to "backup withholding tax" with respect to interest and principal on a Note or the gross proceeds from the sale of a Note paid within the United States or by a U.S. middleman or United States payor to a U.S. Person. Backup withholding tax generally applies only if the U.S. person: (a) fails to furnish its social security or other taxpayer identification number within a reasonable time after the request therefore; (b) furnishes an incorrect taxpayer identification number; (c) is notified by the IRS that it has failed to properly report interest OID or dividends; or (d) fails, under certain circumstances, to provide a certified statement, signed under penalty of perjury, that it has furnished a correct taxpayer identification number and has not been notified by the IRS that it is subject to backup withholding tax for failure to report interest and dividend payments.

Non-U.S. Noteholders or, in certain cases, their beneficial owners may be required to comply with certification procedures to establish that they are not U.S. Noteholders in order to avoid information reporting and backup withholding tax.

Backup withholding is not an additional tax. The amount of any backup withholding collected from a payment will be allowed as a credit against the recipient's U.S. federal income tax liability and may entitle the recipient to a refund, so long as the required information is properly furnished to the IRS. Noteholders should consult their own tax advisers about any additional reporting requirements that may arise as a result of their purchasing, holding or disposing of Notes.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR NOTEHOLDER. EACH PROSPECTIVE NOTEHOLDER IS STRONGLY URGED TO CONSULT ITS OWN TAX ADVISER ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE NOTEHOLDER'S OWN CIRCUMSTANCES.

4. Foreign Account Tax Compliance Act

FATCA imposes a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the relevant FFI (a "**Recalcitrant Noteholder**"). The Issuer may be classified as an FFI.

The new withholding regime is currently in effect for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt for U.S. federal tax purposes that are issued after the "**grandfathering date**", which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity for U.S. federal tax purposes, whenever issued.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS.

The United States and The Netherlands have entered into an agreement (the "**US-Netherlands IGA**") based largely on the Model 1 IGA. If the Issuer is treated as a Reporting FI pursuant to the US-Netherlands IGA it does not expect to be subject to FATCA Withholding on payments it receives. There can be no assurance, however, that the Issuer will be treated as a Reporting FI and that such withholding will not be imposed against the Issuer. If the Issuer does not become a Participating FFI, Reporting FI, or is not treated as exempt from or in deemed compliance with FATCA, the Issuer may be subject to FATCA Withholding on payments received from U.S. sources and Participating FFIs. Any such withholding imposed on the Issuer may reduce the amounts available to the Issuer to make payments on the Notes.

If the Issuer is treated as a Reporting FI pursuant to the US-Netherlands IGA, it does not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that it would in the future not be required

to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and any financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) a Noteholder is a Recalcitrant Noteholder.

Whether as a Reporting FI or Participating FFI, the Issuer expects to require (and that an Intermediary will require) each Noteholder to provide certifications and identifying information about itself and its owners (or beneficial owners) in order to enable the Issuer (or an Intermediary) to identify and report on the Noteholder and certain of the Noteholder's direct and indirect U.S. beneficial owners to the IRS or a Netherlands authority. Further, the Noteholder will be required to permit the Issuer to share such information with the relevant taxing authority. Although certain exceptions to these disclosure requirements could apply, each Noteholder should assume that the failure to provide the required information generally will compel the Issuer (or an Intermediary) to force the sale of the Noteholder's Notes (and such sale could be for less than its then fair market value).

Whilst the Notes are held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the common depositary, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive certificated form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form.

Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

5. EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. The Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Luxembourg and Austria are required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories

including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

CERTAIN ERISA CONSIDERATIONS

ERISA imposes certain requirements on "employee benefit plans" subject thereto including entities (such as collective investment funds, insurance company separate accounts and some insurance company general accounts) the underlying assets of which include the assets of such plans (collectively, "**ERISA Plans**"), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including the requirement of prudence, diversification, and that investments be made in accordance with the documents governing the plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan's particular circumstances and all of the facts and circumstances of the investment.

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan, as well as assets of those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts and Keogh plans, and entities the underlying assets of which include the assets of such plans (together with ERISA Plans, "**Plans**") and certain persons (referred to as "parties in interest" under ERISA or "disqualified persons" under the Code (collectively, "**Parties in Interest**")) having certain relationships to such Plans, unless a statutory or administrative exception or exemption is applicable to the transaction. A Party in Interest who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and the transaction may have to be rescinded at significant cost to the Issuer.

Governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and certain non-U.S. plans (as described in Section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility or prohibited transaction provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to substantially similar rules under federal, state, local or non-U.S. laws, and may be subject to the prohibited transaction rules of Section 503 of the Code.

Under ERISA and a regulation issued by the United States Department of Labor (29 C.F.R. Section 2510.3-101, as modified by Section 3(42) of ERISA, (the "**Plan Asset Regulation**")), if a Plan invests in an "equity interest" of an entity that is neither a "publicly offered security" nor a security issued by an investment company registered under the Investment Company Act of 1940, the Plan's assets are deemed to include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established (a) that the entity is an "operating company," as that term is defined in the Plan Asset Regulation, or (b) that less than 25 per cent. of the total value of each class of equity interest in the entity, disregarding the value of any equity interests held by persons (other than Benefit Plan Investors) with discretionary authority or control over the assets of the entity or who provide investment advice for a fee with respect to such assets (such as the Collateral Manager), and their respective Affiliates (each a "**Controlling Person**"), is held by Benefit Plan Investors (the "**25 per cent. Limitation**"). A "Benefit Plan Investor" means (1) an employee benefit plan (as defined in Section 3(3) of ERISA), subject to the provisions of Part 4 of Subtitle B of Title I of ERISA, (2) a plan to which Section 4975 of the Code applies, or (3) any entity whose underlying assets include plan assets by reason of such an employee benefit plan or plan's investment in such entity.

If the underlying assets of the Issuer are deemed to be Plan assets, the obligations and other responsibilities of Plan sponsors, Plan fiduciaries and Plan administrators, and of Parties in Interest, under Parts 1 and 4 of Subtitle B of Title I of ERISA and Section 4975 of the Code, as applicable, may be expanded, and there may be an increase in their liability under these and other provisions of ERISA and the Code. In addition, various providers of fiduciary or other services to the Issuer, and any other parties with authority or control with respect to the Issuer, could be deemed to be Plan fiduciaries or otherwise parties in interest or disqualified persons by virtue of their provision of such services (and there could be an improper delegation of authority to such providers).

The Plan Asset Regulation defines an "equity interest" as any interest in an entity other than an instrument that is treated as indebtedness under applicable local law and that has no substantial equity features. Although it is not free from doubt, the Class A Notes, Class B Notes, Class C Notes and the Class D Notes offered hereby will be treated by the Issuer as indebtedness with no substantial equity features for purposes of ERISA. The treatment of the Class A Notes, Class B Notes, the Class C Notes and the Class D Notes as not being equity interests in the Issuer could, however, be affected, subsequent to their issuance, by certain changes in the structure or financial condition of the Issuer. However, the characteristics of the Class E Notes and to a greater extent, the Class F Notes and the Subordinated Notes for purposes of the Plan Asset Regulation are less certain. The Class F Notes and the Subordinated Notes may be considered "equity interests" for purposes of the Plan

Asset Regulation. Accordingly, the Issuer intends to limit investments by Benefit Plan Investors in such Class E Notes (since the tax characterisation of the Class E Notes is less certain), Class F Notes and the Subordinated Notes. In reliance on representations made by investors in Class E Notes, Class F Notes and the Subordinated Notes, the Issuer intends to limit investment by Benefit Plan Investors in each of the Class E Notes, the Class F Notes and the Subordinated Notes to less than 25 per cent. of the Class E Notes, the Class F Notes and the Subordinated Notes (determined separately by class) at all times (excluding for purposes of such calculation the Class E Notes, Class F Notes and Subordinated Notes held by a Controlling Person). Each prospective purchaser (including a transferee) of a Class E Note, a Class F Note or a Subordinated Note will be required to make certain representations regarding its status as a Benefit Plan Investor or Controlling Person and other ERISA matters as described under "Transfer Restrictions" below. No Class E Note, Class F Note or Subordinated Note will be sold or transferred to purchasers that have represented that they are Benefit Plan Investors or Controlling Persons to the extent that such sale may result in Benefit Plan Investors owning 25 per cent. or more of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by class and in accordance with the Plan Asset Regulation and the Trust Deed). Except as otherwise provided by the Plan Asset Regulation, each Class E Note, Class F Note and Subordinated Note held by a person that has represented that they are a Controlling Person will be disregarded and will not be treated as outstanding for the purposes of determining compliance with such 25 per cent. limitation.

Even assuming the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes are not treated as equity interests in the Issuer for purposes of ERISA, it is possible that an investment in such Notes by a Benefit Plan Investor (or with the use of the assets of a Benefit Plan Investor) could be treated as a prohibited transaction under ERISA and/or Section 4975 of the Code. Such a prohibited transaction, however, may be subject to a statutory or administrative exemption. Even if an exemption were to apply, such exemption may not, however, apply to all of the transactions that could be deemed prohibited transactions in connection with an investment in the Notes by a Benefit Plan Investor.

Each of the Issuer, the Initial Purchaser, the Collateral Manager, or their respective Affiliates may be the sponsor of, or investment adviser with respect to one, or more Plans. Because such parties may receive certain benefits in connection with the sale of the Notes to such Plans, whether or not the Notes are treated as equity interests in the Issuer, the purchase of such Notes using the assets of a Plan over which any of such parties has investment authority might be deemed to be a violation of the prohibited transaction rules of ERISA and/or Section 4975 of the Code for which no exemption may be available. Accordingly, the Notes may not be acquired using the assets of any Plan if any of the Issuer, the Initial Purchaser, the Collateral Manager or their respective Affiliates has investment authority with respect to such assets (except to the extent (if any) that a favourable statutory or administrative exemption or exception applies).

It should be noted that an insurance company's general account may be deemed to include assets of Plans under certain circumstances, e.g., where a Plan purchases an annuity contract issued by such an insurance company, based on the reasoning of the United States Supreme Court in *John Hancock Mutual Life Ins. Co. v. Harris Trust and Savings Bank*, 510 U.S. 86 (1993). An insurance company considering the purchase of Notes with assets of its general account should consider such purchase and the insurance company's ability to make the representations described above in light of *John Hancock Mutual Life Ins. Co. v. Harris Trust and Savings Bank*, Section 401(c) of ERISA and a regulation promulgated by the U.S. Department of Labor under that Section of ERISA, 29 C.F.R. Section 2550.401c-1.

Each purchaser and transferee of a Class A Note, Class B Note, Class C Note or Class D Note or any interest in such Note will be deemed to have represented, warranted and agreed that (i) either (A) it is not, and is not acting on behalf of (and for so long as it holds any such Note or interest therein will not be, and will not be acting on behalf of), a Benefit Plan Investor or a governmental, church, non-U.S. or other plan which is subject to any federal, state, local or non-U.S. law that is substantially similar to the prohibited transaction provisions of Section 406 of ERISA and/or Section 4975 of the Code ("**Similar Law**"), and no part of the assets to be used by it to acquire or hold such Notes or any interest therein constitutes the assets of any Benefit Plan Investor or such governmental, church, non-U.S. or other plan, or (B) its acquisition, holding and disposition of such Notes (or interests therein) will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or, in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any Similar Law, and (ii) it will not sell or transfer such Notes (or interests therein) to a transferee acquiring such Notes (or interests therein) unless the transferee makes the foregoing representations, warranties and agreements described in clause (i) hereof.

Each initial investor (other than the Initial Purchaser) in a Class E Note, Class F Note or a Subordinated Note purchased on the Issue Date will be required to enter into a subscription agreement (and in the case of the Collateral Manager, a note purchase agreement) in which it will certify as to, among other matters, its status under the Securities Act, the Investment Company Act and ERISA.

If you are a purchaser or transferee of a Class E Note, a Class F Note or Subordinated Note in the form of a Regulation S Global Certificate or a Rule 144A Global Certificate you will be deemed to represent, warrant and agree that (i) you are not, and are not acting on behalf of, a Benefit Plan Investor or Controlling Person unless you receive the written consent of the Issuer, provide an ERISA certificate to the Issuer as to your status as a Benefit Plan Investor or Controlling Person and (unless the written consent of the Issuer to the contrary is obtained) hold such Certificate in the form of a Definitive Certificate; and (ii) (A) if you are, or are acting on behalf of, a Benefit Plan Investor, your acquisition, holding and disposition of such Notes will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and (B) if you are a governmental, church, non-U.S. or other plan, (1) you are not, and for so long as you hold such Notes or interest therein will not be, subject to any federal, state, local, non-U.S. or other law or regulation that could cause the underlying assets of the Issuer to be treated as assets of the investor in any Note (or any interest therein) by virtue of its interest and thereby subject the Issuer or the Collateral Manager (or other persons responsible for the investment and operation of the Issuer's assets) to Similar Law and (2) your acquisition, holding and disposition of such Notes will not constitute or result in a non-exempt violation of any Similar Law and (3) you will agree to certain transfer restrictions regarding your interest in such Notes.

If you are a purchaser or transferee of a Class E Note, a Class F Note or Subordinated Note in the form of a Definitive Certificate, you will be required to (i) represent and warrant in writing to the Issuer (1) whether or not, for so long as you hold such Notes or interest herein, you are, or are acting on behalf of, a Benefit Plan Investor, (2) whether or not, for so long as you hold such Notes or interest therein, you are a Controlling Person and (3) that (a) if you are, or are acting on behalf of, a Benefit Plan Investor, your acquisition, holding and disposition of such Notes will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code and (b) if you are a governmental, church, non-U.S. plan or other plan, (x) you are not, and for so long as you hold such Notes or interest therein will not be, subject to any federal, state, local, non-U.S. or other law or regulation that could cause the underlying assets of the Issuer to be treated as assets of the investor in any Note (or any interest therein) by virtue of its interest and thereby subject the Issuer or the Collateral Manager (or other persons responsible for the investment and operation of the Issuer's assets) to Similar Law and (y) your acquisition, holding and disposition of such Notes will not constitute or result in a non-exempt violation of any Similar Law, and (ii) agree to certain transfer restrictions regarding your interest in such Notes.

No transfer of an interest in Class E Notes, Class F Notes or Subordinated Notes will be permitted or recognised if it would cause the 25 per cent. Limitation described above to be exceeded with respect to the Class E Notes, Class F Notes or Subordinated Notes (determined separately by class).

Any Plan fiduciary considering whether to acquire a Note on behalf of a Plan or an employee benefit plan not subject to ERISA or Section 4975 of the Code should consult with its counsel regarding the potential consequences of such investment, the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and the Code and/or similar provisions of Similar Law, and the scope of any available exemption relating to such investment.

The sale of Notes to a Plan or an employee benefit plan not subject to ERISA or Section 4975 of the Code is in no respect a representation or warranty by the Issuer, or any other person that this investment meets all relevant legal requirements with respect to investments by Plans or such other plans generally or any particular plan, that any prohibited transaction exemption would apply to the acquisition, holding, or disposition of this investment by such plans in general or any particular plan, or that this investment is appropriate for such plans generally or any particular plan.

PLAN OF DISTRIBUTION

Credit Suisse Securities (Europe) Limited (in its capacity as initial purchaser, the "**Initial Purchaser**") has agreed with the Issuer, subject to the satisfaction of certain conditions, to subscribe and pay for each Class of the Notes (the "**Subscribed Notes**") pursuant to the Subscription Agreement. The Subscription Agreement entitles the Initial Purchaser to terminate it in certain circumstances prior to payment for the Notes being made to the Issuer.

The Initial Purchaser may offer the Notes at prices other than their initial issue price as may be negotiated at the time of sale.

The Retention Holder has agreed with the Initial Purchaser, subject to the satisfaction of certain conditions, to purchase the Retention Notes on the Issue Date from the Initial Purchaser at the respective issue prices for each Class.

It is a condition of the issue of the Notes of each Class that the Notes of each other Class be issued in the following principal amounts: Class A Notes: €209,500,000, Class B Notes: €37,600,000, Class C Notes: €24,250,000, Class D Notes: €16,250,000, Class E Notes: €23,400,000, Class F Notes: €10,800,000 and Subordinated Notes: €37,500,000.

The Issuer has agreed to indemnify the Initial Purchaser, the Collateral Manager, the Collateral Administrator, the Trustee and certain other participants against certain liabilities or to contribute to payments they may be required to make in respect thereof.

Certain of the Collateral Obligations may have been originally underwritten or placed by the Initial Purchaser. In addition, the Initial Purchaser may have in the past performed and may in the future perform investment banking services or other services for issuers of the Collateral Obligations. In addition, the Initial Purchaser and its Affiliates may from time to time as a principal or through one or more investment funds that it or they manage, make investments in the equity securities of one or more of the issuers of the Collateral Obligations, with a result that one or more of such issuers may be or may become controlled by the Initial Purchaser or its Affiliates.

No action has been or will be taken by the Issuer, the Initial Purchaser, the Retention Holder or the Collateral Manager that would permit a public offering of the Notes or possession or distribution of this Offering Circular or any other offering material in relation to the Notes in any jurisdiction where action for the purpose is required other than the application and the approval of this Offering Circular to and by the Irish Stock Exchange and the Central Bank. No offers, sales or deliveries of any Notes, or distribution of this Offering Circular or any other offering material relating to the Notes, may be made in or from any jurisdiction, except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligations on the Issuer or the Initial Purchaser.

The Notes have not been and will not be registered under the Securities Act and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. Persons or to U.S. Residents except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and in the manner so as not to require the registration of the Issuer as an "investment company" pursuant to the Investment Company Act.

The Issuer has been advised that the Initial Purchaser proposes to resell the Notes (a) to non-U.S. Persons in offshore transactions in reliance on Regulation S and in accordance with applicable law and (b) to U.S. Persons (directly or through its U.S. broker dealer Affiliate) in reliance on Rule 144A only to or for their own account or for the accounts of QIBs/QPs. The Credit Suisse Parties may retain a certain proportion of the Notes in their portfolios with an intention to hold to maturity or to trade. The holding or any sale of the Notes by these parties may adversely affect the liquidity of the Notes and may also affect the prices of the Notes in the primary or secondary market.

The Notes sold in reliance on Rule 144A will be issued in Minimum Denominations of €250,000 and Authorised Integral Amounts of €1,000 in excess thereof. Any offer or sale of Rule 144A Notes in reliance on Rule 144A will be made by broker dealers who are registered as such under the Exchange Act. After the Notes

are released for sale, the offering price and other selling terms may from time to time be varied by the Initial Purchaser.

The Initial Purchaser has acknowledged and agreed that it will not offer, sell or deliver any Regulation S Notes to, or for the account or benefit of, any U.S. Person or U.S. Resident as part of their distribution at any time and that it will send to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Regulation S Notes a confirmation or other notice setting forth the prohibition on offers and sales of the Regulation S Notes within the United States or to, or for the account or benefit of, any U.S. Person or U.S. Resident.

This Offering Circular has been prepared by the Issuer for use in connection with the offer and sale of the Notes and for the listing of the Notes of each Class on the Global Exchange Market of the Irish Stock Exchange. The Issuer and the Initial Purchaser reserve the right to reject any offer to purchase, in whole or in part, for any reason, or to sell less than the principal amount of Notes which may be offered. This Offering Circular does not constitute an offer to any person in the United States or to any U.S. Person. Listing

Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its Global Exchange Market. There can be no assurance that any such listing will be maintained. This Offering Circular constitutes listing particulars for the purpose of such application and has been approved as a listing particulars by the Irish Stock Exchange.

Expenses in relation to Admission to Trading

The expenses in relation to the admission of the Notes to trading on the Global Exchange Market will be approximately EUR6,500.

Consents and Authorisations

The Issuer has obtained all necessary consents, approvals and authorisations in The Netherlands (if any) in connection with the issue and performance of the Notes. The issue of the Notes was authorised by resolutions of the board of directors of the Issuer passed on 30 October 2014.

No Significant or Material Change

There has been no significant change in the financial or trading position or prospects of the Issuer since its incorporation on 4 April 2014 and there has been no material adverse change in the financial position or prospects of the Issuer since its incorporation on 4 April 2014.

No Litigation

The Issuer is not involved, and has not been involved, in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have or have had since the date of its incorporation a significant effect on the Issuer's financial position or profitability.

Accounts

Since the date of its incorporation, other than entering into the Warehouse Arrangements (and acquiring certain Collateral Obligations pursuant to them), the authorisation and issue of the Notes and the entry into the Transaction Documents and activities incidental to the exercise of its rights and compliance with its obligations under the Collateral Acquisition Agreements, the Subscription Agreement, other documents and agreements

entered into in connection with the issue of the Notes and the purchase of the Portfolio, the Issuer has not commenced operations and has not produced accounts.

So long as any Note remains outstanding, copies of the most recent annual audited financial statements of the Issuer can be obtained at the specified offices of the Issuer during normal business hours. The first financial statements of the Issuer will be in respect of the period from its incorporation to 31 December 2015. The annual accounts of the Issuer will be audited. The Issuer will not prepare interim financial statements.

The Trust Deed will require the Issuer to provide written confirmation to the Trustee on an annual basis and otherwise promptly on request that no Note Event of Default or Potential Note Event of Default (as defined in the Trust Deed) or other matter which is required to be brought to the Trustee's attention has occurred.

Listing Agent

Arthur Cox Listing Services Limited is acting solely in its capacity as listing agent for the Issuer in relation to the Notes and is not itself seeking admission of the Notes to the Official List of the Irish Stock Exchange or to trading on the Global Exchange Market of the Irish Stock Exchange for the purposes of the Prospectus Directive.

- (a) the articles of association of the Issuer;
- (b) the Subscription Agreement;
- (c) the Trust Deed (which includes the form of the Notes of each Class);
- (d) the Agency and Account Bank Agreement;
- (e) the Collateral Management and Administration Agreement;
- (f) the Issuer Management Agreement;

Post Issuance Reporting

The Issuer will provide post-issuance transaction information in relation to the issue of the Notes.

Enforceability of Judgments

The Issuer is a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under the laws of The Netherlands. None of the directors of the Issuer are residents of the United States, and all or a substantial portion of the assets of the Issuer and such persons are located outside of the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or such persons or to enforce against any of them in the United States courts judgments obtained in United States courts, including judgments predicated upon civil liability provisions of the securities laws of the United States or any State or territory within the United States.

As the United States and The Netherlands do not currently have a treaty providing for reciprocal recognition and enforcement of judgments (other than arbitral awards) in civil and commercial matters, a final judgment rendered by any federal court in the United States based on civil liability would not be enforceable in The Netherlands. However, if the party in whose favour such final judgment is rendered brings a new suit in a competent court in The Netherlands, such party may submit to a Dutch court the final judgment that has been rendered in the United States. Common law rules apply in order to determine whether a judgment of the United States courts shall be recognised and will then be enforceable in The Netherlands. A judgment of the United States courts will be recognised by the courts of The Netherlands if the following general requirements are met:

- (i) the United States court rendering the judgment had jurisdiction over the subject matter of the litigation on internationally acceptable grounds and has conducted the proceedings in accordance with general principles of fair trial;
- (ii) the foreign judgment is final and definite; and
- (iii) such recognition is not in conflict with an existing Dutch judgment or with Dutch public policy (i.e. a fundamental principle of Dutch law).

Foreign Language

The language of the Offering Circular is English. Certain legislative references and technical terms have been cited in their original language in order that the correct meaning may be ascribed to them under applicable law.

FORM OF ERISA CERTIFICATE

The purpose of this ERISA Certificate (this "**Certificate**") is, among other things, to (i) endeavour to ensure that less than 25 per cent. of the value of the Class E Notes, the Class F Notes and the Subordinated Notes (determined separately by class) issued by Contego CLO II B.V. (the "**Issuer**") is held by (a) an employee benefit plan that is subject to the fiduciary responsibility provisions of Title I of the Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), (b) a plan that is subject to Section 4975 of the Internal Revenue Code of 1986 (the "**Code**") or (c) any entity whose underlying assets include "plan assets" by reason of any such employee benefit plan or plan's investment in the entity (collectively, "**Benefit Plan Investors**"), (ii) obtain from you certain representations and agreements and (iii) provide you with certain related information with respect to your acquisition, holding and disposition of the Class E Notes, the Class F Notes and the Subordinated Notes. By signing this Certificate, you agree to be bound by its terms.

Please be aware that the information contained in this Certificate is not intended to constitute advice and the examples given below are not intended to be, and are not, comprehensive. You should contact your own counsel if you have any questions in completing this Certificate. Capitalised terms not defined in this Certificate shall have the meanings ascribed to them in the Trust Deed.

If a box is not checked, you are agreeing that the applicable Section does not, and will not, apply to you.

1. ☐ Employee Benefit Plans Subject to ERISA or the Code. We, or the entity on whose behalf we are acting, are an "employee benefit plan" within the meaning of Section 3(3) of ERISA that is subject to the fiduciary responsibility provisions of Title I of ERISA or a "plan" within the meaning of Section 4975(e)(1) of the Code that is subject to Section 4975 of the Code.

Examples: (i) tax qualified retirement plans such as pension, profit sharing and section 401(k) plans, (ii) welfare benefit plans such as accident, life and medical plans, (iii) individual retirement accounts or "IRAs" and "Keogh" plans and (iv) certain tax-qualified educational and savings trusts.

2. ☐ Entity Holding Plan Assets. We, or the entity on whose behalf we are acting, are an entity or fund whose underlying assets include "plan assets" by reason of a Benefit Plan Investor's investment in such entity.

Examples: (i) an insurance company separate account, (ii) a bank collective trust fund and (iii) a hedge fund or other private investment vehicle where 25 per cent. or more of the value of any class of its equity is held by Benefit Plan Investors.

If you check Box 2, please indicate the maximum percentage of the entity or fund that will constitute "plan assets" for purposes of Title I of ERISA or Section 4975 of the Code: _____ per cent.

An entity or fund that cannot provide the foregoing percentage hereby acknowledges that for purposes of determining whether Benefit Plan Investors own less than 25 per cent. of the value of the Subordinated Notes, 100 per cent. of the assets of the entity or fund will be treated as "plan assets."

ERISA and the regulations promulgated thereunder are technical. Accordingly, if you have any questions regarding whether you may be an entity described in this Section 2, you should consult with your counsel.

3. ☐ Insurance Company General Account. We, or the entity on whose behalf we are acting, are an insurance company purchasing the Class E Notes, the Class F Notes or the Subordinated Notes with funds from our or their general account (i.e., the insurance company's corporate investment portfolio), whose assets, in whole or in part, constitute "plan assets" for purposes of 29 C.F.R. Section 2510.3-101 as modified by Section 3(42) of ERISA (the "**Plan Asset Regulations**").

If you check Box 3, please indicate the maximum percentage of the insurance company general account that will constitute "plan assets" for purposes of conducting the 25 per cent. test under the Plan Asset Regulations: ____ per cent. IF YOU DO NOT INCLUDE ANY PERCENTAGE IN THE

BLANK SPACE, YOU WILL BE COUNTED AS IF YOU FILLED IN 100 PER CENT. IN THE BLANK SPACE.

4. ☐ None of Sections (1) Through (3) Above Apply. If, after the date hereof, any of the categories described in Sections (1) through (3) above would apply, we will promptly notify the Issuer of such change.
5. No Prohibited Transaction. If we checked any of the boxes in Sections (1) through (3) above, we represent, warrant and agree that our acquisition, holding and disposition of the Class E Notes, the Class F Notes or the Subordinated Notes do not and will not constitute or give rise to a non-exempt prohibited transaction under section 406 of ERISA or Section 4975 of the Code.
6. Not Subject to Similar Law and No Violation of Similar Law. If we are a governmental, church, non-U.S. or other plan, we represent, warrant and agree that (a) we are not subject to any federal, state, local, non-U.S. or other law or regulation that could cause the underlying assets of the Issuer to be treated as assets of the investor in any Note (or interest therein) by virtue of its interest and thereby subject the Issuer or the Collateral Manager (or other persons responsible for the investment and operation of the Issuer's assets) to laws or regulations that are substantially similar to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, and (b) our acquisition, holding and disposition of the Class E Notes, the Class F Notes or the Subordinated Notes do not and will not constitute or give rise to a non-exempt violation of any law or regulation that is substantially similar to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code.
7. ☐ Controlling Person. We are, or we are acting on behalf of any of: (i) the Collateral Manager, (ii) any person that has discretionary authority or control with respect to the assets of the Issuer, (iii) any person who provides investment advice for a fee (direct or indirect) with respect to such assets or (iv) any "affiliate" of any of the above persons. "Affiliate" shall have the meaning set forth in the Plan Asset Regulations. Any of the persons described in the first sentence of this Section 7 is referred to in this Certificate as a "Controlling Person."

Note: We understand that, for purposes of determining whether Benefit Plan Investors hold less than 25 per cent. of the value of the Class E Notes, the Class F Notes or the Subordinated Notes (determined separately by class), the Class E Notes, the Class F Notes or the Subordinated Notes held by Controlling Persons (other than Benefit Plan Investors) are required to be disregarded.

Compelled Disposition. We acknowledge and agree that:

- (i) if any representation that we made hereunder is subsequently shown to be false or misleading or our beneficial ownership otherwise causes a violation of the 25 per cent. Limitation, the Issuer shall, promptly after such discovery, send notice to us demanding that we transfer our interest to a person that is not a Non-Permitted ERISA Noteholder within 14 days after the date of such notice;
- (ii) if we fail to transfer our Class E Notes, Class F Notes or Subordinated Notes, the Issuer shall have the right, without further notice to us, to sell our Class E Notes, Class F Notes or Subordinated Notes or our interest in the Class E Notes, the Class F Notes or the Subordinated Notes to a purchaser selected by the Issuer that is not a Non-Permitted ERISA Noteholder on such terms as the Issuer may choose;
- (iii) the Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Class E Notes, the Class F Notes or the Subordinated Notes and selling such securities to the highest such bidder. However, the Issuer may select a purchaser by any other means determined by it in its sole discretion;
- (iv) by our acceptance of an interest in the Class E Notes, the Class F Notes or the Subordinated Notes, we agree to cooperate with the Issuer to affect such transfers;
- (v) the proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to us; and

- (vi) the terms and conditions of any sale under this sub-section shall be determined in the sole discretion of the Issuer, and the Issuer shall not be liable to us as a result of any such sale or the exercise of such discretion.

Required Notification and Agreement. We hereby agree that we (a) will inform the Issuer of any proposed transfer by us of all or a specified portion of the Class E Notes, the Class F Notes or the Subordinated Notes and (b) will not initiate any such transfer after we have been informed by the Issuer in writing that such transfer would cause the 25 per cent. Limitation to be exceeded. We hereby agree and acknowledge that after the Issuer effects any permitted transfer of Class E Notes, Class F Notes or Subordinated Notes owned by us to a Benefit Plan Investor or a Controlling Person or receives notice of any such permitted change of status, the Issuer shall include such Class E Notes, Class F Notes or Subordinated Notes in future calculations of the 25 per cent. Limitation made pursuant hereto unless subsequently notified that such Class E Notes, Class F Notes or Subordinated Notes (or such portion), as applicable, would no longer be deemed to be held by Benefit Plan Investors or Controlling Persons.

8. Continuing Representation; Reliance. We acknowledge and agree that the representations contained in this Certificate shall be deemed made on each day from the date we make such representations through and including the date on which we dispose of our interests in the Class E Notes, the Class F Notes or the Subordinated Notes. We understand and agree that the information supplied in this Certificate will be used and relied upon by the Issuer to determine that Benefit Plan Investors own or hold less than 25 per cent. of the value of the Class E Notes, the Class F Notes or the Subordinated Notes (determined separately by class) upon any subsequent transfer of the Class E Notes, the Class F Notes or the Subordinated Notes in accordance with the Trust Deed.
9. Further Acknowledgement and Agreement. We acknowledge and agree that (i) all of the assurances contained in this Certificate are for the benefit of the Issuer, the Trustee, Credit Suisse Securities (Europe) Limited and the Collateral Manager as third party beneficiaries hereof, (ii) copies of this Certificate and any information contained herein may be provided to the Issuer, the Trustee, Credit Suisse Securities (Europe) Limited, the Collateral Manager, Affiliates of any of the foregoing parties and to each of the foregoing parties' respective counsel for purposes of making the determinations described above and (iii) any acquisition or transfer of the Class E Notes, the Class F Notes or the Subordinated Notes by us that is not in accordance with the provisions of this Certificate shall be null and void from the beginning, and of no legal effect.

10. Future Transfer Requirements.

Transferee Letter and its Delivery. We acknowledge and agree that we may not transfer any of the Class E Notes, Class F Notes or Subordinated Notes to any person unless the Issuer has received a certificate substantially in the form of this Certificate. Any attempt to transfer in violation of this section will be null and void from the beginning, and of no legal effect.
