RISK FACTORS

The following paragraphs describe the principal risk factors that the Issuer believes material to the Notes in order to assess the market risk associated with these Notes. Prospective investors should also read the detailed information set out elsewhere in this Listing Particulars and consult their own financial and legal advisers about risks associated with investments in a particular Series of Notes and the suitability of investing in the Notes in light of their particular situation.

1. Risks in respect of the Issuer

Risk factors in connection with the Issuer are set out in details on pages 18 to 22 and 111 to 179 of the English translation of the Issuer's 2016 Registration Document which is incorporated by reference in this Listing Particulars.

2. Risks related to the Notes generally

Independent review and advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Notes. A prospective investor may not rely on the Issuer or the Dealer or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

The Notes may not be a suitable investment for all investors

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Listing Particulars or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices, reference entity and financial markets.
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and

- (vi) consult their legal advisers in relation to possible legal or fiscal risks that may be associated with any investment in the Notes.

The Notes are complex financial instruments. Sophisticated institutional investors generally purchase complex financial instruments as part of a wider financial structure rather than as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Legality of purchase

Neither the Issuer, the Dealer nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

No active secondary market for the Notes

An investment in the Notes should be considered primarily with a view to holding them until their maturity. Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have an adverse effect on the market value of Notes. Although application has been made for the Notes to be admitted to trading on the Global Exchange Market of the Irish Stock Exchange, there is no assurance that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Notes.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding as provided in "Terms and Conditions of the Notes - Taxation" and in case of illegality, the Issuer may and, in certain circumstances shall, redeem all of the Notes then outstanding in accordance with such Condition. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

Modification of the Conditions

Noteholders will be grouped automatically for the defence of their common interests in a Masse, as defined in "Terms and Conditions of the Notes - Representation of Noteholders", and a general meeting of Noteholders can be held. The provisions of the French *Code de commerce* permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant general meeting and Noteholders who voted in a manner contrary to the majority.

The general meeting of Noteholders may deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

Rating

The senior, unsecured long-term debt of the issuer is rated A2 by Moody's Investors France S.A.S., AA- by Standard & Poor's Credit Market Services France SAS and AA- by Fitch Ratings Limited. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating or the absence of a rating is not a recommendation to buy, sell or hold securities.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the tax treatment of financial instruments such as the Notes. Potential investors cannot rely upon the tax summary contained in this Listing Particulars but should ask for their own tax adviser's advice on their individual taxation with respect to the subscription, acquisition, holding, disposal and redemption of the Notes. Only such adviser is in a position to duly consider the specific situation of the potential investor.

Financial transaction tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

EU Resolution and Recovery Directive

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The impact of the BRRD and its implementing provisions on credit institutions, including the Issuer, could materially affect the activity and financial condition of the Issuer and the value of any Notes.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

The powers provided to authorities in the BRRD are divided into three categories: (i) preparatory steps and plans to minimise the risks of potential problems (preparation and prevention); (ii) in the event of incipient problems, powers to arrest a firm's deteriorating situation at an early stage so as to avoid insolvency (early intervention); and (iii) where a firm's insolvency might raise a concern as to the general public interest, a clear plan to reorganise or wind down the firm in an orderly fashion while preserving its critical functions and as far as possible limiting taxpayers' exposure to losses (which should be used as a last resort).

The BRRD currently contains four resolution tools and powers:

- (i) sale of business: enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- (ii) bridge institution: enables resolution authorities to transfer all or part of the business of the firm to a "bridge bank" (a publicly controlled entity holding such business or part of a business with a view to reselling it);
- (iii) asset separation: enables resolution authorities to transfer impaired or problem assets to asset management vehicles to allow such assets to be managed and worked out over time; and
- (iv) bail-in: gives resolution authorities the power to write-down the claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims (including Notes) to equity (the **general bail-in tool**), such equity being potentially subject to future cancellation, transfer or dilution by application of the general bail-in tool. When applying bail-in or a statutory write-down (including to zero) and conversion into equity power (including amendment of the terms of the Notes such as a variation of the maturity), the resolution authority must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments (including the Notes), then tier two instruments and other subordinated debts to the extent required and up to their capacity. If the debt bail-in or statutory write-down and conversion power has entered into force and only if this total reduction is less than the amount needed, the resolution authority will reduce or convert to the extent required the principal amount or outstanding amount payable in respect of unsecured creditors in accordance with the hierarchy of claims in normal insolvency proceedings.

The BRRD also provides that in exceptional circumstances, where the general bail-in tool is applied, the relevant resolution authority may exclude or partially exclude certain liabilities from the application of the write-down or conversion powers. Such exclusion will apply in particular where: (a) it is not possible to bail-in a particular liability within a reasonable time; (b) the exclusion is strictly necessary and is proportionate so as to achieve the continuity of critical functions and core business lines of the institution under resolution; (c) the exclusion is strictly necessary and proportionate so as to avoid giving rise to widespread contagion, which would severely disrupt the

functioning of financial markets, including of financial market infrastructures, in a manner that could cause serious disruption to the economy of a Member State of the European Union; or (d) the application of the general bail-in tool to those liabilities would cause a reduction in value such that the losses borne by other creditors would be higher than if those liabilities were excluded from bail-in altogether.

Consequently, where the relevant resolution authority decides to exclude or partially exclude an eligible liability or class of eligible liabilities:

- (v) the level of write down or conversion applied to other eligible liabilities – due to Noteholders as the case may be - when not excluded, may be increased to take account of such exclusions; and
- (vi) if the losses that would have been borne by those liabilities have not been passed on fully to other creditors, the financing arrangement for resolution may make a contribution to the institution under resolution, within certain limits, including the requirement that such contribution does not exceed 5% of the global liabilities of such institution to (a) cover any losses which have not been absorbed by eligible liabilities and restore the net asset value of the institution under resolution to zero and/or (b) purchase shares or other instruments of ownership or capital instruments in the institution under resolution, in order to recapitalise the institution. The final step – to the extent any losses remain - would be the granting of extraordinary public financial support through additional financial stabilisation tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The BRRD applies since 1 January 2015, except for the general bail-in tool which applies since 1 January 2016.

Regulation (EU) no. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (the **SRM Regulation**) has established a centralised power of resolution entrusted to a Single Resolution Board (the **SRB**) and to the national resolution authorities. For Member States participating in the Banking Union (which includes France), the Single Resolution Mechanism (the **SRM**) fully harmonises the range of available tools, but Member States are authorised to introduce additional tools at national level to deal with crises, as long as they are compatible with the resolution objectives and principles set out in the BRRD.

As from November 2014, has taken over the prudential supervision under the SSM of significant credit institutions in Eurozone member states. In addition, an SRM has been set up to ensure that the resolution of banks across the Eurozone is harmonised. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the member states' resolution authorities under the BRRD for those banks subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the start of 2016.

The Issuer has been designated as a significant supervised entity for the purposes of Article 49(1) of the SSM Regulation and is consequently subject to the direct supervision of the European Central Bank (ECB). This means that the Issuer is also subject to the SRM, which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large extent, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

The implementation of the BRRD in France was made by several legislative texts. The banking law dated 26 July 2013 regarding the separation and the regulation of banking activities (*Loi de*

séparation et de régulation des activités bancaires) (the **Banking Law**) had anticipated the implementation of the BRRD and had introduced in the French Code monétaire et financier Article L. 613-31-16 which allows the ACPR to exercise resolution powers when an institution is subject to a procedure relating to its recovery or resolution.

Ordinance no. 2015-1024 dated 20 August 2015 (*Ordonnance n° 2015-1024 du 20 août 2015 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (the **Ordinance**) published in the Official Journal on 21 August 2015 has introduced various provisions amending and supplementing the Banking Law to adapt French law to European Union legislation regarding financial matters. Many of the provisions contained in the BRRD were already similar in effect to provisions contained in the Banking Law. Decree no. 2015-1160 dated 17 September 2015 and three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the Ordinance regarding (i) recovery planning implementing Section A of the Annex of the BRRD, (ii) resolution planning implementing Section B of the Annex of the BRRD, and (iii) criteria to assess the resolvability of an institution or group implementing Section C of the Annex of the BRRD, were published on 20 September 2015, mostly to define implementing rules of the BRRD.

The Ordinance has been ratified by law no. 2016-1691 dated 9 December 2016 (*Loi n°2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) which also incorporates provisions which clarify the implementation of the BRRD.

French credit institutions (as the Issuer) must now comply at all times with minimum requirements for own funds and eligible liabilities (the **MREL**) under Article L.613-44 of the *French Code monétaire et financier*. The MREL is expressed as a percentage of total liabilities and equity of the institution and aims to prevent institutions to structure their commitments in a manner which could limit or prevent the effectiveness of the bail-in tools.

Implementation provisions of the BRRD in France include the bail-in tool and therefore the powers of reducing the principal, cancellation or conversion of subordinated notes. Accordingly, if the Issuer were to be subjected to a resolution process, holders of Notes may be subject to write-down (including to zero) or conversion into equity on any application of the general bail-in tool (including amendment of the terms of the Notes such as a variation of the maturity), in application of (i) the decision of the college of resolution of the ACPR or (ii) the decision of the SRB when SRM applies, which may result in such holders losing some or all of their investment. The SRB works in close cooperation with the ACPR, in particular in relation to resolution planning, and has assumed full resolution powers as from 1 January 2016, the contributions of the transfer conditions at the Single Resolution Fund being met by this date.

It is not yet possible to assess the full impact of the BRRD on the Issuer and the French law implementation provisions and there can be no assurance that it will not adversely affect the rights of holders of Notes, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

The holders of Notes have very limited rights to contest and/or ask for the suspension of the exercise of the relevant competent authorities' resolution powers.

Principles of the Financial Stability Board on Loss-absorbing and Recapitalisation Capacity of G-SIBs in Resolution / Total Loss-absorbing Capacity (TLAC) Term Sheet

On 9 November 2015 Financial Stability Board (the **FSB**) published a document entitled "Principles on loss-absorbing and Recapitalization Capacity of G-SIBs in Resolution / Total Loss-absorbing Capacity (TLAC) Term Sheet" to improve the absorption capacity losses for global systemically important banks (**G-SIBs**) resolution. The FSB principles aim to ensure that G-SIBs will have

sufficient capacity to absorb losses in the event of resolution of this entity to minimize any impact on financial stability, ensure the continuity of critical functions and avoid exposing taxpayers to losses. They will come into force on 1 January 2019.

The Minimum TLAC requirement will be applied to each resolution entity within each G-SIB. Minimum TLAC is an additional requirement to minimum regulatory capital requirements.

Minimum TLAC must be:

(i) at least 16% of the resolution group's RWAs (**TLAC RWA Minimum**) as from 1 January 2019 and at least 18% as from 1 January 2022. This requirement does not include any applicable regulatory capital (Basel III) buffers, which must be met in addition to the TLAC RWA Minimum.

(ii) at least 6% of the Basel III leverage ratio denominator (**TLAC LRE Minimum**) as from 1 January 2019. As from 1 January 2022, the TLAC LRE Minimum must be at least 6.75% of the Basel III leverage ratio denominator.

The Issuer is not considered as a G-SIB, however, the requirement for an institution to have a capacity to absorb losses can be applied in addition to, or instead of the minimum capital requirements and eligible committed to under the BRRD. Implementing provisions regarding the minimum TLAC requirement in France remain uncertain and similar requirements may apply to non-G-SIBs.

Whereas the implementing provisions relating to the TLAC requirements are still being developed, it is not possible to determine the scope, nature and impact on the Issuer and it can not be excluded that the Issuer has to issue a significant amount of eligible liabilities in order to comply on time with the minimum TLAC (including liabilities qualifying T2 Capital).

Risks relating to the United Kingdom's vote to leave the European Union

On 23 June 2016 the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on the business of the Issuer. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy their obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market.

Changes in law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Listing Particulars. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice after the date of this Listing Particulars.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests if any safeguard proceedings (*procédure de sauvegarde*), accelerated safeguard procedure (*procédure de sauvegarde accélérée*), accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes).

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard procedure (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- (i) increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing-off receivables in the form of debt securities;
- (ii) establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- (iii) decide to convert debt securities (including the Notes) into securities that give or may give rights to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required to convene the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Listing Particulars will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the Notes. These incidental costs may significantly reduce or even exclude the potential profit of the Notes. For instance, credit institutions as a rule charge their clients for own commissions, which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional - domestic or foreign - parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any additional costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

No limitation on issuing or guaranteeing debt ranking senior or pari passu with the Notes

There is no restriction on the amount of debt which the Issuer may issue or guarantee. The Issuer and its subsidiaries and affiliates may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* or senior to the obligations of the Issuer under the Notes. If the Issuer's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences, and if the Issuer were liquidated (whether voluntary or not), Noteholders could suffer loss of their entire investment. In addition, the Notes do not contain any "negative pledge" or similar clause, meaning that the Issuer and its subsidiaries and affiliates may pledge its or their assets to secure other obligations without granting similar security in respect of the Notes.

There are no events of default under the Notes

The Terms and Conditions of the Notes do not provide for events of default allowing acceleration of the Notes if certain events occur. Accordingly, if the Issuer fails to meet any obligations under the Notes, including the payment of any interest, investors will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

2.1 Risks related to the market generally

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, the volatility of market interests and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than Euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Interest on the Notes shall be calculated based on a formula related to the annual mid-swap rates for EUR swap transactions with maturities of ten (10) and thirty (30) years and subject to a maximum and a minimum rate. The Rate of Interest will be determined two (2) Business Days before each Interest Period and as such is not pre-defined at the date of issue of the Notes. The Rate of Interest in relation to a relevant Interest Period may be different from the initial Rate of Interest or from a Rate of Interest applicable to a previous Interest Period.

2.2 Risks specific to Credit Linked Notes

The amount of principal in respect of the Notes is dependent upon whether certain events (**Credit Events**) have occurred in respect of the Reference Entity (as defined in Part 2 of the Credit Linked Annex) and, if so, on the value of certain specified assets of the Reference Entity or, where, if such

events have occurred, the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes. In this respect the Notes provide investors with a return linked to the credit of the Reference Entity, as well as the credit risk of the Issuer in performing its obligations under the Notes, and will not provide protection of principal or a guarantee of interest.

Prospective investors in the Notes should be aware that payment of principal may occur at a different time than expected and they may lose all or a substantial portion of their investment. It is the responsibility of investors to ensure that their accounting, regulatory and all other treatments of the Notes are consistent with the conditional nature of their entitlement to receive payments under the Notes.

The market price of the Notes may be volatile and will be affected by factors that interrelate in complex ways, including amongst other things, the Issuer's creditworthiness, the time remaining to the redemption date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions. It is important for investors to understand that the effect of one factor may offset the increase in the market price of the Notes caused by another factor, and that the effect of one factor may exacerbate the decrease in the market price of the Notes caused by another factor. For example, a drop in the creditworthiness of the Reference Entity may more than offset any increase in the Issuer's creditworthiness. The market price of the Notes may be zero.

The Issuer's obligations in respect of the Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of the Notes will be exposed to the credit of the Reference Entity, which exposure shall be to the full extent of their investment in the Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to the Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of the Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of the Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of the Reference Entity and/or could arise for reasons unrelated to the Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of the Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

The Calculation Agent may exercise its right to deliver a Credit Event Notice even if the relevant Credit Event is no longer continuing and Noteholders will have no right to compel the exercise of this right or to control the timing of a Credit Event Determination Date. Notwithstanding this, in most cases a Credit Event can only be triggered (whether by an ISDA Credit Derivatives Determinations Committee determination or the Calculation Agent) if the relevant event occurred within a 60 calendar day look-back period. These provisions mean that there is a time limit on the ability to act on a Credit Event and that it is possible that the Notes could be affected by a Credit Event that took place prior to the Trade Date.

Not all of the Credit Events require an actual default with respect to the Reference Entity's obligations. Thus Noteholders may bear losses based on a deterioration in the credit of the Reference Entity short of default. Also, not all Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. Under the terms of the Notes, subject to certain Credit Derivatives Determinations Committee determinations, the Calculation Agent's determination will be binding on the Issuer and Noteholders and may be different from the view of Noteholders, other financial institutions and/or commentators.

Certain terms of the Notes (for example the applicable Credit Events, Deliverable Obligations and Obligations) are those set in the Credit Derivatives Physical Settlement Matrix for the Transaction Types specified in the Credit Linked Annex for the Reference Entity. The Physical Settlement Matrix, sets out a number of terms which will apply to standard credit derivatives transactions, and is published by ISDA on its website at www.isda.org (or any successor website thereto). The version of the Physical Settlement Matrix which will apply will be that dated the Issue Date.

Redemption following a Credit Event

Where cash settlement or auction settlement applies, the occurrence of a Credit Event Determination Date in relation to the Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero, and the Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. The value of obligations of the Reference Entity which will affect the amount (if any) due on such redemption may substantially decrease in value during the period between the Credit Event and settlement of the Notes.

Where cash settlement applies and the amount (if any) due on redemption of the Notes is to be calculated by reference to the value of one or more Valuation Obligations of the Reference Entity, the Issuer will select the relevant Valuation Obligations in its sole and absolute discretion irrespective of their market value or liquidity and will not be obliged to consider the interests of Noteholders or mitigate their losses.

Investors in the Notes are accordingly exposed, as to both principal and (if applicable) interest, to the credit risk of the Reference Entity. The maximum loss to an investor in the Notes is 100 per cent. of their initial principal investment, together with (if applicable) any accrued interest amounts.

A Credit Event may occur prior to the Trade Date

As mentioned above, holders of the Notes may suffer a loss of some or all principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their respective affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Successors

The Reference Entity may be replaced as Reference Entity by one or more Successors. For these purposes the relevant Succession Date must occur within a 90 calendar day look-back period, other than in the case of a universal succession, where the Succession Date must have occurred on or after 1 January 2014. These provisions mean that there is a time limit on the ability to act on a succession and that it is possible that the Securities could be affected by a succession that took place prior to the Trade Date.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to the Reference Entity and adjust such of the Credit Linked Conditions as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment.

In addition, where more than one Successor to the Reference Entity has been identified the Calculation Agent shall adjust such of Credit Linked Conditions as it shall determine to be appropriate (including, without limitation, the Reference Entity Notional Amount and (if applicable) the relevant Transaction Type) to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment.

Maturity Date extension, interest postponement and settlement suspension

Investors should note that the maturity of the Notes may be extended beyond the Scheduled Maturity Date in circumstances where a Credit Event may have occurred in relation to the Reference Entity or a Potential Credit Event has or may have occurred in relation to the Reference Entity. As a result repayment to the Noteholders may be delayed for a significant period of time even in circumstances where it transpires no Credit Event has occurred. In addition, the maturity of the Notes may be extended and ongoing interest payments may be delayed if there is a pending Credit Derivatives Determinations Committee decision at the relevant time.

The Credit Linked Conditions also provide that if, following the determination of a Credit Event Determination Date but prior to a cut-off date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may at its option determine that the applicable timing requirements of the Credit Linked Conditions and the definitions of Credit Event Redemption Date, Credit Event Payment Date, Valuation Date, Maturity Date, Physical Settlement Period and PSN Cut-off Date and any other Credit Linked Condition as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a **Suspension Period**) until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. At that point, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

In addition, if a Suspension Period falls in any one or more Interest Period(s), then no interest shall accrue during each portion of an Interest Period during which a Suspension Period exists; and if an Interest Payment Date falls in a Suspension Period, payment of the relevant interest will be deferred until after the end of the Suspension Period.

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors and/or (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect hedging arrangements of the Issuer.

2014 ISDA Credit Derivatives Definitions

This Listing Particulars contains Credit Linked Conditions for Notes with terms based on the 2014 ISDA Credit Derivatives Definitions published by the International Swaps and Derivatives Association, Inc. (**ISDA**). Whilst there are many similarities between the 2014 ISDA Credit Derivatives Definitions and the 2003 Credit Derivatives Definitions published by ISDA (the **2003 ISDA Definitions**) which were used in the past, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in the relevant sections of this document, notably the Credit Linked Annex, and that the 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit

Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including the Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how sets of ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Notes may not conform to future market standards. Such a result may have a negative impact on the Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference

Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;

- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in these Credit Linked Conditions, but in each case subject to important differences, including to reflect the nature of the Notes as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Notes and may have an impact on the value of the Notes and the return (if any) to investors. Some changes may be disadvantageous to Noteholders and prospective investors should review carefully the terms of any issue of Notes and, where in any doubt, take advice from suitably qualified professional advisers.

Risks relating to Auction Settlement of Credit Linked Notes

Where an Auction Final Price Determination Date occurs in respect of the Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the Reference Obligation.

The Issuer and the Noteholders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their affiliates) shall be under any obligation to consider the interests of any Noteholder.

No representation by Issuer, Calculation Agent and affiliates

None of the Issuer, the Calculation Agent nor any of their respective affiliates makes any representation whatsoever with respect to the Reference Entity, the Reference Obligation or other underlying obligations.

Dealings by Issuer, Calculation Agent and affiliates

The Issuer, the Calculation Agent and any of their respective affiliates may deal in the Reference Obligation or other underlying obligations of the Reference Entity and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, the Reference Entity and/or any other person or entity having obligations relating to the Reference Entity and may act with respect to such business in the same manner as each of them would if the Notes had not been issued, regardless of whether any such action might have an adverse effect on the Reference Entity, the Reference Obligation or other underlying obligations or the Noteholders or otherwise (including, without limitation, any action which might constitute or give rise to a Credit Event).

No disclosure of information

The Issuer, the Calculation Agent and any of their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the issue date of the Notes or at any time thereafter, be in possession of information in relation to the Reference Entity, the Reference Obligation or other underlying obligations thereof that is or may be material in the context of the issue of Notes and that may or may not be publicly available or known to Noteholders. There is no obligation on the part of the Issuer, the Calculation Agent or any such affiliates to disclose to the Noteholders any such relationship or information (whether or not confidential).

Potential conflicts of interest

The Calculation Agent or the Issuer will be entitled to make certain determinations and actions and exercise certain discretions under the Credit Linked Conditions including (*inter alia*) as to whether an event constituting a Credit Event has occurred. In doing so, potential conflicts of interest may exist between the Calculation Agent and the Noteholders. The Calculation Agent and the Issuer do not act as fiduciary for or as an adviser to any of the Noteholders in respect of any such or otherwise.

No post-issuance information

The Issuer will not provide investors with any post-issuance information regarding the Reference Entity, the Reference Obligation or other underlying obligations. In addition, prospective investors should understand that historical performance of the Reference Entity, the Reference Obligation or other underlying obligation should not be viewed as predictive of future results.

TERMS AND CONDITIONS OF THE NOTES

*The terms and conditions of the Notes (the **Conditions**) will be as follows and as set out in the Credit Linked Annex.*

The issue of the EUR 51,000,000 CMS Steeper Credit-Linked Notes due 2031 linked to the Republic of France (the **Notes**) by HSBC France (the **Issuer**) was authorised by the Board of Directors (*Conseil d'Administration*) of the Issuer on 22 July 2016 and pursuant to a decision of Xavier Boisseau dated 27 March 2017. An agency agreement in respect of the Notes was entered into 17 January 2017 (the **Agency Agreement**) between the Issuer, BNP Paribas Securities Services, as fiscal agent and paying agent and HSBC Bank plc as calculation agent (the **Fiscal Agent, Paying Agent and Calculation Agent**). Copies of the Agency Agreement are available, without charge, for inspection, during normal business hours at the specified offices of the Fiscal Agent. References below to "**Conditions**" are, unless the context otherwise requires, to the numbered paragraphs below. In these Conditions, "**holder of Notes**", "**holder of any Note**" or "**Noteholder**" means the person whose name appears in the account of the relevant Account Holder (as defined below) as being entitled to such Notes.

Capitalised terms used in these Conditions and not otherwise defined below shall have the meanings ascribed to them in the Credit Linked Annex below. In case of discrepancy between the definitions below and the definitions provided in the Credit Linked Annex, the definitions provided below shall prevail. Definitions specific to the credit linked provisions are set out in Part 1 of the Credit Linked Annex.

1. Form, Denomination and Title

The Notes are issued on 28 March 2017 (the **Issue Date**) in dematerialised bearer form (*au porteur*) in the denomination of EUR 1,000,000 each (the **Principal Amount**). Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes will, upon issue, be inscribed in book entry form in the books of Euroclear France (**Euroclear France**), which shall credit the accounts of the Account Holders. For the purpose of these Conditions, **Account Holders** shall mean any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes depositary banks for Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**) and Euroclear Bank S.A./N.V. (**Euroclear**).

Title to the Notes shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Notes may only be effected through, registration of the transfer in such books, and only in the denomination of EUR 1,000,000.

2. Status of the Notes

The principal and interest in respect of the Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) *pari passu* with all other present or future unsecured and unsubordinated obligations of the Issuer. There will be no negative pledge in respect of the Notes.

3. Interest

3.1 Interest Payment Dates

Subject to the provisions of the Credit Linked Annex, the Notes bear interest on their Principal Amount from, and including, the Issue Date to, but excluding, the Interest Payment Date (as defined below) falling on, or nearest to, 20 December 2031 (the **Scheduled Maturity Date**), at a rate based on the following formula: $(8.9 \times \text{Min}(\text{Max}(\text{Reference Spread} ; 0\%) ; 0.5618\%)) \times N/D$ (the **Rate of Interest**), payable annually in arrears on each Interest Payment Date.

The amount of interest (the **Interest Amount**) shall be payable in arrear on 20 December in each year (each an **Interest Payment Date**). The first payment of interest will be made on 20 December 2017 (the **First Interest Payment Date**). There will be a short first coupon with respect of the First Interest Period. If any Interest Payment Date or the First Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day.

The Amount of Interest will be the product of the Principal Amount of such Note and the Rate of Interest (as defined above), multiplied by the Day Count Fraction (except with respect to the First Interest Period (as defined below)) and rounding the resulting figure, if necessary, to the nearest cent (half a cent being rounded upwards). The Interest Amount shall be calculated by the Calculation Agent.

If on any relevant Reference Rate Determination Date or calendar day a Reference Rate is not published on the Relevant Screen Page or is otherwise not available the Calculation Agent will determine such Reference Rate by reference to the ISDA Definitions as if “EUR-Annual Swap Rate-Reference Banks”, in respect of the “EUR-ISDA-EURIBOR Swap Rate-11:00” swap rate had been specified as the applicable Floating Rate Option, “10 years” or “30 years” as the relevant Designated Maturity as applicable and, the date which is two TARGET Settlement Days (as defined in the ISDA Definitions) following the relevant Reference Rate Determination Date or calendar day as the applicable Reset Date

If the Calculation Agent is unable to determine a Reference Rate by reference to the ISDA Definitions in accordance with the above paragraph, such Reference Rate shall be an amount determined by the Calculation Agent in good faith and in a commercially reasonable manner.

For the purposes of the Conditions:

Accrual Barrier means zero (0) per cent.

4.1 Final Redemption of the notes in the absence of a Credit Event

Subject to the provisions of the Credit Linked Annex and unless previously redeemed or purchased and cancelled, the Notes will be redeemed by the Issuer at par on the Scheduled Maturity Date.

4.2 Early Redemption for Taxation Reasons

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 6.2 below, the Issuer may at any time, subject to having given not more than 45 nor less than 30 calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 8, redeem all, but not some only, of the Notes at their Early Redemption Amount together with interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier

However, if there are more than one Noteholder at any time after the Issue Date, a representative will be appointed no later than one month prior to any redemption and the provisions set out below shall apply.

The Noteholders will be grouped automatically for the defence of their common interests in a masse (the **Masse**) which will be subject to the below provisions:

The Masse will be governed by the provisions of the French *Code de commerce* (the **Code**) with the exception of Articles L.228-48, L.228-59, L.228-65 I (1°), (3°) and (4°), L.228-71, R.228-63, R-228-67 and R.228-69 subject to the following provisions:

(i) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through the general assembly of Noteholders.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) Representative

As set out above, the Representative shall only be appointed if the Notes are held by more than one Noteholder.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the general assembly of Noteholders.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the general assembly of Noteholders) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(iv) General general assembly of Noteholders

A general assembly of Noteholders may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the general assembly of Noteholders. If such general assembly of Noteholders has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the general assembly of Noteholders.

Notice of the date, hour, place and agenda of any general assembly of Noteholders will be published as provided under Condition 8.

Each Noteholder has the right to participate in a general assembly of Noteholders in person or by proxy, correspondence or, if the statutes of the Issuer so specify, videoconference or

any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote.

In accordance with Article R.228-71 of the French Code de Commerce, the rights of each Noteholder to participate in the general assembly of Noteholders must be evidenced by entries in the books of the relevant Account Holder in the name of such Noteholder at midnight Paris time on the second Paris business day preceding the date set for the relevant general assembly of Noteholders.

(v) Powers of the general assembly of Noteholders

The general assembly of Noteholders is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The general assembly of Noteholders may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the general assembly of Noteholders may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General assembly of Noteholders may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such general assembly of Noteholders or represented thereat.

In accordance with Article R.228-71 of the French Code de commerce, the right of each Noteholder to participate in general assembly of Noteholders will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant general assembly of Noteholders.

Decisions of general assembly of Noteholders must be published in accordance with the provisions set forth in Condition 8.

(vi) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each general assembly of Noteholders, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the general assembly of Noteholders, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the general assembly of Noteholders.

(vii) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of general assembly of Noteholders and, more generally, all administrative expenses resolved upon by the general assembly of Noteholders, it being

expressly stipulated that no expenses may be imputed against interest payable under the Notes.

For the avoidance of doubt, in this Condition 9, the term “outstanding” shall not include those Notes purchased by the Issuer in accordance with Article L.213-1 A of the French Code monétaire et financier that are held by it and not cancelled.

10. Further Issues and Assimilation

The Issuer may from time to time without the consent of the Noteholders issue further notes to be assimilated (*assimilables*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects save for the issue price and the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation.

In the event of such an assimilation, the Noteholders and the holders of such further notes will be grouped together in a single *masse* for the defence of their common interests. References in these Conditions to the Notes include any other notes issued pursuant to this Condition and assimilated with the Notes.

11. Governing Law and Jurisdiction

The Notes are governed by, and shall be construed in accordance with, the laws of France. Any claim against the Issuer in connection with the Notes may be brought before the *Tribunal de Commerce de Paris*.

CREDIT LINKED ANNEX

PART 1 – ADDITIONAL CREDIT LINKED TERMS AND CONDITIONS (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

The section headed "*Terms and Conditions of the Notes*" of this Listing Particulars shall be supplemented and modified by the following "*Additional Credit Linked Terms and Conditions (2014 ISDA Credit Derivatives Definitions Version)*", as amended or supplemented by Parts 2 and 3 below (together, the **Credit Linked Conditions**).

Any reference to a "Credit Linked Condition x" shall be to the relevant numbered paragraph of the Credit Linked Conditions and any reference to a "Condition x" shall be to the relevant numbered paragraph of the "Terms and Conditions of the Notes".

Unless otherwise stated in these Credit Linked Conditions, in the event that any day specified in the section "Credit Linked Redemption" or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be postponed to the next day which is a Business Day.

For the avoidance of doubt, the Notes will not be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) the Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

1. Redemption of the Notes in case of a Credit Event Determination Date

- (a) If a Credit Event Determination Date has occurred in respect of the Reference Entity, the Issuer shall redeem the Notes as described below.

References in these Credit Linked Conditions to a Note are to a nominal amount of the Notes equal to the Principal Amount. Any payment of a "*pro rata*" amount in respect of a Note will be determined by reference to its nominal amount relative to the then aggregate nominal amount of Notes.

- (b) If a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Credit Linked Condition 2 or Credit Linked Condition 3, as applicable.
- (c) Where any Credit Event Redemption Amount is or would be zero then, other than for the payment of accrued interest or any other due but unpaid amounts, the Notes will be cancelled as of the Credit Event Redemption Date with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Notes.
- (d) If any purchase and cancellation of Notes occurs under Condition 4.5, the Calculation Agent will make such adjustments to these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amount) to ensure the Notes continue to reflect economic intentions.

2. Auction Settlement

- (a) Since (i) Auction Settlement is specified as the applicable Settlement Method where a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an **Auction Settlement Notice**) to the Noteholders in accordance with Condition 8 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Notes, each Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Maturity Date. Any delay in the delivery of an Auction Settlement Notice or failure by the Issuer to deliver an Auction Settlement Notice shall not affect the validity of a Credit Event Determination Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
 - (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs;
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date; or
 - (v) the Calculation Agent determines that it is otherwise reasonably likely that the Reference Transaction would be settled in accordance with the Fallback Settlement Method and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the **Calculation Agent Fallback Settlement Determination Date**),

then the Issuer shall redeem the Notes in accordance with Credit Linked Condition 3 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

3. Cash Settlement

If a Credit Event Determination Date has occurred and Credit Linked Condition 2(b) above applies, the Issuer shall give notice (such notice a **Cash Settlement Notice**) to the Noteholders in accordance with Condition 8 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Notes, each Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Maturity Date. Any delay in the delivery of a Cash Settlement Notice or failure by the Issuer to deliver a Cash Settlement Notice shall not affect the validity of a Credit Event Determination Date.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

4. Accrual of Interest

Notwithstanding any other provision, each Note shall cease to bear interest from the last day of the Interest Period ending on (but excluding) the Scheduled Maturity Date.

Provided that:

- (A) (1) if Credit Linked Condition 5, Credit Linked Condition 6 or Credit Linked Condition 7 applies in respect of the Notes and, in the case of Credit Linked Condition 5, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 6, a Failure to Pay has not occurred on the Grace Period Extension Date or, in the case of Credit Linked Condition 7, a Credit Event has not occurred on or prior to the DC Determination Cut-off Date, as the case may be; and/or
- (2) If Credit Linked Condition 8 applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or is not satisfied on or prior to the Postponed Cut-off Date,

then interest will accrue as provided in Credit Linked Condition 5, Credit Linked Condition 6, Credit Linked Condition 7 or Credit Linked Condition 8, as the case may be; and

- (B) without duplication to any adjustment pursuant to the final paragraph of "Credit Event Determination Date" below, the occurrence of a Credit Event shall not affect the determination or payment of the Interest Amount(s). No interest shall accrue on the Notes following the Scheduled Maturity Date.

5. Repudiation/Moratorium Extension

Since "Repudiation/Moratorium" is an applicable Credit Event pursuant to these Credit Linked Conditions, the provisions of this Credit Linked Condition 5 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Condition 8(y) applies, the Postponed Cut-off Date and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium will, in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Noteholders in accordance with Condition 8 (*Notices*) that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes will be delayed and:

- (a) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:
 - (i) each nominal amount of the Notes equal to the Principal Amount will be redeemed by the Issuer at par on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date; and

- (ii) the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2 or Credit Linked Condition 3, as the case may be, shall apply to the Notes.

Any failure to provide notice of any such delay to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

6. Grace Period Extension

If "Grace Period Extension" is specified as applicable in these Credit Linked Conditions, the provisions of this Credit Linked Condition 6 shall apply.

Please note that Grace Period Extension is not applicable at the date of this Listing Particulars for the Standard Western European Sovereign Transaction Type.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then the Calculation Agent shall notify the Noteholders in accordance with Condition 8 (*Notices*) that a Potential Failure to Pay has occurred and the maturity of the Notes will be delayed and:

- (a) where a Failure to Pay has not occurred on the Grace Period Extension Date:
 - (i) each nominal amount of the Notes equal to the Principal Amount will be redeemed by the Issuer at par on the fifth Business Day following the Grace Period Extension Date; and
 - (ii) the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Grace Period Extension Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Failure to Pay has occurred on the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2 or Credit Linked Condition 3, as the case may be, shall apply to the Notes.

Any failure to provide notice of any such delay to Noteholders will not affect the validity of any of the above provisions.

7. Credit Derivatives Determinations Committee Extension

If, in the determination of the Calculation Agent, a Potential Credit Event has occurred and following a Credit Event Resolution Request Date the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date or any Interest Payment Date scheduled then the Calculation Agent shall notify Noteholders in accordance with Condition 8 (*Notices*) that the Maturity Date or the relevant interest payment has been postponed to a date (the **DC Determination Postponed Date**) being the day falling five Business Days after (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, as applicable, (c) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the **DC Determination Cut-off Date**), and:

- (a) in the case of the scheduled Maturity Date, where a Credit Event has not occurred on or prior to the DC Determination Cut-off Date:
 - (i) each nominal amount of the Notes equal to the Principal Amount will be redeemed by the Issuer at par on the relevant DC Determination Postponed Date; and

- (e) **"Not Sovereign Lender"** means any obligation that is not primarily owed to (A) a Sovereign or (B) any entity or organization established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as "Paris Club debt";

- (b) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (i) is subject to any Prohibited Action, or (ii) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in accordance with paragraph (a) above less any amounts subtracted in accordance with this paragraph (b), the **"Non-Contingent Amount"**); and

in each case, determined:

- (i) unless otherwise specified, in accordance with the terms of the obligation in effect on either (A) the relevant PSN Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date), or (B) the relevant Valuation Date; and
- (ii) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

 - (iii) provisions allowing for a Permitted Transfer in the case of a Qualifying Guarantee (or provisions allowing for the release of the Reference Entity from its payment obligations in the case of any other Guarantee);

"Physical Settlement"

Please note that Physical Settlement does not constitute the Settlement Method of the Notes. This definition is only included for cross references purposes in these definitions.

- (a) If a Credit Event Determination Date has occurred, the Issuer shall give notice (such notice a Notice of Physical Settlement) to the Noteholders in accordance with Condition 8 (Notices), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem each Note by the Delivery of the Deliverable Obligations comprising the Entitlement on or prior to the Credit Settlement Date, subject to and in accordance with the Conditions and these Credit Linked Conditions, unless in the determination of the Issuer in its sole and absolute discretion in its opinion (i) it would not have any Deliverable Obligations to so Deliver or (ii) all of the Deliverable Obligations would be Undeliverable Obligations, in which case the provisions of Credit Linked Condition 2 above shall apply as if Auction Settlement were thereafter the Settlement Method and these Credit Linked Conditions will be construed accordingly and the Issuer shall redeem the Notes in accordance with Credit Linked Condition 2. Any delay in the delivery of a Notice of Physical Settlement or failure by the Issuer to deliver a Notice of Physical Settlement shall not affect the validity of a Credit Event Determination Date.

The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Entitlement in respect of each Note will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement to take account of the relevant Asset Package.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 8 (Notices), (each such notification, a Physical Settlement Amendment Notice) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a Replacement Deliverable Obligation) and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Entitlement) of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Deliverable Obligation, the Replaced Deliverable Obligation Outstanding Amount). The Replacement Deliverable Obligation(s), taken together, shall have an aggregate Replaced Deliverable Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Deliverable Obligations being replaced. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with Condition 8 (Notices), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the PSN

Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with Condition 8 (Notices)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "Mod Mod R" is specified as applicable in these Credit Linked Conditions and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation or Valuation Obligation, as applicable, is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement and a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date or the date of delivery of the Valuation Obligation Notification, as applicable. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in these Credit Linked Conditions, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this definition, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal

amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis **Eligible Information** and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Fiscal Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv) or (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Conditions and/or these Credit Linked Conditions as it shall determine to be appropriate (including, without limitation, the Reference Entity Notional Amount and (if applicable) the Transaction Type) to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Conditions and/or these Credit Linked Conditions in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 8 (*Notices*) stating the adjustment to the Conditions and/or these Credit Linked Conditions and giving brief details of the relevant Successor event. For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

If two or more entities (each, a "Joint Potential Successor") jointly succeed to a Relevant Obligation (the "Joint Relevant Obligation") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Conditions and/or these Credit Linked Conditions as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such

change and adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if any such Transaction Type and adjustment reflects any adjustment to any credit derivative transaction(s) related to or underlying the Credit Linked Notes incorporating the provisions of the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**"). Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 8 (*Notices*) stating the new Transaction Type and the adjustment to the Conditions and/or these Credit Linked Conditions (if any). For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

in each case, as selected by the Issuer in its sole and absolute discretion and notified to the Calculation Agent (a "**Valuation Obligation Notification**") on or prior to the Valuation Date and (i) unless it is an Excluded Valuation Obligation and (ii) provided that the obligation has an Outstanding Principal Balance or Due and Payable Amount that is greater than zero (determined for purposes of paragraph (d) above, immediately prior to the relevant Asset Package Credit Event). For the avoidance of doubt, the Issuer shall be entitled to select any such obligation to constitute a Valuation Obligation, irrespective of its market value.

- (i) *Method for Determining Valuation Obligations.* For the purposes of this definition of "Valuation Obligation", the term "Valuation Obligation" may be defined as each obligation of the Reference Entity described by the Valuation Obligation Category specified in these Credit Linked Conditions, and, subject to paragraph (ii) (*Interpretation of Provisions*) below, having each of, the Valuation Obligation Characteristics, if any, specified in these Credit Linked Conditions, in each case, as of each such date the Issuer determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification. The following terms shall have the following meanings:

- (A) "**Valuation Obligation Category**" means one of Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, or Bond or Loan (each as defined in the definition of "Obligation" above, except that, for the purpose of determining Valuation Obligations, the definition of "Reference Obligation Only" shall be amended to state that no Valuation Obligation Characteristics shall be applicable to Reference Obligation Only).
- (B) "**Valuation Obligation Characteristics**" means, as set out in these Credit Linked Conditions, any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed, Not Domestic Issuance (each as defined in the definition of "Obligation" above), Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer;
- (C) "**Assignable Loan**" means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if the Reference Entity is guaranteeing such Loan) or any agent;
- (D) "**Consent Required Loan**" means a Loan that is capable of being assigned or novated with the consent of the Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if the Reference Entity is guaranteeing such loan) or any agent;

- (E) **"Direct Loan Participation"** means a Loan in respect of which, pursuant to a participation agreement, the Issuer is capable of creating, or procuring the creation of, a contractual right in favour of each Noteholder that provides each Noteholder with recourse to the participation seller for a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between each Noteholder and either (A) the Issuer (to the extent that the Issuer is then a lender or a member of the relevant lending syndicate), or (B) a Qualifying Participation Seller (if any) (to the extent such Qualifying Participation Seller is then a lender or a member of the relevant lending syndicate);
- (F) **"Transferable"** means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
 - I. contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
 - II. restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
 - III. restrictions in respect of blocked periods on or around payment dates or voting periods;
- (G) **"Maximum Maturity"** means an obligation that has a remaining maturity of not greater than the period specified in these Credit Linked Conditions (or if no such period is specified, thirty years);
- (H) **"Accelerated or Matured"** means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws; and
- (I) **"Not Bearer"** means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via Euroclear, Clearstream International or any other internationally recognised clearing system.

(ii) *Interpretation of Provisions*

- (A) If (i) any of the Valuation Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified in these Credit Linked Conditions, these Credit Linked Conditions shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Bonds; (ii) the Valuation Obligation Characteristic "Transferable" is specified in these Credit Linked Conditions, these Credit Linked Conditions shall be construed as though

such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans; or (iii) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in these Credit Linked Conditions, these Credit Linked Conditions shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans.

- (B) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Valuation Obligation Characteristics in these Credit Linked Conditions, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics.
- (C) If a Valuation Obligation is a Relevant Guarantee, the following will apply:
 - (1) for purposes of the application of the Valuation Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (2) for purposes of the application of the Valuation Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in these Credit Linked Conditions from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law";
 - (3) for purposes of the application of the Valuation Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in these Credit Linked Conditions from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated" or "Matured" and "Not Bearer";
 - (4) for purposes of the application of the Valuation Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor;
 - (5) for purposes of the application of the Valuation Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the remaining maturity shall be zero;
 - (6) if "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in these Credit Linked

Conditions, if an obligation would otherwise satisfy a particular Valuation Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Valuation Obligation Characteristic;

- (7) for purposes of determining the applicability of Valuation Obligation Characteristics to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event; and
- (8) if "Subordinated European Insurance Terms" is specified as applicable in these Credit Linked Conditions, if an obligation would otherwise satisfy the "Maximum Maturity" Valuation Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Valuation Obligation Characteristic.

The Valuation Obligation Notification shall describe the selected Valuation Obligation(s) in reasonable detail and shall specify the relevant title(s) or designation(s), maturity date(s) and coupon rate(s) and, unless the Quotation Amount is specified in these Credit Linked Conditions, the applicable Quotation Amount in respect of each such Valuation Obligation (Provided That the aggregate of the Quotation Amounts in respect of the Valuation Obligations shall not exceed the relevant Reference Entity Notional Amount). The Issuer may at any time after delivering a Valuation Obligation Notification but prior to the Valuation Time on the Valuation Date deliver a further Valuation Obligation Notification which shall replace all prior Valuation Obligation Notifications in relation to any additional or replacement Valuation Obligation(s) specified therein.

For the avoidance of doubt the Issuer shall be entitled to select any Valuation Obligations for the purposes of calculating the Final Price irrespective of their market value and, provided that (in the case of a Valuation Obligation selected pursuant to sub-paragraph (a) above) the selected obligation satisfies the applicable Valuation Obligation Category and Valuation Obligation Characteristics on the relevant date, such obligation(s) may constitute the Valuation Obligation(s) for the purposes hereof notwithstanding that this is not the case subsequent to such date.

"Sovereign Restructured Valuation Obligation" means an Obligation of a Reference Entity which is a Sovereign (either directly or as provider of a Relevant Guarantee) (a) in respect of which a Restructuring that is the subject of the relevant Credit Event Notice or DC Credit Event Announcement has occurred and (b) which fell within paragraph (a) of the definition of Valuation Obligation immediately preceding the date on which such Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

"Valuation Time" means the time specified as such in these Credit Linked Conditions or, if no time is so specified, 11.00 a.m. in the principal trading market for the Valuation Obligation.

"Voting Shares" means the shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

"Weighted Average Quotation" means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Valuation Obligation with an Outstanding Principal Balance or Due and Payable

Amount, as applicable, of as large a size as available but less than the Quotation Amount (but, of a size at least equal to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

TAXATION

The following is an overview limited to certain tax considerations in France and the United-States relating to the Notes and specifically contains information on taxes on the income from the Notes withheld at source. This overview is based on the laws in force in France and the United States as of the date of this Listing Particulars and is subject to any changes in law and interpretation hereof (potentially with a retroactive effect). It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe, purchase, hold or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.

1. FRENCH TAXATION

The following is an overview of certain withholding tax considerations that may be relevant to holders of Notes who do not concurrently hold shares in the Issuer.

- (a) Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid on a bank account opened in a financial institution located in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30% or 75% (subject to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest or other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, BOI-RPPM-RCM-30-10-20-40-20140211 and BOI-IR-DOMIC-10-20-20-60-20150320, the Notes will benefit from the Exception without the Issuer having to provide any proof of the main purpose and effect of such issue of Notes if such Notes are *inter alia* admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Accordingly, payments of interest and other revenues under the Notes by the Issuer are not subject to the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* and the Deductibility Exclusion does not apply to such payments.

- (b) Pursuant to Article 125 A I of the French *Code général des impôts*, where the paying agent (*établissement payeur*) is established in France and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the withholding has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of 15.5% on such interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

2. FOREIGN ACCOUNT TAXPAYER COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional Notes (as described under “Terms and Conditions of the Notes—Further Issues and Assimilation”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.
