

LISTING PARTICULARS DATED 27 OCTOBER 2020

Phoenix Group Holdings plc

(incorporated with limited liability in England and Wales on 5 October 2018 with registered number 11606773 and operating under the laws of England and Wales)

£500,000,000 Fixed Rate Reset Perpetual Restricted Tier 1 Contingent Convertible Notes

The issue of initially £500,000,000 Fixed Rate Reset Perpetual Restricted Tier 1 Contingent Convertible Notes (the “**Notes**”) was (save in respect of any further Notes issued pursuant to Condition 17) initially authorised by a resolution of the board of directors of Phoenix Group Holdings (“**PGH**”) passed on 20 February 2018. The Notes were initially issued by PGH on 26 April 2018 (the “**Issue Date**”). The substitution of PGH with Phoenix Group Holdings plc (the “**Issuer**”) as issuer and principal debtor under the Notes with effect from 12 December 2018 was authorised by a resolution of the board of directors of the Issuer on 15 October 2018 and amendments to the terms of the Notes were authorised by a resolution of the board of directors of the Issuer on 23 September 2020. The Notes constitute direct, unsecured and subordinated obligations of the Issuer. The terms and conditions of the Notes are set out more fully in “*Terms and Conditions of the Notes*” (the “**Conditions**”).

The Notes bear interest on their principal amount from (and including) the Issue Date to (but excluding) 26 April 2028 (the “**First Call Date**”) at a fixed rate of 5.750 per cent. per annum and thereafter at a fixed rate of interest which will be reset on the First Call Date and on each fifth anniversary of the First Call Date thereafter (each, a “**Reset Date**” as provided in the Conditions). Interest is payable on the Notes semi-annually in arrear on 26 October and 26 April (each, an “**Interest Payment Date**”) in each year, subject to cancellation as provided below and as further described in the Conditions.

The Issuer may elect at any time to cancel (in whole or in part) any payment of interest otherwise scheduled to be paid on an Interest Payment Date and shall, save as otherwise permitted pursuant to the Conditions, cancel in full an interest payment upon the occurrence of a Mandatory Interest Cancellation Event (as defined in the Conditions) with respect to that interest payment. Any interest accrued in respect of an Interest Payment Date which falls on or after the date on which the Trigger Event (as defined in the Conditions) occurs shall also be cancelled. The cancellation of any interest payment shall not constitute a default for any purpose on the part of the Issuer. Any interest payment (or part thereof) which is cancelled in accordance with the Conditions shall not become due and payable in any circumstances. Subject as provided in the Conditions, all payments in respect of or arising from the Notes will be conditional upon the Issuer being solvent (as defined in the Conditions) at the time of payment and immediately thereafter.

Payments in respect of the Notes by or on behalf of the Issuer will be made without withholding or deduction for, or on account of, taxes of the United Kingdom, unless that withholding or deduction is required by law. In the event that any such withholding or deduction is made in respect of payments of interest (but not in respect of any payments of principal), additional amounts may be payable by the Issuer, subject to certain exceptions, as more fully described in the Conditions.

The Notes are perpetual securities with no fixed redemption date. The Issuer only has the right to redeem or purchase the Notes in accordance with the Conditions. Holders of the Notes (“Noteholders**”) have no right to require the Issuer to redeem or purchase the Notes at any time.**

UPON THE OCCURRENCE OF A TRIGGER EVENT THE ISSUER’S OBLIGATIONS IN RELATION TO EACH NOTE WILL BE PERMANENTLY AND AUTOMATICALLY RELEASED AND CONVERSION SHARES WILL BE ISSUED.

No profit forecast

No statement in these Listing Particulars is intended as a profit forecast and no statement in these Listing Particulars should be interpreted to mean that earnings per ordinary share of the Issuer (a “**Share**”) for the current or future financial years would necessarily match or exceed the historical published earnings per Share.

Insurance Group Parent

Notes may not be a suitable investment for all investors

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of the investment in light of its own circumstances. In particular, each potential investor should (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, and the merits and risks of investing in the Notes; (b) have access to and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio; (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor’s currency; (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. An investment in the Notes may be considered by investors who are in a position to be able to satisfy themselves that the Notes would constitute an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

Cancellation of Interest Payments	Subject as more fully described in the Conditions, Interest Payments shall not be made by the Issuer in the following circumstances:

- (i) the cancellation of such Interest Payment, or such Interest Payment not becoming due and payable, in accordance with the provisions described under “*Mandatory Cancellation of Interest Payments*” below;
- (ii) the Issuer’s exercise of its discretion otherwise to cancel such Interest Payment (or relevant part thereof) as described under “*Interest Payments Discretionary*” below; or

Any Interest Payment (or relevant part thereof) which is cancelled or does not become due and payable in accordance with the Conditions shall not accumulate or be payable at any time thereafter and such cancellation or non-payment shall not constitute a default or event of default for any purpose.

Mandatory Cancellation of Interest Payments

Subject to certain limited exceptions as further described hereunder, the Issuer shall be required to cancel in full any Interest Payment if:

- (i) the Solvency Condition is not met at the time for payment of such Interest Payment, or would cease to be met immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);
- (ii) there is non-compliance with the Solvency Capital Requirement at the time for payment of such Interest Payment, or non-compliance with the Solvency Capital Requirement would occur immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);
- (iii) there is non-compliance with the Minimum Capital Requirement at the time for payment of such Interest Payment, or non-compliance with the Minimum Capital Requirement would occur immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);
- (iv) the amount of such Interest Payment, together with any Additional Amounts payable with respect thereto, when aggregated together with any interest payments or distributions which have been paid or made or which are scheduled simultaneously to be paid or made on all Tier 1 Own Funds (excluding any such payments which do not reduce the Issuer’s Distributable Items and any payments already accounted for by way of deduction in determining the Issuer’s Distributable Items) since the end of the latest financial year of the Issuer and prior to, or on, such Interest Payment Date, would exceed the amount of the Issuer’s

Distributable Items as at the Interest Payment Date in respect of such Interest Payment; or

- (v) the Issuer is otherwise required by the PRA or under the Relevant Rules to cancel the relevant Interest Payment.

The Issuer shall not be required to cancel an Interest Payment where such an event or circumstance has occurred and is continuing, or would occur if payment of interest on the Notes were to be made, to the extent permitted by the Relevant Rules, where:

- (i) it is of the type described in sub-paragraph (ii) above only;
- (ii) the PRA has exceptionally waived the cancellation of the Interest Payment;
- (iii) payment of the Interest Payment would not further weaken the solvency position of the Issuer or the Insurance Group; and
- (iv) the Minimum Capital Requirement will be complied with immediately following such Interest Payment, if made.

Issuer's Distributable Items

Subject as otherwise defined from time to time in the Relevant Rules, with respect to and as at any Interest Payment Date, without double-counting, an amount equal to:

- (i) the Distributable Profits of the Issuer, calculated on an unconsolidated basis, as at the last day of the then most recently ended financial year of the Issuer; plus
- (ii) the interim retained earnings (if any) of the Issuer, calculated on an unconsolidated basis, for the period from the Issuer's then latest financial year end to (but excluding) such Interest Payment Date; less
- (iii) the interim net loss (if any) of the Issuer, calculated on an unconsolidated basis, for the period from the Issuer's then latest financial year end to (but excluding) such Interest Payment Date.

Interest Payments Discretionary

Interest on the Notes will be due and payable only at the sole and absolute discretion of the Issuer, subject to the additional restrictions set out in the Conditions. Accordingly, the Issuer may at any time, subject as provided below, elect to cancel any Interest Payment (or part thereof) which would otherwise be due and payable on any Interest Payment Date.

Solvency Condition

Other than in a winding-up or administration of the Issuer, or where a Trigger Event has occurred, all payments (other than any cash component of the Conversion Shares Offer Consideration and also subject to Condition 3(c)) under or arising from the Notes or the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer and no amount shall be due and payable by the Issuer under or arising from the Notes or the Trust Deed (including any damages for breach of any obligations thereunder) except to the extent that

the Issuer could make such payment and still be solvent immediately thereafter.

The Issuer will be solvent if (i) it is able to pay its debts owed to Senior Creditors as they fall due and (ii) its Assets exceed its Liabilities.

Any payment of interest that would have been due and payable but for the Solvency Condition not being satisfied shall be cancelled.

For this purpose:

“**Assets**” means the unconsolidated gross assets of the Issuer as shown in the latest published audited balance sheet of the Issuer, but adjusted for contingencies and subsequent events, all in such manner as the Directors may determine.

“**Liabilities**” means the unconsolidated gross liabilities of the Issuer as shown in the latest published audited balance sheet of the Issuer but adjusted for contingent liabilities and for subsequent events, all in such manner as the Directors may determine.

“**Senior Creditors**” means creditors of the Issuer:

- (i) who are unsubordinated creditors including all policyholders (if any) or beneficiaries under contracts of insurance of the Issuer (if any);
- (ii) whose claims constitute upon issue or would, but for any applicable limitation on the amount of such capital, constitute, Tier 2 Capital or Tier 3 Capital of the Issuer;
- (iii) whose claims are, or are expressed to be, subordinated (whether only in the event of the winding-up or administration of the Issuer or otherwise) to the claims of unsubordinated creditors of the Issuer but not further or otherwise; or
- (iv) whose claims are, or are expressed to be, junior to the claims of other creditors of the Issuer, whether subordinated or unsubordinated, other than those whose claims rank, or are expressed to rank, *pari passu* with, or junior to, the claims of the holders of the Notes in a winding-up or administration of the Issuer occurring prior to a Trigger Event.

Automatic Conversion

Following the determination that a Trigger Event has occurred, an Automatic Conversion shall occur.

“**Automatic Conversion**” means the irrevocable and automatic (without the need for the consent of Noteholders or the Trustee) release by the Noteholders of all of the Issuer’s obligations under the Notes including, without limitation, the release of the full principal amount of each Note on a permanent basis in consideration of the Issuer’s issuance of the Conversion Shares to the Conversion Shares Depositary on behalf of the

Noteholders (or to such other relevant recipient as contemplated in Condition 6) at the then prevailing conversion price, being £1,000 per Conversion Share, subject to adjustment in accordance with the Conditions (the “**Conversion Price**”), the cancellation of all accrued and unpaid interest and any other amounts (if any) arising under or in connection with the Notes and/or the Trust Deed.

Effective upon, and following, the Automatic Conversion, the Issuer’s obligation to repay the principal amount outstanding of each Note shall, without any further action required on the part of the Issuer or the Trustee, be irrevocably released and discharged and Noteholders shall not have any rights against the Issuer in a winding-up or administration of the Issuer or otherwise with respect to: (i) repayment of the principal amount of the Notes or any part thereof; (ii) the payment of any interest on the Notes for any period; or (iii) any other amounts arising under or in connection with the Notes and/or the Trust Deed.

The release of the principal amount of a Note pursuant to, and in accordance with, Condition 6 (*Automatic Conversion*) shall be permanent and shall not constitute a default or event of default on the part of the Issuer for any purpose and will not give Noteholders or the Trustee any right to take any enforcement action under the Notes or the Trust Deed.

To the extent permitted by and in accordance with the Relevant Rules in force as at the relevant time, an Automatic Conversion may be exceptionally waived by the PRA at any time prior to the Conversion Date if such an Automatic Conversion (taking into account the write-down or conversion of any other Own Fund Items on or around the Conversion Date) would give rise to a tax liability that would have a significant adverse effect on the solvency or capital position of the Issuer and/or the Insurance Group. If the relevant Automatic Conversion is so waived, the relevant Automatic Conversion shall not occur (but without prejudice to the cancellation of any Interest Payment or part thereof pursuant to Condition 5). The Issuer shall give notice to the Trustee, any stock exchange on which the Notes are for the time being listed or admitted to trading and, in accordance with Condition 13 (Notices), the Noteholders of the grant of any such waiver as soon as practicable following its receipt from the PRA.

See Condition 6 (*Automatic Conversion*) for further information.

Trigger Event

A Trigger Event shall occur if at any time:

- (i) the amount of Own Fund Items eligible to cover the Solvency Capital Requirement is equal to or less than 75 per cent. of the Solvency Capital Requirement;

- (ii) the amount of Own Fund Items eligible to cover the Minimum Capital Requirement is equal to or less than the Minimum Capital Requirement; or
- (iii) a breach of the Solvency Capital Requirement has occurred and such breach has not been remedied within a period of three months from the date on which the breach was first observed.

Redemption at the option of the Issuer

Subject to certain conditions, the Issuer may, at its option, redeem all (but not some only) of the Notes, on the First Call Date or any Interest Payment Date thereafter at their principal amount together with (to the extent that such interest has not been cancelled in accordance with the Conditions) any accrued and unpaid interest to (but excluding) the date of redemption.

Redemption, substitution or variation at the option of the Issuer for taxation reasons

Subject to certain conditions, if a Tax Event has occurred and is continuing, then the Issuer may, at its option, without any requirement for the consent or approval of the Noteholders, either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount, together with (to the extent that such interest has not been cancelled in accordance with the Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain, Qualifying Securities.

Redemption, substitution or variation at the option of the Issuer due to a Capital Disqualification Event

Subject to certain conditions, if at any time a Capital Disqualification Event has occurred and is continuing, or as a result of any change to the Relevant Rules (or change to the interpretation of the Relevant Rules by any court of authority entitled to do so), a Capital Disqualification Event will occur within the forthcoming period of six months, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount, together with (to the extent that such interest has not been cancelled in accordance with the Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain, Qualifying Securities,

provided, however, that no such notice of redemption, substitution or variation shall be given more than 12 months following the occurrence of the relevant Capital Disqualification Event.

**Redemption, substitution or variation
at the option of the Issuer due to a
Ratings Methodology Event**

A “**Capital Disqualification Event**” shall be deemed to have occurred if at any time, as a result of any change to the Relevant Rules (or change to the interpretation of the Relevant Rules by any court or authority entitled to do so) the whole or any part of the principal amount of the Notes is no longer capable of counting as Tier 1 Capital for the purposes of (i) the Issuer on a solo, group or consolidated basis or (ii) the Insurance Group on a group or consolidated basis, except where such non-qualification is only as a result of any applicable limitation on the amount of such capital (other than a limitation derived from any transitional or grandfathering provisions under the Relevant Rules).

Subject to certain conditions, if a Ratings Methodology Event has occurred and is continuing, or, as a result of any change in (or clarification to) the methodology of the Rating Agency (or in the interpretation of such methodology), a Ratings Methodology Event will occur within the forthcoming period of six months, then the Issuer may, at its option, without any requirement for the consent or approval of the Noteholders, either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount outstanding together with (to the extent that such interest has not been cancelled in accordance with the Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain, Rating Agency Compliant Securities,

provided, however, that no such notice of redemption, substitution or variation shall be given more than 12 months following the occurrence of the relevant Ratings Methodology Event.

A “**Ratings Methodology Event**” will be deemed to occur upon a change in (or clarification to) the methodology of any Rating Agency (or in the interpretation of such methodology) as a result of which the “equity credit” assigned by that Rating Agency to the Notes is, as notified by that Rating Agency to the Issuer or as published by that Rating Agency, reduced when compared to the “equity credit” assigned by that Rating Agency or its predecessor to the Notes on or around the Issue Date.

Purchases

Subject to certain limited exceptions as more fully described in the Conditions, the Issuer or any of its Subsidiaries may purchase Notes in any manner and at any price.

**Conditions to redemption and
purchase**

Subject to certain conditions, the Issuer may not redeem or purchase any Notes unless each of the following conditions, to the extent required pursuant to the Relevant Rules at the relevant time, is satisfied:

- (i) the relevant date of any redemption or purchase is on or after the fifth anniversary of the Issue Date unless such redemption or purchase is funded out of the proceeds of a new issuance of, or the Notes are exchanged into, Tier 1 Own Funds of the same or a higher quality than the Notes;
- (ii) in respect of any redemption or purchase of the Notes occurring on or after the fifth anniversary of the Issue Date and before the tenth anniversary of the Issue Date, the PRA has confirmed to the Issuer that it is satisfied that the Solvency Capital Requirement is exceeded by an appropriate margin (taking into account the solvency position of the Issuer including the Issuer's medium-term capital management plan) unless such redemption or purchase is funded out of the proceeds of a new issuance of, or the Notes are exchanged into, Tier 1 Own Funds of the same or a higher quality than the Notes;
- (iii) the Solvency Condition is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Solvency Condition to be breached;
- (iv) the Solvency Capital Requirement is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Solvency Capital Requirement to be breached;
- (v) the Minimum Capital Requirement is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Minimum Capital Requirement to be breached;
- (vi) no Insolvent Insurer Winding-up has occurred and is continuing;
- (vii) the Regulatory Clearance Condition is satisfied; and/or
- (viii) any other additional or alternative requirements or pre-conditions to which the Issuer is otherwise subject and which may be imposed by the PRA or the Relevant Rules have (in addition or in the alternative to the foregoing subparagraphs, as the case may be) been complied with (and shall continue to be complied with following the proposed redemption or purchase).

Preconditions to redemption, variation and substitution

Prior to the publication of any notice of redemption, variation or substitution, the Issuer shall deliver to the Trustee a certificate signed by two of its directors stating that, as the case may be, the Issuer is entitled to redeem, vary or substitute the Notes on the grounds that a Tax Event, a Capital Disqualification Event or a Ratings Methodology Event has occurred and is continuing as at the date of the certificate or, as the case may be, (in the case of a Capital Disqualification Event or a Ratings Methodology Event)

will occur within a period of six months and that it would have been reasonable for the Issuer to conclude, judged at the Issue Date, such Tax Event, Capital Disqualification Event or Ratings Methodology Event was unlikely to occur.

In the case of a notice of redemption, variation or substitution on the grounds of a Tax Event, the Issuer shall also deliver to the Trustee an opinion from a nationally recognised law firm or other tax adviser (as further described in the Conditions).

Each Noteholder, by acquiring and holding any Note, will be deemed to have agreed and accepted that, given the advisory nature of the EIOPA Advice Paper, it was reasonable for the Issuer to conclude, judged at the Issue Date, that a Capital Disqualification Event was unlikely to occur as a result of the matters discussed at chapter 19 (*Comparison of own funds in insurance and banking sectors*) and chapter 20 (*Capital instruments only eligible as tier 1 up to 20 per cent. of total tier 1*) of the EIOPA Advice Paper.

The Issuer shall not be entitled to amend or otherwise vary the terms of the Notes or substitute the Notes unless:

- (i) it has notified the PRA in writing of its intention to do so not less than one month (or such other period as may be required by the PRA or the Relevant Rules at the relevant time) prior to the date on which such amendment, variation or substitution is to become effective; and
- (ii) the Regulatory Clearance Condition has been satisfied.

Withholding tax and additional amounts

Payments on the Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Relevant Jurisdiction unless such withholding or deduction is required by law. In any such event, the Issuer will, subject to certain exceptions set out in Condition 9 (*Taxation*), pay such additional amounts in respect of Interest Payments (but not in respect of any payments of principal) as will result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required.

“**Relevant Jurisdiction**” means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer becomes subject in respect of payments made by it of principal and/or interest on the Notes.

Enforcement

If default is made by the Issuer for a period of 14 days or more in the payment of principal due in respect of the Notes or any of them the Trustee at its discretion may, and if so requested by Noteholders of at least one fifth in principal amount of the Notes

then outstanding or if so directed by an Extraordinary Resolution shall (but in each case subject to it having been indemnified and/or secured and/or pre-funded to its satisfaction) institute proceedings for an Issuer Winding-Up.

Subject to a Trigger Event having not occurred at such time, in the event of a winding-up or administration of the Issuer (whether or not instituted by the Trustee), the Trustee may prove in the winding-up or administration of the Issuer and/or (as the case may be) claim in the liquidation or administration of the Issuer, such claim being as provided in, and subordinated in the manner described in, Condition 3(b) (Issuer Winding-Up), but may take no further or other action to enforce, prove or claim for any payment by the Issuer in respect of the Notes or the Trust Deed.

These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.</p> <p>The Trust Deed contains provisions for calling meetings of holders of a relevant Series of Notes to consider matters affecting their interests generally. RISK FACTORS

Investing in the Notes involves certain risks. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Any of these risk factors, individually or in the aggregate, could have an adverse effect on the Group and the impact each risk could have on the Group is set out below.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in these Listing Particulars (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Capitalised terms which are defined in the “Terms and Conditions of the Notes” have the same meaning when used in this overview.

Risks relating to the Group

See the section entitled “Risk Factors – Risks relating to the Group” in the EMTN Prospectus, as incorporated by reference in these Listing Particulars.

Risks relating to the Notes

Risks relating to the structure of the Notes

The Issuer’s obligations under the Notes are subordinated

The Issuer’s obligations under the Notes constitute direct, unsecured and deeply subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves.

The rights and claims of the Noteholders (and the Trustee on their behalf) are subordinated to the claims of Senior Creditors (as defined in the Conditions) in that if at any time prior to the occurrence of a Trigger Event an Issuer Winding-Up occurs, there shall be payable by the Issuer in respect of each Note (in lieu of any other payment by the Issuer), such amount, if any, as would have been payable to the holder of such Note if, throughout such winding-up or administration, such Noteholder were the holder of one of a class of preference shares in the capital of the Issuer (“**Notional Preference Shares**”) having an equal right to a return of assets in the winding-up or administration to, and so ranking *pari passu* with, the holders of the most senior class or classes of issued preference shares (if any) in the capital of the Issuer from time to time and which have a preferential right to a return of assets in the winding-up or administration over, and so rank ahead of, the holders of all other classes of issued shares for the time being in the capital of the Issuer but ranking junior to the claims of Senior Creditors, on the assumption that the amount that such Noteholder was entitled to receive in respect of each Notional Preference Share on a return of assets in such winding-up or administration were an amount equal to the principal amount of the relevant Note and any accrued but unpaid interest thereon (other than any interest which has been cancelled pursuant to these Conditions) together with any damages awarded for breach of any obligations in respect of such Note, whether or not the Solvency Condition is satisfied on the date upon which the same would otherwise be due and payable.

Although the Notes may potentially pay a higher rate of interest (subject always to the Issuer's right and, in certain circumstances, obligation to cancel interest payments under the Conditions) than comparable notes which are not subordinated, there is a significant risk that an investor in the Notes will lose all or some of its investment should the Issuer become insolvent.

Further, by acceptance of the Notes, subject to applicable law, each Noteholder will be deemed to have waived and to have directed and authorised the Trustee on its behalf to have waived any right of set-off or counterclaim that such Noteholder might otherwise have against the Issuer in respect of or arising under the Notes or the Trust Deed whether prior to or in liquidation, winding-up or administration.

In addition, investors should be aware that, upon the occurrence of a Trigger Event and following an Automatic Conversion, the Issuer's obligation to repay the principal amount outstanding of each Note shall be irrevocably released and discharged. Therefore, there is a risk that Noteholders will lose the entire amount of their investment in the Notes, regardless of whether the Issuer has sufficient assets available to settle what would have been the claims of Noteholders or of securities subordinated to the same or greater extent as the Notes, in winding-up proceedings or otherwise. See also *"Risks relating to the structure of the Notes – Upon the occurrence of a Trigger Event, Noteholders will lose all or some of the value of their investment in the Notes"*.

The Issuer is a holding company and Noteholders are structurally subordinated to the creditors of the Issuer's subsidiaries

The Issuer is the parent company of the Group. The operations of the Group are conducted by the operating subsidiaries of the Issuer. Accordingly, creditors of a subsidiary would have to be paid in full before sums would be available to the shareholders of that subsidiary and thereafter (by the payment of dividends to the Issuer) to Noteholders in respect of any payment obligations of the Issuer under the Notes. As the equity investor in its subsidiaries, the Issuer's right to receive assets upon their liquidation or reorganisation will be effectively subordinated to the claims of creditors of its subsidiaries. To the extent that the Issuer is recognised as a creditor of such subsidiaries, the Issuer's claims may still be subordinated to any security interest in, or other lien on, their assets and to any of their debt or other obligations that are senior to the Issuer's claims.

Upon the occurrence of a Trigger Event, Noteholders will lose all or some of the value of their investment in the Notes

The Notes have been issued for capital adequacy-related regulatory purposes with the intention and purpose of being eligible as restricted tier 1 capital of the Issuer and the Insurance Group under Solvency II. Such eligibility depends upon a number of conditions being satisfied, which are reflected in the Conditions.

One of these relates to the ability of the liability represented by the Notes to be permanently released in consideration of the issue of Conversion Shares upon a Trigger Event occurring. A Trigger Event will occur if the Issuer determines at any time that (i) the amount of Own Fund Items eligible to cover the Solvency Capital Requirement is equal to or less than 75 per cent. of the Solvency Capital Requirement, (ii) the amount of Own Fund Items eligible to cover the Minimum Capital Requirement is equal to or less than the Minimum Capital Requirement or (iii) a breach of the Solvency Capital Requirement has occurred and such breach has not been remedied within a period of three months from the date on which the breach was first observed.

Under the terms of the Notes, if at any time a Trigger Event occurs, all accrued and unpaid interest will be cancelled irrevocably and (other than in exceptional circumstances further specified in the Conditions) the Issuer's obligation to repay the principal amount outstanding of each Note shall be irrevocably released and discharged and the Notes will be cancelled in consideration of the issue of Conversion Shares. In such circumstances, the Noteholders will have no rights against the Issuer with respect to repayment of the principal amount of the Notes or any part thereof, the payment of any interest for any period or any other amounts arising under or in connection with the Notes and/or the Trust Deed, whether in an Issuer Winding-Up or otherwise,

and there will be no reinstatement (in whole or in part) of the principal amount of the Notes at any time. Accordingly, if a Trigger Event occurs, Noteholders will lose all or part of the value of their investment in the Notes. Following an Automatic Conversion, Noteholders will receive only (i) the Conversion Shares (if the Issuer elects that a Conversion Shares Offer will not be made or the relevant Noteholder elects to receive the Conversion Shares); or (ii) the Conversion Shares Offer Consideration, which shall be comprised entirely of Conversion Shares or cash depending on the results of the Conversion Shares Offer, and the realisable value of any Conversion Shares received is expected to be significantly less than the Conversion Price. In addition, the realisable value of any Conversion Shares received could be substantially lower than that implied by the price paid for the Notes at the time of their purchase.

The Automatic Conversion may occur irrespective of whether the Issuer has sufficient assets available to settle the claims of the Noteholders of the Notes or other securities subordinated to the same or greater extent as the Notes, in winding-up proceedings or otherwise. As a result, Noteholders may have no claim for principal in the event of an Issuer Winding-Up, even though other securities that rank equally in priority may continue to have such a claim and the Issuer may have sufficient assets to satisfy the claims of Noteholders of other subordinated debt of the Issuer.

The occurrence of the Trigger Event may depend on factors outside of the Issuer's control

A Trigger Event shall occur if the Issuer determines at any time that (i) the amount of Own Fund Items eligible to cover the Solvency Capital Requirement is equal to or less than 75 per cent. of the Solvency Capital Requirement, (ii) the amount of Own Fund Items eligible to cover the Minimum Capital Requirement is equal to or less than the Minimum Capital Requirement or (iii) a breach of the Solvency Capital Requirement has occurred and such breach has not been remedied within a period of three months from the date on which the breach was first observed.

The occurrence of a Trigger Event and, therefore, Automatic Conversion is to some extent unpredictable and depends on a number of factors, some of which may be outside of the Issuer's control, including actions that the Issuer is required to take at the direction of the PRA and regulatory changes. Accordingly, the trading behaviour of the Notes may not necessarily follow the trading behaviour of other types of subordinated securities, including the Issuer's other subordinated debt securities. Any indication or perceived indication that the Issuer or the Group may be at risk of failing to meet its Solvency Capital Requirement or Minimum Capital Requirement may have an adverse effect on the market price and liquidity of the Notes. Therefore, investors may not be able to sell their Notes easily (if at all) or at prices that will provide them with a yield comparable to other types of subordinated securities, including the Issuer's other subordinated debt securities.

Investors will not be able to monitor whether or not the Issuer or the Insurance Group will meet their respective Solvency Capital Requirements or Minimum Capital Requirements on a continuous basis and it may therefore not be foreseeable when a Trigger Event may occur or whether interest payments must be cancelled.

Changes to Solvency II may increase the risk of the occurrence of a Trigger Event, cancellation of interest payments, suspension of any redemption of the Notes or the occurrence of a Capital Disqualification Event

Solvency II requirements adopted in the United Kingdom, whether as a result of further changes to Solvency II or changes to the way in which the PRA interprets and applies these requirements to the United Kingdom insurance industry, may change. Any such changes, either individually and/or in aggregate, may lead to further unexpected requirements in relation to the calculation of the Issuer's or the Insurance Group's Solvency Capital Requirement and Minimum Capital Requirement, and such changes may make the Issuer's or the Insurance Group's regulatory capital requirements more onerous. Such changes that may occur in the application of Solvency II in the United Kingdom subsequent to the date of these Listing Particulars and/or any subsequent changes to such rules and other variables may individually and/or in aggregate negatively affect the calculation

of the Issuer's or the Insurance Group's Solvency Capital Requirement and Minimum Capital Requirement and thus increase the risk of cancellation of interest payments, the suspension of any redemption of the Notes or a Trigger Event occurring, which will lead to an Automatic Conversion, as a result of which a Noteholder could lose all or part of the value of its investment in the Notes. Conversely, such changes may increase the risk of the occurrence of a Capital Disqualification Event (and increase the risk of redemption of the Notes by the Issuer).

As the Conversion Price is fixed at the time of issue of the Notes, Noteholders will bear the risk of fluctuations in the market price of the Conversion Shares

As a Trigger Event will only occur at a time when there is a significant deterioration in the amount of Own Fund Items to cover the Solvency Capital Requirement or the Minimum Capital Requirement, a Trigger Event may be accompanied by a deterioration in the market price of the Issuer's ordinary shares, which may be expected to continue after the occurrence of the Trigger Event. The realisable value of the Conversion Shares is expected to be significantly below the prevailing Conversion Price at such time. The Conversion Price is fixed (subject to limited adjustment in accordance with Condition 6) at the time of issue of the Notes. The Conversion Price does not reflect the market price of the ordinary shares of the Issuer, which is currently and could continue to be significantly lower than the Conversion Price.

In addition, there may be a delay in a Noteholder receiving its Conversion Shares following a Trigger Event (in particular if the Issuer elects that a Conversion Shares Offer be conducted, as the period of the Conversion Shares Offer may last up to 40 Business Days from the Conversion Date), during which time the market price of the ordinary shares of the Issuer may further decline.

Noteholders may receive Conversion Shares Offer Consideration instead of Conversion Shares upon an Automatic Conversion following a Trigger Event

If the Issuer elects that a Conversion Shares Offer be conducted by the Conversion Shares Depositary and a Noteholder does not elect to receive the Conversion Shares, then Noteholders may not ultimately receive Conversion Shares upon an Automatic Conversion following a Trigger Event.

The Conversion Shares Offer may be conducted at the election of the Issuer on the terms set out in the Conditions. The Issuer currently expects that in determining whether or not a Conversion Shares Offer shall be conducted and, if one is to be conducted, how and to whom such Conversion Shares Offer shall be made, the directors of the Issuer would, in accordance with their duties, have regard to a variety of matters, including, without limitation, the interests of the Issuer's shareholders, taken as a whole, and the potential impact of a Conversion Shares Offer on the Issuer's and the Insurance Group's financial stability.

If the Issuer elects that a Conversion Shares Offer be conducted by the Conversion Shares Depositary, Noteholders who do not elect to receive Conversion Shares in accordance with the Conditions shall be entitled to receive, in respect of each Note, the *pro rata* share of the cash proceeds from the sale of the Conversion Shares attributable to such Note. The cash component of any Conversion Shares Offer Consideration shall be subject to deduction of any foreign exchange transaction costs and an amount equal to the *pro rata* share of any stamp duty, stamp duty reserve tax, or any other capital, issue, transfer, registration, financial transaction or documentary tax that may arise or be paid as a consequence of the transfer of the Conversion Shares to the Conversion Shares Depositary (or its agent (if any)) as a consequence of the Conversion Shares Offer.

Furthermore, the Issuer or the Conversion Shares Depositary will provide notice of the results of any Conversion Shares Offer only at the end of the Conversion Shares Offer Period. Accordingly, notwithstanding that the Conversion Shares Offer Consideration will be delivered to any Noteholder either fully in cash or fully in Conversion Shares, Noteholders would not know the cash amount (if applicable) of the Conversion Shares Offer Consideration to which they may be entitled until the end of the period of the Conversion Shares Offer.

Prior to the Conversion Date, Noteholders will not be entitled to any rights with respect to the Issuer's ordinary shares, but will be subject to all changes made with respect to the Issuer's ordinary shares

Any pecuniary and other rights with respect to Conversion Shares, in particular the entitlement to dividends shall only arise and the exercise of voting rights and certain other rights related to any Conversion Shares is only possible after the issue, registration and delivery of the Conversion Shares on the Conversion Date to the Conversion Shares Depositary (or the relevant recipient) in accordance with the provisions of, and subject to the limitations provided in, the articles of association of the Issuer and under Condition 6. Prior to such issuance, registration and delivery, Noteholders will be subject to all changes made with respect to the Issuer's ordinary shares.

Noteholders will have to comply with certain procedures to receive delivery of the Conversion Shares or Conversion Shares Offer Consideration following an Automatic Conversion

In order to obtain delivery of the relevant Conversion Shares or Conversion Shares Offer Consideration following an Automatic Conversion, a Noteholder must comply with certain procedures previously notified to the Noteholders. Such procedures may include providing notices to the Conversion Shares Depositary and providing details of the clearing system account to which any Conversion Shares or Conversion Shares Offer Consideration should be delivered. Any Noteholder taking such action after the cut-off date for such actions notified to the Noteholders will have to provide evidence of its entitlement to the relevant Conversion Shares or Conversion Shares Offer Consideration satisfactory to the Conversion Shares Depositary in its sole and absolute discretion in order to receive delivery of such Conversion Shares or Conversion Shares Offer Consideration.

The Issuer shall have no liability to any Noteholder for any loss resulting from such Noteholder not receiving any Conversion Shares or the Conversion Shares Offer Consideration or from any delay in the receipt thereof, in each case as a result of such holder failing to duly submit any notice and/or evidence of entitlement required by the Conversion Shares Depositary and the relevant Notes, if applicable, on a timely basis or at all.

Noteholders may be subject to disclosure obligations and/or may need approval from the Issuer's regulator under certain circumstances.

As the Noteholders may receive Conversion Shares if a Trigger Event occurs, an investment in the Notes may result in Noteholders having to comply with certain disclosure and/or regulatory approval requirements pursuant to applicable laws and regulations following an Automatic Conversion. For example, pursuant to Chapter 5 of the Disclosure Rules and Transparency Rules Sourcebook of the FCA Handbook, the Issuer (and the FCA) must be notified by a person when the percentage of voting rights in the Issuer controlled by that person (together with its concert parties), by virtue of direct or indirect holdings of shares aggregated with direct or indirect holdings of certain financial instruments, reaches, exceeds or falls below 3 per cent. and every percentage point thereafter.

Furthermore, as Conversion Shares represent voting securities of a parent undertaking of regulated group entities, under the laws of the UK and other jurisdictions, ownership of the Notes themselves (or the Conversion Shares) above certain levels may require the holder of the voting securities to obtain regulatory approval or subject the holder to additional regulation.

Non-compliance with such disclosure and/or approval requirements may lead to the incurrence of substantial fines or other criminal and/or civil penalties and/or suspension of voting rights associated with the Conversion Shares. Accordingly, each potential investor should consult its legal advisers as to the terms of the Notes, in respect of its existing shareholding and the level of holding it would have if it receives Conversion Shares following a Trigger Event.

Noteholders may be subject to taxes following an Automatic Conversion

Neither the Issuer nor any member of the Insurance Group shall be liable for any stamp duty, stamp duty reserve tax, or any other capital, issue, transfer, registration, financial transaction or documentary tax that may arise or be paid as a consequence of the delivery of Conversion Shares, which tax shall be borne solely by the Noteholder or, if different, the person to whom the Conversion Shares are delivered.

The Conversion Price is fixed and will be subject to adjustment only in response to a limited number of events

Subject to certain limited provisions set out in the Conditions, the Conversion Price is fixed. If the Issuer proposes any Adjustment Event (as defined in the Conditions) the Issuer shall appoint an Independent Adviser (as defined in the Conditions) to make any adjustment that such Independent Adviser determines, without regard to any pre-determined formula, is appropriate or necessary to the Conversion Price to account for the Adjustment Event, which determination shall be final and binding on the Issuer, the Trustee and the Noteholders.

The occurrence of a Trigger Event is linked to a deterioration in the regulatory solvency position of the Issuer and/or the Insurance Group and, therefore, its occurrence will likely be accompanied and preceded by a deterioration in the value of the Conversion Shares. Therefore, if a Trigger Event were to occur, investors would receive Conversion Shares or, as the case may be, Conversion Shares Offer Consideration, at a time when the value of the Conversion Shares is diminished. In addition, there may be a delay in a Noteholder receiving its Conversion Shares (if any) following a Trigger Event, during which time the value of such shares may decline further. As a result, the realisable value of the Conversion Shares may be below the Conversion Price. Although the market value of such shares may increase over time, they may never be equal to the principal amount of the Notes converted. Despite potentially receiving Conversion Shares, it is possible that investors in the Notes may nevertheless lose some or substantially all of their investment in the Notes.

The Conversion Price does not reflect the current market price of the ordinary shares of the Issuer

The Conversion Price does not reflect the market price of the ordinary shares of the Issuer, which is currently, and could continue to be, significantly lower than the Conversion Price. As at 23 October 2020 the closing secondary market price of an ordinary share of the Issuer on the London Stock Exchange was £6.9440, whereas the Conversion Price is £1,000 per Conversion Share (subject to adjustment in accordance with the Conditions) (i.e. the Conversion Price is approximately 144 times higher than the share price as at such date), which is different from the approach adopted in many other conversion-style tier 1 instruments that an investor may hold or purchase. Accordingly, following a Trigger Event the number of Conversion Shares potentially to be received by a Noteholder is expected to be very low relative to the nominal amount of the Notes held by such Noteholder and not expected to be representative of the current or future market price of such Conversion Shares.

Other capital instruments issued by the Issuer may not absorb losses at the same time, or to the same extent as the Notes

The terms and conditions of other regulatory capital instruments issued from time to time by the Issuer or any of its subsidiaries may vary and accordingly such instruments may not convert into equity or be written-down at the same time, or to the same extent, as the Notes, or at all. Further, regulatory capital instruments issued by a member of the Group with terms that require such instruments to be converted into equity and/or written-down when a solvency or capital measure falls below a certain threshold may have different capital or solvency measures for triggering a conversion or write-down to those set out in the definition of Trigger Event or may be determined with respect to a group or sub-group of entities that is different from the Group, with the effect that they may not be converted into equity and/or written down on the occurrence of a Trigger Event. Therefore, the Notes may be subject to a greater degree of loss absorption than would otherwise have been the case had such other instruments been written down or converted at the same time as or prior to the Notes.

Restricted remedy for non-payment when due

The sole remedy against the Issuer available to the Trustee or (where the Trustee has failed to proceed against the Issuer as provided in the Conditions) any Noteholder for recovery of amounts which have become due and payable in respect of the Notes will be the institution of proceedings for an Issuer Winding-Up and/or proving in any winding-up of the Issuer and/or claiming in the liquidation or administration of the Issuer. Any cancellation or non-payment of interest shall not constitute a default or event of default on the part of the Issuer for any purpose.

Notes may be traded with accrued interest which may subsequently be subject to cancellation

The Notes may trade, and/or the prices for the Notes may appear, in trading systems with accrued interest. Purchasers of Notes in the secondary market may pay a price which reflects such accrued interest on purchase of the Notes.

If an interest payment is cancelled (in whole or in part) as described above, a purchaser of Notes in the secondary market will not be entitled to the accrued interest (or part thereof) reflected in the purchase price of the Notes.

The Notes have no scheduled maturity and Noteholders only have a limited ability to exit their investment in the Notes

The Notes are perpetual securities and have no fixed maturity date or fixed redemption date. Although the Issuer may, under certain circumstances described in Condition 8 (*Redemption, Substitution, Variation and Purchase*), redeem or purchase the Notes, the Issuer is under no obligation to do so and Noteholders have no right to call for the Issuer to exercise any right it may have to redeem or purchase the Notes.

Therefore, Noteholders do not have the ability to exit their investment, except (i) in the event of the Issuer exercising its right to redeem or purchase the Notes in accordance with the Conditions, (ii) by selling to other market participants their Notes, (iii) where the Trustee institutes proceedings for the winding-up of the Issuer where the Issuer has exercised its right to redeem the Notes but fails to make payment in respect of such redemption when due, in which limited circumstances the Noteholders may receive some of any resulting liquidation proceeds following payment being made in full to all senior and more senior subordinated creditors or (iv) upon a winding-up, liquidation or administration of the Issuer, in which limited circumstances the Noteholders may receive some of any resulting liquidation proceeds following payment being made in full to all senior and more senior subordinated creditors. The proceeds, if any, realised by of the actions described in (iii) and (iv) above may be substantially less than the principal amount of the Notes or amount of the investor's investment in the Notes. See also "*Risks relating to the market generally - The secondary market generally*".

In addition, the Conditions set out certain Redemption and Purchase Conditions, including in relation to the Solvency Capital Requirement and the Minimum Capital Requirement being met immediately prior to the redemption or purchase of the Notes. If the Redemption and Purchase Conditions are not met, the Issuer may not redeem or purchase any Notes and the redemption or purchase of the Notes shall instead be suspended, as provided in the Conditions.

Payments by the Issuer are conditional upon the Issuer being solvent

Other than where an Issuer Winding-Up has occurred or is occurring or where a Trigger Event has occurred, all payments (other than any cash component of the Conversion Shares Offer Consideration and subject also to Condition 3(c) (*Trustee's Fees*)) under or arising from the Notes (including any damages for breach of any obligations under the Trust Deed) shall be conditional upon the Issuer being solvent at the time for payment by the Issuer and no amount shall be due and payable by the Issuer in respect of or arising from the Notes except to the extent that the Issuer could make such payment and still be solvent immediately thereafter. For these purposes, the Issuer will be solvent if (i) it is able to pay its debts owed to Senior Creditors as they fall due and (ii) its Assets exceed its Liabilities. Any payment of interest that would have been due and payable but for the

inability to comply with the Solvency Condition shall be cancelled in full pursuant to Condition 5(b) (*Mandatory Cancellation of Interest*).

Interest Payments on the Notes are discretionary

Interest payments on the Notes are discretionary and the Issuer may cancel interest payments, in whole or in part, at any time. Cancelled interest payments shall not be due and shall not accumulate or be payable at any time thereafter and investors shall have no rights thereto interest on the Notes will be due and payable only at the sole and absolute discretion of the Issuer and is subject to Condition 3(d) (*Solvency Condition*), Condition 5(b) (*Mandatory Cancellation of Interest*) and Condition 6 (*Automatic Conversion*). The Issuer may at any time elect to cancel any interest payment, in whole or in part, which would otherwise be due and payable on any Interest Payment Date. At the time of publication of these Listing Particulars, it is the intention of the Directors to take into account the relative hierarchy of its ordinary shares and the (more senior) Notes whenever exercising its discretion to declare dividends on the former or to cancel interest on the latter. However, the Directors may depart from this policy at any time in their sole discretion.

Any interest payment (or relevant part thereof) which is cancelled shall not accumulate and shall not become due and payable at any time thereafter. In the event of such cancellation, Noteholders will have no rights in respect of the interest payment (or relevant part thereof) which is cancelled. In addition, cancellation or non-payment of interest in accordance with the Conditions shall not constitute a default or event of default on the part of the Issuer for any purpose.

Any actual or perceived increased likelihood of cancellation of any interest payment may affect the market value of an investment in the Notes.

In addition to the Issuer's right to cancel interest payments, in whole or in part, at any time, the Conditions require that interest payments must be cancelled under certain circumstances. Cancelled interest payments shall not be due and shall not accumulate or be payable at any time thereafter and investors shall have no rights thereto

The Issuer must cancel any interest payment on the Notes in full pursuant to Condition 5(b) (*Mandatory Cancellation of Interest*) in the event that, *inter alia*, the Issuer cannot make the payment (including, if applicable, any Additional Amounts) in compliance with the Solvency Condition, the Solvency Capital Requirement or the Minimum Capital Requirement, or where the interest payment would, together with any Additional Amounts payable with respect thereto, exceed the amount of the Issuer's Distributable Items (as defined in the Conditions) as at the time for payment, or if required to cancel any interest payment by the PRA or under the Relevant Rules (as defined in the Conditions).

Any interest payment which is cancelled shall not accumulate and shall not become due and payable at any time thereafter. In the event of such cancellation, Noteholders will have no rights in respect of the interest payment which is cancelled. In addition, cancellation or non-payment of interest in accordance with the Conditions shall not constitute a default or event of default on the part of the Issuer for any purpose.

Any actual or perceived increased likelihood of cancellation of any interest payment may affect the market value of an investment in the Notes.

As a holding company, the level of the Issuer's Distributable Items is affected by a number of factors, and insufficient Distributable Items will restrict the Issuer's ability to make interest payments on the Notes

As a holding company, the level of the Issuer's Distributable Items is affected by a number of factors, principally its ability to receive funds, directly or indirectly, from its operating subsidiaries in a manner which creates Distributable Items. Consequently, the Issuer's future Distributable Items, and therefore the Issuer's ability to

make interest payments on the Notes, are a function of the Issuer's existing Distributable Items, future Group profitability and performance and the ability to distribute or dividend profits from the Issuer's operating subsidiaries up the Group structure to the Issuer. In addition, the Issuer's Distributable Items will also be reduced by the servicing of other debt and equity instruments.

The ability of the Issuer's operating subsidiaries to pay dividends and the Issuer's ability to receive distributions and other payments from the Issuer's investments in other entities is subject to applicable local laws and other restrictions, including their respective regulatory, capital and leverage requirements, statutory reserves, financial and operating performance and applicable tax laws, and any changes thereto. These laws and restrictions could limit the payment of dividends, distributions and other payments to the Issuer by the Issuer's operating subsidiaries, which could in time restrict the Issuer's ability to fund other operations or to maintain or increase its Distributable Items. In particular, in certain circumstances, such as if a Group company was unable to meet applicable regulatory capital requirements or significant threats to policyholder protection were identified, the PRA or the CBI could intervene in the interests of policyholder security, for example, by imposing restrictions on the fungibility or movement of capital between members of the Group.

The Issuer's interests may not be aligned with those of investors in the Notes

The Issuer's satisfaction of the Solvency Condition and the availability of Distributable Items as well as there being no occurrence of a Trigger Event and/or a Capital Disqualification Event will depend in part on decisions made by the Issuer and other entities in the Group relating to their businesses and operations, as well as the management of their capital positions.

The Issuer and other entities in the Group will have no obligation to consider the interests of Noteholders in connection with their strategic decisions, including in respect of capital management and the relationship among the various entities in the Group and the Group's structure. The Issuer may decide not to raise capital at a time when it is feasible to do so, even if that would result in the occurrence of a Trigger Event or a Capital Disqualification Event. It may decide not to propose to its shareholders to reallocate share premium to a distributable reserve account or to take other actions necessary in order for share premium or other reserves or earnings to be included in Distributable Items. Moreover, in order to avoid the use of public resources, the PRA may decide that the Issuer should allow a Trigger Event or Capital Disqualification Event to occur or should cancel an interest payment at a time when it is feasible to avoid this. Noteholders will not have any claim against the Issuer or any other entity of the Group relating to decisions that affect the capital position of the Group, regardless of whether they result in the occurrence of a Trigger Event or a Capital Disqualification Event or a lack of Distributable Items or breach of the Solvency Condition. Such decisions could cause Noteholders to lose the full amount of their investment in the Notes.

The interest rate on the Notes will be reset on each Reset Date, which may affect the market value of the Notes

The Notes initially accrue interest at the Initial Fixed Interest Rate to, but excluding, the first Reset Date. From, and including, the first Reset Date, however, the interest rate will be reset on each Reset Date to the Reset Rate of Interest (as described in Condition 4(e) (*Determination of Reset Rate of Interest*)). This Reset Rate of Interest could be less than the Initial Fixed Interest Rate, which could affect the amount of any interest payments under the Notes and the market value of an investment in the Notes.

As the Notes bear interest at a fixed rate (reset from time to time), an investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Subject to certain conditions, the Issuer may redeem the Notes at the Issuer's option on certain dates

Subject, *inter alia*, to the solvency of the Issuer, to compliance with the Solvency Capital Requirement and Minimum Capital Requirement and to satisfaction of the Regulatory Clearance Condition, the Issuer may

redeem all (but not some only) of the Notes at their principal amount outstanding together with (to the extent that such interest has not been cancelled in accordance with the Conditions) any accrued and unpaid interest to (but excluding) the date of redemption.

Such redemption may occur (i) at the option of the Issuer on the First Call Date or any Interest Payment Date thereafter, (ii) at any time in the event of the occurrence of a Tax Event or (iii) at any time following the occurrence of (or if there will occur within the forthcoming period of six months) a Capital Disqualification Event or a Ratings Methodology Event.

The Issuer shall only be entitled to redeem the Notes upon the occurrence of a Tax Event, a Capital Disqualification Event or a Ratings Methodology Event, if (amongst other conditions) it was reasonable for the Issuer to conclude, judged at the Issue Date, that such event was unlikely to occur.

The right of the Issuer to redeem the Notes in certain circumstances may limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, or in the case of an actual or perceived increased likelihood that the Issuer may elect, the market value of the Notes generally will not rise above the price at which they can be redeemed.

An investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Variation or substitution of the Notes without Noteholder consent

Subject as provided in Condition 8 (*Redemption, Substitution, Variation and Purchase*), the Issuer may, at its option and without the consent or approval of Noteholders, elect to substitute all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain, Qualifying Securities (i) in the event of the occurrence of a Tax Event or (ii) following the occurrence of (or where there will occur within six months) a Capital Disqualification Event. Following the occurrence of (or where there will occur within six months) a Ratings Methodology Event, the Issuer may elect to substitute all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain, Rating Agency Compliant Securities.

There can be no assurance that, due to the particular circumstances of each Noteholder, any Qualifying Securities and/or Rating Agency Compliant Securities will be as favourable to each Noteholder in all respects or that, if it were entitled to do so, a particular Noteholder would make the same determination as the Issuer as to whether the terms of the relevant Qualifying Securities and/or Rating Agency Compliant Securities are not materially less favourable to investors than the terms of the Notes. The Issuer bears no responsibility towards the Noteholders for any adverse effects of such variation or substitution (including, without limitation, with respect to any adverse tax consequences suffered by any Noteholder).

Modification, waivers and substitution

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who do not attend and vote at the relevant meeting and Noteholders who vote in a manner contrary to the majority.

The Conditions also provide that the Trustee may, without the consent of Noteholders, agree to (i) subject to the Issuer having first satisfied the Regulatory Clearance Condition, any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) the substitution of another company as principal debtor under any Notes in place of the Issuer in each case in the circumstances described in the Conditions.

In the event of any such modification or substitution, the Trustee shall be entitled to agree to amendments of the terms of the Notes and the Trust Deed without the consent of the Noteholders. Such substitution provisions may be used in a variety of circumstances. If a Newco Scheme occurs, the Issuer may, without the consent of Noteholders, at its option, procure that Newco is substituted under the Notes and the Trust Deed as issuer of the Notes in place of the Issuer. Any such substitution shall be subject to the Issuer having complied with the Regulatory Clearance Condition. See the section entitled “*Information on the Group – Structure of the Group*” in the EMTN Prospectus, as incorporated by reference in these Listing Particulars.

No limitation on the Issuer issuing further securities

There is no contractual restriction on the Issuer creating liabilities ranking equally with or senior to the Notes and no restriction on the amount of securities which the Issuer may issue or guarantee (as applicable), which securities or guarantees rank *pari passu* with the Notes. The issue, guarantee or granting of security in relation to any other liabilities may reduce the amount recoverable by Noteholders on an Issuer Winding-Up. In an Issuer Winding-Up and after payment of the claims of their respective more senior ranking creditors, there may not be a sufficient amount to satisfy the amounts owing to the Noteholders under the Notes.

The terms of the Notes contain very limited covenants

There is no negative pledge in respect of the Notes. The Issuer is generally permitted to sell or otherwise dispose of any or substantially all of its assets to another corporation or other entity under the terms of the Notes. If the Issuer decides to dispose of a large amount of its assets, investors in the Notes will not be entitled to declare an acceleration of the maturity of the Notes, and those assets will no longer be available to support the Notes.

In addition, the Notes do not require the Issuer to comply with financial ratios or otherwise limit its ability or that of its subsidiaries to incur additional debt, nor do they limit the Issuer’s ability to use cash to make investments or acquisitions, or the ability of the Issuer or its subsidiaries to pay dividends, repurchase shares or otherwise distribute cash to shareholders. Such actions could potentially affect the Issuer’s ability to service its debt obligations, including those of the Notes.

The Notes are denominated in integral multiples

The Notes have denominations consisting of a minimum principal amount of £200,000 (the “**Specified Denomination**”) plus integral multiples of £1,000 in excess thereof. Therefore, it is possible that the Notes may be traded in amounts in excess of the Specified Denomination that are not integral multiples of such Specified Denomination. In such a case a Noteholder, who as a result of trading such amounts, holds a principal amount of less than the Specified Denomination in his account with the relevant clearing system at the relevant time would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the Specified Denomination such that its holding amounts to a Specified Denomination. Further, a Noteholder who, as a result of trading such amounts, holds an amount which is less than the Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the Specified Denomination may be illiquid and difficult to trade.

Change of law

The terms of the Notes and the Trust Deed are based on law in effect as at the relevant Issue Date. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of issue of the Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of the Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

The Issuer may not be liable to pay certain taxes

All payments by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the Relevant Jurisdiction (as defined in the Conditions), unless the withholding or deduction is required by law. In that event, in respect of payments of interest (but not principal or any other amount), the Issuer will (subject to certain customary exceptions) pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders in respect of payments of interest after the withholding or deduction shall equal the amounts which would have been receivable in respect of interest on the Notes in the absence of such withholding or deduction.

Potential investors should be aware that neither the Issuer nor any other person will be liable for or otherwise obliged to pay, and the Noteholders will be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer and/or any payment in respect of the Notes, except as provided for in the Conditions.

In particular, the Notes do not provide for payments of principal to be grossed up in the event withholding tax of the Relevant Jurisdiction is imposed on repayments of principal. As such, the Issuer would not be required to pay any Additional Amounts under the terms of the Notes to the extent any withholding or deduction applied to payments of principal. Accordingly, if any such withholding or deduction were to apply to any payments of principal under the Notes, Noteholders may receive less than the full amount due under the Notes and the market value of the Notes may be adversely affected.

Risks relating to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, interest rate risk, exchange rate risk and credit risk:

The secondary market generally

An established trading market in the Notes may not have, and may never, develop. If a market has developed or does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable with similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of the Notes as publicly traded securities which from time to time experience significant price and volume fluctuations that may be unrelated to the operating performance of the companies that have issued them, and such volatility may be increased in an illiquid market including in circumstances where a significant proportion of the Notes are held by a limited number of initial investors. If any market in the Notes has developed, or does develop, it may become severely restricted, or may disappear, if the financial condition and/or the solvency position of the Issuer deteriorates such that there is an actual or perceived increased likelihood of the Issuer being unable to pay interest on the Notes or of a Trigger Event occurring.

Interest rate risk

Investment in the Notes involves the risk that changes in market interest rates after the issue date may adversely affect the value of the Notes.

In particular, a holder of a security with a fixed interest rate is exposed to the risk that the price of such security falls as a result of changes in the current interest rate on the capital market (the “**Market Interest Rate**”). Potential movements in the Market Interest Rate over the life of the Notes are difficult to predict. While the nominal rate of a security with a fixed interest rate is fixed for a specified period, the Market Interest Rate typically changes on a daily basis. As the Market Interest Rate changes, the price of such security is likely to change in the opposite direction. If the Market Interest Rate increases, the price of such security typically falls, until the yield of such security is approximately equal to the Market Interest Rate. If the Market Interest Rate falls, the price of a security with a fixed compensation rate typically increases, until the yield of such security is approximately equal to the Market Interest Rate. Investors should be aware that movements of the Market Interest Rate can adversely affect the price of the Notes and can lead to losses for the Noteholders if they sell the Notes.

Exchange rate risks and exchange controls

The Issuer pays principal and interest on the Notes in pounds sterling. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than pounds sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of pounds sterling or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to pounds sterling would decrease (1) the Investor’s Currency equivalent yield on the Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Notes and (3) the Investor’s Currency equivalent market value of the Notes.

Credit ratings may not reflect all risks

Given the existing debt in the group and its acquisitive nature, the business is dependent on its ability to access the capital markets and its cost of borrowing in these markets is influenced by the credit rating supplied by Fitch. As at the date of these Listing Particulars, any downgrading of the rating could increase the Group’s borrowing cost and consequently may weaken its market position. Changes in methodology and criteria used by Fitch could result in downgrades that do not reflect changes in the general economic conditions or the Issuer’s financial condition.

Effect of credit rating reduction

The value of the Notes is expected to be affected, in part, by investors’ general appraisal of the Issuer’s creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuer’s outstanding securities by standard statistical rating services. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer by one of these rating agencies could result in a reduction in the trading value of the Notes. See also the risk factor entitled “*Credit Rating*” above.

Investors must rely on the procedures of Euroclear and Clearstream, Luxembourg for transfer, payment and communication with the Issuer

The Notes have been issued in global form. While the Notes are in global form, investors will be able to trade their beneficial interests only through Euroclear or Clearstream, Luxembourg and will receive and provide any notices only through Euroclear or Clearstream, Luxembourg.

While the Notes remain in global form, the Issuer, will discharge its payment obligations under the Notes by making payments to the order of the registered holder as nominee for the common depositary for Euroclear or Clearstream, Luxembourg for distribution to their accountholders. A holder of a beneficial interest in the Notes must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Notes held through Euroclear or Clearstream, Luxembourg.

TERMS AND CONDITIONS OF THE NOTES

The issue of the £500,000,000 Fixed Rate Reset Perpetual Restricted Tier 1 Contingent Convertible Notes (the “**Notes**”, which expression shall in these Conditions, unless the context otherwise requires, include any further notes issued pursuant to Condition 17 and forming a single series with the Notes) was (save in respect of any such further notes) originally authorised by resolutions of the board of directors of Phoenix Group Holdings (“**PGH**”) passed on 20 February 2018. The substitution as issuer with effect from 12 December 2018 was authorised by a resolution of the board of directors of Phoenix Group Holdings plc (the “**Issuer**”, which term shall include any substitute therefor from time to time pursuant to the terms of Condition 14) passed on 15 October 2018. The further amendments to these Conditions and the Trust Deed (each as defined below) to provide for the Automatic Conversion (as defined below) of the Notes was authorised by a resolution of the board of directors of the Issuer passed on 23 September 2020.

The Notes are constituted by a trust deed originally dated 26 April 2018 as amended and restated by the amended and restated trust deed dated 12 December 2018 and as further amended and restated on 27 October 2020 (together, the “**Trust Deed**”) between the Issuer and Citibank, N.A., London Branch (the “**Trustee**”, which expression shall include all persons for the time being and from time to time appointed as the trustee or trustees under the Trust Deed) as trustee in respect of the Notes. These terms and conditions (the “**Conditions**”) include summaries of, and are subject to, the detailed provisions of the Trust Deed. Copies of the Trust Deed and of the paying agency agreement originally dated 26 April 2018 as amended and restated by the amended and restated agency agreement dated 12 December 2018 and as further amended and restated on 27 October 2020 (together, the “**Agency Agreement**”) relating to the Notes between the Issuer, the Trustee, Citigroup Global Markets Europe AG as registrar (the “**Registrar**”, which expression shall include any successor thereto) and Citibank, N.A., London Branch as transfer agent (the “**Transfer Agent**”, which expression shall include any successor thereto and any additional transfer agents appointed thereunder), as initial agent bank (the “**Agent Bank**”, which expression shall include any successor thereto) and as initial principal paying agent (the “**Principal Paying Agent**”, which expression shall include any successor thereto, and, together with any further paying agents appointed thereunder, the “**Paying Agents**”, which expression shall include any successors thereto) are available for inspection during usual business hours at the specified offices of the Principal Paying Agent, the Registrar and any Transfer Agent. The Noteholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those applicable to them of the Agency Agreement.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Trust Deed.

1 Form, Denomination and Title

(a) *Form and Denomination*

The Notes are issued in registered form in principal amounts of £200,000 and integral multiples of £1,000 in excess thereof (referred to as the “**principal amount**” of a Note, and references in these Conditions to “**principal**” in relation to a Note shall be construed accordingly) without coupons attached. A certificate (each, a “**Certificate**”) will be issued to each Noteholder in respect of its registered holding of Notes. Each Certificate will be numbered serially with an identifying number which will be recorded on the relevant Certificate and in the register of Noteholders which the Issuer will procure to be kept by the Registrar (the “**Register**”) on which shall be entered the names, addresses and account details of Noteholders and the particulars of the Notes held by them and of all transfers and repayments of Notes.

(b) *Title*

Title to the Notes passes only by transfer and registration in the Register. The holder of any Note will (except as otherwise required by law or as ordered by a court of competent jurisdiction) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest or any writing on, or the theft or loss of, the Certificate issued in respect of it) and no person will be liable for so treating the holder. In these Conditions, “**Noteholder**” and (in relation to a Note) “**holder**” means the person against whose name a Note is registered in the Register (or, in the case of joint holders, the first named thereof). Each Noteholder shall be entitled to receive only one Certificate in respect of its entire holding of Notes.

2 Transfers of Notes and Issue of Certificates

(a) *Transfers*

Subject to Conditions 2(d) and (e), each Note may be transferred (in whole or in part, subject to such transfer being in a minimum denomination of £200,000 and integral multiples of £1,000 in excess thereof) by depositing the Certificate issued in respect of that Note, together with the form of transfer in respect thereof duly completed and executed at the specified office of the Registrar or a Transfer Agent.

No transfer of a Note will be valid unless and until entered on the Register. A Note may be registered only in the name of, and transferred only to, a named person (or persons not exceeding four in number) or a nominee.

(b) *Delivery of new Certificates*

Each new Certificate to be issued upon a transfer of Notes will, within five Business Days of receipt by the Registrar or the relevant Transfer Agent of the duly completed, executed and (where applicable) stamped form of transfer endorsed on the relevant Certificate, be mailed by uninsured mail at the risk of the holder entitled to the Note (but free of charge to the Noteholder) to the address specified in the form of transfer. The form of transfer shall be available at the specified offices of the Transfer Agents.

Where some but not all of the Notes in respect of which a Certificate is issued are to be transferred, a new Certificate in respect of the balance of Notes not so transferred will, within five Business Days of receipt by the Registrar or the relevant Transfer Agent of the original Certificate, be mailed by uninsured mail at the risk of the holder of the Notes not so transferred (but free of charge to the Noteholder) to the address of such holder appearing on the Register or as specified in the form of transfer.

(c) *Formalities free of charge*

Registration of transfer of any Notes will be effected without charge by or on behalf of the Issuer, the Registrar or any Transfer Agent but upon (i) payment (or the giving of such indemnity as the Issuer or any Agent may reasonably require) in respect of any tax or other governmental charges which may be imposed in relation to such transfer and (ii) the Registrar or the relevant Transfer Agent being satisfied with the documents of title and/or the identity of the person making the application.

(d) *Closed periods*

No Noteholder may require the transfer of a Note (or part thereof) to be registered (i) during the period of 15 days prior to (and including) any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 8(f), (ii) after the Notes have been called for redemption pursuant to Condition 8 or (iii) during the period of seven days ending on (and including) any Record Date.

(e) *Regulations*

All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfer of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests one and will be available at the specified offices of the Transfer Agents.

3 Status of the Notes

(a) *Status*

The Notes constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. The rights and claims of the Noteholders in any Issuer Winding-Up are as described in the Trust Deed, this Condition 3 and Condition 11.

(b) *Issuer Winding-Up*

The rights and claims of the Noteholders (and the Trustee on their behalf) are subordinated to the claims of Senior Creditors in that if at any time prior to the occurrence of a Trigger Event an Issuer Winding-Up occurs, there shall be payable by the Issuer in respect of each Note (in lieu of any other payment by the Issuer), such amount, if any, as would have been payable to the holder of such Note if, throughout such winding-up or administration, such Noteholder were the holder of one of a class of preference shares in the capital of the Issuer (“**Notional Preference Shares**”) having an equal right to a return of assets in the winding-up or administration to, and so ranking *pari passu* with, the holders of the most senior class or classes of issued preference shares (if any) in the capital of the Issuer from time to time and which have a preferential right to a return of assets in the winding-up or administration over, and so rank ahead of, the holders of all other classes of issued shares for the time being in the capital of the Issuer but ranking junior to the claims of Senior Creditors, on the assumption that the amount that such Noteholder was entitled to receive in respect of each Notional Preference Share on a return of assets in such winding-up or administration were an amount equal to the principal amount of the relevant Note and any accrued but unpaid interest thereon (other than any interest which has been cancelled pursuant to these Conditions) together with any damages awarded for breach of any obligations in respect of such Note, whether or not the Solvency Condition is satisfied on the date upon which the same would otherwise be due and payable.

If an Issuer Winding-Up occurs concurrently with or after the occurrence of a Trigger Event, and where an Automatic Conversion has not yet been effected, there shall be payable by the Issuer in respect of each Note (in lieu of any other payment or any issue or delivery of Conversion Shares by the Issuer), such amount, if any, as would have been payable to the Noteholder if, on the day prior to the commencement of the Issuer Winding-Up and thereafter, such Noteholder were the holder of such number of Conversion Shares as that Noteholder would have been entitled to receive upon an Automatic Conversion in accordance with Condition 6.

(c) *Trustee’s fees*

Nothing in the Trust Deed or these Conditions shall affect or prejudice the payment of the costs, fees, charges, expenses, liabilities or remuneration of the Trustee under the Trust Deed or the rights and remedies of the Trustee in respect thereof.

(d) *Solvency Condition*

Other than in circumstances where an Issuer Winding-Up has occurred or is occurring or where a Trigger Event has occurred, all payments (other than any cash component of the Conversion Shares Offer Consideration and subject also to Condition 3(c)) under or arising from the Notes or the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer and no amount shall be payable under or arising from the Notes or the Trust Deed (including any damages awarded for breach of obligations thereunder) except to the extent that the Issuer could make such payment and still be solvent immediately thereafter (the “**Solvency Condition**”).

Any payment of interest that would have been due and payable but for the operation of this Condition 3(d) shall be cancelled.

For the purposes of this Condition 3(d), the Issuer will be “**solvent**” if (i) it is able to pay its debts owed to Senior Creditors as they fall due and (ii) its Assets exceed its Liabilities.

A certificate as to the solvency or lack thereof of the Issuer signed by two Directors or, if there is a winding-up or administration of the Issuer, the liquidator or, as the case may be, the administrator of the Issuer shall (in the absence of manifest error) be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct and sufficient evidence thereof and shall be binding on all such persons. The Trustee shall be entitled to rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof.

(e) *Set off, etc.*

By acceptance of the Notes, subject to applicable law, each Noteholder will be deemed to have waived and to have directed and authorised the Trustee on its behalf to have waived any right of set-off or counterclaim that such Noteholder might otherwise have against the Issuer in respect of or arising under the Notes or the Trust Deed whether prior to or in liquidation, winding-up or administration. Notwithstanding the preceding sentence, if any of the rights and claims of any Noteholder in respect of or arising under the Notes or the Trust Deed are discharged by set-off, such Noteholder will immediately pay an amount equal to the amount of such discharge to the Issuer or, if applicable, the liquidator, trustee, receiver or administrator of the Issuer and, until such time as payment is made, will hold a sum equal to such amount on trust for the Issuer or, if applicable, the liquidator, trustee, receiver or administrator in the relevant liquidation, winding-up or administration. Accordingly, such discharge will be deemed not to have taken place.

4 Interest

(a) *Interest Rate and Interest Payment Dates*

Subject to Conditions 3(d), 5 and 6, the Notes bear interest on their principal amount at the applicable Interest Rate from (and including) the Issue Date in accordance with the provisions of this Condition 4.

Subject to Conditions 3(d), 5 and 6, interest shall be payable on the Notes semi-annually in arrear on each Interest Payment Date in equal instalments (in respect of each Interest Period ending prior to the First Call Date, of £28.75 per Calculation Amount), in each case as provided in this Condition 4.

Where it is necessary to compute an amount of interest in respect of any Note for any period (other than any full Interest Period), the relevant day-count fraction shall be determined on the basis of the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the product of (a) two and (b) the actual number of

days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).

(b) Interest Accrual

Subject to Conditions 3(d), 5 and 6, the Notes will accrue interest in respect of each Interest Period and cease to bear interest from (and including) the due date for redemption or substitution thereof pursuant to Condition 8, unless, upon surrender of the Certificate representing any Note, payment of all amounts due in respect of such Note is not properly and duly made, in which event interest shall continue to accrue on the principal amount of such Note, both before and after judgment, and shall be payable, as provided in these Conditions up to (but excluding) the Relevant Date.

Interest in respect of any Note shall be calculated per Calculation Amount and the amount of interest per Calculation Amount shall, save as provided in Condition 4(a) in relation to equal instalments and subject to Conditions 3(d), 5 and 6, be equal to the product of the Calculation Amount, the relevant Interest Rate and the day-count fraction as described in Condition 4(a) for the relevant period, rounding the resultant figure to the nearest penny (half a penny being rounded upwards). Where the denomination of a Note is more than the Calculation Amount, the amount of interest payable in respect of each such Note, is the aggregate of the amounts (calculated as aforesaid) for each Calculation Amount comprising the denomination of the Note.

(c) Initial Fixed Interest Rate

For the Initial Fixed Rate Interest Period, the Notes bear interest, subject to Conditions 3(d), 5 and 6, at the rate of 5.750 per cent. per annum (the “**Initial Fixed Interest Rate**”).

(d) Reset Rate of Interest

The Interest Rate will be reset (the “**Reset Rate of Interest**”) in accordance with this Condition 4 on each Reset Date. The Reset Rate of Interest in respect of each Reset Period will be determined by the Agent Bank on the relevant Reset Determination Date as the sum of the relevant Reset Reference Rate and the Margin.

(e) Determination of Reset Rate of Interest

The Agent Bank will, as soon as practicable after 11.00 a.m. (London time) on each Reset Determination Date, subject to receipt from the Issuer of the bid and offered price of the Benchmark Gilt as provided by the Reset Reference Banks (if any), determine the Reset Rate of Interest in respect of the relevant Reset Period. The determination of the Reset Rate of Interest by the Agent Bank shall (in the absence of manifest error) be final and binding upon all parties.

(f) Publication of Reset Rate of Interest

The Agent Bank shall cause notice of the Reset Rate of Interest determined in accordance with this Condition 4 in respect of each Reset Period to be given to the Trustee, the Principal Paying Agent, the Registrar, each of the Transfer Agents, any stock exchange on which the Notes are for the time being listed or admitted to trading and, in accordance with Condition 13, the Noteholders, in each case as soon as practicable after its determination but in any event not later than the fourth Business Day thereafter.

If the Notes become due and payable pursuant to Condition 11, the Reset Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated by the Agent Bank in accordance with this Condition 4 but no publication of the Reset Rate of Interest need be made unless the Trustee otherwise requires.

(g) *Agent Bank*

The Issuer will maintain an Agent Bank. The name of the initial Agent Bank is set out in the preamble to these Conditions.

The Issuer may, with the prior written approval of the Trustee, from time to time replace the Agent Bank with another leading investment, merchant or commercial bank or financial institution of international repute. If the Agent Bank is unable or unwilling to continue to act as the Agent Bank or fails duly to determine the Reset Rate of Interest in respect of any Reset Period as provided in Condition 4(e), the Issuer shall forthwith appoint another leading investment, merchant or commercial bank or financial institution of international repute approved in writing by the Trustee to act as such in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed as aforesaid.

(h) *Determinations of Agent Bank Binding*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4, by the Agent Bank, shall (in the absence of manifest error) be binding on the Issuer, the Agent Bank, the Trustee, the Principal Paying Agent, the Registrar, the Transfer Agents and all Noteholders and (in the absence of wilful default or gross negligence) no liability to the Noteholders, the Trustee or the Issuer shall attach to the Agent Bank in connection with the exercise or non-exercise by it of any of its powers, duties and discretions.

5 Cancellation of Interest

(a) *Interest Payments Discretionary*

Interest on the Notes is due and payable only at the sole and absolute discretion of the Issuer and is subject to the provisions of Conditions 3(d), 5(b) and 6. Accordingly, the Issuer may at any time elect to cancel any Interest Payment (or any part thereof) which would otherwise be due and payable on any Interest Payment Date.

If the Issuer does not make an Interest Payment or part thereof on the relevant Interest Payment Date, such non-payment shall evidence the non-payment and cancellation of such Interest Payment (or relevant part thereof) by reason of it not being due in accordance with Condition 3(d), the cancellation of such Interest Payment in accordance with Condition 5(b), the cancellation of interest upon an Automatic Conversion in accordance with Condition 6 or, as appropriate, the Issuer's exercise of its discretion otherwise to cancel such Interest Payment (or relevant part thereof) in accordance with this Condition 5(a), and accordingly such interest shall not in any such case be due and payable.

(b) *Mandatory Cancellation of Interest*

To the extent required by the Relevant Rules from time to time and save as otherwise permitted pursuant to Condition 5(c), the Issuer shall cancel in full any Interest Payment on the Notes in accordance with this Condition 5 if:

- (i) the Solvency Condition is not met at the time for payment of such Interest Payment, or would cease to be met immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);
- (ii) there is non-compliance with the Solvency Capital Requirement at the time for payment of such Interest Payment, or non-compliance with the Solvency Capital Requirement would occur immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);

- (iii) there is non-compliance with the Minimum Capital Requirement at the time for payment of such Interest Payment, or non-compliance with the Minimum Capital Requirement would occur immediately following, and as a result of making, such Interest Payment (having regard also to any Additional Amounts payable with respect thereto);
- (iv) the amount of such Interest Payment, together with any Additional Amounts payable with respect thereto, when aggregated together with any interest payments or distributions which have been paid or made or which are scheduled simultaneously to be paid or made on all Tier 1 Own Funds (excluding any such payments which do not reduce the Issuer's Distributable Items and any payments already accounted for by way of deduction in determining the Issuer's Distributable Items) since the end of the latest financial year of the Issuer and prior to, or on, such Interest Payment Date, would exceed the amount of the Issuer's Distributable Items as at the Interest Payment Date in respect of such Interest Payment; or
- (v) the Issuer is otherwise required by the PRA or under the Relevant Rules to cancel the relevant Interest Payment,

each of the events or circumstances described in sub-paragraphs (i) to (v) (inclusive) above being a **“Mandatory Interest Cancellation Event”**.

A certificate signed by two Directors confirming that (i) a Mandatory Interest Cancellation Event has occurred and is continuing, or would occur if payment of interest on the Notes were to be made or (ii) a Mandatory Interest Cancellation Event has ceased to occur and/or payment of interest on the Notes would not result in a new or further Mandatory Interest Cancellation Event occurring, shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct and sufficient evidence thereof and shall be binding on all such persons. The Trustee shall be entitled to rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof.

(c) Waiver of Cancellation of Interest Payments by the PRA

Notwithstanding Condition 5(b), the Issuer shall not be required to cancel an Interest Payment where a Mandatory Interest Cancellation Event has occurred and is continuing, or would occur if payment of interest on the Notes were to be made (to the extent permitted by the Relevant Rules) where:

- (i) the Mandatory Interest Cancellation Event is of the type described in sub-paragraph (ii) of Condition 5(b) only;
- (ii) the PRA has exceptionally waived the cancellation of the Interest Payment;
- (iii) payment of the Interest Payment would not further weaken the solvency position of the Issuer or the Insurance Group; and
- (iv) the Minimum Capital Requirement will be complied with immediately following such Interest Payment, if made.

A certificate signed by two Directors confirming that the conditions set out in this Condition 5(c) are met, shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct and sufficient evidence thereof and shall be binding on all such persons. The Trustee shall be entitled to rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof.

(d) *Effect of Cancellation of Interest Payments*

Any Interest Payment (or relevant part thereof) which is cancelled in accordance with this Condition 5 or which is otherwise not due and payable in accordance with Condition 3(d) or which is cancelled in accordance with Condition 6 shall not become due and shall not accumulate or be payable at any time thereafter, and Noteholders shall have no rights in respect thereof (whether in an Issuer Winding-Up or otherwise) and any such cancellation or non-payment shall not constitute a default or event of default on the part of the Issuer for any purpose and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any enforcement action under the Notes or the Trust Deed.

(e) *Notice of Cancellation of Interest*

If practicable, the Issuer shall provide notice of any cancellation of any Interest Payment (or any part thereof) pursuant to Condition 5(a) or 5(b) to Noteholders in accordance with Condition 13, and to the Trustee in a certificate signed by two Directors, and the Principal Paying Agent and the Registrar in writing, at least five Business Days prior to the relevant Interest Payment Date (or, if the determination that such Interest Payment (or any part thereof) is to be cancelled is made after such fifth Business Day, as soon as is practicable following the making of such determination). However, any failure to provide such notice will not invalidate the cancellation of the relevant Interest Payment.

6 Automatic Conversion

(a) *Automatic Conversion upon Trigger Event occurring*

The Notes are not convertible into Conversion Shares at the option of the Noteholders or the Issuer at any time.

If a Trigger Event has occurred, the Issuer shall:

- (i) immediately inform the PRA of the occurrence of the Trigger Event; and
- (ii) without delay, give the Trigger Event Notice which notice shall be irrevocable.

Following the determination that a Trigger Event has occurred and, in any event, without delay, an Automatic Conversion shall occur and the Issuer shall deliver the Conversion Shares to the Conversion Shares Depositary (or such other relevant recipient as described below) on the Conversion Date.

Following such Automatic Conversion there shall be no reinstatement of any part of the principal amount of, or interest on, the Notes at any time, including where the Trigger Event ceases to occur.

Effective upon, and following, the Automatic Conversion, the Issuer's obligation to repay the principal amount outstanding of each Note shall, without any further action required on the part of the Issuer or the Trustee, be irrevocably released and discharged and Noteholders shall not have any rights against the Issuer in a winding-up or administration of the Issuer or otherwise with respect to:

- (i) repayment of the principal amount of the Notes or any part thereof;
- (ii) the payment of any interest on the Notes for any period; or
- (iii) any other amounts arising under or in connection with the Notes and/or the Trust Deed.

Such Automatic Conversion shall take place without the need for the consent of Noteholders or the Trustee.

The determination as to whether a Trigger Event has occurred shall be made by the Issuer. Any such determination shall be binding on the Trustee and the Noteholders.

Any Trigger Event Notice delivered to the Trustee shall be accompanied by a certificate signed by two Directors certifying the accuracy of the contents of the Trigger Event Notice upon which the Trustee shall rely (without further enquiry and without liability to any person).

Any failure by the Issuer to give a Trigger Event Notice or the aforementioned certificate will not affect the effectiveness of, or otherwise invalidate, any Automatic Conversion, or give Noteholders any rights as a result of such failure.

The release of the principal amount of a Note pursuant to and in accordance with this Condition 6 shall be permanent and shall not constitute a default or event of default on the part of the Issuer for any purpose and will not give Noteholders or the Trustee any right to take any enforcement action under the Notes or the Trust Deed.

To the extent permitted by and in accordance with the Relevant Rules in force as at the relevant time, an Automatic Conversion may be exceptionally waived by the PRA at any time prior to the Conversion Date if such an Automatic Conversion (taking into account the write-down or conversion of any other Own Fund Items on or around the Conversion Date) would give rise to a tax liability that would have a significant adverse effect on the solvency or capital position of the Issuer and/or the Insurance Group. If the relevant Automatic Conversion is so waived, the relevant Automatic Conversion shall not occur (but without prejudice to the cancellation of any Interest Payment or part thereof pursuant to Condition 5). The Issuer shall give notice to the Trustee, any stock exchange on which the Notes are for the time being listed or admitted to trading and, in accordance with Condition 13, the Noteholders of the grant of any such waiver as soon as practicable following its receipt from the PRA.

(b) Conversion Shares Depositary

The Issuer shall use all reasonable endeavours to appoint a Conversion Shares Depositary as soon as reasonably practicable following the occurrence of a Trigger Event.

If the Issuer has been unable to appoint a Conversion Shares Depositary, it shall make such other arrangements for the issuance and/or delivery of the Conversion Shares to the Noteholders as it shall consider reasonable in the circumstances, which may include issuing the Conversion Shares to another nominee for the Noteholders or to the Noteholders directly, which issuance shall irrevocably and automatically release all of the Issuer's obligations under the Notes as if the Conversion Shares had been issued to the Conversion Shares Depositary.

The Conversion Shares shall initially be registered in the name of the Conversion Shares Depositary (which shall hold the Conversion Shares as nominee on behalf of the Noteholders) or the relevant recipient as contemplated above, and each Noteholder shall be deemed to have irrevocably directed the Issuer to issue the Conversion Shares corresponding to the conversion of its holding of Notes to the Conversion Shares Depositary (or to such other relevant recipient).

The number of Conversion Shares to be issued to the Conversion Shares Depositary on the Conversion Date shall be determined by dividing the aggregate principal amount of the Notes outstanding (as defined in the Trust Deed) immediately prior to the Automatic Conversion on the Conversion Date by the Conversion Price prevailing on the Conversion Date rounded down, if necessary, to the nearest whole number of Conversion Shares. Fractions of Conversion Shares will not be issued following an Automatic Conversion and no cash payment will be made in lieu thereof.

The number of Conversion Shares to be held by the Conversion Shares Depositary for the benefit of each Noteholder shall be the number of Conversion Shares thus calculated multiplied by a fraction equal to the aggregate principal amount of the Notes held by such Noteholder divided by the aggregate

principal amount of the Notes outstanding immediately prior to the Automatic Conversion on the Conversion Date, rounded down, if necessary, to the nearest whole number of Conversion Shares.

The Conversion Shares issued following an Automatic Conversion will be fully paid and non-assessable and will in all respects rank *pari passu* with the Issuer's fully paid ordinary shares in issue on the Conversion Date, except in any such case for any right excluded by mandatory provisions of applicable law, and except that the Conversion Shares so issued will not rank for (or, as the case may be, the relevant Noteholder shall not be entitled to receive) any rights, the entitlement to which falls prior to the Conversion Date.

The Conversion Shares Depositary (or the relevant recipient in accordance with these Conditions, as applicable) shall hold the Conversion Shares on behalf of the Noteholders, who shall be entitled to direct the Conversion Shares Depositary or such other recipient, as applicable, to exercise on their behalf all rights of an ordinary shareholder (including voting rights and rights to receive dividends) except that Noteholders shall not be able to sell or otherwise transfer the Conversion Shares until such time (if any) as they have been delivered to Noteholders and in the limited circumstances in which such delivery may take place.

Neither the Issuer, nor any member of the Insurance Group shall be liable for any stamp duty, stamp duty reserve tax, or any other capital, issue, transfer, registration, financial transaction or documentary tax that may arise or be paid as a consequence of the delivery of Conversion Shares, which tax shall be borne solely by the Noteholder or, if different, the person to whom the Conversion Shares are delivered.

The Conversion Shares will not be available for delivery (A) to, or to a nominee for, any clearance service within the meaning of Section 96 of the Finance Act 1986 of the United Kingdom or (B) to a person, or nominee or agent for a person, whose business is or includes issuing depository receipts within the meaning of Section 93 of the Finance Act 1986 of the United Kingdom, in each case at any time prior to the "abolition day" as defined in Section 111(1) of the Finance Act 1990 of the United Kingdom, or, if earlier, such other time at which the Issuer, in its absolute discretion, determines that no charge under Section 67, 70, 93 or 96 of the Finance Act 1986 or any similar charge (under any successor legislation) would arise as a result of such delivery or (C) to the CREST account of such a person mentioned in (A) or (B).

(c) *Conversion Shares Offer and delivery of Conversion Shares or Conversions Shares Offer Consideration*

Unless at the time of the appointment by the Issuer of the Conversion Shares Depositary (or the relevant recipient in accordance with these Conditions) the Issuer elects that such an offer should not take place (and subject always to applicable law and to the last paragraph of this Condition 6(c)), the Eligible Conversion Shares will be offered by or on behalf of the Conversion Shares Depositary (acting as agent for the Noteholders) to, in the absolute discretion of the Issuer, some or all of the existing shareholders of the Issuer for purchase at the Current Market Price (the "**Conversion Shares Offer**"). The Conversion Shares Offer shall commence within 15 Business Days of and be completed or (in the absolute discretion of the Issuer) terminated within 40 Business Days of the Conversion Date. Such purchase shall not be effected unless all of the Eligible Conversion Shares can be sold via the Conversion Shares Offer.

For the purposes of these Conditions, "**Eligible Conversion Shares**" means Conversion Shares which are not subject to an election from the relevant Noteholder as set out in sub-paragraph (B) of the definition of Conversion Shares Offer Consideration.

The purchasers of the Conversion Shares sold in any Conversion Shares Offer shall bear the costs and expenses of any Conversion Shares Offer (other than the taxes referred to in Condition 6(b) and in the definition of Conversion Shares Offer Consideration).

The Conversion Shares Depositary shall deliver a notice to the Trustee, any stock exchange on which the Notes are for the time being listed or admitted to trading and, in accordance with Condition 13, the Noteholders setting out the procedures for each Noteholder to receive the Conversion Shares Offer Consideration or (whether following termination or non-commencement of the Conversion Shares Offer or as a result of the operation of sub-paragraph (B) of the definition of Conversion Shares Offer Consideration) the relevant Conversion Shares and the date up to which the Notes shall remain in existence for the sole purpose of evidencing each relevant Noteholder's right to receive Conversion Shares or Conversion Shares Offer Consideration, as applicable, from the Conversion Shares Depositary.

Following such cancellation of the Notes, each Noteholder will have to provide evidence of its entitlement to the relevant Conversion Shares satisfactory to the Conversion Shares Depositary in its sole and absolute discretion in order to receive delivery of Conversion Shares or the Conversion Shares Offer Consideration and the Conversion Shares Depositary may include such conditions to delivery as it considers to be appropriate.

The Issuer shall have no liability to any Noteholder for any loss resulting from such Noteholder not receiving any Conversion Shares or the Conversion Shares Offer Consideration or from any delay in the receipt thereof, in each case as a result of such holder failing to duly submit any notice and/or evidence of entitlement required by the Conversion Shares Depositary and the relevant Notes, if applicable, on a timely basis or at all.

If any Conversion Shares or the relevant Conversion Shares Offer Consideration (as applicable) have not been claimed for 12 years after the Conversion Date, the Issuer may, at any time after such time and in its sole and absolute discretion, instruct the Conversion Shares Depositary (or an agent on its behalf) to sell for cash all or some of any such Conversion Shares and any such cash proceeds from such sale(s) and any cash representing the Conversion Shares Offer Consideration will, in each case, be forfeited and will be transferred to the Issuer for its own account unless the Issuer decides, in its sole and absolute discretion, otherwise. The Issuer will not be a trustee of any such cash and the Issuer shall have no liability to any Noteholder for any loss resulting from such Noteholder not receiving any Conversion Shares, the relevant Conversion Shares Offer Consideration or the cash proceeds from any such sale(s) as aforesaid (as applicable).

The Trustee shall not be responsible for monitoring or enforcing the obligations of the Conversion Shares Depositary. Following Automatic Conversion and delivery of the Conversion Shares to the Conversion Shares Depositary, Noteholders must look to the Conversion Shares Depositary (or such other recipient of the Conversion Shares, as set out above) for any Conversion Shares or Conversion Shares Offer Consideration due to them at the relevant time.

Nothing in this Condition 6 shall entitle the Issuer to carry out a Conversion Shares Offer (and the Issuer will be deemed to have elected not to make such a Conversion Shares Offer) unless, at least 10 days (or such shorter period as the PRA may accept) prior to the announcement of such Conversion Shares Offer, the Issuer has delivered to the PRA a properly reasoned, independent tax opinion from an appropriately qualified person, taking into account HM Revenue and Customs' precedent, statements and guidance, to the effect that, under the law applicable at such time, the exercise of the Conversion Shares Offer should not, before the set-off of any prior year losses, be an action that would create a United Kingdom tax charge for the Issuer.

(d) *Adjustments to the Conversion Price*

If the Issuer proposes any Adjustment Event, the board of directors of the Issuer shall (in its sole discretion, acting in good faith) determine and (conditional upon such Adjustment Event occurring) appoint an Independent Adviser to make any adjustment that such Independent Adviser determines is appropriate or necessary to the Conversion Price to account for the Adjustment Event, which determination shall be final and binding on the Issuer, the Trustee and the Noteholders. The Issuer shall give notice to the Trustee, any stock exchange on which the Notes are for the time being listed or admitted to trading and, in accordance with Condition 13, the Noteholders of any adjustment to the Conversion Price as soon as practicable following such determination. The Conversion Price shall not in any event be reduced to below the nominal value of an ordinary share of the Issuer at such time. The Issuer further undertakes that it shall not take any action, and shall procure that no action is taken, that would result in an adjustment to the Conversion Price to below such nominal value or any minimum level permitted by law and regulation.

(e) *Undertakings*

Whilst any Note remains outstanding, the Issuer shall (if and to the extent permitted by the Relevant Rules from time to time and only to the extent that such covenant would not cause a Capital Disqualification Event to occur) in the event of a Newco Scheme, save with the approval of an Extraordinary Resolution:

- (i) take (or shall procure that there is taken) all necessary action to ensure that the Newco Scheme is an Exempt Newco Scheme and that immediately after completion of the Scheme of Arrangement such amendments are made to these Conditions and the Trust Deed as are necessary to ensure that the Notes may be converted into or exchanged for ordinary shares or units or the equivalent in Newco *mutatis mutandis* in accordance with and subject to these Conditions and the Trust Deed. The Trustee shall (at the request and expense of the Issuer) be bound to concur in effecting such amendments, provided that the Trustee shall not be bound to concur if to do so would, in the opinion of the Trustee, (i) expose the Trustee to any liability against which it is not indemnified and/or secured and/or pre-funded to its satisfaction, (ii) change, increase or add to the obligations or duties of the Trustee or (iii) remove or amend any protection or indemnity afforded to, or any other provisions in favour of, the Trustee under the Trust Deed, the Conditions and/or the Notes;
- (ii) use all reasonable endeavours to ensure that the Conversion Shares shall be admitted to listing and trading on the principal stock exchange or securities market (if any) on which the ordinary shares of the Issuer are then listed or admitted to trading; and
- (iii) at all times keep available for issue or allotment, free from any pre-emptive or other preferential rights, sufficient ordinary shares to enable the issue of all Conversion Shares as would be necessary to satisfy in full the obligation of the Issuer to issue and deliver Conversion Shares following the occurrence of a Trigger Event.

7 **Payments**

(a) *Payments in respect of Notes*

- (i) Payments of principal and interest shall be made on the date scheduled for payment to the persons shown on the Register at the close of business on the date falling 15 days before the due date in respect of such payment (the “**Record Date**”). Payment of principal and interest will be made by transfer to the registered account of the relevant Noteholder.

- (ii) Payments of principal and interest due at the time of redemption of the Notes will only be made against surrender of the relevant Certificate at the specified office of any of the Paying Agents.
- (iii) For the purposes of this Condition 7, a Noteholder's registered account means the sterling account maintained by or on behalf of it with a bank that processes payments in sterling, details of which appear on the Register at the close of business on the date falling two Business Days before the due date for payment.

(b) *Payments subject to applicable laws*

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 9) any law implementing an intergovernmental approach thereto.

(c) *No commissions*

No commissions or expenses shall be charged to the Noteholders in respect of any payments made in accordance with this Condition 7.

(d) *Payment on Business Days*

Where payment is to be made by transfer to a registered account, payment instructions (for value the due date or, if that is not a Business Day, for value the first following day which is a Business Day) will be initiated on the due date for payment or, in the case of a payment of principal or interest due at the time of redemption of the Notes, if later, on the Business Day on which the relevant Certificate is surrendered at the specified office of any Paying Agent.

Noteholders will not be entitled to any interest or other payment for any delay after the due date in receiving the amount due if the due date is not a Business Day or if the Noteholder is late in surrendering its Certificate (in circumstances where it is required to do so).

(e) *Partial payments*

If the amount of principal or interest which is scheduled to be paid on the Notes is not paid in full, the Registrar will annotate the Register with a record of the amount of principal or interest in fact paid. With respect to the amount of any Interest Payment or part thereof, the Registrar shall have regard to the provisions of Condition 5(a).

(f) *Agents*

The names of the initial Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves its right, subject to the prior written approval of the Trustee, at any time to vary or terminate the appointment of any Agent and to appoint additional or other Agents, provided that it will:

- (i) at all times maintain a Principal Paying Agent, an Agent Bank, a Registrar and a Transfer Agent; and
- (ii) at all times maintain such other agents as may be required by any stock exchange on which the Notes may be listed.

Notice of any termination or appointment and of any changes in specified offices of any of the Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 13.

8 Redemption, Substitution, Variation and Purchase

(a) *No Redemption Date*

The Notes are perpetual securities in respect of which there is no fixed redemption date and the Issuer shall only have the right to redeem or purchase the Notes in accordance with the following provisions of this Condition 8. The Notes are not redeemable at the option of the Noteholders at any time.

(b) *Conditions to Redemption and Purchase*

To the extent required pursuant to the Relevant Rules at the relevant time, and save as otherwise permitted pursuant to Condition 8(c), the Issuer may not redeem or purchase any Notes unless each of the following conditions is satisfied:

- (i) the relevant date of any redemption or purchase of the Notes pursuant to Condition 8(g), 8(h), 8(i) or 8(m) is on or after the fifth anniversary of the Issue Date unless such redemption or purchase is funded out of the proceeds of a new issuance of, or the Notes are exchanged into, Tier 1 Own Funds of the same or a higher quality than the Notes;
- (ii) in respect of any redemption or purchase of the Notes occurring on or after the fifth anniversary of the Issue Date and before the tenth anniversary of the Issue Date, the PRA has confirmed to the Issuer that it is satisfied that the Solvency Capital Requirement is exceeded by an appropriate margin (taking into account the solvency position of the Issuer including the Issuer's medium-term capital management plan) unless such redemption or purchase is funded out of the proceeds of a new issuance of, or the Notes are exchanged into, Tier 1 Own Funds of the same or a higher quality than the Notes;
- (iii) the Solvency Condition is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Solvency Condition to be breached;
- (iv) the Solvency Capital Requirement is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Solvency Capital Requirement to be breached;
- (v) the Minimum Capital Requirement is met immediately prior to the redemption or purchase of the Notes (as applicable) and the redemption or purchase (as applicable) would not cause the Minimum Capital Requirement to be breached;
- (vi) no Trigger Event has occurred and no Insolvent Insurer Winding-up has occurred and is continuing;
- (vii) the Regulatory Clearance Condition is satisfied; and/or
- (viii) any other additional or alternative requirements or pre-conditions to which the Issuer is otherwise subject and which may be imposed by the PRA or the Relevant Rules have (in addition or in the alternative to the foregoing subparagraphs, as the case may be) been complied with (and shall continue to be complied with following the proposed redemption or purchase),

the conditions set out in paragraphs (i) to (viii) (inclusive) above (to the extent required pursuant to the Relevant Rules at the relevant time as aforesaid) being the “**Redemption and Purchase Conditions**”.

If on the proposed date for redemption of the Notes the Redemption and Purchase Conditions are not met, redemption of the Notes shall instead be suspended and such redemption shall occur only in accordance with Conditions 8(c) and 8(d).

(c) *Waiver of Redemption and Purchase Condition relating to Solvency Capital Requirement by the PRA*

Notwithstanding Condition 8(b), the Issuer shall be entitled to redeem or purchase Notes (to the extent permitted by the Relevant Rules) where:

- (i) all Redemption and Purchase Conditions are met other than that described in paragraph (iv) of Condition 8(b);
- (ii) the PRA has exceptionally waived the cancellation or suspension of redemption or, as the case may be, purchase of the Notes;
- (iii) all (but not some only) of the Notes being redeemed or purchased at such time are exchanged for a new issue of Tier 1 Own Funds of the same or higher quality than the Notes; and
- (iv) the Minimum Capital Requirement will be complied with immediately following such redemption or purchase, if made.

A certificate signed by two Directors confirming that the conditions set out in this Condition 8(c) are met, shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct and sufficient evidence thereof and shall be binding on all such persons. The Trustee shall be entitled to rely absolutely on such certificate without liability to any person and without obligation to verify or investigate the accuracy thereof.

(d) *Suspension of Redemption*

The Issuer shall notify the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders no later than five Business Days prior to any date set for redemption of the Notes if such redemption is to be suspended in accordance with Condition 8(b), provided that if an event occurs or is determined less than five Business Days prior to the date set for redemption that results in the Redemption and Purchase Conditions ceasing to be met, the Issuer shall notify the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders as soon as reasonably practicable following the occurrence or determination (as the case may be) of such event.

If redemption of the Notes does not occur on the date specified in the notice of redemption by the Issuer under Condition 8 as a result of the operation of Condition 8(b), the Issuer shall redeem such Notes at their principal amount outstanding together with any accrued and unpaid interest (in each case, to the extent that such amounts have not previously been cancelled pursuant to these Conditions), upon the earlier of:

- (i) the date falling ten Business Days after the date on which the Redemption and Purchase Conditions are met or redemption of the Notes is otherwise permitted pursuant to Condition 8(c) (unless on such tenth Business Day the Redemption and Purchase Conditions are again not met or the redemption of the Notes on such date would result in the Redemption and Purchase Conditions ceasing to be met (in each case save for the Redemption and Purchase Condition at sub-paragraph (iv) of Condition 8(b) to the extent waived under Condition 8(c)), in which case the provisions of Condition 8(b) and this sub-paragraph (i) of this Condition 8(d) will apply *mutatis mutandis* to determine the rescheduled due date for redemption of the Notes); or
- (ii) the date on which an Issuer Winding-Up occurs (insofar as such Issuer Winding-Up occurs prior to a Trigger Event).

The Issuer shall notify the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders no later than five Business Days prior to any such date set for redemption pursuant to (i) or (if reasonably practicable in the circumstances) (ii) above.

A certificate signed by two Directors confirming that: (i) the Redemption and Purchase Conditions are not met or would cease to be met if the proposed redemption or purchase were to be made; or (ii) the Redemption and Purchase Conditions are met and would continue to be met if the proposed redemption or purchase were to be made, shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct and sufficient evidence thereof and shall be binding on all such persons. The Trustee shall be entitled to rely on such certificate absolutely without liability to any person and without any obligation to verify or investigate the accuracy thereof.

(e) *Suspension of Redemption and Cancellation of Purchases Not a Default*

Notwithstanding any other provision in these Conditions or in the Trust Deed, the suspension of redemption of the Notes and any cancellation of any purchases of any Notes in accordance with Condition 8(b) and 8(d) shall not constitute a default or event of default on the part of the Issuer for any purpose and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any enforcement action under the Notes or the Trust Deed.

(f) *Redemption at the Option of the Issuer*

Provided that the Redemption and Purchase Conditions are met, the Issuer may, at its option, having given not less than 30 nor more than 60 days' notice to the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders (which notice shall (save as provided in Condition 8(o) below) be irrevocable and shall specify the date fixed for redemption) redeem all (but not some only) of the Notes, on the First Call Date or on any Interest Payment Date thereafter at their principal amount together with (to the extent that such interest has not been cancelled in accordance with these Conditions) any accrued and unpaid interest to (but excluding) the date of redemption.

(g) *Redemption, substitution or variation at the option of the Issuer due to a Tax Event*

Provided that the Redemption and Purchase Conditions and the preconditions to redemption, variation and substitution in Condition 8(k) are met, if a Tax Event has occurred and is continuing, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), and having given not less than 30 nor more than 60 days' notice to the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders (which notice shall (save as provided in Condition 8(o) below) be irrevocable and shall, where applicable, specify the date fixed for redemption or on which any variation or substitution is to become effective) either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount, together with (to the extent that such interest has not been cancelled in accordance with these Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary at any time the terms of the Notes so that they become or remain, Qualifying Securities, and the Trustee shall (subject to the receipt by it of the certificates of the Directors referred to in Condition 8(k) below and in the definition of "Qualifying Securities") agree to such substitution or variation,

provided that:

- (1) no such notice shall be given earlier than 90 days prior to the earliest date on which (A)
 - (i) with respect to limb (a) of the definition of Tax Event, the Issuer would be obliged to pay such Additional Amounts; (ii) with respect to limb (b) of the definition of Tax Event, the Issuer would not be able to claim such a deduction or such a deduction is reduced; or
 - (iii) with respect to limb (d) of the definition of Tax Event, the Issuer would not to a

material extent be able to have losses or deductions set against the profits or gains in the manner set out therein, in each case were a payment in respect of the Notes then due; or (B) (i) with respect to limbs (c), (e) and (f) of the definition of Tax Event, such change in treatment is effective; or (ii) with respect to limb (g) of the definition of Tax Event, the relevant adverse tax consequence would arise or be suffered; and

- (2) the Issuer shall also deliver to the Trustee an opinion from a nationally recognised law firm or other tax adviser in the applicable Relevant Jurisdiction experienced in such matters to the effect that the relevant requirement or circumstance referred to in subparagraph (1) applies or (where applicable) will apply on the next Interest Payment Date (save that such opinion need not provide any confirmation as to whether the Issuer could avoid the occurrence of the relevant Tax Event by taking measures reasonably available to it).

Subject as aforesaid, upon expiry of such notice the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

(h) *Redemption, substitution or variation at the option of the Issuer due to a Capital Disqualification Event*

Provided that the Redemption and Purchase Conditions and the preconditions to redemption, variation and substitution in Condition 8(k) are met, if a Capital Disqualification Event has occurred and is continuing or, as a result of any change to the Relevant Rules (or change to the interpretation of the Relevant Rules by any court or authority entitled to do so), a Capital Disqualification Event will occur within the forthcoming period of six months, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), and having given not less than 30 nor more than 60 days' notice to the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders (which notice shall (save as provided in Condition 8(o) below) be irrevocable and shall, where applicable, specify the date fixed for redemption or on which any variation or substitution is to become effective) either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount, together with (to the extent that such interest has not been cancelled in accordance with these Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain Qualifying Securities and the Trustee shall (subject to the receipt by it of the certificates of the Directors referred to in Condition 8(k) below and in the definition of "Qualifying Securities") agree to such substitution or variation,

provided, however, that no such notice of redemption, substitution or variation shall be given more than 12 months following the occurrence of the relevant Capital Disqualification Event.

Subject as aforesaid, upon expiry of such notice the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

(i) *Redemption, substitution or variation at the option of the Issuer due to a Ratings Methodology Event*

Provided that the Redemption and Purchase Conditions and the preconditions to redemption, variation and substitution in Condition 8(k) are met, if a Ratings Methodology Event has occurred and is continuing or, as a result of a change in (or clarification to) the methodology of the Rating Agency (or in the interpretation of such methodology), a Ratings Methodology Event will occur within the forthcoming period of six months, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), and having given not less than 30 nor more than 60 days' notice

to the Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13, the Noteholders (which notice shall (save as provided in Condition 8(o) below) be irrevocable and shall specify the date fixed for redemption or on which any variation or substitution is to become effective) either:

- (i) redeem all (but not some only) of the Notes at any time at their principal amount, together with (to the extent that such interest has not been cancelled in accordance with these Conditions) any accrued and unpaid interest to (but excluding) the date of redemption; or
- (ii) substitute at any time all (but not some only) of the Notes for, or vary the terms of the Notes so that they become or remain Rating Agency Compliant Securities and the Trustee shall (subject to the receipt by it of the certificates of the Directors referred to in Condition 8(k) below and in the definitions of “Qualifying Securities” and “Rating Agency Compliant Securities”) agree to such substitution or variation,

provided, however, that no such notice of redemption, substitution or variation shall be given more than 12 months following the occurrence of the relevant Ratings Methodology Event.

Subject as aforesaid, upon expiry of such notice the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

(j) *Trustee role on redemption, variation or substitution; Trustee not obliged to monitor*

- (i) Subject to Condition 8(b), the Trustee shall (at the expense of the Issuer) use its reasonable endeavours to co-operate with the Issuer (including, but not limited to, entering into such documents or deeds as may be necessary) to give effect to the substitution or variation of the Notes for or into Qualifying Securities pursuant to Condition 8(g) or 8(h) above or Rating Agency Compliant Securities pursuant to Clause 8(i) above, provided that the Trustee shall not be obliged to co-operate in any such substitution or variation if the securities resulting from such substitution or variation, or the co-operation in such substitution or variation, imposes, in the Trustee’s opinion, more onerous obligations upon it or exposes it to liabilities or reduces its protections, in each case as compared with the corresponding obligations, liabilities or, as appropriate, protections under the Notes. If the Trustee does not so co-operate as provided above, the Issuer may, subject as provided above, redeem the Notes as provided in this Condition 8.
- (ii) The Trustee shall not be under any duty to monitor whether any event or circumstance has happened or exists for the purposes of this Condition 8 and will not be responsible to Noteholders for any loss arising from any failure by it to do so. Unless and until the Trustee has actual knowledge pursuant to these Conditions or the Trust Deed of the occurrence of any event or circumstance to which this Condition 8 relates, it shall be entitled to assume that no such event or circumstance exists or has arisen.

(k) *Preconditions to redemption, variation and substitution*

- (i) Prior to the publication of any notice of redemption, variation or substitution pursuant to Condition 8(g), 8(h) or 8(i), the Issuer shall deliver to the Trustee a certificate signed by two Directors stating that, as the case may be, the Issuer is entitled to redeem, vary or substitute the Notes on the grounds that a Tax Event, a Capital Disqualification Event or a Ratings Methodology Event has occurred and is continuing as at the date of the certificate or, as the case may be (in the case of a Capital Disqualification Event or a Ratings Methodology Event) will occur within a period of six months and that it would have been reasonable for the Issuer to conclude, judged at the Issue Date, that such Tax Event, Capital Disqualification Event or Ratings Methodology Event was unlikely to occur.

- (ii) For the purposes of Condition 8(k)(i), each Noteholder, by acquiring and holding any Note, agrees and accepts that given the advisory nature of the EIOPA Advice Paper it was reasonable for the Issuer to conclude, judged at the Issue Date, that a Capital Disqualification Event was unlikely to occur as a result of the matters discussed at chapter 19 (*Comparison of own funds in insurance and banking sectors*) and chapter 20 (*Capital instruments only eligible as tier 1 up to 20 per cent. of total tier 1*) of the EIOPA Advice Paper.
- (iii) The Issuer shall not be entitled to amend or otherwise vary the terms of the Notes or substitute the Notes unless it has notified the PRA in writing of its intention to do so not less than one month (or such other period as may be required by the PRA or the Relevant Rules at the relevant time) prior to the date on which such amendment, variation or substitution is to become effective and the Regulatory Clearance Condition has been satisfied in respect of such proposed amendment, variation or substitution.

A certificate signed by any two Directors to the Trustee confirming compliance with the relevant requirements set out above shall, in the absence of manifest error, be conclusive and binding on the Issuer, the Trustee, the Noteholders and all other interested parties. The Trustee shall be entitled to accept such certificate as sufficient evidence of such compliance and shall be entitled to rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof.

(l) *Compliance with stock exchange rules*

In connection with any substitution or variation of the Notes in accordance with Condition 8(g), 8(h) or 8(i), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or admitted to trading.

(m) *Purchases*

Provided that the Redemption and Purchase Conditions are met at the time of such purchase, the Issuer or any of the Issuer's Subsidiaries may purchase Notes in any manner and at any price. All Notes purchased by or on behalf of the Issuer or any Subsidiary of the Issuer may be held, reissued, resold or, at the option of the relevant purchaser, surrendered for cancellation to the Registrar.

(n) *Cancellations*

All Notes redeemed or substituted by the Issuer pursuant to this Condition 8, and all Notes purchased and surrendered for cancellation pursuant to Condition 8(m), will forthwith be cancelled. Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(o) *Notices Final*

Subject to and without prejudice to the Redemption and Purchase Conditions and to Condition 8(d), any notice of redemption as is referred to in this Condition 8 shall, except in the circumstances described in the following paragraph of this Condition 8(o), be irrevocable and on the redemption, variation or (as the case may be) substitution date specified in such notice, the Issuer shall be bound to redeem or, as the case may be, vary or substitute the Notes in accordance with the terms of the relevant Condition.

The Issuer may not give a notice of redemption, substitution or variation of the Notes pursuant to this Condition 8 if a Trigger Event has occurred. If a Trigger Event occurs after a notice of redemption, substitution or variation has been given by the Issuer but before the relevant redemption, substitution or (as the case may be) variation date, such notice of redemption, substitution or variation (as applicable) shall automatically be revoked and be null and void and the relevant redemption, substitution or variation

(as applicable) shall not be made or effected and the Notes shall be subject to Automatic Conversion in accordance with Condition 6.

9 Taxation

(a) *Payment without withholding*

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by a Relevant Jurisdiction, unless such withholding or deduction is required by law. In that event the Issuer shall pay such additional amounts in relation to Interest Payments (“**Additional Amounts**”) (but not in respect of any payments of principal) as will result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable in respect of any Note:

- (i) *Other connection*: held by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with the Relevant Jurisdiction other than the mere holding of the Note; or
- (ii) *Lawful avoidance of withholding*: held by, or by a third party on behalf of, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Certificate is presented for payment; or
- (iii) *Surrender more than 30 days after the Relevant Date*: where (in the case of an Interest Payment payable on redemption) the relevant Certificate representing such Note is surrendered for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such Additional Amounts on surrendering the Certificate representing such Note for payment on the last day of such period of 30 days; or
- (iv) *Any combination*: where such withholding or deduction arises out of any combination of paragraphs (i) to (iii) above.

“**Relevant Date**” means (i) in respect of any payment other than a sum to be paid by the Issuer in an Issuer Winding-Up, the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further surrender of the Certificate representing such Note being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such surrender, and (ii) in respect of a sum to be paid by the Issuer in an Issuer Winding-Up, the date which is one day prior to the date on which an order is made or a resolution is passed for the winding-up (or, in the case of an administration, one day prior to the date on which any dividend is distributed).

(b) *Additional Amounts*

Any reference in these Conditions to any amounts payable in respect of the Notes shall be deemed also to refer to any Additional Amounts which may be payable under this Condition 9 or under any undertakings given in addition to, or in substitution for, this Condition 9 pursuant to the Trust Deed.

10 Prescription

Claims against the Issuer in respect of principal and interest will become prescribed unless made within 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date.

11 Non-payment of principal when due

(a) *Proceedings for an Issuer Winding-Up*

If default is made by the Issuer for a period of 14 days or more in the payment of principal due in respect of the Notes or any of them the Trustee at its discretion may, and if so requested by Noteholders of at least one fifth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (but in each case subject to it having been indemnified and/or secured and/or pre-funded to its satisfaction) institute proceedings for an Issuer Winding-Up.

Subject to Condition 6, in the event of a winding-up or administration of the Issuer (whether or not instituted by the Trustee), the Trustee may prove in the winding-up or administration of the Issuer and/or (as the case may be) claim in the liquidation or administration of the Issuer, such claim being as provided in, and subordinated in the manner described in, Condition 3(b), but may take no further or other action to enforce, prove or claim for any payment by the Issuer in respect of the Notes or the Trust Deed.

(b) *Enforcement*

Without prejudice to Condition 11(a), the Trustee may at its discretion and without further notice institute such proceedings or take such steps or actions against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Trust Deed or the Notes (other than any payment obligation of the Issuer under or arising from the Notes or the Trust Deed, including any payment of damages awarded for breach of any obligations thereunder) but in no event shall the Issuer, by virtue of the institution of any such proceedings or the taking of such steps or actions, be obliged to pay any sum or sums, in cash or otherwise, sooner than the same would otherwise have been payable by it. Nothing in this Condition 11(b) shall, however, prevent the Trustee or the Noteholders from pursuing the remedies to which they are entitled pursuant to Condition 11(a).

(c) *Entitlement of Trustee*

The Trustee shall not be bound to take any of the actions referred to in Condition 11(a) or 11(b) above against the Issuer to enforce the terms of the Trust Deed, the Notes or any other action under or pursuant to the Trust Deed unless (a) it shall have been so directed by an Extraordinary Resolution of the Noteholders or requested in writing by the holders of at least one fifth in principal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

(d) *Right of Noteholders*

No Noteholder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding-up or administration of the Issuer or claim in the liquidation or administration of the Issuer or to prove in such winding-up or administration of the Issuer unless the Trustee, having become so bound to proceed or being able to prove in such winding-up or administration of the Issuer or claim in such liquidation or administration, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholders shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 11.

(e) *Extent of Noteholders' remedy*

No remedy against the Issuer, other than as referred to in this Condition 11, shall be available to the Trustee or the Noteholders, whether for the recovery of amounts owing in respect of the Notes or under the Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes or under the Trust Deed.

If the Issuer fails to issue and deliver the Conversion Shares to be issued and delivered on an Automatic Conversion to the Conversion Shares Depositary (or to the relevant recipient as contemplated in Condition 6) in accordance with these Conditions, a Noteholder's only right under the Notes against the Issuer for any such failure will be to claim to have such Conversion Shares issued and delivered in accordance with Condition 6.

Provided that the Issuer issues and delivers the Conversion Shares to the Conversion Shares Depositary (or to the relevant recipient as contemplated in Condition 6) in accordance with these Conditions, with effect from the Conversion Date, Noteholders shall have recourse only to the Conversion Shares Depositary (or to such other relevant recipient, as applicable) for the delivery to them of the Conversion Shares or the Conversion Shares Offer Consideration to which such Noteholders are entitled.

12 Replacement of Certificates

If any Certificate is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Registrar or other Transfer Agent (or any other place notice of which shall have been given in accordance with Condition 13) upon payment by the claimant of the expenses incurred in connection with the replacement and on such terms as to evidence and indemnity as the Issuer may reasonably require (provided that the requirement is reasonable in light of prevailing market practice). Mutilated or defaced Certificates must be surrendered before replacements will be issued.

13 Notices

All notices to the Noteholders will be valid if mailed to them at their respective addresses in the Register. The Issuer shall also ensure that notices are duly given or published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed. Any notice shall be deemed to have been given on the second day after being so mailed or on the date of publication or, if so published more than once or on different dates, on the date of the first publication.

14 Substitution of Issuer

(a) *Discretion to agree to substitution*

The Trust Deed contains provisions permitting the Trustee to agree, subject to (a) such substitution not being, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders, (b) certain additional conditions set out in the Trust Deed being satisfied and (c) such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders:

- (i) to the substitution of a successor in business (as defined in the Trust Deed) of the Issuer in place of the Issuer or any previous substitute under this Condition 14 as principal debtor under the Trust Deed and the Notes; or
- (ii) to the substitution of the Insurance Group Parent Entity in place of the Issuer or any previous substitute under this Condition 14 as principal debtor under the Trust Deed and the Notes; or

- (iii) (subject to the Notes becoming unconditionally and irrevocably guaranteed on a subordinated basis by the Issuer), to the substitution of a Subsidiary or parent company of the Issuer or its successor in business in place of the Issuer or any previous substitute under this Condition 14 as principal debtor under the Trust Deed and the Notes,

any such substitute, and any substitute pursuant to a Newco Scheme as described below, being a **“Substituted Obligor”**.

Any such substitution shall be subject to the Issuer having complied with the Regulatory Clearance Condition.

(b) *Mandatory substitutions*

If a Newco Scheme occurs, the Issuer may, without the consent of the Noteholders, at its option, procure that (pursuant to the Newco Scheme or otherwise) Newco is substituted under the Notes and the Trust Deed as Issuer in place of the Issuer (or any previous substitute therefor under this Condition 14), and upon such substitution all references to “the Issuer” hereunder will be construed as references to Newco and the obligations of the Issuer (or the relevant previous substitute) as issuer under the Notes and the Trust Deed will, without any further formality (including, without limitation, the execution of any agreement or deed) be terminated.

The Trustee shall (at the expense of the Issuer) use its reasonable endeavours to co-operate with the Issuer (including, but not limited to, entering into such documents or deeds (if any) as may be necessary) to give effect to such substitution.

Any such substitution shall be subject to the Issuer having complied with the Regulatory Clearance Condition.

(c) *Change in law*

In the case of any substitution pursuant to this Condition 14, the Trustee may agree, without the consent of the Noteholders, to a change of the law governing the Notes and/or the Trust Deed, provided that such change or the substitution would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders.

(d) *Notice to Noteholders*

The Issuer will give notice of any substitution pursuant to this Condition 14 to Noteholders in accordance with Condition 13 as soon as reasonably practicable following such substitution.

15 Meetings of Noteholders, Modification, Waiver and Authorisation

(a) *Meetings of Noteholders*

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the modification or abrogation by Extraordinary Resolution of any of these Conditions or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer, the Trustee or Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum at any meeting for passing an Extraordinary Resolution will be one or more persons present holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons present whatever the principal amount of the Notes held or represented by him or them, except that, at any meeting the business of which falls within the proviso to paragraph 3 of Schedule 3 to the Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be one or more persons present holding or

representing not less than two-thirds, or at any adjourned such meeting not less than one-third, of the principal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders will be binding on all Noteholders, whether or not they are present at the meeting.

The Trust Deed also provides that a written resolution executed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes outstanding or consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of holders of not less than 75 per cent. in principal amount of the Notes outstanding who would have been entitled to vote upon it if it had been proposed at a meeting at which they were present shall take effect as if it were an Extraordinary Resolution. A resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The agreement or approval of the Noteholders shall not be required in the case of any variation of these Conditions and/or the Trust Deed required to be made in connection with the substitution or variation of the Notes pursuant to Condition 8(g), 8(h) or 8(i) or any consequential amendments to these Conditions and/or the Trust Deed approved by the Trustee in connection with a substitution of the Issuer or upon the substitution of a Newco pursuant to Condition 14 or any amendments to these Conditions and/or the Trust Deed pursuant to Condition 6(e).

(b) *Modification, waiver, authorisation and determination*

Without prejudice to Conditions 6(e) 8(g), 8(h), 8(i) and 14, the Trustee may agree, without the consent of the Noteholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of these Conditions or any of the provisions of the Trust Deed: (i) which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or (ii) which, in its opinion, is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated. For the avoidance of doubt, such power shall not extend to any such modification as mentioned in the proviso to paragraph 3 of Schedule 3 to the Trust Deed unless required for the substitution or variation of the Notes pursuant to Condition 8(g), 8(h) or 8(i) or any consequential amendments to these Conditions and/or the Trust Deed approved by the Trustee in connection with a substitution of the Issuer or upon the substitution of a Newco pursuant to Condition 14 or any amendments to these Conditions and/or the Trust Deed pursuant to Condition 6(e).

(c) *Trustee to have regard to interests of Noteholders as a class*

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution of obligor), the Trustee shall have regard to the general interests of the Noteholders as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders except to the extent provided for in Condition 9 and/or any undertaking given in addition to, or in substitution for, Condition 9 pursuant to the Trust Deed.

(d) *Notification to the Noteholders*

Any modification, abrogation, waiver, authorisation, determination or substitution pursuant to this Condition 15 shall be binding on the Noteholders and, unless the Trustee agrees otherwise, shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 13.

(e) *Notice to the PRA*

No modification to these Conditions or any other provisions of the Trust Deed shall become effective unless the Issuer shall have first satisfied the Regulatory Clearance Condition.

16 Indemnification of the Trustee and its Contracting with the Issuer

(a) *Indemnification of the Trustee*

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility and liability towards the Issuer and the Noteholders, including (i) provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction and (ii) provisions limiting or excluding its liability in certain circumstances. The Trust Deed provides that, when determining whether an indemnity or any security or pre-funding is satisfactory to it, the Trustee shall be entitled (i) to evaluate its risk in any given circumstance by considering the worst-case scenario and (ii) to require that any indemnity or security given to it by the Noteholders or any of them be given on a joint and several basis and be supported by evidence satisfactory to it as to the financial standing and creditworthiness of each counterparty and/or as to the value of the security and an opinion as to the capacity, power and authority of each counterparty and/or the validity and effectiveness of the security.

(b) *Trustee contracting with the Issuer*

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (i) to enter into business transactions with the Issuer and/or any of the Issuer's Subsidiaries and/or any Substituted Obligor and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of the Issuer's Subsidiaries and/or any Substituted Obligor, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

(c) *Reports and certificates*

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILST IN GLOBAL FORM

The following provisions apply to the Notes whilst they are represented by the Global Certificate, some of which modify the effect of the Conditions.

1 Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system (“**Alternative Clearing System**”) as the holder of a Note represented by a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the holder of the Global Certificate and in relation to all other rights arising under the Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by the Global Certificate and such obligations of the Issuer will be discharged by payment to the holder of the Global Certificate in respect of each amount so paid.

2 Cancellation

Cancellation of any Note following its redemption or purchase by the Issuer or any of the subsidiaries of the Issuer will be effected by reduction in the aggregate principal amount of the Notes in the register of Noteholders and shall be duly endorsed (for information purposes only) on the schedule to the Global Certificate.

3 Payments

Payments of principal and interest in respect of Notes represented by the Global Certificate will be made to the registered holder of the Global Certificate. Upon payment of any principal or interest, the amount so paid shall be endorsed by or on behalf of the Registrar on behalf of the Issuer on the schedule to the Global Certificate.

Principal and interest shall be payable in accordance with the Conditions, save that the calculation of interest will be made in respect of the total aggregate principal amount of the Notes represented by this Global Certificate.

Distributions of amounts with respect to book-entry interests in the Notes held through Euroclear or Clearstream, Luxembourg will be credited, to the extent required by the Registrar, to the cash accounts of participants in Euroclear, Clearstream, Luxembourg or any Alternative Clearing System in accordance with the relevant clearing system’s rules and procedures.

All payments in respect of the Notes whilst they are represented by the Global Certificate will be made to, or to the order of, the person whose name is entered in the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “**Clearing System Business Day**” means Monday to Friday (inclusive) except 25 December and 1 January.

4 Meetings

The registered holder of the Global Certificate shall be treated as having one vote in respect of each £1,000 principal amount of Notes represented by the Global Certificate. The Trustee may allow to attend and speak (but not to vote unless such person is a proxy or a representative) at any meeting of Noteholders any accountholder (or the representative of any such person) of a clearing system with an interest in the Notes represented by the Global Certificate on confirmation of entitlement and proof of his identity.

5 Notices

So long as all of the Notes are represented by the Global Certificate and it is held by or on behalf of a clearing system, notices to Noteholders will be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for notification as required by the Conditions. A notice will be deemed to have been given to accountholders on the first Business Day following the day on which such notice is sent to the relevant clearing system for delivery to entitled accountholders.

Whilst any of the Notes are represented by the Global Certificate, notices to be given by a Noteholder will be given by such Noteholder (where applicable) through Euroclear, Clearstream, Luxembourg or any Alternative Clearing System and otherwise in such manner as the Trustee and the relevant clearing system may approve for this purpose.

6 Exchange

Owners of beneficial interests in the Notes in respect of which the Global Certificate is issued will be entitled to have title to the Notes registered in their names and to receive individual Certificates if Euroclear, Clearstream, Luxembourg or any Alternative Clearing System is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so.

In such circumstances, the Issuer will cause sufficient Certificates to be executed and delivered to the Registrar and the Transfer Agent for completion, authentication and despatch to the relevant Noteholders within 14 days following a request therefor by the registered holder of the Global Certificate. A person with an interest in the Notes represented by the Global Certificate must provide the Registrar and the Transfer Agent with (A) a written order containing instructions and other such information as the Issuer, the Transfer Agent and the Registrar may require to complete, execute and deliver such Certificates; and (B) a certificate to the effect that such person is not transferring its interest in the Global Certificate.

7 Transfer

Notes represented by the Global Certificate will be transferable only in accordance with the rules and procedures of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System (as the case may be).

8 Trustee's Powers

In considering the interests of Noteholders, the Trustee may, to the extent it considers it appropriate to do so in the circumstances, (A) have regard to such information as may have been made available to it by or on behalf of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System or its operator as to the identity of its accountholders (either individually or by way of category) with entitlements in respect of Notes and (B) consider such interests on the basis that such accountholders were the holders of the Notes represented by the Global Certificate.

9 Enforcement

For the purposes of enforcement of the provisions of the Trust Deed, the persons named in a certificate of the holder of the Notes represented by the Global Certificate shall be recognised as the beneficiaries of the trusts set out in the Trust Deed to the extent of the principal amount of their interest in the Notes set out in the certificate of the holder as if they were themselves the holders of Notes in such principal amounts.

10 Electronic Consent and Written Resolution

While any Global Certificate is registered in the name of any nominee for Euroclear, Clearstream, Luxembourg or any Alternative Clearing System, then:

- (a) approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an “**Electronic Consent**” as defined in the Trust Deed) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting which is a special quorum resolution), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders whether or not they participated in such Electronic Consent. The Principal Paying Agent shall confirm the result of voting on any Electronic Consent in writing to the Issuer and the Trustee (in a form satisfactory to the Trustee) (which confirmation may be given by email), specifying (as of the deadline for the Electronic Consent): (i) the outstanding principal amount of the Notes and (ii) the outstanding principal amount of the Notes in respect of which consent to the resolution has been given in accordance with this provision. The Issuer and the Trustee may rely and act without further enquiry on any such confirmation from the Principal Paying Agent and shall have no liability or responsibility to anyone as a result of such reliance or action. The Trustee shall not be bound to act on any Electronic Consent in the absence of such a confirmation from the Principal Paying Agent in a form satisfactory to it; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Trust Deed) has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by accountholders in the clearing system with entitlements to such Global Certificate or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the accountholder or via one or more intermediaries and provided that, in each case, the Issuer has obtained commercially reasonable evidence to ascertain the validity of such holding and has taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, “**commercially reasonable evidence**” includes any certificate or other document issued by Euroclear, Clearstream, Luxembourg or any Alternative Clearing System, or issued by an accountholder of them or an intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream, Luxembourg’s CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

INFORMATION ON THE GROUP

See the section entitled “*Information on the Group*” in the EMTN Prospectus, as incorporated by reference in these Listing Particulars.

Recent developments

On 6 December 2019, PGH entered into a share purchase agreement to acquire the entire issued share capital of ReAssure Group plc from Swiss Re Finance Midco (Jersey) Limited (“**Swiss Re**”) for total consideration of £3.1 billion in cash and shares (the “**ReAssure Acquisition**”). The ReAssure Acquisition completed on 22 July 2020.

On 4 August 2020, the £120,000,000 7.5873 per cent. Class A2 Limited Recourse Bonds due 2022 issued by Mutual Securitisation plc were redeemed in full, along with the on-loan of the proceeds which Phoenix Life Assurance Limited has assumed since 2015.

Conflicts of interest and other matters

PGH is not aware of any conflicts of interest between any duties owed by the Directors to PGH and their private interests or other duties, save that Mike Tumilty has been nominated to the Board of Directors by Standard Life Aberdeen under the terms of a relationship agreement which regulates PGH and Standard Life Aberdeen’s relationship following completion of the acquisition of Standard Life Assurance Limited. Mike Tumilty will continue in his role with Standard Life Aberdeen. Similarly, Christopher Minter and Hiroyuki Iioka have been nominated to the Board of Directors by Swiss Re and MS&AD Insurance Group Holdings, Inc. (“**MS&AD**”) respectively. Both directors will continue in their roles with Swiss Re and MS&AD respectively.

TAXATION

The following is a general description of certain UK tax considerations relating to the Notes, as well as a description of FATCA. It is not intended as tax advice and does not purport to be a complete analysis of all tax considerations relating to the Notes whether in those countries or elsewhere. It relates to the position of persons who are the absolute beneficial owners of the Notes and who hold the notes as investments, and some aspects do not apply to certain classes of taxpayer (such as Noteholders who are connected or associated with the Issuer for relevant tax purposes). The statements in this section do not constitute tax or legal advice. Prospective Noteholders who may be subject to tax in a jurisdiction other than the UK or who may be unsure as to their tax position should seek their own professional advice. This summary is based upon the law as in effect on the date of these Listing Particulars and is subject to any change in law that may take effect after such date.

Investors should also note that the appointment by an investor in Notes, or any person through which an investor holds Notes, of a custodian, collection agent or similar person in relation to such Notes in any jurisdiction may have tax implications. Investors should consult their own tax advisers in relation to the tax consequences for them of any such appointment.

United Kingdom

General

The comments in this part are of a general nature and are not intended to be exhaustive. They are based on current United Kingdom (“UK”) tax law as applied in England and Wales and published HM Revenue & Customs practice. There can be no assurance that HM Revenue & Customs will apply its published practice, and both law and practice may be subject to change, sometimes with retrospective effect. The comments assume that there will be no substitutions of the Issuer and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Conditions). Further, they relate only to certain material UK withholding taxation matters at the date hereof in relation to payments of principal and interest (as that term is understood for UK tax purposes) in respect of the Notes and certain UK stamp duty and stamp duty reserve tax implications of acquiring, holding and disposing of the Notes. They do not deal with any other UK taxation implications of acquiring, holding or disposing of Notes. The UK tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the UK or who may be unsure as to their tax position should seek their own professional advice. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the UK.

Payments of Interest

The Notes issued by the Issuer which carry a right to interest will constitute “quoted Eurobonds” provided they are and continue to be listed on a recognised stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the “Act”)) or admitted to trading on a “multilateral trading facility” operated by an EEA regulated recognised stock exchange (within the meaning of section 987 of the Act). Whilst the Notes are and continue to be quoted Eurobonds, payments of interest on the Notes may be made without withholding or deduction for or on account of UK income tax.

The Issuer's understanding is that GEM of Euronext Dublin is a multilateral trading facility operated by an EEA regulated recognised stock exchange for the purposes of section 987 of the Act.

Under current UK legislation, if the exemption referred to above does not apply, interest on the Notes may fall to be paid under deduction of UK income tax at the basic rate (currently 20 per cent.).

Other considerations

Where interest has been paid under deduction of UK income tax, Noteholders who are not resident in the UK for tax purposes may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to “interest” above mean “interest” as understood in UK tax law. The statements above do not take account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation.

The above description of the UK withholding tax position assumes that there will be no substitution of the Issuer and does not consider the tax consequences of any such substitution.

Stamp duty and Stamp duty reserve tax

The Finance Act 2019 introduced a new regime for hybrid capital instruments (the “**HCI rules**”). The HCI rules contain an exemption from all stamp duties on transfer so that no liability to UK stamp duty or stamp duty reserve tax should arise on the issue or transfer of the Notes provided that the Notes each constitute a “hybrid capital instrument” for the purposes of the HCI rules and there are no arrangements, the main purpose, or one of the main purposes, of which is to secure a tax advantage.

The Notes should constitute “hybrid capital instruments” for the purposes of the HCI rules provided that:

- the Issuer is entitled to defer or cancel a payment of interest under the Notes;
- the Notes “have no other significant equity features”; and
- the Issuer has made an election in respect of the Notes.

The Notes would “have no other significant equity features” provided that:

- the Notes carry neither significant voting rights in the Issuer nor a right to exercise a dominant influence over the Issuer;
- any provision in the Notes for altering the amount of the principal is limited to write-down or conversion events in certain qualifying cases and that is not a right exercisable by the Noteholders; one of the qualifying cases is where a provision is included solely because of a need to comply with a regulatory or other legal requirement; and
- any provision for the holder to receive anything other than interest or principal is limited to conversion events in qualifying cases.

The Issuer has made a hybrid capital election in respect of the Notes pursuant to section 475C of the Corporation Tax Act 2009 and the instrument is not issued in consequence of, or otherwise in connection with, any arrangements, the main purpose, or one of the main purposes of which, is to secure a tax advantage. Consequently, the Issuer expects that the HCI rules should apply to the Notes such that they would benefit from the exemption from all stamp duties.

Even if the HCI rules did not apply to the Notes, no UK stamp duty or stamp duty reserve tax should be payable on the issue of the Notes and no stamp duty or stamp duty reserve tax should be payable on the transfer of Notes within a clearing system (such as Euroclear or Clearstream, Luxembourg) without a written instrument of transfer provided that no election is or has been made by the relevant clearing system under section 97A of the Finance Act 1986 (a “**97A election**”) that applies to the Notes. However, if a 97A election were to apply to the Notes in the future, transfers of the Notes within the relevant clearing system could, unless the HCI rules or

another exemption applies, be subject to stamp duty reserve tax, generally at the rate of 0.5 per cent of the consideration given under the agreement to transfer the Notes.

No liability to UK stamp duty or stamp duty reserve tax will generally arise on a cash redemption of Notes, provided no issue or transfer of shares or other Notes is effected upon or in connection with such redemption.

No liability to UK stamp duty or stamp duty reserve tax will arise for a Holder on the release of Notes on Automatic Conversion.

No liability to UK stamp duty or stamp duty reserve tax will arise for a Holder on the issuance of new Shares by the Issuer to the Noteholders under an Automatic Conversion.

FATCA Withholding

Pursuant to certain provisions of U.S. law, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer believes that it is a foreign financial institution for these purposes. A number of jurisdictions have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of these rules to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, is not clear at this time. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply to foreign passthru payments until two years after the date on which final regulations defining “foreing passthru payments” are published in the U.S. Federal Register. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

Each manager involved in the offering of the Notes agreed that it would not offer or sell the Notes as part of their distribution at any time within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes have been offered and sold outside of the United States to non-U.S. persons in reliance on Regulation S.

UK

Each manager involved in the offering of the Notes represented and agreed that:

- (a) it had only communicated or caused to be communicated and would only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it had complied and would comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the UK.

Cayman Islands

Pursuant to the Companies Law (as amended) of the Cayman Islands, no invitation may be made to the public in the Cayman Islands to subscribe for, or purchase, Notes by or on behalf of the Issuer unless at the time of such invitation the Issuer is listed on the Cayman Islands Stock Exchange. The Issuer is not presently listed on the Cayman Islands Stock Exchange and, accordingly, no invitation to the public in the Cayman Islands is to be made by the Issuer, or on its behalf. No such invitation is made to the public in the Cayman Islands hereby.

Prohibition of Sales to EEA and UK Retail Investors

Each manager involved in the offering of the Notes had represented and agreed that it had not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by these Listing Particulars to any retail investor in the EEA or in the UK. For the purposes of this provision, the expression “**retail investor**” means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

No action has been or will be taken in any jurisdiction by the managers involved in the offering of the Notes or by the Issuer that would permit a public offering of the Notes, or possession or distribution of these Listing Particulars (in preliminary, proof or final form) or any other offering or publicity material relating to the Notes (including roadshow materials and investor presentations), in any country or jurisdiction where action for that purpose is required. Each manager involved in the offering of the Notes agreed that it will comply to the best of its knowledge and belief in all material respects with all applicable laws and regulations in each jurisdiction in which it acquires, offers, sells or delivers Notes or has in its possession or distributes these Listing Particulars (in preliminary, proof or final form) or any such other material, in all cases at its own expense. It will also ensure that no obligations are imposed on the Issuer or any other manager in any such jurisdiction as a result of any of the foregoing actions.
