acting in respect of its Compartment 2019-30

Issue of Series 2019-30 EUR 10,000,000 Credit-linked Notes due 2026

under the Secured Note Programme

This document is a series memorandum (the “**Series Memorandum**”), which contains information relating to the above notes (the “**Notes**”) issued by SPIRE acting in respect of its Compartment 2019-30 (the “**Issuer**”). This Series Memorandum should be read in conjunction with all documents which are incorporated by reference in the “Documents Incorporated by Reference” section herein, including the relevant sections of the base listing particulars dated 3 April 2019 and the supplemental base listing particulars dated 2 August 2019, which together constitute a base listing particulars (the “**Base Listing Particulars**”), relating to the Secured Note Programme (the “**Programme**”) of SPIRE. Unless defined herein, terms defined in the Base Listing Particulars have the same meanings in this Series Memorandum.

Neither this Series Memorandum nor the Pricing Terms contained in this Series Memorandum constitutes a prospectus or final terms for the purposes of Regulation (EU) 2017/1129 (the “Prospectus Regulation”).

The Issuer is not offering the Notes in any jurisdiction in circumstances which would require publication of a prospectus pursuant to the Prospectus Regulation. Nor is any person authorised to make such an offer of the Notes on behalf of the Issuer in any jurisdiction.

Application has been made to The Irish Stock Exchange plc, trading as Euronext Dublin (“**Euronext Dublin**”), for the Notes to be admitted to the Official List of Euronext Dublin (the “**Official List**”) and to trading on its Global Exchange Market (“**GEM**”). GEM is not a regulated market for the purposes of Directive 2004/39/EC (as amended by Directive 2014/65/EU) of the European Parliament and of the Council on markets in financial instruments. This Series Memorandum constitutes listing particulars for the purpose of such application and has been approved by Euronext Dublin.

References in this Series Memorandum to Notes being “**listed**” (and all related references) shall mean that such Notes have been admitted to trading on GEM and have been admitted to the Official List. There can be no assurance that any such listing will be obtained, or if obtained, will be maintained.

The Notes are not rated.

Prospective purchasers should have regard to the risk factors described and referred to under the section of this Series Memorandum titled “Risk Factors” and, in particular, to the limited recourse nature of the Notes and the fact that the Issuer is a special purpose vehicle.

The Issuer accepts responsibility for the information contained in this Series Memorandum. To the best of the Issuer's knowledge (having taken all reasonable care to ensure that such is the case) the information contained in this Series Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (and, for the avoidance of doubt, this means any retail investor within or outside the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a "Retail client" as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation.

No key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The information contained in this Series Memorandum is supplemental to, and should be read in conjunction with, the Base Listing Particulars (see the section titled "*Documents Incorporated by Reference*" below). This Series Memorandum includes particulars for the purpose of giving information with regard to the issue by the Issuer of the Notes.

No person has been authorised to give any information or to make any representation other than those contained in this Series Memorandum in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Dealer (as specified in the Pricing Terms contained in this Series Memorandum). Neither the delivery of this Series Memorandum nor any sale of Notes made in connection therewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date of this Series Memorandum or the date upon which this Series Memorandum has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer since the date of this Series Memorandum or the date upon which this Series Memorandum has been most recently amended or supplemented or that any other information supplied in connection with the Programme or the Notes is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The language of this Series Memorandum is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under the applicable law.

The information contained on any websites referred to herein does not form part of this Series Memorandum unless that information is incorporated by reference into this Series Memorandum.

The distribution of this Series Memorandum and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Series Memorandum comes are required by the Issuer

and the Dealer to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933 (the “**Securities Act**”). Notes may not at any time be offered, sold or, where relevant, delivered within the United States or to, or for the account or benefit of, any person who is (a) a U.S. person (as defined in Regulation S under the Securities Act); (b) a U.S. person (as defined in the credit risk retention regulations issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (c) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange Act of 1936, but excluding for purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons).

Any purchasers of the Notes (including purchasers following the issue date of such Notes) shall be deemed to give the representations, agreements and acknowledgments specified in the Conditions of such Notes, including a representation that it is not, nor is it acting for the account or benefit of, a person who is (a) a U.S. person (as defined in Regulation S under the Securities Act); (b) a U.S. person (as defined in the credit risk retention regulations issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (c) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange Act of 1936, but excluding for purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons).

If such purchaser is purchasing the Notes on their issue date, such purchaser shall also be required to provide the Dealer with a letter containing a representation substantially in the same form as the deemed representation specified above.

For a description of certain restrictions on offers and sales of Notes and on distribution of this Series Memorandum, see the section headed “*Subscription and Sale*” in this Series Memorandum.

SPIRE has not been, and will not be, registered under the U.S. Investment Company Act of 1940, as amended (the “**Investment Company Act**”).

Capitalised terms used but not otherwise defined herein or in the Base Listing Particulars have the meaning given to them in the Pricing Terms contained in this Series Memorandum.

DISCLAIMERS

This Series Memorandum does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealer to subscribe for, or purchase, any Notes.

Neither the Dealer nor the Swap Counterparty has separately verified the information contained in this Series Memorandum. The Dealer makes no representation, express or implied, or, to the fullest extent permitted by law, accepts no responsibility, with respect to (i) the Notes, (ii) the Transaction Documents (including the effectiveness thereof) or (iii) the accuracy or completeness of any of the information in this Series Memorandum or for any other statement made or purported to be made by the Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of the Notes, the Transaction Documents or this Series Memorandum or any such statement.

Prospective purchasers of Notes should have regard to the factors described under the section headed “*Risk Factors*” in this Series Memorandum. This Series Memorandum does not describe all of the risks of an investment in the Notes. Neither this Series Memorandum nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer or the Dealer that any recipient of this Series Memorandum or any other financial statements should purchase the Notes.

Prospective purchasers of Notes should conduct such independent investigation and analysis regarding the Issuer, the security arrangements and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes. Prospective purchasers of Notes should have sufficient knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate

the information contained in this Series Memorandum and the merits and risks of investing in the Notes in the context of their financial position and circumstances. The Dealer does not undertake to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Series Memorandum or the term of any Notes issued or to advise any purchaser or prospective purchaser in the Notes of any information coming to the attention of the Dealer. The Reference Entity may not be subject to regular reporting requirements and may report information in accordance with disclosure and accounting standards with which the Noteholders are not familiar. None of the Issuer, the Dealer, the Swap Counterparty or the Calculation Agent will have any obligation to keep purchasers informed as to any matters with respect to the Reference Entity or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event.

The risk factors identified in this Series Memorandum are provided as general information only. The Dealer disclaims any responsibility to advise purchasers of Notes of the risks and investment considerations associated therewith as they may exist at the date hereof or as they may from time to time alter.

The Notes are complex instruments that involve substantial risks and are suitable only for sophisticated investors that:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes (including, without limitation, the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and the information contained or incorporated by reference in this Series Memorandum or the Base Listing Particulars or any applicable supplement;
- (ii) have considered the suitability of the Notes in light of their own circumstances and financial condition;
- (iii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of their particular financial situation, an investment in the Notes and the impact the Notes will have on their overall investment portfolio;
- (iv) understand thoroughly the terms of the Notes and are familiar with the behaviour of any relevant indices and financial markets; and
- (v) are able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect their investment and their ability to bear the applicable risks.

Owing to the structured nature of the Notes, their price may be more volatile than that of unstructured securities.

Investors: Each prospective investor in Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices, values or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Notes are legal investments for it and/or (ii) other restrictions apply to its purchase of any Notes. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

No fiduciary role: None of the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates is acting as an investment adviser or as an adviser in any other capacity, and none of them (other than the Trustee to the extent set out in the Trust Deed) assumes any fiduciary obligation to any purchaser of Notes or any other party, including the Issuer.

None of the Issuer, the Dealer or any of the other Transaction Parties assumes any responsibility for (i) conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of the Collateral or the terms thereof or of the Swap Counterparty, the Reference Entity or the terms of the Swap Agreement or (ii) monitoring such issuer or obligor of the Collateral, the Swap Counterparty or the Reference Entity during the term of the Notes.

Investors may not rely on the views of the Issuer, the Dealer or any of the other Transaction Parties for any information in relation to any person.

No reliance: A prospective purchaser may not rely on the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to any of the other matters referred to above.

No representations: None of the Issuer, the Dealer or any of the other Transaction Parties makes any representation or warranty, express or implied, in respect of any:

- (i) Collateral or in respect of any information contained in any documents prepared, provided or filed in respect of such Collateral with any exchange, governmental, supervisory or self-regulatory authority or any other person;
- (ii) issuer or obligor of the Collateral or in respect of any information contained in any documents prepared, provided or filed by or on behalf of such issuer or obligor with any exchange, governmental, supervisory or self-regulatory authority or any other person;
- (iii) Swap Counterparty or Reference Entity or in respect of any information contained in any documents prepared, provided or filed by or on behalf of any such party with any exchange, governmental, supervisory or self-regulatory authority or any other person; or
- (iv) Swap Agreement or in respect of any information contained in any documents prepared, provided or filed in respect of such agreement with any exchange, governmental, supervisory or self-regulatory authority or any other person,

save that this is not intended to limit the responsibility of the Issuer for the information in respect of the Swap Counterparty in the section of the base listing particulars dated 3 April 2019 titled "*Description of the Programme Swap Counterparties and the Programme Repo Counterparties*".

None of the Dealer or any of the other Transaction Parties makes any representation or warranty, express or implied, in respect of the Issuer or in respect of any information contained in any documents prepared, provided or filed by or on behalf of the Issuer.

None of the Issuer or the Calculation Agent or any of their respective affiliates make any representation as to the accuracy or completeness of any information available with respect to the Reference Entity.

ISDA and CDDC determinations: None of the Issuer, the Swap Counterparty or the Calculation Agent will be liable to any person for any determination, redemption, calculation and/or delay or suspension of payments and/or redemption of the Notes resulting from or relating to any announcements, publications, determinations and resolutions made by ISDA and/or any Credit Derivatives Determinations Committee.

Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the member institutions of the Credit Derivatives Determinations Committees from time to time will not owe any duty to the Noteholders, and the Noteholders will be prevented from pursuing legal claims with respect to actions taken by such member institutions. Noteholders should also be aware that member institutions of the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

Notices of questions referred to the Credit Derivatives Determinations Committees, meetings convened to deliberate such questions and the results of binding votes of the Credit Derivatives Determinations Committees will be published on the website of ISDA and none of the Issuer, the Swap Counterparty, or the Calculation Agent or any of their respective affiliates shall be obliged to inform the Noteholders of such information. Any failure by the Noteholders to be aware of information relating to determinations of a Credit Derivatives Determinations Committee will have no effect under the Notes and the Noteholders are solely responsible for obtaining any such information.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. NO PERSON HAS REGISTERED NOR WILL REGISTER AS A COMMODITY POOL OPERATOR OF THE ISSUER UNDER THE U.S. COMMODITY EXCHANGE ACT OF 1936 AS AMENDED AND THE RULES OF THE COMMODITY FUTURES TRADING COMMISSION ("**CFTC**") THEREUNDER. THE NOTES MAY NOT AT ANY TIME BE OFFERED, SOLD OR, WHERE RELEVANT, DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED, AND REGULATIONS THEREUNDER).

CONSEQUENTLY, THE NOTES MAY NOT AT ANY TIME BE OFFERED, SOLD OR OTHERWISE TRANSFERRED EXCEPT (A) IN AN OFFSHORE TRANSACTION (AS SUCH TERM IS DEFINED UNDER REGULATION S UNDER THE SECURITIES ACT ("**REGULATION S**") AND (B) TO PERSONS THAT ARE (I) NOT U.S. PERSONS (AS DEFINED IN REGULATION S), (II) NOT U.S. PERSONS (AS DEFINED IN THE CREDIT RISK RETENTION REGULATIONS ISSUED UNDER SECTION 15G OF THE U.S. SECURITIES EXCHANGE ACT OF 1934) AND (III) NON-UNITED STATES PERSONS (AS DEFINED IN RULE 4.7 UNDER THE U.S. COMMODITY EXCHANGE ACT OF 1936, BUT EXCLUDING FOR PURPOSES OF SUBSECTION (D) THEREOF, THE EXCEPTION TO THE EXTENT THAT IT WOULD APPLY TO PERSONS WHO ARE NOT NON-UNITED STATES PERSONS) (ANY PERSON SATISFYING EACH OF (I) TO (III) IMMEDIATELY ABOVE, A "**PERMITTED PURCHASER**"). IF A PERMITTED PURCHASER ACQUIRING NOTES IS DOING SO FOR THE ACCOUNT OR BENEFIT OF ANOTHER PERSON, SUCH OTHER PERSON MUST ALSO BE A PERMITTED PURCHASER.

THIS SERIES MEMORANDUM HAS BEEN PREPARED BY THE ISSUER (A) FOR USE IN CONNECTION WITH THE OFFER AND SALE OF THE NOTES OUTSIDE OF THE UNITED STATES TO PERMITTED PURCHASERS IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR 904 OF REGULATION S AND (B) FOR THE LISTING AND ADMISSION TO TRADING OF THE NOTES ON THE GLOBAL EXCHANGE MARKET OF EURONEXT DUBLIN.

IN MAKING AN INVESTMENT DECISION, PROSPECTIVE PURCHASERS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED.

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER REGULATORY AUTHORITY IN THE UNITED STATES, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF ANY SECURITIES PURSUANT TO THIS PROGRAMME OR THE ACCURACY OR THE ADEQUACY OF THIS SERIES MEMORANDUM OR ANY OTHER AUTHORISED OFFERING DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

RISK FACTORS

The risk factors set out below should be read in addition to those set out in pages 4 to 37 of the Supplemental Base Listing Particulars (as defined in the section titled "Documents Incorporated by Reference" below) and, in the event of any inconsistency, the risk factors set out below will prevail.

Certain considerations associated with credit-linked Notes

Prospective purchasers of credit-linked Notes should be familiar with investments in global capital markets and with credit-linked products generally.

The amount of principal and interest payable under the Notes is dependent upon whether a Credit Event has occurred in respect of the Reference Entity and, if a Credit Event has occurred, on the value of certain specified obligations of the Reference Entity. Following a Credit Event which is a Governmental Intervention or a Restructuring Credit Event, an Asset Package Credit Event (as defined in the ISDA Credit Derivatives Definitions) may occur and the amount of principal payable may be determined based on the value of a package of assets which a relevant obligation of the Reference Entity has been converted into or exchanged for (which may be worth significantly less than the principal amount of such original obligation of the Reference Entity or, where such original obligation has been expropriated for no compensation, may be zero).

Prospective purchasers should be aware that, depending on the terms of the Notes (a) they may receive no or a limited amount of interest; (b) payment of principal or interest or delivery of any specified assets may occur at a different time than expected; and (c) they may lose all or a substantial portion of their investment.

The market price of the Notes may be volatile and will be affected by, amongst other things, the time remaining to the maturity date and the creditworthiness of the Reference Entity, which in turn may be affected by the economic, financial and political events in one or more jurisdiction(s).

The Issuer's obligations in respect of the Notes are independent of the Issuer's credit exposure (if any) to the Reference Entity. The Issuer need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Credit risk of the Reference Entity

Noteholders will be exposed to the credit risk of the Reference Entity. As a result, Noteholders may lose up to their full investment in the Notes. Upon the occurrence of any specified Credit Event with respect to the Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct purchaser in obligations of the Reference Entity. However, the holding of a Note may not reflect the impact of investing in an obligation of the Reference Entity, and losses in relation to the Notes could be considerably greater than would be suffered by a direct purchaser in the obligations of the Reference Entity and/or could arise for reasons unrelated to the Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of the Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

Where Cash Settlement or Auction Settlement applies, the occurrence of a Credit Event in relation to the Reference Entity may result in a redemption of the Notes at a reduced principal amount or at zero and cessation of the accrual of interest.

Exposure to Credit Events or Successor determinations prior to the Trade Date

The Notes may be exposed to the occurrence of Credit Events or Successor determinations based on events which have occurred prior to the Trade Date. Under the ISDA Credit Derivatives Definitions, the relevant period for Credit Events that may trigger settlement of a Swap Agreement begins on the Credit Event Backstop Date, which may be prior to the Trade Date. A similar look-back period of 90 calendar days prior to the date of a request to convene the relevant Credit Derivatives Determinations Committee (or, if applicable, the effective date of a notice to the other party and the Calculation Agent that describes the relevant succession) is applicable for purposes of any Successor determination. Under the ISDA Credit Derivatives Definitions, the look-back

period of 90 calendar days will not apply in relation to a Universal Successor. Noteholders should conduct their own review of any recent developments with respect to the Reference Entity by consulting Publicly Available Information. If a request to convene a Credit Derivatives Determinations Committee to determine whether a Credit Event or Successor determination has occurred with respect to the Reference Entity has been delivered prior to the Trade Date, details of such request may be found on the website of the Credit Derivatives Determinations Committees (<https://www.cdsdeterminationscommittees.org>) or any successor website thereto. If a Credit Derivatives Determinations Committee has not been convened to determine such matter as of the Trade Date, one may still be convened after the Trade Date in respect of an event that has occurred before the date of a request to convene such Credit Derivatives Determinations Committee.

Requirement for Publicly Available Information

The Credit Default Swap Confirmation specifies that only Publicly Available Information regarding a relevant event may be used to trigger or modify the transaction. The Credit Default Swap Confirmation specifies standards as to what constitutes Publicly Available Information. If a Credit Event or a succession occurs but the requisite public information about the event is not available within the applicable time periods, then the event will not take effect under the applicable Credit Default Swap.

Asset Package Delivery

Under the Credit Default Swap, asset package delivery provisions may apply in respect of a Financial Reference Entity in certain circumstances if either (a) a governmental intervention has occurred or (b) if “*Restructuring*” is an applicable Credit Event, a restructuring has occurred in respect of the Reference Obligation of a Financial Reference Entity, and such restructuring does not constitute a governmental intervention. Following a governmental intervention or a restructuring of a Reference Obligation in respect of a Financial Reference Entity, provided that there was an existing obligation of the Reference Entity which, immediately prior to the relevant governmental intervention to which such obligation is subject, constituted a Deliverable Obligation (a “**Prior Deliverable Obligation**”), the assets which result from such Prior Deliverable Obligation can be used for purposes of settling the Credit Default Swap (such settlement “**Asset Package Delivery**”). Asset Package Delivery may apply if an Asset Package Credit Event occurs unless such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event that triggered settlement. Asset Package Delivery may apply in circumstances where the Deliverable Obligation has either been converted into something that does not constitute a Deliverable Obligation (e.g. equity), written-down in part (such that it becomes uneconomic to deliver) or written-down in full (such that it is uneconomic to deliver, but in any event, there is no obligation that can actually be delivered). If no assets are received by the protection buyer, the asset package is deemed to have a value of zero. For purposes of Asset Package Delivery, the asset package for any holder of the relevant Prior Deliverable Obligation will consist of all of the assets in the proportion received or retained by such holder in connection with the Asset Package Credit Event. If the asset package is not capable of being transferred (excluding due to market conditions) to institutional investors or is not of the type typically traded in, or suitable for being traded in, financial markets, the asset shall be deemed to be an amount of cash equal to the market value thereof.

Reference Obligation

Under the Credit Default Swap, the Reference Obligation is the Standard Reference Obligation when such Standard Reference Obligation is published on the relevant SRO List and from the date of such. For so long as the Standard Reference Obligation has not been published on the relevant SRO List, the Reference Obligation will be the obligation specified as such in the Credit Default Swap Confirmation (the “**Non-Standard Reference Obligation**”). From the date of publication of the Standard Reference Obligation, the non-standard Reference Obligation set out in the Credit Default Swap Confirmation will no longer be the Reference Obligation.

The rules outlining the selection and replacement of the Standard Reference Obligation are contained within the Standard Reference Obligation Rules, as published by ISDA and as amended and/or supplemented from time to time in accordance with the terms thereof (the “**SRO Rules**”). The Standard Reference Obligation for a relevant seniority level will only be replaced by the relevant Credit Derivatives Determinations Committee in

accordance with the SRO Rules (for example, if the then Standard Reference Obligation matures, is redeemed or is no longer an obligation of the Reference Entity, amongst others) after performing the necessary legal review.

For so long as the Non-Standard Reference Obligation is the Reference Obligation, if at any time (i) the Non-Standard Reference Obligation at such time is redeemed in whole, (ii) the aggregate amounts due under the Non-Standard Reference Obligation at such time have been reduced by redemption or otherwise below USD 10,000,000 (or its equivalent in the relevant currency of such obligation) or (iii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation at such time is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee), then the Calculation Agent under the Credit Default Swap shall identify a substitute Non-Standard Reference Obligation meeting the criteria set out in the ISDA Credit Derivative Definitions.

Noteholders should, therefore, be aware that the Reference Obligation on the Trade Date may, in certain circumstances, be replaced by another obligation and, with respect to the Credit Default Swap, such a replacement is likely to occur. If such a replacement occurs, any Auction Settlement Amount or Cash Settlement Amount under a triggered Credit Default Swap will be determined on the basis that the replacement obligation is the Reference Obligation (and the replaced obligation is not). This may lead to an increased credit loss for Noteholders.

Noteholders should also be aware that, if the Reference Obligation is the Standard Reference Obligation, the Calculation Agent or the Swap Counterparty is not under an obligation to replace the Standard Reference Obligation if a Substitution Event occurs.

Outstanding Principal Balance

The calculation of the outstanding principal balance of an obligation under the Credit Default Swap is determined by (a) firstly ascertaining all principal payment obligations of the Reference Entity; (b) then determining all or any portion of such principal payment obligations that are subject to a contingency (other than a permitted contingency) or prohibited action which need to be disregarded, leaving an amount equal to the non-contingent amount and (c) finally, determining the claim that could be validly asserted against the Reference Entity in respect of such non-contingent amount if the obligation was redeemed or accelerated which would be the outstanding principal balance. If payments of principal are subject to a contingency, the outstanding principal balance could be less than the principal balance (and depending upon the type of contingency, could be zero). Noteholders should be aware that this may, therefore, lead to a corresponding increased credit loss for them.

Swap Counterparty and/or Calculation Agent will act in their sole discretion

The Swap Counterparty and/or the Calculation Agent will exercise its rights under the terms of the Notes, including in particular the right to designate a Credit Event and the right to select obligations of the Reference Entity for valuation, in its sole discretion, and not in the interests of Noteholders. The exercise of such rights in such manner, for example by the selection of the eligible obligations of the Reference Entity having the lowest possible market value for valuation, may result in an increased credit loss for Noteholders.

The determination by the Swap Counterparty and/or the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Swap Counterparty and/or the Calculation Agent shall (in the absence of manifest error) be final and binding on the Noteholders. In performing its duties pursuant to the Notes and making any determinations expressed to be made by it, the Swap Counterparty and/or the Calculation Agent shall act in its sole and absolute discretion and is under no obligation to act in the interests of the Noteholders, nor will it be liable to account for any profit or other benefit which may accrue to it as a result of such determinations.

Redemption other than on the scheduled maturity date

(a) Maturity Date Extension Event

The Notes will not mature on the scheduled maturity date in case of a Maturity Date Extension Event. If an Extension Notice is given to the Issuer by the Swap Counterparty, the maturity date shall be extended to two Reference Business Days following the Termination Date of the Credit Default Swap with the latest Scheduled Termination Date specified in the Credit Default Swap Confirmation. An Extension Notice may be given where a Credit Event has occurred, may occur or may have occurred under a Credit Default Swap or a DC Credit Event Question has been given with respect to a Credit Default Swap, but a Credit Event Trigger Date has not yet occurred.

If the scheduled maturity date of the Notes is extended in such circumstances, the Noteholders will not receive payment of principal and interest (if any) on the scheduled maturity date and no interest will accrue or be payable on the unpaid amounts for the intervening period.

(b) Early redemption following a Credit Event

The Notes may be redeemed early in certain circumstances, including as a result of a Credit Event. If a Credit Event has occurred, the Swap Counterparty may deliver a Credit Event Notice and, if applicable, a Notice of Publicly Available Information or the Credit Derivatives Determinations Committee may make a DC Credit Event Announcement which may trigger settlement of the Notes in accordance with the provisions relating to a credit event redemption. If a Credit Event Trigger Date occurs, the Notes will be redeemed at the credit event settlement amount on the credit event settlement date. The credit event settlement date may be prior to the scheduled maturity date of the Notes. Where the maturity date of the Notes has been extended and the credit event settlement date is later than the scheduled maturity date, the Notes will be redeemed on the credit event settlement date (which may not be the extended maturity date).

The credit event settlement amount received by the Noteholders in respect of a Note may be less than the principal amount of the Note multiplied by the final price of the Reference Entity and may be zero (see “*Sale of Collateral and termination of Swap Agreement(s)*”). Interest will cease to accrue and be payable under the Notes following the occurrence of a relevant Event Determination Date or the date of a DC Credit Event Question from and including the Interest Period End Date immediately preceding such Event Determination Date, DC Credit Event Question date or such other date specified in the Pricing Terms (as applicable).

(c) Partial early redemption following an M(M)R Restructuring Credit Event

In the case of a M(M)R Restructuring Credit Event, each Note may be partially redeemed at the credit event settlement amount on the relevant credit event settlement date. The credit event settlement date may be prior to the scheduled maturity date of the Notes. The portion redeemed is calculated by reference to the Exercise Amount. Such Exercise Amount may be less than the Floating Rate Payer Calculation Amount of the Reference Entity. The credit event settlement amount received by the Noteholders in respect of a Note may be less than the principal amount of the Note multiplied by the final price of the Reference Entity and may be zero (see “**Early redemption following a Credit Event**”).

(d) Early redemption following a Credit Event in respect of a multiple Successor

If it has been determined that there are multiple Successors under the Credit Default Swap, and a Credit Event occurs in respect of any such multiple Successor, each Note may be partially redeemed at the credit event settlement amount on the relevant credit event settlement date. The credit event settlement date may be prior to the scheduled maturity date of the Notes. The portion redeemed is calculated by reference to the percentage borne by the Fixed Rate Payer Calculation Amount under the new Credit Default Swap for which the relevant Successor is the Reference Entity to the Fixed Rate Payer Calculation Amount under the original Credit Default Swap (prior to any Succession Dates). The credit event

settlement amount received by the Noteholders in respect of a Note may be less than the principal amount of the Note multiplied by the final price of the Reference Entity and may be zero (see “*Early redemption following a Credit Event*”).

Adjustment events

If (a) any Event Determination Date which occurred on one date is subsequently deemed to have occurred on another date, or (b) any Event Determination Date which occurred after an Interest Payment Date is deemed to have occurred prior to such date, the Calculation Agent shall make such adjustment(s) to the amounts payable under the Notes as the Calculation Agent determines necessary to account for the effect of such adjustment event. No accrued interest is to be taken into account when calculating any such adjustment. The adjustment may result in a reduction of any amounts payable in respect of the Notes to reflect any previous excess payments received by Noteholders and the Calculation Agent shall determine the date of each such adjustment.

Any such calculation and/or adjustment may have an adverse effect on the value of such Notes.

Payments in the Notes may be deferred or suspended

In certain circumstances (for example where (a) a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, (b) where a potential Credit Event exists as at the scheduled maturity of the Notes, or (c) pending a resolution of a Credit Derivatives Determinations Committee), payment of the redemption amount of the Notes and/or interest on the Notes may be deferred for a material period in whole or part without compensation to Noteholders.

“Cheapest-to-Deliver” risk

Since the Swap Counterparty, as the buyer of protection, has discretion to choose the portfolio of obligations to be valued following a Credit Event in respect of the Reference Entity, it is likely that the portfolio of obligations selected will be obligations of the Reference Entity with the lowest anticipated market value that are permitted to be selected pursuant to the terms of the Notes. This could result in a lower recovery value and hence greater losses for Noteholders.

Credit Derivatives Determinations Committees

(a) Committees

Credit Derivatives Determinations Committees were originally established pursuant to the March 2009 Supplement to the 2003 ISDA Credit Derivatives Definitions published by ISDA to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. The Credit Derivatives Determinations Committees continue to perform this role under the ISDA Credit Derivatives Definitions. Further information about the Credit Derivatives Determinations Committees may be found at <https://www.cdsdeterminationscommittees.org> (or any successor website). Noteholders should carefully monitor the matters under consideration by such committees and their determinations.

In making any determination with respect to a Credit Event or a succession date, the Calculation Agent may have regard to announcements, determinations and resolutions made by ISDA and/or the Credit Derivatives Determinations Committees. In certain circumstances (including, without limitation, the determination of the occurrence of an Event Determination Date), the Notes will be subject to the announcements, determinations and resolutions made by ISDA and/or the Credit Derivatives Determinations Committees. Such announcements, determinations and resolutions could affect the quantum and timing of payments of interest and principal on the Notes. For the avoidance of doubt, none of the Issuer, the Swap Counterparty or the Calculation Agent will be liable to any person for any determination, redemption, calculation and/or delay or suspension of payments and/or redemption of the Notes resulting from or relating to any announcements, publications, determinations and resolutions made by ISDA and/or any Credit Derivatives Determinations Committee.

(b) **Potential conflicts of interest**

The Calculation Agent is a leading dealer in the credit derivatives market. If an Auction is held in respect of the Deliverable Obligations of the Reference Entity for which a Credit Event has occurred, there is a high probability that the Calculation Agent or one of its affiliates would act as a participating bidder in any such Auction. In such capacity, it may take certain actions which may influence the final price determined pursuant to the Auction, including, without limitation, (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations that are not denominated in the Auction currency into such currency for the purposes of the Auction and (b) submitting bids and offers with respect to the relevant deliverable obligations. In deciding whether to take any such action, or whether to act as a participating bidder in any Auction, the Calculation Agent and its affiliates shall be under no obligation to consider the interests of any Noteholder.

The Calculation Agent (or, as the case may be, one of its affiliates) may also be a voting member on one or more of the Credit Derivatives Determinations Committees and is a party to transactions that incorporate, or are deemed to incorporate, either (a) the July 2009 Supplement to the 2003 ISDA Credit Derivatives Definitions published by ISDA or (b) the ISDA Credit Derivatives Definitions and may take certain actions that may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. Such actions may be adverse to the interests of the Noteholders and may result in an economic benefit accruing to the Calculation Agent or its affiliates. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the rules that govern the Credit Derivatives Determinations Committees, the Calculation Agent (or, as the case may be, one of its affiliates) shall have no obligation to consider the interests of the Noteholders and may ignore any conflict of interest arising in respect of the Notes.

(c) **Questions to the Credit Derivatives Determinations Committees**

The Credit Derivatives Determinations Committees Rules provides that eligible market participants may raise questions to the Credit Derivatives Determinations Committee which have the power to make binding decisions on critical issues such as, without limitation, whether a Credit Event has occurred, whether there is a Successor to the Reference Entity or which obligations of the Reference Entity are deliverable. The Calculation Agent has no duty to the Noteholders to refer specific questions to the Credit Derivatives Determinations Committees. Noteholders should understand the role of the Credit Derivatives Determinations Committees and how their determinations could affect the Issuer's obligations under the Swap Agreement and consequently have effect on the Notes.

(d) **Noteholders will have no role in the composition of the Credit Derivatives Determinations Committees**

Separate criteria will apply to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees, and Noteholders will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time as the term of a member institution may expire or a member institution may be required to be replaced. Noteholders will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Notes, will be subject to the determinations made by such selected institutions.

(e) **Noteholders will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers**

Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the member institutions of the Credit Derivatives Determinations Committees from time to time will not owe any duty to the Noteholders, and the Noteholders will be prevented from pursuing legal claims with

respect to actions taken by such member institutions. Noteholders should also be aware that member institutions of the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

(f) **Noteholders will be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees**

Notices of questions referred to the Credit Derivatives Determinations Committees, meetings convened to deliberate such questions and the results of binding votes of the Credit Derivatives Determinations Committees will be published on the website of the Credit Derivatives Determinations Committees and none of the Issuer, the Swap Counterparty, or the Calculation Agent or any of their respective affiliates shall be obliged to inform Noteholders of such information. Any failure by Noteholders to be aware of information relating to determinations of a Credit Derivatives Determinations Committee will have no effect under the Notes and Noteholders are solely responsible for obtaining any such information.

Risks associated with Auction Settlement following a Credit Event

The amounts payable under the Notes will be determined on the basis of the final price determined pursuant to the Auction held in respect of the Deliverable Obligations of the Reference Entity, provided that the Credit Derivatives Determinations Committee determines that an applicable Auction will be held. Noteholders are subject to the risk that where a final price is determined in accordance with an Auction, this may result in a lower recovery value than if such final price had been determined pursuant to alternative methods. If the Credit Derivatives Determinations Committee does not decide to hold an Auction with respect to the Deliverable Obligations of the Reference Entity, then the Cash Settlement method will apply. In such circumstances, the final price will be determined pursuant to the valuation method specified in the Swap Agreement.

Cash Settlement may adversely affect returns to Noteholders

If an Event Determination Date occurs but there is no Auction, the Notes will be cash settled and the Calculation Agent will be required to seek quotations in respect of selected obligations of the Reference Entity (or, following an Asset Package Credit Event, a package of assets which a relevant obligation of the Reference Entity has been converted into or exchanged for, which may be nothing if the relevant obligation was appropriated without compensation). Quotations obtained will be “bid-side”, that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Noteholders should be aware of the possibility that such obligations may no longer exist and no qualifying substitute obligations may have been identified, such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the Reference Entity (for example, liquidity constraints affecting market dealers). Moreover, the market value of a Reference Entity’s obligations may be highly volatile in the period following a Credit Event. Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cash flows. Quotations will be deemed to be zero in the event that no such quotations are available. Further, where quotations are sought on an asset package, such asset package may contain assets which are hard to value and for which a valuation methodology may not be readily available or suitable, which may reduce the value of quotations or the availability of quotations that may otherwise have been obtained. Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation (or asset package) which would be determined by reference to (for example) the present value of related cash flows. Quotations will be deemed to be zero in the event that no such quotations are available.

Cash settlement may be less advantageous than physical delivery of assets

Payments on the Notes following the occurrence of a Credit Event may be in cash and will reflect the value of relevant obligations of the Reference Entity at a given date. Such payments may be less than the recovery which would ultimately be realised by a holder of debt obligations of the Reference Entity, whether by means of enforcement of rights following a default or receipt of distributions following an insolvency or otherwise.

Sale of Collateral and termination of Swap Agreement(s)

Following the occurrence of a Credit Event and an Event Determination Date: (a) the Collateral will be sold and, if denominated in a different currency to the currency of the Notes, will be converted into the currency of the Notes at the then prevailing exchange rates; (b) under the Credit Default Swap, the Issuer will have an obligation to pay the Swap Counterparty an amount equal to the product of (i) the notional amount thereof and (ii) 100 per cent. minus the final price applicable to the Reference Entity; and (c) the Asset Swap will be terminated (along with any other transactions that may be involved in the Notes); and (d) an early termination amount based on their mark-to-market values may be payable by the Issuer to the Swap Counterparty or by the Swap Counterparty to the Issuer. The Auction Settlement Amount or Cash Settlement Amount, as applicable, will be included in the calculation of the termination amount payable under the Swap Agreement as an unpaid amount.

Noteholders should note that the sale proceeds of the Collateral may be less than the principal amount thereof and may be zero, and the exchange rate for converting the sale proceeds (if any) of the Collateral into the currency of the Notes (if applicable) may be less favourable than the exchange rate on issue of the Notes. There may be further deductions on account of any payments that may be due from the Issuer to the Swap Counterparty under the Asset Swap and any other swap transactions other than the Credit Default Swap and any unwind costs incurred by the Issuer and the Swap Counterparty in relation to the redemption. Accordingly, the redemption amount received by the Noteholders in respect of a Note may be less than the principal amount of the Note multiplied by the final price of the Reference Entity and may be zero.

The Swap Counterparty and/or the Calculation Agent may have dealings with the Reference Entity

The Swap Counterparty and/or the Calculation Agent and/or their respective affiliates may (a) deal in obligations of the Reference Entity; (b) accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the Reference Entity, or its affiliates or any other person or entity having obligations relating to the Reference Entity and (c) act with respect to such business freely and without accountability to Noteholders in the same manner as if the Notes did not exist, regardless of whether any such action might have an adverse effect on Noteholders (including, without limitation, any action that might give rise to a Credit Event).

The Swap Counterparty and/or the Calculation Agent and/or their respective affiliates may be, whether by virtue of the types of relationships described above or otherwise, at any time, in possession of information in relation to the Reference Entity (or any obligations thereof) which is or may be material in the context of the Notes and which is or may not be known to the general public or Noteholders. The Notes do not create any obligation to disclose to Noteholders any such relationship or information (whether or not confidential) and no person shall be liable to Noteholders by reason of such non-disclosure.

The Swap Counterparty is not obliged to suffer any loss as a result of a Credit Event

Credit losses on Notes will be calculated irrespective of whether the Swap Counterparty has suffered an actual loss in relation to the Reference Entity or any obligations thereof. The Swap Counterparty is not obliged to account for any recovery which it may subsequently make in relation to the Reference Entity or its obligations.

Corporate actions of the Reference Entity may affect the value of the Notes

Corporate actions of the Reference Entity may adversely affect the value of the Notes. Noteholders should also be aware that the Reference Entity to which the value of the Notes is exposed, and the terms of such exposure, may change over the term of the Notes.

Successors

Purchasers should note that, from time to time, the Reference Entity may be subject to change following the movement of its debt obligations and in the case of non-sovereign Reference Entities an event such as a consolidation, reconstitution or other corporate activity is no longer a pre-condition to a Successor determination although for a Sovereign Reference Entity, unification partition remains a pre-condition for the determination of a Successor to the Reference Entity. The Credit Default Swap provides that if a Reference Entity has more than one successor entity, then the notional amount will be split evenly among the successor entities, and in the case

of Joint Potential Successors, each Joint Potential Successor shall succeed in equal parts. The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant succession date the sovereign and/or entity, if any, that qualifies as the Successor. Purchasers should note that a Successor may be riskier than the Reference Entity it replaces, and consequently the occurrence of a succession date may be detrimental to the Noteholders. Noteholders should also be aware that the relevant event will not necessarily result in the assumption of an obligation intended to be hedged by the Credit Default Swap (if any) by the successor Reference Entities either at all or in the same proportion as the allocation of the notional amount of the original Credit Default Swap.

The Notes do not represent an interest in obligations of the Reference Entity

The Notes do not represent or convey any interest in any obligations of the Reference Entity or any direct or indirect obligation of any Relevant Entity to the Noteholders. The Issuer is not an agent of Noteholders for any purpose and Noteholders will not have any voting or other rights in relation to such obligations. The Issuer does not grant any security interest over any such obligations.

Limited provision of information about the Reference Entity

Purchasers should conduct their own investigation and analysis with respect to the creditworthiness of the Reference Entity and the likelihood of the occurrence of any Credit Event. None of the Issuer, the Dealer, the Trustee or any other person on their behalf makes any representation or warranty, express or implied, as to the credit quality of the Reference Entity or the obligations thereof. The Dealer may have acquired, or during the term of the Notes may acquire, confidential information with respect to the Reference Entity or the obligations thereof and is not required to disclose this information to the Issuer or any other party. The Reference Entity may not be subject to regular reporting requirements and may report information in accordance with disclosure and accounting standards with which Noteholders are not familiar. None of the Issuer or the Calculation Agent or any of their respective affiliates make any representation as to the accuracy or completeness of any information available with respect to the Reference Entity.

None of the Issuer, the Dealer, the Swap Counterparty or the Calculation Agent will have any obligation to keep purchasers informed as to any matters with respect to the Reference Entity or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event.

Historical performance may not predict future performance

The Reference Entity may not perform as indicated by the historical performance of similar entities and no assurance can be given with respect to the future performance of the Reference Entity. Historical data statistics may not capture events that would constitute Credit Events for the purposes of the Notes.

PRICING TERMS

[The remainder of this page is intentionally left blank]

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (and, for the avoidance of doubt, this means any retail investor within or outside the European Economic Area ("EEA")). For these purposes, a retail investor means a person who is one (or more) of: (i) a "Retail client" as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129.

No key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

For the purpose of these Pricing Terms, references to Accessory Conditions in the Base Listing Particulars shall be read and construed as references to Pricing Terms in respect of the Notes. This document constitutes the Pricing Terms of the Notes described herein. These Pricing Terms **do not** constitute Final Terms of the Notes for the purposes of Article 5.4 of Directive 2003/71/EC or Regulation (EU) 2017/1129. 	(ix) Interest Amount:	<p>(a) Subject to the provisions of paragraph 28 of these Pricing Terms, the Interest Amount payable in respect of each Note in respect of an Interest Period shall be an amount determined in accordance with Condition 7(g) (<i>Interest Payable</i>), provided that no Interest Amount shall be payable to the extent that it has ceased to accrue.</p> <p>(b) Interest Amounts shall cease to accrue from (and including) the Interest Period End Date immediately preceding the date of any DC Credit Event Question (or, if there is no such Interest Period End Date, the Interest Commencement Date), provided that if (A) there follows a corresponding DC No Credit Event Announcement, such cessation shall</p>

be deemed not to have occurred, in which case, any Interest Amount that would, but for such cessation, have become payable shall be payable by the Issuer two Reference Business Days after that DC No Credit Event Announcement, or (B) there follows a corresponding DC Credit Event Announcement, and an Interest Period End Date has occurred following the date of the relevant DC Credit Event Question but prior to the related Event Determination Date, the Interest Amount that would, but for such cessation, have become payable on the Interest Payment Date corresponding to that Interest Period End Date shall be payable by the Issuer two Reference Business Days after that DC Credit Event Announcement. No additional interest shall accrue or be payable following such a DC No Credit Event Announcement or in respect of any Interest Period End Date occurring following the date of the relevant DC Credit Event Question but prior to the related Event Determination Date and any failure to pay such an Interest Amount for so long as any cessation prevailed shall not constitute a default in payment.

- (c) Interest Amounts shall cease to accrue from (and including) the Interest Period End Date immediately preceding an Event Determination Date (or, if there is no such Interest Period End Date, the Interest Commencement Date), provided that if, prior to the Credit Event Trigger Date, the Event Determination Date is subsequently reversed or otherwise deemed not to have occurred pursuant to the terms of the Credit Default Swap Confirmation, such cessation shall also be deemed not to have occurred. In such event, any Interest Amount that would, but for such cessation, have become payable on an Interest Payment Date falling on or prior to the relevant Reversal Date shall be payable by the Issuer two Reference Business Days after that Reversal Date. No additional interest shall accrue or be payable in respect of any reversal of an Event Determination Date or deeming that an Event Determination Date has not occurred and any failure to pay such an Interest Amount for so long as any cessation prevailed shall not constitute a default in payment.
- (d) If the Swap Counterparty gives the Issuer an Extension Notice, Interest Amounts shall cease to accrue from (and including) the Interest Period End Date immediately preceding the date of the

Extension Notice, provided that, if no Credit Event Trigger Date subsequently occurs, such cessation shall also be deemed not to have occurred. In such event, any Interest Amount that would, but for such cessation, have become payable shall be payable by the Issuer on the Maturity Date. No additional interest shall accrue or be payable in respect of any such postponement of the payment of any Interest Amount and any failure to pay such an Interest Amount for so long as any cessation prevailed shall not constitute a default in payment.

- (e) Notwithstanding any Maturity Date Extension Event, interest shall cease to accrue on the Scheduled Maturity Date.
- (f) The Calculation Agent shall make such adjustment to any amount(s) payable to Noteholders as it considers in its sole discretion necessary to account for the effects of any of the following: (A) any Event Determination Date initially deemed to have occurred on one date being subsequently deemed to have occurred on another, or (B) any Event Determination Date being determined after the occurrence of an Interest Payment Date to have occurred prior to that Interest Payment Date. The Calculation Agent shall also determine the date on which any such adjustment shall take effect. For the avoidance of doubt, no accruals of interest shall be taken into account when calculating any such adjustment.

Noteholders should note that such adjustments may result in the reduction of further amounts of interest or principal otherwise payable under the Notes, to account for previous excess payments received by the Noteholders.

PROVISIONS RELATING TO REDEMPTION

26	Specified Final Redemption Amount of each Note:	Unless redeemed early and subject to any partial redemption of the Notes following the occurrence of an
----	---	---

- Event Determination Date in respect of any Partial Restructuring Exercise and/or any Multiple Successor, each Note will be redeemed on the Maturity Date at an amount equal to 100 per cent. of its Specified Denomination.
- 27 Early Redemption Amount of each Note where early redemption is under Condition 8(c) (*Redemption upon Original Collateral Default*), Condition 8(d) (*Redemption for Taxation Reasons*), Condition 8(e) (*Redemption for Original Collateral Call*), Condition 8(f) (*Redemption for Termination of Swap Agreement*), Condition 8(g) (*Redemption for Swap Counterparty Bankruptcy Event*), Condition 8(h) (*Redemption for Termination of Repo Agreement*), Condition 8(i) (*Redemption for Repo Counterparty Bankruptcy Event*), Condition 8(j) (*Redemption Following an Illegality Event*), Condition 8(k) (*Redemption Following Original Collateral Disruption Event*), Condition 8(l) (*Redemption Following Reference Rate Event*) and Condition 8(m) (*Redemption Following the Occurrence of an Event of Default*):
- As defined in the Master Conditions
- 28 Early redemption of each Note following an Event Determination Date occurring in accordance with the Credit Default Swap Confirmation:
- If a Credit Event occurs at any time from and including the Credit Linkage Start Date to and including the Credit Linkage End Date, and an Event Determination Date has occurred and has not been subsequently reversed or otherwise deemed not to have occurred prior to the Credit Event Trigger Date in accordance with the terms of the Credit Default Swap, subject to the terms of this paragraph 28 relating to a partial redemption of each Note, each Note will be redeemed at the Credit Event Settlement Amount on the relevant Credit Event Settlement Date (such redemption, a “**Credit Event Redemption**”).
- Condition 8(f) (*Redemption for Termination of Swap Agreement*) shall not apply where the relevant Swap Termination Event is an Early Termination Date deemed to have been designated on a Credit Event Trigger Date. If, however, an Event Determination Date has occurred, and an Early Redemption Trigger Date occurs prior to the related Credit Event Trigger Date, the Notes will be redeemed at the Early Redemption Amount on the Early Redemption Date notwithstanding the occurrence of such Event Determination Date (but, for the avoidance of doubt, if an Early Redemption Trigger Date occurs

following a Credit Event Trigger Date, the Notes will be redeemed at the Credit Event Settlement Amount on the relevant Credit Event Settlement Date notwithstanding the occurrence of such Early Redemption Date).

Noteholders should note that in the event that the Notes are redeemed pursuant to this paragraph 28, the Credit Event Settlement Amount may be less than the outstanding principal amount of the Notes and may be zero.

Following a partial redemption pursuant to this paragraph 28, the Calculation Agent may make such modifications to the Conditions as it considers necessary in its sole discretion to preserve the economic effects of the continuing Notes. The Issuer shall notify the Noteholders in accordance with Condition 23 (*Notices*) if any such modifications are made.

For the avoidance of doubt, a partial redemption pursuant to this paragraph 28 shall constitute a Credit Event Redemption to the extent of such redemption.

(i) M(M)R Restructuring:

Where with respect to the Credit Default Swap the Credit Event is an M(M)R Restructuring (as defined in the Credit Default Swap Confirmation), upon the occurrence of such M(M)R Restructuring during the term of the Notes, the Swap Counterparty may deliver multiple Credit Event Notices with respect to such M(M)R Restructuring, each such Credit Event Notice setting forth the amount of the Floating Rate Payer Calculation Amount of the Reference Entity to which such Credit Event Notice applies (the “**Exercise Amount**”), which may be less (but not greater) than the outstanding principal amount of the Notes. Where such Exercise Amount is less than the outstanding principal amount of the Notes (a “**Partial Restructuring Exercise**”), each Note shall be redeemed in part, not in whole and:

- (a) **Principal Amount to be redeemed:** the Allocated Principal Amount shall be the Termination Percentage multiplied by the principal amount of that Note then outstanding;
- (b) **Cessation of Interest:** the provisions in paragraph 21(ix) of these Pricing Terms relating to the cessation of the accrual, or postponement of payment, of Interest Amounts shall only apply mutatis mutandis in respect of interest that would otherwise accrue on any Allocated Principal Amount;
- (c) **Liquidation of Collateral:** the Liquidation of Collateral by the Disposal Agent pursuant to Condition 13 (*Liquidation*) shall not be in respect of

the whole of the Collateral but shall be in respect of the Allocated Collateral Amount; and

- (d) ***Partial Credit Event Settlement Amount payable***: in such circumstances each Note will be partially redeemed by payment of the Credit Event Settlement Amount determined with respect to such Allocated Principal Amount on the Credit Event Settlement Date relating to such Credit Event Redemption. More than one Credit Event Settlement Amount may be payable on the same day in respect of Partial Restructuring Exercises but, subject to the provisions of paragraphs 28(i) and (ii) of these Pricing Terms, not more than one Event Determination Date resulting in a Credit Event may occur (or be deemed to occur) in relation to a Partial Restructuring Exercise.

(ii) Multiple Successor:

If a Multiple Successor Credit Event has occurred, each Note shall be redeemed in part, not in whole (except where the Credit Event relates to the only Multiple Successor that has not already suffered a Credit Event) and:

- (a) ***Principal Amount to be redeemed***: the Allocated Principal Amount shall be the Termination Percentage multiplied by the principal amount of that Note then outstanding;
- (b) ***Cessation of Interest***: the provisions in paragraph 21(ix) of these Pricing Terms relating to the cessation of the accrual, or postponement of payment, of Interest Amounts shall only apply mutatis mutandis in respect of interest that would otherwise accrue on any Allocated Principal Amount;
- (c) ***Liquidation of Collateral***: the Liquidation of Collateral by the Disposal Agent pursuant to Condition 13 (*Liquidation*) shall not be in respect of the whole of the Collateral but shall be in respect of the Allocated Collateral Amount; and
- (d) ***Partial Credit Event Settlement Amount payable***: in such circumstances each Note will be partially redeemed by payment of the Credit Event Settlement Amount determined with respect to such Allocated Principal Amount on the Credit Event Settlement Date relating to such Credit Event Redemption. More than one Credit Event Settlement Amount may be payable on the same day in respect of different Multiple Successors but, subject to the provisions of paragraphs 28(i) and 28(ii) of these Pricing Terms, not more than one Event Determination Date resulting in a Credit

Event may occur (or be deemed to occur) in relation to a single Multiple Successor.

ANNEX 1 TO PART A

DEFINED TERMS

“Adjusted Termination Percentage” means the Allocated Collateral Amount divided by the entire amount of Collateral then outstanding (prior to the related Liquidation).

“Allocated Collateral Amount” means the Termination Percentage multiplied by the aggregate amount of the Collateral then outstanding (or, where the Collateral comprises one or more components, the sum of the Termination Percentage multiplied by the aggregate amount of each such component, respectively), subject to Collateral Liquidation Rounding.

“Allocated Principal Amount” means, in respect of a partial redemption pursuant to paragraph 28 of these Pricing Terms, the principal amount of each Note to be redeemed.

“Collateral Liquidation Rounding” means that if, under these Pricing Terms, an amount of Collateral that is neither an integral multiple of the specified denomination of the Collateral, nor, if such amount is in excess of the specified denomination of the Collateral, a tradable amount of the Collateral, would otherwise be required to be Liquidated, the amount of Collateral required to be Liquidated (the **“Unadjusted Collateral Amount”**) shall instead be rounded to the nearest specified denomination of the Collateral (or, if such amount is in excess of the specified denomination of the Collateral, to the nearest tradable amount of the Collateral). If the Unadjusted Collateral Amount is equidistant between two specified denominations (or, if such amount is in excess of the specified denomination of the Collateral, tradable amounts), the Unadjusted Collateral Amount shall be rounded up to the nearest specified denomination (or tradable amount, as applicable).

“Credit Event Settlement Amount” means, in respect of each Note and subject to a minimum Credit Event Settlement Amount of zero, that Note’s pro rata share of:

- (a) the Collateral Proceeds in respect of the relevant Credit Event Redemption (provided that references to the “Early Valuation Date” in the definition of “Collateral Proceeds” and “Specified Currency Equivalent” shall be construed to be references to the Credit Event Valuation Date),

plus (where the same is due from the Swap Counterparty to the Issuer) or, as the case may be, minus (where the same is due from the Issuer to the Swap Counterparty)

- (b) any Early Termination Amount (as defined in the Swap Agreement) in respect of the termination of the Asset Swap and the Credit Default Swap (or, in each case, the relevant part thereof),

minus

- (c) any Unwind Costs.

For the avoidance of doubt, the Early Termination Amount shall, for these purposes, take into account any Auction Settlement Amount or Cash Settlement Amount (as applicable) deemed to constitute an Unpaid Amount under the terms of the Swap Agreement.

“Credit Event Settlement Date” means, in respect of a Credit Event Redemption, the earlier of (x) the 15th Reference Business Day following the relevant Credit Event Trigger Date that relates to such redemption and (y) the fifth Reference Business Day following the date on which the relevant portion of Collateral of that Series relating to such Credit Event Redemption has been Liquidated in full. For the avoidance of doubt, the Credit Event Settlement Date may occur after the Scheduled Maturity Date, in which case each Note shall not be redeemed until the Credit Event Settlement Date.

“Credit Event Trigger Date” means, in respect of a Credit Event Redemption, the Auction Final Price Determination Date or Valuation Date (as applicable) as a result of an Event Determination Date.

“Credit Event Valuation Date” means the third Reference Business Day prior to the Credit Event Settlement Date.

“Credit Linkage End Date” means the Extension Date.

“Credit Linkage Start Date” means the Credit Event Backstop Date.

“Extension Notice” means a notice given by the Swap Counterparty to the Issuer of the Swap Counterparty’s determination (which shall be exercisable in its sole and absolute discretion) that:

- (a) a Credit Event has occurred, may occur or may have occurred under the Credit Default Swap (including, without limitation, in the event of (i) a Potential Failure to Pay, where “Failure to Pay” and “Grace Period Extension” are specified as applicable for the purposes of that Credit Default Swap, or (ii) a Potential Repudiation/Moratorium, where “Repudiation/Moratorium” is specified as applicable under the Credit Default Swap Confirmation and the Repudiation/Moratorium Extension Condition is satisfied); or
- (b) a DC Credit Event Question has been given with respect to the Credit Default Swap in circumstances in which no related DC Credit Event Question Dismissal has yet occurred,

provided in each case that, at the date of such notice, no Credit Event Trigger Date has yet occurred.

“Multiple Successor” means, where more than one Successor has been identified in relation to the Credit Default Swap, each such Successor (including any subsequent Successor).

“Multiple Successor Credit Event” means that Multiple Successors have been identified and an Event Determination Date and Credit Event Trigger Date have occurred in respect of any such Multiple Successor.

“Reversal Date” means the date of the reversal of the relevant Event Determination Date or from which the relevant Event Determination Date is otherwise deemed not to have occurred.

“Termination Percentage” means in the case of:

- (a) a Partial Restructuring Exercise that is not a Multiple Successor Credit Event, the Exercise Amount divided by the Floating Rate Payer Calculation Amount of the related Credit Default Swap (the **“Partial Restructuring Percentage”**);
- (b) a Multiple Successor Credit Event that is not an M(M)R Restructuring, the sum of the Floating Rate Payer Calculation Amounts under each Triggered CDS, divided by the sum of the Floating Rate Payer Calculation Amounts under each Credit Default Swap then outstanding (including, for the avoidance of doubt, any Triggered CDS) (the **“Multiple Successor Percentage”**); and
- (c) a Multiple Successor Credit Event that is an M(M)R Restructuring, the product of the Partial Restructuring Percentage and the Multiple Successor Percentage

“Triggered CDS” means, in respect of a Multiple Successor Credit Event, any Credit Default Swap for which the Reference Entity is a Multiple Successor in respect of which the relevant Credit Event has occurred.

If fewer than five Full Quotations are available, but at least two Full Quotations are available, the Calculation Agent shall determine the Final Price on the basis of the available Full Quotations. If at least two Full Quotations are not available on the Valuation Date, but a Weighted Average Quotation is available, then such Weighted Average Quotation will be used, on the Valuation Date, to determine the Final Price. If neither two Full Quotations nor a Weighted Average Quotation is available, but a single Full Quotation is available, such single Full Quotation will be used, on the Valuation Date, to determine the Final Price. Section 11.4 (<i>Merger of Reference Entity and Seller</i>) of the Credit Derivatives Definitions:	Section 11.4 (<i>Merger of Reference Entity and Seller</i>) of the Credit Derivatives Definitions shall not apply to this Transaction.

Exercise Amount:	<p>Notwithstanding Section 1.33 (<i>Credit Event Notice after M(M)R Restructuring</i>) of the Credit Derivatives Definitions, the maximum Exercise Amount that may be specified in a Credit Event Notice is the Floating Rate Payer Calculation Amount. If an Exercise Amount in excess of such Floating Rate Payer Calculation Amount is specified, the Exercise Amount will be deemed to be that Floating Rate Payer Calculation Amount.</p>
Valuation Notice:	<p>If the Calculation Agent determines that a Cash Settlement Amount greater than zero may be payable under this Transaction, then as soon as reasonably practicable following the determination of the Final Price, the Calculation Agent shall send a notice to the Swap Counterparty and the Issuer that contains the Quotations received, the Final Price and the calculation of the Cash Settlement Amount. Failure to send such a Valuation Notice shall not affect the Issuer's obligation to pay a Cash Settlement Amount that would otherwise be payable under this Transaction.</p>
Calculation Agent:	<p>The following words shall be deemed to have been deleted from Section 1.5 (<i>Calculation Agent</i>) of the Credit Derivatives Definitions:</p> <p style="padding-left: 40px;">“The Calculation Agent shall, as soon as practicable after making any of the required determinations, notify the parties of such determination.”</p>
General:	<p>All references in the Credit Derivatives Definitions to consultation with or between the parties shall be deemed to be deleted and any references to a determination (or other action) required under the Credit Derivatives Definitions to be made by the Calculation Agent after consultation with the parties shall be deemed to be a reference to a determination (or other action) to be made by the Calculation Agent in its sole and absolute discretion.</p>

6 Termination Amounts

Notwithstanding any other provisions of the Agreement, insofar as an Early Termination Amount is to be calculated in respect of this Transaction in accordance with Section 6(e) of the Agreement in the case that an Early Termination Date is deemed to have been designated on, and as a result of, a Credit Event Trigger Date, such amount shall be determined assuming that any Fixed Amounts otherwise payable by the Buyer pursuant to this Transaction have ceased to accrue and be payable, in accordance with Section 12.9(b) (*Fixed Rate Payer Calculation Period*) (as amended by this Confirmation).

7 Termination

- (a) If:
 - (i) an Event Determination Date has occurred, and an Early Redemption Trigger Date occurs prior to the related Credit Event Trigger Date, the provisions of the Agreement relating to its termination (or that of any Transaction thereunder) in relation to an Early Redemption Trigger Date shall prevail over the provisions relating to the occurrence of a Credit Event Trigger Date; and
 - (ii) an Early Redemption Trigger Date occurs following a Credit Event Trigger Date, the provisions of the Agreement relating to its termination (or that of any Transaction thereunder) in relation to a Credit Event Trigger Date shall prevail over the provisions relating to the occurrence of an Early Redemption Trigger Date.
- (b) Subject to paragraph 7(d) in relation to partial termination, the occurrence of a Credit Event Trigger Date as a result of an Event Determination Date shall be an Additional Termination Event in respect of all outstanding Transactions under the Agreement, for which purpose, notwithstanding anything to the contrary in Section 6 of the Agreement:
 - (i) the sole Affected Party shall be Party B (and any requirement for the Affected Party to notify the other party of the nature of the Termination Event and each Affected Transaction shall be deemed to have been satisfied as of the relevant Credit Event Trigger Date);
 - (ii) an Early Termination Date shall be deemed to have been designated by Party A on the related Credit Event Trigger Date in respect of all outstanding Transactions under the Agreement without the need for any action from Party A;
 - (iii) such Early Termination Date shall be the third Reference Business Day prior to the related Credit Event Settlement Date of the Notes;
 - (iv) the Early Termination Amount due in respect of such Early Termination Date will, together with any amount of interest payable pursuant to Section 9(h)(ii)(2) (subject to the provisions of Part 5(s) (*Interest on Early Termination Amounts*) of the Schedule to the Agreement), be payable on the Reference Business Day immediately preceding the Credit Event Settlement Date; and
 - (v) for the purposes of determining the Early Termination Amount in accordance with Section 6(e) of the Agreement, any Auction Settlement Amount or Cash Settlement Amount (as applicable) determined in relation to the relevant Event Determination Date in respect of the Transaction to which this Confirmation relates shall be deemed to constitute an Unpaid Amount (and any such amount accounted for as an Unpaid Amount shall not otherwise be paid or taken into account for the purposes of determining the relevant Early Termination Amount). Section 9(h)(ii)(1) of the Agreement shall not apply to the Auction Settlement Amount or Cash Settlement Amount that is deemed to constitute an Unpaid Amount pursuant to this paragraph.

- (c) For the avoidance of doubt:
 - (i) the Early Termination Amount payable in respect of such Early Termination Date shall take account of (without limitation) the Transaction to which this Confirmation relates and the Asset Swap; and
 - (ii) if Multiple Successors have been identified and the Credit Event Trigger Date and Event Determination Date referred to in paragraph 7(b) of this Confirmation relate to a Multiple Successor that is not the Reference Entity for the purposes of this Transaction, no Auction Settlement Amount or Cash Settlement Amount that would not otherwise have been payable under the Transaction to which this Confirmation relates shall become payable as a result of paragraph 7(b).
- (d) If a Multiple Successor Credit Event has occurred, or if an M(M)R Restructuring Credit Event has occurred in respect of which the Exercise Amount is less than the Floating Rate Payer Calculation Amount, the Additional Termination Event described in the above paragraph 7(b) shall be deemed to apply only in respect of:
 - (i) in the case of a Multiple Successor Credit Event, any Transaction that is a Triggered CDS;
 - (ii) in the case of a Partial Restructuring Exercise, any Transaction to which this Confirmation relates, in accordance with Section 1.33 (*Credit Event Notice after M(M)R Restructuring*) of the Credit Derivatives Definitions;
 - (iii) in the case of a Multiple Successor Credit Event that is a Partial Restructuring Exercise, any Transaction that is a Triggered CDS, in accordance with Section 1.33 (*Credit Event Notice after M(M)R Restructuring*) of the Credit Derivatives Definitions; and
 - (iv) the Asset Swap, in accordance with the terms of the Asset Swap Confirmation,
 and the Early Termination Amount shall be determined accordingly.
- (e) If the Asset Swap is subject to a Termination Event or an Additional Termination Event (save for an Additional Termination Event in respect of the Asset Swap caused by the occurrence of a Credit Event Trigger Date), all Transactions under the Agreement shall be deemed to be Affected Transactions with respect thereto. For the avoidance of doubt, the Early Termination Amount payable in respect of the corresponding Early Termination Date shall take account of (without limitation) the Transaction to which this Confirmation relates and the Asset Swap.

The Calculation Agent may make such modifications to the terms of this Transaction as it considers in its sole and absolute discretion necessary to preserve the economic effects of this Transaction after any Multiple Successor Credit Event or M(M)R Restructuring Credit Event in respect of which the Exercise Amount is less than the Floating Rate Payer Calculation Amount under the Credit Default Swap.

8 Other Provisions

- (a) Part 4(j) (*Netting of Payments*) of the Schedule to the Agreement shall be deleted in its entirety and substituted with the following:

“Multiple Transaction Payment Netting” will apply for the purposes of Section 2(c) of this Agreement in respect of the Asset Swap and the Credit Default Swap.”
- (b) Party A and Party B acknowledge and agree that this Transaction is not intended to constitute insurance business and is not a contract of insurance, assurance, suretyship or guarantee and payments may be made under this Transaction by each party independently and without proof of the economic loss (if any) of the other party.

Re: Asset Swap Transaction relating to SPIRE Series: 2019-30 EUR 10,000,000 Credit-linked Notes due 2026 (the "**Notes**")

The purpose of this letter agreement (this "**Confirmation**") is to confirm the terms and conditions of the Transaction entered into between us on the first day on which this Confirmation has been signed by both Party A and Party B (the "**Transaction**" or the "**Asset Swap**" and such date the "**Signing Date**"). This Confirmation constitutes a "Confirmation" as referred to in the ISDA 2002 Master Agreement specified below.

The definitions and provisions contained in the 2006 ISDA Definitions (the "**2006 Definitions**"), as published by the International Swaps and Derivatives Association, Inc. ("**ISDA**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2006 Definitions and this Confirmation, this Confirmation will govern.

This Confirmation supplements, forms a part of and is subject to, the ISDA 2002 Master Agreement dated the Issue Date (the "**Agreement**") entered into between Merrill Lynch International ("**Party A**") and SPIRE ("**Party B**") in relation to the Notes. All provisions contained in the Agreement govern this Confirmation except as expressly modified below.

Party A and Party B have, on or about the Signing Date, entered into a related credit default swap transaction in respect of the Notes by means of a Confirmation under the Agreement (the "**Credit Default Swap**").

Capitalised terms used but not defined herein will have the meanings given to such terms in the Credit Default Swap Confirmation (the "**Credit Default Swap Confirmation**") relating to the Notes or in the Conditions of the Notes. In this Confirmation, references to the "**Conditions**" have the meaning given in the terms and conditions of the Notes.

In the event of any inconsistency in defined terms, the term defined in the document appearing first in the following list shall govern: (1) the Conditions, (2) the Credit Default Swap Confirmation under the Agreement and (3) this Confirmation.

The terms of the Transaction to which this Confirmation relates are as follows:

1 General Terms

Trade Date: 29 May 2019

Section 3.7 (*Trade Date*) of the 2006 Definitions shall be deleted and substituted with the following:

Notwithstanding references to the term “Trade Date”, the parties agree that they have entered into the Transaction to which this Confirmation relates on the Signing Date.

Effective Date:	26 June 2019
Termination Date:	Maturity Date of the Notes
Calculation Agent:	Merrill Lynch International
Business Days:	London and TARGET (unless otherwise specified)
Business Day Convention:	Following (unless otherwise specified)

2 Party A Fixed Amount

Party A Fixed Amount Payer:	Party A
Party A Fixed Amount Payment Date(s):	Each Interest Payment Date on which an Interest Amount is scheduled to be paid to a holder in respect of the Notes, provided that the first Fixed Rate Payer Calculation Period shall commence on and include 26 June 2019.
Party A Fixed Amount:	An amount equal to the aggregate of each Interest Amount that is scheduled to be paid by Party B on the Interest Payment Date to which the Party A Fixed Amount Payment Date relates in respect of the Notes then outstanding.
Adjustments:	For the purposes of determining any Party A Fixed Amount, if, in accordance with the Conditions of the Notes, the Calculation Agent has made an adjustment to any amount(s) payable to Noteholders to account for the effects of (a) any Event Determination Date initially deemed to have occurred on one date being subsequently deemed to have occurred on another, (b) any Event Determination Date being determined after the occurrence of an Interest Payment Date to have occurred prior to that Interest Payment Date, or (c) any Maturity Date Extension Event, the corresponding Party A Fixed Amount shall take into account such adjustment.

3 Party B Fixed Amount 1

Party B Fixed Amount 1 Payer:	Party B
Party B Fixed Amount 1 Payment Date(s):	Each date on which a scheduled payment of an interest amount is due to a holder of the Original Collateral in the period from and including the Effective Date to but excluding the Termination Date. For the purposes of determining a Party B Fixed Amount 1 Payment Date and the corresponding Party B Fixed Amount 1, whether a payment date or amount is "scheduled" is to be determined by reference to the terms of the Original Collateral as at the Trade Date and disregarding any terms allowing for non-payment, deferral or adjustments to any scheduled payments and any notice or grace period in respect thereof. For the avoidance of doubt, a payment made in accordance with the application of any fallback following the occurrence of a disruption event in respect of a benchmark shall not constitute such a non-payment, deferral or adjustment.

Party B Fixed Amount 1: In respect of a Party B Fixed Amount 1 Payment Date, an amount equal to the aggregate scheduled interest amounts due on the Original Collateral that Party B has agreed to purchase on or around the Issue Date in respect of the Notes, in each case assuming no deduction for or on account of any withholding tax, back-up withholding or other tax, duties or charges of whatever nature imposed by any authority of any jurisdiction.

4 Party B Fixed Amount 2

Party B Fixed Amount 2 Payer: Party B

Party B Fixed Amount 2: Each “Fixed Amount” (as defined under the Credit Default Swap Confirmation) scheduled to be received by or on behalf of Party B (for the avoidance of doubt, without taking into account the occurrence of any Credit Event) under the Credit Default Swap.

Party B Fixed Amount 2 Payment Date(s): Each date on which a “Fixed Amount” (as defined under the Credit Default Swap) is scheduled to be paid by Party A to Party B under the Credit Default Swap.

Adjustment Payments: For the purposes of determining the Party B Fixed Amount 2, if, in accordance with the terms of the Credit Default Swap Confirmation, the Calculation Agent has determined an adjustment payment to be payable in accordance with Section 1.20 (*Adjustment Payments*) of the Credit Derivatives Definitions, such adjustment payment shall, on the date it is paid, be deemed to constitute a “Fixed Amount” received by Party B under the Credit Default Swap.

5 Party A Interim Exchange Amounts

Party A hereby agrees to pay to Party B, on each periodic date agreed between the parties (each a “**Party A Interim Exchange Date**”), an amount agreed between the parties to be equal to the ongoing periodic Transaction Specific Costs of Party B in connection with the Notes (each a “**Party A Interim Exchange Amount**”).

6 Party A Final Exchange

Party A Final Exchange Payer: Party A

Party A Final Exchange Date: The Scheduled Maturity Date.

Party A Final Exchange Amount: An amount equal to the aggregate of each Final Redemption Amount that is payable (or, if a Maturity Date Extension Event has occurred, would have been payable if the Maturity Date of the Notes had been the Scheduled Maturity Date) by Party B on the Scheduled Maturity Date in respect of the Notes then outstanding.

Adjustments:

For the purposes of determining any Party A Final Exchange Amount, if, in accordance with the Conditions of the Notes, the Calculation Agent has made an adjustment to any amount(s) payable to Noteholders to account for the effects of (a) any Event Determination Date initially deemed to have occurred on one date being subsequently deemed to have occurred on another, (b) any Event Determination Date being determined after the occurrence of an Interest Payment Date to have occurred prior to that Interest Payment Date, or (c) any Maturity Date Extension Event, the corresponding Party A Final Exchange Amount shall take into account such adjustment.

7 Party B Final Exchange

Party B Final Exchange Payer:

Party B

Party B Final Exchange Date:

Each date on which a scheduled payment of principal is due to a holder of the Original Collateral in the period from and including the Effective Date to and including the Termination Date.

For the purposes of determining a Party B Final Exchange Date and the corresponding Party B Final Exchange Amount, whether a payment date or amount is “scheduled” is to be determined by reference to the terms of the Original Collateral as at the Trade Date and disregarding any terms allowing for non-payment, deferral or adjustments to any scheduled payments and any notice or grace period in respect thereof. For the avoidance of doubt, a payment made in accordance with the application of any fallback following the occurrence of a disruption event in respect of a benchmark shall not constitute such a non-payment, deferral or adjustment.

Party B Final Exchange Amount:

In respect of a Party B Final Exchange Date, an amount equal to any aggregate scheduled principal amounts due on the Original Collateral that Party B has agreed to purchase on or around the Issue Date in respect of the Notes, in each case assuming no deduction for or on account of any withholding tax, back-up withholding or other tax, duties or charges of whatever nature imposed by any authority of any jurisdiction.

8 Termination Amounts

Where an Early Termination Amount is to be calculated in respect of this Transaction in accordance with Section 6 of the Agreement, notwithstanding any other provision of the Agreement, such calculation shall:

- (a) not take into account the related early redemption of the Notes or the occurrence of an Event Determination Date or Credit Event Trigger Date in calculating the Floating Amounts or the Party A Final Exchange Amount;

- (b) take into account the Party A Interim Exchange Amount agreed in respect of the Early Termination Date, which shall be treated as a Party A Interim Exchange Date, but shall not take account of any Party A Interim Exchange Amounts that may have accrued following the Early Termination Date;
- (c) assume that interest and principal, as applicable, will be payable in respect of the Notes until (and including) the Maturity Date of the Notes;
- (d) assume that scheduled interest and principal, as applicable, will be payable on the Collateral until the scheduled maturity date(s) of the Collateral;
- (e) assume that "Fixed Amounts" under the Credit Default Swap will continue to be payable and received by or on behalf of Party B under the Credit Default Swap to and including the Scheduled Termination Date of the Credit Default Swap; and
- (f) not take into account any interest payable pursuant to Section 9(h)(ii)(1) of the Agreement in relation to any amount that would, but for Section 2(a)(iii), have become payable under this Transaction on or after an Early Redemption Trigger Date and on or prior to the Early Termination Date.

9 Termination

- (a) If:
 - (i) an Event Determination Date has occurred, and an Early Redemption Trigger Date occurs prior to the related Credit Event Trigger Date, the provisions of the Agreement relating to its termination (or that of any Transaction thereunder) in relation to an Early Redemption Trigger Date shall prevail over the provisions relating to the occurrence of a Credit Event Trigger Date; or
 - (i) an Early Redemption Trigger Date occurs following a Credit Event Trigger Date, the provisions of the Agreement relating to its termination (or that of any Transaction thereunder) in relation to a Credit Event Trigger Date shall prevail over the provisions relating to the occurrence of an Early Redemption Trigger Date.
- (b) If the Credit Default Swap is subject to a Termination Event or an Additional Termination Event (other than an Additional Termination Event in respect of the Credit Default Swap following the occurrence of a Credit Event Trigger Date), all Transactions under the Agreement shall be deemed to be Affected Transactions with respect thereto. For the avoidance of doubt, the Early Termination Amount payable in respect of the corresponding Early Termination Date shall take account of (without limitation) the Transaction to which this Confirmation relates and the Credit Default Swap.
- (c) Subject to paragraph 7(d) in relation to any partial termination, the occurrence of a Credit Event Trigger Date as a result of an Event Determination Date shall be an Additional Termination Event in respect of all outstanding Transactions under the Agreement, for which purpose, notwithstanding anything to the contrary in Section 6 of the Agreement:
 - (i) the sole Affected Party shall be Party B (and any requirement for the Affected Party to notify the other party of the nature of the Termination Event and each Affected Transaction shall be deemed to have been satisfied as of the relevant Credit Event Trigger Date);
 - (ii) an Early Termination Date shall be deemed to have been designated by Party A on the related Credit Event Trigger Date in respect of all outstanding Transactions under the Agreement without the need for any action from Party A;
 - (iii) such Early Termination Date shall be the third Reference Business Day prior to the related Credit Event Settlement Date of the Notes; and

- (iv) the Early Termination Amount due in respect of such Early Termination Date will, together with any amount of interest payable pursuant to Section 9(h)(ii)(2) (subject to the provisions of Part 5(s) (*Interest on Early Termination Amounts*) of the Schedule to the Agreement), be payable on the Reference Business Day immediately preceding the Credit Event Settlement Date.

For the avoidance of doubt, the Early Termination Amount payable in respect of such Early Termination Date shall take account of (without limitation) the Transaction to which this Confirmation relates and the Credit Default Swap.

- (d) If a Multiple Successor Credit Event has occurred, or if an M(M)R Restructuring Credit Event has occurred in respect of which the Exercise Amount is less than Floating Rate Payer Calculation Amount (each as defined under the Credit Default Swap Confirmation), the Additional Termination Event described in the paragraph 9(c) shall be deemed to apply in respect of only a portion of this Transaction, being, in respect of:
 - (i) any Party B Fixed Amount 1 or Party B Final Exchange Amount, the Adjusted Termination Percentage multiplied by such amount; and
 - (ii) any other amount otherwise payable under the terms of this Transaction, the Termination Percentage multiplied by such amount,

(together, the **"Terminated Portion"**), and the Early Termination Amount in relation to this Transaction shall be determined only in respect of the Terminated Portion. The Additional Termination Event described in the above paragraph 9(c) shall apply to the Credit Default Swap in accordance with the terms of the Credit Default Swap Confirmation. TAXATION

Prospective purchasers of Notes should read, in respect of this Series only, the corresponding section of the Base Listing Particulars set out in pages 224 to 228 of the Original Base Listing Particulars titled “*Taxation*” (other than the “*Taxation of the Issuer*” section which has not been incorporated by reference into this Series Memorandum) in conjunction with the below.

Taxation of the Issuer

SPIRE will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

SPIRE will be liable for Luxembourg corporate taxes. The current standard combined applicable rate in the City of Luxembourg, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 24.94 per cent. Liability for such corporate taxes extends to SPIRE's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of SPIRE is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*), as commented and currently applied by the Luxembourg tax authorities.

Under certain conditions, dividends received by SPIRE from qualifying participations and capital gains realised by SPIRE on the sale of qualifying participations may be exempt from Luxembourg corporate taxes under the Luxembourg participation exemption. SPIRE may further deduct from its taxable profits interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR75 is payable at the moment of the amendment of the Articles. The transfer or sale of securities of the Issuer or SPIRE (as appropriate) will not be subject to Luxembourg registration or stamp duty.

SPIRE will be exempt from wealth tax (*impôt sur la fortune*), save for the minimum annual net wealth tax ranging between EUR535 and EUR32,100. SPIRE will be subject to a minimum annual net wealth tax of EUR4,815 if the sum of the financial assets, the amounts owed by affiliated undertakings and undertakings linked by virtue of participating interest, the transferable securities, the cash in postal cheque accounts, the cheques for collection, the bills for collection, the cash in hand and the cash at bank of the company exceeds 90 per cent. of its total balance sheet total and EUR350,000.

SUBSCRIPTION AND SALE

Prospective purchasers of Notes should read the corresponding section of the Base Listing Particulars set out in pages 229 to 233 of the Original Base Listing Particulars titled “*Subscription and Sale*” in conjunction with the below section, which shall, in respect of this Series only, replace the corresponding section set out in pages 231 to 232 of the Original Base Listing Particulars titled “*Prohibition of Sales to Retail Investors*”.

“Prohibition of Sales to Retail Investors

The Dealer for the relevant Tranche will represent and agree that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor. For the purposes of this provision:

 - b. a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
