C.20	Type of the underlying:	<p>The Notes are linked to an underlying instrument being units in the Old Mutual Global Equity Absolute Return Fund (Bloomberg ticker: OMEAEHA ID) (the "Underlying"). Information about the past and the further performance of the Underlying and its volatility can be found on Bloomberg by reference to code < OMEAEHA ID>.</p>

Section D – Risks		
D.2	Risks specific to the issuer:	<p>In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.</p> <p>The following are the key risks applicable to the Issuer:</p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth & Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the</p>

Section D – Risks		
		<p>credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p> <p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due, without incurring unacceptable losses. This includes repaying depositors and repayments of wholesale debt. This risk is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p> <p>The prudential regulatory capital requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
D.6	Risks specific to the securities:	<p>The following are the key risks applicable to the Notes:</p> <p>Capital at Risk: The Notes are not fully capital protected.</p> <p>The value of the Notes prior to maturity depends on a number of factors including the performance of the Underlying. A deterioration in the performance of the Underlying may result in a partial loss of the investor's investment in the Notes.</p> <p>As such Notes are not capital protected, there is no guarantee that the return on such a Note will be greater than or equal to the amount invested in the Notes initially or that an investor's initial investment will be returned. As a result of the performance of the relevant Underlying, an investor may lose a portion of their initial investment.</p> <p>Unlike an investor investing in a savings account or similar investment, where an investor may typically expect to receive a low return but suffer little or no loss of their initial investment, an investor investing in Notes which are not capital protected may expect to potentially receive a higher return but may also expect to potentially suffer a partial loss of their initial investment.</p> <p>Unsecured Notes: Investors investing in unsecured Notes are advised to carefully evaluate the Issuer's credit risk when considering an investment in such Notes. If the Issuer became unable to pay amounts owed to the investor under the unsecured Notes, such investor does not have recourse to the</p>

		<p>underlying or any other security/collateral and, in a worst case scenario, investors may not receive any payments under the Notes.</p> <p>Investment Products: The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.</p> <p>Return linked to performance of the relevant Underlying: The return on the Notes is calculated by reference to the performance of the Underlying. Poor performance of the Underlying could result in investors, at best, forgoing returns that could have been made had they invested in a different product or, at worst, losing some of their initial investment.</p> <p>Downside risk: Since only a portion of the capital in relation to each Series of Notes is protected, if at maturity the value of the Underlying is less than a specified value, investors may lose their right to return of all the portion of the principal that is not protected at maturity and may suffer a reduction of their capital in proportion with the decline of the Underlying, in which case investors would be exposed to any downside of the Underlying during such specified period down to certain thresholds.</p> <p>Tax: Noteholders will be liable for and/or subject to any taxes, including withholding tax, payable in respect of the Notes.</p>

Section E – Offer		
E.2b	Reasons for the Offer and Use of Proceeds:	Not Applicable. The use of proceeds is to make a profit and/or hedge risks.
E.3	Terms and Conditions of the Offer:	<p>The Notes will be offered to retail investors in Ireland. The terms and conditions for the offer of each Series of Notes will be as follows:</p> <p>Offer Price: The offer price for the Notes is 100 per cent. of the Aggregate Nominal Amount.</p> <p>Offer Period: The offer period for the Notes commences on 18 April 2018 and ends on 27 June 2018.</p> <p>Conditions to which the Offer is subject: Investment in the Notes can only be made through the BCP GLOBAL EQUITY ABSOLUTE RETURN BOND 9 Plan (the "Plan"), details of which are available from financial advisers.</p> <p>Description of the application process: Duly completed applications together with cheques for the full amount of the investor's subscription must be received no later than 27 June 2018.</p> <p>Details of the minimum and/or maximum amount of application: The application must be for a minimum of EUR30,000.00 subject to a maximum of EUR5,000,000.00.</p> <p>Details of the method and time limits for paying up and delivering the Notes: Duly completed applications together with cheques for the full amount of the investor's subscription must be received no later than 27 June 2018.</p> <p>Manner and date on which results of the offer are to be made public: The final size will be known following the end of the Offer Period.</p> <p>On or before the Issue Date, a notice of the final aggregate principal amount of the Notes will be (i) filed with the Central Bank of Ireland and (ii) published on the website of the Irish Stock Exchange (www.ise.ie) and on the Issuer's website (www.investecstructuredproducts.com).</p> <p>Process for notification to applicants of the amount allotted and the indication whether dealing may begin before notification is made: At the end of the Offer Period, the Plan Manager will proceed to notify the prospective Noteholders as to the amount of their allotment of the Notes.</p> <p>Amount of any expenses and taxes specifically charged to the subscriber or purchaser: None.</p> <p>Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place: Investec Bank plc (Irish Branch), The Harcourt Building, Harcourt Street, Dublin 2, Ireland.</p>
E.4	Interests Material to the Issue:	<p>The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the valuation agent in connection with the reference asset(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly when the Issuer acts as Calculation Agent, or Valuation Agent its duties as agent (in the interest of holders of the Notes) may conflict with the interest as issuer of the Notes.</p>

Section E – Offer		
E.7	Estimated Expenses:	Not Applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Dealers to the Investor.

RISK FACTORS

Prospective investors should note that the risks relating to the Issuer, the industry in which it operates and the Notes summarised in the section of this Prospectus headed "Summary" are the risks that the Issuer believes to be those risks which are key to an assessment by a prospective investor of whether to consider an investment in the Notes. However, as the risks which the Notes are subject to and which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this Prospectus headed "Summary" (and set out in more detail below) but also, among other things, the other risks and uncertainties described below.

The list of risks which follows below is not intended to be an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes and should be used as guidance only. Additional risks and uncertainties relating to the Issuer or the Notes that are not currently known to the Issuer, or that the Issuer currently deems immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of the Issuer, the value of the security or index underlying the Notes or the Notes themselves, and, if any such risk should occur, the price of the Notes may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Prospectus and their personal circumstances. The Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.

*Unless specified otherwise, words and expressions defined in the general conditions (the "**Conditions**") and/or the terms relating to Notes (the "**Terms**") have the same meanings in this section.*

1. **Risk relating to the Issuer**

Risks relating to the Issuer's ability to fulfil its obligations with respect to the Notes can be found on pages 1 to 17 of the Registration Document in the section headed "**Risk Factors**" which has been incorporated by reference on page 20 of this Prospectus. In particular, investors should be aware that payments and return of initial investment in relation to the Notes will, together with the factors outlined below, depend on the solvency of the Issuer.

2. **General risks relating to the Notes**

(a) **Financial Services Compensation Scheme**

The Notes are not deposits and they are not protected under the United Kingdom's Financial Services Compensation Scheme or any deposit protection insurance scheme. Therefore, if the Issuer becomes insolvent or defaults on its obligations, investors investing in the Notes in a worst case scenario could lose their initial investment.

(b) **Conflicts of interest**

The Issuer and/or its affiliates may also purchase and sell units in the Old Mutual Global Equity Absolute Return Fund (Bloomberg ticker: OMEAEHA ID) (the "**Underlying**" in respect of the Notes, further discussed below) on a regular basis as part of their securities businesses. Any of these activities could potentially affect the value of the Underlying and, accordingly, the value of the Notes.

The Issuer and/or its affiliates may from time to time engage in transactions involving the Underlying for their proprietary accounts and for other accounts under their management. Any such transactions may have a positive or negative effect on the value of such Underlying and therefore on the value of the Notes.

In addition, the Issuer is the Calculation Agent responsible for making determinations and calculations in connection with the Notes. Accordingly, certain **conflicts of interest may arise between the interests of the Issuer and the interests of holders of Notes.**

Investors are subject to the risk that such conflicts of interest may cause the Issuer and/or its affiliates to make determinations and/or take or refrain from taking actions, with a consequential adverse effect on the value and/or amounts payable under the Notes.

(c) ***Hedging activities of the Issuer and affiliates***

The Issuer and/or its affiliates may carry out hedging activities related to the Notes, including purchasing units of the Underlying but will not be obliged to do so. Any of these activities could potentially affect the value of the Underlying and, accordingly, the value of the Notes. In addition, the disruption of such hedging arrangements or material increase in cost of such hedging arrangements may lead to an early redemption of the Notes. **Accordingly, investors may receive a lower return than they would have done had they invested in a product whose issuer did not engage in similar hedging activities.**

3. **Risks related to the Underlying**

The Notes are linked to the value of the Underlying. The price at which a holder may be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the initial investment, based upon one or more of the factors described below.

The factors that will affect the trading value and return at maturity of the Notes interrelate in complex ways (for example, one factor may offset an increase in the trading value of the Notes caused by another factor). Factors that may impact the value of the Notes, assuming other conditions remain constant, include:

(a) ***Risk factors affecting the value of and return on the Notes***

(i) ***Value of the Underlying***

The redemption amount of and return of the Notes, and accordingly their value will depend on the performance of the Underlying.

Therefore, any reduction in the value of the Underlying can be expected to result in a corresponding reduction in the redemption amount and trading value of the Note. Accordingly, and since the Notes are not fully capital protected, it is possible that **the return on a Note and value at any time may be less than the amount paid by the investor for such Note.**

(ii) ***Fluctuations in the Underlying***

The value of the Underlying may change during the term of the Notes. The frequency and amount of any changes in the value of the Underlying cannot be predicted and may be caused by various factors including political or economic developments. Therefore, the value of the Notes during the term of the Notes and may be subject to fluctuation as a result of the fluctuation (or expectations of fluctuation) in the value of the Underlying.

Accordingly, the value of a Note prior to maturity and the return on a Note may be lower and less predictable than would be received or expected when investing in a conventional debt instrument.

Investors who require a certain or a predefined return should consider carefully before investing in any Notes.

(iii) ***Volatility of the Underlying***

If the size or frequency of market fluctuations in the value of the Underlying increases or decreases, the value of the Notes may be affected.

Accordingly, the value of and return on the Notes may be less predictable than the return on a product which is unaffected by market fluctuations.

(iv) *Past performance*

Prospective investors should understand that the **historical performance of the Underlying or any component of the Underlying is not predictive of future results**. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning any company whose shares comprise an Underlying could affect the trading price of the Notes.

(v) *Time remaining to maturity*

The Notes may trade at a value above that which would be expected based on interest rates and the value (as applicable) of the Underlying. Any such difference will reflect a "time premium" resulting from expectations concerning the Underlying during the period prior to the stated maturity of the Notes. As the time remaining to the stated maturity of the Notes decreases, this time premium may decrease, which in turn may adversely affect the value of the Notes. **Accordingly, investors selling any Notes at a date close to maturity may suffer a loss on their investment depending on expectations concerning the Underlying prevailing at the time.**

(vi) *Non-linear relationship of Notes to Underlying*

A change in the value of the Underlying may not result in a comparable or proportionate change in the value of the Notes due to fluctuating supply and demand for the Notes or the use of caps and floors, in provisions governing the calculation of the return on the Notes. As leverage factors and thresholds are used in the formula for calculating the return on the Notes, **investors may forgo returns or suffer losses that are relatively large or relatively small compared to a movement in the value of the Underlying.**

Investors should not invest in any Notes before fully understanding how the value of the Notes is linked to the value of the Underlying.

(b) ***Hedging risk***

As a result of the non-linear relationship of the Notes to the Underlying (as described above) the Notes may not be suitable for hedging against the market risk associated with investing in any securities or indices.

Prospective investors intending to acquire Notes to hedge against such risk should recognise the complexities of using Notes in this manner.

(c) ***No Ownership Rights***

An investment in the Notes is not the same as an investment in the Underlying and does not confer any legal or beneficial interest in any Underlying or any voting rights, rights to receive dividends or other rights that an owner or a holder of any Underlying would have. **Accordingly, an investor in the Notes may not benefit from the same rights as a person investing directly in the Underlying.**

The Notes are unsubordinated and unsecured obligations of the Issuer. No security has been taken in respect of the Underlying. **Accordingly, investors in the Notes have less protection in the event of the insolvency of the Issuer than investors in a product which is secured on certain assets or other security.**

(d) ***Information risk***

The Pricing Supplement for each Series of Notes will provide an indication of where information about the past and the ongoing performance of the Underlying can be obtained. However the Issuer has made no investigation regarding the Underlying or any person or entity or connected therewith and this Prospectus contains no information regarding the Underlying.

In addition no person or entity connected with the Underlying has participated in the preparation of this Prospectus. Accordingly, there can be no assurance that all material events regarding the Underlying occurring prior to the relevant issue date of the Notes that would affect the value of such Underlying have been disclosed in this Prospectus. Subsequent disclosure of any such events or the failure to disclose material events concerning the Underlying could affect the trading price and final redemption amount payable on the Notes.

Prospective investors in the Notes should obtain and evaluate information concerning the Underlying as they would if they were investing directly in the Underlying. However, this information is not relevant to enable investors to make an informed assessment of the rights attaching to the Notes.

In addition, prospective investors should understand that the **historical performance of the Underlying is not predictive of future results.**

4. **Risks related to features of the Notes**

(a) ***Unsecured Notes***

The Notes are unsecured. Investors are advised to carefully evaluate the Issuer's credit risk when considering an investment in unsecured Notes. If the Issuer became unable to pay amounts owed to the investor under the Notes, such investor does not have recourse to the Underlying or any other security/collateral and, in a worst case scenario, investors **may not receive any payments under the Notes.**

(b) ***Risk of early redemption***

Notes may be mandatorily redeemed prior to their scheduled maturity date for a number of reasons, such as taxation events, or following an event of default specified in the Conditions. **Early redemption may result in investors receiving a lower return on investment and in some circumstances may result in a loss of part or all of their initial investment.** Prospective investors should consider reinvestment risk in light of other investments available at that time. Investors should take particular note of the following circumstances resulting in early redemption:

(i) ***Early redemption upon Hedging Event***

The Issuer will be entitled to redeem the Notes in whole but not in part upon the occurrence of any event or circumstance that would make it impossible or impracticable for the Issuer or any counterparty of the Issuer to enter or maintain any hedging arrangement that the Issuer deems necessary in respect of the Notes, or that increases the cost to the Issuer or such counterparty (as compared to the cost at the Issue Date) of entering into or maintaining such hedging arrangement such event being a "**Hedging Event**". A Hedging Event (and the related early redemption right of the Issuer) could arise due to any reason, including but not limited to, any change in applicable law or regulation.

(ii) ***Early redemption upon Illegality Event***

The Issuer will be entitled to redeem the Notes in whole but not in part upon the occurrence of any Illegality Event, i.e. event or circumstance that would make it unlawful or impracticable for the Issuer (as compared to the cost at the Issue Date) of entering into or maintain such Series of Notes, in each case, in particular as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power.

(c) ***Measuring the performance of the Underlying***

The Notes have a return that is linked in whole or in part to the average value of the Underlying on certain averaging dates. Accordingly, if the Underlying is experiencing a prolonged period of poor performance, the return on the Notes may be affected by such poor performance and investors may be unable to benefit from any single instance of improved performance and may therefore receive a **lower return than investors in a product where the return is calculated only by reference to the performance of an underlying on a specific date.**

(d) ***Possibility of Loss of Investment***

The Notes are not fully capital protected. The value of such Notes prior to maturity depends on a number of factors including the performance of the Underlying.

As such Notes are not capital protected, there is no guarantee that the return on such a Note will be greater than or equal to the amount invested in the Notes initially or that an investor's initial investment will be returned. Deterioration in the performance of the Underlying may result in a partial loss of the investor's investment in the Notes.

(i) ***Decline in performance of the Underlying***

If at maturity the value of the Underlying is less than its initial value, **the return on the Notes will be reduced in proportion to such decline down to a certain specified level.**

(ii) ***Insufficient increase in performance of the Underlying***

If at maturity the value of the Underlying is equal to its initial value, the return on the Notes will be calculated as follows:

- (A) in relation to the Series 598 Notes, 95 per cent. of the Specified Denomination plus 100 per cent. of any increase in the value of the Underlying from its initial value; and
- (B) in relation to the Series 599 Notes, 90 per cent. of the Specified Denomination plus 180 per cent. of any increase in the value of the Underlying from its initial value; and

(the increase in the value of the Underlying from its initial value in each case being the "**Underlying Increase**").

Consequently, even if the final value of the Underlying is equal to or greater than the initial value, investors could suffer a reduction of their initial investment unless the Underlying Increase is sufficient for the redemption formula to return an amount equal to or greater than 100 per cent. In order for this to be case, in relation to each Series, the Underlying Increase will need to be at least 5 per cent. (in relation to Series 598) and 5.56 per cent (in relation to Series 599) (the required increase in each case being the "**Threshold Increase**" for the relevant Series).

In circumstances where the final value of the Underlying is greater than the initial value but the Underlying Increase is less than the relevant Threshold Increase, the return on the Notes will be less than the initial investment and investors will suffer a reduction of their initial investment in proportion with the amount by which the Underlying Increase is less than the Threshold Increase up to a maximum of five per cent. of the initial investment in relation to Series 598 and ten per cent. of the initial investment in relation to Series 599.

Unlike an investor investing in a savings account or similar investment, where an investor may typically expect to receive a low return but suffer little or no loss of their initial investment, an investor investing in Notes which are not capital protected may expect to potentially receive a higher return but may also expect to potentially suffer a partial loss of their initial investment.

(e) ***Limits on Positive Return***

The amount of positive return payable in the event that at maturity the Underlying Increase exceeds the Threshold Increase will be an amount an amount equal to the initial investment plus an amount based on the increase in the performance of the Underlying (known as the "upside")

Although in such circumstances investors will not experience a loss on their investment, they may forgo the returns they could have obtained had they invested in a product with a different formula applicable to any upside return. Any upside return will be limited and may be lower than the upside investors could have been exposed to had they invested in a different type of product.

5. **Risks related to Fund Linked Notes**

An investment in notes linked to a fund underlying such as the Underlying will entail significant risks not associated with an investment in a conventional debt security. On redemption of the Notes, investors will receive an amount (if any) determined by reference to the value of units of the Underlying. Accordingly, an investment in the Notes may bear similar market risks to a direct fund investment, and investors should take advice accordingly. The price of units in the Underlying be affected by the performance of the Fund Service Providers, and in particular the investment adviser.

No Fund Service Provider will have participated in the preparation of this Prospectus, the relevant Pricing Supplement or in establishing the terms of the Notes and the Issuer has not carried out any investigation or enquiry in connection with Underlying. Consequently, there can be no assurance that all events occurring prior to the relevant issue date that would affect the trading price of the fund shares or units will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of fund shares or units could affect the trading price of the fund shares or units and therefore the trading price of the Notes. The Notes do not provide investors with any participation rights in the underlying fund interests and do not entitle holders of Notes to any ownership interest or rights in such fund interests.

Except as provided in the Conditions, investors will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant fund shares or units to which such Notes relate.

6. **Risks related to the market generally**

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

(a) ***The secondary market generally***

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Accordingly, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions, commissions paid by the Issuer or the Dealer and the financial condition of the Issuer. Although application has been made to the Irish Stock Exchange trading as Euronext Dublin (the "**Irish Stock Exchange**") for the Notes to be admitted to the Official List and trading on its regulated market, there is no assurance that any such application will be accepted, that any particular Tranche of Notes will be so admitted, that an active trading market will develop or that any listing or admission to trading will be maintained. **Accordingly, investors may not be able to sell their Notes prior to maturity.**

(b) ***Similar public offerings***

If a large number of public offerings of similar notes or securities similar to the Underlying (or a component thereof) are made in Ireland or elsewhere, the Notes may attract fewer investors. In addition, factors affecting the economy of the country or countries in which the companies whose shares comprise the Underlying (or components thereof) conduct their operations may affect the value of the Underlying and may make the Underlying, and accordingly the Notes, less attractive to investors. Accordingly, the trading price of the Notes may be adversely affected.

(c) ***Exchange rate risks and exchange controls***

The Issuer will pay principal on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

(d) ***Credit ratings of Issuer***

The value of the Notes may be affected, in part, by investors' general appraisal of the Issuer's creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuer's outstanding securities by standard statistical rating services, such as Moody's Investors Service Inc., Standard & Poor's (a division of the McGraw-Hill Companies, Inc) and Fitch Ratings Limited. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer, by one of these rating agencies could result in a reduction in the trading value of the Notes. Investors should be aware that any rating of the Issuer reflects the independent opinion of the relevant rating agency and is not a guarantee of the Issuer's credit quality. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

7. **Modification, waivers and substitution**

The conditions of the Notes contain provisions for calling meetings to consider matters generally affecting the interests of holders of the relevant Notes (the "**Noteholders**"). Defined majorities

are capable of binding all Noteholders with respect to matters considered at such meetings, including Noteholders who did not attend or vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any actual or potential event of default shall not be treated as such or (iii) the substitution of a company other than the Issuer as principal debtor under any Notes. **Accordingly, Noteholders are exposed to the risk that their rights in respect of the Notes are varied against their will, which may result in an investment in any Notes becoming less advantageous to a particular Noteholder depending on individual circumstances.**

8. **Risks related to legal framework of the Notes**

(a) ***U.S. Withholding on dividend equivalent payments***

The U.S. Treasury Department has released regulations under Section 871(m) of the U.S. Internal Revenue Code, which require withholding of up to 30 per cent. (depending on whether an income tax treaty or other exemption applies) on payments or deemed payments made to non-U.S. persons on certain financial instruments to the extent that such payments are contingent upon or determined by reference to U.S.-source dividends. Significant aspects of the application of these regulations to the Notes are uncertain. Payments on Notes made after 31 December 2016 that are treated by the applicable Treasury regulations as being contingent upon, or adjusted to reflect, any U.S. source dividends may be subject to this withholding. In addition, the regulations could impose withholding tax on non-U.S. persons to the extent U.S.-source dividends are paid on the underlying equity securities, even if no corresponding payment is made on the Notes to the non-U.S. persons. Section 871(m) of the U.S. Internal Revenue Code may apply to Notes that are issued (or significantly modified) on or after 1 January 2017. The Issuer will not be required to pay any additional amounts or otherwise indemnify any person with respect to amounts so withheld.

(b) ***UK Stamp Duty***

Transactions involving Notes may be subject to United Kingdom stamp duty or stamp duty reserve tax, and are subject to the risk that instruments effecting or evidencing transfers of Notes and executed in the United Kingdom may not be admissible in evidence in civil proceedings unless duly stamped. An instrument of transfer executed outside the United Kingdom is also subject to the risk that it may be inadmissible in United Kingdom civil proceedings unless duly stamped after it has been first received in the United Kingdom.

(c) ***No Gross Up***

The Issuer will not be obliged to gross up, or pay any additional amounts in respect of, any payments in respect of the Notes and Receipts in respect of which any withholding or deduction has been required to be made in respect of any tax. Accordingly, investors may receive a lower return than would be received on an investment where no withholding tax is payable or where the relevant issuer has an automatic obligation to gross up any payments.

(d) ***Notes may be subject to bail-in under European and UK bank resolution legislation***

There is a risk that Notes issued by the Issuer may be subject to the intervention tools under Directive 2014/59/EU (the "**Recovery and Resolution Directive**" or "**RRD**") as implemented in the United Kingdom by the UK Banking Act 2009 (the "**Banking Act**"). Such tools give the relevant UK resolution authority the power to cancel all of the principal amount of, or interest on, certain unsecured liabilities of a failing financial institution and/or to convert certain debit claims into another security, including ordinary shares of the surviving entity, if any.

The powers granted to the relevant UK resolution authority under the Banking Act also include a bail-in option. The bail-in option includes the power to cancel certain unsecured liabilities or modify the terms of contracts for the purposes of reducing or modifying the liabilities of the bank under resolution and the power to convert a liability from one form to another.

The Banking Act also contains a number of other powers which have been granted to the relevant UK resolution authorities in relation to financial institutions and their holding companies which could have a material impact on the Issuer and/or any Notes issued by it.

Any of the above powers under the Banking Act (including especially the bail-in powers) could materially affect the market value of any Notes and could lead to Noteholders losing some or all of their investment.

For a more detailed discussion of the risks that arise as a result of the Banking Act or the RRD, please refer to the risk factor in the Registration Document entitled "Applicable Bank Resolution Powers", which is incorporated into this Prospectus by reference.

(e) ***Change of law***

The conditions of the Notes are based on English law in effect as at the date of the Trust Deed. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of the Trust Deed.

Accordingly, Noteholders are exposed to the risk that their rights in respect of the Notes may be varied, which may result in an investment in any Notes becoming less advantageous.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, any Agent and the Trustee will (except as otherwise required by law) deem and treat the bearer of any

Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, any Agent and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Trustee.

(ii) ***Uncertificated Registered Notes***

The Uncertificated Registered Notes shall be issued in uncertificated registered form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the "**Regulations**"). Title to the Uncertificated Registered Notes is recorded on the relevant Operator register of corporate securities. The CREST Registrar on behalf of the Issuer shall maintain a record of uncertified corporate securities (the "**Record**") in relation to the Uncertificated Registered Notes and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of Uncertificated Registered Notes shall be treated by the Issuer and the CREST Registrar as the holder of such number of Uncertificated Registered Notes for all purposes (and the expressions "**Noteholder**" and "**holder of Uncertificated Registered Notes**" and related expressions shall be construed accordingly), and (ii) none of the Issuer and the CREST Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the CREST Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the Uncertificated Registered Notes.

Title to Uncertificated Registered Notes will pass upon registration of the transfer in the Operator register of corporate securities. All transactions in relation to Uncertificated

Registered Notes (including transfers of Uncertificated Registered Notes) in the open market or otherwise must be effected through an account at the Operator subject to and in accordance with the rules and procedures for the time being of the Operator.

No provisions of these Conditions as amended in accordance with the applicable Pricing Supplement shall (notwithstanding anything contained therein) apply or have effect to the extent that it is in any respect inconsistent with (I) the holding of title to Uncertificated Registered Notes in uncertificated form, (II) the transfer of title to Uncertificated Registered Notes by means of a relevant system or (III) the Regulations. Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in these Conditions or the applicable Pricing Supplement, so long as the Uncertificated Registered Notes are participating securities, (A) the Operator register of corporate securities relating to the Uncertificated Registered Notes shall be maintained at all times in the United Kingdom, (B) the Uncertificated Registered Notes may be issued in uncertificated form in accordance with and subject as provided in the Regulations, and (C) for the avoidance of doubt, the Conditions and the applicable Pricing Supplement in relation to any Uncertificated Registered Note shall remain applicable notwithstanding that they are not endorsed on any certificate for such Uncertificated Registered Note.

As used herein each of "**Operator register of corporate securities**", "**participating securities**", "**record of uncertificated corporate securities**" and "**relevant system**" is as defined in the Regulations and the relevant Operator (as such term is used in the Regulations) is CRESTCo. Limited or any additional or alternative operator from time to time approved by the Issuer and the CREST Registrar in relation to the Uncertificated Registered Notes and in accordance with the Regulations. Except in the limited circumstances provided in the Trust Deed, Notes in definitive registered form will not be issued, either initially or in exchange for an Uncertificated Registered Note.

2. **TRANSFERS OF REGISTERED NOTES**

(a) **Transfers of interests in Registered Global Notes**

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Registered Global Note only in the authorised denominations set out in the applicable Pricing Supplement and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

(b) **Transfers of Registered Notes in definitive form**

Upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Pricing Supplement). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the

person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 2 (*Register and Transfer of Registered Notes*) to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(c) **Costs of registration**

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(d) **Exchanges and transfers of Registered Notes generally**

Holders of Registered Notes in definitive form may exchange such Notes for interests in a Registered Global Note of the same type at any time.

3. **STATUS OF THE NOTES**

The Notes and the relative Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of the Additional Terms of the Secured Notes) unsecured obligations of the Issuer that rank and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) at least equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

4. **INTEREST**

(a) **Interest on Fixed Rate Notes**

(i) ***Interest Periods and Interest Payment Dates***

Unless otherwise specified in the applicable Pricing Supplement, each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount.

In respect of Notes in definitive form, if a Fixed Coupon Amount is provided in the applicable Pricing Supplement the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) such date will be the Fixed Coupon Amount specified as an amount per Calculation Amount in the applicable Pricing Supplement.

Unless otherwise specified in the applicable Pricing Supplement, in these Conditions, "**Interest Period**" means the period from (and including) an Interest Payment Date (or

the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date. Except in the case of Notes in definitive form where Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement and subject to subparagraph (ii) below, the "**Interest Amount**" payable shall be calculated in respect of any Interest Period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the aggregate outstanding nominal amount of the Notes; or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction (if specified), and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination (or, in respect of Instalment Notes, the Specified Denomination as reduced in proportion with any reduction of the outstanding nominal amount pursuant to Condition 6(a)(ii)) without any further rounding.

(ii) ***Instalment Notes***

In respect of Fixed Rate Notes that are also Instalment Notes, in the event that an Instalment Date (or, if later, the Relevant Date in respect of an Instalment Amount) falls on a date other than an Interest Payment Date, then the "**Interest Amount**" payable in respect of the Interest Period in which such Instalment Date (or, if later, the Relevant Date in respect of such Instalment Amount) falls shall be calculated as follows:

- (a) in respect of the period from (and including) the Interest Payment Date (or Interest Commencement Date) immediately preceding the first Instalment Date (or, if later, Relevant Date in respect of the relevant Instalment Amount) falling in the Interest Period (the "**First Instalment Date**") to (but excluding) the First Instalment Date, interest shall be calculated in accordance with the provisions of this Condition 4(a) on the basis of the outstanding nominal amount as of the Business Day preceding the relevant First Instalment Date; and
- (b) in respect of any period from (and including) an Instalment Date (or, if later, Relevant Date in respect of such Instalment Amount) (the "**Initial Instalment Date**") to (but excluding) the earlier of (i) the Interest Payment Date following the Initial Instalment Date or (ii) a further Instalment Date (or, if later, Relevant Date in respect of such Instalment Amount) falling in the same Interest Period, interest shall be calculated in accordance with the provisions of this Condition 4(a) on the basis of the outstanding nominal amount as adjusted following the Initial Instalment Date.

For the avoidance of doubt, the total aggregate interest payable in respect of the Interest Period shall be payable on the relevant Interest Payment Date, and no amount of interest shall be payable on the Instalment Date (or, if later, Relevant Date in respect of such Instalment Amount).

In these Conditions:

"**Day Count Fraction**" has the meaning given to it in Condition 4(b) (*Interest on Floating Rate Notes*).

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

(b) **Interest on Floating Rate Notes**

(i) ***Interest Payment Dates***

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls on the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each "**Interest Period**" (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Floating Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the relevant Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Floating Rate Note interest will be calculated on its outstanding nominal amount.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day of the month falling one Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions,

"Business Day" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Pricing Supplement; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne and Wellington, respectively) or (2) in relation to any sum payable in euro, a TARGET Settlement Day.

"Determination Period" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

"TARGET2" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007.

"TARGET Settlement Day" means any day on which TARGET2 is open for the settlement of payments in euro.

(ii) ***Rate of Interest***

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Pricing Supplement.

(A) ***ISDA Determination for Floating Rate Notes***

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this sub-paragraph (A), **"ISDA Rate"** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **"ISDA Definitions"**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (2) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London interbank offered rate (**"LIBOR"**) or on the Euro-zone inter-bank offered rate (**"EURIBOR"**), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Pricing Supplement, the Minimum Rate of Interest shall be deemed zero.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent. The Interest Determination Date in respect of an Interest Period may be the second London business day prior to the start of each Interest Period, the first day of each Interest Period, the second day on which the TARGET2 system is open prior to the start of each Interest Period or any other date specified in the applicable Pricing Supplement. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations pursuant to sub-paragraph (2).

The Agency Agreement (at Clause 8.2 (*Interest determination*)) contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) ***Linear Interpolation***

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(v) ***Determination of Rate of Interest and calculation of Interest Amounts***

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

Subject to sub-paragraph (vi) below, the Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note the aggregate outstanding nominal amount of the Notes; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction (if specified), and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination (or, in respect of Instalment Notes, the Specified Denomination as reduced in proportion with any reduction of the outstanding nominal amount pursuant to Condition 6(a)(ii)) of the Floating Rate Notes without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b) or Condition 4(a) (Interest on Fixed Rate Notes):

- (i) if "**Actual/Actual (ICMA)**" is specified in the applicable Pricing Supplement:
 - (1) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Pricing Supplement) that would occur in one calendar year; or

- (2) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year.
- (ii) if "**Actual/Actual – ISDA**" or "**Actual/Actual**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (iii) if "**Actual/365 (Fixed)**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;
- (iv) if "**Actual/365 (Sterling)**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

- (vi) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

Day Count Fraction =

$$\frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Interest Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vii) if "30E/360" or "Eurobond Basis" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

Day Count Fraction =

$$\frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (viii) if "30E/360 (ISDA)" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

Day Count Fraction =

$$\frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

- (ix) if "Act/365L" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period in respect of which payment is being made divided by 365 (or, if the later Period End Date of the Interest Period falls in a leap year, divided by 366).

(vi) ***Instalment Notes***

In respect of Floating Rate Notes that are also Instalment Notes, in the event that an Instalment Date (or, if later, the Relevant Date in respect of an Instalment Amount) falls on a date other than an Interest Payment Date, the Interest Amount payable in respect of the Interest Period in which such Instalment Date (or, if later, the Relevant Date in respect of such Instalment Amount) falls shall be calculated on the following basis:

- (A) in respect of the period from (and including) the Interest Payment Date (or Interest Commencement Date) immediately preceding the first Instalment Date (or, if later, Relevant Date in respect of the relevant Instalment Amount) falling in the Interest Period (the "**First Instalment Date**") to (but excluding) the First Instalment Date interest shall be calculated in accordance with the provisions of this Condition 4(b) on the basis of the outstanding nominal amount as of the Business Day preceding the relevant First Instalment Date; and
- (B) in respect of any period from (and including) an Instalment Date (or, if later, Relevant Date in respect of such Instalment Amount) (the "**Initial Instalment Date**") to (but excluding) the earlier of (i) the Interest Payment Date following the Initial Instalment Date or (ii) a further Instalment Date (or, if later, Relevant Date in respect of such Instalment Amount) falling in the same Interest Period, interest shall be calculated in accordance with the provisions of this Condition 4(b) on the basis of the outstanding nominal amount as adjusted following the Initial Instalment Date.

(vii) ***Certificates to be final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Principal Paying Agent or, if applicable, the Calculation Agent or, if applicable, the Trustee, shall (in the absence of wilful default, fraud, bad faith and manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, fraud and bad faith) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent, or the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

- (c) If the applicable Pricing Supplement specifies that all or part of the interest in relation to the Notes will be calculated on an "Inflation Linked Interest", "Fund Linked Interest", "Equity Linked Interest" or "Index Linked Interest" basis, then the Calculation Agent shall calculate the amount of equity linked, index linked, fund linked or inflation linked interest payable on the relevant Notes in accordance with the additional terms that apply to such Notes as set out in the relevant section of Part B (*Equity Linked Notes/Index Linked Notes/Fund Linked Notes/Multi Underlying Linked Notes*) or Part C (*Inflation Linked Notes*), as applicable.

(d) ***Zero Coupon Notes***

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of

such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield specified in the applicable Pricing Supplement (or if none is specified, such rate as would produce the issue price of the Notes if the scheduled Final Redemption Amount was discounted back to the Issue Date at such rate).

(e) **Cessation of accrual of interest**

Each Note (or in the case of redemption of only a Relevant Portion of a Note, that Relevant Portion only of such Note) will cease to bear interest (if any) from the date for its redemption, unless, upon due presentation thereof, payment of principal (and accrued interest in respect thereof) is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

(f) **Notification of Rate of Interest and Interest Amounts**

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified promptly to the Issuer, the Trustee and any stock exchange on which the relevant Notes are for the time being listed (and in any event no later than the first day of the relevant Interest Period) and notice thereof to be published in accordance with Condition 13 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 13 (*Notices*). For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) **Calculations**

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified in the applicable Pricing Supplement, and the Day Count Fraction for such Interest Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Period shall equal such Interest Amount (or be calculated in accordance with such formula). In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(h) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts**

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest

Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to the applicable Business Day Convention, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(i) **Determination or Calculation by Trustee**

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Period or any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, or as otherwise specified in the applicable Pricing Supplement, as the case may be, the Trustee shall do so (or shall appoint an agent at the expense of the Issuer on its behalf to do so), in its absolute discretion, and shall be entitled to do so in reliance of its professional advisors, and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee or its agent shall apply the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Pricing Supplement, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances. Any such determination or calculation shall be deemed to have been made by the Calculation Agent.

(j) **Coupon Deferral**

If the Pricing Supplement specifies "Coupon Deferral" as applicable, and the Calculation Agent determines that a Coupon Deferral Event has occurred and is continuing, the Issuer may by giving notice to the Calculation Agent at least 15 Business Days before each Interest Payment Date defer or reduce the interest payments due under the Notes to the same extent of the deferral, reduction or increase in the interest payments on the Coupon Reference Obligation, for so long as such Coupon Deferral Event is continuing. If the Coupon Deferral Event ceases and the deferred and/or reduced interest payments on the Coupon Reference Obligation are paid by the relevant obligor, the Issuer shall pay the deferred interest payments to the same extent on the next following Interest Payment Date.

For the purposes of this Condition 4(j):

"Coupon Deferral Event" means in relation to the Coupon Reference Obligation, the suspension, deferral, cessation of interest payment, any increase in interest payments, or adjustment in the frequency of interest payments under the Coupon Reference Obligation, in accordance with the terms that apply to interest payments under Coupon Reference Obligation as at the Issue Date of the Notes.

"Coupon Reference Obligation" means the obligation described as such in the applicable Pricing Supplement.

For the avoidance of doubt, the right of the Issuer to defer interest payments in accordance with this Condition 4(k), and the Issuer's decision on whether or not to defer interest payments under this Condition 4(k), shall be without prejudice to any other rights the Issuer may have in relation to the Notes as a result of the occurrence of the applicable Coupon Deferral Event or otherwise.

5. **PAYMENTS**

(a) **Method of payment**

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 (*Taxation*).

(b) **Presentation of definitive Bearer Notes, Receipts and Coupons**

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons failing to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Long Maturity Note or any Note in relation to which the Interest Basis is anything other than Fixed Rate Notes in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon **provided that** such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) **Payments in respect of Global Notes in bearer form**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of the Principal Paying Agent. A record of each payment made against presentation or surrender of any Global Note in bearer form, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Principal Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

(d) **Payments in respect of Registered Notes**

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the "**Register**") at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if a holder does not have a Designated Account, payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**") at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest or an instalment of principal (other than the final instalment) in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the

Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Neither the Issuer nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) **Payments in respect of Uncertificated Registered Notes**

The Issuer shall pay or cause to be paid payments of principal in respect of Uncertificated Registered Notes to the relevant Noteholder's cash memorandum account (as shown in the records of the Operator) for value on the Maturity Date or Automatic Early Redemption Date, as the case may be, such payment to be made in accordance with the rules of the Operator.

Payments of interest (if any) in respect of Uncertificated Registered Notes will be discharged by payment (as shown in the records of the Operator) to the cash memorandum account of the relevant Noteholder. Each of the persons shown in the Operator register of corporate securities as the holder of a particular principal amount of Uncertificated Registered Notes must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(f) **General provisions applicable to payments in respect of Notes held in Euroclear and/or Clearstream, Luxembourg**

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer, or to the order of, the holder of such Global Note.

(g) **U.S. Paying Agent**

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(h) **Payment Day**

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 8 (*Prescription*)) is:

- (i) in relation to all Notes,
 - (A) (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne and Wellington, respectively) and (2) in relation to any sum payable in euro, a TARGET Settlement Day (as defined in Condition 4 (*Interest*) above), and
 - (B) each Additional Financial Centre specified in the applicable Pricing Supplement; and
- (ii) in the case of Notes in definitive form only, unless otherwise specified in the applicable Pricing Supplement, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the relevant place of presentation.

(i) **Interpretation of principal and interest**

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 (*Taxation*);
- (ii) the Final Redemption Amount of the Notes;
- (iii) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (iv) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 (*Taxation*) and any arrears of interest (if applicable).

In respect of the calculation of the Final Redemption Amount in relation to any Relevant Portion of the Notes, in rounding any values determined or calculated in connection therewith the Calculation Agent shall apply the following rounding conventions: (A) so long as the Notes are in the form of Uncertificated Registered Notes and are held in CREST, the Final Redemption Amount shall be calculated in relation to the aggregate principal amount of the Notes outstanding, rounded down to the nearest currency unit and paid to Euroclear UK and Ireland Limited (formerly known as CRESTCo Limited) for distribution by it to entitled accountholders in accordance with Euroclear UK and Ireland Limited's usual rules and procedures; (B)(i) so long as the Notes are represented by a Global Note in bearer form, the Final Redemption Amount shall be calculated in relation to the aggregate principal amount of the Notes outstanding, rounded down to the nearest currency unit and paid in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of the Principal Paying Agent in accordance with Condition 5(c) (*Payments – Payments in respect of Global Notes in bearer form*); (ii) if a Global Note is at any time exchanged for definitive Bearer Notes, the Final Redemption Amount will be calculated in relation to each Specified Denomination and rounded to the nearest currency unit and paid against presentation

and surrender in accordance with Condition 5(b) (*Payments – Presentation of definitive Bearer Notes, Receipts and Coupons*); and (C) in respect of Notes that are Registered Notes, the Final Redemption Amount shall be calculated in relation to the aggregate principal amount of the Notes outstanding rounded down to the nearest currency unit and paid in the manner specified in the Registered Note against presentation and surrender of such Registered Note at the specified office of the Registrar or any Paying Agent in accordance with Condition 5(d) (*Payments – Payments in respect of Registered Notes*).

6. **REDEMPTION, PURCHASE AND OPTIONS**

(a) **Final Redemption and Redemption by Instalments**

(i) ***Final Redemption***

Subject to any applicable Terms or Additional Terms, unless previously redeemed or purchased and cancelled as provided below, each Note (including each Note specified in the applicable Pricing Supplement as having a Redemption Basis that is Equity Linked Notes, Index Linked Notes, Fund Linked Notes, Multi Underlying Linked Notes or Inflation Linked Notes) shall be finally redeemed on the Maturity Date specified in the applicable Pricing Supplement at its Final Redemption Amount or, in the case of a Note falling within paragraph (ii) (*Redemption by Instalments*) below, its final Instalment Amount, in each case, as calculated by the Calculation Agent in its sole and absolute discretion.

"Final Redemption Amount" means in relation to any Note finally redeemed on the Maturity Date an amount calculated by the Calculation Agent in its sole and absolute discretion in accordance with the applicable provisions specified in the applicable Pricing Supplement, **provided that**, if the applicable Pricing Supplement do not specify the applicable provisions any such Note shall be redeemed at its nominal value.

(ii) ***Redemption by Instalments***

Unless previously redeemed, purchased and cancelled as provided in this Condition 6 (*Redemption, Purchase and Options*), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the applicable Pricing Supplement. The outstanding nominal amount of each such Note shall be reduced by the Instalment Reduction (being an amount or a proportion of the original nominal amount of such Note specified in the Pricing Supplement) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(b) **Early Redemption**

The Early Redemption Amount payable in respect of any Note upon redemption of such Note pursuant to Condition 6(c) (*Redemption for Taxation Reasons*), Condition 6(d) (*Redemption following Hedging Disruption*), Condition 6(e) (*Redemption following Illegality*) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*), shall be the Final Redemption Amount (as specified in the applicable Pricing Supplement) or the Fair Market Value in respect of each Note.

"Fair Market Value" means, in relation to any Note which is to be redeemed early, its fair market value as of the early redemption date less any costs, expenses, fees, or taxes incurred by the Issuer or any of its affiliates in respect of amending or liquidating any financial instruments or transactions entered into in connection with the Notes in respect of the early redemption of the Notes (all as determined by the Calculation Agent).

(c) **Redemption for Taxation Reasons**

The Notes of any Series may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of a Note other than a Floating Rate Note and any Note in relation to which

the Interest Basis is anything other than Fixed Rate Notes) or only on an Interest Payment Date (in the case of a Floating Rate Note or any Note in relation to which the Interest Basis is anything other than Fixed Rate Notes) on giving not less than 30 nor more than 60 days' notice to the Trustee and the Agent and, in accordance with Condition 13 (*Notices*), the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), at their Early Redemption Amount (as determined in accordance with paragraph (b) (*Early Redemption*) above) in respect of each Note, if the Issuer satisfies the Trustee immediately prior to the giving of such notice that:

- (ii) it would not be entitled to claim a deduction in respect of any payments of interest in respect of any of the Notes of such Series in computing its taxation liabilities (or the value of such deduction would be materially reduced); or
- (iii) in respect of the payment of interest in respect of any of the Notes of such Series, the Issuer would not to any material extent be entitled to have any attributable loss or non-trading deficit set against the profits of companies with which it is grouped for applicable United Kingdom tax purposes (whether under the group relief system current as at the date on which agreement is reached to issue the first Tranche of Notes of such Series or any similar system or systems having like effect as may from time to time exist),

in each such case, as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of Notes of that Series and cannot be avoided by the Issuer taking reasonable steps available to it, **provided that** no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts as referred to in paragraph (i) above, would be unable to make a deduction referred to in paragraph (ii) above were a payment in respect of the Notes of that Series then due or would not be entitled to have the loss or non trading deficit set against the profits as referred to in paragraph (iii) above were a payment in respect of the Notes of that Series then due. Upon the expiration of such notice the Issuer shall be bound to redeem such Notes at their Early Redemption Amount together with interest accrued to (but excluding) the date of redemption. Prior to the publication of any notice of redemption pursuant this Condition 6(c) (*Redemption for Taxation Reasons*), the Issuer shall deliver to the Trustee a certificate signed by two Directors stating that the obligation or treatment, as the case may be, referred to above cannot be avoided by the Issuer taking reasonable measures available to it and the Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out above, in which event it shall be conclusive and binding on Noteholders and Couponholders.

(d) **Redemption following Hedging Event**

Unless this Condition 6(d) (*Redemption following Hedging Event*) is specified as Not Applicable in the applicable Pricing Supplement, if in relation to a Series of Notes the Issuer or the Calculation Agent determines that a Hedging Event (as defined below) has occurred, and for as long as a Hedging Event is continuing, the Issuer, having given not less than 15 nor more than 30 days' irrevocable notice to the Noteholders, may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount (as determined in accordance with paragraph (b) (*Early Redemption*) above) together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (i) it becomes impossible or impracticable for the Issuer or its counterparty of any hedging transaction to:
 - (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge its obligations with respect to the relevant Notes (a "**Hedging Transaction**"); or
 - (B) realise, recover or remit the proceeds of any such Hedging Transaction; or
- (ii) the Issuer or the counterparty under such Hedging Transaction would be subject to an increased cost (as compared to the circumstances existing on the Issue Date in respect of such Series of Notes) in entering into or maintaining any Hedging Transaction (including, but not limited to, any internal cost arising as a result of compliance with any applicable law or regulation),

in each case as determined by the Issuer or the Calculation Agent in its sole and absolute discretion.

(e) **Redemption following Illegality**

If, in relation to a Series of Notes, the Issuer in its sole and absolute discretion or the Calculation Agent determines that an Illegality Event (as defined below) has occurred, the Issuer, having given not less than 15 nor more than 30 days' irrevocable notice to the Noteholders, may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount (as determined in accordance with paragraph (b) (*Early Redemption*) above) together (if appropriate) with interest accrued to (but excluding) the date of redemption.

"**Illegality Event**" means that:

- (i) the performance of the Issuer's obligations shall have become unlawful or impracticable, in whole or in part, in particular as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; or
- (ii) the Issuer would be subject to an increased cost (as compared to the circumstances existing on the Issue Date in respect of such Series of Notes) in entering into or maintaining a Series of Notes in particular as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power.

Any such redemption of Notes shall be at their Optional Redemption Amount (which may be par or their Fair Market Value or another amount specified in the applicable Pricing Supplement) together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the applicable Pricing Supplement and no greater than the Maximum Redemption Amount to be redeemed specified in the applicable Pricing Supplement.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(g) **Redemption at the Option of Noteholders**

If Put Option is specified in the applicable Pricing Supplement, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the applicable Pricing Supplement) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (which may be par or their Fair Market Value or another amount specified in the applicable Pricing Supplement) together with interest accrued to the date fixed for redemption.

No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(h) **Purchases**

The Issuer, or any of its subsidiaries, any holding company of the Issuer or any subsidiary of such holding company, may at any time purchase Notes (**provided that**, in the case of Bearer Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(i) **Cancellation**

All Notes purchased by or on behalf of the Issuer or any of its subsidiaries may be surrendered for cancellation by surrendering each such Note (together with all unmatured Receipts and Coupons and all unexchanged Talons) at the time of redemption to the Principal Paying Agent or to the Registrar (in the case of Registered Notes) or to the CREST Registrar (in the case of Uncertificated Registered Notes). In each case, any Notes so surrendered shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). 7. **TAXATION**

7A. **TAXATION – NO GROSS UP**

In such event, the Issuer shall not be required to pay to holders of Notes, Receipts and/or Coupons any additional amounts in connection with such withholding or deduction.

7B. TAXATION – GROSS UP

This Condition 7B will only be applicable to such Series of Notes where it is specified in the applicable Pricing Supplement that Condition 7B (*Taxation – Gross Up*) is applicable.

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties or government charges of whatever nature imposed, collected, withheld, assessed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) to, or to a third party on behalf of, a holder who (i) could avoid such withholding or deduction by complying, or procuring that any third party complies with, any statutory or procedural requirements (including, without limitation, the provision of information) or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority; or (ii) is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or

In these Conditions:

"**Tax Jurisdiction**" means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax; and

This Condition 7C will be applicable to all Series of Notes.

None of the Issuer, the Trustee or the Paying Agents will have any obligation to pay additional amounts or otherwise indemnify a holder for any FATCA withholding deducted or withheld by the Issuer, the Trustee or a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of FATCA withholding.

8. **PRESCRIPTION**

The Notes (whether in bearer, uncertificated registered or certificated registered form), Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7 (*Taxation*)) therefor.

- (ii) No Noteholder shall be entitled to institute proceedings directly against the Issuer or prove in the winding up of the Issuer unless the Trustee, having become bound to do so, fails to do so within a reasonable period and such failure is continuing, in which event any Noteholder may himself institute such proceedings and/or prove in the winding up of the Issuer to the same extent and in the same jurisdiction (but not further or otherwise) that the Trustee would have been entitled to do so in respect of the Notes and/or the Trust Deed.

10. **REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS**

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes, Receipts and Coupons) or the Registrar (in the case of Registered Notes) or the CREST Registrar (in the case of Uncertificated Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(g) (*U.S. Paying Agent*). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13 (*Notices*).

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

12. **EXCHANGE OF TALONS**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8 (*Prescription*).

13. **NOTICES**

Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

(a) **Meeting of Noteholders**

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. of the nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons (including, but not limited to, modifying the date of maturity of the Notes or any date for payment of principal or interest thereon, reducing or cancelling the amount of principal or the Rate of Interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Trust Deed provides for a resolution, with or without notice, in writing signed by or on behalf of the holder or holders of not less than 90 per cent. of the principal amount of the Notes for the time being outstanding to be as effective and binding as if it were an Extraordinary Resolution duly passed at a meeting of the Noteholders.

(b) **Modification and Waiver**

The Trustee may, without the consent of the Noteholders, Receiptholders or Couponholders:

- (i) concur with the Issuer in making any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Agency Agreement or the Trust Deed, **provided that** the Trustee is of the opinion that such modification will not be materially prejudicial to the interests of the Noteholders; or
- (ii) determine that any Event of Default or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do; or
- (iii) agree to any modification which is of a formal, minor or technical nature or to correct a manifest error.

The Trustee shall agree to any modification without the consent of Noteholders which is to correct any inconsistency arising in the applicable Pricing Supplement in respect of any Series of Notes as compared to any term sheet, brochure or other written communication in respect of the Notes that has been distributed to Noteholders in respect of that Series **provided that** (A) the Issuer provides to the Trustee a certificate signed by two authorised signatories of the Issuer certifying the details of such inconsistency and appending and certifying the relevant written communication distributed to Noteholders to which the Pricing Supplement are to be conformed; (B) in case of rated Notes, any credit rating agency that has rated such Notes provides confirmation that the credit ratings of such Notes would not be adversely affected by the proposed modification, and such confirmation is provided to the Trustee; and (C) the Trustee has the right to refuse to agree such changes in the event that, in its sole opinion, the change would expose it to more onerous obligations or additional costs for which, in its sole opinion, it is not or will not be pre-funded or indemnified or secured to its satisfaction.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

The Issuer may at any time request the Trustee to make modifications to any of the provisions of the Notes, the Agency Agreement or the Trust Deed and any other relevant documents without the consent of the Noteholders, Receiptholders or Couponholders (and irrespective of whether such modifications are (i) materially prejudicial to the interests of the Noteholders or (ii) in respect of a Basic Terms Modification (as defined in the Trust Deed)) to maintain and/or improve credit ratings of any Notes in issue. The Trustee shall agree to such changes **provided that** the Issuer confirms to the Trustee in writing that such amendments are required either (i) to implement new credit rating criteria of a credit rating agency; or (ii) by a credit rating agency itself, in either case, to maintain or improve the then current credit ratings of the Notes then outstanding.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect

of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 7 (*Taxation*) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 7 (*Taxation*) pursuant to the Trust Deed.

The Trustee may, without the consent of the Noteholders, agree with the Issuer, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Receipts, the Coupons and the Trust Deed of another company, being a subsidiary of the Issuer, subject to (a) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (b) compliance with certain other conditions set out in the Trust Deed.

15. **INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER AND TRUSTEE'S RETIREMENT AND REMOVAL**

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any of its subsidiaries and to act as trustee for the holders of any other securities issued by, or relating to, the Issuer and/or any of its subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Trust Deed contains provisions allowing the Trustee to retire at any time on giving not less than 60 days' prior written notice to the Issuer without giving any reason and without being responsible for any Expenses (as defined in the Trust Deed) incurred by such retirement. The Noteholders may by Extraordinary Resolution remove any trustee or trustees of the Notes. The Trust Deed provides that the retirement or removal of any such Trustee shall not become effective until a successor trustee (being a trust corporation) is appointed. The Trust Deed provides that, in the event of the Trustee giving notice of retirement or being removed by Extraordinary Resolution under the Trust Deed, the Issuer shall use all reasonable endeavours to procure that a new trustee is appointed as soon as reasonably practicable. If no appointment has become effective within 60 days of such notice or Extraordinary Resolution, the Trust Deed provides that the Trustee shall be entitled to appoint a trust corporation. No appointment of a trustee shall take effect unless previously approved by an Extraordinary Resolution. Notice of any such change shall be given to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

16. **REDENOMINATION**

2. **Disrupted Days**

2.1 If the Calculation Agent determines that the Strike Date, any Valuation Date or any Observation Date, as the case may be, in respect of the relevant Underlying is a Disrupted Day, then the Strike Date, such Valuation Date, or such Observation Date, as the case may be, in respect of such Underlying only shall be the first succeeding Scheduled Valuation Day in respect of such Underlying that is not a Disrupted Day, unless each of the eight Scheduled Valuation Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, such Valuation Date or such Observation Date, as the case may be, in respect of such Underlying is a Disrupted Day. In that case:

- (a) that eighth Scheduled Valuation Day shall be deemed to be the Strike Date, such Valuation Date or such Observation Date, as the case may be, in respect of such Underlying notwithstanding the fact that such day is a Disrupted Day in respect of such Underlying; and
- (b) the Calculation Agent shall determine:
 - (i) in respect of an Index, the level of such Index on that eighth Scheduled Valuation Day in accordance with the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Valuation Day of each security comprised in the relevant Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Valuation Day, its good faith estimate of the price for the relevant security as of the Valuation Time on that eighth Scheduled Valuation Day);
 - (ii) in respect of a Basket of Indices, the level of such Basket of Indices on that eighth Scheduled Valuation Day by determining the level of each Index comprising the Basket in accordance with the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Valuation Day of each security comprised in the relevant Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Valuation Day, its good faith estimate of the price for the relevant security as of the Valuation Time on that eighth Scheduled Valuation Day);
 - (iii) in respect of a Share, the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Valuation Day; and

2.2 If any Averaging Date is a Disrupted Day in respect of an Underlying, then, if the consequence specified in the applicable Pricing Supplement in relation to "Averaging Date Market Disruption" is:

- (a) **"Omission"**, then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the performance of such Underlying **provided that**, if through the operation of this provision no Averaging Date would occur in respect of the relevant Underlying during the relevant Averaging Period, then the performance of the Underlying in respect of the relevant Averaging Period will be determined in accordance

with Term 2.1 above as if the final scheduled Averaging Date in the relevant Averaging Period was a Valuation Date in respect of such Underlying that was a Disrupted Day;

- (b) **"Postponement"**, then Term 2.1 above will apply for purposes of determining the performance of such Underlying on such Averaging Date as if such Averaging Date were a Valuation Date in respect of such Underlying that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date in respect of such Underlying;
- (c) **"Modified Postponement"**, then:
 - (i) the Averaging Date for the relevant Underlying affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Underlying (as applicable). If the first succeeding Valid Date in relation to such Underlying has not occurred as of the Valuation Time on the eighth Scheduled Valuation Day immediately following the originally scheduled Averaging Date, then (1) that eighth Scheduled Valuation Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Valuation Day is already an Averaging Date) in relation to the relevant Underlying; and (2) the Calculation Agent shall determine the level, price or value (as applicable) in respect of such Underlying (as applicable) for that Averaging Date in accordance with Term 2.1(b) above; and
 - (ii) **"Valid Date"** shall mean a Scheduled Valuation Day in respect of the relevant Underlying that is not a Disrupted Day and on which another Averaging Date in the relevant Averaging Period does not or is not deemed to occur in respect of the Underlying.
- (d) **"Preceding"**, then such Averaging Date in respect of the Underlying will be the immediately preceding day that is a Scheduled Valuation Day for such Underlying that is not a Disrupted Day and on which another Averaging Date has not or is deemed to have not occurred.

2.3 ***Postponement of Payments***

Notwithstanding the provisions of any other term or condition of the Notes, if the Calculation Agent determines that a Disrupted Day has occurred in respect of any Underlying on any Valuation Date, Observation Date or Averaging Date, payment of the Interest Amount, Final Redemption Amount or Automatic Early Redemption Amount (if such amount is payable) shall be postponed to the later of (i) the Maturity Date, the Interest Payment Date or the Automatic Early Redemption Date and (ii) the date that is three Business Days (or such other period specified in the applicable Pricing Supplement) following the postponed Valuation Date, Observation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Interest Amount, Final Redemption Amount or Automatic Early Redemption Amount in accordance with this Term 2 (*Disrupted Days*).

The Calculation Agent shall, on behalf of the Issuer, give notice to the holders of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes (copied to the Issuer) of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes.

3. **Best of/Worst of Provisions**

Where the applicable Pricing Supplement specifies that the Underlying (or, in respect of Multi Underlying Linked Notes, any Underlying in respect of such Note) is a Basket, the applicable Pricing Supplement may further specify either "Best of Provisions" or "Worst of Provisions" as applicable in respect of one or more of such Underlyings. If "Best of Provisions" are specified as applicable, the Value or Level of the Basket and/or the Final Value or Final Index Level of the Basket will be calculated on the basis of the Best Performing Share or Best Performing Index or

Best Performing Fund Interest, as applicable, in the relevant Basket, as if the Basket is constituted of only such Share or Index, as applicable. If "Worst of Provisions" are specified as applicable the Value or Level of the Basket and/or the Final Value or Final Index Level of the Basket will be calculated on the basis of the Worst Performing Share, Worst Performing Index or Worst Performing Fund Interest, as applicable, in the relevant Basket, as if the Basket is constituted of only such Share or Index, as applicable.

4. **Adjustments, Consequences of Certain Events and Currency in respect of Indices**

4.1 ***Index Modification, Index Cancellation and/or Index Disruption***

If the Calculation Agent determines that, in respect of any Index, an Index Modification, Index Cancellation or Index Disruption has occurred or any other event or events occur which the Calculation Agent determines necessitate(s) an adjustment or adjustments to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Interest Amount and/or any other relevant term of the Index Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer), the Issuer shall (acting on the instructions of the Calculation Agent) either (i) redeem each Index Linked/Multi Underlying Linked Note at its Fair Market Value on such date as the Issuer (acting on the instructions of the Calculation Agent) shall notify to holders of the Index Linked/Multi Underlying Linked Notes; and (ii) make any adjustment or adjustments to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Interest Amount and/or any other relevant term of the Index Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent deems necessary.

The Calculation Agent, on behalf of the Issuer, shall give notice to the holders of the Index Linked/Multi Underlying Linked Notes of any such adjustment or redemption (copied to the Issuer).

5. **Adjustments in respect of Shares**

5.1 ***Adjustments***

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of (i) a Share or (ii) in relation to a Basket, one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on (i) a Share or (ii) in relation to a Basket, one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price or Initial Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (**provided that** no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

The Calculation Agent shall give notice of such adjustment(s) and determinations to the Issuer and holders of the Equity Linked/Multi Underlying Linked Notes.

5.2 ***Consequences of a Merger Event***

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more Shares, the Issuer shall (if so instructed by the Calculation Agent) (i) redeem each Equity Linked/Multi Underlying Linked Note at its Fair Market Value as at the Merger Date on such date as the Issuer shall notify to holders of the Equity Linked/Multi Underlying Linked Notes; and/or (ii) make such adjustment to the exercise, settlement, payment or any other term or

condition of the Equity Linked/Multi Underlying Linked Notes as the Calculation Agent determines appropriate to account for the economic effect on the Equity Linked/Multi Underlying Linked Notes of such Merger Event (**provided that** no adjustments will be made solely to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Equity Linked/Multi Underlying Linked Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or (iii) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant "**Shares**" and the relevant "**Share Issuer**", respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Equity Linked/Multi Underlying Linked Notes as the Calculation Agent may determine.

The Calculation Agent shall, on behalf of the Issuer, give notice of such redemption, adjustment or deemed change to holders of the Equity Linked/Multi Underlying Linked Notes (copied to the Issuer).

5.3 *Consequences of a Tender Offer*

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more Shares, then on or after the relevant Tender Offer Date the Issuer shall (if so instructed by the Calculation Agent) (i) redeem each Equity Linked/Multi Underlying Linked Note at its Fair Market Value as at the Tender Offer Date on such date as the Issuer (acting on the instructions of the Calculation Agent) may notify to holders of the Equity Linked/Multi Underlying Linked Notes; and/or (ii) make such adjustment to the exercise, settlement, payment or any other term or condition of the Equity Linked/Multi Underlying Linked Notes as the Calculation Agent determines appropriate to account for the economic effect on the Equity Linked/Multi Underlying Linked Notes of such Tender Offer (**provided that** no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Equity Linked/Multi Underlying Linked Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment.

The Calculation Agent shall, on behalf of the Issuer, give notice of such redemption or adjustment to holders of the Equity Linked/Multi Underlying Linked Notes (copied to the Issuer).

5.4 *Nationalisation, Insolvency or Delisting*

If in respect of one or more of the Shares or a Share Issuer or ETF (as applicable) the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a Delisting, the Issuer shall (if so instructed by the Calculation Agent) (i) make such adjustment, if any, to any one or more of the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price or Initial Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent determines appropriate to account for the Nationalisation, Insolvency or Delisting, as the case may be, on the effective date of that adjustment (in each case as determined by the Calculation Agent) or (ii) redeem each Equity Linked/Multi Underlying Linked Note at the Fair Market Value as at the date of redemption taking into account the Nationalisation, Insolvency or Delisting on such date as the Issuer shall (acting on the instructions of the Calculation Agent) notify to holders of the Equity Linked/Multi Underlying Linked Notes.

The Calculation Agent, on behalf of the Issuer, shall give notice of any redemption of the Equity Linked/Multi Underlying Linked Notes, determination or adjustment pursuant to this Term to holders of the Equity Linked/Multi Underlying Linked Notes (copied to the Issuer).

5.5 ***Change in currencies***

If, at any time after the Issue Date, there is any change in the currency in which any Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Equity Linked/Multi Underlying Linked Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Equity Linked/Multi Underlying Linked Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency of denomination of the Equity Linked/Multi Underlying Linked Notes or any payment obligation arising out of the Equity Linked/Multi Underlying Linked Notes.

The Calculation Agent shall, on behalf of the Issuer, give notice of any adjustments pursuant to this Term to holders of the Equity Linked/Multi Underlying Linked Notes (copied to the Issuer).

6. **Adjustments in respect of Indices or Shares**

6.1 ***Change of Exchange***

If an Exchange is changed, the Issuer shall (acting on the instructions of the Calculation Agent) make such consequential modifications to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price or Initial Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent determines appropriate.

The Calculation Agent, on behalf of the Issuer, shall give notice of such modification(s) to holders of the Equity Linked/Index Linked/Multi Underlying Linked Notes (copied to the Issuer).

6.2 ***Price Correction***

In the event that any value or level published on any relevant Exchange or (in respect of indices only) by any relevant Index Sponsor in respect of a Share or Index (as applicable) and which is utilised for any calculation or determination made under the Equity Linked/Index Linked/Multi Underlying Linked Notes is subsequently corrected and the correction is published by the relevant Exchange or the relevant Index Sponsor within three Business Days (or such other period specified in the applicable Pricing Supplement) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will make such adjustments to the terms and conditions of the Equity Linked/Index Linked/Multi Underlying Linked Notes as the Calculation Agent determines to be appropriate to account for such correction.

The Calculation Agent, on behalf of the Issuer, shall give notice of such adjustment(s) to holders of the Equity Linked/Index Linked/Multi Underlying Linked Notes (copied to the Issuer).

6.3 ***Currency***

If the Calculation Agent determines that any event occurs affecting the currency of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes, or, in respect of Shares only, the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price or Initial Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer), the Issuer shall (acting on the instructions of the Calculation Agent) make such adjustment or adjustments to the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price or Initial Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes as the Calculation Agent deems necessary.

The Calculation Agent, on behalf of the Issuer, shall give notice to the holders of the Basket Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes of any such adjustment(s) (copied to the Issuer).

7. **Additional Disruption Events**

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer shall (acting on the instructions of the Calculation Agent) either (i) make such adjustment, if any, to any one or more of the Automatic Early Redemption Amount, Final Redemption Amount, Instalment Amount, Initial Index Level, Initial Share Price, Initial Value or Initial Fund Value (as applicable), Interest Amount and/or any other relevant term of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent determines appropriate to account for such Additional Disruption Event, on the effective date of that adjustment (in each case as determined by the Calculation Agent) or (ii) redeem each Equity Linked/Index Linked/Multi Underlying Linked Note at its Fair Market Value as at the date of redemption taking into account such Additional Disruption Event on such date as the Issuer (acting on the instructions of the Calculation Agent) shall notify to holders of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes.

The Calculation Agent shall, on behalf of the Issuer, give notice of any redemption of the Basket Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes or determination pursuant to this Term to holders of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes (copied to the Issuer).

8. **Adjustments in respect of Funds**

8.1 ***Consequences of an Extraordinary Fund Event***

(a) If the Calculation Agent determines that an Extraordinary Fund Event has occurred, the Issuer (acting on the instructions of the Calculation Agent) may take the action described below in Term 8.1(a), (b) or (c) **provided that**, if the Calculation Agent determines that an Extraordinary Fund Event has occurred or is continuing on the Delayed Payment Cut-off Date in accordance with Term 8.2, the Issuer (acting on the instructions of the Calculation Agent) shall determine that the action to be taken in respect of the Extraordinary Fund Event is "**Termination**".

(b) *Adjustment*

If the Issuer (acting on the instructions of the Calculation Agent) determines that the action to be taken in respect of the Extraordinary Fund Event is to be "**Adjustment**", then the Calculation Agent may determine, in its sole and absolute discretion, the appropriate adjustment(s), if any, to be made to any one or more Fund, Fund Interest and/or any of the other terms of the Fund Linked/Multi Underlying Linked Notes and/or the applicable Pricing Supplement to take account of the Extraordinary Fund Event and determine the effective date of such adjustment.

(c) *Substitution*

If the Issuer (acting on the instructions of the Calculation Agent) determines that the action in respect of the Extraordinary Fund Event is to be "**Substitution**", the Calculation Agent shall:

- (i) determine the weighted average price at which a Hypothetical Investor can redeem the Fund Interests in the relevant Fund in such number as determined by the Calculation Agent in its sole and absolute discretion as soon as it is reasonably practicable following the Extraordinary Fund Event;
- (ii) for a period of not longer than 14 calendar days following the date on which a Hypothetical Investor would have received proceeds from a redemption order in full submitted by the Hedge Provider as soon as practicable following the occurrence of an Extraordinary Fund Event, use reasonable efforts to substitute

the Fund Interests with shares, units or other similar interests in an alternative fund which, in the sole and absolute determination of the Calculation Agent, has similar characteristics to the relevant Fund, including, but not limited to, comparable investment objectives, investment restrictions and investment processes and has service providers acceptable to the Calculation Agent;

- (iii) if no alternative fund can be determined pursuant to sub-paragraph (ii) above, use reasonable efforts to substitute the Fund with an index (or a fund tracking such index) selected by the Calculation Agent in its sole and absolute discretion; and
- (iv) following any substitution in accordance with sub-paragraph (ii) or (iii) above, the Issuer may, in its sole and absolute discretion, require the Calculation Agent to make such determinations and/or adjustments to the Fund Linked/Multi Underlying Linked Notes and/or the Pricing Supplement as it determines to be appropriate to take account of such Substitution.

(d) *Termination*

If the Issuer determines (acting on the instructions of the Calculation Agent) that the action to be taken in respect of the Extraordinary Fund Event is to be "**Termination**", the Issuer shall redeem each Equity Linked/Fund Linked/Multi Underlying Linked Note at its Fair Market Value as at the date of redemption taking into account such Extraordinary Fund Event date as the Issuer (acting on the instructions of the Calculation Agent) shall notify to holders of the Fund Linked/Multi Underlying Linked Notes.

Where the occurrence of an event or set of circumstances is capable of triggering more than one Extraordinary Fund Event, the Calculation Agent may determine which Extraordinary Fund Event is to be triggered, in its sole and absolute discretion.

In considering whether the occurrence of an event or set of circumstances triggers an Extraordinary Fund Event, the Calculation Agent may have regard to the combined effect, from the Issue Date, of any event or set of circumstances, as the case may be, if such event or set of circumstances occurs more than once.

The Calculation Agent shall, on behalf of the Issuer, give notice of any redemption of the Fund Linked/Multi Underlying Linked Notes, determination or adjustment pursuant to this Term to holders of the Fund Linked/Multi Underlying Linked Notes (copied to the Issuer).

8.2 *Maturity Date/Automatic Early Redemption Date/Early Redemption Extension*

If on the date falling two Business Days prior to the originally designated Maturity Date, Automatic Early Redemption Date or any date designated by the Calculation Agent as a date on which the Issuer shall redeem the Notes, as the case may be, the Hedge Provider has not, after having placed one or more redemption orders in respect of its holding of Fund Interests in accordance with the terms of the relevant Fund Documents, received redemption proceeds in full in respect of such Fund Interests (the "**Redemption Proceeds**") (or, in the case of a Hypothetical Investor, been deemed to have received the Redemption Proceeds), the Calculation Agent may, on giving notice to the holders of the relevant series of Notes (with a copy to the Issuer) stating that the Maturity Date, Automatic Early Redemption Date or other date designated by the Calculation Agent as a date on which the Issuer shall redeem the Notes shall be extended, postpone the Maturity Date, Automatic Early Redemption Date or early redemption of Notes, as the case may be.

On the date falling not more than 10 Business Days following receipt by the Hedge Provider of the Redemption Proceeds (or, in the case of a Hypothetical Investor, the deemed receipt of the Redemption Proceeds) the Calculation Agent shall redeem the Fund Linked/Multi Underlying Linked Notes (such date, the "**Postponed Settlement Date**") by payment to each Holder of the Final Redemption Amount, the Automatic Early Redemption Amount or the Fair Market Value, as the case may be, **provided that**, if the Hedge Provider does not receive the Redemption

Proceeds within the period ending on (and including) the Delayed Payment Cut-off Date, the Calculation Agent shall determine that an Extraordinary Fund Event has occurred and is continuing on the Delayed Payment Cut-off Date and the provisions of Term 8.1(d) (*Termination*) shall apply.

9. **Automatic Early Redemption**

Subject to Term 8.2 (*Maturity Date/Automatic Early Redemption Date/Early Redemption Extension*), for the purposes of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes, if "Automatic Early Redemption" is specified as being applicable in the applicable Pricing Supplement, then unless previously redeemed or purchased and cancelled, if the Calculation Agent determines that on any Automatic Early Redemption Valuation Date an Automatic Early Redemption Event has occurred, then the Calculation Agent shall promptly notify the Issuer and the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date, and in any such case the redemption amount payable by the Issuer on such date upon redemption of each Equity Linked/Index Linked/Multi Underlying Linked Note shall be an amount equal to the relevant Automatic Early Redemption Amount.

The Calculation Agent shall, on behalf of the Issuer, give notice of any redemption of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes or determination pursuant to this Term to holders of the Equity Linked/Index Linked/Fund Linked/Multi Underlying Linked Notes (copied to the Issuer).

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

The Notes of each Series will be in bearer form without interest coupons attached.

The Notes will be initially issued in the form of a temporary bearer global note (a "**Temporary Bearer Global Note**") which will be delivered on or prior to the issue date of the relevant Tranche to a common depositary (the "**Common Depositary**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**").

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes of such Tranche due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a similar certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein for interests in a permanent global note (a "**Permanent Bearer Global Note**" and, together with the Temporary Bearer Global Note, the "**Bearer Global Notes**") of the same Series against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note) without any requirement for certification.

A Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 9 (*Events of Default*)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative or successor clearing system satisfactory to the Trustee is available or (iii) the Issuer would suffer a disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear and/or Clearstream, Luxembourg which would not be suffered were the Notes in definitive form and a certificate to such effect signed by two directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Notes that are not in registered form for U.S. tax purposes which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Notes:

"ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Temporary Bearer Global Note or a Permanent Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Further Tranches

Pursuant to the Agency Agreement (as defined under "*General Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes issued is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN number which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period applicable to the Notes of such Tranche.

Other provisions relating to Notes held in Euroclear and/or Clearstream, Luxembourg

For so long as any of the Notes is represented by a Bearer Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and their agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note shall be treated by the Issuer, the Trustee and their agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Condition 5(h) (*Payment Day*) provides that "**Payment Day**" means either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne and Wellington, respectively) or (2) in relation to any sum payable in euro, a TARGET Settlement Day (as defined in Condition 4(b) (*Interest*) above), and each Additional Financial Centre specified in the applicable Pricing Supplement.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system as may be approved by the Issuer, the Principal Paying Agent and the Trustee.

USE OF PROCEEDS

The net proceeds from the issue of the Notes will be used by the Issuer for general corporate purposes, which includes making a profit and/or hedging certain risks.

TAXATION

Transactions involving the Notes may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. Potential purchasers who are in any doubt about the tax position of any aspect of transactions involving the Notes should consult their own tax advisers.

UNITED KINGDOM TAXATION

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("**HMRC**"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any of the Notes may affect the tax treatment of that and other series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders should ensure that they understand their tax position before acquiring any Notes. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to make sure they understand their tax position and whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

United Kingdom Withholding Tax

UK Withholding Tax on UK Source Interest

The Notes issued by the Issuer which carry a right to interest ("**UK Notes**") will constitute "quoted Eurobonds" provided they are and continue to be "listed on a recognised stock exchange". Whilst the UK Notes are and continue to be quoted Eurobonds, payments of interest on the UK Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

Securities will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in EEA states, in a country outside the United Kingdom in which there is a recognised stock exchange.

The Irish Stock Exchange is a recognised stock exchange, and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be included in the Official List of and admitted to trading on the regulated market (for the purposes of EU Directive 2004/39/EC (the Markets in Financial Instruments Directive)) (the "**Regulated Market**") of the Irish Stock Exchange.

In addition to the quoted Eurobonds exemption set out above, interest on the UK Notes may be paid without withholding or deduction for or on account of United Kingdom income tax so long as the Issuer is a "bank" for the purposes of section 878 of the Income Tax Act 2007 and so long as such payments are made by the Issuer in the ordinary course of its business.

In all cases falling outside the exemptions described above, interest on the UK Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply. However, this withholding will not apply if the relevant interest is paid on Notes with a maturity date of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such Notes part of a borrowing with a total term of a year or more.

Other Rules Relating to UK Withholding Tax

Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions outlined above.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "**interest**" and "**principal**" above mean "interest" and "principal" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation (e.g. See Condition 5 (*Payments*) of the Conditions). Noteholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as these terms are understood in United Kingdom tax law. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an issuer of the Notes (whether pursuant to Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) of the Conditions or otherwise) and does not consider the tax consequences of any such substitution.

OTHER INFORMATION RELATING TO TAX

The following is a general description of certain other non-United Kingdom tax considerations relating to the Notes. It does not purport to be a complete analysis of all non-United Kingdom tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

The proposed FTT

On 14 February 2013, the European Commission published a proposal (the "**Commission's proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**") and Estonia. However, Estonia has since stated that it will not participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

WITHHOLDING ON ACCOUNT OF U.S. TAX UNDER FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as "FATCA", a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes.

A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

IRISH TAXATION

The following is a summary of the Irish withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of the Revenue Commissioners of Ireland which may be subject to change, sometimes with retrospective effect. The comments do not deal with other Irish tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any of the Notes may affect the tax treatment of that and other series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders should ensure that they understand their tax position before acquiring any Notes. Noteholders who may be liable to taxation in jurisdictions other than Ireland in respect of their acquisition, holding or disposal of the Notes are particularly advised to make sure they understand their tax position and whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain Irish taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the Ireland.

Irish Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on any Notes so long as such payments do not constitute Irish source income. Interest paid on Notes should not be treated as having an Irish source unless:

- (a) the relevant Issuer is resident in Ireland for tax purposes; or

- (b) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which is used to fund the payments on such Notes; or
- (c) the Issuer is not resident in Ireland for tax purposes but the register for such Notes is maintained in Ireland; or (if the Notes are in bearer form) the Notes are physically held in Ireland.

On the basis that the Issuer is not, and will not become, resident in Ireland for tax purposes, that the assets or income of any branch or permanent establishment of the Issuer in Ireland will not be used to fund the payments on the Notes, and that the Issuer will not maintain a register of any Registered Notes in Ireland and bearer notes will not be physically located in Ireland, payments on the Notes may be made without withholding or deduction for or on account of Irish withholding tax.

If the payments of interest were deemed to have an Irish source, the Issuer will not be obliged to withhold Irish income tax from payments of interest on any Notes where:

- (a) the Notes carry a right to interest, are, and continue to be, quoted on a recognised stock exchange for the purposes of section 64 of the Irish Taxes Consolidation Act 1997;
- (b) the person by or through whom the payment is made is not in Ireland, or if such person is in Ireland, either:
 - (i) the Notes are held in a clearing system recognised by the Irish Revenue Commissioners (Euroclear and Clearstream, Luxembourg are, amongst others, so recognised); or
 - (ii) the Noteholder is not resident in Ireland and has made a declaration to a relevant person (such as a paying agent located in Ireland) in the prescribed form.

The Irish Stock Exchange is a recognised stock exchange for these purposes.

Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from payments on Notes issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Noteholder who is Irish resident. Encashment tax does not apply where the Noteholder is not resident in Ireland and has made a declaration in the described form to the encashment agent or bank.

SUBSCRIPTION AND SALE OF NOTES

The Dealer has, in a programme agreement most recently amended and restated on or about 19 July 2017 (such programme agreement as further modified and/or supplemented and/or restated from time to time, the "**Programme Agreement**"), agreed with the Issuer a basis upon which it and any other dealers from time to time appointed under the Programme or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Summary of Provisions relating to the Notes while in Global Form*" and "*General Conditions of the Notes*". The Notes may be sold by the Issuer through the Dealer(s), acting as agent(s) of the Issuer. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

The Notes are in bearer form for U.S. tax purposes and are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. The Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

Each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in Ireland:

- (a) *Approved Prospectus*: following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in Ireland, **provided that** the Issuer has consented in writing to its use for the purpose of such offer of Notes to the public;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

- (d) *Other exempt offers:* at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision only, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

United Kingdom

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

None of the Issuer, the Trustee or any of the Dealers has represented that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating any such sale.
