RISK FACTORS

The following is a description of certain aspects of the issue of the Notes of which any prospective purchaser of the Notes should be aware, but it is not intended to be exhaustive and any prospective purchaser of the Notes should also read the detailed information set out elsewhere in this document and the other documents relating to the Notes and take their own tax, legal and other relevant advice as to the advisability, structure and viability of their investment. In particular, the attention of prospective purchasers of the Notes is drawn to “Investor Suitability” and “Risk Factors” in the Base Prospectus.

General

Credit Considerations

Prospective purchasers of Notes should take into account, when making a decision as to whether or not to invest in the Notes, that the timing of redemption of the Notes, the amount due to be paid and/or delivered upon redemption of the Notes and the timing and the amount of any interest and principal due on the Notes is dependent on the performance of the Charged Assets and the Charged Agreement.

Security

There can be no assurance that the amount payable to the Noteholders on any early redemption of the Notes or upon enforcement of the security for the Notes will be equal to the Issue Price or the outstanding Principal Amount of the Notes. Any shortfall in payments due to the secured creditors, including the Noteholders, will be borne in the inverse of the order of the Priority of Payments specified in Paragraph 4 of “Conditions of the Notes”, and any claims of the Noteholders remaining after a mandatory redemption of the Notes or a realisation of the security and application of the proceeds as aforesaid shall be extinguished. None of the Programme Parties or the obligors under the Collateral (other than the Issuer) has any obligation to Noteholders for payment of any amount owing by the Issuer in respect of the Notes.

Custody Arrangements

The Issuer and the Trustee have appointed the Custodian to hold the Charged Assets on their respective behalves in accordance with the Custody Agreement, and the Custodian has appointed the Sub-Custodian to hold the Charged Assets that comprise any bonds issued by the Government of Japan in the Alternative Clearing System in accordance with the Sub-Custody Arrangements. The Issuer has no direct contractual relationship with the Sub-Custodian, and the Custodian has not created security over its rights against the Sub-Custodian in favour of the Issuer. Accordingly, in the event that the Trustee enforces its security, it will have no direct rights against the Sub-Custodian or the Alternative Clearing System for delivery of the Charged Assets that comprise any bonds issued by the Government of Japan, but rather will be relying on the rights it has against the Custodian for such delivery.

In respect of any cash held by the Custodian on behalf of the Issuer in respect of the Notes, if the relevant overnight benchmark rate or any official overnight interest rate set by a central bank or other monetary authority reaches or falls below zero, the Custodian (or its affiliates) shall be entitled to levy the Custodian Charge in respect of the Issuer’s Cash Account held directly or indirectly with the Custodian. It is anticipated that, prior to any Extension Calculation Period, the Swap Counterparty will, pursuant to the Charged Agreement, pay to, or to the order of, the Issuer an amount equal to any such Custodian Charge for settlement thereof. However, if such Custodian Charge applies during the Extension Calculation Period, the Swap Counterparty will

not be obliged to make any such payments and the Custodian shall be entitled to deduct amounts from the Issuer's Cash Account to pay such Custodian Charge. Any such deduction would reduce the amounts available to make payments to the Noteholders.

Prospective purchasers of the Notes should undertake their own due diligence as to the impact of these custodial arrangements upon the enforceability of the security interests purported to be created by the Pledge Agreement (as defined below).

Cash held by the Custodian

Investors should note that any cash held by the Custodian, whether as Charged Assets or proceeds thereof, Eligible Credit Support or otherwise, will be credited to the Cash Account and held by the Custodian as banker and not as trustee and as a result such money will not be held in accordance with the UK Financial Conduct Authority's client money rules.

This means that any such money may be used by the Custodian in the course of its own business and the Issuer will rank only as a general creditor of the Custodian as regards such money. Accordingly, insofar as the Custodian holds any such cash, any investor in the Notes will be exposed to the credit risk of the Custodian and, if the security for the Notes is enforced, the balance of the Cash Account will only be available to satisfy the liabilities of the Issuer to the extent that such amount is available to the Issuer as a general creditor of the Custodian.

Expenses

All payments of anticipated costs and expenses of the Issuer in connection with the issue of Notes have been, or will be, met by the Arranger pursuant to the Programme Expenses Letter and the Series Expenses Letter (each as defined below). To the extent that any unanticipated or extraordinary costs and expenses of the Issuer which are payable by the Issuer arise in connection with the Notes or otherwise and such costs and expenses are not paid by the Arranger (or are not otherwise payable by the Arranger pursuant to the Programme Expenses Letter and the Series Expenses Letter), the Issuer may have no available funds to pay such costs and expenses and there is a risk that it might become insolvent as a result thereof.

Migration

In respect of any rating assigned to a Reference Entity or Reference Obligation (each as defined in the Charged Agreement), rating agencies may fail to make timely changes in credit ratings in response to subsequent events, so that the financial condition of the Reference Entity or other obligor in respect of a Reference Obligation may be better or worse than its rating indicates.

Secondary Market Trading

Under normal market conditions, Barclays Bank PLC or its affiliates may purchase the Notes in the secondary market and, upon request by a Noteholder, may, within a reasonable time, provide secondary market prices during the term of the Notes. Such prices may be subject to change by the time of any such purchase. The minimum transaction size for a secondary market purchase is JPY 100,000,000. The Notes cannot be partially sold.

The Notes as Credit-Linked Notes

Exposure to the Reference Entity and Reference Obligation

The Notes do not represent a claim against the Reference Entity and, in the event of any loss, the Noteholders will not have recourse under the Notes to the Reference Entity. However, the Noteholders will be exposed to the credit risk of the Reference Entity and any Reference Obligation (as defined in the Charged Agreement). The likelihood of a Credit Event (as defined in the Charged Agreement) occurring in respect of a Reference Entity will generally fluctuate with, among other things, the financial condition of such Reference Entity, together with general economic conditions, the conditions of certain financial markets, political events, developments or trends in particular industries and changes in prevailing market rates.

Risk of Loss

The Noteholders bear the risk of loss in relation to the Reference Entity and any Reference Obligation and in relation to the Charged Assets. Noteholders should note that such risk is borne from the Credit Event Backstop Date (in respect of a Credit Event) and from 23 September 2016 (in the case of a Bond Redemption Event), notwithstanding that each date precedes, or may precede, the Issue Date of the Notes. If a Credit Event or a Bond Redemption Event (each as defined in the Charged Agreement) occurs, the Notes will be redeemed (in the manner more particularly described in the Notes) and the Issuer will (subject as provided herein) pay to the Noteholders the Adjusted Face Amount (as defined herein) in respect of each Note (in the case of a Credit Event) and pay to the Noteholders the Bond Redemption Amount (as defined in the Charged Agreement) in respect of each Note (in the case of a Bond Redemption Event). The Adjusted Face Amount and/or Bond Redemption Amount may be substantially less than par, or even zero, and therefore the Noteholders may receive on such redemption less than their initial investment. In addition, the amount of interest payments will be adversely affected. If a Credit Event or a Bond Redemption Event occurs interest due on the Notes will cease to accrue from and including the Event Determination Date or the Buyer Period End Date immediately preceding the Bond Event Notice Delivery Date (each as defined in the Charged Agreement) in respect of such Credit Event or Bond Redemption Event or, if there is no preceding Buyer Period End Date, one Business Day immediately following the Effective Date (as defined in the Charged Agreement).

Risks relating to the Credit Derivatives Definitions and the Credit Derivatives Determinations Committees

Credit Derivatives Definitions

Certain terms used in the Notes are defined by reference to the Charged Agreement, which in turn incorporates by reference (as modified in the Charged Agreement) the definitions and provisions of the 2014 ISDA Credit Derivatives Definitions (the “**Credit Derivatives Definitions**”) as published by the International Swaps and Derivatives Association, Inc. (“**ISDA**”). However, the Conditions of the Notes do not directly incorporate by reference the provisions of the Credit Derivatives Definitions and there may be differences between the definitions used in the Notes and the Credit Derivatives Definitions. Further, the Charged Agreement contains modifications to the Credit Derivatives Definitions for use in the Charged Agreement. Consequently, investing in the Notes is not exactly equivalent to investing in a credit default swap that incorporates the Credit Derivatives Definitions as published by ISDA.

While ISDA has published the Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the Credit Derivatives Definitions and the terms applied to credit derivatives, including the Notes, are subject to interpretation and

further evolution. Past events have shown that the views of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution in the market, interpretation of the Notes may differ in the future because of future market standards. Such a result may have a negative impact on the Notes.

There can be no assurance that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or Noteholders. Future amendments or supplements to the terms applicable to credit derivatives generally will only apply to the Notes that have already been issued if the Issuer, the Swap Counterparty and the Trustee (with the consent of Noteholders, if applicable) agree to amend the Notes to incorporate such amendments or supplements and other conditions to amending the Notes have been met.

Credit Derivatives Determinations Committees

Credit Derivatives Determinations Committees were originally established pursuant to the March 2009 Supplement (later incorporated in the July 2009 Supplement) to the 2003 ISDA Credit Derivatives Definitions published by ISDA to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. Determinations Committees are regional committees composed of significant participants in the credit default swap market in the applicable region. Determinations Committees are typically composed of both the largest dealers in credit default swaps as well as non-dealers, but dealers typically significantly outnumber non-dealers. The Credit Derivatives Determinations Committees continue to perform this role under the Credit Derivatives Definitions. As at the date of this Prospectus, Barclays Bank PLC is a member of each of the Credit Derivatives Determinations Committees. In such capacity, it need not have regard to the interests of any Noteholders when taking any action or casting any vote.

Whether or not a Credit Event or Succession Date has occurred, and certain decisions relating thereto, may be dependent on determinations made by the relevant Credit Derivatives Determinations Committee.

The procedures of the Determinations Committees are set forth in the DC Rules (as such term is incorporated into the Charged Agreement). The DC Rules may be amended by a Determinations Committee in accordance with the DC Rules. None of ISDA, the institutions serving on the Determinations Committees or any external reviewers owes any duty to any investor in such capacity, and any investor may be prevented from pursuing claims with respect to actions taken by such persons under the DC Rules. Institutions serving on a Determinations Committee may base their votes on information that is not available to an investor, and have no duty to research, investigate, supplement or verify the accuracy of information on which a determination is based. In addition, a Determinations Committee is not obligated to follow previous determinations or to apply principles of interpretation such as those that might guide a court in interpreting contractual provisions. Therefore, a Determinations Committee could reach a different determination on a similar set of facts.

In making any determination in its capacity as Swap Counterparty or as the "Calculation Agent" under the Charged Agreement, the Swap Counterparty may have regard to (and, in certain circumstances, is bound by) decisions made by the relevant Credit Derivatives Determinations Committee. Where the Swap Counterparty is a member of any such committee, it need not have regard to the interests of Noteholders when taking any action or casting any vote.

Further information about the Credit Derivatives Determinations Committees may be found at www.isda.org/credit.

Exposure to default or early termination under Charged Agreement

Upon the occurrence of an Event of Default or Termination Event (each as defined in the Charged Agreement) under the Charged Agreement, the Notes shall fall due for early redemption by applying the net proceeds of enforcement of the security in accordance with the Conditions, which may have a market value substantially less than par or even zero, and therefore in such circumstances, the Noteholders may receive on redemption an amount which is equal to less than the outstanding Principal Amount of the Notes.

No Obligation to Make Good on Losses

Neither the Issuer nor any of the Programme Parties guarantees the performance of or otherwise stands behind the Reference Entity or any Reference Obligation, the issuer or obligor of the Charged Assets or the Charged Assets and is not obligated to make good on any losses suffered by the Noteholders as a result of Credit Events with respect to the Reference Entity or any Reference Obligation or as a result of Bond Redemption Events with respect to the issuer or obligor of the Charged Assets or the Charged Assets.

Limited Recourse

All payments to be made by the Issuer in respect of the Notes will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Collateral in respect of such Notes. To the extent that such sums are less than the amount which the holders of the Notes expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, following enforcement of the security for the Notes, in the inverse of the order of priorities on enforcement specified in Condition 4(d). Each holder of Notes by subscribing for or purchasing such Notes will be deemed to accept and acknowledge that it is fully aware that: (i) the holders of the Notes shall look solely to the sums referred to in the first sentence of this section, as applied in accordance with the order of priorities referred to in the second sentence of this section (the “**Relevant Sums**”), for payments to be made by the Issuer in respect of such Notes; (ii) the obligations of the Issuer to make payments in respect of such Notes will be limited to the Relevant Sums and the holders of such Notes shall have no further recourse to the Issuer (or any of its rights, assets or properties), the Swap Counterparty or any other Programme Party or person and, without limiting the generality of the foregoing, any right of the holders of such Notes to claim payment of any amount exceeding the Relevant Sums shall be automatically extinguished; and (iii) the holders of such Notes shall not be entitled to petition for the winding up of the Issuer as a consequence of any such shortfall or otherwise.

No Guarantee of Performance

None of the Programme Parties is obligated to make payments on the Notes, and none of them guarantees the value of the Notes or is obliged to make good on any losses suffered as a result of an investment in the Notes. Investors must rely solely on the relevant Collateral for payment under the Notes. There can be no assurance that amounts received by the Issuer from the Collateral will be sufficient to pay all amounts when due if at all. Neither the Issuer nor any of the Programme Parties will have any liability to the holders of any Notes as to the amount, or value of, or any decrease in the value of, the relevant Collateral.

Synthetic Exposure

The Issuer does not own any of the Reference Obligation(s) and the Swap Counterparty is not obligated to own any Reference Obligation or have any credit exposure to the Reference Entity. The Issuer and the Swap Counterparty need not suffer any loss in order for a Credit Event to exist.

The Notes do not represent a claim against the Reference Entity and, in the event of any loss, Noteholders do not have recourse under the Notes to the Reference Entity.

Swap Counterparty Discretion

The Swap Counterparty will be entitled to determine in its sole and absolute discretion when and whether to deliver a Credit Event Notice and Notice of Publicly Available Information, and any delay or forbearance in delivering any such notices following the occurrence of any event or condition permitting the same is not and shall not be construed as a waiver of any such right and shall not affect the right of the Swap Counterparty to give any such notice at any time thereafter.

Independent Review and Advice

Each prospective purchaser of the Notes is responsible for its own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of the issuer or obligor of the Charged Assets, the Charged Assets, the Reference Entity, the Reference Obligation or any obligations of the Reference Entity, as well as the risks in respect of the Notes and their terms, including, without limitation, any tax, accounting, credit, legal and regulatory risks.

A prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in such Notes including any credit risk associated with the issuer or obligor of the Charged Assets, the Charged Assets, the Reference Entity and the Issuer. None of the Issuer or any of the Programme Parties will have any responsibility or duty to make any such investigations, to keep any such matters under review or to provide the prospective purchasers of the Notes with any information in relation to such matters or to advise as to the attendant risks. See also the section entitled “Investor Suitability” in the Base Prospectus.

Although the Swap Counterparty and/or its affiliates may have entered into and may from time to time enter into business transactions with the issuer of the Charged Assets or the Reference Entity, the Swap Counterparty and/or its affiliates at any time may or may not hold obligations of or have any business relationship with the issuer of the Charged Assets or any particular Reference Entity.

No Representations

None of the Issuer, any of the Programme Parties or any of their respective affiliates will have made any investigation of, or makes any representation or warranty, express or implied, as to the issuer of the Charged Assets or the Reference Entity (including, without limitation, with regard to their respective financial condition or creditworthiness) or any Charged Assets or any Reference Obligation or any obligation of the Reference Entity or any information contained in any documents provided by the issuer of the Charged Assets or by the Reference Entity, respectively, to any of them or to any other person or filed by the issuer of the Charged Assets or by the Reference Entity with any exchange or with any governmental entity regulating the offer and sale of securities.

In particular, none of the Issuer, any of the Programme Parties or any of their respective affiliates will have made any investigation of, or makes any representation or warranty, express or implied, as to:

- (1) the existence or financial or other condition of the issuer of the Charged Assets or the Reference Entity; or

- (2) whether the relevant Obligations, the Reference Obligations and/or the Original Non-Standard Reference Obligation (each as defined in the Charged Agreement), or the Charged Assets, constitute legal, valid and binding obligations of the Reference Entity or the issuer or obligor of the Charged Assets, respectively.

Conflicts of Interest

The Issuer, the Programme Parties and any of their respective affiliates may deal in any obligation, including the Charged Assets, other obligations of the issuer of the Charged Assets and any obligation of the Reference Entity or its affiliates, and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the issuer of the Charged Assets and the Reference Entity, its affiliates, any other person or entity having obligations relating to the issuer of the Charged Assets, the Reference Entity or its affiliates and may act with respect to such business in the same manner as if any Notes issued hereunder did not exist, regardless of whether any such action might have an adverse effect (including, without limitation, any action which might give rise to an event of default or a Credit Event) on the issuer of the Charged Assets or the Reference Entity and/or its affiliates. Various potential and actual conflicts of interest may arise between the interests of the Noteholders, on the one hand, and some or all of the Issuer, the Programme Parties and any of their respective affiliates, on the other hand. None of the Issuer, the Programme Parties nor any of their respective affiliates is required to resolve such conflicts of interest in favour of the Noteholders and may pursue actions and take such steps that it deems necessary or appropriate to protect its interests without regard to the consequences for the Noteholders. In particular, the interests of the Swap Counterparty may be adverse to those of the Noteholders. The terms of the Notes and the Charged Agreement provide the Swap Counterparty with certain discretions which it may exercise without any regard for the interests of the Noteholders.

Provision of Information

The Issuer, the Programme Parties and any of their respective affiliates, whether by virtue of the types of relationships described herein or otherwise, may possess information in relation to the issuer of the Charged Assets, the Reference Entity, any Reference Obligation, any obligation of the Reference Entity, any affiliate of the Reference Entity or any guarantor that is or may be material in the context of these Notes and that may or may not be publicly available or known. The Notes will not create any obligation on the part of any of the Issuer, the Programme Parties and any of their respective affiliates to disclose any such relationship or information (whether or not confidential). None of the Issuer, the Programme Parties or any of their respective affiliates makes any representation as to the credit quality of the Charged Assets, the issuer of the Charged Assets, the Reference Entity, the Reference Obligation, the Original Non-Standard Reference Obligation or any obligation of the Reference Entity. The information contained herein in relation to the JGB Charged Assets, the Reference Entity and the Original Non-Standard Reference Obligation is contained in the sections entitled "Description of the Charged Assets" and "Description of the Reference Entity" and in Annex 1 (*Form of Charged Agreement*), respectively, and is summary only and has been reproduced from public sources and none of the Programme Parties or any of their respective affiliates or any other person has verified, and the Issuer has only made very limited enquiries in relation to, the information relating to the JGB Charged Assets, the Reference Entity and the Original Non-Standard Reference Obligation contained herein or in any of the documents made available for inspection by the Noteholders and, save as otherwise set out in the section headed "Responsibility Statement", none of them accepts any responsibility for the accuracy or completeness of such information and prospective investors in the Notes should not rely upon, and should make their own independent investigations and enquiries in respect of, the same.

This Prospectus does not provide any information on the creditworthiness of, or likelihood of the occurrence of a Credit Event with respect to, the Reference Entity. As the occurrence of a Credit Event may result in a loss to purchasers of the Notes, each prospective investor is advised to make its own assessment of the likelihood of the occurrence of a Credit Event in respect of the Reference Entity.

Legal Opinions

Whilst legal opinions relating to the issue of the Notes have been obtained by the Arranger, the Dealer and the Trustee with respect to English law and Cayman Islands law, no legal opinions have been obtained with respect to the laws governing the JGB Charged Assets or the Pledge Agreement or any Reference Obligation or other obligation of the Reference Entity or the laws of the country of incorporation of the Reference Entity in the context of the validity, enforceability or binding nature of the relevant Reference Obligation or other obligation of the Reference Entity as against the Reference Entity.

No Fiduciary Role

None of the Issuer, any of the Programme Parties or any of their respective affiliates is acting as an investment adviser, and none of them (other than the Trustee) assumes any fiduciary obligation, to any purchaser of Notes.

None of the Issuer or any of the Programme Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of the issuer or obligor of any Charged Assets or the terms thereof or of the Reference Entity or any Reference Obligation or any obligation of a Reference Entity or of any Swap Counterparty or the terms of the Charged Agreement.

None of such parties makes any representation or warranty, express or implied, as to any of such matters nor as to the legal, valid and binding effect of the terms of the Charged Assets or of the Charged Agreement.

Third Party Information

The Issuer has only made very limited enquiries with regards to, and none of the Programme Parties has verified or (save as otherwise set out in the section headed "Responsibility Statement") accepts any responsibility for, the accuracy and completeness of the Third Party Information (as defined below). Prospective investors in the Notes should not rely upon, and should make their own independent investigations and enquiries in respect of, the accuracy and completeness of the Third Party Information.

In respect of any cash held by the Custodian on behalf of the Issuer in respect of the Notes, if the relevant overnight benchmark rate or any official overnight interest rate set by a central bank or other monetary authority reaches or falls below zero, the Custodian or its affiliates may (solely in such circumstance) apply a charge (the “**Custodian Charge**”) to the Cash Account (and such Custodian Charge may also include any charges or fees that the Custodian may apply to the Cash Account, in addition to any negative interest, that may be chargeable as a result of any negative interest rate applicable to such account). Dated: the date specified in the
Constituting Instrument
relating to the Notes referred to
in such Constituting Instrument

between

the Swap Counterparty

(“**Party A**”)

and

the Issuer

(“**Party B**”)

In respect of each Constituting Instrument entered into by the parties thereto (the “**Constituting Instrument**”) and the Series of Notes constituted thereby (the “**Notes**”), Party A and Party B are deemed to have entered into an agreement (the “**Agreement**”) in the form of the 2002 ISDA Master Agreement relating to the Charged Agreement entered into by Party A and Party B in respect of such Series of Notes, and such Agreement is deemed to be incorporated into this Agreement *in extenso* as amended by the following schedule which shall take effect as if it was the Schedule to such Agreement.

**SCHEDULE TO THE AGREEMENT
IN RESPECT OF THE SERIES OF NOTES
CONSTITUTED BY THE CONSTITUTING INSTRUMENT**

This Schedule is the Schedule to the Agreement referenced on the preceding page. For the avoidance of doubt, the Agreement and this Schedule relate solely to the Charged Agreement entered into between Party A and Party B in respect the Notes constituted by the Constituting Instrument referenced on the preceding page.

In this Schedule “**Notes**” means the Notes of the relevant Series constituted by the relevant Constituting Instrument and “**Charged Assets**” and “**Noteholders**” bear the meaning ascribed thereto in the Conditions of the Notes of the relevant Series.

This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together unless specific provision to that effect is made in the relevant Confirmation(s) and/or Constituting Instrument. It is understood that the parties would not otherwise enter into any Transaction or Transactions. References to this “**Agreement**” in respect of a Transaction or Transactions mean this document together with the Confirmation(s) relating to that Transaction or Transactions. The terms and provisions of the Agreement in all instances shall be read and construed so as to give effect to the foregoing.

Each Charged Agreement shall be constituted by the Agreement and a Confirmation or Confirmations evidencing the Transaction or Transactions to be outstanding thereunder (the “**Transaction**” or “**Transactions**”), each such Confirmation constituting a Confirmation for the purposes of the relevant Agreement.

Notwithstanding anything to the contrary in this Agreement, in respect of a Series of Notes, each Agreement, each relevant Confirmation and each Transaction shall form a single agreement with respect to that Series of Notes. “**Transaction**”, “**Transactions**” and “**Agreement**” shall be interpreted accordingly and no other Agreements and no other Confirmations and Transactions in respect of any other Series of Notes shall be subject to, governed by or made part of such Agreement.

If, in respect of a Series of Notes, the Constituting Instrument therefor provides that Party A and Party B are parties to a Credit Support Annex (Bilateral Form – Transfer) governed by English law (“**Credit Support Annex**”) in respect of such Series of Notes, then the Transaction evidenced by such Credit Support Annex shall be a Transaction subject to, governed by and made part of the Agreement in respect of such Series of Notes.

such purchase in accordance with such Condition, then the obligation of each of Party A and Party B to make payment or delivery to the other party in respect of each Transaction outstanding under the Agreement after the date of such exchange shall be terminated in full.

Amounts due from Party A to Party B or from Party B to Party A, as the case may be, will be made to the account of the relevant party specified in the Confirmation. All such payments will be made on the date specified in such notice or, in the case of Paragraph 1.10 above, on the due date of redemption of the Notes in question or, in the case of Paragraph 1.12 above, on the date of cancellation of the Notes and issue of the Notes of the New Series.

"**Transaction**", "**Transactions**" and "**Agreement**" shall be interpreted accordingly and no other Agreements and no other Confirmations and Transactions in respect of any other Series of Notes shall be subject to, governed by or made part of such Agreement.

This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together unless specific provision to that effect is made in the relevant Confirmation and/or Constituting Instrument. It is understood that the parties would not otherwise enter into any Transaction or Transactions. References to this "**Agreement**" in respect of a Transaction or Transactions mean this document together with the Confirmation relating to that Transaction or Transactions.
