

SERIES INFORMATION MEMORANDUM

DOURO FINANCE B.V.

(incorporated with limited liability in the Netherlands under registered number 55482643)

Issue of Series 2019-575 EUR 12,190,000 Secured Limited Recourse Instalment Securities due 2059

This Series Information Memorandum includes the Issue Terms relating to the Securities. Investors should note that such Issue Terms supersede in their entirety any term sheets which may have been circulated previously.

The Securities are only intended for highly sophisticated and knowledgeable investors who are capable of understanding and evaluating the risks involved in investing in the Securities and who are required to read the "Risk Factors" section of the Douro Finance B.V. information memorandum dated 21 June 2019.

**Arranger and Dealer
Banco Bilbao Vizcaya Argentaria, S.A.**

The date of this Series Information Memorandum is 19 July 2019

GENERAL

This Series Information Memorandum dated 19 July 2019 under which the Issue of Series 2019-575 EUR 12,190,000 Secured Limited Recourse Instalment Securities due 2059 (the “**Securities**”) are described, is supplemental to the Information Memorandum dated 21 June 2019 (the “**Information Memorandum**”) relating to the EUR 5,000,000,000 Limited Recourse Secured Debt Issuance Programme (the “**Programme**”) of Douro Finance B.V. (the “**Issuer**”) and is issued in conjunction with, and incorporates by reference, the Information Memorandum. This Series Information Memorandum constitutes a prospectus issued in compliance with Directive 2003/71/EC (the “**Prospectus Directive**”) as amended and superseded. It should be read together with the Information Memorandum as one document. To the extent that the Information Memorandum is inconsistent with this Series Information Memorandum, this Series Information Memorandum shall prevail. Terms defined in the Information Memorandum shall, unless the context otherwise requires, bear the same meanings herein.

The Issuer accepts responsibility for the information contained in this Series Information Memorandum. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Series Information Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

None of the Arranger, the Counterparty, the Calculation Agent, the Realisation Agent, Banco Bilbao Vizcaya Argentaria, S.A. (in any other capacity in which it acts under the Programme), the Trustee, any Dealer, or any Agent (each as defined herein and together the “**Programme Parties**”) are affiliated (except for Deutsche Trustee Company Limited acting as Trustee and Deutsche Bank AG, London Branch acting as Authentication Agent and Common Safekeeper which both form part of Deutsche Group AG) and has separately verified the information contained herein and accordingly none of the Programme Parties makes any representation, recommendation or warranty, express or implied, regarding the accuracy, adequacy, reasonableness or completeness of the information contained herein or in any further information, notice or other document which may at any time be supplied in connection with the Securities or their distribution and none of them accepts any responsibility or liability therefor. None of the Programme Parties undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Series Memorandum or to advise any investor or potential investor in the Securities of any information coming to the attention of any of such Programme Parties.

Application has been made to the Irish Stock Exchange plc trading as Euronext Dublin (“**Euronext Dublin**”) for the Securities to be admitted to the Official List and trading on its regulated market. There can be no assurance that any such admission to trading will be obtained.

This Series Information Memorandum has been approved by the Central Bank of Ireland (the “**Central Bank**”) as competent authority under the Prospectus Directive. The Central Bank only approves this Series Information Memorandum as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive.

The information relating to the Charged Assets and the Counterparty (each as defined herein) and each issuer of the Charged Assets (an “**Underlying Obligor**”) has been accurately reproduced from information published by the Counterparty and each Underlying Obligor (as applicable). Such information has been accurately reproduced from such sources and, so far as the Issuer is aware and is able to ascertain from such sources, no facts have been omitted from such sources which would render the reproduced information inaccurate or misleading.

The Securities will not be rated.

Prospective purchasers should be aware of the risks involved in investing in the Securities (see the “Risk Factors” section in the Information Memorandum and in this Series Information Memorandum below).

Neither the delivery of this Series Information Memorandum nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained herein is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Securities is correct as of any time subsequent to the date indicated in the document containing the same.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Series Information Memorandum or any other information supplied in connection with the Programme or the Securities and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Trustee (as defined herein) or the Dealer (as defined herein).

This Series Information Memorandum does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of the Information Memorandum and this Series Information Memorandum and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer, the Trustee and the relevant Dealer do not and will not represent that the Information Memorandum or this Series Information Memorandum may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been or will be taken by the Issuer, the Trustee or any Dealers (save for the approval of this document as a prospectus by the Central Bank and, in the case of the Information Memorandum only, as may be specified in a Series Information Memorandum relating to any other series of securities of the Issuer) which is intended to permit a public offering of the Securities or distribution of the Information Memorandum or this Series Information Memorandum in any jurisdiction where action for that purpose is required. Accordingly, the Securities may not be offered or sold, directly or indirectly, and neither the Information Memorandum nor this Series Information Memorandum nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession the Information Memorandum, this Series Information Memorandum or any Securities come must inform themselves about, and observe any such restrictions. In particular, there are restrictions on the distribution of the Information Memorandum and this Series Information Memorandum and the offer or sale of Securities in the United States, the European Economic Area (including the United Kingdom, France, the Netherlands, Italy, the Kingdom of Spain, Colombia, Chile, Peru, Mexico and Ireland) and Hong Kong (see the "*Subscription and Sale and Transfer Restrictions*" in this Series Information Memorandum).

Claims of the Securityholders and the Counterparty will be limited in recourse to the Mortgaged Property.

The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**), or with any securities regulatory authority of any state or other jurisdiction of the United States and the Securities are in bearer form and are subject to U.S. tax law requirements. Consequently, the Securities may not be offered, sold, resold, delivered or transferred within the United States or to, or for the account or benefit of, any person who is (i) a "U.S. person" (as defined in Regulation S under the Securities Act (**Regulation S**)), (ii) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the United States Commodity Futures Trading Commission (the **CFTC**), as amended, modified or supplemented from time to time, under the United States Commodity Exchange Act, as amended (the **CEA**), (iii) a person other than a "Non-United States person" as defined in CFTC Rule 4.7, or (iv) a "United States person" as defined in the

U.S. Internal Revenue Code of 1986, as amended (the **Code**) and the U.S. Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time (each such person, a **U.S. Person**). In addition, the Issuer has not been and will not be registered as an "investment company" under the United States Investment Company Act of 1940, as amended. For a description of certain restrictions on offers and sales of Securities in the United States or to U.S. Persons, see the "Subscription and Sale and Transfer Restrictions" section in the Information Memorandum and such further restrictions as may be described in the Information Memorandum and in this Series Information Memorandum, as the case may be.

The Securities have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities reviewed or passed upon the accuracy or adequacy of this Series Information Memorandum or the Information Memorandum. Any representation to the contrary is a criminal offence in the United States.

The Issuer is not and will not be regulated by the Central Bank as a result of issuing the Securities. Any investment in the Securities does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank.

If any commissions or fees relating to the issue and sale of the Securities have been paid or are payable by the Dealer to an intermediary, then such intermediary may be obliged to fully disclose to its clients the existence, nature and amount of any such commissions or fees (including, if applicable, by way of discount) as required in accordance with laws and regulations applicable to such intermediary, including any legislation, regulation and/or rule implementing the Markets in Financial Instruments Directive (2004/39/EC) (**MIFID**) as amended, varied or replaced from time to time including through the implementation of Directive 2014/65/EU ("**MIFID II**"), or as otherwise may apply in any non-EEA jurisdictions. Investors in the Securities who have purchased an interest in Securities through an intermediary (including by way of introducing broker) should request details of any such commission or fee payment from such intermediary before making any purchase thereof.

The language of this Series Information Memorandum is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Prohibition of sales to EEA retail investors

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU **MiFID II**; (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "**Prospectus Directive**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

RISK FACTORS

The purchase of the Securities may involve substantial risks and is suitable only for sophisticated purchasers who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Securities. The Issuer believes that the following factors may affect either its ability to fulfil its obligations under the Securities or the performance of the Securities. Some of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The Issuer believes that the factors described below represent the principal risks inherent in investing in the Securities, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Securities may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive.

The Securities are complex financial instruments and involve a high degree of risk and prospective purchasers should be prepared to sustain a loss of all or part of their investment.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued under the Programme.

Prospective purchasers should also read the detailed information set out elsewhere in this Series Information Memorandum and, in the light of their own financial circumstances and investment objectives, reach their own views prior to making any investment decision.

Prospective purchasers should note that certain of the risks below may relate only to the issue of Securities. Accordingly, such prospective purchasers should review carefully this Series Information Memorandum as well as the following section by way of a general introduction to the risks associated with limited recourse investments and the Issuer.

Investor suitability

Prospective purchasers of the Securities should reach an investment decision only after carefully considering the suitability of the Securities in light of their particular circumstances. Investment in the Securities may only be suitable for investors who:

- (a) have substantial knowledge and experience in financial, business matters and expertise in assessing credit risk which enable them to evaluate the merits and risks of an investment in the Securities and the rights attaching to the Securities;
- (b) are capable of bearing the economic risk of an investment in the Securities for an indefinite period of time;
- (c) are acquiring the Securities for their own account (as principal and not as agent) for investment, not with a view to resale, distribution or other disposition of the Securities (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- (d) recognise that it may not be possible to make any transfer of the Securities for a substantial period of time, if at all.

Independent review and advice

Each prospective purchaser of the Securities must determine, based on its own independent review (including as to the financial condition and affairs and its own appraisal of the creditworthiness of the Issuer, the Counterparty, and any relevant obligor in respect of the Charged Assets and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, to assess the economic, social and political condition of the jurisdiction in which each relevant obligor is located and determine whether an investment in the Securities is appropriate in its particular circumstances.

In so doing, and without restricting the generality of the preceding paragraph, such prospective purchaser must determine that its acquisition and holding of the Securities (i) is fully consistent with its (or if it is acquiring the Securities in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether it is acquiring the Securities as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Securities in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Securities. None of the Issuer, the Trustee, the Dealer(s) or any of their respective affiliates is acting as an investment adviser, or assumes any fiduciary obligation, to any purchaser of Securities.

Neither the Information Memorandum nor this Series Information Memorandum is intended to provide the basis of any credit or other evaluation or should be considered as a recommendation or as constituting an invitation or offer that any recipient of the Information Memorandum or this Series Information Memorandum should purchase any of the Securities. The Trustee and the Dealer(s) expressly do not undertake to review the financial condition, creditworthiness or affairs of any relevant obligor(s).

No secondary market

None of the Issuer, the Trustee, the Agents, the Dealer or any of their respective affiliates is under an obligation to provide liquidity for the Securities and no secondary market is expected to develop in respect of the Securities. Whilst the Securities may be listed or admitted to trading on Euronext Dublin, the Issuer does not expect a trading market for the Securities to develop. In the unlikely event that a secondary market does develop, there can be no assurance that it will provide the Securityholders with liquidity of investment or that it will continue for the life of the Securities. Accordingly, the purchase of the Securities is suitable only for investors who can bear the risks associated with a lack of liquidity in the Securities and the financial and other risks associated with an investment in the Securities. Purchasers must be prepared to hold the Securities for an indefinite period of time or until final redemption or maturity of the Securities.

Limited recourse

Claims against the Issuer by the Securityholders of a Series and by the Counterparty will be limited to the Mortgaged Property relating to such Series. The proceeds of realisation of such Mortgaged Property may be less than the sums due to the Securityholders and the Counterparty. Any shortfall will be borne by the Securityholders and by the Counterparty in accordance with the Security Ranking Basis specified in the relevant Issue Terms. Each Securityholder, by subscribing for or purchasing such Securities, will be deemed to accept and acknowledge that it is fully aware that, in the event of a shortfall, (i) the Issuer shall be under no obligation to pay, and the other assets of the Issuer including, in particular, assets securing other Series of Securities or Alternative Investments will not be available for payment of, such shortfall, (ii) all claims in respect of such shortfall shall be extinguished, and (iii) the Trustee, the Securityholders and the Counterparty shall have no further claim against the Issuer in respect of such unpaid amounts and will accordingly not be able to petition for the winding up of the Issuer as a consequence of such shortfall.

The Securities of each Series are direct, limited recourse obligations of the Issuer alone and not of the officers, members, directors, employees, securityholders or incorporator of the Issuer, the Counterparty, or obligor(s) in respect of the Charged Assets or any of their respective successors or assigns. Furthermore, they are not obligations of, or guaranteed in any way by, any Dealer(s).

Credit risk

The ability of the Issuer to meet its obligations under the Securities will be dependent, where applicable, upon the payment of principal and interest due on the Charged Assets, the payment of all sums due from the relevant Counterparty under the Charged Agreements, upon the Principal Paying Agent and the Custodian making the relevant payments when received and upon all parties to the Transaction Documents (other than the Issuer) performing their respective obligations thereunder. Moreover, in certain cases, the security for the Securities will be limited to the claims of the Issuer against the Counterparty under the Charged Agreements. Accordingly, Securityholders are exposed, inter alia, to the creditworthiness of the issuer(s) or obligor(s) in respect of the Charged Assets, the Counterparty, the Principal Paying Agent, the other Paying Agents and the Custodian..

The Issuer will hold cash comprising the Charged Assets in the Cash Deposit Account, Issuer Series Account or such other account specified in the Issue Terms. Any cash held by the Account Bank on behalf of the Issuer will be held by the Account Bank in its capacity as banker, and not as trustee. The Issuer and the Securityholders will therefore be exposed to the credit risk of the Account Bank on an unsecured basis for the period during which the cash is held by the Account Bank on behalf of the Issuer.

Business relationships

Each of the Issuer, the Dealer(s), the Trustee, the Agents and/or any of their affiliates may have existing or future business relationships with any Counterparty, issuer(s) or obligor(s) in respect of any Charged Assets of any Series of Securities (including, but not limited to, lending, depository, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems necessary or appropriate to protect its interests arising therefrom without regard to the consequences for a Securityholder. Furthermore, the Dealer(s), the Trustee, the Agents or any of their respective affiliates may buy, sell or hold positions in obligations of, or act as investment or commercial bankers, advisers or fiduciaries to, or hold directorship and officer positions in, any issuer(s) or obligor(s) in respect of Charged Assets.

Conflicts of Interest

Each of the Counterparty and any of its affiliates is acting or may act in a number of capacities in connection with the issue of Securities. The Counterparty and any of its affiliates acting in such capacities in connection with the issue of Securities shall have only the duties and responsibilities expressly agreed to by it in the relevant capacity and shall not, by virtue of its or any other affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity. Each of the Counterparty and any of its affiliates in its various capacities in connection with the issue of Securities may enter business dealings, including the acquisition of investment securities as contemplated by the Transaction Documents from which it may derive revenues and profits in addition to any fees stated in various documents, without any duty to account therefor, provided that any such revenue, profits or fees will be paid or received only in accordance with applicable regulations.

Various potential and actual conflicts of interest may arise between the interests of the Securityholders and either the Issuer and/or the Counterparty, as a result of the various businesses, management, investment and other activities of such persons, and none of such persons is required to resolve such conflicts of interest in favour of the Securityholders.

No Obligations owing by the Calculation Agent

The Calculation Agent shall have no obligations to the Securityholders, and shall only have the obligations expressed to be binding on it pursuant to the Agency Agreement, unless otherwise specified in the Issue Terms. All designations and calculations made by the Calculation Agent in respect of the Securities shall be conclusive and binding on the Securityholders.

Legal opinions

No legal opinions relating to the Securities will be obtained on their issue with respect to the laws of England and of the Netherlands and no legal opinions will be obtained with respect to any other applicable laws and no investigations will be made into the validity or enforceability of the laws of any other jurisdiction in respect of the obligations under the Securities.

No legal opinions will be obtained in relation to:

- (a) the laws of the country of incorporation of the issuer(s) or obligor(s) in respect of the Charged Assets;
- (b) the laws of the country in which the obligations of the Charged Assets are situated; or
- (c) the laws of the country which are expressed to govern any obligations of the Charged Assets.

Such laws, depending upon the circumstances, may affect, among other things, the validity and legal and binding effect of the obligations of Charged Assets and the effectiveness and ranking of the security for the Securities. Consequently, no responsibility is accepted by the Issuer in relation to such matters.

Legality of purchase

None of the Issuer, the Dealer(s) or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Securities by a prospective purchaser of the Securities, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

Hiring Incentives to Restore Employment Act withholding may affect payments on the Securities

The U.S. Hiring Incentives to Restore Employment Act (the “HIRE Act”) imposes a 30% withholding tax on amounts attributable to U.S. source dividends that are paid or “deemed paid” under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section “Taxation – Hiring Incentives to Restore Employment Act.”

Modifications to the terms of the Securities

The attention of prospective purchasers is drawn to Condition 19 (Meetings of Securityholders, Modification, Waiver and Substitution) and in particular, the provision that the Trustee shall agree to make any modification (whether or not it may be materially prejudicial to the Securityholders) requested by the relevant Dealer(s) in respect of a Series of Securities if, and to the extent that, such modification is to correct an error in the Conditions arising from a discrepancy between the Conditions and the final termsheet provided to the initial Securityholders, as certified by the relevant Dealer(s) to the Trustee.

Trustee Indemnity

Upon the occurrence of an Event of Default in relation to the Securities, Securityholders may be required to provide an indemnity to the Trustee to its satisfaction as provided for in Condition 11 (Events of Default) before the Trustee gives notice to the Issuer accelerating the Securities. The Trustee shall not be obliged to take any action if not indemnified, secured and/or prefunded to its satisfaction.

Provision of information

None of the Issuer, the Trustee, the Agents, the Dealer(s) or any of their respective affiliates makes any representation as to the credit quality of the Counterparty, any issuer(s) or obligor(s) in respect of the Charged Assets for any Series of Securities. Any of such persons may have acquired, or during the term of the Securities may acquire, non-public information with respect to such Counterparty, the Issuer or obligor(s) in respect of the Charged Assets. None of such persons is under any obligation to make available any information relating to, or keep under review on the Securityholders' behalf, the business, financial conditions, prospects, creditworthiness or status of affairs of any issuer(s) or obligor(s) in respect of the Charged Assets or conduct any investigation or due diligence into any such issuer(s) or obligor(s) in respect of the Charged Assets.

Market Conditions

Any liquidity shortage and volatility in the credit markets will introduce a variety of increased risks relating to several aspects of the Issuer's operations. Such additional risks include the inability of the Issuer to sell its assets which, among other things, may render it unable to dispose of underperforming or defaulted assets and satisfy its obligations in respect of the redemption of the Securities. Such market conditions may also lead to the inability of the Issuer to determine a reliable valuation of its assets. All of such factors could materially adversely affect the interests of Securityholders.

Concerns have been raised since the financial crisis with respect to economic, monetary and political conditions in the Eurozone (including the credit risk of sovereigns and of those entities which have exposure to sovereigns). If such concerns persist and/or such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any changes to, including any break-up of, the Eurozone), then these matters may increase stress in the financial system generally and/or may adversely affect the Issuer, one or more of the other parties to the Transaction Documents (including the Vendor and/or the Counterparty) and/or any obligor in respect of the Charged Assets. Given the current uncertainty and the range of possible outcomes, no assurance can be given as to the impact of any of the matters described herein and, in particular, no assurance can be given that such matters would not adversely affect the rights of the Securityholders, the market value of the Securities and/or the ability of the Issuer to satisfy its obligations under the Securities.

Comparative Returns

Risk-adjusted returns and absolute returns on the Securities may be lower than that of comparable investments. Each prospective purchaser should be aware that any return on the Securities may not exceed or even equal the return that might have been achieved had the amount of its initial investment been placed on deposit for the same period.

Eurosystem Eligibility

There may be an intention for certain Securities to be held in a manner which will allow Eurosystem eligibility. This simply means that such Securities are intended upon issue to be deposited with one of the

ICSDs as common safekeeper and does not necessarily mean that such Securities will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

The Charged Assets

The value of the Charged Assets may have a direct impact on the amounts payable to Securityholders in respect of the Securities upon early redemption. The Charged Assets may comprise the benefit of loans, securities, cash and/or other assets.

Prospective purchasers are advised to review carefully any offering documents for or description of the Charged Assets before deciding whether an investment in the Securities is suitable for them.

Illiquid Charged Assets

The Charged Assets may comprise assets which are not admitted to any public trading market and may therefore be illiquid and not readily realisable.

Margin calls under Swap Agreements with credit support annex

As the Swap Agreement includes a credit support annex pursuant to which, (a) the relevant Counterparty will be required to post eligible collateral to the Issuer to collateralise the Issuer's exposure (if any) to the relevant Counterparty under such Swap Agreement(s) (such collateral being referred to as “**Counterparty Margin Collateral**”) and/or (b) the Issuer will be required to post eligible collateral to the relevant Counterparty to collateralise the relevant Counterparty's exposure (if any) to the Issuer under such Swap Agreement(s) (such collateral being referred to as “**Issuer Margin Collateral**”).

In respect of the Counterparty Margin Collateral, this may not in all circumstances be sufficient to negate all credit exposure of the Issuer to the relevant Counterparty because, for example, (a) of the requirement for the minimum transfer amount to be satisfied; (b) the Issuer's exposure to the Counterparty may increase from the time at which the last valuation was made; (c) where assets are delivered as collateral to the Issuer, such assets may have a volatile market value that decreases from the date of delivery of such assets; and/or (d) due to currency exchange rate fluctuations, in which circumstances Securityholders will have uncollateralised exposure to the credit risk of the relevant Counterparty. If the Issuer is required to sell any Counterparty Margin Collateral, the Securityholders will assume market risk in respect of such Counterparty Margin Collateral and credit risk in respect of the obligor(s) in respect of such Counterparty Margin Collateral.

In respect of the Issuer Margin Collateral, this will be provided from the Charged Assets and will therefore reduce the realisable value of such Charged Assets and, consequently, increase Securityholders' exposure to the credit risk of the Counterparty, in circumstances where the Issuer Margin Collateral is subsequently required to be returned to the Issuer.

Credit Risk of Banco Bilbao Vizcaya Argentaria S.A. group entities as a Counterparty

The Issuer has entered into a Swap Agreement with BBVA as Counterparty. To the extent that BBVA fails to make due and timely payment or delivery under the Swap Agreement, as the case may be, such agreement may be terminated, the security enforced and the Securities redeemed and a loss of principal or a delay in payment under the Securities may result.

The value of the Charged Assets may be less than the value of the Securities

Due to potential market volatility and other factors, the market value of the Charged Assets at any time will vary, and may vary substantially, from the principal amount of such Charged Assets. To the extent that the nominal amount and/or market value of the Charged Assets is at any time less than the outstanding principal amount and/or market value of the Securities an investor's exposure to the obligations of the Counterparty under the Swap Agreement is increased. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition, or the amount received or recovered upon maturity, of such Charged Assets, or that the proceeds of any such sale or disposition would be sufficient to repay principal of the Securities of the related Series and amounts payable prior thereto. Where this is the case and the Counterparty is unable to perform its obligations under the Swap Agreement the Issuer will be unable to meet the payments owed to investors under the Securities in full, resulting in investors losing some or all of the money invested in Securities.

Further issues

The terms of the Securities may provide for the issue of further Securities fungible with the existing Tranche(s) thereof in certain circumstances. The additional Charged Assets which the Issuer may be required to provide as security for such further Securities relative to the aggregate nominal amount of the further Securities may be such as to affect the value of the original security provided for the Securities.

Substitution of Charged Assets for Cash Collateral where Charged Assets are not delivered

Where the Securities are secured by Cash Collateral on the Issue Date, prospective purchasers should be aware that Charged Assets may be substituted, pursuant to Condition 4(c) (Substitution with Cash Collateral), for the Cash Collateral following the Issue Date. If an event of default (howsoever described in the terms and conditions of the Charged Assets) has occurred with respect to the Charged Assets prior to the delivery by the Vendor of all or any part of the Charged Assets, any undelivered Charged Assets shall be deemed to have been delivered by the Vendor to the Issuer and sold by the Selling Agent in accordance with the Agency Agreement.

Early Redemption

The Securities may be redeemed early in certain circumstances, including where there is an event of default in relation to the Securities, where there is an event of default in relation to the Charged Assets, where certain regulatory events occur (which may also lead to an adjustment), where an illegality event occurs, where a sanctions event occurs, where there is a termination under a Swap Agreement. Prospective purchasers should note that the amount payable on early redemption may be significantly less than the amount that would otherwise have been payable at maturity of the Securities. Prospective purchasers should note in particular that pursuant to Condition 7(k) (Cessation of interest), on early redemption, interest payable on the Securities will cease to accrue from, and including, the immediately preceding Interest Payment Date or, if none, the Interest Commencement Date.

Currency Risk

An investment in Securities denominated or payable in a currency other than the currency of the jurisdiction of a particular purchaser (the "**Purchaser's Currency**"), entails significant risks that are not associated with a similar investment in a security denominated and/or payable in the Purchaser's Currency. These risks include, but are not limited to:

- (a) the possibility of significant market changes in rates of exchange between the Purchaser's Currency and the currency in which the Securities are denominated and/or payable;

- (b) the possibility of significant changes in rates of exchange between the Purchaser's Currency and the currency in which the Securities are denominated and/or payable resulting from the official redenomination or revaluation of the currency; and
- (c) the possibility of the imposition or modification of foreign exchange controls by either the jurisdiction of the purchaser or foreign governments.

UK Banking Act 2009

The Banking Act 2009 (the “**Banking Act**”), which originally came into effect on 21 February 2009, includes (amongst other things) provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities (such as any UK bank acting as Principal Paying Agent or Custodian and, including authorised deposit-taking institutions and investment firms) and powers to recognise and give effect to certain resolution actions in respect of third country institutions. In addition, those extended tools may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as an EEA credit institution or investment firm. Relevant transaction parties for these purposes include any UK deposit-taker/investment firm or non-EEA deposit-taker/investment firm, or relevant UK banking group company. In particular, such tools include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by UK authorities. It is possible that the extended tools described above could be used prior to the point which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools (such tools being one of the extended tools conferred on UK authorities).

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the extended tools provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the Banking Act in respect of any UK bank acting as Principal Paying Agent or Custodian, such action may (amongst other things) affect the ability of such entity to satisfy its obligations under the Transaction Documents and/or result in modifications to any unsecured liability of such entity under the Transaction Documents, and, more generally, affect the ability of such entity to perform its obligations under the Transaction Documents.

One of the five stabilisation options conferred upon UK authorities by the Banking Act is the bail-in option. The provisions in the Banking Act which relate to the bail-in option were included in the statute following the promulgation of the Bank Recovery and Resolution Directive (referred to in the following section) and in order to give effect to the provisions of that Directive in England and Wales, Scotland and Northern Ireland.

Bank Recovery and Resolution Directive

One consequence of the global financial crisis has been the regulatory focus on recovery and resolution regimes for financial institutions. The purpose of such regimes is to allow supervisory authorities to take action to manage financial institutions in the event they are unable to perform their principal economic

functions. To this end the European Union has published framework legislation for bank recovery and resolution under Directive 2014/59/EEC, as amended (“BRRD”). The BRRD provides supervisory authorities with certain powers to manage financial institutions in an orderly manner. Such powers include:

- the introduction of a bail-in power, which gives the resolution authorities the power to write down certain liabilities and to convert certain liabilities into ordinary shares or other instruments of the surviving entity (if any);
- powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers; and
- powers to effect a close-out of financial contracts and derivative transactions and determine the value of such transactions.

The taking of any actions by the relevant resolution authorities under any regime in respect of the relevant Counterparty, the Charged Agreement and/or in respect of any other liabilities arising under any other agreement entered into by the Issuer with the Counterparty in respect of a Security (a “Liability”) may adversely affect the Securityholders. If the Counterparty is within the scope of any implementing legislation by reason of the Charged Agreement or Liability, being a liability of the type which may fall within the implementing legislation, then:

- a) any applicable bail-in power might be exercised in respect of the Charged Agreement and/or Liability to write down or convert any claim of the Issuer as against such person;
- b) any applicable suspension power might prevent the Issuer from exercising any termination rights under the Charged Agreement and/or any other agreement in relation to Liability; or
- c) any applicable power to close-out or terminate might be exercised to enforce a termination of the Charged Agreement and/or any other agreement in relation to a Liability and to value the transactions in respect of such agreements.

For example, if any Swap Agreement is “in-the-money” for the Issuer at a time when a resolution regime applies to the Counterparty, then any claims the Issuer has against the Counterparty for the close-out amount thereof may be adversely affected by being postponed, converted into other assets or even written down to zero.

Accordingly, following an exercise of any powers by a resolution authority, the Issuer may have insufficient assets or sums to meet its obligations under the Securities or any Transaction Document for that Series of Securities, the Securities may be the subject of an early redemption and any payment of redemption proceeds to Securityholders may be delayed.

In addition to a resolution regime affecting the Counterparty, Securityholders should be aware that the BRRD may also apply to the obligor of the Charged Assets in respect of a Series of Securities and that in such case similar considerations to those set out above may apply. Furthermore, other resolution and recovery regimes, including those in specific European Union member states, the United States and elsewhere, may also apply.

As a consequence of any of the resolutions or actions referred to above, the Securityholders may lose all or some of their investment in the Securities.

European Market Infrastructure Regulation

Regulation (EU) No 648/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 as amended (“EMIR”) came into force on 16 August 2012. EMIR and the regulations made under it impose certain obligations on parties to OTC derivative contracts according to whether they are “financial counterparties”, such as European investment firms, alternative investment funds, credit institutions and insurance companies, or other entities which are “non-financial counterparties” or third country entities equivalent to “financial counterparties” or “non-financial counterparties”. EMIR establishes certain requirements for OTC derivatives contracts including mandatory clearing obligations, bilateral risk-management requirements and reporting requirements. These requirements are subject to phased implementation. Investors should be aware that certain currently applicable requirements of EMIR impose obligations on the Issuer, to the extent it enters into derivative transactions, and future requirements of EMIR may impose further obligations on the Issuer, directly, or indirectly, by impacting on the terms that the Counterparty is able to enter into under agreements with the Issuer.

Investors should, in particular, be aware that should any future obligation of EMIR require the Issuer to modify the economic terms of any derivative transaction into which it enters, there is a risk that this may materially increase the costs associated with such derivative transaction or replacement derivative transaction. This is a particular risk should any derivative transaction into which the Issuer enters become subject to (i) the requirement to exchange segregated collateral with the Counterparty to such transaction, which forms a part of the risk-management requirements, or (ii) to mandatory clearing. It is not currently possible to conclude with any certainty whether the Issuer will be or become subject to such requirements or obligations as there remains legislative uncertainty with respect to the scope of such requirements and obligations, which are not yet in effect. However, irrespective of becoming subject to such requirements or obligations, and irrespective of it becoming necessary to amend or replace derivative transactions into which the Issuer enters, the Issuer may in any event have to bear certain costs or fees arising out of steps it is required to take to comply with the requirements of EMIR. Investors should therefore be aware of the risk that the requirements of EMIR may require amendment to derivative transactions and/or materially increase the costs of entering into derivative transactions which may in certain circumstances result in the redemption of the Securities.

Were any future obligations of EMIR to require the Issuer or the Counterparty to clear a Swap Agreement or to post collateral, the Issuer might not be practically able to comply with such requirement and/or the Issuer and/or Counterparty would be subject to additional financial and operational burdens. In such circumstance, it is likely to result in the redemption of the Securities.

Title Transfer Collateral Arrangements and reuse of Collateral

The Issuer may enter into one or more “title transfer collateral arrangements” (as defined in Article 2(1)(b) of Directive 2002/47/EC) with one or more counterparties in connection with the Securities, as specified in the Issue Terms (such arrangement a "Title Transfer Collateral Arrangement" and each such counterparty a "Title Transfer Collateral Counterparty"). Such Title Transfer Collateral Arrangements could include standard agreements entered into between the Issuer and a Title Transfer Collateral Counterparty, such as a credit support annex with the relevant Counterparty being the Title Transfer Collateral Counterparty.

Under Article 15 of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 (the "SFTR"), the transferee under any Title Transfer Collateral Arrangement is required to inform the transferor of the risks and consequences that may be involved under such Title Transfer Collateral Arrangement. Such risks are described below and will affect Securityholders insofar as they affect the Issuer’s rights against the relevant Title Transfer Collateral Counterparty.

The rights, including any proprietary rights, that the Issuer has in collateral transferred to a Title Transfer Collateral Counterparty will be replaced by an unsecured contractual claim for redelivery of equivalent

Charged Assets, subject to the terms of the Title Transfer Collateral Arrangement. The Title Transfer Collateral Counterparty is not under any restrictions on what it does with the securities transferred and may sell or otherwise dispose of them. If the Title Transfer Collateral Counterparty becomes insolvent or otherwise defaults under the Title Transfer Collateral Arrangement, the Issuer's claim for redelivery of equivalent Charged Assets will not be secured.

Similarly, the Title Transfer Collateral Counterparty will lose the rights, including any proprietary rights, in any Charged Assets it transfers to the Issuer. The Issuer will usually grant security over such Charged Assets in favour of the Trustee for the benefit of the secured creditors.

In each case, the transferor will lose its voting rights in any securities transferred as Charged Assets under a Title Transfer Collateral Arrangement. Furthermore, the transferee may not be required to notify the transferor of any notifications sent by the Issuer of the securities transferred, which could include any corporate actions.

Following the financial crisis, regulatory authorities worldwide have been implementing measures for the orderly resolution of failing firms, particularly banks. In the EU, the main framework legislation for the resolution of banks is BRRD.

If the Title Transfer Collateral Counterparty is subject to a resolution process, then the relevant resolution authority may impose a stay or other restriction on the Issuer's rights to terminate the Title Transfer Collateral Arrangement and enforce the relevant close-out provisions. This may affect the Issuer's ability (or that of any agent or the Trustee acting on its behalf) to enforce timely termination of any credit support annex between itself and the relevant Counterparty(ies) or other agreement and consequently the recovery of any amounts due thereunder.

Alternative Investment Fund Managers Directive

EU Directive 2011/61/EU on Alternative Investment Fund Managers ("AIFMD") came into force on 21 July 2011 and the requirements thereunder were broadly implemented into the national laws of the Member States of the European Union by 22 July 2013.

AIFMD provides, amongst other things, that all alternative investment funds (each an "AIF") must have a designated alternative investment fund manager ("AIFM") with responsibility for portfolio and risk management. The application of the AIFMD to special purpose entities such as the Issuer is unclear. The Issuer does not operate in the same manner as a typical alternative investment fund. The Issuer has been established solely for the purpose of issuing securities and entering into agreements in relation thereto and performing acts incidental thereto or necessary in connection therewith. However, the definition of AIF and AIFM in the AIFMD is broad and there is only limited guidance as to how such definition should be applied in the context of special purpose entities such as the Issuer.

Were the Issuer to be found to be an AIF or an AIFM, or were the Arranger acting in any capacity in respect of the Securities and/or the Trustee to be found to be acting as an AIFM with respect to the AIF, the AIFM would be subject to the AIFMD. Owing to the special purpose nature of the Issuer, it would be unlikely that either the Issuer or Arranger could comply fully with the requirements of the AIFMD and, in addition, the Issuer might be classified as a financial counterparty for the purposes of EMIR (defined above) and be required to comply with clearing obligations or other risk mitigation techniques with respect to derivatives transactions.

Investors should therefore be aware of the risk that the requirements of AIFMD may result in the Securities being redeemed early at the Early Redemption Amount in the circumstances set out in Condition 8(e) or Condition 8(g).

Given the material and presently unknown extent of the risks which may affect the Securities as a consequence of the implementation of AIFMD, potential investors in the Securities should take independent advice and make an independent assessment about such risks in the context of any potential investment decision with respect to the Securities.

Reform of Benchmarks

A key element of the reform of benchmarks within the EU is Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment fund (the “Benchmark Regulation”). The Benchmark Regulation applies to “contributors,” “administrators” and “users of” “benchmarks” in the EU, and, among other things, (i) requires benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regulatory regime) and to comply with extensive requirements in relation to the administration of “benchmarks” and (ii) bans the use of “benchmarks” of unauthorised administrators. The scope of the Benchmark Regulation is wide and, in addition to so-called “critical benchmark” indices such as LIBOR, EURIBOR and the Euro Overnight Index Average (“EONIA”), could also potentially apply to many other interest rate indices, as well as other indices (including “proprietary” indices or strategies) which are referenced in listed financial instruments (including listed Securities), financial contracts and investment funds.

The Benchmark Regulation could also have a material impact on any listed Securities linked to a “benchmark” index, including in any of the following circumstances:

- (i) an index which is a “benchmark” could not be used as such if its administrator does not obtain authorisation or is based in a non-EU jurisdiction which (subject to any applicable transitional provisions) does not have equivalent regulation. In such event, depending on the particular “benchmark” and the applicable terms of the Securities, the Securities could be de-listed, adjusted, redeemed or otherwise impacted; and
- (ii) the methodology or other terms of the “benchmark” could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Securities, including calculation agent determination of the rate or level in its discretion.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of benchmarks could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the disappearance of certain benchmarks. The disappearance of a benchmark or changes in the manner of administration of a benchmark could result in adjustment to the terms and conditions, early redemption, discretionary valuation by the calculation agent, delisting or other consequence in relation to Securities linked to such benchmark. Any such consequence could have a material adverse effect on the value of and return on any such Securities.

Risks of the United Kingdom leaving the European Union

On 23 June, 2016 the United Kingdom held a referendum to decide on its membership of the European Union. The United Kingdom voted to leave the European Union and the UK Government invoked article 50 of the Lisbon Treaty relating to withdrawal on 29 March 2017. Under article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of

intention to withdraw. This two-year period has subsequently been extended to delay the United Kingdom's date of departure to 31 October 2019 and may be delayed further in certain circumstances. There are a number of uncertainties in connection with the future of the United Kingdom and its relationship with the European Union. The negotiation of the United Kingdom's exit terms is likely to take a number of years. Until the terms and timing of the United Kingdom's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the United Kingdom's departure from the European Union and/or any related matters may have on the business of the Issuer. As such, no assurance can be given that such matters would not adversely affect the business, financial condition and results of operations of the Issuer. Investors should also be aware that such matters could adversely affect European or worldwide economic, market conditions and could contribute to instability in global financial and foreign exchange markets, including volatility in the pound sterling or euro.

Impact of the Anti-Tax Avoidance Directive (ATAD)

The Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market was transposed into Netherlands domestic law and entered into force on 1 January 2019 ("**ATAD I**"). ATAD I has been amended by the Council Directive (EU) 2017/952 of 29 May 2017, which still has to be implemented under Netherlands law ("**ATAD II**", and together with ATAD I, "**ATAD**").

ATAD introduces a new framework that, amongst others, may limit the deduction of interest for Netherlands companies subject to corporate income tax (such as the Issuers). ATAD may result in Dutch corporate income tax being effectively imposed and due on the Issuers to the extent that an Issuer derives income other than interest income from its assets and transactions. Where ATAD results in denying the tax deductibility of a portion of the interest accrued on the Securities, this could lead to an early redemption of the Securities under Condition 8(b) (*Redemption for taxation reasons*) and any tax payable by an Issuer as a result of ATAD could reduce the Early Redemption Amount payable to Securityholders.

USE OF PROCEEDS

The net proceeds of the issue of the Securities, which amount to EUR 12,190,000 will be used by the Issuer along with the payment of EUR 5,117,911.99 by the Counterparty under the Swap Agreement to purchase the Charged Assets from the Vendor.

Method of Payment

On the Issue Date, delivery of beneficial interests in the Securities has been made in book-entry form through the facilities of Euroclear or Clearstream, Luxembourg, in each case against payment thereof in immediately available funds.

ISSUE TERMS

Issue Terms dated 19 July 2019

Douro Finance B.V.

(incorporated with limited liability in the Netherlands under registered number 55482643)

Issue of Series 2019-575 EUR 12,190,000 Secured Limited Recourse Instalment Securities due 2059 (the “**Securities**”)

**under the EUR 5,000,000,000
Limited Recourse Secured Debt Issuance Programme**

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) set forth in the Information Memorandum dated 21 June 2019 which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) as amended and superseded (which includes the amendments made by Directive 2010/73/EU) (the “**Prospectus Directive**”). Full information on the Issuer and the offer of the Securities is only available on the basis of the combination of these Issue Terms, the Information Memorandum and the series information memorandum in respect of the Securities (the “**Series Information Memorandum**”). The Information Memorandum, the Series Information Memorandum and these Issue Terms are available for viewing during normal office hours at the office of the Principal Paying Agent in Madrid and copies may be obtained from the principal office of the Issuer.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive 2002/92/EC (“**IMD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended and superseded, the “**Prospectus Directive**”). Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Terms of the Securities

The Securities have the “**Terms**” as set out in these Issue Terms, which will complete and modify (i) the Bearer Securities Base Conditions Module, June 2019 Edition and (ii) the General Definitions Module, June 2019 Edition (the “**General Definitions Module**”), both of which are incorporated by reference into these Issue Terms (together, the “**Conditions**”) and are set out in full in the Information Memorandum.

As used herein, the term “**Swap Transaction**” means the swap transaction with an effective date of 19 July 2019 entered into between the Issuer and the Counterparty pursuant to a 2002 ISDA Master Agreement and Schedule thereto (in the form of the Swap Schedule Terms Module, June 2019 Edition) dated as of 5 July 2019 and a 1995 ISDA credit support annex (Bilateral Form Transfer) (English Law), including paragraph 11 (Elections and Variables), which supplement, form part of and are subject to the ISDA Master Agreement

and Schedule_ (the “**Credit Support Document**”, together with the ISDA Master Agreement and Schedule, the “**Master Agreement**”) as supplemented by a swap transaction confirmation each with an effective date of 19 July 2019, as amended and/or restated from time to time (the “**Swap Transaction Confirmation**”).

17. Custodian's account details: Clearstream Account No. 18038 or such other account as may be advised by the Custodian from time to time.
18. Counterparty Account details: Account No: 14923 held with Banco Bilbao Vizcaya Argentaria, S.A.
19. Additional Charging Document: Not applicable.

GENERAL PROVISIONS APPLICABLE TO THE SECURITIES

20. Closing Date and Time: Close of business on 19 July 2019.
21. Pre Closing Date and Time: Not applicable.
22. Form of Securities: Bearer Securities.
- The Securities will be issued in global bearer form, evidenced on issue by a Temporary Bearer Global Security. Beneficial interests in a Temporary Bearer Global Security will be exchangeable for beneficial interests in a Permanent Bearer Global Security on or after the date which is 40 days after the date on which the Temporary Bearer Global Security is issued and upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations.
23. Whether Securities are a Non-U.S. Series or a U.S. Series: Non-U.S. Series.
24. Specified Currency: EUR.
25. Specified Denomination: EUR 100,000 and integral multiples of EUR 10,000 in excess thereof up to and including EUR 190,000.
26. Rating: The Securities will not be rated.

27. Listing: Application has been made to the Euronext Dublin for the Securities to be listed on the Official List and trading on its regulated market. No assurance is given as to when or whether such listing application will be granted.
28. Common Code and ISIN: 202733964 and XS2027339642.
29. Applicable United States Selling Restrictions: Regulation S.
30. Governing law: English law.
31. New Global Note: Yes. Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the International Central Securities Depositories (the "ICSDs") as common safekeeper and does not necessarily mean that the Notes will be recognized as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank (the "ECB") being satisfied that Eurosystem eligibility criteria have been met.
32. Securities to be held under New Safekeeping Structure: Not applicable.
33. Securities intended to be held in a manner which would allow Eurosystem eligibility: No. Whilst the designation is specified as "no" at the date of these Issue Terms, should the Eurosystem eligibility criteria be amended in the future such that the Securities are capable of meeting them the Securities may then be deposited with one of the ICSDs as common safekeeper. Note that this does not necessarily mean that the Securities will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

USE OF PROCEEDS AND NET PROCEEDS

Party B: As set forth in notices to Party A from time to time.
- (h) **Other Provisions.**
 - (i) **Early Termination.**

Paragraph 6 is deleted in its entirety and replaced with the following:

"If an Early Termination Date is designated or deemed to occur as a result of an Event of Default in relation to a party or as a result of a Termination Date where all Transactions are Affected Transactions, an amount equal to the Value of the Credit Support Balance, determined as though the Early Termination Date were a Valuation Date, will be deemed to be an Unpaid Amount due to the Transferor (which may or may not be the Defaulting Party) for purposes of Section 6(e)."
 - (ii) **Transfer of undisputed amounts**

Paragraph 4(a)(2) shall be amended by the insertion of the words "(or deemed received)" after the word "received" in the third line thereof.
 - (iii) **Eligible Credit Support.**

Where Party A is the Transferor on a Valuation Date, the Delivery Amount to be posted by Party A shall be comprised of Eligible Credit Support previously posted by Party B, if any, and any remaining Delivery Amount to be posted by Party A in excess thereof shall be any Eligible Credit Support determined by Party A at its sole discretion.

Where Party B is the Transferor on a Valuation Date, the Delivery Amount to be posted by Party B shall be comprised of Eligible Credit Support previously posted by Party A, if any, and any remaining Delivery Amount to be posted by Party B in excess thereof shall be any Eligible Credit Support comprising Charged Assets.

(iv) **Party B's Credit Support Balance.**

Where Party B is the Transferor on a Valuation Date, the Credit Support Balance shall comprise the aggregate of all Eligible Credit Support that has been transferred to or received by Party A and not returned to Party B under this Annex, together with any Distributions and all proceeds of any such Eligible Credit Support or Distributions, as reduced pursuant to paragraph 2(b) or 6.

(v) **Party B as Transferor.**

a) For the avoidance of doubt, where Party B is the Transferor on a Valuation Date, its obligation to make a transfer of Eligible Credit Support shall arise only where, and to the extent that, it has Charged Assets comprising Eligible Credit Support on the relevant Valuation Date.

b) The Eligible Credit Support delivered by Party B as Transferor pursuant to paragraph 2(a), will be delivered in the priority of the Eligible Credit Support, held by Party B on such date, the issuer being the Republic of Italy and with the latest scheduled maturity date to be delivered first.

Re: Series 2019-575 EUR 12,190,000 Secured Limited Recourse Instalment Securities due 2059

Ladies and Gentlemen:

The purpose of this letter agreement is to set forth the terms and conditions of the single Transaction entered into between Banco Bilbao Vizcaya Argentaria, S.A. ("**Party A**") and Douro Finance B.V. ("**Party B**") on the Trade Date specified below (the "**Transaction**"). This constitutes a "**Confirmation**" as referred to in the Agreement specified below.

The definitions and provisions contained in the 2006 ISDA Definitions (the "**Definitions**") as published by the International Swaps and Derivatives Association, Inc. are incorporated into this Confirmation. In the event of any inconsistency between the Definitions and this Confirmation, the provisions of this Confirmation will prevail.

For the purposes of this Confirmation, all references in the Definitions to a "**Swap Transaction**" shall be deemed to apply to the Transaction referred to herein.

This Confirmation supplements, forms a part of, and is subject to, the ISDA Master Agreement dated as of the Trade Date as amended and supplemented from time to time (the "**Agreement**"), entered into between Party A and Party B by their execution of the Trust Instrument dated of 19 July 2019 (the "**Trust Instrument**"), by and among the persons thereto for purposes of constituting Series 2019-575 EUR 12,190,000 Secured Limited Recourse Instalment Securities due 2059 (the "**Securities**") of the Issuer issued under its EUR 5,000,000,000 Limited Recourse Secured Debt Issuance Programme (the "**Programme**"). All provisions contained in the Agreement govern this Confirmation except as expressly modified below. All terms defined in the Agreement and not otherwise defined herein shall have the meanings assigned in the Agreement. References to the "**Conditions**" in respect of the Securities and any other capitalized term that is used but not defined herein, the Agreement or the Definitions shall have their meanings as given to them in the Trust Instrument and in the event of any inconsistency between words and meaning defined in the Trust Instrument and words and meaning defined in this Confirmation, this Confirmation will prevail.

References herein to "paragraphs" are to the paragraphs hereof.

SUBSCRIPTION AND SALE AND TRANSFER RESTRICTIONS

United States

The Securities have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may include Securities in bearer form that are subject to U.S. tax law requirements. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the U.S. Commodity Futures Trading Commission thereunder. The Securities may not be offered, sold, resold, delivered or transferred within the United States or to, or for the account or benefit of, any person who is (a) a “U.S. person” (as defined in Regulation S), (b) a “U.S. person” as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC, as amended, modified or supplemented from time to time, under the CEA, (c) a person other than a “Non-United States person” as defined in CFTC Rule 4.7, or (d) a “United States person” as defined in the Code and the U.S. Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time.

Bearer Securities will be issued in compliance with U.S. Treas. Reg. section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act) (the “**D Rules**”) unless (i) the relevant Series Information Memorandum state that Securities are issued in compliance with U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act) (the “**C Rules**”) or (ii) such Securities are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Securities will not constitute “registration-required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”).

In addition, until 40 days after the commencement of the offering, an offer or sale of Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Hong Kong

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that the Securities have not been authorised by the Securities and Futures Commission of Hong Kong. The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Securities (except for Securities which are a “structured products” as defined in the Securities and Futures Ordinance (Cap. 571) of the laws of Hong Kong) other than (i) to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of the laws of Hong Kong and any rules made under that Ordinance or (ii) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and

Miscellaneous Provisions) Ordinance (Cap. 32) of the laws of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and

- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Securities, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of the laws of Hong Kong and any rules made under that Ordinance.

European Union

Prohibition of Sales to EEA Retail Investors

If the Issue Terms in respect of a Tranche of Securities includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Dealer has represented and agreed, and each further Dealer appointed under the Programme in respect of such Securities will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available such Securities to any retail investor in the EEA.

For these purposes:

- (a) a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (“IMD”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive; and
- (b) The expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities.

Consequently no key information document required by PRIIPs Regulation for offering or selling such Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling such Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

United Kingdom

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom; and

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer.

Spain

Neither the Securities nor the Series Information Memorandum have been registered with the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*). Therefore, the Series Information Memorandum is not intended for any public offer of the Securities in the Kingdom of Spain in compliance with the requirements of the Spanish Securities Market Law approved by Royal Decree 4/2015, of 23 October, (as amended from time to time, the “**Spanish Securities Market Law**”), Royal Decree 1310/2005, of 4 November, on admission to listing and on issues and public offers of securities (as amended from time to time) and any other regulation developing them which may be in force from time to time. Accordingly, no Securities will be offered, sold, distributed or marketed in the Kingdom of Spain, nor may any subsequent resale of Securities be carried out in the Kingdom of Spain, nor may copies of the Series Information Memorandum or of any other document relating to the Securities be distributed in the Kingdom of Spain, except in other circumstances which are exempted from the rules on public offerings pursuant to the Spanish Securities Market Law or without complying with all legal and regulatory requirements under Spanish securities law.

Any offer of the Securities or distribution of copies of the Series Information Memorandum or any other document relating to the Securities in the Kingdom of Spain shall be made under circumstances which are exempted from the rules on public offerings. Except when the offer is addressed to qualified investors, any offer or placement of the Securities must be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Kingdom of Spain in accordance with the Spanish Securities Market Law.

Ireland

The Dealer represents, warrants and agrees that, and each further Dealer appointed under the Programme will be required to represent, warrant and agree that it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the Securities or Alternative Investments, or do anything in Ireland in respect of the Securities or Alternative Investments, otherwise than in conformity with the provision of:

- (a) S.I. No. 375 of 2017, European Union (Markets in Financial Instruments) Regulations 2017 (as amended, the “**MiFID Regulations**”), including, without limitation, any codes of conduct or rules issues in connection therewith made under the MiFID Regulations, and the provisions of the Investor Compensation Act 1998 (as amended);
- (b) the Irish Companies Act 2014 (as amended, the “**Irish Companies Act**”), the Central Bank Acts 1942-2015 (as amended) and any codes of practice made under Section 117(1) of the Central Bank Act 1989 (as amended) or any regulations made pursuant to Part 8 of the Central Bank (Supervision and Enforcement) Act 2013 (as amended);

- (c) the Prospectus (Directive 2003/71/EC) Regulations 2005 (as amended) and any rules issued by the Central Bank of Ireland (the “**Central Bank**”) under Section 1363 of the Irish Companies Act;
- (d) the European Union (Market Abuse) Regulations 2016, Regulation (EU) No. 596/2014 of the European Parliament and of the Council of 16 April 2014 on Market Abuse (as amended) and any rules and guidance issued by the Central Bank under Section 1370 of the Irish Companies Act; and
- (e) Notice BSD C01/02 dated 12 November 2002 issued by the Central Bank and Financial Services Authority pursuant to Section 8(2) of the Central Bank Act 1971 (as amended).

The Netherlands

Act on Financial Supervision

The Securities (or any interest therein) are not and may not, directly or indirectly, be offered, sold, pledged, delivered or transferred in the Netherlands, on their issue date or at any time thereafter, and neither this Prospectus nor any other document in relation to any offering of the Securities (or any interest therein) may be distributed or circulated in the Netherlands, other than in respect of Securities having a minimum denomination in excess of EUR 100,000 (or the equivalent thereof in non-Euro currency). Furthermore, if the Issue Terms in respect of a Tranche of Securities specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme in respect of such Securities will be required to represent and agree, that it has not made and will not make an offer of Securities to the public in the Netherlands in reliance on Article 3(2) of the Prospectus Directive unless (i) such offer was or is made exclusively to persons or entities which are qualified investors as defined in the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) or (ii), in addition to a requirement (if any) to prepare a key information document under Regulation (EU) No 1286/2014, a logo and standard exemption wording are disclosed as required by Article 5:20(5) of the Dutch Financial Supervision Act, in each case provided that no such offer of Instruments shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Savings Certificates Act

In addition and without prejudice to the relevant restrictions set out above, Securities that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever (“**Zero Coupon Securities**”) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the relevant Issuer or an admitted institution (*toegelaten instelling*) of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Savings Certificates Act (*Wet inzake spaarbewijzen*) as amended from time to time. No such mediation is required in respect of:

- (a) the transfer and acceptance of Zero Coupon Securities whilst in the form of rights representing an interest in a Zero Coupon Instrument in global form;

- (b) the initial issue of Zero Coupon Securities in definitive form to the first holders thereof;
- (c) the transfer and acceptance of Zero Coupon Securities in definitive form between individuals not acting in the conduct of a business or profession; or
- (d) the transfer and acceptance of such Zero Coupon Securities within, from or into the Netherlands if all Zero Coupon Securities (either in definitive form or as rights representing an interest in a Zero Coupon Instrument in global form) of any particular Series are issued outside the Netherlands and are not distributed into the Netherlands in the course of initial distribution or immediately thereafter.

In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Securities have to be complied with and, in addition thereto, if such Zero Coupon Securities in definitive form do not qualify as commercial paper traded between professional borrowers and lenders within the meaning of the agreement of 2 March 1987 attached to the Royal Decree of 11 March 1987 as published in the Official Gazette 1987, 129, as amended from time to time, each transfer and acceptance should be recorded in a transaction note, including the name and address of each party to the transaction, the nature of the transaction and the details and serial numbers of such Securities.

Republic of Italy

The offering of the Securities has not been registered with the Italian Financial Regulator (*Commissione Nazionale per le Società e la Borsa* or “**CONSOB**”) pursuant to Italian securities legislation and, accordingly, the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that no Securities may be offered, sold or delivered, nor may copies of this Series Information Memorandum (including the applicable Issue Terms and any Series Series Information Memorandum) or of any other document relating to the Securities be distributed in the Republic of Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined in Article 100 of Legislative Decree No. 58 of 24 February, 1998, as amended, (the “**Financial Services Act**”), as implemented by Article 26, paragraph 1(d) of CONSOB Regulation No. 16190 of 29 October 2007 (as repealed by CONSOB Regulation No. 20307 of 15 February 2019, as amended (“**Regulation No. 20307**”)) pursuant to Article 34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended (“**Regulation No.11971**”); or
- (b) in other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and its implementing CONSOB Regulations including Regulation No.11971.

Any such offer, sale or delivery of the Securities or distribution of copies of this Series Information Memorandum (including any Series Series Information Memorandum or applicable Issue Terms) or any other document relating to the Securities in the Republic of Italy must be in compliance with the selling restriction under (a) and (b) above and must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB

Regulation No. 20307 and Legislative Decree No. 385 of 1 September 1993, as amended (the “**Banking Act**”) and any other applicable laws and regulations;

- (ii) in compliance with Article 129 of the Banking Act and the implementing guidelines of the Bank of Italy, as amended, with regard, *inter alia*, to the reporting obligations required; and
- (iii) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or the Bank of Italy or other Italian authority.

*Please note that in accordance with Article 100-bis of the Financial Services Act, Investors should also note that, in any subsequent distribution of the Securities in the Republic of Italy, Article 100-bis of the Financial Services Act may require compliance with the law relating to public offers of securities. Furthermore, where the Securities are placed solely with “qualified investors” and are then systematically (“**sistematicamente**”) resold on the secondary market at any time in the 12 months following such placing, purchasers of Securities who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Securities were purchased, unless an exemption provided for under the Financial Services Act applies.*

France

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, Securities to the public in France, and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Series Information Memorandum, the relevant Issue Terms or any other offering or marketing material relating to the Securities and such offers, sales and distributions have been and shall only be made in France to (a) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d’investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors (*investisseurs qualifiés*) acting for their own account, other than individuals as defined in, and in accordance with, Articles L.411-1, L.411-2, D. 411-1, D. 744-1, D.754-1 and D.764-1 of the French *Code monétaire et financier*.

Neither this Series Information Memorandum, nor the relevant Issue Terms nor any such offering material has been or will be filed with the French *Autorité des Marchés Financiers* (“AMF”) for prior approval or submitted for clearance to the AMF.

Chile

Neither the relevant Issuer nor the Securities have been registered with the “*Registro de Valores*” nor the “*Registro de Valores Extranjeros*” before the “*Comisión para el Mercado Financiero*” (the “**CMF**”) pursuant to Law No. 18.045, the “*Ley de Mercado de Valores*” (“**Law 18,045**”), and regulations thereunder therefore, such Securities are not overseen by the CMF and, hence, there is no obligation to provide public information of such Securities in the Republic of Chile. The Series Information Memorandum does not constitute an offer of, or an invitation to subscribe for or purchase, the Securities in The Republic of Chile, other than to individually identified buyers pursuant to a Private Offering, and subject to CMF’s “*Norma de Carácter General Número 336*”, within the meaning of Article 4 of Law 18,045 (an offer that is not addressed to the public at large or to a certain sector or specific group of the public). Therefore, such Securities cannot be subject to a public offer in the Republic of Chile as long as they are not registered in the appropriate Securities Registry (“**Registro de Valores**”).

This Series Information Memorandum is personal to each offeree and does not constitute an offer to any other person or to the general public in Chile to acquire the securities. Distribution of this Series Information Memorandum in Chile to any person other than an offeree is unauthorised, and any disclosure of any of the content of this Series Information Memorandum within Chile without our prior written consent is prohibited.

Each prospective investor in Chile, by accepting the delivery of this Series Information Memorandum, agrees to the foregoing and will not make photocopies or any other reproduction, either physical or electronic, of this Series Information Memorandum or any other documents referred to herein.

Colombia

This document does not constitute a public offer in the Republic of Colombia. The offer of the Securities may only be addressed to less than one hundred specifically identified investors. The Securities may not be promoted or marketed in Colombia or to Colombian residents, unless such promotion and marketing is made in compliance with Decree 2555 of 2010 and other applicable rules and regulations related to the promotion of foreign products in Colombia.

The Securities have not been, and will not be, registered in the National Securities and Issuers Registry (*Registro Nacional de Valores y Emisores*) of Colombia or traded on the Colombian Stock Exchange (*Bolsa de Valores de Colombia*). Therefore, the securities may not be publicly offered in Colombia or traded on the Colombian Stock Exchange.

This Series Information Memorandum is for the sole and exclusive use of the addressee as an offeree in Colombia, and this Series Information Memorandum shall not be interpreted as being addressed to any third party in Colombia or for the use of any third party in Colombia, including any shareholders, administrators or employees of the addressee.

The recipient of the Securities acknowledges that certain Colombian laws and regulations (specifically foreign exchange and tax regulations) are applicable to any transaction or investment made in connection with the Securities being offered and represents that it is the sole party liable for full compliance with any such laws and regulations.

Mexico

The Securities have not been, and will not be, registered with the National Securities Registry maintained by the Mexican National Banking and Securities Commission (*Comisión Nacional Bancaria y de Valores*, or the “**CNBV**”) and, therefore, the Securities may not be publicly offered or sold in Mexico, publicly or otherwise, except that the Securities may be offered in Mexico to institutional and accredited investors pursuant to the private placement exception set forth in Article 8 of the Mexican Securities Market Law.

Peru

The Securities have not been, and will not be, registered with the Superintendency of Securities Market (*Superintendencia del Mercado de Valores*, or “**SMV**”) or the Lima Stock Exchange (*Bolsa de Valores de Lima*). If through any private offering an institutional investor acquires Securities that are not registered with the SMV, such Securities may not be sold or transferred by such institutional investor unless such transfer or sale is made to another institutional investor as defined by the Peruvian Securities Market Law (*Ley del Mercado de Valores*) or such Securities have been registered under the SMV’s Public Registry.

Notice to Private Pension Funds and Insurance Companies in Peru: Private Pension Funds (*Administradoras Privadas de Fondos de Pensiones*) and Insurance Companies (*Compañías de Seguros*) in Peru should seek their own legal advice as to the eligibility of the Securities and legal, financial and technical advice as to their capacity to acquire the Securities in compliance with the limits set forth by applicable Peruvian law. In particular, to acquire the Securities, Peruvian Private Pension Funds should register the Securities as provided by the applicable regulation approved by the Peruvian Bank and Insurance Superintendency (*Superintendencia de Banca, Seguros y AFP*) and, if applicable, to register the particular placement procedure through which such Securities are acquired.

General

This Series Information Memorandum has been prepared on the basis that Securities may be directed to any category of potential investors unless specified otherwise in the applicable Issue Terms. The Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Securities or possesses or distributes this Series Information Memorandum or any Series Information Memorandum and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Securities under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the relevant Issuer nor any of the other Dealers shall have any responsibility therefor.

Neither the relevant Issuer, the Trustee nor any Dealer represents that Securities may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Series of Securities, the relevant Dealer(s) will be required to comply with such other additional restrictions as the relevant Issuer and the relevant Dealer(s) shall agree and as shall be set out in the relevant Series Information Memorandum.

DESCRIPTION OF THE COUNTERPARTY

BUSINESS OF THE COUNTERPARTY

Banco Bilbao Vizcaya Argentaria, S.A. (“**BBVA**”) is a highly diversified international financial group, with strengths in the traditional banking businesses of retail banking, asset management, private banking and wholesale banking. It also has investments in some of Spain’s leading companies.

The Group is committed to offering a compelling digital proposition and is focused on increasingly offering products online and through mobile channels, improving the functionality of its digital offerings and refining the customer experience. In 2018, the number of digital and mobile customers and the volume of digital sales continued to increase.

BBVA was incorporated in Spain for an unlimited term on 28 January 2000. BBVA was formed as the result of a merger by absorption of Argentaria into BBV, which was registered at the Vizcaya Mercantile Registry (Registro Mercantil de Vizcaya) on 28 January 2000.

BBVA's organisational structure is divided into six operating segments (Spain, the United States, Mexico, Turkey South America and rest of Eurasia). In addition to the operating segments referred to above, the Group has a corporate centre (the "Corporate Centre") which includes those items that have not been allocated to an operating segment. It includes the Group’s general management functions, including: costs from central units that have a strictly corporate function; management of structural exchange rate positions carried out by the financial planning unit; specific issues of capital instruments to ensure adequate management of the Group’s overall capital position; certain proprietary portfolios; certain tax assets and liabilities; certain provisions related to commitments with employees; and goodwill and other intangibles.

The registered office of BBVA is at Plaza San Nicolas 4, Bilbao, Spain.

BBVA has securities admitted to trading on the regulated market of the Madrid Stock Exchange and the New York Stock Exchange.

INCORPORATION OF DOCUMENTS BY REFERENCE
