

ISSUE MEMORANDUM

BOATS Investments (Netherlands) B.V.

(incorporated with limited liability in the Netherlands and having its seat (zetel) in Amsterdam, the Netherlands)

U.S.\$10,000,000,000 Secured Note Programme

Series 160 EUR 10,000,000

Secured Repackaged Notes due 2015

Issue Price 100%

Under its U.S.\$10,000,000,000 Secured Note Programme, BOATS Investments (Netherlands) B.V. (the “**Issuer**”) may issue from time to time Bond Obligation Asset Trust Securities on the terms set out in the programme memorandum dated 7 October 2010 relating to the Programme (the “**Programme Memorandum**”) as further described, in relation to each issue, by an Issue Memorandum applicable to such issue. This Issue Memorandum is the Issue Memorandum applicable to the issue by the Issuer of the Series 160 EUR 10,000,000 Secured Repackaged Notes due 2015 (the “**Notes**”). Terms defined in the Programme Memorandum have the same meaning in this Issue Memorandum.

Interest will accrue on the Notes from the Issue Date and will be payable on each Interest Payment Date, as set out on page 11 of this Issue Memorandum. The Interest Rate is a floating rate, as more particularly set out herein.

Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed on the Maturity Date (as defined herein). If Credit Suisse International as Calculation Agent determines that a Collateral Event (as defined herein) has occurred, the Noteholders shall receive an amount equal in aggregate to the Post-Event Amount (as defined herein) on the Cash Settlement Date (as defined herein) and the Notes shall redeem accordingly on such date in accordance with the Conditions.

The Notes reference the obligations (the “**Collateral Obligations**”) held by the Custodian pursuant to the Custody Agreement (as defined herein) as set out herein. The performance of the Notes differs significantly from a direct investment in the Collateral Obligations.

The Notes are only intended for highly sophisticated and knowledgeable investors who are capable of understanding and evaluating the risks involved in investing in the Notes and who are required to read the “Risk Factors” (as set out in this Issue Memorandum). The risks set out in the Risk Factors (as set out in this Issue Memorandum), alone or collectively, may reduce the return on the Notes and could result in the loss of all or a proportion of a Noteholder’s investment in the Notes.

The obligations of the Issuer under the Trust Deed, the Notes, the Coupons and the Swap Agreement will be secured by an assignment by way of security of the Issuer’s rights under (i) the Agency Agreement insofar as such rights relate to the Notes and any sums related thereto (ii) the Liquidation Agency Agreement (as defined herein) (iii) the Purchase Agency Agreement (as defined herein) (iv) the Securities Sale Agreement (as defined herein) and (v) the Custody Agreement (including the Issuer’s rights in respect of the Collateral Obligations) and sums derived therefrom or related thereto, in each case in favour of the Trustee for the benefit of itself and the Noteholders, the Couponholders and Credit Suisse International as counterparty (the “**Counterparty**”). The Issuer’s obligations under the Trust Deed, the Notes and the Coupons will also be secured by an assignment by way of security of the Issuer’s rights under the Swap Agreement and Credit Support Annex in favour of the Trustee for the benefit of itself and the Noteholders and Couponholders, subject to an assignment by the Issuer to The Bank of New York Mellon in its capacity as Principal Paying Agent of the Issuer’s right to receive sums due from the Counterparty under the Swap Agreement.

This Issue Memorandum has been approved by the Central Bank of Ireland (the “**Central Bank**”) as competent authority under Directive 2003/71/EC (as amended by Directive 2010/73/EU) (the “**Prospectus Directive**”). The Central Bank only approves this Issue Memorandum as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. This Issue Memorandum comprises a Prospectus for the purposes of the Prospectus Directive.

Application has been made to the Irish Stock Exchange (the “**Irish Stock Exchange**”) for the Notes to be admitted to the Official List (the “**Official List**”) and trading on its regulated market. There cannot be any guarantee that admission to the Official List or admission to trading on the regulated market of the Irish Stock Exchange will be obtained or, if so obtained, will be maintained for the life of the Notes.

As at the Issue Date, it is not intended that the Notes will be rated by any rating agency, but this shall not preclude a future rating in respect of the Notes.

The Notes will be represented by a Permanent Global Note which will be deposited with a Common Depositary for Euroclear and Clearstream, Luxembourg on or about 5 April 2013. Notes in definitive form will not be issued except in the limited circumstances specified in the Conditions.

Credit Suisse International

The date of this Issue Memorandum is 18 July 2013

This Issue Memorandum includes particulars for the purpose of giving information with regard to the issue by the Issuer of the Notes.

The Issuer accepts responsibility for the information contained in this Issue Memorandum (and in respect of the section herein entitled “Information relating to the Counterparty”, the Counterparty also accepts responsibility). To the best of the knowledge and belief of the Issuer (and in respect of the section herein entitled “Information relating to the Counterparty”, to the best of the knowledge and belief of the Counterparty) (each of which have taken all reasonable care to ensure that such is the case) the information contained in this Issue Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information. Investors are required to make their own assessment of Credit Suisse International including its affiliates, successors and assigns (“**CSI**”), the Collateral Obligations and the Collateral Obligation Obligor (as defined herein). The Issuer does not have any access to information relating to the Counterparty, the Collateral Obligations or the Collateral Obligation Obligor other than that which is in the public domain. The Collateral Obligation Obligor has not participated nor been involved in the offering of the Notes or any arrangements in connection therewith.

The delivery of this Issue Memorandum at any time does not imply that any information contained herein is correct at any time subsequent to the date thereof.

No person is authorised to give any information or to make any representation not contained in this Issue Memorandum in connection with the issue and sale of the Notes and any information or representation not contained herein must not be relied upon as having been authorised by or on behalf of the Issuer or CSI.

Any prospective purchaser of the Notes should ensure that it understands the nature of the Notes and the extent of its exposure to risk and that it considers the suitability of the Notes as an investment in the light of its own circumstances and financial condition, as a professional investor.

The Notes are issued on the terms set out in this Issue Memorandum read together with the Programme Memorandum.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”), and may be offered and sold only to persons who are not “U.S. persons” as defined in, and pursuant to, Regulations under the Securities Act, in a transaction that is exempt from the registration requirements of the Securities Act. The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations.

This Issue Memorandum does not constitute an offer of, or an invitation by or on behalf of the Issuer or CSI to subscribe for or purchase, any of the Notes.

The distribution of this Issue Memorandum and the offer of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this document comes are required by the Issuer to inform themselves about, and to observe, any such restrictions. In this regard, see further “Subscription and Sale” in the Programme Memorandum.

In this Issue Memorandum, references to “**EUR**” are to Euros.

RISK FACTORS

The purchase of Notes involves substantial risks and is suitable only for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes. Before making an investment decision, a prospective purchaser of the Notes should consider carefully, in the light of its own financial circumstances and investment objectives, the considerations set forth below together with any other considerations deemed appropriate by the prospective purchaser. Prospective purchasers of Notes should make such enquiries as they think appropriate about the Notes, the Issuer, the Collateral Obligations, the Collateral Obligation Obligor and the Counterparty, without relying on the Issuer or the Counterparty or any affiliate of the Counterparty.

The following risk factors, alone or collectively, may reduce the return on the Notes and could result in the loss of all or a portion of a Noteholder's investment in the Notes. Each prospective purchaser of Notes is solely responsible for making its own independent appraisal of all such matters and such other matters as the prospective purchaser deems appropriate, in determining whether to purchase Notes and that an investment in the Notes is suitable for its investment purposes. References to "CSI" and "Counterparty" are to Credit Suisse International and, in this section, includes its affiliates, successors and assigns. Other capitalised terms used but not defined in this section shall have the respective meanings given to them in "Terms and Conditions of the Notes".

Limitations on claims against the Issuer

The Notes are solely obligations of the Issuer and none of the Counterparty or the Collateral Obligation Obligor has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Issuer is a special purpose company established, *inter alia*, for the purpose of issuing the Notes. The Notes are limited in recourse, *inter alia*, to the Swap Agreement and the Collateral Obligations (if any) held pursuant to the Custody Agreement. Following termination of the Swap Agreement and its enforcement against the Counterparty and enforcement of the Custody Agreement against the Custodian (including realisation of the Collateral Obligations), there will be no other assets of the Issuer available to meet any outstanding claims of the Noteholders, who will bear such shortfall *pro rata* to their holdings of Notes.

Credit Risk

The Notes are subject, amongst other things, to the credit risk of the Collateral Obligation Obligor, the Custodian and the Counterparty.

The receipt by the Issuer of payments under the Swap Transaction may also be dependent on the timely payment by the Issuer of its obligations under such agreement and any other relevant agreement. The ability of the Issuer to make timely payment of its obligations under the Swap Transaction may depend on receipt by it of the scheduled payments under the Collateral Obligations. Consequently, the Issuer is exposed to the ability of the Collateral Obligation Obligor to perform its payment obligations.

If a Collateral Event occurs with respect to the Collateral Obligations, interest shall be deemed to have ceased to accrue from and including the preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue Date), the Notes will fall due for redemption at an amount equal in aggregate to the Post-Event Amount and no further payments of interest and/or principal in respect of the Notes will be due and payable. The Post-Event Amount is an amount determined by Credit Suisse International (acting in its capacity as Calculation Agent) which will take into account (i) the Value of the Collateral Obligations (as defined herein) and (ii) the Asset Swap Gain (or Asset Swap Loss) (as defined herein). Prospective Noteholders must read and understand all the provisions herein that relate to the calculation of the Post-Event Amount before investing in the Notes.

The Notes are also subject to the credit risk of the Custodian to the extent that (i) there are any funds standing to the credit of any account of the Issuer held with the Custodian and (ii) the Collateral Obligations will be held by the Custodian on behalf of the Issuer and in the event that delivery of the Collateral Obligations to the Custodian has taken place by book entry transfer through a clearing system, the Issuer may have only a contractual claim as against the Custodian for the return of the Collateral Obligations rather than a proprietary interest in the Collateral Obligations. Any prospective purchaser should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in the Notes. Neither the Issuer nor CSI purports to be a source of information and credit analysis with respect to the Collateral Obligation Obligor, the Counterparty or the Custodian.

An event may constitute a Collateral Event for these purposes even if it occurs prior to the Issue Date, provided that it occurs on or after the Collateral Event Observation Start Date (being, 22 March 2013).

In certain circumstances, payments of interest and/or principal may be suspended and no compensation shall be payable to Noteholders as a consequence of such suspension. Prospective Noteholders must read and understand the sections herein entitled “*Suspension of payments*” in this regard.

Any prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing such risks and should be capable of evaluating the merits, risks and suitability of investing in the Notes. Neither the Issuer nor the Counterparty purports to be a source of information and credit or other analysis with respect to the Collateral Obligations, the Collateral Obligations Obligor, the Custodian and the Counterparty.

The outstanding principal amount of the Collateral Obligations held on behalf of the Issuer may be reduced from time to time (to an amount not less than zero) to the extent that Collateral Obligations are required to be transferred to the Counterparty pursuant to the Credit Support Annex. Further, under the terms of the Credit Support Annex the Counterparty shall have no obligation to post any credit support to the Issuer, save for its obligation to pay any Return Amounts (as defined in the Credit Support Annex) and any other amounts due and payable by it under the Credit Support Annex.

Provision of information

Neither the Issuer nor CSI (i) has provided or will provide prospective purchasers of Notes with any information or advice with respect to the Collateral Obligations, the Collateral Obligation Obligor, the Custodian or the Counterparty, or (ii) makes any representation as to the credit quality of the Collateral Obligations, the Collateral Obligation Obligor, the Custodian or the Counterparty. The Issuer and/or the Counterparty may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Custodian, the Collateral Obligations and the Collateral Obligation Obligor which will not be disclosed to Noteholders. The timing and limited scope of the information provided to Noteholders regarding the Collateral Obligations, the Collateral Obligation Obligor and the occurrence of a Collateral Event, may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. Neither the Issuer nor CSI is under any obligation to make such information, whether or not confidential, available to Noteholders.

Business relationships

There is no limitation or restriction on CSI or any of its affiliates with regard to acting as advisor (or any other similar role) to other parties or persons or entering into, performing or enforcing its rights in respect of a broad range of transactions in various capacities for its own account and for the account of other persons, from time to time in relation to its business. This, and other future

activities of CSi and/or its affiliates, may give rise to conflicts of interest. These interests may conflict with the interests of the Noteholders and the Noteholders may suffer a loss as a result.

The Issuer and/or the Counterparty may have existing or future business relationships with the Collateral Obligation Obligor (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect their and/or its interests (in whatever capacity) arising therefrom (including, without limitation, any action which might constitute or give rise to a Collateral Event) without regard to the consequences for a Noteholder.

The Issuer and the Counterparty may deal in the Collateral Obligations and any other obligations of the Collateral Obligation Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, the Collateral Obligation Obligor and may act with respect to such business in the same manner as each of them would had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Collateral Obligations, the Collateral Obligation Obligor or the position of a Noteholder or otherwise.

No claim against the Collateral Obligation Obligor

The Notes will not represent a claim against the Collateral Obligation Obligor, and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Collateral Obligation Obligor.

Determinations

The determination as to whether a Collateral Event has occurred shall be made by the Calculation Agent under the Notes and without regard to any related determination by the Collateral Obligation Obligor or any action taken, omitted to be taken or suffered to be taken by any other person including, without limitation, any creditor of the Collateral Obligation Obligor.

Modification, waivers and substitution

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Trustee may agree, without the consent of Noteholders, to (i) any modification, waiver or authorisation (on such terms as seem expedient to it) of any breach or proposed breach of any of the provisions of the Trust Deed that, in any such case, is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders, (ii) any modification of the Trust Deed of a formal, minor or technical nature or to correct a manifest error, (iii) without the consent of the Noteholders if in its opinion the interests of the Noteholders will not be materially prejudiced thereby, determine that an event that would otherwise be an Event of Default (as defined herein) shall not be treated as such or (iv) a change in the place of residence of the Issuer for taxation purposes or the substitution in place of the Issuer as principal debtor under any Notes (provided, inter alia, that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders).

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. The Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes.

If the Issuer is required to make any withholding or deduction in respect of any payments to any Noteholder as referred to in Condition 6(b)(i) (*Redemption for taxation and other reasons*) and such withholding or deduction is in respect of a FATCA Withholding Tax (as defined herein), then the Issuer shall either (i) redeem all but not some only of the Notes at their Redemption Amount together with interest (if any) accrued to the date fixed for redemption in accordance with the Conditions, or (ii) to the extent that it is able to do so, deduct such FATCA Withholding Tax from the amounts payable to such Noteholder. This shall not affect the rights of any other Noteholders and the Issuer shall not be required by reason of such deduction to endeavour to arrange any substitution, to change its residence or domicile, or to otherwise redeem the Notes, as provided in Condition 6(b)(i) (*Redemption for taxation and other reasons*). Any such deduction shall not constitute an Event of Default under Condition 8 (*Events of Default*).

U.S. Foreign Account Tax Compliance Withholding

The Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made on or after 1 January 2017 in respect of (i) any Notes which are treated as debt for U.S. federal tax purposes that are issued (or materially modified) on or after the later of (a) the date (the “grandfathering date”) that is six months after the date on which final U.S. Treasury regulations that define the term “foreign passthru payment” are filed with the Federal Register and (b) 1 January 2014, and (ii) any Notes which are treated as equity for U.S. federal tax purposes (whenever issued) pursuant to the U.S. Foreign Account Tax Compliance Act (“**FATCA**”) or similar law implementing an intergovernmental approach to FATCA. Certain payments on the Notes may be subject to withholding imposed pursuant to FATCA if the Issuer is considered a Foreign Financial Institution (“**FFI**”) under FATCA and either mandatorily becomes a “Partner Jurisdiction FI” due to an Intergovernmental Agreement between the U.S. and the Issuer’s country of incorporation or otherwise enters into an FFI Agreement with the Internal Revenue Service (“**IRS**”). If under such circumstances holders of Notes fail to provide certain information to the Issuer or, in the case of a holder of Notes which is a nonparticipating FFI, such payments may become subject to withholding tax beginning on 1 January 2017 (at the earliest). The withholding obligation in respect of a nonparticipating FFI may apply whether the FFI is receiving payments for its own account or on behalf of another person. If such withholding on account of FATCA applies, there will be no additional amount payable by way of compensation to the holder for the deducted amount. In addition, if the Issuer is considered a FFI under FATCA, fails to comply with its obligations arising therefrom and is not otherwise exempted under the terms of an applicable Intergovernmental Agreement, the Issuer would be considered nonparticipating and would from certain dates starting from 1 January 2014 be subject to 30 per cent. withholding tax on all, or a portion of, payments received from U.S. sources and from participating FFIs. This might result in payments to the Issuer in respect of certain assets of the Issuer being subject to U.S. withholding tax. Any such withholding would, in turn, result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes and/or the Swap Agreement. No other funds will be available to the Issuer to make up any such shortfall.

THE FATCA PROVISIONS ARE PARTICULARLY COMPLEX AND THEIR APPLICATION TO THE ISSUER IS UNCERTAIN AT THIS TIME. NOTHING IN THIS SECTION CONSTITUTES OR PURPORTS TO CONSTITUTE TAX ADVICE AND NOTEHOLDERS ARE NOT ENTITLED TO RELY ON ANY PROVISION SET OUT IN THIS SECTION FOR PURPOSES OF MAKING ANY INVESTMENT DECISION, TAX DECISION OR OTHERWISE. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR TO OBTAIN A MORE DETAILED EXPLANATION OF THE FATCA PROVISIONS AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT IT IN ITS PARTICULAR CIRCUMSTANCE.

The Issuer may, but is not obliged to, enter into a FFI agreement. However, no assurance can be given that the Issuer will enter into such an agreement or as to the timing of such entry.

Early redemption of the Notes

The Issuer may for specified tax or legal reasons, as detailed in Condition 6(b) (*Redemption for taxation and other reasons*), upon giving notice to Noteholders, redeem all Notes earlier than the Maturity Date. If the Issuer redeems the Notes early, the Issuer will, if and to the extent permitted by applicable law, pay each Noteholder the Early Redemption Amount on the date specified in the Conditions. Such Early Redemption Amount is not principal protected and will be calculated in accordance with the Conditions. In particular, the early redemption of the Notes will occur if payments to the Issuer in respect of its assets (including the Collateral Obligations) or under the Swap Transaction are subject to withholding in the circumstances described in the paragraph “U.S. Foreign Account Tax Compliance Withholding” above.

Legality of purchase

Neither the Issuer nor the Counterparty has or assumes responsibility for the lawfulness of a prospective purchaser's acquisition of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different) or the compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it. A prospective purchaser of the Notes may not rely on the Issuer or the Counterparty in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Independent review and advice

Each prospective purchaser of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes: (i) is fully consistent with its (or, if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition; (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity); and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

No Secondary Market

No secondary market is expected to develop in respect of the Notes and, in the unlikely event that a secondary market in the Notes does develop, there can be no assurance that it will continue. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with an investment in the Notes.

Upon request from a Noteholder received by CSi no later than two (2) hours prior to the earliest close of business on any business day in London, CSi will use reasonable endeavours to provide a firm bid price for the Notes to the Noteholder (the “**Bid Price**”) by the close of business on such day. CSi shall not be liable for any failure to provide a Bid Price if there is a market disruption in the relevant markets, as determined by CSi, or such failure results from war, an act of any Government or other competent authority, civil commotion, rebellion, storm, tempest, fire or any other cause beyond the reasonable control of CSi. CSi's Bid Prices are prepared as of a particular date and time and will not reflect subsequent changes in market values or prices or in any other factors relevant to their determination.

For the avoidance of doubt, CSi shall be under no duty of best execution when providing a Bid Price.

A Noteholder should not assume that all dealers determine bid prices in the same manner. Bid prices may vary from dealer to dealer. Sometimes this variance may be substantial. CSi does not warrant that its Bid Prices are or will be representative of the bid prices that may be provided to a

Noteholder by other dealers. For this reason the Bid Prices will not establish, or constitute advice by CSi concerning, a “mark-to-market” value of the instruments priced.

A Noteholder should discuss with its auditors and any other advisors it deems appropriate whether and, if so, the extent to which CSi’s Bid Prices may be useful to it in connection with the preparation of its financial statements or for any other purpose.

No reliance

A prospective purchaser may not rely on the Issuer, the Counterparty or any affiliate of the Counterparty in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Neither the Issuer nor the Counterparty has any duty, obligation or responsibility towards a Noteholder unless otherwise agreed in writing with that Noteholder. In particular, without limiting the foregoing, neither the Issuer nor the Counterparty needs to provide information to, act on the instruction or request of, find alternative mechanisms for realising money for, or take into account the views of any Noteholder. In taking action against third parties, the Issuer and the Counterparty may combine holdings of debt, securities or other interests as they shall see fit and apply proceeds thereof, as they shall see fit. The Issuer may only waive contractual obligations in respect of the Notes in writing.

Exchange rates and exchange controls

The Issuer will pay principal on the Notes in EUR. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than EUR. These include the risk that exchange rates may significantly change (including changes due to a devaluation of EUR or a revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to EUR would decrease (1) the Investor’s Currency equivalent yield on the Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Notes and (3) the Investor’s Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less principal than expected, or no principal at all.

Condition 6(b)(i) shall be deleted in its entirety and replaced with the following:

“(i) If the Issuer, on the occasion of the next payment due in respect of the Notes or Coupons (if any), would be required by law to withhold or account for tax, or to withhold or account for tax at a rate in excess of the rate at which it then withholds or accounts for tax, so that it would be unable to make payment of the full amount due, then the Issuer shall so inform the Trustee and (except where such withholding or deduction is in respect of a FATCA Withholding Tax (as defined in Condition 6(t) below)) shall use its best endeavours to change the place of residence of the Issuer for taxation purposes to, or to arrange the substitution as principal debtor of a company incorporated in, another jurisdiction approved by the Trustee in accordance with the provisions of the Trust Deed. If the Issuer satisfies the Trustee that it is unable to arrange such change or substitution before the next payment is due in respect of the Notes or where such withholding or deduction is in respect of a FATCA Withholding Tax, the Issuer shall either (i) forthwith give not more than 28 nor less than 7 days’ notice to the Trustee and the Noteholders, and upon expiry of such notice the Issuer shall redeem all but not some only of the Notes at their Redemption Amount together with interest (if any) accrued to the date fixed for redemption unless the Trustee certifies to the Issuer that, in its absolute discretion, it considers that it is in the best interests of the Noteholders that the Notes not be so redeemed or an Extraordinary Resolution of the Noteholders otherwise directs; or (ii) in respect of any withholding or deduction in respect of a FATCA Withholding Tax and to the extent that it is able to do so, deduct such FATCA Withholding Tax from the amounts payable to such Noteholder. This shall not affect the rights of any other Noteholders hereunder and the Issuer shall not be required by reason of such deduction to endeavour to redeem the Notes. Any such deduction shall not constitute an Event of Default under Condition 8 (*Events of Default*).”.

B. **Early Redemption following a Collateral Event**

The provisions of paragraphs (c) to (j) of Condition 6 (*Redemption, Exchange and Purchase*) shall not apply to the Notes. The following provisions shall be added to the end of Condition 6 (*Redemption, Exchange and Purchase*) for this Series of Notes:

“(n) **Early Redemption following a Collateral Event**

If the Calculation Agent determines that a Collateral Event has occurred (on or after the Collateral Event Observation Start Date) with respect to any Collateral Obligations, the Calculation Agent shall give notice of such determination (including a description in reasonable detail of the facts relevant to such determination) to the Issuer (copied to the Principal Paying Agent and the Trustee) (the date of such determination being the “**Collateral Event Determination Date**”), then:

- (i) no payments of principal or interest shall be made from (and including) the Collateral Event Determination Date (and, for the avoidance of doubt, interest shall be deemed to have ceased to accrue from and including the preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue Date) except as specified in paragraph (iv) of this Condition 6(n);
- (ii) within 5 Fixing Business Days following the Collateral Event Determination Date (the “**Collateral Event Notice Date**”) the Principal Paying Agent (having been instructed by the Issuer) will give notice to the Noteholders (the “**Collateral Event Notice**”) of the determination of the Collateral Event including a description in reasonable detail of the facts relevant to such determination (by forwarding a copy of the notice delivered by the Calculation Agent with respect to the Collateral Event Determination Date or the information provided therein);
- (iii) within 30 Fixing Business Days following the Collateral Event Notice Date, the Asset Swap Value and the Value of the Collateral Obligations shall be determined (the “**Collateral Event Valuation Date**”); and
- (iv) each Note will be redeemed on the Cash Settlement Date by payment to each Noteholder of its *pro rata* share of an amount in EUR determined by the Calculation Agent equal to the Post-Event Amount, irrespective of whether the relevant Collateral Event is continuing.

(o) **Definition of Collateral Event**

For the purposes of these Conditions, “**Collateral Event**” shall have the meaning given to it in the Swap Agreement.

(p) **Suspension of payments**

If under the Swap Agreement, the Counterparty determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, no payment of principal or interest shall be made by the Issuer in respect of the Notes during the Suspension Period (as defined in the Swap Agreement). If at any time during the Suspension Period the Counterparty under the Swap Agreement determines that a Collateral Event has occurred, then the provisions of Condition 6(n) (*Early Redemption following a Collateral Event*) shall apply. If on the final Business Day of the Suspension Period no such determination has been made, then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Fixing Business Day after such final Business Day of the Suspension Period. Noteholders or Couponholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed pursuant to this paragraph.

Notwithstanding the foregoing, if the Counterparty determines that a payment failure with respect to the Collateral Obligations is remedied prior to the end of the applicable grace period, then the Issuer shall make any payments that would otherwise have been payable in respect of the Notes on the second Fixing Business Day following the date on which the Counterparty determines that the relevant payment failure has been remedied. In determining whether a payment failure has (or may have) occurred, the Counterparty may rely on evidence of non-receipt of funds.

(q) **Collateral Obligations Exchange**

Any holder of more than 50 per cent. in principal amount of the Notes for the time being outstanding shall have the right at any time, by giving at least ten Business Days' Notice to the Issuer, the Calculation Agent and the Counterparty, and sufficient proof of ownership of the Notes as the Issuer and the Trustee shall require, to request a substitution of any Collateral Obligations (such Collateral Obligations, the "**Substituted Collateral Obligations**") with a nominal amount of new collateral obligations (rounded down to the nearest whole denomination) that fulfil the New Collateral Criteria (set out in Appendix 1 hereto), as determined by the Calculation Agent in its sole and absolute discretion (such new collateral obligations, the "**Replacement Collateral Obligations**") and further provided that the Issuer shall have sufficient funds to purchase such nominal amount of Replacement Collateral Obligations, having taken into account any sale proceeds relating to the Substituted Collateral Obligations. The Liquidation Agent shall effect the sale of the Substituted Collateral Obligations on behalf of the Issuer pursuant to the Liquidation Agency Agreement and the Purchase Agent shall use the Liquidation Proceeds to purchase the Replacement Collateral Obligations on behalf of the Issuer pursuant to the Purchase Agency Agreement and any excess funds shall be for the credit of the Issuer. On the earlier to occur of (i) the Maturity Date, (ii) the Cash Settlement Date (if any) and (iii) the date (if any) fixed for early redemption of the Notes, such funds shall be transferred by the Issuer to the Counterparty pursuant to the terms of the Swap Transaction.

Any Replacement Collateral Obligations substituted in accordance with this paragraph shall thereafter be deemed to be Collateral Obligations for the purposes of the Conditions, the Trust Deed and the Swap Agreement. Any Substituted Collateral Obligations substituted in accordance with this paragraph shall thereafter cease to be Collateral Obligations for the purposes of the Conditions and the Swap Agreement.

(r) **References to principal and payments on Notes**

- (i) In the Conditions, references to principal shall include, wherever the context so admits, the Redemption Amount.
- (ii) Condition 7(a) (*Payments on Notes*) shall not apply to this Series of Notes.

Payments of principal and interest in respect of Notes shall be made against surrender or, in the case of a partial redemption, presentation for endorsement of the Notes or, as the case may be, the Coupons at the specified office of any Paying Agent by a cheque payable in EUR, or, at the option of the holder, by transfer to an account denominated in EUR with a bank specified by the payee, subject in all cases to any fiscal or other laws and regulations applicable thereto.

A Note or Coupon may be presented for payment only on a day that is a Business Day in the place of presentation (and, in the case of payment by transfer, in London, and a TARGET Business Day). However, a Note or Coupon may not be presented for payment anywhere before the first day that falls on or after the due date that is a Business Day in London and which is a TARGET Business Day.

(s) **Responsibility**

The Calculation Agent shall have no responsibility for good faith errors or omissions in its calculations and determinations as provided in the Conditions, whether caused by negligence or otherwise. The calculations and determinations of the Calculation Agent shall be made in accordance with the Conditions (having

regard in each case to the criteria stipulated herein and where relevant) on the basis of information provided to or obtained by employees or officers of the Calculation Agent responsible for making the relevant calculation or determination and shall, in the absence of manifest error, be final, conclusive and binding on the Trustee, the Noteholders and the Couponholders.

The parties agree that following any such termination of the Transaction no Return Amount shall be due from Party A pursuant to the Credit Support Annex, but without prejudice to any other amount that may be due to be paid or delivered by one party to the other pursuant to the Credit Support Annex.

4. **Early Redemption of the Notes**

- 4.1 If the Notes fall due for redemption pursuant to Condition 6(b) (*Redemption for taxation and other reasons*) or Condition 8 (*Events of Default*), on the date for such redemption Party B shall deliver the Collateral Obligations and any cash relating thereto held by the Custodian in relation to the Notes to Party A and, against such delivery, Party A shall pay the Early Redemption Amount to Party B, following which this Transaction shall terminate and no further amount shall be payable by either party to the other whether pursuant to Section 6 or otherwise.

- 4.2 The parties agree that following any such termination of this Transaction no Return Amount shall be due from Party A pursuant to the Credit Support Annex, but without prejudice to any other amount that may be due to be paid or delivered by one party to the other pursuant to the Credit Support Annex.

5. **Other Provisions**

5.1 **Counterparty Optional Termination**

For the purposes of this Transaction, Part 1 (m) applies and for the purposes of Part 1(m) the Optional Termination Notice shall be substantially in the form of Annex 1 hereto.

5.2 **Suspension of Payments**

If Party A determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event no payment shall be made by it under this Transaction for the period (the “**Suspension Period**”) of ten Fixed Business Days following such determination. At any time during the Suspension Period, Party A may determine that a Collateral Event has occurred. If on the final Business Day of the Suspension Period no such determination has been made, then two Fixing Business Days thereafter, Party A shall pay the balance of the scheduled payment that was otherwise due by it under this Transaction.

Notwithstanding the foregoing, if Party A determines that a payment failure with respect to the Collateral Obligations is remedied prior to the end of the applicable grace period, then Party A and Party B shall make any payments that would otherwise have been payable under this Transaction on the second Business Day following the date on which Party A determines that the relevant payment failure has been remedied. In determining whether a payment failure has (or may have) occurred, Party A may rely on evidence of non-receipt of funds.

5.3 **Definitions**

The following terms are defined below:

“**Available Amount**” means, in respect of any Collateral Obligations, the amount in respect of interest and/or principal scheduled to be paid (and in the currency in which it is scheduled to be paid) as at the date such Collateral Obligations are deemed to be included as Collateral Obligations for the purposes of the Conditions in respect of such Collateral Obligations, if any (and, for the avoidance of doubt, any such amount scheduled to be paid shall not be net of any Deductions).

“**Custodian**” means The Bank of New York Mellon pursuant to a Custody Agreement dated 5 April 2013 entered into in relation to the Notes.

“**Deductions**” means an amount, determined by the Calculation Agent in its opinion equal to the aggregate of (i) any amount withheld or deducted or required to be withheld or deducted from any amount in respect of interest and principal otherwise payable to Party B under the Collateral Obligations in respect of any taxes, fees, levies, duties, charges or assessments to the extent that the Collateral Obligation Obligor does not pay such additional amounts as would result in the receipt by Party B of such amounts (after it has discharged any such amount imposed, levied or assessed against it) as would have been received by Party B under the Collateral Obligations had no such withholding or deduction been imposed and (ii) fees of any nature, in each case imposed, levied or assessed by or on behalf of any government, territory or taxing authority having jurisdiction over the Collateral Obligation Obligor or any governmental subdivision thereof on Party B relating to the Collateral Obligations and (iii) any fees, taxes or duties imposed on Party B relating

to the transfer of the Collateral Obligations and (iv) any funding costs incurred by Party B in respect of (i), (ii) and (iii).

“EC Treaty” means the Treaty establishing the European Community (signed in Rome on 25 March 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February 1992), the Treaty of Amsterdam (signed in Amsterdam on 2 October 1997) and the Treaty of Nice (signed in Nice on 26 February 2001) and as further amended from time to time.

5.4 Subparagraph (j) of Part 1 of the Schedule to the Agreement shall not apply.

5.5 If this Transaction is terminated early pursuant to Section 6(a) or 6(b), the Notes will become due for redemption pursuant to Condition 6(b)(ii) (*Redemption for taxation and other reasons*) and the provisions of Section 4 above shall apply. Accordingly, notwithstanding the designation of any day as the Early Termination Date, this Transaction shall terminate in accordance with such Section 4 above and no payments and deliveries shall be due other than those set out in such Section 4 above.

5.6 Party A hereby agrees to perform all the functions required of it, and Party B hereby agrees that Party A shall be entitled to exercise all rights expressed to be exercisable by Party A, under the terms of the Notes, including (but without limitation) making the calculations and determinations that it is required or entitled to make under the terms of the Notes and delivering the notices that it is required or entitled to deliver under the terms of the Notes. Party B agrees that all such calculations, determinations and deliveries of notices that are effected by Party A shall be conclusive for all purposes.

5.7 **Additional Termination Event**

Items (i) and (ii) of Part 1(j) of the Schedule shall be deleted and replaced with the following:

- “(i) the Notes become repayable in whole in accordance with their conditions (the “Conditions”) at any time prior to their maturity other than in the circumstances provided in paragraphs (ii) and (iii) below or in the circumstances provided in Part 1(m) of this Schedule;
- (ii) any withholding imposed under Sections 1471 through 1474 of the Code (or the United States Treasury Regulations or other guidance issued thereunder) becomes due in respect of the Swap Transaction, including, for the avoidance of doubt, any withholding pursuant to a voluntary agreement entered into with the U.S. Internal Revenue Service; and
- (iii) in the event Party A reasonably believes that it is required, pursuant to an agreement under section 1471 of the Code that it entered into with a taxing authority, to terminate the Swap Transaction, it can, after giving 5 days’ notice to the other Party, terminate the Swap Transaction (such termination being an Additional Termination Event for the purpose of Part I(j) of the Schedule).”

5.8 **FATCA**

For the purposes of this Transaction:

- (A) Part 2(a) of the Schedule to the Agreement shall be deemed to be amended by the inclusion of the following at the end thereof:

“For the purposes of this representation, a “Tax” shall not include any tax imposed or collected pursuant to sections 1471 through 1474 of the Code any current and

future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (a **"FATCA Withholding Tax"**)."

- (B) Part 3(a) of the Schedule to the Agreement shall be deemed to be deleted in its entirety and replaced with the following:

"For the purpose of Section 4(a)(i), tax forms, documents or certificates to be delivered are:

| Party required to deliver document | Form/Document/Certificate | Date by which to be delivered document |
|---|---|---|
| Party A and Party B | Any forms or certifications and any other documentation reasonably requested by the payer in connection with section 1471(b) or section 1472(b)(1) of the Code. | On or before such forms are prescribed by law to be supplied and otherwise at the time or times reasonably requested by the other party, but in no event before the form or content of such forms or other documentation are made known by the IRS. |

- (C) Part 5 of the Schedule to the Agreement shall be deemed to be amended by the inclusion of the following new paragraph 5(n):

"(n) "Indemnifiable Tax" as defined in Section 14 of this Agreement shall not include a FATCA Withholding Tax.

Further, if at any time Party A is required to remit an amount of withholding on account of FATCA, (including, for the avoidance of doubt, any withholding pursuant to a voluntary agreement entered into with the U.S. Internal Revenue Service (the **"IRS"**)) with respect to a payment under the Swap Transaction, then without duplication of any amount Party A has deducted on account of such withholding from any amount previously paid to Party B pursuant to the Swap Transaction, the amount so required to be remitted shall be an additional amount payable by Party B to Party A on the payment date on which a payment giving rise to remittance required under FATCA occurs. Upon the reasonable request of Party B with respect to any payment date, Party A will supply to Party B computations setting forth in reasonable detail computation of the amount payable on such payment date pursuant to the preceding sentence."

- (D) Part 5(a) of the Schedule to the Agreement shall be deemed to be amended by the inclusion of the following at the end thereof:

Box. 43004, 3540 AA Utrecht, the Netherlands.

DUTCH TAXATION

The summary below is intended as general information only and it does not purport to present any comprehensive or complete picture of all aspects of Dutch tax law which could be of relevance to the holder of a Note (the “**Noteholder**”, together referred to as the “**Noteholders**”). This section is limited to Dutch tax law as applied by the Dutch courts and published and in effect on the date of this Issue Memorandum, and it is subject to any change in law, possibly with retroactive effect.

The Issuer has been advised that the following Dutch tax treatment will apply to the Notes provided that:

- (a) in each and every respect the terms and conditions of each of the documents, the performance by the parties thereto of their respective obligations and the exercise of their rights thereunder and the transactions contemplated therein, including, without limitation all payments made thereunder, are at arm's length;
- (b) Notes will not be issued under such terms and conditions that the Notes actually function as equity of the Issuer within the meaning of article 10, section 1 subsection (d) of the Dutch Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*);

1. Withholding Tax

All payments made by the Issuer of interest and principal under the Notes may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

2. Taxes on Income and Capital Gains

A Noteholder who derives income from a Note or who realises a gain from the disposal or redemption of a Note will not be subject to Dutch taxation on such income or gain, provided that:

- (a) the Noteholder is neither resident nor deemed to be resident in the Netherlands for Dutch tax purposes and, if the Noteholder is an individual, has not elected to be treated as a resident of the Netherlands for the purpose of the relevant Dutch tax law provisions;
- (b) the Noteholder does not have an enterprise or deemed enterprise (as defined in Dutch tax law) or an interest in an enterprise or deemed enterprise (as defined in Dutch tax law) that is, in whole or in part, carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands and to which enterprise or part of that enterprise, as the case may be, the Notes are attributable;
- (c) the Noteholder is not entitled to a share in the profits of an enterprise that is effectively managed in the Netherlands, other than by way of securities, and to which enterprise the Notes are attributable;
- (d) the Noteholder does not have a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest in the Issuer as defined in the Dutch Income Tax Act 2001 (*Wet op de inkomstenbelasting 2001*); and
- (e) if the Noteholder is an individual, the Noteholder does not derive benefits from the Notes that are taxable as benefits from miscellaneous activities in the Netherlands (*resultaat uit overige werkzaamheden in Nederland*) as defined in the Dutch Income Tax Act 2001, which include, but are not limited to, activities in respect of the Notes which are beyond the scope of “regular active asset management” (*normaal actief vermogensbeheer*) or

benefits which are derived from the holding, whether directly or indirectly, of (a combination of) shares, debt claims or other rights which form a “lucrative interest” (*lucratief belang*). A lucrative interest is an interest which the holder thereof has acquired under such circumstances that benefits arising from this lucrative interest are intended to be a remuneration for work or services performed by such holder (or a person related to such holder) in the Netherlands, whether within or outside an employment relationship, where such lucrative interest provides the holder thereof, economically, with certain benefits that have a relationship to the relevant work or services.

Under Dutch tax law a Noteholder will not be deemed resident, domiciled or carrying on a business in the Netherlands by reason only of its holding of the Notes or the performance by the Issuer of its obligations under the Notes.

3. Gift and Inheritance Taxes

No gift or inheritance taxes will arise in the Netherlands with respect to the acquisition of the Notes by way of gift by, or on the death of, a Noteholder, unless:

- (a) the Noteholder is a resident of or deemed to be resident of the Netherlands for the purpose of the relevant Dutch tax law provisions; or
- (b) in the case of a gift of the Notes by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in the Netherlands.

For the purpose of Dutch gift and inheritance tax, an individual who has the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift or the date of his death, if he has been a resident of the Netherlands at any time during the ten years preceding the date of the gift or the date of his death.

For the purposes of Dutch gift tax, an individual who does not have the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift, if he has been a resident of the Netherlands at any time during the twelve months preceding the date of the gift.

4. Value Added Tax

No Value Added Tax (*Omzetbelasting*) will arise in the Netherlands in respect of any payment in consideration for the issue of the Notes or with respect to any payment by the Issuer of principal or interest on the Notes.

5. Other Taxes and Duties

No registration tax, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable in the Netherlands in respect of, or in connection with, the issue of the Notes.

6. European Union Directive on the Taxation of Savings

Under the European Union Council Directive 2003/48/EC on the taxation of savings income (the “**Directive**”) Member States are required to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person within its jurisdiction (a “**paying agent**”) to an individual resident in another Member State, except that for a transitional period, Luxembourg and Austria instead operate a withholding system unless during that period they elect otherwise (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries and territories). Certain other jurisdictions, including Switzerland, have enacted equivalent legislation

which imposes a withholding tax, or an obligation on a paying agent to provide information on a payment of interest or similar income, in substantially the same circumstances as envisaged by the Directive.

THE ABOVE SUMMARIES ARE NOT INTENDED TO CONSTITUTE A COMPLETE ANALYSIS OF ALL TAX CONSEQUENCES RELATING TO THE OWNERSHIP OF NOTES. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS CONCERNING THE CONSEQUENCES OF THEIR PARTICULAR SITUATION.
