Japan Credit Rating Agency, Ltd. is not established in the European Community and has been certified in accordance with Article 5 of Regulation (EC) 1060/2009.

A rating is not a recommendation to buy, sell or hold a security and may be subject to revision or withdrawal at any time by the assigning rating agency. There can be no assurance that the Rating Agency will continue to monitor its rating of the Notes during the life of the Notes or that such rating may not be downgraded or withdrawn.

NOTICE TO INVESTORS FROM BARCLAYS BANK PLC

Neither Barclays Bank PLC nor any of its affiliates is under any legal, regulatory or moral obligation to purchase the Notes or the Charged Assets (as defined herein) or support any losses suffered by the Issuer or the purchasers of any Notes. Neither Barclays Bank PLC nor its affiliates guarantees or stands behind the Issuer or the Issuer's obligations under the Notes and will not make good and is under no obligation to make good any losses under the Charged Assets or the Notes or under any agreements that the Issuer might enter into with any third parties. The Issuer and each person into whose possession this document comes will be deemed to have acknowledged and agreed to the foregoing.

RISK FACTORS

The following is a description of certain aspects of the issue of the Notes of which any prospective purchaser of the Notes should be aware, but it is not intended to be exhaustive and any prospective purchaser of the Notes should also read the detailed information set out elsewhere in this document and the other documents relating to the Notes and take their own tax, legal and other relevant advice as to the advisability, structure and viability of their investment. In particular, the attention of prospective purchasers of the Notes is drawn to “Investor Suitability” and “Risk Factors” in the Base Prospectus.

General

Credit Considerations

Prospective purchasers of Notes should take into account, when making a decision as to whether or not to invest in the Notes, that the timing of redemption of the Notes, the amount due to be paid and/or delivered upon redemption of the Notes and the timing and the amount of any interest and principal due on the Notes is dependent on the performance of the Charged Assets and the Charged Agreement.

Security

There can be no assurance that the amount payable to the Noteholders on any early redemption of the Notes or upon enforcement of the security for the Notes will be equal to the Issue Price or the outstanding Principal Amount of the Notes. Any shortfall in payments due to the Noteholders will be borne in accordance with the Priority of Payments specified in Paragraph 4 of “Conditions of the Notes”, and any claims of the Noteholders remaining after a mandatory redemption of the Notes or a realisation of the security and application of the proceeds as aforesaid shall be extinguished. None of the Programme Parties or the obligors under the Collateral (other than the Issuer) has any obligation to Noteholders for payment of any amount owing by the Issuer in respect of the Notes.

Custody Arrangements

The Issuer and the Trustee have appointed the Custodian to hold the Charged Assets on their respective behalfs in accordance with the Custody Agreement, and the Custodian has appointed the Sub-Custodian to hold the Charged Assets in the Alternative Clearing System in accordance with the Sub-Custody Arrangements. The Issuer has no direct contractual relationship with the Sub-Custodian, and the Custodian has not created security over its rights against the Sub-Custodian in favour of the Issuer. Accordingly, in the event that the Trustee enforces its security, it will have no direct rights against the Sub-Custodian or the Alternative Clearing System for delivery of the Charged Assets, but rather will be relying on the rights it has against the Custodian for such delivery.

Prospective purchasers of the Notes should undertake their own due diligence as to the impact of these custodial arrangements upon the enforceability of the security interests purported to be created by the Pledge Agreement (as defined below).

Expenses

All payments of anticipated costs and expenses of the Issuer in connection with the issue of Notes have been, or will be, met by the Arranger pursuant to the Programme Expenses Letter and the Series Expenses Letter (each as defined below). To the extent that any unanticipated or

extraordinary costs and expenses of the Issuer which are payable by the Issuer arise in connection with the Notes or otherwise and such costs and expenses are not paid by the Arranger (or are not otherwise payable by the Arranger pursuant to the Programme Expenses Letter and the Series Expenses Letter), the Issuer may have no available funds to pay such costs and expenses and there is a risk that it might become insolvent as a result thereof.

Credit Ratings

Credit ratings of debt securities represent a rating agency's opinion regarding their credit quality and are not a guarantee of quality. Rating agencies attempt to evaluate the probability of payment of interest and repayment of principal from the sources of collateral securing the Notes but do not evaluate the risks of fluctuations in market value. Nor are all risks in respect of the Notes susceptible of analysis under rating methodologies. Accordingly, credit ratings are not a recommendation to purchase, hold or sell the Notes, do not provide assurance as to market price or suitability for a particular investor and may not fully reflect the true risks of an investment.

Model Risk

The models, assumptions, criteria and methodology used by a rating agency to rate the Notes may change from time to time and any such changes may also result in the revision, suspension or withdrawal of any rating of the Notes. None of the Issuer and the Programme Parties makes any representation or gives any warranty in respect of such models, assumptions, criteria or methodology. Accordingly, investors will not have any recourse against the Issuer or any of the Programme Parties for any adverse ratings actions and no such person is obliged to provide any additional support or credit enhancement in respect of the Notes as a result thereof.

Migration

There is no assurance that any rating in respect of the Notes will remain for any given period of time or that any rating will not be revised, suspended or withdrawn entirely by a rating agency if in such rating agency's judgment circumstances so warrant. Also, in respect of any rating assigned to a Reference Entity or Reference Obligation (each as defined in the Charged Agreement), rating agencies may fail to make timely changes in credit ratings in response to subsequent events, so that the financial condition of the Reference Entity or other obligor in respect of a Reference Obligation may be better or worse than its rating indicates.

Secondary Market Trading

Under normal market conditions, Barclays Bank PLC or its affiliates may purchase the Notes in the secondary market and, upon request by a Noteholder, may, within a reasonable time, provide secondary market prices during the term of the Notes. Such prices may be subject to change by the time of any such purchase. The minimum transaction size for a secondary market purchase is JPY 100,000,000. The Notes cannot be partially sold.

The Notes as Credit-Linked Notes

Exposure to the Reference Entity and Reference Obligation

The Notes do not represent a claim against the Reference Entity and, in the event of any loss, the Noteholders will not have recourse under the Notes to the Reference Entity. However, the Noteholders will be exposed to the credit risk of the Reference Entity and any Reference Obligation (as defined in the Charged Agreement). The likelihood of a Credit Event (as defined in the Charged Agreement) occurring in respect of a Reference Entity will generally fluctuate with, among other things, the financial condition of such Reference Entity, together with general

economic conditions, the conditions of certain financial markets, political events, developments or trends in particular industries and changes in prevailing market rates.

Risk of Loss

The Noteholders bear the risk of loss in relation to the Reference Entity and any Reference Obligation, and in relation to the Charged Assets. Noteholders should note that such risk is borne from 19 April 2011, notwithstanding that this date precedes the Issue Date of the Notes. If a Credit Event or a Bond Redemption Event (each as defined in the Charged Agreement) occurs, the Notes will be redeemed (in the manner more particularly described in the Notes) and the Issuer will (subject as provided herein) pay to the Noteholders the Adjusted Principal Amount (in the case of a Credit Event) and pay to the Noteholders the Bond Redemption Amount (as defined in the Charged Agreement) (in the case of a Bond Redemption Event) (each as defined herein). The Adjusted Principal Amount and/or Bond Redemption Amount) may be substantially less than par, or even zero and therefore the Noteholders may receive on such redemption less than their initial investment. In addition, the amount of interest payments will be adversely affected. If a Credit Event or a Bond Redemption Event occurs interest due on the Notes will cease to accrue from and including the Event Determination Date or the Bond Event Notice Delivery Date Notice (each as defined in the Charged Agreement) in respect of such Credit Event or Bond Redemption Event.

Exposure to default or early termination under Charged Agreement

Upon the occurrence of an Event of Default or Termination Event (each as defined in the Charged Agreement) under the Charged Agreement, the Notes shall fall due for early redemption by applying the net proceeds of enforcement of the security in accordance with the Conditions, which may have a market value substantially less than par or even zero, and therefore in such circumstances, the Noteholders may receive on redemption an amount which is equal to less than the outstanding Principal Amount of the Notes.

No Obligation to Make Good on Losses

Neither the Issuer nor any of the Programme Parties guarantees the performance of or otherwise stands behind the Reference Entity or any Reference Obligation, the issuer or obligor of the Charged Assets or the Charged Assets and is not obligated to make good on any losses suffered by the Noteholders as a result of Credit Events with respect to the Reference Entity or any Reference Obligation or as a result of Bond Redemption Events with respect to the issuer or obligor of the Charged Assets or the Charged Assets.

Limited Recourse

All payments to be made by the Issuer in respect of the Notes will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Collateral in respect of such Notes. To the extent that such sums are less than the amount which the holders of the Notes expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, following enforcement of the security for the Notes, first by the Noteholders and then by the Swap Counterparty, in accordance with the order of priorities on enforcement specified in Condition 4(d). Each holder of Notes by subscribing for or purchasing such Notes will be deemed to accept and acknowledge that it is fully aware that: (i) the holders of the Notes shall look solely to the sums referred to in the first sentence of this section, as applied in accordance with the order of priorities referred to in the second sentence of this section (the “**Relevant Sums**”), for payments to be made by the Issuer in respect of such Notes; (ii) the obligations of the Issuer to make payments in respect of such Notes will be limited to the Relevant Sums and the holders of such Notes shall have no further recourse to the Issuer (or any of its rights, assets or properties), the Swap Counterparty or any other

Programme Party or person and, without limiting the generality of the foregoing, any right of the holders of such Notes to claim payment of any amount exceeding the Relevant Sums shall be automatically extinguished; and (iii) the holders of such Notes shall not be entitled to petition for the winding up of the Issuer as a consequence of any such shortfall or otherwise.

No Guarantee of Performance

None of the Programme Parties is obligated to make payments on the Notes, and none of them guarantees the value of the Notes or is obliged to make good on any losses suffered as a result of an investment in the Notes. Investors must rely solely on the relevant Collateral for payment under the Notes. There can be no assurance that amounts received by the Issuer from the Collateral will be sufficient to pay all amounts when due if at all. Neither the Issuer nor any of the Programme Parties will have any liability to the holders of any Notes as to the amount, or value of, or any decrease in the value of, the relevant Collateral.

Synthetic Exposure

The Issuer does not own any of the Reference Obligation(s) and the Swap Counterparty is not obligated to own any Reference Obligation or have any credit exposure to the Reference Entity. The Issuer and the Swap Counterparty need not suffer any loss in order for a Credit Event to exist. The Notes do not represent a claim against the Reference Entity and, in the event of any loss, Noteholders do not have recourse under the Notes to the Reference Entity.

Swap Counterparty Discretion

The Swap Counterparty will be entitled to determine in its sole and absolute discretion when and whether to deliver a Credit Event Notice and Notice of Publicly Available Information, and any delay or forbearance in delivering any such notices following the occurrence of any event or condition permitting the same is not and shall not be construed as a waiver of any such right and shall not affect the right of the Swap Counterparty to give any such notice at any time thereafter.

Independent Review and Advice

Each prospective purchaser of the Notes is responsible for its own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of the issuer or obligor of the Charged Assets, the Charged Assets, the Reference Entity, the Reference Obligation or any obligations of the Reference Entity, as well as the risks in respect of the Notes and their terms, including, without limitation, any tax, accounting, credit, legal and regulatory risks.

A prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in such Notes including any credit risk associated with the issuer or obligor of the Charged Assets, the Reference Entity and the Issuer. None of the Issuer or any of the Programme Parties will have any responsibility or duty to make any such investigations, to keep any such matters under review or to provide the prospective purchasers of the Notes with any information in relation to such matters or to advise as to the attendant risks. See also the section entitled "Investor Suitability" in the Base Prospectus.

Although the Swap Counterparty and/or its affiliates may have entered into and may from time to time enter into business transactions with the issuer of the Charged Assets or the Reference Entity, the Swap Counterparty and/or its affiliates at any time may or may not hold obligations of or have any business relationship with the issuer of the Charged Assets or any particular Reference Entity.

No Representations

None of the Issuer, any of the Programme Parties or any of their respective affiliates will have made any investigation of, or makes any representation or warranty, express or implied, as to the issuer of the Charged Assets or the Reference Entity (including, without limitation, with regard to their respective financial condition or creditworthiness) or any Charged Assets or any Reference Obligation or any obligation of the Reference Entity or any information contained in any documents provided by the issuer of the Charged Assets or by the Reference Entity, respectively, to any of them or to any other person or filed by the issuer of the Charged Assets or by the Reference Entity with any exchange or with any governmental entity regulating the offer and sale of securities.

In particular, none of the Issuer, any of the Programme Parties or any of their respective affiliates will have made any investigation of, or makes any representation or warranty, express or implied, as to:

- (1) the existence or financial or other condition of the issuer of the Charged Assets or the Reference Entity; or
- (2) whether the relevant Obligations and/or the Reference Obligations (each as defined in the Charged Agreement) and Specified Reference Obligation(s), or the Charged Assets, constitute legal, valid and binding obligations of the Reference Entity or the issuer or obligor of the Charged Assets, respectively.

Conflicts of Interest

The Issuer, the Programme Parties and any of their respective affiliates may deal in any obligation, including the Charged Assets, other obligations of the issuer of the Charged Assets and any obligation of the Reference Entity or its affiliates, and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the issuer of the Charged Assets and the Reference Entity, its affiliates, any other person or entity having obligations relating to the issuer of the Charged Assets, the Reference Entity or its affiliates and may act with respect to such business in the same manner as if any Notes issued hereunder did not exist, regardless of whether any such action might have an adverse effect (including, without limitation, any action which might give rise to an event of default or a Credit Event) on the issuer of the Charged Assets or the Reference Entity and/or its affiliates. Various potential and actual conflicts of interest may arise between the interests of the Noteholders, on the one hand, and some or all of the Issuer, the Programme Parties and any of their respective affiliates, on the other hand. None of the Issuer, the Programme Parties nor any of their respective affiliates is required to resolve such conflicts of interest in favour of the Noteholders and may pursue actions and take such steps that it deems necessary or appropriate to protect its interests without regard to the consequences for the Noteholders. In particular, the interests of the Swap Counterparty may be adverse to those of the Noteholders. The terms of the Notes and the Charged Agreement provide the Swap Counterparty with certain discretions which it may exercise without any regard for the interests of the Noteholders.

Provision of Information

The Issuer, the Programme Parties and any of their respective affiliates, whether by virtue of the types of relationships described herein or otherwise, may possess information in relation to the issuer of the Charged Assets, the Reference Entity, any Reference Obligation, any obligation of the Reference Entity, any affiliate of the Reference Entity or any guarantor that is or may be material in the context of these Notes and that may or may not be publicly available or known.

The Notes will not create any obligation on the part of any of the Issuer, the Programme Parties and any of their respective affiliates to disclose any such relationship or information (whether or not confidential). None of the Issuer, the Programme Parties or any of their respective affiliates makes any representation as to the credit quality of the Charged Assets, the issuer of the Charged Assets, the Reference Entity, the Reference Obligation or any obligation of the Reference Entity. The information contained herein in relation to the Charged Assets and the Reference Entity is contained in the sections entitled “Description of the Charged Assets” and “Description of the Reference Entity”, and none of the Issuer, the Programme Parties or any of their respective affiliates or any other person has verified the information relating to the Charged Assets and the Reference Entity contained herein or in any of the documents made available for inspection by the Noteholders and, accordingly, none of them makes any representation or warranty, express or implied, as to the accuracy or completeness of such information.

This Prospectus does not provide any information on the creditworthiness of, or likelihood of the occurrence of a Credit Event with respect to, the Reference Entity. As the occurrence of a Credit Event may result in a loss to purchasers of the Notes, each prospective investor is advised to make its own assessment of the likelihood of the occurrence of a Credit Event in respect of the Reference Entity.

Legal Opinions

Whilst legal opinions relating to the issue of the Notes will be obtained by the Arranger, the Dealer and the Trustee with respect to English law, Japanese law and Cayman Islands law, it is not intended that legal opinions be obtained with respect to the laws governing any Reference Obligation or other obligation of the Reference Entity or the laws of the country of incorporation of the Reference Entity in the context of the validity, enforceability or binding nature of the relevant Reference Obligation or other obligation of the Reference Entity as against the Reference Entity.

No Fiduciary Role

None of the Issuer, any of the Programme Parties or any of their respective affiliates is acting as an investment adviser, and none of them (other than the Trustee) assumes any fiduciary obligation, to any purchaser of Notes.

None of the Issuer or any of the Programme Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of the issuer or obligor of any Charged Assets or the terms thereof or of the Reference Entity or any Reference Obligation or any obligation of a Reference Entity or of any Swap Counterparty or the terms of the Charged Agreement.

None of such parties makes any representation or warranty, express or implied, as to any of such matters nor as to the legal, valid and binding effect of the terms of the Charged Assets or of the Charged Agreement.

25. Early redemption:

(A) **Bond Redemption:** If a Bond Redemption Event occurs (regardless of whether or not it is continuing) and the Swap Counterparty delivers a Bond Event Notice to the Issuer pursuant to the Charged Agreement, the Notes shall be redeemed by payment of the Bond Redemption Amount in accordance with the following provisions and, accordingly, Condition 7(b) (*Mandatory Redemption*) shall not apply.

- (i) If the Swap Counterparty delivers a Bond Event Notice pursuant to the Charged Agreement, the Issuer shall, on the Business Day following the date of delivery of the Bond Event Notice by the Swap Counterparty, give notice thereof to the Trustee, the Realisation Agent and the other Agents, the Rating Agency and the Noteholders in accordance with Condition 14 (*Notices*) and the Notes shall become due and repayable on the Early Termination Date. The notice so given by the Issuer to the Realisation Agent is referred to as the “**Realisation Instruction**”. The failure to deliver any such notice by or on behalf of the Issuer shall not affect the effectiveness of any Bond Event Notice delivered pursuant to the Charged Agreement or the application of the other provisions of this Paragraph 25(A).
- (ii) Upon receipt by the Realisation Agent of a Realisation Instruction from the Issuer, the Realisation Agent is deemed to be instructed by the Issuer to arrange for and administer the sale of the Charged Assets (other than any Charged Assets which comprise cash) in accordance with Condition 4(c) (*Realisation of the Collateral upon redemption pursuant to Conditions 7(e), 7(g) or 9*). be cancelled and discharged in full, the Issuer shall have no obligation to make payment to the Noteholders of the Principal Amount, and the Noteholders shall have no further recourse to the Issuer or any other party in respect of the Notes).

In the event that, for whatever reason, the Realisation Agent is unable to sell the Charged Assets (or part thereof) in accordance with Condition 4(c) (*Realisation of the Collateral upon redemption pursuant to Conditions 7(e), 7(g) or 9*), the sale proceeds in respect of the Charged Assets not so sold shall be deemed to be zero (and the Bond Redemption Amount shall be determined accordingly).

Noteholders should be aware that, under the laws of Japan, realisation of the Charged Assets may be required to be effected by a public auction conducted in accordance with Japanese law. Realisation by such method may take longer to effect and might realise lower net proceeds than a private sale.

- (B) **Credit Event Redemption:** If a Credit Event occurs in respect of the Reference Entity and the Swap Counterparty delivers a Credit Event Notice to the Issuer pursuant to the Charged Agreement, the Issuer shall give notice thereof to the Trustee, the Agents, the Rating Agency and the Noteholders in accordance with Condition 14 (*Notices*) on the Business Day following the date of delivery of the Credit Event Notice by the Swap Counterparty (provided that the failure by the Issuer to deliver any such notice shall not affect the effectiveness of any Credit Event Notice delivered pursuant to the Charged Agreement or the application of the other provisions of this Paragraph 25(B)) and each Note shall be redeemed on the applicable Cash Settlement Date (as defined in the Charged Agreement) by payment to the relevant Noteholder of its Adjusted Face Amount (as defined below).

The “**Adjusted Face Amount**” of a Note is an amount equal to such Note’s pro rata portion of the Adjusted Principal Amount of the Notes.

The “**Adjusted Principal Amount**” of the Notes is an amount equal to the “Adjusted Notional Amount” of the Charged Agreement.

Noteholders should be aware that they bear the risk of a Credit Event occurring or having occurred at any time from and including 19 April 2011 (notwithstanding that such date precedes the Issue Date), up to and including the Specified Date (as defined in the Charged Agreement) which is 30 March 2015, or if applicable, the Extension Date (as defined in the Charged Agreement).

None of the Issuer, the Programme Parties and their respective affiliates has made any investigation of, or makes any representation or warranty, express or implied, as to whether a Credit Event has occurred or is likely to occur or as to the creditworthiness of the Reference Entity,

and each prospective Noteholder is advised to make its own investigations and assessment of the same.

- (C) Any determination made by the Realisation Agent and/or the Determination Agent pursuant to this Paragraph 25 shall (in the absence of manifest error) be final and binding upon all parties. If the Realisation Agent or the Determination Agent is unable or unwilling to act as such, the Issuer shall, with the prior written consent of the Trustee, appoint the London office of a leading international investment bank to act as such in its place. The Realisation Agent and the Determination Agent may not resign its duties without a successor having been appointed as aforesaid.
- (D) Any term that is used in this Paragraph 25 and not defined herein shall bear the meaning ascribed to it in the Charged Agreement.
- (E) For the avoidance of doubt, Condition 7(c) (*Redemption on termination of Charged Agreement*) shall only apply to the Notes if the Charged Agreement is terminated in whole but not in part and other than in consequence of Condition 7(g) (*Purchase*) or Condition 7(h) (*Exchange*) or in connection with a redemption of Notes pursuant to Paragraph 25 hereof or Condition 9 (*Events of Default*).

TAX CONSIDERATIONS

Prospective investors should consult their own tax advisors on the possible tax consequences of the purchase, ownership and disposition of the Notes under the laws of their country of citizenship, residence or domicile.

Investors should consult their own tax advisors regarding whether the purchase of the Notes, either alone or in conjunction with an investor's other activities, may subject a holder to any state or local taxes based, for example, on an assertion that the investor is either "doing business" in, or deriving income from a source located in, any state or local jurisdiction. Additionally, potential investors should consider the state, local and other tax consequences of purchasing, owning or disposing of the Notes. State and local tax laws may differ substantially from the corresponding federal tax law, and the foregoing discussion does not purport to describe any aspect of the tax laws of any state or other jurisdiction.

The Noteholders will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges, that may be applicable to any payment to it in respect of the Notes. Neither the Issuer nor any other person will pay any additional amounts to the Noteholders to reimburse it for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes by the Issuer or by the Principal Paying Agent.

DESCRIPTION OF THE ISSUER

General

ARLO XII Limited, a Cayman Islands exempted company incorporated with limited liability, was incorporated on 21 August 2008 under the Companies Law (2007 Revision) (now the 2010 Revision) of the Cayman Islands (with company registration number MC-216188). The registered office of the Issuer is at PO Box 1093, Queensgate House, Grand Cayman, KY1-1102, Cayman Islands (telephone no: +1 345 945 7099).

The Issuer has been established as a special purpose vehicle for the purpose of issuing asset backed securities. As specified in Clause 3 of its Memorandum of Association, the objects of the Issuer are unrestricted. However, the Issuer has undertaken no business other than the establishment of the Programme and the issue of Notes and the making of Alternative Investments (if any) and the entry into of agreements related thereto and has covenanted and will covenant in connection with each issue of Notes and Alternative Investments to that effect. The Issuer does not and will not have any substantial assets other than the Charged Assets for the Notes and Alternative Investments and will not have any substantial liabilities other than in connection with the Notes and Alternative Investments. Cash flow derived from the Collateral securing the Notes and the Alternative Investments will be the Issuer's only source of funds to fund payments in respect of the Notes and the Alternative Investments.

MaplesFS Limited (previously named Maples Finance Limited) (the "Administrator"), a Cayman Islands company licensed to carry on business as a trust company under the Banks and Trust Companies Law (2010 Revision) of the Cayman Islands, acts as the administrator of the Issuer. The office of the Administrator serves as the general business office and the registered office of the Issuer. Through such office and pursuant to the terms of the administration agreement dated 15 September 2008 and entered into between the Issuer and the Administrator (the "Administration Agreement"), the Administrator performs in the Cayman Islands various management functions on behalf of the Issuer, including communications with shareholders and the general public, and the provision of certain clerical, administrative and other services until termination of the Administration Agreement. In consideration of the foregoing, the Administrator receives various fees and other charges payable by the Issuer at rates agreed upon from time to time plus expenses. The terms of the Administration Agreement provide that either party may terminate the Administration Agreement by giving at least 14 days' notice in writing to the other party at any time within 12 months of the happening of any of certain stated events, including any breach by the other party of its obligations under the Administration Agreement. In addition, either party may terminate the Administration Agreement at any time by giving at least three months' notice in writing to the other party, provided that no such termination shall take effect unless the Issuer has appointed a successor Administrator before the end of the notice period. If the Issuer does not do so, the Administrator may appoint its own successor.

The Administrator will be subject to the overview of the Issuer's Board of Directors.

The Administrator's principal office is PO Box 1093, Boundary Hall, Cricket Square, Grand Cayman, KY1-1102, Cayman Islands.

The Issuer's authorised share capital consists of 50,000 voting shares, U.S.\$1.00 par value per share (the "Issuer Ordinary Shares"), of which 1,000 have been issued (being all of the Issuer Ordinary Shares which have been issued) to MaplesFS Limited (previously named Maples Finance Limited) (the "Share Trustee"), which holds them pursuant to the terms of a declaration of trust dated 12 September 2008 (the "Declaration of Trust") in trust until the Termination Date (as defined in the Declaration of Trust) and may only dispose or otherwise deal with such Issuer Ordinary Shares with the approval of the Trustee for so long as any Note or Alternative Investment is outstanding. Prior to the Termination Date, the trust is an accumulation trust but the Share Trustee has power, with the consent of the Trustee, to benefit Noteholders or parties to

Alternative Investments or Qualified Charities (as defined in the Declaration of Trust). It is not anticipated that any distribution will be made whilst any Note or Alternative Investment is outstanding. Following the Termination Date, the Share Trustee will wind up the trust and make a final distribution to charity. Save in respect of the fees generated in connection with each issue of Notes or entering into of Alternative Investments, any related profits and the proceeds of any deposits and investments made from such fees or from amounts representing the proceeds of the Issuer's issued share capital, the Issuer will not accumulate any surpluses.

The Notes and Alternative Investments are obligations of the Issuer alone and not of, or guaranteed in any way by, the Administrator, the Share Trustee or the Trustee. Furthermore, they are not obligations of, or guaranteed in any way by, Barclays Bank PLC or any Swap Counterparty or any Agent.

None of the Issuer, the Trustee or any of the other Programme Parties (other than Barclays Bank PLC) has verified, or accepts any liability whatsoever for the accuracy of, such information and prospective investors in the Notes should make their own independent investigations and enquiries in respect of Barclays Bank PLC and the Group (as defined below).

Acquisitions, Disposals and Recent Developments

Acquisition of Egg's UK credit card assets

On 1 March 2011, the Bank announced that it agreed to acquire Egg's UK credit card assets. Under the terms of the transaction, the Bank will purchase Egg's UK credit card accounts, consisting of approximately 1.15 million credit card accounts with approximately £2.3 billion of gross receivables (each estimated as at 31 January 2011 with gross receivables estimated under IFRS). The acquisition was completed on 28 April 2011.

Acquisition of Tricorona AB (publ)

On 2 June 2010, Barclays PLC announced that its wholly owned subsidiary TAV AB had made a recommended cash offer to acquire all the shares in Tricorona AB (publ), a Stockholm-listed carbon developer, for a total consideration of approximately £98 million (SEK 1,130 million) (the "Offer"). The Offer was declared unconditional in all respects on 20 July 2010.

Sale of HomEq Servicing

On 28 May 2010, the Bank announced that it agreed to sell HomEq Servicing, its U.S. mortgage servicing business, to Ocwen Loan Servicing, LLC ("Ocwen"), a subsidiary of Ocwen Financial Corporation, for a consideration of approximately U.S.\$1.3 billion, payable in cash on completion. The consideration was subject to an adjustment mechanism based on the unpaid principal balance of the servicing portfolio and the value of certain other assets at completion of the transaction. The sale was completed on 1 September 2010.

Acquisition of Citi's Italian credit card business

On 11 February 2010, Barclays PLC announced that the Bank agreed to acquire the Italian credit card business of Citibank International Bank plc. The Bank acquired the business as a going concern which involved the acquisition of approximately 197,000 credit card accounts and gross assets of approximately €234 million (as at 31 December 2009). The acquisition was completed on 31 March 2010.

Competition and Regulatory Matters

Regulatory change

The scale of regulatory change remains challenging with a significant tightening of regulation and changes to regulatory structures globally, especially for banks that are deemed to be of systemic importance. Concurrently, there is continuing political and regulatory scrutiny of the operation of the banking and consumer credit industries which, in some cases, is leading to increased or changing regulation which is likely to have a significant effect on the industry.

In the UK, the Financial Services Authority ("FSA")'s current responsibilities are to be reallocated between the Prudential Regulatory Authority (a subsidiary of the Bank of England) and a new Financial Conduct Authority by the end of 2012. The Independent Commission on Banking has been charged by the UK Government with reviewing the UK banking system. Its remit includes looking at reducing systemic risk, mitigating moral hazard, reducing the likelihood and impact of bank failure and competition issues. Its findings and recommendations are expected by September 2011.

In the United States, the Dodd-Frank Wall Street Reform and Consumer Protection Act contains far reaching regulatory reform although the full impact will not be known until implementing rules are made by governmental authorities, a process which is currently ongoing.

Payment Protection Insurance (“PPI”)

PPI has been under scrutiny by the UK competition authorities and financial services regulators. The UK Competition Commission (the “CC”) has undertaken an in-depth enquiry into the PPI market which has resulted in the CC introducing a number of remedies including a prohibition on sale of PPI at the point of sale.

On 10 August 2010, the FSA issued a Policy Statement which amends the DISP (Dispute Resolution: Complaints) rules in the FSA Sourcebook for the handling of such complaints. In October 2010, the British Bankers’ Association launched a judicial review of the FSA on the basis that the Policy Statement applies incorrect standards for the management of PPI sales complaints, including retrospective application of rules with higher standards than those in place at the time of sale. These proceedings were also against the Financial Ombudsman Service which seeks to implement the same standards for the resolution of complaints referred to it.

The judgment on the judicial review proceedings was announced on 20 April 2011 in favour of the FSA and the Financial Ombudsman Service. A reliable estimate of the financial impact cannot be provided until the judicial review proceedings have been finalised, including the outcome of any potential appeals and precise implications for banks’ complaints handling and remediation practices. The British Bankers’ Association members are considering the implications of the judgment and the merits of any appeal against the decision. It is therefore not practicable, as at the date of this Prospectus, to provide a reliable estimate or range of estimates of the potential financial impact of any court decision on this matter.

Interchange

The Office of Fair Trading, as well as other competition authorities elsewhere in Europe, continues to carry out investigations into Visa and MasterCard credit and debit interchange rates. These investigations may have an impact on the consumer credit industry as well as having the potential for the imposition of fines. Timing of these cases is uncertain but outcomes may be known within the next 2-4 years.

Sanctions

U.S. laws and regulations require compliance with U.S. economic sanctions, administered by the Office of Foreign Assets Control, against designated foreign countries, nationals and others. HM Treasury regulations similarly require compliance with sanctions adopted by the UK Government. The Group conducted an internal review of its conduct with respect to U.S. Dollar payments involving countries, persons and entities subject to U.S. economic sanctions and reported the results of that review to various governmental authorities, including the U.S. Department of Justice, the Manhattan District Attorney’s Office and the U.S. Department Of Treasury’s Office of Foreign Assets Control (together, the “**U.S. Authorities**”), which conducted investigations of the matter.

On 18 August 2010, the Bank announced that it had reached settlements with the U.S. Authorities in relation to the investigation by those agencies into compliance with U.S. sanctions and U.S. Dollar payment practices. In addition, an Order to Cease and Desist was issued upon consent by the Federal Reserve Bank of New York and the New York State Banking Department. The Bank agreed to pay a total penalty of U.S.\$298 million and entered into Deferred Prosecution Agreements covering a period of 24 months. The Bank fully briefed other relevant regulators on this settlement. The Deferred Prosecution Agreements mean that no further action will be taken against the Bank by the U.S. Authorities if, as is the Bank’s intention, for the duration of the defined period the Bank meets the conditions set down in its agreements with the U.S. Authorities. The Bank does not anticipate any further regulatory actions relating to these issues.

London Interbank Offered Rate ("LIBOR")

The FSA, the U.S. Commodity Futures Trading Commission, the SEC and the U.S. Department of Justice are conducting investigations relating to certain past submissions made by the Bank to the British Bankers' Association, which sets LIBOR. The Bank is co-operating with the investigations being conducted by these authorities and is keeping relevant regulators informed. As at the date of this Prospectus, it was not possible to predict the ultimate resolution of the issues covered by the various investigations, including the timing and the scale of the potential impact on the Group of any resolution.

Litigation

Lehman Brothers Holdings Inc.

On 15 September 2009, motions were filed in the United States Bankruptcy Court for the Southern District of New York (the “**Court**”) by Lehman Brothers Holdings Inc. (“**LBHI**”), the SIPA Trustee for Lehman Brothers Inc. (the “**Trustee**”) and the Official Committee of Unsecured Creditors of Lehman Brothers Holdings Inc. (the “**Committee**”). All three motions challenge certain aspects of the transaction pursuant to which Barclays Capital Inc. (“**BCI**”) and other companies in the Group acquired most of the assets of Lehman Brothers Inc. (“**LBI**”) in September 2008 and the court order approving such sale. The claimants seek an order voiding the transfer of certain assets to BCI; requiring BCI to return to the LBI estate alleged excess value BCI received; and declaring that BCI is not entitled to certain assets that it claims pursuant to the sale documents and order approving the sale. On 16 November 2009, LBHI, the Trustee and the Committee filed separate complaints in the Court asserting claims against BCI based on the same underlying allegations as the pending motions and seeking relief similar to that which is requested in the motions. On 29 January 2010, BCI filed its response to the motions. The Bank considers that the motions and claims against BCI are without merit and BCI is vigorously defending its position. On 29 January 2010, BCI also filed a motion seeking delivery of certain assets that LBHI and LBI have failed to deliver as required by the sale documents and the court order approving the sale. Approximately £2.6 billion of the assets acquired as part of the acquisition had not been received by 31 December 2010, approximately £2.0 billion of which were recognised as part of the accounting for the acquisition and are included in the balance sheet as at 31 December 2010. This results in an effective provision of £0.6 billion against the uncertainty inherent in the litigation.

On 22 February 2011, the Court issued its Opinion in relation to these matters. The Opinion calls for the parties to submit proposed Orders that will implement the Opinion and anticipates additional proceedings to resolve any potential differences between the parties regarding the final Order(s) that should be entered. Any such Order(s) should clarify the precise impact of the Opinion and may include specific guidance regarding the treatment of specific types of assets. Any final Order(s) may be the subject of further proceedings or appeals by one or more of the parties.

The Bank has considered the Opinion and the decisions contained therein and its possible actions with respect thereto. If the Opinion were to be unaffected by future proceedings, the Bank estimates that its maximum possible loss, based on its worst case reading of the Opinion, would be approximately £2.6 billion, after taking into account the effective provision of £0.6 billion. Any such loss, however, was not (as at the date of this Prospectus) considered probable and the Bank is satisfied with the current level of provision.

American Depositary Shares

The Bank, Barclays PLC and various current and former members of Barclays PLC's Board of Directors have been named as defendants in five proposed securities class actions (which have been consolidated) pending in the United States District Court for the Southern District of New York. The consolidated amended complaint, dated 12 February 2010, alleges that the registration statements relating to American Depositary Shares representing Preferred Stock, Series 2, 3, 4 and 5 (the “**ADS**”) offered by the Bank at various times between 2006 and 2008 contained misstatements and omissions concerning (amongst other things) the Bank's portfolio of mortgage-related (including U.S. subprime-related) securities, the Bank's exposure to mortgage and credit market risk and the Bank's financial condition. The consolidated amended complaint asserts claims under Sections 11, 12(a)(2) and 15 of the Securities Act of 1933. On 5 January 2011, the Court issued an order and, on 7 January 2011, judgment was entered, granting the defendants' motion to dismiss the complaint in its entirety and closing the case. On 4 February 2011, the plaintiffs filed a motion asking the Court to reconsider in part its dismissal order, and that motion is pending. The Bank considers that these ADS-related claims against it are without merit and is defending them vigorously. As at the date of this Prospectus, it was not possible to estimate any possible loss in relation to these claims or any effect that they might have upon operating results in any particular financial period.

Other

Barclays PLC and the Group are engaged in various other litigation proceedings both in the United Kingdom and a number of overseas jurisdictions, including the United States, involving claims by and against them which arise in the ordinary course of business. The Bank does not expect the ultimate resolution of any of the proceedings to which the Group is party to have a significant adverse effect on the financial position of the Group and the Bank has not disclosed the contingent liabilities associated with these claims either because they cannot reasonably be estimated or because such disclosure could be prejudicial to the conduct of the claims.

Save as disclosed in under “— Lehman Brothers Holdings Inc.” and “— American Depositary Shares” above, no member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Bank is aware), which may have or have had during the 12 months preceding the date of this Prospectus, a significant effect on the financial position or profitability of the Bank and/or the Group.

Significant Change Statement

There has been no significant change in the financial or trading position of the Bank or the Group since 31 December 2010.

Material Adverse Change Statement

There has been no material adverse change in the prospects of the Bank or the Group since 31 December 2010.

Principal Risk Factors

Business conditions and the general economy

The Bank operates a universal banking business model and its services range from current accounts for personal customers to inflation-risk hedging for governments and institutions. The Group also has significant activities in a large number of countries. Consequently, there are many ways in which changes in business conditions and the general economy can adversely impact profitability, whether at the level of the Group, the individual business units or specific countries of operation. The Group's stress testing framework helps it to understand the impact of changes in business conditions and the general economy, as well as the sensitivity of its business goals to such changes and the scope of management actions to mitigate their impact. The general recovery in the global economy resulted in an improvement in credit conditions in the Group's main markets during 2010. In the UK, the economy recovered slightly during 2010 reflecting the lower than expected growth in unemployment rates, the sustained low interest rate environment and moderate GDP growth. However, a slowdown in growth was evident in the fourth quarter of 2010 which is likely to lead to uncertainty in the near term. In addition, persistent unemployment and inflation, fiscal tightening, the possibility of weakening house prices, and possible rising oil prices may have an adverse impact on the strength of the recovery which could increase the risk that a higher proportion of the Group's customers and counterparties may be unable to meet their obligations. Economic credit conditions have also continued to show signs of improvement in many other key geographies, although in Spain the housing sector remains depressed which led to significantly increased impairment in the Group's Spanish wholesale portfolios in 2010. Unemployment rates remain high in the U.S.

The business conditions facing the Group in 2011 are subject to significant uncertainties, most notably:

- the extent and sustainability of economic recovery particularly in the UK, U.S., Spain and South Africa;
- the dynamics of unemployment particularly in the UK, U.S., Spain and South Africa and the impact on delinquency and charge-off rates;
- the speed and extent of possible rises in interest rates in the UK, U.S., South Africa and the Eurozone;
- the possibility of any further falls in residential property prices in the UK, South Africa and Western Europe;
- the impact of potentially deteriorating sovereign credit quality;
- the potential for single name losses in different sectors and geographies where credit positions are sensitive to economic downturn;
- the potential impact of increasing inflation on economic growth and corporate profitability;
- possible deterioration in the Group's remaining credit market exposures, including commercial real estate, leveraged finance and a loan to Protium Finance LP ("**Protium**");
- changes in the value of Sterling relative to other currencies, which could increase risk weighted assets and therefore raise the capital requirements of the Group;

- continued turmoil in the Middle East and North Africa region could result in loss of business in the affected countries, increased oil prices, increased volatility and risk aversion to this region; and
- the liquidity and volatility of capital markets and investors' appetite for risk, which could lead to a decline in the income that the Group receives from fees and commissions.

Regulatory changes

As noted in "The Bank and the Group — Competition and Regulatory Matters", 2010 has seen significant regulatory change. Issues dealt with in 2010 included:

- The Independent Commission on Banking (the "**ICB**"): The ICB has been charged by the UK Government with reviewing the UK banking system. Its findings are expected by September 2011. Although the ICB has yet to make recommendations, and it is not possible to predict what the UK Government's response to any recommendations that are made will be, there is a possibility that the ICB could recommend change to the structure of UK banks which may require the Bank to make major changes to its structure and business.
- Recovery and Resolution Plans: There has been a strong regulatory focus on resolvability in 2010, both from UK and international regulators. The Group has been engaged, and continues to be engaged, with the authorities on taking forward recovery planning and identifying information that would be required in the event of a resolution.
- The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "**DFA**"): The DFA will have an impact on the Group and its business. The full scale of this impact remains unclear as many of the provisions of the DFA require rules to be made to give them effect and this process is still under way.

Retail and wholesale credit risk

Credit risk is the risk of the Group suffering financial loss if any of its customers, clients or market counterparties fails to fulfil their contractual obligations to the Group. The granting of credit is one of the Group's major sources of income and, as the most significant risk, the Group dedicates considerable resources to its control. The credit risk that the Group faces arises mainly from wholesale and retail loans and advances together with the counterparty credit risk arising from derivative contracts entered into with its clients. Other sources of credit risk arise from trading activities, including debt securities, settlement balances with market counterparties, available for sale assets and reverse repurchase loans. However, credit risk may also arise where the downgrading of an entity's credit rating causes a fall in the value of the Group's investment in that entity's financial instruments. Specific areas and scenarios where credit risk could lead to higher impairment charges in future years include:

- credit market exposures;
- sovereign risk; and
- economic uncertainty.

Barclays Capital holds certain exposures to credit markets that became illiquid during 2007. These exposures primarily relate to commercial real estate, leveraged finance and a loan to Protium.

Credit risk may also be manifested as sovereign risk where difficulties may arise in the country in which the exposure is domiciled, thus impeding or reducing the value of the assets, or where the counterparty may be the country itself. The EU deficits approached very high levels during 2010, leading to a loss of market confidence in certain countries to which the Group is exposed.

In a recessionary environment, such as that seen in past years in UK, the U.S. and other economies, credit risk increases. However, more recently, conditions have continued to show signs of improvement in many key markets, although the UK has experienced a slowdown in growth in the fourth quarter of 2010, U.S. unemployment rates remain high and the Spanish housing sector continues to be depressed, impacting the Group's wholesale and retail credit risk exposures. In particular, in Spain, the Group has experienced elevated impairment across its operations, following a marked reduction in construction activity and shrinking consumer spending.

Market risk

Market risk is the risk that the Group's earnings or capital, or its ability to meet business objectives, will be adversely affected by changes in the level or volatility of market rates or prices such as interest rates, credit spreads, commodity prices, equity prices and foreign exchange rates. The main source of risk are traded market risk, non-traded interest rate risk, translational foreign exchange risk and pension risk. Traded risk resides primarily in Barclays Capital while non-traded market risk resides mainly in Global Retail Banking, Barclays Corporate, Barclays Wealth and Group Treasury.

While the Group is exposed to continued market volatility, Barclays Capital's trading activities are principally a consequence of supporting customer activity.

The Group is exposed to three main types of non-traded interest rate risk:

- fixed rate loans and deposits that are not hedged or matched;
- structural risk due to variability of earnings on structural product and equity balances which have no contractual maturity and an interest rate which does not move in line with the base rate; and

margin compression.

Capital risk

Capital risk is the risk that the Group has insufficient capital resources to:

- ensure the financial holding company is well capitalised relative to the minimum regulatory capital requirements set out by the FSA and U.S. Federal Reserve where regulated activities are undertaken. The Group's authority to operate as a bank is dependent upon the maintenance of adequate capital resources;
- ensure locally regulated subsidiaries can meet their minimum regulatory requirements;
- support the Group's risk appetite and economic capital requirements; and
- support the Group's credit rating. A weaker credit rating would increase the Group's cost of funds.

Regulators assess the Group's capital position and target levels of capital resources on an ongoing basis. There have been a number of recent developments in regulatory capital requirements which are likely to have a significant impact on the Group. Most significantly, during 2010, the Second and Third Capital Requirement Directives and the guidelines from the Basel Committee on Banking Supervision for strengthening capital requirements (so-called Basel III)

were finalised. Aligned to this, markets and credit rating agencies now expect equity capital levels significantly in excess of the current regulatory minimum.

Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its obligations as they fall due as a result of a sudden, and potentially protracted, increase in net cash outflows. Such outflows would deplete available cash resources for client lending, trading activities, and investments. In certain adverse circumstances, lack of liquidity could result in reductions in balance sheet and sales of assets, or potentially an inability to fulfil lending commitments. These outflows could be principally through customer withdrawals, wholesale counterparties removing financing, ratings downgrades or loan drawdowns. These outflows could be the result of general market dislocations or specific concerns about the Group.

This could result in:

- limited ability to support client lending, trading activities and investments;
- forced reduction in balance sheet and sales of assets;
- inability to fulfil lending obligations; and
- regulatory breaches under the liquidity standards introduced by the FSA on 1 December 2009.

People risk

People risk arises from failures of the Group to manage its key risks as an employer, including lack of appropriate people resource, failure to manage performance and reward, unauthorised or inappropriate employee activity and failure to comply with employment-related requirements. Failure to manage performance and reward in an appropriate manner can ultimately lead to lack of suitable people resource which may ultimately have a negative impact on profits generated by the Group.

During 2010, external regulatory developments in relation to remuneration continued to impact the People Risk. On 17 December 2010, the FSA published its final Remuneration Code following its July 2010 Consultation Paper. The Remuneration Code was updated in order to implement the remuneration rules required by the Third Capital Requirements Directive and the Financial Services Act 2010. The Remuneration Code applies to remuneration paid from 1 January 2011, including remuneration in respect of 2010 performance.

Legal risk

The Group is subject to a comprehensive range of legal obligations in all countries in which it operates. As a result, the Group is exposed to many forms of legal risk, which may arise in a number of ways:

- business may not be conducted in accordance with applicable laws around the world;
- contractual obligations may either not be enforceable as intended or may be enforced in an adverse way;
- intellectual property (such as trade names of the Group) may not be adequately protected; and
- liability for damages may be incurred to third parties harmed by the conduct of the Group's business.

The Group faces risk where legal proceedings are brought against it. Regardless of whether such claims have merit, the outcome of legal proceedings is inherently uncertain and could result in financial loss. Defending legal proceedings can be expensive and time-consuming and there is no guarantee that all costs incurred will be recovered even if the Group is successful. Although the Group has processes and controls to manage legal risks, failure to manage these risks could impact the Group adversely, both financially and by reputation.

Regulatory risk

Regulatory risk arises from a failure or inability to comply fully with the laws, regulations or codes applicable specifically to the financial services industry. Non-compliance could lead to fines, public reprimands, damage to reputation, increased prudential requirements, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate. The Group's businesses and earnings can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the UK, EU, U.S. and elsewhere, which are all subject to change. The regulatory response to the financial crisis has led to very substantial regulatory changes in the UK, EU and U.S. and in the other countries in which the Group operates. It has also led to a change in the style of supervision in a number of territories, with a more assertive approach being demonstrated by the authorities.

Two specific matters that directly impact the Group are the Banking Act 2009 and the Financial Services Compensation Scheme:

Banking Act 2009

The Banking Act 2009 (the "**Banking Act**") provides a permanent regime to allow the FSA, the UK Treasury and the Bank of England to resolve failing banks in the UK. Under the Banking Act, these authorities are given powers, including (a) the power to issue share transfer orders pursuant to which all or some of the securities issued by a bank may be transferred to a commercial purchaser or Bank of England entity and (b) the power to transfer all or some of the property, rights and liabilities of the UK bank to a purchaser or Bank of England entity. A share transfer order can extend to a wide range of securities including shares and bonds issued by a UK bank (including the Bank) or its holding company (Barclays PLC) and warrants for such shares and bonds. The Banking Act powers apply regardless of any contractual restrictions and compensation may be payable in the context of both share transfer orders and property appropriation.

The Banking Act also gives the Bank of England the power to override, vary or impose contractual obligations between a UK bank or its holding company and its former group undertakings for reasonable consideration, in order to enable any transferee or successor bank of the UK bank to operate effectively. There is also power for the Treasury to amend the law (excluding provisions made by or under the Banking Act) for the purpose of enabling it to use the regime powers effectively, potentially with retrospective effect. In addition, the Banking Act gives the Bank of England statutory responsibility for financial stability in the UK and for the oversight of payment systems.

Financial Services Compensation Scheme

Banks, insurance companies and other financial institutions in the UK are subject to the Financial Services Compensation Scheme (the "**FSCS**") where an authorised firm is unable or is likely to be unable to meet claims made against it because of its financial circumstances. Most deposits made with branches of the Bank within the European Economic Area (the "**EEA**") which are denominated in Sterling or other EEA currencies (including the Euro) are covered by the FSCS. Most claims made in respect of investment business will also be protected claims if the business was carried on from the UK or from a branch of the bank or investment firm in another EEA member state. The FSCS is funded by levies on authorised UK firms such as the Bank. As at 31 December 2010, the Group had accrued £63 million (2009: £108 million) for its share of the levies.

The provision is based on estimates of the Group's market participation in the relevant charging periods and the interest the FSCS will pay on the facilities provided by HM Treasury in support of its obligations to depositors of banks declared in default (such facilities were, as at 31 December 2010, estimated by the Group to amount to £20 billion). While it is anticipated that the substantial majority of these facilities will be repaid wholly from recoveries from the institutions concerned, there is the risk of a shortfall, such that the FSCS may place additional levies on FSCS participants. As at the date of this Prospectus, it was not possible to estimate the amount of any potential additional levies or the Group's share. Consequently, in the event that the FSCS raises funds, raises those funds more frequently or significantly increases the levies to be paid by firms, the associated costs to the Group may have a material impact on the Group's results and financial condition.

In addition, among other things, the Bribery Act 2010, which applies to UK companies worldwide, has created an offence of failure by a commercial organisation to prevent a bribe being paid on its behalf. However, it will be a defence if the organisation has adequate procedures in place to prevent bribery. In addition, Payment Protection Insurance ("PPI") has been under scrutiny by the UK competition authorities and financial services regulators. The UK Competition Commission ("CC") has undertaken an in-depth enquiry into the PPI market which has resulted in the CC introducing a number of remedies including a prohibition on sale of PPI at the point of sale. Furthermore, a judicial review has been launched regarding the treatment of PPI complaints by the FSA and Financial Ombudsman Service.

As announced on 18 August 2010, the Bank reached settlements with certain U.S. authorities in relation to the investigation by those agencies into compliance with U.S. sanctions and U.S. dollar payment practices. In addition, an Order to Cease and Desist has been issued upon consent by the Federal Reserve Bank of New York and the New York State Banking Department.

Other future regulatory changes may potentially restrict the Group's operations, mandate certain lending activity and impose other compliance costs.

Operations risk

Operations risk is the risk of losses from inadequate or failed internal processes and systems, caused by human error or external events. These risks are transaction operations, new product development, premises and security, external suppliers, payments process, information, data quality and records management.

Fraud risk

Fraud risk is the risk that the Group suffers losses as a result of internal and external fraud.

Technology risk

Technology is a key business enabler and requires an appropriate level of control to ensure that the most significant technology risks are effectively managed. Technology risk includes the non-availability of IT systems, inadequate design and testing of new and changed IT solutions and inadequate IT system security. Similar to many large organisations, the Group is exposed to the risk that systems may not be continually available.

Financial reporting risk

Financial reporting risk arises from a failure or inability to comply fully with the laws, regulations or codes in relation to the disclosure of financial information. Non-compliance could lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate.

The International Accounting Standards Board is undertaking a significant programme of revision to IFRS which it aims to complete by 30 June 2011. The final form of IFRS requirements, the time

period over which new requirements will need to be applied and the impact on the results and financial position is not yet known.

Following the financial crisis, the financial reporting of banks has been subject to greater scrutiny. This has included consideration of accounting policies, accounting for particular transactions and financial statement disclosures. For the Bank this includes reviewing the decision not to consolidate Protium.

Taxation risk

The Group is subject to the tax laws in all countries in which it operates, including tax laws adopted at an EU level. A number of double taxation agreements entered between two countries also impact on the taxation of the Group. Tax risk is the risk that the Group suffers losses associated with changes in tax law or in the interpretation of tax law. It also includes the risk of failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to an additional tax charge. It could also lead reputational damage or a financial penalty for failure to comply with required tax procedures or other aspects of tax law. If, as a result of a particular tax risk materialising, the tax costs associated with particular transactions are greater than anticipated, it could affect the profitability of those transactions.

A. **Bond Settlement**

If a Bond Redemption Event occurs, Buyer shall have the right to deliver a Bond Event Notice to Seller and the following provisions shall apply. Any failure or delay by Buyer to deliver a Bond Event Notice shall not constitute a waiver of Buyer’s right to deliver such a notice in respect of the relevant Bond Redemption Event or in respect of any other Bond Redemption Event.

- (i) Following the date upon which the Bond Event Notice is delivered (the “**Bond Event Notice Delivery Date**”), Buyer shall promptly deliver a notice to Seller setting out its choice and designating the Early Termination Date (an “**Early Termination Notice**”).
- (ii) Upon receipt by the Realisation Agent of a Realisation Instruction from Seller, the Realisation Agent is deemed to be instructed by Seller to arrange for and administer the sale of the Charged Assets (other than any Charged Assets which comprise cash) in accordance with the Conditions.

Seller shall not have any liability to Buyer or any other person for the price, timing or any other terms of such sale or if (for any reason whatsoever) the Realisation Agent is unable to sell all or any of the Charged Assets.

- (iii) In the event that all or some of the Charged Assets are not realised on or before the Early Termination Date by the Realisation Agent in accordance with the Conditions (such Charged Assets, the “**Unrealised Charged Assets**”), the Seller shall deliver, or procure the delivery of, such Unrealised Charged Assets to or to the order of Buyer on the Early Termination Date, or as soon as practicable thereafter.
- (iv) To the extent that Unrealised Charged Assets are delivered to Buyer pursuant to paragraph (iii) above, it shall be entitled to retain Charged Assets the fair market value of which, as determined by the Determination Agent in its sole and absolute discretion by reference to such factors as it may consider appropriate, is not less than, but which exceeds to the minimum extent practicable, any Unwind Costs which the Buyer has not received or recovered in full (the “**Unpaid Unwind Costs**”) from the Sale Proceeds and the Custody Cash Account Balance applied in accordance with Paragraph 4 of the Conditions of the Notes. Buyer shall promptly

thereafter take reasonable efforts to deliver to or to the order of Seller, the balance (if any) of such Unrealised Charged Assets together with a cash amount (the **"Balancing Charged Asset Payment"**) equal to the amount (if any) by which the fair market value of the Unrealised Charged Assets retained by Buyer exceeds the Unpaid Unwind Costs.

- (v) The Unrealised Charged Assets, after deduction of the Charged Assets (if any) retained by Buyer pursuant to paragraph (iv) above, are referred to as the **"Remaining Unrealised Charged Assets"**.

Any stamp duty or other tax, levy or duty and any other costs and expenses payable in respect of the delivery of the Charged Assets shall be the responsibility of, and payable by, Buyer and such delivery shall be subject to payment of the same by Buyer;
- (ii) if, despite the reasonable efforts of Seller, any of such Charged Assets have not been delivered to Buyer by the Cash Settlement Date or the Calculation Agent determines in its sole discretion that it is not practicable to deliver all or part of the Charged Assets to Buyer, whether by reason of any transfer restriction on the securities in question or the nature or status of Buyer or for any other reason, Seller shall be obliged to use its best endeavours to procure such delivery as soon as practicable thereafter;
- (iii) on the Cash Settlement Date, provided that the Charged Assets (and the Custody Cash Account Balance, if any) have been delivered and/or paid to Buyer, Buyer shall pay to Seller an amount equal to the Adjusted Notional Amount (as adjusted by the applicable Cash Settlement Amount; and
- (iv) following satisfaction of Buyer's and Seller's respective payment and delivery obligations pursuant to sub-paragraphs (i) and (ii) above, the Cash Settlement Date shall be the Termination Date and no further amounts shall be paid by either Buyer or Seller.

SCHEDULE

to the ISDA Master Agreement
Multicurrency-Cross Border) published by the
International Swaps and Derivatives Association, Inc. ("ISDA")

Dated: the date specified in the
Constituting Instrument
relating to the Notes referred to
in such Constituting Instrument

between

the Swap Counterparty

("Party A")

and

the Issuer

("Party B")

In respect of each Constituting Instrument entered into by the parties thereto (the "**Constituting Instrument**") and the Series of Notes constituted thereby (the "**Notes**"), Party A and Party B are deemed to have entered into an agreement (the "**Agreement**") in the form of the ISDA Master Agreement (Multicurrency - Cross Border) relating to the Charged Agreement entered into by Party A and Party B in respect of such Series of Notes, and such Agreement is deemed to be incorporated into this Agreement *in extenso* as amended by the following schedule which shall take effect as if it was the Schedule to such Agreement.

**SCHEDULE TO THE AGREEMENT
IN RESPECT OF THE SERIES OF NOTES
CONSTITUTED BY THE CONSTITUTING INSTRUMENT**

This Schedule is the Schedule to the Agreement referenced on the preceding page. For the avoidance of doubt, the Agreement and this Schedule relate solely to the Charged Agreement entered into between Party A and Party B in respect the Notes constituted by the Constituting Instrument referenced on the preceding page.

In this Schedule **“Notes”** means the Notes of the relevant Series constituted by the relevant Constituting Instrument and **“Charged Assets”** and **“Noteholders”** bear the meaning ascribed thereto in the Conditions of the Notes of the relevant Series.

This Agreement shall not be construed in any circumstances to form a single agreement with two or more Confirmations together unless specific provision to that effect is made in the relevant Confirmation(s) and/or Constituting Instrument. It is understood that the parties would not otherwise enter into any Transaction or Transactions. References to this **“Agreement”** in respect of a Transaction or Transactions mean this document together with the Confirmation(s) relating to that Transaction or Transactions. If, in respect of a Series of Notes, the Constituting Instrument therefor provides that Party A and Party B are parties to a Credit Support Annex (Bilateral Form – Transfer) governed by English law (**“Credit Support Annex”**) in respect of such Series of Notes, then the Transaction evidenced by such Credit Support Annex shall be a Transaction subject to, governed by and made part of the Agreement in respect of such Series of Notes.
