Other than Zero Coupon Notes, Notes may have a maximum rate of interest or interest amount (or both), a minimum rate of interest or interest amount (or both).

Interest:

Notes may or may not bear interest. Notes which do not bear interest may be specified in the applicable Final Terms as "**Zero Coupon Notes**", and any early redemption amount payable on Zero Coupon Notes may be equal to an amortised face amount calculated in accordance with the conditions of the Notes.

Interest-bearing Notes will either bear interest payable at, or calculated by reference to, one or more of the following:

(i)   a fixed rate ("**Fixed Rate Notes**");

(ii)   a floating rate ("**Floating Rate Notes**");

(iii)   a CMS rate, which is a swap rate for swap transactions (or if specified in the applicable Final Terms, the lower of two swap rates, or the difference between two swap rates) ("**CMS Interest Linked Notes**");

(iv)   a rate determined by reference to movements in an inflation index ("**Inflation Rate Notes**");

(v)   a rate determined by reference to movements in an inflation index and the specific interest payment date to allow interpolation between the two monthly fixings ("**DIR Inflation Linked Notes**");

(vi)   a rate (which may be a rate equal, or calculated by reference, to a fixed rate, a floating rate or a CMS rate (as described in paragraph (iii) above) multiplied by an accrual rate, which is determined by reference to the number of days in the relevant interest period on which the accrual condition or both accrual conditions are satisfied. An accrual condition may be satisfied on any relevant day if the relevant reference observation is, as specified in the applicable Final Terms:

•   greater than or equal to; or

•   greater than; or

•   less than or equal to; or

•   less than,

the specified barrier, or if the relevant reference observation is, as specified in the applicable Final Terms:

•   either greater than or equal to, or greater than, the specified lower range; and

•   either less than or equal to, or less than, the specified upper range.

A reference observation may be specified in the applicable Final |

(vii)   a rate which will either be: (a) a specified back up rate, or (b) if the specified digital reference rate on the specified determination date is, as specified in the applicable Final Terms:

- less than the specified reserve rate; or

- less than or equal to the specified reserve rate; or

- greater than the specified reserve rate; or

- greater than or equal to the specified reserve rate,

a specified digital rate, and each of the specified back up rate, specified digital reference rate, specified reserve rate and specified digital rate may be a fixed rate, a floating rate or a CMS rate (which would include a rate determined by reference to the Spread Notes provisions) ("**Digital Notes**");

(viii)   a rate (which may be a rate equal, or calculated by reference, to a fixed rate, a floating rate, a CMS rate or a rate equal to one specified rate (which may be a floating rate or a CMS rate) minus another specified rate (which may be a floating rate or a CMS rate)), and plus or minus a margin (if specified) which will be determined for each interest period by reference to within which band of specified fixed rates either:

(a)   the specified reference rate (which rate may be a floating rate or a CMS rate) determined on the relevant interest determination date for the reference rate falls; or

(b)   the result of reference rate one (which rate may be a floating rate or a CMS rate) minus reference rate two (which may be a floating rate or a CMS Rate), each as determined on the relevant interest determination date for such rate falls.

The rate for an interest period will be equal to the rate specified as the band rate set for the appropriate band within which, in the case of (a), the specified reference rate falls, or in the case of (b), the relevant result of reference rate one minus reference rate two falls ("**Digital Band Notes**");

(ix)   a rate which will be equal to a specified fixed rate minus either (i) a reference rate or (ii) one reference rate minus another reference rate (any reference rate may be a floating rate or a CMS rate (which would include a rate determined by reference to the Spread Notes provisions), and plus or minus a margin (if specified) and/or multiplied by an interest participation rate (if specified)) ("**Inverse Floating Rate Notes**");

(x)   a rate which is to be determined by reference to any of the following (as specified in the applicable Final Terms):

		(a) one (1) minus the result of a specified spread rate minus another specified spread rate, or (b) a specified spread rate minus another specified spread rate, or (c) the lesser of: (I) a specified spread rate, plus or minus a spread cap margin (if specified), and (II) the sum of (A) a specified percentage rate per annum and (B) the product of (x) a multiplier, and (y) the difference between two specified spread rates, and, in each case, plus or minus a margin (if specified), and multiplied by an interest participation rate (if specified). A specified spread rate may be (A) one specified reference rate, or (B) the sum of two or more specified reference rates or (C) specified reference rate one minus a specified reference rate two, and in each case, plus or minus a margin (if specified), and multiplied by an interest participation rate (if specified). Each specified reference rate may be determined by reference to the fixed rate note provisions, floating rate note provisions or the CMS rate note provisions ("**Spread Notes**"); (xi) a rate (a "**previous coupon linked interest rate**") determined from a previous coupon reference rate, plus or minus a margin (if specified), and multiplied by an interest participation rate (if specified). The previous coupon reference rate for an interest period is a rate equal to: (a) the interest rate for the immediately preceding interest period and/or preceding interest payment date (such rate, a "**previous coupon**", such period, a "**preceding interest period**" and such payment date, a "**preceding payment date**"), (b) plus or minus a specified rate (if specified) multiplied by an interest participation rate (if specified), and (c) plus or minus another specified rate (if specified) multiplied by an interest participation rate (if specified). A specified rate may be a fixed rate, a floating rate, a CMS rate or any other specified reference rate determined by reference to the terms and conditions of the Notes. The previous coupon for a preceding interest period and/or preceding payment date (as applicable) is the interest rate determined in accordance with the interest basis applicable to such preceding interest period and/or such preceding payment date, which may be the previous coupon linked interest rate (determined for the preceding interest period and/or preceding payment date), or any other interest rate determined in accordance with the applicable interest basis for such preceding interest period and/or such preceding payment date (the "**Previous Coupon Linked Notes**"); (xii) any combination of the foregoing; or (xiii) any combination of the interest rates outlined in (i) to (xi) above in combination with Credit Linked Interest Notes, the Notes shall cease to bear interest from the date of the interest period end date (or if earlier the issue date of the Notes) prior to the date on which a credit event is determined pursuant to the terms and conditions of the Credit Linked Interest Notes (the "**Credit Linked Interest Notes**").

		In respect of Notes (other than Fixed Rate Notes), the amount of interest payable on the Notes for an interest period may be zero.

Any reference rate (including any specified rate) or interest rate may be subject to an interest participation rate and/or a margin if specified in the applicable Final Terms in relation to such reference rate or interest rate.

Any reference rate (including any specified rate), interest rate or interest amount described above may be subject to a minimum or maximum rate, or both, as specified in the applicable Final Terms.

SECTION D – RISKS

Element	Title	
D.2	Key risks regarding the Issuers	[Citigroup Inc.][CGMFL] believes that the factors summarised below may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and [Citigroup Inc.][CGMFL] is not in a position to express a view on the likelihood of any such contingency occurring. There are certain factors that may affect [CGMFL's/Citigroup Inc.'s] ability to fulfil its obligations under any Notes issued by it [and CGML's ability to fulfil its obligations as guarantor in respect of Notes issued by CGMFL], including that such ability is dependent on the earnings of Citigroup Inc.'s subsidiaries, that Citigroup Inc. may be required to apply its available funds to support the financial position of its banking subsidiaries, rather than fulfil its obligations under the Notes, that Citigroup Inc.'s business may be affected by economic conditions, credit, market and market liquidity risk, by competition, country risk, operational risk, fiscal and monetary policies adopted by relevant regulatory authorities, reputational and legal risks and certain regulatory considerations. [There are certain additional factors that may affect CGMFL's ability to fulfil its obligations under the Notes issued by it, including that such ability is dependent on the group entities to which it on-lends and funds raised through the issue of the Notes performing their obligations in respect of such funding in a timely manner. In addition, such ability and CGML's ability to fulfil its obligations as guarantor in respect of Notes issued by CGMFL is dependent on economic conditions, credit, market and market liquidity risk, by competition, country risk, operational risk, fiscal and monetary policies adopted by relevant regulatory authorities, reputational and legal risks and certain regulatory considerations.]
D.3	Key risks regarding the Notes	Investors should note that the Notes (including Notes which are expressed to redeem at par) are subject to the credit risk of [CGMFL and CGML][Citigroup Inc.]. Furthermore, the Notes may be sold, redeemed or repaid early, and if so, the price for which a Note may be sold, redeemed or repaid early may be less than the investor's initial investment. [There are other certain factors which are material for the purpose of assessing the risks associated with investing in any issue of Notes, which include, without limitation, (i) risk of disruption to valuations, (ii) adjustment to the conditions, substitution of the relevant underlying(s) and/or early redemption following an adjustment event or an illegality, (iii) postponement of interest payments and/or minimum and/or maximum limits imposed on interest rates, (iv) cancellation or scaling back of public offers or the issue date being deferred, (v) hedging activities of the Issuer and/or any of its affiliates, (vi) conflicts of interest between the Issuer and/or any of its affiliates and holders

Element	Title	
		of Notes, (vii) modification of the terms and conditions of Notes by majority votes binding all holders, (viii) discretions of the Issuer and Calculation Agent being exercised in a manner that affects the value of the Notes or results in early redemption, (ix) change in law, (x) illiquidity of denominations consisting of integral multiples, (xi) payments being subject to withholding or other taxes, (xii) fees and commissions not being taken into account when determining secondary market prices of Notes, (xiii) there being no secondary market, (xiv) exchange rate risk, (xv) market value of Notes being affected by various factors independent of the creditworthiness of [CGMFL and CGML][Citigroup Inc.] such as market conditions, interest and exchange rates and macroeconomic and political conditions and (xvi) credit ratings not reflecting all risks.] [The ability of the Issuer to convert the interest rate on Notes from one interest basis to another will affect the secondary market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing and to a rate which is lower than other comparable notes (as applicable).]

E.2b	Use of proceeds	[The net proceeds of the issue of the Notes by CGMFL will be used primarily to grant loans or other forms of funding to CGML and any entity belonging to the same group, and may be used to finance CGMFL itself.] [The net proceeds of the issue of the Notes by Citigroup Inc. will be used for general corporate purposes, which may include capital contributions to its subsidiaries and/or the reduction or refinancings of borrowings of Citigroup Inc. or its subsidiaries. Citigroup Inc. expects to incur additional indebtedness in the future.] [In particular, the proceeds will be used to/for [●].]

[Such period may be [lengthened] [or] [shortened] at the option of the Issuer.] [The Issuer reserves the right to cancel the [●] Offer]. The offer price is [●] per calculation amount. The minimum subscription amount is [[●]] [the offer price]. [The Issuer may decline in whole or in part an application for Notes under the [●] Offer.] *(If required, summarise any additional terms and conditions of each relevant Non-exempt Offer as set out in the section entitled "Terms and Conditions of the Offer" in the applicable Final Terms))*
